Why is Castro permitting the big scale exodus from Cuba? From what we have learned about him in recent years we can feel reasonably certain he is working on a gimmick that serves no-one's purpose but his own. And you can be even more sure that he's not doing it out of the kindness of his heart. The stinker doesn't have a heart.

A clue is found from the type of people allowed to come over — the old, the sick, the very young, the unemployable. In general, the unproductive whom the Cuban government cannot afford to feed out if its dwindling food supplies. It's a matter of survival. There isn't enough food to go around so the bearded one decides to get rid of some boarders.

In that, perhaps, we have a sign that Castro isn't all bad after all. Other commies have used other ways to get rid of unwanted people. Or is his motive rather to do this only as the expedient course to save his own skin at some future date? Mass extermination cannot be kept a secret. When his bubble eventually busts he'll be better off without the blood on his hands.

Another motive should not be overlooked. Castro could be infiltrating spies and saboteurs with the evacuees, people assigned to snoop on liberation movements and keep Havana posted. Without doubt our country is extra suspicious about that and is extra careful about looking over any immigrants who appear too useful to be included in the human discards.

Regardless of treacherous possibilities, however, we still have abundant reason to cheer our country's policy in this affair. It is our best opportunity so far to help the unfortunate who suffered under red tyranny. At last they are safe from hunger and fear. And, knowing how the flimsy empire of their tormentors is going to pieces, they can even begin hoping for eventual reunion with some of their families and possessions.

They know as we do that Castro is only delaying the inevitable, not avoiding it. As of now he may have enough food for the able bodied youngsters he is keeping. But the method is still communist. It doesn't work in Cuba any more than in Russia and China. Castro still has plenty of economic headaches ahead, and he may find that other troubles will be harder to manage when disillusionment spreads among the element he is keeping. Could be this is a beginning of the end of communism in Cuba?

A good suggestion on this subject is that we convert some foreign aid appropriations to the care of these refugees from Cuba — for instance wheat shipments to Russia and handouts to Sukarno and Nasser and Tito. No doubt such a decision will come easily if we will listen attentively to the stories of cruelty and treachery which ought to be plentiful from those who endured the communism of Cuba. There's even a bit of poetic justice in thinking we would give such help to people who stood with us against the reds in pro Castro times.

Regardless of Castro's motives, or developments yet to come, we Americans can be proud of our country's attitude toward our Cuban guests. They need help and we are helping them. We're living up to a fine national tradition.

Light Vote Here Rejects All But One Amendment

Muenster voters were in a contrary mood for Tuesday's election on ten proposed amendments to the state constitution. They voted down every proposition but the second and, they approved it by the slim majority of 54-46.

They also got fairly close on Number 3, rejecting it 55-47. All others were defeated decisively.

In relation to the statewide trend Muenster voters went wrong on six out of their ten chances. They went for No. 2, the veterans' land fund, and it lost state wide.

Proposals turned down here and adopted statewide are No. 1 on financing college buildings, No. 3 on aid to needy, No. 5 on teacher retirement funds, No. 6 on student loans, and No. 8 on retirement of judges.

BARONESS MARIA VON TRAPP learned about horses and saw her first rodeo on her visit to Muenster Saturday when she was a guest of Mr. and Mrs. Ernest Medders at Colonial Acres Farm. Shown with her are her host, right, and Bob Smith, horse trainer. That's Ringo San Siemon, prize winning Appaloosa stallion at halter.

Baroness Von Trapp Visits Muenster

Baroness Maria Von Trapp, mother of the famous Trapp Family Singers, was a guest of Mr. and Mrs. Ernest Medders at Colonial Acres Farm Saturday.

The Baroness, in Dallas on a speaking tour of the nation, was invited to the Medders' ranch and was able to witness her first rodeo.

Medders gathered the ranch hands for a special rodeo performance for the Baroness, and she cheered like a true Texan.

