NUMBER 47

For clearness in presenting the current political picture it would be hard to improve on Tuesday's statement in the Milwaukee Sentinel explaining its endorsement of Goldwater for the presidency. It says simply that Goldwater is not tied in with the radical right, but Johnson is tied in with the radical left.

In a nutshell, that is the big issue of the campaign, a summary of dozens of other issues which deserve the conscientious consideration of American voters. LBJ himself removed any possible doubt on the subject when he chose the ADA darling Hubert Humphrey, as his running mate for the campaign — and for his possible successor in the world's most important job.

By now most of the country knows that Humphrey was one of the principal organizers of Americans for Democratic Action and has been one of its principal leaders ever since. As such he is prominent both as author and supporter of the pinkish and deep red objectives of the organization.

What are the policies of ADA? This column does not have a list of them available, but it can recall enough of them to make one wonder whether the organization originated in this country or Russia.

ADA favors admission of Red China into the United Nations. It favors withdrawal of our protection to the Nationalist Chinese on Formosa. It favors going along with the co-existence schemes of Soviet Russia, including policies of aid and trade. It favors reduction of our military strength and build-up of a world military power under direction of the UN, which is already dominated by communists. It favors abolition of our Un-American Activities Committee, which is the nation's most effective means of checking on communist activity and subversion. It favors a strong centralized government which, like the communist system, is able to bring more and more people under its domination. It favors the socialistic procedure of deficit financing and heavy taxing and constantly increasing the number of people receiving federal handouts.

All of those are well known objectives of the ADA. And there are many more — very few, if any, in harmony with American tradition or fiscal responsibility. Johnson endorsed all of them when he chose Humphrey for second place on his ticket.

But that isn't all. Johnson's own record likewise removes any possible doubt of his tie in with the extreme left. One sign was his determination to put over the wheat deal with Russia. Another was the biggest federal budget ever and raising the nation's debt limit — after claiming he was aiming for record economies. And his continued insistence on medicare and federal aid to education. Furthermore, his record for many years before the presidency indicates constant support of socialism and bureaucratic big government and softness to communism.

Those facts and many more leave no doubt that the big issue of the election is LBJ's tie in with the extreme left — which, incidentally, is not just a political theory, but already an alarming dominant policy in our government.

Norman Thomas, head of the Socialist party in this country for many years, and presidential candidate several times, made a very significant political statement on page 8.

Goldwater Will Visit Wichita Falls

People of this area who would like to see and hear Senator Goldwater in person will probably have their most convenient opportunity on Saturday, Oct. 24 at Wichita Falls.

Robert T. Priddy, Wichita County Republican Chairman, announced Tuesday that Mr. Goldwater will arrive at the Wichita Falls Municipal Airport at 5:05 p.m. and drive immediately to Midwestern University Football Stadium for a huge rally. Everyone interested is invited to attend.

Also announced, by National Republican Headquarters, is a schedule of three major TV appearances by Goldwater on the CBS network. Each will be a half hour program starting at 8:30 Central Time. Dates are Tuesday, Oct. 20; Thursday, Oct. 22; Monday, Nov. 2.

This picture was taken when Sister Mildred, administrator of Muenster Memorial Hospital, accepted a check for \$600 presented by Mrs. M. H. King, treasurer of the Hospital Auxiliary. The contribution pays for the hospital's electrograph machine. Money was raised by the Auxiliary through benefits including a bake sale, an ice cream supper and a dance.

Hornets Walloped 18-0 by Eagles In District Opener

Muenster's Hornets ran into lots of trouble at Valley View in their conference opener last Friday night and went down by a score of 18-0.

It was simply a matter of being over powered. The Eagles' big and rugged line pushed the Hornet line around at will and the fleet-footed Eagle backs added more yardage on their own.

The game started with a power drive by the Eagles. Starting from their 35 they moved steadily in 17 plays for their first score. Kyle went over from the 4 to finish the job. The try for extra points failed and the Eagles led 6-0 about midway in the first quarter.

Though outclassed the Hornets were not out fought, as indicated by the fact that they denied the big Eagles their bonus points after all three TDs, also that they stopped the Eagles four times before grudgingly allowing the second touchdown early in the final quarter.

