Sun shines on '90 Germanfest

Despite the 5.48 inches of rain that drenched Muenster on Wednesday and Thursday before Germanfest weekend, the celebration of German heritage went on as scheduled. Sunshine and warm winds Saturday dried roads and puddles and brought people out in droves to enjoy the first beautiful weather in days. More than 25,000 people were in attendance.

Adverse conditions caused by April's overabundance of precipitation required numerous improvisations on the part of Germanfest sponsors and vendors.

An emergency meeting was called on Thursday afternoon for Chamber of Commerce members, Muenster city officials and representatives of businesses and organizations that were involved with the Germanfest. Several problems and ideas for their solutions were discussed by those present.

The city granted a request to close South Maple Street to traffic which enabled the Kiwanis carnival rides to set up on that location and the Schilling Fina lot. Ash Street was also partially closed between Hwy. 82 and Eddy Street to allow cooks participating in the Barbecue Cook-off to set up along Ash Street.

The change of location for the rides and the cook-off was necessary because access to the area west of the park was not available. The muddy ground in that area also made it an undesirable location.

The closing of streets near the City Park added to the muddy condition of barchiches and parking areas normally used by visitors during the Germanfest caused problems for parking near the park. Each Muenster school generously donated the use of a school bus to transport people from downtown areas to the park.

Dan Luke and Craig Bayer served as drivers for the buses.

Joe Fenton suggested the use of hay scattered over muddy areas to lessen the soggy conditions. This proved to be an excellent idea and many visitors commented on the positive effect it had on the mud.

When the emergency meeting adjourned, many who attended it joined the Muenster Jaycees and MHS Vocational Ag and Shop students who were already industriously cleaning up debris that littered the park when the Brushy Elm Creek overflowed its banks during the previous night's rainstorm.

Damage to the Muenster Park included logs and tree limbs that were scattered across the grassy areas, on tables and on the street. Two tents that had been set up near the creek for craft booths were tugged down by swift running water that tangled and dampened them. The tents were untangled by workers, but couldn't be used for the Germanfest.

A spirit of comradery prevailed when people with booths in the remaining three craft tents learned of the situation. Many shared their space with those who had lost their tents, some gave up as much as half of their allotted area. Others devised ways of building their own shelters.

"The Gainesville Kiwanis are to be complimented," said Dave Fette, grounds chairman. "They not only manned the gates, but also the closed road barricades. It was an unusual situation, but they met the challenge and did a great job."

Muenster Kiwanis were pleased with the outcome of their situation. "This was our best year ever for rides," said Herman Carroll.

And the rains came

Thinking that we could possibly report anything constructive or additional to the local weather picture is both presumptive on our part and redundant in light of the widespread area media coverage the past several days and weeks. Locally, just before press time, this is a minuscule picture of several miserable days last week and three days this week, although Providence smiled on the weekend of April 28-29 with bright sunlight, brilliant blue skies, and 80 to 90 degree temperatures. Then on Monday, the weather backtracked to strike another blow.

Wednesday afternoon, Mary Moster reported an April rainfall total of 11.79 inches; and of this, 5.48 inches fell just before Germanfest.

On May 2, Mary Moster reported that at 8 a.m. May rainfall for two days equaled 2.53; by 10 a.m. it added a full inch; and she plans to take another measurement this evening. Heavy showers have been almost constant all day. Alvin Hartman said his rain gauges show over 5 inches.

Early this morning, Hwy. 82 between Muenster and Lindsay was closed with several stretches of the roadway impassable. Low places under water in four directions kept Muenster people from getting to work until late, and some not at all. No report was available at press time about school buses, although some had to backtrack. Many rural homes near creeks had backyard lakes for scenery.

At Lindsay, the postmaster graciously answered our questions about high water in that town,

telling that at 3 p.m. Parkview Acres was OK. Elm Creek, south of Lindsay, had a stretch of pavement cut off by high water. Other Lindsay residents reported that although Sycamore Lake was backing up, that flurry of rumors was unfounded and the spillway was OK at 3 p.m.

AT APPROXIMATELY 9:30 a.m. Wednesday morning the flood waters had receded a little along Mesquite Street in Muenster. Scenes like this are familiar all over low lying areas of North Central Texas as the spring drenching continues. Janie Hartman photo

THE SIDE STREET CIRCUS was a popular attraction at the Germanfest no matter where they performed...which was just about everywhere on the grounds. These two members of the circus are hamming it up in the main pavilion with "homespun humor."

'Citizens' is theme for Soil Stewardship Week

Emphasizing everyone's role in protecting soil and water resources for future generations, the Upper Elm-Red Soil and Water Conservation District is encouraging local churches, organizations and individuals to join the nationwide observance of Soil Stewardship Week, April 29-May 6.

The local district, which works throughout the year on soil and water conservation measures, is providing literature that highlight

man's responsibility to be active stewards of our nation's soil and water resources.

Clyde Hale, chairman of the Upper-Red SWCD, said that everyone needs to learn about the impact of their actions and the actions of those around us. "Recognizing that, we can commit ourselves to individual and community action. By using good erosion prevention practices, conserving water or simply planting a tree, we'll each help make the world a better place for our children's children," said Hale.

Since 1955, the National Association of Conservation Districts has sponsored Soil Stewardship Week, in cooperation with nearly 3,000 local districts nationwide, as one way to emphasize the importance of good stewardship of basic soil and water resources.

Materials especially designated to convey the 1990 theme, "Citizens of all Creation," are being distributed by the Upper Elm-Red SWCD and may be obtained by calling or visiting the district office during business hours at Room 204 Federal Building, Gainesville, Texas, telephone (817) 668-7794. The artwork and printed materials may also be helpful for Earth Day activities.

A change in the traditional day reserved for years for the annual Soil Conservation Banquet honoring Award winners of the Upper Elm-Red Soil and Water Conservation District will occur next week when Whitesboro hosts winners and guests on Tuesday, May 8, 1990 at 7:30 p.m. in the High School cafeteria.

Since its beginning, the banquet was a Thursday event. This is the 41st annual Awards Banquet.

All aboard for 4th Annual Depot Days in Gainesville May 11-13

The historic Santa Fe Depot, situated in the heart of Downtown Gainesville, is preparing to shine in the spotlight again as the Community Preservation Foundation gears up for the Fourth Annual Depot Days extravaganza, May 11-13.

This year, the three-day festival promises to be bigger and better than ever, from the kick-off street dance Friday evening, featuring music by recording artist Kelly Wolf and Company, to the ever-popular tour of homes and the muscle-popping bike rally.

Built in 1902, the depot enjoyed more than a half-century in the sun before beginning the decline that brought it to the brink of ruin. For a number of decades, the

mellow red walls were home to a Harvey House Restaurant, a leading member of the "chain" that brought fine dining and palatable cuisine to the West.

Following the war, railroad passenger activity dwindled with each year. The one-of-a-kind depot, with its eccentric blend of architectural styles, clung to life until passenger rail service faded from the scene in the 1970s. In the early 1980s, the Santa Fe turned the structure over to the City of Gainesville. However, lack of funds and direction blocked initial efforts to shore up the decaying landmark.

