

The kind of official policy that makes a person ashamed of our government came to light a few days ago in an article in the Baltimore Sun saying that Santiago Carrillo, a Spanish Communist party leader, and Ho Tam, North Korea's foreign minister, have State Department clearance to come into this country.

And Human Events is told by the State Department that Joshua Nkomo, head of the Zambia terrorists who have been raiding Rhodesia, traveled the US in August to meet with Secretary of State Vance. And in the same month Josiah Chinamano, Nkomo's lieutenant, was also admitted to the US. Also Hugo Blanco, a Peruvian Trotskyite terrorist, has received clearance for his entry into the US.

From those incidents and many others, it would seem that almost anyone, terrorist or not, is welcome to come and have his say here. But that's not how it is. The policy changed a full 180 degrees when a pair of non-terrorist black Rhodesian moderates tried to obtain visas. State Department shut the gate tight.

The men who want to visit are two black Rhodesian senators, Jeremiah Chirau and Kawisa Ndwiweni. Their prospective visit, widely publicized here, suddenly collapsed when our State Department bluntly told them that they could not come. So certain were the two of obtaining visas that they had scheduled appearances before the American Security Council, the American Legion, the VFW and the National Press Club.

The Security Council's Phil Clarke accused the department of excluding the black Rhodesian moderates because their views would likely conflict with the Anglo-American solution for Rhodesia. And Senators Harry Byrd and Clifford Case protested to Vance that failure to admit these two would seriously affect US support for the tradition of freedom of speech and exchange of ideas. After all, it does seem absurd and completely unfair to admit international criminals, mouthpieces of the communist line, but rejecting respected people with the other side of the story.

In this regard England and Germany have the better record. They had the decency to admit the two moderate Rhodesians. They were not afraid to have their people hear from the people of Rhodesia. They did not give lip service to the principle of free speech but deny that right to a people whose first wish is to remain free.

What do these men want for Rhodesia? An article in Newsweek on July 18 quotes Chirau as follows: "A system of moderate black government that would guarantee law and order, preserve private enterprise economy, and keep Rhodesia out of Marxist hands."

"The constitution's main feature would be an Executive President with real powers, two houses of Parliament and two Provincial Assemblies." Would he exclude whites? "Not at all. Rhodesia could not survive without them. Their property and rights will be fully guaranteed."

For holding these views Chirau and Ndwiweni are barred from visiting the U.S. Instead the State Department admits savages with a record of terrorism and butchery, whose goal is not only to wipe out the whites but also the blacks who oppose their personal ambitions... who are accepting communist help in trying to take over the country but do not suspect that the ultimate Communist goal is to take them over.

One wonders how President Carter and Secretary Vance can face the other nations of the free world with this violation of principle showing so obviously on their policy. They ought to know that intelligent people everywhere know what is happening and are disappointed in our failure to stand by our friends. At the same time they have cause to feel alarmed at the help we give Communism in its take-over of the world.

It seems like high time for us, as well as the blacks doing dirty work for the Reds in Africa, to realize that present policy is a tragic mis-

Gains Reported in Deposits, Loans At Muenster Bank

Muenster State Bank joined other banks of the county last week in reporting gains of both deposits and loans for the past year.

Responding to the state banking commission's call for a statement of condition as of September 30, the bank reported deposits of \$10,215,290.68 and loans of \$3,795,032.44. The deposit figure represents a gain of \$1,927,337 in the past year and a gain of \$427,412 in the past quarter.

Likewise increases of loans are noted for both the year and the quarter. The amount of gain was \$647,593 for the past year and \$99,835 for the past quarter.

The same applies to the three county banks individually and to the total of all the county banks. Total deposits were \$81,042,469 and total loans were \$51,840,176. This reflects gains in deposits of \$11,573,559 for the year and \$2,520,950 for the quarter; also gains in loans of \$10,748,727 for the year and \$1,366,050 for the quarter.

Resurfacing Job Scheduled on Road East of Muenster

Portions of US 82 and IH 35 in Cooke County are scheduled for hot mix overlay work. The work has been contracted by Jagoe Public Construction Company of Denton on a low bid of \$871,409.15 and ninety working days have been allowed for completion of the 21.5 miles of resurfacing.

Included in the overall project are work on US82 from the east city limit of Muenster to near IH35 in Gainesville... also IH35 from the MK&T Railroad in Gainesville to Red River... and selected parts of IH35 from MK&T Railroad in Gainesville south to the Denton County line.

