J. C. Man Jr., general chairman of the Goldwater Rally invites all Independents, Conservatives and Republicans to attend the huge Goldwater Rally to be held at Midwestern University Stadium at 5:00 p.m. on Saturday, October 24.

Senator John Tower will introduce Senator Goldwater. Senator Goldwater will make a speech of approximately 30 minutes.

A huge and colorful rally is planned including several bands and other entertainment.

BIRTHS

Proudly announcing their first child, a seven pound ten ounce boy, are Mr. and Mrs. Ted Henscheid. The little lad arrived at Muenster Hospital 11:47 a.m. Sunday. Grandparents welcoming him are Messrs. and Mrs. Henry Henscheid and Ed Hess. The Tony Fuhrmanns of Lindsay are the great-grandparents.

Proudly announcing a daughter are Mr. and Mrs. John Virgil Walter of Texarkana, Texas. The little girl is a sister for Doug, Brian and Craig. She was born Wednesday, Oct. 14. Welcoming a grandchild are Mr. and Mrs. Al Walter of Muenster and Mr. and Mrs. Louis Hodges of Hot Springs, Ark. Counting another great-grandchild are Mrs. John Hartman and Mr. and Mrs. John Walter of Muenster. Mrs. Al Walter left Thursday to visit her son and family and get acquainted with the newcomer.

It is very understandable that LBJ is very determined to hold that story down as much as possible. In fact it is known that efforts were made to have the man's morals, charge removed from the police record. It isn't good politics to let the country know what kind of stinkers are close to the president, especially since he knew, or should have known, from previous security checks on all White House personnel.

We have a right to ask why our president sees fit to keep such an obvious security risk in an important position. Even more so, we have a right to ask why a moral leper such as Jenkins is allowed to remain on the public payroll. Regardless of security, he doesn't belong there simply because he isn't fit to be there. We as citizens have a right to expect integrity, decency and honor of the people in our government.

The Jenkins case, along with Bobby Baker and Billy Sol Estes and others that are not permitted to come to light, point up the fact that morality is actually one of the really important issues of this election. George Washington told us that morality is essential in government, and common sense tells us the same thing. We're flirting with disaster when we retain an administration that tolerates crooks and perverts, and even uses its power to prevent their

SH Alumni Plans Gala Homecoming For November 14

Plans are moving forward for Sacred Heart High School's annual homecoming celebration November 14. The program is sponsored by Sacred Heart Alumni Association.

Invitations have been mailed to all graduates from the first graduating class in 1939 through the class of 1963.

Honored guests will be graduates of classes 1939 through 1943.

Along with the invitations ex-students received a card to return indicating whether they will attend the banquet and they are urged to return these by November 7 so the banquet committee will know how many to prepare for. A married graduate will bring husband or wife. Unmarried graduates are permitted one guest.

The dinner is a feature added this year to the traditional program of football game, queen crowning and dance. A turkey menu will be served at 6 p.m. in the Parish Hall with the honored class members as non paying guests. For others the meal is a dollar a person. The favored class groups will also receive free admission to the game.

Crowning ceremonies will begin at 8 p.m. on the Tiger field. The dance in the Parish Hall will follow the game. The public is invited to join in the dance for which Jimmy Jones and his orchestra of Wichita Falls will play.

Heading a long line of committees working on the homecoming program is Tommy Herr. He has secured Melvin Herr of Wichita Falls, a 1950 graduate, as master of ceremonies for the dinner.

Tigers Slip Past Jesuit B 14-13 In Thrill Classic

In a determined late rally the Tigers came from behind last Thursday night and nosed out the Jesuit B Rangers 14-13.

The big push started in the last five minutes and crossed the goal line with about a minute to go. But then came the one big play, the one that would decide whether the Tigers would win by a point or lose by a point.

David Hess was elected to make the try. He headed around right end and knifed over the line just barely inside the side line — a play that the Big D boys did not see as the officials did. They insisted that the play went over the side line instead of the goal line and the bonus points should not be allowed.

That was the surprise ending of a game that started as an easy one for Jesuit. After the opening kickoff the visitors went down the field in a steady push for the first score. The drive made 60 yards in 10 plays and Booher went over from the 10 for the TD. A kick attempt for extra point failed.

Next the Tigers failed on their first series and the Rangers were off on their second drive. It went 65 yards in 11 plays and Booher again made the score, on a crash into the middle for 3 yards. Booher's kick for the extra point was good and the Dallas boys led 13-0, seconds before the end of the first quarter.

