

Something not to be happy about this New Year is the ouster of Anita Bryant as hostess of NBC's coverage of the annual Orange Bowl parade. Miss Bryant has had the honor for nine years, but this time, in the wake of her successful effort to repeal Dade County's measure that could have forced private religious schools to employ avowed homosexuals as teachers, she has been dropped by the TV network in favor of actress Rita Moreno.

The network says that the decision had no relation to Miss Bryant's political activities, but few observers are convinced of this. Rather they are more inclined to find substance in a recent quote by Bob Kunst, a militant leader of Miami's homosexuals, in a Miami newspaper. He said "I told them (NBC) there was no question there would be demonstrations. I guess somebody got the message."

As observed in HUMAN EVENTS, it is ironic that Anita Bryant was replaced for the Orange Bowl event about the same time GOOD HOUSEKEEPING magazine announced that she had placed first in its annual reader poll to determine "the most admired woman in the world." While this result reportedly "surprised and distressed" some of the magazine's liberal editors, it clearly showed that Miss Bryant enjoys a wide following among mainstream American women.

Compounding the injury to her and the insult to American admirers, is the fact that she was replaced by Miss Rita Moreno, who replaced Anita Bryant, has made her show-biz comeback in the Broadway play, "The Ritz", which in both stage and movie versions is a bathhouse for homosexuals.

All of which clearly indicates that moral standards of the good old USA as the year begins certainly are no source of national pride. When people at the top of a TV network can brush aside an honored woman and replace her with a moral leper, we cannot deny that civilization is slipping.

It is highly disappointing to us to learn that the people of influence in the TV industry, and the people of influence among network sponsors, have surrendered to the forces of evil. Their action seems to imply that it is good policy to insult decent people, and even violate their rights, in order to avoid trouble with the ugly minority.

We the public do not know what all is involved in selecting the star of the Orange Bowl parade. Perhaps the network is on its own, perhaps it consults with sponsors. Whichever applies, either the one or all ought to be informed that the decision betrays a network's responsibility and degrades its image before decent people and responsible sponsors.

This sorry situation is too much in evidence these days. As we welcome the New Year we have to admit that the shabby moral standard flaunted on TV and radio mocks the high standards of the holy season. The Christmas story tells us that Christ's way is the way to achieve a better life and eternal salvation, but more and more we find Satan's way receiving the favored coverage.

Good examples of the shabby stuff are gutter dialogue and satire that insults taste as well as decency. Equally out of line is the mouthing in favor of proposals that violate the laws of God and the country, and ridicule old standards and the people who support them.

The campaign against Anita Bryant is particularly repulsive. Homosexuals, whose life style has been called an abomination before God and an insult to the human race, claim equal rights with normal human beings. Nothing can be more evident than their unfitness to teach or lead young people. Likewise in relation to abortion. Despite possible solution of other problems, the important fact is that abortion is murder. Unfortunately our system

18.4% Rate Hike Asked by TP&L

Texas Power & Light Company has filed with the City Council of Muenster and the Public Utility Commission of Texas a request for an overall average 18.4% revenue adjustment that would increase the company's general revenues \$118 million, system-wide. The request is based on operations in the test year ended September 30, 1977.

The overall request is an average for all classes of customers. Increased revenue requirements will vary from one rate class to another. For example, residential revenues to the company will increase 25.4%, municipal services 23.4%, commercial and industrial 14.9%.

Mike Arrington, TP&L manager, says that under the requested increase, the total bill of the average residential customer using 11,012 kilowatt hours per year, would increase about \$8.88 a month.

Arrington has asked to appear before the council to discuss the rate request.

Arrington noted that rate increases to TP&L customers in the recent past have been necessary to allow the company to build facilities to provide for the electricity needs of present and future customers and to convert from the use of natural gas, which is expensive and undependable in supply, to lower cost lignite coal and nuclear fuel for generating electricity.

"Our customers will see increased benefits of this conversion program in 1978," said Arrington, "when Texas Power & Light becomes one of only a very few electric utility companies in the country with a declining fuel charge per kilowatt hour to its customers."

"We are now generating 35% of our electricity with lignite," Arrington said, "and that percentage will increase to over 54% in 1978 when two new lignite-fired generating units are placed in service."

