VOLUME XXXI

MUENSTER, COOKE COUNTY, TEXAS 76252 DECEMBER 15, 1967

NUMBER 4

America's foremost advocate of treason and hate is back in this country obviously confident that he can escape any and all of the punishment he deserves. It is hard to imagine that Stokley Carmichael would have returned if he expected to be prosecuted for his criminal behavior of the past several months.

Average people like us, not posted on the laws which might be applied in his case, are not able to cite specific violations and the penalties they call for, but we are certain that he has been inexcusably out of line in word and deed.

The hostile attitude he has expressed in the most hateful terms brands him as the country's number one public enemy. It's unthinkable that capable legal minds can't find charges to pin him down. Nevertheless he came back brazenly, seemingly defying the country to do anything about it.

A comment in this week's US News and World Report applies to antics like his. It says "The White House is increasingly concerned by evidence that spreading riots and disturbance in this country are part of an organized conspiracy that is striving to weaken the United States. Yet an issue is not being made of the evidence, out of fear of offending some groups who are being misled."

Could that be the policy which gives Carmichael his immunity? Could our officials be allowing him to get away with major criminal activity because a small percentage of misguided colored people think he's a great guy?

If so, some official heads need to be examined. What kind of twisted thinking excuses crime for any reason whatever? What kind of thinking permits misguided groups to go on believing that such a scoundrel is actually a hero worthy of their support and confidence?

One would think that the opposite policy should apply. Good and sincere people need to be shown that their own interests as well as the nation's welfare is sabotaged by characters who use the civil rights issue as a means of promoting communism.

We seriously doubt that loyal elements of civil rights groups would be offended by the removal of scum like Carmichael or Brown. More likely they would be grateful. On the other hand, people sharing the convictions of the scoundrels ought to be deprived of their leadership. Why allow them to think that treason will go unpunished?

Evidence of Carmichael's guilt has been abundant lately. He has been conniving with red leaders of Cuba, North Vietnam and Africa and with the party's big shots of France and Scandinavia. He testified against his country in the mock war crimes trial of Stockholm. He stated that he and his followers favor this country's defeat in Vietnam. He boasted of his intention to agitate armed revolt in major US cities. All of that has proved beyond doubt that he is a public enemy of this country supporting the communist plan of global domination. If that does not present sufficient cause for prosecution under our law it still presents ample reason why he should be taken out of circulation.

A way to accomplish this surely is not difficult if officials will put their minds to it. Carmichael caused enough trouble before his treason excursion to justify conviction and permanent sentence. Or if sufficient evidence is lacking another way might be used. If our government has the will it can find a way. It convicted Al Capone of income tax evasion when it could not make a case on his gangster activities.

The important point is that Carmichael has identified himself as a traitor, and he has done it in a defiant and arrogant way that leaves no doubt of his guilt. The entire world knows about his crime. The entire world is watching to see what we will do about it. Justice demands that he be punished. National honor and prestige makes the same demand. He needs to be taken out of circulation permanently on whatever charge is necessary to do it legally.

The President's Crime Commission wants to permit convicts to serve on juries. Why not permit the defendants to be jurors?

Weber Aircraft Man Is Speaker For CC Banquet

Ed Bianchi, personnel manager of the recently established Gainesville plant of Weber Aircraft, will be guest speaker at the installation banquet of the Muenster Chamber of Commerce.

The event is booked for next Monday night, the 18th, in the K of C hall, starting at 7 p.m. Ernest Jaska, banquet chairman, said he was especially pleased by Mr. Bianchi's acceptance of the invitation to talk here. He feels it will prove a pleasant meeting of Muenster people with the representative of an important new industry of the county.

Others on the program will be Jaska as master of ceremonies, Father Alcuin Kubis giving the invocation and benediction, and President Urban Endres.

The formal event of the banquet will be the installation of J. M. Weinzapfel and Ray Wilde as directors. They were elected recently in an election by mail.

Promptly following the installation the new directors will meet with those carried over from last year to elect their officers. Remaining on the board from last year are Urban Endres, president, Herbert Miller, vice-president, Ernest Jaska, secretary-treasurer, and Al Felderhoff.

