NUMBER 8

With pomp and ceremony symbolizing the "improved Hungarian-American relations in recent years," Secretary of State Cyrus Vance has formally handed over the 1,000-year-old Holy Crown of St. Stephen to the Hungarian-Communist government of János Kadar.

As if adding insult to injury, the Administration is also considering Hungary's request for most-favored-nation trading status with the U.S. The butcher, Kadar, who collaborated in the murder of thousands of his countrymen and the enslavement of survivors in 1956, who still carries on a typical Communist program of religious persecution, has either conned or pressured our government into a monumental sacrilege. The crown which was a symbol of Hungarian freedom and independence for almost 1000 years was surrendered by us to the beasts who enslaved Hungary.

It should be understood that most Hungarians attach the same importance to the crown as Americans attach to the US Constitution and the Bill of Rights. Decorated with miniature religious scenes and studded with precious gems, this golden diadem was given to King Stephen of Hungary in the year 1001 by Pope Sylvester II as an expression of the Pope's gratitude for Stephen's conversion of his nation to Christianity. It was used in the coronation of more than 50 Hungarian kings, and no state ceremony was considered legitimate without it. The extent of betrayal by our government in the give-away can be measured by the fact that no single item is more sacred to the people of Hungary.

When the Soviets were marching on Hungary in 1945, a Hungarian military guard turned the crown over to the United States for safekeeping. After accepting it the US kept it in custody in West Germany, and later transferred it to Fort Knox, where it remained until turned over to the Kadar gang.

The outrage takes on added meaning when one considers the character of Kadar, the present Hungarian leader, who had an important role in crushing the 1956 rebellion by cooperating with the Soviet troops. It was Kadar, who, after vowing three days earlier to fight Soviet tanks "with my bare hands," called in those same tanks on Nov. 4, 1956, to "smash the dark, reactionary forces" of the Hungarian Freedom Fighters.

Also, it was Kadar who wrote to President Tito on Nov. 21, 1956, saying his government "had no desire to punish Imre Nagy", prime minister of Hungary during its glorious two weeks of freedom. Yet when Nagy naively left his sanctuary in the Yugoslav Embassy of Budapest on the strength of that assurance, he was executed. This is the kind of human scum our government chose to cooperate with. And the act will be heralded as recognition by the American people of the fine, upstanding, legitimate democratic principles and practices of Kadar and his Red associates.

Besides violating the honor and tradition of a nation, the give-away points up Carter's reversal of a much publicized campaign statement. When Gerald Ford in a TV debate said "there is no Soviet domination of Eastern Europe," Carter rightfully responded "I would like to see Mr. Ford convince the Polish-Americans and the Czech-Americans and the Hungarian-Americans in this country that those countries don't live under the domination and supervision of the Soviet Union behind the Iron Curtain."

The correctness of that statement can be clearly seen in comparing the red, white and green flags of Hungary before and after the Communist take-over of 1945. In the center before was the

Final Rite Held at Subiaco For Father Louis Deuster, 79

Father Louis Deuster, O.S.B., 79, monk and priest for over 50 years, died on Wednesday, January 4, at Subiaco Abbey, Ark., where he had been in retirement. He was a former pastor of Muenster's Sacred Heart Church, serving from October 1951 to January 1958.

A rosary service was held at the Abbey on Thursday and a Mass of Christian Burial Friday followed by burial in the Abbey cemetery. Survivors are a brother, Frank, also two sisters, Mrs. Dora Myers and Sister Basil Deuster all of Fort Smith, Ark.

Father Louis was born in Fort Smith on March 5, 1899, attended his parish school then Subiaco Academy, College and Seminary. He made his profession as a monk of Subiaco Abbey on Sept. 8, 1918, and was ordained to the priesthood April 29, 1923. After ordination he attended

Notre Dame, graduating with an MA degree.

Father Louis was closely involved with the athletic history of the Academy. As a student he was a member of the 1916 Subiaco undefeated baseball team. During his early priesthood he was athletic director, established football at the school in 1924, and coached in football, basketball and baseball. In recognition of his dedication to sports, the current fieldhouse and gym, built in the late 1960's, was named after him.