The TP&L manager pointed out that in TP&L's last rate adjustment the company had asked for an amount sufficient to meet financial requirements through mid-1979. The amount granted, Arrington said, was only 43% of that requested.

"We have no choice but to seek additional rate relief if we are to continue our present construction schedule, converting from gas to lignite and nuclear," said Arrington. "Present rates will not properly support that program. This requested increase should provide the needed support into 1980."

William H. Claxton Named Assistant To County Agent

William Henry Claxton has been appointed Extension assistant county agent for Cooke County according to a joint announcement by Cooke county Judge Gregg Underwood and commissioners, and Dr. Tom Woodward, District Agent, Texas Agricultural Extension Service. Claxton began his duties on December 21.

Both Judge Underwood and Dr. Woodward pointed out that they were impressed by Claxton's excellent academic record attained during formal university training.

He was a distinguished student at Texas A&M University where he earned a B.S. degree in animal sciences.

Claxton was most recently awarded a M.S. degree from Texas A&I University, Kingsville, in animal science where he was also named an honor student.

He is a native of Dallas and is married.

Texas Motorists Receive License Renewal Notice

Delivery of license plate renewal notices for almost 11 million motor vehicles began in U. S. post offices throughout Texas the day after Christmas.

R. W. Townsley, director of the Motor Vehicle Division, State Department of Highways and Public Transportation, said the renewal notices were stuffed into envelopes, pre-sorted by zip code, boxed and delivered to post offices to expedite delivery. Work to get the renewal notices ready for delivery started in early October.

"The plate renewals for passenger cars and light trucks (such as pickups) will be different from last year. A new law requires that renewal dates be spread as equally as possible over 12 months, rather than have all expire at one time (April 1) each year," Townsley said.

Since the Motor Vehicle Division does not maintain records by owner's name or birth date, the license number of the vehicle has been used to determine the month of registration renewal in the future.

Renewal notices have been issued to reflect the number of months and the prorated fee to be paid to register each vehicle under the new system.

A complete explanation of the new system is enclosed with each renewal notice for passenger cars and light trucks (one ton or less). It is imperative that vehicle owners not lose the registration notice as it must be presented at the county tax collection office to obtain new license plates.

SH Teams Divide With Forestburg

Boys of Sacred Heart last Thursday marked up a victory they have been waiting for a long time. They overcame the always potent Forestburg 57-35 in an overtime game. Furthermore they won short handed, being deprived of the services of Joe Hoedebeck who was out with an injury.

A big start gave the Tigers 19-4 first quarter lead which Forestburg overcame in the next two periods for a third quarter lead of 40-35. Then SH cranked up again, tied it at 47-47 at the end of the regular time and kept gaining in overtime to the 57-35 happy ending. Gary Rohmer and Glen Walterscheid led SH scoring with 19 and 17. Bob Hartman hit 14, Ken Hartman 4 and Gene Luttmur 3.

The girls game was more like they used to be as the visiting girls took over early and went on a scoring spree. The final count was 82-32 and 40 of the Forestburg points were made by S. Romine. Sacred Heart scorers were Shelta Qualls 28 and Monica Gehrig 4.

Correction
Winner of third place in the Christmas lighting contest sponsored by local Knights of Columbus was Rody Klement, not Herb Miller.

Spanish Class Has Mexican Holiday And Bomb Scare

Members of the Los Jovenes Club of Muenster High School, consisting of the Spanish II class, along with Mr. and Mrs. Robert McDaniel, are back home with memories of two great pre-Christmas holidays in Monterrey, Mexico, and a bomb scare to boot.

The unscheduled bomb scare turned out to be the great excitement of the trip. Flying from Dallas to Houston, passengers and flight personnel were disturbed by the wild talk of a tipsy character. And they were not quite relieved when he was taken off the plane at Houston. "What if he had planted a bomb before he was kicked off?"

Airline authorities decided to take no chances. They gave the plane a thorough search with trained dogs as passengers fussed about the delay but appreciated the concern. Nothing was found and the plane was about three hours late in arriving.

At Monterrey the group had a day of guided touring and a day on their own. The tour included visits to glass and leather-goods factories curio shops, the bishop's palace, a church, a cathedral, a basilica and curio shops. Next day they wandered leisurely, saw the open market, bought souvenirs, snapped pictures and enjoyed gourmet dining at the famous Santa Rosa. They flew home Saturday.

