

MUENSTER ENTERPRISE

VOLUME XLIV

MUENSTER COOKE COUNTY TEXAS 76252 USPS 367-660

JULY 4, 1980

NUMBER 33

As could be expected, liberals of the GOP are determined to have a share of the 1980 political pie. Since their banner bearers Baker and Bush failed in their try for the presidential nomination both are being pushed as Ronald Reagan's running mate.

These promoters are trying to sell us on the idea that it's the politically smart thing to do. Since conservative votes are assured, they say, the election can be sewed up by accepting help from the "moderate" side of the party.

Actually it doesn't seem quite honest to use the word moderate in referring to that element of the GOP. Those guys are liberals at heart with a philosophy that fits the Democratic party more than the GOP conservatives.

On the basis of personal qualification, a number of conservative Democrats would be preferable to the liberal Republicans.

So, rather than strengthen the party ballot in November, one has to wonder whether the diluted ticket would not lose some of its appeal. Lots of present enthusiastic supporters, who feel convinced that the Reagan policies are the long awaited hope for a better America, would be disappointed to see this sign of watered down principles.

In fact, it's hard to believe that Reagan would make the same mistake again. In 1976, when he was running a good race with Gerald Ford for the presidential nomination, he chose Richard Schweiker as his running mate and disappointed millions of his conservative supporters.

The irony of that misfortune is that Reagan was consistent with his policy, but the public did not know. Schweiker's past performance identified him as a liberal but Reagan knew, and the voting record verified, that he was swinging over to conservatism. On that basis the selection was reasonable. While his liberalism appeared to be an election asset, his changing convictions would become an administration asset. The trouble, however, was that the apparent compromise did not please the public.

The memory of that experience hopefully will convince Reagan that another compromise will do him more harm than good. For instance, too many people know that his stand on abortion and the Panama Canal clashes with that of Baker. Also that whatever success Bush had in the primaries identifies him as a favorite of the Eastern liberals.

Of course the liberals are convinced that their favorites can attract votes, and conservatives will agree with them. But their number one motive, even more than election success, is to continue a firm hold on the party.

This applies especially in relation to Reagan's age. The VP candidate this time is likely to be presidential candidate in 1984. If so we can envision our government slipping back into the same old rut of tax and spend that it has followed for a half century.

Representative Jack Kemp inspired the Republican convention and much of the nation by referring to this year's campaign as a crusade. The word was well chosen. Its primary purpose is more than just winning an election but to eliminate faults that have crept into our government, and restore the qualities that made it great.

Millions of people are fed up with the trends of our times. They don't like giving a third of their income to taxes, nor seeing their money wasted on wild spending and welfare cheats, nor being pushed around by bureaucratic regulators, nor the foot dragging of national security, nor the continued on page 12...

A Salute To The Fourth

America is the only leader the free world has. Our freedom did not come easy. Thousands of our founding fathers fought and died for it. Countless thousands more died for the union in the Civil War. Other hundreds of thousands of our finest men died in defense of freedom in World War I and World War II and more recently in the Korean and Vietnam Wars. People who sit back smugly and say nothing was accomplished by these wars, or that we could have had freedom without fighting for it, are out of touch with reality and are bereft of a sense of history.

Nineteen years ago, on July 4, 1961, Hawaii became the 50th star in our flag. The first star was added to the original 13 on December 7, 1787, when Delaware became the 14th State admitted to the Union.

The flag itself was designed, not by Betsy Ross as legend would have it, but by Benjamin Franklin, Thomas Lynch and Benjamin Harrison, who were appointed by the Continental Congress to come up with some ideas.

On June 14, 1777, Congress decided the flag should have 13 stripes, with 13 stars in the field of blue. The stars are five-pointed to represent the star of Bethlehem. The white, said the Continental Congress, stands for purity and innocence; the red stands for hardness and valor; the blue represents justice, vigilance and perseverance. The colors were first used by the colonies in 1737.

The flag and the pledge of allegiance eloquently express the fact that we are one nation under God, that we are a Republic guaranteeing liberty and justice to everyone.

We must preserve our patriotism and our independence in a hostile world, if the free world itself is to keep its freedom. If we do keep our freedom, it will gradually spread behind the Iron Curtains of the non-free world.

Board Studies Lake Cost

Members of the Muenster City Council and the Muenster Water Board in joint session started the paper work involved in the local lake project. They signed a Supplemental Watershed Plan Agreement, which also needs the signatures of a number of the other area political entities which are involved in the project because of its flood control features. Included are the soil conservation district, the soil conservation service and commissioners courts of Cooke and nearby counties.

While the signatures are being gathered, the city and water district are proceeding with their effort to present options to local people and secure their approval of a financing plan. A meeting for that purpose is scheduled for Thursday night at 7:30 in the City Hall.

The cost will depend upon the size of the lake and can vary from \$824,000 to \$1,159,560. The smaller size would provide 500 acre feet a year, the maximum allowed to the water district by the state water board. The larger size would provide availability of 999 acre feet, with ample allowance for population growth and emergency and flood control.

Whichever is chosen, \$620,440 will have to be ad-

ded for treatment and distribution facilities, hence the total cost comes to \$1,444,440 for the small project and \$1,780,000 the large project.

As regards debt retirement, the water board is considering three methods: a bond to be paid by tax, a bond to be paid by revenue from water sales, and a combination of the two. On the basis of the larger program (\$1,780,000) and a bond rate of 7 per cent over a 40 year period, a tax rate of \$1.338 per \$100 would be needed on current property valuations. This is almost twice as much as the current city tax rate, and the combined tax for city and water district would be about three times as much as the present city tax.

Assuming that the debt is to be paid out of revenue from water sales, the increase of an average bill is estimated at \$19.22 per month.

The third option is to combine the two methods, and any number of combinations could be set up to determine the ratio paid by each method. In a fifty-fifty arrangement the tax rate would be about 67 cents per \$100 of valuation and the monthly increase of water bill would be about \$9.60.

Another factor to consider is the interest rate on

City Equalization Board To Conduct Hearing

Members of the Muenster city council met as a board of equalization Monday night to make adjustments on the tax roll for changes in property valuations since last year. The changes consist principally of additions and improvements.

Persons whose valuations were changed were notified by mail and reminded of a hearing to be held at the council meeting July 7, 7:30, in the city hall. Objections

to the assessments can be presented there.

Property within the city is assessed at 100 percent of actual value and is taxed at a rate of 70 cents per \$100 of valuation. Property valued at \$10,000 is taxed at \$70.

Prior to 1979 property was assessed at 50 percent of actual value and taxed at \$1.00 per \$100 of valuation. The tax on \$10,000 of valuation in 1979 was \$50.

Yard of the Month Chosen

The home of Mr. and Mrs. Kenneth McDougle, 908 North Maple, has been named for Yard of the Month honors in July by the special committee for the Muenster Garden Club. Noted were the well established and neatly edged lawns in front and back with trimmed shrub foundation planting and very pleasing areas of flowers including geraniums, caladiums, marigolds, yellow miniature snapdragons and double petunias.

27 Finish Advanced Swimming

Just in time to help with the community's annual swim program for beginners, twenty seven people have completed a course in basic rescue and water safety after which seven of them advanced to a life saving class which qualifies them as assistant instructors.

Eligibility of the first class was limited to a minimum age of 11 years, plus sound physical condition and passing a preliminary swimming test.

JoAnn Pagel was the supervisor and instructor and she was assisted by Janelle Hellman, water safety instructor, and Carla Walterscheid, advanced life saver. Other instructors were Jack Endres, who demonstrated canoeing, Julia Bright, teaching mask, snorkle and fins, and Pat Wimmer, demonstrating artificial resuscitation with the Resucci Anne mannequin. Another teaching aid was films.

When the course was completed Mrs. Pagel awarded certificates and patches to Paula Yosten,

Beginners' Swim Classes Start

Muenster's annual learn to swim, program, sponsored by Red Cross and directed by Jeannine Flusche, will be held during the next two weeks in the local swimming pool. It is divided into two classes, one being taught the week starting July 7 and the other in the week starting July 14, and at four skill levels: beginners, advanced beginners, intermediates and swimmers.

Registration for both classes will be held at the pool on Saturday, July 5,

from 9 to 11 a.m. Students are asked to report in swim suits for a skill test to determine the level of instruction to which they will be assigned.

Minimum age requirement is completion of kindergarten. And each child will be required to have a permission slip signed by a parent or guardian and stating health problems or learning disabilities to inform instructions of their special needs. Also all will be expected to state a preference

for the first or second week and for the 9, 10 or 11 o'clock class.

The 9 o'clock class of the second week is reserved for ladies only, and children will be assigned to 10 and 11 o'clock classes.

Teaching staff of the program will include ten with a Red Cross rating of Water Safety Instructors (WSI), nine with a Red Cross rating of Advanced Life Saver, and a number of assistants qualified as having completed the Basic Rescue and Water Safety Course.

