MUENSTER, COOKE COUNTY, TEXAS 76252 APRIL 1, 1966

NUMBER 19

For many years Warner & Swasey of Cleveland, a precision machinery manufacturer, has rendered a magnificent service to our country by using its advertising funds to sell the public on the ideals of Americanism as well as on the merits of its own products. Many of its ads have been editorial gems pleading with us to stand by the principles of courage, integrity, thrift, patriotism and other virtues on which the nation grows to greatness.

Another such message is published in the current issue of U.S. News and World Report. In view of a general opinion that the Vietnam war is the most urgent issue of our country today, this column believes that its space could not possibly be used better than in quoting the message. Here it is:

A Time to Stand

"There comes a time in everyone's life when your conscience can tolerate no more compromise; when for your self-respect, but chiefly that of your children, you have to risk their safety and yours, their future (you'd gladly waive yours) to do what you know in your heart is right, and no longer hesitate because of any consequence.

"Every father and mother has had that agonizing choice. And every nation, that survived.

"Read history. The ones who chose safety got slavery. The ones who chose self-respect got (often after pain) peace with honor.

"We believe this country must make such a choice now.

"The screams for compromise, for pooling our future for 'safety', peace-at-any-price, are not, we solemnly believe, the voice of America. The real Americans — who built this country, whose taxes pay its bills, who do the fighting for it (the screamers would not) are anxious, but not afraid.

"This is a time to stand, and we believe these true Americans are saying this is the time. No heroics — but no cringing. What is right, for America.

"And then when America is safe again, trust American charity to do what it can for the rest of the world."

The article reminds us that deep in our hearts a big majority of us Americans know that we have reached the crossroads of history. We're standing face to face with the menace of global communism, fully aware that the destiny of civilization may depend on the decision our country makes now. We have the choice of turning back the communist advance and starting its eventual defeat, or of allowing continued communist expansion, perhaps to the point where we will never be able to stop it.

This could be the choice between world freedom and world slavery, and the possibilities are not hard to visualize. Permitting reds to succeed in their present aggression would be a severe blow to all of Asia's hopes for freedom as well as a gain in communist power. After that it is probable that all of the Orient would go red and continued advance to world domination could not be stopped. On the other hand communist defeat in Vietnam would definitely strengthen the spirit and will of free people and possibly set off the downfall of the reds.

The possibilities are well known. We have heard them mentioned many times since the trouble started, but too many of us are inclined to disregard them because of a danger of setting off a bigger conflict. So we seek a settlement by compromise, even though we are aware that communists do not live up to an agreement, that the plan of red conquest would soon be in motion again.

In our hearts we know what is the right thing for us to do. We should live up to our responsibility and get into the conflict with a determination to win, as we did in the two world wars, and with a firm intention to restore freedom and peace to the people we are helping. Conscience tells us that is our job even though faint hearts and red propaganda keep reminding us that Red China may get into the fight. We did not desert principle before because the odds were stacked. Why do we cringe now when we are not even sure that the odds

Only Two Choices Offered in Three Local Elections

Within the next few days Muenster will have three elections with very little choice of candidates. The only contests are one on the city ballot and one on the Junior College ballot.

In the election of city aldermen Aubrey Tuggle is opposing the re-election of B. J. Swirczynski. In the election of junior college board members voting will consist of scratching one of four listed names to elect the three board members.

Two of the elections will be held Saturday, April 2, in the main corridor of Muenster Public School between the hours of 8 a.m. and 7 p.m., with George Petrus as presiding judge at both.

On the ballot for board members of the Muenster Hospital District are five uncontested candidates all seeking re-election. They are Albert Dangelmayr, Alphouse Felderhoff, Norbert Felderhoff, Rufus Henscheid and Ray Voth.

The school election lists candidates for three school boards. Locally Ed Cler and Ray Swirczynski are unopposed for the two trustee positions. On the county board ballot J. G. Biffle Jr. is unopposed for the position of trustee at large. The four candidates for the three positions on the board of Cooke County Junior College are Urban Endres, W. E. Levell, Jack O'Brien and W. W. Weems.

