During last fall's political campaign Senator Goldwater was branded as trigger happy and irresponsible when he suggested bombing supply lines and staging areas of the enemy in Vietnam. Last Sunday his supporters had the satisfaction of seeing his judgment vindicated. The method he proposed was adopted by the man who led the ridicule and it was cheered by many others who echoed the previous criticisms.

That angle of Sunday's retaliatory raid has little significance, of course, except as a political observation. It just goes to show how seriously a man can be hurt by the clever manipulations of political propaganda, even when his idea has solid merit. It shows also how many people can be influenced by tricky phrases to reject a good idea.

But regardless of politics, it's comforting now to note that our president has taken a firm stand and the nation is supporting him overwhelmingly. Our national pride gets a definite lift from the realization that we are finally determined not to be pushed around any more.

The game we have been playing in Southeast Asia is absurd and detrimental to our prestige. As anyone knows, we could achieve little by just fighting off attacks when and where the enemy chose. That's how we lost in Korea. That's how we have been losing in Vietnam. That's the method that was deplored by MacArthur, that is despised by every military man in our country's service. Sunday's raid, and Monday's indicate an urgently needed awakening. If we are going to win we'd better try to lick the enemy. We need offense as well as defense.

At least a few more signs indicate that we are taking the conflict more seriously. Dependents of service personnel are being sent home and defense missiles are being sent over there. Apparently we're expecting hot action and are preparing to deal with it accordingly. At long last it seems we are thinking about winning.

Also at long last, this may be the time for us to give Chinese Nationalists their long awaited chance. We haven't heard any mention of that yet. And if it happens we can't expect to be told in advance. But reason tells us it is a definite possibility. If we're going to get into the fight seriously our best bet is to make the best use of allies who are dedicated to restoring freedom in their homeland and all of Asia.

For now we can only wait and see what the future will bring. Meanwhile we can hope that this is the long delayed turning point marking the end of our retreat from the red menace. In fact, we shudder to think what can develop if we fail to make good in this effort. There's little left of freedom's will to resist in Asia. Can it take another disappointment and still survive? Can the rest of the world survive if all of Asia goes communist?

Behavior in Moscow relative to our reprisals in Vietnam is another incident that deserves stern treatment by our government. Knowing the nature of authority in Russia, we have to assume that the destruction at our embassy Tuesday was carried out with full knowledge and approval of the Kremlin. In other words it was an official act of the Soviet Government. It could not be otherwise because groups over there can't assemble nor do anything without official sanction. Besides, reports of the outrage tell us that plenty of police were there but did nothing.

Insults like that are inexcusable among civilized people, and it's hard for average folks like you and me to understand why our government does not retaliate. We wonder why Uncle Sam continues to have any dealings whatever with such barbarians. We wonder how we can endure such humiliation and still expect the respect of the world.

Nor was this something new. It was just the latest of many incidents. We've been insulted by practically every two-bit dictator of the world

Religious and Social Event Observes Golden Wedding of William Becker

Fifty years ago Tuesday, on Feb. 9, 1915, two popular young people from Muenster were married.

Saturday the same couple observed the 50th anniversary of this event with festivities befitting a golden jubilee.

Mr. and Mrs. William Becker who are 70-year residents of Muenster had their family and friends with them for the celebration.

And the bridegroom who was late for his wedding and kept the bride waiting at the church door, and the wedding guests wondering, was on time for the anniversary observance.

Father Alcuin Kubis celebrated the anniversary Mass in Sacred Heart Church at 4 p.m. and directed the renewal of wedding vows pledged a half century ago by Bill Becker and Lizzie Knabe.

A reception and banquet buffet followed in the Parish Hall and some 250 guests danced afterward to conclude festivities.

Dinner Program

A dinner program revealed highlights of Mr. and Mrs. Becker's life. Both are natives of Nebraska—different towns—and got acquainted after their families moved to Muenster in 1895.

William Becker was born May 28, 1885, in Friend, Neb., son of Nick and Barbara Becker. Elizabeth Knabe was born November 20, 1890, in St. Libory, daughter of Albert and Elizabeth Knabe.

They have three children, Werner and Martin Becker of Muenster and Mrs. Herbert Hundt of Dallas and ten grandchildren, all at the celebration, and one infant grandchild.