On all her world travels Maria Von Trapp had never seen a Texas ranch with cowboys and horses and a rodeo. She spoke in Dallas at the Friday Forum and at Hockaday School where the Medders invited her to Muenster. A group of faculty members

from Hockaday accompanied her to Muenster and others at the rodeo were from Muenster and Wichita Falls.

The Baroness, a striking personality, always wears her native Austrian costume. Says she never changes to "civilian" dress. She told those present that the dress she was wearing was eight years old. They're home made of brocade and "last forever." That statement drew applause from men guests at the farm.

After the rodeo and ranch tour, the visitors and their hosts went to the Bavarian Wood Carving Studio and then had dinner in the Medders' home.

In her after-dinner talk, the Baroness told many of the same things she tells in her lectures. She speaks about her family, herself, her late husband, the Baron, and her present mission in life — blocking of communism in the South Pacific. This serious note in no way detracted from her general good humor. She laughs easily, and along the way she made her audience laugh, think, and sometimes gasp in amazement. She speaks both English and German fluently.

She has authored four books and has contract for a fifth. "The Sound of Music," stage and screen, are portrayals of her colorful life. A native of Austria, she has lived in Stowe, Vermont, the past 25 years, when she isn't on a lecture tour. The family has a chalet and a farm with 800 acres and a mountain — "But this is Texas!" she said.

Proceeds from her lecture tours go to missionaries in the South Pacific to educate, to stem the tide of communism. "This is an area of great peril. We must do all we can to stop it here."

Muenster Hosts 2000 at Service Of Christ the King

Catholics of North Texas turned out more than 2000 strong Sunday afternoon to proclaim their allegiance to Christ as the King of the Universe.

The occasion was the annual gathering of members of the eleven parishes of the Sherman Deanery to observe the feast of Christ the King. Muenster was the host parish this year and attendance was estimated from 2,000 to 2,500.

In his short sermon to the crowd Father Benedict Buegler, assistant pastor of Sacred Heart Church, said the best possible news that can be imagined is a report saying all nations of the world have pledged their allegiance to Christ. There can be no better assurance of world wide peace and justice.

He also called attention to a recent quotation by the Holy Father stating that Christ is the most important Being in the life of every person. He is our beginning, our life and our guide, our hope and our end. So, it is wise for us individuals to proclaim Him as King even though the nations do not.

The service started at 2:30 with assembly at Muenster Memorial Hospital three blocks west of the church. As the rosary was being recited a procession moved to the church lawn in front of the Sacred Heart Rectory porch. Father Benedict spoke there and Father John Duesman, dean of the Sherman deanery was celebrant at Solemn Benediction with the Blessed Sacrament. The service ended with group singing of "Holy God We Praise Thy Name."

Parishes of the Sherman Deanery are located in Muenster, Lindsay, Gainesville, Valley View, Denton, Pilot Point, Sherman, Denison, McKinney, Bonham and Paris.

Open House Set Next Sunday at Parochial School

November 7-13 has been designated as American Education Week and National Catholic Education Week. To commemorate this double observance, Sacred Heart School will have open house on Sunday, November 7 after the morning Masses and in the afternoon from 2:30 until 5:00.

At this time the public is invited to tour the buildings and view the materials and equipment that is used in teaching.

On Monday, November 8, parents are invited to visit the classes while in session.

L. B. Bruns Heads Library Directors

Directors of the Muenster Public Library elected L. B. Bruns as their president in an organizational meeting last Wednesday night. Other officers are Mrs. J. D. Hanna, vice president, and Mrs. Leon Fleitman, secretary.

The board also discussed by-laws to be adopted and the terms of directors and set meeting dates for the third Wednesday of each month.

Committee assignments were as follows. Books and Magazines: C. F. Gobble and Mrs. J. D. Hanna. Building, Supplies and Finance: Henry Weinzapfel and Mrs. Leon Fleitman. Personnel, Programs and Extension: Mrs. Ernest Medders and B. J. Swirczynski.