MHS Halloween Event to Feature Pioneer Costumes

A pioneer costume contest, particularly the style of clothing worn by this community's pioneers, will be the big feature at the annual Halloween carnival at the public school Saturday night, Oct. 31. It is a special event commemorating the 75th anniversary of the founding of Muenster on December 8, 1889.

There will be two divisions of the contest, Principal George Petrus announced this week. One is for adults, the other for high school students, and two winners, a man and a lady will be selected in each division.

A third division, for the kiddies, will be a Halloween costume contest, also with prizes for the two first place winners.

Other attractions at the party will be the customary concessions by which students make money for their class funds.

CD of A Members Busy on Bazaar Opening Tuesday

Bazaar time in Muenster is fast approaching.

As the actual days for the CDA bazaar draw closer members of the court are going in to final preparations for the events they will sponsor next week Tuesday, Wednesday and Thursday. They're setting up their wares in the Main Street building formerly occupied by Fisher's Market.

The bazaar will last all day and a noon meal — a barbecue sandwich plate — will be available. Hot coffee, doughnuts, sweet rolls and soft drinks will be sold all day and everyone is being urged to have a coffee break with the CDAs.

Work of labeling and pricing articles began this week Thursday. Almost everything will be found in the various booths at the bazaar... from foods to Christmas gifts.

Many members of the sponsoring group work all year on contributions, especially if their speciality is handmade items.

Cooks of the organization have their favorite recipes out for breads, doughnuts, rolls, cakes and pies, candies and other delicacies.

Since the bazaar precedes the Christmas season it provides the perfect opportunity for finding unusual gift items.

Mrs. Leo Lawson and Mrs. Wesley Landsfeld are general chairmen. Mrs. Al Schmitt is in charge of the bake sale, Mrs. Henry Pick is heading the rummage sale and all members are busy in final preparations for the bazaar.

Costume Contest Heads Parochial Halloween Party

Halloween time will be costume time for children of the Sacred Heart School — and their younger brothers and sisters.

An announcement this week invited the kiddies to a costume contest in the parish hall Saturday night, Oct. 31, starting at 7:30 o'clock.

The contest will be held in three divisions, each of which will offer prizes of \$2.00, \$1.00 and 50 cents for the first three places. The divisions are preschool and primary (through grade 3), elementary (grades 4-6) and junior high (grades 7 and 8). Entrance fee is 10 cents per child.

Children are reminded that the contest will feature originality in portraying Halloween characters. Something in the attic or basement with the right treatment, could become a prize winner.

Hornets Lose 20-0 In Struggle with Indians of Sanger

The Muenster Hornets ran into plenty of trouble last Friday night in their encounter with Sanger's big rugged Indians and were lucky to hold the score down to 20-0.

With power to spare, the Indians seemed able to advance whenever they pleased, but a combination of interceptions, fumbles and penalties helped the Hornets stop several of their drives.

They were first stopped about midway in the first quarter after moving down the field in a steady drive following the kickoff. Five first downs for 56 yards put them on the Hornet 4 with a first down. A stubborn Muenster defense helped by a 5 yard penalty stopped the drive a foot short of the goal.

From there Muenster made a first down and kicked on the second series. Sanger fumbled the kick and Muenster recovered on its 46. Next four tries fell short by a yard and Sanger took over on its 45.

At that point Howard apparently got loose for a TD but Wimmer caught him from behind on the 15. Four plays from there did the job. Harberson scored from the 4. A kick failed. The score was 6-0 less than a minute into the second quarter.

Muenster came back with two first downs and failed by inches to make the third series. The ball went over on the (Continued on page 10)

Hearing Scheduled Nov. 9 on Proposed Addition to City

Persons interested in the proposed annexation of an area south and east of the city are urged to attend a special hearing in the City Hall by the City Council Monday, November 9, at 7:30 p.m.

Members of the council at their meeting Monday night called for the hearing to help them determine what area is to be accepted by the city in the proposed annexation.

The area proposed is that within a half mile of the east city limit and all of that between the south city limit and the Katy railroad.

Mayor Earl Fisher said that final action will not necessarily include all of the proposed area. That is the legal limit that can be annexed and the council decided to let the hearing determine how much of it will be considered for annexation.

Another topic discussed by the council was Halloween Trick or Treat excursions. Members agreed the custom has got out of hand in recent years and recommended cooperation with the two schools in their efforts to keep youngsters off the streets. The official attitude of the council is not to forbid but to discourage wandering on the streets. It urges all the children to attend the carnivals of their respective schools.

