

It was a coincidence that last week's accident at the Three Mile Island nuclear generating plant in Pennsylvania occurred just before Texas Power and Light Co. officials conducted a special energy seminar for members of the media in North Texas.

The purpose of the meeting was to convey the idea that the energy situation is critical, hopefully so that news dispensers will be sufficiently impressed to pass on the message to the public. The program suggests, among other measures, an increasing use of nuclear power to relieve a part of the energy crunch.

Related to the seminar, the problem in Pennsylvania could not have come at a worse time, and the reaction of the nation's media could not have been more gloomy. Whereas the seminar program was intended to create confidence in nuclear as a safe and substantial producer of energy, the nation wide alarm resulted in the opposite effect. Obviously nuclear popularity took a plunge just when TP&L had high hopes for it.

At the first session the company issued an update report saying that news of the event is confusing, contradictory and sometimes inaccurate, that it seems to be more serious than indicated the first day and likely will require a big clean-up job at the plant, but in terms of ever posing any danger to the public, it has been blown way out of proportion.

The end result of the accident is that radiation escaped into the surrounding area. It was estimated that a person standing a third mile away for about an hour would absorb about a third of the radiation normally received in a chest X-Ray. Also it was stated that radiation levels were decreasing, the plant is in safe condition and that no one received radiation exposure greater than the federal limits.

Next word on the subject was the following morning, that Civil Defense had ordered evacuation of a 5 mile radius, to which TP&L seemed to react with a cautious wait-and-see attitude. Obviously the power companies are reluctant to give up their confidence but don't want to stick out their necks.

There's good reason for the American public as well as power companies to be distressed by the nuclear accident. As often repeated during the seminar, the energy situation is most serious. Sources of power are declining while demand for power is growing. We are inevitably headed for power shortages, but now expect federal regulations to retard an urgently needed speed-up in the construction of power plants. It could further delay the activation of two nuclear units at Glen Rose now scheduled for 1981 and 1983.

Another part of the seminar was considerably more satisfying. The gradual change over from oil and gas to lignite coal for generating electricity is replacing scarce and expensive fuel with abundant and cheap fuel. Besides conserving the fuels that are in short supply and badly needed elsewhere, it has saved millions of dollars to consumers on the TP&L system. The reason is that lignite used in producing a million BTUs of energy costs about 45 cents whereas the cost of that much gas is \$2.00 and that much fuel oil is \$3.00. The favorable price of gas compared with oil can be explained by long standing contract.

However the savings realized by firing with lignite do not come cheap. The fuel does not flow by just opening a valve. It has to be ground down to a powder to be fed into the fire chamber and provisions are needed for removal of upper and lower ash. And the operation has to start with mining the lignite and hauling it to the generating plant. The monstrous drag lines, power shovels and transport trucks, like the plant, cost millions of dollars. Likewise the operations of mining and reclaiming land run into big money. Despite all those expenses the savings in lignite operation are substantial. And another benefit is expected soon from use of the by-products, bottom ash as a paving material and top ash as an additive for cement.

The big shocker of the seminar was the closing address by Dr. John McKetta of the engineering department of the University of Texas. One of the nation's foremost authorities on energy, an advisor to Presidents Ford and Nixon, he said that the nation is in ser-

One-Stop 3 Elections Scheduled Saturday

This community's annual one-stop three-in-one election for the city, the school district and the hospital district will be held Saturday, April 7, in the Muenster Public School.

Also under way at the same place will be a special bond election on financing the proposed building program at Cooke County College.

Balloting hours will be 7 a.m. to 7 p.m. John Pagel will be judge for the city election.

Fish for Stocking Ponds Available Thru SCS Office

"The Upper Elm-Red Soil and Water Conservation District is now prepared to help landowners buy fish for stocking their ponds and lakes," J. H. Bayer, Chairman of the Board, said today.

"We have worked out an arrangement with a reliable fish farmer who has agreed to deliver fish to Gainesville, Muenster, Nocona, Bowie and Sherman in our district. We will accept prepaid orders at all SCS field offices in the towns listed. Landowners will be notified where to pick up their fish at a later date. Delivery to Gainesville, Muenster, Nocona and Bowie will be made on May 1. Delivery to Sherman will be made on May 3, 1979.

Orders are now being taken for channel catfish and fathead minnows, a source of food for the catfish. Catfish four to six inches long will sell for 20 cents each. Minnows are available for \$5.00 per pound. If this service gains acceptance, other fish species may be available in the future.

The fish will be bagged in plastic bags with oxygenated water. The bags will be 18 inches by 32 inches. It is desirable to bring a cardboard box to the pickup point to carry the plastic bags. Deadline on receiving orders will be April 24.

"We feel this program can be a valuable community service by saving landowners time, gasoline and telephone calls. The fish farmer will benefit in several ways, including handling several large orders instead of many small ones," Bayer pointed out.

Ronnie Herring, Soil Conservationist for the Soil Conservation Service here said personnel in his office are available to help landowners determine how many of each fish species to stock.

Annual Meeting of Electric Co-op Will Be Held April 23

Member-consumers of the Cooke County Electric Co-operative Association will gather at 8 p.m. on Monday, April 23, in Muenster High School Auditorium for their annual general meeting.

Their purpose is to hear reports of directors and management on the organization's business of the past year, to elect two directors, and to consider any other business which might come before the meeting.

Nominees for directors are Billy E. Farr as representative of District 2 and Vincent Zimmerman as representative of District 4. Other nominations may be made from the floor of the meeting.

The Muenster golf team, with a score of 374 is the champion of District 14-A and Bob Hamric, with 90, is the individual champ. Pictured with their trophy are front, Bob Hamric and Dale Swirczynski, standing, Phil Wolf, Coach Dan Hamric, Todd Richey and Glenn Fisher.

Enterprise Sets Copy Deadline

The change in operation at the Enterprise from letterpress to offset method of printing is requiring a change in the work schedule. In the new operation the paper is printed Thursday morning at Bowie, and all composition as well as layouts must be completed Wednesday.

To make this schedule possible without working far into the night, the staff has decided to accept news and ads for publication until noon Wednesday. . . . in hopes that the work can be finished with a minimum of night work.

Information received after Wednesday noon will be held over for the following week's paper except in an urgent emergency.

Swimming Pool Will Open May 26

The 1979 swimming season in Muenster will begin on Saturday, May 26. Dan Hamric, park manager, announced the date this week and said that Duane Knabe will be in charge.

At this time he is the only employee, and the pool has openings for two full time life guards and one part time life guard.

