

Remarks have been made lately that the current effort to organize an active Muenster Chamber of Commerce is mostly a pipe dream—that the chance of establishing a going concern is slim in the first place, but even if that succeeds the chance of keeping it going is still slimmer. It was mentioned that civic groups were started here before but faded away after little if any achievement.

There is no doubt that the community's past presents a few discouraging facts. But on the other hand it also offers a great deal of encouragement. Much has been done through united effort. From pioneer days local people pulled together on many projects which have brought comforts and progress to the community.

A few convenient examples are road building, the cheese factory, the parish improvements, the hospital, soil conservation, rural electrification. Every one of those projects, as well as others that could be recalled, are the result of a spirit which is the essence of a successful chamber of commerce. Actually Muenster has a good record of creditable chamber of commerce achievement without benefit of chamber of commerce organization.

So, it isn't true that the prospect for such a group is discouraging here. On the contrary it is apparent that the proper spirit is already here, and can be a more valuable community asset if applied with vision and cooperation through an organization which is dedicated to community progress.

This column does not presume to list the various projects that are necessary or even desirable here. That is a proper function of a chamber of commerce, and we sincerely hope it will be on that job soon. But the column can state a few obvious facts that most of us have thought about many times. Every year we see youngsters leaving our community because of the lack of opportunity for them here. We'd like very much to keep more of them at home using talents and efforts to build a better community. We'd like also to keep more of our business dollars at home and attract more trade from outside our area. Those are obvious wants, solutions to which are the proper function of a chamber of commerce. So, whether or not anyone has faith in a Muenster chamber of commerce, he still wants the kind of achievements that are expected of such an organization.

With that objective in mind it seems like a good idea now to ignore discouraging remarks, forget about any past fizzes, and set our sights on desired results—knowing that the best way to get our job done is to get together and work together. Pooling ideas and energies is a lot better than pulling separately, as we have been doing for so many years.

No one can promise, of course, that the big things are assured by organizing a chamber of commerce, but only that prospects are a lot better. It helps to meet and talk over community problems and methods of tackling them. In short, the community has much to gain and nothing to lose by giving the proposal a good enthusiastic try.

In case you have felt somewhat embarrassed and ashamed lately over our country's progress in the Vietnam war you can be sure that you are not alone. It is humiliating to think that our vast potential for victory is being ignored while we sacrifice dedicated American soldiers in a type of warfare that the enemy chooses. Meanwhile we are further humiliated to see some of our national leaders propose a settlement which amounts to a sellout of South Vietnam and a waste of all we have accomplished here to date.

The idea of allowing communists a share in the government of South Vietnam may impress some as a reasonable compromise, but people who have observed history of the past twenty years know that is only a form of surrender. Every similar settlement so far has eventually resulted in complete communist take-over. The scheme is repulsive to any American who has the freedom of Vietnamese at heart.

The young priest is Father Frowin Schoech, a Muenster native, son of Mr. and Mrs. Andrew Schoech. His ordination is scheduled for Saturday June 4 and his First Mass the following day, Sunday June 5.

The parents had confirmation on those dates Tuesday this week from Abbot Michael Lensing, abbot of the Benedictine Monastery in Subiaco, Ark., and the Most Rev. Thomas K. Gorman, bishop of the Dallas-Fort Worth Diocese.

It will be the first time in Muenster's 76-year history that an ordination will be held in the parish church. Time for the service has been set at 10 a.m.

Social celebration will follow the First Mass. A reception and community dinner are being planned.

SH High Senior Class Play Dated For March 18-20

Seniors of Sacred Heart High are applying all their spare time and energy to rehearsals for their class play, "Little Moon of Alban," a drama by James Costigan in two acts with 19 scenes. There are 37 in the cast. There will be two performances, March 18 and March 20. Brother Thomas Moster and Sister Roberta are directing the production. In addition to the cast other seniors are busy with set designing, props, lighting and costumes.

The setting of the play is in Ireland in the 1920s during the time of the Black and Tan troubles. A young Irish student, Dennis Walsh, is shot and killed by Lt. Kenneth Boyd, an English soldier.

Brigid Mary Mangan has seen her father, brother and fiancé Dennis Walsh killed in senseless street fighting. She takes refuge in a convent to become a Sister of Charity so she can work with little children. She shows special talent for nursing and is assigned to a hospital. Lt. Boyd is shot and taken to the hospital where Brigid Mary is nursing. She learns that he is the one who shot her former fiancé and is torn between her duty and a desire for vengeance. The situation is made doubly poignant when the lieutenant unwillingly fall in love with her. The climax is reached when the Sisters renew their vows and Brigid Mary makes her decision.

