**With Ronald Reagan** making it official that he is a candidate for the presidency, the big contest begins to shape up as the kind that will offer America an opportunity to get back to the ideals that made it great.

Reagan is recognized as the most conservative of all the candidates. He has spelled that out persistently in speeches and writings since the last election. In fact he made his position clear on the subject for many years before 1976. All of which is in sharp contrast with trends of a few decades past, and especially with the current government.

Perhaps he is what the country has been waiting for. Reports of recent years have told us many times that people had their fill of liberalism and the feeble policies that go with it. Such as deficit spending (which is the principal cause of inflation), welfareism, run-away bureaucracy, softness on Communism, and erosion of the old time values like patriotism, morality and law and order.

More and more people are convinced that the modern trends are getting the country into trouble morally and economically while gnawing at national security and prestige. They know that something needs to be done, and soon, to rescue this once great nation from moral breakdown as well as the take-over by global Communism.

Of course the campaign involves a number of complications. Carter and Kennedy are stuck with the status quo, because both have a record of liberalism. About the only issue between them is who has more personal ability and who can do the better job using their old discredited principles. Brown wants to see the other two mean mouth each other out of contention and then take over the nomination. But his problem is that he's still stuck with the Democratic party, which has long been identified as the party of liberalism.

On the other side of the picture is the Republican party long identified as conservative. The only trouble there, however, is that its former front runners, like Ford and Nixon and Eisenhower, have been only moderately conservative and retained too much of the liberalism they inherited. Being realistic, we have to understand that keeping some policies was unavoidable, but we also have to wonder whether they could not have done a better job by scrapping more of the liberalism.

Likewise we have to wonder whether the same problems will repeat if the voters of 1980 again choose one of the moderate conservatives. Connally, Bush and Baker all appear to be big improvements over the Democrats, but can they do as well as a person who is more dedicated to conservative principles? Hopefully the Republican party in this election will take heed of the public's mood and give it a candidate whose ideals reflect its kind of good, solid American thinking.

To convince the party that Reagan is its best choice will not be simple, however. After these many years too many politicians seem to think that they have to compromise with the liberals in both ideas and personnel. They want to garner additional votes by appealing to liberalism rather than present a clear-cut issue based on solid political, moral and economic values. To our way of thinking, the public will respond better if candidates will tell them what is black and what is white and quit trying to confuse them with the grayness.

Another campaign gimmick is to point to a person's political inexperience, im-

## Dec. 1 Parade to Open Yule Season

Muenster's annual welcome to the Christmas season, complete with parade, Santa Claus visit and community Christmas tree, will be extended on Saturday, December 1. The date was set in Tuesday's regular meeting of the Chamber of Commerce and John Pagel was named coordinator of the committee directing the show.

Hoping to attract a good number of floats, the Chamber decided to double prize money from \$150 to \$300. The committee will determine the categories for prizes and how much to each

winner. Another possible way to increase participation is to invite floats from the Gainesville parade, November 27, to come and join.

Announcement was made that Jaycees again will have a part in the Yule season opener. They will sponsor the customary Santa visit with give-aways for the kids and also provide the community Christmas tree. The Chamber, with Monica Hess in charge, will decorate the tree. The city likewise is involved. Council members at their last meeting decided to have Christmas lighting installed by December 1.

However, the Christmas drawing sponsored by merchants will be missing this year. Attendance has been disappointing the past two years.

### PLEASE NOTE:

So that the Enterprise Staff may join with their families on Thanksgiving, we request that all stories and insertions be submitted for publication no later than noon, Tuesday, Nov. 20. We will print Wednesday afternoon.

## It's Homecoming Time at SHHS

The time is winding down toward the moment of announcement of SHH Homecoming Queen. Halftime activities during the Tiger-Notre Dame game Saturday night will be highlighted by the coronation. Pre-game activities include a parade at 6 p.m. forming at the Ben Franklin parking lot; also an open house and reception honoring graduates of '39, '49, '59 and '69 and all SHS Alumni at 6 p.m. in the Community Center. Two dances will follow the game, one at the gym and another at the Community Center.

Candidates for Homecoming Queen are four Sacred Heart High seniors, Rhonda Endres, Sharon Sicking, Elaine Walterscheid and Rose Felderhoff. Members of the Queen's Court are Laurie Endres, Susie Felderhoff and Gina Hofbauer.

Class competition and games began last Sunday, with the following results, with winners in order named: Hall Decorations: Sophomores, freshmen and senior tie, and juniors.

Balloon Shaving: juniors, seniors, sophomores and freshmen. Wheel Barrel Race: seniors, juniors, freshmen and sophomores.

### Muenster Entries Win FFA Contest

Muenster FFA members Donnie Frazier, Timmy Hermes and Roland Serna were first place winners in a district leadership contest of the Future Farmers of America held at Gainesville Monday.

Competing in the Chapter Farmer Farm Skills category they scored 940 out of a possible 1000 points. The next high in the field of 8 teams made 900 points.

With the win the team qualifies for an area contest to be held at East Texas State University on November 26.

### County Fire Fighters

The Cooke County Fire Fighters Association will meet at the Muenster Fire Station on Monday, November 19 at 7:30 p.m. Slides will be shown.

Powder Puff Football results: Senior-Sophomore team won.

Cheerleaders for the girls' Powder Puff Game, providing added entertainment, were freshmen Curtis Henschel and Gene Haverkamp and juniors Brian Grewing and James Hess; also sophomores Tim Voth, Fred Hodebeck and Darrell Swirczynski and senior Mark Nasche.

Mass and special liturgy with Homecoming symbolism was attended by the

### Scouts Get Awards And Promotions at Court of Honor

Forty five merit badges and twenty skill awards along with eleven advancements in rank were the occasion for a court of honor ceremony conducted by Muenster Boy Scouts Monday night in the K of C Hall.

Brian Hoening was master of ceremony for the program which opened with a trumpet rendition of "To the Colors" by Ronnie Weinzapfel with the Eagle Patrol as color bearers, also the pledge of allegiance by Duane Walterscheid and the scout promise by Darren Walterscheid. Assistant Scoutmaster Wayland Pool recited the scout law with Brian Hoening attending as torch bearer.

Certificates of advancement and awards along with miniatures for the mothers, were presented by Wayland Pool and Chairman Henry Weinzapfel.

Weinzapfel spoke briefly after the presentations offering congratulations and encouragement, then the ceremony closed with a friendship circle and taps.

Recruits introduced as new scouts were Greg Bell, Keith Hennigan, Rusty Knabe, Stuart Luke and Peter Serna. Advancements were announced as follows. To Tenderfoot, Stuart Luke; to Second Class, Ronnie Fisher and Todd Fisher; to First Class, Billie Grewing, Brian Hoening, Kirk Klement, Craig Stofels, Stephen Vogel, Leroy Voth, Darren Walterscheid and Duane Walterscheid.

student body in Sacred Heart Church Thursday at 10 a.m. and the Queen's Court luncheon with guests was at 11:30 in the cafeteria.

According to Mrs. Betsy Fleitman, Student Council Sponsor, special attention is called to time changes for several events. The Relay Race will begin at 5 p.m. Thursday north of town and end in front of school. The bonfire will be held at a location on the Angelo Nasche Sr. farm at dusk Thursday and the parade time was changed to 6 p.m.

Friday will be Red and White Day. There will be a pep rally at 2:30 p.m. A decorated bicycle contest and parade for grade school will be held.

## Aubrey Wallops MHS 21-0 in Season Finale

A sad season for the MHS Hornets ended last week with more sadness. They lost 21-0 to Aubrey's Chaparrals and finished at the bottom of District 14-A with a record of 1-6.

The game was another in which the boys failed on fat scoring opportunities. Also, while doing a good defensive job most of the time, they allowed their visitors to spring several big plays. The Chaps gained 215 yards in five runs and 360 in the game's total rushing whereas Muenster's total was only 140, with an even 100 yards in the air and a net of 40 on the ground. Actually MHS rushing added to 78 yards but the figure shrank to near half the distance when busted plays and quarterback sacks were deducted.

The Hornets started like winners. On second possession, starting from their 14, they advanced 42 yards on good runs by Richey and Hermes and a 15 yard penalty on a late hit. Next Phil Wolf passed to Mark Felderhoff for a 40 yard gain to Aubrey's 4. But the drive suddenly soured there. Two tries lost 6 yards, a pass was incomplete and Dale Swirczynski's try for a field goal was blocked.

Four plays later Aubrey punted and promptly renewed its drive after intercepting a Hornet pass. That was followed by two short

## Tigers Cinch Place in TCIL State Playoffs

Sacred Heart is in the state playoffs of the Texas Catholic Interscholastic League regardless of what happens when it meets Notre Dame of Wichita Falls this week. That point was decided last week when Tyler Gorman demolished ND 40-0.

