

# MUENSTER ENTERPRISE

What was the cost of Muenster's hospital? That is a question that has been asked many times but until completion of the recent audit, precise figures were difficult to compile by anyone but a trained accountant. This column certainly did not feel equal to the job.

Since the auditor's report is available, the purpose here is to give the figures in a way that will clarify the subject without burdening the reader with long lists of detail. And for the benefit of persons who are interested in the details, it can be added that about two dozen copies of the complete audit report are available hereabouts. Whoever wishes to see one should have little trouble finding it.

First a summarized accounting of receipts. There are three categories of contributions: \$65,044.22 from the Kreitz Estate, \$205,591.76 from other donors, and \$25,000 in land for the building site. Since the latter is not a cash item the total of cash donations is \$270,635.98. Some of those funds were on hand for some time before they were needed for construction and were invested in savings accounts until needed. Interest earned by them was \$3,922.35, hence cash donation plus interest amounts to \$274,558.33.

Next there's the receipt of \$310,000.00 from Hill-Burton and the receipt of \$300,000.00 on the bond issue. In addition to the bond issue the hospital authority received accrued interest on the bonds in the amount of \$3,544.80. Finally to be added are the hospital's operating receipts of \$172,842.68 and miscellaneous receipts of \$34.23.

Those receipts, a total of \$1,060,980.04 represent all of the hospital's cash income from the beginning of the project until completion of the audit on June 30, 1965.

Now an accounting on how the money was used.

Expense of conducting the fund drive was \$16,370.49. Expense of the bond issue was \$9,531.10. Interest on a short loan while awaiting one of the Hill-Burton checks was \$101.94. Interest on the bonds for the first two years was \$30,750.00. Fees to the trustee of the bond issue was \$322.50. Cost of building and equipment was \$734,488.97. Cost of initial supplies was \$19,708.00. And operating cost was \$221,694.31. Those are all of the expenditures from the beginning of the project until completion of the audit, a total of \$1,032,967.31, leaving a cash balance of \$28,012.73.

The expenditure of \$734,488.97 for building and equipment is a very sizeable item and obviously justifies a breakdown into more detailed figures. Those expenditures were as follows:

Architect's fee \$42,233.25. Cost of building and fixed equipment \$555,087.45. Administrative equipment \$11,318.15. Dietary equipment \$18,390.67. Laundry equipment \$920.28. Resident personnel furniture \$1,769.95. Maintenance and operation equipment \$1,663.07. Medical and surgical equipment \$34,455.21. Radiology equipment \$22,827.05. Electrocardiogram \$650.00. Laboratory equipment \$3,960.17. Patient room and general equipment \$41,213.72.

In addition to the \$28,012.73 in cash, the audit also shows the following operating fund assets. Accounts receivable of \$19,481.92 less allowance of \$923.50 for doubtful accounts — a net \$18,558.42. Supplies inventory \$29,312.30. Prepaid expenses \$3,779.54. Liabilities consisted of accounts payable in the amount of \$5,891.35.

Concerning the hospital's record of operations, auditors estimated that the net loss, excluding depreciation, was \$27,172.43 and the total loss, including depreciation of \$40,742.90, was \$67,915.33. Their figures also show that \$23,870.10 of the net loss was sustained during the period of February 3 to June 30, 1964, and the remaining \$33,023.33 during the next full year of operation.

It will be recalled that the first five months at the hospital were very lean ones during which only one resident doctor was here and during which many items of equipment and supply had to be purchased to supplement the original orders.

It will be recalled also that the year beginning July 1, 1964, (Continued on page 8)

## Senate Increase Opposed 39-27 By Local Voters

Muenster voters at Tuesday's special election joined the county and the state in rejecting the proposed constitutional amendment to increase membership of the Texas Senate from 31 to 39.

Local voters opposed it by a count of 39 to 27 and county voters opposed it 344 to 240. Statewide returns early Wednesday indicate a 5-3 ratio of defeat with almost all of the state reporting.

Local balloting also reflected the state and county trend in total voter turnout. About 10 per cent of the qualified voters went to the polls.

The outcome eliminates the need of a special session of the legislature to redistrict the state for 39 senatorial districts. Redistricting by the last legislature will now apply. The outcome also eliminates seven present state senators. Thirteen former districts have been combined into six, so only six of the thirteen senators will be left after the next election.

Purpose of the proposed amendment was to reduce the loss of political influence in less populated areas. Redistricting on the basis of population shifted the balance of power strongly in favor of big cities.

Metropolitan centers generally opposed the measure by a strong vote.

## Garden Club Sets Monday Meeting

Muenster Civic League and Garden Club will re-organize for a new year Monday when members meet in the TP&L community room at 8 p.m.

Mrs. T. S. Myrick and Mrs. Arnold Rohmer will be co-hostesses.

The club was inactive during the summer months but several of the committees continued their work. The program and yearbook committee headed by Mrs. Don Bayer and Mrs. Dan Luek worked out the year's program and had the books printed. They will be distributed Monday.

## Tigers Lose 22-6 To Slick Bearcats From Whitesboro

The slick and speedy Bearcats of Whitesboro were too much for the Tigers in the season opener on Sacred Heart's field Friday night. They trimmed the local boys by a count of 22-6.

They hit their stride as the game opened, going 75 yards for the first touchdown in only nine plays, the big one a pass for 26 yards. Quarterback Bates directed the drive and also went the last three yards to pay dirt, then passed to Reddy for bonus points.

The score was 8-0 midway in the first quarter and remained that way until the busy fourth quarter in which the visitors scored two more touchdowns and the home team one. Miller got loose twice on long scoring rambles and Larry Hess did likewise for the Tigers.

Even though there was no scoring in the rest of the game there was lots of action. After Whitesboro's touchdown the Tigers gained 20 to the Bearcat 45 and then bogged down. The kick that followed was partially blocked and Sacred Heart recovered for a nice gain on the 20. However the opportunity was fumbled away three plays later.

Whitesboro promptly made two first downs and Hess stopped the next series with an interception. Three plays gained only 5 and the Tigers got another fat break. A punt went mid field and the Bearcat receiver fumbled as he was tackled.

Tigers were in charge again, on their 46. A penalty and a pass to Willie Wimmer advanced to the 32. Two short plays gained 5 and a long penalty lost 15 before the Bearcats intercepted and got back in business on the Tiger 46. Three tries went to the 27 and the next four lost 2 yards. The Tigers were back mid-field as the half ended.

After intermission Sacred Heart launched a fine drive that advanced 46 yards to the Bearcat 11 in twelve plays. It was the second goal scoring (Continued on page 8)

## Death Takes Boy Of Dobbs Triplets, 2 Girls Thriving

Dr. and Mrs. Kenneth Dobbs of Dallas, formerly of Muenster, became parents of triplets, a girl, a boy and another girl, in that order Thursday, September 2 at 6:10 a.m., 6:12 a.m. and 6:16 a.m. They weighed 4 pounds, 11 ounces; 5 pounds and 4 pounds.

The infant boy died at 12:20 p.m. Friday. Doctors attributed death to a respiratory ailment. Both girls are said to be doing well.

Other children in the family are Kathleen, 6; Stephen, 5, Patrick, 3; and Laura Ann, 2. Mrs. Dobbs worked as head nurse in the labor and delivery room of the old St. Paul's Hospital. Her triplets were the first born in the new hospital, occupied in December 1963.

Funeral services for the baby boy were held Saturday. Other survivors are the paternal grandparents, Mr. and Mrs. Victor Dobbs of San Antonio and Mrs. John O'Rourke of Dallas.

## 600 Tourists Take a Break at Jaycee Rest Stop

About 600 tourists in about 175 cars stopped and took a break with Muenster Jaycees at their Labor Day rest stop just beyond the east city limit.

Cooperating in a nation-wide Jaycee project, the local members kept their rest stop open from Saturday noon until Monday noon. Twenty five members headed by Don Bayer and Willie Lewis as co-chairmen, worked on it.

They distributed brochures for the city of Muenster and Colonial Acres Farm and served 80 dozen cookies, 16 pounds of Muenster cheese, 15 cases of Dr. Pepper and coffee from 10 pounds of grounds.

