MUENSTER, COOKE COUNTY, TEXAS 76252 MARCH 19, 1965

NUMBER 17

President Johnson received a landslide of public approval Monday night when he took a firm stand in defense of Negro voting rights. The country knows that many areas of the South have arbitrarily set up difficult and impossible regulations to keep colored people from registering, and have also set up obstacles to prevent the registered Negroes from voting. Our national conscience feels somewhat better as we realize a determined effort is under way to eliminate the injustice.

An unfortunate feature about the whole affair, however, is the blanket demand for a federal law allowing all to vote without any mention of qualification. Does this mean that states hereafter have no more jurisdiction over voter regulations? Does it mean that another power formerly reserved to the states will be taken over by the centralized federal bureaucracy? Is this the price all states have to pay because some have been derelict in their duty?

In calmer times this problem might possibly be worked out satisfactorily. But feelings run high now, with indications that the law will be passed as recommended and more states rights will go down the drain. There's only one encouraging note about it — the implication that federal authority will not interfere if states will respect the law.

In another respect also, the president's message was somewhat disappointing. Some remarks about Negro responsibilities would have been in order. While agreeing that voting demands of Negroes are justified, we do not agree that their general behavior of the past year is justified.

How about the destructive riots of several northern cities? How about nuisance lie-down demonstrations which violate other people's rights not to be bothered? How about trouble makers who keep aggravating the racial issue by constant agitation? Isn't it about time for rabble rousers to settle down and let a friendly Congress solve problems in a peaceful way?

Racial troubles aren't altogether one sided. Often it is rather a case of resentful Whites being goaded by arrogant Blacks. No wonder there are clashes. And matters are made worse when violence to a Negro is blown up as a national disgrace but violence to a White is passed over as insignificant. For instance, a negro was murdered in Alabama about the same time a white youth was murdered in Harlem. You know which received the big attention. But both were racial crimes.

We think the President was correct in assuring colored people that their voting right will be respected. But he should have told them also to start respecting the rights of others.

That annual "scramble time" problem will be upon us again in just a little more than a month. So we are reminded in a recent item of news revealing that on April 25, 100 million Americans will go on Daylight Saving Time while the other 85 million will stick to Standard Time.

The confusion experienced in many past years prompts us to wonder all over again why the public still tolerates the mass inconvenience of this brainstorm, especially in these days when the advantages of coordinating time schedules seem more important than ever before.

Depending on whether a certain locality is using the ST or DST schedule we have to calculate by either or both methods to determine when an event is happening by our time. The unavoidable effect is to thoroughly foul up such simple matters as travel schedules or radio and TV schedules.

Of course each time zone will have both systems in use. Some areas on DST, some on ST. If the country is alerted to some big event, for instance the President's speech, we may be told that it will be 7 p.m. Eastern DST. That would be 5 p.m. by our Central ST. Or if it happened in a DST area of our own zone we'd still have to adjust by one hour to coordinate with our ST schedule. Meanwhile we have to remember that DST in the Mountain Zone is the

A. J. Higgins, 79, Of Myra Dies After Long Illness

A. J. Higgins of Myra, former Muenster resident, died Monday morning in Gainesville Hospital after an extended illness. He was 79.

Funeral services were held Wednesday at 2 p.m. in Vernie Keel Chapel and burial followed in Rest Haven Memorial Park. The Rev. Bob LaGrone, pastor of Myra Baptist Church, and the Rev. C. M. Thomas of Gainesville were officiating ministers.

Bearers were Ancil Smoot, Ed Wright, O. G. Rennells, Roy Davis, Clarence Hudspeth, and Roy Townsley.

Andrew J. Higgins was born in Arkansas Dec. 7, 1885, and came to Muenster with his parents from Pittsburg, Camp County Texas, when he was a child. They lived south of town in the Linn community. He married Miss Maggie Meads in her parents' home, also in the Linn community, on July 29, 1906.

The couple farmed north of Muenster for two years, then spent five years in Wheeler County, West Texas, before settling at Myra 51 years ago. He farmed until he went to work under civil service at Camp Howze. After that he worked for Cooke County Electric Cooperative for about five years until he retired. In 1956 the couple celebrated their golden wedding.

Survivors include his wife; one son, A. J. Higgins Jr., Denison; three daughters, Mmes. Holman Acker, Emma Burks, and John Bell, all of Gainesville; eight grandchildren, and seven great-grandchildren; also three sisters, Mmes. Pearl Crow, Sherman, Mattie Gregory, and Ethel Lillard, Durant, Okla.

Kin at Rites for Andrew Tischler

Relatives from Muenster and Lindsay attended funeral services for Andrew Tischler in Pilot Point Tuesday afternoon.

Requiem Mass at 2 p.m. in St. Thomas Church was followed by burial in the parish cemetery. Father James Gillespie, pastor, officiated. Military rites were conducted by a Perrin Air Force Base detail.

Tischler, 69, was a native of Pilot Point, a veteran of World War I and a retired farmer. He died Sunday night of a heart attack, stricken after he returned home from fishing, and was dead upon arrival at a Sherman hospital. His wife, the former Miss Minnie Bauer, died in 1941 and his only son died in combat during World War II.

He is survived by eight daughters, a number of grandchildren, three brothers and three sisters. Attending the services from Muenster were Mr. and Mrs. Al Yosten. The Lee Tischler family attended from Lindsay.

Alumni Gals Get V'Ball Trophy

The Sacred Heart Alumni ladies team returned home Saturday night with the runner-up trophy of the Lions Club volleyball tournament at Nocona.

They received it after they were nudged out of the champ trophy in a hot overtime contest with Sands Motel of Nocona. Earlier they cinched at least the runner-up title by beating North Saint Jo.

Muenster Mill and Alumni men did not do as well. Both won their openers and faced each other in the second tussle. Mill won and was slapped down by Geer Tanks of Jacksboro in the champ semifinal. Next game Geer Tanks took the big prize.

This week the Mill and Alumni men are competing at Tioga. In openers Mill beat Howe and Alumni lost to First State Bank of Celina. Wednesday night the Alumni was eliminated by Howe. Thursday night at 10, Mill will play the Celina bank.

MEETING POSTPONED

A note this week from County Agent Neil Tibbets discloses that a meeting of cotton farmers at Valley View cannot be held Thursday the 18th as planned — because of a conflict of dates. New date for a meeting still is not announced.

Mrs. Joe Luke Is New Chairman of Muenster Library

Mrs. Joe Luke is the new City Library chairman.

