NUMBER 42

Labor Day 1980 was observed by the traditional oratory glorifying the blessings secured by organized labor for American working men as well as the many efforts in their behalf by the Carter administration. Secretary of Labor Ray Marshall presented a comprehensive review of all the good things that have been accomplished by Labor's friends of Congress along with other good things that have been undermined by "reactionary" forces.

Marshall's message was a pep talk from the government and Big Labor reminding Americans that they are the world's most fortunate workers and that they are indebted to big labor and big government. The statement is partly true. Workers of the US probably live better than those of any other country, and the helping hand from unions and government has accomplished much. But the picture of labor conditions isn't really as pretty as presented and some of the so-called efforts in behalf of workers were actually in behalf of the labor bosses.

While rejoicing over the high standards enjoyed by workers, we really need to remember that increasing numbers are finding themselves priced out of the market...and out of jobs. The tendency now is for American car sales to slump, resulting in plant shut-downs over here, while foreign car sales are gaining. One company proposes to get competitive and expects to re-hire thousands of laid-off workers. But some 50,000 of them will not be back. This happens to be only the continuation of a trend which has been going on for years, as revealed by a look at the stock in retail stores. It comes from foreign countries, made by people who offer a better deal. Really, it's tragic that US workers are not able to compete in the foreign market, but even more tragic that, even with protective tariffs their sales are declining at home. So, while some workers continue to get fabulous pay, increasing numbers join the ranks of unemployed, and many of them collect on welfare.

There is a solution for this frustrating condition. These so-called statesmen of Labor and the Administration should understand that prosperity does not depend on the amount of money in circulation but rather on the number of people working and their volume of production. At the same time workers need to understand that they can get along on less without even tightening the belt. Personal budgets nowadays are distressed more by the cost of high living than by the high cost of living.

A related remedy to consider is belt tightening by the government. If it will eliminate the unnecessary spending while workers strive to produce more for less pay inflation can be stopped and the country can head back toward recovery. This is the word the public should have heard on Labor Day instead of the political talk telling what all has been done and will be done for them.

Outcome of London-Grisham Hassle Still Undecided

Results of the District 23 race for the state legislature...Ray Grisham vs David London... apparently are still not determined. At this time it is being investigated by the Fannin County grand jury and voters of Leonard are circulating a petition asking the FBI and the Justice Department to investigate. Some 200 persons have signed claiming their votes were switched and their civil rights violated.

The dispute is centered at Leonard where the original count of run-off votes was 625... Grisham 392, London 200 and ballots not marked in that race 33.

London demanded a

district recount and the result at Leonard showed Grisham's count decreased to 282; London's increased to 337, and the count of unmarked ballots reduced to 6. The difference was enough to give the nomination to London.

Grisham claimed he was ripped off and has filed a suit to get the re-count result overturned. He said he still doesn't understand and "the judge said he is convinced that votes were changed but it's impossible to tell whether by the voters themselves". Speculation was that someone hid in the courthouse overnight, changed the ballots and then slipped away.

2 German Events Shaping at Dallas

The annual big double header German celebration in Dallas is only slightly more than a month away.

The first event, the 18th annual Pioneer Ball, will be at the Marriott Motor Hotel on Saturday, October 11, and German Day in Texas will be a featured event of the State Fair on Sunday, October 12.

The Pioneer Ball begins as a concert featuring the Dallas Town North Concert Band, The Dallas Frohsinn Singing Society, the German Air Force Choir (in its 13th appearance), also a quartet

City Meeting Postponed

The September meeting of the Muenster City Council along with an official hearing on the city's 19 per cent tax increase will be held next Monday instead of this week Tuesday, as originally scheduled. The reason is that Mayor Endres and Mayor Pro-Tem Grewing were both out of town for this week's meeting. The meeting will be held at 7:30 in the city hall.

Other business on the agenda includes zoning recommendations, discussion on care of the park, request for a 2 a.m. closing hour, appointment of park board members, discussion on the water district and a firemen's pension fund.

