NUMBER 42

While leaders of the labor unions were observing Labor Day as usual by telling the country how much working people are indebted to them, their indebted friends of Congress were busy preparing for legislation to extend the awesome power of unionism even farther.

In the congressional hopper is a bill which would make it easier for union organizers to dragon working people into unwanted unions.

As described recently by the distinguished labor analyst A. H. Rankin of the New York Times, union organizers have come to rely on "union shop contracts and other forms of pushbutton unionism in which the employer delivers over workers." The so called "labor law reform" package is intended to speed up this process.

To be honest about the proposal one ought to determine whether the word "reform" is being properly used. One has to wonder whether it is really reform to create a law forcing a person into an organization he does not want to belong to... and whether it is really reform to increase the power of leaders who already have too much dictatorial power over workers and too much influence in elections and legislation. A first essential toward fair consideration is a better understanding of the misuse of the word reform and an intensive campaign to acquaint grass roots as well as legislators with the deceptive scheme.

Earlier goals of the labor leaders were to legalize common situs picketing... by which any small group of workers could paralyze a big project until all its workers were unionized... and the repeal of Taft Hartley 14-B which allows Right to Work laws in a state. Common situs was voted down by congress after a deluge of reaction from the folks back home. In fact, the message was so convincing that the legislation to repeal 14-B was discreetly put on the shelf.

But the overall objective is still unchanged. Big Labor has abandoned the open campaign and taken up a sneaky plan to accomplish the mission indirectly. This bill mounts a cleverly designed "back door" attack on employee rights by blacklisting employers into forcing employees into unwanted unions... to "do away with open shop havens."

Though couched in a lot of technical language, the bill is specifically designed to make it risky for employers to resist compulsory unionism demands... even employers with deep moral objections to compulsory unionism... so that few small businessmen can be expected to take the chance.

For example, small employers who fail to agree quickly to union demands for a compulsory union contract could find themselves faced with a variety of severe government-imposed penalties, including loss of government contracts and NLRB-dictated wage rates which could force the company into bankruptcy, and throw workers into the unemployment lines.

It appears that its' time again for grass roots America to tell Congress that it is still opposed to legislation which forces workers into bondage under union dictators and further extends the sinister power of union bosses in national politics. We can be confident that when the misleading word "reform" is unmasked and when the issues are clearly spelled out Congress will vote down the bill.

The old saying that politics makes strange bedfellows seems to have been borne out a few days ago when George Meany announced he is supporting President Carter on the Panama Canal give-away treaty. Meany has been known many years as a foe of Communism, which makes the switch surprising. Is this a case where both abandon a principle and swap support in an effort to make each other a winner? If so, it's tragic, because both of the programs they're pushing are opposed by a big majority of Americans. One might say the alliance also seems unscrupulous. This kind of one-two punch (Continued on Page 10)

Purchase Starts On Right of Way For 4-Lane Road

The construction project replacing Muenster's ancient overpass with a four lane surface road is coming into sight. Following arrival last week of a Highway Department map, the city council voted Tuesday night to acquire the needed right of way with the least possible delay.

The committee assigned to that job includes David Bright, mayor, Leonard Endres, mayor pro tem and Raymond Walterscheid, street commissioner.

The city's understanding is that the Highway Department will proceed with its next phase as soon as the right of way becomes available, and bids on the project may be requested as early as October or November.

In other business the city adopted a proposed ordinance on extension of water and sewer lines. Hereafter the contractor or developer will pay the total cost of extending lines and will receive compensation from the city as individual connections are made.

The city also approved a bid for roof repairs on three buildings used by the Waterworks and Sewer Departments. The bid was \$145, submitted by Lester Farrington.

Garden Club to Meet

The Muenster Garden Club will hold its first meeting of the 1977-78 garden year on Monday, September 12 at 8 p.m. in the home of Mrs. Leonard Endres, Mrs. A. J. Endres will present a program on Bulbs.

Tigers Surprise Era 22-12

Sacred Heart's Tigers opened their football season last Thursday night with a thrilling 22-12 upset of Era, rated the Number 5 B team of the state. Added seasoning for the victory is that Era, district champ of last year, was the winner in the two previous encounters with Sacred Heart.

The big achievement came in the second half after two quarters of a standoff in which the hosting Hornets had a slight edge of statistics. Era led 120 to 105 in rushing and 8 to 4 in first downs at intermission. But then Sacred Heart got organized and took over the stats as well as the scoring. The Tigers led 136 to 42 in second half rushing and 8 to 3 in first downs. Era's scoring came in the last five minutes when the Tigers had their victory comfortably put away.

Performance of the teams was practically identical in their first possessions. Era made a first down and kicked, and Sacred Heart did likewise. And then the game busted wide open as Jackie Bewley fielded Joe Hoedebeck's kick and dashed 79 yards down the right sideline to pay dirt. However officials had other ideas and penalized for clipping. Instead of the score the Hornets had possession on their 46.

Next play was a nice 15 yard gain by Don Bewley but the next series bogged down. On the punt that followed Joe Bartush tore through and blocked it. But the Tigers failed to cash in and had to punt. Then Era had another first down followed by a punt, and Sacred Heart made a first down and fumbled, after which Era had to kick on first series.

At that time SH started to move as Danny Walterscheid, Kenny Felderhoff and Joe Sicking combined efforts for the game's first consecutive first downs.

Then came a heartbreaking Community 4-H To Meet Tuesday

The new year for the Muenster Community 4-H Club will begin next Tuesday, September 13, 7:30 p.m. in the TP&L meeting room. All boys and girls of ages 9 to 19 are invited and encouraged to come and become acquainted with the club's program... and hopefully to join. Parents likewise are invited to attend this meeting to get a better idea of the activity awaiting their children in 4-H.

Community Gets A Touch of Fall

A touch of fall has comforted the area for the past few days. Starting on Labor Day, temperature dropped to 85 from Sunday's 96 and a nice shower measured .30 inch. Since then temperatures have continued pleasant but rain measure has been disappointing.