The banquet, to be catered by Rohrer's Restaurant, will feature charcoal steaks. Tickets are priced at \$2.50 each and are available at the TP&L office or the bank.

As a special inducement to speed up dues payment, the organization again offers two tickets free with each payment of dues. Those who have not paid for the coming year are urged to do it now and get the tickets as a bonus.

SH Parish Ships 3400 Pounds in Clothing Drive

Contributions by Sacred Heart Parish in the annual Thanksgiving clothing drive for the world's needy totaled 3400 pounds. That was the figure presented to members of St. Anne's Society at their December meeting Sunday night.

The shipment of clothing bedding and shoes was weighed when it was picked up by Central Freight Lines for transportation to the west coast. From there it is shipped overseas by Catholic Relief Services to the Holy Father's storehouse, St. Anne's Society annually sponsors the drive, sorts and packs the items.

Mrs. Al Walterscheid, president, presided. Along with Mmes. Wilfred Bindel and Frank Herr she reported on the Catholic State League meeting held in Lindsay. The group voted to give a fifty dollar donation to the church fund from the treasury and to present the customary Christmas gifts to the pastors and sisters.

It was announced that the society is again locally sponsoring the essay contest of which the Women's Union of the Catholic State League has charge. The contest is open to boys and girls over 16 years of age. Deadline for submitting essays is April 1. Theme this year is "How I Can Best Observe the Year of Faith."

Muenster's Sacred Heart High School had a national winner in last year's contest when Miss Cynthia Bindel's essay reached the finals after winning locally, district, and in the state.

Members heard a recording by Father Bertin Roll on "Visit the Sick."

Father Andrew, spiritual director, spoke to the assembly on "What Is The Church?" and told about the Holy Father's decree 1968 as the Year of Faith. During the coming year it is requested that all meetings begin with recitation of the Apostles Creed.

The January meeting will feature the election of officers. A nominating committee is preparing a slate of candidates.

After adjournment Mrs. Leo Henschel won the door prize and a social hour with refreshments followed.

Vandals Warned School Trustees Will Prosecute

Vandals, beware. A day of reckoning awaits anybody who is found guilty of destroying or defacing property at the public school.

Members of the school board in their meeting last Thursday decided they have reached the end of their patience. Being considerate of offenders and their families in the past apparently has failed to inspire any appreciation or respect in the trouble makers.

Superintendent L. B. Bruns said that several vandals have been caught and were required to pay for their damage, but that's all. There was no further punishment. But there has also been no improvement in the situation. The board hopes to remedy that by inspiring fear, since the effort at inspiring appreciation failed to get results.

Some of the recent offenses were listed as follows. A plate glass window at the front entrance was broken. Night lights at the entrance of the new elementary building were broken. The large bronze dedication plaque at the front of the school was stolen. Paint and oil were smeared on the building. Almost a full tank of gasoline was stolen from a school bus — it ran out of gas the next morning. A car did capers on the lawn while it was muddy. A visiting school bus, with students inside, had two windows broken by rocks. Bottles, apparently thrown from cars, are often found on the lawn. Also often they are found shattered at the curb or sidewalk.

The school board decided that such deliberate destruction of property is inexcusable, and it will not be excused any more. Any who are caught from now on will not get by with just paying for the damage. They will be prosecuted to the full extent of the law.

Parochial Teams Win 1, Lose 3 in Saint Jo Tourney

Sacred Heart's basketball teams won a game and lost three in the Saint Jo tournament last week. The Tigers beat Lindsay and were eliminated by Saint Jo, the tourney champ, in their first effort in the champ bracket. The Tigrettes lost to Lindsay and were eliminated in their opener in the consolation bracket.

The Tigers had little trouble with the Knights, improving their lead for three quarters and coasting through the last. Scores ending the periods were 15-6, 21-11, 36-17 and 46-27. Best scorers for Sacred Heart were Lee Roy Hess 21, Stan Endres 9 and Tommy Hess 8. Lindsay leaders were F. Zimmerman 13 and M. Fuhrmann 6.