After the first score Muenster made a first down and kicked on the second series. The handicap of a 15 yard penalty helped the Hornets stop Valley View's drive.

Again Muenster gained on its first series and failed on its second. Valley View gained three first downs and fumbled shortly before half time.

After intermission an interception put Muenster out of business in its first series and a fumble promptly did the same for Valley View.

Next Muenster fizzled on its first series, and Valley View (Continued on page 8)

Odds Are Stacked Against Hornets At Sanger Friday

Probably the toughest game of their 1964 season faces Muenster's Hornets Friday night at Sanger. They will be taking on Sanger's mighty Indians, last year's district champions and generally conceded to be headed for a repeat title.

James Polk, Muenster High coach is full of respect for the Indians, says he expects them to be even stronger than last year. They did not lose any of last year's games and only a few linemen. Assuming normal player development and last year's good reserve strength, the Indians will likely be much better.

Their strength was shown convincingly when they licked the scrappy Era team 28-6 last week.

Coach Polk and his Hornets are aware that they haven't a chance according to the record, but they'll be doing their best and hoping for some breaks. Furthermore they confidently expect to look better than last week, when they never seemed to get organized.

They were cold all the way says Polk. Next time maybe they'll be hot all the way. In that case they'll make it a good game.

Notes on Building and Improvement

A new building for down town Muenster is due to start before the end of this week. W. J. Luke will put up a 24x34 air conditioned combination brick and tile office for his accounting business on the location just east of the Enterprise.

Dick Cain's rest home west of town has reached the finishing-work stage and will probably be ready for use by November 1. Now in progress are plumbing installations and paint inside, bricklaying outside.

At Lindsay Frank Haverkamp has a good start on a new liquor store across the highway from Green Gables. It's made of tile, measures 45 x50.

Northeast of Lindsay Bill Metzler is building a 3 bedroom brick home with 2 baths, central heating and cooling, fireplace and double garage.

Charles Cork is building a 3 bedroom home with central heating and double garage on his farm near Rosston.

Just starting is a new house for Rufus Henscheid on next location south of the one he sold to Dr. Martin Kralicke. It will have three bedrooms, 2 baths, central heating and cooling, brick siding, double garage.

And the Kralicke house is getting an addition. Storage space in an oversized double garage is being converted into a bedroom. A pet-proof fence has also been built around the back yard.

Martin Bayer is getting practically a complete new home, though it's technically a remodel job. He still has old framework, foundation and basement, but new roof, brick siding and panel board inside walls, and aluminum window frames. Also a new kitchen, two new baths and automatic heat.

Painting is finished and carpet and linoleum are being laid at the Henry J. Fuhrman house on Sixth. It's a 2 bedroom job, brick siding, garage central heating and cooling.

Leroy Yosten has a major remodel job going. Adding two rooms, re-doing the complete interior with panel board, in-

Firemen's Day at the Fair Is Oct. 25

Firemen of Muenster are reminded that Sunday, Oct. 25, the last day of the Texas State Fair, has been designated as Firemen's Day.

On the occasion firemen will have an opportunity to see latest equipment and demonstrations, also the annual pumper races for cash prizes of \$250, \$150 and \$100. Ladies too, will have pumper races, but their prizes will be plaques. Last year there were 38 men's teams and 15 ladies' teams in the races.

Firemen attending the fair that day will be admitted free if they are properly identified. Ladies and children will not be admitted free.

Hot Streaks Win 28-0 for Tigers At Collinsville

Sacred Heart's Tigers were both hot and cold in their game at Collinsville last Thursday night, but their hot streaks counted on the scoreboard while the cold ones only lost time, and the end result was an easy 28-0 win.

Sacred Heart was completely in charge as the game started. After kickoff six running plays advanced 29 yards to the host's 33, then Leon Endres passed to Willie Wimmer, who hot footed the rest of the way to the goal. Another pass, Endres to Larry Hess added two points.

After the next kickoff Sacred Heart was delayed only as long as it took to hold Collinsville on the first series. Then they got going on a 90 yard journey including 64 yards in three passes. Three plays made 11 to the 21. Two more gained 2, then Endres tossed to Danny Hoenic for 18. Next he hit Willie Wimmer for 15 and Ray Wimmer for 31. Three plays later Ray Wimmer stormed over from the 9, then went over again for bonus points. The count was 16-0 as the first period ended.