Total rainfall Monday through Wednesday is an even half inch. Added to 24.49 inches at the end of August it brings the year's total to 24.99, which is near to normal for the time of year.

High and low temperatures recorded by Steve Moster in September are as follows: Sept. 1, 95-72; Sept. 2, 96-70; Sept. 3, 97-71; Sept. 4, 98-74; Sept. 5, 85-70; Sept. 6, 87-72.

Tax Roll Okayed By City Council

Taxpayers of Muenster will owe the city \$40,728.71 at the annual mailing of those pink slips in October.

The current tax roll, which lists all assessments, was approved by the city council Tuesday night and tax statements will be made out accordingly during the next three weeks.

The total due is not the total expected. Collections normally are about 95 per cent of the full amount.

In determining tax the council sets valuation at 50 per cent of actual value and then assesses on the basis of 80 cents per \$100 of valuation. For instance, property with actual value of \$10,000 is assessed on the tax roll at \$5,000 and taxed at \$40. The tax is the same as last year.

Parents' Night

Friday will be parents' night at MHS. Before the game each Hornet will be introduced with his father and mother as he arrives on the field.

Bluebonnet HD Will Collect Sunday for Cystic Fibrosis

The annual community collection for Cystic Fibrosis will be held next Sunday, September 11, following all services at the two local churches. Members of the Bluebonnet Home Demonstration Club will be at the church doors to accept donations.

The contributions will be forwarded to the Cystic Fibrosis Foundation to support its program of treatment and research.

Softball Uniform Return Overdue

There are a number of girls from the three leagues, senior, junior and pee wee, who have not returned their printed softball uniform shirts. The shirts (except those worn by the "Fishers" team) are NOT to be kept. They must be returned immediately.

The coaches have provided me with a list of names of girls who have not returned their shirts and those who have not returned caps (from the "Tom's Candy" team).

Unless these are returned to me by Wednesday, September 14, the holder will be responsible for paying the league \$5.00 to replace each item. This also applies to caps. There will be no exceptions! Your returned uniform or \$5.00.

Signed, Peggy Grewing

Supper to Honor Nuns St. Anne's Society will sponsor a covered dish supper Sunday evening at 6 p.m. honoring the Benedictine Sisters. All St. Anne's members are asked to bring a generous food item.

C of C Meeting Members of the Muenster Chamber of Commerce will have their regular luncheon meeting Tuesday, Sept. 13, at noon, in The Center.

Hornets Look for First Victory in Game with Eagles

When Muenster and Valley View play here Friday night in the season's second game of both schedules, both will be in search of the first win. However Muenster's chance of success appears to be much better than Valley View's.

The record so far shows that the Eagles were clobbered 61-0 by Prosper, a B team which is rated at the top of its district, whereas the Class A Hornets were turned back 39-16 by the Class AA Bridgeport Bulls. A point to consider is that the Hornets and Bulls played very nearly even through the first half, and Muenster led by a point on the scoreboard.

But from then on the Hornets failed to keep their drives going while the Bulls succeeded. Muenster failed to score in the second half. Bridgeport did it four times.

Coach Jerry Stinson, though proud of the first half was distressed by the big margin in the second. He said that the definite advantage already enjoyed by the other team was assisted by the mistakes of his boys. Those bonuses are the subject of special attention this week, he said.

Considering all, Stinson said, the Hornets have nothing to be ashamed of. First of all it was a case of Classes A and AA, with Bridgeport having by far the greater selection of talent plus greater depth. Also there was the presence of an outstanding running back and an outstanding quarterback. It was a fast, solid team.

Muenster likewise had its strong points but also a severe handicap in the absence of Bryan Sicking who was benched with a cracked rib.

So, as seen by Stinson, the prospects are encouraging when the team gets back to full strength and corrects its mistakes.

There were no injuries in the game. While Sicking misses another game the others are ready to go.

City Will Adopt Progress Plan

Members of the Muenster City Council voted Tuesday night to ask Texoma Regional Planning Commission for a long range program of zoning and community development.

Jerry Chapman and Barry Le Baron, two members of the TRPC staff, appeared before the council to explain that one of its services is to provide this kind of program to serve as a guide in future expansion, and that the service is free to any city of the area sending a letter of request.

The council said that the program will be most welcome, that many of its features doubtless can be adopted and others can serve as guides as the city works out features of its own.

Hornets 16, Bridgeport 39

The gridders from Bridgeport call themselves the Bulls, but a more appropriate name would be Antelopes or Rabbits. They showed convincingly here Friday night in a 39-16 win over MHS Hornets that their big asset is speed rather than brute strength.

Special speedster was David Saling who ripped off big yardage all night and very effective alternates were Scott Cheves, Tim Lambert and Craig Sellers. Cheves, who also did the passing and kicking, was equally useful in the aerial department. Nine of his 17 passes were good for 209 yards.

Nevertheless the Hornets gave them a good game in the first half. They led 14-13 at the break, though slightly behind in yardage and first downs.

As a starter Muenster got a big break. Stopped on the first series Bridgeport had to punt. The center's snap sailed over the kickers head giving the Hornets great position on the 20. Gary Hermes hit the line four times for 11 and Greg Wilde once for 5 before Hermes went over from the 4. Nick Walterscheid kicked true for an extra point.

Following kickoff Saling started the action with a 17 yard gain, and another first down reached the 50. The drive was slightly delayed while Wayne Wimmer recovered a fumble and the Hornets punted to end the first series. Runback of that kick ended on the Bulls' 45 where Saling and company started again. Eight plays got to the

Brazos Consumers Authorized to Get \$1 Million Refund

Brazos Electric Power Cooperative, which supplies electricity to the Cooke County Electric Cooperative, has been authorized by the Rural Electrification Administration to return approximately \$1 million to its purchasers of electric power.

Manager Mike Sloan of Cooke County Electric Co-op attended the meeting on August 31 at which Brazos Electric revealed the refund authorization. He said that Cooke County Electric Co-op along with 18 other rural electric utilities will be affected by the action. If approved by the Texas Public Utility Commission, the refund will be passed on to members by means of a reduction in the flow through fuel and purchased power charge.