Jeannine Flusche, 759-4497, can be phoned for further information.

Trash and Garbage Pick-up is Earlier

To evade a portion of the heat wave the city's trash and garbage haulers have advanced their pick-up schedule one hour. They are eliminating an hour in the blistering afternoon heat and adding an hour in the cool morning air.

They will start their pick-up route at 7 a.m. instead of 8 p.m. Residents are asked to get their trash and garbage out an hour earlier than usual.

City Water Line Goes Dry

Luck was with the people of Muenster during the past weekend when a critical shortage of water supply passed without incident. If a fire had occurred while the total volume was down to 35,000 gallons the pressure

probably would have been inadequate for the job.

When the critical shortage was discovered, Mayor Leonard Endres issued an order to stop lawn watering until further notice. The ban was removed Monday after

weekend pumping restored the 400,000 gallons of supply.

However, the previous plan of voluntary rationing is still in effect. That is, even numbered houses are asked to water lawns only on even calendar days and odd numbered houses on odd calendar days. Also large watering systems, with pipe measuring an inch or more, are not to be used between the hours of 5 and 11 p.m., and all lawn watering is banned during the weekend. The ban does not apply to watering gardens and trees.

The reason for the weekend watering ban is to start Monday with a full 400,000 gallon supply. This supply depletes gradually during the week as consumption averages about 600,000 gallons while production remains near 500,000.

Temperatures of 110 and more for several days last week plus the continued drought account for the record consumption and the eventual critical shortage.

Homemaker Club Donates \$750 to Child Development

The Bluebonnet Extension Homemakers Club of Muenster has voted to give a \$750.00 donation to the Cooke County Child Development Center for the purchase of a table saw and PE equipment. The action was taken during their June 24 meeting in the TP&L Building at 7:30 p.m. The sum was taken from profits made by the Bluebonnet Homemakers in their Germanfest booth. Members also voted to donate \$50.00 for weekly bingo prizes given to residents of St. Richard's Villa when local ladies help entertain on Wednesday afternoons.

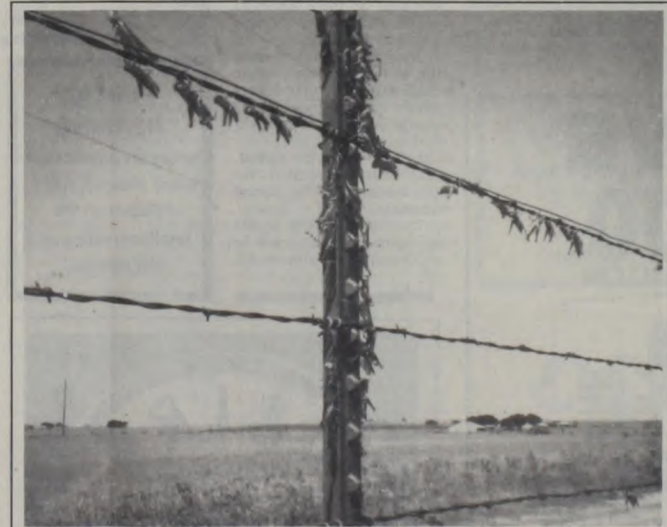

During the business meeting the Cooke County Council report was given by Sharon Walterscheid. She said that Imogene Zimmerer, Peggy Tutt and Monica Hess will be delegates to the state convention in San Antonio on October 14-18.

Carri Winn accepted chairmanship of the Family Picnic project in the City Park in July.

Rita Russell and Sharon Walterscheid led a program on making silk flowers. Each member made a rose and watched a demonstration on other flowers.

Eileen Fisher served a dessert plate to eleven members after adjournment.

bonds. A variation of only a fraction of 1 per cent can make a difference of thousands of dollars. The water board is striving for a solid program that will assure an attractive rate.

Signs of A Rugged Summer

Grasshoppers are taking over the country as indicated in this scene at Alvin Hartman's place southwest of town. The home in the background is occupied by the Wayne Crosbys.

The bank's thermometer shows one of the readings of the current scorching temperatures. Oh well....

HAPPY BIRTHDAY AMERICA We will be closed on July 4th.

WINDFALL PROFITS TAX A DISASTER
 By the title given by Congress to the windfall profits tax one would assume the government was instituting a tax on exorbitant oil company profits. Nothing could be further from the truth. The tax is not applied to oil company profits; profits are not even calculated in assessing the tax. It is an excise tax, pure and simple, and might well be a tax on losses, meaning it may be taken out of the hide of oil companies — out of current profits earned without regard to decontrolled oil. Neither are oil company profits excessive, from any standpoint — percent of margin on sales or percent of return on net worth or equity. Citibank of New York has just published its annual report on profits which appeared in the bank's April Monthly Economic Letter. It is most instructive to compare oil producing and refining profits with those of other leading manufacturing corporations for the last two years. In 1978 the average profit margin for all manufacturing corporations was 5.2 percent; for petroleum production and refining it was 4.8 percent, below average. In 1979 the average margin sales for all these corporations was 5.5 percent; for petroleum it was 6.2 percent, point five

percent above the average, but certainly not exorbitant. In 1978 the average percent return on net worth for the manufacturing corporations was 15.9 percent; for petroleum it was 14.5 percent, again below average. In 1979 the average return on equity for all these corporations had risen to 18.4 percent; petroleum had risen to 22.9 percent. When one considers that also in the 22 percent range were soft drinks, tobacco products, drugs and medicines, building, heating and plumbing equipment, and aerospace industries, it is clear that oil company profits are not out of line, they are not windfall or exorbitant. It will cause refining operations to move overseas; it will discourage development of oil production in this country and will cause the closing down of wells now pumping oil. Former Treasury Secretary William E. Simon summed it up fairly well in a guest editorial in the Wall Street Journal: "It is really nothing more than a penalty assessment on the future productive and creative endeavors of an industry whose hands have already been effectively tied by a cornucopia of federal and state regulations; regulations that have produced a triple header of knocking the industry out of the ring of world-wide competitions, preventing the production of even one drop of incremental oil or gas, and compelling this great nation to kow-tow to a bunch of desert sheiks. There is no economic or financial justification for this madness — only political. "The pols, (politicians), and the press have already succeeded in deflecting the true blame for our energy crisis from Washington to the industry. Those 'leaders' know that there are critical re-election votes in this shabby act of dishonesty but, after all, no one should be surprised because they only have one over-riding concern and that is their own re-election. So, in the process, it's not the 'oil companies' we are punishing — it is the American people."

STATE CAPITAL HIGHLIGHTS

By Lyndell Williams
 TEXAS PRESS ASSOCIATION

AUSTIN—Seeking 40,000 signatures needed by July 4 to put his name on the Texas presidential ballot, Illinois Congressman John Anderson brought his independent presidential campaign to Austin last week.

Anderson supporters in this state say he is going to make the deadline and is gaining support. Following the gathering of the signatures, Anderson is sure to face a tough fight validating them. Attorney General Mark White and Texas Secretary of State George Strake have issued conflicting rulings regarding who is eligible to sign the petition. During his speech Thursday, Anderson blasted both opponents, President Jimmy Carter and Ronald Reagan, and outlined his energy solutions—under blue skies and 100 degrees heat. —He would levy a 50 cent per gallon tax on gasoline, and give half the revenues to cut Social Security taxes. —He would delay building nuclear power plants until their operation and waste disposal systems are proven safe. —He would stress conservation and development of alternate energies, especially solar power.

Governors Confer
 Governor Bill Clements addressed the opening session of the ten-member Governors Border Conference in El Paso, and told statehouse heads from Mexico and New Mexico, Arizona and California that illegal aliens should be registered and, in effect, legalized. Emphasizing he is opposed to the harsh bracero program of the 1940s, Clements said he nevertheless supports a program to allow Mexican nationals to enter and work in the U.S. Clements said he had the backing of the three other U.S. governors involved, but former radical Tom Hayden, representing California's

Gov. Jerry Brown, said the others were opposed to Clements' proposals and had been for a year. The Arizona governor was unavailable for comment; the New Mexico governor was uncommittal on Clements plan.

Lewis, Bryant
 The race for speaker of the Texas House of Representatives took a few turns around the track during the recent Republican and Democratic party conventions.

Fort Worth Rep. Gib Lewis, a Democrat, visited the Republican convention, apparently seeking pledges, and took some mild raps from movers and shakers in his own party.

Dallas Rep. John Bryant, Lewis' main opponent, failed to rally the Democrats behind his candidacy, but aired a half-hour television advertisement in some parts of the state to take his bid "to the people."

Higher College Tuition?
 As January and the next legislative session approach, more and more issues are floated out like weather balloons to see which way the wind is blowing. Last week a special committee on higher education finance recommended that tuitions be doubled for undergraduate and graduate

students, with even larger increases for medical and dental school students. Galveston State Sen. A. R. Schwartz responded the next day that backers of the tuition hike can count on a stiff fight from him. Schwartz said the hike reflects the prevailing Texas philosophy: "tax anybody who doesn't have a lobby representing them in the Legislature."