Winners Named in Golf Tournament

Ladies who got into last Sunday's tournament sponsored by the Muenster Golf Association had chances for trophies. Their two divisions had two teams competing in each whereas prizes had been provided for three teams each.

However the men did not have it so easy. Seven of their sixteen teams came away empty handed. There were nine winning teams, three in each of three divisions.

It was a low ball tourney played at Nocona Hills with ladies divisions for qualifiers 30-39 and 40 up and men's divisions for qualifiers of 70-79, 80-89 and 90 up.

Winning ladies were Della Hellman and Shirley Grewing 86, Dorothy Endres and Jody French 89, Bertha Hamric and Alta Swirczynski 96, and Faye Hamric and Kaye Pagel 98.

Men's winners were Dale Klement and Casey Jenkins 76 who won a play off over Frank Hess and Willie Walterscheid 76, also Ray and Pat Endres 77. Division 2: Mike Frost and Dan Hamric 76, who won play offs over Don Eckart and Fred Fuhrmann 76, also Paul Walterscheid and Ray Voth 83. Division 3: Wayne Klement and Harold Flusche 86, Tim Endres and Babe Schilling 87, who won play off over Urban Endres and Rody Klement 87.

Muenster Will Host for PP and K Zone Contest

For the second consecutive year nineteen Ford dealers of North Texas have chosen Muenster for the zone competition of the nation-wide Punt, Pass and Kick program. This year's contest will be held at 2 p.m. Saturday, October 15, on the Muenster High School football field.

Boys participating will be winners of the local contests held October 1 throughout the zone which extends from Gainesville to Quannah and from the Red River as far south as Decatur. It will be conducted by the Muenster Jaycees. This event is the second elimination contest leading eventually to national PP&K champions in the six age groups, 8 to 13 years.

Marty Klement of the local Ford dealership, said the zone dealers chose Muenster because of their pleasant experience here last year. They liked the way Jaycees conducted the show, and they appreciated the interest shown by a good attendance of spectators.

Another Eagle

Earl Fisher joins the ranks of Muenster's prestigious golfers. He scored an eagle on the 515 yard, 5 par, No. 9 at Nocona Municipal course on October 2. His evocative companions were Paul Walterscheid and Ray Voth.

Tigers Wallop Knights 20-7

The Sacred Heart Tigers did it again Friday night, winning their fifth of the season by the gratifying score of 20-7. And the victory this time was more satisfying than usual because it came at the expense of their old time rivals, the Lindsay Knights.

The game was a battle from the beginning with plenty of evidence that both teams came to play. Their efforts, especially in the first half, featured stout defense in which the Tigers were unable to keep going and the Knights could not get started. But all that changed abruptly in the second half as SH completely dominated.

The Tigers started with a resourceful play that salvaged a first down from a busted play. Kicking to end the first series, Joe Hoedebeck got a bad snap from center and saw himself about to be swamped by Knights. So he threw to Bob Hartman who zigged and zagged enough for the first down. Two more first downs followed before the drive ended in a fumble.

On next possession SH moved the chain twice and got stopped on the third series.

Early in the second period Danny Walterscheid put the Tigers in business by just taking the ball from a Lindsay fellow. Officially it was a recovered fumble, actually it looked like a handoff.

That stunt was the first of lots of big ones by Walterscheid. The game's top performer, he made several good runs, one a touchdown, blocked a punt and a place

Plans Under Way For Charter Bus To Game at Tyler

Sacred Heart fans who intend to see the Tigers play Tyler Gorman at Tyler on Saturday, October 29, have an opportunity to make the trip by chartered bus. The deal is being sponsored by the Sacred Heart Alumni and the plan is to leave here at 3 p.m. and return home after the game.

About Free Rural Fire Protection...

Correction: The city council has not agreed to discontinue charges to the county for rural fire calls answered by the Muenster Fire Department, as reported in The Enterprise last week. The free service was proposed to relieve some of the county's financial burden for taking over county ambulance service. The council intends to study the matter before giving an answer.

Good Neighbor Award Presented To Pearl Evans

Pearl Evans, owner and operator of the Charm Shop for 31 years is this year's selection by the Muenster Knights of Columbus council for its good neighbor award.

The presentation was made Sunday night in Sacred Heart Church by Grand Knight Dale Klement after the 7 p.m. mass. It is given each year to a local member of another faith as an expression of ecumenical spirit promoting understanding and harmony among the creeds.

The award is a bronze and wood plaque inscribed "Good Neighbor Award presented to Pearl Evans by the Muenster Knights of Columbus, 1977." When giving it Klement said that Pearl has not only lived up to friendship among the faithful but has always been a cheerful and cooperative neighbor and an asset to the community.