As the second quarter opened Collinsville got a break and followed up with determination. A kick ending its first series was fumbled by the Tigers and the Pirates were on Sacred Heart's 40. Four downs gained 12. Next four fell short by a yard and the threat ended at the 19. Next play Ray Wimmer broke away and galloped the 81 yards for the third Tiger TD. The try for extra points failed leaving the count at 22-0.

Again Collinsville put on the steam but ran out of time. A good drive went 52 yards to (Continued on page 8)

Tigers Will Host Jesuit B Team Thursday Night

The usual action packed football game is expected here Thursday night when Sacred Heart's Tigers and the Jesuit B Rangers of Dallas meet on the local field. As Coach Adam Wolf recalls, the Big D boys have been partial to an open game and the fans get their money's worth. Last year the Tigers won in a 26-14 thriller that was a lot more exciting than the score.

So far the Jesuit boys have a 1-2 record. They beat Adamson B, lost to Waxahatche B and Bishop Dunne B. That, however, conveys very little information to Coaches Adam and Walter Wolf, because they know too little about the other teams.

One thing is likely, says Adam. The Tigers' chances are somewhat improved by the fact that the game is Thursday night. It seems that B teams are stronger following games by their A strings — because reserves who did not get into the first game are eligible to play with the Bs.

The game will begin at 7:30.

Bank Deposits Drop Here During Past 12 Months

Deposits in the local bank, as in the county showed a decline for the year at the official statement of condition for the third quarter, as required by the banking commission.

The statement, requested on October 8 for date of October 1, showed that deposits at Muenster State Bank were \$3,621,216.81 as compared with \$3,766,163.42 for the same period last year — a drop of \$144,946. During the same period the four banks of the county had a combined drop of \$304,340. First State Bank of Gaineville showed a gain and the other three showed losses.

Loans at the Muenster bank made a gain of \$486,625 for the year, the current total being \$2,111,955. Combined loans in all the county banks were \$10,854,016, an increase of \$1,005,693 for the year.

During the past quarter the Muenster bank gained \$114,424 in deposits and \$164,934 in loans.

Knights Sponsor Annual Breakfast On Patron's Feast

Jerry Klement of Fort Worth returns to his home town Sunday to be guest speaker at the annual Columbus Day communion breakfast sponsored by the Muenster Knights of Columbus. He is a former district deputy of this district and a former grand knight of the Denton council.

The breakfast is part of the local council's traditional observance of the feast of its patron, Christopher Columbus. Though missing the date by almost a week, next Sunday was preferred over the previous Sunday because of less conflict with other events.

Sunday's program will begin with group attendance of Knights and their ladies at the 9 o'clock mass and group reception of communion. After that they will have their breakfast in the Sacred Heart lunch room.

Miss Gloria Yosten, daughter of Mr. and Mrs. Felix Yosten of Muenster, has won her silver wings after completing the courses of training at American Airlines' Stewardess College at Fort Worth. She has been assigned to flying duty out of Dallas and Fort Worth and lives in Dallas. She is a 1960 graduate of Holy Angels Academy in Jonesboro, Ark. Before joining the stewardess corps she was employed at Gainesville Hospital as a receptionist and was Miss Gainesville 1963.

Plans Shaping for Homecoming at MHS on Oct. 24

Plans were announced and reminders sent out this week for the annual Muenster Public School homecoming on Saturday, October 24.

The program consists of a banquet at 6 o'clock in the school lunch room followed by the football game with Era at 7:30.

Featured and honored exes will be those of the 1954 graduating class. They are urged to make special efforts to be here in order to have the best possible representation of the class.

With their notices exes are receiving a reply postal which should be sent back promptly to help the banquet preparations committee decide on how many to expect.

The committee also pointed out that the mailing list is not complete so some exes will not receive the notice. Nevertheless they are most welcome. The committee says that every former student is automatically invited, whether or not he or she gets the reminder.

40 PERCENT FREEDOM WON'T DO

We seldom stop to think of the labor union as the most un-American organization in America. But right now, when we are being asked to name the man who will be our President, the man who will represent us in Congress, is a good time to do so.