Janice Yosten leads the cast as Brigid Mary. Sam Ends is Dennis Walsh, Steve Kralicke is Lt. Boyd. Rudy Koesler is an Irish singer, Willie Wimmer a rebel leader, Dwayne Hess is a priest and Leon Knauf a doctor. Candy Fette is Brigid Mary's mother. Science Fair Is Featured Event For School Week

A combination of science fair projects and classroom exhibits made up the main attractions at Tuesday night's open house observing Public School Week in Texas.

Separate registers for the high school and elementary departments showed 110 and 66 adult visitors respectively. Some visitors signed in both books, however some failed to sign in either.

Over 175 exhibits were on display at the science fair which was held as a part of the nation wide science fair program. First and second place winners here became eligible for entry in the county contest Thursday at Cooke County Junior College, and winners there advance another step toward the top goal.

Meanwhile every classroom had its display of student work along with equipment and aids used in teaching. Seen for the first time this year were the pre-school and remedial reading facilities set up as local projects under the Elementary Secondary Education Act and also library additions received under two separate aid-to-schools programs.

In other observance of Public School Week, parents and friends are invited to eat at the school lunch room Thursday noon and attend a school board meeting Thursday night, and also to see the senior class

Thirty Report for Baseball Practice At Sacred Heart

With a squad of thirty boys and a season of eighteen, maybe 20, games, Coach Walter Wolf is looking forward to lots of baseball for his Sacred Heart Tigers this season.

And since that roster includes eight lettermen, seven of whom were last year's starters, plus a half dozen good rookie prospects, Wolf thinks he has both the talent and the experience for a strong team.

His pitching department is well staffed by Dale Hofbauer, Leon Endres, Larry Hess and Leroy Hess. Likewise at catching he can depend on Morris Hacker, Ted Endres and Larry Hess. In fact he has returning lettermen at all positions except first and second, and has good candidates for those spots — Sam Endres and Steve Hess for first; David Hoenig, Stan Endres and Leroy Hess for second.

At the plate Wolf will depend mostly on Leon Endres, Steve Kralicke and Sam Endres, who were steady hitters last year.

The complete team roster includes Dale Hofbauer, Steve Kralicke, Morris Hacker, Sam Endres, Leon Endres, Joe Bayer, Ted Endres, Larry Hess, Dave Hoenig, Douglas Martin, Ricky Stewart, John Streng, Stan Endres, Steve Hess, Gilbert Hess, Chris Walter, Leroy Hess, Kenneth Schmitz, Tim Endres, Alcuin Schilling, Herbert Fette, Glenn Schoech, Melvin Bayer, Danny Schmitt, Don Schneider, Clinton Bayer, Mike Endres, Kenneth Stoffels, Clifford (Continued on page 4)

NLRB SAYS WORKER CAN RIDICULE BOSS
 The National Labor Relations Board has ruled that it is an unfair labor practice to fire an employe because he posts cartoons ridiculing the boss.

The firm to reinstate the cartoon-minded employe and reimburse him for the pay he lost since he was fired.

When a man is forced by a government agency to continue to pay the guy who ridicules him, is it safe to say that the government really controls business in this country and all talk about "free enterprise" is just that — talk.

We wonder what would have happened if the boss posted cartoons ridiculing the employe. Would the NLRB have considered that a "fair labor practice?" Or would the NLRB more than likely consider that abusive treatment and an attempt to bring pressure on the employe? What about pressure on the boss?

NO PLACE FOR PATRIOTS

The other day a New York City detective sang "God Bless America." There's nothing remarkable about that. Policemen sing "God Bless America" every day. But this uniformed thrush made the grievous error of doing so before an audience containing a high concentration of kooks and exhibitionists attending a "read-in" at Town Hall.

The self-ordained intellectuals were participating in a familiar ritual — condemning U.S. nastiness to the Communists in Vietnam. The detective is a member of the bomb squad. There had been a telephone threat to bomb the building. He was sent to inspect the place and to make sure the audience wasn't blown to smithereens. He was detailed to stay on and protect the crowd. He couldn't believe his ears — and now he's in trouble. At last report he was scheduled to be hauled up on departmental charges, and that can be serious indeed, when you consider the highly liberal complexion of the new faces in New York's City Hall.

The way the impromptu concert broke out, 1,500 do-it-yourself foreign experts were squatting in Town Hall waiting to hear Joel Oppenheimer. He's what you might call an intellectual's poet, complete with tangled, shoulder-length hair. Joel was waiting in the wings to wow the audience with golden Oppenheimerese when out popped detective singing "God Bless America."