The depot seemed doomed to spin out its golden years as a warehouse for city holiday decora-

tions. But in 1986, Cooke County residents came to the rescue, casting the ballots that made restoration of the depot a hands-down favorite candidate for the community's Sesquicentennial project. The Community Preservation Foundation was formed to raise the funds and oversee the restoration effort. And in June, 1987, the Grand Old Dame of the Rails returned to her royal status as the centerpiece of the first annual Depot Days celebration.

Although the building remains under the ownership of the City of Gainesville, the restoration movement is funded not through taxes, but through donations and fund-raising efforts. And that's where Depot Days comes in.

This year, activities begin Friday afternoon with the dedication of a historical marker at the Cooke County Courthouse. Friday evening will see square dance demonstrations at the depot, followed by a street dance featuring the sounds of Kelly Wolf and Company. Saturday the whirlwind of activities includes home tours, air balloon rides, bike rallies and softball tournaments on the agenda. Tours of historic South Gainesville, local museums, horse farms and the zoo are planned throughout the weekend, as are performances of the Butterfield Stage Depot Daze Players' melodrama. Plenty of great music - blue grass, gospel, country-western, etc. - and dance

demonstrations will keep toes tapping Saturday and Sunday at the depot itself, which will host an arts and crafts sale. And, of course, a variety of booths will be on hand offering good eats and good, clean fun.

Climb aboard for Gainesville's

Fourth Annual Depot Days. It's one trip down the tracks that no one wants to miss!

Finance reform shifts to a 10-member joint panel

AUSTIN - The focus of public school finance reform shifts the week of April 16-20 to a 10-member joint panel charged with resolving the differences between the \$1.3 billion Senate bill and the \$500 million House measure.

The conference committee, composed of five Senate members and 5 House members, began

negotiations last week after the Senate declined to accept the more-modest spending plan passed by the House last Monday.

Committee work resumed Monday, April 16 and continued through much of the week. Meanwhile, the House Appropriations Committee will continue to scour the state budget for funds that can be shifted to finance the compromise school spending plan.

A combination of fee increases and fund shuffling is expected to emerge as the most workable plan for financing the measure although a tax bill has not been ruled out. Lawmakers are reluctant to propose a tax bill, however, in view of Gov. Bill Clements' opposition to raising taxes for schools.

The Legislature is operating under a May 1 State Supreme Court deadline to equalize funding between rich and poor school districts or face a cutoff of education dollars.

The court was asked recently by legislators to extend the deadline to August 1 to prevent the possible school closings, but by week's end, no response to that request had been received.

Significantly, differences separate the two proposed school funding bills. The cost of the House bill increased from \$450 million to just over \$500 million due to amendments added when the bill passed.

The Senate bill, calling for \$1.3 billion in 1990-91 spending, establishes specific goals for public education, student achievement and performance, while the House measure leaves that responsibility with the State Board of Education.

The House bill calls for the appointment by the Governor of the commissioner of education. The Senate version would leave the commissioner's appointment to the state board. Both versions would give more authority to the

commissioner, however.

The Senate bill would make it state policy to include programs for disadvantaged three-year-olds, while the House measure leaves that provision as an optional authority for the state board.

The Senate bill will also allot \$9 million to establish an alcohol and drug abuse intervention program at each public school. The House bill does not address that issue.

Serving on the school finance conference committee from the Senate are Senators Carl Parker, Gonzalo Barrientos, Cyndi Krier, John Montford and Kent Caperton.

House members on the panel are Representatives Ernestine Glosbrenner, Jim Rudd, Kent Grusendorf, Paul Colbert and Hugo Berlanga.

Cooke County College to receive federal funds

WASHINGTON - The U.S. Department of Education has allocated a total of \$61,267,113 to support educational grant, loan and work-study programs in Texas, U.S. Sen. Phil Gramm announced.

"We estimate that these campus-based programs, designed to provide educational opportunity, will serve more than 100,000 students in Texas," Gramm said in announcing the funding.

The funding awards cover a period from July 1, 1990 to June 30, 1991, and will be awarded to a broad cross-section of universities, colleges, community colleges, business schools, technical training centers and other institutions.

Among Texas institutions specified to receive federal funding under the program is Cooke County College receiving \$32,619.00.

Kiwanis ride chairman. He attributed their success to a combination of the new location and a new ride vendor. "We were pleased with the company," said Carroll. "The rides were painted and well maintained and the employees were clean cut and presentable."

Mr. Carroll also announced that the Kiwanis were planning to make a donation to the Muenster Boy Scouts because they learned that the concessions sold by the carnival cut into the profits of the Scouts' cotton candy and soft drink booth.

Carroll expressed the appreciation of the Kiwanis to Dolphy Joe Hellman, Keith Hennigan and Babe Schilling who let them use their land for the carnival rides.

Things didn't go as smoothly for Muenster Jaycees who were plagued with bartender problems. Professional bartenders from out of town were hired to serve beer, initially because of insurance reasons.

"They just didn't know how to pour draw beer," commented the Jaycee chairman. Local beer distributors agreed that the professional bartenders were very unprofessional in their ability to pour beer, said the Jaycees. Another problem came in their incompetence in reading out-of-state IDs. "Several Oklahoma visitors got tired of the hassle and asked for their money back," remarked another Jaycee.

Fewer kegs of beer were served this year, reported Jaycee Jack Flusche. "We served 384 kegs this year. That's about 22 less than last year." Saturday was busy, but the crowd was thin on Friday and Saturday.

The Cooke County Sheriff's Department is responsible for patrolling inside the Muenster City Park during Germanfest and the Muenster Police Department handles activity outside the park. Muenster Police Chief Helen Tompkins reported that they had the "best year ever" this year with only one traffic ticket being issued.

The ticket was issued Saturday night for "failure to yield right of way" to the driver of a pickup involved in a three vehicle accident on East Hwy. 82. There were no injuries to persons involved in the collision.

William Hogan of Grapevine was stabbed about 10:15 p.m. Saturday as he danced on the Texas Stage dance floor in the Muenster Park. He was transported to the Gainesville Memorial Hospital by the Cooke County EMS.

Kent McKee of Cooke County Sheriff's Department is the investigating officer in charge of the case. In an interview Tuesday, he said that there was a suspect in the stabbing case and that a warrant for his arrest would soon be issued, probably for aggravated assault with a deadly weapon.

At the time of the interview McKee reported that the victim, William Hogan, was still in the Gainesville Hospital and was in stable condition. He had no fur-

ther information because he had not yet been allowed to talk to the victim.

According to information available to Chief Helen Tompkins, the stabbing was probably the result of an argument that started at a club in Montague County and culminated at the Germanfest. "It should not be attributed to Germanfest because it could have happened anywhere that the persons involved decided to go," remarked Tompkins.

Another incident involved the arrest of an Ardmore man for public intoxication and disorderly conduct. He started an altercation over blocked traffic at the barbecue cook-off. A knife was found on the man and a gun was confiscated from his pickup.

Entertainment at the Germanfest was deemed especially good. Comments from visitors were of approval and there seemed to be something of interest for people of all ages and varieties. The Kinder Theater again held children in the audience spellbound.

A father-daughter team, Kent and Jenni Finlay, who have performed on national television, were a big hit. They sang and entertained with 11-year-old Jenni's fiddle playing.

