NUMBER 50

Herewith are a few choice bits of information selected at random which this column gladly shares with its readers. The national debt for the fiscal year ending on September 30, 1979, is now estimated at \$854 billion, compared with \$776 billion in 1978 and \$709 billion in 1977.

Interest alone on the gross federal debt for the fiscal year ending on September 30, 1979, is estimated at \$55.9 billion, compared to \$49.2 billion in 1978 and \$42.6 billion in 1977. The estimated per capita interest cost on the national debt for 1979, based on a population of 214 million, is \$261.22. So says the Congressional Record of August 2, 1978.

Just imagine, the one item of interest on the national debt amounts to more than \$261 for every man, woman and child in the country. The thought of such figures makes one wonder why the spendthrifts of Washington can't find a way to improve the situation. In our private financing we know that the answer simply is to trim the budget here and there until we make ends meet. Government can and should do the same. And it would be surprised at the public cooperation if it started the good work by reducing its own lavish salaries and free services.

Something else which might come under the heading of fiscal folly was pointed out by Senator John Tower. Citing the increased number of government-sponsored jobs to be provided in the Comprehensive Education and Training Act, along with the unemployment caused by minimum wage increases, Tower observed: "Now here we are, passing one law which has already cost nearly \$2.4 billion in terms of lost jobs just last year, and now we are about to pass another law costing over \$3 billion in 1979 to create new jobs. On the one hand Congress is throwing thousands of people out of work only to turn right around and cite the resulting unemployment statistics as a basis for more government make-work jobs. Once again, the taxpayers are being taken for a ride."

The minimum wage increase to which Tower referred was the raise from \$2.30 to \$2.65 an hour, effective at the beginning of this year. As predicted by the bill's opponents, the law eliminated thousands of jobs which were thought not to justify that level of payment, and elimination of more thousands of jobs is expected when the next increase, to \$2.90 an hour, becomes effective next year. To avoid, or at least postpone the next round of unemployment, Tower has proposed a one-year moratorium on the increases scheduled for January 1, '79.

On the other hand, it seems that somebody in government is thinking of savings. There are plans to require the Social Security Administration to write Social Security checks for the exact amount rather than round them up to the nearest dime. Annual saving therefrom is estimated to be as much as \$50 million.

What must come as a shock to the U.S. Postal Service, and at least a slight embarrassment to the government, is a federal official's statement that all shipments of federal documents to libraries may eventually be handed over to United Parcel Services, Inc., because it is "faster, cheaper and more dependable than the U.S. Mail."

The Library and Statutory Distribution Service of the U. S. Government Printing Office began using UPS to deliver parcels east of the Mississippi River in August when it appeared the postal workers might strike the U.S. Postal Service.

The Distribution Service director said UPS service was so good, the printing office decided to keep using it. He said "the Postal Service is a little upset, but we now expect to save between one-quarter and one-half million dollars in depository shipment costs in the first year by using UPS."

About the high cost of bureaucracy, a report from New York State reveals that one fourth of a patient's hospital bill results from the cost of complying with regulations from 164 government agencies. The Hospital Association of New York discloses that \$1.1 billion of the state's \$4.4 billion acute care hospital bill

Group of 5 Buys Center and Starts Remodeling Job

The Center... Coffee Shop, Lounge and Bar... owned and operated by Mr. and Mrs. Adam Wolf for the past 13 years has been purchased by a group of five young men, effective Wednesday, November 1.

The new co-owners are Dwayne and J. T. Pagel, Stan and Phil Endres, and Ronnie Hess.

With their announcement they stated that the place has been closed for extensive remodeling, which is expected to take several weeks. Plans for operation were withheld because they are not complete at this time.

The Wolfs said they have no plans at this time and are in no special hurry to make any. After being on the job steadily for thirteen years they prefer to enjoy some leisure while selecting.

Guests of Mr. and Mrs. Tony Felderhoff and the Joe Felderhoff family on Tuesday, were Peter Trieb and Helmut Klauer, both of Kelheim, Germany. They were in the U.S.A. on business and took time for a day's visit with relatives.

Quality has everything in its favor including the price.

County FB Urges Support of Tax Relief Amendment

Agriculture in this county has a lot at stake in the November 7th vote on the tax relief amendment, according to Ray Sicking, president of the Cooke County Farm Bureau.

"The tax relief amendment provides for limiting the tax value of agriculture land to its productive value," Sicking said.

This is a protective measure not only for the present, but also for the future, he explained. Inflationary pressures and revenue requirements could increase our land taxes several times what they are now.

"But, this amendment if approved would put a limit on taxes," he said. "Farmers would not be forced off the land now or in the future because productivity would be the limiting factor."