The identity of the good neighbor, which had been kept secret until the ceremony, took Mrs. Evans completely by surprise. She had come to church expecting to see her grandson, Murlin Evans Jr., appear with a children's choir. She was overwhelmed with emotion, speechless and in tears, when she tried to respond. All she could manage was "thank you, and I love you all" but it was eloquent.

Afterward Pearl and her husband, Ray, led the recessional out of church, then were the honored guests at a reception in the K of C Hall.

Pearl has been a resident of Muenster for 42 years. She and Ray and Murlin Joe moved here from Madill, Okla., in 1935 when Ray was transferred here by Phillips Petroleum Company. She bought The Charm Shop in 1946 and moved to her present location in 1956.

Mrs. Evans is the eighth person to receive the local Good Neighbor award. Preceding her were Charles Cash in 1970, Bill Pratt '71, Dr. Marvin Knight '72, Albert Lippe '73, A. T. Tuggle '74, Bill Hamer '75, and Robert McDaniel '76.

Mary Rohmers Wins National Honors

Sister Mary John Seyler has announced that Mary Margaret Rohmer, senior at Sacred Heart High has achieved Commended Student status in the 23rd Annual National Merit Scholarship Program.

This honor is the result of her outstanding performance on the Preliminary Scholastic Aptitude Test which was administered nationwide in October 1976.

A letter of commendation was presented to Mary Margaret, daughter of Mr. and Mrs. Arnold Rohmer.

A total of 35,000 Commended students throughout the United States have been honored by the National Merit Scholarship Corporation. Students in this group represent less than two percent of the total of graduating U. S. high school students.

The National Merit Scholarship Corporation has offered each Commended Student an opportunity to have identifying information sent by the corporation to two higher education institutions selected by the student. In addition, the NMSC makes it possible for all regionally accredited U. S. colleges and universities to receive home addresses for Commended Students, so that an institution may contact the student directly.

Clothing Drive

The annual clothing drive sponsored by St. Anne's Society with cooperation of the community will be held in Sacred Heart Community Center on Wednesday and Thursday, October 19 & 20, 9 a.m.-4 p.m. Items should be left in the front lobby of the main entrance. Volunteers are needed, both ladies and men, to help with folding and packaging.

PTO Meeting in Library

The PTO Meeting of Muenster Public School will be held Monday, October 17 in the Library. Teachers will present and explain classroom procedures and tell how parents can help their students.

Planning Begins for Parade and Drawing

Preparations for the annual Santa parade and Christmas drawing occupied most of the regular Chamber of Commerce meeting Tuesday.

Members voted their approval of plans which had been previously developed in the chambers officer meeting and presented by Committee Chairman Dennis Hess.

A few changes from last year were adopted to streamline the event. This time each participating merchant is asked to give only one prize and a person does not have to be present to win. This will reduce drawing time substantially because of fewer give-away items and by eliminating the need of drawing until someone responds. The original intention was to assure more of a crowd, but

Hornets to Meet Wildcats in 13-A District Opener

Effective Friday night at Callisburg, the current football season is for real for the MHS Hornets. That will be the beginning of the 13-A schedule, for the record that really counts regardless of what has happened to date.

From the looks of things the Hornets will take on their equals. To date both of the teams have a 2-3 record, and the Wildcats deserve special respect for their 14-6 upset of highly rated Era.

As judged by Coach Stinson, Callisburg has been hot and cold and will be hard to handle if this is its hot week. The team has good potential in a good line and a talented quarterback who does a good job of mixing passes and option plays. That combination looms as a challenge, but it appears to be matched by the Hornet defensive record, especially the low score allowed to Aledo's power house.

Attitude of the Hornets is great, according to Stinson. They were relieved to learn that injuries to Quarterback David Felderhoff and Running Back Nick Walterscheid were not serious. Felderhoff will be there in case he's needed but hopefully will be allowed to heal another week. Meanwhile Nick will cover over the quarterback job and his backfield companions will be Neil Walterscheid, Gary Hermes and Bryan Sicking.

Tigers Use Open Date to Improve On Their Offense

After six games in a row the Sacred Heart Tigers are enjoying an open date and relief from pressure this week, but they are getting no rest. They are out on the field daily, trying to work out rough spots that showed up in last week's game with Lindsay.

Looking over the films of that tussle, Coach Ed Stock discovered flaws that could be a big liability when the team takes on any of its next four opponents. Cistercian is expected to be tough, as usual, and the remaining three are not only serious threats but also very important to the season record. They are the TCIL foes who will have to be overcome on the way to the coveted district title.