Announcement of her appointment was made at the March meeting of Muenster Catholic Daughters of America Friday night by Mrs. Al Schmitt, grand regent.

Mrs. Luke succeeds Mrs. J. M. Weinzapfel who resigned recently after being head librarian of the CDA court-sponsored City Library since its establishment over five years ago.

Mrs. Luke has been a steady worker in the library through the years. She is familiar with library procedure and assumes the chairmanship highly qualified.

Mrs. Schmitt expressed thanks to Mrs. Weinzapfel for her devotion to duty and for the countless hours of her own time spent on library projects.

City Library is open each Thursday for business from 9 a.m. to 4 p.m.

Tigers Lose 10-7 In Opening Game At Pilot Point

A last inning rally by Walter Fell's Sacred Heart Tigers fell short Tuesday afternoon and they lost their first baseball game 10-7 to the Bearcats of Pilot Point. The Muenster boys improved their count by 3 in the top of the seventh and the home towners claimed the game without using their last inning.

A lead of 5 in the first two innings sweetened by a grand slam homer in the fifth put Pilot Point on easy street. Tigers, until the last inning, could manage only one each in the third and fourth and 2 in the sixth.

Otherwise the game was fairly even except on errors, where Pilot Point was better by a count of 2-5. Leon Endres pitched all the way allowed 10 hits and two PP hurlers allowed 8 hits and two walks. Endres fanned 8, the opposing hurlers fanned 7.

Tiger hitters were Larry Hess a homer and two singles, Melvin Koelzer a triple and a single, Dale Hofbauer a double, Willie Wimmer and Leon Endres each single.

Elm-Red Board Deplores Cut in SCS Allotment

"Unbelievable and unwarranted" were the words used by Harold Skaggs, Chairman of the Board of Supervisors of the Upper Elm-Red Soil Conservation District, in explaining his reaction to the proposed cut in SCS funds for next year. "Agencies doing so much good for our country should be expanded rather than reduced," he added.

These thoughts came after hearing of the Bureau of the Budget's proposal to Congress that the Soil Conservation Service budget for next year be reduced by \$20,000,000. This cut back would be absorbed by soil and water conservation districts or by individual landowners in paying for technical services on their farms and ranches.

The Upper Elm-Red SCD's share of this reduction would be approximately \$28,377.00 annually. "The local district has no tax levying power nor does it want such power," Skaggs said. "It would be next to impossible for us to raise such a large amount from individual donations year after year," he remarked.

Skaggs says the revolving fund proposal would reverse a policy of 30 years. "In 1935, Congress began a policy of providing SCS technical assistance without charge to the private landowners willing to adopt farm wide conservation programs on their land," said Skaggs. This proposal reduction could result in a 50% decrease in the application of conservation practices on farms and ranches, he believes.

Skaggs urged all citizens of this soil conservation district interested in continuing an active progressive program of soil and water conservation to write their Congressmen and others in leadership roles concerning this unmerited and unnecessary proposal. "Let's stop this thing before it ever starts and work for more emphasis on soil and water conservation," he said.

Local Nuns Join Diocesan Plan for Vocation Programs

The Benedictine Sisters of Sacred Heart School are cooperating this week in a program to bring new faces into all diocesan parishes for the Vocational Week campaign of creating more interest in the vocation of Sisterhood.

On Thursday, Vocation Day throughout the diocese, a meeting of parish high school girls from both schools is being held in the MHS auditorium. Here to conduct the meeting and answer questions are Sister Teresa of St. Pius X School and Sister Jovita of Ursuline Academy, both of Dallas.

At the same time Sister Roberta of SH School and Sister Patrick of Lindsay are in Dallas for appearances at Ursuline Academy and St. Peter's School.

Also as a part of the same general program, Sister Romana of SH School was one of a panel of four nuns discussing Vocations Tuesday night before the Home-School Society meeting of St. Rita's Parish in Fort Worth.

Sister Mildred is back at Muenster Hospital after a week at Jonesboro, Ark., attending a retreat for Benedictine Sisters. She returned Tuesday and Sister Romaine of the hospital staff left Tuesday to make a week's retreat. They greeted each other in Dallas as Sister Mildred came in and Sister Romaine left.

Elm-Red District Sponsors Contest In Land Judging

Eight boys making up the Muenster FFA senior and junior land judging teams will compete Saturday in the annual land judging contest sponsored by supervisors of the Upper Elm Red Soil Conservation District.

The event, which is open to all 4-H and FFA boys of the district, will be held at Cooke County Junior College. All of the entries will be guests of the supervisors for lunch at noon. Soil Conservation Service technicians will conduct the contest and grade papers.

Members of the Muenster senior team are Glenn Fleitman, Joe Hartman, Robert Russell and Jimmy Robison. Junior team members are Chris Cain, Leon Walterscheid, Jimmy Cler and Ken Stormer. The four members of each team participate and the three high scores are added to determine the team score.

Galloway Elected State Director of Area III Jaycees

Joe Galloway, past president of the Muenster Junior Chamber of Commerce is one of the four new state directors of Area III. The directors were elected last Sunday at the Area Winter Meeting hosted by Arlington Jaycees in the Inn of Six Flags.

His job will be to visit meeting in ten cities of the Area several times during the year helping the separate clubs, to coordinate efforts and assist each other in carrying out the Jaycee program. Clubs he will serve are Muenster, Gainesville, Denton, Nocona, Henrietta, Wichita Falls, Decatur, Jacksboro, Graham and Olney. He will be installed in his new job at the state convention, April 21.

Bill Perryman of Nocona placed Galloway's name in nomination and Dub Heffington of Wichita Falls made a seconding speech. There were five nominees for the four directors jobs and the four high in the balloting were elected. Galloway was one of two getting a unanimous vote.

Eleven members of the Muenster club and seven wives attended the meeting. Other than socializing and politicking they attended meetings on community service, membership and Americanism.

Parish Observes Pioneer Vow on Saint Joseph Day

A pioneer day promise holds as Muenster observes Saint Joseph's Day, March 19, Friday.

Sacred Heart parishioners credit St. Joseph for protecting their church against storms during more than 70 years. Tornadoes plagued the early day church, destroying one in 1891 and in 1893 flattening the one built to replace it.

It was then that the congregation sought to invoke the protection of St. Joseph, patron of builders, and himself a carpenter. Keeping St. Joseph's Day holy started March 19, 1894. There have been no serious storm losses since.