The labor union is the only private organization in this country that can compel membership! The veterans' organization cannot do it. The fraternal organization cannot do it. The Church cannot do it. Only the labor union can do it — in those 30 states that are without the protection of a Right to Work law! In those states where there is a "union shop" operation, a non-member must join within thirty days of his hiring — or be fired from his job.

Thus, the labor overlords, the Meany's, the Reuthers, the Hofas, the Harry Bridges and the rest have announced their determination to destroy Right to Work laws in the 20 states whose citizens now enjoy this freedom.

The means is simple and specific. All that is required is repeal of 44 words of the Taft-

Hartley Act — the famous section 14 (b) which says: "Nothing in this Act shall be construed as authorizing the execution or application of agreements requiring membership in a labor organization as a condition of employment in any State or Territory in which such execution or application is prohibited by State or Territorial law."

These are the words that now stand between the workers of 20 states and compulsory unionism, the words that hold the promise of voluntary union membership throughout the nation and of full stature as free men for all Americans.

But they are also the words that stand in the way of Big Labor's complete control of all the jobs in American industry. Labor bosses are therefore determined to repeal this section of Federal law. Labor hopes, as Al Barkan, national director of COPE, the AFL-CIO political machine, says "to not only elect a friend in the White House, not only elect our proven friends in the Congress and in the Senate, but in addition, elect 20 to 30 new congressional friends and three or four new senatorial friends to get rid of that union-busting, union-smashing 14(b)."

The task of the rest of us, in this and every other community, is likewise simple — but not easy. We must first make sure where every candidate stands on 14(b) and Right to Work laws. And we must then work to elect those who will defend 14(b) and who will fight for the freedom of voluntary unionism.

GIVEAWAY GLITTER

It was only a question of time until it happened. And Washington, D.C. was the logical starting place. There now exists a "welfare supermarket" and 18 more are planned for the nation's capital. Detroit and Chicago will have similar facilities.

Here's how the supermarket works: Three days a week 1,000 Washington families on welfare wheel shopping carts through a streamlined store, selecting goods from the shelves. Each is armed with a computer card mailed to them to prevent going over the allotment as they make the rounds. The items are verified and sacked at a check-out counter.

Insider's Newsletter said the supermarket's first "customers" were "enthusiastic." They said it was more dignified, closer to home and involved less waiting than the central depot. They also liked being able to see what they were getting.

Welfare officials note that the supermarkets eliminate delivery costs and the long rides to the central depot that have plagued some recipients. Of course, they admit that the supermarkets increase the city's costs because the stores must be leased and the goods must be trucked to them. Welfare could become too easy.

AH, SWEET CULTURE . . .

We agree with Rep. H. R. Gross of Iowa who stated recently that the Democratic leadership in the House scrapped the bottom of the legislative barrel and came up with a bill to create a brand new bureaucracy in government — the National Arts and Cultural Development Act.

Now, it appears, it is the sworn duty of our elected officials and the thousands of parasitic appointees who infest Washington to care for the cultural needs of us poor masses. Evidently it is the assumption of the politicians that the people are neither willing nor able to "get cultured," and some more money must be borrowed through a busted U. S. Treasury to take care of our cultural needs.

The bill, incidentally, provides for a 26-member council, headed by a \$21,000-a-year chairman; an unlimited number of staff members and additional authority to the chairman to hire "consultants" at the rate of \$75 per day.

Five members of the committee who opposed the bill had this to say: "We can fully expect, if this bill is sanctioned, that the federal government, in the name of art and culture, will soon be called upon to subsidize everything from bellydancing to the ballet; from Handel to the Hootenanny; from Brahms to the Beatles; from symphonies to striptease."

And so it goes, more minds working overtime to think up more ways to get the federal government involved in the lives of the people. As Congressman Gross puts it, "in the sweet name of 'culture' LBJ is handed the opportunity to make some more political appointments to a steady growing bureaucracy which he promised to reduce."

OUR LAND OF SOCIALISM

Take it from a man who knows, the United States of America is a socialistic nation.

Last week a valley newspaper reported an account of an interview with Norman Thomas, the man who six times ran for President on the ticket of the Socialistic Party. The newspaper pointed out that Thomas regrets that he will leave behind a Socialist Party that is not a real force in American politics.

Yet it points out further that Thomas declared that only little boys playing marbles for keeps practice free enterprise these days.