The reduction is expected to apply the last four months of 1977 and will amount to approximately 1.6 mills per kilowatt hour.

Customers are reminded that this is only a temporary action and after the saving has been returned the fuel and purchase power adjustment will again represent the actual cost in accordance with the rates, rules and regulations of the Public Utility Commission.

The Brazos System has taken this action because of an unusual amount of power generated during the Spring at the Lake Whitney and Possum Kingdom hydro electric plants. The additional hydro generation enabled Brazos to cut back on use of natural gas. This reduction is being returned to consumers in keeping with a policy of operating at a near cost basis.

Tigers Rated as Strong Favorites In Alford Tussle

Sacred Heart's Tigers, after a solid victory last week over the highly rated Hornets of Era, will be the definite favorites Friday night in their game with the Bulldogs of Alford. Game time will be 8 o'clock.

According to the area grid analysts the Bulldogs are Number 2 in the district and showed potential in a 6-6 tie with Masonic Home in the season opener.

On the other hand the Tigers took on sudden commanding stature in their upset triumph over Era, which was rated the Number 5B team of the state. As pointed out by a proud and happy Coach Stock, the victory was not close but decisive. Tiger defense was superb, first in stopping an inspired drive that originated when a Tiger fumble wasted a sure touchdown. Era made a fine drive but could not keep it going.

And again, early in the second half a fumble gave the Hornets a set up inside the 20, but Tiger defense was adequate. Thereafter in all but the final five minutes Sacred Heart moved the ball consistently while denying Era a single first down.

The over all performance of his team against the defending district champ convinces Coach Stock that it is the most impressive of the area and a very good prospect to compete for TCIL state honors.

All of the Tigers came away from Era in good condition. They are ready physically as well as mentally for the Bulldogs.

On their next possession the Bulls had to kick on second series and again had trouble on a bad snap from center. However Cheves went back, scooped up the ball and made a good return to the Bulls' 35.

Muenster could not go, had to kick, and one play later regained possession on Wimmer's fumble recovery on the 18. Three tries from there gained only 3 and Nick tried a field goal which barely missed.

Starting the second half Muenster kicked on its second series after which the visitors started an 86 yard (Continued on Page 10)

Marriage Vows Exchanged by Bob Endres and Kenya Hale

Miss Kenya Hale became the bride of Bob Endres during a nuptial Mass and double ring ceremony in Sacred Heart Church on Saturday, August 27 at 5 p.m. Father Stephen Eckart officiated.

The bride is a daughter of Mr. and Mrs. Kenneth Hale and the groom is a son of Mr. and Mrs. Donald Endres. In a setting of white mums and blue carnations adorning the altar and four cathedral candelabra entwined with smilax, marking the entrance to the sanctuary and blue satin ribbon reaching from the white candelabra to mark pews for parents of the couple, the bride was escorted to the altar by her father and given in marriage.

She wore a formal bridal gown of candlelight French organza, designed with empire bodice, Elizabethan neckline, bishop sleeves, all enhanced with re-embroidered Alencon lace. Three deep self-ruffles defined the hemline of the bouffant skirt which swept into a brief chapel train. The cathedral length veil of English silk illusion was encircled with matching lace and caught to a lace and pearl caplet.

In keeping with tradition, the bride wore a wedding ring which formerly belonged to her great-great-grandmother Shoestall, and now belongs to the great-grandmother, Mrs. Ed. Shoestall; she also wore earrings borrowed

from the groom's mother, and Kim Walterscheid, cousin of the groom.

Mass servers were Tim Schneider, groom's cousin and Dale Swirczynski, a friend.

Preceding the ceremony, the bride gave her mother a pink rose and after Mass, the couple placed a pink rose on the Blessed Virgin Mary's altar and presented his mother a white rose.

Providing wedding music were Lynda Flusche organist, Jerry Knepper of Gainesville guitarist, Connie Walterscheid who played the flute, and a vocal group of Gayle Miller, Mary Endres and Lynda Klement.

As wedding guests assembled, selections were "Never, My Love", "Nadia's Theme" on the flute, "If" on the organ, and "Feelings" on the organ. As the bridal party entered, the group sang "Color My World"; at Offertory "Of Our Hands"; at Communion the "Wedding Song: There Is Love"; at the Blessed Virgin's Altar "Let It Be" and at the recessional "We've Only Just Begun".

The bride's mother wore a light blue chiffon gown with sheer cape and attached fabric rose. The groom's mother wore an apricot chiffon gown with draped sleeves. Both had wristlet corsages.

Reception
The bride's parents were hosts for a reception, dinner and dance for 300 guests in the Community Center. Connie Walterscheid and Shirley Endres were at the bride's book. Hall decorations included a wall of poms in white, blue and green centered with a picture of two white doves in a blue heart.

Suspended on macrame hangers from a center point beneath swags of blue net was a glass topped hanging table made by the groom's mother; the table held bride and groom figurines. Blue roses and ribbon balls floated from the overhanging net.

In the far west corner of the main reception room was a garden scene with fresh green plants. The entrance to the garden was formed by a white arch and two macrame hearts bearing the names of

the bride and groom. Inside the garden was a champagne fountain and a punch service. Presiding at the punch bowl were Mrs. Lyle Klement of College Station and Debbie Zimmerer of Muenster.

Guest tables were decorated with fresh green ivy and clusters of blue roses, carnations, hearts and wedding bells. Displayed on a wall behind the bride's table was a blue satin covered heart inscribed with the couple's names in silver.

The four tiered wedding cake held a vantage spot. It was decorated in blue and white with satin bells atop, and two heart shaped cakes on either side, each holding two white doves. Serving the wedding cake were Robin Walterscheid of Muenster, Jeanne Swirczynski of Dallas, Shelley Knepper of Gainesville and Shirley Gulleit of Arlington.

Special guests also seated at the bride's table were the bride's grandparents Mr. and Mrs. C. H. Hale and the great-grandmother Mrs. Ed Shoestall all of Burkburnett and the groom's grandmothers Mrs. Al Walterscheid and Mrs. R. R. Endres, both of Muenster.