If the fellow had burst out with the thrilling notes of "The Internationale" things might have gone differently. But "God Bless America?" Poet Oppenheimer was equal to the occasion. Sensing that something ineffably evil was taking place he yelled: "Get off. What do you think you're doing here? We've been hearing that song long enough."

Having heard somewhere that all intellectual-type liberals are passionately devoted to freedom of expression, the detective appealed to them: "Can I be heard? Are you going to let me be heard?"

In true intellectual-type liberal fashion, back came a resounding "No."

The detective walked off the stage, and we suspect he's still walking — pounding a solitary beat somewhere in outer reaches of New York City. For the vengeful Town Hallers were not content just to get the detective offstage. They made it plain they'd have him arrested unless they were assured he'd be hauled up on departmental charges.

The moral: Don't sing patriotic songs to intellectuals.

THE FUTURE OF THE WELFARE STATE

The welfare state and free enterprise are in conflict with each other. They cannot permanently exist side by side. One will conquer and the other will disappear. Once it is established that the majority has the right to dispossess the minority, the process will go on and on until the last bone of the last taxpayer has been picked bare and there is no incentive anywhere to work hard and produce abundantly. Production therefore declines and in time there are no haves for the have-nots to dispossess. In the end the welfare state will have nothing but poverty to distribute. A society which continues in that direction will become weaker and weaker until it finally goes down before a stronger, more self-reliant people who have not succumbed to the falshood that they can live permanently from the production of others.

FALSE FRONT ON THE HOME FRONT

PUBLIC VS. PRIVATE RENEWAL

Doubt as to the constitutionality of the Federal Urban Renewal Program has been raised by Dr. Martin Anderson, educator, engineer and author.

Quoting the Constitution, "nor shall private property be taken for public use without just compensation," Dr. Anderson says that "for public use" is not the same as "for public purpose." Therefore, he asserted that, taking of private property by eminent domain for private use is illegal.

In a symposium at Duke University School of Law, he stated, "The Federal Urban Renewal Program is not necessary, it is not working, and is clearly unconstitutional."

He points out that: One million people had been evicted from their homes by the end of 1965. About four million will be displaced by 1972 — one of every fifty persons living in the United States. An average urban renewal project runs from ten to twelve years.

FURP is very expensive. Many billions have been spent, and plans call for vastly increased spending.

It causes a net decrease in many cities' tax revenues. The Federal Urban Renewal Program in a decade, according to Dr. Anderson, has destroyed four times as many homes as were built in renewal areas.

In spite of this record, housing quality in the United States has increased enormously. The economic system of free enterprise between 1950 and 1960 added 18 million standard homes to the housing supply. The total number increased from 29.1 million to 47.6 million, an over-all increase of sixty-four per cent.

TEXAS VOTING

It will be interesting to observe just how great an increase in Texas voting will result from a federal court's invalidation of the Texas poll tax as a requirement for voting.

The continuing political attack on the poll tax met success a number of years ago in Florida. There, all sorts of optimistic predictions had been made that the abolition of the poll tax would result in many more voters trooping to the polls. Nothing of the sort happened. The increase was negligible.

The same thing has held true in many states where all voting registration fees have been abolished. The truth is that people who do not vote refrain from doing so because they are not good citizens—not because they are unable to raise the price of a poll-tax

receipt or a registration fee.

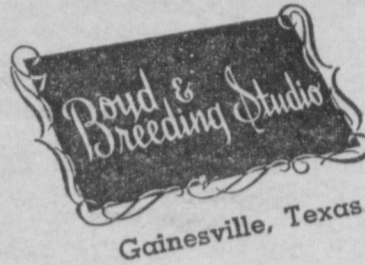

If, indeed, any voting increase is noted, many of those who will now begin voting who had not voted when a poll tax receipt was necessary will do so not because they are interested in having a voice in government, but because they will be influenced to do so by pressure groups.

Phone Call Adds Joy to Reunion Of Hellman Family

When the Clarence Hellmans, their children and grandchildren were having a reunion Sunday in the Hellman home they thought about the only one missing from the family circle, Timmy Hellman. And he surprised them with a telephone call. They didn't even know he was back in the states from Italy where he spent two years in the army. He telephoned from Des Moines, Iowa, inquiring about his sister, Mrs. C. J. Newman and family because he didn't find anyone at home. Mr. and Mrs. Newman and their children Jill, Penny, Kellie and Duane were in their honor.

Tim said he arrived in New York two days before, got separated from the army, and headed for home with a stop-over planned in Des Moines with his sister. He added he'd be home after doing some sight-seeing along the way.