So there we have the word from an expert. America has become a nation of socialism. Plank after Plank in the platform of the old Socialists of the past have been enacted into law. And we have gone perhaps further than they ever really dreamed.

But still we talk of the free enterprise system. Myths die hard. And the truth is slow sometimes to come to light.

We have never agreed with Norman Thomas. But we have always respected him for standing for a principle and calling it by its real name.

And herein lies the real indictment against the socialists who have usurped the Democratic Party completely — outside the South — and the Re-

publican Party to a degree that is best reflected in the walls from the Eastern politicians following Barry Goldwater's victory here earlier this month.

The indictment stems not so much from the fact that they are socialists and their programs are socialistic as from their intellectual dishonesty and political cowardice in not labeling their ideas for what they really are.

THURMOND SHIFT NOT SURPRISING

As Sen. Thurmond bowed out of the Democrat party, he gave a bill of particulars — an indictment — against that party. Here is what he told the people of South Carolina:

"I have no choice but to speak openly, frankly, and fully to the people of South Carolina on the crisis that confronts us.

"The Democratic party has abandoned the people. It has turned its back on the spiritual values and political principles which have brought us the blessings of freedom under God and a bountiful prosperity. It has breached the trust reposed in it by the people. It is leading the evolution of our nation to a socialistic dictatorship.

"The Democratic party has forsaken the people to become the party of minority groups, power-hungry union leaders, political bosses, and big businessmen looking for government contracts and favors . . .

"The Democratic party has encouraged lawlessness, civil unrest, and mob actions.

"The Democratic party has violated its trust by using the power of government to suppress information on scandals and corruption of its leaders in government and party offices.

"The Democratic party has succeeded and assisted our communist enemies through trade and aid at the expense of the American people.

"The Democratic party has established and pursued for our government a no-win foreign policy of weakness, indecision, accommodation, and appeasement . . .

"The Democratic party has demonstrated a callous disregard for sound fiscal policies and practices.

"The Democratic party, while hiding behind the deceitful gimmick of a darkened White House, has increased deficit spending and squandered, at home and abroad, billions of hard-earned dollars taken from the American people.

"The Democratic party has utterly disregarded the disastrous effects of the resulting inflation on people with fixed incomes, such as retirees, pensioners, and those who have their savings invested in insurance . . .

"The Democratic party has nominated for vice president a key leader of the Americans for Democratic Action — the most influential socialist group in our nation . . ."

In the afternoon after school and in the evening, Monica's cousins, uncles and aunts and grandparents brought gifts and greetings and had refreshments of birthday cake, cup cakes, punch and ice cream.

Instant food trends are making it possible to serve orange juice economically in igitos and other remote places where the benefits of Vitamin C have been missing because of the lack of native citrus. Canned crystals of pure orange juice, requiring no refrigeration and weighing only one-seventh as much as the equivalent whole liquid, are already being shipped to Arctic Circle locations.

Sodality Observes Weekly Holy Hour

Members of Sacred Heart School Sodality are observing a weekly Holy Hour each Sunday from 9:15 to 10:15 a.m. The devotion was inaugurated as an additional spiritual exercise this year.

At the group's meeting Friday Angie Hess gave a short meditation and brief business was followed by a skit. Jane Hess directed the entertainment in which Barbara Schmitt, LaVerne Otto, Paulette Endres and Rachel Endres starred as a hill billy family. Sodality president Eileen Hesse presided and Sister Roberta, moderator, attended.

Fetich Herd Leads DHIA Production

Paul Fetich had the top producing herds in the Cooke County DHIA for the month of July on which figures were released this week. His cows were the champions in both categories with an average of 1240 pounds of milk and 41 pounds of butterfat. One of his cows also registered the highest test pounds at 4.9.

Second place producers were Richard Frasher's cows with 990 pounds of milk and 34 pounds of butterfat. Wilfred Sicking's herd was third in both categories chalking up 989 pounds of milk and 32 of butterfat.

Jerry Hoenig had the individual high producer, his cow No. 37 accounting for 2180 pounds of milk and 94 of butterfat.

Other high herds were those of Paul Fisher, Tommy Knabe, Hi-Lo Farm, Pete Prescher, F & M Dairy and H. C. & Leroy Hay.

