Drs. Kralicke and Antonetti named Outstanding Citizens

Prolonged applause and a standing ovation followed the Muenster Jaycees' presentation of the Outstanding Citizen Award at the organization's annual awards banquet Saturday, July 10. Dr. Martin Kralicke and Dr. Alfredo Antonetti shared the honor of being chosen Muenster's 1993 Outstanding Citizens.

The award plaques were presented by 1992-93 Jaycee president Shawn Flusche. Dr. Kralicke was present to accept his award. Dr. Antonetti was out of town and unable to attend.

Mark Lippe introduced the two recipients of the prestigious award remarking in part, "Their time and contribution to this community has been with us for many years. They have both been here for all of us -- any time of the day or night -- when we needed them, be it at two o'clock in the morning, on Christmas day, out on the football field, or even at their own home.

"They have seen and heard our aches and pains, mended our minor cuts, and have been there for us in any serious, life-threatening situation.

"They have shared good times and bad with us. They know our family from treating grandma to delivering our children.

"What Dr. Kralicke and Dr. Antonetti give to our families and friends is their untiring devotion, their professional care and a big part of their 29 and 25 years in Muenster."

Dr. Kralicke came to Muenster with his wife, Betty, and family of one son and five daughters in 1964. Dr. Antonetti came to Muenster in 1968 with his wife Angela. They have three sons. The two physicians have lived and practiced in our community since 1964 and 1968 and continue to practice at the Muenster Memorial Hospital even today.

Craig Monday was Master of

Ceremonies for the evening. Rick Walterscheid offered the invocation and Joe Pagel led the Pledge of Allegiance. Guests and members were welcomed by Willie Fisher, Jaycee charter member and past president.

Karl Barnhill received the honor of being selected Key Man by his fellow Jaycees. The award was presented by Shawn Flusche, past president, who noted that Karl is present at all of the work parties, ready and willing to get things done.

The Outstanding Chairman Award was earned by Ron Trubenbach for his expertise at chairing projects. Special mention was made of the excellent job Trubenbach did planning a new fund-raiser, the Jaycee Enduro. Ron also chaired the Little League Program and the Library Clean-Up project during the past year.

Shawn Flusche named Karl Barnhill as President's Partner. Please See JAYCEES, Page 3

July City Council Meeting...

Landscape water rationed

Last but not least, far from least, was the applicable phrase at Monday's regular City Council meeting at the Muenster City Hall. The city's weekend water crisis didn't get on the agenda but it was emphasized as the last item to be well remembered. City Administrator Chris Yosten described how water levels fell dangerously low Saturday and Sunday. David Dittfurth, who was on call, with help from police officers, went door-to-door spreading the word and asking citizens to turn off their water sprinklers. If no one was home, they made the cut-off themselves.

"We discovered that our number five well was producing only about

20 gallons a minute and was near inoperative," Yosten said. "In addition, it seemed like everyone decided to get serious with watering their lawns over the weekend." Celine Dittfurth added that many more sprinkler systems have been installed in town during the past year and those systems run late at night. "We used to be able to catch up (pumping water) at night, but now night time use has increased," she explained.

Yosten has initiated a partial water rationing program to run indefinitely. Houses with even numbered addresses are allowed to water on Tuesdays and Thursdays. Odd numbered houses may water on Wednesdays and Fridays. Those

watering on unauthorized days may be shut off at the meter after a first request to stop. Yosten said the number five well should be pulled and repaired this week. Though rain and voluntary rationing should help the problem, Yosten asked the City Council to consider the need to drill a new well in anticipation of increased demand. City residents can help by checking their systems for leaks and unnoticed drains such as constantly-running toilets.

Vernon Smith of TU Electric in Gainesville came to the meeting for the second reading of the proposed franchise ordinance change which will increase the franchise tax paid to Muenster from three percent to four percent. As described last

month, this change would result in an additional estimated \$15,200.00 payment to the city and lock in the franchise for ten more years. Some council members raised doubts about the change. Mike Trubenbach said, "What makes me nervous is 'Why do you want to give us this money?' " Speaking from the audience, Rufus Henscheid asked, "Does this potentially raise rates? Does the increase eventually fall back on the customers?" Smith answered, "We feel a moral obligation to pay the same franchise to Muenster and all other cities as we do to Dallas. We are not trying to put anything over on you."

After discussion on the whole ordinance and the Public Utility

Commission regulation, the ordinance passed on the second reading under emergency provision in order that it will be retroactive to June 1. The council voted four to one to accept the franchise increase with Trubenbach voting against.

The streets of Muenster, as usual, received their share of attention at the meeting. Street Commissioner Mike Trubenbach described his study of existing street conditions in town and compared sealing options, resurfacing options and complete rebuilding. He directed his attention at the northeast part of town for starters. When Fran Voth asked why in this area he replied, "I started on this side of town because that's where

you live, Fran. And, by the way, your trash trucks are tearing up my streets." (Voth is sanitation commissioner and, yes, Trubenbach said he was joking ... partially). "I've been looking hard at streets for the last month and I wish we could have a team effort to start rebuilding our streets. I don't want to waste money resurfacing or sealing where it won't do any good."

He described different remedies in different areas and presented a map to the council showing street conditions in the above mentioned area. Council members agreed to give his plan serious attention at budget time.

Trubenbach also argued for Please See COUNCIL, Page 3

Boy Scout Court of Honor presents Certificate of Merit

Boy Scout Court of Honor was held Sunday, July 11, 1993 for Troop 664 in the Community Center Cafeteria to present a special Certificate of Merit, and awards and merit badges. In addition, plans were made for the coming year.

Bear Patrol held the opening Flag Ceremony, followed by introductions and a short skit performed by the Bob White Patrol.

An unusually large number of merit badges were presented. Three new ranks were awarded, including Star Rank to Darrel Charles. Troop and committee office badges were presented.

Highlight of the evening was presentation of a Certificate of Merit to Michael Flusche for saving his home and family from a fire, using skills he acquired through

Scouting. On that occasion, he was asleep downstairs in the middle of the night, and the rest of the family was sleeping upstairs. He was awakened by smoke and the smoke alarm; he alerted the family; called the Fire Department; and he and his father had the blaze under control with two fire extinguishers when the Muenster Volunteer Fire Department arrived.