In the next game the situation was reversed and Saint Jo gained all the way for counts of 10-6, 15-16, 39-25 and 57-36. The Panthers were ahead 44 to 30 on field goals only and the Tigers obligingly gave them lots of foul shots to help the score. They had 34 free tries, the Tigers only 14. Top scorers for Sacred Heart were Lee Roy Hess and Stan Endres, each 9 and Steve Hess 7.

Sacred Heart girls started their opener with a 12-11 half time lead but weakened the second half allowing Lindsay leads of 18-13 and 24-17 ending the last quarters. Leading scorers were Joyce Schmitt 10 and Kaye Klement 5 for Sacred Heart; C. Hess 12 and C. Bengfort 10 for Lindsay.

The next game, with Era, was much better. Though trailing in the last three periods, the Tigrettes were always close, sometimes within 2 points. Scores by periods were 9-9, 23-18, 37-31, 49-43. A feature of the game was the hot scoring of two of the players. Hunt hit 35 for Era, Joyce Schmitt 28 for Sacred Heart.

Both Sacred Heart teams will be in the Slidell tournament this weekend and their first games will be with the teams of Peaster High. Next week they'll play Era here on Monday and there on Thursday.

Mr. and Mrs. John Yosten proudly announce the arrival of their daughter, their first child, Wednesday, Dec. 13, 8:50 a.m. at Muenster Hospital. She weighed seven pounds five and three-fourths ounces. Others welcoming her are the grandparents, Messrs. and Mmes. Leonard Yosten and Victor Hartman, and great-grandparents Mr. and Mrs. Henry Wiesman and Mrs. Bob Yosten.

FRANCIS CARDINAL SPELLMAN

Our men in uniform in Vietnam, the press quoted him as saying, are "defending the cause of righteousness, the cause of civilization and God's cause," and anything "less than victory is inconceivable."

That was in December of last year. The words are from the Christmas message to our fighting men in Vietnam by Francis Cardinal Spellman, Vicar General for Roman Catholics in the United States Armed Forces.

That year and the fifteen preceding, Cardinal Spellman had gone at the Christmas season to be with our men in uniform. It was traditional. And no matter the creed or the color or the insignia, our men in uniform came to hold this man in a reverence reserved for special mortals symbolic of what each might wish his own image to be.

Those words about "defending the cause of righteousness, the cause of civilization and God's cause," brought on

a furor in the press. There was a great rash of comment chastising the Cardinal. There were long and labored letters to the editor; slick magazines purported to reveal that "anonymous" spokesmen at the Vatican were dismayed at his language.

But Cardinal Spellman never budged, never hedged, never retracted, never qualified. He let it stand. And a few days ago, on December 2, when he suffered a massive stroke, he was rallying his ebbing energies to go again to South Vietnam for Christmas.

No news story and no obituary which we saw made mention of the controversy he caused a short 12 months ago. Yet it is hardly necessary for one to be a Catholic, as this writer is not, to wonder aloud if that Christmas message ought not properly to be regarded as a fundamental tenet of Cardinal Spellman's faith. For it is not on the record that he ever found anything on the face of this earth more anti-Christ than Communism.

In Vietnam this Christmas, his flock will be saying prayers for their Shepherd, Protestants, Jews and Catholics, men with skin pigmented black, yellow, brown and white.

Francis Cardinal Spellman devoted his life to "defending the cause of righteousness, the cause of civilization and God's cause."

We think he knew whereof he spoke at Christmas last year.

We regret that his voice has been stilled.

WHO RUNS THE GOVERNMENT

In writing on our form of government, the Portland, Oregon, Journal has expressed some ideas with which many thoughtful persons will agree. The Journal described a situation editorially which affects the lives and businesses of every individual.

Said the Journal in part: "Who runs our government? The question is one of mounting concern around the nation as a disturbing answer begins to come into focus. To a growing degree it is not elected officials who operate the governmental machinery, but the hired hands entrenched in a bulk of bureaucracy. Especially this is true of the federal government, but it is also a growing problem in some state governments."