Services in Sacred Heart Church Friday will be a 6 a.m. Mass and a 7 p.m. High Mass followed by Stations of the Cross.

Afterward St. Joseph Society and St. Anne Society members will gather at the Parish Hall for a catered meal.

The men's group will also elect officers.

And there'll be no school in Muenster Friday.

John Zipper of Pilot Point Dies

John Zipper, 78, of Pilot Point died suddenly Tuesday evening at his home, apparently from a heart attack. Word of the death was telephoned to Muenster to a brother, Rudolph Zipper.

Funeral services with Requiem Mass were held at 10:30 a.m. Thursday in St. Thomas Church.

Survivors include the widow and five children, another brother, Joe Zipper of Dallas and three sisters, Mrs. Mary Berend of Muenster and Mmes. Ed Jesko and Carrie Ohlig of Hereford.

One inch of rain on one acre amounts to 27,143 gallons.

SH Girls Advance To District in 4-H Share-Fun Contest

Muenster's Sacred Heart Senior 4-H Club girls walked off the stage with top honors in the annual Share-The-Fun contest for Cooke County 4-H Clubs in Cooke County Junior College Monday night. They advanced to district competition in the senior division and will take their act to the Denton contest. Their entry is a medley of songs by a group of nine.

Sacred Heart Intermediate Club girls won runner-up honors in the junior division. Their blue and purple ribbon wins were second only to Valley View Community Club.

Sacred Heart clubs had five entries. Red ribbon winners were Intermediate Boys, Junior Girls, and Junior Boys.

Council Approves Clean-up Job for Water Tower

A clean-out job and inspection of the city water tower was authorized Monday night by members of the city council in their regular meeting.

The work will be done next Tuesday by a water tower servicing crew from Dallas and the cost will be \$125.

There is a two-fold purpose for the job, Mayor Earl Fisher explained. After almost three years the tank has accumulated plenty of silt and other foreign matter to justify a clean-up. And the city is particularly interested in the durability of a plastic paint used on the inside. If that paint is holding up well the council wants to use the same kind of paint inside the storage tank on North Main.

The council has decided it will have work done in the storage tank. The kind of paint to be contracted will be decided by Tuesday's inspection.

Safety Inspection Still Needed on Half of Area Cars

With about one month left in which to have motor vehicles inspected, a special appeal went out today from Captain Marvin Blount, Motor Vehicle Inspection Service of the Texas Department of Public Safety, urging motorists to obtain their 1965 Inspection Stickers immediately.

In doing so, he advised that about 50% of the registered vehicles in this area have not been inspected for the current year.

"At present rate of inspection it looks as if there could be 20% of the car owners waiting in long lines the last few days of the inspection period trying to beat the April 15 deadline. With crowded inspection stations on this deadline date, immediate service cannot be rendered and car owners will suffer an unnecessary loss of time and inconvenience."

Passenger cars are inspected for brakes, lights, reflectors, horn and windshield wipers, while commercial vehicles are inspected for the above plus additional items required by law.

"Nearly half of the vehicles already inspected have required some adjustments or repairs which require more time for both the owner and the inspection station. If car owners obtain the 1965 inspection stickers early, they will avoid unnecessary delays in inspection," said Blount.

BIRTHS

Here's that girl! Proudly announcing a daughter are Mr. and Mrs. Wally Luttmmer of Lindsay. The baby sister for their four boys arrived Friday, March 12, 4:50 p.m. at Gainesville Hospital weighing six pounds 14 ounces and has been named Diane Marie. Her brothers are Wayne, Roger, Kenneth and Bobby. And her grandparents are the J. J. Haverkamps and the Herman Luttmers of Muenster. The baptism was Wednesday evening. Father John officiating and Mr. and Mrs. Anthony Luke assisting as godparents for their niece.

Leo J. Haverkamp Quits Business Sells Equipment

Muenster is losing one of its biggest business firms today and tomorrow as Leo J. Haverkamp Well Service is disposing of all equipment in a special auction sale just east of the town's city limit. The equipment has been idle since Feb. 1.

Leo J. is quitting business after about twenty years of servicing oil wells, during which time he increased his inventory from one small rig and basic accessories to more than a million dollars worth of equipment.

Doing that was a strain, however. Leo J. had to be available all the time and he was actually working most of the time. He finally decided to try something that will allow him more time for himself. So far, he says, he has several prospects but has not decided.

Sale of the equipment is being handled by C & S Auctioneers of Gainesville and is spread over an area of several acres on the location specially leased for the event.

On it are eight service units, one for shallow well work and all the others for heavy work. Three have telescope derricks, four have double poles. Additional equipment includes mud pumps, trucks, trailers, cars, pickups, two-way radio equipment, tools, pipes, fittings tanks, welders, spare parts, etc., etc.

The community's largest payroll is affected by this change. The company had an average of 60 employees working out of headquarters here and at Whitesboro. Most of them already have jobs with other well service concerns.

Leo J. started his career in oil well service by working as an employee on local rigs before the war. Returning home from overseas, he went into business for himself and gradually increased his volume to a half million dollars annually.

Cathy Medders in Washington, Guest Of Luci Johnson

Cathy Medders left Wednesday by jet from Dallas for Washington, D. C. to spend about a week in the Nation's Capital on invitation from Luci Johnson.

Activities will include a reception for Luci and lunch with Luci at the White House and a Luci-conducted tour of the White House. Also attendance at the National Flower Show, Premier of a television show and "Meet the Stars." Cathy will attend the Texas State Society brunch, and go sight-seeing. She'll also be seeing Texas and Tennessee friends the Graham Purcells and the Pat Jennings.

This is spring vacation from classes at Hockaday in Dallas. The Hockaday girls are in California to see Disneyland. Cathy had to choose between the two events happening at the same time, and accepted Luci Johnson's invitation to visit Washington. She reviewed plans for the trip when she was at home Sunday with her parents, Mr. and Mrs. Ernest Medders. They were in Dallas to see her off Wednesday.

Teachers of the two Muenster schools had a joint meeting Wednesday night to see two educational films on modern math prepared especially for teachers by Scott Foresman Company.

The films deal with modern development in teaching mathematics which are credited with remarkable advancements in pupils' progress.

Superintendent L. B. Bruns showed the films at a PTA meeting Monday night.

On The Welfare Blitz:
 From the news of his demise until the close of his unprecedented obsequies, the soul-stirring words of the late Sir Winston Churchill that moved Britons from the depths of despair at the time of Dunkerque and the "blitz" to the selfless plane of invincibility were heard (to our advantage, we think) from every loud-speaker.

