

FERGUSON CANDIDATE FOR GOVERNOR

IN, Tex., Feb. 16.—(UP)—
drian A. (Ma) Ferguson
Texas' first woman govern-
ment candidate, announced
her candidacy for governor
today, and issued a
statement in which she
pledged to serve the people
of this state as honestly
and as efficiently as
possible.

For the first time Brownwood
High School will participate
this year in the district meet
as a separate unit instead of
with other schools in Brown
county and there will be 11
teams entered in the events.
Brownwood High School
is the only school in the
district having the necessary
number of students to be
classified as a city unit.

BROWN COUNTY LABOR WILL BE USED ON NO. 7

Only seven out of county men
will be used by the H. K. McCollum
Construction Company in the
work of paving highway 7 from
Brownwood to the Coleman
county line, according to
County Judge Gray today.

4-Year Suspended Sentence Is Given In Liquor Charge

Ralph Williams, charged with
selling liquor, was given four
years suspended sentence by a
jury in district court this
morning. The jury deliberated
on the case since about 5
o'clock Wednesday afternoon.

Motorcycle and Automobile Crash

A motorcycle ridden by W. B.
Siptack, state highway patrolman,
and a car driven by Mrs. Ed
Shank collided at the corner of
Fisk avenue and Depot street
early Tuesday night, but no
one was injured.

D. H. Bagley of Owens was a visitor in the community Tuesday.

Mrs. Myrtle Carruth of Brownwood spent one night last week with her parents, Mr. and Mrs. M. P. Dikes.

Mr. and Mrs. W. B. Tongate were Brownwood visitors, Saturday afternoon.

Miss Alma Lee Busby was shopping in Brownwood, Saturday afternoon.

Mr. and Mrs. Lawrence Dikes and daughters of Brownwood have moved into this community. We are glad to welcome them.

Alfred Pittman visited Tuesday afternoon with his cousin, Marvin Harris.

Little Eva Nell and Norma Gene Harris are on the sick list this week.

The community was greatly surprised by the marriage of L. W. Evans to Mrs. Boyd of Brownwood. We hope them many happy years of happiness as they travel through life together.

Horace Evans of Mason attended the funeral of his uncle, Mr. Dennis.

Mr. and Mrs. Vallie Evans are planning on moving with Mrs. Dennis, as they can care for her.

F. J. Webb, 58, Dies Suddenly At Home Here

F. J. Webb, 58, 1105 Third street, died suddenly at his home about 7:30 a. m. Wednesday from heart attack. Although Mr. Webb had been in ill health for some time, he was feeling as well as usual Wednesday morning and his death came as a surprise to his friends.

Mr. Webb had lived in Brownwood four or five years, having moved here from Cross Plains. He was interested in the Cree & Company, handlers of oil well supplies at Cross Plains and Gorman.

He is survived by his wife, Austin-Morris Funeral Home is in charge of the arrangements.

Prisoners To Be Removed Soon To The Penitentiary

Sheriff M. H. Denman has received a letter from W. M. Thompson, chief of Texas Prison System, saying that a prison agent will be here one day this week to remove prisoners from county jail who have been sentenced to the penitentiary.

Some of the prisoners have been in the jail for several months and one has been in almost a year, Sheriff Denman says.

Five prisoners are expected to be taken by the transfer agent. There were six ready for transfer but Miss Jewell Casey, sentenced on embezzlement charges, paid the expenses of a deputy to take her on to prison several weeks ago. The five are:

Curly Davis, sale of liquor; Joe Allgood, burglary; M. J. Gunn, sale of liquor; James Scott, negro, murder; and Joe Anderson theft of car.

Your Watch Works While You Sleep. It Deserves Expert Care. A watch should be cleaned, oiled and adjusted at least every eighteen months. Railroads require their employes to have their watches cleaned and adjusted every fifteen months.

A watch is the finest piece of machinery you should own - allow an expert watchmaker to repair it. Railroads employ the best watchmakers they can find at every division point. We will be glad to care for your watch, giving your Watch the same expert attention that we give to the watches of the trainmen on the Santa Fe and Frisco railroads.

W. D. Armstrong Official Watch Inspector. 400 Center Ave.

Thieves Get \$100 Cash From Central Drug Store Safe

Without leaving any clue as to how they gained entrance to the building, thieves knocked the knob off the safe at Central Drug Company sometime Sunday night and took about \$100 in cash. They left about \$150 worth of checks which were in the safe.

The thieves did not bother the narcotics, nor did they take any merchandise. They left the building through the rear door, but those who had investigated the case Monday were unable to say how entrance to the building was gained.

From evidences left, the ones who did the job were deliberate and thorough. They carefully went through all the papers in the safe and left them in a pile on the floor. A large pile of matches in the floor seemed to indicate that they used matches for a light instead of a flashlight.

A shotgun owned by B. M. Bennett, manager of the drug store, which was standing near the safe had also been moved and was found near the rear door of the building. It is thought that the thieves started to take it with them but abandoned it before leaving the building.

Both city and county officers are working on the case.

No. 13588 TREASURY DEPARTMENT Office of Comptroller of the Currency.

WASHINGTON, D. C., January 4, 1932.—Whereas, by satisfactory evidence presented to the undersigned, it has been made to appear that "The Citizens National Bank in Brownwood" in the town of Brownwood in the County of Brown and State of Texas, has complied with all the provisions of the Statutes of the United States, required to be complied with before an association shall be authorized to commence the business of banking; Now, therefore, I, J. W. Pole, Comptroller of the Currency, do hereby certify that "The Citizens National Bank in Brownwood" in the town of Brownwood, in the County of Brown and State of Texas, is authorized to commence the business of banking as provided in Section Fifty One Hundred and Sixty-nine of the Revised Statutes of the United States.

In testimony whereof witness my hand and Seal of office this Fourth day of January, 1932.

(Seal) J. W. POLE, Comptroller of the Currency.