The Newman family ended a vacation visit in Texas this week, dividing time between their families in Muenster and Wichita Falls. They left here Monday and had another visit in Wichita Falls until Wednesday. It was their first trip back since they moved to Des Moines last August.

Others at the reunion, attending from out of town were Dr. and Mrs. Monte Hellman and children, Mr. and Mrs. Joe Vacari and Miss Dorothy Newman, all of Dallas, and the C. J. and Jimmy Hellmans and their children of Gainesville.

Family Gathering Fetes John Rohmer On 80th Birthday

March is birthday month for the John Rohmer family and they celebrated five of the six birthdays in one family reunion in Muenster with an evening meal at Rohmer's Restaurant.

Birthdays start on March 2 which is John Rohmer's birthday and the party was that night. It was his 80th. Almost all the children and grandchildren joined Mr. and Mrs. Rohmer for the observance. They came from Fort Worth, Irving and Gainesville to get together with the Muenster group.

There was a shower of gifts for Mr. Rohmer and a decorated cake with 80 candles made by Mrs. Morton Wright of Irving.

The others honored were Lora and Dwayne Rohmer, children of Mr. and Mrs. Emil Rohmer, whose birthdays are March 9 and 15. They had a decorated cake in the shape of a bunny. And Mr. and Mrs. Morton Wright whose birthdays are March 30 and 12, respectively. Their decorated cake carried out an Irish theme in green and white.

Another daughter, Mrs. Joe Spaeth of Longview has a birthday March 12 but she and her family were unable to attend. Only other family member missing was Sister Fidelis of Jonesboro, Ark. They sent gifts and greetings.

Others present in addition to those already mentioned were Miss Ida Rohmer of Fort Worth, Jimmy and Michael Wrights of Irving, Mr. and Mrs. Maurus Rohmer of Gainesville, and Sister Romana, Victor Rohmer, Mr. and Mrs. Emil Rohmer and family, Mr. and Mrs. Johnny Rohmer and Darlene, and Mr. and Mrs. Tony Rohmer and children.

Mr. Rohmer has been a continuous Muenster resident for 74 years. He was born in Harlingen, Mo. His wife is the former Miss Mary Hesse, who as a baby was among the small group attending the first Mass in Muenster. They were married 54 years ago — on Jan. 25, 1912. The Rohmers farmed northwest of Muenster for 43 years then retired and moved to town.

Medders Host 60 At Junior Beef Cattle Field Day

A junior beef cattle field day at Colonial Acres Farm Saturday drew about 60 area FFA and 4-H boys and girls to Colonial Acres Farm for the program.

Topics covered during the day included selecting a calf to feed for show, facilities necessary for a show calf project, feeding the show animal and general grooming and showmanship.

Carrying the program were some of the most qualified men in North Texas including U. D. Thompson animal husbandman at Texas A&M University, and Herman Boone, former vocational agriculture teacher now with Olney Feed and Elevator, Bill Collier, Clay County agent, and J. D. Howard, farm manager at Colonial Acres.

Mr. and Mrs. Ernest Medders, owners of the Angus and Appaloosa ranch, were hosts for the day. The program began at 9:30 a.m. and concluded about mid-afternoon. Activity took place in the large indoor arena of the farm's new show barn. The hosts provided noon lunch for those attending.

Every year has 53 days of whatever day its starts with.

Ruth Wimmer and Frank Hess Plan April 16 Wedding

Mr. and Mrs. Lawrence Wimmer have announced the approaching marriage of their daughter, Miss Ruth Wimmer, to Frank Hess, son of Mr. and Mrs. Gary Hess.

The couple has selected Saturday, April 16, as the date for the wedding. It will be solemnized in Sacred Heart Church at 4 p.m.

Since graduation from Sacred Heart High School Miss Wimmer is receptionist in the office of Dr. J. W. Truitt at Gainesville. Mr. Hess is in the service station business as a partner with his brother Gerald Hess.

First Birthday

First birthday of Michael Dangelmayr was celebrated Sunday at the home of his parents, Mr. and Mrs. Paul Dangelmayr. Grandparents the Herman Dangelmayrs and the Anthony Klements were guests for dinner. And uncles, aunts and cousins were afternoon guests for ice cream and cake. The children thought Mikie's cake was special. It had a horse on it.

One of the vows a Turkish groom takes at the wedding ceremony is to keep his wife well supplied with coffee.

Participation in VFW Essay Contest Earns Certificate

Ladies Auxiliary to Muenster Veterans of Foreign Wars Post has received an award certificate for participation in the recent Voice of Democracy contest in which Linda Zimmerman was first locally and third in District I on her essay.

Members admired the certificate at their meeting Monday night and voted to have it framed and hung in the meeting room at the VFW Post Home.

