

MUENSTER ENTERPRISE

VOLUME VIII

MUENSTER, TEXAS, COOKE COUNTY, FRIDAY, MARCH 17, 1944

NUMBER 17

Quite a few people would like to see Representative May of Kentucky make good his threat to expose the motive behind "The Races of Mankind." This is the pamphlet recently banned by the USO and immediately thereafter promoted by the CIO. Some 55,000 copies purchased by the war department to be distributed in connection with army orientation are being held up pending a congressional investigation.

The motive when discovered will probably reveal that this is another effort to agitate racial antagonism. A deliberate scheme of social sabotage to keep the color issue smouldering.

Fortunately the pamphlet is being denied official sanction, at least for the present, by congressional action. Besides it has been labeled as objectionable by the USO ban. On the other hand it is being sponsored by an organization that already has a shabby reputation in other dealings with the nation at large. Facts that shed considerable light on its nature.

John L. Lewis offered an explanation for CIO's attitude when he stated that it had been taken over by Communists — whose philosophy, we recall, is based on the principle of mass conflict. So we are left with two alternatives: CIO is making a bid for colored support or the Communists are up to their old tricks. Either of which is a pretty smelly motive. Whichever it is, the country has a right to know.

During the past few years we have had altogether too much big stick influence from the CIO and intrigue from the Communist party. One was tolerated to keep the organization pacified in the interest of war effort. The other to avoid offense to an ally, and partly to exercise a growing socialistic trend of our own. Not a valid reason in the lot. Every one case of deserting our ideals and traditions, whereas we could get more done and get along better with our allies by scrupulous adherence to solid principles.

Representative May was particularly irritated by the pamphlet's claim that Negroes in New York, Massachusetts, and Connecticut are on an intellectual level with Whites in Kentucky, Arkansas and Mississippi. Their fighting words below the Mason Dixon line where tradition and experience revolt at the notion of race equality.

Of course it is superfluous to add that the comparison is utterly unfair. It selects Negroes who have had the most opportunity and Whites who have had the least. People of industrial areas against those of rural areas, and everybody knows which spends more time in school. By that comparison Negroes should have scored higher. It is significant, however, that no claim was made to intellectual equality of the races in the same areas.

If race equality is to be reduced to a question of comparative merit there is another factor that deserves consideration. Character. In that respect war department records show that the colored folk are lagging. Their numbers in army prisons and venereal wards is far out of proportion to their representation in the service.

This point is not intended as an argument. Merely a counter claim to show that Negroes have worthless black trash as well as intellectual giants. Hence, if it is logical to exalt the whole race on the qualifications of a few it should also be permissible to condemn all on the faults of a few others. As a matter of fact, this error of judging many on the qualifications of a few is responsible for most of our antagonism. We need a more reasonable attitude based on personal merit. Regardless of race, color, or creed, every man should be regarded as an individual with an opportunity to rise or sink as he deserves.

Something else about the race problem that champions of colored equality conveniently disregarded is the time element. After only 80 years they want to be on a par with people who have struggled through 500 years of patient development. Civilization doesn't work that fast. Even if the former masters were willing to accept previous servants as equals, the Negroes themselves are not ready to carry their share of responsibility.

Social adjustments, if they are to be harmonious and durable, must necessarily be slow. Any minority group must be willing to accept that condition and advance as it proves itself, not pop up suddenly and demand a higher status. To do so betrays an arrogance that is certain to be met with active resentment.

At the same time the majority group should be tolerant and fair. One can hardly blame the Negroes for some of their violent re-

(Continued on Page 6)

OUR BOYS WITH THE COLORS

Doing Sea Duty

Joe Tempel, S2C, who recently completed special training at San Diego, is now doing sea duty, aboard an air craft carrier, according to information received here this week. He is the son of Mrs. Luke Tempel.

Called Overseas

Pvt. Otto Walterscheid, son of Mrs. Mollie Walterscheid, has been called for overseas duty. He was formerly stationed at Camp Pine Dale, Calif.

Back On Duty Again

A letter from Gerald Stelzer, EM3C, this week, advises that he reported for duty on the 3rd of this month, and is feeling fine after spending 9 months in various Navy hospitals. He was released on the 29th of Feb. from a hospital in Sun Valley, Idaho. His anticipated trip to this city to visit his parents, Mr. and Mrs. Matt Stelzer, fell through when the Navy changed its mind about where they were going to send him, he stated. He is stationed aboard boat in San Francisco, and would like to hear from Muenster friends. His address: Gerald A. Stelzer, EM3C, Pier 40, YT 476, San Francisco, Calif.

Promoted in England

Word received this week by Mrs. Alma G. Pette and Mrs. Henry Trachta is that their husband and son, Lt. C.J. Pette, has been promoted from second to first lieutenant. He is in England with a reconnaissance squadron as an aerial photographer. He mentioned getting much enjoyment from the Enterprise which he receives regularly and was particularly delighted with the Christmas issue, through which he learned where many of the home town boys are stationed. He said to tell all his friends hello and that he's doing his part to the war effort with in a hurry so that he can come back home and make the acquaintance of his baby son, born since he has been overseas.

At Sheppard Field

S. Sgt. Wilmer Luke is back at Sheppard Field, on duty, after being stationed at Lubbock for several weeks. He was here for a brief visit with his parents, Mr. and Mrs. Ben Luke, Sunday.

Returns To Duties

Pvt. Roman Klement left Monday at noon to return to his duties at Fort Knox, Ky., following completion of a furlough spent here with his parents, Mr. and Mrs. John Klement and family. He left here half sick, having contracted a touch of flu during the weekend.