Special Liturgy Opens CCD Year

Marking the opening of the school year for the CCD of Sacred Heart Parish, a special liturgy was held Wednesday September 3 at the 8 p.m. Mass.

Mrs. Betty Rose Walterscheid gave the introduction and narrated the year's theme: "The Parish Community - Servants of the Word." She stressed that if we endeavor to build Community, then parents, students, teachers and pastors will all grow in Christian love, joy and attitudes. She said: "Our liturgy is simple, but we hope it will be pleasing to our Lord."

Music and song leaders were Mrs. Ruth Felderhoff and Mrs. Eileen Fisher. Mass Readings were given

German Day at the Fair is an annual big party of German Gemuetlichkeit in a big tent near the Grand Avenue entrance-exit. Starting at 11:30, it includes German food, drinks, songs, music and dancing.

Features are a children's choir, German club folk dancers, an oompah band, Frohsinn Singers and German Air Force Singers. A special 5 p.m. ceremony will be a retreat and a salute to Texas. Muenster is one of the cities included in the salute.

Hottest & Dryest

Up to now Muenster has had 70 days of 100 or more temperature this summer. Last week it had six out of seven days of barely hanging on to the century mark, the lone exception being a comparatively cool 94 on August 28, which was also marked by a .12 rainfall, the only moisture of the month.

Two Scrimmages Break Even 1980 Football Season Opens

The Tigers took on an exceptionally tough opponent for their scrimmage test last Friday and came away looking fine. Competing with the AAA Falcons of Lake Dallas, they broke even with one touchdown each. However they did the better job of moving the ball, going all the way on one drive and inside the 20 twice. The Falcons made one good drive but failed to complete it. Their touchdown resulted from an interception and runback.

Coach Virgil Henschel said his offense still needs a lot of work on its timing but shows great improvement over last week. This applies especially in passing where the problem has been to get

receiver and the ball to the same place at the same time. There have been other offensive mistakes as well, but no more than can be expected in a second scrimmage session. On defense the Tigers' progress can be measured by their success in coping with the stout Lake Dallas team. The coaches, Father Stephen and Virgil Henschel feel that their Tigers are ready for their opener at Petrolia Friday night.

They're confident, that is, but are not taking anything for granted. Petrolia is classified at AA whereas Sacred Heart, if in the UIL, would be A. In that regard Petrolia rates as the continued on page 12...

The Hornets' scrimmage at Southlake Carroll last week was a standoff, with both sides looking good on defense but just so-so on offense. Neither team allowed the other to score and they broke even at five each in the count of first downs.

The big play for the Hornets was a 40 yard break-away by Rusty Serna, but unfortunately halted before it became a touchdown.

Running by Serna and Gary Klement showed improvement, according to Coach Stinson, but the over all offense needs to polish up its timing, especially in the passing department.

In general Stinson said, he is highly pleased by the practice session. Considering the

caliber of the opponent, with a AA classification and a great record in the past two years, the Hornets did a fine job of keeping them under control. As regards the problem on offense, he's hoping that the reason was more in Carroll's strength than Muenster's weakness.

Nevertheless the experience has taught that priority in this week's workouts has to be improving the coordination on offense. As Stinson sees it, the boys have to get their efforts better unified to cope with the favored Wildcats Friday night.

With a AA classification, Callisburg has experience in eight returning lettermen, plus a pair of speedy backs, plus a weight advantage in the line... plus a very convincing three touchdown success over Saint Jo in scrimmage.

On the other hand the Hornets, while rating second in speed and size and experience, have been improving in quickness. And they are super in enthusiasm. Their coach said spirit is high and they're determined to play it tough all the way.

Physically they are near 100%. The only injury is Rusty Serna's bruised shoulder, which is expected to be back in fine condition by Friday.

Hood Sets Nov. 1 For Annual Supper

The Hood Community Club announces this week that preparations are starting for its annual Thanksgiving Supper. The date is Saturday, Nov. 1, starting at 5 p.m. and tickets are priced at \$4.00 and \$2.00.