As a result, the present standings are Sacred Heart 2-0, Tyler Gorman 1-1, Christ the King 1-1, and Notre Dame 0-2. In the two last games, scheduled this week, SH will play ND and Tyler Gorman will meet Christ the King. The worst the Tigers can do is lose and end with a record of 2-1, which will be identical with that of the other game's winner. Since they have previously defeated both of those teams they qualify to represent the district. However, cinch or no cinch, the Tigers will not be satisfied with less than an outright win. They are going for a

### Fletcher Morris Dies of Coronary

Fletcher Morris, 57, president of First State Bank, Gainesville, died suddenly Wednesday morning, apparently of a heart attack.

He was associated with the bank 40 years, was a member of the Masonic Lodge and Rotary Club, a director of the Gainesville Area Chamber of Commerce and a director of the Southwest Diabetic Foundation.

Survivors include his wife, a son, a daughter and four grandchildren.

### For Bi-District

The Muenster High volleyball team will play for the bi-district title next Tuesday night, Nov. 20, 8 p.m. at Nocona High School.

### Forestburg Bazaar

The annual bazaar with Thanksgiving type meal, sponsored by the Forestburg United Methodist Church will be held on Saturday, November 17 at the Forestburg Community Center. The bazaar opens at 10 a.m. and serving begins at 11:30 a.m. Tickets are \$2.50 for adults, \$1.50 for children. Events: arts and crafts sale, bake sale, white elephant, sealed bids on quilt and afghan.

Sacred Heart's opponent for the bi-district play off will be St. Paul's of Shiner, the champion of District 5. However that is the extent of the information received here up to Wednesday afternoon. At that time Sacred Heart's plan was to determine by telephone Thursday morning where and when the game will be played. It is assumed that the date will be Friday or Saturday of next week.

full claim to the title.

As regards this week's meeting with the ND Knights, the big margin victory by Gorman last week, along with Sacred Heart's previous win over Gorman, definitely marks the Tigers as favorites. But Coaches Eckart and Henschel are

taking nothing for granted. Their scouting tells them that Notre Dame, though mostly sophomores, has size and speed, and it played tough last week until Gorman got a two touchdown lead and lots of momentum.

Nevertheless Tigers are confident. With an 8-1 record, including six shut-outs, they have abundant momentum of their own. They are ready mentally and almost at full strength physically. Brian Bednorz will not get to play and Phil Walterscheid is doubtful. All others are fine.

Still other factors in their favor are the home field and Sacred Heart's traditional homecoming atmosphere. The Tigers will have plenty of encouragement.

## Present Term Is Sullivan's Last in State Legislature

Bill Sullivan announced this week that he will not be a candidate next year for reelection as representative of District 23 in the Texas legislature. When his term expires at the end of 1980 he will return to full time law practice in Gainesville.

BILL SULLIVAN

Sullivan, 39, is completing his tenth year as a state representative. He said that he pledged in his first campaign that he would not make a career of the office,

that he would move up or move out. He added that he has moved up through chairmanship and the only advancement left was the speaker's position, which eluded his effort last year.

Sullivan said the most gratifying legislation he has been associated with is the amendment on taxing agricultural land on productive value rather than market value. He said that he sponsored the bill in 1977, and it passed, but legislation on the amendment failed to get out before the session ended, hence the delay in submitting it to Texas voters.

Among other career highlights were serving on the committee which re-drafted the state's 19th century penal code; chairing the subcommittee which revised the state's antiquated workmen's compensation law; and chairing the Environmental Affairs Committee which protected the state from ugly strip mining damages.

The greatest disappointment he said was the failure of a long and tedious effort to draw up a revised constitution of the state.

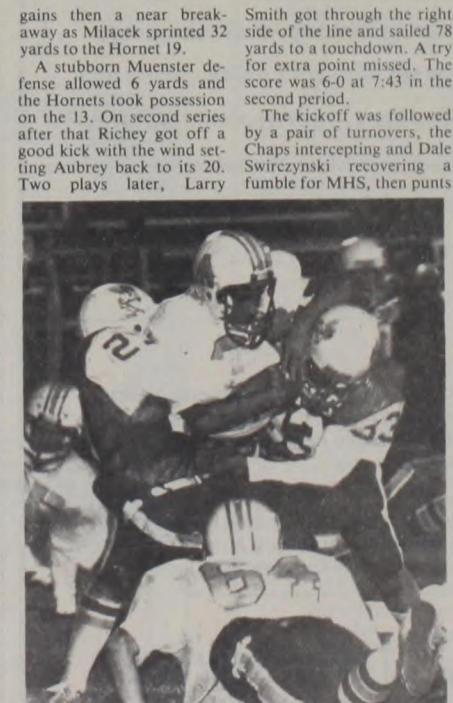

### Little Bit of Rain

While temperatures remain normal, with lows mostly in the mid-thirties and highs mostly in the high fifties, the community's moisture total slowly moves to the normal total of 36 inches.

Steve Moster's records indicate that three readings of the week add to 1.20 inch,

which is the total of November to date. The year's total is 31.90.

Low and high temperature readings of the week were as follows. Nov. 8, 46 and 68; 9th, 46 and 56; 10th, 33 and 50; 11th, 35 and 56; 12th, 37 and 57; 13th, 33 and 57; 14th, 38 and 62.

by Muenster, and Aubrey, and Muenster again.

Starting from their own 21 the Chaps went for their second score in five plays. The big gain was Milacek's 46 yard romp to the 29 and five more tries completed the distance. Mark Richardson scored from the 5 and also went over for extra points. The Chaps led 14-0 at 1:21 in the second period.

Another breakaway early in the second half set up Aubrey's third and last touchdown. Five short gains reached the Hornet 47 where Smith got loose and got as far as the 1 yard line before being pushed out of bounds. Smith finished the job on the next play, and his kick added a point. Aubrey led 21-0 at 8:45 in the third period.

On their next possession the visitors made a 60 yard drive before being stopped on the 30. Next the teams exchanged kicks and a penalty gave Muenster 15 free yards to the 18. From there Kevin Klement threw a half-back pass which was intercepted at the 1 yard line.

Ending the next series Aubrey had to kick and Muenster, after a clip penalty on punt return, was back on its 38. A pass to Mark Felderhoff reached midfield, a penalty added 5 yards for free, and another pass to Mark Felderhoff

**WASHINGTON, D.C.** — For many years now there has been a continuing controversy over the separation of powers between state and federal governments. Their lines of authority have been blurred as power has become centralized in Washington and local control has suffered.

Education has traditionally been an area where state and local governments have determined the allocation of resources. But in the last several years the tenancies of the federal bureaucracy have gradually increased their control over our schools.

Recently \$4.1 million in scholarship money for Texas students was impounded by the Office of Education because of a confrontation over the states' right to maintain their own quality standards for higher education. The federal government was pressing states to broaden their criteria for participation in the State Student Incentive Grant program. This action would have forced Texas to share grant funds with an additional 34 nonprofit postsecondary institutions which were not accredited and were not recognized as institutions of higher education by the state. The end result would have been a weakening of the standards of quality that our state officials have sought to maintain.

It was the position of our educators to resist this federal

intrusion into state authority. At the risk of losing these funds, the Coordinating Board of the Texas College and University System held firm. A legislative solution was worked out. The Congress passed a provision that would exempt states from the requirement to make all nonprofit institutions eligible for the State Student Incentive Grant program. This is one small victory for local control of education.

If this action had not taken place 10,000 students attending public and private colleges and universities would not have received their scholarship aid for the spring semester. It is indeed callous of the Office of Education to threaten these students because of a bureaucratic dispute.

It is evident that most Americans are dissatisfied with the way the federal government spends our tax dollars. A recent survey done by the Opinion Research Corporation found that citizens believe the services rendered by Washington are inferior to those received by local governments. They found that only 29 percent of respondents believed the federal government is giving the taxpayers good services for the taxes collected. Certainly most people are in agreement that funds are better spent by local authorities. These people have a knowledge of the problems and can find the answers. I hope our educators will continue to resist interference by the federal bureaucracy. It is only by local resistance that the flood of federal control can be stopped. Rest assured we will be helpful whenever we can in the Congress.

## STATE CAPITAL HIGHLIGHTS

By Lyndell Williams  
 TEXAS PRESS ASSOCIATION

**AUSTIN** — Voters approved two constitutional amendments last Tuesday and rejected one which would have authorized the Legislature to override rules made by state agencies on certain matters.

Favored solidly were amendments changing the method of appointing notaries public and creating guaranteed loans for family farms and ranches.

Boosters of the farm and ranch loan amendment were fearful that the low turnout in rural areas would defeat the proposal, but urban voters in Houston, Austin and Dallas-Fort Worth voted its passage. The bill's sponsor, State Rep. Luther Jones, D-El Paso, had traveled the state seeking editorial backing and was not disappointed.

### Legalizing Aliens

Gov. Bill Clements said he thinks the United States and Mexican governments will act soon to remove "illegal" from the term "illegal alien."

The reason: the large population of undocumented Mexican workers in the U.S.—estimated at 3 million—should be documented.

Clements said he expects the aliens to be given visas or work permits for three, six, nine and 12 months. "They would be given a Social Security number, pay taxes, be protected under the law, enjoy municipal benefits, and be paid a fair wage," Clements said.