But, today, as our Congress obliges our hard-driving President with the billion-plus Ap-

palachia bill just as he wanted it, the Citizens' Legislative Information Program of Los Altos, Calif., reminds us that Sir Winston was as stout a defender of economics freedom as he was of the "tight little isle"; as implacable a foe of socialism as he was of Hitler.

The CLIP-sheet from Los Altos invites us to hear again these Churchillian words:

"The Socialist planners have miscalculated and mismanaged everything they have touched. They have tried to substitute government control and discretion for individual enterprise and skill. By their restrictions they make scarcity; and when scarcity comes they call for more restrictions to cure it . . . 700,000 officials have settled down upon us to administer 25,000 regulations never enforced before in a time of peace . . ."

"I do not believe in the capacity of the state to plan and enforce an active, high-grade economic productivity upon its members or subjects. No matter how numerous are the committees they set up, or the ever-growing hords of officials they employ, or the severity of the punishments they inflict or threaten, they cannot approach the high level of internal economic production which, under free enterprise, personal initiative, competitive selection, the profit motive corrected by failure and the infinite process of good housekeeping and personal ingenuity, constitute the life of free society."

PRESCRIPTION FOR A SAFE TRIP

BE SCARED — STAY ALIVE

The purpose of this editorial is to scare the living daylight out of you; to frighten you to the point that you will not only drive carefully but rigidly observe every safety precaution.

Consider these 1964 facts:

★48,000 persons were killed in traffic accidents, more than in any previous year, and within 5,000 of all the American servicemen killed in battle in World War I.

★587 men, women and children lost their lives in automobile accidents over the Christmas weekend, an all-time record that brought sorrow and misery to their loved ones at a time that should be given over to joyfulness.

★Two million persons were injured in automobile mishaps and the cost of the damage hit \$8 billion.

If these stark figures do not have any effect on you, if they do not make you vow to adhere to every safety measure in the book, then nothing will. You know all the things you are supposed to do to insure a safe trip—whether you are going a few blocks or a few thousand miles. Things like driving carefully, observing all traffic rules, keeping tires in top condition, using seat belts, having brakes and steering apparatus regularly checked, seeing that signal lights are in order and having functioning windshield wipers.

One little slip from prudent roadway practice and you may be one of the fatal statistics that other people will read about—in editorials like this one.

Books for Burning

The proprietor of a small shop writes Antiquarian Bookman, magazine of the old book trade, urging that the Government stock U. S. Information Service libraries abroad exclusively with paperbacks. The letter writer favors paperbacks for these reasons (and we feel his letter should have wide circulation):

"They are cheaper, and hence less costly to replace (You will recognize this as a Coolidgeism).

"They take up less space than books with hard bindings.

"They burn better.

"This means that as each library is burned or otherwise destroyed, it is not only more easily replaced, but also capable of giving more satisfaction to the indigenous peoples, for they are able to destroy more books and make a better fire as well. It is seldom that both parties to such a transaction can be pleased at the same time, and I think we ought to take advantage of such an opportunity."

We think the letter writer, Walter Goldwater of New York's University Place Book Shop, has an idea here but maybe it would be better not to send any books at all.

The U. S. Naval Academy was established in the fall of 1854.

How and Why Tips Listed for Being A Good Patient

Do you know how to be a good patient?

There's more to it than just wanting to be well. If you know how to be a good patient, you can receive even better health care, get more for your money, and make your doctor's job easier.

In a new pamphlet on the subject of "How to Be a Good Patient," the American Medical Association urges that it is important to choose a family physician before illness strikes. Meet him personally, have your medical history on file in his office and schedule periodic physical examinations. Then, should illness strike you'll know where to turn.

There is a real advantage in going to the doctor's office rather than insisting that he come to your home. Proper examination, to help the doctor arrive at a diagnosis, can be done much better in the office, where everything is at hand to make it thorough.

In phoning the doctor, when a house call is essential, be prepared to tell him all the facts in the case, the symptoms of illness, temperature and other factors. It is impossible for the doctor to carry with him all the tools of modern medicine, but if he is told what to expect, he can bring along some equipment and medicines that might help in your case.

At home or in his office, tell your doctor the whole story. The uncommunicative patient makes it more difficult for his doctor to treat him. Have in mind the salient facts about past illness, operations, accidents, even when they are years in the past. Have your questions ready, too, and never hesitate to ask the doctor about anything that is puzzling you.

Most patients are embarrassed about discussing the fee when they first go to a doctor. The best thing for both the patient and the physician

is to bring up the subject of fees on the first visit. No one should mind a frank discussion of charges.

The patient seeks the doctor's opinion about the state of his health, and he seeks advice on what to do about it. The time and money of both doctor and patient may be

wasted if you don't follow the advice. If you decide to stop taking the prescribed pills after a day or two, or if you don't bother to have the prescription filled at all, or if you head for the golf course when the doctor ordered rest, you may be facing even more serious illness later on.

Easter is April 18

Whether Easter's warm or cool, you're comfortably in step in your new HS&M spring suit. These are mid-weights, right for fickle spring weather. Cool when it's hot, warm when it's not. And there's a fresh new look. Unique weaves, subtle patterns, iridescent blends with silk and mohair sparkling new-for-spring colors.

Put yourself in step — in style — with spring at Easter. The first step is to our store.

Three Science Winners Announced

Science winners at Cooke County Junior College were announced Friday, March 12. Muenster Public School has three winners: Carol Mosman received second place in girls' physical science and Robert Fisher received third place boys' physical science and Mike Davidson, a first grader, received a third place in his division.

A dinner in their honor Friday, March 12, in the CCJC gym was attended by the winners, their parents and Mr. and Mrs. L. B. Bruns.

Banquet-Prom Social Highlight

Set in a Roman garden, constructed in the gym, the junior-senior banquet-prom, Saturday, March 13 was the social highlight of the year. Guests entered between rows of flaming torches and were greeted by Roman generals. (Ken Stormer and Terry Wimmer).

Mrs. Joe Lehnertz prepared the four-course meal which was served by white-clad slave girls (sophomore and freshman girls).

Master of ceremonies for the program, Dale Klement introduced the junior and senior class presidents, Glenn Fleitman and Tom Swirczynski, for the Roman welcome and response. David Dreyfus, a helicopter pilot instructor from Mineral Wells, entertained the group with songs and humor. The prophecy and last will and testament, both with a Roman flavor, were presented by Joe Hartman and Joyce Runley, respectively.