The county Farm Bureau president said that although the property tax was intended as a general tax on all property and all wealth, it has become primarily a tax on real estate.

"Farmers and ranchers necessarily own and use more real estate than other types of businesses, and therefore pay an unfair share of the property tax. We're not seeking favors, just fairness," he added.

Dan Luke Sells Propane Agency to Babe Schilling

Melvin "Babe" Schilling is the newest addition to Muenster's list of business operators. He bought the butane department of Luke's Fina and Butane Service, effective November 1, and is operating under the name of Schilling's Propane Service.

Until further notice he will be located in the Fina Warehouse beside the overpass and will also be available by phone at 759-2505 and 759-2522. He will be a part time Fina employee during spare time in his propane business.

Luke's wholesale Fina agency serves farm and commercial accounts in Cooke and Montague counties along with service stations in Muenster, Decatur and Henrietta.

An expansion program including a warehouse and other facilities is in the plans after the state highway department completes its project of replacing the present overpass with a four lane divided road.

Committee Busy On Dinner-Picnic For Thanksgiving

Plans for a Thanksgiving dinner and picnic sponsored by Sacred Heart Parish are making steady progress under the chairmanship of Frank Luke.

The community is promoting the event as a combined homecoming and community get together. Home folks are urged to spread the word to friends of distant as well as near-by areas.

First on schedule is the Thanksgiving dinner starting at 11 in the community center with turkey and dressing, sausage, potatoes, green beans, relish, pie, coffee and tea. Serving will continue until about 2.

Other foods will be available throughout the picnic at a stand in the center's main room. Included are such items as nachos, sausage and barbecue sandwiches, Frito-chili pie, and sausage on a stick.

In the same area there will be a variety of carnival attractions along with bingo and a country store. And a television view of the Cowboys-Redskins football game will be available in the center's meeting room, with snacks and drinks near by.

Principal outdoor attractions are a horseshoe tournament and an auction. Like other features of the picnic, the auction is a fund raising event for the parish, offering a variety of donated items. Some of those items are already on hand and a committee is making contacts to add many more during the remaining weeks until Thanksgiving.

Turkey Walk Set For Heart Fund

The annual Turkey Walk conducted as a fund raising project for the American Heart Association will be held on Saturday, November 11, 10 a.m., starting at Gainesville's Leonard Park.

Object of the event is to walk, jog or run for relatives, neighbors and friends who have pledged to donate a specified amount to the heart fund for every mile the participant completes. Persons interested in participating may pick up sponsor sheets at both Gainesville banks, the Dairy Queens and all schools.

There will be several prizes for participants and special prizes of free turkeys for those who raise \$100 or more.

More information is available from David Howeth, 665-6521 and Allen or Debbie Atkin, 668-8708.

Standings in 14-A

With two more weekends remaining on the District 14-A schedule Celina holds the lead with a perfect 5-0 record and Pilot Point is next with 4-1. Muenster and Sanger, each with 3-2 share the third and fourth places and Lindsay is No. 5 with 2-3. Together at the bottom with 1-4 are Callisburg, Aubrey and Pottsboro. Scores of last week's games were Muenster over Sanger 14-12, Lindsay over Pottsboro 14-0, Pilot Point over Callisburg 41-7 and Celina over Aubrey 21-0.

Nation Has General Election Tuesday

A spirited and sometimes bitter political campaign will come to an end next Tuesday in the nationwide general election.

In Muenster the balloting will be held during the usual hours of 7 a.m. to 7 p.m. and at the usual places. Johnny Pagel will be in charge of the north box at the K of C hall and Paul Fisher will have charge of the south box at the VFW hall.

The ballot is huge measuring 17 x 28 inches, and has seven columns, one for names of offices, five more for names of candidates in five political parties and another for write ins.

However, with exception of the column listing Democratic nominees, the space in other columns is mostly vacant. Republicans list six nominees, the Raza Unida Party has two nominees, Socialist Workers Party has five, and Independent and Write-In columns each have none.

In all of the ballot's space, the average voter will find only six choices as votes for the Democratic or Republican candidates. Those choices are Kruger or Tower for Senator,

Stenholm or Fisher for Representative of District 17, Hill or Clements for Governor, Hobby or Marshall for Lieutenant Governor, White or Baker for Attorney General, Poerner or Lacy for Railroad Commissioner. Choices offered by Raza Unida and Socialist are expected to have little if any bearing on the election.

After six selections between the two major parties the remainder of the voting is routine... only a matter of voting for the lone Democrat candidates. Included on that list of unopposed candidates are 13 for state offices, 4 for district offices and 7 for county offices.

Also on the ballot are 9 proposed constitutional amendments for consideration of the voters. Voting on those will need considerably more time than voting on the candidates.