Registrations indicated their guests were from 24 states and the District of Columbia, plus one lady from Belfast, Ireland.

## SHH to Organize Student Council

Something new will be added to Sacred Heart High this year. Starting September 24, SHH will have a student council.

Council elections are scheduled for September 20-24, and class officers will be elected the following week.

Executive committee for the council will consist of president and vice president from the senior class, second vice president from the junior class, a sophomore secretary and a freshman treasurer. The president of each class will serve as representative of his class and a co-representative will be named. Prefect of the Sodality and president of the CYC will also serve for a total of 15 members on the student council.

Temporary officers are Sam Endres, Monica Fetsch, Steve Kralicke and Cindy Stoffels of the senior class.

## Tigers Prep for Friday Game with Saint Jo Panthers

Another night of strong competition faces the Sacred Heart Tigers when they go to Saint Jo Friday night for the second game of their 1965 season.

In one respect it will be similar to last Friday's game, says Coach Walter Wolf. Like Whitesboro, the Panthers have a pair of speedy halfbacks. Lovett and Yetter, who were hard to stop last year have added a year of speed and power. They will be good.

Nevertheless Wolf is confident that his Tigers and the Panthers are more evenly matched this time than last year, when the Tigers lost 22-0. Saint Jo lost only a few of its previous starters, but they were rugged and hard to replace. Wolf doesn't expect the Saint Jo boys to be quite as tough as before.

At the same time he expects more of the Tigers. This time they'll be a match for the Panthers in weight. And they did a nice job in holding the hot Whitesboro outfit to a 22-6 score. Statistically the game was close. It was the pair of long gallops by Speedster Miller that accounts for the one sided score.

Physically the Tigers are fine. No one was hurt in the last game.

## NEWS OF THE SICK

Wanda Schneider, three-year-old daughter of Mr. and Mrs. Ed Schneider, has her left foot in a cast since Monday when she had a mishap during play. The break kept her in Muenster Hospital overnight for X-rays and setting.

Dennis Lutkenhaus has his right arm in a cast since he broke the bone above the wrist last Wednesday. The mishap occurred when a tractor he was cranking backfired. Dennis is 14, and the son of Mr. and Mrs. Gus Lutkenhaus. He was treated at Muenster Hospital.

Mrs. R. L. Jones and C. L. Williams, both of Saint Jo, were transferred from Muenster Hospital to Golden Years Rest Home Thursday.

Mrs. Earl Fisher underwent hernia surgery at Muenster Hospital Tuesday.

Mrs. Wilfred Bindel who had been a patient at Muenster Hospital for X-rays and observation several days last week spent the weekend at home and re-entered the hospital Tuesday for surgery Wednesday.

## HOSPITAL NOTES

The following patients were admitted and dismissed at Muenster Memorial Hospital during the past week.

## 16 Boys Report For Junior Team At Public School

Sixteen boys answered Coach Polk's call for pee wee football at the public school and are working hard to shape up for a regular junior schedule of District 9-B schools.

As usual the junior schedule is listed in the same order as the senior schedule. The opposing school is the same as for the big boys' game but will be played the Tuesday before and at the opposite location.

At this time the Pee Wees have six games listed: Valley View, Sanger, Era, Saint Jo, Callisburg and Lindsay. Chico may be added to the list but it is still indefinite. Alvord has no junior team and its place on the 9-B schedule has been taken by Lindsay juniors.

Members of the team are Eddie Knabe, Henry Knabe, Bob Tuggle, Gary Walterscheid, Charles Haverkamp, J. D. Rumley, Richard Walterscheid, Louis Hacker, Robert Sicking, David Stormer, John Monday, Carl Endres, Frank Tuggle, Barney Reed, Kenny Walterscheid and Andy Knabe. Team managers are Ricky Tuggle, Dwight Wolf and Chris Walterscheid.

## FHA Chapter Has Officer Election

Muenster High FHA Chapter meeting for the first time Tuesday, elected officers, arranged dues, and set the first Tuesday of each month as regular meeting time. They also discussed formal installation for new members.

Officers are: Diane Amoroso, president; Rose Knabe, vice-president; Shirley Klement, secretary; Carol Mosman, treasurer; Doris Lutkenhaus, reporter; Linda Wilson, parliamentarian; Linda Owen, pianist; Sharlene Wimmer and Betty Knabe, song leaders.

Mrs. Henry Weinzapfel, chapter advisor, met with the group.

## Pearl Evans Hits The Jackpot as TV Contestant

Pearl Evans, visiting in California this week, hit the jackpot Monday on the TV program "Let's Make a Deal", which will be on NBC nationwide Friday the 17th, 12:30 p.m. She gushed the details in a call Monday night to her husband, Ray Evans.

Pearl was top winner out of a group of 42 participants who had been selected out of a crowd of 600 to 700 persons. To improve her chance of being noticed in the crowd she wore an old fashioned sun-bonnet with a sign "Will Trade Texas Bluebonnet."

Her prize: A round trip for two to Ft. Lauderdale, Fla., and a round trip cruise for two from there to the Bahamas, plus travelers checks for \$600. Total value about \$1825.

Pearl's companion on her trip to California is former Muensterite Mrs. Orlen Edden of Lone Grove, Okla. They will be home next week.

## News of the Men in Service

### Separated From Service

Skippy Becker (Vincent Jr.) has returned to civilian life and is headed for home in Silver Springs, Maryland, after a visit here with his grandparents, the Felix Beckers. Leo Becker met his nephew Friday at Fort Sill, Okla., where he was separated from the service and Skippy was here until Thursday. The Becker family was together Sunday for a cook-out at the Felix Becker home. Others there were Misses Anna and Mary Becker and Miss Sandy Bacon of Fort Worth, weekend guest of Dolores Sicking.

### Holiday Visitor

Pvt. Earl Hess made a quick trip home over the holiday weekend and returned to Fort Leonard Wood, Mo., Monday after saying farewell to his parents, Mr. and Mrs. Albert Hess and family. He has overseas orders. Family members saw him off by jet from Dallas. Earl entered the army in April this year.

### Telephone Visit

The Lawrence Vogels enjoyed a phone visit with their son Pvt. E2 David Vogel Sunday when he called from Loring Air Force Base, Maine, to check up on the family and hear the latest hometown news. He said they've already had a light snowfall in Maine. David's new address, for the next three months, is Pvt E2 David J. Vogel, 54 357 784; Hq. 3rd Msl. Bn. 61st Arty.; Loring AFB, Maine 04750.

## BIRTHS

Proud first-time parents are Mr. and Mrs. Gene Hoeng who welcomed their seven pound five ounce son at Muenster Hospital Thursday, Sept. 2, at 6:38 p.m. Welcoming their first grandchild are Mr. and Mrs. Tony Hoeng and Mr. and Mrs. Bill Lutkenhaus. The great-grandparents are Mr. and Mrs. Tony Otto, and Mrs. Isabel Lindecker of Gainesville.

Mr. and Mrs. Leroy Kupper of Dallas have announced a seven pound six ounce son, Joseph Michael their first child born 4 p.m. Friday, Sept. 3, at St. Paul's Hospital. He's a grandson for the John Kuppers of Valley View and the Bernard Wolfs. The baby's mother is the former Ginger Wolf. Counting another great-grandchild are Mrs. Jos. F. Neu of Lindsay and Mr. and Mrs. H. A. Lueb of Midwest City, Okla.

Mr. and Mrs. W. F. Davidson are happy over being great-grandparents for the first time. Newest addition to the family is the daughter of Mr. and Mrs. Billy Dunman of Whitesboro, born Wednesday, September 1, 5:15 a.m. weighing nine pounds four ounces. Her name is Vickie Elaine. Mr. and Mrs. Bill Roe of Callisburg are first-time grandparents.

Mr. and Mrs. Johnny Sampson are parents of a seven pound 13 ounce son born Wednesday, Sept. 1, 10:45 p.m. at Muenster Hospital. They're from Saint Jo.