Muenster Kiwanis sponsored the 4th Annual Germanfest Volksmarch which began at 7 a.m. Saturday. A total of 48 walkers completed the six-mile course. Gene Fuhrman reported that all went well and medals were presented to those who completed the walk.

The gun sounded at five-minute intervals beginning at 10:30 a.m. to start three separate groups of riders on a 100K course of hilly terrain. The bike riders were participating in an Olympic sanctioned bike race and were divided into the separate groups depending on the category they are listed under.

Group One consisted of 65 riders listed in Category 1, 2 or 3. Twelve riders broke away from the main group of riders as wind and hills wore down most participants. Later in the race, Chris Hipp and Barry Hughes outdistanced the others and crossed the finish line well ahead of everyone else. Hipps, who placed first in the race, was the 1988 winner of the Texas State Critterium and also the '88 Hotter Than Hell 100. Kevin Cameron, who placed fourth in Saturday's race, was the 1988 Texas State Road Race champ.

All 100 riders in Group 2 are listed in Category 4. The finish of this race was especially exciting as a group of 20 riders made a wild sprint for the finish line. "There were a couple of crashes as the bikers jockeyed for positions up to the finish line," said race organizer Mark Mumpy.

Group 3 was a women's only division and there were 15 riders involved. The ladies came in separately and both the first and second place winners were members of Team Shock.

The 9th Annual Germanfest Metric Century Bicycle Rally, which offered a choice of courses, started at 11 a.m. Saturday. The courses were 100K (63 miles), 65K (40 miles), or 35K (22 miles). Weather was great for the 2,525 bikers participating.

There were a couple of accidents that required bikers to be taken to Muenster Memorial Hospital for medical attention. One biker suffered a dislocated shoulder while others received cuts and scrapes.

Gilbert Endres Distibuting, Inc. sponsored the Budweiser Championship Arm Wrestling and the Bud Light Bartenders Triathlon. All entry fees went directly to the Cooke County Home Hospice. A check for \$1065.00 was presented to the Hospice to help fund their work in Cooke County. The list of winners in each event are as follows:

Sunday - MEN: Kevin Phillips and Al Errico (overall winners), 13.19 seconds; LADIES: Valeria Massengale and Debbie Liston.

Runners in the 15th Annual Germanfest Fun Run had 90 degree temperatures, sunshine and humid conditions as they marked time along the 15K or 5K courses. There were a total of 2,458 participants. Men who ran the 15K numbered 501 and women 132. The 5K tally was 1,825.

"There were no injuries in the Fun Run," said organizer Dan

Hamric. "Many runners commented on the bad condition of the roads." County roads were badly washed by recent rains, but Sixth Street in Muenster was in the worst condition. "The potholes were deep enough to swallow a kid!" said one runner.

Finishing the 15K first from Muenster were Mark Flusche and Agnes Meurer.

The 6th annual Germanfest BBQ Cook-Off was sponsored by Miller Lite and Clyde D. Fisher, Distributor. Local organizer, Joe Fenton assisted Mariam Arnold of Krum and John Schradler of Denton in welcoming 47 cooking teams from Texas and Oklahoma. They all competed in preparing smoked delicacies of German sausage, ribs and brisket over a two-day Barbecue extravaganza.

Even though the cooks had to set up along the length of Ash Street because of the muddy conditions west of the park, their spirit was undaunted.

On Sunday afternoon volunteer judges picked the top ten selections of each prepared meat. Places ten through four received a small plaque. Third place got a larger plaque and \$30.00. Second got a plaque and \$60.00 and first took a large trophy and \$100.00.

Miller Lite also sponsored a Chili Cook-Off this year which was judged on Saturday. 42 entered their chili.

The Barbecue winners were as follows:

Texas celebrates Hospital Week May 6-12

Texas Hospital Week, sponsored each year by the Texas Hospital Association coincides with the National Hospital Week celebration, and this year with Texas Nurses Week. National Hospital Week is sponsored by the American Hospital Association and Texas Nurses Week is sponsored by Texas Nurses Association. Muenster Memorial Hospital joins this national and state observance May 6-12 to strengthen communication and understanding among its employees, patients and the community.

"Texas hospitals are committed to serving communities with quality health care while attempting to control cost," stated Herman Carroll Administrator. "Our team of

employees, medical staff and board members are here to meet your health care. We want you to feel well and enjoy the best health possible."

Mr. Carroll further stated the Muenster Memorial Hospital is in contact with two excellent physicians, one is an OB/GYN specialist and the other is a family practitioner. Both of these physicians are very interested in moving to Muenster.

In celebration of Texas Hospital Week, Muenster Memorial Hospital will sponsor several events for the public and employees. The hospital will be offering a mammogram special during Hospital Week. For more information see ad on page.....

MMH in compliance with health regulations

The Annual Texas Department of Health Survey was held at Muenster Memorial Hospital on April 18 and 19. This survey showed that Muenster Memorial Hospital is in compliance with the rules and regulations of the Texas Department of Health and is thereby recertified for Medicare/Medicaid eligibility.

"There were only a few minor deficiencies cited," said Herman Carroll Hospital administrator.

The survey team was very complimentary of the hospital. They stated they chose this hospital as a surveyor training site. Of the nine surveyors that were present, two were in training.

"It is through dedication and cooperation of the medical staff, board of directors and employees, that this quality of excellence can be maintained," commented Carroll.

Valley View School Board president resigns

by Elaine Schad

Valley View School Board President Jimmy Kupper resigned this week, following a controversy in which parents charged that a sixth-grade teacher tampered with the administration of a standardized achievement test.

In an emergency meeting, the school board voted against suspending Denise Martin with pay over the incident. Kupper and Cecil Neu voted in favor of the suspension, while board members Bobby Tharp, Larry Tipps, Harold Alexander and Jerry McKowen voted against the suspension. Board member Ritchey abstained from the voting.

Of the 18 students in the class, 15 were represented by parents at the emergency meeting which lasted more than three hours.

In a letter to parents last week, Superintendent Bert Glascock said an allegation was made that tampering was done to the Metropolitan Achievement Test administered by Miss Martin to the students. Miss Martin allegedly handed the tests, and then allowed the students to change the wrong answers, Glascock said.

Miss Martin contends that she hand-scored the tests so she could

work on student weaknesses before the end of the school year as machine scores aren't received until after school is out. While teachers are allowed to hand-score the tests if they wish, the tests are sent to a company for mechanical scoring, Glascock said. The MAT is used for internal purposes only, with teachers reviewing the tests so they can work on areas of weakness, he said. Glascock said the administration is considering a change in its policy concerning hand-scoring locally.

A substitute has taken charge of the class for now. Miss Martin has requested to be reassigned, stating in a letter to school officials that she feels she would be ineffective without parental support, and that her care and love for the students is greater than her own welfare. Several parents have requested that their students be placed in other classes if Miss Martin remains as teacher, said Glascock.

Kupper said he feels he can be more effective as parent and concerned citizen, rather than remain on the board for his remaining year. "My main concern has been and will always be the good of the school community and especially our kids," he said. "Therefore, to

better serve our kids, I feel it is in my best interest to resign from the board and take a new position as a concerned citizen," he said.