Press Shield Law
 The House Judiciary Committee last week recommended new protections for press freedom in Texas: —Adoption of a shield law giving reporters the right to protect the identity of news sources. —Courtroom access for television cameras and tape recorders in certain proceedings. —Attorneys fees for persons who successfully enforce open meetings and open records laws.

The Governor
 Clements' impatience with the slowness in reducing the number of state employees, one of his key campaign promises two years ago, was manifested last week. Agency heads were notified to increase their efforts to reduce their staffs. Clements will head up the Texas presidential campaign for Reagan, who plans to spend some \$2 million stumping in this state.

Dear Sir,
 This is an "Open Letter" to the people of Muenster. I am an employee at St. Richard's Villa, so I know from personal experience that this is not "hear-say". We have good, wholesome food prepared to the residents' wishes and desires and the State Dietician's specifications. Residents can have snacks, juices, coffee and milk anytime they want it. The building is clean and cool - there are no odors. Residents are n... clean and happy. The atmosphere is "homey" and St. Richard's Villa residents are like one big, happy family. The Activity Director has a good program and residents enjoy it thoroughly. I am happy to be a part of St. Richard's Villa and I extend an invitation to the people of Muenster to please visit our elderly citizens who are begging for love and company.

Sincerely,
 Mae Streng

CAPITOL UPDATE

John Tower
 U.S. SENATOR for TEXAS
 142 RUSSELL OFFICE BUILDING
 WASHINGTON, D.C. 20510

For months, economists and government officials sounded like latter-day Paul Reveres with their constant cry of, "The Recession is Coming." Now they all seem to agree that it's here. It doesn't take an expert to tell our economy isn't doing well; but what makes a recession?

There are a number of telltale signs which economists watch to determine how the economy is doing. Mostly these signs are measures of certain statistics which historically go up when the economy is doing well and decline when things get worse. The latest news from these indicators is uniformly bad, and reflects poorly on administration policies and congressional leadership.

The most startling statistic is one known as the Index of Leading Indicators. This index, which measures such items as the number of layoffs, stock prices and building permits, fell by 4.8% in April. That is the largest decline since that index was started 32 years ago, and compares with a previous record decline of 3%. The sharp decline brought the index to its lowest point since April 1976.

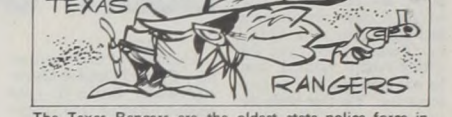

This information worries me since the Index of Leading Indicators typically moves in the direction in which the economy is about to move, "leading" the economy. Add to this the fact that the Index of Coincident Indicators — a series of statistics which tend to move with the economy — fell by 1.2% in March and another 1.9% in April, and it is clear that recession is upon us.

There is simply no escaping the fact that this recession is the result of ill-advised attempts to fight the inflation brought on by years of excessive deficit government spending.

Individuals and businesses frequently act on the basis of what they think the economy will do, so indecisiveness and waffling by the Administration or Congress simply make matters worse. Let's look at what's been happening with the budget for fiscal year 1981. First the Administration submitted a deficit budget. Then the President announced that he would balance the budget — mostly by raising more revenue. The House rejected a theoretically balanced budget before accepting one with slight revisions. But the budget is balanced only if additional revenue-raising measures are passed, and the economy doesn't go into a deep recession. I am at a loss to see any reason for anyone to have confidence in the ability of his government to cope with problems in the economy.

Undoubtedly, pressure for even more government spending will increase as the unemployment rate rises. But that will simply make the problem worse, because high deficit spending is one of the key causes of high inflation rates — which, in turn, helps drive the economy into recession. The reason is simple. The classic definition of inflation is "too many dollars chasing too few goods." When the government spends substantially more than it has — especially money that goes directly to individuals or goes to buy items from the private sector that you or I might also buy — it means creating more money or making the competition for available goods more intense. Either way increases the rate of inflation.

We must not be lured into the simplistic, but politically tempting, situation of trying to provide short-term relief for the recession by taking action which in the long run will make our problems much, much worse.

The Texas Rangers are the oldest state police force in the nation.

SAVING TIPS
 on electric air conditioning

Air conditioning provides lots of comfort during the summer months, but for many thousands of homeowners it is also the biggest factor in the cost of electricity. On the average, air conditioning accounts for about half of summertime electric bills. Here are ways you can hold down the cost of air conditioning and still enjoy its comfort.

Central Systems

1. Set thermostat on 78° or higher, during the summer. Turn unit off if you'll be away from home several days.
2. Keep equipment at top operating efficiency. Have it checked seasonally by qualified serviceman.
3. Check filter every 30 days. Dirty filters cause equipment to use excessive electricity. If filter is permanent, clean by manufacturer's directions; if it's disposable, it should be replaced when dirty.
4. Keep furniture, draperies away from air outlets and returns. Clean grills often.
5. Close draperies and blinds to keep out direct sunlight.
6. Keep fireplace damper closed.
7. Proper home insulation keeps the heat out, cuts energy use. Insulation questions? Call TP&L.
8. Shade on roof and walls can reduce energy needed to cool. But trim trees, shrubs away from outside compressor unit. Keep it free of leaves, debris. If air flow is blocked, unit uses more energy.
9. Weatherstrip doors and windows; caulk cracks to prevent drafts and cool air loss.

Window Units
 Follow above suggestions, plus these:

10. Keep windows closed. Open outside doors as little as possible.
11. Buy units with highest "energy efficiency ratio" (EER). Uses less electricity to cool. If EER is not on sales tag, ask for it or figure it yourself. Divide "wattage" into "BTU" capacity. Both figures are on unit.
12. Place unit where it'll get as little direct sun as possible.
13. Aim air outlets at lower half of doorway to next room to allow warm air from that room to enter at the doorway for recooling, recirculation.
14. Never vent air conditioner into garage. Ventilation is usually too poor for top performance of your unit.

Conserve electricity and you help conserve one or more of the fuels needed to produce it. Conserve fuels and you help assure that there will be enough to meet essential needs for electricity in the future.

When you pass a TP&L office, warehouse, generating plant or other facility, you'll see that we've turned off all non-essential lighting. And, in as many other ways as possible, TP&L is reducing its own uses of electricity. If you would like additional information on conserving electricity, call the Customer Service Representative in the TP&L Office.

Bel You Didn't Know Department: 45 percent (11 million tons a year) of all the salt produced in America is used by state highway departments to de-ice winter roads . . . only 2.3 million tons are dumped on food . . .

96 Area Cub Scouts Have Fun Week

Cooke County Cub Scout Day Camp activities filled a very satisfying week for 96 area cubs who attended at Muenster City Park on June 16 through 19. They have fond memories of a fun week in addition to awards and patches to show for advancement.

Camp theme this year was "Pioneer Adventures." On the first day each pack was given a blank flag. Their assignment was to choose a name design a flag and prepare a pack yell. Names selected were The Blazers, The Mountaimen, The Buffaloes, Rangers, Pioneers and the Billfrogs.

Some of the crafts learned by the cubs were leather-lacing and leather-tooling, silk screening, string art and the operation of a dremel saw.

Lunch time entertainment included programs by Darrell Jones and his drug sniffing dog, Thor; George Brock and his troupe of Ju Jitsu experts, Larry Gobble who demonstrated body building; and a helicopter egg drop on Thursday. The boys were given instruction for packing a raw egg, which was subsequently dropped by a helicopter 200 feet up. Boys who had unbroken eggs were given prizes of frisbees furnished by Mike Stoffels of Tops and Teams. Camp was officially closed

on Friday, June 20, with songs, recognition of staff members and Boy Scout assistants. Physical Fitness awards and camp patches were presented.

Some of the additional activities enjoyed during the week were swimming directed by Jo Ann Pagel, BB Guns and Archery directed by David Fette and Billy Morris, Obstacle Course by Ron Melugin, Nature Trail

by Dusty Cullum, Physical Fitness by Fran Hutcherson and Joyce Abney, Crafts by Sharon Walterscheid, Trudy and Jerry White, games by Jimmy Weems.

All noontime entertainment was arranged by Jean Park. Ann Perkins was in charge of the papoose section and Patricia Wimmer was the camp nurse. Lupe Evans was camp Director and Shirley Weems was Program Director.

The obstacle course challenged cub scouts in a number of ways in the wooded area of Muenster City Park. Boys learned to scamper almost vertical steps, pick their way on the run through limbs across a path, climb a rope ladder and maneuver a tire "tunnel", as shown in the above picture by Janie Hartman.