## Council Asks for Cleanup of Lots

A plea to clear up vacant lots was issued by the city council in its regular meeting Tuesday night.

There are two reasons behind the request, says Mayor Earl Fisher. Weed patches are fire hazards and eye sores and getting rid of them is a matter of safety and civic pride. He said the council's attitude is that owners of vacant lots have a civic obligation to maintain their property in a manner that will not reflect unfavorably on the town or endanger it.

## Industrial Group Will Meet Tuesday

Members of the Muenster Industrial Foundation have received official notice informing them of the annual general meeting of their organization on Tuesday, September 14, 8 p.m., in the community room of the TP&L Building.

Purpose of the meeting is to elect directors for the coming year, to present a report on the program of the Muenster dress factory and to consider any new business that may be introduced.

Members are urged to be there or send back cards naming proxies to do their voting.

Muenster Industrial Foundation was organized to help Sam Raden locate a dress factory here.

## Steve Otto, 85, Former Resident, Dies in Wichita

Stephen Peter (Steve) Otto, 85, a former Muenster resident and a long-time Wichitan, died Friday in a Wichita Falls hospital. He was a retired farmer.

Funeral services with Requiem Mass were held Monday at 10 a.m. in Wichita Falls' Sacred Heart Church and burial was in the parish cemetery. A nephew, Monsignor Thomas Weinzapfel of Dallas, officiated.

Steve Otto was born in West Point, Iowa, on February 20, 1880, and came to Texas with his parents in 1892, settling in Muenster. He was married here to Miss Dora Meurer in 1904 and they moved to Windthorst. They moved to Scotland in 1908 and to Wichita Falls in 1932 from Perry, Okla. He was a real estate dealer and dairy farmer near Scotland and Windthorst.

He held office in the Knights of Columbus for 25 years, was an honorary life member and a fourth degree Knight of Columbus.

Survivors include three sons, four daughters, 29 grandchildren, 13 great-grandchildren, five brothers, Tony and William Otto of Muenster, Ben of Gainesville, Henry of Harlingen and Edward of Wichita Falls, and one sister, Mrs. J. G. Wolf of Lawton, Okla.

Among relatives at the funeral were Messrs. and Mrs. Tony Otto, Bill Otto and family, Tony Hoeng, and J. M. Weinzapfel, Mrs. Al Schmitt, J. P. Flusche, Ben Otto and Melvin Otto.

## Gainesville Team Wallops Hornets In Practice Tilt

Muenster Hornets got a taste of rugged competition but no practice scoring when they met the Gainesville B Kats in a scrimmage session Thursday night. Meanwhile the visiting Gainesville boys crossed the goal line seven times.

Considering the odds Coach James Polk was not downhearted. The Kats happen to have a few hot shot players who might be with the Leopards if eligibility rules permitted plus an abundance of good husky man power. They clearly outclassed the Hornets and they scored accordingly.

Still the Hornets stopped them cold on lots of plays and also managed some fair gains for themselves. There were definite improvements over their performance in the scrimmage at Lindsay a week before.

Coach Polk and his boys have another open date this week while most teams of the area play their first games. The Hornets will go to Valley View (Kamay) on Friday the 17th.

## Financial Squeeze Causes Shutdown Of Myra School

The Myra school, one of the oldest and for many years one of the most prominent schools in Cooke County, has become a victim of the financial squeeze in modern education. It closed its doors last week because of insufficient funds for the coming school year.

Jack Biffle, president of the Myra school board explains that the school is caught in a two way squeeze. Expense went up as a result of teacher pay raises approved by the 59th Legislature, but income has decreased because of lower oil production in the district.

The district's tax income plus the amount received from the state in per capita allotment is not enough to meet the bonded debt plus current expense of a two teacher school. The school could operate with one teacher, Biffle said, but that would be unfair to the children.

The present solution is to transfer the 27 children to other districts — 19 to Era and 8 to Muenster. The increased enrollment enabled Era to take one of the Myra teachers as an additional teacher at Era. Myra's cook also transferred to the Era lunch room. The other Myra teacher is jobless.

Regarding permanent solution of the problem Biffle declined to comment. He hopes that conditions will improve and permit reopening of the school next year. If that does not happen the school board will think later of possible solutions.

## 13 Pupils Added At Public School

Enrollment of Muenster public school has gained 13 since school started. Principal George Petrus reported this week that the school's total now stands at 183, of which 87 are in high school and 96 in the grades.

All of the 13 additions are in the elementary department. Eight have transferred from Myra and two from Jacksboro. One local child was sick when school started and registered since. Two children under 6 were admitted as special students.

## County Produces \$29.4 Million in Oil-Gas per Year

Cooke County's producers and royalty owners are marketing some \$29.4 million in crude oil and natural gas a year, according to statistics released by Texas Mid-Continent Oil & Gas Association this week.

Ranking 35th among Texas' oil and gas producing counties, Cooke County in 1963 received some \$28.7 million from wellhead sales of oil and an estimated \$728,000 from natural gas. County production of oil was approximately 9.7 million barrels; natural gas, 5.8 billion cubic feet.

Farmers, ranchers and other mineral owners share in a \$3.7 million distribution of oil and gas royalty payments annually.

The Association based its annual study of this county's oil and gas output on statistics compiled by the U. S. Bureau of Mines for 1963. Production data for 1964 would be approximately the same.

Statewide, Texas oil and gas wells produced an estimated \$3.6 billion in income; \$2.9 billion from oil, \$730 million from gas.

Data from the Texas Employment Commission indicate direct employment in oil and gas industry jobs for more than 740 Cooke County citizens with (Continued on page 8)

## VOTING IS THE MILLENNIUM

Oh, ain't it grand what Lyndon is doing for the old folks — putting them on the hospital dole and giving their pension checks a boot upward?

He says — and who could ever doubt Lyndon's word was as good as his bond? — it's all because he knows what it means to be pore. He was a pore bay hisself. Don't forget that, he says.

It is a fine example of the warmth of human kindness for Lyndon to have such great and moving concern for the old folks. But it's mighty little of that \$3 1/2-to-14 million of his that's making him the George McLain on the national front.

Medicare and LBJ's great have-a-care plan are going

to be financed by the poor, too. The Poor Working Slobs, that is, Lyndon merely makes it sound like it's his private charity.

You are, for example, if you're one of the PWS, paying a maximum of \$174 in Social Security taxes now. Next year the maximum will be increased by \$69.50 to \$243.60, and the present schedule calls for a raising rate until eventually it hits \$369.60.

And that, naturally is merely the present plan. By the time 1980 rolls around, there'll be so many folks lined up to get into the hospitals and still an even greater number lined up at the post office for their pension checks that the working slobs of 1980 will be paying out, most likely, more than the projected 5.6 per cent of their income to provide for all that extravagance.

It's big business, Social Security is and getting bigger all the time.

Lyndon and the promoters of the Great Social Justice theories keep assuring us that if we keep voting for it pretty soon we'll be living in the millennium, but unfortunately that isn't the way you get it. There are signs and protents everywhere that what we've been voting for is national bankruptcy.

In Texas after a day's fishing beer's the one... for good taste, good fun

Wherever you fish for sport—on the ocean, by the booming surf, or on some quiet country pond, it's great at the end of the day to head for a rewarding glass of beer. While you're talking over the ones that got away, or pan-frying the ones that didn't, you enjoy the hearty taste and cool refreshment only a glass of beer can give you so well. Yes, whatever your sport—bowling or strolling, golfing or gardening—a frosty glass of beer makes a naturally great accompaniment.

## ONLY GOVERNMENT PROPAGANDA APPROVED

Senator Lee Metcalf, Montana Democrat, apparently thinks it is unfair for private enterprise to fight back against the mountains of propaganda sent daily to newspapers and other news media by the Administration at taxpayers' expense. That is the only reasonable interpretation of his attack against newspapers receiving "canned" editorials praising power companies.

In placing his statement in the Congressional Record (presumably to have it produced and mailed at taxpayer's cost), Metcalf said that a special syndicate sends such messages to 1,199 weeklies and 150 dailies. Actually, except possibly in the case of some weeklies welcoming aid through editorials coinciding with their views, such material is usually consigned directly to the wastebasket.