Werner Becker was master of ceremonies and the history was told by grandchildren, Werner Becker Jr. and Mrs. Leonard Haverkamp.

There were many amusing incidents, amusingly told, and the audience was in gales much of the time. Side comment and commentary by Father Alcuin kept the assemblage in stitches.

Car Caused Delay

Mr. Becker was late for his wedding in 1915 because he had hired a car for the day. Those were still horse and buggy times and he had arranged for a car for the wedding day—or so he thought. The man with the car failed to show. After what seemed an interminable wait he rode horseback to the car man, discovered there was a misunderstanding, and picked up the car himself. And the bride waited at the church door an hour.

Mrs. Becker still has her white satin and lace wedding gown but it has deteriorated through the years. For the anniversary (Continued on page 4)

Muenster Hosts VFW Convention For District I

Veterans of Foreign Wars and members of the Ladies Auxiliary from 11 of 13 posts in District I converged on Muenster during the weekend for their quarterly meeting. One hundred and fifty attended the Sunday banquet. More were present for other program features.

L. N. Kirkpatrick of Eden, senior vice commander of the Department of Texas, was the banquet speaker discussing the closing of veterans' hospitals and urging members to use their influence against this proposal.

He announced district winners in the annual Voice of Democracy Essay Contest, one of whom placed in the state contest. These included Paul Madden of Denison, No. 1 in the district and third in state and Judy Armstrong of Gainesville, second in the district. These two young people read their essays. Mayor Earl Fisher extended welcome, opening the banquet program. In the men's business session afterward the next district meeting was set for May 15 and 16 in Sherman. It will include election of officers.

The Auxiliary's business session was honored by the presence of district and department officers. Jessie Morrison of Denison, district president, presided. Only 4 Percent Of 1964 City Tax Is Delinquent

Muenster people's record of paying their city taxes this year was not as good as last year, but almost as good. Tax collections before the deadline were 96 percent of the total, according to a report from Mrs. Arnold Henschel, city secretary. Last year they were 97 percent complete.

Total assessments of city tax for 1964 was \$20,797.56 and total collections through the last day were \$19,993.33.

Most of the delinquency falls in one class, Mrs. Henschel said. It consists primarily of youngsters who fail to pay ad valorem taxes on their cars.

4 From Muenster Get CCJC Honors

Muenster has four students on the Cooke County Junior College honor roll, according to listings released Tuesday by John Shepherd, dean of instruction.

Mrs. Jerry (Rosalie) Reiter was one of six students making the President's Honor Roll. To qualify, day students must make all A's in 12 or more semester hours.

Day students on the Dean's Honor Roll among 52 qualifying are Carol Henschel, Eileen Knauf and Charlotte Wolf.

City Water Well Gets Service Job

A well servicing job on the city's No. 4 water well, on South Maple, is intended to increase production there to a level that will be adequate for the summer's heavy demand. Water Superintendent Steve Mosler said its output was down to about 80 gallons a minute.

A perforating job at a lower sand level will bring an added supply of water, possibly increasing the well's capacity to 150 gallons a minute.

At this time the city has no water problems. The three wells can furnish much more than is needed. But all wells have to be in good condition to furnish all that's needed through the hot months.

WAR ON POVERTY

This week we received in the mail a mat five columns wide by 12 inches deep, which is evidently one of the first salvos in the War on Poverty, which we were asked to run free of charge for the Government.

The mat has a big heading: 'BE SOMEBODY,' and then tells about the opportunities for young people 16 to 21 years of age, out of school, who can't find jobs and can't serve in

the armed forces, in joining the Job Corps.

In the Job Corps, the youths are told, they'll associate with other young people their age, eat good food, learn a trade. BEST OF ALL, they get \$50 a month while learning.

Now this is a wonderful opportunity! The Government is spending millions of dollars on the program. The newspapers were asked to contribute, with this first advertisement, about \$600,000 worth of space and the Government spent maybe \$20,000 on the mat, mailing, etc.

Why do we question it? We will very gladly take youths 16 to 21 years of age and teach them a trade if we get by with paying them \$50 a month plus room and board. In fact years ago our printing plants and others like it throughout the country did just that. And this same thing happened in virtually every trade.