New Cafe Opening Set Next Monday

A new business for Muenster, the Cozy Cafe located at 703 Division Street (Highway 82), will open its doors next Monday. A formal opening will be set later.

It is owned and operated by Mr. and Mrs. Don McKim, natives of Iowa who moved here recently from Lubbock. They have been busy the past two weeks refinishing the place and moving in equipment.

The cafe will be open daily 6 a.m. to 11 p.m. serving breakfast, steaks, chops, sandwiches etc. and fountain service. It will seat 35 customers. All equipment is new.

Muenster Donates \$515 for Cemetery

Members of the Muenster Garden Club are grateful for the best response ever in their semi annual collection for the cemetery fund. Total donated at church doors following All Saints Day services in Sacred Heart Church was \$515.81.

Other donations, if any, can be turned in any time at the bank for the cemetery maintenance account.

Money received in the collections of All Saints Day and Memorial Day is used to water and mow the grass and to trim and replace shrubbery.

Emergency Labels Mailed to Patrons Of Phone System

With this month's statements from Muenster Telephone Corp. are small labels showing numbers of the fire department, the police and the hospital. They are sent to all customers on the Muenster, Forestburg and Myra lines through cooperation of the phone company and the fire department.

Patrons are urged to use these labels as recommended so they will have the emergency numbers before them whenever they are needed. Recommended place to put it on a desk phone is in the cradle, just under the transmitter-receiver. People with wall phones are asked to attach them at the most convenient spot.

Annual Memorial Honors Deceased Members of Parish

Several hundred persons, almost enough to fill Sacred Heart Church, gathered Monday afternoon for the traditional All Saints Day memorial service for deceased members of the parish.

The service started with benediction in church after which the group marched to the cemetery while reciting the rosary. In the cemetery they assembled at the crucifixion group where Father Alcuin Kubis led in reciting the rosary and delivered a short sermon.

He said that the purpose of the service is to honor our loved ones who are numbered with the saints and especially to pray for those who need to make further atonement for their sins. He emphasized that too many of those who went before are being forgotten — "out of sight, out of mind" — and urged all to show more love in death to those they loved in life.

Father Alcuin also stressed being ready for death. The 76 buried by him in the local cemetery includes all age groups. No one can know when or where his time will come, so it's wise to be prepared at all times.

Afterward the choir chanted and Father Alcuin recited the customary grave side service for funerals.

Hundreds of pot plants, wreaths sprays and bouquets decorated graves for the occasion.

Hornets - Panthers Play Friday for District 9-B Title

Football history in District 9-B for 1965 will be made on the Muenster High field Friday night as the Hornets take on Saint Jo's Panthers. The game is practically certain to decide the district championship.

As of now both teams have a perfect loop record of four wins. Next high contenders are Callisburg, Era and Sanger, each with a 2-2 count, so the winner of this becomes a big favorite for the title.

Indications are that the game will be a real tussle. The Panthers are favored by a statistical advantage over the Hornets. They have a 7-0 season record and the Hornets have a 5-1-1 record. Moreover their margin of victory in most games has been more impressive.

But that isn't how Coach Polk and his boys see it. They aren't conceding anything, they're ready, and they intend to win.

Physically the Hornets are mostly in good shape. First stringers are all ready but Wallace and Tuggle, who have done lots of substitute work, probably will not be up to par.

Less than one-tenth of the sunlight falling on the moon is reflected. Nine-tenths go to heat its surface.

Big Plans Await SH Ex Students At Homecoming

They're going to roll out the red carpet and put out the welcome mat, rain or shine Saturday for Sacred Heart High School's Homecoming celebration. That's what students and members of the Alumni Association indicated this week as they made final plans for the event.

The homecoming crowd will see the Tigers and Dallas Christian in battle starting at 8:00, and they're all invited to the homecoming dance in the VFW Hall after the game. The Coachmen will play. At game half time they'll see a Homecoming Queen crowned. Ex-students will have a full program before the game starts. At 6 p.m. there'll be a social hour and buffet in school with a period devoted to recognizing this year's honor classes — those of 1944, 1945 and 1955.