Vote to Extend City's Wet Area Set for Saturday

Within a week Muenster will have two elections, the first being a special election to determine whether alcoholic beverages, except mixed drinks, may be sold legally in areas which were annexed to the city since the first wet-dry election in 1959.

The election will be held in the Muenster City Hall Saturday, November 4, from 7 a.m. to 7 p.m.

Since the areas concerned were not in the city at the time of the first election, another election is needed now to legalize the sale of alcoholic drinks in the annexed area.

It was further pointed out that the election does not concern any area which was included in the city in 1959. Regardless of Saturday's election the present wet area will remain wet. However, all qualified voters of the city, in both the former and the annexed areas, may vote Saturday.

If the election passes, locations for sale will still have to be determined by the city council. In that case the council will be asked at its next meeting to extend the present zone eastward from the former city limit to the new city limit.

The election was initiated by Charles Bayer, owner of the Drive-In Grocery at the east end of the city. He obtained signatures on a petition and submitted it to the county commissioners, who ordered the election.

Areas annexed since 1959 are at the southeast, southwest and northwest parts of town.

Former Resident Leslie Cain Dies

Ken Cain, along with Mr. and Mrs. R. P. Cain of Allen, were at Farmington, N. M., last week Tuesday attending the funeral of Leslie Cain, 57, former resident of the Myra-Muenster area. Ken was a pallbearer at the service.

Leslie died the preceding Saturday while he and his wife were visiting with his sister, Maggie Bradley, in Fort Worth. He was watching a football game on TV at the time.

He was born at Valley View on Dec. 9, 1920, and lived mostly in Valley View and Myra before moving to Farmington in 1956.

Survivors are his wife, three daughters, one son, and five grandchildren; also two brothers R. P. and Sam; a sister, Mrs. Maggie Bradley and a half brother O. G. Bates.

CDA Bake Sale and Meeting

The annual CDA benefit bake sale will be held Saturday, November 11, in the KC Hall, 9 a.m. to 5 p.m. It is the organization's principal benefit and will feature homemade bread, rolls, cakes, pies, sweet treats, cookies, etc. The location of the next meeting will be changed to the TP&L building on Thursday, November 9 only, because of conflict of schedules in the usual meeting place.

Great people talk about ideas; ordinary people talk about things; small people talk about other people.

Hornets Nip Indians 14-12

The Hornets were lucky last week to come out as 14-12 winners over the Sanger Indians. Their slim two point margin twice survived potential big plays that could have put the visitors out front by four points.

One was a fine pass of 33 yards across the goal line by Joey Biggs. Jim Bob Ready was there, alone and waiting, and just failed to hang on. And with less than a minute to go another possible go-ahead heave, also for 33 yards, was up for grabs, and Todd Richey stepped in front of the Indian receiver to claim it.

In another respect also the Hornets were the strong favorites of Lady Luck. In spite of wasting two fine scoring opportunities in the first half, they outlasted a great second half comeback by the Indians.

As the game opened Muenster seemed to be on the way to a run-away as Randy Serna

headed the Hornet drive of 64 yards to the 1 yard line. But he fumbled as he was going in for the touchdown. Sanger recovered it only a foot away from the goal.

The game was another rushing spree for the tough and elusive No. 22. Serna carried the ball 41 times for a total of 206 yards and all of his team's points. Muenster's total yardage was 236.

After the fumble Sanger had to punt on first series and the Hornets started again from the Sanger 29. Eight plays were enough from there, Serna making the final 2 yards on a crash into the center of the line. The PAT attempt by Todd Richey barely missed. Muenster led 6-0 at 2:13 in the first quarter.

On the kickoff that followed (Continued on Page 12)

Muenster, Aubrey Look Like Equals For Friday Game

For their second last game of the season, the Hornets will be at Aubrey Friday night clashing with a team which definitely should not be taken for granted. As seen by Coach Jerry Stinson, they are better than the record shows, and can be expected to make it a neck and neck contest for the Hornets.

The Chaparrals currently have a season record of 4-4 and a district count of 1-4 but they also have potential that demands respect. For instance, they have an advantage in muscle with a line averaging 200 pounds and a pair of backs who are almost as big. Another fellow is outstanding at punting and place kicking, in fact has had lots of attention from the college scouts. Either of his talents could spell out trouble for MHS.

From the Hornets' standpoint, the main assets are a husky line plus the running of Randy Serna aided by the blocking of Duane Knabe, Kevin Klement, Todd Richey and David Felderhoff. The combination has moved the ball well, but they have also hurt themselves with turnovers. The big hope of the coaches Friday is that the boys will avoid the mistakes.

And the next big hope is that the passing will be better. The Hornets had a zero in that category last week.