Transferred To Jungles

Pvt. Joe Sicking has written his parents, Mr. and Mrs. Ben Sicking, that he was recently transferred from Australia to an island in the southwest Pacific. An excerpt from the letter follows: "I had a ship ride and am now somewhere in the S. W. Pacific area. Am OK. Getting experience in the jungle. I used to have ideas about the jungles when I was home, but find them quite different. They are very dense here and it rains most of the time. It is never dry. We have good jungle equipment, a pack which contains a hammock with closed-in mosquito netting and rubberized top, it hangs in the trees, so at least we don't have to sleep on the wet ground. Also have a blanket, canned rations, several rubberized bags to keep food and clothes dry, a compass and closed-in matchbox. We must use compasses, or will get lost within a few yards. Also have water wings to blow up and put under each arm for crossing streams, and jungle boots which are good, because shoes don't last too many days. A lot of mail caught up with me here. Tell all my friends hello."

Arrives In England

Sgt. David Trachta has arrived in England, he advises his parents, Mr. and Mrs. Henry Trachta in a letter they received from him Monday. He said he had an interesting trip over and enjoyed it. Stationed not far from his brother, Lt. C.J. Pette, he hopes to visit him in the near future.

Reports OK In Italy

Sgt. Joe Hess, a member of the 36th division in Italy, in a letter dated Feb. 24, advises his parents, Mr. and Mrs. J.W. Hess, that he is still OK, but confined to the hospital for several days for foot treatment. He added that he recently had the opportunity of visiting with Henry Luttmer of this city and Joe Beizer, Jr. of Lindsay, also stationed in the Italian war sector.

BROTHER AND SISTER IN AIR CORPS

—This brother and sister combination, Sgt. Chester E. Bentley and Lt. Joyce Bentley, are both serving in the Army Air Corps. Sgt. Bentley enlisted in the air corps in April, 1941, and was assigned to the ground crew personnel when he began his training at Randolph Field, San Antonio. He is now stationed at Maxton Field, Greenville, Texas, as the post sergeant major.

—Lt. Bentley, a member of the army nurses corps, received her commission on Oct. 15, 1943, following graduation from Saint Paul's Hospital School of Nursing in Dallas, and began active duty at the Fort Worth Army Air Field. She was later transferred to the station hospital at the San Antonio Air Cadet Center, where she is now on duty. They are the son and daughter of Mrs. Ralph Richards of this city, and will soon be joined by the third member of the family, Carl Bentley, who has been accepted for the Navy.

Mrs. J.D. Walker, 52, Succumbs Friday To Long Illness

Funeral Services Held Sunday Afternoon At Shiloh Baptist Church

Mrs. Essie Ramsey Walker, 52, wife of J.D. Walker, died Friday at a Gainesville hospital following a long illness.

Funeral services were held Sunday afternoon at 2:30 from the Shiloh Baptist church, north of Muenster, with Rev. Roy Cook, St. Jo, and Rev. Shelby West and Rev. Lee Morris, both of Muenster, officiating. Burial was in Shiloh cemetery. A large number of Muenster citizens attended the rites.

Serving as pallbearers were Gilbert Ramsey, Roy Ramsey, Milton Ramsey, Rafe, Ragon and Grady McElreath, all nephews of the deceased, while six nieces, Mabel Coffman of Saint Jo, Ruth Robinson, Muenster, Vera Thompson Whitman, Imogene Ramsey, Gainesville, and Inez Sparkman of Valley View, served as flower girls.

Survivors include the husband, three daughters, Mrs. W.A. Corley Grand Prairie, Mrs. Leonard Luttmere and Miss Edith Walker, Muenster; two grandchildren; one sister, Mrs. S. O. McElreath, Muenster; four brothers, V. M. H.E. and M.S. Ramsey, Muenster and E.G. Ramsey, Gainesville. Mrs. Walker was born and reared about seven miles north of Muenster where she had made her home throughout her life time. She was a daughter of Mr. and Mrs. Elisha Ramsey, and was married to Mr. Walker in 1921.

First Step Taken To Beautify Soldiers' Plot In Local Cemetery

The first step in beautification of the section of the Sacred Heart cemetery designated as the soldiers' plot, took place during the past week with the planting of evergreens by members of the Cemetery Guild, under the supervision of Rev. Father Thomas, pastor.

The next step, as planned, is a concrete walk from the main sidewalk to this section, and later, the planting of an evergreen hedge around the plot will take place.

Muenster Represented At Stock Show Monday

Muenster was well represented at the Fat Stock Show on Monday of this week by members of the two 4-H Clubs. Attending that day were 47 girls and 34 boys, chaperoned by Mrs. J.M. Weinzapfel, and Mrs. G.H. Hellman, Ray Otto and Arthur Felderhoff.

The group left in specially provided trucks at about 8 a.m., and spent the day, returning at about 9 p.m.

"Vocations" Is Topic At Holy Name Meet

An interesting talk on "Vocations" by Rev. Father Richard, spiritual director of the Holy Name Society, highlighted the regular monthly meeting of that group last Monday. The session was marked by a large attendance of members.

Routine business was discussed and following adjournment the boys enjoyed a social hour of games at their club room.

Mrs. Nick Stoffels Dies Wednesday In Sherman Hospital

Red Cross Campaign Nears Goal

Eighty Percent of Quota Is Accounted For By Wednesday, This Week

Slightly more than 80 per cent of Muenster's Red Cross War Fund quota had been raised this week when Mrs. G.H. Hellman, local chairman, tabulated receipts Wednesday. At the time the unofficial total was \$900.

Meanwhile, Solicitors Mr. and Mrs. G.H. Hellman and Mrs. Jim Cook, stated there are many citizens of the community yet to be contacted, and some have pledged contributions to be given next week.