After presentation of all awards, the Rattlesnake Patrol retired the Colors, and refreshments were served.

Troop Committee members are Chuck Bartush, Juanita Bright, David Fette, Claude Klement, Shirley Knabe and Jim Gehrig. Ernest Martin is Scoutmaster and Waylen Poole is Assistant Scout

Master. Henry Weinzapfel is Committee Chairman and Representative.

Troop Patrol positions are: Rattlesnake Patrol Leader, Jeff Felderhoff; Assistant Patrol Leader Casey Walterscheid.

Bear Patrol Leader, Eric Walterscheid; Assistant, Jerry Stoffels.

Bob White Patrol Leader, Russell Fette; Assistant Lucien Gehrig.

Senior Patrol Leader, Joey Martin; Assistant Royce Knabe.

Additional Troop Offices include: Troop Quartermaster, Darrel Charles; Troop Chaplain's Aide, Jeff Felderhoff; Troop Librarian, Michael Flusche; Troop Historian, Jerry Stoffels; Troop Scribe, Russell Fette.

MICHAEL FLUSCHE of Muenster Boy Scout Troop 664 displays the certificate of merit he received for heroism and quick thinking during a fire in his home earlier this year. With him at the Sunday Court of Honor are his parents, Harold and Jeannine Flusche, and Scoutmaster Ernie Martin. Dave Fette Photo

New contract may be approved at Weber

by Elaine Schad
A new three-year contract is expected to be approved between management and union members at Weber Aircraft as the two sides have reached a tentative contract agreement, officials confirmed this week.

The full union membership was expected to vote on the new contract beginning about 1 p.m. on Thursday, July 15. Members of the union negotiating team will recommend that the contract be approved, according to Jim

Fletcher, a professional negotiator representing the union.

Negotiations between representatives of Weber Aircraft management and a committee representing Teamsters Local No. 767 came to an end late Tuesday after almost two straight days of negotiations. Fletcher said the new contract agreement was hammered out following a combination of compromises on both sides. He declined to comment on the compromises, but said the committee feels that the new

contract is fair to both sides.

Union members last week rejected a proposed contract offered by Weber Aircraft by a more than 75-percent margin during a vote of both shifts. A strike was averted after Weber officials requested a second extension to the contract's June 30 deadline.

Weber Aircraft, Cooke County's largest employer with an estimated 800 employees, announced in late May that 347 employees will be laid off by the end of July from the Please See WEBER, Page 2

July proves busy as fire calls increase

Members of the Muenster Volunteer Fire Department have answered 10 calls since July 4. The majority have been grass fires caused by firecrackers.

As the span between substantial rains increases, Muenster Fire Chief Herbie Knabe expressed concern that there will be more grass fires. He advised that people use caution when doing anything outdoors that could spark a fire. "From now until we have a substantial rain we are in a desperate situation," Knabe said. "Grass will continue to burn once it

starts, especially with high wind and low humidity."

On July 4 the Volunteer Fire Department responded to a call at Sylvan's Trailer Park. There was smoke in the house caused by an air conditioner motor that burned up.

That evening the volunteer firemen doused three different grass fires on County Road 302 and two more on County Road 428. All were caused by firecrackers.

On July 9 there was a fire at The Farmer's Kitchen. According to Fire Chief Knabe, a faulty extension cord to a refrigerator started the fire.

There was extensive damage to some of the business' equipment.

Firecrackers were again found to have caused two fires in the early hours of July 12. The Muenster Fire Department extinguished grass fires on County Road 420 and County Road 373 at Valley Creek.

On Tuesday, July 13 a malfunction in a round hay baler caused a bale to catch fire in a prairie hay patch south of Muenster owned by Marjorie French. Two round hay bales and a couple of acres of grass were burned.

Letter to the Editor:

"There never was a democracy that did not commit suicide." These words came from the lips of our own President John Adams (1797-1801). Two hundred and seventeen years after America first celebrated its independence, Americans are questioning the future of this country and its ability to protect the heart of our U.S. Constitution - the consent of the people to determine their future through representative government. Compare contemporary America and its elected officials with observations of past U.S. presidents.

James Madison: "I believe there are more instances of the abridgment of the freedom of the people by gradual and silent encroachments of those in power than by violent and sudden usurpations." Andrew Jackson: "There are, perhaps, few men who can for any great length of time enjoy office and power without being more or less under the influence of feelings unfavorable to the faithful discharge of their public duties ... As long as our Government is administered for the good of the people, and is regulated by their will ... it will be worth defending." Martin Van Buren: "The less government interferes with private pursuits, the better for the general prosperity." Grover Cleveland: "When more of the people's sustenance is exacted through the form of taxation than is necessary to meet the just obligations of Government and expenses of its economical administration, such exaction becomes ruthless extortion and a violation of the fundamental principles of a free Government."

How long can we survive "Slick Willies" who bungle their way through our nation's highest offices, ignoring Thomas Jefferson's warning: "He who permits himself to tell a lie once, finds it much easier to do it a second and third

time, till at length it becomes habitual; he tells lies without attending to it, and truths without the world's believing him. This falsehood of the tongue leads to that of the heart, and in time depraves all its good dispositions."

And how long can we survive voter apathy? From a total population of 248,709,875, our 1990 census revealed a voting-age population of 185,105,441. Of 133,813,947 registered voters, 107,755,671 voted in our 1992 Presidential election. If you are among the over 26 million registered voters who stayed away from the polls, you are guilty of shirking a duty to guard your Constitutional freedoms and the people's consent to be governed. President McKinley suggested: "Before we can find the true remedy we must appreciate the real evil." And before you place all the blame on our elected officials, look in your own back yard.

Dear Editor:

Would you please put this bit of news in the Readers Write column?

Somehow, for July 4 and the population of Rosston, Texas, we fell down in numbers. Last year, we had 27. We lost a dear friend this spring, who was a World War veteran.

The Pattersons came and purchased a house and hope to be permanent residents in the very near future. We have a new flag pole at the Community Ross Point Center, which adds more flags to our community. Prairie Point now displays the American flag, too. We love them, too.

Received 1/2 dozen July 4 birthday greetings.

The Center procures Achievement Award

The Center Restaurant was recognized on Friday, July 9 by the National Federation of Independent Business (NFIB). The organization conferred one of its 1993 Small Business Achievement Awards to the local restaurant.