Teddy and the Bears, from Wichita Falls, delighted students and teachers alike with music during the prom.

Grades Engage In Varied Activities

The first and second grades have been fixing displays on insects, birds, and signs of spring. The third and fourth grades have been busy making a star box about different constellations of stars.

Seventh and eighth grades have been selling "goodies" during breaks to raise money for their class funds.

The Muenster Chapter of Future Homemakers of America held its meeting Tuesday, March 9 in the Homemaking department. Norma Lutkenhaus presided and the state degree was explained by her. Plans were discussed about the Mother-Daughter banquet which will be held April 1, in the lunchroom.

It is said that many years ago, President Lowell of Harvard, explaining why universities had so much learning, said "The freshmen bring a little in and seniors take none out, so it accumulates over the years."

Program on Junk Entertains Club

A program on what to do with junk proved interesting and entertaining for members of the Muenster Home Demonstration Club at their March meeting.

Mrs. Al Walter was hostess in her home and also led the program. She had on display a table of "good junk" and asked members what they would do with it. This proved amusing in several instances. Mrs. Walter advised that a lecture she heard on the subject stressed "Don't be afraid to use the trash can."

After the program two games were played with prizes going to Mrs. John Wieler and Mrs. Oscar Detten. Mrs. Walter served a dessert course to conclude the afternoon. Ten members were present. A St. Patrick's Day theme was stressed in decorations and refreshments.

Progress Made in Plans for Mar. 27 Appaloosa Show

Plans continue for the First Annual Appaloosa Horse Show to be held March 27 in Saint Jo. Contestants are expected from 14 states ranging from Idaho to Florida.

The show will be held in Saint Jo Riding Club arena east of the city limits on Hy. 82 unless the weather is bad. In that case the event will be held in Nolen's Indoor Arena five miles south of Sherman on Highway 75.

Judge for the show will be Bill Foreman of Beatrice, Neb. Appaloosa rules will be used according to Secretary Jerry Ann Bowman of Fort Worth. Entries are to be mailed to her at 2200 Linclon Ave., Fort Worth.

Auctioneer Bob Plummer of Henderson will be announcer.

Classes open for entry are mares, stallions, geldings, western pleasure, junior and senior reining, junior and senior roping, barrel racing, trail ride, junior and senior cutting, and others.

Three area breeders, the Ernest Medders family of Colonial Acres, L. W. Powell of Circle Double A, and Bill Jones of the Flying B, are sponsoring the gigantic affair.

Classmates Party

Frank Medders who was at home during spring vacation from Castle Heights Military Academy in Lebanon, Tenn., returned Sunday by plane from Dallas to resume classes Monday. Thursday night he entertained with a party for his former classmates of Sacred Heart School. Forty eighth grade boys and girls were guests for games, dancing and a buffet. Mr. and Mrs. Ernest Medders helped with host duties and party plans.

Judge: "Do you challenge any of the jury?"

Defendant: "Well, I think I could lick that little fellow on the end."

Father Elias Ends Visitation With Franciscan Group

Father Elias Koppert, O.F.M.

Annual tridium for members of the Third Order of St. Francis of Sacred Heart Parish conducted by Father Elias Koppert, provincial vice commissary from Chicago, had an average attendance of 60 tertiaries at each of the meetings during the three days.

Services began with Holy Mass at 8 and featured a conference by Father Elias. Afternoon services at 2:30 consisted of stations of the cross and a conference.

Father Elias started his series of sermons with "Come Apart and Rest for a While," explaining that retreat from the world and all business is good for all. Other subjects included "I have given my example, go and do thou likewise." And the prayer of St. Francis, "My God and My All." Also "You Shall be Witnesses to Me." And "He Who Perseveres to the End Shall be Saved."

Father Elias pointed out that the mark of a tertiary is a spirit of humble service ... to be a servant to all ... to be ever ready to perform spiritual and corporal works of mercy ... to help the poor and the sick ... to visit the lonely and shut-ins ... to regard all as brothers and sisters in Christ ... to place the spiritual above the temporal ... "because the work of the Lord must go forward."

He explained the new format and prayer cards and gave the Papal blessing.

During his stay Father Elias also visited sick and shut-in members. Mr. and Mrs. Ed McGannon accompanied him on the first day. Mrs. Joe W. Fisher and Mrs. Leo Henscheid accompanied him on the second day and Miss Lena Kleiss joined them the third. To all he visited he imparted his blessing.

A review of the tridium was presented in brief at the organization's Sunday meeting by Mrs. Leo Henscheid who also quoted excerpts from the sermons. Mrs. Herbert McDaniel read rules on how to conduct the fraternity meetings. The tertiaries' prayer service consisted of the office and the Franciscan crown rosary.

The professor, well known for his tact, was awakened by the jangling of the phone at 3 a.m.

"Your dog is barking and keeping me awake," said an irate neighbor lady. The professor thanked her and hung up.

At 3 a.m. the next morning he called her back and explained, "Madam, I have no dog."

Marysville News

By Mrs. John Richey

Dois Kuykendall of Blair, Okla., dismissed last weekend from Gainesville Hospital, is convalescing from surgery at the home of his brother Eddie Kuykendall. Also with them is their mother, Mrs. Lillie Kuykendall, of Blair.

Out for a country drive in the Marysville area Sunday afternoon were Mr. and Mrs. Bryan Strader of Era, and Mr. and Mrs. Cecil Smith of Gainesville. They stopped in to visit Mr. and Mrs. R. D. Morris.

Roy Ramsey of Dallas spent Friday with his father, V. M. Ramsey and the Sam Sparkman a.s. Wednesday evening visitors were the Willis Robinsons of Gainesville. Sunday afternoon and evening guests were the Larry Sparkmans of Whitesboro.

Mr. and Mrs. Milton Hickman and daughters were Sunday supper guests of the John Richeys.

Mr. and Mrs. John Richey visited Wednesday evening with Mr. and Mrs. Coy Fite at Ringgold.

Mr. and Mrs. Joe Dougherty were in Valley View Sunday visiting their son and family, the Sheldon Doughitys, whose son Alton was recuperating from pneumonia after being a patient at Gainesville Hospital. On the way home they stopped in Muenster to visit their son and family, the Jimmie Doughitys, whose little girl Jeanne was sick last week.