Forty dollars was added to the local purse as the result of an operetta presented Sunday by pupils of Sacred Heart school, under direction of the Beneficent Sisters. Admission to the program was free, but voluntary contributions, given for the Red Cross, totaled \$40.00. Also appearing on the Sunday program was Muenster's Youth Band, under direction of Rev. Richard Ewald. A large crowd attended.

This community still needs approached at close of business Tuesday, to reach its goal of \$1,100, but solicitors are confident that figure will be reached easily when those who have not yet done so turn in their contributions.

Meanwhile in Cooke county 54 percent of the quota had been reached at close of business Tuesday. The total at that time was \$12,624. The appropriated county goal is \$23,400.

Solicitors are anxious to finish the drive here next week and ask that those who are going to give a donation, do not wait until they are called on, but instead, leave their contribution at the local bank. If they come to town during the weekend.

THERESA BEREND, 90, OLDEST RESIDENT OF PILOT POINT, DIES

Mrs. Theresa Berend, Pilot Point's oldest citizen, died on March 7, at the age of 90 years, at the home of her daughter, Mrs. Feb Heitzman, where she had resided for a number of years.

Funeral services were held on March 8 from Saint Thomas Catholic church with the pastor, Rev. Paul Charcut officiating, and burial was in St. Thomas cemetery.

Mrs. Berend, the oldest of 5 generations, was born September 13, 1853, in Berger, Mo., and on Nov. 17, 1871, was married to Joseph Berend, a native of Hanover, Germany, who at the age of 4 made a 90 day trip to this country in a sailing vessel with his parents. In October 1892 the couple settled in Windhorst, where they resided for 4 years, and later lived 4 years at Denton. In 1900 they moved to Pilot Point where Mr. Berend died in 1916.

Surviving are two sons, Fred and A. Berend of Pilot Point; five daughters, Mrs. F.J. Laux of Lindsay; Mrs. John Laux, Sterling, Mo.; and Mesdames Henry Norton, F.T. Heitzman and Martin Mueller, Pilot Point. Also surviving are 40 grandchildren, 61 great grandchildren and 5 great great grandchildren. Five grandsons and 5 great grandsons are in the service, and one grandson is a Catholic priest, he is Rev. Herman Laux of Rhineland, son of Mr. and Mrs. F.J. Laux, Lindsay. Two children preceded her death in infancy and a third, Joe, died about two years ago.

"A" GASOLINE CARD CUT TO 2 GALLONS

The "A" card gasoline ration Tuesday was lowered to two gallons a week for the entire country effective March 22, because of "critical demands" and a gigantic black market which is drawing 2,500,000 gallons daily from restricted civilian supply.

The action means a one-third cut in basic family car rations for all parts of the country except the Eastern seaboard where the "A" ration already is two gallons weekly.

Death Follows Major Operation; Funeral Arrangements Pending

Mrs. Nick Stoffels, 52, died in a Sherman hospital Wednesday at noon following a major operation performed at 9 that morning.

Funeral arrangements are pending, awaiting word from a son, Pvt. Herman Stoffels, on maneuvers with the army in the California desert, but will be held from Sacred Heart church here, with the pastor, Rev. Thomas Buegler, officiating.

Survivors are the husband, three daughters, Mesdames Andrew Trubench, Lawrence and Ray Vogel, and five sons, Albert, Meinrad, Frank and Nick, Jr., all of Muenster, and Pvt. Herman Stoffels of California, and 9 grand children.

Also surviving are her mother, Mrs. John Haverkamp, Sr., seven brothers, John J., William, Ben and Alois, Muenster, Joe and Charlie of Valley View and Frank of Lindsay; four sisters, Mesdames Frank Hess, John Walterscheid and John Kathman, Muenster, and Sister Anselma, Hot Springs, Ark.

Mrs. Stoffels was born in Muenster on April 6, 1892, Theresa Haverkamp, daughter of Mr. and Mrs. John Haverkamp, Sr., was married to Nick Stoffels here on Sept. 16, 1913, and had spent her entire lifetime in this community.

Her death came unexpected and as a shock to the community. She was never seriously ill and up until the time she went to the hospital, Monday, had been doing her housework and last Sunday attended church services as usual. When taken to the hospital for an examination, attending physicians reported her physical condition as good and advised the operation at such a time, rather than later, when it might be serious.

Mrs. Stoffels was an active member of the local Saint Anne's Society, and took part in church and community affairs.

Postal Rates Will Rise March 26th; Many Changes Made

With the revised schedule of postal rates beginning March 26, postal authorities are all of the same opinion, "there'll have to be some changes made."

Take the parcel post window, for instance, the schedule that has been going on for so long, will be changed from start to finish to comply with the increase in rates to all zones.

Rate increases in some departments will be double. Examples are the collect on delivery fee and insured mail fee. The rate on the former, for COD on packages up to \$5 in value, will increase from 12 to 24 cents, and on the latter, up to \$5 in value, from 5 to 10 cents. Sender's receipts for domestic, registered and insured mail when requested at the time of mailing will increase from 3 to 4 cents.

Air mail from one post office to another on the mainlands of the United States, including Alaska, will be 8 cents per ounce or fraction thereof. The present rate is 6 cents. The new 8-cent stamp will be green. Otherwise there will be no change from the current 6-cent stamp.

Mail sent to or by the armed forces of the United States overseas served through an army or navy postoffice will remain at 6 cents per half ounce or fraction thereof. Airmail rates to and from the Continental United States and its possessions will remain unchanged.

Money order fees on values from 1 cent to \$2.50 will be 10 cents under the new rate, an increase of 4 cents. The new rate on a \$100 money order fee will be 37 cents under the new rate as compared to 22 cents as formerly.

Registry fees on values up to \$5 will increase from 15 to 20 cents. Parcel post rates under the new schedule will involve slight increases for all zones on parcel post packages, books, library books, calendars and similar printed advertising matter.