Glascock said Miss Martin may be assigned to her new job as a facilitator of grants. The school board created the position earlier this year with the intent to assign Miss Martin to the position, Glascock said. He said parents had questioned Miss Martin's teaching methods in the past, which Glascock described as, "learn by doing," but that he doesn't feel there is a professional problem with the teacher.

"I think she will make us more money than we'll pay for the position," said Glascock. "This will be a way where we can take advantage of her particular talent."

New pipeline capacity set for Lone Star Gas

DALLAS - Lone Star Gas Company, a Division of ENSERCH Corporation, will construct a 24.5 mile, 30-inch gas pipeline in Ellis County, Texas to connect its 36-inch pipeline from West Texas to its 30-inch Gulf Coast pipeline. Additional compressor equipment will be added to the Katy hub near Houston to enhance the interconnect capability. Total investment will be about \$17 million. Construction will commence shortly with completion expected in the third quarter of this year.

Lone Star has contracted with a major company for the transportation of 100 million cubic feet of gas per day from the natural gas hub at Waha in West Texas to the Katy hub. An additional agree-

ment provides for transportation capability to the Carthage hub in East Texas. The agreement is for five years with an additional five-year option.

"This is an important step for Lone Star Gas," said David Biegler, Chairman and President. "Lone Star is the only pipeline directly linking the three major natural gas hubs at Waha, Katy and Carthage. This new pipeline significantly enhances our capacity and enables Lone Star to participate actively in the growing market to move gas from the west to the east. It also enhances the Company's ability to serve residential customers during periods of peak requirements."

Reminder!...

The Hospital Board, City Council and School Board Elections are Saturday, May 5, at the Muenster Public School.

Friday, May 4, is the Walk and Roll for Catholic Education, from 3:30 to 6 p.m. and the Sacred Heart Talent Show follows from 7 to 9 p.m. at the Sacred Heart Community Center.

Ed Klements celebrate golden anniversary

...EDGAR AND ROSE (SANDMANN) KLEMENT
...on their wedding day, May 14, 1940

Ed and Rose Klement celebrated fifty years of marriage on April 21 with a Mass of Thanksgiving at 5 p.m. in Sacred Heart Church with Father Victor Gillespie OSB as celebrant.

Their attendants, as on their wedding day, were Walt and Eleanor Klement.

Surrounded by their children, grandchildren and two great-grandchildren and a host of friends and relatives, the goldenweds led the procession into church.

They are parents of five sons: Kenneth, Ronald, Robert, Glenn and Leon.

The families consist of Kenneth and his wife Mary and their six children: John, (the eldest who married Suzzie McCabe and they have two, Ryan and Cassey); and Carol, Bryan, Keith, Daniel, and Jane.

Ronald is unmarried and lives at home with his parents, Robert and his wife Gloria and their six children: Scott, Melody, Travis (deceased), Leslie, Shelley and Justin.

Glenn is deceased. Leon and his wife Christi and their children: Andrea, Elliot and Bridgette.

Participating in the liturgy for the anniversary Mass were a son Leon Klement who gave the First Reading, and a granddaughter Leslie Klement with the Second

Reading. Also four grandsons Bryan, Scott, Keith and Elliot Klement who brought Offertory gifts to the altar. Mass servers were a grandson Justin and two nephews Cody and Aaron Klement.

Eucharistic ministers were relatives and friends: Henry Sandmann, Mrs. Al Hess, Rudy Koesler, Mark and Carol Klement, Leonard and Patti Bezner.

Music for the Mass was given by Christi Klement, Denise Bayer, Melissa Bayer, Jim Endres and Dianne Grewing. A granddaughter, Andrea Klement played the entrance march on the organ when her grandparents and their families came up the center aisle.

"The Greatest Gift" was sung for the Communion Meditation.

RECEPTION

A dinner and dance followed in the Sacred Heart Community Center. Rohmer's catered the dinner.

The registration table was covered with a white crocheted cloth made by Rose Klement especially for the anniversary. On the table was an arrangement of pink carnations and white daisies, a gift from friends, and the guest book, a gift from son Kenneth and family.

Guest tables were decorated in the chosen wedding colors of pink and aqua.

The ivory and gold three-tiered wedding cake was baked and cut

by Betty Rose Walterscheid, and served by granddaughters Leslie, Shelley and Andrea Klement.

Leon Klement gave a brief family history during dinner.

Guests danced to music by Danny Wolf.

For the anniversary celebration the 50 year bride wore an aqua tailored linen suit. Her attendant wore a royal blue sheer crepe dress. Each had a corsage of pink rosebuds.

During the evening, reminiscing frequently drifted to memories of the Klements' wedding day, May 14, 1940, when Edgar Klement, son of John and Margaret (Knabe) Klement of Muenster, and Rose Sandmann, daughter of Ben and Catherine (Hermes) Sandmann of Lindsay were married in Lindsay. Father Conrad Herda officiated for their wedding Mass in St. Peter's Church.

Their attendants were Walter Klement and Eleanor Henscheid.

The Muenster Enterprise that week carried a report of the wedding, telling that the Mass was offered at 8 a.m. and the music was given by Regina Fuhrmann and the church choir. The church altar was decorated with greenery and spring blossoms.

The bride wore a princess style long white satin dress and a full length tulle veil held by a wreath of lilies of the valley. She carried an arm bouquet of Easter lilies.

Her jewelry was a gold chain and locket, a gift from the groom.

The bridesmaid wore a floor length Delft blue organza dress with puff sleeves, heart-shaped neckline, belted waist and tiny ruffled pockets on the skirt. She carried an arm bouquet of pink snapdragons, and wore a matching spray in her hair.

An all-day family reunion was held at the Sandmann home, for parents, grandparents, brothers, sisters, uncles and aunts. There was a beautiful four-tiered wedding cake. Tables were decorated with cut flowers in vases that were gifts to the bride's parents on their own wedding day.

In the evening there was a dance for everyone who wanted to attend.

Ed and Rose left on a wedding trip to South Texas, stopping especially in San Antonio and Corpus Christi. At the anniversary reception they recalled: "We went in Ed's trusty pickup." They returned to a farm northeast of Muenster to live in a newly completed bungalow. Today they make their home on the same land, but in a new house they built about ten years ago. They remain actively interested in community and church affairs, devoting time to their beloved sons, daughters-in-law, grandchildren and great-grandchildren.

Three Sicking baptisms celebrated in Decatur

A touching ceremony was held when the three children of Michael and Carla Sicking were baptized along with five other children on Holy Saturday night. The baptisms were in the Assumption of the Blessed Virgin Mary Catholic Church in Decatur.

The Sicking children are Robert Conrad, whose godparents are paternal grandparents Jerry and Evelyn Sicking; Brandi Nicole, whose godparents are her aunt

Sherilyn Sicking and great-uncle James Flusche; and Ashley Renee. Her godparents are her aunt Coy Lynn Kubis and uncle Darwin Sicking.

Gathering around to witness their coming into the Church were their maternal grandmother, Gloria Scruggs of Gainesville, paternal great-grandmother Regina Flusche, great-aunt Sally Flusche, cousins Phillip and Conrad Flusche and their parents all of Decatur, and Juliane Krahl of Gainesville.

