VOLUME XXX

MUENSTER, COOKE COUNTY, TEXAS 76252 FEBRUARY 25, 1966

NUMBER 14

What is our country's objective in South Vietnam? Is it to arrive at the earliest possible peace settlement or to guarantee the freedom and independence of South Vietnam? The answer to that question is vital in considering merits of the proposal made a few days ago by Senator Robert Kennedy. He suggested a conference at which the Viet Cong would be invited to sit in and help work out a solution.

Without doubt that could lead to an end of hostilities. It's not only possible, but probable that the Viet Cong, given so much influence in conference, would acquire as much or more influence in shaping the future destiny of the area concerned. And that, as history tells us very plainly, is equivalent to victory for communism.

The settlement proposed is a repetition of what has happened many times in the past twenty years. A coalition government including reds is only a step toward turning a country over to complete domination by communists. The day such an arrangement becomes effective is the day for starting political intrigue and treachery and strife which do not end until the opposition is liquidated.

That method is the means whereby communism grew to its present position of world menace. The Viet Cong would be very pleased with an arrangement which would enable them to keep up the dirty work. After all, it suits their purpose even better than the war. Coalition is a good deal for them. It offers a better chance for ultimate success with less expense and less risk than fighting.

One of the great mysteries of our time is the fact that some people still trust communists after their long and shabby record of deceit. Apparently it matters not that reds honor only the agreements that serve their purpose and invariably take complete charge when they are accepted as partners in government. Those are plain reasons why adopting the Kennedy proposal is equivalent to defeat.

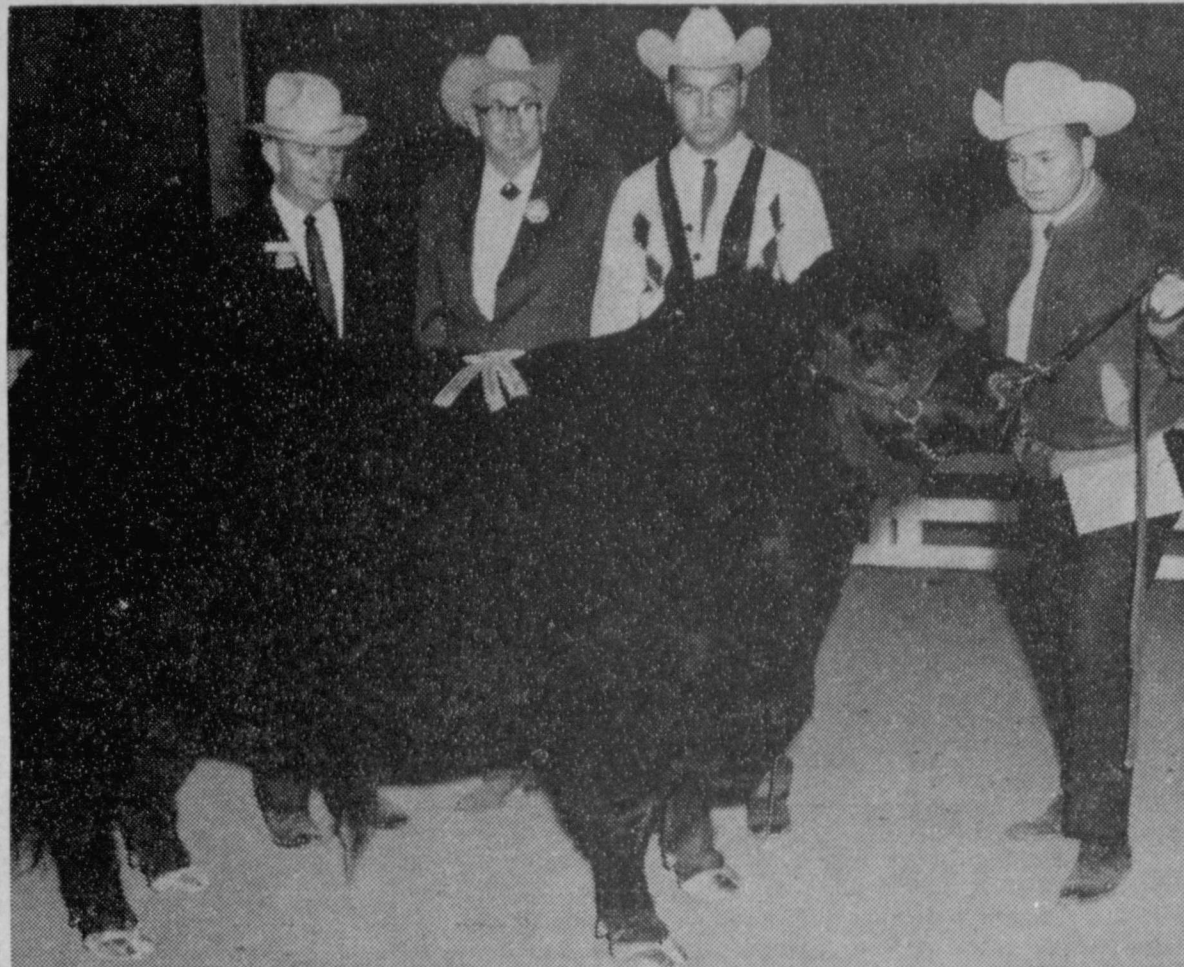

From the beginning of this conflict we were told, and we firmly believe, that our purpose in Vietnam is twofold — to answer the distress call of people fighting for their freedom and independence, and also halt the spread of communism. A settlement with Viet Cong aggressors would nullify both of those objectives. The survival of Vietnamese and even ourselves demands that we continue firmly in pursuit of our twofold purpose. We must win. There is no other way to success.

Former Vice President Nixon explained the situation very clearly a few days ago. He said that a negotiated peace enabling communists to continue their conquest will only increase their power and lead to a bigger war when the enemy chooses. Two decades of history support his view and urge us to go on and win now.

Public opinion of the nation likewise strongly favors that view. Several polls have revealed that a big majority of our people want to win. Congress too is strongly behind the President's policy, many members urging him to take stronger action. And dock workers are now considering refusal to load or unload all ships whose countries are trading with the enemy. We can proudly say that the American mood does not favor Kennedy's solution.