Joe Walterscheids Visit in Keller

Mr. and Mrs. Joe H. Walterscheid and Karen were Saturday evening guests of the Elmer Wiesman family in Keller and their houseguest, Ursula Grunert of Erkenschwick, Germany. Mrs. Walterscheid met Miss Grunert when she visited Elizabeth Stegemann in Germany

several years ago. Other dinner guests were Mrs. Frank Wiesman, Mr. and Mrs. Wendell Laney, Marcy Bailey, all of Fort Worth and Martha Ann Marcos of Arlington. Together they enjoyed viewing slides of Germany, Alaska and the Virgin Islands.

energy answers

from the Texas Energy Extension Service

We are thinking about building an earth-covered home. Can you offer some suggestions or guidelines to bear in mind when planning such a home? W. O., Midland.

The following are some guidelines offered in the February issue of *New Shelter* magazine:

(1) Be sure to build above the water table. This may require soil testing by a soils engineer or the Soil Conservation Service. Land with a high water table is particularly suitable for building on grade and berming earth around the sides and over the top of the structure.

(2) Base your underground design on the local climate and specific character of the site.

(3) Although skylights are very desirable, evaluate their use carefully since conventional skylights can have water leaks and may allow heat to escape in winter and infiltrate in summer.

(4) Insulate thoroughly around the entire building. Earth moderates temperatures and protects against wind, but insulation is also required.

(5) Use only water proofing products which are recom-

mended for underground use. Superior underground waterproofings are more expensive than shingles but also more durable.

(6) Remember a few basics in dealing with humidity. A dehumidifier may be required for perhaps the first two years in a new structure because curing concrete releases moisture into the interior air.

(7) Let the depth of earth cover for the roof range from 1 1/2 feet to 2 feet.

(8) Grade all slopes away from the building to avoid drainage problems.

In addition to this information, the Texas Energy Extension Service office at Texas A&M University has available an earth shelter packet which contains a bibliography on earth shelters as well as information on points to consider in designing and building an earth shelter.

If you have a question about energy conservation around the home, send to ENERGY ANSWERS, Texas Energy Extension Service, Texas A&M University, College Station, Texas 77843.

Garden Center Bulletin

Elm trees are being worked over by Elm leaf beetles. They can be controlled by Sevin or Malathion.

Bag worms are still working on Cedars and Hackberry trees. You need to control now while they are still small with Sevin or Malathion.

Spider mites are invading gardens on tomatoes and green beans. Control these with a Kelthane spray. Also squash bugs are showing up on vegetables. They are best controlled with Thiodan dust.

Repeated applications of Sevin will offer some control on grasshoppers.

Walterscheid, Growing Wed in Two Ring Ceremony

Connie Walterscheid became the bride of Glenn Growing on Saturday, June 14. The Nuptial Mass and double ring ceremony were officiated by Father Stephen Eckart in Sacred Heart Church. The date selected for the wedding was of special significance because the bride's parents were married on June 14, 1949 in St. Peter's Church in Lindsay. She is the daughter of Mrs. Flo Walterscheid and the late Earl Walterscheid. Parents of the groom are Mr. and Mrs. Steve

Growing. Both are graduates of Muenster Public School. She is a dental assistant employed by G. M. Graham, DDS and he served for four years in the U.S. Navy and is now employed by Growing Brothers.

Their vows were exchanged before an altar holding lighted candles in candelabra and two arrangements of white gladioli and blue carnations, two large ferns, with English ivy and lighted votive candles on the communion rail. White valley lilies marked the pews.

Presented at the altar by a friend, Elmer Watts of Gainesville, the bride was wearing a formal wedding gown of white Chantilly lace and organza, with fitted bodice, shepherdess sleeves,

and a front skirt insert of crystal pleats. The skirt extended into a chapel length train. Her full length illusion veil was bordered with Chantilly lace and was attached to a matching cap edged with seed pearls. She carried a colonial bouquet of red silk roses with maiden hair fern and wide red ribbons.

For sentiment she wore her father's gold wedding band and her mother's wedding diamonds. The blue garter was made by her godmother, Mrs. Lu Ella Zimmerman.

Attendants

Karen Bauer of La Feria was her cousin's maid of honor. Karen Barnhill, groom's cousin of Gainesville, Sheila Hobbs, groom's sister, Diane Walterscheid, bride's sister-

in-law, Vickie Fisher, Cheryl Martin and Debbie Hess furnished wedding music. Margie Klement gave the Scripture readings and parents of the couple presented Offertory gifts.

Reception

Parents of the couple hosted a reception, dinner and dance in the Sacred Heart Community Center. Sage played for dancing.

Elaine Growing, groom's sister and Marlene Endres were at the bride's book. Betty Rose Walterscheid, Margie Klement, Therese Bauer, Marlene Endres and Elaine Growing were reception assistants.

The bride's table was lace covered, edged with English ivy and centered by the three tier wedding cake over a blue fountain. Candelabra holding hurricane lamps were near the ends of the table. The couple is at home in Muenster since their return from a trip to San Antonio.

The rehearsal dinner was hosted by the groom's parents on June 12 at the Center for 30 guests. A miscellaneous shower on June 1 was given by Rita Russell, Monica Hess, Debbie Klement and Marie Herr; and a display shower on June 9 was given by Alice Walterscheid, Brenda Walterscheid, Karen Barnhill, Diane Walterscheid, Sheila Hobbs, Kenya Endres and Jeannene Walterscheid for 50 guests.

Report your News to the ENTERPRISE 759-4311 Box 190

The engagement and wedding plans of Linda Davis and Adolph Knabe, Jr. have been announced by her parents, Mr. and Mrs. Darrell Davis of Hereford. Parents of the future groom are Mrs. Adolph Knabe, Sr. of Hereford and the late Mr. Knabe. They are former Muenster residents and the groom is also the grandson of Mr. and Mrs. Clem Reiter and Albert B. Knabe, Sr. and the late Mrs. Knabe.

The couple will be married on July 18 in St. Anthony's Church of Hereford. Both are graduates of Hereford High School. She is an employee of TG&Y and he is employed by Furr's. He plans to attend Amarillo College this fall.

Teaching strategy helps students learn chemistry

COLLEGE STATION — Texas A&M chemistry teachers who often lecture to standing-room-only crowds of 400, where over half will make A's and B's, say "Bunk!" to the popular notion that students only learn well in small classes.

And they have convincing figures to back them up.

First-year chemistry director Dr. Rod O'Connor and colleague Dr. Alton Banks say the high ratio of A's and B's is not grade inflation and they can prove it.

They've kept figures which show that Texas A&M students who go through the program do up to 90 percent better in subsequent chemistry classes than do transfer students.

The system at Texas A&M lets students "shop around" to find the best time or teacher they like. They can repeat lectures or go to a special learning center with its slides, books and tapes.

in-law and Kenya Endres a friend were bridesmaids. They wore blue gowns of silesta sheer, designed with blouson bodice, drawstring cap sleeves, scoop neckline and accordion pleated skirt. They carried white lace fans, with a cluster of blue and white flowers and wore blue tiger lilies, roses and daisies in their hair.

Lori Graham, a friend of the bride was flower girl and Kenneth and Brandon Walterscheid, nephews of the bride were ring bearers.

Louis Koelzer of Gainesville was best man. Pat Walterscheid and Rick Walterscheid, Larry Growing and Jim Growing, brothers of the couple were groomsmen.

Kenny Walterscheid and Gary Walterscheid, bride's brothers were ushers.

Jeannene Walterscheid, bride's niece presented the couple's Unity candle at the altar. Julia Bright, flutist and Mrs. Juanita Bright, organist, Jim Lawson soloist and bride's cousin and a group of vocalists Diane

Relive Fire Fighting
of Yesteryear

This great museum, owned and operated by State Firemen's and Fire Marshals' Association of Texas, is dedicated as the repository of artifacts and fire apparatus of the volunteer, professional and industrial firemen. Those citizens of Texas who have served so valiantly and courageously are immortalized through this fabulous collection of firefighter's memorabilia.

Come one, come all...
 and visit this museum holding an
 integral part of Texas history, both
 urban and rural Fire Safety and Fire
 Fighting artifacts.

Firemen Ask For Help

The Firemen of Texas are asking for help to pay off a \$515,000 mortgage on the Fire Museum of Texas at Grand Prairie. Two years ago they opened the museum which is dedicated to the preservation of the history and heritage of the fire service in Texas and to the education of the public in the ways of fire safety and fire prevention.

A wonderful collection of fire apparatus is on display at the museum, spanning over 100 years of fire service, along with other fire related equipment, photographs, uniforms and memorabilia. Visitors can also enjoy an exciting fire truck ride.

The firemen are appealing to the citizens of Texas to help by joining the "Fire Museum \$10.00 Club". With enough donations, they could eliminate the mortgage and move ahead with plans to improve and expand their fire prevention and safety programs.

Besides providing a place to preserve history and standing as a memorial to the many men and women who have given their lives for their fellowman, the ultimate goal of the museum is to reduce the loss of life and property caused by fires.

Any person making a contribution will receive a free family pass to the museum. All donations are tax deductible.

The museum is located just off I-30 at the Beltline Road exit. The mailing address is: Fire Museum of Texas, 702 Safari, Grand Prairie, Texas 75050.