Nathan Hobbs, 77 Native of Bulcher Dies in Oklahoma

William Nathan Hobbs, 77, a native of the Bulcher community, died Sunday at 11 a.m. in a Clinton, Okla., hospital. He had made his home in Jefferson County, Okla., the past 45 years.

Funeral services for him were held at 2 p.m. Tuesday in the First Baptist Church at Hastings with the Rev. J. N. Sides of Dorchester, Texas, officiating. Burial was in Hastings Cemetery.

Hobbs was born June 8, 1886. He and his wife moved to Jefferson County, Okla., in 1919, farming at Hastings and Waurika since that time. His wife died in 1961.

Survivors include four sons, five daughters, 17 grandchildren including Don Trull, former All-American quarterback at Baylor and now with the Houston Oilers, and a granddaughter who is Hollywood Singer Mollie Bee.

Also surviving are two sisters and one brother, Joe Hobbs, of Plainview, Texas, and 11 great-grandchildren.

R. D. Morris of Muenster is a cousin and the Rev. Lee Morris of Gainesville is an uncle.

Attending the services were Mr. and Mrs. R. D. Morris and Mrs. Earl Robison. Mr. and Mrs. Joe Hobbs accompanied them back for a visit.

Hornets Hope to Break Era Jinx at MHS Homecoming

Coach James Polk and his Muenster High Hornets have high hopes this week of marking up their first conference win at Era's expense as an MHS homecoming treat Saturday night.

According to the record, this looks like the first even match for both teams on this year's conference schedule. Last week Era was clobbered by Valley View while Muenster was walloped by Sanger—and vice versa for the week before. Furthermore, in Polk's opinion the two outfits are about evenly matched, with Era having a slight advantage in weight.

And there's another big item — the matter of Era's long standing jinx over Muenster, all the way back to 1937. That was the last time Muenster beat Era and the Hornets are most determined to break the jinx this week. The record of recent years reads as follows: '63, 32-12; '62, 15-6; '61, 52-0; '60, 14-12; '59, 20-14; '58, 22-6; '57, 20-19. All were won by Era except the '57 game which was the deciding one in the district race.

Indications are that the MHS boys will be in good shape for the game. There are no injuries and spirit is fine.

A quarter turn a day towards the sun will keep your African violets growing evenly.

Members of the various parishes will assemble in front of St. Peter's Church at designated places before 3 p.m. for the march. The sermon and Benediction will follow.

'54 Grads Named Special Guests at Homecoming

The welcome mat is out this week for the exes of Muenster Public School, particularly the graduates of ten years ago. Members of the 1954 class will be honored guests at the homecoming celebration which features a banquet at 6 o'clock, the annual Muenster-Era football game and crowning festivities at half time.

Graduates of 1954 are particularly urged to be here for the homecoming. As the committee reminds, it is the best opportunity each of them will have to see old classmates.

The homecoming program will begin with a 6 o'clock banquet and get-together in the school cafeteria. Added attractions will be a vocal solo by Mrs. Rody Klement and a dance by Miss Charlotte Wolf, the one she used in the Miss Texas pageant. The banquet is timed to be over before the football kickoff at 7:30.

Next on the program is the traditional homecoming ceremony presenting the queen and her court. It will be a at half time in the game.

The identity of the queen will remain a secret until the ceremony. She has been elected in a secret ballot by the football team but results are not known even to the team. Candidates are Faye Embry, Jill Swirczynski, Peggy Hellman and Peggy Branch. The winner will be crowned as queen and will also receive flowers. The other three will make up the royal court and each will receive flowers.

Escorts for the royal party will be the four captains of the Hornet football team: Roy Hartman, Roy Wimmer, Tommy Swirczynski and Tommy Flusche.

A preliminary to the homecoming festivities in a bon fire and pep rally to be held Friday night 6:15 p.m. at the public school.