Aside from many other considerations there's also the principle of the thing. Where does anyone get the idea that an aggressor has the right to a voice in peace negotiations? The claim to that right is no more justified than the conquest on which it is based. And the nation which recognizes such a claim is shirking its responsibility to justice and reason. The idea is no less absurd than a compromise between law enforcement officers and criminals in our cities. Suppose hoodlums start a crime wave and the police settle with them by allowing certain rackets in exchange for an agreement to end the violence. Local law enforcement isn't done that way. Nor should global law enforcement be done that way.

Perhaps this twisted idea of ending wars can be blamed partly on our own country's (Continued on page 8)

THE RESERVE SENIOR CHAMPION in the Angus bull class at the recent San Antonio Livestock Exposition was Longleaf Elegance 33 of the Colonial Acres herd. A total of 22 ribbons and rosettes was won at the show by Red and Black Angus entries from Colonial Acres. Left to right with the champ are Miles McKee, Kansas State University, judge; Ernest Medders, owner; J. D. Howard, manager; Gene Riggs, herdsman. Photo by American Angus Association.

## Effort Under Way To Start Chamber Of Commerce

Preliminary efforts at organizing a Muenster Chamber of Commerce are getting under way this week as letters are being mailed to about 200 individuals and firms of the community.

The first step was taken by Ernest Jaska in response to a vote taken about two weeks ago by local persons meeting with representatives of the West Texas Chamber of Commerce. The letter asks all persons interested in a local chamber of commerce to indicate their interest by returning a post card with their nominations for a committee of five to proceed with details of organizing.

That committee will be expected to set an organizational meeting date, nominate candidates for directors and suggest rules and by laws. Jaska said he and his helpers have tried to send letters to all prospective members of the community. If any interested persons were overlooked they are invited to contact him.

## Ethel Hood, 77, of Gainesville Dies

Miss Ethel Hood, 77 of Gainesville died in Muenster Memorial Hospital Tuesday night at 8:45, about fifteen minutes after being admitted with sudden severe illness. She had been living in Golden Years Rest Home for about a year, sharing a room with her sister, Mrs. R. M. Felty, who is her only survivor.

She was a daughter of the late A. P. Hood, after whom the Hood community was named. She was born Nov. 14, 1888, graduated from North Texas State University, taught school for 50 years.

Funeral services are set for 4 p.m. Thursday in First Methodist Church at Gainesville with Geo. J. Carroll & Son Funeral Home in charge of arrangements.

## Cliff McMahon of Gainesville Dies

Cliff Thomas McMahon, 63, a well known business man of Gainesville, died last Friday afternoon in Gainesville Hospital following an extended illness.

Funeral services were held Sunday afternoon at 2 p.m. from Whaley Memorial Methodist Church with the Rev. Bourdon Smith and the Rev. Wm. Craig officiating. Burial, under direction of Geo. J. Carroll and Son Funeral Home, was in Fairview Cemetery. Employees of his appliance store were bearers.

McMahon was a native of Dale, Okla., born July 30, 1902. He lived in Gainesville since 1931, was owner-operator of Cliff McMahon Appliances, which he opened in 1946.

Doing business on the cuff is a good way to lose your shirt.

## Colonial Acres Has Champion Angus in San Antonio Show

Returning to Muenster from the San Antonio Fat Stock Show, Mr. and Mrs. Ernest Medders brought with them 22 ribbons and rosettes they won on their Black and Red Angus cattle.

Colonial Acres Reds were outstanding in stiff competition. It was the farm's first showing of some of the herd, competing with raisers who have been exhibiting for 30 and 40 years.

Colonial Acres had the reserve champion Red bull of the show and the reserve champion Red female of the show.

Colonial Acres was first in produce of dam and first in get of sire. In the yearling heifer class Colonial Acres made a clean sweep winning all awards first through fifth, and marking up a total of 15 wins in the Red Angus Division.

In the Black Angus exhibit they took seven awards including the reserve championship in the senior bull division. The Medders' son Gene Riggs showed Longleaf Elegance 33 to the championship competing with international showmen.

For the Medders it was also a family vacation. Daughters Mary and Sara went along. Mrs. Ruth West accompanied them so they could continue with their studies. Between show time they managed sight-seeing in the Alamo City and attended again the movie version of "The Sound of Music."

Others from the ranch at the stock show were J. D. Howard, farm manager, and Mrs. Howard, Joe Waggoner and Mrs. Waggoner, Dwayne Schilling and Jimmy Doughty. Plans are underway at Colonial Acres for the Red Angus State Convention which Mr. and Mrs. Medders will host at the farm on March 26.

## Students Prep For Science Fair At Public School

Students of Muenster Public School, in both high school and elementary divisions, are working now on projects for this year's Science Fair which, as in previous years, will be one of the features of local observance of Public School Week, March 7 to 11.

Competition will be held in several categories and winners of each will be eligible to enter the county science fair at Cooke County Junior College March 9-11.

Winners there will advance to district competition, and so on to state and national contests.

## Whisnand Runs For County Judge

O. E. Whisnand, former sheriff of Cooke County has his hat in the political ring again, but not for his old office. He is a candidate for county judge.

His complete statement to voters of the county will be published in the Enterprise later in the campaign.

## Farm Magazine Features Local Dairy Industry

Generous praise for Muenster as a thriving community with special emphasis on its dairy industry is the content of a feature article in this month's Farmer - Stockman under the title of "Milky Way is the Path to Progress at Muenster." It was written by Sam Whitlow, Texas Editor of the publication.

The article states that about a third of the new wealth produced in this area comes from dairying, which is big business at Muenster. There are about 60 dairy farms with an average of 50 cows each and an average value of \$350 per dairy cow. Buildings and equipment bring the average dairy investment to about \$50,000, exclusive of the value of the land. Total value of the area's annual milk production was estimated as \$2,600,000.

The other two thirds of community income was said to be divided about equally between oil production and other agricultural enterprise. Beef production was listed as a growing business and special mention was made of plans by Tony Trubenbach Jr. for a feedlot that will start with 500 head of cattle.

Muenster is described as a city of 1350, and growing, with its business conducted mostly by young people. It is busy and attractive, has many new homes and more under construction. It has a new hospital, two doctors, fine churches and schools, the NTPA milk processing plant, two dress factories and two feed mills that handle over a million dollars in sales and process over a million bushels of grain each year.