Over all, however, the coaches were proud of their Hornets last week. Except for mistakes at very bad times, they could have had two more touchdowns, and they did a good defensive job in outlasting the Indians' inspired late attack.

Added incentive for both sides is the fact that the former Hornet coach, Glenn Richardson, is in charge of the Chaps.

Of Recent Travel
In the Holy Land**

Barbie Hess has returned from a memorable trip to Israel, where she was a member of a tour group of 20 from various parts of the U.S., from October 8 to 17.

The tour was guided by Zola Levitt, widely known for his books about Biblical topics.

The group took a walking tour of the Old City of Jerusalem, visiting Mount Moriah, the Dome of the Rock, Ali Aksa Mosque and the Western Wall, which is the only remaining portion of Herod's temple.

When not touring specific sites, members of the tour group were free to walk through picturesque native bazaars and talk with the people.

They also visited the Shrine of the Book Museum, where the Dead Sea Scrolls are exhibited. They drove by bus across the Valley of Kidron to visit Gethsamane, and the Mount of Olives.

The extensive tour included Jordan Valley and Jericho, the coast of the Dead Sea to the Caves of Qunran, where the Dead Sea Scrolls were discovered in 1947.

They sailed on the Sea of Galilee to Capernaum, Jesus' second home. They visited the Mount of the Beatitudes, the Jordan River and drove to Nazareth and Cana and then along the coastal plain of Israel and the Mediterranean Sea.

Barbie mentioned that there were opportunities to swim in the Mediterranean, in the Jordan River and even to "stick my foot in the Dead Sea."

The last part of the trip was spent in London, where there were tours of the city, a visit to Westminster Abbey and Parliament and to London Theater for a Shakespearean play.

The trip was by Braniff 747. Barbie is the daughter of Mr. and Mrs. Ray Hess, a graduate of SHHS and is employed in Dallas.

County Residents Receive \$902,022 A Month from S S

Social security benefits were being paid to residents of Cooke County at the rate of \$902,022 a month at the start of 1978, Gus Jones, Social Security Manager in Sherman said today.

Social security benefits can be paid to retired persons age 62 and over, to workers who become severely disabled before age 65, and to survivors of deceased workers.

Monthly social security checks are also paid to certain dependents of a worker who has retired, become disabled or died.

Of the 4,647 social security beneficiaries living in Cooke County, 2,551 are retired workers and 337 are disabled workers. Another 620 persons are receiving benefits as the wives or husbands of retired or disabled workers. Widows, widowers and dependent parents of deceased workers number 628.

In Cooke County, 1,385 people under age 65 and 3,262 people age 65 and older are receiving monthly social security benefits. Of total beneficiaries, 1,700 are men, 2,436 are women and 511 are children.

SNAP to Sponsor Annual Dance for Senior Citizens

The "Harvest Moon Ball" for Senior Citizens of Muenster will be held in the Knights of Columbus Hall on Saturday, November 11. The annual semi-formal event will begin with a happy hour 8 to 9 p.m. followed by dancing to Howard Broome's Orchestra of Sherman, 9 p.m. to 1 a.m.

Door prizes will be given during the dance. Tickets purchasers should sign on the back of tickets, bring them along to place in the drawing box at the guest registration table.

Admission is \$2.50 per person, \$5.00 per couple. Tickets will be available until November 9 and no tickets will be sold after that date.

All unsold tickets must be returned to the SNAP office by November 9. Mrs. Gladys Lutkenhaus said she needs an exact count of the number attending and hopes that those selling tickets will give her that information.

Tickets, reservations and additional information are available from Gladys Lutkenhaus, 4373; Mary Alice Bayer, 2506; Dorothy Hartman, 2776; Loretta Wimmer, 4295; Josephine Gehrig, 2948 or 4112, or the SNAP office, 2922, which is open on Tuesdays and Thursdays.

Thursday, Nov. 9 — Sauteed Chicken Livers with Gravy, buttered corn, green salad with French dressing, whole wheat bread, margarine, fruit crisp, milk.

"And this," said the disagreeable old gentleman, "I suppose is one of those hideous caricatures you call 'modern art'."

THANKS

The glow in our hearts is inspired by the precious memory of the wonderful things done for us on our golden wedding anniversary. We want to thank our dear children and grandchildren and all others who assisted with planning, preparing and decorating for the special day, and all who attended the open house and the anniversary Mass, and all who helped with its Liturgy and music. We are especially grateful to Father Gerry Lardner and Father Harry Fisher who took time out from their busy schedules to be with us. May God bless all of you!