In contrast with the 150 dailies mentioned, practically every daily (over 1,700 of them) and most weeklies, radio and television stations receive constantly in far greater degree the Administration's slant on every possible issue.

It comes as statements and speeches carried by the news services, reprints of what various officials said, and special bulletins from a myriad number of agencies and spokesmen, and so literally without end.

Against this daily flood, Metcalf objects to private industry paying for sending out its side of current issues—in addition to paying substantial taxes used for the opposing government material. Perhaps is afraid of any light, however small comparatively, which might give people ideas different from those peddled by the government's army of public experts.

## OF PEACHES AND PLUMS

Labor Secretary Willard Wirtz has recently permitted a second group of braceros to enter the U.S. to help with the harvesting of fruits and vegetables. Yet we've heard no admission from him of error in his previous statements that no "foreign" labor was necessary because there are plenty of able and willing U.S. citizens to do this kind of work.

No amount of official denial can now convince us that fruit and vegetable growing in this country has not been damaged by Mr. Wirtz' actions. There is probably no immediate danger of anyone starving here in the U.S., but there are long-range implications which could lead to serious shortages in the future. Throughout the land there are confirmed reports of vegetable and fruit growers going out of business, for want of adequate, reliable workers. One recent example was the bulldozing of a 100-acre peach orchard in a newly-developed fruit-growing and processing region near Forrest City Arkansas. The owner of the orchard, Herman Young, was quoted as saying: "A few people, who really work at the job, are making from \$15 to \$20 per day. Others, however, want to lie around in the shade, do as little as possible, and listen to transistor radios."

Even in the land of milk and honey, we cannot expect life to be all "peaches-and-creamy" unless there are some milkmaids and peach-pickers, instead of everyone waiting for political plums to be dropped into their hands.

—U.S. Press Assn.

A track foreman received the following memo from a workman: "I shall be sending an accident report form about Casey's foot, which he struck with a sledgehammer. Now, under 'Remarks' do you want mine or Casey's?"

## RIGHT-TO-VOTE AND WORK?

Some of the most important and far-reaching legislation the current Congress is still considering has to do with labor.

At the top of the list is the drive to repeal Section 14(b) of the Taft-Hartly Act which permits states, if they so choose, to enact Right-to-Work laws. This has passed the House and is now in the Senate. If the Senate succumbs to the powerful, even ruthless, political pressures which demand repeal, rank-and-file working people will be deprived of an absolutely essential right and protection. No matter what their beliefs and wants, they will be forced to join and pay dues to a private organization, a union, or lose their jobs. This is as unthinkable as if Congress passed a law denying a man the right to join a union.

Along with this, another vital issue is at stake. It is the Right-to-Vote. This simply means that no union should be certified as bargaining agent for employees without a secret ballot election supervised by the National Labor Relations Board. As of now, certification can be gained on the basis of a card count. The weaknesses in this are glaring. As the Cincinnati Enquirer has said, "Certification of a union as the bargaining agent for a group of employees should not be made on the basis of signatures to cards, as pressures conceivably could be used to obtain these that would not be operative in a secret election... Nor should there be a recognition simply on the basis of a contract between employer and union leader because there have been cases where so-called sweetheart contracts scratched the back of the employer and the union boss but sold out the working man."

The weary charge that Right-to-Work and Right-to-Vote laws are "antiunion" is as phony as a three dollar bill. They are, instead, protections against exploitation and misrepresentation of the desires and beliefs of the working man who should have freedom of choice.

## THE PRIVATE "WAR ON POVERTY"

The government's antipoverity program is coming in for much criticism. Charges of "Boondoggle" are common. So far, it is said, most of the benefits seem to have gone to a well-paid administrative bureaucracy — relatively few to the poor.

Meanwhile, U.S. News & World Report observes, "... private employers are creating millions of jobs in a 'poverty war' of their own." About 6 million of these jobs have come into existence in the last five years — 2.2 million in 1964 alone. And, to quote the magazine again, "... the private 'war on poverty' has been particularly helpful to those Negroes, teen-agers, and others who were without education, skills or experience."

Whatever the government program may ultimately achieve, the most effective weapon against poverty is dynamic, expanding, socially-conscious private enterprise.

MARK WILSON will bring magic to the 1965 State Fair of Texas, October 9 through 24 in Dallas. His "Magic Land of Allakazam," a featured entertainment attraction at the fair, will be presented free five times daily on a big stage adjacent to the FFA Children's Barnyard.

## THE WAGES OF SIN

Our productive population is heavily taxed to subsidize an ever-increasing number of welfare and unemployed cases who have nothing wrong with them except a total absence of pride. They are the people who have found the "easier way" — they are willing to subsidize public charity rather than work and earn honest wages through their own endeavors. We subsidize bastardy and legalize illegitimacy with some of our state welfare plans and have changed the adage to "The wages of sin can be as much as \$250 per month." —Kuscusko, Miss., Star-Herald

The American Medical Association says that the level of immunity against smallpox in this country has been shrinking steadily for years as more and more people neglect to get boosters. Health authorities estimate that at least three fourths of the population is inadequately protected against this disease.

**300 Guests Attend Homecoming Fete For Cathy Medders**

Back from summering abroad and studying French in Paris, Miss Cathy Medders gave glowing accounts of her trip to her family and friends this week before leaving to resume classes at Hockaday in Dallas.

She returned Thursday, her parents, Mr. and Mrs. Ernest Medders, meeting her on arrival by jet in Dallas.

Two nuns who traveled with her, Sister Barbara Maria and Sister Jeanne d'Arc, accompanied her and spent over night here before leaving Friday for Memphis, Tenn.

Also on the tour was a friend, Marie Wapple of Boston. They parted company at New York where Marie's parents met the boat. The four flew over by jet and returned by ship.

While in Dallas the Medders also met their sons, Gene and John Riggs, who arrived on another plane from Washington, D.C.

Friday night the Medders home overflowed with young people at a homecoming party for Cathy. Some 300 guests including the Sacred Heart High football squad and the pep

squad had refreshments and danced to a rock and roll band, "The Abstracts" from Oklahoma City.

Cathy's brothers planned the party before they left on their vacation trip to Virginia, Tennessee and Washington, D.C.

Other visitors arriving at the Medders home Friday night were daughters, Mrs. Thomas Murphy, her husband and their children Donna Sue, Thomas Aaron and Michael, and Mrs. Donald Smith and Mr. Smith, all of Jonesboro, Ark., who came to Muenster for a vacation visit.

Saturday Mr. and Mrs. Medders were guests for a night in Fort Worth with Mr. and Mrs. Earl Fisher as hosts for dinner and attendance at "The King and I" at Casa Manana.

Tuesday Mrs. Medders and Cathy and Miss Candy Fette attended a luncheon and style show in Dallas at the Statler-Hilton in the grand ballroom.

Frank Medders accompanied them to Dallas and they saw him off by jet before attending the luncheon-show. He returned to Castle Heights Military Academy in Lebanon, Tenn.

Meeting the Muenster trio at the hotel were some of Cathy's friends from Hockaday and their mothers for a group of ten in the party. Cathy returned to Hockaday for classes Thursday this week.

Accidental injuries in the United States each year result in 114 million days spent in bed, 84 million workdays lost, and 12 million lost school days.

**Home-School Group Gets Acquainted, Plans Activity**

Sacred Heart Home-School Society has organized for the new term and has discussed program plans for the new year.

At the first meeting officers and faculty were introduced to the membership, and were welcomed by Father Alcuin Kubis.

President Herbie Miller conducted business. Norbert Koesler is vice president, Mrs. Gene Klement is secretary, and Mrs. Dick Dittfurth is treasurer.

Old business, unfinished business, and new business was reported. Mrs. Arnold Rohmer advised that the organization will have year books listing each month's program and hostesses. These mimeographed copies will be distributed at the next meeting.

Mrs. Martin Kralicke volunteered to head the health program. First activity will be to test the vision of first and second year children. If defects are found parents will be notified.