THE GREAT SOCIETY

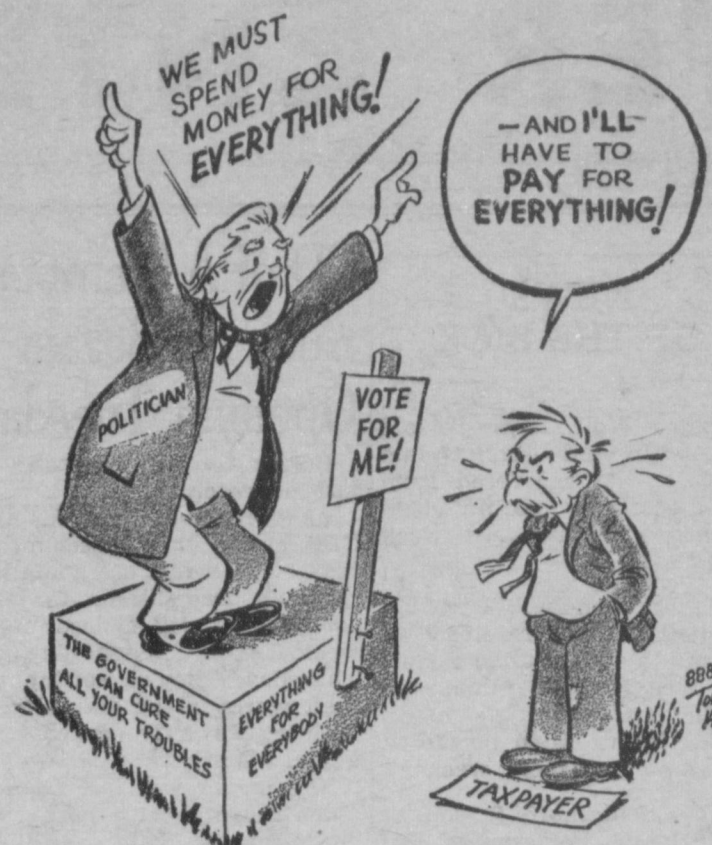

When L.B.J. first sprung "The Great Society" on a perhaps confused electorate, the phrase sounded vaguely familiar. In checking, we find the Library of Congress has a pre-World War I book with a title page "The Great Society." It was written by Brahm Wallas, an English Fabian Socialist.

It is to be noted that the Fabians took great care never to call their programs socialism, perhaps correctly figuring they would be more acceptable under other labels. Doubtless Mr. Johnson exercises similar care with a wide-ranging

series of proposals, which are socialism and can only lead to welfare statism, with a Washington bureaucracy managing our affairs from conception to resurrection.

A pet program with the Fabians was socialized medicine which travels in this country under the euphemism Medicare. One of the criteria of any socialistic program is that it requires mass participation. This is why the proponents of Medicare hate the Kerr-Mills plan of medical care. Under K-M, medicare is available to those who need it. This does not gear with Fabian desires. They want everybody to be forced into accepting Medicare.

Proponents assert, vigorously, that anyone who says costs will skyrocket makes false claims to discredit the Fabian concept. In rebuttal, the Los Angeles (Calif.) Times has unearthed some figures which are revealing. The French have Medicare under their Social Security System. Recently, a government report said France's Social Security System faces bankruptcy, the chief reason being the high cost of Medicare. Present con-

The Story of Politics

tributions to the French system are now at the rate of 26 percent for workers and 18 percent for employers.

The French have learned the hard way. The US should learn by their experience, without having to go through the agonizing cycle of socialized medicine and its bankruptcy, which is one ingredient of "The Great Society."

A VOTE FOR WALTER REUTHER

A vote for Lyndon B. Johnson will be a vote for Walter Reuther. That is the conclusion inevitably to be reached as the close association of the head of the United Auto Workers and the President becomes more and more in the open.

Now that Reuther has hammered through a "settlement" with Chrysler, which presumably will be forced on Ford and General Motors, the talk is that he can be the next secretary of labor if he wants the job.

North American Newspaper Alliance reports that if Johnson is elected and if Reuther wants the job he can have it. It is noted that Reuther was in almost constant touch with Johnson during the Chrysler negotiations. Reuther is credited with having prevented a floor fight in the recent Democratic convention over the seating of the Mississippi Democratic Freedom Party, and saved the President considerable embarrassment.

Reuther and Hubert Humphrey, the vice presidential candidate, are also old buddies in the "ultra-liberal" Americans for Democratic Action, and NANA says Humphrey would "press hard" for the UAW boss if he wants the cabinet post.

Whether Reuther has ambition to be in the cabinet can be answered only by Reuther. For years there have been warnings that this man had ambitions to rule the United States. It would appear that he is coming close to his goal. —Santa Anna, Calif., Register

CLOSE TO THE WELFARE STATE

U. S. News & World Report has published a chart that every taxpayer should study. It shows the incredible growth of federal subsidies to the states and local governments.

In 1954 this spending totaled \$2.7 billion. The figure for the current year is \$10.2 billion. Next year, according to official estimates, it will reach \$10.6 billion.