Joint Issue of Commemorative Stamp Proposed in Germany, US

A proposal urging the simultaneous issue of commemorative stamps in the United States and the Federal Republic of Germany has been announced by Gershon Canaan, honorary German Consul in Dallas.

Mr. Canaan is known here as a visitor to German-fest and several Sacred Heart choir concerts. He is associated with Wayne Reiter of Muenster in the employ of J.L. Williams and Co. of Dallas.

The suggested stamp is intended to recognize and salute 300 years of German immigration in the United States (1683-1983).

As pointed out by Mr. Canaan the intention originally was to honor Germantown, Pa., which was settled in 1683, and a request was submitted to Belmont Faries of the Citizen's Stamp Advisory Committee, Washington. He replied that honoring one city in this manner could create a precedent for thousands of such requests, and suggested a more

generalized motive. Accordingly Canaan proposed the commemoration for all German immigrants of 300

years. At the same time he asked his native Germany to join in the spirit and issue a stamp on the same subject at the same time. The proposed design is a combination sketch of the American eagle and the German eagle.

In his request to Washington Canaan pointed out that the proposed stamp is "the commemoration of the immigration of 30 million

Americans of German descent and their achievements, comprising the largest immigrant nationality segment in the American population."

Canaan urges the participation of all interested people in requesting the issue of this commemorative stamp. Herewith is a form which can be clipped, completed and mailed to the person indicated.

This is the suggested design of a commemorative stamp proposed for simultaneous issue in United States and Germany honoring German immigrants to America during the past three centuries.

Congressman
Charles W. Stenholm
 Congressional Comment

WASHINGTON, D.C. — The problems revolving around illegal aliens in this country continue to mount, but nothing is gained by burying our heads in the sand and pretending that those problems or the aliens themselves don't exist.

Such was the case in the U.S. House of Representatives recently, when an amendment was considered and passed which would prohibit the use of the 1980 census for the reapportionment of Congressional districts because the count allegedly included illegal aliens. Supporters of this amendment contended that the estimated 20 million illegal aliens — 5 million legally registered and an estimated 15 million undocumented — should not be included in the census.

I opposed this amendment on two basic grounds, one practical and the other Constitutional.

We are in the concluding stages of the decennial census of the U.S. and have spent over \$1 billion to arrive at this enumeration of our people. By barring the use of the census for the reapportionment of Congressional districts, this amendment will prevent the most effective use of the census. We will be repudiating an expensive effort that has already taken over one year and is not completed.

There was no question but that the Census Bureau did not check on a person's "alien" or "citizen" status while conducting this count and therefore they could not possibly identify how many aliens have been counted or where those persons are, short of some type of "administrative adjustment" which is nothing more than

manipulation of the figures to fit someone's predetermined beliefs.

A further point centers around the recent Federal Court opinion that a school district may not deny illegal alien children an equal educational opportunity. While I have reservations as to the propriety of that decision, I think it forces us to take a hard look at how best to live in the world as it is and not as we wished it were.

This is not to say that we can't continue trying to change the world, but the census will be used this year to allocate some \$50 million in federal funds, or over \$200 per person. That money is needed to assist localities impacted by that Federal Court mandate.

Some of the most persuasive arguments used in opposition to the amendment were Constitutional ones, involving the language of the directive for a national census in that document. The Constitution distinguishes between "persons" and "citizens" and also makes the distinction that those persons (Indians) not taxed are not to be counted.

In recognizing this distinction, the framers of the Constitution created a fundamental right to be counted for representation that rests with all persons who are taxed. Aliens, while not citizens, are indeed persons and they are subject to taxation on any income earned in this country.

As long as we rely on the principals of Constitutional government and "no taxation without representation," it is of paramount importance that all persons be counted in order that their needs be represented.

WHY TAXES MUST BE CUT

From the outpouring of legislation calling for increased spending which continues to roll out of Congress it would appear there are a great many people who think there is no limit to the government's ability to spend. History teaches differently. We are currently far beyond the 36 percent of national income spending barrier found to be disastrous by historians. With taxes now consuming 46 percent of the national income it is imperative that taxes be cut. Here are some of the reasons why.