**Hearing Set
 On Windfall
 Profits Tax**

"Senator Bentsen's idea to exempt royalty owners from the so-called Windfall Profits Tax is right on target," said the president of the Texas Independent Producers and Royalty Owners Association (TIPRO), L. Frank Pitts. Pitts commended the Senator for scheduling a Senate Finance Committee field hearing to examine the impact of the new excise tax on small royalty owners. Bentsen announced earlier the hearing will be held on July 17, 1980, at the 18,000-seat University of Texas Special Events Center in Austin.

In a letter to the Senator, Pitts stated, "On behalf of the 4,300 members of TIPRO I commend you for your efforts to bring the ear of Washington to Texas to examine the impact of this ludicrous tax that is tragically affecting so many Texans. These hearings will provide hundreds of affected royalty owners who could not travel to Washington, such as retired couples and small farmers and ranchers, the opportunity to express to the committee the hardships placed on them by the tax," stated Pitts.

The hearings will be convened as the Senate Finance Subcommittee on Taxation and Debt Management, with Bentsen presiding. They will focus on the Bentsen legislative proposal to exempt royalty owners from the Crude Oil Windfall Profits Tax Act of 1980. Other senators who may join Bentsen in the hearings include Senator David Boren (D-Okla.), Senator Robert Dole (R-Kans.) and Senator Russell Long (D-La.).

"We appreciate your concern for the hundreds of thousands of Texas royalty owners whose income has been drastically reduced by what in reality is an excise tax on Texas mineral rights," Pitts stated, "and we hope that royalty owners from every part of Texas will travel to Austin to listen and participate firsthand in these hearings."

**Future teachers
 learn to help
 special students**

STEPHENVILLE — Education majors at Tarleton State University learn how to teach the disabled by becoming handicapped themselves — if only for a few minutes.

Some of the exercises include drawing objects while looking into a mirror, taking notes with arms hampered by a wooden yoke and walking across campus blindfolded.

"Students experience some of the frustrations which special-needs pupils — those with a physical handicap or a learning disability — must live with," explains Tarleton State educator Dr. Virginia Kurko.

Grasshoppers Are Thriving

A plague of grasshoppers which became an area nuisance several weeks ago appears to be getting worse. Still swarming over the country by the billions, they're clearly gaining in size while holding their own in numbers. And the chances are that they will be around until Winter gets them, according to Neil Tibbets, County Extension Agent. And if we have a mild winter lots of them will live through it, he added.

They're hardy critters, Tibbets said. The bigger they get, the harder they are to kill, so they can be expected to survive full cycle and lay lots of eggs in late fall or early Winter. Those eggs normally will hatch next Spring, however a severely cold winter can reduce their numbers.

That's the time to exterminate them with a patent spray. They are most vulnerable at an early age and get tougher as they get older. Farmers are reminded to watch closely so that they can spray the pests shortly after hatching and be rid of them next year.

Tibbets says the hoppers can be found in spots all over the county, and they usually remain in an area as long as they are eating well. But when food gets scarce they look for greener pastures, including gardens

and orchards. They have been known to strip trees of leaves and fruit, leaving only a peach stone on the stem, and devouring cabbage heads to the core, and wiping out flower beds.

YEARS AGO

IT HAPPENED 40 YEARS AGO

June 21, 1940

Grain moulds and sprouts in shocks as rain continues to make this the wettest harvest since 1935...about ten percent of community grain is still uncut. Building a new church for Sacred Heart Parish this year is possible but not certain according to Father Frowin's estimates. Muenster is host to nine cities for waterworks meeting. Edith Mae Rhodes is teaching arts and crafts at summer camp for girls in Glen Rose. Muenster's ten restaurants and other business establishments which handle food were inspected by members of the Cooke County Health Unit this week.

35 YEARS AGO

June 22, 1945

Sunday was coldest June day ever remembered here and rain-drenched Muenster shivered as temperatures dropped to the 60's. Canning sugar is put on monthly

issuance basis...Cooke County has 11,000 pounds for the remainder of June. Pfc. Lawrence Martin has been transferred from Hawaii to Luzon where he is in combat. Pfc. Louis Sicking with the army in India earns two battle stars. Sgt. Frank Felderhoff writes from Germany. The Ed Cler family of Garland spent the weekend here. Muenster Youth Band and director John Hoffman are treated to a chicken supper in appreciation of what they have done for the parish.

30 YEARS AGO

June 22, 1950

Murder and suicide named as cause in the deaths of Mr. and Mrs. R. L. McNally. State accrediting committee okays courses at Muenster Public School. Dr. R. C. Whiddon, 62, well-known Gainesville doctor, dies. Cooke County population census lists 22,058; Muenster's count is not given. Bobby Fuhrmann sustains leg injury in truck-tractor collision. Mrs. August Walterscheid has major

surgery. Donald Hess, Bobby Yosten and Ronnie Dickerson have tonsillectomies. Florence Moster and Richard Grewing marry here. Bill Hoehn marries Rita King in Amarillo. David joins the Jack Biffle family. Mmes. J. M. Weinzapfel, Herman Fette, and Joe and John Fisher attend retreat in Denison.

25 YEARS AGO

June 24, 1955

Three more showers give excellent moisture and corn looks good. Electric co-op will begin soon on new office-warehouse. George Bayer joins Fred Hennigan in Oil-Butane Agency. The Hubert Felderhoffs return from farm tour through 14 states and Bermuda. Wedding vows are exchanged by Rosabell Haverkamp and Willard Zimmerer. Best Bible School to date closes at Baptist Church. Mrs. M. H. King and Carolyn Swirczynski have returned from a ten day vacation in Colorado. Margaret Myrick begins nurses training at Galveston. Cpl. Dan Haverkamp is separated from Army at Fort Hood. Burglars take merchandise in raid at Eddie's Texaco Station.

20 YEARS AGO

June 24, 1960

Father Alcuin Kubis is named pastor of Sacred Heart Church. Father Christopher Paladino will take up duties as secretary-treasurer of Subiaco Abbey. Father Damian Wewers will become Lindsay pastor to replace Father Alcuin. Muenster area's biggest harvest nears completion. Muenster bank leads county gains in year's deposits. MKT applies for hearing to close Muenster depot. Tommy Herr and Virgilia Schilling marry. Fifteen local women enroll in civil defense and nursing class taught by Mrs. Willard Hartman. Lindsay homecoming Sunday draws big crowd. The Robert Linns and daughter Sharon of Los Angeles, Calif., are visiting his parents, the Joe Linns. Father's Day reunions highlight Sunday activities.

15 YEARS AGO

June 25, 1965

Dan Wilson, 18, soldiering in Germany, dies in vehicle accident. Gov. Connally signs bill authorizing Muenster Hospital district. Joe Smiddy, 88, dies here Wednesday; funeral is in Tennessee. Former resident, Mrs. Eva Gottlob, 76, dies at Azle. City council raises tax assessments on city lots. C. L. Williams, 72, dies at Myra. Hundreds return for homecoming here June 20. Contract is signed for sewer line to East Muenster. Below average harvest season is coming to a close. Richard Muller, 48, former resident, dies at Gainesville.

Cathy Medders and three companions leave for summer and study abroad. Robert Myers, 56, of Gainesville dies of heart attack. Large number of children enroll in swim classes. Mrs. O. B. Siegmund and her brother Willie Jander get together for first time in 26 years. Relatives attend Sherman funeral of Mrs. Charlie Lang. New arrivals, a boy for the Don M. Cookes; a girl for the Paul Yostens.

10 YEARS AGO

June 26, 1970

Seventy-eight units of blood collected here in bloodmobile visit sponsored by KC council and VFW post. Muenster Telephone Corporation starts expansion and hikes rates. Post Office cuts weekend service beginning tomorrow...no mail on Sunday and Saturday hours cut to one hour, 11 to 12 noon. Jaycees ask for signatures endorsing Nixon's policies. Swim class starts at local pool July 5. Terry Wimmer is on Vietnam leave. Hospital accreditation is renewed by Joint Commission on accreditation of Hospitals. Brother Thomas Moster is on flying trip to Europe's shrines and will see Oberammergau Passion Play. Lindsay is ready for annual homecoming. Theresa Becker is new city secretary. Tim Cler, 12, receives injuries when struck by pickup as he crossed intersection of Hwy

82 and Hickory. Father Elias of Chicago meets with Third Order. Open house fetes J. C. Casons on golden wedding. Father Day reunions are held. Joan Sicking and James Lutknhaus marry here. Janet Arendt and Earl Cunningham marry at Lindsay. Sister Bernice Trachta is touring Europe. New arrivals: a boy for the Bill Vicaris; girls for the Walter Bartels and John Walterscheid.