Guests danced to music by Rosewood.

When the couple left on their wedding trip to Galveston, the bride changed to a blue velvet corduroy jumpsuit with hood. They will be at home in Muenster. The bride is a graduate of Muenster High School and is a dental assistant in the office of Dr. Gerald Graham. The groom, also a Muenster High graduate is employed by Felderhoff Brothers.

Rehearsal Dinner
The rehearsal dinner was held in the Donald Endres home on Thursday evening preceding the wedding. A display shower honored the bride on August 21.

and your electric bill.

Fuel is essential in the production of electricity. Texas Power & Light Company generating plants burn very large amounts of natural gas or lignite coal and, when supplies of gas are short, oil to produce steam which operates turbine generators.

Fuel costs are charged to each TP&L customer according to the number of kilowatt-hours of electricity used by the customer.

Before July 1, 1977, your basic rate for electric service included a fuel cost of about eight-tenths of one cent for each kilowatt-hour. The additional cost of fuel used to produce your electricity was shown on your bill as a fuel adjustment factor.

Since July 1, 1977, under requirements of the new Public Utility Commission of Texas, all fuel costs have been removed from the basic rate. Now, the entire amount you pay for the fuel required to produce the electricity you used is shown on your bill in the space identified, *Fuel Amt.* This amount is figured by multiplying the number of kilowatt-hours of electricity you used by a fuel adjustment factor which appears on your bill in the space identified, *Fuel Cost per Kwh.* This factor is simply the per kilowatt-hour cost of all fuel required to produce your electricity.

The fuel cost per kilowatt-hour and the fuel amount on your electric bill will vary from month to month. These variations, either up or down, occur as the price TP&L pays for each kind of fuel fluctuates and as the amount of each kind of fuel used varies.

Ceremony at Randolph AFB Unites Cletus Bayer and San Antonio Girl

Miss Julie Lynn Mollenst of San Antonio became the bride of Cletus Bruce Bayer of Muenster and Texas A and M University on August 20. Father Woodrow Elias, pastor of St. Thomas Moore Catholic Church of San Antonio performed the Catholic Wedding Ceremony in the chapel of Randolph Air Force Base at 8 p.m.

Parents of the bride are Mr. and Mrs. Reid Mollenst of San Antonio and parents of the groom are Mr. and Mrs. George Bayer of Muenster.

In a setting of floral arrangements and four candelabra holding lighted candles, the bride was given in marriage by her father. She wore a formal candlelight gown, an original by Priscilla of Boston. It was designed of silk organza over sheer satin, with empire bodice of ivory Alencon lace enhanced by a wedding band neckline, and delicately applied skirt front. Her chapel length veil was caught to a headpiece matching the gown. Her bridal bouquet was of white sweetheart roses, pale pink carnations, white daisies, and baby's breath surrounded with greenery.

Attending the bride as matron of honor was her sister, Mrs. C. B. McKinney of Burke, Virginia. The best man was the groom's brother, Clarence Bayer of Arlington. Mrs. McKinney wore a peach silk full length dress and carried a bouquet of daisies.

Ushers were Bruce Escott of Houston and Jim Best of College Station.

Organ music was muted during the ceremony and organ solos were used for the processional and recessional.

Following the church service, a reception was hosted by the parents of the bride at Crown Ridge Clubhouse. An attractive buffet table held an assortment of pick-up foods. Punch was served with the three-tiered wedding cake.

For her daughter's wedding, Mrs. Mollenst wore a peach formal and the groom's mother, Mrs. Bayer wore a pale green full length dress. Their corsages were of white carnations as was that worn by the bride's grandmother, Mrs. P. M. Mollenst. The groom's god-mother, Mrs. Gene Schmidkofer had a white daisy corsage and the god-father, Clem Sandmann had a white daisy boutonniere. All men in the wedding party wore white carnation boutonnieres.

The bride is a May candidate for graduation from Texas A and M University and the groom received his master's degree in Business Computing Service from Texas A and M and is employed at the University. He received his bachelor's degree at A and M and is a graduate of Sacred Heart High School.

Out of town guests at the wedding included the bride's brother, John Mollenst of Austin; Mr. and Mrs. P. M. Mollenst, the grandparents of Hemet, California; Mr. and Mrs. Robert Wilson of Dallas; and the bride's brother-in-law and sister, Mr. and Mrs. C. B. McKinney of Burke, Virginia.

Nursing Society Admits M. Fisher

Marlene Herr Fisher, daughter of Mr. and Mrs. Albert O. Herr and a senior in the Texas Woman's University Baccalaureate Nursing Program at the Dallas campus, has been accepted as a member by the Beta Beta Chapter of Sigma Theta Tau, Inc. This is the only national honor society of nursing and is professional rather than social. The purposes of Sigma Theta Tau are to: Recognize the achievement of scholarship of superior quality; recognize the development of leadership qualities; to foster high professional standards; to encourage and support research and other creative work in nursing; and to strengthen commitment on the part of individuals to the ideals and purposes of the profession of nursing.

To qualify for membership, one must have shown marked achievement and demonstrate excellence in the nursing program, as well as have superior academic and personal records.

Marlene has also recently been awarded a scholarship through the Methodist Hospital of Dallas. Criteria for selection of applicants is based on prior educational records, personal and professional recommendations, and references from teachers, employers and/or counselors.

Abortion, a Disregard for Moral Values

The following article on the moral side of abortion is well presented by Jimmie Cox, Editorial Page Editor of the Fort Worth Star Telegram, in the issue of July 30.

Nothing better illustrates the mess we're in as a nation than the abortion situation. Abortion, as practiced in this country today, is the legally sanctioned killing of the unborn for the convenience of certain among the living.

Put a bit more bluntly, it's murder committed in an effort to offset the consequences of sexual irresponsibility.

More than one million of the unborn are killed for this reason in America each year. America has accepted this atrocity — and, for a time, even picked up the tab for it — with hardly a murmur. At one time that would have put me in a state of shock. Now, it doesn't surprise me.