But now we can no longer do that. We must pay minimum wages, including time-and-one-half for overtime.

Youths, who do not have financial resources, can no longer go out on their own and learn a trade because no employer can hire them except at great financial loss to the company while the youths

are learning. They must go, instead, to a trade school, and if they don't have money for tuition they can't go there.

We don't know what procedure the Government plans to follow with its Job Corps. Perhaps they will subsidize some of the schools to teach trades. That will mean more millions.

If we really want to War on Poverty, we can do it by allowing business to have the same privileges the Government is taking in this instance. If an in-shop apprentice training program were allowed at reasonable salary rates, a lot of youths today walking the streets could be gainfully learning a trade. And they'd do it at no expense to the taxpayer.

However, such a program is to simple. There are no bureaucrats mixed up in it.

NO SALE!

Railroad labor leaders now are calling on Federal Government to buy up and run the nation's railroads. Fortunately, - for railroad workers themselves as well as for the beleaguered American taxpayer - Uncle Sam isn't likely to be buying.

The rail nationalization recommendation of the "Railway Labor Executives' Association" is indefensible on virtually any realistic point of debate. Perhaps the most telling rebuttal was the prompt prediction of J. E. Wolfe, the railroad's chief labor negotiator, that the public will recognize the union leaders' proposal as "a pressure tactic" born of "frustration" in current negotiations.

But there are at least two other points worth examining: the rail union officials, first of all, clearly want to have their cake and eat too. They have for years mounted increasing pressure on the railroads for higher and higher wages for railroad workers. Yet when the railroads - struggling for existence in the fiercely competitive transportation arena - seek to pay for these hikes by improving efficiency and eliminating unnecessary jobs, the answer of these labor "leaders" is outright opposition and a demand for nationalization.

Even more important, however, is a quick look at the contrasting pictures today of privately-operated railroads in the United States and government-operated railroads in Europe. For every dollar European governments take in on their rail lines, they pay out \$1.20. The general taxpayer (who else?) comes up with that 20 cents on every dollar.

In this country, our railroads not only pay for all their own expenses out of their own revenues but also turn more than five percent of what they take in back to Government in property and income taxes—about \$500 million a year. Nationalize these lines, and Government not only loses this tidy sum but is also socked for likely future operating deficits, and for the mere \$26 billion it would cost Uncle Sam to buy up privately-owned rail properties!

US taxpayers - railroad workers among them—may take comfort in the 9-to-1 margin by which a recent nationwide opinion poll rejected any such senseless waste of tax dollars. Senate Majority Leader Mike Mansfield (D.Mont.) was quoted as viewing the railroad nationalization proposal as "unwise and uncalled for."

He has a lot of company in THAT view.

Four Rules Listed To Assure Better Health of Teeth

Good teeth start in childhood and there are things parents can do to help insure that their offspring have a minimum of dental health problems both in childhood and later years.

To point up the fundamentals of good dental health for children, the American Dental Association has declared the week of Feb. 7-13, 1965, as National Children's Dental Health Week.

The ADA lists four simple rules which, if followed faithfully, can help to reduce decay. These are:

1. Cut down on sweets, especially between meals.
2. Brush teeth immediately after eating (snacks as well as regular meals). When this is not possible, rinse mouth thoroughly with water.
3. Have regular dental check-ups. This enables the dentist to discover decay and other problems at early stages. Just as with other diseases, early treatment of dental disease is easier and more likely effective.
4. Flouridation of community water supplies greatly reduces decay, says the ADA. Where supplies are not flouridated dentist may suggest applying flouride directly to children's teeth.

Sugar is named as the major cause of tooth decay. Bacteria that are always present in the mouth act on sugar to produce acids. These acids attack the teeth. Of course, sugar also is an important part of the diet. But it can be controlled. Nibbling on sweets throughout the day is hard on teeth. Eat your candy all at once, then brush your teeth.

Many children, perhaps most of them, lose a tooth or two through an accident with a baseball bat, a fall or other playground scramble. Even if it's a baby tooth that will eventually come out anyway, prompt professional care is important. First, wrap the tooth in a wet towel or place it in water. Don't clean the tooth; you may remove vital tissue. Take the child and the tooth to a dentist as quickly as possible. There's a good chance that the dentist will be able to replace the tooth

so that gums and bone structure effect a healing process and the tooth once again becomes sound and useful.