"The Capitol Hill newspaper, Roll Call, contends... that Congress is slipping in its role in the check and balance system. The newspaper ques-

tions that Congress really controls the purse because the money it appropriates is spent by bureaucratic agencies. 'Elected by no one and effectively responsible to no one,' Roll Call says, 'it (bureaucracy) has become a challenge to democratic values which few have come to understand.'"

In conclusion, the Journal said: "Certainly, it would be better to make an attempt to save government of, by and for the people than to surrender it to the army of bureaucrats they employ."

So rent a new Ford from us.

'Tis the season to be jolly. And it's a lot jollier when the family has enough cars to go around. Here's the easy answer. Just drop around the corner and ask us for whatever size sleigh you need. Then... Ho! Ho! Ho! Dash away Mustang, and Fairlane, and Ford, and all!

P.S. You'll find the rates won't upset even a holiday budget (insurance is included).

CD of A Court Cheers Shut-ins With Yule Gifts

Court Saint Mary, Catholic Daughters of America, has provided Christmas cheer for 22 Muenster shut-ins. This is an annual project members sponsor in lieu of a Yule party for themselves. Thirty members took the fixings for the 22 baskets to their December meeting Thursday night, packed homemade goodies, fruits and nuts after adjournment and delivered during the weekend. Mrs. Paul Fisher, grand re-

gent, presided for the business session. Court Chaplain Father Alcuin Kubis was present and gave a short talk in which he said Pope Paul has designated 1968 as the Year of Faith and asked that all parish meetings have the Apostles Creed as the opening prayer.

Members discussed final plans for their benefit dance on Dec. 16 and thanked Ola Roberg, manager, and members of Jr. Elite for donating their time and talents making draperies for the Knights of Columbus Hall. The draperies, a CDA project, were sewed by volunteer seamstresses on their day off. CDA members assisted with handwork and 18 pairs of drapes were completed in the one working day.

Following the meeting, in drawing for the door prize, Mrs. Al Felderhoff's name was drawn but she was not present so next month's attendance prize will be nine dollars.

Cooke County Kin Attend Funeral of Mrs. Ed Greteman

A group from Cooke County attended funeral services Saturday in Canute, Okla., for their aunt, Mrs. Ed Greteman, 74, who died the preceding Wednesday from a heart attack. She had a heart ailment for some time. Mrs. Greteman was the former Theresa Flies, a former Muenster resident.

Requiem Mass was celebrated in St. Francis Catholic Church and burial followed in the parish cemetery. Attending the services were Mrs. Andy Hacker, Pete Koelzer, George Jetzelsberger, Louis Sicking and Ed Hacker, all of Muenster; Mrs. Pete Prescher of Valley View, Mrs. Louis Ford of Era and Mrs. Harry Perryman of For-estburg.

Mrs. Greteman's survivors include her husband, two sons and five daughters, a number of grandchildren, one sister Mrs. Frank Mertz and four brothers, Frank, John and Henry Flies, all of Canute, and Joe Flies of Elk City, Okla. The Flies families were early day Muenster residents.

Trio of Hunters Bring Back Deer

A trio of deer hunters got back Friday night with three fine bucks from Lowell Valley in the Mason-Fredricksburg area where they spent five days roughing it.

The hunters were Bill Trammell and son Doffie of Sivells Bend and Bill's brother Vernon Trammell of Marietta, Okla.

On the trip with them were Mrs. Belle Trammell of Sivells Bend and Miss Catherine Herr of Muenster. They kept the camp fires going and had meals ready. They also got in some sightseeing at Fredericksburg and around the vicinity.

Mrs. Wieler Hosts Get-Together Club

Mrs. John Wieler entertained the Get-Together Club in her home for the December meeting on the first Wednesday of the month and served refreshments to members and two guests after a progressive 42 series.

Mrs. Jake Pagel was high scorer in the games and Mrs. R. R. Endres was consolation winner. Mrs. Werner Endres drew the door prize. Members were happy to have Mrs. Werner Endres back with them after an absence of nine months. Mrs. Ben Luke and Miss Lizzie Herr were guests.