Abortion fits in well with the prevailing thought patterns of the day. Paramount among those patterns is the maxim which says, "Anything goes so long as it doesn't make waves for me." Americans, I'm convinced, will tolerate anything that doesn't disturb their ease or prevent them from doing the things they want to do. You're about to say, "Not I?" Well, don't — unless you're one of the few who have raised their voices against the mass murder I'm talking about.

As long as we only hear about a malodorous situation, and don't perceive that it affects us directly, we couldn't care less.

Besides, we feel a sort of empathy with those who might be burdened or inconvenienced with unwanted children.

Another rationale for killing the unborn is that it helps combat overpopulation. Still another, and perhaps the most often repeated is that women have the right to control their own bodies.

IF NO MORAL guidelines remained in the universe, these might be sound reasons for condoning abortion.

As it happens, though, the "thou shalt not kill" principle hasn't gone away, even if a lot of people have decided to ignore it. And there are reasonable alternatives to abortion in coping with every problem it's supposed to solve. Basic to all these alternatives is the simple exercise of sexual responsibility. Married couples who don't want children shouldn't have them. Unmarried women and girls shouldn't have them, period. For both, control over the body is indeed the key — control exercised before conception, however, not after. I would add that men (and boys) are equally obligated to practice sexual responsibility. And sexual responsibility

IS something that COULD be taught, if our parents, sociologists and educators were of a mind to do so.

Some unwanted pregnancies would still occur, even with the most wide-spread and meticulous practice of sexual responsibility. But there's still such a thing as adoption. And orphanages, properly run, have turned out some of this country's finest citizens.

As for the problems allegedly caused by unwanted children, who really causes such problems — the unwanted children or their unwanted parents and an apathetic society?

ONE ARGUMENT for legalized abortion on demand is that the rich still will be able to obtain them but the poor won't. "Don't you have compassion for the poor?" it's asked.

Yes, I have compassion for the poor — and for the rich who have no more regard for life than to murder their own unborn children.

My heart especially goes out to the poor and young people of all economic levels because they are so misguided. With every facet of society telling them to "do your own thing" and that moral standards are old-fashioned, how could they develop a system of values strong enough to keep them out of the sexual irresponsibility-unwanted pregnancy-abortion cycle?

Aerobic Class to Begin Next Week

An aerobic dance class in Muenster will begin on September 13 with classes Tuesday and Thursday in the VFW Hall from 1 to 2 p.m., according to an announcement this week by Theresa Walterscheid.

Ladies of all ages are invited to participate in the program, which is described as a new and exciting way to attain physical fitness. The exercise does not require dance experience and is recommended for heart and lung benefits and muscle tone. The cost is \$24 for a 12-week class. Registration will be accepted by Mrs. Walterscheid through Sunday, Sept. 11, personally or by phone, 759-2843.

Evening classes in aerobic are held at Cooke County College. More information on them can be obtained from the office of Dr. Bayless, 668-7781, at CCC.

Hartman Baptism

Ashley Irene Hartman, infant daughter of Mr. and Mrs. Roy Hartman, was baptized in Sacred Heart Church on Sunday, September 4 at 1 p.m. with Father Stephen Eckart officiating. Her baptismal sponsors were an uncle and aunt, Mr. and Mrs. Steve A. Scarmardo of Bryan.

For the service, Ashley wore the same christening gown used by her brother, Justin and all children in the Fazzino family. Her cap was worn by her late maternal grandfather, Don Fazzino at his baptism and was sent from Italy. Her gold cross and chain and a gold ring were gifts from the god-parents.

Attending the church service were the grandparents, Mrs. Don Fazzino of Bryan and Mr. and Mrs. Herman Hartman, the great-grandmother, Mrs. C. J. Fette; also Donnie Fazzino and Mr. and Mrs. Steve Scarmardo and their children Marian Rose, Stephanie and Christina all of Bryan, Mr. and Mrs. Tony Trubenbach, Jr. and Ashley's parents and brother. Following the baptism, the Herman Hartmans and Roy Hartmans co-hosted a buffet luncheon in the grandparents' home.

However, my compassion is tempered somewhat by the fact that most youngsters by the age of 10 have somehow learned that sexual intercourse can cause pregnancy.

MY COMPASSION is tempered to the extent that I definitely don't feel I should be forced to pay, with my tax dollars, for abortions to kill the unborn children of sexually irresponsible people.

Subsidizing what I perceive as murder is a matter of conscience with me.

An argument raised recently in support of paying for abortions to kill the unborn for the poor, under Medicaid, really shows us how far we have sunk.

If the law were changed to cut out pay for such abortions, it was said, the taxpayer would be hit with a tremendous increase in welfare costs to care for the children that would be born to the poor. The expense, it was argued, would be many times more than the \$45 million spent annually on abortions.

What a sad, and frightening, commentary it is on our society when persons in high places of responsibility can seriously evaluate human life in terms of dollars and cents.

If it's a bargain to kill the unborn, then why not others? The elderly? The retarded? The physically disabled? The slow learner?

As a friend said, in discussing this point with me, "How long before it dawns on someone that we have here an ideal solution to Social Security's financial problems?"

MORE FRIGHENING still, however, is the legal milestone that upheld the principle of abortion on demand.

In its 1973 decision declaring that women have the right to an abortion during the first three months of pregnancy, the U.S. Supreme Court took a step the significance of which most people probably don't yet comprehend.

It said, in effect, that an unborn child at a certain specific age is not a "person" in the eyes of the law and, therefore, is not entitled to the protection of the law.

This was a purely arbitrary

4-H Club News

by Karen Gilman
Extension Agent

Fall has arrived, and brought many 4-H opportunities with it. All 4-H clubs in

Cooke County will be holding their first club meetings. If you are new in the community and would like to join 4-H please call us at the County Extension Office, 665-4931, and we would be happy to give you the location of the nearest 4-H club to you. All clubs are planning an extra good year and invite any interested youth to come and be involved.

One of the best opportunities coming up this month is the "Livestock Leader Training Workshop". This will be held at the Sheriff's Posse Arena in Decatur. The event starts at 9:00 a.m. and runs until 3:30 in the afternoon. All Cooke County 4-Hers, junior leaders, and adult leaders are urged to attend this worthwhile event.