Dental authorities agree that the child should make his first visit to the dentist at about 2½ to 3 years. By this time all of the baby teeth will be in, and the dentist can check for any minute sign of decay or any malformation which might lead to more serious problems later. ADA has found that dental patients under the age of 4 years have an average of three teeth needing filling.

Sound teeth in childhood can prevent many dental problems in later life. Regular dental care is an important part of the overall health of the family.

GOODING, IDAHO, LEADER: "If social security were ended by public choice there would be no money available for refunds. The money is not there; it has been spent. The total paid annually into social security is about equal to the outgo for that year. The program is growing larger. If social security is burdened with another complete new and growing program such as medicare, the combined cost would be prohibitive and would greatly complicate the social security program's future."

No window post. No floor hump. No radiator. No power steering. No power brakes.

(Some of the things you don't get in a Corvair are among your best reasons for buying it.)

'65 Corvair Monza Sport Sedan

Corvair by Chevrolet

The beauty of it, of course, goes deeper than the things you don't get. There's the other side of the coin—what you do get in their place.

Take the no window post, for example. What you do get is hardtop styling—with curved frameless side windows—in every Corvair closed model.

The transmission and driveline hump you don't get means more foot room. Thanks to Corvair's rear engine, the floor is practically flat.

No radiator—the engine's air-cooled—also means no water, no antifreeze and no hose leaks to worry about. All

of which add up to some more important pluses.

Power steering? Power brakes? Corvair needs them like a centipede needs crutches. With most of the engine weight on the rear wheels, the front ones are free to steer easily. And stops are quick and sure—with no nosediving.

Local News BRIEFS

Mrs. Wesley Landsfeld had as guests during the weekend her daughter and son-in-law, the Stanley Krenecks and baby daughter Stace Renee of Fort Worth.

Mr. and Mrs. Joe Linn had as guests one day last week their former neighbor Mrs. J. A. Sanders now of Fort Worth and her sister Mrs. John Miser of Sand Springs, Okla. Both were visiting in Gainesville a few days with another sister, Mrs. M. A. Slaughter. When Mrs. Sanders returned to Fort Worth Mrs. Miser accompanied her for a visit there before returning home.

Visitors Saturday, and overnight of the Willie Walterscheids, were former residents Dr. and Mrs. L. O. Laughlin and four children of Oklahoma City. They were also among guests at a surprise birthday party for George Petrus at the home of Mr. and Mrs. Dick Cain. Mrs. Petrus planned the surprise for her husband. Eight couples were guests including Mr. and Mrs. Bill McCollum of Dallas. The Laughlins have bought a home in Oklahoma City and are getting settled in the new place.

Mr. and Mrs. Carl Herr of Pilot Point visited Sunday with his sisters, Lena, Lizzie and Katie Herr at their home and they all went to Muenster Hospital to visit another sister, Mrs. R. R. Endres.

Showing off their new daughter to relatives here for the first time Sunday were Mr. and Mrs. C. J. Hellman of Gainesville. Their baby's name is Shawna Lee. Her uncle and aunt, Chris Walter and Mrs. Jimmy Hellman, were godparents at her christening.

Mr. and Mrs. Leroy Berend of Hereford were here this week coming especially so Mrs. Berend could be with her mother, Mrs. Ed Hess, who had major surgery Monday at Muenster Hospital.

John Riggs returned to Subiaco, Ark., Friday after a week of visiting here with his family and at the Stock Show helping tend cattle.

Mr. and Mrs. Frank Bayer spent Sunday in Grapevine with their son and family, the Randy Bayers, who are settled in their new location following a move from Gainesville.

Gene Hoenig was in Garland two days of last week at the General Motors Training Center attending a school for parts salesmen. He's with Wilde Chevrolet Co. Bobby Walterscheid, also from Wilde's attended a class there this week on automobile electrical systems.

Colonial Acres' Herdsman Gets in Show's Spotlight

Colonial Acres herdsman, Alex Sakellaridis, got in the spotlight at the Fat Stock Show. He was photographed with the farm's champion Angus and interviewed. The picture and the story appeared in the Feb. 4 issue of the Fort Worth Press. The feature titled "Greek Has the Know-how of Cattle Expert," was written by John Moulder. It follows.