The group included Mr. and Mrs. Robert McDaniel, Cindy Sangster, Jack Endres, Gary Hermes, Fray Webster, Randy Reiter, and Mark Klement.

Benjamin Franklin was the first Postmaster-General of the United States.

MOD Prepares for Drive to Combat Birth Defects

Organizational work is under way in the Texoma area for the annual March of Dimes campaign to raise funds for local and national efforts on prevention of birth defects. The Mothers March will be conducted in January, as usual.

The area organization, under the name of Red River Chapter of March of Dimes, has been formed to include Cooke, Grayson and Fannin counties. Mrs. Freda McEntire is its executive director and Mrs. Virgil Henscheid and Mrs. Clyde Fisher are co-chairmen of the Muenster drive.

As pointed out by Mrs. McEntire, the Red River Chapter of the MOD is affiliated with the national foundation and has a goal of eliminating birth defects through national research and community service. It depends entirely on its annual fund raising campaign for research, education and community service. It does not receive funds from United Way.

Forty per cent of the money it collects will be used by the Red River Chapter. Before the three-county merger Cooke County used its share to provide a transport incubator in the ambulance.

The remaining 60 per cent is sent to the national program for research and distribution of educational materials, particularly pamphlets and films which are available for programs in schools and clubs. Films for loan can be obtained by calling 214-893-1352.

Another activity of the chapter is to promote local immunization programs. Its aim is to conquer birth defects by eliminating exposure of pregnant women to childhood diseases such as polio and rubella.

Birth defects, which annually strike more than 250,000 babies, is identified as the nation's most serious child health problem. Children are born suffering from mental retardation, blindness, deafness, missing limbs, defective blood cells and body chemistry disorders.

Current progress in prevention and treatment of birth defects include vaccines to prevent damage by rubella, new chemical and surgical techniques, earlier and better procedures for diagnosing congenital malformation resulting advances in surgery and post operative care.

Mrs. McEntire advised that anyone knowing of a genetic problem in his background should have his doctor refer him to one of the five MOD birth defects centers of Texas. More information is available by calling the Red River Chapter of MOD, M&P Bank Bldg., Sherman, 214-893-1352.

Rosary was recited Friday at 4 and a wake service at 8 p.m. in the chapel of Miller Funeral home.

Burial in Muenster Cemetery was directed by Nick Miller. The pallbearers were grandsons: Steve Rohmer, Dwayne Rohmer, Everett Spaeth, Michael Wright and Andy Truelsenbach.

A special liturgy prepared by his daughter, Sister Romana, honored the memory of Mr. Rohmer at his final service. Alan Spaeth, a grandson, led in prayers of the faithful and narrated at the offertory procession in which presentations were made by Renee Rohmer, David Rohmer, Lori Rohmer, Carl Wright, Terry Rohmer, James Wright, Darlene Truelsenbach and Bill Rohmer.

Mrs. Troy Sicking and Mrs. Everett Spaeth gave the scriptural reading. Sacred Heart Choral Group, with Frank Luke as director and organist, sang at the mass. Greg and Chris Rohmer, Joe Hennigan and Mike and Dan Koerschner were the altar boys.

John Rohmer was born in St. Joseph, Missouri, on March 2, 1886. He came to Muenster at the age of 5 when his parents, the John Rohmers Sr., moved here, and has been a resident ever since. He was an early member of the Sacred Heart choir, also played with a band and a dance group.

He was married to Mary Hesse on January 25, 1912. After 43 years as a farmer he retired at the age of 70 following a tractor accident which broke both legs. Since moving to town in 1957, he enjoyed an active retirement until failing health forced him to slow down three years ago.

Survivors are his wife; Alfred (Johnny), Tony, and Maurus, all of Muenster; five daughters: Ida Rohmer of Fort Worth, Mrs. Joe (Loretta) Spaeth of Longview, Mrs. Morton (Dorothy) Wright of Irving, and Sisters Fidelis (Margaret) and Romana (Teresa), both of Muenster; 18 grandchildren; 3 great-grandchildren; and one sister, Odella Rohmer of Muenster.