He was a teacher as well as a coach and, like other priests of the Abbey, conducted Sunday and Holy Day services in Arkansas and Oklahoma. Later he was assigned to assistant pastor and pastor duties at Ratcliff, Barling and Fort Smith, Ark., and also to superior and secretary positions at the Abbey.

During his later years he was pastor of St. Edward's parish of Little Rock and Sacred Heart of Muenster. From 1961 until his retirement in 1975, Father Louis was chaplain of St. Bernard's Medical Center, Jonesboro, Ark.

Prosecution and investigation capabilities for the district attorney's office for the 235th Judicial District will be continued with the grant for \$35,013. The district includes Wise, Cooke and Jack counties.

The grant was among 83 approved statewide by Governor Briscoe from Law Enforcement Assistance Administration (LEAA) funds under the Crime Control Act of 1976.

Dates Set for 3 V'Ball Tournaments

Sacred Heart Alumni members in a meeting during the weekend set the dates and started plans for three one-day volleyball tournaments to be held in the Sacred Heart gym.

The dates are January 29, April 2 and April 16, all Sundays, and there will be men's and ladies divisions with champ and consolation brackets. Trophies will be awarded to the winners of first and second places and consolation. Entries will be limited to eight teams in each division because of limited time.

Joe Feldehoff, chairman, can supply other information about the tournament and accept entries.

Final Installment Due on Estimated 1977 Income Tax

Taxpayers who filed estimated tax on their 1977 income must pay the fourth quarter installment by Saturday, January 15.

The provision in the law for taxpayers to pay estimated tax in four equal installments means that 100% of the tax should be paid by January 15 using declaration voucher 4 from the Form 1040-ES package, the "Internal Revenue Service said."

Taxpayers whose anticipated income during 1977 has changed may have to file an amended declaration. Space appears in the estimated tax package to compute an amended estimate, the IRS said.

For more detailed information, taxpayers can obtain IRS Publication 505, "Tax Withholding and Declaration of Estimated Tax," available free from IRS offices. Supplies of the Form 1040-ES package are also available from these offices.

Public Relations Seminar Booked February 13-16

A Community Awareness seminar conducted by the Texas A&M Extension Service and sponsored by the Muenster Chamber of Commerce will be available here in four sessions beginning on February 13. Details were explained at Tuesday's Chamber meeting by Bertha Hamric, who has charge of arranging the short course and is accepting reservations for it.

She said it is a public relations class to improve one's communication with the public, with customers and with others of an organization, as well as to develop personal skills and qualities.

The course consists of twelve hours divided into four three hour sessions, 6:30 to 9:30, Monday through Thursday, February 13-16. Total cost is \$650 for a maximum enrollment of 25. As pointed out at the meeting, the chamber has set the fee at \$35 per person and will absorb the balance of the cost if the full enrollment fails to materialize. Registrations are to be accepted on a first come, first serve basis.

SH Teams Win One And Lose Three in District Openers

Sacred Heart basketball teams had a disappointing start in their district play during the past weekend as they hosted Alamo of Amarillo and Christ the King of Lubbock. The Tigerettes lost both of theirs and the Tigers took Alamo 45-37 then bowed 54-50 to Christ the King.

The Sacred Heart fellows edged in front 14-12 in the first period with Amarillo and gained to 29-20 at half time. After that they played about even for leads of 37-28 and 45-37. Joe Hoedebeck led the scoring with 20. Glen Walterscheid hit 9, Ken Felderhoff 6, Gary Rohmer 3, Gene Luttmr 3, Dan Walterscheid 2 and Ken Hartman 2.

In Saturday's contest with Christ the King, the Tigers had disastrous first and second quarters for deficits of 16-8 and 33-18. After that they came to life and gained through the third and fourth but they still trailed by 39-30 and 54-50. Glen Walterscheid led Tiger scoring with 17 and Joe Hoedebeck was next with 15. Ken Hartman added 8, Gary Rohmer 4, Ken Felderhoff 4 and Gene Luttmr 2.

Playing Alamo Friday the Tigerettes had a hot contest but came out of the unhappy end of it. They trailed 14-12 the first quarter and gained to a 28-24 half time lead. Ending the third the visitors regained the lead 40-37 then held out for a 50-43 win. Shelta Qualls scored 28 for the Tigerettes, Sharon Grewing made 16 and Monica Gehrig 4.