Our economy is now in a recession, according to administration economists. Retail sales are down. Unemployment is on the rise. Economic growth has faltered. Economic growth is normally measured by the gross national product or GNP although this can be a misleading indicator. It is not nearly as meaningful for the individual as using the national income as an indicator. However, because GNP is used by the government, economic writers and the media, we're stuck with it.

The record clearly proves a decline in economic growth. The economy grew 5.9 percent in 1976, 6.3 percent in 1977, 4.4 percent in 1978 and only 3.8 percent in 1979. We now have a negative growth rate.

Economists had in fact expected a decline in GNP in 1979, but this was prevented by people spending instead of saving. The savings rate dropped to 3.3 percent, the lowest rate since 1950. This was probably brought about by inflation psychology as people felt they had better spend to prevent erosion of the purchasing power of their savings dollar.

If we want to improve retail sales, put people back to work and get the economy moving again we must increase personal savings. It matters not that average income keeps increasing; what matters is what we have left after taxes. There is only so much to be divided between government

and the individual. When taxes increase, what the worker has to spend obviously must decrease. We must cut taxes!

We must leave more money in the hands of workers so they can purchase the goods and services to improve their situation in life. We must make it possible for people to save so capital can be accumulated for expansion of businesses and be loaned by savings and loan associations so that housing construction can once again grow.

At the same time we must cut government spending. It's out of control, vastly wasteful and destructive to the economy. We must limit government spending to hold down the national debt and halt inflation.

The consequence of these actions, cuts in taxes, cuts in government spending, and cuts in government borrowing would be increased economic growth. The total economic pie would grow to provide larger slices for everyone. At the same time inflation would stop; in fact prices would decrease if the money supply were held constant. We would get our economy back on track. The alternative is continued stagnation.

Confetti...

labor policy. He and Marshall and people like him have done their utmost to wipe out Right to Work laws. They insist on the kind of economic slavery which requires that a person must be a union member to hold a job...that union bosses have the right to skim compulsory dues off workers' pay checks and use them for whatever purpose they wish regardless of members' wishes. This practice is going on again in this year's political campaign as big labor spends millions to support its Democrat friends in violation of the wishes of millions of individuals from whom the money was taken.

Marshall and the administration are not being quite honest in bragging about all they do for working people. Their real beneficiaries are the labor bosses and organizations who skim off the dues and wield their political clout in government. It's quite an arrangement in which the two elements combine to keep each other in power and riches whereas working people have to pay.

It wouldn't be that way if union membership were voluntary, as recommended by the great Samuel Gompers, the founder of American unionism. He warned that compulsory unionism would result in the same condition we have today, where bosses rule and members just pay tribute while being powerless.

Under voluntary membership workers would no longer have to tolerate the pushing around by bosses, or the payment of tribute to hold a job. Instead of being ruled by people at the top they could participate in the democratic way of running their organization...otherwise quit the organization without fear of losing their jobs.

A well known slogan reminds us that good unions do not need compulsory membership and bad unions do not deserve it.

If the Dairy Industry Were Regulated Like the Oil Industry...

It is suggested that controls be imposed on milk prices. To implement these controls, the government would, of course, have to set up a council. The council would in all probability establish the following price control rules:

1. OLD MILK - any milk produced from a cow born on or before December 31, 1972. The milk can be sold at the May, 1973 price adjusted for inflation.
2. NEW MILK - any milk produced from a cow born on or after January 1, 1973. This milk can sell for the September, 1975 price adjusted for inflation.
3. STRIPPER MILK - any milk produced from a cow that makes less than 10 pints a day or alternately any milk produced by a group of cows that graze at a density of less than 10 per acre. This milk can sell at the 1973 uncontrolled price.
4. "NEW" NEW MILK - any milk produced by a cow born after May 31, 1979, that grazes 2 1/2 miles from another cow or in a ravine a thousand feet deeper than the nearest cow. This milk can sell at the June 1, 1979 uncontrolled price adjusted for inflation.