A very large part of this goes for a lengthy list of aid and welfare projects, along with such innovations as federally-financed slum clearance and housing developments. And, staggering as the dollar figures are, they can't tell the worst part of the story. That part lies in the steady erosion of state and local rights, obligations and responsibilities. At the rate we're going, it won't be long until nonfederal governments will be little more than meaningless names.

We are closer to a Welfare State than the majority of people realize. Unless the trend is checked somehow, the ultimate effect on the American character, as well as the American pocketbook, will be disastrous.

WORKS LIKE A CHARM

In his triumphal visit to El Paso and the ceremonial meeting with Mexican President Adolph Lopez Mateos solemnizing solution of the 100-year-old Chamizal boundary dispute, President Johnson said: "Let Chamizal stand as a symbol to all the world that the most troublesome of problems can yield to the tools of peace."

And we are sure it will. We are confident that the Chamizal formula cannot miss — anywhere. All you need to do is give the other fellow all he asks for.

And for good measure — and so there can be no local friction — pay your own nationals to move out of the real estate they foolishly thought was theirs.

And, presto, there's peace!

AN INFORMED ELECTORATE

Get-out-the-vote campaigns have been a part of national elections for a great many years. Of late, however, something new and eminently worthwhile has been added. More and more of these campaigns stress that it is the duty of the voter to seriously and thoroughly study the issues and evaluate the candidates before entering the polling booth.

An uninformed vote is worse than no vote at all. The policies and principles that are adopted now, with the consent of the electorate, are those which will do much to determine this nation's future. They will, in many instances, profoundly affect the lives and opportunities of our children and our children's children. It cannot too often be repeated that an informed people is the first essential of the perpetuation of our institutions and our freedoms.

By all means, vote — the fact that so many million qualified Americans commonly stay away from the polls has long been a national disgrace. But, above all, really know what and who you are voting for.

Only a few months ago Washington slashed income tax levies and the economists predicted a roaring upswing in purchases made by people who were permitted to retain a larger portion of their earnings. . . . Rather than spending like mad, or incurring new obligations which could be paid for with the savings, they proceeded to pay on what they already owed, and then salted away a good portion of what remained. It is a good thing they did for the Internal Revenue Service has announced that tax withholdings from wages, as computed at the time of the tax slash, have proven to be too low. Talk about Indian Givers, Washington either must have more than its quota of them; or no one on the banks of the Potomac has a sharp pencil.

— Rockland, Me., Courier

Senator Storm Thurmond writes: "The number one sound fiscal expert in this country is Senator Harry Byrd, chairman of the Senate Finance Committee. He has estimated that it would take 600,000 years to pay off our current national indebtedness if we began applying \$1 per minute against our debt. And, we are not even applying a penny per year. Instead, we are going deeper into debt each year with no promise of any debt payments in the foreseeable future. Our annual interest on the debt for each year is \$11.1 billion. This amounts to the tax take from 11 States. Any nation or any individual can live it up without incurring economic repercussions for a time, but there is always a pay-up day someday."

Mexico Ag Attache Guest of Medders To See Angus Herd

Visiting at Colonial Acres Farm Saturday, guests of the Ernest Medders, were Dr. and Mrs. Henry Hopp of Mexico City. He is the agricultural attache with the American Embassy in Mexico City.

The visitors had a three hour stay with a tour of the farm and were guests for supper in the Medders' home. Their chief interest was in the farm's Black and Red Angus herds. During the day they had been in Dallas at the Fair seeing the agricultural exhibits. Colonial Acres' Red Angus was on display. They had no competition.

Mr. and Mrs. Medders are giving a Black Angus bull to the National Agricultural School in Chapingo, Mexico, where students are building herds from the best breeding stock.

Dr. Hopp invited Mr. and Mrs. Medders to attend the National Cattle Show in Mexico City which is expected to draw a million people during the week beginning Nov. 14. A thousand animals will be exhibited.

Accompanying Dr. and Mrs. Hopp to Muenster were Jimmy DeLoach of Dallas and Carl Webb of Fort Worth.

Muenster Juniors Lose 38-6 at Era

The Pee Wees of Muenster public school were clobbered 38-6 Tuesday night by the youngsters of Era.

The scoring spree started on the first play of the game and kept going through all the periods. However, the Muenster kids, apparently wised up to Era's ways as the game proceeded, improved their defense toward last and did a fair job of holding their big foes.

They also had the satisfaction of scoring. In the third period Larry Wallace got away on a 65 yard sprint to the goal.