Jerry Berley, NFIB Division Manager presented the award. Stan Endres, co-owner of The Center, accepted the award. Phil Endres and Jacob Pagel are the other co-owners.

The NFIB award is given to a small business which best demonstrates its commitment to the economic well-being of the community.

"The small business community comprises the very backbone of the American business community," Berley said. "The NFIB is dedicated to supporting American entrepreneurs who pursue opportunity and create jobs by their willingness to invest in an idea."

U. S. Senator Phil Gramm sent his congratulations in the form of a letter which was read by Kevin Brannon, Gramm's North Texas Regional Director.

In part the letter from Gramm said, "The Center Restaurant epitomizes the heart and soul of America's free enterprise system. So I want to commend the NFIB for recognizing the owners' willingness to invest their time, talent and resources in creating jobs which benefit the citizens of Muenster."

Muenster Chamber of Commerce President Scott Felderhoff gave a brief history of The Center and expressed the Chamber's appreciation for the trend in attractive business set for that area of Muenster.

The Center was opened in 1959 by Rich Grewing and Al Felderhoff in a building across the highway from its present location. At the time it was started there were few restaurants in the area.

In December of 1964 Adam Wolf and Clyde Miller purchased the business. Adam later bought out Clyde. It was in November of 1978 that Stan Endres, Phil Endres, Jacob Pagel, Ronnie Hess, and Dwayne Pagel became the owners of The Center Restaurant. In 1980 Phil, Stan and Jacob purchased all of the shares. The business is now incorporated. The three businessmen bought a lot across the highway and built the new Center Restaurant and Tavern complete

aircraft seat manufacturing company. Weber is owned by Group Zodiac, a French company. The local Teamsters union represents about 70 percent of Weber's estimated 800 hourly workers.

The local Teamsters union began negotiations with Weber officials on May 12. The two sides have met almost daily over the past two weeks as the contract expiration date drew near, according to Nelson Davy, a Weber employee for seven years who is a member of the negotiating committee.

Reward offered for return of ice crusher

Carl and Pat Walterscheid discovered Monday that their sno cone trailer had been broken into and a piece of equipment taken. The trailer is parked near the Muenster Baseball Park during summer baseball season.

Someone cut the lock and took the sno cone ice crusher. "That's all they took," said Carl Walterscheid. "There was about \$10 worth of pennies, cups, coolers, and sno cone flavorings that weren't taken." He noted that the piece of equipment would cost about \$700 to replace. The break-in occurred sometime between the time they closed down Thursday evening, July 8 and the time it was discovered Monday, July 12.

"There will be a reward for anyone who provides information leading to the return of the machine," Walterscheid said. Anyone who noticed something that might be helpful should contact Walterscheid at 759-4219. He also indicated that he thought it might have been done as a prank and if the machine was returned he would not press any charges.

Until the sno cone crusher is found or returned the local baseball games won't be quite the same.

Physician recruitment firm hired by Board

After meeting in executive session, the Muenster Memorial Hospital Board of Directors voted unanimously to hire the firm of Harris, Kovacs, Alderman Medical Search Consultants to search for and bring to contract a primary care physician for the hospital.

A representative of the firm, Bill Lentz, spoke during the regular session of the June 30 board meeting. He explained to those present what would be expected from the board and the town and also the things required of the visiting physicians.

Lintz told the board, "If we can't work together it's best not to go forward. When I say work together, we've got a goal of bringing a physician to contract and it takes both parties to do that."

He explained that if the board hired his firm the search would be assigned to one of the recruiters from Dallas who would spend time in Muenster. The recruiter would be looking for all of the reasons that a physician would want to come to the Muenster community including practice opportunities, schools, and real estate.

"We won't allow an on site visit by a male physician without his spouse because we've found that if the wife doesn't like the community it just won't work," continued Lintz. "The visit is 80 percent social because every interested physician is looking at three or four other opportunities at the same time. After practice opportunities and money what it boils down to is, do the people in this community care about the physician and want to make him a part of their community more so than the others."

Company statistics noted by Lintz were that out of every 2.4 physicians nationally that did an on site visit with the company last year, one came to contract; average search placement time is 98 days; average age was 39 years; the average doctor was American born and American trained.

The matter of filling the unexpired term of Dr. Enrique Juarez was discussed during executive session. The only volunteer to serve the remaining year of his term was Sharon Felderhoff. Members present voted unanimously to appoint her to complete the term.

In the financial report given by Administrator Jack Endres the month was, "Pretty spectacular as far as losses go. The revenue was down \$30,000 from previous months on average. Total revenue was \$103,000; total operating expenses were \$205,000 which is about \$50 to \$55 thousand dollars in excess of what we normally see in the operating expenses, due again to the fact that three payrolls fell during the month instead of the normal two."

A report was given on a meeting in Wichita Falls attended by Jack Endres, Don Flusche, and David Bright. It concerned the forming of a network of hospitals mostly west of Muenster. This would allow them to purchase items more competitively with larger hospitals. There could be multi-benefits including sharing specialists among three or four of those hospitals and also sharing equipment of a specialized nature. There could be as many as 13 hospitals involved. The board voted to further investigate the alliance and to have different members attend future meetings.

In other business: the budget proposed for the fiscal year July 1993 to June 1994 was approved; the board decided to require only one signature for signing hospital checks.

All board members except Sam Endres were present. There were three Muenster residents present besides the board members. The next regular meeting is scheduled for Wednesday, July 28 at 7:30 p.m. in the office of the hospital administrator.

Congratulations!

John "Jim" Streng dies at 93

Mass of Christian Burial was offered for John "Jim" Streng on Friday, July 9, 1993 at 1 p.m. in Sacred Heart Church, officiated by Father Victor Gillespie, OSB, and Father Frowin Schoech, OSB. Concelebrating were Father Eugene Luke, OSB, of St. Peter's Church in Lindsay and Father Harry Fisher of St. John's Church in Valley View.

Streng died at his home the morning of July 7, following a lengthy illness.

He was born on Feb. 6, 1900 in Muenster to Peter and Magdalena (Huff) Streng, Muenster pioneers who were immigrants from Luxembourg. A lifelong member of Sacred Heart Church, he was baptized in the same church where he received his First Holy Communion at age 13 as was the custom in the parish at that time, received the Sacrament of Confirmation, and attended Sacred Heart School and, on Feb. 23, 1927, was married in Sacred Heart Church to Mary Agnes Wimmer. He was a member of St. Joseph Society and a retired farmer.