5 YEARS AGO

June 20, 1975

Good grain harvest is almost complete. Rates increase for P.O. box rent. Sister M. Julia is new prioress at Holy Angels Convent. Doris Felderhoff is candidate for US Olympic team. Kim Reiter gets EC award. Twelve teams entered in softball tourney. City gets \$13,669 in sales tax check. Barbara Davidson is distinguished student at A&M. Funeral services held for Mrs. Henry Huchton, 59, for Andy O'Connor, 76, Dr. Hugo Hellman, 66, L. W. Powell, 75. Wedding held for William Theodore Kupper and Annalise Borysowicz; Marge Hesse and Billy Joe Devers married. Dale Cash, after a year's tour aboard the nuclear-powered carrier, Enterprise and Gerald R. Cash, on leave from duty in Germany, spend Father's Day with Mr. and Mrs. Charles Cash. County 4-Hers hold annual horse show. New arrivals: a girl for Mr. and Mrs. Daniel Fleitman, a boy for Mr. and Mrs. Harvey Lamkin.

Would it scare you to know there is a disease that injures 2 million Americans a year at a cost of over \$50 Billion? These are the figures on the consequences of traffic accidents, but it hasn't caused any panic among the public. Guess we're used to it, or just plain dumb.

Emperor Jahangir of India, who died in 1627, was one of the world's most-noted jewel collectors. He reportedly owned 2,235,600 carats of pearls, 931,500 carats of emeralds, 376,600 carats of rubies, 279,450 carats of diamonds and 186,300 carats of jade.

Sign of the times: Cadillac is reportedly planning its first sub-compact size luxury car. . . . How many miles do Texans drive every year? One hundred billion miles is the DPS estimate for 1979. That's almost two percent less than in 1978, reflecting higher prices, less gas, and fewer trips by consumers.

Henry Sicking Family Has Reunion

A reunion of all children of the Henry and Mary Sicking family — the first in ten years that was marked by the attendance of every one — was held Sunday, June 29 at the K.C. Hall in Muenster, beginning with a covered dish dinner at noon. Attending were Harry Sicking of Marlin, Mr. and Mrs. Byron Black (Clara) of Dallas, Mr. and Mrs. Jim Collman (Henriette) and children Brice, Gwen and Carla of Birmingham, Alabama. Also Mr. and Mrs. Robert Taylor and Jeremy and Amanda of Carrollton,

Mr. and Mrs. Jerry Pels (Marianne) and Brenda of Pilot Point, Mr. and Mrs. Randy Pels, Mr. and Mrs. Mark Pels and Brian, Kenneth Pels, Carol Vincent, Mr. and Mrs. James Cargile and Shea and Brad all of Pilot Point. Also Mr. and Mrs. Gene Gieb (Gladys) and Greg of Muenster, Mr. and Mrs. Louis Gieb and Andrea of Lindsay, Mr. and Mrs. Bernard Gieb (Christine) and Monica, Jeanette and Margie of Lindsay, Mrs. Martha Fuhrmann and Charlotte and Kristie, Mrs. Sharon Bridges and Jody,

all of Gainesville. Also Bobby Scoggins and Melanie and Jeremy of Myra, Mr. and Mrs. Steve Sicking and Jody of Wichita Falls, Roger and Anita Eugster and Eric and Amy of Gainesville, Mr. and Mrs. Tom Fuhrmann and Jennifer and Brandi of Denison, Leroy Sicking and Mr. and Mrs. Wilfred Sicking and Gary and Nancy, Mr. and Mrs. Glenn Cler and Kimberly and Stacie all of Muenster, and H.L. Herron of Denison. Mrs. Mary Herron, a resident of St. Richard's Villa was unable to attend. She was visited throughout Sunday by members of the reunion.

Former Resident Dies In Accident

Funeral services were held Tuesday at 10 a.m. in St. Augustine Church, Dallas, for Mrs. John Hayes, 28, the former Carolyn Ann Hoedebeck. She died Saturday about 5 p.m. in an accident at her home at Red Oak. Interment was in Restland Memorial Park of Dallas.

Father Paul Hoedebeck, an uncle, officiated for the Mass of Christian Burial, assisted by Father Fred Martiniz.

Carolyn Ann Hayes was the daughter of Mr. and Mrs. Norbert Hoedebeck, former Muenster residents. She attended Sacred Heart School through the eighth grade, when the family moved to Dallas. She was married to John Hayes on September 8, 1972 in Dallas.

Survivors, in addition to her husband and parents are a daughter, Christy Lynn and a son, Jeremy John. Also her grandmother, Mrs. Caroline Prescher; five brothers and four sisters.

Cards will reach the family addressed to Mr. and Mrs. Norbert Hoedebeck, Route 1, Box 692, Quinlan Texas 75474.

Among relatives attending were Mr. and Mrs. Gene Hoedebeck of Muenster and Mr. and Mrs. Leo Hoedebeck of Gainesville and Mr. and Mrs. Jim Hoedebeck.

YOU CAN BANK ON IT!

Federal credit controls add restrictions to some bank loans that previously might have been a matter of routine. The addition of these controls makes buying wisely even more important now than before. Here are some suggestions that may help.

Make sure your credit record is as near perfect as possible. Try to make all payments promptly and for the agreed amount. If you use department store, oil company or other credit cards try to avoid incurring finance charges.

Look for ways to save money. Cash discount coupons, refund offers, and other buying incentives used by both local and national companies can provide significant savings if wisely pursued.

Try to put at least 5% of your income into some form of savings account. If you anticipate a need to borrow money, put the savings where you are most likely to request the loan.

If you have questions about how the new credit controls may affect you or your financial plan, feel free to talk with any of our loan officers. We're here to help. . . . You Can BANK On It!

CARD OF THANKS

Special Thank!
Being confined in the hospital can be a very depressing and unpleasant experience. But not in the Muenster Memorial Hospital. The smiling faces and friendly attitudes of all the personnel make a tremendous difference. Now I know why so many out-of-townners praise our hospital. They are right; it is "special." So thanks again to all the people who make up the staff at Muenster Memorial. Thanks too, to Dr. Kralicke and Dr. Knight for their efforts in my behalf.

And to those who sent flowers and cards, visited, phoned, and helped my family and business, I can only say "Thank you and May God Bless."
Janie Monday
and family

I wish to offer many thanks, and express sincere appreciation for all the cards, flowers and visits I received during my hospitalization and recovery. Special thanks to Dr. Juarez and all the nurses, Michael Lewis and all the family

Travis Klement is Birthday Honoree
A party on June 25 honored Travis Klement on his 9th birthday, when his mother, Mrs. Robert G. Klement was hostess in their home.
Guests were classmates and cousins. Special guests were his grandmother, Mrs. Frank Zimmerman and Mrs. Ed Klement and his aunt Mrs. Kenneth Klement.

Also present were his brothers and sisters Scott, Melody, Leslie and Shelby.
Games entertained the youngsters; gifts were opened; and refreshments of birthday cake, ice cream, cookies and Dr. Pepper were served. Travis birthday cake was decorated like a football field with players.

Miss Jessica Kohler, daughter of Mr. and Mrs. Gaye Kohler, left D/FW Airport June 11th for Whitefish, Montana to visit with her grandmothers — Mrs. Ann Schwartz and Mrs. Florence Kohler.

Miss Lois Bewley and brother Clyde were in Muenster recently where Clyde's doctor took a "look-see" at Clyde's injured hand. He will not be able

to use his hand for 2 more months. While in Muenster they visited with Mrs. Bertha Bewley at Saint Richard's Villa.

Mrs. Ima King of Bowie attended the June 21st Bar-B-Q at Rosston and was the overnight guest of Mrs. Veda MaGee.

Mr. and Mrs. John L. Cook of Dallas attended the Bar-B-Q at Rosston on Saturday June 21st and were weekend guests of Mr. and Mrs. Jack Berry and James.

Mr. and Mrs. Oscar Cogburn of Grand Prairie visited with Mr. and Mrs. George Berry after attending the Cogburn family reunion Sunday June 22nd at the Rosston Community Center.

Recent visitors of Tom English were Mrs. Orvil Turner and Mr. Heard of Duncan, Okla. and Mrs. Mabel Busby of Dallas. They all motored to Saint Jo for dinner one evening during the visitation.

Mrs. Inez Stevens of Leo spent Saturday night June 28th with her friend Mrs. Opel Berry.

W.C. English was dismissed from the Muenster Hospital Tuesday June 24th and is presently doing very well.

Brandon Berry, 9 yrs. of age, from Laurel, Maryland flew to D/FW Airport on Monday June 23rd to visit his father Joe E. Berry and his grandparents Mr. and Mrs. George Berry.

Miss Lucie Boyd, daughter of Mr. and Mrs. Norris Boyd, is a patient in the Bedford-Hurst Hospital. Her mother has been there with her.

Mrs. Bud Ford reports that her mother, Mrs.

Rachel Miller, has been dismissed from Westgate Hospital in Denton and as of June 22nd is a resident in Saint Richard's Villa. Mrs. Miller's condition is much improved.

Mrs. George Berry sends word that her sister, Mrs. John B. Sheppard, Oklahoma City is much improved after a series of radiation treatments.