Carl Adams Home Destroyed by Fire Saturday Night

Fire of unknown origin destroyed the home of Carl Adams, 1901 Avenue B, about 9:30 o'clock Saturday night, causing a loss of between \$3,500 and \$4,500. The loss is covered by insurance.

Brownwood Volunteer Fire Department answered the alarm, but the flames already had enveloped almost the entire new six-room house.

Mr. Adams, stale game warden, was asleep at his home, but was awakened by the smoke in time to escape from the burning building. Mrs. Adams and daughter were not at home, having gone to visit a neighbor.

Most of the furniture, which was also covered by insurance, was lost in the flames. The department also answered an alarm Sunday night about 9 o'clock to Vincent street. When they arrived at the address they found that a man was burning old automobile tires.

The New Associate Justice

APPOINTMENT by President Hoover of Benjamin Nathan Cardozo of New York to succeed Oliver Wendell Holmes as an associate justice of the Supreme Court is the initial introduction of the man to most of us, but the widespread approval of the appointment which has been voiced in non-partisan circles in Washington and elsewhere indicates that the new member of the Court will be eminently acceptable.

Justice Cardozo is recognized as a "progressive," as was Justice Holmes. He believes it to be the function of the courts, and especially of the Supreme Court, to interpret law according to the customs and conditions of the day, recognizing "judge-made law as one of the existing realities of life."

Justice Cardozo's record as chief justice of the New York state supreme court is one that has won the approval of both parties in his state as well as the commendation of the legal profession in general, and his elevation to the Supreme Court is generally regarded as recognition of his outstanding merit as an appellate judge.

Improving the Wool Market

INFORMATION given the other evening in a discussion of the development of Brown county's wool and mohair industry by Chester Harrison at the Chamber of Commerce dinner and conference and the suggestion that steps be taken to establish a recognized wool and mohair warehouse here should be given the careful attention of all those who are interested in the extension of commerce and industry here.

Mr. Harrison, who has given much of his time to the task of assisting local sheep and goat growers in the promotion of their industry, pointed out that there has been a steady increase in the volume and the quality of wool and mohair produced here in recent years. In 1928, he said, the county's output was 26,000 pounds; the following year the shipments totaled 29,000 pounds; in 1930, 67,000 pounds were shipped; and last year, 1931, the shipments aggregated 138,000 pounds of wool and 29,000 pounds of mohair.

Sheep and goats are the best farm crop for this section, and the rapid increase in both the quantity and quality of wool and mohair production here is extremely encouraging. Mr. Harrison states that if arrangements can be made for handling a minimum of 400,000 pounds annually, full market recognition can be secured for Brownwood and a full-time marketing service can be maintained here without extra cost to the producers.

ous value of the wool and mohair industry to Kerrville, San Angelo and other points where millions of pounds of wool is marketed each year, it is readily seen that Brownwood has a real opportunity to realize a profit from the further development of the wool industry here. Already a great deal of progress has been made in increasing and improving the flocks of the county, and a more convenient marketing system would add stimulus to the industry.

Mrs. Ferguson in the Race

AN UNUSUAL instance of the wholesale violation of confidential release instructions by the newspapers of the state accompanied the announcement early this week that Mrs. Miriam A. Ferguson would be a candidate for the Governorship.

Peculiarly enough, as we see it, the announcements of Mrs. Ferguson's candidacy was by no means so startlingly important as to merit such a violation of newspaper precedent. About the only interest attaching to the announcement is in fact that it makes definite what heretofore has been generally accepted conjecture.

The next announcement that is due from the Ferguson family will be that of "Farmer Jim" himself as a candidate for Congressman-at-large. If this occurs, then the devoted followers of the Ferguson family will have an opportunity for which they have been yearning for a number of years.

Bunkum on the Radio

WEARY radio listeners will be interested to know that two bills have been introduced in Congress to cut down on the high-pressure advertising talks which clutter up most broadcasts.

One bill would merely eliminate commercial talks from Sunday programs. The other, much more drastic, would prohibit any announcer from indulging in any sort of advertising talk except the bare statement that "this program is sponsored by the Zilch Company."

Denaturing Football

RECONSTRUCTION seems to be the order of the day, in college athletics as well as in national economics; and the national football rules committee in its recent meeting took action as drastic as any that has been recommended on the floor of either House of Congress.

tion of the flying tackle and block, lessening of massed interference on kickoff plays, permitting players to return to the game in any period following that in which they are removed, halting of play when any part of a player's body touches the ground, restriction of the use of the hands and arms in defense, and improved padding over thigh guards and similar protective appliances.

The old-timers will complain, as they have done every time any rule has been changed during the past twenty years, and that the rules committee is trying to denature football and make it a parlor game. But the alarming casualty list from the last football season pointed to the necessity of making football safer for those who play it, and drastic rules changes seemed to be the only answer to the problem.

OPTOMETRISTS HOLD SESSION

About fifteen optometrists and their wives from over district 14 attended a meeting in Brownwood at Southern Hotel Sunday. Dr. Mollie Armstrong and Dr. A. Ellis, local optometrists, were hosts to the meeting.

Dr. Arch Harbour, president of the district, of Coleman, was in charge of the morning session held at the hotel. A message from the state president was read, and a resolution was adopted. The meeting was held in Houston, April 25th and 26th, and to the fact that a new constitution and by-laws will be adopted at the meeting.

At noon luncheon was served to the optometrists and wives. Since Sunday was Valentine day, a Valentine was placed at each place, along with a copy of the Texas Optometrist, state magazine published here by Dr. Armstrong.

The optometrists went to the office of Dr. Ellis at 1:30 o'clock for a clinic, which was led by Dr. Ellis, assisted by Dr. Stanley of Abilene and Dr. Martin of Stamford. All took part in the discussions at the clinic.