Election of two city councilmen will be held in the city hall Tuesday, April 5, with Clive Gobble as the election judge. Richard Greewing is unopposed for re-election to one of the positions. Tuggle is opposing Swirczynski's re-election to the other position.

Sometimes you have to go out on a limb. That's where the fruit is.

Group Meets to Plan Soil District Awards Banquet

Planning time for the annual awards banquet honoring conservation champions of the Upper Elm-Red Soil Conservation District is here again.

Representatives of banks, newspapers, radio stations and TV stations within the district are due to meet Thursday afternoon, March 31, at First State Bank in Gainesville to decide on the place and date and persons to take charge of the program.

After that the group will be guests of First State Bank for a steak supper at Mo Jo Lodge on Leeper Lake.

Muenster Kids Nudge Lindsay In Track Meet

Muenster kids had a slight edge over Lindsay in a point track meet by the two schools at MHS. The local boys took six first places and the visitors five.

In elementary relay races the teams divided, Lindsay winning the sprint relay and Muenster the 1360. Runners were Felderhoff, Bezner, Neu and Zimmerer for Lindsay, Monday, Knabe, Reid and Walterscheid for Muenster.

Freshman relays were also divided. Fuhrmann, Eberhart, Riley and Zimmerer won the 1360. Hartman, Hellman, Shasteen and Lutkenhaus won the sprint relay.

Lindsay elementary entries, Geray and Neu were unopposed in the 100 yard dash.

In the shot put it was Helinger (L), Swirczynski (M), Arendt (L), in that order. Freshman 100 yard dash: Wallace (M), Riley (L), Lutkenhaus (M).

Freshman 50 yard dash: Wallace (M), Riley (L), Geray (L). Freshman 330: Shasteen (M), Neu (L), Hermes (L). Freshman 440: Wallace (M), Eberhart (L), Beyer (L).

Freshman 660: Zimmerer (L), Lutkenhaus (M), Hartman (M), Laux (L).

Beginners Will Register Sunday At Sacred Heart

Sunday, April 3, is the date set for registration for the beginners in Sacred Heart School. All children who will be six by September 1, 1966 are eligible for this registration.

Parents are asked to come to the High School library at 2:30 Sunday afternoon for this registration. Children are not to come on Sunday afternoon but are invited to the Round-Up Party Monday afternoon at 2:00. The party for the children will be held in the Elementary Building in Rooms one and two.

If children are not baptized in Sacred Heart Parish, a baptismal certificate or birth certificate must be presented Sunday afternoon at the time of registration.

Senior Lettermen Of Sacred Heart Receive Awards

Senior lettermen of Sacred Heart's athletic teams received their traditional awards this week, the lettered blankets.

Custom at the school is to award jackets to first year lettermen, sweaters to second year lettermen and blankets to the seniors. A student earning a third letter before his senior year has a choice of jacket or sweater. And seniors who want a jacket or sweater in addition to the regular award have the opportunity of buying one.

The award blankets were given to nine senior Tigerettes: Debbie Schilling, Judy Dangelmayr, Barbara Schmitt, Mary Wimmer, Pauline Fleitman, Mary Knabe, Paulette Endres, Gloria Haverkamp and Janice Trubenbach; and to five senior Tigers: Rudy Koessler, Dale Hofbauer, Willie Wimmer, Steve Kralicke and Sam Endres.

Mobil X-Ray Unit for TB Tests Will Come Here Wednesday

An intensified hunt for active tuberculosis got under way in this community this week as the County TB Association made arrangements for a mobil X-Ray unit to be here next Wednesday, April 6.

Bud Leonard, president of the Cooke County TB Association, said that arrangements were made for use of Dallas County's unit in order to avoid a long delay in waiting for one of the state association's units. The Muenster program suddenly takes on an emergency status since last week when 75 positive readings showed up in tuberculin skin tests at local schools. That is more than ten times the usual number of positive reactions here, also more than the usual total for all of Cooke County. It is about ten per cent of the local student body.

Since then all who had positive readings and all school personnel have had chest X-Rays. But TB Association personnel are still concerned about the possibility of infection in hundreds of people who were not tested or X-Rayed. So they arranged for the Dallas unit to come here.

They are using the special unit because it is faster and less expensive than local facilities. It can handle 125 persons an hour and readings will be complete in about ten days whereas so many films read locally take weeks longer. And the price of the special small TB film is \$1.00 whereas the local big film costs

Jaycees Sponsor Tournament of Midget Boxers

Another midget golden gloves boxing tournament is on the Jaycee calendar. At their last meeting members decided to hold the tournament Friday and Saturday, April 29 and 30 in the Sacred Heart gymnasium. Robert Vogel is chairman for the program and Willie Walterscheid is assistant.

The tournament is open to boys up to the sixth grade and they will be matched with boys of their own age, size and ability. Boxing gloves will be soft and bulky to cushion the blows.

Mary E. Endres Wins In County 4-H Dress Revue

Mary Ellen Endres, Sacred Heart 4-H club member, won top honors in this year's Cooke County 4-H Dress Revue in the senior division and will represent the county in the district contest at Seminary South in Fort Worth on July 28-29. She is the daughter of Mr. and Mrs. Paul Endres.

Winner in the intermediate division is Cathy Sellers of Calisburg 4-H Club. She also will participate in the district dress revue.

One hundred and five girls modeled their garments in the county revue Monday night. Forty-nine of them were from Muenster. They gathered up a total of 25 blue ribbons, 23 red ribbons and one white ribbon.

Three from Sacred Heart were among the top six in the intermediate division. They are Donna Endres, Peggy Sicking and Joanie Rohmer.

Dianne Gehrig and Mary Ellen Endres helped with commentary.

Assistant County Agent Mrs. Evelyn Yeatts presented winners. The program was held in Community Center building at Gainesville. A complete list of Muenster winners will be listed next week.

Tour Milk Plant

Sacred Heart seventh and eighth grade science students and their teacher, Sister Barbara, visited Muenster's milk processing plant in two groups on March 28 and 29.

Guides for the conducted tour were Plant Manager Larry Yoster, Jack Hogan and Joe Horn. They explained the various processes from the time milk is received through shipment of several products the plant manufactures. They also answered questions asked by students along the way.

\$5.00

The unit will be spotted in front of the KC Hall ready to start pictures at 8 a.m. Wednesday. Every person in the community is strongly urged to have the X-Ray taken — except school children, who already have all of the tests they need.

Commenting on the urgency, Mrs. Bess Harvey and Mrs. Rankin Hardy of the county TB association said this not only is the best way of finding the active TB case or cases but is a fine service at a bargain price. The X-Ray

Student Teacher Joins MHS Staff

will reveal any abnormal chest condition, whether TB or some other ailment.

They also stated that the high number of positive tests need not be alarming. It does not indicate a large number of active cases. Actually one person can cause all the infection that has been found here. Many people have been exposed to the TB germ but have overcome it, therefore have a positive skin test even though they are not active cases. However, a person who tests positive may be an active case. So it is important to follow up after a positive test.

In getting the X-Ray unit here the county TB association agreed to pay \$1.00 for every X-Ray taken. Hence it asks people to pay that price for the service, if they are able. It assures, however, that no one will be turned away. The county association will pay for those who can't.

Everyone taking the X-Rays can expect a report in about ten days. A person will be told that he's okay, or advised of any abnormality discovered, even if not TB — and reminded to see the family doctor.

SH High Senior Play Set Sunday

Sacred Heart High School seniors are ready to go on the stage with a repeat performance of their class play, "Little Moon of Alban," at 8 Sunday night in MHS auditorium.

The play showed a full house on March 20 but when word of the excellence of the production spread people who hadn't seen it asked for another showing and the demand performance was booked.

Setting of the play is in Ireland in the 1920s during the time of the Black and Tan troubles. There are 19 scenes and 37 in the cast directed by Brother Thomas Moser and Sister Roberta. A three-part stage is used to keep action of the many scenes moving smoothly and swiftly.

61 FFA Animals Exhibited Monday At Project Show

Muenster FFA members had 61 animals on display at their annual project show Monday. Included were beef and dairy cattle, hogs and sheep.

Project animals there were 7 hogs, 22 dairy heifers, 1 beef cow, 2 fat lambs, 25 feeder calves and 4 fat calves. Blue ribbon winners were: Leon Walterscheid, 1 hog; Joe and Don Hartman, 3 fat calves; Larry Vogel, 2 lambs; Dale Shasteen, 1 feeder calf; Robin Wimmer, 2 feeder calves; Paul Rennels, 1 feeder calf; Terry Wimmer, 1 feeder calf; Glenn Klement, 2 dairy heifers; Wayne Klement, 4 dairy heifers; Jim Cler, 1 dairy heifer.

MOMENT OF TRUTH

This is a Congressional election year. Every member of the House of Representatives, and approximately a third of the Senate, is already campaigning, and because of this things are going to be somewhat different.

The campaigning Congressmen and Senators are now facing a moment of truth. When they vote on an important issue they are less concerned about what President

Johnson or anyone else in the government will think than they are with the approval or disapproval of the folks back home. This is why the all but unanimous vote in both Houses on March 1 in favor of a \$4.8 billion appropriation to finance the war in Vietnam was a most significant development.

It meant that an overwhelming majority of the American people were saying through their duly informed representatives that they wanted that "dirty little war" in Southeast Asia fought through to victory. It was a flat rejection of all the agitation against the war, whether by crackpots in the Senate or pacifists, or by academic blatherskites in the colleges.

Their action should convey to Hanoi, Peiping and Moscow

the assurance from men and women whose political fortunes were at stake this year that the anti-war agitation in the United States, which they have been interpreting as a great "peace-at-any-price" movement of "the American masses," is just the yapping of curs.

That March 1 vote had been interpreted in much of the press as a great tribute to LBJ and an expression of confidence in his war policy. So it certainly was; but it was such an overwhelming approval of a huge appropriation that one cannot avoid reading into it an exhortation to the President to invest this money in victory. President Johnson can take as much as he wishes from this overwhelming vote for a big Vietnam war appropriation, but our domestic Reds will understand the vote for what it was — a devastating expression of anti-Communist feeling by the fellow at the grass roots.

It is to be hoped that the President will not see in this Congressional approval of a huge war appropriation any evidence of approval of a "limited war," or of peace through appeasement, but of a popular readiness to win peace through victory. Neither President Johnson nor any member of Congress could do himself more credit than by adoption of the slogan: "As long as we are in it, let's win it."

BLISS VIA THE BALLOT

The American voting public has placed an enormous reliance on the ballot as an instrument of wisdom and progress.

"Public service" campaigns waged by all sorts of civic and "non-partisan" outfits continually advise us to participate in any and all elections, voting whenever there is an opportunity. The suggestion is that there is a lapse of moral responsibility in an unexercised franchise.

It is not often pointed out that some elections are on frivolous matters; others offer the voters a choice between Awful and Horrid; some are unabashed popularity contests; others promise only to install a new set of actors in the same old play with the same old plot and with the same old motives.

It does not occur to us that there is any moral uplift in taking part in such elections.

If government were not so big and powerful and oppressive, it would not be such a way of life to be forever voting on something.

The dangerous election is the one in which we decide which candidate can do the most for us, give most benefits, offer us the most "protection".

If we persist in the belief that we can legislate ourselves into a state of bliss — eliminating poverty, pain and pestilence by marking a ballot — then we ought to have an election every day and cure ourselves at an accelerated rate.

But if we pause and examine our position, we may conclude that what is needed is less government, less control, less compulsion.

And, naturally, less electing.

Good habits are your servant — bad habits your master.

The publication Oil Facts reports that U.S. oilmen have drilled more than 2 million holes searching for oil and gas in this country since the nation's first successful well was completed in 1859. In the industry's first year, the total U.S. production was only 2,000 barrels of crude oil, all from Pennsylvania. Estimated production for 1965 will exceed 2.9 billion barrels of crude oil along with 440 million barrels of natural gas liquids.

Amendment on Reapportionment Gains Support

Heavy new public support for the Reapportionment Amendment now reportedly set for debate in the United States Senate beginning in mid-April has been announced by Senator Everett M. Dirksen of Illinois, author of the measure which would restore to the people the right to choose the method of apportionment of their own state legislatures.

Senator Dirksen, Chairman of the bipartisan Committee of Government of the People, this week announced that more than 500 state legislatures throughout the country are now actively supporting the proposed Amendment.

Simultaneously, he made public the names of more than 500 other leading citizens across the Nation, in addition to the legislators, who have joined the Committee and pledged their support to the Reapportionment Amendment since February 19 when he announced the complete formation of committees to work on behalf of the measure in each of the fifty states.

"The reapportionment campaign is spreading like a prairie fire throughout the states," Senator Dirksen said. "The people of the country are demanding in an ever-swelling chorus of voices that Congress take affirmative action on the Reapportionment Amendment and let the people of each state decide this vital question by majority vote."

Meanwhile, the largest women's organization in the world, the General Federation of Women's Clubs, reaffirmed its unanimous action of last June urging Congressional approval of a Reapportionment Amendment. The Federation President, Mrs. William Hasebrooke, said the 800,000 members of the Federation "believe it is an inherent right of the people, by free and majority vote, to decide how they wish to be represented in their own state legislature. It is difficult to understand why some people oppose this proposed Amendment and that fundamental right," she declared.

Full House Cheers Variety Show for Hospital Benefit

A capacity audience in Muenster High Auditorium Sunday night acclaimed the Hospital Auxiliary's Variety Show which included a fashion parade, music, dancing, skits and comedy. It was themed "Spring A-Go-Go."

Ernest Jaska was master of ceremonies and Mrs. Louis Roberg gave the fashion commentary. The spot light was on junior styles with garments from The Home of Fashions and The Charm Shop.

Auxiliary members appeared in a skit entitled "Have You Had Your Operation?," Miss Charlotte Wolf presented her dance students in routines, Sacred Heart 4-H clubbers presented the acts they performed in the County Share-the-Fun Contest and won first place for, a girls' quartet sang two numbers and Miss Bettye Dodds presented "Jerusalem" as a vocal solo accompanied by Sister Jean Marie, pianist.

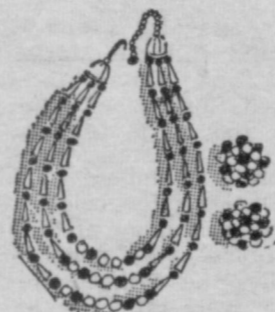

Four in the audience won door prizes. Sister Agnes Voth won a \$5 gift certificate from the Charm Shop, Mrs. Rufus Henscheid, a five dollar gift certificate from Hamric's, Miss Katie Hacker, a five dollar gift certificate from The Home of Fashions, and Roy Reiter an electric toaster from TP&L.

Modeling for The Charm Shop were Misses Lou Ann Endres, Laurie Wimmer, Janice Wilde, Janice Growing, Susan Yosten, Elaine Otto, Ann Stewart, Eileen Knaf and Mesdames Walter Growing, Sonny Walterscheid, Rody Klement and Herman Growing.

Modeling for The Home of Fashions were Misses Kaye Klement, Doris Trubenbach, Annette Sicking, Karen Sicking, Evelyn Hess, Darlene Hess, Debbie Cain, Rita Fette, Peggy Hellman, Sandra and Barbara Wolf and Debbie Fette, and Mmes. Pat Hess, Earle Otto, James Hess and Gerald Hess.

Proceeds from the show will be used to help the Auxiliary's current project — supplying name plates for the hospital showing donors of rooms, furnishings and equipment.

If you take a lot of things for granted, you'll discover that many of them are not granted.

The Manhattan Clothiers

"The Store For Men and Young Men"
GAINESVILLE, TEXAS

To The Men, Young Men, and Ladies of Our Community.

Dear Friends:

March 7, 1966 is a date that I will long remember, for on that date I became the owner and manager of The Manhattan Clothiers, a store that has served this community nearly 60 years, and I also returned to Cooke County, the place of my birth, to reside and to rear my family.

The Manhattan Clothiers will continue to carry the finest and best known brands of men's apparel and new merchandise is being received daily.

Soon after Father's Day a remodeling program will begin. It is my desire to make this store one of the most modern and attractive in Texas. Colored pictures in our case will show you the artist's conception of the finished facility. Won't you come by and see them?

I extend to all of you a most cordial invitation to come in now and get acquainted and you may be assured that all of us at The Manhattan Clothiers will do our best to give you courteous and efficient service.

We look forward to seeing you soon.

Sincerely yours,
David Hugon

SH Group Attends Dallas Seminar On 'Today's Nun'

Five nuns from Sacred Heart School and seven high school girls attended a seminar on "Today's Nun: Discussions for the Laity" in Dallas Sunday at the Sheraton-Dallas Hotel.

Sister Roberta appeared on a panel discussing "The Relevancy of the Nun in the World Today."

The program from 9 a.m. to 4 p.m. included several panel discussions, two keynote addresses, a pontifical low Mass, and exhibits by members of the various religious communities of women serving in the Dallas-Fort Worth Diocese.

Purpose of the seminar was to give the laity a greater understanding of religious life and of the role of the nun in today's world.

Attending in addition to Sister Roberta were Sisters Richard, Barbara, Romana and Rosaria and Misses Barbara Schmitt, Cindy Stoffels, Debbie Schilling, Ruth Yosten, Marcia Cler, Janice Yosten and Sheila Hennigan.

Mr. and Mrs. Larry Yosten and Mrs. Eddie Schmitt furnished transportation and attended the final session which was a general session for everyone led by Father Robert Wilson, diocesan director of vocations. Morning sessions were for young women, college girls and high school girls.

Safety Inspection Still Needed on 1.25 Million Cars

The director of the Texas Department of Public Safety reported today the owners of more than one and one-quarter million motor vehicles still need to have them checked at official inspection stations before their current inspection stickers expire April 15.

Col. Homer Garrison, Jr. said this means Texas' 5,350 inspection stations must collectively check over 65,000 per day in order to meet the deadline.

"This breaks down to an average of 12 cars per day per station," Garrison said. "And though this may seem like a small number to run through each station, it adds up to a total of over 1,378,000 individual vehicles."

He pointed out that the load on some inspection stations is greater than on others, resulting in the development of frustrating waiting lines in some places as the deadline approaches.

Pvt Gary Dale Dickerson and Pvt. Quintin Hess are settled at their new station in Fort Leonard Wood, Mo., taking advanced training. They were at home on leave after completing basic army training at Fort Hood. Seeing them off from Dallas Airport were Gary's mother Mrs. A. T. Dickerson, his sister, Mrs. Giles Trubenbach and Mrs. Tony Klement.

Goes To Alabama
Virgil Hess ended a three-week leave at home last Thursday and reported for advanced army training at Redstone Arsenal near Huntsville, Alabama. His parents, Mr. and Mrs. Albert Hess, took him to Dallas where a farewell dinner honored him Thursday evening in the home of his brother Leo Hess and family. Miss Angeline Hess of Dallas and Miss Maxine Morris of Richardson were among guests. Virgil remained overnight and Leo saw him off early Friday morning by jet. He telephoned Saturday to say he was getting settled.

Also at Collinsville SH Alumni men first lost to Pedigo Insurance, defeated the Roadrunners of Tioga, and were eliminated by Howe State Bank. SH Alumni ladies lost their first game to Pilot Point Bank, beat Whitworth of Pilot Point and then lost in consolation semi finals to Marvelettes of Gainesville.

Hugon Reveals Remodeling Plans For Manhattan

Following a recent change of ownership, there will soon be a change of appearance at The Manhattan Clothiers in Gainesville. David Hugon, the new owner and operator, announced last week he'll start shortly after Father's Day on a complete interior remodel-

ing program. The job will include changes on the entrance and front display windows, new interior finishes, new furnishings and new arrangement of stock.

To Hugon the remodeling represents attainment of a boyhood dream. A native of Myra, his early ambition was to work for Leo M. Kuehn Sr., founder of the Manhattan. In 1933 he joined the firm and

remained until 1942. During that time he had visions of eventually owning the store himself.

His opportunity came on March 7, when he became owner, and Hugon promptly started planning an extensive remodel job to make the place exactly as he wants it.

When Hugon left Gainesville in 1942 he went to Panama, joined the Navy a short time

later and after 3½ years in the service, returned to Panama in employ of an oil company.

For the past thirteen years he has operated a clothing store at Stephenville. He continues as owner of that store and has someone operating it for him. But he's back home at the Manhattan — on the job now and to be joined after June 1 by his wife and 12-year-old daughter.

SOIL CONSERVATION DISTRICT NEWS

Floodwater retarding structures sites 1A and 1B and three erosion control dams, sites 105A, 114, and 202 have recently been completed in the Clear Creek Watershed, according to the Clear Creek Watershed Association.

Seedbeds have been prepared, fertilizer applied and Bermudagrass has been sowed by Soil Conservation Service technicians. Weeds will be controlled as needed to insure a complete cover of grass. As soon as an adequate stand of grass has been established the Clear Creek Watershed Association and The Upper Elm-Red Soil and Water Conservation District will assume responsibility of operation and maintenance.

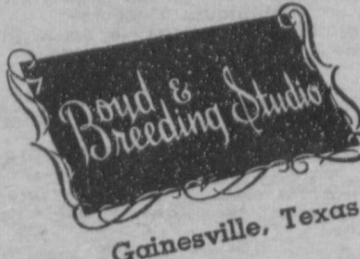

The recently completed structures make 46 completed in Clear Creek Watershed. An

adequate stand of grass has been established on 31 structures and the Association and District have assumed operation and maintenance.

The Association and District encourage landowners to maintain proper use height when grazing the grass. Proper management will reduce maintenance cost and will produce more forage for the land-

owners. The grass was established to protect the dam from washing. Landowners are permitted to graze the area if proper management is applied.

MHS Trackmen Swamped at Red River Relays

Münster High School was far down the list with only 12 points at the Red River Relays in Saint Jo last Saturday. Dale Klement earned ten of those points by taking first place in the mile run and Jimmy Robison earned the other two by his fifth place in the 180 yard low hurdles.

An opportunity for possible additional points was lost by hard luck in preliminaries of the sprint relay. The MHS quartet, Russell, Stormer, Robison and Klement, had second best time in the preliminaries but were disqualified by Robison's fall in a baton exchange.

Saint Jo's powerful track crew took top honors of the meet with 70 points. Next was Lockett with 67, then Era with 51, Newcastle with 32, Nocona B with 27 and Carroll with 24. Thirty five teams participated.

Two life-size papier mache bulls, made to the exact measurements of Colonial Acres herd sires flanked the band stand and smaller models of the bulls centered each table. These held colorful arrangements of red, white, and yellow tulips and Dutch iris. Long buffet tables, ornamented with candelabra, spring flowers and fern, held a banquet menu.

Also during intermission Colonial Acres ranch employees were presented and introduced by J. D. Howard, farm manager.

Friday was the social part of the association's program.

Saturday the convention opened early with a morning coffee and then the hundreds of visiting Red Angus breeders toured the Medders cattle operations.

Confetti

Recent weeks have revealed much about Red China. It is far from the formidable enemy it pretends to be. Severely handicapped by shortage of transportation, supply, planes and weapons, it has little ability to send effective help to Vietnamese reds, and its leaders are aware of it. Considering a danger of retaliatory bombing and possible trouble from Nationalist Chinese it's very doubtful that Peiping would take the risk.

To be completely honest about the whole affair, we ought to admit that we have a responsibility to China as well as to Vietnam, in fact, even more so. It was our betrayal of Nationalist Chinese in the first place which allowed reds to take over China's mainland. Far from fearing escalation, we should take the attitude that it may be an opportunity for the Nationalists, with our help, to free their friends and kin from communist bondage.

Military men have told us often that we have a tremendous advantage in the war if we will only use it. Furthermore they remind us that we are unfair to our fighting men when we allow the Viet Cong to keep pouring in supplies. Meanwhile conscience tells us that we have a duty to help

free Vietnamese and our own soldiers to chase out the Cong. Judgment tells us that Chinese interference need not be feared and might even be welcomed. With so many reasons on our side, isn't it high time to take a stand for what's right?

Mrs. Joe Bernauer returned Wednesday from a visit in Panhandle with her son Frank.

Visiting the Bernard McNamaras Monday was his brother Joe McNamara of Laverne, Okla.