Such documentation may also take the guesswork out of the problem of educating the children of illegal aliens, an issue recently complicated by a Justice Department brief charging the Texas Education Code is unconstitutional.

The code was amended in 1975 so that only citizens and legal aliens have the right to a free education in the public school system. It's the Texas practice of charging tuition to illegal aliens that is said to be unconstitutional, a matter under scrutiny with the 5th U.S. Circuit Court of Appeals.

### Special Session Postponed

Clements is keeping legislators guessing again as to exactly when he will call his promised special session of

the Legislature to pass his favorite bills.

Last week Clements said he has ruled out next January and will call lawmakers back to Austin for 30 days in either March or September of 1980.

Most legislators seem to be expecting a September call, right before the November elections. Since most incumbents are Democrats, a special session then would keep them busy in Austin while their Republican opponents are campaigning back home. And of course, any vote an incumbent might cast during the Legislature is a fair target for an opponent stumping back home.

Clements, a Republican, has listed initiative and referendum, wiretapping in narcotics cases, and tax relief as his main subjects for a special session.

### Radioactive Waste

Low-level radioactive wastes from other states are accumulating in Texas because there is no place in the nation to store them permanently.

Recent shutdowns of radioactive waste dumps in Washington and Nevada have caused the pipes to back up, so to speak, and about 2,000 drums of waste per month now arrive in Texas.

Texas Health Department officials say the waste generated from hospitals and labs does not constitute an immediate problem; it may be stored from six months to a year.

Last spring the Legislature defeated a bill which would have created a low-level radioactive dump in Texas because of the small penalty included for illegal dumping. Some Capitol insiders are now saying such a bill will crop up again in the Governor's Special Session. It may be needed to eliminate

the waste already in Texas, and Clements long ago gave his approval for the creation of such a dump.

### Lax Controls Charged

State and federal officials attending the National Conference of State Legislators in Austin last week said that shippers of nuclear waste are likely to encounter a federal inspector once every 20 years.

Such shipments of waste are transported on the nation's highways, and Texas does not have enough of its own inspectors to adequately monitor the 2,000 shipments per day to Texas. Texas Health Department officials say there is not enough money or personnel to enforce shipping regulations.

### AG Briefs

In a legal opinion filed last week Attorney General Mark White found there is no violation of the federal Family Educational Rights and Privacy Act of 1974 when a state-supported college provides a student with direct access to his or her medical records as required by the Texas Open Records Act.

### FREEDOMS LOST

When we talk about economic freedoms we are really talking about freedom in the marketplace. When this condition exists we refer to it as the "Free Market." By this term we mean those areas of economic activity where buyers and sellers willingly exchange, setting prices by the forces of supply and demand. Implicit in the term "Willing Exchange" is the total absence of coercion. Once we have firmly in mind what freedom mean we are then in a position to examine those areas where we have lost our freedoms.

One of the most important areas where freedom has been eroded away is in the labor market. This began in the 1930s when the political party in power sought to extend their power by soliciting the support of organized labor by granting special privileges to unions. This was done with a series of laws taking away the freedoms of businessmen, which established the National Labor Relations Board. The NLRB has always been biased in favor of unions. These laws force employers to bargain and accept decisions of the NLRB. They also gave unions special privileges in the use of the strike weapon, the closed shop and the agency shop. The net effect of this large body of labor legislation has been: the loss of freedom of companies to do business when controversies with unions erupt; loss of freedom to work, by non-strikers; loss of freedom to compete for jobs, by non-union workers; and the loss of freedom of contract because government coercion is used.

In the case of closed or agency shops, workers lose their freedom to associate with those of their own choosing, the freedom to support the political candidates of their choice, as unions force contributions from every worker for union-selected candidates, and they lose freedom of speech and assembly as unions discipline workers who dare to oppose union policies or positions.

Another intrusion by government in the labor market were minimum wage laws which have been responsible in a large way for the loss of freedom to work. The federal minimum wage was another one of that large body of pro-union legislation that came into being under the New Deal. The Fair Labor Standards Act of 1938 required a minimum wage of 25 cents an hour when some people, especially youth and the unskilled, were happy to work for fifty cents a day. The result of minimum wage laws, then and now, as at any time and any place they have been used, is to increase unemployment. It was predicted in 1977, when the minimum wage was to be raised from \$2.30 an hour to \$2.73, it would increase unemployment by one million persons. The minimum wage is slated to increase to \$3.50 an hour by 1981. We can anticipate an increase in unemployment for the simple reason there are people whose labor is worth something less than \$3.50, but not \$3.50. When the law decrees that they must be paid \$3.50, they will become part of the unemployment figures and thus lose the freedom to work. This freedom will be taken from them not because jobs aren't available, but because government, as a result of union-sponsored legislation, has decreed that they will lose that freedom.

There is a simple economic truth that must be learned if we are ever to solve our unemployment problem. And that is — unemployment exists only when wages are forced above, and forcibly kept above what the free market calculates they should be. There is no such thing as a "Fair Wage," consequently, it cannot be legislated. There is only a "Free Market Wage."

June Stoffels, Chuck Bartush Jr. United in Two Ring Ceremony

Mr. and Mrs. Chuck Bartush, Jr. are on a trip to Jamaica following their wedding in Sacred Heart Church on Saturday, November 10. They will reside in Muenster upon their return.

The bride is the former June Marie Stoffels, daughter of Mr. and Mrs. Herman Stoffels. She is a graduate of Muenster Public School and attended Cooke County College, and was employed as a relocation coordinator for Employee Transfer Corp. of Dallas.

The groom is the son of Mr. and Mrs. Chuck Bartush, Sr. He is a graduate of Jesuit High School in Dallas and of St. Mary's University and St. Mary's School of Law in San Antonio and is County Attorney of Cooke County.

Father John Paul Coury, of Edgerton, Wisconsin, a cousin of the groom celebrated the Nuptial Mass at 5 p.m. and officiated for the double ring ceremony before an altar decorated with lighted candles and arrangements of white mums. Candles in hurricane lamps, entwined with pink bows, flowers and greenery, stood at the entrance to the sanctuary.

The bride was presented at the altar by her father. She wore an ivory satapeau wedding gown designed by Maurer with Victorian neckline and long fitted sleeves. The bodice was appliqued with Brussels lace which also edged the sleeves and the sweeping hemline and formed an ascending detail in the center front of the skirt at the instep. The gown fea-

ured an aisle wide chapel train.

The bridal veil was a chapel length mantilla of illusion, bordered with matching Brussels lace. The bridal bouquet was a cascade of pearl white roses, wine camellias, pink buttercups and Chinese plum cherry blossoms with white babies breath and tied with ivory streamers in lovers knots. The bride also carried a blue crystal rosary, a gift from her grandmother, Mrs. Will Sandmann of Lindsay, who was a special guest at the wedding. Another special guest was the groom's godmother, Mrs. Raymond Bean of Royal Oak, Mich.

Attendants

Matron of honor was the bride's sister, Janel Atkins of Denton. Bridesmaids were the groom's sister, Ann Matt of Aurora, Colorado and the bride's sisters Donna Simmons, Pam Dangelmayr and Cindy Gehrig, all of Muenster. They wore wine Quiana jacketed dresses with accordion pleated skirts and had wine camellias and babies breath in their hair. They carried ivory lace fans showered with wine camellias, Chinese plum cherry blossoms and pink buttercups.

The flower girl was Kelly Dangelmayr, bride's niece, wearing a pink organza dress, and flowers similar to the bridesmaids. The ring bearer was Chad Simmons, and carrying the memory candle was Ryan Gehrig. Both are nephews of the bride.

The groom's brother, Bill Bartush of Lynnhaven, Florida was best man and John Bartush, Mark Stoffels, Chris Stoffels, and Paul Bartush, brothers of the couple were groomsmen.

Rick Del Olmo of White-wright and Steve Matt of Aurora, Co. brothers-in-law of the groom and Mike Bartush, groom's brother, were ushers. Mass servers were Craig Stoffels and Jim Bartush, brothers of the couple and Jason Gehrig and Russell Simmons nephews of the bride.

Traditional wedding music was given by organist Pat Hennigan, Jr. bride's cousin of Gainesville. Vocalists were Joe Bartush of Muenster, Mary Jo Blaine of Dallas, and Cathy Bartush.

Assisting in the liturgy were the groom's sisters Cindy Del Olmo and Mary Beth Bartush, and the groom's brother Mike Bartush.

Offertory gifts were brought to the altar by Sally and Craig Stoffels and Angie and Virginia Bartush, sisters of the couple.

Reception

A reception, dinner and dance for 400 guests was hosted by parents of the couple in the Community Center. Connie Stoffels and Cindy Del Olmo were at the guest book.

The bride's table held two pair of silver candelabra with tapers and English ivy. The bride's and bridesmaids' bouquets were also placed on the table and baskets of pink, white and wine carnations stood on the far edges of the long table.

The four tiered white wedding cake was topped with pearl-edged white satin bells. Votive candles twinkled between the tiers with an arrangement of pink flowers.