In retirement, he tended his garden and yard with great care, and particularly enjoyed his grandchildren.

Survivors include his wife, Mary

Agnes Streng; and five daughters, Sylvia Wood of Pennsauken, N.J., Frances Chantre, Laura Witte and Clara Brown, all of Fort Worth, and Stella Phillip of Gainesville; and one son, Virgil Streng, of Sonora, Texas; also 15 grandchildren; and 21 great-grandchildren.

He was preceded in death by one daughter, Helen; his parents and 12 brothers and sisters; and two sons-in-law, Vincent Bozzone and Thomass Phillip.

A Rosary Service was held in McCoy Funeral Chapel on Thursday at 5 p.m. and a Vigil at 8 p.m.

Participants in the funeral liturgy for Mass of Christian Burial included Peggy Salas, a granddaughter who presented Scripture Readings from the Old Testament and New Testament, and Prayers of the Faithful and Petitions at Offertory.

Offertory gifts were carried to the altar by great-grandchildren, Teresa McCarty, Melissa McCarty, Jeremy Salas and Rebecca Salas.

Eucharistic Ministers were Father Victor, Father Frowin and Brother Thomas Moster.

Mass servers were Joel Schilling and two great-grandsons, Kenny Blanton and Oscar Salas.

Sacred music was presented by Emily Klement, soloist, and Linda Flusche, organist, including "Amazing Grace," "How Great Thou Art," "I Am the Resurrection and the Light," "Send Us Your Spirit," "Psalm of the Good Shepherd" and "Peace Is Flowing Like a River."

Burial in Sacred Heart Cemetery was directed by McCoy Funeral Home of Muenster. Pallbearers were Oscar Salas, a grandson; Brian Brown, a grandson; Sam Wood, a grandson; Larry Hennigan, a nephew; Eddie Mages, a brother-in-law; and Arnold Wimmer, a brother-in-law.

COUNCIL

Continued from Page 1

resurfacing Eighth Street from Main to Maple and Sycamore from Hwy. 82 to Fourth with oil and chip rock. He said the estimated \$14,000.00 was well worth it to keep these sections in good shape. His motion carried and the City may try to handle the job with their own equipment if possible to greatly reduce the cost.

Another major item of discussion centered around a part of the zoning ordinance which restricts building lot sales. Though it seems the point has been disregarded many times in the past, it is now ruled that a landowner cannot sell of piece of a lot, only whole lots. Area home builder Rufus Henseid argued that the rule severely restricts builders or ties them up with needless legal or zoning hassles. "While we fight through the zoning problems, an anxious customer just decides to build in Lindsay or Gainesville. They don't have this ridiculous rule. Please take it out of the ordinance now!" he said. The council agreed to study the change and agreed, along with City Attorney Chuck Bartush Jr. that the zoning ordinance is unfairly cumbersome in areas and needs attention.

Other items of discussion or action included:

- The proposed paving of one block of Second Street and one adjoining block of Elm Street was dropped because of non-participation by AMPI.
- The City will not buy a new insect fogger at this time - too expensive - old one is fixed.
- Request by the Jaycees for help in obtaining land for a baseball complex was tabled.
- Request to turn the old city park tennis courts over to parking was approved.
- \$1,250.00 was approved to send two firemen to fire training school.
- Bids will be sought for a three-year lease of grazing land on the north farm property.
- Maurice Pagel's request for a zoning variance to build a deck on his residence was approved.
- Proposed changes to the city personnel policy in areas of disciplinary documentation and consistency were tabled.
- Request to straighten a drainage ditch east of Mesquite Street was denied as it is not in the city limits.
- Monthly bills totaling \$60,533.74 were approved for payment. One noteworthy bill was \$16,900.00 for the fiberglass liner in the water tower.
- A use permit for the Muenster City Park issued to have the "Dakota" party in late July was rescinded on the recommendation of the Muenster Police. The party's poor past reputation and the \$5.00 entry fee to a public park were the cited reasons.

Sam Bass Day

July 17, 1993

Sam Bass Rides Again!

You are all invited to attend this year's fund raiser sponsored by the Rosston Volunteer Fire Department.

Events held in the center of the Rosston Community are quite interesting and always lots of fun. And as always, we offer some of the best bar-b-que in Texas. So plan to come out and join us. We regret that Sam Bass, the outlaw, will not be able to attend.

See you there!

Rosston is located on Highway 922 between Era and Forestburg

4-H Ambassadors reorganized and recruiting

by Shellie Jupe, County Extension Agent-H.E.
A 4-H Ambassador is one who is an authorized representative or messenger, and who is appointed for a special diplomatic assignment. Our 1992-93 Ambassadors are Werner Becker, Muenster 4-H; Sean Herbold, Silver Cedar 4-H; Greg Brooks, Woodbine 4-H; Sara Flusche, Charlene Lutkenhaus and Clifford Lutkenhaus, all of Lindsay Sr. 4-H.

This group has recently been reorganized. They have also accomplished their first assignment after the restoration of the program. Their 4-H Spaghetti Supper and 4-H Dance was a great success as the first fundraiser for the Ambassadors. They are very thankful for the use of the Gainesville VFW Hall and for all of the 4-H supporters who came, ate well, danced and joined our down-home 4-H fun.

A new 4-H year will be upon us in no time. This will also be the time to recruit a few new ambassadors. Three of our current representatives will be resigning to further their education at a college or university out of Cooke County. Therefore, if any 4-H'er is interested in becoming an Ambassador, the qualifications that must be met are as follows: 1) must be 13 years old or older; 2) must do a record book;

3) must have enough projects and ribbon activities to attend the 4-H Achievement Banquet; 4) must attend the 4-H Ambassador Workshop in Brownwood.

This 4-H Ambassador Workshop is from Aug. 13-15 at the Texas 4-H Center in Brownwood. The cost of this workshop is \$44.00 and the 4-H office will pay half. If any older 4-H'ers are interested, please call the Extension office for more information. The registration deadline is Wednesday, July 28. I encourage anyone who may be interested in becoming a 4-H Ambassador to call and find out more about it.