Usually over powered by a big margin, the kids were even more so in this game. Monday was kept out by an old injury, Cason was put out by an injury on the first play.

The potato blight of 1845-51 brought a famine in Ireland which caused the death of 1,500,000.

Political Announcements
MRS. JO HILLIS JAMES WHALEY

Livestock production must increase 1 1/2 million head per year to keep pace with consumer demand.

P. T. Barnum, the great showman, once received a letter from a Vermont offering him a cherry-colored cat for \$600. Always on the look-out for a novelty for his show, Barnum sent the \$600 — after getting the man's solemn word that the creature was cherry-colored.

A crate arrived, Barnum opened it and a black cat jumped out. Around it's neck on a ribbon hung a note, reading, "Up here in Vermont, our cherries are black."

Muenster Knights Hear Pep Talk at Annual Breakfast

About 150 Knights of Columbus and their ladies were present last Sunday for the local KC council's annual communion breakfast commemorating Columbus Day.

Heading their program was a talk by Jerry Klement of Fort Worth, a native of Muenster, former district deputy of the local district and former grand knight of the Denton council. He was introduced by his father, J. A. Klement, former grand knight of the Muenster council.

Jerry's talk emphasized two topics: first the order's fine record of service to the church and country and its charitable activities, then recommendations of the kind of projects and programs known to build lively councils. He also recalled the rule that is axiomatic with all organizations: "You can't get anything out of an organization unless you put something in."

Another feature of the program was presentation of a Good Neighbor award to Bill Pratt for five years of friendly and efficient service as law enforcement officer of Muenster, and also for a pleasant inter-faith relationship in the community. It was the second such award given by the council in appreciation of pleasant relations with a person of another faith. Last year it was Clive Gobble.

Herbert Meurer presented the award to Mr. Pratt in behalf of the council.

Others on the program were Chaplain Father Alcuin Kubis and Grand Knight Walter Klement. John Mosman was master of ceremonies.

Mrs. Tony Wiesman of Gainesville entertained with a coffee Friday for wives of men who work for Burk Royalty Co. Twelve were present.

A knot is a speed of one nautical mile per hour.

4th Degree KCs of Area Gather for Ritual and Dinner

Fourth Degree Knights of Columbus from Muenster, Wichita Falls and Windthorst joined for formal installation of officers in Muenster KC Hall Sunday afternoon at 2 o'clock.

Richard Hatton of Fort Worth, master of the district, conducted the installation ritual.

Knights attended from the Bishop Gorman Assembly of Wichita Falls, the Father Albert Assembly of Windthorst and the Bishop Danglmayr Assembly of Muenster. Others were present from Dallas, Sherman and Jacksboro.

While the men had their program, ladies were entertained by Mrs. John Mosman and Mrs. Joe Horn in the Mosman home. Afterward they joined for a social hour in the KC lounge and then had dinner at Rohmer's Restaurant.

Sixty-nine members and their ladies attended.

Officers of the local assembly are Joe Horn, faithful navigator; Andy O'Connor, faithful captain; Henry Weinzapfel, faithful comptroller; Joe Trachta, faithful pilot; Otto Sla-deck of Sherman, faithful advocate; L. A. Bernauer, faithful purser; John Mosman, faithful scribe; Joe Fisher and Nick Miller, faithful sentinels, and Father Alcuin Kubis, faithful friar.

It's a Conservation merry-go-round all right. Because nature goes round and round in the process of creating, destroying and rebuilding natural resources.

Throughout the state and nation, 4-H Club members are lining up to get on the conservation merry-go-round. They are eager to do their share of protecting and replacing the forests, wildlife, grasslands, water and soil that are either used up or destroyed. They deplore senseless misuse of nature's gifts.

A new 4-H Conservation program, recently announced by the National 4-H Service Committee, offers young people incentive awards. They are county conservation medals, a free trip for the state winner to the National 4-H Club Congress in Chicago, and \$500 college scholarships to the six top members chosen from all state winners.

The sponsor is John Deere, a long-time backer of 4-H Club work. The program is carried out under the supervision of the Cooperative Extension Service, county extension agents and local club leaders.

Winners in all categories will be announced at the close of the 1964 club year.

SOIL CONSERVATION DISTRICT NEWS

OUR SOIL ★ OUR STRENGTH

Cooperators with the Upper Elm-Red Soil Conservation District continue to make progress in carrying out their conservation plans.