All of the children were lifted into the font with water in it and then water was poured over their heads for the ceremony.

After the Mass and baptisms, the Sicks hosted a late snack in their home.

Gifts were presented to the newly baptized and pictures were taken. Each of the youngsters was presented a special gift by Father McGowan, pastor of Assumption Church.

NOTICE!

Fall registration for religious classes, CCD will be held this weekend in the Elementary Library of Sacred Heart School, following all Masses.

Amy Pagel honored on First Communion

Amy Pagel's First Holy Communion Day in St. Peter's Church of Lindsay on April 22 was honored by her parents, Janet and Matt Bezner who entertained with a dinner and family reunion in their home. Father Denis Soerries was celebrant of the Mass for the regular first grade class.

Amy wore a dress and veil made

by her maternal grandmother, Charlotte Dangelmayr, who also made a two-tiered First Communion cake for table centerpiece and dessert. A little girl figurine graced the lower layer and the top layer held a dove and Easter lily.

Attending the service and the champagne dinner were the grandparents Weldon and Rose Bezner

and Bill and Charlotte Dangelmayr; Tom Dangelmayr; Shawn Dangelmayr; the great-grandparents Frank and Caroline Schilling and Mrs. Gusta Walterscheid; also Andy and Susie Bezner and Jessica; Bruce and Jenny Bezner and Jillian; Pat and Tommy Bezner and Sabrina of Lindsay.

Local talent show set for Friday, May 4!

An evening of fun and entertainment has been planned by the Sacred Heart Development Committee for Friday, May 4. A local talent show will begin at 7 p.m. on the Community Center parking lot.

Some of the popular performers on the program are singers, Ray and Mabel Sicking with Mabel doing her impersonation of Minnie Pearl; Jodie Allen and Cindy Welch; and the Fette Family Singers. Several classes from Sacred Heart have special skits planned and there will be a lip-synching performance, gymnastics show, a 4-H skit and much more.

Earlier Friday students will par-

ticipate in the Walk and Roll for Catholic Education when they walk, skate board, jog, ride bikes, trikes or wagons to earn money through pledges. At 6 p.m. the Walk and Roll will have a grand finale when Sacred Heart teachers show their speed and coordination during the Teacher's Tricycle Race.

A hamburger menu will be available during the two events and drinks and snacks will also be offered.

All funds raised by the Sacred Heart development committee from these events will be earmarked for use by teachers for workshops and similar needs.

SH Council recognized by TASC

Sacred Heart Student Council officers and members attended the State Leadership Conference held in Austin on April 26-28. Students representing Sacred Heart were Angela Endres, Amy Bayer, Kim Thorsen, Robin Greathouse, Dawn Knabe, Jenny Yosten, Cheramie Moster, Christy Yosten, Allison Klement, Tommy Greathouse, and Joseph Bedowitz.

The Sacred Heart Student Council received three awards from TASC for their hard work during the year. The Texas Association of Student Councils is a statewide organization sponsored by the Texas Association of Secondary School Principals.

Its basic aims are teaching and development of leadership, citizenship, and other skills needed to operate efficiently in American democratic society. All activities of TASC are designed to enhance the effectiveness of student leadership within the local school and community.

Outstanding Student Council was awarded for the extreme activeness and spirit put into all of their projects. The Smile Award was received for the Alcohol Awareness Month given by the Council, and finally the Energy Award was bestowed for their outstanding efforts in making the students aware of energy conservation, global warming, and waste management.

Also the local council was bestowed the honor of being chosen from among 4,000 schools to serve as a Profile School. Sacred Heart was one of seven schools in the state to be selected for this honor.

The members presenting the program to other schools were Dawn Knabe, Jenny Yosten, Cheramie Moster, Kim Thorsen, Christy Yosten, Tommy Greathouse, and Joseph Bedowitz. They told about the projects completed throughout the year which made their student council so successful this year.

Student council members and their sponsor, Debbie Endres, expressed their gratitude to the Art Department of Sacred Heart for printing the programs, and to the Sacred Heart Home School Society for providing funds to help defray part of the expenses of attending the State Convention.

Beta Kappa selects new officers

Beta Kappa's nominating committee, consisting of Lisa Walterscheid and Laurie Rohmer, presented a slate of officers for 1990-91 at the April 9 meeting. The slate was unanimously approved.

The new officers who will be installed at the May Installation Banquet are Sharon Felderhoff, president; Janet Felderhoff, vice-president; Marlene Fisher, secretary; and Kim Felderhoff, treasurer.

Final plans concerning the Beta Kappa Strudel booth at Germanfest were presented by Dolores Miller and Lynn Dangelmayr, co-chairman.

Pam Fette, ABBA project chairman, reported that the service project had been completed. A new crib and mattress set and \$100 cash donation from the organization were delivered to ABBA by Pam Fette and June Bartush. Numerous other baby items donated by Beta Kappa members were also delivered.

June Bartush reported on a successful March 22 blood drive. Future dates for 1990 Red Cross blood drives in Muenster are June 27 and Dec. 6. These will be sponsored by Beta Kappa.

Plans were made to review Scholarship Award applications. The final selections will be made at the May meeting.

The next meeting will be held during the Installation Banquet May 14. It will be held in the Cooke County Electric meeting room.

Who's Who in college announced

The 1990 edition of "Who's Who Among Students in American Junior Colleges" will include the names of 27 Cooke County College students who have been selected as national outstanding campus leaders.

A special campus nominating committee of faculty members and administrators, along with editors of the annual directory, have included the names of these students based on their academic achievement, service to the community, leadership in extra-curricular activities and potential for continued success.

According to Dorreice Leander, CCC counselor and member of the nominating committee, these honorees join an elite group of students selected from more than 1,400 institutions of higher learning in all 50 states, the District of

Columbia and several foreign nations.

She reported that outstanding community and junior college students have been honored in the annual directory since it was first published in 1934.

Students named to "Who's Who" from Cooke County College this year are: Gary Dankesreiter, Rita Fisher, and Russell Lynn Knabe of Muenster; Nina Allen, Ella Baldress, Andrew B. Clure, Sharon Herman, Michelle Gaye Klutts, Marcie Neal, Brian Pearson, Susanne Pullman, Nadia Rossi, Steven Eugene Thomas, Donna Ferguson of Gainesville; Kelli Sue Bond of Marietta, OK; Christopher Ceballos, Ralph Berton Mathis, and Terri Whiting of Sanger; Jimmy Sid Dickinson of Lake Dallas; Billie C. Hood of Collinsville;

Heath Hudson of Pilot Point; Dion Johnson of Forestburg; Bonny Kneale of Slidell; Richard Miller of Jacksboro; Terri Williams of Saint Jo; Denna Wilson of Decatur; and Jolanda Schreurs of Holland.

"This outstanding group of students represents a perfect illustration of what the community college mission is all about," said CCC President Bud Joyner. "It includes not only younger students who came to us straight out of high school but also a large number of older students, some with high school age children of their own, who came to CCC for a second chance at making a better life for themselves and their families through education. I applaud them all for earning this national recognition."