This workshop will cover the topics of selection, feeding, grooming, and showmanship of beef cattle, swine, sheep and dairy cattle. Experts in each of these fields will conduct the actual training.

For swine project information both Paul Smith and David Hilscher will be bringing the up-to-date tips of grooming, selection, and feeding. Charles Rollins, Dr. Dennis White, and Robert Fuhrman will offer tips on beef cattle. Gene Dunbar, and H. M. Garrett will conduct the sheep section, and Tommy White and Marvin Henry will train about dairy cattle.

This is a worthwhile event and anyone who is planning on raising these animals for a 4-H project is welcome to attend. This will be the only intensive training on the Cooke County program this fall, so plan to pack your picnic lunch and attend this free training session.

We look forward to meeting with you and your 4-H club in October. If you have any questions concerning the 4-H club program feel free to call us at the County Extension Office.

Mrs. Roark Hosts Guest Night Party For Garden Club

Mrs. James J. Roark was hostess for Guest Night for the Muenster Garden Club last Wednesday, when members and their guests were entertained with a sherry party in her home. A delightful buffet of pick-up foods was served. The table centerpiece was an arrangement of yellow and orange marigolds by Mrs. Arthur Endres. Guests enjoyed informal visiting. The Garden Club will hold its first business meeting of '77-'78 next Monday, September 12 at 8 p.m. in the home of Mrs. Leonard Endres. Mrs. Arthur Endres will present a program on Bulbs.

Mrs. Ernie Martin Honored at Shower

Mrs. Ernie Martin was the honoree for a layette shower on Sunday, August 14, when five hostesses entertained in the TP&L Building. Twenty guests attended from Myra, Denton, Dallas and Muenster. Hostesses Estelle Martin, Mechal Reid, Karla Vogel, Mrs. Doug Martin and Mrs. Phillip Russell presented corsages to the honoree, the grandmothers-to-be Mrs. Lawrence Martin and Mrs. Lavonne Reid and the great-grandmother Mrs. Hattie Reid.

Centerpiece for the refreshment table was a decorated white cake carrying the inscription: "Congratulations to the little one". It was served with punch and cookies. Decorations carried out a pink and blue theme. The honoree opened and displayed a shower of gifts.

Sr. Jeanette Bayer Has Busy Vacation

Sister Jeanette Bayer has returned to Little Rock, Arkansas, after a vacation visit with her parents, Mr. and Mrs. George Bayer and other family members. During the more than two weeks, they included several trips to visit out of town, entertain out of town guests and family members here, and attend the wedding of their son and brother Cletus Bayer to Julie Molleston in San Antonio.

Mr. and Mrs. Clarence Bayer and Benjamin of Arlington, Cheryl Bayer of Denton and Dorothy Bayer of Galveston spent several days together here with the family group.

Mr. and Mrs. Bayer and Sister Jeanette spent Thursday and overnight in Austin with Georgia Bayer and visited Mr. and Mrs. Jim Schwab and family. On Friday they drove to San Antonio, where on Saturday, they were joined by all family members for the wedding of their son and brother Cletus to Julie.

Sunday Dorothy Bayer returned to Galveston, and the Clarence Bayers visited friends in Austin. The George Bayers, Sister Jeanette and Cheryl prolonged their stay in San Antonio until Tuesday, when Sister Jeanette flew from Austin to Little Rock.

SHHS Freshman Officers

So You Want To Buy Beef For The Freezer
Buying beef in quantity can mean a cash savings. There are a number of buying alternatives, including whole carcass, side, front or hind quarter and primal (wholesale) cuts such as loin, rib, round or chuck. In addition, retail cuts can be purchased in quantity for the freezer. The best buy for your family can be determined by comparing the advantages and disadvantages of each alternative, including the costs.

YOU CAN BANK ON IT!

A recent ruling by the Federal Reserve's Board of Governors will result in greater financial benefits to bank customers who are providing for their retirement through an Individual Retirement Account (IRA). Effective July 6, banks are now allowed to pay an interest rate of 7.75% on IRAs instead of the previous maximum of 7.5%. This means that if you deposit \$1,000 a year to your IRA account for 20 years, the new interest rate will pay over \$1,300 more in quarterly compounded interest than if the rate were to remain at 7.5%. The Individual Retirement Account is made available for persons not under an approved pension or retirement plan. It allows depositors to place up to \$1,500 a year into a retirement fund, to be drawn on in later years. If you have questions on IRA, please check with any of our officers. When they tell you about how IRA could enhance your future . . . you can BANK on it!

Stores Heat

The heating chamber is designed to transfer heat to the stove's surface rather than letting it go up the chimney.

Massive steel construction makes it heavy and long lasting, mandatory for superior heat radiation.

Your Fisher stove won't warp, bend, buckle or stretch. It won't break, burn out, wear out or rust out.

Cost vs Weight

Costs should be compared with weight. The more weight the better. The more weight the better. The more weight the better. The more weight the better.

Airtight Firebox

Your stove should have an airtight firebox and an adjustable draft that enables the wood to burn slowly. Avoid stoves that are not airtight or have loose fitting doors. When you invest in a Fisher you guarantee your own comfort and security.

Easy to Install

Your Fisher can be attached to existing chimneys, fireplace chimneys, or used with pre-fabricated chimneys installed through ceiling or wall.

Norbert Rohmers Win Tupperware Trip to Acapulco

Mrs. Norbert Rohmer was the proud winner of several outstanding awards and valuable prizes recently at the Tupperware Jubilee in Logan, Utah, which she attended with her husband and their daughter, Helen Ruth.

Mrs. Rohmer was recognized as a Golden Rose manager, for promoting three from her unit to manager. She also won the recruiting award and an electric char-broiler. She was named a member of the Top Category (for selling \$7,500 worth of Tupperware products in a 12 week period) and for recruiting six new dealers. Mrs. Rohmer was therefore permitted her choice of a number of valuable prizes and selected a Microwave oven.