Credited as an important source of energy behind Muenster's success story was the Muenster Jaycees, whose 60 members are found in both town and country. Individuals quoted as the source of information were County Agent Neil Tibbets, Paul Fetsch, Jerry Hoening and Henry Weinzapfel.

## BIRTHS

Proud grandmother for the first time is Mrs. Theresa Schriver. The newcomer is the little girl of Mr. and Mrs. Walter Zimmerer of LaFeria. She was born February 15 and Mrs. Schriver left Muenster for an indefinite stay with her daughter to get acquainted with the new baby.

A daughter was born to Mr. and Mrs. David Lynn Shotwell of Gainesville at Muenster Hospital Monday, Feb. 21, 2:41 p.m. She weighed seven pounds six ounces.

Mr. and Mrs. Billy Earl Pace of Myra are parents of a son born at Muenster Hospital 12:23 a.m., Wednesday, Feb. 22. He weighed seven pounds 13 1/2 ounces.

## Thirteen Schools Make up District For Spring Meet

The annual Interscholastic League spring meet for Class B schools of this area suddenly becomes a big affair with more than twice the previous number of schools eligible to participate.

The district, designated as 16-B, includes the schools formerly organized in two districts. Muenster, Lindsay, Saint Jo, Era, Valley View and Calisburg have been joined by Bellevue, Byers, Forestburg, Goldburg, Midway, Petrolia and Prairie Valley.

Superintendent John Henderson of Saint Jo has been named director general for this year's meet and Coach Herschall Shuttlesworth is the athletic director.

First activity of the spring meet is set for March 31 and April 1, when literary events will be held at Cooke County Junior College.

Next event is April 6, when all of the district tennis contests will be held at Valley View.

Track and field events, to be held at Saint Jo, will be divided into senior and junior meets because of the large number of schools expected to compete. The senior events are dated for April 14. Junior and elementary dates will be announced later.

A district volleyball tournament is scheduled for May 2 at Petrolia.

And a golf tournament is on the list but place and date are still to be decided.

## Another Blast of Cold Weather Hits

Severe winter weather made another comeback this week, apparently heading for a record of the toughest as well as the latest winter in this community.

The latest siege came in Monday afternoon with an inch and a half of snowfall following a plunge of temperature from Sunday's shirt-sleeve weather. By Tuesday morning the mercury was down to 23 and the next morning it was up to 28.

Moisture measure of the snow plus occasional light rainfall for the month now stands at 3.99 inches. The drizzle was .12 inch. Local year's measure is 6.49 inches.

## Less than Third of County's Cars Have Safety Inspection

With about two months left in which to have motor vehicles inspected, Captain Marvin Blount, Motor Vehicle Inspection Service, of the Texas Department of Public Safety, has advised that 30.4% of the registered vehicles in Cooke County have been inspected. He urged motorists to get their inspection stickers now.

"At the present rate of inspection it looks as though the usual ten percent who wait until the deadline for inspections will be waiting in line on April 15. With inspection stations crowded near the deadline, immediate service cannot be rendered and car owners will suffer unnecessary inconvenience. Nearly half of the vehicles already inspected have required some adjustments or repairs," Blount said.

## Soil District Will Sponsor Contest On Land Judging

The annual land judging contest sponsored by Upper Elm Red Soil and Water Conservation District will be held in Gainesville on March 19.

Plans for the event were made last week in a meeting of the conservation district supervisors with vocational agriculture teachers of the area.

The contest will be open to all 4-H and Future Farmers of America judging teams within the Elm Red District. It will be held in the gymnasium of Cooke County Junior College and participants will be guests of the district supervisors at noon luncheon, when winners will be announced.

## TCIL Members Plan Schedule for District 6 2AA

Walter Wolf will be in Dallas Friday representing Sacred Heart High School in a meeting of District 6 2AA members of Texas Catholic Interscholastic League.

Their purpose is to draw up schedules for this year's baseball and also for next year's football and basketball.

Wolf is serving as first president of the TCIL for this district. He was elected in a meeting at St. John's High School, Ennis, on January 27.

## News of the Men in Service

### Transferred To Tenn.

Captain and Mrs. Vincent Bozzone and daughter Linda left Tuesday after a five-day visit with her parents, Mr. and Mrs. John Streng. They were enroute to Sewart AFB, Smyrna, Tenn., from Chanute AFB, Illinois. Mrs. Bozzone is the former Laura Streng. Also recently transferred to Sewart AFB are S.Sgt. and Mrs. Antonio Chantre and children Anita, Gwen and Wayne. Mrs. Chantre is the former Frances Streng. This will be the first time the two sisters are together at the same base since they married service men 12 years ago. The Chantres moved from Massachusetts where he had been stationed at Otis AFB, Wareham.

### Promotion And Orders

It's Major C. C. Blanton now. Mr. and Mrs. Matt Muller received word this week from their daughter Eva, telling of the promotion and new orders for her husband. He will go to Viet Nam in May. Presently he is on duty at Fort Riley, Kansas. The Blantons and their twin daughters Monika and Michelle will come to Muenster about April 1 and she and the children will remain here while he is overseas. The Blanton family lived in Germany while he was assigned there before the transfer to Kansas. Earlier in his army career he served in Korea.

### Clyde Branch, 45, Dies in Gainesville

Funeral services for Clyde Branch, 45, were held Wednesday afternoon at 2 in the Grand Avenue Baptist Church of Gainesville. Members of the Third Order of St. Francis, Sacred Heart Parish, have word from Father Elias Koppert, provincial vice commissary of Chicago, that he will be in Muenster for his annual visitation March 1, 2, and 3.

He did not list a schedule of services which will include Mass and conferences.

## Schedule of Coming Events

THURSDAY, every week, Library Day, 9 to 5 at 215 W. Fourth St.

## Formal Opening Sunday Will Show Dres-Tex Factory

Muenster's newest industry, the Dres-Tex Manufacturing Company, will be formally introduced to the community at an open house and dedication next Sunday, February 27, from 2 to 4 p.m.

During that time Father Alcuin Kubis will bless the factory and visitors will have an opportunity to see its equipment and some of its products. There will also be refreshments of coffee, punch and cookies and registration for a \$10 gift certificate and a \$5 gift certificate at the Charm Shop.