Queen candidates are Barbara Schmitt, Debbie Fette, Mary Koester and Margaret Kralicke.

Meanwhile Sacred Heart High students are busy with Homecoming week activities. Friday is School Spirit Day and a Mr. and Miss School Spirit will be chosen. At 6:30 students will have a bon fire and pep rally on the east side of the football field, and Saturday before the game the pep squad and drill team will march from school to town and back.

Muenster Beats Era 26-0, Breaks Seven Year Jinx

A long line of losses dating back to 1957 was broken Friday night as Muenster High's Hornets trimmed Era's Hornets 26-0 on the latter's field.

According to predictions that's how it was supposed to go, but as the game started it seemed very much that the old Era jinx was still in effect. Coach Polk's boys had lots of trouble getting their game to click and through the first half they managed only two first downs to Era's four and 63 yards to Era's 68.

To begin Muenster kicked on its first series, Era fumbled on its first and Muenster lost possession by interception on the next series. Then Era made two first downs and booted on the third series.

Next play was a dandy run by Stormer, 44 yards to the Era 43. Three more plays gained to the 32 and three more gained to the 24. It looked like a fat chance to score. But then, a big fizzle that lost yardage back to the 32 and lost possession to boot.

For a while after that everything was defensive: five kicks in a row, one of which was fumbled by Era and recovered by Louis Hellman.

Near the end of the half Era started moving again. Two first downs went from the 20 to midfield and the half ended as Klement stole a long pass and returned it about 25 yards to the Era 45.

Next half was different as (Continued on page 8)

END DOES NOT JUSTIFY THE MEANS

One concept which is wholly inconsistent with democratic processes is the totalitarian idea that the end justifies the means. In a free society sustained by respect for procedural as well as substantive

rights, the "end," however noble, can never excuse unlawful "means."

A current move in this country advocating unlawful means has been labeled civil disobedience. This doctrine is based on the startling theory that if one does not agree with a law and believes it to be morally unjust, he may disregard it to achieve a particular objective.

I think society, by and large, is unaware of the long-term

implications of this creed, primarily because those who seek immediate and temporary solutions have obscured the future by a smokescreen of slogans and high-sounding cliches. No matter what the goal, the fact remains that a peaceful, healthy, orderly society cannot exist, now or ever, if each individual may determine which laws he is going to obey and which he is not.

The basic question is respect for law and due process and whether dispassionate justice is to be rendered.

To my mind, there are two frightening aspects to civil disobedience. One, sowing contempt for law and order and promoting pride in law-breaking among the Nation's youth can only result in an acceleration of our serious crime problem. In some quarters, it already appears that the social stigma formerly attached to lawbreakers is being replaced by sympathy for their actions and an irrational hostility to law enforcement.

Secondly, where is the line to be drawn against the snowball effect of civil disobedience? Willfully disobeying misdemeanor statutes today and committing felonies tomorrow is a logical regression from government of law to an anarchic society.

There is no question but that the right of dissent and the right to petition for redress of grievances are absolutely essential to the security of a free people. But the very life of liberty requires that these rights be asserted in a lawful manner. Civil disobedience and the unwillingness of many to resolve their differences by established legal means will surely lead to the destruction of the institutions which protect their freedoms.

It is folly to hold that a utopia of individual rights will rise from the destruction of respect for law.

—J. Edgar Hoover.

THEY LOVE FREEDOM MORE

"Running from aggression is not the way to peace... To withdraw from one battlefield means only to prepare for the next..." This was the essence of a report delivered to President Johnson September 30 by James Skidmore, Jr., president of the U.S. Jaycees, as a formal expression of Jaycee support for a firm stand against Communist aggression in Viet Nam.