He wears a Stetson like a cowboy, speaks with the accent of a Greek and has the heritage of an American frontiersman.

But most of all, Alex Sakellaridis has the know-how of a cattle expert. He's been the man behind champions at stock shows all over the country.

Now, Alex is caring for prime Angus cattle entered in the Fort Worth Stock Show by his present employer, Colonial Acres Farm at Muenster.

His title is herdsman. To city slickers, that means Alex selects calves that might become champions at livestock shows and cares for them from the time they're sucklings until they're full-grown and ready for the judges. As a nutrition expert, he selects and prepares the feed that will make the animals sleek and fat and strong.

Alex' background spreads across oceans and three countries. His father is Greek and his mother is a member of a pioneer Montana family. The parents met in this country, married and went to Greece.

Alex was born in Athens. He lived in Greece until after World War II and lived in Turkey until 10 years ago. He immigrated to this country with his parents at the age of 17.

He had started his education at a junior college in Turkey, finished it at Michigan State University where he studied animal husbandry.

Then he launched his career as a herdsman. He worked on several of the top-name ranches throughout the country.

For 3½ years he was herdsman at the Nieman-Marcus Ranch at Lewisville until it disbanded last fall. Then he went to work for Colonial.

Alex and his wife, a Rhome girl, have one son, Travis, 2.

Alex is probably the only herdsman at the stock show that fluently speaks three languages—English, Turkish and Greek.

An advertisement in a rural newspaper: For Sale—one Holstein cow, base price \$100. Accessories; Udder, \$75; 2-tone color; \$50; four split hoofs \$10 each; extra stomach \$35; dual horns (optional) \$5 each. Total price \$310.

Mrs. Frank Haynes and three children of Euless visited Saturday with her parents, the M. F. Milners.

The flag that inspired the Star Spangled Banner is in the Smithsonian Institute in Washington.

Golden Wedding -

niversary she wore a becoming blue crepe dress with a blue velvet hat and a corsage of white carnations sprinkled with gold.

The gown of 50 years ago was made by Mrs. Henry Walterscheid, then Miss Mary Pels, and she was recognized during the after-dinner program.

Attendants Saturday were Mr. Becker's sister, Miss Mary Becker who was bridesmaid in 1915, and Mrs. Becker's brother, Frank Knabe of Hereford, replacing another brother, Albert Knabe of Muenster, who could not be present.

The couple's courtship began at a dance in the Parish Hall. He rode on horseback and did not have a way to take a girl home but he danced the last waltz with the girl who was to become his wife and escorted her to her brother's buggy. He brought a buggy of his own soon after this. He liked spirited horses and it was known that there wasn't a horse he couldn't break. The courtship lasted

six years. Mr. Becker's father had died and the brothers promised their mother they'd stay at home until the farm was paid for.

Retired From Farming

Mr. and Mrs. Becker farmed until 1954 when they retired and moved to their present home in the city. Both are still youthful and active.

Other program features included accordion and vocal numbers by a granddaughter, Theresa Becker, songs by the two sons Werner and Martin—they are a musical family—songs by the choir, short impromptu talks by several people to the audience, and an added bit of history by Mrs. Martin Becker. The Martin Beckers observe their wedding anniversary on the same date. This year was their 11th. There were two decorated cakes.

Werner and Martin Becker, with Theresa Becker playing the accordion accompaniment, sang "Let Me Call You Sweetheart" while the goldenweds cut their cake. Father Alcuin concluded with congratulations and the benediction.

Out Of Town Guests

A granddaughter, Monica Becker, registered guests. These included Mr. and Mrs. Paul Becker of Exeter, Neb., Mr. and Mrs. Louis Spitz and daughter, Miss Peachie Spitz, of Hastings, Neb., Mr. and Mrs. Frank Knabe of Hereford, Mr. and Mrs. Herbert Hundt and family of Dallas, Mrs. Henry Thoel of Wichita Falls, Mr. and Mrs. Charles Schlabs of Hereford, Mrs. Charlie Meurer and Mr. and Mrs. Arnold Meurer of Windthorst.