For Mr. and Mrs. Rohmer, the vacation highlight occurred when they won a VIP trip, a Vacation in Paradise, to Acapulco, Mexico. They and six additional managers of their distributorship received plane tickets from Salt Lake City to the resort and were guests of Tupperware Saturday through Wednesday at the Princess Hotel. They were joined by 200 VIP guests of

Tupperware. Special treat of the last night of the vacation was having supper around one of the five swimming pools and viewing a fireworks display.

Mrs. Rohmer said that looking out the window to see the sea shore was special every time as was the opportunity to ride out the tides.

The group was flown to D-FW Wednesday where the Rohmers were met by their daughter Helen Ruth who had driven from Utah with several who attended the jubilee meeting.

Before attending the Utah meeting the three Rohmers stopped enroute, for sight-seeing in Colorado Springs and Cheyenne, Wyoming.

Hornet JVs Lose 20-0 to JV Bulls

Muenster High's Junior Varsity got experience, but nothing more, in their game with Bridgeport JV last Thursday night. They were at the short end of a 20-0 score, which was all right with Coach Jerry Stinson, considering that they were very much outclassed, outnumbered, and outsize.

The junior bulls, about 40 strong, consisted mainly of juniors and sophomores who did not get on the varsity. Muenster had about half as many including only three sophomores and the others freshmen.

Nevertheless the young Hornets moved the ball occasionally and held the Bridgeport kids to short gains except on three big plays which produced the three touchdowns. The scores were on runs of 62, 42 and 25 yards.

Schmitt Vacation Ends with Cookout

Before Mr. and Mrs. Danny Schmitt and Cory returned to Prosser Washington on Monday, after a two week vacation here with her parents, Mr. and Mrs. Donald Endres, they were honored with a family gathering and cook-out in the family home.

Together Sunday evening were Mr. and Mrs. Jim Endres, Mrs. Eddie Schmitt, Mrs. Catherine Walterscheid, the honorees, the hosts and their daughter, Linda.

The Schmitt family came especially to attend the wedding of her brother, Bob Endres and Kenya Hale.

Elm Red Personnel Attend Workshop

To keep abreast of latest developments affecting 197 soil and water conservation districts in Texas, three persons from the Upper Elm Red district spent a day last week attending a district workshop conducted at the A&M Research Center of Renner. They were J. H. Bayer, chairman of the district, and John Bradley Jr., and Ray Svacina, SCS technicians.

Purpose of the workshop was to discuss complete operations of a conservation district and the state board as well as duties and responsibilities of district directors.

SNAP Attended by 71

Seventy one senior citizens were served Tuesday during the SNAP luncheon at 12:30. Mrs. Gladys Lutkenhaus has stressed that the delay in arrival of lunches during the past several weeks has been corrected. Three new drivers have been hired, to replace students who returned to school. With regular employees back on the job, directors are confident lunches will arrive promptly for the 12:30 serving.

Table games at 2 p.m. follow the luncheon.

Guests of the Walt Klements. Guests of Mr. and Mrs. Walt Klement Saturday through Monday were two nieces and a nephew, Karen and Annette Henscheid of Grovesprings, Mo., and Gilbert C. Henscheid MMI(SS), on a 40 day leave after serving aboard the USS BARB SS(N) S86 off San Diego, Calif. They are children of Mr. and Mrs. Werner Henscheid of Grovesprings, Mo. Gilbert Henscheid will be transferred to Windsor, Connecticut, where he will be an instructor in a Nuclear Power Training Unit.

Trio Attends CYO Youth Convention

Three members of the Muenster CYO attended a weekend Fort Worth Diocesan Youth Convention recently. Entitled "Celebrate '77", the convention was planned and directed by the Diocesan Youth Ministries Team. It included many activities as rap sessions, barbecue, swimming party and a play.

Attending from Muenster were Mary Caplinger, Cheryl Luke and Mary Rohmer. Several members also attended from Lindsay and Gainesville.

Mr. and Mrs. Jack Fiedler of Duncanville were among the out-of-town visitors at the Parish picnic Sunday.

Ford Fiesta

The New International Mini-Car

Not just another new car, but a whole new KIND of car. Fiesta is an international car and Ford Motor Company resources, worldwide, have been utilized, including the contributions of engineering teams based in Germany, France, Spain, Great Britain and the United States.

The Fiesta being imported for sale in North America is produced at the Ford Assembly Plant in Saarlouis, Germany, where it is built to the traditionally exacting stand-

ards of German craftsmen.

This sensational car's front wheel drive combines with transverse mounted engine to give it a roomy and comfortable passenger compartment, plus exceptional fuel economy and lively performance.

Since its introduction in the fall of 1976 Fiesta has become the most successful new nameplate in European automobile history. It already has a reputation for quality, economy and performance.

Gene Hartman Starts 16th Year as North Texas Area Football Official

Gene Hartman of Denton, son of Mr. and Mrs. Victor Hartman, was featured in a recent issue of the Denton Record Chronicle as one of the veteran football officials of the North Texas area.

A former quarterback of the Sacred Heart Tigers, Gene has officiated for 15 years in about 250 contests ranging from pee wee games to major college scrimmages, but mostly in high school games.

He said that advancement in grade as an official is a long process. The rookie has to pass a written test before he can put on the black and white shirt, and he's on probation for the entire first season. Normally the other members of the chapter vote him in and then he starts the slow process of advancement.

There are five divisions of rating and Hartman now is in division 3. Number 5 is the elite division, which has a monopoly on the professional and major college games. Gene is a member of the Denton chapter of Southwest Football Officials Association, which has 70 men working the games in a radius of about 50 miles from Denton.

In about half the games this year Gene expects to be the referee of the four-man officiating squad. On that job he operates in the offensive backfield and is responsible primarily for illegal motion calls and protecting the passer.

In other games he will be the field judge positioned behind the defensive team. There he watches mostly for defensive and offensive interference, which requires him to run with receivers.