Noble McElreath who left Mar. 12 for army training at Fort Polk, La. was given a farewell party the night before by a group of well-wishers who gathered at the home of his parents, the Ernest McElreaths. The group included the Sam Sparkmans and Sammy, the Rafe McElreaths and Becky, his grandparents, the George Ritchersons, and Peggy Branch. Also the Leland Ritchersons, Charlotte McElreath and Donny Swirczynski of Gainesville.

Mr. and Mrs. Joe Hobbs returned to Plainview Sunday after a four-day visit with the R. D. Morris family. While they were visitors Mrs. Morris accompanied them to Saint Jo to see Mrs. Connet Cochran, Mr. and Mrs. Charlie Hair and Earl May. One evening the two couples visited Mr. and Mrs. Albert Hess in Muenster.

Mr. and Mrs. Charles Davidson and children visited her parents, the O. B. Siegmunds at Walnut Bend Saturday.

Marc Barnes of Era accompanied the John Richeys home Friday evening after their visit with the John Barnes family and stayed through Sunday. Other guests for Sunday dinner were Coy Fite and O. W. Reynolds of Ringgold and Jack Thompson of Nocona.

Mr. and Mrs. Grady McElreath, joined by the Rafe McElreaths and Becky, were in Collinsville Sunday as guests in the home of Mr. and Mrs. Clay Landers. Others there were Mr. and Mrs. Clyde Branch and daughters Vella Lou and Rhonda Jean of Gainesville and Mr. and Mrs. O. C. Ingram of Burns City. Mrs. Clyde Branch was the honored guest at dinner observing her birthday.

Mr. and Mrs. H. B. Snow of Lake Tawakoni spent the weekend with her parents, the W. F. Davidsons. Sunday the Charles Davidsons and children joined them for dinner. Other guests were the Rev. and Mrs. Terry Atkinson of Gainesville.

Mrs. Paul Hickman has returned to Carrollton after a visit in the home of her son, Milton Hickman, while little Paula Hickman was suffering from a broken collar bone. Paula is on the mend making satisfactory recovery.

Mr. and Mrs. Tom Binford and daughter Lorna of Gainesville were guests for supper with the John Richeys. Afternoon visitors in the Richey home were Mr. and Mrs. Clyde Farr of Gainesville, Monday.

Mrs. Grady McElreath spent Monday afternoon with Mrs. J. T. Cole at Gainesville.

Mr. and Mrs. L. V. Akins and family of Gainesville visited Sunday with the Nathan Whitts and Charlie Winchesters. Visiting the Winchesters Saturday was Mrs. Lloyd Barnhart of Gainesville.

Mrs. Lyons Back From Visiting Kin

Mrs. B. G. Lyons is back at her home after being away since Thanksgiving. She spent most of the time with her grandchildren the Robert Moores and children at Houston and her daughter Mrs. Vivian Maupin in San Antonio. Mrs. Maupin and Mrs. Lyons drove to Stanton to visit Mrs. Lyons' sister and husband, the Walter Holcombes, and went to Lubbock to visit a cousin and to Big Spring to see friends. They visited a nephew and cousin, Robert Bone in Odessa. They also visited at Sinora where they toured the cave.

Mrs. Lyons spent some time in Alta Lona with another daughter, Mrs. W. O. Grant and family. And ended the visit at Gainesville with her daughter Mrs. Marie Stiles and granddaughters, Mrs. W. R. Pace and Mrs. Edward Eastin and their families. The Eastins brought her back Sunday and spent the day with her. Mrs. Lyons observed her 79th birthday while she was away.

Three Get Ribbons At County Level Of Science Fair

Three entries from Muenster Public School won ribbons at the county wide science fair held at Cooke County Junior College last week.

A second place winner was Carol Mosman's project, "Thermoelectric Effect," in the girls' physical science division.

A third place winner was Robert Fisher's display, "Cottrell Precipitator," in the boys' physical science division.

And another white ribbon winner was Michael Davidson's display, "Plants Need Air, Soil, Water and Sunlight," in the first grade division.

The three students accompanied by their parents the John Mosmans, Earl Fishers and Charles Davidsons attended the science fair and were guests for the science banquet Friday night. Also representing the Muenster school were Superintendent and Mrs. L. B. Bruns.

"There are so many rude interruptions, Mr. Chairman," complained the speaker, "that I can hardly hear myself speak."

"Don't let it bother you," piped a voice from the rear. "You're not missing anything."

Hornets Prep for Saint Jo Meet

Hornet trackmen and their coach, James Polk well stay at home this weekend after spending the past two Saturdays in the company of sharp performers from larger schools.

At Gainesville last Saturday the Muenster boys were running against 3-A and 2-A competition from North Texas and South Oklahoma. They got action and experience but no points.

Next week at Saint Jo is the season's first event in which B team of this area will be competing in their own class, and which will also serve as sort of a preview of the annual district meet.

Coach Polk and the Hornets are putting in extra time and extra effort preparing for that event. After being handicapped for weeks by bad weather they are making the most of recent pleasant spring days. Individual records, Polk said, are generally better than last year.

Cause Is Unknown For Gallstones

In the upper right part of the abdomen is a small pouch called the gall bladder. It is a temporary storage center for bile, and is a part of the digestive system.

Sometimes lumps of solid matter composed of bile pigment and salts form in the gall bladder or in the ducts leading to it. These are called gallstones.

There may be only one small gallstone, or there may be hundreds. They can be so tiny that they look like sand or they can be as large as a golf ball. Gallstones occur more often in women than in men and more frequently in persons past 40.

Exactly why we get gallstones is still somewhat of a puzzle. They are generally thought to be the results of changes in composition of the bile, or stagnation of the bile, or infection. Poor eating habits may be a factor.

Gallstones often lay quietly in the gall bladder or bile ducts. But if a large stone starts to move, you'll know immediately that something's wrong. The pain will be severe, and will cause the sufferer acute agony. The attack may be over in a few minutes or it may last for days. Sometimes it becomes mildly chronic and may be interspaced with acute episodes.

Of course, not all sharp pains in the upper right abdomen are from gallstones. Only your doctor can tell with proper diagnostic techniques.

Gallstones sometimes are called a penalty for living the good life, as they may be associated with rich foods and fats in the diet. Doctors often recommend plenty of water and outdoor exercise, such as golf and gardening.

You can't diagnose gallstones yourself. Your abdominal pain may or may not originate in the gall bladder. Let your doctor decide, and recommend treatment.