Hamric said that hours and prices will be the same as last year. The pool will be open daily 1 to 7 p.m. except Mondays and admission price is 50 cents for a person under 13 and 75 cents for a person 13 or over.

Swim party policy also remains the same. The pool will be available at \$10 per hour at times other than the regular open hours and a life guard is included in the deal.

Mixed Drinks in All of City Involved in Saturday Election

The local option election next Saturday on extending the city's wet status to the newly annexed area at the west part of Muenster has expanded in scope as well as space.

If approved it will bring a new dimension to local wetness by legalizing the sale of mixed drinks in the entire city, including the small area which was recently added. Up to now the sale of mixed drinks has not been legal in any part of town. However the drinks are available in a few places operating as private clubs.

The situation develops from the fact that the present election will be held less than a year after the local option on November 4 to legalize "the sale of all alcoholic beverages except mixed beverages" in the annexed area at the east part of town. Since then the Valenite and Kountry Korner area has been added to the city, and the Kountry Korner

owners, Don Hess and Sylvan Walterscheid, circulated a petition asking for an election to qualify their store for sale of beer and wine, which was the same as the issue on the former ballot.

At this point they encountered a legal technicality. Because less than a year passed since the former election, the same issue could not be printed on the ballot. Hence the printing was changed to read FOR or AGAINST "the legal sale of all alcoholic beverages including mixed drinks."

If voters approve, they will make a considerably larger change than originally asked for. As explained by Eugene Stevenson of the Texas Liquor Board, they will authorize sale of all alcoholic beverages, including mixed drinks, in the entire city.

The second part of the explanation by Mr. Stevenson says that in case people vote against the issue, both the former and the annexed area

will be unchanged. That is, the annexed area will remain dry and the other parts of town will remain legal for sale of alcoholic drinks except mixed drinks.

Interest in the election has been gaining momentum during the past week as the word got around that the remainder of town, not only the new part, was subject to change.

As regards Kountry Korner, which originated and is financing the election, the intention is to sell only the items legalized for grocery store sales. The mixed drink provision was added only because of the required change of issue after less than a year since the last election.

If the election passes the issue still is not fully decided for Kountry Korner. Before sales become legal the city council will have to extend the zone in which they are locally legal. For the remainder of town this zone is identical with the fire zone, in which a specified standard of sturdy, fire resistant structure is required. It is restricted to the business area on main Street and Highway 82.

Balloting will be in the Muenster City Hall Saturday, April 7, 7 a.m. to 7 p.m. Dan Hamric is the election judge.

LOCAL OPTION ELECTION

INSTRUCTION NOTE: Scratch or mark out one statement so that the one remaining indicates the way you wish to vote.

FOR the legal sale of all alcoholic beverages including mixed beverages.

AGAINST the legal sale of all alcoholic beverages including mixed beverages.

Above is a copy of the official ballot for the local option election Saturday. The voting method is a return to the old way in which a person scratches out the statement not favored rather than placing a check mark opposite the statement which is favored.

Wettest March

During a mild week of balmy Spring weather, local temperatures ranged from a low of 41 to a high of 78, according to official readings by Steve Moster.

Meanwhile more rain came, adding to the total which already broke all previous records of the month. The final tally for March is 8.97 inches as compared with the former record of 5.67 in 1968 and 5.35 in 1969.

Rainfall of the past week was 1.53 in four readings, the most being 1.32 inch on March 30.

Temperature readings, as recorded by Steve Moster, were as follows: March 29, 62 and 76; 30th, 56 and 78; 31st, 45 and 73; April 1, 63 and 74; 2nd, 41 and 59; 3rd, 43 and 54, 4th, 37 and 56.

Home School Group Plans Germanfest

Plans for participation in Germanfest were continued at the Home School Society meeting on March 27. Chairmen for the group's booth are Mrs. Julian Walterscheid (Carrie Ann), and Mrs. Angelo Nasche, Sr. (La Verna) with special help from Mrs. Alfred Bayer (Anna Marie). More helpers are needed in the booth and more are requested to volunteer.

Charlotte and Patsy Dangelmayr are organizing baking days in the cafeteria kitchen, for the Germanfest booth. They have requested cash donations and pecans, etc. for use in the baking projects.

Father Denis announced that Kindergarten classes will begin at Sacred Heart for the first time next Fall.

Sister Mary John invited parents to attend the Student Council campaign on April 20.

Entertainment by the 7th and 8th graders preceded the opening of the meeting. They were directed by Sister George. The opening and closing prayers were led by Father Denis.

Mr. and Mrs. Alvin Fuhrman won the door prize donated by Carol's Beauty Salon. Following adjournment, refreshments were served by Mmes. Ray Hess, Gene Hoedebeck, Pat Klement and Ray Voth.

CYO Will Sponsor Bike-a-thon Apr. 8

CYO Members made plans to hold a Bike-a-thon on April 8 to benefit St. Jude's Cancer Research Project and also to benefit the CYO. The Bike-a-thon will begin at 2 p.m. in front of Sacred Heart High for a 10 mile trail. BBQ sandwiches and Cokes will be served at the Park after the ride. Prizes will be awarded to those securing the highest amount of pledges. Pledge cards are available from Laurie Walterscheid.

Also discussed at the CYO meeting attended by 14 was the possibility of hosting a Youth Day, inviting other area CYO Clubs to a Mass and possibly a dance. Members agreed to begin a fund for a Youth Day on May 20.

Also discussed was a song fest on Easter Day at St. Richard's Villa and making gifts for the residents.

A cooky eating contest was a great fun time. Carol Walterscheid was the winner. The prize was the rest of the sack of cookies.

The meeting was opened and closed with prayers by Laurie Walterscheid and Carol Walterscheid.

CYO Officers are Laurie Walterscheid, president; Sharon Grewing, vice president; Missy Flusche, secretary; Nancy Luke, treasurer; Toni Hoedebeck reporter; Janelle Hellman, fiscal chairman.

Mrs. Hofbauer Has Yard of the Month

Mrs. Rose Hofbauer's yard has been named for "Yard of the Month" honors in April. The announcement was made by the Garden Club committee in charge of the selection from April through October. Especially cited for the selection this month were a Flowering Peach Tree, Peppermint, in the front yard of the Hofbauer home, a Flowering Crabapple and informal plant-

Myra residents are reminded that their annual clean-up week is April 9 - April 14. More information may be obtained from Carroll Smith, Chairman.

Library Receives City Semi-Annual \$1550 Allotment

In a short meeting Monday night the Muenster City Council attended to four items of business.