At 4:30 o'clock the meeting adjourned, but the optometrists and their wives went back to the hotel as guests of Dr. Armstrong for coffee or hot chocolate and pie.

BANKER'S GUARANTY LIFE IS RESTRAINED FROM DOING BUSINESS

AUSTIN, Feb. 16.—(AP)—A temporary injunction restraining the Bankers Guaranty Life Company of Dallas from operating an insurance business in Texas has been granted by District Judge W. F. Robertson, the attorney general's department announced today.

The former Bankers Guaranty Life Company of Brownwood has had no connection with the Dallas company since November 20, last it was stated at the office here today. The business here under the name of which C. A. White was agency supervisor and Miss Laura Lowe district manager, was sold to the Home Benevolent Society, under which name it has operated since November. C. W. L. Schaeg of San Antonio is president and F. H. Shackelford, also of San Antonio, is secretary of the Home Benevolent Society. Miss Maurine Duncum is manager of the Brownwood office.

OUT OUR WAY

DOZIER-JONES CONTRACT WITH CITY IS ATTACKED BY RECEIVER OF NATURAL GAS AND FUEL CO.

The gas contract between the City of Brownwood and Guy L. Jones and Brooks Dozier as entered into January 26 was questioned by P. H. Dodd, receiver in charge of the Natural Gas and Fuel Company for bondsmen, at city council meeting Tuesday night. Mr. Dodd questioned the legality of the contract and suggested that the council ask for bids again.

City Attorney R. E. Lee and aldermen said they believe the contract is legal and indicated that the city would abide by it. No action was taken on this matter and in several other matters as Mayor O. W. McDonald and Alderman Claude Weedon were absent. Alderman William Hood acted as mayor.

Under the contract the city agreed to pay Jones and Dozier \$800 a year per cent interest with which to buy pipe and equipment.

Mr. Dodd in bringing up the gas contract discussion said he and his lawyers say the contract with Jones and Dozier is illegal for two reasons: 1. The making of a loan in connection with the contract, and 2. The bid as accepted and contracted differs from the call for bids, thereby not giving all bidders an equal opportunity.

The Natural Gas and Fuel Company, he said, has been purchasing the gas to city hall free while the company had the profitable contract to furnish gas for the pump station. Since the council has given the profitable contract to another company, Dodd said, he thought his company should be relieved of furnishing free gas.

"If you reopen the call for bids I will save you money," Dodd said. He also suggested that the city ask for bids at city hall and at pump station separately.

Alderman Kay Roberts asked Dodd if the company did not agree to furnish free gas to city hall in order to get a franchise for the company several years ago. Dodd admitted that, but said conditions since had changed.

There was some discussion as to whether the gas line now being used by the Natural Gas and Fuel Company belongs to the city or the company. Dodd said information from H. G. Lucas, who furnished the company with the contract, showed the contract a number of years ago, indicates that the line belongs to the company.

By Williams

DOZIER-JONES CONTRACT WITH CITY IS ATTACKED BY RECEIVER OF NATURAL GAS AND FUEL CO.

City Attorney R. E. Lee and aldermen said they believe the contract is legal and indicated that the city would abide by it. No action was taken on this matter and in several other matters as Mayor O. W. McDonald and Alderman Claude Weedon were absent.

MORTUARY

MRS. GLADYS JONES. Funeral services for Mrs. Gladys Jones, 35, wife of Connally Jones, oldest daughter of Mr. and Mrs. C. L. Giddens, 1701 Second Street, was held Sunday afternoon at 3:30 o'clock. Dr. W. R. Hornburg, pastor of Central Baptist church, officiated. Interment was made in Greenleaf Cemetery. Austin-Morris Funeral Home had charge of the arrangements.

Mrs. Jones died at her home in Denison Saturday morning. The body arrived in Brownwood Sunday morning. Two brothers, Harold and Charles Snyder Giddens, went to Denison to accompany the body here.

She was born April 6, 1896, in Brownwood and lived here most of her life. She was married to Connally Jones here about 14 years ago. They made their home in Brownwood until about 7 years ago when they moved to Denison. Mr. Jones is an employe of the Katy Railroad. Mrs. Jones joined the Baptist church in girlhood and lived a faithful Christian life.

She is well known here and has many friends who loved and respected her and join the bereaved family in their sorrow.

Mrs. Jones is survived by her husband, parents and the following brothers and sisters: Lee Giddens, Hamilton, Wilson Giddens, Elgin, Illinois; Harold Giddens, Brownwood; Mrs. L. L. Jobe, Brownwood; Oramel Giddens, Big Spring; Charles Giddens, San Antonio; William Snyder Giddens, Brownwood; and Dorothy Giddens, Brownwood.

Funeral services will be held at 2 o'clock Monday afternoon at the home of Paul Anderson, Charley Shriver, James Ming, Albert Mayfield of Eastland and H. P. Peavy.

Mrs. Sarah Elizabeth Bandy. Mrs. Sarah Elizabeth Bandy, 85, died at 411 Sixth street at 4:32 Friday afternoon and funeral services were held at 2 o'clock Sunday afternoon at Cox cemetery at Milburn, McCulloch county. Mrs. Bandy had been living in Brownwood for the past two years.

She was born in 1846 in Louisiana. She had been a member of the Methodist church for many years and was loved and esteemed by many friends.

appointed: Jess Perry, ward 1; John P. Newton, ward 2; J. J. Timmins, ward 3 and S. E. Stark, ward 4.

Dairy Inspection. City Manager H. V. Hennen reported that Dr. W. R. Sanderson, city milk inspector, has received word from Dr. M. Pierson, state milk supervisor, that he will be in Brownwood as soon as possible to inspect the dairy of E. J. Hood, as ordered by the council at last meeting. At that time Mr. Hood said he did not believe he had received proper grading according to the standard milk ordinance.

Chief of Police Bert Hise was allowed two additional men for his force for one month.