Mrs. Bess B. Freeman of Bonham and Mrs. Cindy Wheelis of Tyler visited with their niece — Miss Ruth Smith Friday June 27th returning home Saturday a.m. June 28th.

Mr. and Mrs. Grady Loyd of Seagraves and Gordon Settle and daughter Angela of Dallas were June 28th weekend visitors with Mrs. T.R. Settle.

Mr. and Mrs. Jerry Ford and children Jennifer, Scott and Leslie of Gainesville and Mrs. Lewis Ford of Valley View visited with Mr. and Mrs. Bud Fords Sunday June 29th. Mrs. Lewis Ford is Bud's sister-in-law.

Mrs. Irene Wilson of Syracuse, New York arrived at D/FW Airport Friday June 27th. She has come to visit with her sisters — Mrs. Henry (Lorene) Sandman of Valley View and Mrs. Louis (Pauline) Sicking and her brother Gus Lutkenhaus.

Mrs. Dan Richardson spent several days last week visiting with her daughter and family — Mr. and Mrs. Grady Roller of Georgetown.

Miss Lois Bewley and Mrs. Veda Magee visited with Mrs. Ima King of Bowie on Thursday June 26th.

Last but not least — Mr. and Mrs. Tony Mosenbaker of Gainesville visited with her parents Mr. and Mrs. Louis Sicking Sunday June 29th.

We wish you all a happy safe and sound 4th of July weekend. Enjoy your "fire-crackers", etc. but do remember the country is so very dry so don't "Set the World on Fire."

Ninety Attend Flusche Reunion
Ninety relatives attended the reunion of descendants of the late Mr. and Mrs. Joseph C. Flusche, held Saturday, June 28 at 5 p.m. in the Lindsay Parish Hall, beginning with a covered dish meal. Mr. and Mrs. Lawrence Zimmerer were hosts for the family gathering.

All brothers and sisters and their spouses attended with the exception of Mr. and Mrs. Lawrence Flusche of Decatur who were prevented by illness.

Together for the event were Mrs. Anna Henscheid of Muenster, Mr. and Mrs. Joe J. Neu of Lindsay, Mr. and Mrs. Al Flusche, and Mrs. Regina Flusche, all of Decatur, Mr. and Mrs. Raymond Zimmerer and Mr. and Mrs. Lawrence Zimmerer all of Gainesville.

Also Mr. and Mrs. J.P. Flusche, Mr. and Mrs. Paul Fetsch and Mr. and Mrs. Gus Lutkenhaus, all of Muenster, Mr. and Mrs. Urban Flusche of Dallas, Sister Anna Marie Flusche of Houston, Mrs. Evelyn Bonfiglio, Linda Zimmerer, Mrs. Andy Flusche, all of Dallas, Mr. and Mrs. James Flusche of Decatur, Ray Zimmerer of Wichita Falls and Tim Bindel, on leave from the Navy.

Also attending were a number of local grandchildren, cousins, nieces and nephews.

The gathering observed the birthday of Mrs. Lawrence Zimmerer, and Mrs. Gus Lutkenhaus brought a decorated birthday cake for her sister.

Sister Anna Marie Flusche of Houston is the daughter of Mr. and Mrs. Urban Flusche. She is a very accomplished musician, she has presented artist's recitals and will study in France this fall.

Attends Seminar For Nursing Homes

Mrs. Richard Cain attended a Nursing Home Seminar for Administrators in San Antonio last week. Included was a visit in Giddings with her daughter and family Mr. and Mrs. Biff White and DeAnn and Cody.

On her return she was surprised with a birthday party at St. Richards Villa planned by the residents, activity director, Robynn Walterscheid, Melanie Richey and Tracey Walterscheid.

The dining room table held crystal punch service, a centerpiece of pink carnations and an array of birthday gifts.

After the birthday song, refreshments of chocolate cookies, baked by Melanie Richey and Tracey Walterscheid and lime sherbert punch were served.

Melanie and Tracey presented a program of dance routines and led several songs.

John C. Millers Entertain

Patricia, Rose, Johnny and Jimmy Herr were guests of their grandparents, Mr. and Mrs. John C. Miller of Sherwood Shores for the past 10 days. Wednesday night they went to DFW to meet Rhonda and Renee Rumley of Apache Junction, Arizona, who will also visit until July 12. Mrs. Gayle Rumley and son, Ryan of Fort Worth joined them for a weekend visit.

Children always like cold, sweet treats in the summer, so why not try Peach Sherbet Popsicles? They combine the delicious taste of fresh peaches with wholesome milk in a hot weather snack that's fun to make and eat, notes the Texas Department of Agriculture home economist.

PEACH SHERBET POPSICLES

- | | |
|---------------------------|---------------------------|
| 2 egg whites | 3 C. pureed fresh peaches |
| Pinch salt | 1/2 C. sugar |
| 6 T. sugar | 1 C. milk |
| 1/8 tsp. almond flavoring | |

Beat egg whites until foamy, add salt and continue beating until soft peaks begin to form. Add sugar, 1 tablespoon at a time, beating well after each addition. Add almond flavoring.

To puree peaches, wash and peel or leave peeling on as desired, and cut peaches into a blender. Blend at high speed for a few seconds until peaches are pureed. Approximately 1-2 medium peaches will make 1 cup pureed. Mix pureed peaches, 1/2 cup sugar and milk. Fold into egg white mixture. Pour into popsicle forms or into small paper cups. Insert popsicle sticks and freeze.

SH Annual Staff Attends Workshop

Seven members of the Sacred Heart Annual staff attended a yearbook workshop at Midwestern State University of Wichita Falls on June 10-13. They were Jenny Felderhoff, Susie Felderhoff, Sherri Muller, Sharon Voth, Carol Walterscheid, Terrye Flusche and Tammy Henscheid.

Technique was emphasized and students learned various ways of putting an annual together. There were daily sessions on layouts and a contest was held to permit each school to enter sample layouts and cover designs.

Entries were judged on originality, creativity and theme development. Awards were presented on Friday before the closing ceremonies. The SHHS students received a first place award for copy writing and the sweepstakes award. This is the first time any school has won two plaques at a workshop.

Pair Travels In Two States

Fray Webster and Gary Walterscheid spent the past week in Colorado and then went to Scott City, Kansas to visit Fray's grandparents, Mr. and Mrs. Earl Cleere and Mrs. Alice Webster and also visited Fray's father.

Out-of-Town Guests Attend Wedding

Among guests from out-of-town attending the Walterscheid-Grewing wedding on June 14 were Mr. and Mrs. Albert Bauer and Karen, Therese and Jeanne, Mr. and Mrs. Dan Bauer, Mr. and Mrs. Paul Smith of Devine; Mr. and Mrs. George Nixon and family of Commerce; Debbie Klement of Denton; Mr. and Mrs. Danny Darwin of Sherman; Mr. and Mrs. Earnest Arendt of Arkansas, Kansas; Mr. and Mrs. Doc Bates of Estelline; Gerry, Margaret and Shannon Wilson of Lubbock; Mrs. Terry Huchton and Bryan and Mr. and Mrs. Milton Fette of Carrollton.

Have no grasshopper "stories" to share with you this week. The terrible "heat-wave" we are having is the big topic of conversation these days. However, I'm told the grasshoppers really thrive in this type of weather.

Mr. and Mrs. Tommy Moore of Wichita Falls are the proud parents of a little girl born June 19. She was named Christie and weighed in at 8 lbs. 8 oz. She is the granddaughter of Mr. and Mrs. George Grizzle of Wichita Falls and the Great-granddaughter of Mrs. Estelle Cox and Mrs. Georgia Greenwood and the Great-great granddaughter of Mrs. Rillie Long of the

Belmore Home in Bowie.

On Saturday June 21st Mrs. Nancy (Greenwood) Dunn was honored with a Pink and Blue Shower at her home in Saint Jo. Those attending from here were Mrs. Georgia and Hazel Greenwood and Miss Jo Ann Greenwood.

On Monday June 23rd graveside services for Tresh Marie Freeman of Alvord were held at the New Harp Cemetery. Tresh Marie was the daughter of Mr. and Mrs. Dolan Freeman of Alvord and the Granddaughter of the late Bennett and Lorene Freeman.

Mr. and Mrs. Howard

Sledge's new home in Bowie was completed last week and they have moved in it. They say they will miss Forestburg and their friends.

Mr. and Mrs. Howard Sockwell were in Denton and Argyle on Tuesday June 24th on business and visited with relatives and friends.

Mr. and Mrs. Hal Hays have gone to LaCross, Kansas to visit his parents Mr. and Mrs. Harold Hays and to help in the wheat harvest. Daughter Leann is the house-guest of Mr. and Mrs. Jack C. Dill and Vatori while her parents are in Kansas.

Mmes. Nell Gilliland and

Frances Brewer braved the terrific heat Friday June 27th to venture over to Gainesville for some shopping.