LOCAL NEWS BRIEFS

Short Items of Interest About Folks You Know

Mrs. Al Swirczynski of Dallas visited relatives here Tuesday.

Joe Kathman substituted as carrier on route 2 several days for Ben Luke.

Pfc. Joe Henry Walterscheid of Camp Gruber spent the weekend here with homefolks.

Mrs. J.M. Weinzapfel was confined to her home the latter part of last week on account of illness.

Mr. and Mrs. Ed Wolf of Dallas spent Friday here with relatives.

An improvement at the C.J. Bernauer home Monday was landscaping of the grounds.

Mrs. Mike Kleiss is a patient for treatment at St. Vincent's hospital in Sherman.

Rudy Helman and Rev. Thomas Buertler were visitors in Fort Worth Monday.

Mrs. Ben Haverkamp underwent a thyroidectomy at St. Vincent's hospital, Sherman this week.

Misses Marie and Evelyn Steng of Dallas were weekend guests of their parents, Mr. and Mrs. Henry Steng.

William Fuhrmann, formerly employed at Ben Seyler's, joined the cheese plant personnel this week.

Mr. and Mrs. James Eckart and children left Sunday for a visit in Fort Smith, Ark., with his relatives.

Mrs. Leo Henscheid has returned home after being in Dallas during the week for a physical check-up.

Mr. and Mrs. Hugh Lee Tugle and family moved from here last week to make their home in Gainesville.

Misses Miriam Koehler and Elizabeth Walterscheid of Sherman spent Sunday here with homefolks.

Messrs. and Misses Henry Dunn and Turner O'Neal went to Fort Worth Sunday to attend the Stock Show.

Mrs. H.P. Hennigan is up and around the house this week after being confined to bed suffering from an infection in her right ear.

A recent improvement at the Paul Walterscheid home is the enclosure of the back porch with glass.

Miss Edith Mae Rhodes spent the weekend here with her parents, Mr. and Mrs. Jim Cook. She is an art teacher at Wichita Falls.

Little Margaret Myrick and Peggy Everett are confined to their homes on account of chicken pox. Several other cases are also reported in the community.

Col. Russell Herb of Camp Claiborne, La., spent a three-day pass in this city with the John Temple family and other friends, during the weekend. He was formerly at Camp Howze.

Mr. and Mrs. Bernard Sicking announce the birth of a daughter, Judy Ann, at the local clinic Saturday morning. At baptism in the afternoon Mrs. Ed Pels and Leo Sicking were sponsors.

A son, James, was born at the local clinic on March 9th to Mr. and Mrs. A.L. Attaberry of Forestburg. On March 8 a son arrived at the clinic for Mr. and Mrs. W.J. Balthrop of Rosston. He was named Weldon.

A daughter, Sharon Ann, was born to Seaman and Mrs. B.H. Schumacher at the local clinic on March 8. The father is stationed at Norfolk, Va., after several months of duty aboard ship in the Pacific.

Mr. and Mrs. Fred Hennigan are the parents of a son, Jerome

David, born at the family home Saturday morning. Father Thomas baptised the baby Sunday afternoon, assisted by Mr. and Mrs. John Steng as sponsors.

Pvt. and Mrs. H.J. Schneider-jahn of Independence, Kansas, who are spending his furlough here with her mother, Mrs. Carra Pangel, and with relatives at Gainesville, spent from Wednesday to Saturday of last week in Dallas with relatives and friends.

Mrs. Wm. Terrell left during the weekend to join her husband, Cpl. Terrell, at Great Bend, Kan., after a visit here with her parents Mr. and Mrs. J.W. Fletcher. He was transferred to that place from Denton recently.

Mr. and Mrs. V.E. Pembroke and family of Mesquite and Mrs. L.H. Pembroke of Fort Worth visited their parents, Mr. and Mrs. A.M. Pembroke, and Mrs. Harold Pembroke Sunday. Sgt. L.H. Pembroke, who is with the army, recently arrived overseas, his wife reported.

Miss Nina Faye Hammer is reported recovering this week after an operation for the removal of her appendix in Gainesville on March 1. Due to complications a second operation was necessary on March 3. Her mother, Mrs. T.M. Hammer, has been staying at the hospital with her.

Ed Cler came in from Garland to spend the weekend here and was accompanied home by his wife and daughter, who had been here for a two-weeks stay with her father, A.T. Hoehn. Senior Cadet Jane Hoehn also left Sunday to return to her duties in Austin after being here several weeks.

John Hess was treated at the local clinic this week for a cut on his elbow, sustained while working in the oil field. Five stitches were necessary to close the wound. Also treated at the local clinic was Eddie Schmitt, who sustained a gash, requiring stitches, on the little finger of his left hand. The accident occurred while he was changing a car tire. The little daughter of Mr. and Mrs. Joe Hoehn received treatment for a wound in her leg. While playing she ran a nail into her thigh.

Mr. and Mrs. Frank Trubench had as their guest Sunday her cousin, Pvt. Albert Jurgensmeier of Camp Howze. His home is in Nebraska and he saw action in the Tunisian campaign where he was wounded, shot through the foot, and for which he was awarded the Purple Heart. He spent six months in a hospital in North Africa before being transferred to the states and is now receiving treatments for his injury at Camp Howze station hospital. He also wears four service medals.

Members of the Civic League and Garden Club, meeting in regular session Friday afternoon in the public school, enjoyed an interesting session and program hour. Presiding was Miss Olivia Stock, president, and committee reports were given.

The highway chairman gave an account of improvements made at the highway marker west of the city where four cedars and two nandinas were planted recently. The site was also improved by a thorough clean up and the plants were watered.