Others present included some who attended the wedding in 1915 and four other couples who have celebrated golden weddings: Messrs. and Mmes. Tony Trubenbach Sr., Werner Endres, Matt Muller and Felix Becker.

Naval Airman Pat Knabe who leaves Friday this week to start his tour to Midway Island, was the honoree at a family gathering Sunday in the home of his grandparents, the Matt Mullers. Joining Pat's family, the Norbert Knabes, and the relatives from here were Mr. and Mrs. C. D. Richards and children of Arlington and Mr. and Mrs. Pete Hellinger Jr. and daughters of Lindsay.

Countians Attend Hereford Wedding Of Doris Berend

Cooke County was well represented in Hereford Saturday among guests at the wedding of Miss Doris Rae Berend, daughter of Mr. and Mrs. Ewald Berend, former Cooke Countians.

Miss Berend became the bride of Raymond E. Brorman at 5 p.m. Nuptial Mass in St. Anthony Church. Some 300 people attended the wedding and reception afterward in St. Anthony Hall.

Guests included Joe Mages, godfather of the bride, Mr. and Mrs. John Fleitman, Mr. and Mrs. Felix Yosten, Tommy and Monica Yosten, Mr. and Mrs. Ted Henschel, all of Muenster.

Messrs. and Mmes. Henry Grewing Sr., Frank Beyer, Kenneth Zwinggi and Kim, all of Lindsay, Ben Otto, Messrs. and Mmes. Otto Simmons, Leo Hoedebeck and Tony Reiter, all of Gainesville. Also Mr. and Mrs. Red Tomlin of Whitesboro, Mr. and Mrs. Lavel Kinsley and family of Big Spring and Miss Gloria Yosten of Dallas.

Newspaper Hosts Women Publicists

Press and public relations representatives of the Diocean Council of Catholic Women and affiliate organizations were guests of the Texas Catholic, diocesan newspaper, for the annual press luncheon with Bishop Thomas K. Gorman as host at Lakewood Country Club.

The press luncheon is held each year on the feast of St. Francis de Sales, patron of the Catholic press.

Prior to the luncheon the group toured the chancery office and the composition facilities of the diocesan newspaper. At the Country Club they heard talks by Bishop Gorman, Msgr. Thomas Weinzapfel, and Msgr. James Tucek, editor of the Texas Catholic.

Attending from Cooke County were Mrs. J. W. Fisher of Muenster, Mrs. John Kuntz of Valley View, Mrs. T. L. Anderson and Mrs. L. K. Evans of Gainesville, Mrs. Ed Schad and Miss Anna Hermes of Lindsay.

County and State FB Conduct Drive For Membership

A county wide membership drive is being conducted this week by the Cooke County Farm Bureau in observance of "Farm Bureau Membership Week" in Texas and Cooke County, as designated in proclamation by Governor John Connally and Judge William Carrol.

Al Bengfort, chairman of the drive, said that the FB goal is to raise county membership from 600 to 650. The state wide goal is 100,000 members. There were 92,552 at the end of 1964.

Mr. and Mrs. Leo Appel and daughter Leona of Houston visited the Fisher relationship over the weekend.

Sister Irma and three nun companions, all of Sherman, were here Sunday afternoon to visit her mother, Mrs. M. J. Endres and Sister Francesca Walterscheid who was here from Hollister, Calif., to attend her father's funeral.

They brought a birthday dinner, including a decorated cake, and gifts. Mrs. Joe Linn also presented a birthday cake.

A man and his wife were out walking when they found a water bill on the sidewalk. Said he: "I'm going to pay this bill."

"What do you want to do that for?" she inquired. "It isn't yours."

"No," he said, "but there's a 25 percent discount on it and I might as well have it as anybody else."

Son: "Dad, instead of buying me an expensive graduation gift, why not give me something you've made yourself?"

Three Baby Boys Baptized Sunday

Three infant boys were baptized Sunday afternoon in one service in Sacred Heart Church by Father Alcuin Kubis. Brian Paul, son of Mr. and Mrs. Herbert Cunningham Jr., had as godparents his uncle and aunt, Earl Cunningham and Miss Carolyn Cunningham. Carolyn came from Dallas to spend the day. Baby Brian wore the christening dress that is traditional in the Cunningham family and which was worn by his daddy at his baptism.