It was brought out that smallpox and Chick test serums are available free through the Texas Health Department and that plans are to have students Chick tested. She suggested to parents that seventh and twelfth graders be immunized against smallpox. Most seventh graders are running low on immunity and seniors will need smallpox immunization before entering college.

When the program is completed and plans are made, Father Alcuin will give further information on the church bulletin. Parents who do not care to have their children participate will have time to notify the school.

Sister Geraldine asked parents to encourage their children to work toward scholarships. She said scholarships are available and that study for them should begin in the lower grades.

Program for the evening was an address by Father Benedict Buegler. He began the first of a series he will continue through the year. His subject is "Liturgical Changes and How They Affect the Laity."

After adjournment the group visited, got acquainted with new teachers and new members and had coffee and cookies. And the treasurer collected dues. Annual dues are only one dollar per family.

Marriage is an institution that teaches a man regularity, frugality, temperance, forbearance, and many other splendid virtues that he wouldn't need if he had stayed single.

**Mrs. Joe Luke Is Hostess to Club**

Members of the Get-Together Club held their September social with Mrs. Joe Luke as hostess in her home. She served a dessert course and coffee after a series of progressive 42.

Members and three guests, Mmes. Clarence Wilson, John Kathman and Ben Seyler attended.

High scorer in the games was Mrs. John Wieler. Mrs. Al Walter won the consolation award. Mrs. Kathman drew the door prize.

Mrs. Joe Kathman invited members to her home for the October meeting.

**Hess Get Together Observes Evans' 25th Anniversary**

The annual reunion of descendants of the late Mr. and Mrs. Frank Hess, held Sunday, observed the silver wedding anniversary of the only girl in the family of nine children. Mr. and Mrs. Frank Evans of Pilot Point were honorees.

The all-day gathering was held in Pilot Point's K of C Hall and family members present brought attendance to over 150. They lined up twice for buffet meals, dinner and supper.

Mr. and Mrs. Evans were showered with anniversary gifts and Mrs. Henry Hess presented a handsome anniversary cake.

Clara Hess and Frank Evans were married in Muenster on September 4, 1940, and have lived at Pilot Point ever since. He is a house-moving contractor.

They have six children, Miss Maureen Evans of Dallas, Virgil of Pilot Point, and Alvin, Carol Ann, Edgar and Edwin of the home and one granddaughter, Kimberly Evans.

Others present were the Hess brothers John and Henry, Lindsay, Albert, Gary, Ed Arthur and Ray of Muenster, along with their children and grandchildren, and Mrs. Arnie Hess and family of Muenster.

Also Pvt. Earl Hess on weekend leave from Fort Leonard Wood, Mo., with his parents, the Albert Hesses, Mr. and Mrs. Gus Berend of Windhorst, Mr. and Mrs. Leo Hess and children and Miss Angie Hess of Dallas, Miss Maxine Morris of Richardson, Messrs. and Mmes. Kenneth Cox and Roland Bart of Fort Worth, and the other relatives from Pilot Point, Gainesville, Lindsay and Muenster.

**SH High Classes, Clubs Organize For 1965-66 Term**

Classes and clubs at Sacred Heart High lost no time in getting organized for a new term.

In their first homeroom meeting students elected temporary class presidents and Principal Sister Geraldine revealed class sponsors.

Debbie Schilling is senior president, Joe Bayer, junior president; Ann Landsfeld, sophomore president; Cynthia Bindel, freshman president.

Class sponsors are Sister Roberta and Brother Thomas Moster, Seniors; Sister Barbara and James Moster, juniors; Joe Felderhoff, sophomores and Walter Wolf, freshmen.

**FOOTBALL CAPTAINS**

Coach Walter Wolf announced Senior Steve Kralicke and Junior Larry Hess as Tiger co-captains for the year.

**CHEERLEADERS**

Cheerleaders for the 1965-66 term have been named as follows: head cheer leader, Barbara Schmitt, senior; and Patsy Hartman, senior; Margie Fuhrmann, senior; Debbie Fette, junior; Mary Koehler, sophomore. Carla Wolf is the Tiger mascot.

**GLEE CLUB**

Sister Jean Marie has organized and is directing the Glee Club. First meeting was held Sept. 7 with all high school girls, for a total of 76, present.

**PEP SQUAD**

When Gloria Haverkamp, senior, head squadron leader, organized the pep squad this year, 37 girls reported. Gloria chose Judy Dangelmayr and Paulette Endres, both seniors, to assist her as squadron leaders.

**DRILL TEAM**

When Cindy Stoffels, senior, as head squadron leader organized the drill team early this summer, 30 girls reported and started practicing every Wednesday night. Assistants are Candy Fette, senior, and Janie Fleitman, junior.

**HOOTENANNY**

On the eve of the first football game of the season students held a hootenanny and pep rally on the front lawn of the high school at 7:30 p.m. Sister Barbara was in charge of details.

**CLASS RINGS**

A great day in the lives of the 36 seniors of Sacred Heart High was August 24 when class rings arrived.

The rings were distributed to the seniors immediately following morning Mass. Father Alcuin blessed the rings and presented them to students individually. The ring, on the style of a college ring, is centered with a ruby stone. Inscribed around it is "Sacred Heart High School." On the left is an image of the Sacred Heart of Jesus and on the right is the Sacred Heart insignia.

**Return From Trip**

Mr. and Mrs. Al Yosten report a wonderful vacation... six days in New Mexico, visiting and sight seeing. They went with their son, Bobby Yosten of Dallas.

Among highlights were an overnight visit with the F. A. Kathman family in Albuquerque, Carlsbad Caverns, Los Alamos and Santa Fe.

They were charmed with sights at Santa Fe, especially the famous spiral staircase, the miraculous stairway, in Our Lady of Light Chapel in Loretta Academy. They visited other tourist attractions including the Palace of Governors and Indian Museum, and came back with souvenirs and pictures.

**WHOOPERS**—The 47,000-acre Aransas National Wildlife Refuge, 75 miles northeast of Corpus Christi, is the November-through-March home of the only flock of wild Whooping Cranes in the world today.

**Kin Get Together To Visit with Nun**

Sister Emma Marie Herr had a short visit here arriving Thursday from Hereford where she had been visiting her father, Emil Herr. The Joe Lukes met their niece as she arrived at Dallas airport and brought her to Muenster for an overnight and Friday visit.

Friday at noon she was the honor guest at a dinner given by cousins, Mr. and Mrs. Arnold Friske, at their home in Gainesville. Other guests were the Joe Lukes and the Lloyd Trubenbachs and two daughters.

Friday afternoon from 2 to 4 Mrs. R. R. Endres held open house at her home for the relationship. Afterward Mr. and Mrs. Ben Luke and Wilmer Luke took her to Dallas and saw her off by jet for Newport, Oregon, where she is assigned for the school term to teach religion.

**History of Choir Is Reviewed at Annual Gathering**

Annual treat for Sacred Heart Men's Choir and their families was an outing Sunday at Voth's Lake south of Muenster. Special guests swelled attendance to over one hundred. There are 24 choir members.

Highlighting the day's program was a field Mass celebrated by Father Alcuin Kubis at 10 a.m. Dinner catered by Mrs. Joe Lehnertz followed. In the afternoon the grown-ups visited and the children went swimming.

Reviewing the history of the choir, it was learned that the first men's choir was organized in 1896 by Father Bonaventure, then pastor. Services of present membership adds up to a grand total of 467 years.

Ben Luke and William Henscheid have logged the longest terms of service — 57 years each. They have been members since 1908.

Leo Henscheid, director, assumed his job in 1929 and has been at it for 36 years.

Anthony Luke took over as organist in 1936. His grandfather, the late John Luke, was the first organist. When he retired in 1928 on account of failing health, Mrs. Bertha Trachta became organist. She served until her untimely death in a highway accident and young Luke succeeded her. He was replaced by Sister Leonarda while he served in World War II, 1942 to 1945.

Length of service for other members shows Clem Hofbauer with 35 years; Werner Becker, 32; Lawrence Wimmer 28; Ray Otto, 25; Martin Becker, 22. Wilmer Luke joined 27 years ago, had time out while he was in the service and worked away from Muenster for a few years, rejoined on his return.