Reception assistants were Patsy and Paul Dangelmayr who seated guests, Charlotte Dangelmayr, serving the groom's cake, Mrs. Henry Spaeth serving the bride's cake, assisted by Sally and Connie Stoffels and Angie and Virginia Bartush and Renee Rohmer, a cousin of the bride. The groom's cake was baked by the bride's mother and was decorated by Pam and Janel with a tiny "antique" gold coach, a miniature bridal couple and lettered: "Get Me to the Church on Time."

Guests danced to music by Cherry Rhone.

Rehearsal Dinner

The rehearsal dinner, hosted by the groom's parents was held Thursday night at The Dutchman, and a dinner on Friday night honored the bride-elect, her bridal attendants and mothers of the couple in the home of the Bartushes, Sr. A miscellaneous shower was given by the bride's co-workers in Dallas and a display shower was held in the home of an uncle and aunt, the Tony Rohmers.

Out-of-town Guests at Stoffels-Bartush Wedding

Among relatives and friends coming from out of town to attend the Stoffels-Bartush wedding were Father John Paul Coury of Edgerton, Wis.; Mrs. Catherine Coury of Detroit, Mich.; Mrs. Dominic J. Gorno Jr. of Grosse Isle, Mich.; Mr. and Mrs. Michael West and Mr. and Mrs. Wm. West all of Livonia, Mich.; and Judge and Mrs. W.C. Boyd of Denton.

Also Messrs. and Mmes. Robert Geiser and Kevin Sandmann all of Irving and Mr. and Mrs. Victor Culpepper of Ardmore; also Messrs. and Mmes. W. B. Washington, Paul Kaiser, W.A. Baumann, Jr., and Don Schneider, all of Dallas. And Dr. and Mrs. Charles Morris, Ms. Trish Adams, James Howell, Pat Schnitzius, and George Gasper also of Dallas.

Also David Slater, Frank Donnelly, Ms. Icy Rink, David Levinson and Mr. and Mrs. David Stolarski all of San Antonio; Mr. and Mrs. Richard Lautenslager and Pat Washington and Jack Washington all of Carrollton; Carolyn Bayer, Vickie Mollenkopf and Steve Hess all of Irving; Ms. Barbara Sloan of Little Rock, Ark. Jim Hamilton of Fullerton, Calif. Mike Bugajasky of Forest Park, Ill. Ted Hake of Edinburg, Texas; Cathy Bartush, and Joe Bartush of Atchison, Ks. Mr. and Mrs. Bill Bartush and Billy Bob of Lynnhaven, Fla.

Also Messrs. and Mmes. David Berra and Daniel of Houston; Joe Bedolla of Allen; George Gould of Harshan, La; George Pettey of Lake Worth, Fla; and Gary Fisher of Mesquite.

So that the Enterprise Staff may join with their families on Thanksgiving, we request that all stories and insertions be submitted for publication no later than noon, Tuesday, Nov. 20. We will print Wednesday afternoon.

Arts and Crafts Booth

Mrs. Margie Starke and Mrs. Peggy Grewing have an outstanding addition to the Arts and Crafts booth at the Thanksgiving picnic; it is a long macrame hanging piece with a round glass surface base and a green plant. Mrs. Starke requests those who are completing items for the booth to please notify her so that she may anticipate space needed for display, and time needed for pricing, etc.

### Mary Ann Voth, William Friddell Exchange Vows in Lindsay Nuptial

Mary Ann Voth became the bride of William R. Friddell in a Nuptial Mass and double ring ceremony in St. Peter's Church of Lindsay on October 27. Father Cletus Post officiated at 5 p.m. The wedding date was the 83rd anniversary of the wedding of her late great-grandparents Joseph and Teresa Dangelmayr.

The bride is the daughter of Mr. and Mrs. Henry Voth, Jr. of Rt. 2, Gainesville and the groom is the son of Mrs. Mary Friddell of Gainesville and the late Clyde A. Friddell.

The bride was given in marriage by her father. Her formal bridal gown of sculptured satin was designed with an Elizabethan neckline, bell sleeves, and fitted bodice with pearl embroidered edges defining bodice seams and encircling the deep, wide bell effect. The bouffant skirt fell to chapel length. Her fingertip veil of English silk illusion was encircled with scalloped Venise lace and was caught to a satin caplet.

With her bridal flowers of yellow sweetheart rosebuds, white gladioli, white forget-me-nots and stephanotis, she carried a sterling silver rosary, hand-made by a great-aunt, Sister Amora Felderhoff, blessed by her uncle Bishop Augustine Dangelmayr and presented as a gift from her grandmother, Mrs. Hubert Felderhoff. For "something old" she wore a gold cross and chain brought from Germany by her late great-grandmother Dangelmayr and worn on her own wedding 83 years ago on October 27.

**Desert plant produces rubber**

COLLEGE STATION — A dowdy little desert shrub that grows wild in the Southwest produces, once it's processed, a rubber chemically identical to that of the Asian rubber tree.

It is known in scientific circles as guayule (we-OO-lee).

The problem is converting the plant from its current wild state to one that could be commercially produced in mass quantities.

"We are only beginning to investigate this plant," said Dr. Jimmy Tipton, Texas Agricultural Experiment Station scientist headquartered at the Texas A&M University Agricultural Research Center at El Paso.

Guayule has great economic potential for the arid areas of the Southwest in addition to its rubber-making capabilities. It is one of the few agricultural crops that is perfectly suited to a desert environment.

### Post Office Tells How to Prepare Parcels for Mail

Often we remind the public to prepare parcels properly for mailing but we do not always advise exactly how to do so.

With the holiday season rapidly approaching, some practical packaging and mailing tips are in order. Customer cooperation in following these simple guidelines will help us provide the best possible delivery service this Christmas.

To begin with, most materials needed for preparing parcels for mailing can be found around the home.

The first step is selecting a proper container. Corrugated fiberboard boxes are excellent. Also acceptable are reinforced bags and paperboard boxes, depending on the physical characteristics of the item being mailed.

Containers should always be large enough to hold the contents plus allow about an inch for cushioning material on each side. Adequate cushioning will protect the contents from shifting in transit as well as damage from other parcels.

Shredded or crumpled newspaper, polystyrene or "bubble" plastic also are recommended. However, popcorn is no longer recommended—in fact, it should not be used—because it absorbs moisture and crumbles.

If an adequate container is being used, it is not necessary to wrap paper around the box. However, if the container needs to be covered to protect or cover markings or interior wraps, ordinary grocery bags are excellent to provide an outside surface.

Cellophane and masking tapes are not acceptable for closing or reinforcing parcels. Pressure sensitive and reinforced tapes are highly recommended. Twine and cord are not recommended because they may become loose and get caught in mail processing equipment.

Finally, the outside of each parcel must be marked clearly with the address, including ZIP Code, of both the sender and receiver. The addresses must be legible whether typed or handwritten and should be applied directly on the parcel, since labels may come off.

It's also a good idea to place your return address inside the package as well, just in case the outside address should be obliterated in some way.

This information will help us in delivering all parcels in time for Christmas even if an outside address becomes illegible for any reason.

### Pest Licenses Expiring Dec.31 To Be Renewed

AUSTIN—Certified pesticide applicators whose licenses expire December 31 will be receiving their renewal applications from the Texas Department of Agriculture (TDA) in early November. Agriculture Commissioner Reagan V. Brown said prompt return of the form and renewal fee will facilitate the licensing process.

All commercial and non-commercial users of pesticides which have been restricted by the Environmental Protection Agency must be licensed to buy them.

Applicators who do not return their forms to TDA by March 1 will be required to re-test if they wish to be licensed.

Wisconsin cheese makers displayed the largest block of cheese ever made at the 1964 New York's World Fair. The cheese was a 17-ton cheddar in which the cheese makers used 170,000 quarts of milk — 43 year's worth from the average cow. — CNS

### White House Urges Support of Libraries

The White House Conference on Libraries and Information Services, mandated by Congress, is a "national town meeting" held November 15-19 in Washington, D.C. with 570 delegates from all states and territories, including nineteen from Texas. They will develop recommendations for the further improvement of the nation's libraries.

A nationwide effort to draw attention to the White House Conference has developed the "Be With a Book for a Day" project. Stickers and gummed labels have been provided to publicize the event.

Librarians and friends of libraries will be asking their fellow citizens to "Be with a book for a day" in November.

Free and accessible to all Americans, libraries preserve the past, put the present in perspective and prepare for the future. There are about 100,000 libraries in the U.S. with a holding of about 2 billion books and a cost to the average citizen of about \$3.50 each a year, a real bargain in today's market.

The White House Conference urges everyone to carry a favorite book this month, talk about it, share it. Books are the link to the past and the key to the future. Libraries deserve public support and attention of legislators at all levels of government.

**YOU CAN BANK ON IT!**

October 6, 1979 will probably stand as a red letter day for the financial community. What occurred caused monetary and financial tidal waves likely to be felt for some time. The following week, prime interest rates leaped a full percentage point at some of the largest banks and the price of gold took a nose dive, leveled off momentarily, then zoomed to record highs. The stock market had its largest one-day loss in five years and set an all time record for the number of shares traded.