Mr. and Mrs. Lemuel Gentry of Modesto, Calif., Mrs. Leann Gentry Farrin Eureka, Calif., and Mr. and Mrs. Gene Parks of Grand Prairie visited with Mrs. Georgia Greenwood on Sunday June 22nd.

We have several birthdays coming up this month. They are: Mrs. Marion Sockwell - July 13th, Mrs. Vera Mae McGee - July 14, Mrs. Wanda Perryman - July 31st, W.T. Reynolds - July 14th.

JoAnn Greenwood celebrated a birthday Saturday June 28th and nephew Tracy Greenwood celebrated his birthday on Sunday June 29th. Tracy's mother

cooked them a nice dinner Saturday the 28th at the home of Mrs. Georgia Greenwood. Later they all enjoyed homemade ice cream and cake.

Mr. and Mrs. Pat Maloney (daughter of Mr. and Mrs. Larry Bailey) of Denton spent the week of June 28th with her grandmother Mrs. Juanita Bailey and attended church with her.

Mr. and Mrs. Clifford Hudspeth treated five of their grandchildren - Chad Hudspeth and sister Michelle of Fort Worth and Pat, Tim and Colin O'Brien of Wichita Falls - to a trip to Palo Duro Canyon the weekend of Saturday June 28th. They all took in the play "Texas" while there. The group returned home late Sunday the 29th. A wonderful happy weekend

was enjoyed by all.

While Merle and Clifford were gone a grass fire broke out on the prairie at their place and the old John Barkley place Sunday p.m. Jun 29th. Merle and Clifford want to express their deep gratitude and appreciation to all who helped put out the fire - plus the various Fire Departments that helped and took part in getting the fire extinguished.

Mrs. Edna Merle Hill of Bowie spent Sunday afternoon June 29th with her mother Mrs. Vera Mae McGee.

Mms. Maryetta Foster and Velda Freeman were in Alvord Sunday p.m. visiting with Mrs. Mary Freeman.

Mr. and Mrs. Billy Barclay and Jennifer of Sanger and Larry Busby of Saint Jo were Sunday June 29th visitors of Mr. and Mrs. A.G. "Charlie" Barclay.

Joe Tinney of Waco and Charlie Tinney of Denton visited their friend Mrs. Cleo Lanier Sunday June 29th.

Mrs. Millie Moler, who resides in Arkansas, is here visiting with her father Jim Landers.

Mr. and Mrs. Bill Kenas and son Trey of Argyle visited with their parents Mr. and Mrs. Howard Sockwell Sunday June 29th. The Kenas family will be going to Colorado for the month of July - Leadville will be their "headquarters."

Mrs. Bessie Greenwood was in Sunset Sunday June 29th where she visited Mrs. Mae Wade and in Bowie where she visited with her son and family - the Jimmy D. Greenwoods.

Mrs. Delene Langley of Dallas - daughter of Billy Greenwood was in a automobile accident and broke a leg in 3 places. She is doing very well at this writing.

Mr. and Mrs. Loyd Morris of Bowie visitors in Forestburg Sunday June 29th.

The Saint Jo - Forestburg United Methodist Churches had their annual combination Worship Services and Picnic afterwards Sunday June 29th at Saint Jo. However, this year the "picnic" was held indoors in the church Fellowship Hall and just a little to warm to be outside.

Mrs. Bess Orrell returned to her "home" in Saint Richards Villa from the Muenster Hospital on Monday June 30th.

Visiting with Mrs. Mollie Howell on Monday June 30th was Mrs. Decie Ellzey. We are told that Little Mrs. Mollie fell at her home recently and just is not feeling well these days.

The family of the late Mr. and Mrs. Albert Jackson will have their family reunion at Nocona Park Sunday July 6th.

Shade trees allow natural cooling system

One of the best ways to cut air conditioning costs is with nature's own cooling system - shade trees - say Texas A&M University researchers.

It will take more than one tree to produce the canopy effect needed, but some trees can reach 15 feet in less than three years.

Air conditioning accounts for 20 percent of all home energy use in Texas, compared to the national average of under 5 percent.

Schedule of Meetings

Hood Club
The Hood Community Improvement Club meeting is scheduled regularly for the first Monday of the month, July 7.

Myra Volunteer Firemen
Myra Volunteer Firemen hold weekly meetings on Monday evenings.

Citizens Against Drug Abuse
"Citizens Against Drug Abuse" meet every Monday night at 7:30 p.m. at St. Paul Episcopal Church, 415 East California.

Chamber of Commerce
Members of the Muenster Chamber of Commerce will have their luncheon meeting next Tuesday, July 8 at The Center.

The following events, selected by Elmer Whidson Jr. of the Texas Tourist Development Agency, are but a few of the many excellent recreational opportunities offered by communities across the state. A more complete listing of Texas events may be obtained free of charge by writing TEXAS, Box 9064, Dept. C, Austin 78763.

July 4-6 — Indian Dancing, Tigua Reservation, El Paso. Reservation hours are 9-6 daily. For more information call 915-859-3916.

July 5, 12, 19 and 26 — Austin Music, Symphony Square, Austin. Performances at 8:30 p.m. Performing the 5th is Steve Fromholtz, the 12th it's Kerrville Folk Highlights, 19th The Lotions and the 26th Extreme Heat. Admission \$3 to \$5. For more information contact Symphony Square, 11th at Red River, Austin 78701 (512-476-6090).

July 5 & 12 — Canoe Trips of the Big Thicket. For details and reservations contact the Big Thicket Museum, Box 198T, Saratoga 77585 (713-274-5000).

July 7-11 — The 45th annual Deep Sea Round-Up, Port Aransas. Registration is Monday, the 7th, for competition in bay-surf, light and heavy tackle offshore fishing. Other activities include a beauty contest, boat parade, sailboat races, surfing, fashion shows, arts & crafts, softball games, a street dance and various "fun" contests. For details contact Bill Coffield, Box 501T, Port Aransas 78373 (512-749-5512).

July 9-12 — Model "A" Ford Restorers Club National Meet, Fort Worth. Over 600 Model "A"'s will be on display at Will Rogers Exhibi-

tion Building. There will be a swap meet, driving events and judging. For additional information contact Bob Black, Route 1, Box 9T, Keller 76248 (817-431-1987).

July 3-6, 10-12, 17-20, 24-27 — "Texas Meg," Opera House, Granbury. Home grown Texas musical performed in the historic opera house on Granbury square. Shows at 8 p.m. Thursdays, 2 and 8 p.m. Fridays and Saturdays and 2 and 5:30 p.m. Sundays. Admission \$3.50 to \$5. For children and senior citizens \$2.50. For reservations contact the Opera House, Granbury 76048 (817-573-9191).

July 18-20 — The 10th annual Black-Eyed Pea Jamboree, Athens. Serious pea cookin', parade, pea shellin', NATO Races (National Association of Terrapin Owners), pea dinner, concert by Ronnie Milsap and The Cates, and a taste-in highlight a full schedule of events. For details contact Wayne Mackley, Chamber of Commerce, Box 608BT, Athens 75751 (214-675-5181).

July 30-Aug. 3 — Texas International Fishing Tournament, South Padre Island. Competition in bay and offshore fishing. For details contact Dodie Keller, Box 1699T, Port Isabel 78578.

July 31-Aug. 3 — Texas Folklife Festival, Institute of Texan Cultures, San Antonio. In the "really big" category, this event features 6,000 participants representing the 31 ethnic cultural and national groups that added to the growth of Texas. Many festivals in one. Advance tickets \$3 adults, \$1 children. At the gate adults \$4. For additional information contact the Institute, Box 1226T, San Antonio 78294 (512-226-7651).

Plant oils can cause engine damage

COLLEGE STATION — Many American farmers, desperate to cut diesel costs, are experimenting with alternative fuels such as sunflower, soybean, cottonseed, peanut, and other plant oils and risking engine damage, warns an agricultural engineer at Texas A&M University.

"They will operate as a fuel, but with several hundred hours of operating time, they are harmful to the engine," Dr. Wayne LePort said. "There are people who will try it and damage their engines."

LePort said the primary problem is with serious carbon build-up in the engines that are run on plant oils alone or mixed with diesel fuel.

Confetti...

decline of moral standards as revealed by the official attitude toward abortion and homosexuality.

The Reagan crusade as well as the GOP platform stand for the elimination of these many liberal blemishes from our government, and as such they clash with the idea of having a liberal on the ballot.

We the people have waited a long time for this revival of common sense, and we fervently hope the politicians will give it a chance. After all that's only fair. Liberals have had fifty years of breaking down the original American ideals, and conservatives now deserve their try for a comeback.

As regards the look ahead to '84, liberals of course want their man to have the inside track. But it's equally important for conservatives to have their man in the favored position. It's time to quit publicizing Baker and Bush and start cheering for the likes of Kemp, Laxalt, Helms, and Simon. They're his kind of Americans. A help rather than a drawback to the campaign and the country's future.