CORRECTION

Muenster High School Cheerleader Misty Klement was mistakenly identified in a photo in last week's Muenster Enterprise. She is the daughter of Wayne and Tudor Klement.

OMISSION RECTIFIED

Melissa Bayer, daughter of Dan and Mary Alice Bayer, is an honor student at Cooke County College, maintaining a perfect 4.0 grade point average. Her name was inadvertently missed in the story in last week's paper, and should have been included on the President's List.

Grandparents attend First Communion

Mr. and Mrs. Wilfred Reiter and Mr. and Mrs. Thomas Felderhoff were in College Station this spring to attend their granddaughter, Rachel Felderhoff's, First Holy Communion on Sunday, April 18, at 9 a.m. Mass.

Rachel, 8-year-old daughter of Chris and Sandy Felderhoff, was a member of a class of 54 second grade CCD students of St. Thomas Aquinas' Parish of College Station. Rev. Michael Mulvey officiated for the Eucharistic celebration.

Rachel's white First Communion dress was designed and made by her godmother, Cheryl Drozd of Austin. Her veil was made by her mother. Special gifts for the day were gold cross earrings from her parents; gold cross and chain and rosary from the paternal grandparents and a Bible from the maternal grandparents.

Attending this special occasion and a dinner following in their home were Rachel's parents and sisters, Lydia and Kelly, and brother, Terry; grandparents, Wilfred and Polly Reiter and Thomas and Barbara Felderhoff, all of Muenster; godparents, Jim and Cheryl Drozd, and children Chad and Nathan of Austin; LuAnn and Paul Kubis of Houston; Peggy and Charlie DiStefano and Michael of Missouri City; and Julie DiStefano of College Station.

After the dinner, Rachel was also treated to a family birthday party, as she turned eight the next day. Both sets of grandparents were overnight guests.

News of the Sick

Tax Talk

by: Duane Knabe, CPA

Duane Knabe will discuss a different topic each week. Any questions should be directed to him at 759-4010.

This week's topic is IRA's. IRA's are a good means of deferring interest and income. Distributions are not required until April 1 of the year following that in which the taxpayer reaches age 70 1/2. However, there are restrictions on IRA's.

An IRA must be funded by the due date of the return for the year it is deducted. The amount that can be funded is limited to \$2000 or earned income and \$250 for a nonworking spouse, assuming neither is an active participant in a pension plan. If this is the case, the amount of an IRA may be limited. Also, there is a 10% penalty for most distributions from an IRA to a participant before they have reached age 59 1/2.

Reunion Hennigan

Children of Richard and Margaret Hennigan will hold a reunion for relatives and friends on July 17, with a noon meal at Cumberland Cove at Little City, Oklahoma. All attending are asked to bring covered dishes and folding chairs. Travel east out of Madill, Oklahoma to Little City, Oklahoma and then south to Cumberland Cove. Dave Campbell's 1993 Football Report released

Dave Campbell's 1993 Texas Football magazine has hit the newsstands again to officially begin the '93 football season.

Way back on page 275, the Private High School Preview begins, with "TAPPS Offers Hope, Charity and Playoffs." The writer offers an anything can happen in "such a water-down field" of teams, indicating that four of the 10 Class A teams will advance to the state playoffs.

In Class A, Campbell picks defending champs St. Paul of Shiner and runner-up Tyler Street Christian of Dallas in a rematch for the state championship.

Campbell lists only two districts in Class A, in reality there are four with two or three teams per district. Sacred Heart is in District 1-A with Dallas Lakehill and South East Dallas.

Very little was said about the Sacred Heart Tigers, who have 15 lettermen and 7-7 starters returning from a 5-6 season. Only four team members were lost in graduation. Returning starters listed included linebacker Kelly Bayer, defensive tackle Jeremy Bayer, defensive back Aaron Berres, quarterback Jason Hess, wide receiver Neil Berres and running back Chris Pagel.

The Lakehill Warriors lost only two lettermen and have 18 returning with 9 offensive and 9 defensive starters returning from a 6-4 team. Players to watch are offensive linemen Josh Carroll and Broderick Lakustraw, linebacker Aaron Scott, running backs Josh Harris and Charlie Birenbaum.

No information was available on South East Dallas.

In UIL District 17-A, the Collinsville Pirates are picked to make the playoffs. After a 8-1-1 season last year for 3rd place, the Pirates are expected "to keep the heat on all the way against the likes of Valley View and Lindsay." Collinsville lost 6 lettermen last year, with 7-7 starters returning. Players to watch include wide receiver Barry Vannoy, running backs Jamie Montoya and Bubba Ellis and quarterback Trent Cox. Cox was named to Texas Football pre-season second All-State Offensive Team and is the Class A leading passer with 1,906 yards. Freshman Vannoy was the state's number one receiver, completing 39 catches for 672 yards, with Montoya in the top 10 rushers with 1,251 yards.

The Valley View Eagles were picked as the district runner-up. Coming off a 11-3-1 semi-finalist season last year, the Eagles lost 13 lettermen with only 3-3 starters returning. Defensive back Lance Morris was named to the pre-season All-State Team. He is credited for 728 yards in 75 carries, 11 touchdowns, 68 tackles and 8 interceptions, one for a defensive TD. Others to watch include tackles Stephen White and George Amherst.

Valley View, last year's district champion, advanced in the playoffs with a 52-16 bi-district win over Corsicana Mildred; 35-20 area win over Gunter; winning regional 23-6 defeating Overton; and the quarterfinal win 21-14 with Tenaha before losing to Bartlett 19-14 in the quarterfinals. Bartlett went on to win the state championship.

The Lindsay Knights, under the leadership of Charles Meurer, lost 5 lettermen from last year's 4-6 team. Of the 17 returning letters, there are 7-8 starters. Players to watch include quarterback Shane Huchton,

who led Lindsay's offense with 750 yards rushing and 400 yards in the air; end George Lutkenhaus; guards Toby Eberhart and Matt Menzie; and defensive back Chris Brown.

Other returning starters listed were Jeff Hale, Jeremy Owen, Brian Dulock, Bob Greener, Shawn Cartwright, Doug Hellinger, Greg Arendt, Chris Escobedo and Don Zimmerer.