Other Council Business. W. H. Thompson appeared before the council, saying that the city ought to hire a capable man to go around with the men who read the gas meters to see that the meters are working right and are correctly read. No action was taken by the council.

Council ordered that Avenue D be opened up its entire length to the Santa Fe right of way after a request had been made by J. H. Montgomery.

A bill for \$41.50, less 25 per cent discount making it \$31.13, for prepayment by E. J. R. Scott, city health officer, in charity cases, during the last 15 days was approved and paid by the council after it was presented by Miss Carrie Reaves, executive secretary, and H. F. Mayes, vice president, of Brownwood Employment Bureau for Relief.

The bureau approved the prescriptions for medicine in combating the flu epidemic. The council allowed this bill but took no action as to paying future bills, awaiting the opinion of the entire council.

No action was taken by the council, pending the votes of a full council, on a request by a committee from Brownwood Volunteer Fire Department requesting that the council reconsider the appointment of a fire marshal.

Luther Guthrie was elected fire marshal at last council meeting. The committee, M. J. Flowers, Ivan Ellis and W. P. Denny, asked the council to give more consideration to members of the volunteer department by electing the marshal from among the ranks of the department.

The committee said the department has no grudge against Guthrie, but believes the job should have been given to a volunteer fireman. Mr. Guthrie is not a member of the department, they pointed out. Six or seven volunteer firemen had made application for the job when it was given to Mr. Guthrie, they said.

The matter will be taken up at the next meeting, it was said.

The question of buying another pump for the water station was also deferred until next meeting. The city is contemplating buying another pump since the water rate has been reduced and since it is thought more water will be used this year than ever before.

Quotes Pump Prices. The quotes appeared before the body and quoted figures on different pumps. The pump recommended will cost \$2,538, plus cost of installation. This pump is one of the cheapest and yet one of the best on the market, and will pump as much water as the three present pumps at the station Mr. Cherry declared.

QUIRL TO MOVE HERE AS CHIEF OF SCOUT AREA

The Pecan Valley and Oil Belt Areas of Boy Scouts of America are no more. All arrangements for consolidation of the two areas, heretofore to be known as the Comanche Trail Area, were made by committees from both areas in a meeting at Cisco Friday night.

Mr. Quirl, executive of the Oil Belt area with headquarters at Eastland for several years, was elected executive of the consolidated area. Headquarters for the area will be in Brownwood in the present location of both areas and will be in charge of both areas as soon as possible.

Pouncey Assistant Executive. C. L. Pouncey, Pecan Valley Area executive for more than a year, was elected assistant executive and will work with Mr. Quirl in directing the activities of the combined area.

Dr. Jewell Daugherty of Brownwood was elected president of the council. Other officers were named as follows: Russel Jones of Breckenridge, commissioner; J. K. Wilkes of Brownwood, secretary-treasurer; Earl Fairman of Goldthwaite and Mr. Anderson of Ranger, vice-president.

Big Scouting Program. All present at the meeting were enthusiastic over prospects for carrying forward the scout movement with the two areas combined into one large area. Plans for the biggest Boy Scout program ever staged in this section of the state are being made. All scout supporters in both areas are well pleased with the merger, it is said.

Those attending the meeting from Brownwood were: Dr. Jewell Daugherty, Judge E. J. Miller, Hugh Stewart and Henry Wilson. Earl Fairman of Goldthwaite accompanied the Brownwood men.

MURRAY CAMPAIGN IN TEXAS IS UNDER WAY; HEADQUARTERS OPENED

FORT WORTH, Tex., Feb. 16.—(UP)—An official campaign to put William "Alfalfa Bill" Murray, colorful Oklahoma governor, in the White House, was under way in Texas today.

A few days before the Oklahoma executive will be honored Thursday at Collinsville, Texas, his birthplace, state headquarters to boost him as the democratic presidential candidate were opened here Monday.

Charles Steele, a campaigner in many foreign expeditions with peace officers and the marines, is in charge of the campaign headquarters.

"We don't intend to antagonize the favorite son candidates but we wish to acquaint the voters with the policies and principles advocated by Governor Murray," Steele explained.

The opening of the campaign headquarters was one of a series of events scheduled this week to place Murray in the public eye. Thursday he will attend a celebration at his birthplace, Collinsville, where a monument of him will be unveiled.

A parade, 50 miles long, is planned. Steele, a former West Texas oil man, served in the army in putting down a Filipino insurrection, is a former member of the Canadian northwest mounted police, was a machine gunner in revolutions in Nicaragua and Honduras, a member of Giuseppe Garibaldi's Foreign Legion, an infantry captain in Mexico, an infantry captain in France during the world war and later was a Texas ranger.

NO ENCOURAGEMENT. POET: Do you think I should put more fire into my poetry? EDITOR: No, quite the reverse.—Answers.

Mrs. Sarah Elizabeth Bandy. Mrs. Sarah Elizabeth Bandy, 85, died at 411 Sixth street at 4:32 Friday afternoon and funeral services were held at 2 o'clock Sunday afternoon at Cox cemetery at Milburn, McCulloch county. Mrs. Bandy had been living in Brownwood for the past two years.

MRS. W. A. BUTLER AFTER LONG ILLNESS

Mrs. Mary Josephine Butler, former pastor of Brown county, died Thursday evening in a hospital after an illness of several months.

Mrs. Butler had lived in Brownwood 27 years. She was a member of First Baptist Church here, having been a member since she was two years of age, and was active in church and charity work. She was the wife of P. T. A. Butler, who died in 1910. She is survived by a brother, Martin of Galveston, and Mrs. G. P. Matson of Dallas.