Dres-Tex is owned and operated by Mrs. Ola Roberg, who opened the plant on December 2 last year with 15 employees. Since then it has grown to 27 employees using 19 single needle machines, nine special machines and cutting and pressing facilities. Plans now are to enlarge the sewing department to 38 single needle machines in the near future. The present weekly payroll is about \$1500.

The factory makes ladies' clothing under contract for nationally advertised firms. For several weeks it has been working exclusively for Justin McCarty of Dallas, making an average of 700 dresses a week.

## D. L. Bowen Rites Held in Saint Jo

Funeral services were held Saturday in Saint Jo Methodist church for D. L. Bowen, 74, who died two days earlier in a Saint Jo hospital after an extended illness.

## FUTURE FARMERS OF AMERICA WEEK

Future Farmers of America Week is to be observed during the February 19-26 period. And the theme that has been chosen for it—"Agriculture Is More Than Farming"—admirably points up the Week's purpose and significance.

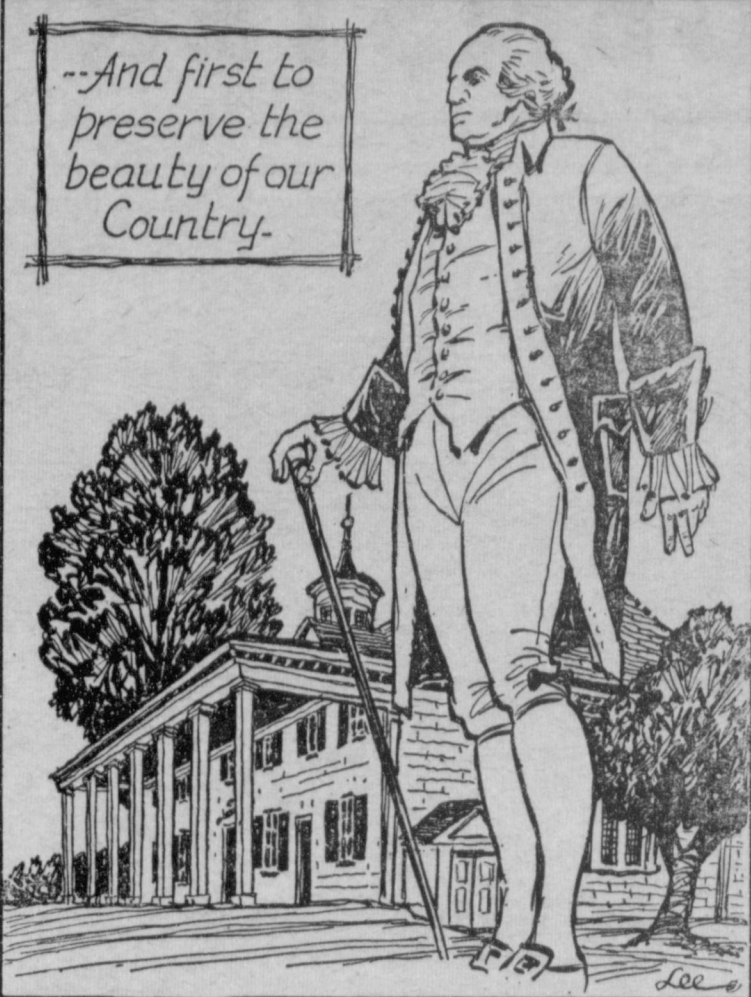

There is a term, "Agri-Business", which often is used in reference to all the occupations that are related to farming. The chain of agriculture starts with the suppliers to farmers—those who provide goods and services ranging from machinery and chemicals to insurance and technical services. Farmers, the producers of raw materials, are the center link. Then come marketing, processing, transportation and distribution. All in all, this agricultural complex employs many millions of people and is America's largest industry.

Vocational agricultural education in the high schools provides a start for boys to obtain the training needed to enter these occupations. Some will go on to college or technical schools. About a third will return directly to the farm, and they will have the knowledge that additional education is available to them in young farmer and adult farmer classes conducted by teachers of vocational agriculture.

The Future Farmers' organization supplements the regular school instruction by providing opportunities for leadership development. Its goal is to help train young men for a wide horizon of agricultural occupations. And this is a needed and invaluable work.

Hitting the ceiling is no way to get up in the world.

## FIRST IN WAR—FIRST IN PEACE—

## BEAUTIFYING AMERICA

As one of America's first conservationists, George Washington is as well known for the trees associated with him, as he is for the places where he is reputed to have slept. Two pecan trees given to Washington by Thomas Jefferson in 1775 are said to be the oldest trees now standing on the Mount Vernon Estate.

Many of the original plantings have perished from the rigors of nature and neglect. Today the grounds have been completely landscaped using Washington's writings as a guide.

On this 234th anniversary of his birth it is fitting to recall his love of beautifying the landscape.

Even when steeped in the exigencies of the Convention meetings in Philadelphia, Washington took time to write "... Endeavor to keep the Willow in the Serpentine Walk upright by means of stakes, and tow yarn or grass of something else to tie them thereto that will not rub, or fret the bark ... and have you thinned the carrots, which were too thick? ... What have you done to the Gravel walks?"

While many were cutting down trees indiscriminately, he cut trees only in the woodland reserved for his timber supply and fuel. At the same time he kept on planting and transplanting trees for landscaping and timber. His interest in beautifying the estate was so great that he asked for progress reports while fighting the revolutionary war.

George Washington, conservationist and forester, utilized trees in many ways — to help construct an embryonic nation — to provide fuel and to enhance the landscape, so that Mount Vernon stands in living testimony to the harmonious relationship of man to the astute use of nature's gift — the tree.

## YOUR DOLLAR'S VALUE

"How Real Is Inflation In The U.S.?"

That is the title of an article in the January 24 issue of the U.S. News & World Report. It is accompanied by a full-page chart which makes informative, and woeful, reading.

Assume that the 1955 dollar was worth 100 cents. On that basis, your present food dollar has lost 15 cents in value; your rent dollar 13 cents; your home-building dollar 20 cents; your college-cost dollar 24 cents; your auto repair dollar 20 cents. So it goes, down the list of the things we use and

buy.

All in all, the magazine says, your cost of living dollar has lost 15 cents in its buying power over a mere 10-year period. It doesn't take an expert in higher mathematics to figure out what will happen if that trend continues — or, worse, accelerates.

And accelerate it undoubtedly will if the creation of huge deficits continues. The big domestic question now is whether or not Congress will take steps to protect what is left of your dollar's value, by really applying a heavy blue pencil to nonessential spending.