Four members, Alfons Koehler, Bernard Swirczynski, Clyde Fisher and Alvin Fuhrmann have 20-year records. Val Fuhrmann has been with the choir 12 years; Henry Yosten, 10; Eddie Fleitman, seven; Dennis Hofbauer and Don Bayer, three. Ervin Henscheid, Gunter Goetz, Dr. Martin Kralicke and Daniel Luke are one-year members and Gene Gieb joined the choir this year.

The men sing at High Masses on Sunday throughout the year, and at all weddings and funerals.

They will join the Dallas Frohsinn Choir on October 16 — the Saturday before German Day at the State Fair — in Dallas Municipal Auditorium for part of the German Day program there. Members also plan to have their annual joint concert with the Dallas Frohsinn sometime during the regular season at a program in Muenster.

Did you ever stop think how wonderful it is that you were born into a country where the greatest single problem is overweight?

**Local News BRIEFS**

Visiting Mrs. Oscar Detten three days last week were her son-in-law and daughter Airman and Mrs. Bill Farrar and baby son Steve of Amarillo. They were enroute home after a visit in Mississippi with his relatives.

Mr. and Mrs. David Trachta returned Monday evening from Chicago where they attended the annual reunion of his World War II outfit, the Sixth Armored Division. About 1000 army men and their wives attended. The program included dinners, sight-seeing tours, a stage play, "Barefoot in the Park," and informal get-togethers during which the ex-soldiers fought the war all over again verbally. Mr. and Mrs. Trachta made the trip by jet.

Visitors with Wenzel Muck one day were his daughter and family, the Clovis Lewises and four children of Jackson, Miss. Most of the Lutkenhaus relationship gathered at Mr. Muck's home to see the visitors. They were enroute home after a vacation trip through several states.

Mr. and Mrs. Ed Swirczynski and children James, Debbie and Gary drove over from Fort Worth to spend Sunday with his parents, the Joe Swirczynskis and other relatives. Monday they took James to Dallas to enter the seminary.

George Swirczynski was here from Florida the past weekend to pick up the family's furniture and move it to Winter Haven, Fla., where he is employed and the family is now located.

Holiday weekend visitors with Mrs. Oscar Detten were friends from Iowa Park, Mr. and Mrs. Bill Anderson and three children.

Visiting the Joe Lukes Sunday afternoon were cousins, the Herman Jungmans of Munday and the Bill Hertels of Seymour.

Visitors during the weekend with Miss Gertrude Esker at Muenster Hospital were her brother and wife, Mr. and Mrs. Ralph Esker of Oklahoma City. They brought their children Charles and Clara with them.

Mr. and Mrs. Tommy Corcoran and their baby son Mike are on a week's vacation with her parents, the Al Walters. They're from Fort Smith, Ark.

Mr. and Mrs. Clarence Albers and sons Doyle and Robert of Lewisville spent Sunday with her father, Fred W. Herr and family.

Spending the holiday weekend here were Mr. and Mrs. Werner Henscheid and Gilbert, Sandra, Karen, Clyde and Annette of Canyon. They visited his father, William Henscheid, and the rest of the relationship including his sister Mrs. Walter Klement and family and his brother Arnold Henscheid and family. Miss Jeanette Klement of Fort Worth joined them for a holiday visit at her parent's home.

Mr. and Mrs. C. J. Newman — she's the former Mary Nell Hellman of Muenster — and their children moved the past week from Wichita Falls to Des Moines, Iowa, where he was transferred by General Mills. Mrs. Newman and the children spent three weeks here with her parents, the Clarence Hellmans, while Mr. Newman was getting located and securing a home for the family.

Visiting over the weekend and holiday with Mrs. Harold Walterscheid were her daughter, Miss Shirley Walterscheid of Fort Worth and a son and family, the Delbert Walterscheids of Rockwall.

**In Corpus Christi To Attend Wedding**

A wedding in Corpus Christi Saturday had among guests Mrs. Adam Wolf of Muenster, Buster Kubis of Lindsay and Mr. and Mrs. A. J. Felderhoff of Gainesville. They made a small vacation out of it leaving Friday and returning Monday.

The bride is Miss Margaret Mary Kelly, daughter of Mr. and Mrs. A. L. Kelly of Corpus Christi. The bridegroom is Airman Raymond Dreyer of Laredo.

Father Lambert Eckelhoff officiated at the 6 p.m. ceremony in St. Theresa's Church. Reception for relatives and friends was held in Trade Winds Motel.

**Gift Shower Given For W. F. Davidsons**

Rain showers accompanied the gift shower for Mr. and Mrs. W. F. Davidson last Thursday night but between 45 and 50 people made it to Marysville Community Center building and enjoyed the party.

Marysville women were hostesses for the couple who lost their home in a fire recently.

Friends attended from Marysville, Bulcher, Muenster, Sivelis Bend and Gainesville. Gifts were displayed and refreshments of cookies, coffee, and soda drinks were served.

Husband: "I passed Joe on the street today and he refused to recognize me. Thinks I'm not his equal, I guess."

Wife: "Well, you certainly are! He's nothing but a bluffing, conceited idiot!"

**Results Good in Black Plastic Use For Gardening**

JASPER. — From all indications, it looks like black plastic can push the vegetable industry in East Texas a giant stride forward. Results of a demonstration in Jasper County are extremely favorable for the shiny, black plastic that many vegetable producers have been eyeing as a possible means for cutting costs and increasing yields.

The I. D. Pulliam farm near Kirbyville was the site of the demonstration. Two rows of tomatoes, 190 feet long, with black plastic, were compared to two identical rows without the plastic in the test. Both plots got the same 10-20-10 fertilizer treatment and were planted on the same day, April 1.

Result: the rows without the black plastic yielded 658 pounds and the rows using the plastic yielded 1,088 pounds. Not only did the black plastic rows outyield the others, but the earlier yield, which brings the premium price, was over twice as much from the rows using the plastic.

Pulliam figures that the extra, early yield bringing the premium price, more than paid the cost of the plastic. But there are other advantages too, says Jasper County Agricultural Agent Burl Richardson. In addition to earlier maturing, the black plastic conserves moisture, controls weeds and prevents fruit rot, since rain cannot splash microorganisms onto the fruit.

"Using plastic actually requires less labor," points out Richardson. "There is the labor to put down the plastic, but from then on, there is no cultivation or weed control." The plastic was rolled down three days before planting. Then slits were cut in it to set the tomato plants by hand.

The outside edges of the plastic were covered with soil to hold in moisture and increase the soil temperature inside. This gives the plants a head start and they mature earlier. The plastic usually comes in 48-inch wide rolls.

A BET (Build East Texas) survey conducted by Texas A&M University indicates a large percentage of vegetables used in East Texas are shipped from other areas. Black plastic matures crops earlier, so it will pay vegetable farmers to use it and shoot for the premium price early vegetables bring, continued Richardson.

Almost any plant can be grown on the plastic, including watermelons, squash, potatoes, cucumbers and strawberries. Pulliam also conducted a demonstration with Perlitla cantaloupes. Using the same row lengths as tomatoes, the cantaloupes without the plastic yielded 210 pounds and the rows with the plastic yielded 1,587 pounds.

A man walked into a coffee shop during the lunch-hour rush, ordered a cup of coffee, gulped it down, left a dime on the counter and walked out. The waitress scooped up the coin and put it in her pocket, only to catch the cold eye of the owner staring at her. She hesitated a moment, then shook her head sadly. "What a screwball," she confided. "Leaves a ten-cent tip, then walks out without paying."

**The John Walters, Newlyweds, Make Home in Indiana**

Mr. and Mrs. John P. Walters are honeymooning enroute to South Bend, Indiana, where they will make their home. He will be teaching economics at Notre Dame University while he is working on his Ph.D.

The couple married August 28 in Subiaco, Ark., at the Benedictine Abbey. She is the former Miss Jan Thomas, daughter of Mr. and Mrs. John R. Thomas of Dallas. The bridegroom's parents are Mr. and Mrs. Joe B. Walter of Gainesville, formerly of Muenster.