Coach Stock said he was delighted with the Tiger defense, as indicated by their holding the Knights to minus yardage. But he wants improvement on offense. Such as the play that was intercepted and converted to a 90 yard Lindsay TD. Also such as failing to keep a drive going on three occasions.

The Tigers, now standing at 5-1, are enjoying good health and good spirit as well as the good record. The lone casualty is Roger Haverkamp, whose leg injury in the second game is making good progress. He has a chance of being back in action before the final game.

the monotony of delays was detracting from the drawings.

The change will eliminate future delay and a special feature will add interest to the program. After other drawings registration slips from all containers will be poured together and three will be drawn for gift certificates of \$100, \$50 and \$25. For this part of the drawing, however, the winner will have to be present. The gift certificates will be redeemable in all local business houses.

Date for parade and drawing is December 10 and participating merchants are asked to announce their prizes and start registrations early in November. As before, each firm has a separate registration for the drawing of its own prize at the big multiple drawing.

Relative to the parade and Santa's visit a number of changes were suggested. 1. Have floats return downtown after the parade so they can be seen during the drawing. 2. Have two Santas, one to visit with the kids while the other gives goodies. Otherwise have a helper to distribute the candy. There's too much demand in that crowd for one Santa. 3. Encourage cooperation of those who have money with those who have time and talent. Together they can have more and better floats. The matter of prizes is not definite, however the chamber indicated that its intention is to offer attractive inducement in a number of categories.

Promotion of a special course on employer-employee-customer relations appears to be shaping up. Bertha Hamric has been in contact with Texas A&M relative to a course entitled "Your Public Image" which appears to be what the chamber has in mind. It is scheduled for four days of three hour sessions at an overall cost of \$650 for not more than 25 persons. It will not be available until after January 1. Members favored more inquiry into the subject.

President Pagel reported the addition of a new member to the chamber. St. Richard's Villa is number 77 on the list.

Nocona Publisher Buys Lindsay Voice

Effective last week the Voice of Lindsay is owned and managed by G. D. Hollingsworth, publisher of the Nocona News. It was purchased from Klement and Hill of Gainesville.

The new publisher stated that Mary Ann Arendt, who has been the editor since the Voice was started eight years ago, will continue as the editor, and Cathy Kralh will assist. Also, efforts are under way to increase the size of the paper. Formerly printed at Sanger, it is now printed at Bowie.

Hennigans Get VIP Flight Home

Mr. and Mrs. Pat Hennigan were sent back to the states Saturday. They came in an Aer Lingus (Irish) plane to New York where three Lear jet ambulance planes awaited them. Pat and Alice along with two nurses were transferred to one of them for the last flight on the way home.

The plane brought them to Gainesville air field and a county ambulance completed their journey.

Through the duration of their post-crash experience the Hennigans were guests of Capital Airlines, apparently eager to do all they could for all patients following the unfortunate accident.

While appreciating all of the care, Hennigan has also had occasion to appreciate American medical standards. He said that buildings and facilities over there are primitive compared with ours. However he has no complaints about personnel. Nurses were kind and accommodating. So was their doctor who did all he could in an overcrowded schedule.

Back in Muenster Hospital, Mrs. Hennigan has had the body cast removed and will be in traction until further treatment.

SH Juniors Win And Tie at Lindsay

Sacred Heart juniors won a game and tied one last Thursday night at Lindsay. Junior High started the double header event with a 12-8 victory and Junior Varsity battled to a scoreless tie.

The home team was first on the scoreboard of the opening contest. It started by recovering a SH fumble on second play and then marching 35 yards to the end zone. Eight plays were enough and the pay-off was a plunge from inside the one yard line. A pass for extra points was good and the little Knights led 8-0.

The Cubs got their TD early in the second quarter when Greg Walterscheid blocked Lindsay's punt in mid field and Ricky Hennigan scooped it up and headed for the goal. Good blocking helped him get loose for his scoring sprint down the left sideline. But

test; win first place in junior division and second in senior division. Contract is signed for equipment in hospital kitchen. Tigers take easy 34-6 game from Saint Jo Panthers. Hornets nudge Windthorst 8-0. Cubs continue winning; beat Lindsay 36-0. Pilot Point hosts district meeting of Catholic State League. CDA members sew quilt for bazaar. SH failed on the run for bonus points and still trailed by 2.