It heard a report from Robert McDaniel, president of the library board, on the library's operation of the past year and also approved the semi annual allotment of \$1550 to the library.

It also renewed its lease of the Myrick mini-park for children. Following expiration of a three year lease, the council decided to make this one a five year lease.

And there was the matter of naming a street which came into the city at the last annexation. It is the road which continues west at the Kountry Korner "Y", at the south side of the store and extending about a half block beyond the Highway 82 pavement. The name chosen is Division Street, the same as for the highway east of Main Street.

Also, the city accepted the only bids received for the old shed at the east side of the fire station and the garage doors of the former fire station. The shed sold for \$100 and the doors for \$35.

Germanfest Trophies

These 38 trophies will be awarded Saturday night to winners of the volleyball tournament now in progress in Sacred Heart gym. The event is co-sponsored by the SH Lettermen's Club and Felderhoff Bros. Drilling Co. Twenty eight teams are entered. Pictured with the trophies are Coach Eddie Stock and Mark Hess, directors.

STATE CAPITAL HIGHLIGHTS
 By Lyndell Williams
 TEXAS PRESS ASSOCIATION

AUSTIN—Top oil industry executives came to the State Capitol this week to deliver what amounted to somber predictions about this country's ability in the future to get reasonably priced fuel needed to power the nation's economy.

Oil company executives spoke at the Texas Railroad Commission's annual state-of-the-industry report. And, from the outset, it must be said that the "state" of the industry appears good. Government figures show that oil company profits jumped almost 30 percent in the first quarter of this year.

Overall, corporate profits increased more than 26 percent in the same period.

And, the 1978 federal decontrol act is expected to mean \$1 to \$3 billion in additional revenues this year for oil and gas companies.

But it wasn't skyrocketing profits that oil executives came to talk about this week. It's the forecasted shortages of what they sell that has them worried.

Executive vice president James E. Barnes of Conoco Oil Co. said a serious gasoline shortage may grip the nation in two months unless the tap in Iran is turned back on and oil begins to flow to the U.S. again.

Barnes and John K. McKinley, president of Texaco, Inc., sounded what has become the oil industry's catch-

all phrase to end all problems: "more decontrol."

Barnes, McKinley and colleagues claimed Texas alone has 100 billion barrels of known reserves not being sucked out of the ground with present technology because there is no profit in such undertakings and present regulations are prohibitive.

But U.S. Congressman Bob Eckhardt of Texas said in a press conference in Washington this week that more decontrol would not produce a surge in exploration.

Eckhardt pointed out that U.S. oil producers plan to drill 49,379 wells this year. That's the highest number of planned drillings since 1959. But on the other side of those numbers, is the simple fact that for more than 100 years the U.S. was the world's largest producer of oil. No longer.

Today, the United States is by far the world's biggest consumer of oil. And as a nation we have slipped to third behind Russia and Saudi Arabia in the production of crude oil. While our appetite for oil has gone up, our ability to find it and get it out of the ground has gone down.

Meanwhile, predictions are that gasoline will soon climb to \$1 a gallon. The rising price of fuel already is one of the biggest con-

tributing factors to a 10-12 percent annual inflation rate. But even more importantly, the primary reason for our worldwide economic power—cheap fuel—may be long gone. For years, Europeans and the rest of the world have paid heavily for gasoline and other crude oil products.

Spot shortages of gasoline already exist in the U.S. One spokesman for a farm supply cooperative in the Texas Panhandle claims some tractors are standing idle because of no diesel fuel.

Sunday closings at gas stations are for the most part the rule now not the exception. And those who remember the oil crunch of 1973, say what may be around the corner is something we didn't see during the Arab oil embargo—gas rationing.

"We are in the most precarious international situation since World War II," said Railroad Commissioner Mack Wallace almost two months ago. His statement seems even more correct now.

Prices Soar

Unfortunately, energy isn't the only subject that leads almost inevitably to bad news. The U.S. Labor Department announced this week that consumer prices jumped 15.4 percent in February. Telling consumers what they probably already know, the Labor Department said the price of food went up, the cost of paying off a home loan went up, and, as might be expected, the price of gasoline jumped too.

Higher home loan interest rates contributed heavily to the February jump in prices. Mortgage interest costs rose 3.1 percent last month due almost primarily to the fact that New York and California lifted state usury law ceilings.

Bills still pending in the Texas Legislature would raise the ceiling in this state, but, so far, legislators have been waiting to see what

interest rates will do on their own before taking any action. Some surveys indicate that for the average house buyer, mortgage money in the state is drying up.

Texas is now one of only 12 states with a 10 percent or lower usury limit.

WHAT TO DO ABOUT COMMUNISM

How can America hope for a lasting compromise, for a lasting peaceful coexistence between the Communists and the non-Communist societies? Their writings affirm there is no such ground. Their writings further affirm their intention to destroy other nations from within if possible and at least to weaken them from within until they can be defeated militarily. The capitalist nations in the eyes of the Communists are the enemies marked for execution, for extermination.

In order to be a good Communist today one must convince himself that one class in society represents all that is good and that another class in society represents all that is evil. In that event, it then becomes the duty of the one class that represents all of the good, to exterminate the other class that represents only evil. Then when the class which is good has destroyed the class which is evil, it becomes their duty not only to free the entire nation, but to free the entire world.

Which class of people did Marx decide must be marked as the evil class? He decided it must be the bourgeoisie which, in reality, means the wealthier segment of society. He particularly had reference to those who ruled and those who owned property including the means of production and distribution and including also those who owned land. The opposite class in the eyes of Marx was the proletariat. They were the good

class, which represented all that was good in society, and they were to furnish the necessary power to overthrow the bourgeoisie who were marked for extermination and to extend this service to the whole world and free all people from property owners, capitalist forms of government and move on for a total Communist world. Non-Communist societies were marked not only for defeat but for extermination.

That's why 30 million people in Russia and 40 million in China were killed as the Communists established their dictatorial authority over these nations. It seemed to be their plan to exterminate those who had owned property including the land. Now, having exterminated the ruling and the propertied class, it is now their goal likewise to extend their

philosophy and their authority to the rest of the world. The non-Communist nations should understand this and should stand together in their own defense. Then there is enough of them, with enough strength to defend themselves. If, however, they allow themselves to be taken over little by little, little by little, finally there will not be enough strength left for a hopeful defense. When the West is making loans and extending aid toward developing Communist power, it is in reality driving nails in its own coffin.