Margaret and John Fisher
 Many thanks to everyone who visited me while I was a patient in the hospital, especially my family, the hospital staff, the nurses, and the student nurses from OCC and friends. They helped make a long week seem short. Also, many thanks to Dr. Kralicke. Charlie Fleitman

Bert Miller Wins Speech Contest

Bert Miller was the first place winner in the Muenster Garden Club sponsored-speech contest held last Thursday, October 26 in the Muenster Public High School Auditorium. Christi Felderhoff and Lisa Hennigan were second and third place winners, respectively. All are SHHS students. There were seven entries. Students, ages 15 to 19 were eligible.

The speech contest is an annual event sponsored by local, state and national garden clubs, and this year's topic is "Join Hands for Protection of Wildlife and Natural Habitats from Man's Encroaching Development." Garden Clubs sponsor the event to promote awareness of a current issue that concerns nature, plants and gardening, and to interest young people in these problems; also to stimulate concern for the beauty and wealth of nature.

Bert Miller will present his speech on November 4 in Fort Worth at the State Headquarters of Texas Garden Clubs in the Botanic Gardens.
 Mrs. John Mosman was chairman of the project for the Muenster Garden Club.

ELECT BILL FISHER

Representative of Congressional District 17

As the November 7 election for congressional district representative approaches, it becomes even more evident Bill Fisher is the man for the job.

How did it strike you when the United States agreed to pay for the privilege of giving away the Panama Canal? Unfair? When asked for his opinion on this issue Charles Stenholm in October, 1978, replied that he was undecided. Bill Fisher, on the other hand, sees paying to give the canal away as not only a military and commercial blunder, but also one costing taxpayers billions of dollars.

Asked how he would decrease inflation and decrease the balance of payment deficit, Stenholm replied simply he was for reducing federal spending. While that may sound good, it is not enough. Bill Fisher proposes a new and very workable solution. That is, to reduce federal income tax across the board. By reducing taxes, more money would be made available for capital investments and growth. Additional capital expenditure would provide more jobs and increase productivity.

Even though Stenholm considers himself a conservative, he admits he will be forced to vote for a liberal Majority Leader (Tip O'Neal). Stenholm's record speaks for itself, as in 1972 when he supported McGovern. The Abilene News quoted Stenholm recently as saying he would support Carter 100%. Unfortunately, Stenholm has the choice of supporting the liberals, who are in power, or simply occupying a seat. Which would you rather have, a representative of the party or of the people?

Isn't it time we as citizens got involved in selecting our next representative? After knowing all the facts, you too will agree...

Halloween Party

Members of the Student Council and their sponsor, Mrs. Betsy Fleitman hosted a Halloween Party for high school students on October 31, 7:30 to 9:30 in the gym. Prizes were awarded in the costume contest and refreshments were supplied by student council members. Entertainment included a haunted house, a fortune teller, a pinata, apple bobbing and a free throw contest.

In hosting the party, members of the Student Council made use of many ideas they learned at summer workshop. Points toward the super-class competition were based on percent of participation.

Juniors

Mrs. Betsy Fleitman, junior class sponsor, administered the PSAT/NMSQT test on October 24 at SHHS. Purposes of the test are to give student scores on one's ability in Math and in Verbal areas; to familiarize students with standardized tests; and to find excellent students worthy of scholarships.

Sophomores

Mr. Ron Hess, sophomore class sponsor, administered the California Test of Basic Skills, at SHHS from October 31 to November 2. Its purpose is to give the student scores on one's abilities in math, English, reading, social studies, science and interpreting maps and graphs.

All Saints Day

There was no school at SHS on November 1, All Saints

Day, to impress on students and faculty the need to give special worship to God and His Holy People on special days, and to stress that religion and religious activity must occasionally be visible in the Christian's life.

Endreses Visit in Ohio and New York

Visiting with their children and grandchildren and sight-seeing in Ohio and then in upper New York state and the Lake Ontario region, made a recent vacation for Mr. and Mrs. Paul Endres especially memorable.

In Columbus, Ohio, they were guests of their son-in-law and daughter Mr. and Mrs. Lamar Owens and Allison and Audrey; in Sodus, New York, with their son and daughter-in-law Dr. Richard Endres and Dr. Martha Kincaid Endres and Nathan and Eric.

In both areas, fall foliage was at its colorful peak and was truly impressive. In both areas sight-seeing with their hosts. One of the highlights of their visit in Columbus was a tour of the restoration of "German Village," where about 800 old homes are being restored in an authentic manner. The project was begun about 10 years ago. Mrs. Endres said they walked the cobblestone streets of the restored German Village and noted with pleasure the typically German "trait of surrounding all homes with flow-

ers and plants. They also visited the Heritage Society Museum in Columbus.

In Sodus, New York, the surrounding area was in the apple harvest season. The Endreses enjoyed a guided tour of an apple processing plant, saw apple cider mills, and toured a wine and champagne plant in Hammondsport, New York. That extensive tour began in the vineyards and continued through all phases of processing until reaching the finished product. Guests enjoyed a tasting party at the end of the tour.