Number of cows in the association totals 515. Number in milk stood at 393. Eleven herds were tested. Cows producing 50 or more pounds of butterfat numbered 83; average pounds of butterfat per cow was 28 and average milk production per cow was 807.

Officers of the organization are Paul Fetich, president; Pete Prescher, vice president; Henry Frasher, secretary-treasurer; Don Fenley and Wilfred Sicking, directors. Adam Wolf Jr. and John Atherton are supervisors.

Cubs Coast after Strong Lead, Beat Windthorst 32-28

The Sacred Heart Cubs took a strong lead and then coasted at Windthorst Tuesday night, and eventually won by the close count of 32-28.

Despite the score, the game was not a close one, and the Cubs were never in trouble, says Coach Walter Wolf. First stringers had the game under control and Windthorst got its points while the reserves were there.

The first score came on the first play after kickoff when Clifford Sicking went 65 yards. Leroy Hess followed over for extra points.

Still in the first quarter Sicking completed a Cub drive with a run from the 20. Starting the next quarter Cub reserves took over and Windthorst moved. Osterman's score from the 20 finished the drive.

Moments later Sicking broke away for 56 yards and a TD, so the score was 20-6 as the half ended.

Early in the third quarter the Cubs blocked a Windthorst kick and Kenny Schmitz scooped it up and went 20 yards for a touchdown. Promptly after that Windthorst put on a drive and Pennartz made the score from the 3.

Starting the last period Melvin Bayer carried the ball five times in a row in a 40 yard drive, the last try being good for 4 and the score.

That made the count 32-12 and reserves took over the rest of the game.

Just a few plays later Danny Schroeder got loose on a reverse play and went 60 yards for a TD. Osterman added bonus points.

And again, just before the game ended, Schroeder almost scored on the same reverse play. He was nailed on the 5 after a long gain and Osterman went over on the next play.

Next action for the Cubs will be at Lindsay next Tuesday night starting at 7.

Davey Spaeth who attends St. Gregory's Preparatory School in Shawnee, Okla., spent the weekend with his parents, the Henry Spaeths at Gainesville.

News of the Men in Service

Enroute to Germany

Farewells were said here Tuesday morning when Warrant Officer and Mrs. J. P. Janicki and five daughters, Cheryl, Donna, Janell, Starla and Renee left from the home of her parents, the Jake Pagels, enroute to New York to sail from there on Oct. 20 for Germany. They will take their car with them. The family had spent four days visiting relatives after selling their home in San Antonio. Going to Germany seems almost like going home. They spent three and a half years there returning in the summer of 1961. They'll go by boat, the Navy's Upshur, which brought them back to the states three years ago. They'll be located at Nurnburg. It's a three-year assignment.

Off for Africa

Pfc. Tim Mosman telephoned his parents, the John Mosmans, Friday night that he was taking off on overseas assignment for Ethiopia, Africa. He had been based at Fort Devens, Mass.

Separated From Service

Lawrence Milner has ended his tour of duty with the Air Force at Battle Creek, Mich., and with his wife and their little son Johnny have visited their parents, the M. F. Milners here and Lt. Col. and Mrs. Lyle Kleinjan at Sherman. Lawrence left Friday to return to Michigan — he'll be working at Big Rapids in electronics. His wife and baby will extend their visit until he is settled.

Open Meeting of Candidates Slated By Farm Bureau

Farmers and ranchers of Cooke and adjoining counties will have an opportunity to "measure the candidates" at a special meet next Tuesday night, Oct. 20, at Cooke County Junior College. J. T. Cole, president of the Cooke County Farm Bureau, said the purpose is to give its members an opportunity to learn more about the candidates of the coming election.

Cole said that FB does not endorse any candidate, but it is interested in bringing a clear presentation of persons and issues before its members, as one of the features of its Citizenship program.

Persons attending can expect a good program, Cole said. Most of the state and national candidates have indicated that they will be present or have persons there authorized to speak for them.

Cole also stated that special effort is being made to avoid discrimination against any candidate. Millard Shivers, formerly with the FB, will be moderator and clerks will time the speeches strictly.

Candidates will be given five minutes each for opening speeches and one minute each for closing statements. In the question period each will have one minute to answer a question.

Spending Sunday with Mr. and Mrs. Joe Luke were her cousins Mr. and Mrs. Oliver Stone of Robstown.