Among out of town relatives and friends attending the services were Sister Francesca Walterscheid, Mary Hesse and Mr. and Mrs. Glenn Georgia, all of Dallas; Mrs. Anna Walterscheid of Fort Worth, Sister Agnes Endres of Wichita Falls and J. W. Lunn of Nocona.

Berry Landmark At Rosston Burns

The Joe Berry home two miles east of Rosston, well known landmark of the community and the Berry family, was totally destroyed by fire on the day before Christmas.

The blaze, of undetermined cause, was discovered near 1:15 by the owner who promptly notified Muenster firemen. They reached the scene less than 15 minutes later, found the fire beyond control and remained to guard against a grass fire.

The call was one of four the firemen had in three days. On Friday they were at a grass fire on the Jim Christian farm and a car fire on South FM 373. Saturday they were at Joe Berry's and on Christmas day they answered a grass fire call to Robert Russell's.

Fire Chief Herbert Knabe urges special caution now while extra dry grass presents a greater hazard than usual.

News from St. Richard's Villa

The holiday season brought gifts and goodies and Christmas caroling in abundance to St. Richard's Villa.

Climaxing Yule activity was the Christmas party on Dec. 21. Santa was there with members of the local Knights of Columbus Council and their wives and after caroling presided at the lighted and ornamented tree for distribution of gifts surrounding the tree. Each resident was gifted, employees participated in a gift exchange, and the KCs handed out bags of fruit and candy to residents. Relatives and friends of residents and employees swelled the crowd to more than a hundred at-

tending. Decorations were prolific throughout the Villa and included a huge and handsome wreath sent from California by owner Wes Fuson's long-time friend, Dr. John W. Baxter. A crate of apples came from Mr. Fuson's mother from Washington State.

Caroling and gifting groups included Muenster Community 4-H Club bringing 75 dozen homemade, decorated cookies. Charlotte Fleitman played guitar accompaniment for singing. With the young group were Mmes. Eddie Fleitman, Billy Don Wolf, Charles Davidson and Albert Zimmerer.

The local court Catholic Daughters of America provided individual bags of cookies for each resident. The

Parish St. Joseph's Society took out a basket of fruit, nuts and candy canes.

Forestburg FHA members, on their visit, presented a large basket of fruit and two baskets of homemade cookies. The cookie baskets were conversation pieces. They were woven of baked bread dough.

Seventh and eighth graders of Lindsay, their teachers, several mothers, and Sister Benedict Zimmerer gave a program of carols and handed each resident handmade favors, Santas and Christmas trees, and left a tray of homemade cookies and a sheet cake decorated in a Yule scene.

Muenster FHA members and their chapter adviser Joni Sturm sang carols one evening and distributed individually wrapped packages of homemade cookies.

Sacred Heart seventh and eighth grade girls' choir, with Sister Georgia Felderhoff leading and Ruth Felderhoff at the piano, presented a half hour of caroling and handed out individual gifts and handmade Christmas cards.

Mr. and Mrs. Jerry Walterseid and a group on a hay ride were evening carolers and left a box of homemade cookies. Another group of hay riders and carolers stopped in one evening to entertain residents and left a cake. The Cooke County CB Club brought out individual gifts.

The Chirping and Daisy Bluebirds, accompanied by Mrs. Rufus Henscheid and Mrs. Ted Henscheid, came out to inform Mr. and Mrs. Ernest Bell that they have been "adopted" by the Bluebirds as their special project and gave the couple a document signed by each member.

Carl Wiesman was the honoree at the December birthday party. The Cross Timbers Band provided entertainment and staff members served cake, punch and coffee.

A surprise birthday party greeted Rosa Driever, N-A, on Dec. 16 when other staff members, at break time, presented a vase of roses, a decorated cake and other gifts. The cake was shared with residents and employees at suppertime.

Myra Baptist Church was in charge of afternoon services one Sunday and children of the church family gifted residents with miniature candy canes in handmade holders. Brother Aubrey Spies of Maryville Baptist Church conducted services another Sunday afternoon.

Hostesses for Wednesday afternoon game parties included Miss Lu Vogel, Sister Theresina, Mmes. John Kupper, Joe Hermes, Ronnie Hoagland and Wilfred Walterseid.