LINDSAY HIGH SCHOOL held their first Physics Olympics. Three contests were held. The Mousetrap Car Race was won by Jerrad Voht, front, who designed the fastest car that traveled 10 meters, solely powered by a mousetrap. The egg drop contest was won by John Hoening and Leslie Cler, center. The object was to design a container that will protect an egg in a fall of about 6 meters, in a fast time. The third contest was an airplane drop won by the team of Joe Coke, Chris Baugh and Kevin Barba, pictured in back. The boys designed and constructed a glider that travels the longest horizontal distance when dropped from a stationary position.

Franciscans welcome new members

On April 24 the Lindsay Lay Franciscan Fraternity welcomed three new candidates as Novices as Secular Franciscans. The reception service followed 7:45 Mass.

Director of Formation, Elvira Flusche and the President Theresa Hermes conducted enrollment ritual for Mrs. Gertrude Loerwald, Mrs. Jewell Sweeney and Mrs. Louise Morisak.

Recitation of Petitions, the song "Praise God From Whom All Blessing Flow" and the blessing of St. Francis by Father Denis Soerries OSB concluded the reception ceremony.

A week earlier, on April 17, Mrs. Mary Stoffels hosted the

fraternity meeting in her home. Prayers and readings followed the Franciscan Ritual. Veronica Klement read from Scriptures. Mrs. Theresa Hermes reported on communications from Fr. Martin Wolters and his admonitions on shared responsibilities of leadership. Also a letter from Grace Serio to promote a large print book on the Stations of the Cross. Also a letter from the secretary of the 18 fraternities of Antonio Margil District. Also letters from the two adopted families in India; and a card of thanks from Fr. Merz of St. Francis Village, Crowley, Texas, for canceled stamps sent from Lindsay.

The meeting closed with prayers in the Ritual, and the St. Francis Peace Prayer. After adjournment the hostess Mrs. Mary Stoffels served refreshments of cherry cheese cake, jello and coffee.

Scouts have concessions at Germanfest

On April 27, 28 and 29 the Boy Scouts of America sold refreshments at the Germanfest. The proceeds go to paying half of the cost for summer camp. The Boy Scouts would like to thank everyone who brought refreshments. Some Scouts of the Rattlesnake Patrol are going for special training this month at Camp Grayson. It will train them to lead a patrol more wisely.

Three Muenster students on Texas Tech honor list

Three Muenster students of Texas Tech at Lubbock have qualified for the academic honors lists at the end of the 1989 fall semester.

Students on the President's Honor List, earning a perfect 4.0 (A) grade-point-average include Brian Hess, a sophomore Finance

major and son of Mr. and Mrs. Dennis J. Hess.

On the Dean's Honor List, earning a grade-point-average of 3.5 to 3.9 were Dolle Deann Pagel, a senior Speech and Hearing Sciences major, and daughter of Mr. and Mrs. Richard Pagel. Also Damian Wayne Hellman, a junior Mechanized Agriculture major, earning a 3.5 to 3.9 grade-point-average and son of Mr. and Mrs. Dolphy Joe Hellman. All three are graduates of Muenster High School. More than 2,000 Texas Tech University students qualified for the Academic Honors Lists.

Dietician speaks to group

The April meeting of the Cooke County Diabetic Support Group was held at the Gainesville Memorial Hospital, with Maggie Mount, Registered Dietitian at GMH presenting the program. Her interesting and informative presentation included the preparation of a delicious dish called "Veggie Rice" which all present sampled.

Ms. Mount distributed handouts which included a comparison list of sweeteners, a combination foods list, and a sample 1500 calorie ADA Exchange list.

Next month's meeting will be held on May 15 at 7:30 p.m. in the Gainesville Memorial Hospital Conference Room. Dr. Robert Metzger, Podiatrist, will present a program on "Foot Care."

Tigerettes claim '90 TAPPS track title

For the fourth time in as many years the Sacred Heart Tigerettes laid claim to the Texas Association of Private and Parochial State Track and Field Championship. The Tigerettes amazed 210 1/2 points to outdistance 2nd place Midland Christian with 70.

"The seniors will leave the same way they entered, as champions," said Coach LeBrasseur. It is the first time in school history that a squad has captured the state title all four years of their high schooling. The seniors received plenty of support in the championships as eleven other Tigerettes were involved in the meet.

Coach Mary Beth Bartush can again lay claim to a state championship in the shot put and discus. Junior Sharon Fuhrmann swept both events for the Tigerettes. Fuhrmann is the fourth Tigerette to claim a state championship under Bartush's direction. "Mary Beth has done another outstanding job," said LeBrasseur. "What else is there to say as the record speaks for itself."

Gold medals were in abundance for the Tigerettes as they captured nine of the sixteen events. Senior Amy Walterscheid closed out a brilliant career as she captured the 200 and 400 along with the anchor leg of the 400m relay. Other relay members included LaBecah Hess, Robin Greathouse and Angie Hofbauer. Hess also was a double gold winner as she anchored the gold winning 1600m relay team of April Truebenbach, Amy Bayer and Angela Endres.

Senior Amy Bayer was also a double gold winner as she captured the mile run. Bayer just returned to action last week following five weeks off because of an automobile accident. Senior Debbie Schmitt stepped the hurdles at a gold winning clip and teammate Vickie Bayer followed

with a bronze finish. In the 3200m run sophomore Shirley Henscheid was the class of the field with the gold win and was followed by Amy Bayer in 2nd.

Junior ace Sharon Fuhrmann recorded two more golds for her collection by sweeping both the shot and discus. Teammate Janie Fisher with her best efforts of the season pushed Fuhrmann to the golds as she collected two silvers. Junior J.J. Dowd scored a bronze in the shot. Amy Walterscheid scored the silver in the long jump. LaBecah Hess raced to a silver finish in the 300m hurdles and was followed by sophomore Vickie Bayer. Angela Endres scored an impressive run in the 800m run for the silver followed by teammates Shirley Henscheid in 3rd and April Truebenbach in fourth. Less than one second separated the three Tigerettes. The Tigerettes' 800m relay team turned the clock for their best performance of the year with a 3rd place finish. Members included Debbie Schmitt, Vickie Bayer, Robin Greathouse and Allison Klement.

Other point producers for the Tigerettes included Robin Greathouse 4th in the 100 and teammate Angie Hofbauer a 6th. LaBecah Hess scored a fourth in the high jump and teammate Allison Klement tied for sixth. Amy Walterscheid jumped to a fourth place finish in the long jump. Freshman Julie Felderhoff placed fifth in the 300m hurdles. Allison Klement turned in her top effort of the season with a 2nd in the mile run.

"Four titles in four years," said LeBrasseur. "What does that say about this group of seniors?" Hats off to the Tigerettes and best wishes to seniors Amy Bayer, Angela Endres, Janie Fisher, LaBecah Hess, Debbie Schmitt, and Amy Walterscheid.

Hornet boys finish third at regional track meet

The Muenster Hornet thinclads ran, tossed and jumped their way to a third place finish in Kilgore at the Regional Track meet. Detroit was the Regional Champion followed by Wortham in the runner-up spot. The Hornets scored points in all events they entered except two, finishing with 43 points.