Gregory Robert is the name Mr. and Mrs. Dan Luke selected for their son. His godparents are an uncle and aunt, Robert Henzler of Pilot Point and Miss Diann Henzler. Others at the ceremony were the maternal grandparents, Mr. and Mrs. Henry Henzler of Pilot Point and the baby's parents and family.

Mr. and Mrs. Henry Felderhoff named their little boy Kevin Leon. Mr. and Mrs. Leon Krebs of Gainesville came to be godparents for their nephew. They brought their five children with them and all attended the ceremony.

The hand used in measuring height of horses is four inches.

WHEAT PROFIT

Each 80 pound bag of **JOHN DEERE 45** contains 36 pounds of solid nitrogen. That's 36 pounds of profit-power for your wheat. No wonder wheat farmers like to top-dress with 45! You store ½ less bags . . . You carry ½ less bags . . . cover ½ more acres. The extra "N" in **JOHN DEERE 45** means more work saved, more money saved . . . more profit for you. **JOHN DEERE 45** is non-corrosive . . . won't harm expensive equipment. **JOHN DEERE 45** is non-leaching . . . it stays put! And, it dissolves fast, even in dew, and gets right down to the root zone.

TOP-DRESSING WITH **JOHN DEERE 45** IS A MOVE TO MORE WHEAT PROFIT. GET ALL THE FACTS FROM YOUR LOCAL JOHN DEERE FERTILIZER DEALER . . . HE'S A NEIGHBOR.

Medders Red Angus Among Champions At Fat Stock Show

Red Angus cattle from Colonial Acres Farm were among champions at the Fat Stock Show in Fort Worth and among rosette and ribbon winners for their owners, Mr. and Mrs. Ernest Medders, who were exhibitors at the show for the first time this year.

They showed the reserve grand champion bull, W. B. Commanche, the farm's herd bull, reserve champion of the Red Angus breed. A young cow and a baby bull calf was a second place winner, three other entries won second place, two were fourth place winners and two were seventh place winners. Every animal they entered was a winner and they gathered up ten awards.

Mr. and Mrs. Medders attended the Red Angus breeders' banquet during the Stock Show at Western Hills Motel. So did Farm Manager Bill Oliver. He also spent two days with the national show committee setting up rules for future shows of the Red Angus breed.

Others at the banquet of the Medders' party were their son John Riggs, Miss Sandra Purcell of Fort Worth and C. S. Martin of Muenster.

Mr. and Mrs. Medders were introduced and congratulated for the work they are doing with the Red Angus breed.

Medders Entertain Brazil Couple and Wyoming Family

Sunday afternoon visitors with the Ernest Medders family and their guests for six o'clock dinner were Mrs. Waldo (Sally) Forbes, a veteran rancher, and three children of Sheridan, Wyoming, and Mr. and Mrs. Guilherme Decamposalles of Brazil—all cattle people interested in Red and Black Angus breeds.

They toured Colonial Acres Farm and the Medders' Saint Jo properties.

Mrs. Forbes, a widow, manages a ranch left her by her late husband. She had been at the Stock Show exhibiting Red Angus... she's been exhibiting for about eight years... and was looking over her competition in Muenster—the Medders exhibited for the first time this year—and was impressed by what she saw at the Medders Ranch. The Brazilian couple, cattle raisers and buyers, also had been at the Fat Stock Show.

Couple Cited as Texas Ambassadors

A treasured memento of the Presidential Inauguration for Mr. and Mrs. Ernest Medders is an engraved parchment citation they received Saturday from Washington.

The citation reads in part... Whereas the State of Texas takes pride in the honor bestowed upon its native son, Lyndon Baines Johnson... therefore be it resolved that Mr. and Mrs. Ernest Medders shall herewith be cited for meritorious service as Ambassador of the State of Texas to the Presidential Inauguration in the Year of Our Lord 1965.—The citation has the national seal affixed and is signed by Joe Pool, representative at large.

A Midwesterner on his first trip to New York managed to hit all the bars in Times down a stairway leading to the subway.

Emerging a half-hour later, he met a friend who had been searching for him.

"Where in the world have you been?" the friend demanded.

"Down in some guy's cellar," the man replied, glasse-eyed, "and boy has he got a set of trains."