Prior to delivery of this report an overwhelming majority of the 260,000 Jaycees in this country had actually endorsed it through a referendum vote. Each member had the opportunity to vote for: 1) a "stay-tough" policy, 2) against such a policy, or 3) no opinion. By a ratio of 12-1 the 5700 chapter units in communities throughout the 50 states voted to "stay tough."

It may be mere coincidence, but we think it significant in any case that 92% of the Jaycees (as close as you can get to a 12-1 ratio without splitting a point) are themselves eligible for military service, either by draft or reserve call, in case our military commitment in Viet Nam or elsewhere expands to a point where they are needed. Moreover, some 72% of the Jaycees are service veterans as of now, including no doubt a considerable number with actual combat experience. All of which seems to show quite conclusively that, with men who know the dangers best it's "stay tough" 12-1.

We find it very interesting that support for firmness against Communist aggression in far off places so often comes from young men who might themselves have to risk their lives in combat. In marked contrast, it seems to us that most of those who bleat and picket for U.S. withdrawal from Viet Nam are either ineligible for military service or

of the type who would in any event pull every possible string to avoid it. Be that as it may, there is certainly a great difference between the Jaycee membership and the "peace-at-any-price" crowd. Perhaps it is best summed up in another passage from the report Mr. Skidmore delivered to President Johnson: "The Jaycees love peace, but they love freedom more."

CHINESE "ARMY" IN CALIFORNIA

From its distant bastion island, Formosa, the Republic of China is sending a small "army" to help defend the State of California from destructive elements which are attacking within its borders. This friendly Chinese force is not small in number or importance but only in the physical size if its troops. It is an army of parasitic wasps and carnivorous, lady-bird beetles. They are being brought into California to combat aphids which are attacking fruit and vegetable crops.

Aphids, commonly known as plant lice, destroy fruits and vegetables not only by eating leaves of the plants, but also by spreading plant disease. The wasps which are being sent from Formosa destroy aphids by destroying eggs inside them, after which the young wasps devour the aphids from within, emerging to deposit eggs in more aphids. Each wasp dies its own natural death after depositing about 50 eggs. The lady-bird beetles destroy aphids simply by eating them. Some 400 aphids being required to feed one beetle during its short life span. The particular species of wasp and beetle in this friendly insect army were selected after much experimentation by Chinese entomologists working under contract with the U.S. Department of Agriculture.

Perhaps this atones, in some measure, for the damage done to U.S. fruit and vegetable growing of late by erroneous policies of the USDA forbidding use of foreign labor in harvesting such crops. In any case, we're pleased to commend that department for its good judgment in recruiting the Republic of China forces. What a pity that our Department of State does not show similar good judgment, and atone for some of its past errors, by accepting the offer of that same friendly nation to help us deal with another kind of destructive "insect" which plagues our men in Viet Nam.

BLACK SCANDAL

Ordinarily, we would not think of commenting in these columns on a mayoralty race in the nation's largest city, New York. The power struggle of big-city political machines is too involved, and too mucky underfoot for us. But, because there is an impending election to choose a new mayor for the city of New York, one of the most sickening scandals in recent history is being suppressed, and that scandal involves this community's taxpayers quite as much as New York City. As far as we're concerned, it won't wait for discussion until the politicians in New York and Washington are ready.

The fact is that Washington has spawned this disgrace through one of its monstrous poverty programs in New York City's Harlem known as HARYOU-ACT. Last week, Livingston Wingate, executive director of that organization, told the press that an armed group of Negro youths in the area is "prepared to die" in a struggle against white people. "The kids are armed and ready to move," he said, insisting that only his anti-poverty program was stopping them. But, what the executive director did not tell the press is that New York City Police have identified more than three hundred of these armed Negro youths as being "employed" by HARYOU-ACT. These three hundred known recipients of weekly pay checks from government funds have been trained in the fine arts of rioting, demonstrating, looting, sabotage, assassination — and armed — by Cuban and Chinese Communist agitators. To head off a Los Angeles-type riot in New York, Washington has been paying blackmail money, weekly, to identified goons. Decent Negro voters in New York City are appealed. Police officials are desperate.