Leading the way for the locals was Yancy Culp. Yancy finished 3rd in the 3200m with a time of 10:24 and second in the 1600m with a time of 4:39. His second place finish in the 1600 won him the right to compete in that event in the State Track Meet in Austin. That event will be held in two weeks. "Yank raced well in both events," said Coach Jump. "In the 1600, he showed a lot of savvy in closing the door on the third place finisher about 5 meters from the finish. That third place finisher in the 1600 was a young man from Laneville that won the 3200m in the excellent time of 10:03, breaking the regional record of 10:07 held by Keith Klement of Muenster since 1985," reported Jump.

Also scoring in two events was weight man Donnie Boydston. Donnie finished fifth in the discus with a season's best throw of 129'6". Brad McDaniel finished sixth in that event with a throw of 128'11". Boydston came back in the shot with a throw of 47'10", good for the third place medal. Boydston also qualified for the 110m hurdles final but hit the third hurdle and stumbled off of the track.

Jerry Brawner brought home a third place medal in the high jump with a jump of 5'10". He finished in a tie with four other jumpers but it proved to be Jerry's lucky day as he won three tosses of the coin to swatch the medal.

Michael Bierschenk scored a fourth place finish in the 800m and a fifth place finish in the 1600m. "Michael probably has less natural speed than anybody in either race, but he has such a big heart and keen competitive sense that he can run with most anyone," said Jump. He ran a personal best of 2:03 in the 800 and an excellent time of 4:54 in the 1600.

Ryan Sicking sprinted to a fourth place finish in the 300m hurdles with a very good time of 41.5. "Ryan ran very well and improved his sixth place finish last year to fourth," said Jump. "Being just a sophomore, Ryan should be one of the top hurdlers in the region over the next two years."

The 400m relay team of James Hennigan, Ryan Sicking, Mike Vogel and Scot Vogel ran their best ever time of 44.74 to finish fourth. "We missed Marshall Smith (out due to an injury) but we ran very well. Mike Vogel filled in and did an excellent job," said the coach.

"We had a very successful season," continued the coach. "We won three meets and then captured our fourth in a row district title. These kids have worked very hard and deserve all of the credit. We are losing a fine bunch of seniors (Culp, Boydston, Bierschenk, Vogel, Smith, Hennigan and Brawner) but with young ones like McDaniel, Sicking, Vogel, Felderhoff, Kubis, Biffle, Hennigan and Perryman coming back, our track future looks bright. I would like to thank Ronnie Hess for his help and support with our track kids."

Look in *The Enterprise* in two weeks for a follow up report on Yancy Culp's chase for the State Title in the 1600m run.

MHS Lady golfers qualify for State

by Coach Brian Strother

The Muenster Golf girls' attitude was that somebody has to win the Regional Championship, and it might as well be us.

The girls had a positive attitude and just blistered the course with a score of 423. Dana shot 96, Jami 101, Mindy 109, Kelley 117, Stephanie had a bad experience but a good lesson. The girl keeping score messed up the scores. After the first day scores, Muenster had a 39 stroke advantage.

The second day I wanted our girls to be aggressive but we played a little tentative, trying to protect our lead. The girls shot good scores for a team total of 446. Stephanie had a good second day. She bounced back after a

gloomy Monday with a good Tuesday. I was really proud of the girls - the way we played and kept the composure and their focus on golf and the goal of Austin on their mind.

Muenster girls were Regional Champs and won the match by a commanding 32 stroke advantage. We are considered for the elite eight in the state. Dana Wimmer had a fine tournament and was a third place medalist. The three-time state champion, Lisa Crawford of Tenaha, was in our region. Whitwright was second as a team. We will be going for the gold.

We are the first Muenster girls' golf team to go to state.

Congratulations Dana, Jami, Mindy, Kelley and Stephanie.

Wimmer and Gobble advance to State tennis

Muenster took three participants to Kilgore for regional competition - Dana Wimmer, Brandy Debnam and Mike Gobble.

Dana Wimmer was seeded second in the tournament, winning her first match 6-2 and 6-1. "The second match was difficult but Dana was in a groove," said Coach Brian Strother. She won it 6-3 and 6-2. The semi-final match with the winner guaranteed to go to Austin. "It was a great match," said Strothers. "There were a lot of good points." Dana was down 5-4, but won 7-5.

The second set was much the same. "Rain interfered but Dana held her composure," said the coach. Wimmer won the set 6-4 and the match 7-5, 6-4. "She had a great day and a great week over all," commented Strother. "In the final match she played against a very fine tennis player and she played her pretty tough, but lost 6-1 and 6-1." Wimmer finished with a slicer medal and going to state in two events (also golf). Dana went home from Regional competition with a gold, a silver, and a bronze medal for the week.

In his first match Mike Gobble played a little rough in the first set. "Once Mike figured him out and felt comfortable, he put the boy away," said Coach Strother. The second set went Mike's way. He won the match 6-2 and 6-0.

In the second match of the opening player was slow, deliberate and a poor sport in tennis. "Mike kept his cool and waited him out and put him away. His experience from last year's regional helped him through this match," said the coach. He won 6-2, 6-0.

The third match with the winner assured a spot to Austin but was a tough match. "There were a lot of good points and volleys. Mike was a better player with an answer to everything the kid had to offer. Mike was feeling good and in a good groove all day. It was Mike's day and Mike's set." The close match ended 6-4 and 6-1. Mike controlled the second set with good forehands and smooth backhands. Mike was guaranteed a spot in the state tournament as a sophomore. "Great Job! Mike!"

On the final match Mike played well. "There were no easy games in this match. The kid from Blue Ridge was a senior and a good player, a little too much for Mike." The final result was 6-2, 6-1.

Mike is now in the top eight in the state which is a great honor as a sophomore.

Brandy Debnam played her first match against a girl similar to Brandy's styled play. It was a very even match. The first set was real

close with a lot of close points. "There were many long volleys but Brandy prevailed," said the coach. Debnam won the first set 6-4. The second set started bad with Brandy down 0-3. "She felt like giving in but mentally she decided to turn the tide and turn it up a notch." Brandy won the next five games in a row, winning the match 6-4 and 6-4. "I was real proud of Brandy for not giving up and playing hard and winning the match," commented Coach Strother.

In her last match, Brandy ran into a tough tennis player and lost 6-0, 6-0. "Brandy had a good season and we expect her to be going to Austin next year," concluded the coach.

SH Tigers compete at meet

The Sacred Heart Tigers completed the track season with the participation of three boys at the TAPPS State meet at Waco last Saturday. Chris Hess and Stevan Nasche tied for the lead in the pole vault with Stevan getting first place by having the least number of misses. Both cleared 9'0".

Chris Hess also placed 4th in the triple jump with a leap of 39'8". Both Stevan and Chris cleared opening height in the high jump, but were unable to advance further. Chris Hess also participated in the long jump, but did not make the finals.

Werner Becker ran his best race in the 800m run and finished 6th. He ran a 2:20.4 which is a fine time for a freshman.

The Tiger track future looks more promising with maturing and hard work of the youngsters who participated. Excellent help will also come from a fine eighth grade team who led the way to a district title.

Baylor University offers camp

Baylor University Head Baseball Coach Mickey Sullivan will again head up the operation of the Mickey Sullivan Little League Baseball Camp.