**Local Librarians At Plano Workshop**

Four Muenster Library staffers, Mrs. Joe Luke, librarian, and Mrs. Tony Gremminger, Mrs. Lee Toothaker and Mrs. Steve Moster, spent Friday in Plano at a basic reference workshop. It was conducted by a field consultant for this area of Texas State Library. The day started at 10 a.m. with welcome by the mayor

of Plano and concluded about 4 p.m. after a morning and afternoon session with a break for lunch.

The morning workshop featured an explanation of types and characteristics of reference books. In the afternoon the group examined reference books and joined in a round table discussion. The program was held in Plano Library with librarians present from Weatherford, Denton, Lewisville, and Plano with those from Muenster. Among those attending was former Muensterite Mrs. Emmitt Yoder of Weatherford.

**Leon Fleitman, One Of 14 Texas Young Farmers Honored**

Mr. and Mrs. Leon Fleitman were in Abilene Saturday at the awards banquet for outstanding young farmers of Texas. Leon was a candidate from this community, sponsored by the Muenster Jaycees. He was one of 14 nominees for the title which was won by a Perryton farmer.

The program was held in the Windsor Hotel with Editor Scruggs of the Progressive Farmer as principal speaker. He told the audience that farming is one of the nation's most dynamic, interesting and vital industries... that eight per cent of the United States population feeds and clothes the other 92 per cent.

Mr. and Mrs. Fleitman were accompanied to Abilene by her sister Miss Charlotte Reed of Houston, who was their weekend guest and visited friends in Abilene while they attended the awards banquet.

In the Old West, nobody really had any psychological problems. A high-strung man was simply a horse thief who'd been caught.

**Valley View Hosts Sherman Deanery Meeting of NCCW**

Valley View National Council of Catholic Women hosted the quarterly meeting of the Sherman Deanery NCCW Thursday afternoon with representatives from all ten affiliated parishes in attendance.

Headlining the program on retreats was Father Tom Corrin of the Jesuit Retreat House, Lake Dallas, whose subject was "A Layman's View of a Retreat," illustrated with a film, "Up a Mountain."

Meeting was held in the Parish Center following Benediction in St. John's Church at 1:30 by Father Anthony Gajda, host pastor.

Father John Duesman, deanery moderator, of Sherman opened with prayer and Mrs. Frank Neu extended welcome from the host parish. Father Gajda introduced clergy present: Fathers Benedict and Andrew of Muenster, John of Lindsay, Thomas Taaffe of Gainesville, W. M. Defevere of McKinney, Cronin and Gilly of Jesuit Retreat House.

Mrs. Jack Barton of Denton, deanery president, presided for business. Mrs. T. L. Anderson of Gainesville called roll, Mrs. Willard Kuhn of Gainesville gave the treasurer's report, and Mrs. Paul Fisher, delegate at large, gave her report.

Members voted to change meeting day from Thursday to Wednesday in the future so that McKinney members can attend. Conflicting activity in their own parish prevents them from attending on Thursday.

During a break between program and business Valley View women served refreshments.

Attending from Muenster in addition to the two pastors were Mrs. Al Hess, Mrs. J. W. Fisher and Mrs. Paul Fisher.

Valley View won the traveling Sacred Heart statue for having the most members present.

The next meeting will be held in Denison.

**Patsy Streng and Regi Bayer Marry At Nuptial Mass**

Miss Patsy Streng and Regi Bayer exchanged wedding vows in a double ring ceremony at Nuptial Mass Saturday with Father Aleuin Kubis, cousin of the bride's mother, officiating in Sacred Heart Church at 4 p.m.

Parents of the couple are Mr. and Mrs. John P. Streng and Mr. and Mrs. Frank Bayer.

Given in marriage by her father, the bride wore a bouffant gown of white angelmist taffeta and Chantilly lace with Sabrina neckline and long tapered sleeves. Tiers of lace ruffles floated down the back of the skirt and swept into an aisle-wide chapel train. Her veil was elbow length and her flowers were a purple-throated white orchid and feathered carnations atop a prayer book, a gift from the bridegroom.

Adding sentiment to her wedding she carried a sterling and crystal rosary borrowed from the bridegroom's grandmother, Mrs. John Walter, and wore a gold chain and cross, a gift from her late grandmother, Mrs. Henry Streng.

Her three attendants wore emerald green full length dresses of peau de soie with belled skirts and elbow length sleeves. Their veiled headpieces matched their dresses and they carried colonial bouquets of white carnations. Their jewelry, a gold chain and cross, was a gift from the bride.

Miss Eileen Knauf was maid of honor and Miss Kathy McDaniel of Richardson, bride's cousin, and Miss Margie Knabe were bridesmaids.

Attending the bridegroom were John Henry Streng, brother of the bride, best man, and Clarence Bayer of Arlington, cousin of the groom, and Henry Starke, groomsmen. James Fleitman and Dale Bayer ushered.

Mrs. Norbert Walterscheid was vocal soloist accompanied by Anthony Luke, organist, who also accompanied Sacred Heart men's choir. White gladioli adorned the altar before which the couple pledged vows and formed the bouquet the bride placed on the Blessed Virgin's altar.

Wedding reception and buffet were in the Parish Hall attended by 400 relatives and friends. They were registered by Miss Jeannine Hofbauer of Dallas and Miss Mary Pels. A white and green theme adorned the bride's table and the buffet board. The buffet also held a footed glass bowl with a fruit arrangement. The antique bowl formerly belonged to the bride's grandmother Mrs. Sophie Schad.

Wedding dance was in the VFW Hall.

After their wedding trip the couple will be at home in Muenster, corner of Fifth and

Oak streets. Both are graduates of Sacred Heart High and he works for XYZ Tank Trucks since his tour of army duty. She is employed at the Saint Jo sewing factory.

Among wedding guests were the bridegroom's grandparents, Mr. and Mrs. John Walter, and from out of town Mr. and Mrs. Earl McDaniel and Kathy, Peggy and Jimmy of Richardson, Mr. and Mrs. Charles Skelton of Dallas, Miss Ruth Bayer of Arlington, Mr. and Mrs. Johnny Holt of Bowie.