Any properly constituted Congressional Committee has only to ask for New York City Police Department files. And ask, it should. Even one additional day of paying tribute to goons out of the public treasury is one day too long. Listen to Mr. Wingate's parting remarks to the press: "Believe me, my community is loaded with dynamite, now. These kids don't give a damn... I've talked to police. They're scared, they know the facts. If I tell you too much, I'll be the late Wingate."

New York City has, by reputation, the finest city police department in the world. That department ought not to be subverted by political blackmail money paid out of the U.S. Treasury.

The fact seems forgotten, but this country was founded as a protest against taxation.

John Durbin Jr., Judy Michels Wed In New Orleans

Of interest here is the wedding of John Durbin Jr., son of former Muenster residents, and grandson of Mr. and Mrs. Frank Yosten.

John Durbin Jr. and Miss Judith Ann Michel were married at 11 a.m. Oct. 23 in St. Frances Cabrini Church in New Orleans. She's the daughter of Mr. and Mrs. Walter Michel of New Orleans and he is the son of Sgt. and Mrs. John Durbin of Metairie.

The bride, given in marriage by her father, wore a short dress of white imported lace and a shoulder veil. She carried white roses and Stephanotis.

Her sister, Miss Nancy Michel, was maid of honor wearing an aqua blue velvet outfit. Tommy Nagel was best man. Gordon Hensen and Dan Gherardini ushered.

John and Judy both attend Louisiana State University in New Orleans, majoring in accounting. She is a member of Sigma Kappa Sorority and he belongs to Delta Sigma Pi Fraternity.

The wedding reception was held on the patio at the home of the bride's parents for about one hundred relatives and friends.

Other flowers will be shown and there will be two divisions, artistic and horticulture.

Theme of the show this year is "Happiness Is." It will be held in the annex of the Methodist Church from 1 to 7 p.m. and the public is invited. There is no admission charge.

The Saint Jo Flower Show is the oldest of its kind in the state. It is recognized by gardeners all over the state and attracts attendance from a wide area.

Started in 1911 by the Mothers Club, it was later sponsored by the PTA for a while and has since been sponsored by the Saint Jo Garden Club.

Home-School Group Hears Panel on Home Assignments

Sacred Heart Home-School Society at its monthly meeting heard a panel discussion on "Student Home Work Assignments." Mrs. W. J. Miller was program chairman.

Sister Roberta spoke from the teacher's standpoint, Mrs. B. J. Swirczynski spoke for parents and Monica Fetsch spoke for students. A round table discussion with questions from the floor followed. Father Benedict, Sister Geraldine and Sister Roberta answered questions.

Mrs. Swirczynski reported on Camp Fire activity, stating that the Gainesville Board of Directors would like for Muenster to have its own board. Mrs. Arnold Rohmer and Mrs. W. J. Miller were appointed to head a committee to work on the proposition.

Father Benedict explained the change in religious instructions in classes pointing out that in addition to lessons from the books, the classes will include lectures on matters of morals, conduct, health etc., and for senior students talks on marriage. He emphasized that the world needs informed "committed" Christians. Many are informed, he said, but they do not pass on the information, probably because they do not feel qualified.

Sister Geraldine spoke briefly on the Parent-Teacher Conferences being conducted.

Herbie Miller, president, presided and Father Andrew opened and closed the meeting with prayer.

After adjournment there was a social hour with refreshments. Ninety-one members were present.

Jeanna Hartman, 2, Birthday Honoree

Jeanna Hartman was honored on her second birthday with a party in the home of her parents, Mr. and Mrs. Gene Hartman, in Denton. Hostess for the occasion was her sister Pam, assisted by their Mommy.

Theme of the party was Halloween and the room was decorated with pumpkins and black cats. Party favors for the little "spooks" were miniature pumpkins filled with candy. Eighteen of Jeanna's little friends and her two grandmothers, Mrs. Dick Cain and Mrs. Victor Hartman, and cousins Robynn Ann and Todd Richey helped her celebrate.