Father Nicholas Fuhrmann officiated at the 6 p.m. ceremony. The Rev. Kevin Watkins and Frater Richard Walz of the Abbey sang "The Lord Is My Shepherd" and "Now, Joined by God" accompanied by the Rev. Hugh Assenmacher at the organ.

The bride, given in marriage by her father, wore a champagne-colored street-length tunic dress with matching accessories, a chin-length veil attached to a bandeau of champagne leaves, and carried pink carnations.

Dinner was served by the monks with Abbot Michael as host to the wedding party and guests. It was complete with a three-tier wedding cake.

Besides the above listed, guests at the wedding included Mr. and Mrs. J. Bruce Thomas of Arlington, Miss Marquerite Dansereau of Dallas, Mr. and Mrs. Reynolds Maus of Paris, Ark., Mrs. Bill Graham and

sons Kyle and Kirk of Gainesville and Mrs. Ed Sicking and daughter Peggy of Muenster.

The bride has attended Baylor University and NTSU and plans to attend St. Mary's this fall. Mr. Walters was graduated at Subiaco, received his BS from St. Benedict's College, and his MBA and MA from NTSU, Denton.

**HAPPY HUSBAND... his wife COOKS ELECTRICALLY!**

He's happy because his food is cooked to perfection and because electric cooking is easy on the budget... average cost of electric cooking for a family of four is only \$2.25 per month.

His wife is happy, too, because her electric range provides recipe-exact temperatures and, being flameless, keeps utensils and the entire kitchen bright and shining.

Electric cooking also keeps her kitchen cooler... heat goes directly from elements into utensils without "spillover heat" and the oven, with six-side insulation, keeps heat in and bakes longer with the electricity off.

Make your family happier... start cooking the flameless electric way.

mer Joyce Reiter — ended their honeymoon the past week with a visit with her parents, the Alfons Reiters, who met them at Dallas Air Port as they arrived by jet from Maine. Airman Reed has reported back to duty at Sheppard AFB in Wichita Falls and she has returned to her secretarial work for a Wichita Falls law firm.

Mr. and Mrs. Hal Falck of San Antonio spent the weekend and holiday here with her parents, the Jake Pagel. A family dinner was held in the Pagel home Sunday with the Jerome Pagels and Maurice Pagel and their families joining the visitors and hosts.

Holidaying in Muenster with the Clive Gobbles were Mr. Gobble's only brother and his wife, Mr. and Mrs. Earl Gobble of Maysville, Mo., and Mrs. Gobble's sister and husband, the W. H. Dillons of Fort Worth. It has been seven years since Mr. and Mrs. Earl Gobble were here. They spent several days enroute home after a vacation visit in California. The Dillons spent Sunday and Monday.

Mrs. Ray Evans is vacationing in California. She was joined on the trip by Mrs. Orleen Edelen of Lone Grove, Okla. They left Friday, friends seeing them off by jet from Dallas for Los Angeles. They'll also visit in San Francisco.

Miss Anna Hellman is back in Muenster after summering in Dallas with her nieces and their families, the John Chandlers and the Eddie Harts. She returned Saturday.

Spending the weekend and holiday with Mrs. Andy Hofbauer were her children and granddaughters from Dallas: Mr. and Mrs. Don Glover and twins Christy and Cathy, Miss Jeannine Hofbauer, and Larry Hofbauer. Larry kept the family entertained with an account of his bicycle trip to Old Mexico from which he had just returned.

Mr. and Mrs. Dolphy Joe Hellman and daughter Jennifer have changed city addresses. They are at home now in the former home of Mrs. Paul Nieball who moved to Gainesville some time ago.

Miss Mary Ann Yosten is enrolled as a freshman at St. Scholastica's Academy in Fort Smith, Ark. Her parents, Mr.

and Mrs. Larry Yosten, took her and helped her get settled. While there they visited friends at the academy including Sister Malachy Hess, Sister Helen Schneider and Sister Celeste Petrus.

Miss Blondie Fleitman has enrolled as a freshman at Loretto Heights College in Denver. Her mother, Mrs. Bruno Fleitman and Mr. and Mrs. John David Fleitman took her and helped her get settled. Before that they made a vacation of it, seeing the Denver mint and capitol, tourists' attractions at Colorado Springs and Canon including Canon Prison. It was a repeat sight-seeing tour for Mrs. Fleitman, Blondie and John Dave, but a first-time experience for Mrs. John David Fleitman. Sunday they attended Mass followed by a luncheon for freshmen and parents. In the afternoon the two groups were guests at a tea and later for a meeting with faculty members. They enjoyed visiting again with some of Sara Ann Fleitman's former teachers and one of the nuns who accompanied her on her European tour.

Dallas visitors Sunday to get acquainted with infant Joseph Michael Kupper and to visit his mother, Mrs. Leroy Kupper, at St. Paul's Hospital were Mr. and Mrs. Jerry Walterscheid and Mrs. Dave Walterscheid. Also there were the paternal grandparents, Mr. and Mrs. John Kupper of Valley View.

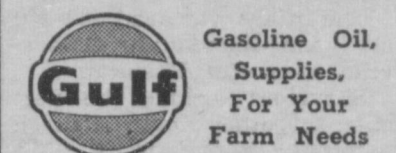

Muenster residents were among visitors at the formal opening of Head of Elm Medical Center at Saint Jo Sunday. The open house showed the 34-bed institution with modern facilities and conveniences — a ten-bed hospital, clinic, and 24-bed rest home. The place was adorned with floral tributes and hostesses conducted tours and served punch and cookies. First patient is Mrs. Neil Purteit, wife of Dr. Purteit, resident physician. She was moved to the new hospital during the weekend after surgery in Dallas.

Charles Felderhoff of New Orleans, La., spent Friday to Tuesday with his parents, the Tony Felderhoffs, and they accompanied him back for a short visit. Enroute they stopped in Tyler for a visit with Mrs. Felderhoff's brother, Bishop Augustine Danglmayr Sunday family members were together with the Alvin Hartmans as hosts in their home, honoring Charles and having an early birthday observance for Mrs. Felderhoff while the family circle was complete.

Mr. and Mrs. Lee Haverkamp spent Sunday in Dallas getting acquainted with two grandchildren. They were guests of the David Forgeys at a noon christening dinner for which other relatives also were guests. It was baptismal day for infant Christopher David Forgey. The Morton Wrights, Irving, were godparents and they and their children were dinner guests. Others present were Mr. and Mrs. Gilbert Boydston and their infant daughter Sherri of Dallas who was out for the first time for the relationship to see her, and Mr. and Mrs. Travis Wickliffe and daughters of Irving.

Miss Rosemary Fisher returned Sunday after spending the summer in Maine at Camp Bendito where she was a camp counselor. She also visited friends in Portland, Maine, a few days and spent the last week in New York City at the National Newman convention where she was one of 1200 young people present. Her parents, the John Fishers, met her as she returned by jet to Dallas. Rosemary is getting ready to enroll at NTSU. She will be a junior this year.

Mr. and Mrs. Bernard Wolf were in Dallas Saturday to make the acquaintance of their newest grandchild, Joseph Michael Kupper, their eighth and all boys. He's the son of Mr. and Mrs. Leroy Kupper. Mrs. Bernard Haverkamp accompanied them. They also visited with Dr. and Mrs. Kenneth Dobbs who went with them to see the babies and pointed out the two little Dobbs girls born last Thursday and in isolettes. They told about the boy of the triplets dieing Friday.

Mr. and Mrs. Richard Hermeses were hosts Monday at their home for a reunion of her family, the Joe Hoeng clan.

Joe Mosters Hosts For Priest Cousin

The recent Neusch reunion took the relationship to Amarrillo this year for the get-together.

They brought Mr. Neusch's nephew, Father Louis Meyer, back with them - a side trip for Father Louis who was on his way to preach a mission in Laredo.

A family get-together honored him at the home of cousins, Mr. and Mrs. Joe Moster in Muenster.