Two years after the implementation of the above price control rules, a study of all milk producers shall be conducted (cost to government not to exceed 740 million) to determine if milk producers are showing profits in excess of 3%. If 10% or more are exceeding the 3% maximum, a windfall profit tax shall be imposed immediately to grab 60% of the gross income for 30%. If the herd is comprised of 49 head or less. The proceeds of this tax shall be disbursed where ever it will buy the most votes for the incumbent politicians.

Among hall decorations was a 20 x 2 1/2 foot banner made by a daughter-in-law, Lola, on white background, with blue letters and two gold wedding rings. On display at a special table were an engraved silver tray awarded to Mrs. Sicking by Jr. Elite for 10 years of service, 1967-1977; a plaque awarded to Mr. Sicking for "Outstanding Service in the Field of Rural Electrification," also a March 1980 issue of "Co-op Power Magazine", his picture and a story on his 41 years as an employee of Cooke County Electric Co-op; also a copy of the contract when he was employed by the co-op, where he began in 1939.

Mr. and Mrs. Leo Sicking were married by the late Fr. Frowin Koerdt O.S.B. on Tuesday, October 1, 1940 at 8 a.m. Tuesdays were traditional wedding days in this community, for several generations, and the wedding reception was usually a day-long event.

Next were the wedding attendants of 40 years ago, his sister Rose, Mrs. Alois Rohmer, and her brother, Norbert Knabe, followed by the honored couple.

Dan Sicking was the Reader for the Liturgy, and Annette, Kevin, Dean and Carol presented Offertory gifts symbolizing Martha and Leo Sicking's years of accomplishments in their home and at work, including the first meter he set on the Cooke County Electric Co-op line, and a miniature bale of hay from his farm, also a piece of fabric from her home-sewing and a jar of canned vegetables from her well stocked pantry.

Music was presented by Joe Wiggins of Dallas who sang "My Cup Runneth Over", "The Lord's Prayer" and "Happy Anniversary", accompanied by organist Mrs. David Bright who also played the processional and recessional. The four sons-in-law were ushers.

The church altars were decorated with arrangements of white gladioli and blue and peach carnations.

Mrs. Sicking wore a formal peach gown with a corsage of yellow and peach roses and peach apple blossoms. Mrs. Rohmer wore a teal blue formal and a white corsage.

Reception

A reception followed in the Knights of Columbus Hall. The buffet dinner was prepared by a son-in-law, Herman Depold and a daughter, Mrs. Jim Fights assisted by another son-in-law, Bill Rowton. It was served by the Sickings' sons-in-law and daughters-in-law. Nieces, Mrs. Claude Bayer and Ann Sicking presided at the guest book.

Forestburg News by Myrt Denham

Don't know how many of you feel like I do - but this is one year I will welcome "ole man winter" with open arms. Like one lady said to me "You can put on enough clothes to keep warm in the winter but there just is no way you can take off enough clothes to keep cool."

Then we heard the comment that due to the prolonged heat spell that couples in Texas, Oklahoma and Missouri were no longer getting divorces - they were just shooting one another.

Mr. and Mrs. John C. Blankenship of Lindsey,

Okla. visited his mother Mrs. Regina Blankenship in the Muenster Hospital Sun. Aug. 17 and also visited with Mrs. John's mother Mrs. Louise Shults of the Burg. Mrs. Regina Blankenship returned home Thurs. Aug. 21 and son, Luther reports she is doing very well.

Mr. and Mrs. Ray (Ted) Jackson were in Gainesville on business and shopping Wed. Aug. 20.

L.C. McMillion of Dewey, Jimmy Robertson of New Harp, Casey Jones and Ted Jackson of the Burg attended the Mason Lodge meeting at Valley View Wed. nite Aug. 20.

Mrs. Bessie Hudspeth of

Bellmire Home in Bowie took seriously ill in the early morning hours of Tues. Aug. 19 and at this writing is still a patient in the Bowie Hospital.

Clifford Hudspeth entered Westgate Hospital in Denton Tues. p.m. Aug. 19 and underwent surgery Wed. a.m. at 9:30. Chatted with Cliff's wife Merle Mon. p.m. Aug. 25 - she said he was doing just fine and she plans to bring him home Tues. a.m. Aug. 26.