Go-ahead time came early in the second half. Following a Lindsay punt SH was on its 34 and the next play was a fine 53 yard run by Brian Herr who reached the 13 before being caught. Next series was a dud stopped by Lindsay on the 8, and next after that was Lindsay's fumble recovered by Mike Bartush on the 10. Herr made it from there in one try. The try for extra points failed but 12 was enough. The rest of the game was scoreless and uneventful except an interception by Herr and a fumble recovery by Gene Haverkamp.

The JV contest was only an exercise in head knocking in the first half. Each team made a first down. Lindsay failed three times on a fourth down effort, and otherwise every series ended with a kick.

In the second period the Tigers made three starts but could not keep going. They made a first down and kicked on next series, made two first downs and lost possession on a fumble, then made one first down and lost possession by interception.

Lindsay started once and fizzled on the second series.

Ceremony in Fort Sill Chapel Unites Lenora Fleitman and Gene Isenhour

The wedding of Miss Lenora Fleitman and Gene Isenhour was held in the New Post Chapel of Fort Sill, Oklahoma, Saturday evening, October 1 at 6 p.m.

The bride, daughter of Mr. and Mrs. Eddie Fleitman, is a graduate of Muenster High School and is stationed at Fort Sill as an Air Traffic Control officer with the U. S. Army.

The groom, son of Mr. and Mrs. Grady E. Isenhour Sr. of Hickory North Carolina, is an Air Traffic Control Tower Chief, stationed at Wertheim, Germany.

Chaplain Billy Sharp officiated for the double ring ceremony. Muted background organ music was played throughout by Dolly Hanrahah.

Presented in marriage by her father the bride was wearing a formal bridal gown of white polyester, designed with a scoop neckline and empire bodice. Pearl re-embroidered lace appliques outlined the neck and trimmed the bodice and the long, sheer sleeves, which were edged with soft ruffles at the wrist. Two rows of matching lace completely encircled the skirt and chapel length train.

Her two tiered veil of illusion was edged in matching lace and was attached to a lace Juliet cap. The bridal bouquet was a cascade of white Spider mums and peach Woburn Abbey roses. A lace handkerchief from her mother's wedding flowers was tucked into her own bouquet.

For something old, the bride wore a gold cross and necklace also worn by her great-grandmother, Mrs. Theo-

dore Wiesman, by her grandmother, Mrs. Al Fleitman and by her mother, Mrs. Eddie Fleitman. Something borrowed were pearl earrings belonging to her mother. She also had the traditional blue garter and a birthdate penny in her shoe.

The bride is also a granddaughter of Joe Bauer, Sr., of Gainesville.

Attendants

Mrs. Paul Caplinger, a friend of the bride, was matron of honor and Charlotte Fleitman, sister of the bride was her bridesmaid. Their dresses were identically designed of dusty peach crepe, with pin-tucked bodice, inset waistband and tiny self-covered buttons on a front band closing, also long, full sleeves and full skirt. Their flowers were nosegays of white peach mums surrounded with brown leaves. Baskets of salmon gladioli decorated the altar.

Charlie Donaldson, of Lawton, Oklahoma, a friend of the couple was best man and Larry Fleitman, brother of the bride was groomsman. Ushers were Allen Fleitman, bride's brother and Glenn Felderhoff, bride's cousin, both of Nacogdoches.

For her daughter's wedding, Mrs. Fleitman chose a formal length gown of medium blue knit with sheer floral jacket. The groom's mother wore an emerald green formal. Both had corsages of cymbidium orchids.

A reception hosted by the bride's parents, was held in the Non-Commissioned Officer's Club at Fort Sill. Guests were registered by Mrs. Allen Fleitman of Nacogoches and Miss Carolyn Bayer of Muenster.

The three tiered traditional white wedding cake, decorated with peach accents, and the chocolate groom's cake were served by Mrs. Henry Felderhoff of Muenster, Doris Felderhoff of Nacogoches and June Stoffels of Dallas. Presiding at the punch bowl were Kassie Donely and Pat Grocky, both of Lawton.

For traveling the bride changed to a grey slacks and sweater suit with rust accessories.

and your electric bill.

Fuel is essential in the production of electricity. Texas Power & Light Company generating plants burn very large amounts of natural gas or lignite coal and, when supplies of gas are short, oil to produce steam which operates turbine generators.

Fuel costs are charged to each TP&L customer according to the number of kilowatt-hours of electricity used by the customer.

Before July 1, 1977, your basic rate for electric service included a fuel cost of about eight-tenths of one cent for each kilowatt-hour. The additional cost of fuel used to produce your electricity was shown on your bill as a fuel adjustment factor.