Why A Smith Incubator? You can raise more chicks and better chicks if you hatch them in a SMITH INCUBATOR. The success of your chicks depends upon the incubator that hatches them. Select them carefully, compare them with other incubator hatched chicks. You will find they are thrifter, healthier and better than any you ever had before. SMITH hatched chicks are wonderfully large and strong. They live and grow into more profitable birds. Cut your chick losses and raise the finest flock of deep-bodied, broad backed, heavy producing pullets you ever raised. More oxygen, fresh air and moisture properly controlled, positive air circulation, scientific construction and performance make SMITH hatched chicks better. WE SET ON MONDAY AND THURSDAY OF EACH WEEK Rainbow Hatchery The Only Smith Incubator in Town. 206 E. BROADWAY. PHONE 153.

W. D. McCHRISTY TO BE BURIED HERE MONDAY

Will D. McChristy, 64, one of the early educators in this county, former county clerk and later postmaster here, died at his home at San Diego, California, Wednesday night at 10:30 o'clock after a long illness. He moved from Brownwood to San Diego about nine years ago. Mr. McChristy had been ill and confined to his bed since Thanksgiving Day.

Mr. McChristy was the father of Miss Cleo McChristy, professor of English at Howard Payne college here, and Lively McChristy, employe of the local postoffice. Both had been at their father's bedside since he had been ill. Miss McChristy returned to Brownwood last Sunday night and Mr. McChristy returned about a week ago.

The body is expected to arrive here at 8:30 o'clock Sunday night. The funeral services will be held Monday afternoon at 2:30 o'clock at Coggin Avenue Baptist Church. Dr. W. R. Hornburg, pastor, will officiate and interment will be made in Greenleaf Cemetery with Austin-Morris Funeral Home in charge.

Widely Known Educator

Mr. McChristy was known throughout this section of the state for his early activity as an educator and later for his work as county clerk of Brown county and postmaster at Brownwood. He has many friends here who have been much concerned during his illness and who offer condolence to his bereaved family.

He was born at Hannibal, Missouri, September 11th, 1867, the son of Captain and Mrs. George McChristy. Captain McChristy was one of the most noted of the old Confederate Veterans who settled in this country after the civil war. Mr. McChristy came to Brown county as a boy with his parents. He received his education here and continued to live here until the time he moved to California.

As member of the first faculty of Howard Payne College when it was founded in Brownwood, Mr. McChristy was associated with Judge M. T. Lively, now of Dallas, and who is a prominent Mason in this state, and the late J. H. Groves, who was later president of the college for many years. When Mr. McChristy's oldest son was born he was named Lively for Judge Lively. While he was a member of the college faculty between 1890 and 1893, Mr. McChristy also acted as student field secretary and had a great deal to do with building up the student bodies in securing students during these early years of the institution.

Built Large Boarding School

After leaving the college faculty he was school superintendent at Blanket and later at May. During these years he built up one of the largest private or boarding schools ever seen in this section of the state. Through his fine personality and ability as an educator he attracted many young men to his school and gave these young men, many who later became prominent leaders in various businesses, their early education. He advanced the practices of all student activities, including debating, public speaking, manual and athletic training and was easily the leading educational figure who had the strongest educational influence of that time in this county.

Following his career as a teacher, Mr. McChristy was elected county clerk of Brown county and served in that capacity for six or eight years.

Became Postmaster in 1912

In 1912 Woodrow Wilson was elected President. Mr. McChristy was appointed Brownwood postmaster. He held that office through the eight years Wilson was President and for two or three years while Harding was President, serving in all about 11 years.

When he left the postmastership he moved to San Diego and there was secretary of a wholesale grocermen's association and in his odd times worked as assistant tax assessor and collector.

Mr. McChristy was also prominent in political circles and had a great influence in the county conventions. He was also active as a member of the Baptist church, having served as chairman of the Board of Deacons of Coggin Avenue Baptist Church for a number of years and as moderator of Brown County Baptist Association. He was active in lodge work and was a Mason, member of the Odd Fellows, Petorians and Woodmen of the World. He was also a member of the Rotary Club while he lived in Brownwood.

Former H. P. C. Trustee

For a good many years he served as member of the board of trustees of Howard Payne College and is said to have been a great help to the young preachers who were studying at the college. While he lived in Brownwood, Mr. McChristy sent all his children to the college and now a daughter, Miss Cleo McChristy, is professor of English in the institution.

Mr. McChristy was married to Miss Sallie Johnson, January 31st, 1893, in Brownwood. He is survived by his wife and eight children. The children are: Miss Cleo McChristy, Brownwood; Lively McChristy, Brownwood; Baten McChristy, El Centro, California; Denny McChristy, Imperial, California; Mrs. J. E.

COLLINSVILLE GROW HONORS 'ALFALFA BILL'

COLLINSVILLE, Tex., Feb. 18.—(AP)—Governor William H. Murray of Oklahoma returned to his birthplace this afternoon at the head of a mud-bespattered motorcade, generally greeted the crowd which had braved a soaking rainstorm to do him honor, and then retired for a brief "nap" before taking further part in the homecoming celebration. A string of automobiles some five miles long splashed into town behind the governor's limousine. The "Murray for President" streamers which decorated most of the cars were outstanding, despite the stains of rain and travel. The governor's motorcade numbered about 300 cars when it left Durant this morning and swelled steadily as it passed through other towns en route.

Shortly after the governor completes his nap a luncheon was planned. Many expected him to formally announce his candidacy for the presidency, on the democratic ticket, in his speech after the luncheon.

Collinsville, Texas, Feb. 18

—(AP)—With his own home-spun history as a backdrop, Governor "Alfalfa" Bill Murray of Oklahoma put his visions of governmental reform on a hometown stage today. In a characteristic address before the plain folks who poured into Collinsville for the "sage's" homecoming, Murray interspersed denunciation of foreign loans with a plea for return of the "Scottish" banking system and a new blast at federal court injunctive powers. It was perhaps the most vivid of "Alfalfa Bill's" personal appearances out of Oklahoma since he's been talked about as a southwestern "Moses" to lead as a democrat the president of the United States.