Two elderly ladies arrived at a baseball game just as the batter hit a home run. They sat watching the game in silence.

Twenty minutes later the same batter came up to bat, and hit another home run. One of the old ladies said to the other, "Let's go. This is where we came in."

Winners Named in CDA Sponsored Poetry Contest

Winners have been announced in the 1965 poetry contest sponsored by the local Catholic Daughters of America. Names were revealed at the March meeting on the organization Friday night.

Mrs. Joe Felderhoff listed winners, first, second and third, in three divisions of the contest. The nine winning students receive cash awards locally and their poems are entered in state competition.

Winners are: Division 1 — Laurie Wimmer, first; Debbie Yosten, second; Alan Fisher, third. All are sixth graders. Division 2 — Beverly Koelzer, eighth grade, first; Sandra Sicking, ninth grade, second; Steven Yosten, ninth grade, third. Division 3 — Mary Wimmer, grade 11, first; Larry Reiter, grade 12, second; Candace Fette grade 11, third.

Mrs. Felderhoff, general chairman of the contest, was assisted by Miss Sara Ann Fleitman. About 30 poems were submitted. The top nine were read at the meeting. Each poem was required to have a religious theme.

In other business at the meeting a nominating committee was appointed to report at the April meeting with a suggested slate of officers to be elected to serve next year. The committee: Mmes. Martin Becker, Steve Moser, Herbert Meurer, Leon Fleitman and R. N. Fette.

700 Male Students In Home Economics

Men students are finding career opportunities in home economics, too. Approximately 700 male students are currently home economics majors in 65 enrolled as undergraduate United States colleges and universities, according to a recent survey made by the American Home Economics Association.

The men are most likely to choose food management as their area of specialization, which leads to careers with hospitals, hotels and restaurant chains. Applied art is the second choice in the home economics field, leading to futures in interior design and housing. Institutional administration is the third most popular area of specialization, the survey showed.

GOSHEN, I N D., NEWS:
"War is expensive even the one we're about to launch against poverty. The Office of Economic Opportunity, which will direct the battle, has taken a 10-year lease on seven stories of a new office building in downtown Washington. Annual rent will be \$8,225,000. Note that ten-year lease. Was it necessary to commit the taxpayers to that long a lease? Or does it mean that the bureaucrats are convinced it will take ten years to win the war? If so, it will be a short one considering the fact we have had poverty since Biblical days."

... and 1,500,000 staples

A giant boiler drum for a new generating unit and 1,500,000 staples ... two of thousands of items purchased by Texas Power & Light Company during 1964 to expand and improve its facilities to keep pace with increasing use of electricity.
 The boiler drum was installed at TP&L's new Trinidad plant and the staples are used primarily for attaching ground wires to poles and lightning arrestors.
 Following are a few facts from TP&L's 1964 Annual Report which point up the Company's continuing growth and ability to serve its customers:

- * Spent more than \$55,800,000 for new and improved facilities.
- * Made plans for additional construction during 1965 and 1966 totaling \$98 million.
- * Built 160 miles of new transmission lines.
- * Added 17,000 new customers.
- * Assisted in locating 53 new industries in the area served by the Company.
- * Continued programs of assistance to farming and ranching people to aid them in increasing production and profits.
- * Continued support of a wide range of research and development projects aimed at even better electric service and the economic growth of the service area.

Since it was organized in 1912, Texas Power & Light Company has worked unceasingly to meet its obligations to those to whom it is privileged to serve and its responsibilities as a citizen. It will continue to do so in the years ahead.

4-H Girls Start Sewing Lessons

Adult leaders of Sacred Heart 4-H Clubs who recently attended a sewing workshop are now conducting sewing classes for local junior and intermediate 4-H girls.

First lesson was on explanation and use of a sewing machine. Subsequent lessons are on cutting from pattern, seaming, and aids to better sewing. The groups meet at school or in the homes of their leaders. The girls range in ages from 10 to 14 years and are members of the junior and intermediate clubs.

After preliminary instruction the girls will start work on their projects - skirts for the juniors and dresses for the intermediates. This is in preparation for garments the girls will model in the annual dress revue.

Leaders are Meses. Tommy Felderhoff, Dick Dittfurth, Wilfred Sicking, Ed Sicking, George Gehrig and Paul Endres.

Local News BRIEFS

Father Paul Hoedebeck spent the weekend and Monday here making the trip from Subiaco, Ark., with Father Christopher Paladino as far as Denison where Father Christopher conducted Forty Hours Adoration at St. Patrick's Church. They returned to Subiaco together Tuesday. While Father Paul was here he visited his relatives and Sunday afternoon the family had a get-together in the home of Mr. and Mrs. Gene Hoedebeck. Among those present were Mr. and Mrs. Alfred Hoedebeck and children of Irving.

Weekend visitors with Mrs. Andy Hofbauer were her children and grandchildren, Miss Jeannine Hofbauer and Mr. and Mrs. Don Glover and twin daughters Cathy and Christy, all of Dallas.

Wichita Falls State Hospital and the St. Vincent de Paul Store there got a load of useful items from Muenster Friday when Mr. and Mrs. J. M. Weinzapfel delivered a collection of articles for the local court CDA which sponsors this activity. While in Wichita Falls Mr. and Mrs. Weinzapfel visited their relatives, the Ed Ottos and Steve Otto. The Ed Ottos are getting along fine. He has recovered from a stroke and they are settled in a new home. Steve Otto is doing poorly. He's in declining health.

Visitors here Friday, guests of the Clem Reiters, were their son and wife, the Reynold Reiters of Purcell, Okla. Saturday Reynold left for Winfield, La., for six weeks of special duty with the seismograph company he works for. His wife and his mother took him to Dallas where he joined five other men of the company on the trip.

Mr. and Mrs. Paul Dangelmayr have named their infant son Michael Augustine. Father Bruno officiated at his baptism Thursday, Nov. 11. Mrs. Anthony Klement and Herman Dangelmayr assisted as godparents for their grandson.

Spending Sunday with the Leo Henscheids were their daughter and family, the Damian Hellmans of Irving. Also visitors were their son and family, the Jerry Henscheids and children of Irving who divided their time between the Henscheids and her parents, the Ray Owens and family.

Choir Boys to Sing First High Mass In English Sunday

Practice continues with Sacred Heart Boys' Choir for the first English High Mass in Sacred Heart Church on St. Benedict's feast day Sunday, March 21.