Since July 1, 1977, under requirements of the new Public Utility Commission of Texas, all fuel costs have been removed from the basic rate. Now, the entire amount you pay for the fuel required to produce the electricity you used is shown on your bill in the space identified, *Fuel Amt.* This amount is figured by multiplying the number of kilowatt-hours of electricity you used by a fuel adjustment factor which appears on your bill in the space identified, *Fuel Cost per Kwh.* This factor is simply the per kilowatt-hour cost of all fuel required to produce your electricity.

The fuel cost per kilowatt-hour and the fuel amount on your electric bill will vary from month to month. These variations, either up or down, occur as the price TP&L pays for each kind of fuel fluctuates and as the amount of each kind of fuel used varies.

**Juvenile Arthritis
Afflicts 250,000
American Children**

"If your child complains about aching knees, it may not be growing pains," warns Dr. Earle U. Scharff, Jr., Chairman of the Medical Advisory Committee of the Northwest Texas Chapter of the Arthritis Foundation. "It could be arthritis. The problems of living with arthritis are bad at any age, but, for children, this crippler can be overwhelming."

According to Dr. Scharff, 250,000 American children are

victims of juvenile rheumatoid arthritis (JRA). The disease will prevent some of these children from ever getting to school this year, and those who do get there take the problems of arthritis with them.

"In addition to pain and deformity of the joints, JRA can threaten a child's vision, heart, liver and other organs," said Dr. Scharff. "It also can affect emotional development."

Twenty years ago, physicians could do comparatively little for children afflicted with arthritis. Many became seriously deformed, often had frequent attacks of swelling and pain in their joints all their lives. Today, with proper medical care to help prevent crippling effects, JRA can be controlled and usually recedes by puberty in 70 percent of its victims.

"The child must be helped to follow a regimen which usually includes medication, rest, and special exercises," said Dr. Scharff. Children whose parents and teachers are supportive while helping them live as normal a life as possible, fare better than those whose parents are either overwhelmed by the disease or minimize its presence.

Dr. Scharff noted that parents and teachers interested in further information can send for a free booklet, "Arthritis in children," available from The Arthritis Foundation, Northwest Texas Chapter, 3145 McCart Avenue, Ft. Worth, Texas 76110.

Perryman Denham finally had one of his wishes fulfilled Wed. evening, Sept. 14. Mr. and Mrs. J. P. Embry over past Dymound invited us over for the evening for homemade ice cream. Perryman had been wanting to see their spread — well! we found they have a beautiful place and home.

The Forestburg area is getting a few new residents here of late. The B. H. Campbell's have purchased and moved into the Bill Boyd place — most of us remember it as the Weldon Sills place.

Mr. and Mrs. Kenneth Reed and children formerly of Sunset, have moved into the house of the late Collie and Jim McMillion. Mrs. Reed is the daughter of the L. C. McMillions.

Perryman and I visited with Mr. and Mrs. Ray Goodman recently — she is the former Mabel Sills. Mabel tells us that son Don Sills, of Dumas, Tex., has himself a wife as of Sept. 10.

Mr. and Mrs. Charles Dill and Mr. and Mrs. Ernie Moore spent the weekend of Oct. 1 in New Orleans, La. They visited the exhibition of the Artifacts of King Tut's tomb.

Ted Jackson of the burg, along with Mr. and Mrs. Harry Eason of Gainesville and Mr. and Mrs. Bill Eason of Era attended the Carq and Jackson Reunion at Lone Wolf, Oklahoma on Sunday, Oct. 2.

Mr. and Mrs. Charles Edwards and children took in the Texas Ranger baseball game in Arlington Friday, Sept. 30. On Sunday Oct. 2 they all attended the Dymound Homecoming.

Have you ever wondered what a poor fellow - or woman is to do when the doctor tells him or her, "You simply must stop working"? I am sure they would like to do just that if the doctor could come up with a prescription on how that man or woman is gonna make a living for his or her family and pay his or her bills. Tis easy for the doctor to say "Stop working" but for many that is usually one order they can't follow.

A New York psychiatrist met his old friend, Sam, and asked him how things were going.

"Not so good," was the pained reply. "My brother is very sick."

"Your brother isn't sick," contradicted the psychiatrist, "he only thinks he's sick. Remember that, he only thinks he's sick."

Two months later they met again. "How's your brother now," asked the psychiatrist. "Worse," groaned Sam. "He thinks he's dead."

Sister Anna Marie Flusche Presents Recital on Organ She Rebuilt

A dream became reality recently for Sister Anna Marie Flusche, daughter of Mr. and Mrs. Urban Flusche of Dallas, when she presented a memorable organ recital to mark the customary "dedication recital" on a new or rebuilt instrument.