The 4-H Club report revealed that a large number of club boys and girls planned to attend the Fat Stock Show on Monday, accompanied by Mrs. J.M. Weinzapfel, sponsor and other chaper-

Political Announcements

The following persons have authorized The Enterprise to announce their candidacies for political offices, subject to the Democratic primary election, July 22, 1944.

For Commissioner Prec. 4:

J. E. (Earl) ROBISON (Re-election)

For Commissioner Prec. 3:

J. R. (Robert) LITTLE (Re-election)

For Sheriff:

O. B. WINTERS
CARL WILSON (Re-election)

For County Judge:

CARROLL F. SULLIVANT (Re-election)

For County Treasurer:

MRS. EVA G. TOWNSLEY (Re-election)

For District Judge:

BEN W. BOYD (Re-election)

It was announced that the next 4-H meetings will take place on April 4, with Mrs. Kelley, demonstration agent, in attendance.

Flower Show Plans

Mrs. Frank Kaiser, flower show chairman appointed Mesdames J.B. Wilde, Joe Luke and Jake Pangel as her assistants and stated they would meet on the evening of April 4 to make plans for the club's annual flower show, to be held this year in May. It will be a progressive flower show.

Will Make Cookies

Members decided to bake cookies as a St. Patrick's Day treat for soldiers of Camp Howze. They will be placed in the USO Club rooms for the Saint Patrick's Day dance on Saturday evening. Other ladies of the community are invited to join in this activity. Sugar and shortening are given free, through the courtesy of the League to all those wishing to participate. The baked products are to be left at the home of Mrs. Jim Cook before six p.m. on Saturday and will be taken to Gainesville from there.

It was announced that the State Convention of Garden Clubs will be held in Fort Worth on April 19 and 20.

Program Hour

Mrs. Lou Wolf was the speaker on the program hour, her subject being, "Planting for Night Bloom." The interesting discussion listed night blooming cereus, evening primrose, evening clematis, evening phlox, 4 o'clocks and night blooming water lilies and hints on the culture of these flowers were given.

Flower arrangements on display were violets, hyacinths, japonicas and pear blossoms, arranged by Mrs. Joe Luke.

Following adjournment of the meeting, members drove to the west city marker to view the recent improvements.

GARDEN CLUB MEETS FRIDAY AND REPORTS GROUP IS ACTIVE

Members of the Civic League and Garden Club, meeting in regular session Friday afternoon in the public school, enjoyed an interesting session and program hour. Presiding was Miss Olivia Stock, president, and committee reports were given.

Beautiful Marker

The highway chairman gave an account of improvements made at the highway marker west of the city where four cedars and two nandinas were planted recently. The site was also improved by a thorough clean up and the plants were watered.

4-H Report

The 4-H Club report revealed that a large number of club boys and girls planned to attend the Fat Stock Show on Monday, accompanied by Mrs. J.M. Weinzapfel, sponsor and other chaper-

FARM NEWS

from **FOOD FOR FREEDOM**

YOUR COUNTY AGENT
TEXAS EXTENSION SERVICE

If you are interested in good clean fruit without worms, it is necessary to give your trees two sprayings at the right time. The worms that you are trying to get rid of are called curculio.

The first spraying should be put on when about one-half the petals from the blooms are on the ground and one-half still on the tree. The spray mixture should be composed of 2 lbs. zinc sulphate, 4 lbs. hydrated lime, 1 lb. arsenate of lead to 50 gallons of water. If you have only a few trees, this mixture can be made in the following strength: 2 tablespoons zinc sulphate, 4 tablespoons hydrated lime, 1 tablespoon arsenate of lead to 1 gallon of water. Mix this spray in the following order: Dissolve the zinc in the spray tank, add the lime as a thin creamy paste to the nearly full tank before adding the lead arsenate.

The second spray should take place 10 days after the first.

If these sprayings are not put on at the proper time you will not get good results. If you should have a rain twenty-four (24) hours after spraying you have lost that spraying and it will have to be done again.

Direct all this spray material to the peach and plum blossoms as it is of no benefit whatsoever to the limbs.

Cooke county has not had a good crop in two years and it is very important that we have a good clean fruit crop this year. The two sprayings carried out in the above manner will assure a good fruit crop. The only part of the above mixture which can be left out is the zinc sulphate but it is well worth the cost of adding to the spray mixture.

Mary Catherine Reiter, Former Muenster Girl, Scores Highest In Test

Miss Mary Catherine Reiter of Kerrville, daughter of Charles A. Reiter, former Muenster Postmaster, made the highest score for the student body in a recent "Current Affairs" test conducted at Schreiner Institute, Kerrville. This is an annual test given under the sponsorship of "Time" magazine.

Miss Reiter was also highest ranking senior at her graduation from high school and is now a freshman at the Institute. She is a native of this city.

TP&L Employees Sell \$2,025,984 In Bonds And Stamps

Employees of the Texas Power and Light Company have sold \$2,025,984 worth of War Bonds and Stamps during the past two years, it was announced by John W. Carpenter, president of the Company. In addition to these sales employees of the Company are purchasing War Bonds and Stamps through the pay roll deduction plan at the rate of \$276.710 annually.

The \$2,000,000 in Bond and Stamp sales are the result of the program of Texas Power and Light Company which was inaugurated shortly after Pearl Harbor when Mr. Carpenter suggested that employees of the Company devote at least two hours each Monday to selling War Bonds and Stamps to the public.

"This program was undertaken with no thought other than to be of service in the war program and to cooperate with our many friends and neighbors in the territory we serve," Mr. Carpenter said. "That it has met with such splendid success is a reflection of the patriotism and loyalty of Texans. We plan to continue the active sale of War Bonds and Stamps in the interest of the war program as long as this activity is needed."

All Texas Power and Light district offices are authorized issuing agents for Series "E" War Bonds and War Stamps.