**Joe Lutkenhaus Celebrates 88th**

One of Muenster's oldest pioneers, Joe Lutkenhaus, celebrated his 88th birthday on Feb. 16 at an evening party attended by 44 members of the family including four generations.

A daughter, Mrs. Oscar Detten, entertained in her home assisted by Mrs. Joe Lehnertz. Gifts, games, refreshments and picture taking were party highlights for the 88 year old honoree and the group. Mrs. Detten baked and decorated the birthday cake. It was served with ice cream and punch.

**New Offices in Use At Colonial Acres**

Business at Colonial Acres Farm has moved into a new office building, a 40x60 steel addition at the front of the show barn.

In it are a private office for Owner Ernest Medders, a general office, snack bar, a hall lined with trophy cases on one side, doors leading into two lounges on the other side, a storage room and a work shop.

Grass green carpet, a new type of inside - outside carpet, covers the office floors and light natural wood paneling is on the walls.

Mr. Medders' office is done in antique Spanish design. The furniture is black leather. Among accessories is a wooden wagon-wheel-axle lamp.

Records, trophies and office equipment were moved from a small building which served its purpose until the new building was finished.

**Hospital Auxiliary Next Benefit Is Style Show Mar. 27**

Members of Muenster Hospital Auxiliary meeting for February made plans to sponsor a benefit style and variety show as their next benefit and set the date for March 27.

Al Trubenbach, president of Muenster Hospital District board, was a visitor and guest speaker at the meeting. He suggested a new project for the organization and members accepted it.

The new project is supplying plaques for hospital rooms, showing donors of rooms, furniture and equipment. There are 30 rooms. It was after taking on the new project that the Auxiliary planned the benefit show.

Mrs. Ervin Hamric, president, conducted business in the presence of 26 members and Sister Mildred, hospital administrator.

In other business, the committee in charge of the recent benefit chili supper reported it boosted the treasury by \$148.38.

After adjournment Mrs. Martin Kralicke and Mrs. Walter Grewing served refreshments and Mrs. Joe Hoenig drew the door prize... a set of dessert dishes, courtesy of Pagel's Store.

March meeting will have B. B. Cooper as guest speaker and he will give a demonstration on mouth to mouth resuscitation. Cooper is assistant manager of safety in TP&L's Dallas office.

**Two Couples Share Anniversary Fete**

Two couples who were married here 16 years ago in a double wedding observed the anniversary Sunday when the John Herrs entertained in their home with noon dinner for their sons-in-law and daughters, Mr. and Mrs. Earl Sheppard of Dallas and Mr. and Mrs. Leonard Bengfort of Lindsay.

Mrs. Herr who baked the wedding cake 16 years ago baked and decorated the anniversary cake.

Attending with the Sheppards were their three children, and with the Bengforts, their six children. Also present from out of town were Mr. and Mrs. Richard Herr of Gainesville.

**Science Club of MHS Hears Talk On Petrochemicals**

Science Club members of Muenster High School had a special treat at their meeting Monday night. Their guest was Charles Ingram of Dallas, who had just presented the Humble sponsored "Magic Barrel" program on petroleum products at a PTA meeting. Ingram spoke briefly and also answered questions.

Other activities of the meeting were discussion of projects for the coming science fair and also planning a field trip in the near future.

Attending along with the members were the advisors, Carl King, Ernest Jaska and Mrs. John Mosman.

**4 Games on MHS Baseball Season**

Four games near the end of the school year will make up this year's baseball season at Muenster High. Coach James Polk revealed this week that MHS is one of the five schools in the District 17-B baseball loop and the season will consist of one game with each other district member.

Polk also said that baseball practice will not start until after the district track meet on April 14. The schedule:

- April 22, open
- April 29, Callisburg, there
- May 6, Era, here
- May 10, Saint Jo, there
- May 13, Lindsay, here

Governor John Connally has proclaimed the week of February 19-26 as FFA Week in Texas. Pictured from left to right are Governor Connally; Kenneth Graeber, President of the Texas Association, FFA; and, Don Jobs, Jr., Executive Secretary of The Texas Association of Future Farmers of America.

**Local News BRIEFS**

Weekend visitors with Mr. and Mrs. Bill Kathman were their son-in-law and daughter, Mr. and Mrs. Stan Wylie and children of Grand Prairie.

Mr. and Mrs. Leo Hesse have named their infant son Mark William. He was baptized Sunday afternoon by Father Andrew with Mr. and Mrs. Bernard Hesse as godparents for their nephew. The couple and their daughter Janet were guests for the christening dinner in the new baby's home.

Mrs. Leroy Berend and son Roddy of Friona spent Monday to Wednesday here with her parents, Mr. and Mrs. Ed Hess, while Leroy made a business trip to Houston.

Mr. and Mrs. Bernard Haverkamp and Mrs. Willie Walterscheid were in Oklahoma City Monday for Bernard's checkup by a kidney specialist. The snow kept them over night and they were guests of Dr. and Mrs. L. O. Laughlin, formerly of Muenster.

Mr. and Mrs. Bill Thomas and children of Dallas were guests for Sunday dinner at the home of her parents, the Joe Hoenigs. Also guests were Mr. and Mrs. Jerry Hoenig and children.

Adult 4-H leaders and mothers of 4-H clubbers attended a sewing workshop last Thursday conducted by Mrs. Evelyn Yeatts, assistant home demonstration agent in TP&L community room. The workshop was for leaders who are conducting sewing classes for girls who enter the annual 4-H dress revue.

Members of the Idle Eight Club had their February meeting with Mrs. Joe Hoenig as hostess in her home and spent the afternoon playing 42. Pie and coffee were refreshments after the games. Mrs. Joe Luke posted high score. Mrs. Joe Wilde was runner up and Mrs. Joe Kathman was consolation winner. Mrs. Ben Seyler was a guest.

Visitors with Russ Linn and son Jack Saturday over night and until Sunday after dinner were the former's daughters and their children, Mrs. Jim Minto and Michelle of San Antonio accompanied by Pick Hemphill recently transferred from Fort Polk, La., to San Antonio, and Pick's mother Mrs. Ray Smith and son Craig of Dallas. Other visitors Sunday were Mr. Linn's sister and her husband, the W. B. Parkers of Dallas.

Home for the weekend with Mrs. Andy Hofbauer and joining her in attending the Bayer-Schad wedding Saturday were her children and grandchildren, all of Dallas; Mr. and Mrs. Don Glover and daughters Christi and Cathy, Miss Jeannine Hofbauer and Larry Hofbauer.