Honor roll requirement for March was fulfilled by sending a contribution to the National Home Health and Happiness fund.

Mrs. Raymond Walterscheid, president, conducted business in the presence of 22 members and gave a report on the District I convention she attended in Denton.

Mrs. Norbert Walterscheid explained the group cancer insurance plan and grant.

It was announced that the April meeting will feature the election of officers.

One new member was welcomed, Mrs. Earl Hurd of Saint Jo.

After adjournment Mmes. Arthur Felderhoff and Lee Haverkamp were hostesses for a cold buffet and Mrs. Ray Voth won the door prize.

State Council of KCs Sponsors Essay Contest

An essay contest to be judged by an Inter-Faith panel on the topic of "Responsibility of a Free Press in a Democracy" is being conducted by the Texas State Council, Knights of Columbus.

"Texas high school students of all races, colors and creeds are invited to write essays on the topic," said Dr. Joseph G. Murphy of La Marque, head of the Catholic men's organization in the state. "Prizes will be a \$100 and a \$50 U.S. Savings Bond and 20 Honorable Mention Citations."

"Those desiring copies of the rules can obtain them by calling local members of the Knights of Columbus or writing directly to the Essay Contest Committee, Texas Knights of Columbus, 1111 Majestic Building, San Antonio, Texas 78205."

Dr. Murphy said the essays would be judged by a panel composed of qualified representatives of Protestant, Jewish and Catholic faiths and the names of the judges would be public on conclusion of the contest.

"The contest rules are simple," Dr. Murphy continued, "in that the writers must be bona fide, full time students of a Texas High school and under 20 years old. The essay cannot exceed 300 words and should be signed by the student with his or her full name, age, school, class, home address, telephone, city and state. Rhetorical structure will be left entirely to the student."

"Further, students should list their parents' name, address and telephone and the same information on school principal. The essay must be mailed before March 31 directly to Essay Contest Committee, Texas Knights of Columbus, 1111 Majestic Building, San Antonio, Texas 78205."

A new hanging sign and ornamental building sign erected at Tuggle Motor Company dresses up the place and adds color to that part of Main Street.

Mr. and Mrs. Jim Voth have moved to town from the country. They're occupying the former B. J. Swirczynski home, 203 N. Sycamore St.

Local News BRIEFS

Abbot Michael Lensing of Subiaco, Ark., visited here over night Tuesday with the pastors and went to Dallas Wednesday to attend the consecration of Bishop Thomas Tschoepe.

Frank Medders and a classmate, Lonnie Gregor, from Castle Heights Military Academy, Lebanon, Tenn., flew in Friday to spend a ten-day school holiday with Frank's parents, Mr. and Mrs. Ernest Medders. It's Lonnie's first visit to Muenster and he went right to work with Frank at Colonial Acres Farm helping build fences and calling it a ball. Miss Cathy Medders of Dallas came home to spend Friday overnight with the family.

Mr. and Mrs. Roy Ellis of Chesterton, Ind., are on a two-week vacation visiting Muenster and Saint Jo relatives. They headquarter in Saint Jo and make regular visits to Muenster Hospital to see Roy's aunt, Mrs. Dora Kathman, and his wife's sister, Mrs. Flora Dean of Bonita. Sunday, Mr. and Mrs. John Ellis and son drove over from Wichita Falls for an evening visit with the relationship and the hospital patients. It was the first time the brothers, Roy and John, had seen each other in six years.

Harold Flusche of Dallas spent the weekend with his parents, the J. P. Flusches.

Mr. and Mrs. Carl Pelzel and children of Ennis spent Sunday with her parents, the Joe Hoenigs and had dinner and supper with them.

Mrs. Henry Henscheid, her daughter Mrs. Anthony Grewing and little daughter Julia spent the weekend in Fort Worth with daughters and sisters, Mrs. John Kelley and Mrs. J. C. Darilek and their families. Sunday they all attended a birthday party for Jeffrey Kelley, 7, at the home of his paternal grandparents, Mr. and Mrs. Joe Kelley. Saturday Mrs. Henscheid and Mrs. Grewing visited Mrs. Wesley Landsfeld and children and the Stanley Kreneks.

Guests of Mr. and Mrs. Albert Stoffels for Sunday dinner were their daughter and son-in-law, the Larry Gilleys and son James and Mrs. Stoffels' parents, Mr. and Mrs. John Slaton, all of Fort Worth, and Miss Theresa Schmidtkofer of Gainesville.

Mr. and Mrs. Walter Booth of Dallas made pop calls in Muenster Wednesday afternoon to greet friends and stopped in Gainesville for a visit with her mother Mrs. Clara Loerwald.