Organist for the boys' choir is 13-year-old Frank Luke - the fourth generation of the family to take to the pipe organ. His great-grandfather John Luke was the first organist. His father Anthony Luke is present church organist and is training the youthful choir.

Renee Wilde, 3 Is Birthday Honoree

Renee Wilde celebrated her third birthday Sunday at a family party at the home of her parents, the Ray Wildes. An unusually attractive birthday cake was cut reluctantly to serve with other refreshments. The children enjoyed the cake so much they almost hated to eat it.

It was a choo-choo train complete with engine and four cars carrying Easter eggs and bunnies. Renee's aunt, Mrs. Al Horn made the cake and was among those present. Also in Muenster for the occasion was her grandpa, John Schmitz of Thackerville, Okla. Grandparents, the J. B. Wildes, missed the celebration on account of Mrs. Wilde's being sick in bed at home.

A little boy asked a politician if political plums came from seeds.

Lindsay News

Lindsay voters face no problems in their April 6 voting. Three aldermen's terms are expiring this year, and all three office holders are unopposed candidates for re-election. They are Frank Haverkamp, Pete Block and Raymond Sandman.

Two aspirants to religious life, Miss Ellen Hundt of the Joe Hundt family, and Miss Dorothy Schmidkofer of the George Schmidkofer family, both students in El Reno, Okla., will be in Lindsay on Saturday, March 27, to present a panel discussion on religious vocations. Everyone is invited to attend the program in the Parish Hall at 7:30 p.m.

Lindsay was well represented at the County Share-The-Fun contest at Gainesville Monday night. Junior club girls won a red ribbon on their song and junior boys won a white ribbon on their pantomime. Parents and family members attended with the girls and boys.

A day of recollection for CYC will be held in St. Patrick's Church at Denison Sunday. Services from 1 to 4 p.m. will be followed by a social until 8 p.m.

Mark Twain, in his reporting days, was instructed by an editor never to state anything as a fact that he could not verify from personal knowledge. Sent out to cover an important event soon afterward, he turned in the following:

"A woman giving the name of Mrs. James Jones, who is reported to be one of the society leaders of the city, is said to have given what purported to be a party yesterday to a number of alleged ladies. The hostess claims to be the wife of a reputed attorney."

Lindsay Students Gather Six Wins At Science Fair

Lindsay students won six awards at the County Science Fair—three first places, two second places and one third place.

Tops in the senior division of Girls' Biological Science was Linda Ann Stoffels. Second in the same division was Linda Corcoran.

In the junior division, ninth grade, Shelia Arendt placed third.

In fourth grade Larry Zimmerer was first, in second grade Mary Kay Bezner was first, and in first grade Leslie Sandmann was second.

Birt Simpson Shows Champion Steer in Montague Co. Show

Birt Simpson of Sanit Jo showed the grand champion steer in the 1965 Montague County 4-H and FFA Project Show at Saint Jo Saturday. The grand champion is a Black Angus from Colonial Acres Farm and Ernest Medders of Colonial Acres bought the animal at the auction sale after the show.

Jack Simpson took fourth place on his Black Angus steer, also from Colonial Acres and it, too, was bought by Mr. Medders.

The brothers acquired the animals as calves when the Bernie Simpson family lived on the farm. Mr. Simpson was an employee at Colonial Acres before moving to Saint Jo.

The grand champion heifer of the Montague County show also were Black Angus. They won for their owner Freddie Williams of Forestburg.

Jack Simpson participated in the annual calf scramble at the Houston Livestock Show and Rodeo and was one of the lucky boys to catch a calf. Twenty boys and ten calves were in the scramble. The boys who caught a calf had to put a halter on it and get it across the finish line.

Jack received a purchase certificate for \$150.00 which will be used toward the purchase of a registered heifer.

On March 6 the brothers, Birt and Jack, were in Houston as members of their chapter's livestock judging team.

Projector Given To Public School By Bessie Miller

An overhead projector intended primarily for use in the grade school is a new teaching aid to be added soon at Muenster Public School as a cherished gift from a former teacher, Mrs. Bessie Miller. A check from her will pay for most of the unit and the balance will be paid out of the school's regular operating fund.

At the school board meeting Thursday night and again at the PTA meeting Monday night, as well as at a teachers' meeting, Superintendent L. B. Brunns read a letter from Mrs. Miller telling that Public School Week and the Science Fair reminds her of what she is missing and of many pleasures she had while a teacher here.

To show her appreciation for many kindnesses, she said, she was enclosing a check which she hoped can be used in some way for the benefit of the school and which is to be applied as the school sees fit. In closing she extended her best wishes to the school's personnel for their continued success.

The amount of the enclosed check was \$125, which, according to the decision of Superintendent Brunns and the school board, can be most usefully applied on the projector.

Mrs. Miller taught grades 1 and 2 at the public school for eight years before retiring because of bad health about a year ago. She spent seventeen years of her long teaching career in Cooke County Schools.

HAPPY AND HEALTHY, 4-year-old Lisa Archer of Austin talks with the 1965 Texas Heart Fund Campaign Chairman, Lieutenant Governor Preston Smith in his Capitol Building Office. Today, Lisa can lead a normal life, thanks to open heart surgery made possible by heart research. Since 1950, more than 100 million Heart Fund dollars have been channeled into research which has saved thousands of lives. President Johnson has designated February as American Heart Month and Governor Connally has issued a similar proclamation for Texas. The annual Heart Fund Drive is held each February.

There's a pretty young secretary who never turns down a wolf asking her telephone number. Sweetly, she whispers a number to him.

When the wolf later dials it, a voice at the other end answers, 'Pest Control Service.'

A fat man bumped into a lean one.

"From the looks of you," said the fat one belligerently, "there must have been a famine."

"And from the looks of you," reported the lean one, "you're the guy who caused it."

same as ST in our own zone. And DST Pacific time is only one hour behind us, not two.

We wonder, are the advantages, real and imaginary, derived from DST really worth all the inconvenience and confusion they cause?

Probably the reasons given for DST are the same as years ago when the idea originated. They told us then how wonderful it was to get a jump on the sun and have an additional hour of daylight left for recreation after the day's work is done. Through all those years others have thought that it would be much simpler if persons wanting that arrangement would just start work an hour earlier instead of messing with the clocks. Results would be the same without fouling up the time schedule.

If we have to change time, why don't we simplify instead of complicate? Why not have one time zone for all the country? It would do wonders for nation wide time schedules. And adjusting to it only once would be better than adjusting annually to DST.