Two Muenster teams made a good start in the volleyball tournament this week in Sanger. Sacred Heart Alumni beat Sanger High Monday and City Machine Shop of Pilot Point Wednesday. Muenster Mill beat Dan's Drug of Pilot Point in their opener and meet their next opponent Thursday.

Mr. and Mrs. Felix Yosten and children Tommy and Monica spent the weekend in Arkansas... first at Jonesboro with Sister Estelle and she accompanied them to Blytheville to visit Sister Olivia. At Jonesboro they also visited with Sister Bertha and she sent regards to all she knows.

Mr. and Mrs. H. L. Jackson and four children of Fort Worth spent Sunday with her parents, the J. M. Weinzapfels.

**Felderhoff Family Has Get-Together**

All the family was together Sunday at the home of Mr. and Mrs. Tony Felderhoff for visiting with Charles Felderhoff who was home from Houston. There were 31 for dinner and the afternoon.

Joining with the hosts' children and grandchildren from Muenster were the A. J. Felderhoffs and family of Gainesville. Others present were Wenzel Muck and Sara Ann Fleitman.

Charles spent the weekend and until Tuesday afternoon with his parents and other family members.

**Classmates Party For Third Grader**

Third graders of Sacred Heart School sent their classmate Jonann Galloway to San Antonio with good wishes, gifts and letters to read later. These were presented Monday at a farewell party in the classroom. It was Jonann's last day at Sacred Heart. Sister Anna and classmates joined in bidding her farewell.

For her last day in school here Jonann wore the uniform she will wear as a student at Holy Sacrament School in San Antonio. She wanted her classmates to see it. It's a red plaid skirt, white blouse and red sweater.

**Galloways Honored At Farewell Party**

Mr. and Mrs. Joe Galloway and daughters Jonann and Mary Ellen left Muenster Tuesday to make their home in San Antonio. The move is a transfer and a promotion by the insurance company he works for.

A farewell party and covered dish supper honored Mr. and Mrs. Galloway Saturday night in the KC Hall. It was planned by Mmes. Dan Luke, Henry Weinzapfel, Kenneth Selby and Walter Grewing.

Those present included Jaycees and their wives, Mrs. Galloway's parents, the John Fishers and family members including Miss Rosemary Fisher of Denton, and friends from Gainesville.

As a parting gift the Bavarian Wood Carvers, Ludwig Kieninger and Gunther Goetz, presented a hand carved wooden plaque they designed.

The Galloways' furniture left Monday and they spent Monday night with her parents. Mr. and Mrs. Fisher will go to San Antonio during the weekend to deliver the couple's deep freeze and see them settled in their new home.

**City Library Board Establishes Fund For New Building**

Members of Muenster Library board, at their February meeting established a library building fund with an initial deposit of one hundred dollars. They also decided that twenty per cent of all future donations will go into the building fund unless otherwise specified by the donor.

It was decided to post a sign at the library's new location, 215 W. Fourth St. and re-do the old sign for use on Main Street to indicate to visitors that the city has a library.

Plans were discussed for an open house at the new location some time in April.

Mrs. Joe Luke, librarian, reported on an area meeting she attended in Denison and told about receiving 200 books recently on loan from the State Library.

The group discussed the recent move from City Hall to Fourth Street and gave a vote of thanks to all who helped, with special thanks to Edgar Dyer, Jaycees and city employees without whose assistance the move could not have been accomplished so quickly and smoothly.

A wise man never plants more than his wife can hoe.

**Amazing Number of Modern Products Come from Oil, Gas**

A slim attendance at the Muenster PTA meeting Monday night, the few dozen who ventured out in Winter's third blast at the community, heard an interesting talk on the wonders of petrochemicals.

Entitled the "Magic Barrel" it enumerated dozens of fam-

iliar products from the hundreds which are made from oil and gas, mostly during the past twenty years.

The program, sponsored by W. J. Miller, retail Humble agent, and T. C. Schneider, wholesale Humble agent, was presented by Charles Ingram of Dallas, member of the Oil Information Committee of Texas Mid Continent Oil and Gas Association and a retail representative of Humble Oil &

Gas Refining Co. Special guests were the science students of Muenster High and Sacred Heart High and their teachers.

He explained and showed the many petrochemicals as he took them from the magic barrel representing crude oil and gas. Some of the more familiar every day products were fertilizer, polyethylene, frione, asphalt, orlon, nylon, dactron, plexiglass lucite, vinyl,

carbon black, and most of our present drugs — plus, of course, the obvious petroleum products used daily for heating and power.

About 30 per cent of the 6,550 persons killed by home fires in the United States in 1964 were children. Many of the victims had been left alone and perished because they were unable to protect themselves.

**16 Amendments Will Be Voted on November Ballot**

Texans will have a heavier general election ballot next November than usual with the appearance of 16 proposed Constitutional Amendments on the voting agenda.

In a public drawing in Austin, Secretary of State Crawford C. Martin drew numbers from a hat to determine the sequence in which the amendments will appear on the November 8 ballot.

At the top of the ballot, getting the Number One designation, is the amendment "to provide that all land owned by natural persons designated for agricultural use shall be assessed for all tax purposes on the consideration of only those factors relative to such agricultural use."

Other proposed amendments are less confusing in their text.

Some of the others, and their number on the ballot, are:

Abolishment of the poll tax (Number 7), allowing members of the Armed Forces who are residents of Texas to vote (Number 14) and \$200,000,000 in water development bonds (Number 11).

All together, the proposed amendments contain about 14,300 words.

To help Texans understand the proposed Amendments, they will be published in Texas newspapers beginning in August.

On the golf course a preacher took a mighty swing at his ball and sliced it into a big tree on the edge of the fairway. A few seconds later a bird appeared with the ball in its beak, flew to the green and dropped it in the cup. The minister looked up and implored, "Please, Father, I'd rather do it myself!"

**Electric Battery Considered for Power Unit in Car**

A compact and lightweight electrical battery for vehicle propulsion that could help alleviate the nation's air pollution problem is under joint development by the Edison Electric Institute and General Dynamics, it was announced by Robert T. Person, president of EEI and president of Public Service Company of Colorado.