Sister Anna Marie is chairman of the music department at St. Agnes Academy of Houston and is one of the tiny minority of professional musicians in the United States having a degree in liturgical music. She has studied organ for years, and received her master's degree in organ this summer.

After becoming head of the department at St. Agnes, and with the help of a few interested friends, she spent six years rebuilding the school's pipe organ, which the academy was fortunate to own, a rarity among high schools anywhere.

At the time the organ was purchased and placed in the auditorium of St. Agnes, according to the "Dominican Light" Magazine of Spring 1977, organ builders were experimenting with electrical devices, but to the detriment of clear, brilliant tone quality, in her opinion.

Her dream was to restore more natural tone quality, so Sister Anna Marie and several assistants rebuilt the organ, bit by bit, piece by piece, as time and money permitted, and doing much of the work herself, because a professional estimate indicated that desired improvements would cost over \$5,000. With aid of a friend whose hobby was organ building, she "denicked" the pipes, reathered the reservoirs, soldered wires connecting pipes to the console, etc. Many people gave financial aid and countless hours to the project.

To help complete the project, Sister Anna Marie gave an organ concert at St. Vincent de Paul Church, to raise necessary funds for hiring a professional builder to complete the job now, by installing additional sets of pipes.

This past spring, after six years of working and dreaming, the rebuilt organ was dedicated, and the nun-musician demonstrated the new sounds of which the organ is capable. Splendor was added with the brass choir and mixed chorus of St. Agnes Academy, who also took part.

Sister Anna Marie was born in Pilot Point, Texas, and began her music education with Sister Emerentiana C.D.P. After moving to Dallas, she continued her music education at St. Monica School with Sister Mercyle, C.S.B. She graduated from Ursuline Academy of Dallas, and attended the University of Dallas one year, majoring in music.

The following year she entered the Congregation of the Sacred Heart, a group of Dominican Sisters whose motherhouse is in Houston.

She has been organist at St. Michael Church in Houston for 6 years, and has given concerts in Houston, Galveston, Dallas, Fort Worth and Denton. She completed a Master of Music degree at NTSU. She is also doing research for articles on religious orders, who, at one time, were prominent in the art of organ building.

Seniors of Muenster High School, 1976-77, have donated the entire amount remaining in their class fund at graduation time, to the Library at MHS and requested that it be used for books to be selected by Librarian, Mrs. Patsy Sloan. She made the announcement Tuesday and said representatives of the class presented the generous fund to her, following a pep rally at school on September 30.

YOU CAN BANK ON IT!

When you open or add to a savings account, you help strengthen the economy of the nation. Your money creates wealth when the bank puts your funds to work. Businesses and farmers finance buildings, new equipment, production, and distribution of goods. The use of your money has permitted expansion of production and the creation of jobs. Governments borrow from banks in the form of selling municipal, state and federal bonds to the banks. These bond purchases help to build schools, roads, and hospitals, which create more jobs. Individuals borrow for purchase of homes, automobiles, and other personal used. And when individuals borrow money to purchase a home, the total economy feels the impact not only in the building of the home itself but also in the production of the furniture and appliances needed to make it livable. Savings accounts have helped this country's economy to its present position of strength . . . you can BANK on it!

Dan Wilde Attends Chevy Seminar

Dan Wilde of Wilde Chevrolet Co. was selected by the Chevrolet Motor Division to attend Chevrolet's Small-Car Seminar at the Chevrolet assembly plant in Wilmington, Delaware.

The two day school provided in-depth sessions about the small car market and those attending were conducted through the Chevette manufacturing plant to see first-hand the quality being built into Chevrolet small-car products.

Portions of the school were conducted on the campus of the University of Delaware.

Dan Wilde flew to Delaware Monday and returned Thursday.

Tigers - - -

in the second period.

Shortly later a short kick followed by a penalty gave the Knights a set-up at the 20. Fourth play following that was Fuhrmann's field goal try broken up by Dan Walterscheid.

Tiger gains of the first half can be credited mostly to passing. Hartman completed 7 of 15 for 89 yards to Fred Koesler, Joe Bartush, Ken Felderhoff, Joe Sicking and Glenn Walterscheid. Rushing total was only 35 yards. Lindsay had a net total of only 16.

After intermission things changed in that the Tigers did somewhat better, 181 total yards, whereas Lindsay dropped to minus 46. And Tigers got their scoring machine oiled up.