New on the staff at the Charm Shop is Cindy Biggar of Gainesville who joined the clerking personnel this week.

Sanger Kids Lick Muenster Juniors

The Pee Wees of Muenster Public School ran into real power Tuesday night in their game with the Sanger Juniors. The visiting boys had little trouble in piling up a score of 34-0.

Two of the Sanger touchdowns came in the first half and the remaining three, with extra points, came in the second half. Though outclassed, Coach Polk's kids put up a game fight to hold down the score as much as possible. At first they did a fair job but they could not hold up under the strain.

The Pee Wees are working under a rough handicap. Their squad has a total of 15, including fifth and sixth graders. Other squads have more boys, all seventh and eighth graders.

Visiting the Henry Fuhrmann family is a German youth, Gerhard Neffgen from Frankfurt, a friend of Michael Fuhrmann. The two became friends while Michael was stationed in Germany on his tour of duty with the army.

Miss Kathy Pagel of Fort Worth and Johnny Pagel of Denton spent the weekend with their parents, the Jerome Pagels, and visited also at the Jake Pagel home to see their aunt and family, the J. P. Janickis, who are enroute to Germany after a Muenster visit.

Principal business at the St. Joseph's and St. Anne's Society meetings Sunday night concerned plans for the observance of the diamond jubilee of Sacred Heart Parish. Both groups favored a community dinner at noon on December 8, Muenster's birthday. Sylvan Walterscheid conducted the men's meeting in the presence of Father Alcuin and Mrs. Al Walterscheid conducted the women's meeting in the presence of Father Andrew. Afterward the two groups joined for a social hour and refreshments.

Back from their honeymoon and settled in their home are Mr. and Mrs. Robert Vogel. They visited in Hot Springs, Ark., and points of interest in Mississippi, Tennessee and Louisiana.

Large Crowd Hears Latest Plans on Vacation Ranch

A capacity crowd heard latest developments of the proposed Vacation Ranch complex to be built just west of Saint Jo, when Carl Webb of Fort Worth, coordinator of the project, spoke to members of the Saint Jo Civic Club and their guests at a noon luncheon last Wednesday.

Webb said Mr. and Mrs. Ernest Medders have chosen "Four Trails Inn" as the name of the motel facilities to be located on Colonial Acres Vacation Ranch.

He also asked the cooperation of businessmen in promoting a western atmosphere in the downtown area of Saint Jo keeping with the "Trail-town" tradition because the city is located where the California Trail crossed the Chisholm Trail.

Others with the Medders officials included David George, building architect, of Dallas, who explained the western style to be used in both interior and exterior of the buildings and mentioned the possibility of using native stone for the exterior.

Also present were Ralph Plummer of Fort Worth, architect for the 18-hole golf course and Jimmy DeLoach of Dallas who is in charge of the publicity for the project.

Webb said the services of the architect would be made available to merchants for assistance and advice in any remodeling they might be planning in westernizing their buildings.

Plummer commented on the scenic beauty of the golf course location and said the course will be the only 18-hole course in this part of the country. He added that Byron Nelson, famous golf personality of Roanoke, is consultant for the golf course.

Out of town guests included Nat Fleming, well known rodeo announcer and radio personality from Wichita Falls; Bob Williams, CPS official from Fort Worth; Herman Philly, sales manager for the Northeast division of CPS from Whitewright and Hugh Fressier of Sherman, district manager of Foxworth - Galbraith's Dallas Division.

YOU MAY VOTE AS YOU PLEASE ON NOVEMBER 3RD!

There is no legal requirement—no moral obligation

- Regardless of how you have ever voted . . .

YOU CAN VOTE FOR ANY CANDIDATE OF ANY PARTY

ON THE NOVEMBER 3RD BALLOT

Governor Price Daniel, while Attorney General, wrote an opinion on the question of party loyalty in which he said, "The courts of Texas have answered this question by holding that the pledge taken at the time of voting in the primary election DOES NOT create a legal obligation."

Governor Daniel repeated that opinion by saying that the pledge on the primary ballot does not obligate anyone "legally or morally" to vote for the Democratic ticket in the general election.