Mr. Person stated that for the past two years they have been jointly carrying forward research and development of a new, high-energy density, rechargeable battery system to replace internal combustion engines for powering vehicles.

"The battery system would be recharged simply by plugging into any electrical outlet," he commented.

"Results of the work to date on this new system, which is known as the zinc-air battery, have been highly encouraging. The zinc-air battery has broad potential as a clean, quiet, simple and efficient means of powering such types of vehicles as city and school buses, multi-stop delivery trucks and perhaps small commuter or suburban automobiles of the future."

**Tighter Rules Apply to Draft**

Young Texans served draft orders no longer can get them cancelled by joining reserve or national guard units, Col. Morris Schwartz, State Selective Service director, announces.

A man still can enlist in regular active-duty forces after receiving his draft orders — if he can be signed up before induction date, Schwartz said.

New policy reached Texas draft boards from National Selective Service Headquarters where it was adopted on recommendation of the Assistant Secretary of Defense for manpower.

**Paul Fetsch Cows Are Among DHIA Best for Month**

Things were all tied up in production records of the Cooke County Dairy Herd Improvement Association during the month of November.

County Agent Niel Tibbets has just released production records for the month.

Paul Fetsch, Hi-Lo Farms and Vernon Friedrich all had cows producing 2,190 pounds of milk during the month to lead others in the association.

Butterfat production ended in a tie also. Hi-Lo Farms and Friedrich both had cows producing 90 pounds. High butterfat test was 4.7 per cent from a cow owned by F&M Dairy.

Friedrich's herd had the high production average for the month — 1,470 pounds of milk and 51 pounds of butterfat. High tests were in herds owned by Hi-Lo Farms and F&M Dairy. It averaged 3.9 per cent.

There were 95 cows in the association producing 50 pounds or more butterfat during the month, and average pounds of milk was 1,060. Average pounds of butterfat per cow was 38.

**City Court Hears 85 Cases in 1965**

Lawbreaking in Muenster is steady though not serious, judging by local court records submitted this week by Steve Moster, city judge. During the past year 85 cases were brought into the city court by Don King, who is serving as combination city officer and sheriff's deputy.

About half of his cases are disposed of here, the others by the county, so the community had about 170 arrests for the year.

Most of the offenses are traffic violations or disturbances by youngsters who are usually calmed down considerably by a fine. Speeding fine, for instance, is \$20.70 plus \$5 additional for successive offenses.

Court cases of other recent years, Moster said, were 87 in 1964, 78 in 1963, 44 in 1962, 45 in 1961 and 63 in 1960. There have been 16 so far this year.

**Pete Prescher Has Champ Producers In DHIA for Month**

Two cows in the herd of Pete Prescher, Rt. 1, Gainesville, led all others in the Cooke County Dairy Herd Improvement Association in both milk and butterfat production in the month of December.

One of Prescher's cows produced 3,000 pounds of milk during the month, along with 114 pounds of butterfat. Another cow produced 2,950 pounds of milk and a whopping 124 pounds of butterfat.

A cow in the Richard Frasher herd had the high butter-

fat test for the month, however. She tested 5.8 per cent.

Eighteen cows produced a ton or more of milk during the month.

High production averages were in herds owned by Prescher and Vernon Friedrich. Both herds averaged 1,400 pounds of milk per cow. Prescher and Frasher had high average pounds of butterfat per cow — 50.

Other high herds are those of Paul Fisher and Paul Fetsch.

A total of 107 cows produced 50 pounds or more of butterfat during the month and average pounds of milk per cow in the association was 1,080. Average pounds of butterfat per cow was 39.

There are 404 cows under production records of the DHIA in Cooke County.

**Swindlers Taking Medicare Funds, SS Office Warns**

The Sherman Social Security District Office continues to receive frequent reports from persons in the Cooke County area who were swindled of funds from individuals representing themselves as Medicare officials, Gus Jones, District Manager, announced today.

"Virtually each day our office, or our Field Representative, Nat Houston, who visits Gainesville twice weekly, receive complaints from persons who paid out monies thinking they were buying medicare protection," Jones said.

"A safe rule to follow would be to require persons representing themselves as medicare authorities to present their identification card. Also, keep in mind that the amount each eligible person pays for the supplementary insurance is \$3 monthly. That premium will be deducted beginning next July from the checks of social security and railroad retirement beneficiaries who choose the protection. All others who choose the protection will be advised how and when to make the premium payments," Jones said.

The social security representative comes to the basement office in the federal building each Tuesday and Thursday mornings between the hours of 9:30 and 12:00 noon. Persons physically unable to contact the representative should write the social security district office in Sherman and request a representative visit them when time permits. Those age 65 and over before this year are reminded that March 31 is the deadline for enrolling in the supplementary medical insurance portion of medicare.

**1965 Net Income Of Lone Star Gas Near \$18 Million**

Lone Star Gas Co. President L. T. Potter today announced a 1965 consolidated net income of \$17,806,000 for the firm and its wholly-owned subsidiaries.

"The figure represents income per share of \$1.22, a decrease from 1964 earnings," Mr. Potter said.

The utility executive cited factors resulting in the subnormal earnings, including the warmest fall in 33 years and reduced production from the firm's Kerens Chemical Complex due to problems encountered during the first year of operation.

Mr. Potter stated that plans and expectations for 1966 call for results exceeding those of 1965 and any prior year. Gas sales in January were the second best in the company's 57-year history. An all-time gas send-out record for a single day was recorded on January 29 when Lone Star delivered 1,917,500,000 cubic feet of gas. The difficulties at the Kerens Chemical Complex have been substantially worked out, and expected production rates at the plant can soon be achieved. The Oklahoma chemical plants are producing in good order.

**Confetti - - -**

past laxity in dealing with the reds. We set a precedent in Korea. Reds were allowed to make an easy settlement without paying for their aggression. Aggressors of Vietnam would like to be extended the same courtesy. It's hard to imagine a better arrangement. Aggressors have everything to gain but nothing to lose.

Isn't it about time for a change in policy? One which informs the world clearly that international crime does not pay? That can be accomplished if it becomes known that the aggressor risks his own survival. In Vietnam it can be

done by a determined effort to defeat and unseat the aggressor communists of North Vietnam, then allow the people of all Vietnam to select the kind of government they want.

It's in our power to secure the right kind of settlement over there. Anything less is a dereliction of duty, a disservice to humanity.
