NUMBER 2

The remarks to be made here this week normally would have been said last week. But that was not a normal week, as we mournfully remember.

Gradually the nation is getting over the shock of the terrible tragedy and is eagerly awaiting the opinion of a fact finding committee. Few doubt that the trigger man has already been executed. The point still to be settled is whether more are involved and, if so, whether they can be brought to justice.

A news report Tuesday night indicates that no conclusive evidence was found showing Oswald had an accomplice in the assassination. Signs are that he did the crime alone from original plans through the shooting and the attempted escape. However, there is still a chance that facts now known may eventually lead to something else. Time will tell about that.

And what are the facts as we have them now? Simply that our President was killed by a person who admitted he was a communist and pro-Castroite, a devoted Marxist who hated this country. There is no doubt whatever about his identity or his loyalty.

That's why lots of folks in the country are completely disgusted with attempts to attach an ugly political flavor to the tragedy. When it first happened some irresponsible American loud mouths, along with Khrushchev and Tass News Agency, blamed rightists or segregationists. Soviets are still hammering on that line. But propagandists here, faced by conclusive evidence, have changed the line slightly. They claim that the act resulted from built up hatred growing out of the unfavorable things said about the President.

How does that strike you as an absurdity? Much of the criticism referred to concerned the President's softness toward communism. Does anyone really believe that such remarks would prompt a communist to kill the President?

The plain fact is that Oswald did what he did because he hated our Country and our President. He was not influenced by rightist remarks. And the people who claim that he was trying to create an ugly smoke screen.

Getting back to that other subject — last week marked the twenty seventh birthday of the Enterprise. We have started on Volume 28.

As frequently noted before, it is an appropriate coincidence that our anniversary falls on Thanksgiving Day. From the very beginning, back in 1936, the Texas Centennial Year, the Enterprise has felt that it had lots to be grateful for. Thanks to all whose patronage has enabled us to keep going financially — our subscribers, our advertisers and our commercial printing customers. Thanks to a wonderful community with a constantly improving business opportunity. Thanks especially to Almighty God for the gifts of life and health, the blessings that count most of all.

To wise up some of our youngsters and to refresh the memories of some oldsters, the Enterprise here turns to a few historical recollections. Muenster then was less than half its present size. A population of near 500. No pavement, no city sewer. Very few of the business houses now in use and considerably less than half of the present homes.

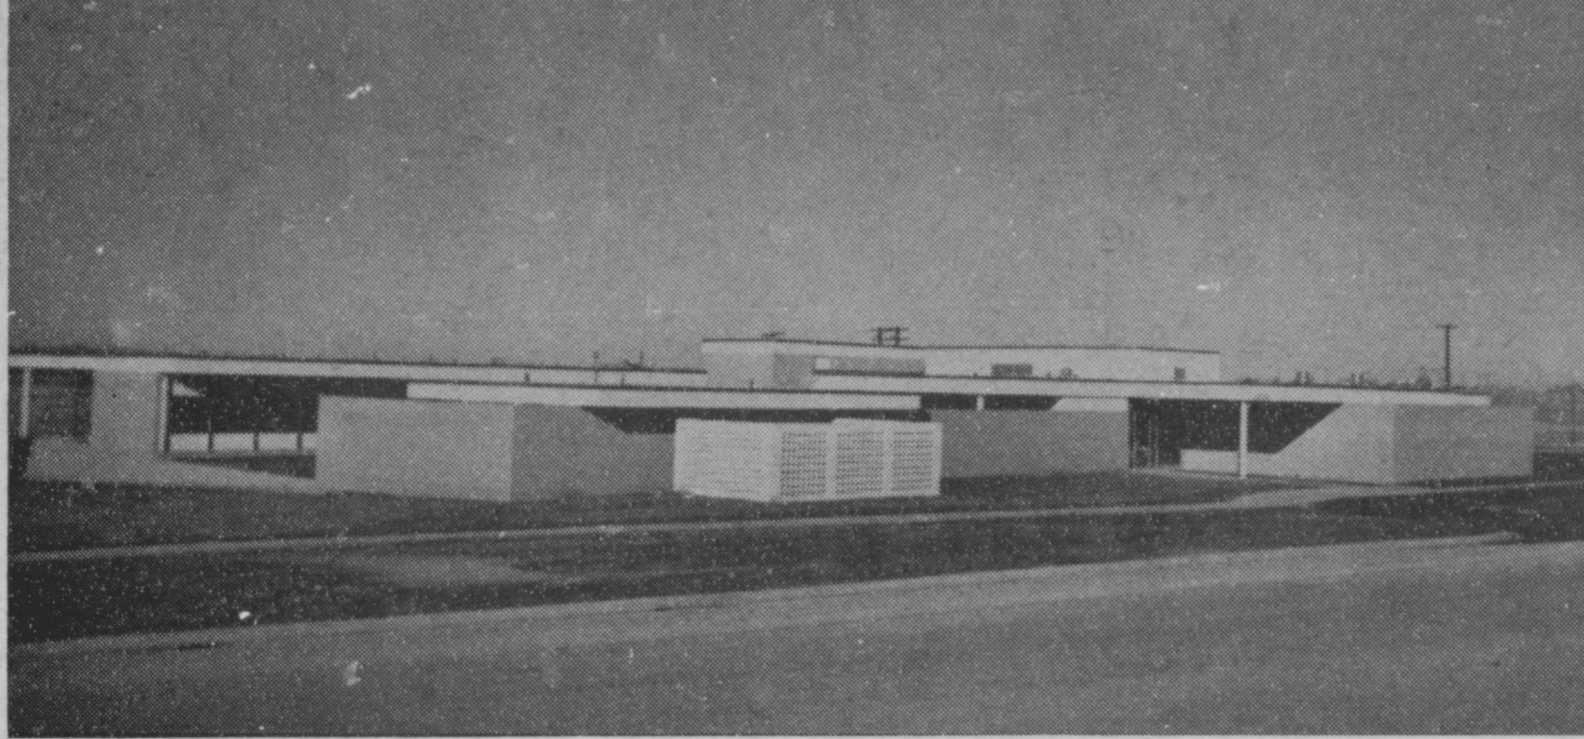

It's been a pleasure to record lots of progress in those 27 years. The city's official census count grew steadily. Just under 600 in 1940, just under 900 in 1950 and just under 1200 in 1960. While that was going on Muenster did a great deal of building. Not just adding but replacing. There's a good reason why Muenster, in its 74th year, has very much of a new look. It is mostly a new town.

Did you notice two weeks ago that the Enterprise was identified as Volume XXVII. (Continued on page 8)

Hospital Dedication Postponed

In spite of extensive and intensive planning there will be no dedication ceremony or preview showing of Muenster Memorial Hospital on December 8.

That decision was regrettably announced last Sunday by Sister Mildred, administrator, after conferring with directors on the possibility of having a satisfactory showing. She said too much is still unfinished and a premature showing would do an injustice to the excellence of the building and its equipment.

About two months ago directors selected December 8 as the date for dedication and formal opening. Building progress at that time encouraged a hope that the project would be ready.

The date was especially favored because it is regarded as the community's birthday. Those who came in 1889 to shape their farms out of the local prairie had their first public gathering on December 8. It was the attendance at Mass observing the feast of the Immaculate Conception, and those present adopted the day as Muenster's birthday.

When completion of the hospital seemed likely in time for ceremonies on December 8, the date was eagerly scheduled. It seemed proper to have the biggest event in community history celebrated on its most significant day.

But building progress did not keep pace with community plans. It was decided soon that the building would not be ready for patients even if a dedication and formal opening could be held on schedule.

Next decision, still trying to combine historic date and historic event, was to have a dedication service next Sunday with tours through the unfinished building. That was intended as a preview for persons interested. The formal opening was to come when the hospital is ready for use. Committees worked as late as last Sunday on a program for the dedication and preview.

Then came a realization that more installations are needed to assure even a fair preview, and there is no assurance that they can be finished in time. It's better to have no showing than a poor one.

So formalities are delayed. Furthermore no definite date is set, and it will not be set until directors are sure. They are confident, however, that it can be early in January.

This means going back to the original opening plan in all but the date. Dedication and formal opening will be held together just before the hospital is ready to admit patients.

Boys listed by Coach Adam Wolf as this year's lettermen are as follows. Seniors: Francis Fuhrmann, Virgil Hess, Quintin Hess, Tommy Fuhrmann, David Bayer, James Eckart, Dennis Hess, Frank Schilling, John Paul Endres, Dale Bayer, Clinton Endres.

Second year lettermen are David Hess, Ray Wimmer, Robert Klement, Dale Hess, Donny Rohmer, Wayne Reiter and Danny Hoenig.

First year lettermen are Melvin Koelzer, Willie Wimmer, Sammy Endres, Dale Hofbauer and Larry Hess.

Major items of work include 33,400 cubic yards of excavation, placing and rolling 162,180 cubic yards of embankment and installing 520 feet of reinforced concrete pipe.

Auxiliary to VFW Makes Plans for December Activity

Plans for the VFW Auxiliary's annual Christmas party for members' pre-school children were completed at the organization's meeting Monday night and committees were lined up to take charge of details.

Members also planned a gift exchange among themselves, agreeing to keep the cost of the present around one dollar.

Date for the Christmas party is Friday, Dec. 13, beginning at 9:30 a.m. in the VFW Post Home. Each child will receive a gift from Santa who will be there for visiting and handing out presents from a decorated tree.

Refreshments will be served to children and Auxiliary members.

Mrs. Joe Sicking volunteered to make arrangements for Santa's visit, Mrs. Nig DeBorde will tend to the gifts, Mrs. Ray Walterscheid is in charge of refreshments, and members who will come to the VFW post home next Tuesday night can help in decorating the tree.

The Christmas party is one of the December honor roll requisites. The other is collection of ten per cent of outstanding dues.

As is customary, the Auxiliary will again give Christmas cheer to handicapped and needy children of the community. This is in the form of a check to the parents.

The committee on gifts for those in uniform overseas reported that 17 packages were posted last week. Mrs. Arthur Bayer headed the committee.

SPECIAL GUEST

A special guest for the meeting was District I President of the Auxiliary, Ila Hiser of Sherman. She spoke to the group, pointing up the accomplishments of the organization and urging continued efforts in the good work. She was introduced by Mrs. Charlie Pangel, local president.

Thirty members were present and Mrs. Emil Rohmer drew the attendance prize. A barbecue supper and social followed adjournment.

Six Block Area North of Town Annexed by City

An area of about six blocks was annexed to the north part of Muenster by the city council in its meeting Monday night.

It's a conditional deal however, says Mayor Earl Fisher, subject to designation of an alley by owners of the property. In their application for admission they had forgotten that detail.

The area concerned belongs to Albert Henscheid, Henry Pels Jr., Al Hess, Ervin Henscheid, Dick Trachta, Rufus Henscheid and Frank Schilling. Their purpose is to bring in city services of water, sewer, street maintenance and fire protection.

City to Turn on Christmas Lights Thursday Night

Christmas lights on Main Street and the Highway will start burning Thursday night.

City Manager Steve Mester reported Wednesday that installation of the lights is finished and the time clock to control them will be set Thursday.

The light stringing job was done Tuesday and Wednesday by city personnel and TP&L linemen.

There are about 770 lights on 22 strings stretched at intervals on five blocks of Main and six blocks of the highway — that is, from Fourth to the railroad on Main and from Main to the east city limit on the highway.

December Starts Christmas Rush At Post Office

The advent of December marked the start of one of the biggest races in town — the annual race against time at the Muenster post office as its Christmas mail rush went into high gear. Postmaster Endres noted today.

New reports from Postmaster General John A. Gronowski in Washington indicate an anticipated nationwide record mail volume for this Christmas season of nearly 12 billion pieces during December.

Locally, another "heavy" mail volume is anticipated. "Shopping and mailing early benefits everyone," the postmaster observed. "Customers who buy early get the pick of the Christmas stocks; the local economy is aided by the business activity thus created, and everyone — including the postal service — is happy about the additional time that early mailing allows."

"Early mailing also gives us time to get gifts and cards in the hands of addressees in good condition with less chance of damage or delay due to human error."

"Our four employees need public help to run this race against time — and patrons of the Muenster post office can assist us by shopping and mailing right now and by using ZIP Code in both return and destination addresses."

Parochial Teams And Whitesboro Split Twin Games

Basketball teams of Sacred Heart High broke even Monday night when they hosted two Whitesboro teams in their gym. The Tigers bested the Bearcat B squad 33-24 and the Tigerettes lost 55-21 to the Whitesboro A string.

The opener was one sided all the way as the visiting girls increased their lead in every period. Scores by quarters were 15-5, 24-8, 43-13, 55-21. Mary Wimmer with 13 was Sacred Heart's leading scorer.

The boys game was tight through the first two periods, the counts being 6-5 and 16-14 with the Tigers ahead. Then Sacred Heart pulled away for a third quarter score of 24-18 and the final score of 33-24.

Virgil Hess hit 14 for Sacred Heart. Cyril Yosten and Dennis Hess made 6 each.

WHY ARE WE IN THE UN?

To the long list of examples of the United Nation's ineffectiveness as a "peace-keeper," we can add the open warfare between Algeria and Morocco. Once again, the UN's sentiments for peace appear to be more concerned with the internal affairs of South Af-

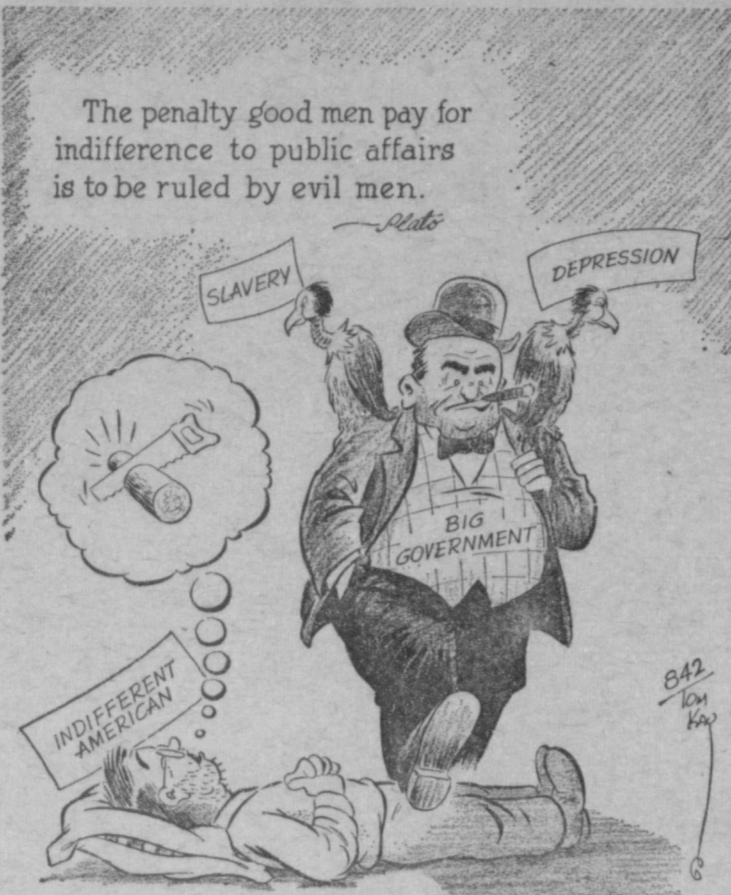

rica than with actual warfare between two nations.

Not that we're complaining, you understand. We have to admit that we do prefer it this way — instead of having the UN recruit American dollars and lives to settle an affair that is absolutely none of our business.

But we are reminded of the fact that the UN's existence is touted as a "peace-keeper," an "alternative to war," and a "moral influence" upon the world.

Since the UN doesn't even pretend to fulfill those objectives, why do we keep telling ourselves it does? And why do we remain in this aimless body — at great cost to ourselves?

The idea that the UN provides a "forum" for settling disputes peaceably is a mistake. We are told that "as long as we have the UN, nations can talk instead of fight." But if you have a quarrel with your neighbor, you have some hope of settling it if you sit

While You Slept!

down quietly and talk it over with him in private. On the other hand, invite the whole neighborhood in to listen to the quarrel, and there's not a chance in the world that it will be settled.

By the same token, we can accomplish much more by conducting our affairs privately with other nations — rather than attempting to iron out differences in front of the whole world.

So we find ourselves still searching for the meaning and purpose of the UN. And this leads us to wonder about Alger Hiss — the State Dept. official convicted of perjury for lying about his Communist connections.

What was Hiss' interest in promoting the United Nations so strenuously? He was the Secretary General of the San Francisco Conference that launched the UN; and one can still recall the newspaper photo of Hiss stepping off the plane with the proposed UN Charter handcuffed to his wrist.

At that very time — according to later sworn testimony — Hiss was a hidden member

of a Communist cell. Shouldn't we be a bit skeptical of anything constructed on such a foundation of deceit?

We convict and punish the builder, Hiss, yet we accept the results of his perfidy as the guideline of our own foreign policy — at a time when our national survival might well be hanging in the balance.

Putting two and two together, we find that the UN is assuredly not an alternative to war; and it may very well be a vehicle to assist Soviet world domination, as hoped for by people like Hiss who pushed it.

A measure has been introduced into Congress to end this attack upon our own self-interest. H.R. 427 is a bill to withdraw U. S. participation from the United Nations. We think it is long past time to pass this bill and get ourselves out of this Pandora's Box as quickly as possible.

MAKING RUSSIA LOOK GOOD

Russia is not doing well in its economic system. As a matter of fact it is in dire difficulties. It has had a disastrous year in its harvests. The size of the purchases of wheat it is seeking to make reveals only a portion of its problem.

To put it bluntly, socialism hasn't worked for the Soviet Union and it is facing some pretty slim times unless other sources can be found to bail it out.

Now the grim truth is that America hasn't done well in adopted socialism, either. And the areas where we have this shows up rather starkly when we talk in terms of dollars, in terms of gold reserves, in terms of the almost constant inflation which is in process of ruining our purchasing power.

But the saddest fact of all is the lack of ability we seem to display in this country to tell the story of free enterprise, to create a favorable image of our outstanding achievements. Compared to Russia, in this regard, we are years behind the times. As a matter of fact it would seem that the only propaganda skill we have achieved in this country is the skill to make Russia look good even in the midst of its failures.

We have never had a famine in this country. Not since the days of the Plymouth colony. Russia has never been without some degree of famine in any year since her great socialist experiment began in 1917. Turn and twist as Khrushchev will, the facts are against him.

Are we exploiting this ad-

vantage? We are not. Instead, we are making it appear almost that Russia is doing us a favor by taking away some of our surplus. We are letting it appear that we should be better off to give away some of our excess than to pay storage charges on it! Before we are done, the Russians will be taking credit for having relieved our gold shortage and for having bailed out the free enterprise system!

Our problem in this country is that too many of our people in government and elsewhere actually believe that socialism is a superior system. And men will always champion that which they believe! Our government has lost its faith in free enterprise.

Except at tax time.

The population of the United States is increasing at the rate of one million persons every 135 days, or about five a minute, reports the Census Bureau. If this rate continues, the country will pass the 190-million mark late this year and reach 200 million by 1967. Estimates are based on birth and death rates and immigration statistics.

Nancy Haverkamp And Dan Wilson Say Wedding Vows

— Boyd and Breeding Photo

Miss Nancy Haverkamp and Dan Wilson were married in a double ring ceremony at 4 p.m. nuptial mass Saturday in Sacred Heart Church. Father Alcuin Kubis officiated.

Parents of the couple are Mr. and Mrs. Charlie Haverkamp and W. B. (Nig) Wilson, of Muenster.

Given in marriage by her father, the bride wore a floor length gown of white Chantilly lace over satin. The bouffant skirt was fashioned of tiers of lace ruffles, the sleeves were long with petal points over her hands and the fitted bodice had an oval neckline. Her waist length veil fell in tiers from a crown of bridal jewels and her flowers were pink and white carnations.

Miss Lillian Haverkamp was her sister's maid of honor wearing a white Chantilly lace dress over blue satin. Her lace half hat matched her dress and she carried pink carnations.

Pfc. Donald Wilson of Fort Hood attended his brother as best man.

Sacred Heart men's choir and Anthony Luke, organist, provided music for the mass and sang "Mother at Your Feet" after the service when the bride placed a bouquet of white gladioli on the Blessed Virgin's altar.

Dinner for immediate members of the two families and godparents of the newlyweds was held at the home of the bride's aunt, Mrs. John Kathman.

For going away on a short honeymoon Mrs. Wilson wore a black and white outfit. She attended Sacred Heart High School and Mr. Wilson attended Muenster High School.

They are at home on a dairy farm at Sivells Bend.

Decorations included a stork over a baby bassinet filled with gifts.

Family Comes to Dinner in Home Of John Mosmans

Mr. and Mrs. John Mosman had a gathering of her family in their home Sunday. Mrs. Mosman invited her five sisters and her sister-in-law to come see the new home and join in a three o'clock turkey dinner. And they all came.

Mr. and Mrs. H.P. Hennigan flew in from Albuquerque, N. M., Mrs. T. L. Anderson came from Gainesville, Mr. and Mrs. Elwyn Hope attended from Fort Worth, Mr. and Mrs. Terrell Johnson drove over from Dallas, Mr. and Mrs. Alex Lutkenhaus and Mrs. Ben Seyler were there.

Other guests were Ronnie Hope and a friend from Fort Worth, Mr. and Mrs. Lambert Bezner of Gainesville, Jimmy and Miss Linda Lutkenhaus, Mr. and Mrs. Pat Hennigan, Miss Carol Mosman, and Tommy Mosman of A&M University.

The Mosmans' son Jerry who was at home for the holiday had to return to St. John's Seminary in San Antonio early Sunday and missed the family party.

Mr. and Mrs. H. P. Hennigan are remaining through this week for visiting. They are houseguests of their son Pat Hennigan and family. The Johnsons met them when they arrived at Dallas airport and brought them to Muenster.

SH School Leads In Stamp Contest Wants More Stamps

Report on the stamp contest in which Sacred Heart School is participating is that the local school leads in points per student as of last standings revealed in the Progress Report from the Ceylon Mission Stamp Bureau.

Father Patrick Casey S. J. who gave the report also mentioned that stamps from Muenster have already been sold and so are directly helping the missions right now. The entire stamp contest is a mission project.

Sister Theresina and students are grateful for all stamps received so far and could handle more if they had them. Helping with the varied details of preparing the stamps for shipment are Mrs. Alfons Koesler Sr., Mrs. John Walter and Mrs. Frank Trachta who neatly trim the stamps leaving the margin required by contest rules.

Knights Lose in Regional Contest At New Waverly

For the second successive year the Lindsay Knights were stopped in the regional play-off after winning both the district and bi-district titles in eight-man football. At New Waverly last Thursday night they went down by a score of 24-14.

However, for what comfort the Lindsay boys can get out of it, the game did not go like the score. The Knights had a better record of gains, 14-7 in first downs and 190-135 in total yardage.

To begin the Knights kicked off and held their hosts on the first series of downs, then started on a 35 yard drive to the goal. It was a determined drive featuring brute force as New Waverly contested every foot of the way and Lindsay kept digging. Donny Sandmann crunched over from the four and went over again for bonus points to give Lindsay an early 8-0 lead.

But the lead did not last long. On the kickoff that followed New Waverly made a dandy return and got 15 additional yards for free when Lindsay was penalized for piling on. That put them on the 15 and a few slick plays reached pay dirt. The score was 8-8 as the first quarter ended.

Next period is the one that decided the contest. A 36 yard run followed by bonus points quickly put the home towners in the lead. And a short time later New Waverly capitalized on Lindsay's fumble on its 15. At intermission the Knights were trailing 24-8.

That's how the score remained until late in the last quarter when Lindsay got a final scoring drive in motion. It was good for 45 yards and the scoring play was a 15 yard charge by Sandmann.

Carolyn Schmitz Irby Macready Marry at Lindsay

—Boyd and Breeding Photo

Miss Carolyn Schmitz pledged wedding vows with Irby Macready in a double ring ceremony and nuptial mass in St. Peter's Church at Lindsay Saturday. Father John Walbe officiated at the 10 a.m. service.

The bride and the groom are both of Dallas. She is the daughter of Mr. and Mrs. William J. Schmitz of Lindsay and he is the son of Mr. and Mrs. Fred Macready of Birmingham, Ala.

Mrs. Schmitz, mother of the bride, who is church organist remained at the organ for the entire mass. The church choir sang. Miss Joan Kupper was vocal soloist before the service and again afterwards for the flower presentation at the Blessed Virgin's altar.

The bride chose an original gown of white peau satin accented with Alencon lace. It was designed with a princess silhouette and wide skirt which swept into a chapel train. A queen's crown held her veil and she carried white roses. She wore a pearl necklace belonging to her aunt, Mrs. Martin Trubenbach of Muenster.

Matron of honor for her sister was Mrs. Paul Sandmann of Lindsay. Two other sisters, Misses Judy and Patty Schmitz, and sister of the groom, Laura Macready of Birmingham, were bridesmaids. They wore street-length dresses of American Beauty Chantilly lace over taffeta. They were designed in sheath style with bell-shaped overskirts attached to fitted waistbands. Their hats and other accessories were matched.

Susan Sandmann was flower girl.

Paul Sandmann was best man. Leonard Zemler and Wesley Hubick of Dallas, and Barry Leavell of Montgomery, Ala., were groomsmen. Edward Sandmann and Billy Schmitz ushered.

Wedding reception and buffet were held at 5 p.m. in Lindsay Hall. Some 225 guests were registered by Miss Patty Block.

When the couple left on their wedding trip to New Orleans she was wearing a gray wool suit with gray and black accessories. They will be at home in Dallas. She is employed by Texas Instruments and he by Baylor Hospital where he is a junior engineer. She was graduated from Lindsay High School and he from Phillips High School in Birmingham and a Dallas business school.

If the Gold Bond certificates for winners in the recent slogan or jingle contest arrive by Monday they will be presented and prizes awarded to winners Monday.

Plans for the children's meeting were made by leaders Tuesday in a meeting at the home of Mrs. Norbert Rohmer. They also discussed how and when they will take toys to Denton State School before Christmas. Mrs. Ray Laux is in charge. Mrs. Rohmer served fruit cake and coffee after adjournment.

No. 53. Doesn't seem correct, does it? — 53 weekly papers in a year. But it is correct. That's because there is an extra day in three out of every

four years and two extra days in a leap year. So, every few years we have an extra publication date between the anniversaries. If we did not do that, and the publication year were only 52 weeks, the anniversary would gradually

creep forward. Ours, originally on Thanksgiving, would be in October by now. Figure it yourself. Gaining five days every four years amounts to about 35 days in 28 years.