The Lubbock gals inched ahead 14-13 in the first quarter and took charge in the second for a 41-22 lead, then coasted through the third and fourth to the final lead of 60-46. Shelta Qualls made 30 for SH and Sharon Grewing 16.

Chamber Begins Preparations for Election, Banquet

The first step toward the annual Chamber of Commerce election and banquet was revealed at Tuesday's regular meeting when President Johnny Pagel said that officers and directors have started the customary preparations for nominating and electing by mail.

Again the procedure is to send out letters about the banquet, accompanied by a request for dues payment and a ballot on which members are to elect their officers and directors. The payment and the marked ballot are to be returned promptly so that election results can be determined before the banquet... and so the member can qualify for a free banquet ticket.

Possibility of a membership drive was considered but not decided. President Pagel said it will be discussed further and perhaps adopted by the officers and directors.

Identity of the banquet speaker has not been decided.

Tourism Hailed as Sizeable Asset to State's Economy

Tourism as a sizeable asset to the state and community was explained Tuesday by the Muenster Chamber of Commerce meeting by Dale Sowder, manager of the state Tourist Bureau office on I-35 north of Gainesville.

He said that tourism is big business with direct benefits to every business contacted plus sizeable tax revenue to the state.

Quoting from statistics of 1976, he pointed out that Texas had 6.5 million tourist visitors spending an estimated total of \$3.1 billion. The figure represents that much additional income to stores, motels, service stations, resorts, etc., plus a handsome tax to the state, representing income that did not have to come out of Texans' pockets. On an average every tourist party entering the state is made up of 2.8 persons and spends almost \$55 per day.

Sowder recalled that many tourists last year saw the Germanfest brochures on display in his office and estimated that dozens of them visited here. He said that it is important to tell people about your community.

Still more important, he added, is giving a good impression. Above all, be polite and cheerful and helpful, and be generous in praise of your town. See that the tourist's stop here will be remembered as a delightful visit. Join the millions of other Texans who are doing their part in attracting the pleasures and profits of tourism.

A cross country race in two divisions, open to anyone who wishes to enter will be held next Thursday, Jan. 19, at 3 p.m. in the Muenster City Park. One race will be 1 1/2 mile and the other 3 miles. More information is available from Ronnie Hess.

Germanfest Plans Start Shaping up

Germanfest for 1978 is coming to life. W. J. Miller general chairman, reported at Tuesday's Chamber of Commerce meeting that a good start on the planning was made last week in a session of committee chairmen and people leasing the booths.

He said that last year's occupants will have the first opportunity to lease their former locations, and spaces remaining after the former occupants decide will become available on a first served basis. He also mentioned the intention to charge a deposit fee of \$4 per foot to discourage persons from reserving space and failing later to use it.

Miller said that the Community Center and adjoining area will again be available for the Germanfest and a few changes will be made. The building is to be used for dancing, but not for a catered meal. Concessions games are to be of the skill type rather than chance type. And portable rest rooms are considered to relieve the crowding that has been experienced before.

Award of contract for the principal concession, beer, will be subject to competitive bidding starting at 30 percent. Interested persons are asked to submit sealed bids to W. J. Miller for opening at the January 30 meeting.

Entertainment features of the festival were not listed but are expected to get attention at the January 30 meeting. The German Fun Run, biggest event on the program, is being widely publicized in hopes of making it greater than last year's huge success.

An 8,000 mile 4 week vacation trip for Theresa Sicking and Louise Morisak of Gainesville and Lena Zimmerer of Lindsay was completed when the three returned home December 4. Accustomed to extended travel, this was, however, the first time to be gone for a month. They traveled through 14 states, and areas of Canada.

Their first visit was with friends in St. Joseph, Missouri, followed by sightseeing along the Missouri River and a visit again with friends, in Falls City and Rulo, Nebraska. Sightseeing there included a National Park, an authentic, old log cabin and spectacular late fall foliage; also the old town of Brownsville, Nebraska, to see an old flour mill where wheat, rye and barley flours were ground and home baked bread and roasted nuts were available. There they also visited several families who were friends of the late Mrs. Margaret Sicking, mother of Theresa Sicking. The area was devoted to soy bean crops but harvesting was delayed because of heavy rains.