Contest to Name Colt Will Award \$500 to Winner

Muenster's Colonial Acres Farm is conducting a contest to name an Appaloosa colt. Suggest the winning name for Queen Anne's first foal and win \$500! That's right. Five hundred dollars cash.

Mr. and Mrs. Ernest Medders, owner of Queen Ann, are offering \$500 for the most appropriate name. Contest is on now and ends when the foal is born the last part of this month. Queen Ann is in foal to Good Gosh. Both are Appaloosa champions.

The rules are simple. Each family is permitted two names — one for a filly and one for a stallion. In case of a tie, earliest postmark wins. Entries must be submitted by mail and must be addressed to "Contest Drawer, Colonial Acres Farm, Muenster, Texas 76252." Winner will be announced by Colonial Acres Farm as soon as all names have been processed after the foal is born.

State Resents Federal Snooping At Registration

AUSTIN, Tex. —Texas' first big free voter sign-up is under way.

But top state officials still are "fighting mad" because F.B.I. agents were assigned to keep an eye on registration procedures in selected counties.

"It's an insult to every public official and every citizen of Texas," wrote Texas Atty. Gen. Waggoner Carr in a letter to U. S. Atty. Gen. Nicholas Katzenbach about the F.B.I. check.

Gov. John Connally agreed and further charged the U. S. Department of Justice with intentionally "instigating trouble" among stormy state political factions.

A three-judge federal court granted Carr's request for a 30-day stay of its order abolishing the poll tax as a voting requirement. Stay was granted in order to allow time to put the new registration law into effect. Therefore, the poll tax requirement will apply through most local elections this month.

All indications are the initial 15-day free registration (March 3-17) is going smoothly. Interest varies from county to county. Intensive registration drives are under way in the major counties, with all factions trying to sign up more voters who reflect their own views.

Connally and Carr have called on local tax assessor-collectors, who are voting registrars, to provide as many substations and deputies as necessary and to authorize all the overtime needed to assure the widest possible opportunities for voter qualifications.

This is in keeping with instructions of the federal court which conceivably could lengthen the 15-day period if it feels all voters who want to register were not given sufficient opportunity.

Carr, meanwhile, has appealed the poll tax invalidation order to the U.S. Supreme Court. However, few feel it will be reversed.

Reversing earlier instructions, the attorney general said Texans over 60 years of age in cities of 10,000 or more who failed to get exemption certificates before January 31 still can sign up free.

Campaign Goal For Scouts Set at Over \$1 Million

It was, as time has proved, a real good idea when the American Congress chartered the Boy Scouts of America in the same decade that the Boy Scouts were officially organized in this area now known as Circle Ten Council.

The contrast between that moment of 55 years ago, and the present moment when the Council is on the threshold of a \$1,310,000 "Building for Youth" Campaign can be regarded as nothing less than spectacular.

Right now, Circle Ten Council's 23 Districts, encompassing Dallas and 12 other counties (11 in Texas, one in Oklahoma), envision a successful campaign that will enable the Council to acquire a 3,000-acre wooded area near Athens, Texas, as sites for future Scout camps, and to modernize three existing camps.

Fifty-five years ago, a Y.M.-C.A. official, C. M. Richmond of Dallas, began to organize the Scout movement here. In five years, there were 100 scouts, outfitted in Spanish War regalia. And in World War I days, the boy scouts and their leaders gathered peach pits to be used in gas masks, worked as volunteer messengers, and produced "war gardens" of fresh vegetables in a crusade labeled "Every Scout to Feed A Soldier."

While the years passed, boys — as you expected a good Scout to do — went on hikes, climbed mountains, forged across a stream or river, and still had time to hurl themselves with almost-unbelievable enthusiasm into any worthy civic project that required their help.

A contribution to the Scouts' "Building for Youth" Campaign has been described as "an investment in citizenship", or "an investment in leadership". Actually, what can you expect, what should you expect from a contribution to the campaign? You can analyze, calculate, compute the worth of a share in A.T.&T., and, if you wish, your broker can guide you. But, an investment in a boy? Who knows? A former Scout orbited the earth, another came up with some amazing medical phenomena. You are almost certain to reap dividends, the dividends being men of character, training for participating citizenship.

The lines actors like best are the ones in front of the box offices.

Tiger Coach Lists Two Schedules For '66 Football

The 1966 football season for Sacred Heart's Tigers is all set since the recent district meeting of Texas Catholic Interscholastic League coaches in Ennis.

At that pow wow only two of the four member schools decided to play football, hence the only TCIL game on the Tiger schedule is with Tyler Catholic.