Right now China is scared of being attacked by Russia. Consequently, she appears to seek a temporary agreement with America that would help strengthen herself and get ready for a final showdown with Russia if necessary, but all the while remaining conscious that all capitalism must be

destroyed and that America is, in the end, the chief enemy. This is a fact that Americans should not lose sight of. In the countries where the Communist Party has taken over, like Russia and China, remember that a very small percentage of the people even belong to the Communist Party, and yet, that small Party rules the rest of the nation with an iron hand. While they claim their desire is to free the working people, yet they do not let the working people help make decisions. In Russia, they have elections and more than 90 percent of the people go to the polls and vote but they have only one slate of officers for whom to vote. It is not a matter of choice. Why then do they go to the polls at all? It is because of Party orders. They could get in serious trouble by failing to obey.

What does it take to retire comfortably?

1. A comfortable chair.
 Maybe it's the rocking variety. Or it could just as easily be a deck chair on a cruise ship, a hammock in Hawaii or a ski lift in Sun Valley — whatever it takes to put you in a "sit back and relax" mood.

2. Good company.
 A friendly feline is nice for quiet evenings in front of the fire. But now that you have the time you may want to try making new friends while you're sunning on the beach, backpacking in the mountains or dancing at the neighborhood disco.

3. First Texas Savings.
 Dreaming about the good life is fine. Planning for it is even better. And a First Texas Savings Retirement Plan makes it easy to plan for the future. Better still, your Retirement Account at First Texas not only provides you with substantial funds for tomorrow — but also significant tax-savings today.

For the self-employed, First Texas offers the Keogh Plan, which allows you to invest as much as 15% of earned income to a maximum of \$7,500.00 each year. For wage-earners not covered by a government approved retirement plan, we offer the Individual Retirement Account. You may contribute as much as \$1500.00 annually or 15% of your income to an IRA — whichever is less. And there is no required minimum.

Both IRA and Keogh Accounts provide impressive advantages. Your contribution is tax-deferred. Your money earns an attractive rate of interest, and is insured safe up to the maximum amount provided by Federal regulation. And the money you invest and earnings on this money are not taxable until withdrawn. Normally you will be in a lower tax bracket when benefits are paid, resulting in substantial tax savings.

Think it over. Then come in and talk it over with a First Texas Savings Counselor. We'll give you complete information on our Keogh and Individual Retirement Accounts...and what it takes to make sure you can take it easy.

CUTTERS NORTH

Precision Hair Cutting

We'll shampoo, precision cut and blow dry your hair for only \$10.00 whether you're a guy or gal.

Precision hair cutting is a technique for cutting hair in harmony with the way it grows. Your hair eventually grows out, but it doesn't lose its shape with a precision hair cut.

Consequently, your haircut will look as good after 5 days as it does after 5 minutes, and because the hair falls naturally in place, you won't have to keep fussing with it.

Usually a shake of the head does it!

Lisa Trubenbach Is UIL All Star In One Act Play

Muenster High School received no official rating in the District 14-A one act play contest last week, but two of its performers received individual honors.

Lisa Trubenbach was named

one of the all star cast and Renee Stelzer received honorable mention.

As pointed out by Principal Alford Winn the only rating was selection of Pottsboro and Sanger entries to advance to UIL regional, and the impression is that, if rated, Muenster would have been fourth. Schools represented were all district members ex-

cept Pilot Point and Aubrey.

Muenster's presentation was "Anastasia" directed by Martha Koesler. The cast included Lisa Trubenbach, Renee Stelzer and Larry Fleitman.

Jr. Elite Hosts at Dinner Dance and Awards Program

The annual Jr. Elite dinner-dance and awards night were held Saturday evening, March 31 in the VFW Hall.

Receiving 10 year awards, engraved silver trays, were Curtis Wells, Bonnie Hess and Mae Streng.

Receiving 5 year awards were Jerald Read, Dorothy Russell, Doreen Taylor, Ruth Molsbey and Lennie Huddleston.

New this year and a surprise were "Employee of the Year" Awards to Corvella Robeson and Jerry Hennigan.

A special Appreciation award was presented to Mr. and Mrs. Tom Cottone of Dallas. And delayed "Christmas Gifts" were presented to several Dallas Management guests who had been unable to attend the dress factory's Christmas party.

Mrs. Bernice Sicking, manager of the Muenster plant, was M.C. of the after-dinner program.

She also introduced a group of guests from Dallas, including Mr. and Mrs. Louis Kreditor, Mr. and Mrs. Marty Steinman, Mr. and Mrs. Stanley Wertheim, Mr. and Mrs. Richard Ray, Mr. and Mrs. Mel Melton, Mr. and Mrs. Tom Cottone, Mr. and Mrs. John Bridwell, Mr. and Mrs. Bruce Hoffman, Mr. and Mrs. Hector Marcado and Mr. and Mrs. Manus Williams of Mineral Wells, Mr. and Mrs. Kenneth Hale of Muenster, (Bobbie Hale is manager of

Wedding plans have been announced for Gloria Yvonne Stoffels and Victor Thomas Culpepper, both of Ardmore, Oklahoma, by her parents, Mr. and Mrs. Albert N. Stoffels of Muenster. His parents are Mr. and Mrs. David Houston Culpepper, of Ardmore. The wedding will be held in Sacred Heart Church in Muenster on June 2 at 10:30 a.m. The bride-elect is a graduate of Sacred Heart High School and Cooke County College and is a Registered Nurse at Southern Oklahoma Memorial Hospital. The future groom is a graduate of Ardmore High School and is a salesman at Joe Martin Pontiac Buick GMC. The couple plans to reside in Ardmore.

The Reason for Shortage

"In 1960 we imported only 16 percent of our domestic energy needs, in 1978 we imported 47 percent. As long as we continue to pay foreign countries anywhere from \$16.50 to \$25 per barrel and

pay Texas oil producers \$5.25 a barrel, America will continue to have shortages and will become even more dependent on unreliable foreign sources of energy," Congressman Jim Collins said.

SAVING TIPS
on electric
air conditioning

Air conditioning provides lots of comfort during the summer months, but for many thousands of homeowners it is also the biggest factor in the cost of electricity. On the average, air conditioning accounts for about half of summertime electric bills.

Here are ways you can hold down the cost of air conditioning and still enjoy its comfort.