There wasn't much said about Coach Grady Roller's Muenster Hornets. After a 4-7 season, 13 lettermen return with 4-5 starters. Six lettermen were lost at graduation. Returning starters and top prospects listed were quarterback Jason Huchton, linemen Rodney Vogel and Brandon Walterscheid, center Maurus Hacker, end Jay Hennigan and linebacker Cory Cain.

The Hornets finished as district runner-ups after a tough pre-district schedule, but lost the first playoff 14-0 to Oakwood.

The Era Hornets lost 10 lettermen and have 18 returning after a 3-7 season in 1992. The Hornets have 5 starters returning on offense and defense. Matt Lyons is the player to watch for Era; he gained over 900 yards rushing last year before suffering an injury. Robert Proffer will be starting for the 4th year and defensive lineman Kirk Short also is a returning starter.

The Saint Jo Panthers complete the district with returning starters Heath Johnson, Tim Hennessey, Mike Hogan, Randy Weed, Jeff Pledger, Dusty Mayfield, Waylon Lindenborn and Jack Rayond listed. The Panthers lost 15 lettermen and return 7 from a winless '92 season. They have 6-5 starters returning.

Other districts of interest and their predicted season standings were: District 11-A, led by area finalist Alvord Bulldogs. Windthorst Trojans and Chico Dragons will battle for second place followed by Throckmorton, Petrolia, Perrin-Whitt and Bryson.

In District 18-A, the Oakwood Panthers are again picked to be in the playoffs. Wortham and Mildred are likely contenders.

District 19-A is said to have two of the best teams in the region. Between Gunter's "well-stocked offense" and Celeste's "loaded defense."

Of area 2-A interest, Nocona, a 5-6 playoff team in 1992, "hope to keep alive with a speedy team led by Bo Kidwell and Cody O'Neil." Callisburg follows as the 5th team after a 1-9 season and a loss of 10 lettermen. The Wildcats are looking toward senior leadership to pull them out.

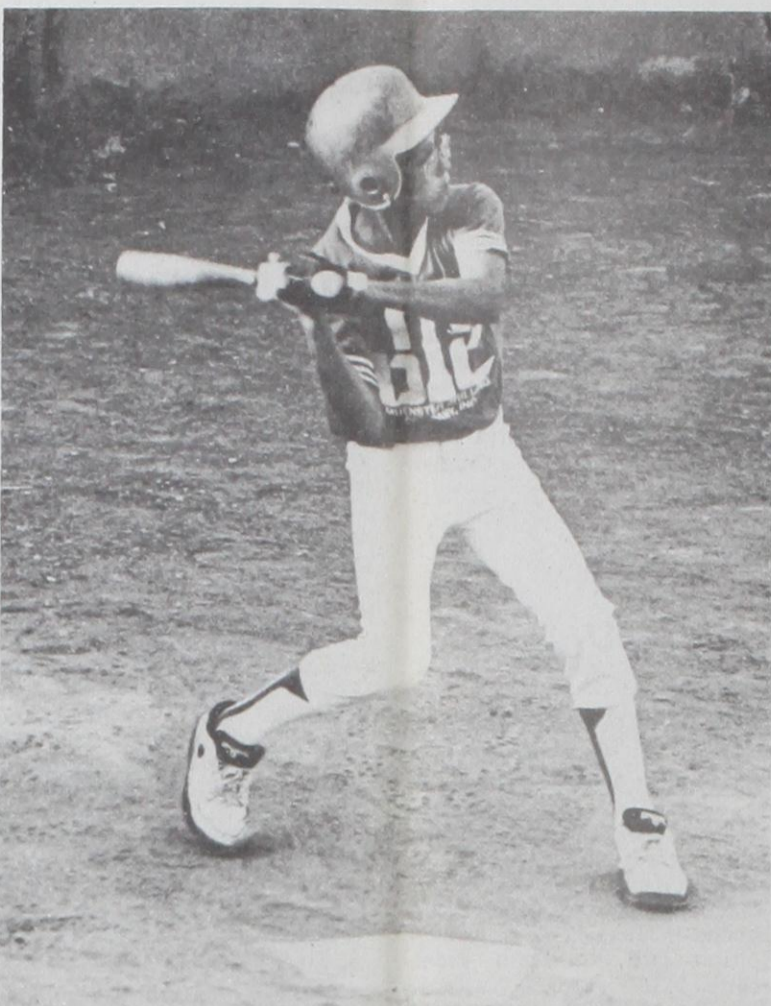

Pilot Point and Celina "field two of the biggest, most experienced offensive lines in the state," lead their district in Campbell's ratings.

In District 9-3A, the Gainesville Leopards overpower their district which includes Pottsboro, Whitesboro, Frisco and Sanger. The Bonham Purple Warriors and Farmersville Farmers should fight it out for second place.

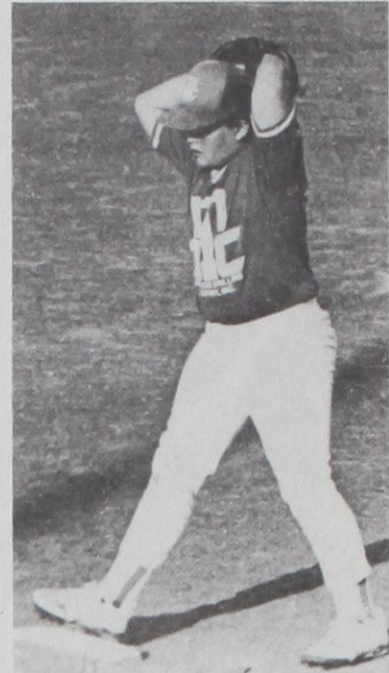

The Leopards return enough players to be tough again. After dropping down from 4-A, Gainesville advanced to the semifinals where Southlake Carroll defeated them 63-7.

Two main players to watch include quarterback Brian Partain, who threw for 1,400 yards last year, and running back Randy Garrett, who rushed for 800 yards.

High school football practice will begin Thursday, Aug. 5, at local schools.

Jaycees work for new baseball field... Area Little League teams compete in Muenster this weekend

Muenster's Baseball Park will be full of action this Friday and Saturday as the Muenster Jaycees sponsor their second annual Little League Baseball Tournament.

All the proceeds from this annual event are earmarked for the fund that will eventually be used to purchase land and equipment for a second ball park. As interest in the summer sport has expanded in Muenster it has come to the point that all of the Muenster teams are unable to find sufficient practice and playing time on the present field.