Each player will be taught basic offensive skills. Included in these are: bunting, drag bunting, proper swing, and base-running.

Each day will be divided into three sessions. The morning and afternoon sessions will be used to teach individual offensive and defensive skills. The night session

SH's Hess, Walterscheid lead team in Classic

Sacred Heart's Amy Walterscheid and LaBecah Hess helped lead the blue team to a 99-56 win over the red squad in the Texoma-Land All-Star game last Tuesday at Grayson County College. Hess and Walterscheid were among an elite group selected from schools on the North side of the cities of Dallas-Fort Worth for the annual game.

Hess scored nine points, handed out three assists and pulled down four rebounds along with some spectacular moves. Teammate Walterscheid controlled the boards as the chairmen snared 11

rebounds and collected four assists. Walterscheid and Hess, both seniors, helped to lead the Tigerettes to a 25-8 season and the TAPPS State Championship.

FARM AND RANCH NEWS

Earth Day really is 'every day'

"Much of the news about the anniversary of Earth Day will likely focus on environmental problems," Texas State Forester Bruce Miles said, "however, we are emphasizing some of the positive environmental accomplishments of the agency during the last 20 years."

Sunday, April 22, will mark two decades since the first Earth Day in 1970, which is widely recognized as the beginning of the modern environmental movement.

"There is still a tremendous amount of environmental work and education that needs doing," said Miles, director of the Texas Forest Service, "but we are proud of work done by the employees of the agency."

In keeping with the national Society of American Foresters (SAF) theme, "Everyday is Earth Day for Foresters," Miles cited some specifics:

-The Texas Forest Service's tree nurseries at Alto and Lubbock, have grown and sold a total of 466.9 million evergreen and hardwood seedlings to Texans since 1970.

-Since 1970, agency foresters have provided over 24,000 non-industrial landowners with forest management plans - for multi-use purposes of aesthetics, recreation, wildlife and soil and water conser-

vation and timber production - involving a combined total of 2.1 million acres.

-agency entomologists, with TFS field units, detected 58,362 southern pine beetle infestations on state and private lands in East Texas between 1970 and 1990. Control treatments were applied to nearly 27,000 of these infestations, averting a loss amount to 112.5 million cubic feet of timber.

-Forest Products Lab scientists have responded to 17,277 requests for information and technical assistance since 1970. Although 70 percent come from Texans, these inquiries have come from all 50 states, and eight foreign countries. The lab has pioneered research in a number of wood use areas including treated southern pine shakes and shingles, and mesquite wood.

"Fire is our high profile activity," Miles said. "We use it to reduce hazard, control brush and develop wildlife habitat. At the other end of the spectrum we have fought almost 40,000 forest fires since 1970. In either case reducing unwanted smoke emissions must be considered a major contribution to environmental concerns."

EARTH DAY EVENTS

In other Earth Day events, the Texas Forest Service has cooperated with businesses and

other agencies in a variety of events.

One of the largest projects was providing 40,000 loblolly pine seedlings to the Huntsville District Wal-Mart Stores in East Texas, in conjunction with the Texas Department of Agriculture's "One Texan, One Tree" program. Wal-Mart employees potted all 40,000 of the barerooted seedlings and their East Texas stores will give them out to customers in exchange for an item to be recycled, or upon showing receipts for making contributions to charities.

TFS staff and field foresters have presented numerous programs on forestry and the environment for schools, civic and other organizations.

"Planting trees, is considered nice, but not very dramatic nor unusual and therefore seldom considered newsworthy except on special occasions such as Arbor Day and Earth Day," Director Miles said.

"Nevertheless, I am extremely proud of the broad spectrum of accomplishments by agency personnel. They are professional and very good at what they do. We welcome Earth Day as an opportunity to highlight this agency's activities," he added.

DR. JAMES COLE of Gainesville will be honored as the Resident Conservation Rancher for outstanding contributions to the Texas soil and water conservation program at the Region V Award Banquet on May 3, 1990 in Stephenville. Region V consists of 53 counties in the north central Texas area.

SCS moving to new office

The USDA Soil Conservation Service office in Gainesville will be moving to a new location effective Thursday, May 3 announced District Conservationist Richard Connett. The new office is located on Highway 82 West just south of the signal light at Weber Drive. John Pipes, Terrell Area Civil Engineer stationed at Gainesville, will also be moving to the new location. The phone number will still be 668-7794. Office hours are 7 a.m. to 4:30 p.m., Monday through Friday.

Small Grain Tour set for Thursday, May 10

The Cooke County Small Grain Tour will be held Thursday, May 10. Small Grain result demonstration fields will be viewed. Data on disease control, insect control, variety variation and yield potential will be discussed at the various locations.

This year's tour will include six different locations. The tour will begin at 7:30 a.m. at the Jerry Hudspeth wheat plots located on Highway 51 south of Era. The next stop will be at 8:30 a.m. at the Klement Brothers Dairy barley and oat plots located on County Road 314 near FM 1198 at Hood. Soft and hard wheat varieties will be viewed at 9:30 a.m. at the Sicking Brothers Farm near 1198 and 1630. The next stop will be at 10 a.m. at the wheat plots established by Werner Becker III on County Road 306 near Myra. At 10:45 a.m. the tour will be at the Rudy Zimmerer Farm south of Lindsay to view varieties and foliar fungicide applications. The tour will end at that J.H. Bayer & Sons plots at 11:30 a.m. by the Cooke County Electric Co-Op at Muenster. The Bayer plots have soft wheat varieties, oats, and soil applied insecticides and foliar fungicide applications. A meal sponsored by Moby Chemical Company will be served at 12:30 at the Muenster location.

At the tour will be Extension Agronomist Jim Blalock and Extension Plant Pathologist Norman McCoy along with Hap Hazzard and John Cagel of Moby Chemical Company. These men will discuss the various aspects of wheat management. All small grain producers in the county are invited to attend this county tour.

that have quite a few worms, The worms were eating mostly lower leaves but some flag leaves and heads were being eaten by this small grain pest. Entomologists tell us if the worms remain on the lower leaves, then little damage will be done to the crop. However, when numbers get out of hand and worms begin to eat the upper leaves and cut the heads, then producers have a problem.

Armyworm outbreaks are favored by cool damp weather. These caterpillars are attracted to the more lush growing fields. In this type of field, numbers can build up before they are noticed because of the heavy canopy of the grain plants. Early detection is important because the small larvae per square foot are found and foliage and stand loss are noted in older plants, then control is recommended. This threshold number will vary on the maturity of the plant. If these worm numbers are large but your plants are finished with the dough stage and heads are turning color, then don't worry about the worms. If plants are younger and in the pre-milk or milk stage, then these numbers are more important. Armyworms will tend to eat that part of the plant that is green. Feeding occurs mostly during cooler weather which is the conditions we are experiencing now.

Producers should watch for armyworm populations, plant feeding areas, stage of plant development, and climatic conditions in determining control methods. Be sure and adhere to label restrictions on harvest intervals before applying chemical insecticides. Always read and follow label instructions on pesticides.

Armyworms a problem in small grain fields

The large amount of rainfall that we have been experiencing has made conditions ideal for a buildup of armyworms in small grain fields in the county. This week we have been in several fields