Also scheduled are tussles with B teams of two large Catholic schools, Jesuit and Bishop Lynch. Another school that is growing into a big one is Notre Dame of Wichita Falls. It is in the developing stage, will teach through third year high next year, and already has an abundance of football brains and brawn.

The schedule differs from those of the recent past in that it lists only one opponent from this area. That is Saint Jo, playing here on September 9.

However Tiger B stringers will have plenty of action with B teams of neighboring towns. They have a slate of seven games, two each with Saint Jo and Whitesboro, one each with Sanger, Pilot Point and Gainesville Freshmen.

The two Sacred Heart schedules were announced as follows by Coach Walter Wolf.

TIGER SCHEDULE
 Sept. 9, Saint Jo, here
 Sept. 24, Jesuit B, here
 Sept. 30, Anna, there
 Oct. 7, Fort Worth Day School, here.
 Oct. 13, Greenhill, there.
 Oct. 20 Bishop Lynch B, here
 Oct. 28, Whitesboro, here.
 Nov. 4, Dallas Christian, there
 Nov. 11, Tyler Catholic, here
 Nov. 18, Notre Dame
TIGER 'B' SCHEDULE
 Sept. 15, Sanger B, there
 Sept. 22, Saint Jo B, there
 Sept. 29, Whitesboro B, here
 Oct. 6, Gainesville Freshmen, here.
 Oct. 13, Whitesboro B, there

SOIL CONSERVATION DISTRICT NEWS

Mother Nature has not been very cooperative with farmers in the Upper Elm-Red Soil and Water Conservation District who intend to plant grass this season. However, in spite of cold, wet weather, some progress is being made.

Tony Walterscheid, district supervisor of Zone 3, Upper Elm-Red District, planted approximately 20 acres of former cropland to Coastal Bermuda. These acres will be included with the rest of his improved pasture land. Tony now has most of his steep land in pasture grasses and is cultivating only his most level soils.

Walt Grayson has sprigged 50 acres of Coastal Bermuda on his farm at Marysville. He used the district-owned sprig planter on 20 acres where trees had been dozed last December. Twenty acres of old field also were planted to Coastal. A 10-acre field, badly gullied, was smoothed with a bulldozer so that all gullies can be crossed with farm equipment. This also was planted to Coastal Bermuda.

Bruno and J. D. Fleitman have planted approximately 40 acres to Coastal. They also planted a three-acre grassed

waterway which will furnish safe outlets for terraces. The new pasture will permit a good grass management program.

Ray and Earle Otto, have a good start applying their conservation plan on their farm north of Muenster. In between their regular work with their bulldozers they have managed to clear timber, prepare seed bed, and plant grass on about 25 acres. They plant Bermuda roots by spreading with a manure spreader and plowing under with a large off-set disc. This is followed by a cultipacker.

Johnny Rohmer has had his farm north of Muenster planted to Coastal Bermuda. He plans to build a cross fence, dividing his place into two pastures, for better grass management. A site for a farm pond has been located. It will furnish water for both pastures. It will be built when he has a stand of grass.

The largest child ever born, according to medical records, was the 23 3/4 pound, 30 inch long son born in 1897 to seven-foot-five tall Nova Scotia mother, Anna Bates.

AS LITTLE AS 2½ POUNDS OF IRON IN A MILLION GALLONS OF WATER IS ENOUGH TO CAUSE STAINING OF CHINA, PORCELAIN AND WASHABLE FABRICS.

THE AVERAGE WATER SUPPLY BRINGS OVER 70 LBS. OF DISSOLVED ROCK INTO THE HOME EVERY YEAR IN THE FORM OF WATER HARDNESS.

TO SOLVE THESE PROBLEMS PRESENT WATER CONDITIONING EQUIPMENT, ACCORDING TO THE COLLIGAN WATER INSTITUTE, SOFTENS ENOUGH WATER EACH DAY TO FILL A ROW OF 8-OUNCE GLASSES REACHING TO THE MOON AND BACK, A DISTANCE OF 477,714 MILES.

Family Surprises The Carl Beyers on 25th Anniversary

It was a complete surprise for Mr. and Mrs. Carl A. Beyer of Fort Worth Sunday afternoon when family members from Lindsay, Muenster and Gainesville arrived in a group at their home to celebrate their silver wedding anniversary, belatedly.

Third time was charm for the group who had planned twice before to hold the celebration. The anniversary was Jan. 25. Snow and ice postponed the party. Another try found some of the relationship unable to attend.

A joint gift for the silver-weds from the relatives was a silvered tree ornamented with 25 dollars in silver. They also took along covered dishes for a buffet supper.