The third man of the team is the head linesman, who is responsible for the chains and

offside calls. The fourth is the umpire watching principally for holding and ineligible men downfield. His job is changing slightly this year in high school and college play on passes received behind the line of scrimmage, like screen passes or passes to the flat. In those cases anyone can go downfield, clearing linemen for blocking downfield.

Another new rule this year is to start the clock after a penalty at the snap of the ball instead of the referee's ready signal. It will make the game slightly longer.

Gene says "we are always right" meaning UIL supports the officials. However UIL is not as tolerant on rules calls as judgment calls. A judgment call can be on holding or interference, for instance, whereas a rules call involves going by the book. Regarding rules a decision is determined by the written word and there should be no doubt. Regarding judgment it is a matter of calling 'em as one sees 'em, and UIL will support that judgment.

Hartman's occupation is barbering, at the Campus Barber Shop on the NTSU campus. His customers understand why he's usually in a hurry to quit on Fridays during the football season.

Another of his special interests is district deputy for the Muenster, Gainesville and Denton councils of Knights of Columbus.

drive. Overcoming 20 yards of penalty along the way they rushed for 49 and passed for 57. The pay off was a pass for 17, Cheves to Lambert. A run for points failed. The Bulls regained the lead 19-14 with 4:42 remaining in the third quarter.

The Hornets snapped back promptly with Hermes, Todd Richey and Wilde alternating on runs that reached the 30, but the next effort was a fumble recovered by Bridgeport on the 35.

Then Cheves fired a bomb to Blaylock for a 65 yard TD. A pass for points failed. The score: 25-14.

Muenster then moved the other way on two passes and two penalties to an opportunity at the 12. However four tries netted only 2 and Bridgeport took possession. Bridgeport lost ground on its series and Cheves elected to give up a safety rather than risk a kick in the end zone. That made the score 25-16 early in the fourth period.

The punt following safety was caught fair at the 47 of Bridgeport and the Hornets promptly fumbled. Bulls kicked on the next series and the Hornets moved again, starting from their 20. Passes to Neil Walterscheid for 18 and 31 were the best gains in a 61 yard drive to the 19. A clip penalty moved the ball back to the 31 and an interception plus runback had Bridgeport in charge with 59 to go. Markman Cheves made almost all the distance in three passes, for 17, 11 and 25. The last was to Lambert for the score.

In the fading minutes the visitors did it again. They intercepted on first series and made a final TD drive of 44 yards in six plays. Cheves scored from the 15 and added the kick for the final score of 39-16.

Tiger Cubs Lose 28-0 to Era Kids

The season's first game was less than satisfying to Sacred Heart's Tiger Cubs and their supporters. They were blasted 28-0 Tuesday night at Era by the future Hornets.

Simply summarizing, the Sacred Heart kids moved occasionally but could not combine gains into a sustained drive. On the other hand Era boys were consistent in their gains.

A short thrill for the Cubs and their fans was a nice 50 yard touchdown run by Wade Walterscheid, but called back because of an infraction of rules.

Hospital Notes

The following patients were dismissed during the past week at Muenster Memorial Hospital.

Wednesday, Aug. 31: Mrs. Dennis Hess, Muenster; Danny Hess, Lindsay; Jennifer Scott, Forestburg; Chad Cannon, Gainesville, Mrs. Curtis Taylor, Era.

Thursday, Sept. 1: Michael Zawko, Muenster; Chad Scone, Gainesville.

Friday, Sept. 2: Mrs. Donald Meeks and Otto Young, Gainesville; Gwen Parks, Midland.

Saturday, Sept. 3: Mrs. Gerald Graham and Jared Bayer, Muenster; Ray Wall, Crowell; Mrs. Michael Ray and baby girl, Nocona; Mrs. James Spruill and baby girl and John Zimmerer, Gainesville; W. R. Landers and Mrs. Evelyn Hunt, Saint Jo.

Monday, Sept. 5: Mrs. Annie Kathman (Exp.), Muenster; Mrs. Vernon Sutton and baby girl, Mrs. Robert Mathis and baby girl and David Hugon, Gainesville; Mrs. Juanita Pennington, Del City.

Confetti - - -

definitely does not fit with the American concept of freedom.

News reports told us Monday that General Torrijos, dictator of Panama, is on his way to Washington to sign the Panama Canal Treaty with President Carter. The action seems premature. Our impression is that the treaty ought to be approved by the senate before it is signed. What's the deal? Do the promoters of this outrage think that the presumptuous method will induce Senate ratification? Will the legislators now be urged to approve in order to avoid embarrassment of the President? Well, after this the president deserves to be embarrassed, maybe even impeached.

SH Faculty Honors Mrs. A. Hartman

Mrs. Alvin Hartman, with her parents, Mr. and Mrs. Tony Felderhoff, was named honoree for a mid-morning coffee, hosted by the SHHS Faculty on Friday, September 2.

Cake and coffee were served and the faculty gifted her with a dish garden and special card signed by all teachers. It was a token of appreciation for her seven years of dedicated service to Sacred Heart School as bookkeeper and secretary.

The Tigers - - -

man's pass to Joe Sicking upped the count to 15-0.

On first play after kickoff Hartman's interception put the Tigers in business on their 42, but Era's interception promptly put them out of business again. Era, still not able to move, had to kick again. SH started again . . . from its 20, and was penalized back to the 10.

That was the point of origin for a 68 yard drive in four plays with Felderhoff, Walterscheid and Haverkamp doing the toting. But it ended suddenly in a fumble.

Era then fumbled on a double pitchout and SH had another chance, from the 22. A busted play lost 9, a pass to Sicking gained 7, and Bob Hartman made a nice 24 yard zig zag run for the TD. Felderhoff's PAT made the score 22-0.

Era was not finished, however. After kickoff return to its 35 it used six plays and a penalty in a 52 yard drive to the 13, and Bewley passed to Barthold for a TD. The score was Era's only pass completion of the game and the three first downs were the only ones of the second half.

Two minutes remained. The Tigers got a clip penalty on kickoff and were back on their 6. Next play was a fumble recovered by the Hornets on the 9. Two tries made 8 and Bewley made the final yard. For the second time the try for bonus points failed.