In Auburn and Omaha, Nebraska, they visited more friends and toured Boys Town, and in Minden, Nebraska, they toured Pioneer Village.

The trip began in cloudy and cool weather for several days, but after leaving Nebraska, the weather turned to sleet and 6 inch snow when they drove toward the Dakota Badlands and they followed snowplows into the Scenic Drive. Approaching the Black Hills and Mt. Rushmore then the Needle Mountain Scenic Drive and then to Crazy Horse, the Indian Memorial marble carving, they continued in snow and ice.

Driving through Montana, they enjoyed seeing pasture lands, a ranch with 2,000 sheep, a cattle drive on the highway, deer on the side of the road and an oil field near Timberline, Montana.

Rocky Mountain driving was spectacular in the snow. The three visited the 10,000 Silver Dollar Bar and were impressed. Enroute to Spokane, Washington, they visited Mr. and Mrs. Robert Otto and other friends and the next day they visited the Lehnertz Brothers and toured all their restaurants and dining rooms. The Lehnertz Brothers asked especially that their greetings and good wishes be brought to friends and relatives at home.

Miss Sicking, Mrs. Zimmerer and Mrs. Morisak did extensive sightseeing in the area, saw the Grand Coulee Dam and visited again with the Ottos and Lehnertz Brothers.

Continuing, they drove the Snoqualmie Pass into a Winter Wonderland. They saw the Snowshed on Highway 90, Liberty Bell Mountain, Mt.

Olympus, Mt. Ranier, all covered with snow, and Image Lake with snow covered mountains behind it. They drove over Golden Bear Bridge to cross the Klamath River, to see mountains of Vancouver, B.C. Canada, including Lions Mts. and Diamond Head Peak. Timberline Lodge was spectacular.

Back in Oregon and then into California for more sightseeing in wide areas, they especially enjoyed the contrast in farm lands and the famous Redwoods and the scenic drives. They visited in San Francisco, drove the Golden Gate Bridge, enjoyed long views of the coast highway with mountains on one side and the Pacific on the other side.

In Sherman Oaks, California, they visited Miss Sicking's Aunt Emma V. King. Continuing along the coast they saw California Roosevelt Elk roaming free in Prairie Creek Redwood State Park. In San Miguel they saw the famous Mission founded in 1797.

They took guided tours of Disneyland and later visited San Juan Capistrano Mission. In El Cajon they visited Mrs. Zimmerer's sister Mrs. Bob Dixon, the former Rita Voth, who accompanied them for extensive sightseeing.

In San Diego they toured the famous Wild Animal Park and saw the Lawrence Welk Country Club. Driving through hundreds of acres of vineyards and orchards and stopped occasionally to buy oranges, tangerines, persimmons, avocado and walnuts.

In Las Vegas, Nevada they saw several shows and the next day went sightseeing at Hoover Dam and Lake Mead. Next stop was the Grand Canyon Park and the South Rim in Arizona in 16 degree weather.

On the return trip to Texas early in December, they saw the harvesting of Red Chili Peppers in New Mexico. In Farmington, they visited Mr. and Mrs. Richard Pulte, relatives of Mrs. Morisak. He is a native of Gainesville. In Santa Fe the three ladies visited the Miracle Staircase of the Loretta Chapel. In Fritch they visited Mrs. Morisak's sister and family, the Fred Perrys. In Borger they attended Sunday Mass and arrived home the same day.

They made many pictures and Theresa Sicking made additions to her glass, and cup and saucer collections. Mrs. Morisak added to her vase collection.

Facts do not cease to exist because they are ignored.

A man is just as big as the thing that makes him angry.

Doris Schmitt Marries Gerald Penny

Mr. and Mrs. Gerald Christie Penny have returned from a wedding trip to Las Vegas and will be at home in Irving. Both are employed in Dallas. The bride is the former Doris Anne Schmitt, daughter of Mr. and Mrs. Al J. Schmitt of Muenster and the groom is the son of Mr. and Mrs. Robert F. Penny of Dallas.