Carl Beyer and Miss Mildred Carroll were married in Fort Worth, Jan. 25, 1941. They are parents of three daughters, Carol Ann, a sophomore at NTSU, Denton; Pam, a high school senior in Fort Worth; and Susan, 12.

Present at the party were Messrs. and Mmes. Frank Sandmann, Robert and Frank Beyer, Frankie and Raymond Sandmann, all of Lindsay, Mr. and Mrs. Lambert Beyer of Gainesville, Messrs. and Mmes. Ferd Luttmner and Richard Swirczynski of Muenster.

Also Mrs. Beyer's father, Thomas Carroll, her brother-in-law and sister, Mr. and Mrs. Johnny Carroll and son Jackie and Father Harry Fisher, all of Fort Worth. Father Harry is at St. George's Parish of which the Beyers are members.

A nominating committee was appointed to prepare a slate for election of a president and secretary at the April meeting. The committee consists of Superintendent Glenn Hellman, chairman, and Mrs. Erwin Fuhrmann, Mrs. Bill Metzler, Leroy Metzler and Charles Stoffels.

Program for the April meeting will be a question and answer session. Questions may be dropped in a box at the door before the meeting opens.

It was announced that April 30 is the date for the annual junior-senior banquet. Another announcement concerned the pre-school program which will be conducted June 13 to July 27, 8 to 11 a.m. All children who will start as first graders in September are eligible to attend.

Members voted to replace two shrubs that died recently on the east side of the school.

The volley ball tournament was discussed and the tack board committee reported boards finished in first, fifth, sixth, seventh and eighth grade rooms with other rooms due their tack boards soon. It was also announced that orders are being taken for the school annual. High school girls are in charge of sales.

Mr. and Mrs. Ed Schad won the door prize.

State Officials Set Limits on Cigarette Imports

State and federal inspectors are clamping down on imported sales that resulted when the state per-pack tax on cigarettes jumped to 11 cents.

Travelers are being warned that they can bring no more than two packs of untaxed cigarettes from across the border.

State comptroller's agents, liquor control board inspectors and customs officers are making close checks in an effort to enforce the limit.

Comptroller's figures show the total cigarette tax collected for February as \$8,500,000. This is nearly a \$2,000,000 increase from February, 1965. Actually, however, last month's stamp sales meant 77,778,963 packages of smokes were purchased. This compares with 83,431,387 at the old rate in February, 1965.

Before the last three-cent-a package increase, sales sometimes went to more than 100,000,000 a month.

We're looking at every avenue we can to protect the revenue of the state," commented Albert Brown, head of the excise and store tax division of the comptroller's office.

Large Number of People Sign for Medicare Benefit

Thousands of people who previously said they did not want the medical benefits under social security, or were undecided, are now electing the coverage that will help pay doctor bills, according to Gus Jones, social security district manager at Sherman.

One reason for the change, Jones stated, is a recent announcement by a number of insurance companies. They have urged all their policy holders over 65 to enroll for Medicare. They have also announced that they will provide a new policy for those over 65, at a reduced rate, replacing those now in effect. The new policy will supplement the coverage provided by Medicare.

"Anyone over 65 who has previously said he did not want or was undecided about this coverage has until March 31 to enroll," Jones announced. "A simple card form for enrollment is available at the social security office, 315 West Mulberry Street, Sherman.

Jerry Nelson, Field Representative from the Sherman Office, is in Gainesville each Tuesday and Thursday for the convenience of persons in the Gainesville area who are unable to visit the Sherman office. His office is located in Room 6-B of the Federal Building. He may be contacted there from 9:30 a.m. until noon.

to such nonsense — and it's pleasing to see that he has strong public support for his policy. He feels as most of us do that the country belongs to the Vietnamese and the only government he will approve is the one chosen by them in a free election — after the aggressor from the north has been kicked out.

But the president has many of us worried on that last point. Like some top brass of our military, we are wondering whether the present method of fighting will get rid of the enemy. We're also concerned about sending our soldiers into man to man jungle warfare with the reds when we could be using more efficient methods. Even when the ratio of casualties is 10 to 1 in our favor we are losing in that kind of war. Life is cheap over there.

Why don't we fight the reds like we did all other wars prior to Korea — by using the methods that got best results. Experts tell us the Viet Cong would be hurting badly in a very few days if ports were blockaded and prime military targets were bombed. Why must we keep enduring this self imposed handicap?

Regarding the bunk about escalation, all signs indicate that Red China would not dare, and if it did we ought to be glad — because of a good chance that Nationalist Chinese could topple their empire. Anyway, why worry about escalation now? The danger of escalation, at the enemy's choice of time and place, is much greater if we fail to win in Vietnam.