Another day the Endreses were members of a group touring Belhurst Castle in Geneva, N. Y. They returned to Muenster Friday after being away for several weeks.

Kappa Theta Sees Demonstration on Making Crepes

Mrs. Wanda Kirk of Era was program leader for the October 10 meeting of the Kappa Theta chapter of ESA, held in the home of Mrs. Sara Lester, also of Era. Mrs. Kirk demonstrated "An Easy Way to Make Crepes", showing how to use crepes in main dishes and as desserts. And then members made their own crepes which were served with drinks for refreshment.

Genie Gilliland led the business meeting. Mibs Powell, Barbara Weaver and Sara Lester reported on the financial status, garage sale and on a party held for a local Girl Scout group sponsored by Kappa Theta.

The next meeting will be in the home of Mibs Powell on Tuesday, November 14 at 7:30 p.m.

THE STATE OF TEXAS

TO: Jerry Taylor, Defendant,

Greetings:

YOU (AND EACH OF YOU) ARE HEREBY COMMANDED to appear before the District Court Gainesville of Cooke County at the Court-house thereof, in Gainesville, Texas, by filing a written answer at or before 10 o'clock A.M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 20th day of November A.D. 1978, to Plaintiff's Petition filed in said court, on the 1st day of August A.D. 1978, in this cause, numbered 78-278 on the docket of said court and styled The Automotive, Inc., Plaintiff, vs. Jerry Taylor, D/B/A Jody's Paint & Body Shop, Defendant.

A brief statement of the nature of this suit is as follows, to-wit:

SUIT ON DEBT

If this citation is not served within ninety days after the date of its issuance, it shall be returned unserved.

The officer executing this writ shall promptly serve the same according to requirements of law, and the mandates hereof, and make due return as the law directs.

Witness, Anna Mae Shorter, Clerk of the District Court(s) of Cooke County, Texas.

Issued and given under my hand and the seal of said court at Gainesville, Texas, this 9th day of October A.D. 1978.

(SEAL) Anna Mae Shorter Clerk, District Court Cooke County, Texas.

By Betty Graves, Deputy.

Most newspapers pick Hill over Clements

"John Hill may be the best candidate for governor in decades. Judging from his record, he should win easily over his Republican opponent, whose chief qualification is money. Unlike his opponent, Hill is not given to outrageous promises, intemperate personal attack or underhanded tactics. He will work hard for the best interests of the state and its people."

— Austin American Statesman

"The more Mr. Clements has explained his blunt viewpoints — even those views we could agree with — the more he has raised doubt as to how effective a bulldozer could be in Texas government. Conversely, John Hill has grown in our evaluation as a man who not only is the best state attorney general in recent history, but also is a man with the intelligence, savvy and ability to serve Texas well as governor."

— Abilene Reporter-News

"We believe Hill will bring vitality and leadership to state government. Hill is not an advocate of big government. Nor is he a free spender. He has pledged that no new taxes will be levied if he is elected. His anti-inflation program is the kind of fiscal conservatism Texans can accept gleefully."

— Corpus Christi Caller

SAVING TIPS on electric heating

1. Keep heating equipment at top operating efficiency. Have it checked seasonally by qualified serviceman.
2. Set thermostat at 68° or lower. Lower to 50° - 60° if you'll be away several days.
3. Weatherstrip doors and windows; caulk cracks to prevent drafts and warm air loss.
4. Check the filter every 30 days on forced-air systems. If filter is permanent, clean it by manufacturer's directions; if it's disposable, replace if dirty.
5. Thorough home insulation keeps the warmth in, cuts energy use. Can pay for itself by lowering heating (and cooling) costs.
6. When fireplace is not in use, keep damper closed.
7. On sunny days open draperies, blinds to let in warmth of sun.
8. Open outside doors as little as possible.
9. Keep furniture, draperies away from air outlets and returns so air will flow easily. Clean often.

Conserve electricity and you help conserve one or more of the fuels needed to produce it. Conserve fuels and you help assure that there will be enough to meet essential needs for electricity in the future.

YOU CAN BANK ON IT!

Our commercial loan department is in business to help your business. We know that with good management, you can make more money if you have more to use. And when wisely used, the money you borrow from the bank makes you more money than it costs.

For instance, a merchant without a large cash reserve is forced to buy from his wholesalers in small quantities - thereby missing out on sizeable trade discounts. Often, just a minimum increase in the size of the order could result in a significant increase in trade discounts which are based on quantities of items ordered. When a quantity discount is available that is several times larger than the interest on the loan to make the purchase, it's good business sense to take a loan and make the quantity purchase.