He rapped "duplication by bureaucracy," dwelt on the need of paying the soldier's bonus, urged tax reform on the basis of ability to pay and service of government and approved promotion of farm home ownership by giving direct aid.

Deplored the loan of money by this country or its citizens directly to foreign nations, Murray declared it often embroils the United States in political controversy. He opposed permitting loans from bankers or citizens to foreign countries for purchase of armaments and stressed the need of encouraging Latin-American trade.

Murray urged a small standing army, "but with a full quota in skeleton form of well-equipped officers, artillery and coast defense."

He urged a return to a good navy to protect foreign commerce. "Bank notes," he said, "should be based on some product of value as representative of its exchange value with other products, and should not, as under the old banking law, be based on public bonds or public debts, or as under the present banking system, on private debts."

Victor Maddi Will Be Released From Jail Without Bond

HOUSTON, Tex., Feb. 18.—(AP)—Criminal District Judge Whit Boyd announced today Victor Maddi would be released without bond.

Likewise, habeas corpus hearing for him scheduled for Saturday will not be held.

The judge's announcement followed the action of Governor Ross Sterling at Austin in refusing extradition of Maddi to Kansas City, where he originally was wanted in connection with the murder of Detective O. P. Carpenter in a robbery attempt.

A fugitive complaint against Maddi was dismissed yesterday.

The first use of chlorine gas in the World War was on April 22, 1915, when the Germans used it in an attack against the French and British lines in the northeastern part of the upper Ypres salient.

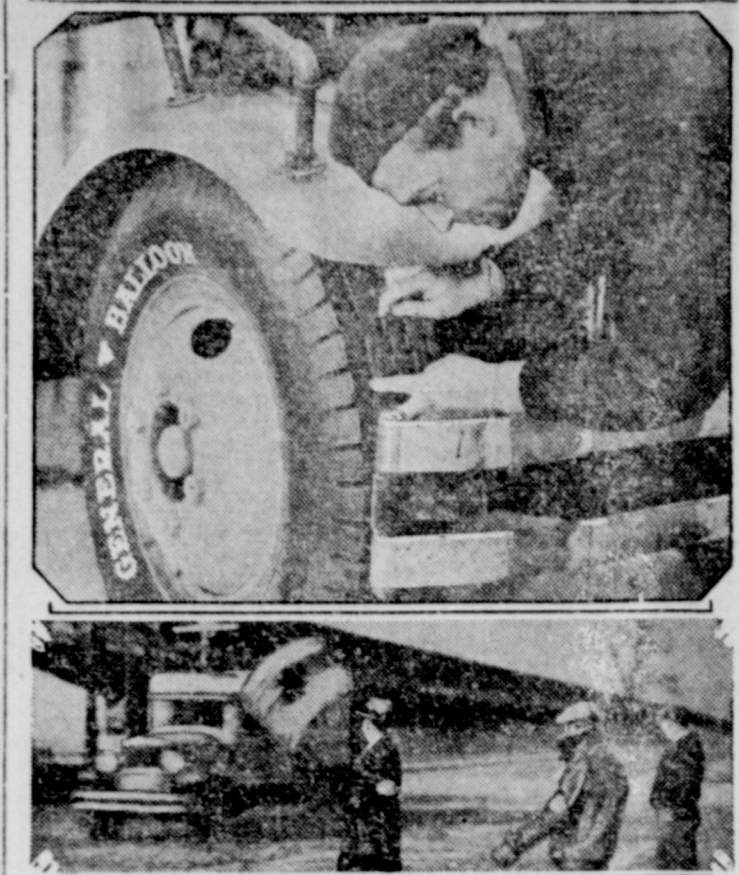

Rain Delays Work Of Immunization

Owing to the rain last night and today and the muddy condition of the roads, the intended visit to some of the schools today to administer the second dose of diphtheria toxoid had to be abandoned. County Supt. Pierce thought some of the schools closer to town might be visited Friday, but could not say definitely about it.

The schools that had been listed for the inoculations today were Cross Cut, Groveswood and McDanel. Those scheduled for Friday were Indian Creek, Jordan Springs, Cedar Point, Chapel Hill, Elkins and Early.

The further immunization work will be done in all the schools as soon as the weather permits.

Four Times Across U. S. Without Stop

DAVE EVANS, famous A. A. race driver who has finished well up in the money in many a Memorial Day tilt at Indianapolis, has just established a new world non-stop record for motor vehicles of any type at the Speedway here.

Driving day and night for two weeks, at an average speed of 43.41 miles an hour, Evans sent his huge Diesel-motored truck around the oval 64 miles farther than any other vehicle of any kind had ever traveled before without stopping. The total mileage, officially checked and recorded by the American Automobile Association representatives at the Speedway, was 13,535 miles, while several extra laps turned in by the truck raised the total to 14,600.

Above is shown Evans, with a two weeks' growth of beard, after the run, examining the tread of the Goodyear tires on which the heavily-overloaded truck pounded away without a stop for two weeks on the concrete-patched brick surface of the Speedway. None of the tires was damaged or showed appreciable tread wear. Below is an A. A. official starting the run that broke the record.

ACCEPTANCE IS NOT EXPECTED; BIG FIGHT DUE

SHANGHAI, Feb. 19.—(AP)—(Friday)—Japan's ultimatum, repeating a series of demands which China regards as intolerable, was in the hands of the government at Loyang today but there was every indication the Chinese had no intention of knuckling down.

Last night General Kenkichi Uyeda handed his demands to General Tsai Ting-Kai and Mayor Wu Teh-Chen. They stipulated that the Chinese army put an end to its

while guns were in action in the Chapel sector in an artillery engagement which began immediately after the peace parley broke down.

In addition to demanding withdrawal from the immediate vicinity of Shanghai, Japan made as a condition of peace permanent dismantling of the Chinese forts at Woosung and Paoshan. The Chinese withdrawal, they stipulated, must take them back 12-12 miles on both sides of the Whangpoo river and the same distance from the mouth of the Whangpoo.