Your Health

BY GEO. W. COX, M. D.

With the approach of spring and summer, an increase in the incidence of typhoid fever may be expected, but under wartime conditions it can very easily become a major health menace, as was pointed out in a statement released by Dr. Geo. W. Cox, State Health Officer.

"Nearly all cases of typhoid in Texas can be traced to a supply of contaminated water or food," Dr. Cox said. "Some cases, of course, occur by direct contact with patients or their excreta, usually when sanitary conditions surrounding the patient are bad."

Dr. Cox said that individual water supplies which are poorly located and wells improperly enclosed may receive surface drainage and pollution; therefore, springs and wells should be protected adequately. Sanitary pit privies or septic tanks also help protect wells and springs from pollution. There is real danger in the seepage from poorly constructed or delapidated privies. Fly screens and covered toilet seats help in warm weather to keep flies from breeding in toilets and carrying infection to food.

Carriers or walking cases never should be food handlers. A carrier the doctor said, is a person who harbors typhoid germs in his body though having no symptoms of the disease. Typhoid fever is one of the many infections that can be carried by raw milk. Pasteurized milk therefore should be used, since pasteurization kills disease organisms if they are present in the raw milk.

"Everyone contemplating trips

A HOPE FOR MARCH 1944

where the safety of the milk and water supplies cannot be established", Dr. Cox declared, "should be immunized by the family doctor. Three doses of the vaccine are given in weekly intervals. The treatment is not dangerous, and it gives protection for two years or more."

30 YEARS OF INDUSTRIALIZING TEXAS by TEXANS

Texas is a vital force in America's war effort today because of the splendid job Texans have been doing for the past 30 years... working together in meeting the challenge of industrial opportunities! During these years, the Texas Power & Light Company has been working with business, industrial and civic leaders, encouraging the location of new factories to utilize local supplies of raw materials to give employment to local labor and to provide a more balanced income for all.

LAYING THE FOUNDATION

By pioneering the development of transmission-line electric service in 1912, Texas Power & Light Company, founded by Texans and manned by Texans, supplied an essential factor for industrial growth of the State. Transmission lines brought ample, dependable, low-cost electric power service to cities, towns and villages alike... and into the sparsely settled rural areas... opening wide the door of industrial opportunity for all. This Company today, through its 10,000 miles of transmission and distribution lines, serves 445 cities, towns and communities, of which 298 had no electric service prior to the arrival of the Company's lines.

Since its organization, this Company has been closely identified with practically every phase of industrial development in Texas.

TEXTILE INDUSTRY

Factories to utilize Texas cotton... long a dream of industrial-minded Texans... had first consideration after World War I. The Texas Power & Light Company took the lead... sending its officials on tours of textile centers to gain first-hand knowledge of the problems involved in "textilizing Texas"... gathering data as to what Texas had to offer textile mill operators... using much of its advertising to stimulate local and national interest in Texas as a new textile center... publishing a monthly magazine, *Texas Opportunities*, to continuously set forth the outstanding advantages Texas afforded textile mill operators... conducting groups of New England mill owners, bankers and investors on tours of Texas cities and towns. Within a year after these activities were started, nine new textile mills were organized in Texas!

DAIRY INDUSTRY

Then followed development of the dairy industry... to provide daily cash income for Texas farmers, regular employment for Texas workers, and much added value to Texas manufactured products. Again, the Texas Power & Light Company actively led, coordinating the efforts of civic leaders, county agents, and farmer groups in (1) stimulating milk production on thousands of farms to attract large milk processing plants; and (2) organizing local groups or interesting out-of-state companies in establishing and operating such plants. Within eighteen months, Texas was literally dotted with dairies, cheese factories, evaporated milk plants and other types of milk products establishments.

EAST TEXAS IRON ORE

As far back as 1926, the Texas Power & Light Company compiled a report on the possibilities of East Texas iron ore. Through the years this Company continued, almost single-handedly in the face of constant discouragement, to press for the establishment of facilities to utilize these abundant iron ore deposits.

When the war emergency emphasized the need for iron and steel, this Company's long-time efforts bore fruit. The Lone Star Steel Company... pioneering in its field... was organized, and is now completing one of the largest blast furnaces in the world, at Daingerfield, Texas.

Thus, a new industry was born in Texas... born today in the nation's hour of need.

RELATED INDUSTRIES

During this same period, this Company has cooperated with local Chambers of Commerce in the development of other industries, such as glass factories, cottonseed-products plants, paper mills and box factories, packing plants, egg-breaking plants, cement mills, garment factories, and scores of smaller industries. Thus, Texas has acquired a balanced industrial growth with emphasis on the utilization of farm products.

FARM AND FACTORY

In cooperation with Texas County Agents, Texas A. & M. College, Texas Tech, and all other agencies working for the betterment of Texas agriculture... the Texas Power & Light Company has conducted countless tests and experiments for the purpose of improving the quality and adding to the sum total of Texas farm products. At the same time, the Company's engineers have constantly cooperated in developing new industrial uses of these farm products... bringing closer together the farm and factory.

Cottonseed products... sweet potato culture and processing... dehydration... frozen foods... poultry raising and livestock breeding... the care and handling of dairy products are among the notable fields in which these efforts have been singularly beneficial.

Ready for Tomorrow

This Company, continuing its leadership, is planning for the industrial expansion which must follow the war... is ready to go strongly forward, helping with the greater industrialization of a greater Texas. Our experience gained through almost a third of a century of pioneering in industrial research; our records compiled through painstaking efforts; and our trained personnel are now, as in the past, at the service of communities large and small in the area we serve, to expedite their industrial-development programs. This Company has more than ample facilities to fully meet the expanding power requirements of this, the fastest growing industrial area in America!