Prior to October 6th, the goal of the Federal Reserve Board had been to attempt to slow inflation by influencing the interest rate as directly as possible by effectively controlling a key barometer called the Federal Funds rate. Now the emphasis of the Fed is to directly control the supply of money. Moves they took to accomplish this included increasing certain reserve requirements of member banks and announcing a hefty increase in the discount rate. Both actions should result in restricted monetary growth. Nonetheless, only time will tell whether the drastic policy change will pay off in cooling down the hottest inflation we've seen.

## P.O. Offers Advice On Priority Mail

One of the lesser known, but very effective package delivery services offered by the U.S. Postal Service is Priority Mail, according to Postmaster Virgil Henscheid. "When you send a package by Priority Mail, it is separated from the regular parcel mail stream and treated as First-Class Mail," said Postmaster Henscheid. "If the destination is nearby, the package receives expedited surface transportation. For all other places in the U.S., Priority Mail packages go by air," he said.

As a result, more than 35 percent of Priority Mail packages are delivered the next day, and over 90 percent are delivered within three days. Postmaster Henscheid explained that the cost for a small package is not much more than Parcel Post and about one-third the cost of overnight services.

For example, a one-pound package sent from New York to Los Angeles costs only \$2.25. A five-pound package mailed coast-to-coast costs only \$4.83. Another advantage, says Postmaster Henscheid, is that Priority Mail delivers packages everywhere in the United States unlike competitive parcel services which cannot deliver to every address in the country. Through international agreements with over 160 countries, packages can be delivered anywhere in the world that mail is delivered. Packages for foreign countries must specify "Air", however. A wide variety of options such as insurance, C.O.D. and Special Delivery are available for use with Priority Mail.

The Postmaster urged package mailers to specify Priority Mail the next time they have packages that need prompt delivery, but don't justify the high cost of overnight service.

"Of course, if you have a package that has to get there overnight, then Express Mail is probably your answer," the Postmaster pointed out. "And if cost is the major consideration, then the best buy is Parcel Post, especially for heavier packages going long distances."

## Veterans Honored At Special Service

Members of the Muenster VFW and Auxiliary observed Veterans Day Sunday with special services in Sacred Heart Cemetery honoring all service men who died in action or since they served, as well living members who have served or are presently serving in defense of freedom and liberty. Officers of the two organizations recited the formal ritual for the occasion, placed flowers beside the service men's monument, and recommended them in prayer. Conducting the ceremony were Leo Becker, VFW commander, Carl Schilling, VFW chaplain, Linda Knabe Auxiliary president, Ethel Hesse, Auxiliary treasurer; and Frances Bayer, Auxiliary conductress.

## 249,210 Families Are Members of Texas Farm Bureau

Membership in the Texas Farm Bureau now stands at 249,210 member families, an all-time high, according to Carrol Chaloupka, Dalhart, president of the state's largest general farm organization. The TFB gained 21,131 members in the fiscal year ending Oct. 31. Chaloupka said. A total of 205 of the 213 organized county Farm Bureaus in Texas showed an increase, he said. The state farm leader said the gain marked the 26th consecutive year for the Texas Farm Bureau to show an increase. The TFB is now the third largest state Farm Bureau in the nation, behind Indiana and Illinois.

Texas Farm Bureau is affiliated nationally with the American Farm Bureau Federation which has some 3.1 million member families organized in all states except Alaska.

Chaloupka explained that only farmers and ranchers who receive at least 50 per cent of their income from agricultural production can vote on organization policies or hold office.

Texas is one of the nation's most exciting states for companies looking to relocate their headquarters or for sites for major branch expansion. And, for good reason—we offer much that is more attractive than in many other areas of the country. Included in that is a dependable supply of essential electric power at reasonable rates.

We're building electric plants today to serve our present customers... and to provide ample power for the business, industry, and people who will be moving to our part of the state in years to come. And, we think that's important because new companies create new jobs and bring many other benefits that improve the quality of life throughout our entire area.

TP&L feels it's important to build to assure dependable service today... but we're also building for tomorrow's opportunities.

This wonderful array of beautifully constructed items is only a small part of the supply that will be offered for sale in the Arts and Crafts booth at the Thanksgiving picnic. Mrs. Henry Starke (Margie) and Mrs. Wayne Grewing (Peggy) are co-chairmen. This picture made in the Starke home shows Christmas stockings above; door wreaths, kissing angels, dolls, Mr. and Mrs. Santa Claus, gift or souvenir pencils with decorative tops, foam building blocks, etc. on the hearth; and, on the small table in the foreground, knitted caps, foil ornaments, macrame pieces, tiles, candles, ceramic pieces, artificial fruits, painted fruits, and on the far right, a clever "count down to Christmas" with candy suckers.

**Cub Scout News**

October was a busy month for Cub Scouts of Den 4. In addition to the regular meetings which carried out the theme of "fire prevention and protection," a family wiener roast was held on October 13 at the Don Park farm in Forestburg, with all members and families attending.

Plans continue for the Cub Scout Circus, where Den 4 will appear on November 10 at the Tarrant County Convention Center in Fort Worth.

Good Will bags were distributed and picked up. Cub Scouts participating in the circus or the good will program earn temporary patches which may be worn on their uniform. The Cub scouts in Den 4 are Shayne Wimmer, Johnny Herr, Murlin Evans, Jason Brogdon, Joseph Shane Wimmer, Don Joe Park, and Jeff Walterscheid and den mother Lupe Evans.

All members of Den 4 attended the November 6 meeting in the home of Lupe Evans, when progress toward buttons were presented. All members received one and Joseph Shayne Wimmer received two for completing more achievements.

Den Chief Dwayne Walterscheid helped with the meeting and explained his uniforms to the boys. Willie Wimmer gave a talk on gun safety and held a practice target shoot, in preparation for the "turkey shoot" on November 19.

Den 4 appeared at Tarrant County Convention Center Scout Circus with 5,000 other scouts. Murlin Evans carried the American Flag; Shane Wimmer carried the Pack Flag and Don Joe Park, Johnny Herr, Jeff Walterscheid, Joseph Shayne Wimmer and Jason Brogdon followed. The circus was very impressive, showing skits and acts on all phases of scouting.

The boys received patches for their participation. Before returning home Den 4 and the families stopped for Pizza at a Pizza Inn.

Denner for November is Don Joe Park and assistant denner is Shayne Wimmer.

**Buyer's Bulletin:**

**Know Rights On Unwanted Sales**

Purchases of unwanted merchandise from door-to-door salesmen need not always reflect a closed door policy to consumers wishing to obtain a refund.

"Consumers are protected under a ruling by the Federal Trade Commission that allows them to cancel a sale within three business days if the cost exceeds \$25," said Milt Nachbar, Director of Loss Control for CNA Insurance.

Under the FTC ruling, the salesperson is required to:

- Explain to the buyer the right to cancel the sale.
- Provide a copy of any contract signed by the buyer or a written receipt.
- Give the buyer two copies of the "Notice of Cancellation" form.

Nachbar explained that, in order to cancel a sale, the buyer should sign and date both copies of the Notice of Cancellation and within three business days send one copy to the seller, keeping the other along with the sales contract or receipt.

The seller, consequently, is obligated to, within 10 days after the cancellation of the sale, return the money and any goods or property that may have been traded in. In addition, any papers signed by the buyer must be returned. The seller also must advise what to do with any product left with the buyer (either picking it up, having it sent back or perhaps even letting the buyer keep it). Based on the agreement arrived at, the buyer must have the item ready for pickup in its original condition within 20 days or ship the goods back (at the seller's expense).

Failure to comply with these FTC rules obligates the buyer to keep the merchandise and follow all terms of any contract signed. Nachbar pointed out. Regulations by the FTC do not apply if:

- The seller was invited to the buyer's home to sell the product.
- The sale was conducted entirely by telephone or through the mail.
- The purchase involved real estate, insurance or security sales.
- The purchase price is less than \$25.

Door-to-door salesmen take many forms, Nachbar said. Common are those selling vacuum cleaners, magazine subscriptions, memberships in buying clubs, encyclopedias and aluminum siding. Likewise, sales approaches may vary but common are those made by youths seeking sympathy by explaining that they are trying to earn their way through school, or persons selling merchandise for religious organizations or those selling items to raise funds for a charitable association. Others may simply utilize a hard-sell approach in convincing a prospective buyer

that the product is too good to pass up. "Much of the door-to-door sales activities are legitimate, but not all," warned Nachbar. "By becoming familiar with the FTC rules, a buyer can protect against an unwanted sales transaction."

## CARD OF THANKS

On behalf of our precious little daughter Jackie Batis we wish to thank Dr. Alfredo Antonetti, all nurses and the whole staff of Muenster Memorial Hospital for devoted attention, concern and affection while Jackie was ill. Also teachers Mrs. Kyle Thurman, Mrs. Harold Turt, Mrs. Wendell Sabastian, all of Jackie's classmates of Christian Kindergarten for their beautiful prayers and cards. God bless each and everyone!