The birthday cake, decorated with miniature witches, pumpkins, black cats and goblins was a big attraction. It was served with ice cream and punch. Pictures were taken throughout the afternoon.

Kay Aytes Bride Of Cecil Raney In Myra Service

Mr. and Mrs. Cecil Raney are at home in Enid, Okla., following their wedding trip. She is the former Miss Kay Aytes. The couple married Oct. 23 in Myra Baptist Church.

The bride is the daughter of Mrs. Evelyn Aytes of Myra and Cecil Aytes of Gainesville. The bridegroom's parents are Mr. and Mrs. Forrest Raney of Forestburg.

The Rev. Bob LaGrone officiated in the single ring ceremony. The bride was given in marriage by her uncle, C. L. Williams.

The altar was decorated with baskets of white mums, stock and greenery. Two metallic gold stands, containing seven white candles each, lighted the wedding scene.

Music for the ceremony was furnished by the groom's niece, Jo Ann Richardson, and the groom's sister, Miss Evelyn Raney, who sang, "O Perfect Love".

The bride chose a two-piece white wool, street-length dress and a white pill box hat with a brown veil for the ceremony. She wore a large purple orchid corsage.

Matron of honor was Mrs. Glenda Sue Trammel of Gainesville, who wore a two-piece blue wool suit with white accessories and a white carnation corsage.

Jim Raney of Crystal City served his brother as best man. Ushers were Jerry Orrell and Mike Berry of Rosston.

A reception in the church annex followed the ceremony. Miss Sharon Williams, niece of the bride, registered guests at a table laid with white linen and decorated in gold and white theme.

The bride's sister, Vivian Aytes, presented each guest with a tiny net bag of rice, tied with a gold cord.

The bride's table was covered with a white cutwork cloth over gold and the centerpiece was an arrangement of gold flowers in a crystal container, flanked on either side by five-tiered candles entwined with English ivy.

The white wedding cake, complete with a miniature bride and groom, was cut by the couple and served by the bride's aunt, Mrs. Bill Blanton.

The SS Queen Mary and SS Queen Elizabeth could easily rest side by side on the flight deck of the USS Enterprise.

Visitors with Jim Walker Sunday afternoon were his daughter and son-in-law, the Leonard Luttmers and children Sandra and Timmy of Valley View.

Lex Linn of Denton visited Friday with his brother and wife, the Joe Linns, and had lunch with them. He also visited his other brother, Russ Linn.

Hornets

MHS seemed to work out its combination, especially in the last quarter, which produced three touchdowns.

It started with a bang early in the second half. Era kicked to end its first series and Dale Klement shook off a pair of tacklers before accepting the help of nice blocking in his 60 yard gallop to the goal.

After that Era had to kick on its second series, Muenster fumbled on its second series. Era made 15 yard to the 20 and lost possession after the next four stopped at the 11.

Four plays later Muenster had to kick. It was a high short one giving Era another chance from the 27. But the next series lost ground and Muenster took over on the 30. From there Russell took a pass and gained 46 to the 24. Klement went to the 10. Stormer and Klement each gained 4 and Klement finished the job.

A kick for extra point was wide. The count was 12-0 with 7 and a half minutes to go.

Shortly after that a fourth down gamble by Era fell inches short and Muenster was in business on the Era 26.

Three plays did it from there. Klement went to the 13. Stormer went to the 6 inch line and went over on his next try.

Only a minute and five seconds were left as Klement kicked true for an extra point. And still more was coming. Two plays later Stormer snared an Era pass and raced 55 yards to pay dirt. Klement's kick was good again. The score: 26-0.

Baroness

is a blue brocade jumper, gathered skirt, and white cotton blouse with ruffled sleeves. A large maroon apron ties around the waist. Her stockings are maroon cotton and her shoes are low-heeled black oxfords. She wears a blue and white bandana over her silver hair.