If you have a business opportunity which requires a cash outlay, see any of our officers. When they advise you on commercial loans . . . you can BANK on it!

Refreshments and decorations carried out the Little Miss Sunbonnet theme. Also attending the party were Melody's cousin Jane and

Carol Klement, her grandmothers, Mrs. Ed Klement and Mrs. Frank Zimmerman and her brothers and sisters, Scott, Travis, Leslie and Shelley. Carol Klement assisted with directing games.

There were gifts for the honoree. The decorated birthday cake, ice cream and cokes were served and all the little guests were given special treats of sacks of candy to take home with them.

Education can raise the savage from the depths of ignorance to the heights of thoughtful uncertainty.

**Time Changes for
Children Program**

Special attention is called to a time change affecting the date and place of the next two Children's Activity Programs only. Because of a crowded schedule that also includes the Thanksgiving holidays, the next meeting will be on Friday, November 3 in the Mini Park, if weather permits, but in the Library in case of inclement weather; and the following meeting on Friday, November 17. The place will be announced prior to that date.

**Birthday Party
For Houston Guest**

Kevin Cox, son of Mr. and Mrs. Frankie Cox of Houston, celebrated his second birthday Sunday in the home of his grandparents, Mr. and Mrs. Bruno Fleitman. Kevin's uncles, aunts and cousins attended the turkey dinner and all day family gathering.

A special birthday cake in a train theme was baked and decorated by Mrs. Henry Voth, Jr. of Lindsay and served with ice cream and punch.

There were birthday gifts for Kevin and party favors, balloons, whistles and party hats for everyone.

Attending were: J. D. and Patsy Fleitman and Doug, Sam, Jon and Julia of Muenster, Sara and Don Lester of Era; Theresa and Dan McCrimmon of Denver, Janie and Frankie Cox, the honoree's parents and his sister Kelly, his god-father Jerry Fleitman and his grandparents, Bruno and Bertha Fleitman.

Cow-Calf Clinic Booked for Nov. 8 At Gainesville

The second annual North Texas area Cow/Calf Clinic will kick off at 9 a.m. in Gainesville Wednesday (November 8) with up to 250 or

more area cattlemen expected to attend. The affair is jointly sponsored by Cooke County College, the Texas Agricultural Extension Service and Texas Power and Light Co.

Last year's initial clinic was acclaimed a "great success" by

CCC agriculture department chairman T. J. Davidson. He expects equally positive results this time around.

"We've put together a program we think will be a great practical interest to cattlemen," says Davidson. "Our purpose is to give the cattlemen information he can put to work in his operation to help improve efficiency, production and profits."

One aspect of this effort to provide information on a practical level will be the extensive use of live animal demonstrations featuring various breeds and types of animals.

The day-long program will begin at 9 a.m. with registration at the clinic site, Gainesville Livestock Auction at 1920 Refinery Road. Participants will be welcomed by John South, Wise County Extension agent and chairman of the Cow/Calf Clinic planning committee.

Clinic moderator will be Dr. A. M. (Tony) Sorenson, professor of animal science at Texas A&M University.

He will open the proceedings and introduce the first session, "What's Ahead for the Beef Industry?", a discussion of the cattle cycle and economic trends for the industry led by John Welch, manager of cattle feeding operations for Triple G Livestock of Brighton, Colo.

Dr. Dennis White will be next on the program with a discussion pertaining to development of an efficient winter feeding program. White is area livestock specialist for the Agricultural Extension Service from Dallas.

Following a noon luncheon, participants will be given the answer to the question, "What Is a Good Bull Worth?" by Burke Healey of Healey Bros., Flying L Ranch in Davis, Okla.

Highlight of the afternoon session will be a panel discussion on how to select and evaluate a bull. Panelists will utilize live animals in the discussion.

Cost of participation in the clinic is \$8, and interested persons may obtain additional information and registration forms by calling Davidson at (817) 668-7731 or writing to: Cow/Calf Clinic, Cooke County College, P. O. Box 815, Gainesville, Tex. 76240.

Tower Receives ACA Endorsement

United States Senator John Tower of Texas has been endorsed for re-election by ACA (Americans for Constitutional Action). The non-partisan National organization said it was endorsing Tower because of his consistent voting record for constitutional principles.

Americans for Constitutional Action (ACA) periodically rates all Members of Congress on issues which are of major National importance and adherence to constitutional principles. The endorsement stated, "If every Member of Congress voted as Senator Tower, there would be little or no Federal debt, inflation would not be a problem, our National military strength would not be in question, and Americans would be paying lower taxes. His most recent rating, for 1978, is 86%."

"Your thyroid is normal," the doctor said, "what you're suffering from is an overactive fork."