Thank you  
Mr. and Mrs. Jack Batis  
and Jackie

I want all who remembered me to know that I appreciate their prayers, visits, cards, pretty flowers and every thoughtful deed while I was a patient in Muenster Memorial Hospital. Especially do I appreciate the kindness and care of Bishop Dangelmayr, Father Denis, Dr. Juarez and all the nursing staff. My husband and family join me in saying "Thank You."

**Forestburg News** by Myrt Denham

This is one of those weeks when news seems to be on the minus side around Forestburg. Everyone is very busy with one project or another—then Thanksgiving is almost upon us and Christmas close behind.

Did chat with May De Graffenreid one day and she isn't feeling to chipper these days but certainly not complaining. May says she will be 87 years young in Feb., and that she has had a very good, happy and full life.

Have also learned that Ethel Harris is a patient in the Muenster Hospital as of Wednesday November 7th.

Mr. and Mrs. J.P. Embry and Mr. and Mrs. Horace Embry over Dymound way visited with Mr. and Mrs. Dewey Embry and daughter of Newark on Sunday November 4th. Dewey is the son of the J.P. Embrys.

Mr. and Mrs. Dale Hudspeth and daughter, New Harp, recently visited in Lubbock with Mrs. Hudspeth's brother and family, the Johnny Whites.

Harold Freeman, Gainesville, visited his parents Mr. and Mrs. Blake Freeman Sunday November 4th.

Mr. and Mrs. Ross Littell, Stoney Point, attended Graveside services in Bowie on Friday November 2nd for Mrs. Ada Box of San Angelo — formerly of Bowie.

Mr. and Mrs. Guy Gates and daughter Mrs. Wilma Hamm and children of Torrance, Calif. have returned home after visiting with Mr. and Mrs. Ray Dill of Era, Mr. and Mrs. Doyle Gates and son, Mr. and Mrs. Blake Freeman and Mr. and Mrs. Jack C. Dill all of Forestburg.

Mrs. Wanda Magee of Lawton, Okla. has purchased a beautiful mobile home and moved it in close to the Conways on the Alvord Highway. Wanda will soon be all settled in her new home.

Mr. and Mrs. Clifford Hudspeth spent Thursday Nov. 8th in Seymour and then went on to Wichita Falls to spend the night with Mr. and Mrs. Raymond Wood.

Mrs. Jeanette Montgomery of Greenwood spent Saturday November 10th with her mother, Cleo Lanier — and the two went shopping in Bowie.

Mr. and Mrs. Fred Williams, Mallard, spent Sunday November 11th in Weatherford visiting with Mr. and Mrs. Fred Bell.

Ted and Laura Belle Jackson had themselves a busy weekend again. Friday night the 9th found them attending the regular meeting of the Greenwood Easter Star Chapter. Saturday morning, the 10th, found them in Saint Jo shopping and Ted had his ears lowered a little. Saturday night found them back in Greenwood for the annual OES Thanksgiving supper. Sunday the 11th they had visitors in the evening from Gainesville, Linton Mitchell and his daughter and husband. Later Ted and Laura Belle were visiting Allen Taylor and daughter Verna Mae.

Dale Schweter and sons Clint and Kevin Schitoskey spent Saturday November 10th and part of Sunday the 11th camping out at the Sockwell Lake. Dale is the Sockwells' son-in-law and Clint and Kevin are their grandsons.

Mrs. Oma Dell Reed and Jody Mays of Euless visited with Mrs. Lenora Moore Sunday November 11th.

Mr. and Mrs. John Dunn of Saint Jo visited her parents the Buford Greenwoods on Sunday November 11th.

Mr. and Mrs. Leon Young of Saint Jo visited with Mr. and Mrs. Charles Edwards and family on Sunday November 11th.

Mrs. Coronell Wright and daughter Cheryl of Temple visited Mrs. Wrights mother Mrs. Decie Ellzey from Friday November 9th till Sunday the 11th.

Mr. and Mrs. Chris McGee and children of Midway visited with his mother Mrs. Vera Mae McGee Sunday the 11th.

Mrs. Buena Mae (Barclay) Westbrook, daughter Betty and son Eric all of Dallas and Mrs. Claud Barclay of Alvord were visitors in the Charlie Barclay home Sunday the 11th.

Now comes Saturday November 17th and with the down of that day our country roads will be full of "Road Hunters" blasting away at anything that moves in our fields and pastures — without permission — thus some of us may perhaps find dead cattle due to the carelessness of these so called hunters. "No hunting" signs just seem to be an open invitation to do the exact opposite.

Word has reached these parts that Chandler Perryman, who lives in Torrington, Wyoming has a new grandson named Levi Chandler Perryman. I mention this event because my husband tells me that this country was once loaded with Levis. He says his great-grandfather whose name was Levi Perryman had a policy that if anyone in the community who named their children after him, he would give the child a horse. So that explains a lot of the Levis. There were so many — some assumed

the name of just Lee or Eli to prevent confusion, of course they did this after they got their horse. There is not many a Levi left in these parts — reckon time and no more horses took care of that. One thing of note there is a Levi Perryman that lives in Oklahoma City — don't know if he got a horse or not.

Mr. and Mrs. Clifford Hudspeth left early Thursday morning November 8th for the Rio Grande Valley of Texas. They spent Thursday night in Laredo and arrived at the home of Mr. and Mrs. H.O. Horton of Harlingen around noon on Friday. They toured the Valley on Saturday and crossed over into Mexico at Brownsville. Might say here that Mrs. Horton is Cliff's cousin. Merle and Cliff made it home around 5 p.m. on

**Parish Is Set For Thanksgiving**

Committee chairmen are reporting that preparation for the community's big Thanksgiving celebration on November 22 is progressing nicely.

The day begins with the annual traditional community dinner at the Community Center, starting at 11 a.m. and booths, games, picnic attractions, hay rides, a children's play an outstanding auction and a teen dance in the evening, rounding out a full day.

**Richard Kirby to Have Open House Of Miles Home**

The new home being self-built by Richard Kirby will be open for public inspection on Saturday, November 17, 1 to 5 p.m., at Pipe Road, Gainesville.

The home is a ranch style, one of many designs available through Miles Homes, one of the nation's pioneer pre-cut, do-it-yourself home marketers.

John Garvin, Miles Homes Representative in this area, stated that the home is being shown before actual completion so that visitors may examine the quality of materials which go into the home. "Many of the quality features of the home are not visible once the inner walls are finished, so it is our policy to show the public exactly what goes into our homes from the inside out, so to speak," Garvin said.

In addition to inspecting the home, visitors will be able to gain first hand information from the owner-builder, Richard Kirby, who will be present to answer questions.

To reach the Kirby house visitors can follow Hwy. 82 4 miles east from I-35 and watch for Open House sign.

Phone 759-4311, or send to Box 190, Muenster, 76252, to share news of interest with out-of-town friends, relatives, or former residents.

Monday November 12th and found their daughter and family Mr. and Mrs. Raymond Wood of Wichita Falls and Mrs. Tanya (Woods) Bolden and daughter Mandy of Texas City waiting for them. The Woods were on their way to D/FW with Mrs. Bolden and daughter for her return home to Texas City. Young Mandy Bolden is Merle and Cliff's first great-grandchild.

**Group Hears Talk Promoting County's New Arts Council**

David Howeth of the recently organized Cooke County Arts Council appeared Tuesday before a meeting of the Muenster Chamber of Commerce to explain the group's purpose and ask for support.

He pointed out that it is cultural in nature with the intent of presenting a guest artist concert series along with sponsoring development of a chorale, orchestra and jazz band, and producing stage plays. The theatrical group, which has taken the name Butterfield Stage Players, will have its shows in the old library building, the second floor of which is being renovated for that purpose.

Howeth said the council is seeking county wide membership to promote more extensive interest and support. He added that Muenster is well represented now in the chorale and the stage players, which have a membership of about 50 and 60 respectively.

Now on the calendar are a social event in the spring, two chorale performances, in Muenster and Gainesville, and a stage play.

Financial support is expected through membership, contributions by business and individuals, and grants.

The weather is becoming more like winter. Time for winter gardening too. Work up your gardens now, add compost, manure or peat moss to be ready for next spring. We have Tillers for rent and front and rear tire tillers for sale, also we can repair any brand of tiller you may have. Plan locations for fruit and nut trees as these will be in stock at the Garden Center around the 1st of December. We will have hundreds of trees, including apples, apricots, figs, grapes, peaches, plums, pears, cherries, pecans and walnuts. These should be planted as soon as possible to allow time to develop a good root system during the winter. It's also firewood cutting time. We have STIHL, ECHO and McCULLOCH chain saws to fit any need or budget plus axes, wedges, mauls, handles and woodsplitters. We also repair and sharpen any brand of saw. Come by the Garden Center for all your gardening or chain saw needs.

## Winners Named in Golf Tournament

Winners have been listed in Muenster Golf Association's scrambles tournament at the Nocona Hills course on Sunday, November 4. Their prizes were golf balls.