Mollie Howell, Wanda Magee and Wynona Riddles

motored up to Lawton, Okla. Tues. Aug. 19 where they visited til Thurs. the 21 with Mrs. Audna Stone, Mrs. Georgia Moore and Mr. and Mrs. Frank Higgins. Would like to add a note of interest here, Mrs. Audna Stone is the first cousin of the late Lester W. Boyd, Sr. Mrs. Cleta Reynolds, and Mrs. Nema Barnett. Thus a second cousin to Vesta Carter and Lester Wade Boyd, Jr.

Mrs. Betty Reynolds made it over to Bowie Thurs. Aug. 21 on business, shopping and earning her

brownie points as she visited with Austin Boyd and his sister Hazel McDaniels, Miss Rachel Reynolds and Mrs. Joe Denham at the Bellmire Home. Best make it clear here that only Mrs. Denham resides at the Bellmire Homes.

Mrs. Decie Ellzey and this writer found their way over to Muenster Thurs. Aug. 21. There they tended to business, did some shopping, enjoyed a nice lunch and visited with Mrs. Bess Orrell at St. Richards Villa. Bess will celebrate her birthday Fri. Aug. 29.

Mrs. Bula Mae Berry came home from the Decatur Hospital on Fri. Aug. 22. Bula Mae had to return to see her Doctor on Mon. the 25 - she is doing okay.

Mr. and Mrs. H.A. Dunn, Dye Mound, accompanied Myrt Denham to Sheppard A.F.B. Fri. a.m. Aug. 22 to pick up Perryman Denham at the hospital there. They all had lunch in Bowie then visited with Mrs. Joe Denham at Bellmire Home. H.A. also visited his aunt Ti Cook who also resides at the Bellmire Homes.

Mr. and Mrs. Herbert Gardner of Enid, Okla., and their daughter Joe Ellen, of Calif., made it back to the Burg Thurs. Aug. 21 from a visit in Houston and Galveston. They were guests of the W.T. Well, Joe is well known over the area and has many friends here abouts plus a right smart of kin floating around.

Charles Lanier and sister Phyllis of Wichita Falls came home Fri. Aug. 22 to visit their mother Shirley Lanier. On Sat. Aug. 23 Mmes. Shirley Lanier, Jeanette Montgomery, Cleo Lanier, Jeff and Tracy Lanier, Charles Lanier, Janice Lanier and Chris Gresham attended the rodeo in Bowie.

Mrs. Bobbie Dill received word her niece Mrs. Jaton Hutson of Amarillo was injured in a car accident Wednesday August 20, at 5 p.m. as she was leaving from work. Mrs. Hutson's car was hit broadside and was completely demolished. Mrs. Hutson suffered bruises and cuts but no broken bones.

Byron and Brandon Berry spent Friday and Saturday of last week with their sister and husband Mr. and Mrs. Charley Haverkamp of Lewisville.

Mr. and Mrs. Jim Penton left by Trailways bus, Thursday August 14 for a visit with Mrs. Penton's mother, Mrs. Ida Johnson, who lives

on a farm on West Lake Mebaglimon, about 5 miles from Hawthorne, Wisconsin. Grandmother Johnson is 95 years young, and very hardy, does her own cooking and has a garden, does most of her work with some help. She has 19 grandsons. Jim and Ruth say one of the most outstanding events were when they went to the Assembly of God Church with Grandmother Johnson, and the Pastor asked for prayers for the sick and a little boy 7 or 8 years old stood up and asked for prayers for his Daddy who was sick so they could bring him home. Jim and Ruth say all the lakes and rivers were full of water in Wisconsin and luscious green grass. In Minnesota there were green grass and Iowa's corn stalks were not quite as tall as usual. Jim says he never saw so many people traveling - they were standing by the 100's in line for tickets, said they became

acquainted with many nice people and did some good visiting, but Jim says he wouldn't recommend a long bus trip for senior citizens 6 feet tall. Jim and Ruth arrived home Friday August 22 at 6 p.m.