It started on the first series of plays, Dan Walterscheid blocked Lindsay's punt giving SH great field position on the 17. Felderhoff, with fine second and third effort, went to the 5 and Walterscheid scored. Felderhoff's kick added a point.

Shortly after that Walterscheid's fumble recovery on the 35 sparked the drive for TD No. 2. Four tries, including 12 by Sicking, reached the 8, where the Knights made a goal line stand. Three plays netted 3 yards and a five yard pass to Sicking finished the job. A kick went away. Score was 13-7 at 5:13.

Less than a minute later SH got on the board again, this time on a retaliation for Lindsay's interception and TD. Third play after kickoff Joe Bartush intercepted at the 25 and stormed into the end zone. Felderhoff upped the score to 20-7.

For the rest of the game the Tigers continued the gains but failed to put them together. One effort, after three first downs, stalled at the 25 where Ken Felderhoff's try for field goal was wide. Shortly after that they got as far as the 20 and fumbled the ball away.

Again, as time was running out, a screen pass to Bartush resulted in the Tigers' biggest gain of the game. It went for 44 yards to the 15, then the drive stalled, as the last seconds ticked away.

Auxiliary Sponsors Cancer Fund Event

In cooperation with National Cancer Aid and Research Week, October 10-16, the Muenster VFW Auxiliary will sponsor a bake sale Friday, October 14. It will be held at Fischer's, Hofbauer's and Pagel's stores from 1-6 p.m., with all proceeds going to the Cancer Aid and Research Fund.

As an established project, each year in November, all Auxiliaries contribute to the National Office, where the money is channeled into two funds: 1) Cancer grants, which help cancer-stricken members to ease financial burdens, 2) Cancer Research Centers. A percentage is returned to the individual states to be used for grants to local cancer research institutions.

Each Auxiliary member is asked to bring baked items to the stores Friday or bring a donation. A telephone committee will contact all members. For more information call Linda Knabe, phone 2592; or Ethel Hesse 2784; or Susie Hoinig 2946.

Muenster Juniors Tie One, Lose One

With lots of help from the Muenster boys themselves, the Callisburg Junior Varsity clobbered the Hornet JVs 38-6. After a scoreless first half the visiting young Wildcats puffed their game together while the Hornets allowed theirs to fall apart.

Turnovers were the big headache for the red and white. They lost possession seven times on fumbles and twice on interceptions. Besides they had twice as many fumbles on which they recovered but lost yardage. Another factor was Callisburg's advantage in size and depth, which became apparent in the final quarter.

First half was a standoff, although the Wildcats were more successful at moving the ball. The Hornets fumbled the ball away three times and regained it twice on recoveries by Mark Felderhoff and Kevin Klement. Each team blew a scoring opportunity inside the 20. Muenster's big play was a pass, Klement to Weinzapfel for 45 yards. Callisburg's was a pass for 38.

Muenster got on the scoreboard on the second half kickoff. Ricky Winn received and lateraled to Klement who galloped 75 yards down the right sideline.

On their kickoff the Hornets succeeded with an on-side effort as Tim Hermes took possession on Callisburg's 42. That was the end for the Hornets, and the beginning of a Wildcat scoring spree. A fumble recovery a short time later was followed by a 38 yard run. Just after the fourth quarter a Wildcat broke away for 61 yards.

Promptly after another fumble recovery launched a 22 yard drive in four plays. A pass for bonus points then added 2 points.

Muenster had four plays after the next kickoff and Callisburg was touchdown bound again. The drive went 30 yards in three tries.

First play after the next kickoff was an ill fated pass interception at mid field and returned all the way.

And finally a fumble recovery on the 6 yard line set up another TD. One try from there ended the scoring at 38-6.

Junior High kids did a better job, breaking even with a scoreless tie. Though allowing Callisburg occasional gains they did not permit any drive to keep going. Their own best offense was a short drive in the third quarter that bogged down.

take. We need to understand that cooperation with Communists only hastens the day when we will have to obey them. What we call detente may be rather a way of slow surrender.

Africans, only a little more short sighted than ourselves, think communism is helping them take the country away from the whites. They don't know that the next step is tribal conflict eventually ending with the continent under red control.

Mr. and Mrs. Grady E. Isenhour, Sr. of Hickory, North Carolina, were guests of the Eddie Fleitman family Monday and Tuesday. They enjoyed touring the area and are continuing a vacation trip to Albuquerque, New Mexico, before returning to North Carolina. They came from Oklahoma, where, on Saturday, October 1, they attended the wedding of their son, Gene to Lenora Fleitman, daughter of Mr. and Mrs. Eddie Fleitman.