In first place with a score of 63 were John Schneider, Ola Roberg, Terry Walterscheid and Ernie Page.

Second place, with a 64, was won by Jim Endres, Dot Endres, Rody Klement and Bob Hamric.

Third place, with a 67, was won by Earl Fisher, Bertha Hamric, Bob Hermes and Ray Klement.

Keep Red Cross ready.

## Hornets...

gained 36 yards to the 9 yard line.

The Hornets had their third scoring opportunity and for the third time they failed to finish the job. Two passes were incomplete, a run gained only 1 yard, and the fourth try was intercepted in the end zone.

For the balance of the game the Chaparrals made a drive that fizzled in the fourth series, Smith made Aubrey's last interception and Dale Swirczynski made Muenster first interception.

## Normal teen-ager?

By MIKE BRAHAM  
Copley News Service

LOS ANGELES — Tracy Austin, 16, became the youngest winner of the U.S. Open when she beat Chris Evert Lloyd in the finals recently.

Now, in an interview, she was reflecting on her success with maturity beyond her years. But at the same time she was not afraid to show that she is very much your normal, everyday teenager.

She got excited when a friend made faces at her at a window. She admitted that, no, she does not have her driver's license yet, but really should since everyone's asking her about it.

"And I still ask Mom for my allowance," said Austin, whose earnings from tournaments and endorsements are safely put aside. "The only money I have to spend is in my piggy bank."

Tracy said she was going shopping the other night with her older sister, Pam, a former pro player who is now married and a mother. Pam had to ask Mom for money for Tracy.

"Pam couldn't believe that," said Tracy.

She began her junior year at Rolling Hills High, where students hung welcome signs for her.

In one day, she went from the glamour and excitement of winning the championship to checking into new classes.

"I thought the other kids at school might be jealous," Austin said. "Usually, when I come back from a tournament, they say congratulations to me. But this time, I felt like they really meant it."

"After that, everyone treated me like a normal person, which was perfect."

She received telegrams from friends, "which was really nice. Hopefully, you know your friends are behind you, but when they send telegrams and do nice things like that, you know."

Both Tracy and her family work hard to protect her right to be a 16-year-old. Yet, by virtue of being a professional, endorsing products and being the U.S. Open champion, Tracy belongs to the public.

"I'm used to it," she said. "It's not normal not to think about being a celebrity."

"When I was 14, I was really shy. I didn't know what to think. Everyone wanted to talk to me and I didn't know why. I kept asking myself, Why does everyone want to talk to me?"

"Now I have fun at press conferences."

"Instead of being shy, I know what to expect. I know what happens."

Her experience has paid off in other ways. She's no longer as awed by places and events.

"The first time I went to Wimbledon, I was so affected, because it was Wimbledon," she said. "Now, I'm able to enjoy it."

Indeed Her first year at Wimbledon she lost in the second round. Last year she made the round of 16. This year Austin got as far as the semifinals.

In 1978, she made the U.S. Open quarterfinals. One year later, she won it all.

"I think I'm the type of person who always tries to do the best I can," she said. "I try my best at school, at cards, at everything. That's probably the reason I've done this well."

"At the beginning, I thought I was getting all the publicity because I was so young, and not for my tennis. Now, I feel it's because of my tennis and not because I'm so young."

And when it comes to money, Austin said:

"It's nice to know you have it, but I don't play a particular tournament because there's more money in it. That's something I don't think about."

## Muenster Juniors Divide 2 Games With Aubrey Kids

Junior teams of Muenster Public School closed their football season last Thursday by dividing a pair of games at Aubrey. Junior High lost 34-0 and Junior Varsity won 14-4.

The Little Monsters' game was a repeat of what has been happening all season. The kids were outsize, outnumbered and outclassed. About their only satisfaction after toughing through the long season is a gain of experience. Mostly seventh graders, they are looking forward to more size, more know-how and better prospects next year.

Junior Varsity had the pleasure of ending with a win and with pride in a better season than the 3-6 record indicates. Like Junior High, they were smaller in stature and roster than their opponents but were competitive in every game. The margin of loss was never more than a touchdown.

The first score of last week's game came in the second period when Gary Klement completed a 65 yard drive with a 45 yard sprint to the goal.

The second TD was made in the same period when

David Flusche received a pass from Kevin Felderhoff and outran a defending Chaparral to pay dirt. Gary Klement's run added 2 bonus points.

Aubrey scored twice on

safeties, both following punts that set the Hornets back near their goal line. One resulted when a runner was trying for an end sweep, the other when a punter failed to get the ball away.

## SH Juniors Close Season with Wins

Sacred Heart's junior teams ended their football season last Thursday with a pair of wins at Alvord. The Cubs started the good work by a 26-0 count over the young Bulldogs and the junior varsity came from behind for an 8-6 victory.

Kyle Walterscheid gave the Cubs their start with an interception on the 35 and Ronnie Dangelmayr scored a short time later from the 19.

Next score came on Alvord's first possession when Jim Bartush intercepted in midfield and found the way clear to the goal.

The third score was set up when Dangelmayr blocked a punt. On third try, with 28 to go Neil Hesse scooted around left end for the TD.

Alvord kids got a drive going in the second period but it ended in a fumble on the Alvord 37 just before the

half ended. Early in the second half the Cubs made a good drive and lost the ball by interception at the 13, but they got it back on the 10 when Alvord failed to gain.

Three plays later Neil Hesse scored from the 15 and Mark Hesse's run added two extra points.

That was the end of the scoring but Chris Dangelmayr intercepted and Jim Bartush recovered a fumble in the closing minutes.

Alvord Junior Varsity got its score just before the half ended on a 25 yard pass ending an 80 yard drive.

The Tigers made their score only moments later when Floyd Haverkamp, with great help from a wall of blockers, returned a kick-off 85 yards for a touchdown. Ricky Hennigan's run added the 2 winning points.

**MHS Ends Season In District Cellar**

Muenster was the loser last week in the three team scramble to get out of the District 14-A cellar. Going into the last games, the Hornets shared the bottom position with Aubrey and Lindsay and came out as a loser whereas Lindsay and Aubrey were winners.

At the top of the list was Pilot Point, which rated as the loop favorite from the start. It's undefeated in

district, the only blemish on its record being a tie with Callisburg. Final standings are Pilot Point 6-0-1, Celina 6-1-0, Pottsboro 5-2-0, Callisburg 3-3-1, Lindsay 2-5-0, Aubrey 2-5-0, Sanger 2-5-0, Muenster 1-6-0.

Scores of last week's district games were Pilot Point 40, Pottsboro 14; Celina 33, Callisburg 0; Lindsay 26, Sanger 8; Aubrey 21, Muenster 0.

**MHS Basketball Starts**

The end of football at Muenster High sets off a rush to shape up for basketball in just one week when the Hornets will open their cage season with Prairie Valley. Twenty one of the players reported Saturday to Coach Herb Ellis after having shed the football gear the night before.

Nor are they on an ordinary practice schedule. The boys are spending this week at 6 to 8 a.m. workouts in addition to their regular afternoon sessions. They are getting lots of ball handling and lots of goal shooting in hopes of offsetting benefits that some teams have from more than two months head start. One of those teams, Prairie Valley, is the opponent Friday night. Another is Forestburg, which is sche-

duled next Tuesday. Ellis is optimistic about his team, which includes seven seniors, four juniors and four sophomores, all members of last year's roster. Improvement in size and experience by these returns should more than offset the loss of two players by graduation.

The 21 players will be divided into varsity and junior varsity teams. The varsity team, with the same schedule as the girls varsity will play 15 games plus three tournaments. Also on most of the dates the varsity teams will be accompanied by either boys' or girls' junior varsity teams.

Members of the boys roster including varsity and junior varsity, are Seniors: Floyd Felderhoff, Todd Richey, Phil Wolf, Mark Felderhoff, Kevin Klement, Don Frazier and Scott Marquardt; Juniors: Ricky Winn, Glenn Fisher, Wylie Lewis and Larry Fleitman; Sophomores: Tim Schneider, David Flusche, Gary Klement and Vance Wells; Freshmen: Wayne Carroll, Billy Grewing, Garland Tate, Steven Fisher, Tony Otto and Kevin Felderhoff.

Muenster High girls, coached by Kim Nix, have a shortage of experience with only five seniors and no juniors on the roster. The remainder of their squad consists of four sophomores and 10 freshmen. Like the boys, they will be divided into varsity and junior varsity, the assignments to be determined later.

A problem on the girls teams is that some of the members are also on the volleyball team and currently dividing practice time between the two sports. Their double schedule will last at least until next Tuesday, the 20th, when they play Nocona in bi-district volleyball, and the delay will continue if they can advance in the playoffs.

Members of the roster are Seniors: Renee' Wilde, Judy Walterscheid, Wanda Schneider, Lou Dyer and Toni Dittfurth; Sophomores: Elaine Grewing, Carla Walterscheid, Charlotte Fleitman and Peggy Winn; Freshmen: Stephanie Richey, Sandy Wimmer, Nancy Walterscheid, Connie Lutkenhaus, Shelly Zimmerman, Ginnie Fisher, Doris Sicking, Mary Winn, Kyla Hale and Renee Wimmer.