Kirk Kuykendall and friends Jimmy and Jay of Pine Bluff Arkansas and

Johnny Richardson of Dallas visited their aunt, Mrs. Johnny Britian and Mr. Britian Saturday evening August 23.

Tain't enough doves around this year anyway to bother with - besides what do you have once you do kill one of them? Really nothing but a dead dove!

Nutrition Information
 by the Dairy Council, Inc.
 The following is the first of a series on nutrition provided for our readers by the Dairy Council Inc.

Dairy Council, Inc. home economists have some great lunch bag tips to share with you. For those of us who find it hard to find time each day to get lunches made for the family, most sandwich fillings can be frozen. The making and freezing of quantities of sandwiches in advance will not only save time but provide a variety from which to choose. Frozen sandwiches will stay cool for an hour or two depending on the temperature and container. Freezing raw vegetables and some spreads, such as mayonnaise and salad dressing, will affect both taste and texture; omit these from your sandwiches until lunches are being packed in the morning. Be sure to wrap sandwiches tightly when storing, as the refrigerator and freezer sections tend to cause bread to dry out.

If lunches are packed in metal or plastic lunch boxes, frozen "Blue Ice" can be used to keep foods cooler 2-3 times longer than ice. This product can be re-frozen and re-used daily. When used properly, it will keep the container cool enough to send milk in half pints rather than in a thermos, which saves dishwashing. Use butter in place of mayonnaise or salad dressing. It's safer spread in warm weather and can be frozen for sandwiches that are assembled in advance. An occasional hot item can offer a pleasant change of routine. Foods such as beef stew, spaghetti with meatballs, or chili can be sent in a thermos with a wide mouth. Pouring hot water in the thermos before adding hot foods will help maintain the desired temperature. Remember that fresh fruit is usually as convenient and definitely more nutritious than chips and prepackaged pies for lunch. Think about occasionally using dried fruits, too, such as raisins, apricots, dates. Be creative with leftovers. Cold items such as fried chicken, hamburger on a bun, cooked pork chop, or meatloaf on a french bun can be a nice change from luncheon meats. Grated cheese, chopped cucumber or creamed cheese and fresh sprouts, or olives can be just the imaginative touch to an otherwise dull sandwich. Instead of milk, you might send juice, but be sure to include a milk food such as cheese, cottage cheese or flavored yogurt along with the lunch. If chips are a must, pack your own in sandwich bags. It is cheaper than purchasing the prepackaged ones. Try to feature one special item in each lunch, such as a flavored milk, peanut butter stuffed celery sticks, a taco, or a really unique Pocket Pita sandwich.

NOTICE BY PUBLICATION
 To: Lucky Conley, Respondent, Greetings;
YOUR ARE HEREBY COMMANDED to appear and answer before the Honorable 16th District Court, Cooke County, Texas, at the courthouse of said county in Gainesville, Texas, at or before 10 o'clock a.m. of the Monday next after the expiration of 20 days from the date of service of this citation, then and there to answer the petition of Roy Gilbert Ponder and Patti Lou Ponder, Petitioners, filed in said Court on the 28th day of August, 1980, against Lucky Conley, Respondent, and said suit being number 80-372 on the docket of said Court, and entitled "In the Interest of Amber Dawn Ponder, a Child," the nature of which suit is a request to adopt the child. Said child was born the 10th day of August, 1980, in Sherman, Texas. The Court has authority in this suit to enter any judgment or decree in the child's interest which will be binding upon you, including, but not necessarily limited to, the termination of the parent-child relationship, the determination of paternity, and the appointment of a conservator with authority to consent to the child's adoption. favorite. Additionally it will have the home field advantage and the heavier lineup. A possible measure of Petrovia can be read from its scrimmage with Bowie, which is considered one of

the AAA powers of the area. The score was 4 to 1 in the TD count, which could indicate a good defensive job in limiting a powerhouse to four scores plus a good offensive job in getting a touchdown of their own. So the Tigers are expecting a big game.