Those who have constructed farm ponds with the assistance of the SCS and County cost-share money are Reeve A. Cooke, Wilfred Reiter and Bayer Brothers of Muenster, Roy H. Forman Jr. of Decatur, Jack Biffle of Myra and Ruel Cannon of Saint Jo.

J. W. Fleitman built two ponds on his ranch in Montague County. The county was out of money and Joe paid the full amount. These ponds were located, staked and checked out by SCS personnel.

Walton Grayson III constructed an erosion control structure on his place at Marysville. A diversion terrace 800 feet long was built to direct water

from a gullied area into the structure. Terrace construction includes 3100 feet by John Fleitman and son at Myra and 10,775 feet by Ed Knauf at Muenster. Very little soil was lost on these two places during the last big rain. Places not terraced received severe erosion. Two grassed waterways were staked off on the Kleiss Brothers farm west of Muenster. These will not be seeded to small grain and in the spring will be sprigged with Bermuda grass and used as terrace outlets. Many more waterways are

needed in the Muenster-Saint Jo area. SCS technicians have sent letters to cooperators needing waterways asking them to let the SCS mark off areas before they plant grain. Most of these cooperators seem to have chosen to let the land wash away rather than establish a waterway. Now is the time to begin seedbed preparation for spring grass planting. SCS personnel recommend early plowing, deep plowing, and leaving it rough through the winter months. For additional information call or come by the local SCS office.

Hospital Auxiliary Plans Silver Tea For Yule Season

Muenster Hospital Auxiliary members at their October meeting Thursday night looked ahead toward benefits they will sponsor for the hospital before the year ends and planned two social events, the dates of which are to be announced later.

A silver tea is calendared for some time during the Christmas holidays. Mrs. Ernest Medders has offered Colonial Manor for the occasion. The group is also planning a county-wide Stanley party combined with a table game party.

Benefit events to date have brought in enough cash to pay for the hospital's electrocardiograph machine. A check for \$600 was presented to Sister Mildred, hospital administrator, by Mrs. M. H. King, auxiliary treasurer.

Another social event upcoming is not a benefit. It's strictly social. It's a tea as a welcome and get-acquainted courtesy for doctors and their wives. This date, too, will be announced later.

Mrs. Ervin Hamric, president, conducted the meeting and extended thanks to everyone who helped make the benefit dance a success. Special thanks went to the local VFW post for giving up one of their dance nights and for the use of their hall for the dance.

The Auxiliary is compiling a list of hours of work donated to the hospital, since it started, by people of the area. All who have done volunteer work are asked to list the work and hours and turn it in to Mrs. Hamric.

After business Mrs. John Fisher and Mrs. Henry Pick served refreshments and Mrs. John Grewing drew the door prize, a pair of hand made pillow slips donated by Mrs. Joe Kathman. About 35 members were present.

Will Some of These Dollars Get Into Your Pocket?

These are the dollars new industry brings into a community... an area... a state.

These are the dollars spent for materials and labor to construct plants... dollars paid for new jobs... dollars spent for raw materials, goods and services. These are tax dollars, too, paid by the new plants and workers, that come back in the form of schools, streets, highways and other public institutions and facilities.

Texas Power & Light Company's Industrial Development Division, working in close cooperation with chambers of commerce, industrial foundations and other citizen groups, carries on continuous efforts to attract new industries to the area served by the Company.

During 1963, forty-five new industries located in the TP&L service area and, during the first 8 months of 1964, another 37 were added.

TP&L will continue to work in the future, as it has in the past, for the industrial growth and prosperity of the area it serves.

Simple Enough
A young man was asked by his father what the dance, the twist, was like.

"Well," replied the son, "Imagine yourself crossing the street with a basket of eggs in one hand and a box of light bulbs in the other, and just as the light changes your suspenders break. What you do from there on will be the twist."

The rural doctor's nurse rushed in and said, "Those boys are swiping the green apples off that tree in the back yard. Shall I run them off?" The doctor considered a moment and replied: "Mmmm . . . No."

Lindsay had a good attendance at the 4-H awards banquet in Gainesville Community Center Monday night. 4-H clubbers who were among the honored ones are Christine Bengfort for food and nutrition, Sammy Bezner for safety, Ralph and Francis Herms for dairy, Carolyn Block for home economics, Bryan Bezner and Jacob Bezner, electric, and Danny Eberhart for field crops. Parents of the winners joined them in attending the night's program.

Among Dallas Fair visitors Sunday were Mr. and Mrs. J. C. Schmidkofer and Mrs. Henry Hess.