The Chinese arsenal on the southern outskirts of the city would be dismantled and until the Chinese army had reached the 12-12 mile limit Japanese troops would remain where they are.

These conditions the Chinese described as "intolerable and absolutely unacceptable."

Shades of King Arthur

SHANGHAI, Feb. 18.—(AP)—Like shades of King Arthur, a squad of Japanese soldiers appeared in Shanghai streets today clad in suits of light armor. The armor was painted and completely covered their bodies from the waist up. It was topped by modern trench helmets, however, instead of the ancient top-pieces of the days of Charles V.

Inquiry at Japanese headquarters brought the information that the armor was only for the use of soldiers at exposed sentry posts and that it would not come into general use.

hostilities and withdraw 12 1/2 miles from Shanghai; that the forts at Woosung and Paoshan be dismantled; that the activities of Chinese plain clothes men be stopped; and that the Chinese retreat be supervised by Japanese observers.

It was polite enough, but the whip cracked in the last paragraph which read "unless the foregoing articles are completed with Japanese troops in which event the Chinese soldiers must be held responsible for all the consequences resulting therefrom."

The mayor said he had sent a copy of the document to Loyang, temporary seat of the national government.

Lo Wen-Kan, the foreign minister, who was in Shanghai, said he was certain the demands would be rejected.

"I am ready to fight if the government orders me to," said General Tsai, the Chinese commander.

BY MORRIS J. HARRIS

(Copyright, 1932, by the Associated Press.)

SHANGHAI, Feb. 18.—(AP)—General Kenkichi Uyeda, commander of the Japanese forces in this area, served an ultimatum tonight on General Tsai Ting-Kai ordering the Chinese to withdraw 12-12 miles from Shanghai by sundown Saturday.

That was the result of the failure of a peace parley earlier in the day during which the Japanese submitted that identical demand and the Chinese representatives rejected it.

It was thought the ultimatum was a preliminary to the beginning of the long-awaited major offensive by Japan.

In preparation for that drive, the Japanese have concentrated an army of at least 25,000 men in this vicinity. The Chinese have twice that many soldiers and in the comparative quiet of the past few days they have been preparing a line of retreat in case they should be unable to withstand a mass attack.

Airplanes have been brought up in considerable numbers by both sides and it was reported several days ago that the Japanese have a quantity of 500-pound aerial bombs.

General Kenkichi Uyeda, the ultimatum was delivered

BIG CROWD AT DANCE HERE IN SPITE OF RAIN

Although rainy weather kept many people from taking part in Brownwood Better Market Day Wednesday, there were a great many people who braved the muddy roads and came to town for the special programs during the day and the square dance at Memorial Hall Wednesday night.

Merchants report an increase in trading all during the day. There was not much livestock buying and selling as the livestock were not brought to town over the muddy roads.

Plans have already been started for the next Brownwood Better Market Day to be held the third Wednesday in March, which will be the 16th. With pretty weather the next Market Day should be the best ever held, it is believed. Committees are to start work on the next program at once.

Large Crowd at Dance

A large crowd was at Memorial Hall at 4 o'clock Wednesday afternoon for a special program by the merchants who are cooperating with the Chamber of Commerce in making Better Market Days possible.

Several hundred people attended the square dance. Before the dance started, a unit of Company A of the National Guard went through a series of drills. Because of rain the drill was given in the hall. The guardsmen in full uniform were applauded by the crowd for their entertainment.

Over 100 couples took part in the dancing. Hilton Burks, secretary Chamber of Commerce, acted as floor manager.

There were a number of people from out of town. A number said they had a hard time getting to Brownwood for the dance, but the entertainment was worth the effort.

Visitors From Thrift

J. E. Armstrong, Mr. and Mrs. R. A. Cox from Thrift were among the dancers. Mr. Armstrong and Mr. Cox are with the Humble Oil Company at Thrift. Mr. Armstrong is in charge of the refinery at Thrift that handles the oil from all the surrounding fields. He helps build the plant and has been in charge since. Mr. Cox is a gauger for the company. Both said that oil activity is increasing slightly.

S. M. Black of seven miles south of Brownwood said he had not missed a dance that has been given on Better Market Day. Others from south of town that were present included A. M. Burrier and family, Horace Webb and family and Robert Beal and family.

NOT SO PLEASED

HOUSTON—Eddie E. Pierce was handed a two year sentence for burglary. "Thank you, gentlemen," he said, sarcastically, to the jury. With which he stamped on the floor with his feet, kicked the leg of the chair in which he had been sitting, and pounded most anything in the room which came within his reach. He was quieted and taken off to start his sentence.

BOMB IS HAWK

EVANSVILLE, Ind.—A package found its way through the mails to the local postoffice. From the package came ominous sounds. Officials, suspecting a bomb, opened a chicken hawk. The scratching of the bird on the sides of the cage in which it was imprisoned led officials to suspect a bomb.

Bring Us Your Cream—Southwestern Poultry Association

FATHER OF BROWNWOOD WOMAN IS BEATEN AND ROBBED AT SHERMAN

Mrs. J. Fred McLaughly left for Sherman last night, having received a message that the condition of her father, S. N. Smith, night watchman at an oil mill in Sherman, is serious. Mr. Smith is night watchman at an oil mill in Sherman. An account of the attack and robbery was given in the Sherman Daily Democrat Wednesday morning as follows:

"S. N. Smith, night watchman at the Sherman Oil mill, was beaten over the head with an iron railway brakehoe pin and robbed of his gun, keys and a small amount of money between 1:15 and 1:30 a. m. Wednesday.

"He punched the time clock at 1:15 a. m. At 1:30 a. m. after he had made his way in a dazed condition one block to the Fant Milling company, the night watchman there notified police. An immediate search of the vicinity and railway yards and box cars was made. At 4 a. m. a transient was arrested by Patrolmen Sledge, Atup and Reynolds at the railway terminal and after being questioned was turned over to county authorities.