His '65 Ford rides quieter....than his Rolls-Royce

Tests proved it.* Does this mean Ford now rivals one of the world's most wanted luxury cars? Hardly! But these tests do mean plenty—to you—if you're shopping for a popular-priced car. They prove Ford has outstanding strength, design, quality. Compare Ford, in every way, with everything in its class...

Feel Ford's solid quality

- 100% new body—strongest ever on a Ford.
- New frame "tunes out" vibration.
- New suspension puts a big ultrasoft coil spring at each wheel.

Inspect Ford's luxurious new LTD models

- Decorator interiors, thick nylon carpeting.
- Walnutlike vinyl inserts on doors and instrument panel.
- Rear-seat center arm rests, five ash trays (4-door hardtops), padded instrument panel, and more.

Relax in Ford's spacious interiors

- Swept-back instrument panel, lower transmission hump.

- Trunk holds four 2-suiters standing upright, and more.

Test Ford's new power

- Big, new 289-cu. in. V-8 standard in XL's and LTD's.
- New Big Six—biggest Six in any car. Test-drive a '65 Ford!

*Leading acoustical consultants conducted tests in which 1965 Fords (Galaxie 500 Sedan, XL and LTD Hardtops) with 289-cu. in. V-8 engines and automatic transmissions rode quieter than a new Rolls-Royce. These tests were certified by the U.S. Auto Club.

Lindsay News

A visitor this week with Mr. and Mrs. Adolph Fuhrmann and family was the Rev. Vincent Daugintis, Catholic chaplain of McKnight Hospital, Sanatorium, Texas.

Mrs. H. S. Fuhrmann is back home after being a patient at Muenster Hospital for medical care.

The Rufus Bezner family is all back at home, recovering from flu that sent Rufus and the four children to Muenster Hospital for treatment.

Plans have been made for Lindsay sports banquet on Saturday, Feb. 20, 7 p.m. in the school cafeteria. The event will honor football, pep squad, girls' and boys' basketball teams. Advance sales of tickets is being conducted. Admission is \$1.25.

Hornets End Poor Season with Win Over Saint Jo

Though they have a record of only 3-7 for the season, the MHS Hornets have the satisfaction of dumping a loop leader in the closing game. Saint Jo Panthers, tied with Valley View for top spot, were upset 51-46 here Tuesday night.

Starting the game Saint Jo moved ahead early and had leads of 14-6 and 31-21 ending the first two quarters. Then Muenster took charge of the next two periods. Third quarter ended 35-35 and the game ended 51-46. Robison 13, Reiter 11 and Russell 10, led the scoring for MHS.

Last Friday the situation was reversed as the Hornets lost to Callisburg after a comfortable lead. First period the Wildcats led 8-6 and at the half it was Muenster 21-20. In the third Muenster jumped to a 37-27 lead and in the last period Hornets couldn't hit while the Wildcats couldn't miss. Callisburg nudged ahead 43-40.

Robison and Flusche with 10 each led MHS scoring.

The girls games were two losses closing out a winless season. Callisburg's loop leaders swamped Muenster 56-21.

Next one with Saint Jo was fairly close for three quarters, then a feeble ending for Muenster. First period MHS led 8-6, but Saint Jo gained after that. Scores ending the next two periods were 17-13 and 28-22, then in a big finale Saint Jo gals made it 41-26.

—mostly those who have received generous help from us and will probably get a lot more. That is the kind of friendship we have been buying.

It's about time some of our big shots started keeping count of the incidents and acting accordingly in shaping foreign policy. Why should we go on wasting efforts and funds on unscrupulous scoundrels who only double cross us?

Becha, however, that we will not do anything more than just file some sort of protest, which will be ignored, as usual. And after a while we'll go on as usual, straining ourselves in a dozen ways to get along with the pack of global gangsters whose prime purpose is our destruction.

There is a disturbing inconsistency in our handling of the current chain of events. We've shown firmness to North Vietnam. Why not also to Russia? The outrage at our embassy calls for a prompt reprimand that can be felt by Russia and seen by the world. Soviets need to learn that the bully boy behavior is out of order. We and the rest of the world need to see some improvement in Uncle Sam's self respect and prestige.