"LITTER COSTS YOU TAX \$\$\$." Signs on the tailgates of 900 semi-trailer trucks will be a strong reminder to millions of Texas residents and visitors that litter is expensive, as well as unsightly. Here, J. H. Kultgen of Waco and a member of the Texas Highway Commission, starts the highway department's campaign in ceremonies at the Owens-Illinois glass container plant in Waco. Looking on are, left to right: R. H. Linam, president of Central Freight Lines and O-I Plant Manager Warren Coombs.

Herbert Schmidkofer has recovered from surgery performed at Muenster Hospital last week Thursday. He entered Wednesday and was dismissed Friday evening.

Former Lindsay resident, Father Herman Laux of Rhineland, was back for a visit a few days this week. He also stopped in at the rectory in Muenster to see the pastors.

Father John has announced that the parish will have a mission beginning December 6.

Tigers - - -

The Tigers lost a big opportunity to get on the score board. A pass to Hoenig gained 20 to the 12 and three downs gained almost 10. A short gain would set up a first down — four tries for less than 3 yards. But it failed and the Rangers took over. The rest of the period was a defensive tussle with neither team making any worth while progress.

The Tigers opened the second half with a bang. After a good kick return, three plays made a first down on the Jesuit 44 and two plays later Leon Endres, on a keeper, circled left end for 41 yards to the goal. A pass for bonus points failed and the count was 13-6.

Near the end of the period Sacred Heart moved again but an interception on the third series stopped the drive.

For a while, then, neither team made any headway until the Tigers got going on the final drive for 64 yards. Ray Wimmer finished the job with a plunge from the 2.

Hornets - - -

Three short gains and two good passes quickly moved up field to the Hornet 22 and a holding penalty set the Indians back 15 yards. Next a loss of 5 and a gain of 7, then a pass. Wimmer nabbed it at about the 20 and sailed up the left side line until he was forced out of bounds on the Indian 18.

From there the Hornets made 6 on three plays and lost possession as a fourth down pass went incomplete.

Starting the next half Muenster failed to move on its first series and Hartman's long kick put the Indians back on their 17, from where they started another drive. It went all the way, grinding out six first downs in 19 plays before Romines made the last 5. Harberson made bonus points for a count of 14-0, seconds before the quarter ended.

In the fourth period Sanger's efforts were spoiled twice by fumbles before it started moving again. Three first downs then reached the 18 where Muenster braced. The Indians were set back on a penalty and gained 5 on four tries, and lost possession on the 18.

But an interception three plays later put them back in business on their 23. Payne made 21 his first try and scored on the next.

Cubs Run Wild in 44-16 Win over Lindsay Juniors

Walter Wolf's Sacred Heart Cubs ran wild at Lindsay Tuesday night for a decisive win of 44-16.

The game started fast as Clifford Sicking took the kickoff and weaved 80 yards for the first touchdown. Alcuin Schilling followed over for extra points.

Next one was on the first scrimmage play of the game as Kenny Stoffels intercepted a Lindsay pass and returned it 30 yards to the goal. Leroy Hess made bonus points. The Cubs led 16-0 before the game was a minute old.

Later in the first period Sicking got loose for 65 yards and boosted the count to 22-0.

The only TD of the second quarter resulted from a 40 yard drive made mostly by Melvin Bayer and completed by Schilling from the 5 yard line.

Opening the second half Lindsay made a nice drive down the field and saw the effort wasted by a heart-breaking fumble recovered by David and Herbie Fette on the 2. Next play Sicking got away again, 98 yards. Schilling added 2 points.

Finally it was Lindsay's turn. A nice end run for 50 yards made 6 points and another run added 2 more.

On the kickoff that followed a nice 75 yard return was spoiled by a clipping penalty and the ball went back to the 42. From there it was a steady drive, Sicking making the last 5 yards. Leroy Hess made 2 more.

The rest of the game was Lindsay's. It was a steady drive with a TD on the final play of the game. The try for extra points was good.

Next action for the Cubs will be with Windthorst next Sunday starting at 1 o'clock on the Tiger field.

exposure. You've noticed, of course, that Red China, since its nuclear explosion, is suggesting a world wide ban of nuclear weapons. As if to say "we have it now, but we'll generously agree to scrap ours if you'll scrap yours." What kind of suckers do they think we are. In the first place they are still far from having an adequate stock. In the second place we couldn't make such a deal if they had an equal stock. This way we're as strong as they are. The other way they'd have the advantage of about 10 soldiers to our one. No thanks, let's keep the equalizer and not trim down our strength to give them the advantage.