"Mr. Smith is at Wilson N. Jones hospital here. His physician said Wednesday morning that he is not considered seriously injured, although he received 14 gashes on the head and several bruises about the chest.

"The transient arrested said, police say, he had been in the south part of Sherman near the mill. He said that he was trying to catch a freight train out of Sherman.

"Mr. Smith lives at 913 North Grand avenue.

"Dallas officers and special officers for the Frisco railway have been notified to watch for a man, transient, with a .38 caliber gun in a 41 frame, the size of the one taken from Mr. Smith.

"Mr. Smith told city and county officers Wednesday morning that he never saw his assailant.

"The exact amount of money taken is not known. Mr. Smith said it was only a small sum."

and have made their home here since. Mrs. Power was much loved and highly respected by many friends and her passing is felt as a distinct loss.

The son who lives in Ohio, E. W. Power, is on his way to Brownwood by airplane and is expected here Friday. Frank Power is on his way from Kansas and will arrive here Friday night or Saturday morning. Definite funeral arrangements will be made when they arrive.

The pall bearers are young men from the church and from Daniel Baker College. They are: Stuart Painter, David Gully, James Timmins, Allen Beidel, Billy Logan and Charles Brinkley.

Roosevelt Studying Farley Case Today, Decision Is Waited

ALBANY, N. Y., Feb. 18.—(AP)—Governor Franklin D. Roosevelt today was pondering whether the facts justified removal of New York's Tammany sheriff, Thomas M. Farley.

The decision promised to make enemies for presidential candidate Roosevelt in important quarters. Political observers believed Tammany would not easily forgive Farley's dismissal for he is a leader in the wigwag. If the decision should be in Farley's favor, they saw trouble for the Roosevelt candidacy in the south and west, where he is having Tammany for a foe. It is something for a candidate to boast about.

At the close of a two-day hearing on the charges brought against

McColloch Co. Fat Stock Show Have Two D

BRADY, Texas, Feb. 18.—(AP)—To the large number of visitors to the McColloch County Fat Stock Show on February 17th, the senior visitors, according to the Brady Chamber of Commerce, under whose auspices the show is being held.

Besides the Senior calves, this year's show includes pigs and lambs in addition to the cattle.

R. M. Millhollin, coach of the inter-county judging team of a contest has been procured from the Brady show.

A large crowd of ranchmen from this section is expected to attend the show, besides the number of other prize-winning animals. The leading ranchmen will be exhibited.

Mrs. Anne T. Power Passes Away at Home Here This Morning

Mrs. Anne Turner Power, 84, wife of Dr. John Power, rector of St. John's Episcopal Church, died at her home, 303 West Depot street at 3 o'clock this morning. She had been in ill health for many years. Although definite funeral arrangements have not been made, pending the arrival of two sons, it is known that the funeral will be held at St. John's Episcopal Church and that Bishop Harry T. Moore of Dallas will officiate. Interment will be made in Greenleaf Cemetery with McInnis Funeral Home in charge.

Mrs. Power was born at Dalton-Furness, Lancashire, England, August 3, 1847. She was married to Rev. John Power December 30, 1869. To this union were born seven children, two of whom died in infancy. One grown son, John Power, who was the oldest child, died at Blair, Neb. Miss Agnes Power died in February, 1922, in Brownwood.

Mrs. Power is survived by her husband and three sons, Turner Power, Brownwood; Frank Power, Norton, Kan., and E. W. Power, Columbus, Ohio. She is also survived by one grandchild, Nan Agnes Power, Columbus, Ohio.

Here Since 1904.

Dr. and Mrs. Power came to America from England 44 years ago. They moved to Brownwood in 1904.

THE STORE FOR ALL THE PEOPLE

Farley by Samuel Seabury for the legislative committee investigating New York Governor Roosevelt's resignation. Seabury indicated last week that a decision probably would be made until about Sunday.

Roosevelt called on Seabury to speak for himself at the hearing. He gave no indication of his opinion after Seabury's counsel finished their report of the \$357,000 bank account of Seabury made by the Seabury demand.

McColloch Co. Fat Stock Show Have Two D

BRADY, Texas, Feb. 18.—(AP)—To the large number of visitors to the McColloch County Fat Stock Show on February 17th, the senior visitors, according to the Brady Chamber of Commerce, under whose auspices the show is being held.

Besides the Senior calves, this year's show includes pigs and lambs in addition to the cattle.

R. M. Millhollin, coach of the inter-county judging team of a contest has been procured from the Brady show.

A large crowd of ranchmen from this section is expected to attend the show, besides the number of other prize-winning animals. The leading ranchmen will be exhibited.

Mrs. Anne T. Power Passes Away at Home Here This Morning

Mrs. Anne Turner Power, 84, wife of Dr. John Power, rector of St. John's Episcopal Church, died at her home, 303 West Depot street at 3 o'clock this morning. She had been in ill health for many years. Although definite funeral arrangements have not been made, pending the arrival of two sons, it is known that the funeral will be held at St. John's Episcopal Church and that Bishop Harry T. Moore of Dallas will officiate. Interment will be made in Greenleaf Cemetery with McInnis Funeral Home in charge.

Mrs. Power was born at Dalton-Furness, Lancashire, England, August 3, 1847. She was married to Rev. John Power December 30, 1869. To this union were born seven children, two of whom died in infancy. One grown son, John Power, who was the oldest child, died at Blair, Neb. Miss Agnes Power died in February, 1922, in Brownwood.

Mrs. Power is survived by her husband and three sons, Turner Power, Brownwood; Frank Power, Norton, Kan., and E. W. Power, Columbus, Ohio. She is also survived by one grandchild, Nan Agnes Power, Columbus, Ohio.

Here Since 1904.

Dr. and Mrs. Power came to America from England 44 years ago. They moved to Brownwood in 1904.