The first pitch should be thrown at 4:30 p.m. Friday to kick off the competition in the seven-team tournament. Other game times Friday are at 6:15 p.m. and 8 p.m.

Saturday's competition begins at 8 a.m. with new games starting approximately every hour and 45

minutes throughout the day. The championship game is scheduled for 8 p.m. Saturday night.

Tournament teams consist of one each from Nocona, Gainesville, Saint Jo, Muenster, and Muenster/Forestburg and two from Valley View.

A full concession stand will be in operation offering such favorites as hamburgers, barbecue sandwiches, nachos and soft drinks.

Jack Flusche is the tournament chairman. He would appreciate assistance from anyone who is interested in volunteering their time to ump at the games. To volunteer contact Jack at 759-2203 (work) or 759-2534 (home).

Remember all proceeds go to fund a new baseball field so be sure to show your support by attending and using the concession stand!

Lindsay coach takes new job

by Elaine Schad

Longtime Lindsay Coach George Thomason is heading to a new job as girls' athletic coach at Callisburg after heading Lindsay teams for the past 18 years.

Thomason began this week to familiarize himself with his new position, which will include the head job as girls' basketball coach. While the program at Callisburg has struggled in recent years, Thomason sees potential at the AA school upon which he can build. He has already done some work in the area of hiring an assistant coach. Thomason also expects to be involved in the spring sports program at Callisburg.

"It was a hard decision because Lindsay's a good school system," Thomason said. He added that he was particularly excited about the 1993-1994 school year because he saw a great deal of potential in the upcoming players.

Organizational changes in the athletic program was a main reason for Thomason's leaving. "There were changes in the format of the program that I didn't feel comfortable with," he said. Thomason acknowledged that the administration and the school board have the job of operating the school as they see best. He felt it was best for him to change jobs when an area position that he was interested in became open.

"Lindsay's been a good place, and it has some good kids," Thomason said. "I'm going to miss it, and I hate to go."

A graduate of the University of North Texas, Thomason was a coach for five years in the Keller school district before coming to Lindsay. The first six years at Lindsay, a Class A school, Thomason assisted with the football program in addition to his duties of basketball and track. He left Lindsay for one year to coach at Decatur, but has been at Lindsay since that time.

Cooke County unemployment rate improves

By Elaine Schad

Cooke County has experienced a steady decline in its unemployment rate since the first part of 1993, a trend which continued through May, according to officials with the Texas Employment Commission in Austin.

Figures released for May showed Cooke County's unemployment rate at 6.3 percent, compared to 7.2 percent for April. During the month of May, the county recorded a total labor force of 12,929 workers, with 12,113 employed and 816 unemployed. That compared to April figures showing a workforce of 13,056, with 12,111 employed and 945 unemployed.

TEC officials said Cooke County has continued to show a decline in its unemployment rate, which was recorded at 9 percent in January and at 7 percent in March. The county is showing a stronger trend than the state, which experienced a decline in its unemployment rate from 6.8 percent in April to 6.4 percent in May. Comparatively, the national unemployment rate for May was 6.9 percent. Two major movements in the employment market may affect figures for Cooke County by the time June and July figures come out later this summer. On the positive side, The \$21 million Gainesville Factory Shops will open its doors to the public Aug. 20 and is expected to bring as many as 300 jobs to Cooke County, officials with the Prime Group of Chicago, Ill., have announced. On a down note, however, has been the announcement in late May that 347 employees will be laid off by the end of July from Weber Aircraft.

Wiesman reunion draws more than 245 descendants

A reunion of the Theodore and Anna (Flusche) Wiesmann family on Sunday, July 11, 1993, marked the anniversaries of Sister Ann Theodore Wiesmann and Sister Miriam Dorothy Lueb of the Lady of the Lake Convent in San Antonio. This year, Sister Ann Theodore celebrates her 60th jubilee and Sister Miriam Dorothy celebrates her golden jubilee.

The big party was held under the Pavilion in Muenster City Park. Two hundred and forty-five signed the guest book, and many more who attended were not recorded. They came from many areas of the United States, including Louisiana, Oklahoma, California, New Mexico, Kansas, Oregon and Texas.

Sister Ann Theodore is the only surviving child of the Theodore Wiesmann family. She was present at the reunion. Also, Mary Wiesmann, age 91, widow of Frank Wiesmann, was recognized as the oldest person present. Also attending was Angie Wiesman Reiter. Youngest family members present were the 3-month-old twins, Lacey and Dancy Jorden, daughters of Libby and Cole Jorden of Fort Worth and granddaughter of Don and Shirley Wiesmann of Haltom

City. Traveling the greatest distance to attend the reunion was Ronnie York of Portland, Oregon.

All of the children of Theodore and Anna Wiesmann were represented by their children, grandchildren and great-grandchildren. The Earl and Ida Lueb Wiesmann children were all represented. They had the largest family group present.

Sister Miriam Dorothy Lueb spent the weekend and Sister Ann Theodore will remain for a longer visit with family members in Muenster, Wichita Falls and Keller.

Elmer (Jack) Wiesmann of Keller, who is researching the family history, told those present that more time will be needed, because translation of old German records has been delayed by the death of the professor making the translation. Wiesmann had originally planned to have a booklet ready for the reunion.

Family members enjoyed a bountiful feast at noon for the covered dish event. Young members went swimming and enjoyed park playground equipment while others played games, took videos and lots of photos.