The bride is a registered nurse at Parkland Hospital and is a member of Alpha Lambda Delta Sorority. She is a graduate of Sacred Heart High, Cooke County College and Texas Women's University. The groom is a Pharmaceutical Assistant at Parkland Hospital. He attended the University of Houston and is currently completing graduation requirements at North Texas State University. They were married in Sacred Heart Church in a Nuptial Mass with double ring ceremony on Saturday, January 7 at 5 p.m. They chose the date to coincide with the bride's mother's birthday. Father Placidus Eckart officiated.

Given in marriage by her father, in a setting enhanced by the Christmas decorations in church, the bride was wearing a formal wedding gown of candlelight Quiana designed with empire waistline, portrait neckline and Venetian lace edging on the sleeves and neckline. The full skirt swept to a chapel length train. A Juliette cap held the fingertip length candlelight illusion veil. She carried an heirloom bridal bouquet of silk Peace roses and ecru carnations with imported porcelain dogwood.

For something traditionally old, the bride chose a diamond pendant worn by her maternal grandmother, mother, sister and aunt on their wedding days. Something borrowed was a white satin pillow used at her sister's wedding and she also had the blue garter.

Attendants
Mrs. Jess Hall of Dallas, sister of the bride was ma-

tron of honor and bridesmaids were Mrs. James Raschke of Dallas, sister of the groom and Miss Marilyn Dieter of Dallas, friend of the bride. They wore identical gowns of melon Quiana, designed with draped necklines and slightly flared skirts and they carried baskets of silk and dried flowers matching their dresses.

The best man was Dr. Robert Penny of Weatherford, brother of the groom and groomsmen were Tom Schmitt of Houston, brother of the bride and Dr. Richard Penny of Fort Worth, brother of the groom.

The flower girl was Debbie Schmitt, niece of the bride and ring bearer was Bradley Penny, of Dallas, nephew of the groom. Carrying the wedding candle was Kristen Penny of Dallas, groom's niece and carrying handmade silk rosebuds made by the bride were Vickie Schmitt of Muenster, and Jennifer Schmitt of Amarillo, both nieces of the bride. The groom presented a rosebud to the bride's mother and the bride presented one to the groom's mother.

Ushers were Harvey Schmitt of Muenster, Wayne Schmitt of Amarillo, both brothers of the bride and Jim Penny of Dallas, brother of the groom. Mass servers were Stephen Schmitt, nephew of the bride and Stephen Fisher and Ronnie Fisher, cousins of the bride. Presenting wedding music were Lynda Klement, Doug Yosten, Laura Kralicke, Mary Endres and Linda Flusche with organ and guitar accompaniment. As guests assembled the group sang "My Cup Runneth Over", "Follow Me" and "Let It Be Me". When the mothers of the couple were escorted to their places, the group sang "Peace, Joy and Happiness"; at Offertory the song was "Of Our Hands", and at Communion "Wedding Song". At the Blessed Mother's altar the song was "Make Me a Channel of Your Peace". Linda Flusche played the Wedding March and Recessional "Joy".

For the wedding the bride's mother wore a full length gown of cranberry Quiana and the groom's mother wore a pale pink chiffon and lace long dress. Both had cymbidium orchid corsages.

Reception
The bride's parents hosted a reception and dinner at the Community Center, for 200 guests.

Mrs. Henry Victor, bride's sister of Manhattan, Kansas, and Julie Schmitt, a niece of Amarillo, presided at the guest register.

Reception assistants, serving the wedding cake and punch were Mrs. Harvey Schmitt, Mrs. Henry Victor, Mrs. Jim Penny, Mrs. Richard Penny, Mrs. Jeffrey Penny, Mrs. Gregg Penny, Mrs. Bob Penny, all sisters or sisters-in-law of the couple, and Mrs. Betty Rose Walterscheid.

The three tiered wedding cake was iced with candlelight icing and, between the tiers, was trimmed with iridescent bells, doves and grape clusters tied with sonya ribbon. The fresh flower top ornament was of sonya daisies, matching the bridesmaids dresses, and gypsophila and leather leaf.

THANKS

I appreciate very deeply the kindness and consideration of relatives and friends during my illness that hospitalized me on Christmas Day. Special thanks to everyone at Muenster Memorial Hospital, to Dr. Juarez and the wonderful nurses for splendid care. Also to friends who visited, said a prayer, or sent cards and flowers. R. D. joins me in saying "Thank You."

Mrs. Rudy Morris

Our family is deeply grateful for the care and consideration given our husband and father during his illness, and for the many kindnesses shown to us at the time of his funeral. Special thanks are offered to the nurses and hospital staff, Dr. Juarez, Father Placidus, Father Wolfgang, neighbors and friends. Thanks also to those who sent food to our homes and to the ladies who prepared the family dinner.

Mrs. Joe Starke and family

Watch Your Watts As Well As Your Waistline

Most people end the holiday season feeling a bit overstrained in their pocketbooks and their waistlines. While you are getting your finances and your figure in better shape consider going on an energy diet as well.

A family energy budget doesn't have to mean drastic changes in lifestyles. In fact, certain conservation improvements such as adding insulation, storm windows, caulking and weatherstripping will actually increase comfort levels by reducing outside noise and make the home draft resistant.

There is satisfaction in knowing you are getting the most heat possible for the money when you pinpoint energy waste and reduce your home's energy appetite.

A family resolution to keep thermostats as low as possible, coupled with additional weatherizing of the house, will pay off in lower annual heating costs.

This year, make energy conservation a personal priority. Investigate ways to reduce electrical waste in your home, your living habits, and your work environment. If you need help, or more information, call us.

You Can't Escape The Energy Crisis . . . But You Can Do
Something About It!

Students Honored
Five Sacred Heart High School Students have recently been honored by receiving certificates to the effect that their writings had been selected to be published in the anthology containing the writings of National Contest Winners.

Approximately \$1800 was raised from pledges and the dance. Half the proceeds will be sent to St. Jude's Children's Hospital in Memphis. The money will be used for research and treatment of Cancer in children and other diseases that take our children's lives.

Four door prizes were won by Shelta Qualls, Jeff Hess, Dea Swirczynski and Mark Vowell. The prizes were 2 free hamburgers and 2 cokes donated by the Dairy Inn, \$5 worth of Gas from Ferd's Gulf, and \$5 cash and a record album donated by the Art Club.

Refreshments were served by the Art Club members to the Marathon dancers during regular breaks throughout the 12 hours.

YOU CAN BANK ON IT!

The stock market picture is not as gloomy as it seems. True, Dow Jones Industrial averages are near their lowest levels in three years, but analysts point out that millions of shareholders are doing well.

The fact is, 1977 has been a bad year for blue-chip stocks but a good year for some others.

Dow's issues once were heavily traded because they promised big future profits. They still sell at prices many times current earnings. But hundreds of other good, solid stocks have performed well. Because they lack the glamor of the growth stocks, they sell relatively low but remain active. One reason may be that investors are beginning to turn from the "blue-chips" with their promises of big gains in the future for stocks that pay dividends now!

Consequently, in 1977's first six months, Dow averages dropped 12%. American Stock Exchange index climbed more than 15%. The economic outlook is bright. You can BANK on it!

Party Honors Four Residents of Villa

Residents of St. Richard's Villa honored at the January birthday party were Mrs. C. J. Wimmer, Jewel Jones, Esther Buck and Ernest Bell. Furnishing entertainment were members of the Cross Timbers Band joined by Jack Hogan, violinist and Buddy Yosten of Muenster, Frank Hogan of Saint Jo and Mike Hogan, guitarist. Mike was on holiday leave from the Brooklyn Navy Yard.

Irlene Hogan, activity director was assisted by Mrs. Richard Cain, administrator, and staff members in serving punch, coffee and birthday cake to a large group. All joined in singing the happy birthday song.

Ernest Bell was honored a second time on January 9, his birthdate, when a group of Chirping and Daisy Bluebirds arrived at the Villa with a candle topped cake, a gift and a shower of handmade birthday cards for their "adopted grandpa". The little girls recently adopted Mr. and Mrs. Bell as their grandparents and special project. They were accompanied to the Villa by their leaders, Carol and Betty Henscheid.

Bluebirds attending the party were Judy Pagan, Amy Henscheid, Sharon Henscheid, Gail Fisher, Rhonda Bayer, Kelly Hennigan, and Tracy Henscheid. The birthday cake was shared with residents as dessert for supper.

The Liberty Bell was cast in England.

Kerosene replaced whale oil as a means of illumination.

Why is Texas Power & Light asking for a rate increase?