The Hornets - - -

Sanger attempted a handoff on its return and fumbled, giving MHS a set-up only 15 yards away. After a 5 yard offside penalty on the first try Serna went to the 5 on the next carry. At that point Sanger defense got tough and the Hornets netted a loss of 6 on three tries . . . and a pass on the 4th and 11 situation was incomplete. That was on the first play of the second quarter.

The rest of the period was a stand-off with Muenster starting two drives but failing both times to keep going. The action included a screen pass interception by Curtis Pangel and another interception by Richey, also an interception by Biggs for the Indians. During almost all of the period the play was in Sanger's end of the field, and Muenster led 5-1 in the count of first downs.

As if to say that the Hornets had their chance, the Indians came out with authority after intermission. With 67 to go after the second half kickoff they started the drive by going for it on a 4th and 2 situation, and gobbled up the remaining 54 yards in 6 plays. Biggs accounted for 30 of it in one romp and also made the last 12 to pay dirt. David Felderhoff blocked the kick for extra point and the score was tied 6-6 at 7:05 in the third quarter.

The Hornets promptly rose to the challenge, starting with Serna's 30 yard kickoff return to the Muenster 42. Ten tries from there, mostly by Serna, reached the 1 where three more were needed to crash the stubborn Indian defense. Serna made the last yard, then swept the left end for what turned out to be the winning points.

Briefly the Hornets kept the game under control. After stopping Sanger's 4th and 3 attempt they gained 14 to the Indian 29, then lost ground and fumbled the ball away on the following series. Sanger recovered it on its 42.

Next play was a long heave Biggs to Rickey Wilson reaching the Hornet 20, and two plays later Chambers scooted through tackle on a 17 yard gain to the goal. A run for the catch-up points was stopped by a swarm of Hornets. MHS still had a 2 point lead, but the win was far from certain, as the Indians went back on the war path.

They started with an on-sides kickoff and got possession on the Hornet 49. The next five plays gained 16 to the 33, where Biggs heaved the big one to Ready across the goal line. It looked like a sure 6 points but the receiver failed to hang on.

With 5 minutes remaining, Muenster made a first down and kicked on the second series, and Sanger started again from its 22. Four completed passes from there gained 60 yards to the Muenster 18. A penalty moved the ball back to the 33, and then came the pass that was intercepted by Richey on the 1 yard line.

With 57 seconds remaining, David Felderhoff used three plays to run out the clock.

The Tigers - - -

kick added a point. The Crusaders led 24-0 at 8:45 in the third.

Finally it was Sacred Heart's turn to get on the scoreboard. With 30 yards to go, the Tigers got their drive in motion with a 25 yard pass, Hartman to Angelo Nasche. Six more plays, including a 20 yard pass to Brian Bednorz plus 15 yards free on a roughing penalty reached the 9 yard line, and Joe Bartush scored from there via the left end. A pass for bonus points was incomplete.

The Crusaders responded with another quickie TD of their own. After a kickoff return of 18 to the Gorman 33, plus three more plays to the 44, Coplen broke through the middle on a quarterback sneak and found the way wide open for a 56 yard scoot to the goal. Again his kick for the PAT was good and Gorman led 31-6 at 4:33 in the third period. SH responded with a short drive that gained 24 to the Gorman 37 but ended four plays later on the 32. For a while then it was a defensive contest with the ball changing possession five times before the big play which put the second TD on the board for Sacred Heart. Joe Bartush intercepted a Crusader pass on the Tiger 40 and raced 60 big yards down the right sideline to the 6-pointer. His run for extra points was short.

An on-side kickoff after that backfired for the Tigers and gave Gorman excellent field position on the 50 yard line. On second play of first series Coplen passed to Martinez for 21 yards to the Tiger 27, then to Garnett for the remaining distance. Again the PAT kick was good. The visitors led 38-12 at 4:59.

Shortly after that Gorman was threatening again. A 14 yard pass to the SH 29 was followed by another which Angelo Nasche intercepted at the 7. From there the Tigers made one of their better drives of the evening. Better gains along the way were Hartman's run for 12 and his passes to Angelo Nasche for 11 and 13, and to Bartush for 32. The drive went to the 9 but the next series was a disaster, losing yardage back to the 30. Gorman got possession there with time remaining for only one play.

Confetti - - -

derives from that source.

The association's president said that the cost of complying with regulations must be added to hospital bills nationwide, and that an estimated 115 million man hours are spent on the task of filling out and filing the hospital forms. It's a situation that could be described as fiscally unhealthy. But that isn't near all of the story. More millions of man hours are needed to process the tons of

reports sent in by the hospitals. It's another case of a two-way rip-off of the American public. As patients they are stuck with the expense of making out reports. As taxpayers they are stuck with government's expense of handling them.