It Happened 5 Years Ago

March 17, 1939

Barney Hundt, 82, pioneer resident of Cooke county dies at his home in Lindsay. — 180 pounds of clothing shipped to missions by local ladies. — Civic League hears bike tourists, Frank Moser and Tony Sicking, tell of trip across U. S. — Young Ladies join campaign against filthy literature. — Mother Walburga, convent superior, spends week with Sisters here. — Pre-season Easter hunt nets no eggs for liquor board. — Record dust storm, thought to be worst in local history hits here Saturday. Walter Richter sustains hand injury in oil field work. — Tony Wiesman family moves to Sanger. — Miss Marie Felderhoff recovers from appendicitis operation.

Enterprise Delivery To Foreign Countries Is Prompt, Reports Show

The Enterprise goes through — thanks to Uncle Sam's mail service — be it to the soldier on the Italian front or to the one in the jungles of New Guinea. Recent reports reaching this office indicate that the Enterprise is being delivered promptly. Second only to the joy of the servicemen in receiving his home paper, is the joy of the Enterprise personnel in knowing that it is sped to its destination so quickly. Two stories during the past week are particularly interesting. In both instances the boys are subscribers to the Enterprise, the one in Italy, the other in New Guinea. Even so, relatives here, in writing air mail letters to the boys, on the day they received

Myra News

Mrs. John Blanton Correspondent

MYRA, March 7.— Mr. and Mrs. Ray Hudson visited Mrs. Nolan Barnett at Saint Jo Sunday.

Mrs. Dale Peden and baby of Henrietta spent the weekend with Rev. and Mrs. Glenn Bridges.

Pfc. J. C. Rossen of Miami, Fla., is spending a 15-day furlough with his parents, Mr. and Mrs. B. C. Rossen.

Mrs. Oscar Okridge of Sherman spent Tuesday here with Mesdames B. C. Rossen and Dan Sweeney.

Mrs. Fred McTaggart left Thursday for San Antonio to visit her son, Deryl McKee and family.

Mesdames Walter Neely and Parker Fears spent Thursday in Dallas. They were accompanied by Mrs. Jack Shultz of Gainesville.

Mrs. J. T. Biffle, Sr., spent several days of the past week in Gainesville with her daughter, Mrs. F. M. Aldridge.

Mrs. Ed Hilde of Washington, Ohio, spent last week with her daughter, Mrs. Wm. Summers, who accompanied her back to Ohio when she returned home.

Mrs. Wilbur Webb and baby are guests of her parents, Mr. and Mrs. B. C. Rossen and other relatives. Their home is in Nashville, Tenn.

Mrs. Don Studavant of Dallas and Miss Gertrude Fears of Fort Worth spent the weekend with their mother, Mrs. Dora Fears, and grandmother, Mrs. John Parker.

A letter this week from Mrs. Frank Walterscheid advises that she is well and happy in her new surroundings and home at Hereford and that she often thinks of her Muenster friends. Special regards were included for Catholic Daughters of America members, whom she says she remembers so often by the many lovely hankies they gave her at a farewell shower.

Get Field Seeds Early

See us for Seed Corn and all other varieties of seeds. Some are scarce, so come early.

We have Smut Treatment for seeds and potatoes.

Now is the time to plant Clover, Alfalfa and Stock Beets. Let us furnish your needs.

Look out for Coccidiosis. Treat those chickens before it is too late.

A few cases of Anthrax reported in cattle. Better report and get vaccine, we have it. Or see your veterinarian.

Vocation Week Observed With Triduum

March 12-18, has been set aside as vocation week. During this time special prayers should be offered so that young people may choose a vocation best suited for them. The high school students are observing this week with a triduum of Holy Masses and Communions for the grace to know their vocation and the grace to follow it.

4-H Club Visits Stock Show Monday

It was a happy and enthusiastic 4-H Club group that assembled so early Monday morning at Sacred Heart School. No, their destination was not the classroom but Fort Worth to attend the Fat Stock Show.

About eight o'clock two large trucks arrived for the transportation, one for the girls and one for the boys. A little later all were on their way amid song and cheer and about 10:30 reached their destination—the Fair Grounds at Fort Worth.

Once on the grounds, the group divided and each unit visited its own particular points of interest. To mention all the activities would be impossible. One place was of particular interest—the 4-H Club exhibit, which gave an opportunity to see what other clubs are doing.

At two o'clock the group went to the Will Roger's Memorial Colosseum to witness the Rodeo which opened with a parade of

all the contestants at the head of which were carried the U.S. Flag, the Flags of the United Nations, and the Texas Flag. The usual events of a rodeo were included.

Six o'clock arrived only too quickly and all assembled at the trucks for the homeward journey, tired but happy, and all talking about the day's experiences.

We wish to express our thanks to our chaperons, Mrs. J. M. Weinzaepfel, and Mrs. Gus Hellman; also to those from whom we chartered the trucks, Mr. Roy Endres, Sr., and Mr. Henry Luke; and to the drivers, Arthur Felderhoff and Ray Otto.

Students Contribute To Red Cross Drive

The operetta "Happiness Highway" was presented Sunday afternoon in the Parish Hall for the benefit of the Red Cross at the request of the pastor, Rev. Father Thomas. Again it was a success.

No admittance was charged but a silver offering was taken up after the performance. Donations amounted to \$40.

We wish to thank all those who contributed. We are happy that we can say that we also gave our share to the Red Cross.

Junior-Senior Meeting

The Junior-Senior Club met last Friday. At this meeting, it was decided that the annual luncheon would be in charge of the Juniors. The Seniors made plans for having their pictures taken. Class night activities were discussed and members of the class volunteered to write the various articles.