Gizzard stones were for dinosaurs what grit is for chickens. Like the pebbles swallowed by barnyard fowl, good-size stones enabled the huge animals to grind food which their jaws or beaks could not chew. A collection of these stones is on display at the California Academy of Sciences in San Francisco. They were gathered in Nevada, Utah, Colorado, Montana and Wyoming.

Medders See Their Horses Win Champ Trophies in Tenn.

Five more trophies and top honors have been annexed by the Ernest Medders' Appaloosa horses, the wins coming Saturday in an Appaloosa show in Ellington Park at Nashville, Tenn. The Medders had three entries. Queen Ann was grand champion mare of the show after taking first place honors in her class. Good Gosh, after taking top honors in his division, went on to become the reserve champion stallion. And Hullahaloo, young stallion, was first in his class. The win made Queen Ann the grand champion of the state of Tennessee. She previously took championship honors in Texas, Oklahoma and Arkansas. This was her last time to be shown at halter. She's retired as a show horse now and will be trained as a performance horse — for cutting, roping, etc.

Late Rally Fails, Knights Nudged 24-20 by Tomcats

Fate was cruel to the Lindsay Knights last Thursday in their conference tussle with the Tomcats of Tom Bean. They lost 24-20 despite a better record on first downs and total gains and an equal record on touchdowns. The difference was in extra points. Lindsay made good only once, but their visitors did it three times.

The game was a thriller to the very end as Lindsay, trailing 24-20 with time running out, put on a final effort that almost snatched the game from the Tomcats.

Following their last score the Knights tried an on-side kickoff. It worked and they had a chance on the 37. Two plays later Ronnie Zimmerman powered to the 22, then gained 2 more. But then, on the final play of the game, an intercepted pass blasted the final Lindsay hope.

Efforts shortly before that were more successful. With just 4 minutes to go Tom Bean made its final TD and conversion for a lead of 24-12. But two plays after kickoff Zimmerman tore through the line and went 60 yards for a touchdown. Louis Gieb added 2 points making the count 24-20.

Tom Bean was the first to score in the game. Returning the kickoff to the 31 it gobbled up the remaining 49 yards in 10 plays and passed for extra points.

These Knights got their first score in the second quarter on a classy 32 yard sprint by Gieb. A try for bonus points failed, making the count 8-6 at intermission.

In the third quarter the visitors scored again on a 22 yard pass and added extra points, after which the Knights launched a 62 yard drive. Best gainers on the trip were 15 by Ronnie Krebs and 20 and 10 by Zimmerman.

Tom Bean's last TD came after a 51 yard drive just four minutes before the end.

cal statement a few days ago. He says it will be a national calamity if Goldwater receives more than 40 per cent of the vote. According to his known convictions the remark has only one meaning. A victory for LBJ is a victory for his way, that is for socialism. And if it's big enough it means that socialism is here to stay.

Actually the statement by Thomas ought to be worth something to American voters who are undecided. Sometimes people can be judged by their enemies as well as by their friends. In that connection it is significant to note that some of Goldwater's enemies are Norman Thomas, Khrushchev, Casiro, the Communist Daily Worker, and all of Russia's stooges in the iron curtain

countries. Our confirmed enemies want Goldwater defeated. They want Johnson elected. Why?

New Group Craft Boys Organized

A new group of craft clubbers was organized Monday with Mrs. Al Bengfort as leader. It's a boys' club. They made dominoes from wood and painted the dots on them with ball point paints secured through the club's Gold Bond project.

Mrs. Norbert Rohmer's girls did not meet as planned. However they continued on their project of painting quilt blocks at home. The Rohmers' baby Carol Ann was sick, preventing Mrs. Rohmer from being with the craft clubbers.

on its second. Then Muenster failed on its second series and Valley View started its second scoring drive.

From their 33 the Eagles applied the power and went the distance in nine plays. The pay-off was Sparkman's plunge from the 1 on the second play of the fourth quarter.

After kickoff Muenster got a first down and kicked to end its second series. Valley View also moved the chain once, then fumbled three plays later.

Muenster lost possession after 2 yards on four tries. Valley View kicked after losing 5 on three tries.

That kick put the Hornets back on their 17. Four plays later the Eagles made their final score as Ferrell charged through and blocked an attempted kick. The ball bounced back into the end zone where Bryant covered it for a touchdown less than a minute before the end.