Members of Hockaday faculty with the Baroness at the Medders' ranch were Misses Elaine Kimball, Mary Reynolds who made arrangements for the visit here, and Dorothy Britton, Mrs. Charles Batterson, Bob Slaughter, and Mr. and Mrs. Bob Merritt, all of Dallas. Also Rae Howard, editor and publisher of the Wichita Falls Times and Record News, and Gene Chambers, Wichita Falls.

With the Medders were her brothers, Joe Smiddy Jr. of Wise, Va., and C.D. Smiddy and his wife of Kansas City, on a several days visit with their mother, Mrs. Joe Smiddy and the Medders family.

Tigers

points try failed. Tigers led 6-0.

Two more big plays by the Tigers came soon after the next kickoff. Willie Wimmer clobbered a would be passer for a 17 yard loss so the second series ended in a kick, which Larry Hess returned 48 yards to the Card 32.

But that was all for Sacred Heart. Next four tries made only 7 yards.

Just before half time the visitors were stopped by another fine stand. Three first downs went 45 to the Tiger 10 and time ran out there after two more plays.

Sacred Heart started the third quarter with two successive first downs, 31 yards to the Card 34 and fell a yard short of the required 10 on the next series.

Christians made a series kicked on the next series, and recovered on the 25 as Sacred Heart muffed the ball and they were stopped again. Next play gained to the 15 but a vicious tackle there sent the ball tumbling and Sam Endres pounced on it.

Tigers too failed to move. Then calamity struck. A kick ending the series was blocked. The Cards were in charge on the Tiger 12. Three plays later Hardy the 200 pound bruising fullback crossed from the 4. An attempted kick failed. The count was tied at 6-6.

Next came Sacred Heart's best sustained effort of the game. Three first downs gained 40 yards to the 20, but that was all. Next four plays netted a loss of 2.

And the visitors did likewise. Five first downs went 62 yards to the Tiger 6 but the next four plays ended at the 2, thanks to super efforts of Larry Hess, Robert Klement and Dale Hofbauer.

From there Sacred Heart advanced two first downs and ran out of time.

Story Book End Fails to Jell in Girls Grid Event

Seniors and Freshmen, Fan-cypants, beat the Juniors and Sophomores, Pennyweights, in a girls' football spectacular at Sacred Heart Tuesday night. The score was 12-8, and it almost turned out to be very different.

On the last play of the game Gloria Gieb of the Pennyweights went 45 yards and was stopped 10 yards short of the score which would have changed the outcome.

The girls played flag football, in which tackling is replaced by snatching a hanky from the hip pocket. Forward progress of a play ends at that point. High school boys were officials as well as cheerers.

Pennyweights were first on the scoreboard as Gloria Gieb went over from 8 yards to complete her team's nice drive. She ran again for extra points, and an 8-0 halftime lead.

Early in the third the Pennyweights were moving again until Debbie Schilling's pass interception. Then the drive went the other way for 60 yards. Barbara Schmitt made the last 20.

The last score followed a 40 yard drive in the fourth quarter and Schmitt scored from the 8. Both tries for extra points failed.

Defensive standouts of the game were Kay Klement and Ann Landsfeld.

In 1502, on his fourth voyage to the New World, Columbus ran into a hurricane, and lost 29 out of 30 of his ships.

Local Pee Wees Lose 16-0 to Era

The Muenster Pee Wees continue to play just for practice. In their third encounter of the season they lost 16-0 to

Era Juniors Tuesday night on the local field. Coach James Polk said they were outclassed as usual but they are at least learning football. They are showing good progress in their de-

fensive game, as indicated by holding the visitors to two touchdowns — one each in the second and third — plus a safety in the first. Offensively the Pee Wees made little progress.

Two rather absent-minded friends met on the street. "Do you know what time it is?" one asked. "Yes." "Thanks." And away they went their separate ways.