Those attending included Messrs. and Meses. Leo Neusch, Lawrence Neusche, Victor Koelzer, Harold Knabe, Melvin Voth, Johnny Zimmerer, Herbert Schmidkofer and their families and Father John Walbe, Sister Agnes Voth, Clarence Neusch and Dr. B. F. Hejduk.

Eggs should be an important part of the diet for persons of all ages.

Oil Production -- Tigers ----

A payroll of approximately \$3.8 million a year. Because oil operations require such a large number of service contractors and supply firms, which are not included in this figure, direct employment figures are only a part of the story of local economic impact.

An important indicator of activity is the amount expended on drilling of wildcat wells seeking new fields and those wells drilled to develop fields already located.

A tabulation by the Oil and Gas Journal shows 212 wells were drilled in the county in 1964: 121 oil, 80 dry holes, and 11 service wells.

In addition to local school and county property taxes by oil and gas operators, taxes on production from Cooke County flowed into the State Treasury at the rate of about \$1.4 million a year.

An upgrading of the county's gross economic output is contributed by the operation of 2 plants which can process some 33 million cubic feet of natural gas a day to remove liquids such as butane and propane.

Sturms Back From Mississippi Trip

Making a vacation trip out of taking their daughter to school in Mississippi were Mr. and Mrs. Johnnie Sturm of Gainesville who drove to Chat-awa, Miss., and saw Barbara Jane Sturm settled at Our Lady of the Pines Academy where she enrolled as an aspirant.

They also took Clarice Schumacher, daughter of Mr. and Mrs. Richard Schumacher of Gainesville with them. Clarice is in her junior year at the academy.

Going they visited places of interest in Louisiana and Mississippi, took pictures of the Mississippi River, and toured the National Military Park at Vicksburg, scene of Civil War battles.

While they were away their sons Michael and Eric had a vacation of their own with their uncle and aunt, the Ray Koppers and family at Lindsay.

Increase of Flu Expected this Year; Vaccination Urged

There may be an increase in influenza in the United States next winter.

Many of us can avoid a bout with the flu by proper immunization.

The forecast for the coming season is based on the two to three-year periodicity of the disease, says the Journal of the American Medical Association.

Persons at all ages suffering from chronic disease, such as rheumatic heart disease, other heart and circulatory problems, respiratory ailments such as asthma and emphysema, and diabetes.

Pregnant women. Patients in nursing homes and chronic disease hospitals.

Vaccination should begin in September and ideally should be completed by mid-December.

The vaccine in common use this season offers protection against five different types of virus, all capable of causing influenza.

The vaccine will not insure complete protection against influenza, but it has shown for some years a marked degree of protection for a large majority of those who receive it.

Ask your doctor about influenza protection for you and your family.

In spite of the bad start, however, the past year of operation resulted in a net loss of only \$3,302.33.

that Muenster hospital has a good potential and can operate successfully.

Signs of the future offer further encouragement. Along with the community's increasing population there is the fact that more people are buying hospital insurance, and Medicare is most likely to increase further the number of hospital patients.

An estimated six million persons in the United States have some degree of hearing loss.

**Lindsay News**

Short vacation for Miss Linda Stoffels was a weekend and Labor Day visit with her parents, Mr. and Mrs. Henry Stoffels and family. She attended Arlington State College during the summer and held a job. Monday the Stoffels family, joined by Mrs. Sophie Stoffels and Mrs. Joe Fuhrmann, and Mrs. Steve Grewing and children of Muenster enjoyed a get-together with a picnic meal in Leonard Park. Linda has returned to college for the regular term.

Members of the Gold Bond Committee of Lindsay Craft Club will meet Monday, Sept. 13, at the home of Mrs. Al Bengfort, 2 p.m. A full attendance is urged.

Lindsay CYC members are planning to attend Holy Hour services for the deanery Catholic Youth Council in Sherman next Sunday. Prayers in St. Mary's Church at 7 p.m. will be followed by a social hour for the young people.

Mrs. Lena Arend enjoyed a weekend visit in San Antonio with her daughter and son-in-law, Mr. and Mrs. Eddie Rauschuber, who took her home with them after their visit in Lindsay. Richard and Fred Arend drove to San Antonio to bring their mother back home.

Eggs should be an important part of the diet for persons of all ages. They are one of the most easily and completely digestible foods, they taste good, and they're loaded with protein, vitamins and minerals. According to A&M Extension nutritionists, eggs compare in protein with foods like meat and milk.

a payroll of approximately \$3.8 million a year. Because oil operations require such a large number of service contractors and supply firms, which are not included in this figure, direct employment figures are only a part of the story of local economic impact.

An important indicator of activity is the amount expended on drilling of wildcat wells seeking new fields and those wells drilled to develop fields already located. The Association estimates that in 1964 approximately \$4.8 million was risked by Texas oil and gas operators on drilling ventures in Cooke County. About 37.7 per cent of this expenditure, or 11.8 million, went into dry holes.

A tabulation by the Oil and Gas Journal shows 212 wells were drilled in the county in 1964: 121 oil, 80 dry holes, and 11 service wells. A total of 625,000 feet of holes were drilled — 455,000 for development wells and 170,000 for wildcats.

In addition to local school and county property taxes by oil and gas operators, taxes on production from Cooke County flowed into the State Treasury at the rate of about \$1.4 million a year.

An upgrading of the county's gross economic output is contributed by the operation of 2 plants which can process some 33 million cubic feet of natural gas a day to remove liquids such as butane and propane. The one refinery in the county has a capacity of approximately 2,000 barrels of crude a day.

Many of us can avoid a bout with the flu by proper immunization.

The forecast for the coming season is based on the two to three-year periodicity of the disease, says the Journal of the American Medical Association. The last major outbreaks were in 1962-63, and, on the West Coast, in 1963-64. Immunization is particularly recommended for certain high risk groups, these groups include:

Persons at all ages suffering from chronic disease, such as rheumatic heart disease, other heart and circulatory problems, respiratory ailments such as asthma and emphysema, and diabetes.

Persons in older age groups. Influenza deaths are higher in those past 45, and much higher in those beyond 65 years.

Pregnant women.

Patients in nursing homes and chronic disease hospitals. Vaccination should begin in September and ideally should be completed by mid-December. There should be two doses, about two months apart, to provide full protection. However, the interval can be reduced if an epidemic threatens.

Maximum immunity comes about two weeks after the second dose. Those vaccinated within the past two years will need only one booster dose this fall.

The vaccine in common use this season offers protection against five different types of virus, all capable of causing influenza.

The vaccine will not insure complete protection against influenza, but it has shown for some years a marked degree of protection for a large majority of those who receive it.

opportunity that was lost by a fumble. For the rest of that period each team made a first down and kicked on the second series.

On the first play of the last quarter Bates made 24 on a keeper play. Next try gained 9 then Miller scooted 48 yards for a TD, ending an 80 yard push in five plays. A kick for extra points went low. The count was 14-0.

Next the Tigers made a first down and had a pass intercepted on the next series. And the Bearcats scoring

machine got into action again. Sanders made 16 and Miller 23 for the TD and Sanders caught a pass from Bates for bonus points.

After that Tigers made a couple of first downs against Bearcat reserves and kept going after regulars returned. With less than a minute to go Larry Hess got loose at the 37 and went all the way. The try for extra points fell short.

also had a very discouraging start. From mid June until mid August Muenster had no resident doctor. With arrival of a doctor here and one at Saint Jo the hospital's daily census increased sharply, and it improved further when another resident doctor came here in November.

In spite of the bad start, however, the past year of operation resulted in a net loss of only \$3,302.33. Actually since November there have been only two months when the hospital failed to operate at a profit. Comparison of the two periods was made by the auditors expressly to indicate

that Muenster hospital has a good potential and can operate successfully.

Signs of the future offer further encouragement. Along with the community's increasing population there is the fact that more people are buying hospital insurance, and Medicare is most likely to increase further the number of hospital patients. There are good reasons to think the hospital will pay its way if the district is established to guarantee payment of its debt.

An estimated six million persons in the United States have some degree of hearing loss.