On December 21, 1977, Texas Power & Light Company applied to all incorporated cities and towns it serves and to the Public Utility Commission of Texas for authority to increase its rates for electric service.

In coming weeks, our application will be under consideration by the cities and towns served by the Company and by the Public Utility Commission.

Texas Power & Light wants you to know why we are asking for this rate increase.

1 TP&L MUST CHANGE THE FUELS NEEDED TO PRODUCE ELECTRICITY FROM NATURAL GAS...

- The State of Texas requires a phase-out of the use of natural gas for generation of electricity. It appears that Federal law may require even faster phase-out than required by State law.
- Gas supplies are limited.
- Rising cost of gas: Our average cost in 1975, \$.89 per million BTU's in 1976, \$1.23 per million BTU's in 1977, \$1.45 per million BTU's

... TO LIGNITE AND NUCLEAR POWER

- A large supply of lignite is available in Texas.
- Lignite is cheaper. Average cost in 1977 was \$.42 per million BTU's.
- The use of lignite instead of gas saved our customers \$87 million in one year.
- The future also favors nuclear power as a cheaper means of producing electricity. First nuclear unit in 1981.

2 TP&L MUST BUILD MORE ELECTRICITY PRODUCING PLANTS

- Our customers are increasing at the rate of about 20,000 per year, and...
- The demand for electricity will double in 10 years.
- Plants using high-priced natural gas must be phased out, held for peak-use periods, or rebuilt to use coal.

3 THE COSTS OF NEW PLANTS ARE INCREASING

- Today, lignite plants cost 3 times as much as gas-fueled plants: in 1972, \$135 per kilowatt in 1975-80, \$275 per kilowatt in 1980-85, \$477 per kilowatt
- Nuclear plants cost 6 times as much as

gas-fueled plants: in 1980-83, \$740 per kilowatt*

- Our construction costs have increased from \$64 million in 1968, to \$279 million in 1977, to \$326 million in 1978*. *estimated

4 TP&L MUST INSTALL COSTLY POLLUTION-CONTROL DEVICES

- Government regulations now require pollution-control devices that cost millions of dollars.
- On a new plant in 1972, anti-pollution devices cost \$2.50 per kilowatt. Today, these costs have jumped to \$59.40 per kilowatt.
- On four units now under construction, cost of anti-pollution devices will be \$178,000,000.
- Anti-pollution devices increase generating costs 15 to 20%.

5 TP&L MUST STAY FINANCIALLY STRONG IF WE ARE TO PROVIDE FOR THE FUTURE, BUT...

- Interest coverage (earnings available to pay interest) is down from 8 times in 1968 to 3.7 times in 1977.
- Average interest cost is up from 4.3% in 1968 to 7.6% in 1977.
- Rate of return on investment is not adequate.

TP&L'S PRESENT RATES WILL NOT SUPPORT...

- COSTS TO MEET INCREASING CUSTOMER DEMAND FOR ELECTRICITY
- CONSTRUCTION COSTS NECESSARY TO CHANGE FUELS USED TO PRODUCE ELECTRICITY
- AN ADEQUATE RETURN ON INVESTMENT, NOR A RETURN NECESSARY TO ATTRACT NEW INVESTMENT DOLLARS

Confetti - - -

Holy Crown, and after it was the hammer and sickle.

The give-away furthermore mocks President Carter's own much publicized principles on human rights. The fact that people are still persecuted in Hungary for religious, social or political opinion is the reason why many natives will not risk returning to their homeland. In spite of propaganda about religious freedom following Billy Graham's trip to Hungary, the fact remains that true freedom of religion simply does not exist.

More evidence of persecution in Hungary is contained in a report to the Helsinki Commission concerning violations of the Helsinki Agreement, which supposedly guaranteed religious freedom in the satellite countries of Europe. The report tells that the church is controlled by the

state office of church affairs; that schools, hospitals and orphanages are suppressed; that thousands of priests and nuns are expelled from their institutions, imprisoned or reduced to utmost poverty and treated as the scum of the nation.

The desecration of the Holy Crown is an incident for which Americans can hang their heads in shame. Still our Number One concern is not the embarrassment to ourselves or the insult to a noble nationality, but the kind of US thinking which motivates this kind of action.