**Varsity Schedule**  
Schedules for the MHS varsity boys and girls are listed as follows:

- 11-16, Prairie Valley, T
- 11-19, Forestburg, T
- 11-20, Saint Jo, T
- 11-27, Forestburg, H
- 11-29, Southlake Tourn.
- 12-4, Prairie Valley, H
- 12-6, Slidell Tourn.
- 12-11, Boyd, T
- 12-18, Saint Jo, H
- 12-20, Henrietta, T
- 12-27, Springtown, Tourn.
- 1-4, Pottsboro, T
- 1-8, Lindsay, H
- 1-11, Celina, H
- 1-15, Pilot Point, T
- 1-17, Aubrey, H
- 1-22, Callisburg, T
- 1-25, Sanger, H
- 1-29, Girls Playoff
- 1-31 Boys Playoff

The 14-A district race begins on January 4 and continues through the rest of the season.

**JV Schedule**  
Junior varsity games are listed as follows. In many cases the boys or girls will be on three game programs with the two varsity teams.

- 11-16, P. Valley T, girls
- 11-20, Saint Jo T, boys
- 12-3 Pottsboro T, girls
- 12-4 P. Valley H, girls
- 12-6, Lindsay T, boys

**Increased Agricultural Output May Make Texas Number One**

AUSTIN--Increased agricultural production in Texas, coupled with decreases in output in the other two leading states, are helping to push the state toward the number one position nationally. Agriculture Commissioner Reagan V. Brown has announced.

California and Iowa, the two states above Texas in national rankings, began 1979 with lower percentages in production, Brown said. "Texas, on the other hand, is expecting to harvest the largest crop of cotton since 1949 and will lead the nation in pecan production this fall. With relatively high production in other commodities, Texas may well be No. 1 in 1979," he added.

Brown noted that Texas, already ranked third in agricultural production, is first in 16 categories in agriculture. Texas also leads in the number of farms and ranches with 159,000, and

agricultural land, 138.7 million acres.

Ranchers in Texas placed the state first in all major categories of cattle production with 13.9 million head. The 2 million head of cattle on feed, slaughter numbers and beef cows were also first for the state. Only in cash receipts of \$4.6 billion was the state second in cattle designations. The state is also the leader in wool, mohair, and cotton production, as well as the number of sheep and goats.

Two vegetables are in the top category, cabbage and fresh spinach. Other Texas fruits and vegetables are in second place: grapefruit, cantaloupes, carrots, bell peppers, onion, watermelons, pecans, white corn, and honeydew melons.

"Being No. 1 in production is one thing—and being No. 1 in profit is another," Brown commented. "The American agriculture industry is the envy of the world, and it must remain that way."

**21 CCD Teachers Attend Workshop On Sadlier Books**

A workshop demonstrating the Sadlier set of Religion books was held here Sunday November 11 in the SHS grade school, and attended by 21 CCD teachers.

The Kindergarten through 4th grade discussion group met at 1 p.m. and the grades 5 through 9 met at 3:30.

Miss Beth Lowrey, director of the Religion program at Duchesne Academy of Houston, junior High CCD director at St. John Vianney in Houston, an outstanding speaker and conductor of religion workshops for Sadlier in the southeast and southwestern states, conducted the Muenster meeting on Sunday. Also attending was Joseph Brophy, regional manager of Sadlier Publishing Co.

Attending and completing the day's course were Mrs. Sharon Walterscheid, Sister Lillian Marie Reiter, Mrs. Jo Ann Pagel, Mrs. Kay Pagel, Mrs. Margie Walterscheid, Mrs. Theresa Walterscheid, Mrs. Imelda Rohmer, Sister Romana Rohmer and Sister Genevieve, O'Connell all of Sacred Heart Parish, Muenster; also Virginia Krahl, Mary Schmidkofer, Susan Schmidkofer, Mickey Spaeth, and Sister Gabriel Burton all of St. Mary's Parish, Gainesville; also Rita Carminati, and Maureen Meekins, both of St. Joseph's Parish, Nocona; also Nelda Vicari, Kenneth Ulbig, Cyndie Ulbig, Hilen Ulbig, Rose Ulbig, all of St. Williams Parish Montague.

The workshop was sponsored by the Catholic Education Center of Fort Worth. The Social Activities Commission of Sacred Heart Parish provided refreshments.

**Homemaking Classes**  
The Homemaking Classes baked and decorated the cookies for the Halloween dance.

Homemaking students are completing their Home Experience. Projects, due Friday, November 16.

**Visit at Villa**  
FHA members of Muenster High School visited residents of St. Richard's Villa on Tuesday, October 30. They were in costumes and entertained with a Halloween program.

Those attending were Judy Walterscheid, Toni Dittfurth, Karen Walterscheid, Brenda and Barbie Wimmer, Carolyn Watson, Leslie Reiter, Christi Oakley, Sara Walterscheid, Glenda Sicking, Tina Koelzer, Judy Dittfurth, Rusty Serna, Mrs. Joni Sturm and Amy Sturm.

**Christmas Carols**  
FHA members met Tuesday, November 13 at 7 p.m. in the homemaking room to make plans for the hay ride and Christmas caroling scheduled for December. Beverly Trubenbach presided and Karen Walterscheid, vice president distributed yearbooks. Assisting her with typing yearbooks was Toni Dittfurth, parliamentarian. Tammy Lawrence designed the pages and Carol Klement and Denise Sicking assembled the booklets. The yearbooks contain information on membership, officers, and monthly activities. Following the meeting a workshop was held to make Christmas decorations as a fund raising project.

### Average Texas Farmer: Male, 57 According to USDA Reports

AUSTIN--The average Texas farmer is a 57-year-old Caucasian, he is the sole proprietor of his land, and his operation covers 872 acres, which he purchased from a non-relative.

"This profile composed from reports by the U. S.

Department of Agriculture shows some interesting aspects of farming and ranching in Texas," Agriculture Commissioner Reagan V. Brown stated.

In Texas, the average farmer is male, although females own 19.2 percent of

the farm and ranch land. Brown said. Husband and wife were listed as owners for 29.1 percent of the acreage. Forty-one percent of the land is owned by one person.

Over half of the farmers devote all of their work time to their land. Twenty-one

percent have white collar jobs; six percent work at blue collar jobs; five percent have other occupations, and 16 percent are retired. Seventy percent live in the same county in which they farm.

Despite the feeling that corporations are taking over

agriculture in Texas. Brown stated that the report shows that they own only 1.1 percent of the farm and ranch acreage.

A third of the land was purchased from 1970 to 79; 23 percent since 1960. Nearly a fifth of the farms were bought before 1940.

Since the Family Land Heritage Program opened in 1974, the Texas Department

of Agriculture has registered 1,290 properties which have been in agricultural operation by members of one family for a hundred years or more.

4-H youth programs are conducted in 3,150 counties of the United States, District of Columbia, Puerto Rico, the Virgin Islands and Guam.

**Rites Held for W.G. Boyles, 69**

Funeral service for W.G. "Jud" Boyles, 69, was held in Sacred Heart Church Thursday morning at 11 with Father Stephen Eckart officiating at the Mass of Christian Burial and leading graveside prayers in the parish cemetery.

Burial was directed by the Nick Miller Funeral Home. Rosary for him was recited at 8:30 p.m. Wednesday in the chapel of Miller Funeral Home.

Jud Boyles died at his home Monday afternoon.

He was a native Texan, born November 21, 1909, and came to Muenster as an oil field worker in the early 1930's. He was married to Miss Winnifred Hellman on December 6, 1935 and lived here until moving to Corpus Christi in 1950. From there he moved to Raceland, La., in 1956, and came back to Muenster in 1969. He has lived here since. His wife died on November 14, 1972.

Survivors are two sons, William B. of Houston and Thomas H. of Raceland, La.; two daughters, Dolores McCurdy and Gwen Coughlin, both of Yukon, Okla.; nine grandchildren, one great-grandchild; his mother, Mrs. Lottie Boyles of Denton; two sisters, Mrs. Edith Jones of Denton and Mrs. Pauline Burks of Fort Worth; and two brothers, Albert of Dallas and J.W. of Seattle.

**Confetti...**

plying that he will not know how to get along in big time politics. Well, one reply is that the professional politicians have not done such a super job, also that Carter, without experience has got a lot done, but too much if it is bad.

The trouble was in the kind of thinking. He promoted such monstrous boners as the Panama Canal giveaway, the betrayal of Taiwan, support of communism in all areas of the globe, creation of the expensive and unneeded

Departments of Energy and Education, and a general foul-up of the energy program.

His latest stunt, brought on by the Iranian problem, was to call for a nationalized program to convert shale and coal to oil. The price tag is estimated at \$100 billion the time needed is several years and the chance for success is no better than in other government endeavors.

How much simpler would have been to give the oil industry a green light and put a gag on environmentalists and government obstructionists!