Residents spending Christmas with their families for reunions were Mary Herron with the Gene Giebs, Sam Williamson with a daughter in Denton, Reeve Cooke with kin in Hurst. His daughter Lou Nell Miller came for him. Also Bess Orrell with the Jimmy Steadham family in Forestburg, Doc Kasperek with his family at Lindsay, Jennie Schilling with kin ga-

thered at the David Haverkamp home; and Esther Buck at her home in Saint Jo.

Camerton Highfill is a new resident at the Villa and Melissa Wenzapfel is new nurse's aide during semester break from college.

When everyone was present they enjoyed a lovely supper of different kinds of sandwiches, dips, chips, salads, punch, coffee and an assortment of goodies. THANKS

Our appreciation is expressed to neighbors, relatives and friends whose many kindnesses and expressions of sympathy will be among our treasured memories. Very special gratitude is offered to Fathers Placidus and Stephen and Bishop Danglmayr for their visits with our husband and father, John Rohmer — also to Drs. Antonetti, Knight and Kralicke, the hospital staff and the wonderful nurses. Thanks also to those who sent spiritual offerings, food to our homes and to the family dinner and to the ladies who served it and others who helped in any way.

Mrs. John Rohmer and family

Len Walterscheids
Of Utah Visit Kin

Mr. and Mrs. Leonard Walterscheid, daughter Dee-Dee and son Mike of Moab, Utah, were guests of his sister and family, the Norbert Koeslers on Tuesday, December 27. Paper Drive

The drive for old newspapers, continues at SHS, and is making good progress, receiving good response from the community. A word of caution . . . only newspapers! All other types of paper cause extra work, and must be removed from the bin. The Wichita Waste Paper Company buys only newspaper. The bin is in place on the west side of the high school building. Purpose of the drive is threefold: to earn money for the SH School Fund, to re-cycle paper and to conserve natural resources.

Please phone The Enterprise 759-4311 with news of your Christmas visitors, holiday parties, New Years guests, holiday vacation, out-of-town trips, mid-term graduations, etc. Your out-of-town relatives and friends appreciate news from home.

Public School Happenings

The Muenster High School Basketball teams are having a brief period of rest over the holidays before they resume their regular schedule again. Their first game after the holidays will be January 6 against Krum. Everyone is urged to show their support and help get the teams prepared for their district competition.

On November 17, a speaker from Lincoln Tech. came to talk to the Seniors about the field in Diesel Automotive Mechanics. He provided a film preceding his speech.

The Speech and Drama Class of Muenster Public School made three bulletin boards. Each one had something to do with Seasons Greetings. Two of them were of Christmas, and the other was of New Year's.

Muenster Public School Family Living boys tried their skills at preparing Mexican foods, December 21. They brought their own ingredients. The girls gave hints, since they've had Homemaking before. The food turned out very well. Mrs. Sturm is the teacher.

The Senior girls of Muenster High School exchanged Christmas gifts, December 22. Each gift was expected to cost around ten dollars, but not over ten dollars.

The Muenster High School Seniors were measured for caps and gowns for graduation, on Tuesday, December 13th. There will be 29 Seniors graduating this year.

Muenster High School Spanish class left Wednesday, December 21, for Old Mexico. They earned the money for this trip by sponsoring Spanish meals and other projects. They returned on Saturday, December 24.

The Senior Class of Muenster High School received pictures from Marquise Studios, Wednesday, December 21.

The Homemaking I, II, and III classes of the Muenster High School made Christmas candies, fudge, and punch. A party was held in each class on Thursday, December 22.

The Homemaking I and II classes have finished sewing projects. The Homemaking I class were each assigned to make a shirt and Homemaking II class each sewed a tailored outfit. They wore the clothes they made the last day of school before the Christmas vacation.

The Muenster High School varsity boys played in the Springtown Tournament over the holidays the 27, 28, and 29 of December.

Report cards will be given out January 11, after the students return from the holidays.

The Speech and Drama Department of Muenster High School wishes to extend to you best wishes for a happy and prosperous New Year.

Advice Given on Qualifying for Social Security

Working people who plan to retire in early 1978 should start planning now to arrange for their social security benefits, Gus Jones, Social Security Manager in Sherman said today.