Sam Bass Day is Saturday, July 17!
The Quarterly Singing, sponsored by the local churches of the area, will be Sunday, July 25, at 6 p.m. at the Forestburg Baptist Church. Everyone is invited to attend.
Brandi and Jody Howard of Caney, Oklahoma, and Rion and J.L. Jacobs of Era spent the week with their grandparents, Mr. and Mrs. Charles Howard, and great-grandmother, Mrs. Frankie Biffle. Brandi and Jody's parents are Luke and Annette Howard of Caney, Oklahoma, and Rion and J.L.'s parents are Rhonda and Melvin Jacobs of Era. Rhonda also spent the week with the Howards. The children enjoyed wading and swimming in creeks and lakes. They returned home Thursday.
Mr. and Mrs. Charles Howard attended the Caney School reunion. Dinner was served at Southeastern State University in Durant, Oklahoma, with approximately 118 attending. The Class of 1943 was specially recognized. Mr. Howard was a student at the Caney School.
Mrs. Mae McCary and her daughter, Mrs. Maydona Melton, of Marlin came to Mrs. Gladys Balthrop's home Tuesday and they all drove to Muenster to The Center for lunch. Other ladies having lunch with them were Mrs. Edith Richardson and Mrs. Dorothy Penton of Gainesville, Mrs. Sybil Smith of Texarkana, Mrs. Veda Magee of Bowie, Mrs. Louise Shultz and Mrs. Wilma Thurman of Forestburg and Mrs. Josephine Berry.
Mrs. Mae McCary and her husband, the late Robert McCary, lived in this area several years ago before moving to Dilly, Texas. Mrs. McCary's parents were Claude and Minnie Ferguson, and Mr. McCary was related to the Nieslars.
Mrs. McCary spends time with her daughter, Maydona, who teaches music and public school music in Marlin; then she spends time with her son, Kent, at Dilly. She also spends some time in a retirement home in San Antonio. All the ladies had a very enjoyable visit since it has been several years since the McCarys have been here.
Mr. and Mrs. Marvin Maberry Sr. received word their great-granddaughter, Jamie Bullard, of Lone Star and her softball team had gone to five games but lost the last one.
Kenda Hutson and her friend, Lacheal Reaves, of Saint Jo spent the weekend with Mr. and Mrs. Kenneth Hutson. They returned home Sunday afternoon.
Mrs. Mozelle Hutson visited Mrs. Essie Agee and Mrs. Jo Dell Gaston in Saint Jo Sunday afternoon.
Mr. and Mrs. C.H. Christian had as their Sunday guests Mike and Debbie Christian, Tara, Austin and Mara of Stephenville and Donna Christian of Lewisville.
Mr. and Mrs. Ted Jackson attended the Eastern Star meeting at Chico Tuesday evening.
Be aware of those copperheads for they are out and about. I killed four in my back yard Wednesday night - a big one, 2 middle size, and a little one. Two or three weeks ago, I killed a little one. So, my advice is "keep your hoes sharp and ready."

Sen. Gramm announces loans to aid area farmers

U.S. Sen. Phil Gramm has announced that farmers in four Texas counties are eligible to apply for low-interest emergency loans to help recover from crop losses caused when severe storms lashed North Texas between May 8 and 26.

The counties included in the disaster declaration are Clay, Cooke, Montague and Wichita.

For those who cannot obtain credit through normal channels, the U.S. Farmers Home Administration

will make loans available at below-market interest rates to family farmers.

Gramm said farmers have 8 months to apply for the loans to help cover part of their actual losses.

The FmHA, which will supervise the loan program, is charged with providing aid to the farmers and ranchers in order to assist their economic recovery from natural disasters.

NIOSH warns: Manure pits continue to claim lives

According to the National Institute for Occupational Safety and Health (NIOSH), farm workers are risking their lives every time they enter a manure pit. The oxygen-deficient, toxic and/or explosive atmosphere which can develop in a manure pit has claimed many lives. NIOSH believes that warning farmers of this hazard will help end the continued devastation it is inflicting upon the American farm family.

It is not uncommon for manure pit incidents to result in multiple fatalities. As the following case demonstrates, persons attempting to rescue others in these confined spaces frequently become victims themselves. On a late summer afternoon, a farm worker entered a 10-foot-deep manure pit on his family's farm to make a repair. While attempting to climb out of the pit, he was overcome and fell to the bottom. His 15-year-old nephew then entered the pit to attempt a rescue. He too was overcome and collapsed. The boy's father, his cousin and his grandfather, the farm owner, then entered the pit one by one, attempting to rescue him and his uncle. Tragically, all five family members died.

Manure pit systems, used primarily on livestock farms (especially dairy and swine operations), allow for the easy cleaning of animal confinement buildings and the efficient underground storage of large amounts of raw manure. The hazards of manure pits, as well as the proper prevention measures, have been recognized by researchers for several years.

However, many farm workers remain unaware of the dangers associated with manure pits. Because the dangerous manure pit gases may not always be present, farm workers may have successfully entered these pits in the past.

Although the potential for death always exists, farm workers should always be particularly aware of the hazards of entering manure pits during the summer months. Changing conditions, such as warmer or more humid weather and increasing barometric pressure, can accelerate the production and accumulation of hazardous gases. Manure pits that had been entered without incident in the past, can quickly become filled with lethal concentrations of gases.

In order to prevent future deaths, farm workers must be informed of the dangers of manure pits. While NIOSH is currently working to develop practical prevention measures, current engineering controls are often expensive and impractical. Until more efficient prevention measures are developed, NIOSH urges farmers not to enter manure pits. If a pit must be serviced from the inside, farmers can call 1-800-35-NIOSH. NIOSH urgently requests your assistance in disseminating the recommendations in this Update. Because manure pit fatalities increase in the summer months, we must act now to ensure the safety of our farm workers and their families.

Your state agriculture safety specialists, county extension office and your local fire department can also provide valuable information on manure pit safety.

THE J.D. RANCH COWBOYS get their pen of three calves in last weekend's Cooke County Young Farmers and Ranchers Ranch Rodeo. In Friday night's show at Saint Jo, 1 to r, Scott Klement, Shawn Dangelmayr, Tom Dangelmayr and Steve Geary won the penning event with a time of 1:16.97.

Summer Crop Tours

On Friday, July 16, a Summer Crops Tour will be held in Cooke County to look at various Grain Sorghum, Soybean and Corn Demonstrations.

The tour will begin at 8 a.m. and conclude after a hamburger lunch which is being sponsored by the various seed companies. Resource persons on the tour include seed representatives to discuss their varieties along with Dr. Allen Knutson, Extension Entomologist, who will discuss various insect problems related to summer crops in the county. Dr. Travis Miller, Extension Agronomist from College Station, will be on hand to review State Wheat results and Soybean Cultural Practices. Dr. Cloyce Coffman, Extension Agronomist from College Station, will cover aspects of grain sorghum and corn production including aflatoxin, weed control, varietal selection and cultural aspects. District Agronomist Jim Blalock will also be at the tour and cover District results of wheat and weed control demonstrations. Producers are invited to attend the tour and view one or all of the various demonstration locations.

Times and locations of the Summer Crops Tour are listed below:
