Conroe Oil Field Prorated Yield By **Emergency Orders**

AUSTIN, June 14—Emergency orders for the Conroe oil field in Montgomery county were issued today by the Texas Railroad Commission, which called a hearing for June 25 at Houston to consider permanent adoption of the orders.

Emergency rules issued today, effective Wednesday morning, restrict townsite drilling to one well percity block, and provide protection against fire, stream pollution and physical waste.

A gas-oil ratio and proration orders to be applied after the field tops 10,000 barrels daily production will be considered at the Houston bearing.

THE PEOPLE OF TEXAS

• THE WELLARE of Texas and Texans has gone and will always so hand in hand with the welfare of Texas railroads. Their dependency upon each other is absolute.

In 1929 Texas railroads gave employment to 82,956 employes, to whom they paid annually \$126,674,543 in salaries and wages. In 1930 this number decreased to 70,739 while the payroll declined to \$109,892,226. In 1931 the number of employes fell to 57,098 and the payroll to \$89,505,918.

This represents a decrease of more than \$37,000,000 in economic condition.