4-H Clubs Have Meetings

The girls held their regular meeting Monday the 6th. Mrs. Kelly who has replaced Miss Shultz as County Home Demonstrator met with the club for the first time. The Muenster 4-H Club girls wish to express their deep thanks to Miss Shultz for the

many years of service she had given to the work of the club, and at the same time a hearty welcome to Mrs. Kelly.

Mrs. Kelly discussed the "Basic Seven" food plan and explained what foods we must eat for health.

The boys held their meeting in the Parish Hall. It opened with the recitation of the 4-H Club pledge after which the Secretary read the minutes.

Cards were handed out on which a record is to be made of the number of chickens culled.

Mr. Brient attended the meeting.

Lindsay News

Miss Rose Gieb of Sherman spent the weekend with her parents, Mr. and Mrs. Henry Gieb.

Cpl. Joseph Fuhrmann, writing his parents, Mr. and Mrs. Willie Fuhrmann, this week, tells them that he is stationed in England, and is well.

The Lindsay Mission Circle met last Wednesday afternoon in the school basement and made a quilt along with the other usual work. Fifteen members attended.

Visiting Mr. and Mrs. Peter Mosman several days this week are their sons, Petty Officer Fr. Mosman of Dallas and Clarence Mosman, SIC, of Purcell, Okla.

Pfc. Robert Beyer has landed safely in England, according to word received by his mother, Mrs. Adam Beyer. Pfc. Beyer is with a tank division and had been stationed at Pine Camp, N.Y., before leaving the states.

Mr. and Mrs. John Schmitz have a letter from their son, Cpl. Leonard Schmitz, advising that he has arrived safely at his overseas destination but could not disclose the name of the place.

Pfc. Ernest Arendt arrived last Wednesday to spend a 9-day furlough with his parents, Mr. and

Mrs. Paul Arendt, and other relatives. He is stationed at Fort Leonard Wood, Mo., and recently completed three years in the service.

Mr. and Mrs. Peter Mosman visited in Dallas last week, and joined by their children, Petty officer and Mrs. Frank Mosman and Mr. and Mrs. Arnold Friske of that city, witnessed the showing of the Passion Play.

Mrs. Joe Bezner and daughter, Mrs. Bruno Zimmerer and little son, Jimmy, drove Mrs. Robert Young to Wichita Falls last Wednesday where she boarded a train for Sumner, N.M. She returned to her home after spending several weeks here with relatives.

Guests of Mr. and Mrs. John Schmitz during the week were their daughters, Miss Rosalie Schmitz of Dallas who is convalescing from a recent tonsillectomy and Mrs. Martin Theimer of Edmund, Okla., who stayed with her sister, while she was in the hospital.

Pfc. Herbert Mosman, son of Mr. and Mrs. Peter Mosman, stationed with the army in Italy, recently sent a box of souvenirs to his family. Included in the package were a sweater set for his baby son, a luncheon set for his wife, rings made from airplane metal, a cross and chain and a religious plaque made of sea shells.

Bobby Bezner Recovering From Accidental Gun Shot Wound In Leg

Bobby Bezner is back at the home of his mother, Mrs. Joe Bezner, resting well, and making a normal recovery, after spending several days in a Gainesville hospital following an injury on last Thursday afternoon, when he was accidentally shot through the calf of the leg.

The accident occurred while Bobby was plowing in the field some distance from his home, when the 410 gauge shot gun he was accustomed to carrying with him, went off, the charge tearing away a part of the calf of his leg.

He lost considerable blood in the walk to the house where first aid was given after which he was rushed to Gainesville for treatment. Members of the family were not at home at the time and he was taken to Gainesville by Mrs. Al Moosberger in the Hoelker car.

BIRTHDAY PARTY HAS TWO HONOR GUESTS

LINDSAY — Mrs. Henry Zimmerer and Mrs. Bill Burke entertained their daughters, Virginia Zimmerer and Diana Burke, with a birthday party on March 11 at the I.A. Zimmerer home. Diana was two years old on March 11, and Virginia was six on March 13.

Ice cream and cake were served to Marietta Gossard, Mary E. Kubis, Alma L. and Jane F. Kubis, Jimmie Zimmerer, Gilbert, Aquin and Bernard Kubis and the honorees, and to Mesdames Bob Gossard, Gene Edman, Albert Kubis, Bruno Zimmerer, Elizabeth Kubis, I.A. Zimmerer, and the hostesses.

Story books were given as favors to the children.

actions to persecution by prejudiced Whites. Regardless of some ideas to the contrary, they are human beings and have a right to be treated accordingly.

If popular opinion regarding the race problem were boiled down, it would probably amount to something like this. American Whites realize that Negroes, like themselves, have the inalienable rights to life, liberty and the pursuit of happiness, and they are perfectly willing to see those rights materialized in such things as jobs, comfortable living and fair treatment.

Nevertheless they are very much aware of a race distinction. A natural reaction from memories of slave traditions and a knowledge of many Negroes' behavior in this age.

From there the problem becomes one of minority only. Like other small groups the Negroes are denied certain privileges because the majority prefers to reserve them for itself. A common and understandable human trait.

So, what if it is some industries will not permit Negroes on the pay roll? What if some theatres and cafes will not admit them? Or if preferred seats and preferred jobs are retained for the Whites?

As long as we profess to have freedom, every man is free to pick his own employees or companions. Negroes have the same privilege and have the opportunity to exercise it in their own circles. They do it too. Whenever

they have occasion to hire someone they favor their own race just as the Whites do.

Why don't Negroes accept that condition and make the most of it? Why can't they realize that every arrogant, unreasonable demand causes more harm than good? On the other hand why can't some Whites get over their mania for abusing the colored people? Fairness and understanding on both sides instead of agitation would clear up the whole problem.

Above all, why can't the American public see through the subversive designs of some organizations in their flimsy pretense to champion the colored cause?