Central Systems

1. Set thermostat on 78° or higher, during the summer. Turn unit off if you'll be away from home several days.
2. Keep equipment at top operating efficiency. Have it checked seasonally by qualified serviceman.
3. Check filter every 30 days. Dirty filters cause equipment to use excessive electricity. If filter is permanent, clean by manufacturer's directions; if it's disposable, it should be replaced when dirty.
4. Keep furniture, draperies away from air outlets and returns. Clean grills often.
5. Close draperies and blinds to keep out direct sunlight.
6. Keep fireplace damper closed.
7. Proper home insulation keeps the heat out, cuts energy use. Insulation questions? Call TP&L.
8. Shade on roof and walls can reduce energy needed to cool. But trim trees, shrubs away from outside compressor unit. Keep it free of leaves, debris. If air flow is blocked, unit uses more energy.
9. Weatherstrip doors and windows; caulk cracks to prevent drafts and cool air loss.

10. Keep windows closed. Open outside doors as little as possible.

Window Units
Follow above suggestions, plus these:

11. Buy units with highest "energy efficiency ratio" (EER). Uses less electricity to cool. If EER is not on sales tag, ask for it or figure it yourself. Divide "wattage" into "BTU" capacity. Both figures are on unit.
12. Place unit where it'll get as little direct sun as possible.
13. Aim air outlets at lower half of doorway to next room to allow warm air from that room to enter at the doorway for recooling, recirculation.
14. Never vent air conditioner into garage. Ventilation is usually too poor for top performance of your unit.

Conserve electricity and you help conserve one or more of the fuels needed to produce it. Conserve fuels and you help assure that there will be enough to meet essential needs for electricity in the future.

When you pass a TP&L office, warehouse, generating plant or other facility, you'll see that we've turned off all non-essential lighting. And, in as many other ways as possible, TP&L is reducing its own uses of electricity.

If you would like additional information on conserving electricity, call the Customer Service Representative in the TP&L Office.

MHS Beats Nocona Loses to Bowie

The Hornets broke even in a pair of games early last week. First they lost 9-5 to Bowie, then set back the Nocona fellows 9-6.

A rash of errors, nine of them, was the big reason for the loss to the Jackrabbits.

Todd Richey did a good job at the mound, allowing 7 hits and a walk and striking out 5, but a total of 9 errors nullified the effort. Meanwhile Bowie's pitcher gave up 9 hits and 1 walk and fanned 5, but his team made only 3 errors.

Carl Pagel had a great day at the plate with 3 hits. Curtis Pagel and Phil Wolf each got 2 hits, Ricky Winn and Todd Richey each hit once. Playing Nocona the Hornets took advantage of an opportunity in getting the 3 point lead. Two Indian pitchers gave up 7 hits and 6 walks and fanned 4 whereas Phil Wolf and David Felderhoff permitted 6 hits and 3 walks and fanned 5.

Hornet hitters were Phil Wolf and Dale Swirczynski each 2 singles, David Felderhoff a double, Todd Richey and Don Frazier each a single.

Stenholm Opposes Gasoline Ration Plan by Carter

Congressman Charles W. Stenholm indicates that he will oppose gasoline rationing in the Congress, because he cannot approve of the program as it is presently proposed.

On March 1, 1979, as required by the Energy Policy and Conservation Act of 1975, President Carter officially submitted his Standby Gasoline Rationing Plan to Congress for its approval.

The plan does not take into account the needs and the differences in driving patterns of rural areas as the 17th District. This inequitable plan will put the major burden of gasoline rationing on southern and western rural workers. Texas residents would be required to buy ration coupons from coupon holders in the Northeast where per capita income is greater and per capita gasoline consumption is less. This would be one of the largest income transfer programs in the history of Big Government.

Iowa Friends Visit With Mrs. Fuhrman

Guests of Mrs. H. J. Fuhrman last Friday were Mr. and Mrs. George Faber who spent the winter months in the Rio Grande Valley and were en route home to West Bend, Iowa. The Fuhrman and Faber families have been friends since both lived near Bode, Iowa, when their children were small.

Other weekend guests were Bill Fuhrman and daughter, Amy of Fort Worth. Also heard from were grandsons of Mrs. H. J. Fuhrman, Chris Pulte who arrived in Japan two weeks ago, to teach English for two years, and Mike Pulte who is teaching Math at the University of Utah. Both Chris and Mike are sons of Mr. and Mrs. Robert Pulte of Gainesville.

S&W Tractor Co. Sets Open House For 10th Birthday

An open house on Thursday, April 12, will observe the tenth anniversary of S&W Tractor Company of Gainesville. During this event the management and staff invite everyone to come and see what's new in farm equipment, and register for a drawing for door prizes. Regular customers of the business will be special guests at a barbecue lunch noon to 2 p.m.

Also on the program are a radio broadcast from noon to 2 p.m. and the presence of representatives from equipment distributors to demonstrate and answer questions. S&W Tractor Co. was organized in 1969 by Leighton Smith a former Ford tractor dealer, and Harvey Watson, a farmer and cattleman. Its location was at the intersection of I-35 and Hwy. 82, previously occupied by Biffle Bros. Supply. Its principal line was Massey Ferguson farm and industrial tractors and equipment. Since then it has added Hesston hay equipment, Bush Hog cutters and tillage tools, Long tractors and peanut equipment, WW stock and horse trailers, lawn and garden equipment, and several others.

Harvey Watson died in March 1977 and was succeeded as a partner in November 1977 by Shelby Smith, a former construction foreman with TP&L.

Additions to the business in recent months include an addition to the parts department, a new office and remodeling in another office.

Joe Hoenigs Tour The Family Circle

During a busy weekend with children and grandchildren, Mr. and Mrs. Joe Hoenig visited in Ennis with their daughter, Eleanor and family, the Carl Pelzels on Saturday and in the evening were guests of a granddaughter and her husband, Carolyn and Mike Forehand of Palmer.

The Hoenigs were overnight guests of the Pelzels and on Sunday drove to Garland where they visited in the home of a grandson and his wife, Bobby and Janet Hoenig, and were joined there by Mrs. Rupert Hoenig and children, Carol Jean and Brian. Rupert Hoenig was on a business trip to Seattle. The Bobby Hoenigs hosted the noon meal.

After lunch, they all visited in the home of the Hoenig's daughter, Mrs. Rita Cottle and Jenene and also enjoyed a visit with David and Diana Saucier and little son, Michael, the Joe Hoenigs' great-grandchild.

Later in Irving they all were guests of the Hoenigs' grandson and wife Danny and Lorretta Hoenig, who served Sunday night supper. During the weekend, the Joe Hoenigs enjoyed seeing the new homes of the Bobby Hoenigs, the Danny Hoenigs and the David Sauciers.

Cheerleaders Selected at MHS

Cheerleaders and a mascot for the 1979-80 school year at Muenster High were selected in a contest last week Monday.

They are Lou Ann Dyer, senior; Jo Ann Gibson, junior; Traci Sawyer, sophomore; and Stephanie Richey, freshman. Also chosen were Renee Reiter and Kim Walterscheid at large, and Renee Wilde as the mascot.

Eleven girls were candidates for cheerleader and four for mascot.

Myra Club Plans Easter Egg Hunt

The Myra Community improvement Club met Tuesday, March 27 for a regular business session and to make plans for the annual Easter Egg Hunt.

Members will also serve barbecue sandwiches at the Myra Volunteers Fire's meeting for firemen and their wives on April 4.

Also included were plans to hold the annual Myra Clean-Up Week, April 9 to April 14. Carroll Smith is chairman.

During the business meeting Bernice Sicking and Al Trubench discussed plans for the club's participation in Germanfest.

County Horse Club Plans Show in May

The regular monthly meeting of the Cooke County 4-H Horse Club was held on March 27 at 7 p.m. in the Twin Pine Arena in Muenster.

Larry Fleitman, president conducted the business meeting and Phil Whetstone, assistant County Agent told about the County Show scheduled for May 19 in the Gainesville Riding Club Arena.

A pre-registration will be held this year and members must fill out an information sheet to be returned.

A member may use only one horse for points on that day, but may enter as many as five classes. There will also be a colt class before the show, with ribbons being given to the winners but no points will be given in that class.

Charlotte Fleitman called the roll to which 18 members answered. A number of interested parents attended. Eddie Fleitman and Phil Whetstone gave instructions on riding Western Pleasure.

Inflation is just like a dog chasing his tail. There are strikes and demands for higher wages, so people get them, then everything everywhere goes up in prices, thus a demand for higher wages thus higher prices, etc. Nothing is ever really accomplished except higher inflation—just like the dog and his tail.

MAKE LUNCH FROM SCRATCH

Be a winner!

It's easy. There's nothing to buy, nothing to write, nothing to mail. All you have to do is scratch.

It's the Meal Ticket Game. A great Event Program now at the Dairy Inn. And you can play every day.

Just get your card from the cashier and scratch. If 1, 2 or 3 hearts appear you're a winner! Here's what!

For 1 heart: medium drink or small sundae.

For 2 hearts: banana split or hamburger.

For 3 hearts: hamburger, fries & medium drink, or a meal from our salad bar.

2nd Chance

If you scratched and no hearts appeared, don't despair. You've got a second chance to win, in the Second Chance Game.

Sign your "losing" Meal Ticket Game cards and drop them in the box. You'll be surprised at what you can win.

Drawings at the end of each week.

Camp Sweeney Diabetic Center Will Start 30th Year on June 3

Camp Sweeney Diabetic Educational Training Center for diabetic boys and girls (6 through 16 years of age) will open for the 30th year of operation June 3, 1979 with three-three week sessions as follows: June 3 to June 22, June 24 to July 13 and July 15 to August 3.

Camp Sweeney is located 9 miles east and 1 mile north of Gainesville, Texas on 338 acres of beautiful rolling timbered hills with three dormitories for boys and three for

girls; a non-denominational chapel; a modern hospital; a 39 acre lake for boating, fishing and water-skiing; a sanitary swimming pool, tennis courts, recreational pavilion, target range and 20 gentle saddle horses.

Under the supervision of a specialized medical staff, dietitian and counsellors, these children are taught their proper diet with regulated exercise, how to take their own urine tests and give own insulin injections. Of major importance, through this group association with other young diabetics, they realize they are not alone with their disorder and with proper knowledge and instruction they can learn how to live with their lifelong companion—diabetes.

Diabetes is hereditary, incurable and increasing yearly. It is the 3rd killer of diseases and ranks 3rd as the cause of blindness. Medical authorities estimate one-fourth of the World's population carries the diabetic gene and some 5,000,000 cases of diabetes are in the United States, of which more than 500,000 are children.

Camp Sweeney, operated and maintained by Southwestern Diabetic Foundation, Inc., is an organizational member of Texas United Community Services of Texas. If you know or hear of a diabetic child who needs our help please refer them to this office, their local United Fund or Jaycee Club or any Jaycee Club in Louisiana.

The Southwestern Diabetic Foundation, Inc., is a charitable, non-profit corporation located at 101 S. Culberson, Gainesville, Texas, 76240. If you would like to help financially carry on this humanitarian program, please write the above address. For application blanks, brochures etc. write James V. Campbell, Director Camp Sweeney or Southwestern Diabetic Foundation, Inc. P.O. Drawer 918, Gainesville, Texas, 76240.

YOU CAN BANK ON IT!

If the tax bite was heavy this year, why not plan now to save up to \$300 next year? You have to spend money, but your investment will bring long-range returns beyond the original expenditure.

The Energy Tax Act, signed by President Carter last November, allows a 15% tax credit on energy conservation spending from \$67 to \$2,000. For example, if you spend \$500 on storm windows, you can take credit for 15% of the cost, \$75, and deduct it from what you owe this time next year. The minimum allowable credit is \$10, so even if you spend only \$67 you will save \$10 at tax time. The energy conservation improvements must be made before the end of 1985.

If you need information on financing such a project, see one of our officers. When they advise you on home improvement loans... you can BANK on it!

Our future is in your hands.

Saturday's election will be a turning point in regard to the future of Cooke County College. Equally important, it will have an important bearing on the economic future of Cooke County itself.

Think of the tremendous impact CCC students have on our economy, especially local students who remain in Cooke County to attend college. Add to this the college's annual payroll of nearly \$2 million and the thousands of dollars it spends every month on goods and services right here in Cooke County. Yet the college derives only six percent of its annual operating budget from local taxes. That's a real bargain any way you look at it.

Only by providing adequate, up-to-date facilities for students, however, can Cooke County College continue to exert this tremendous impact on our local economy. This is what Saturday's bond election is all about. The future is in your hands.

Invest Saturday in the future of Cooke County College. You'll be investing in the economic future of Cooke County.

Don't Let Your Easter Gift Lay An Egg!

The American Veterinary Medical Association urges you not to give your children rabbits, chicks or ducks for Easter. Excitement and enthusiasm over the gift often result in broken legs and crushed wings.

The injury or death of the animal is a traumatic experience for the child. Animals that survive generally end up in an animal shelter. It is impossible to place them all. Many have to be destroyed.

The veterinarians remind parents that these are outdoor animals. They cannot be housebroken and may cause serious housekeeping and health problems. Public health authorities warn that children and adults in close contact with these animals may be exposed to salmonellosis, a severe

gastro-intestinal infection. Salmonellosis is rarely fatal, but often requires medical treatment including hospitalization. Other pets as well as family members may become ill.

Because of the problems surrounding these animals, many communities have passed laws prohibiting the sale of rabbits, ducklings and chicks as pets.

Easter and the coming of spring should be a time of joy and rebirth, not a period of physical illness, psychological trauma and the needless deaths of young animals. The American Veterinary Medical Association urges parents to leave rabbits, chicks and ducks on the farm and give their children stuffed toys and chocolate bunnies instead.

Letter to the Editor

I want to let you know how much I appreciated and enjoyed the pictures and the article of the Hospital Auxiliary Show, "Fantasy Frolics." It is so nice to see that someone did appreciate all the time everyone gave to make our program a success. I just wish that everybody could have had a front row seat. To those who did not see the performance, I will say you missed a truly entertaining evening. To those of you who made the effort to come I thank you for showing your appreciation. The committees and performers worked hard to provide a night of entertainment and I did enjoy working with them.

Sincerely,
Frances Bayer

Two Parties Honor Leslie Klement

Leslie Gayle Klement, daughter of Mr. and Mrs. Robert G. Klement, was five years old on April 2. Two parties were held to mark the special day. She was honored with a cookout Saturday evening, March 31, hosted by her grandparents, Mr. and Mrs. Frank Zimmerer, in their home.

The second party was in Leslie's home, hosted by her mother, on Monday, April 2 in the afternoon.

Guests were Leah Walterscheid, Jamie and Jeff Flusche, Julie Hess, Kristen and Allison Klement, Tina and Cody Klement, Dyan Fisher and Jane Klement. The guests' mothers also attended the party.

Leslie's brothers and sisters Scott, Travis, Melody and Shelly and their grandmothers, Mrs. Ed Klement and Mrs. Frank Zimmerer also attended.

There were games, gifts and picture taking during the afternoon. Refreshments of cupcakes, cookies, ice cream and cokes were served. Party favors were hats, blow-outs and sacks of candy.

Who Are We?

Cooke County Electric Cooperative is an electric distribution system which is owned and controlled by the people we serve. We are chartered by the State of Texas.

As a Cooperative, Cooke County Electric is operated on a non-profit basis. All revenues, over and above the cost of doing business in any year, are credited to the member-owners under a plan called Capital Credits.

The member-consumers control the Cooperative through the Board of Directors which are elected each year at the Annual Meeting as their terms expire. Each Board member receives his electric service from the Cooperative at the regular rate, just as you do and is just as interested in the quality of service he receives as the other member-consumers.

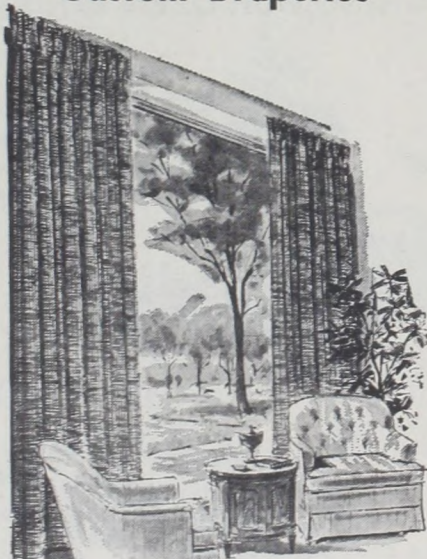

It is the sincere desire of Cooke County Electric that all members are treated equally and are provided the highest quality of electric service available at the lowest possible cost in keeping with sound business principles. Working together, we will continue that goal.

of Muenster Public School Second Grade Visits Dairy

As part of their science unit on animals, second grade students visited the Klement Dairy Friday morning. In addition to showing the milking process, Robert Klement explained the care taken in keeping the cows and milk clean. He also showed and explained the cooling process and transportation of the milk to larger cities. After the tour, Robert served each child a sample of warm, raw, milk. Later that day Mr. and Mrs. Dale Klement treated each child to their favorite dairy product—ice cream. The classes had also churned butter from cream supplied by the dairy. They enjoyed tasting the homemade butter too. The two second grade classes were accompanied by their teachers, Mrs. Cain and Mrs. Weinzapfel, and by Mrs. Rita Russell, one of their room mothers.

Winners Named in Golf Tournament

Fifty-six members of the Muenster Golf Association participated in the scrambler tournament last Sunday at Nocona Hills Country Club.

The winning team, with a 6 under score of 65, included Bernard Luke, Leonard Endres, Virgil Henscheid and Kenny Hartman.

Runners up, with a 66 score, were Dale Klement, Ted Henscheid, Mark Lippe and Mattie Endres.

Next were Bill Black, John Monday, Bob Hamric and Urban Endres with a count of 67.

Prizes were golf balls: 12 to each player of the first place team, 6 each for second place and 4 each for third place.

Players decided to continue with scrambles for their next tournaments on the first Sundays of May and June. Play starts at 9:30 on May 6 and at 9:00 on June 3.

'Music Man' Seen By 2 Full Houses

Culminating more than eight weeks of study, set building and rehearsals, Sacred Heart High School students presented two showings of "The Music Man" by Meredith Wilson and Franklin Lacey. Show dates, to a full house, were Friday, March 30 and Sunday, April 1, in the Sacred Heart Community Center. Frank Luke was the director and piano accompanist.

Forty seven students were included in the cast. Carrying the lead were Janelle Hellman as Marian Paroo and Joe Bartush as "The Music Man", Harold Hill. Rose Felderhoff played the match-making mother; Angelo Nasche Jr. was the mayor.

Supporting roles were performed by Dale Schilling, Nancy Luke, Rhonda Endres, Rhonda Bednorz, Jesse Walterscheid, Toni Hoedebeck, Christy Felderhoff, Mark Nasche, Sherri Hert, Mary Lin Koessler, Laurie Walterscheid, Sam Hess, Paul Bartush, Kent Fuhrman and the Barbershop Quartet and school board, Mike Bayer, Dick Dangelmayr, Greg Gieb, and Wilfred Luttmer.

Invite The Sun To Your Kitchen

Here is a "unifying" decorating scheme that will lend a "sunbelt" ambience to any kitchen-dining area. The trick is to use a common decorative scheme in colors, furnishing and flooring.

The bright "southwest-influenced" kitchen and dining room shown here features the natural glow of warm woods in cabinets and furniture against the soft coolness of stucco walls, rich in architectural detailing. And—providing character and focus for the setting—is the handsome GAFSTAR floor of "Mexican Agate," a modern version of the classic pattern.

The intriguing design features varicolored "marble" pieces set in a sea of tiny textured chips in a deeply embossed pattern of sheet vinyl. The result—the look of agate at a fraction of the cost.

Important elements in this sunbelt scheme are the massive leather-covered chairs and the hand-hewn table which literally demand the structural support suggested by the agate patterned floor. Adding to the entire effect are the colors which are kept to the desert hues and are highlighted in the natural textures of the straw basketry, place mats, pottery and plants.

singletree furnished by Kleiss Brothers, and interior curtains and upholstered front seat constructed by Mrs. Paul Dangelmayr.

Special thanks were given to Michael Bartush who furnished the horses to pull the Wells Fargo Stagecoach.

Also assisting with set construction were Jeff Hess, Dick Dangelmayr, Angelo Nasche Jr., Joe Bartush, Wilfred Luttmer and Greg Gieb.

In addition to credits and expressions of thanks to the above after Friday night's showing, on Sunday night a

vote of appreciation was given to Sister Carmelita, the choreographer, and to Sherri Herr who was in charge of props; roses were presented to Janelle Hellman and Sharon Growing; and a plaque from the cast and a beer mug from the Seniors were given to Frank Luke.

Among familiar songs in the play were "Till There Was Nasche Jr., Joe Bartush, Wilfred Luttmer and Greg Gieb. "Iowa Stubborn," "Ya Got Trouble," "Wells Fargo Wagon," "Goodnight, My Someone," and "Seventy Six Trombones."

Saint Jo Art Show Invites Exhibits

Garden Clubs of County Will Have Plant Exchange

The annual Plant Exchange sponsored by the Cooke County Council of Garden Clubs in Leonard Park Pavilion has been re-set for Thursday, April 26. Cold, rainy weather delayed development of plants, and the probable scarcity of plants for exchange prompted sponsors to reset the date. Everyone is welcome to attend on Thursday, April 26, starting at 8 a.m. Those with plants to donate may leave them with Mrs. Jim Roark, if they wish, or may take them to Leonard Park themselves. In either case, all are encouraged to protect the roots from drying out.

Beta Kappa Hears Report on Pageant

Members of Beta Kappa heard committee reports on the progress of plans for the Miss Muenster Pageant to be held in the MHS Auditorium Thursday April 26 at 8 p.m. The reports were made during the meeting in the home of Mrs. Lupe Evans on March 28. Also announced then were plans for the supper for judges and contestants to be held Saturday night, April 21 at 5:30 p.m. in the Cooke County Electric Co-op.

Plans were also begun to observe the 50th anniversary of ESA on Saturday, May 5.

The program was given by Mrs. Lupe Evans, who shared her life story, in keeping with this year's theme to "reach out and touch."

The next meeting will be held in the home of Mrs. Liz Howe in Forestburg, on April 18 at 7:30 p.m. Mrs. Howe will present the program.

Following the close of the business meeting, Mrs. Lupe Evans served a desert plate and beverage to ten members present.

Confetti . . .

ious trouble with an economic and social upheaval possible as early as 1985 . . . and related to declining production, unemployment and other problems resulting from energy shortage. He said that energy self sufficiency is not possible under present conditions because of senseless and inflexible government regulation. He thinks it is absurd to regulate oil prices at levels which discourage domestic production while paying exorbitant prices to OPEC. Likewise absurd are zero and near zero pollution demands costing the nation billions of wasted dollars. For instance, a lawn discharges more hydrocarbons into the air than a car. He regards the Naderites as one of the principal obstacles to energy sanity.

In spite of the gloomy situation McKetta thinks the outlook can be improved by a number of conservation measures. He suggests smaller cars, use of car pools, no air conditioning in cars, and set the home air conditioner at no lower than 80 and insulate, also eliminate escalators and dryers, hold speed down to 55, avoid unnecessary driving and increase the legal age for a driver license. The suggestions imply rugged living but together they can save 3.5 million barrels of oil a day.

Era, Gainesville Teams Win Land Judging Contests

Era and Gainesville FFA teams won Thursday in the 23rd Annual Land Judging Contest sponsored by the Upper Elm-Red Soil and Water Conservation District. Under a constant threat of rain and occasional sprinkling, 58 contestants from nine schools in Cooke and Montague Counties competed in the contest.

In the Senior division seven teams made up of 26 contestants competed for the honors. Era FFA team won first place with 592 points out of a possible 840 score. The next four teams and their scores were Gainesville 555, Forestburg 529, Valley View 500, and Goldburg 456.

In the Junior team eight teams composed of 32 con-

testants competed. Gainesville FFA won first place with 591 points, and the next four were Forestburg 545, Nocona 535, Era 514, Callisburg 484.

Barry Durham of Era FFA was high scoring individual with 232 points out of a possible 280. Others of the top ten were Tim Eberhart, Gainesville FFA, 225; Sam Leach, Gainesville FFA, 219; Lee Uselton, Gainesville FFA, 198; Pam Edwards, Forestburg FFA, 195; Karen Bell, Forestburg FFA, 188; Jerry Lohbauer, Gainesville FFA, 187; Jackie Mitchell, Nocona FFA, 185; Brad Cravens, Gainesville FFA, 185; Tray Yarbrough, Era FFA, 185.

The Upper Elm-Red Soil and Water Conservation Dis-

trict sponsors this contest for FFA and 4-H teams in Cooke, Grayson and Montague Counties, which make up the district, as a training contest for FFA district and state land judging contest.

In the contest each contestant must judge four locations to determine type of soil, its depth, texture and permeability, the erosion hazards, and conservation treatment necessary to control erosion. Each location has a possible score of 70 points. Four team members compose a team, and the three highest individual scores on the team are totaled to make the team score.

P. W. Griffin, 91 Of Saint Jo Dies

Piner William Griffin, 91, of Saint Jo died at his home there last week Wednesday, March 28. Funeral services were held in the First Baptist Church and burial was in Mountain View Cemetery of Saint Jo on Saturday, March 31. Survivors include ten children.

He was born and raised in Muenster on the farm now owned by Alphonse Hoenig. Throughout his life, Mr. Griffin was fortunate to retain good health. Even last year, he bought and remodeled an old house. He took an active role in civic affairs in Saint Jo and served as Mayor, at one time, and as a Justice of the Peace and a City Alderman.

Among friends attending his funeral were Mr. and Mrs. Bernard Wolf, Mrs. Lou Wolf, Mr. and Mrs. Henry Wolf and Mr. and Mrs. Charlie Wolf. Members of the family of the late H. M. Wolfs were friends and former neighbors of the Griffin family.