If people approach their retirement in a thoughtful way, Jones continued, they can help ensure their social security retirement benefits begin just as soon as income from work stops.

Jones gave these tips for men and women planning to retire:

First, get together information that will be needed to support your claim. This includes your social security card or a record of your number; proof of your date of birth recorded early in your life, preferably before age 5; evidence of last years earnings (a copy of your W-2 or a copy of your Federal tax return, including schedule C).

If your husband or wife is also planning to apply on your record, he or she should have this additional information, Jones added: His or her social security card or a record of the number; proof of age as described above; marriage certificate; if either was married before, information about the beginning and end of those marriages; and information about your husband's or wife's earnings if he or she is working.

Jones emphasized that it is important for you to apply 2 or 3 months before you plan to retire, even if you don't yet have all of the information you need. The people at the social security office can suggest other sources for the information you don't have.

By applying in plenty of time, Jones added, you can be sure that your retirement checks will start as soon as you stop working and you won't be without an income.

If you wish, you can conduct most all of your social security business over the telephone and save yourself a trip to the office.

The Sherman Social Security Office is at 810 North Travis. The phone number is 665-0770. Office hours are from 8:30 a.m. to 4:45 p.m., Monday through Friday, except national holidays.

A representative may be contacted in Gainesville each Tuesday and Thursday from 9:30 a.m. to 12 noon and 1:00 p.m. to 2:00 p.m. at the Federal Building.

In 1861 there were two presidents in the United States Lincoln in the North and Jefferson Davis in the South.

YOU CAN BANK ON IT!

Every American ought to give thanks for the abundance of this land. We enjoy the highest standard of living on earth. We are the best fed people in the world. American farmers and ranchers raise more than enough for our country's needs. And this abundance works for the nation in many ways. Farmers and ranchers have a great part in helping balance the nation's balance of payments. American agriculture accounts for a big share of our total exports every year. About \$1 out of \$5, for insurance. A pretty large part of our business at the bank is supplying credit that helps keep agricultural production growing. And we're thankful for that, too — thankful that we are able to help improve this trade balance by putting money to work on farms and ranches.

But mostly we are thankful for you — our fine neighbors and friends. You're part of the good life we enjoy. And we know it . . . you can BANK on it!

"My electric bill keeps going up. Why?"

REASON ONE The cost of new generating plants. Even though many people are reducing their usage of electricity, Texas Power & Light must build new generating plants. These plants— which use lignite coal and nuclear materials as fuel—are necessary to phase out use of natural gas and fuel oil, and to meet the electricity needs of homes, businesses and industries. TP&L construction expenditures for plants and other facilities are expected to total some \$279 million in 1977 and \$326 million in 1978.

REASON TWO The cost of fuel for generating plants. Lignite-fueled plants now in operation are reducing TP&L's dependence on expensive gas and oil. However, when use of air conditioning skyrockets the demand for electricity during the summer, gas-fueled plants must supply more power. When supplies of gas are curtailed

during the winter, oil must be used to meet the demand.

REASON THREE The cost of environmental equipment. TP&L recognizes its responsibility to help protect the cleanliness of the air and water. Within the bounds of a reasonable balance of costs and benefits, the Company has been fulfilling this responsibility for many years. Now, State and Federal regulations require installation of environmental equipment on generating plants. At one new plant, air quality control devices will add some \$76 million to the cost of the plant, and increase the cost of electricity produced at this plant 15 to 20 per cent. Texas Power & Light is working to assure an adequate and dependable supply of electricity to its customers. And, in the face of constantly rising costs of producing and supplying electricity, we're working to keep your cost as low as possible.

It isn't tying himself to one woman that a man dreads when he thinks of marrying — it's separating himself from all the others.

Friendly Enemy
President Lincoln was once taken to task for his attitude toward his enemies.
"Why do you try to make friends of them? You know they will only be traitors. You should try to destroy them."
"Am I not destroying my enemies," Lincoln gently replied, "when I make them my friends? And a friend is never a traitor."

In lots of respects the prospects are good for a happy new year. For that we are grateful. However we'd prefer above all to see a moral reawakening to bring our system back to closer harmony with God's way. As an ancient philosopher said, "the beginning of wisdom is the fear of God." The farther they get away from Him the more they make a mess of things.