Members also discussed plans for their annual holiday dinner which will be held this week Friday at The Center. Afterward they'll go to the Wieler home for a gift exchange and games of 42.

Prayer, Business For Third Order

Members of the Third Order of St. Francis, Sacred Heart Parish, held their monthly prayer service and a brief business session Sunday afternoon in church. After recitation of the office, led by Mrs. Leo Henscheid, prefect, Father Alcuin gave the indulgence blessing. Mrs. Joe Fisher read two sermonettes, Guidline to God and Minute Meditation.

Members were reminded that it's time for 1968 dues of five dollars per member. This is used to keep the sanctuary light burning throughout the year in church, to take care of per capita tax, stipends for monthly Masses and miscellaneous expenses.

Mrs. Henscheid read a Christmas card from Father Elias Koppert, provincial of Chicago, extending greetings to all tertiaries. Members were also reminded to remember a shut-in member, Miss Gertrude Esker, at Christmas. Twenty-five members were present.

Housewarming Is Given Helen Hess

A surprise housewarming greeted Miss Helen Hess at her new home Sunday evening when about 50 relatives arrived with gifts for the home and refreshments for the group. They also celebrated Helen's birthday.

Joining the Muenster relationship were Mr. and Mrs. Leroy Schmidtkofer of Lindsay.

The Schmidtkofers and their children were guests for dinner at noon Sunday celebrating the joint birthday of Miss Hess and her niece Sharon Schmidtkofer. The family returned to Lindsay to keep the secret and Mr. and Mrs. Schmidtkofer were back for the housewarming.

MHS Girls Win Consolation Trophy In Chico Tourney

Basketball girls of Muenster High School won the consolation trophy in the Chico tournament last weekend.

Muenster boys also reached the consolation finals but failed to survive. Like the girls, they played Perrin in the last game.

In their opener the Muenster teams lost to the teams of Aledo High. Next they both beat Chico second stringers in their first games of the consolation bracket.

MHS girls, playing Aledo, lost by a top heavy score of 67-30 as Linda Wilson scored 16 and Debbie Cain 12.

Next time they took a first quarter lead of 12-5 over Chico B and held on to their margin the rest of the way for a final score of 48-41. Wilson and Cain hit 33 and 19 points respectively.

For the final they had a 23-3 half time lead over Perrin and coasted in the second half for a win of 40-25. Debbie Cain made 26 points and Linda Wilson 12.

The Hornets trailed Aledo

32-17 at the half and held their own the rest of the game. The final count was 54-40. Sparkman's 18 and Monday's 11 led Muenster's scoring.

Next one was an easy 61-28 decision over Chico B as Monday scored 31 and Sparkman 18.

In the final game Muenster held its own in the second and third periods but Perrin's gains in the first and fourth were enough for the 49-37 win. Sparkman with 20 and Cason with 10 led the Hornet scoring effort.

This weekend the MHS teams will be in a tournament at Slidell. The girls play State School of Gainesville in their opener. The boys drew a bye for the preliminary games. Their first opponent, at 6:45 Friday, is the winner of the Slidell-Carroll game.

Mr. and Mrs. Al Wiesman, in Dallas Friday to see their son Airman James Wiesman off by jet for Tacoma, Wash., visited afterward with the Frank Schoechs and Jimmy and went on to spend the weekend in Austin with their other son, Kenneth Wiesman and family.

Sacred Heart High students heard two guest speakers at assembly Tuesday morning. Father Milam Joseph, vocation director for the Dallas-Fort Worth Diocese, was accompanied by Father Murphy, a missionary just back from Guatemala. They spoke on vocations and careers and showed a film, "Detached Americans."

Muenster Juniors Lose at Montague

Muenster elementary teams lost both of their season opens Monday night at Montague. Scores were 33-15 in the girls' game and 38-20 in the boys' game.

Montague's girls gained in every quarter of the game for their final triumph of 33-15. Best scorers for Muenster were Kristie Stormer 6 and Doris Felderhoff 4.

The boys did fine for a while leading 7-6 in the first quarter and 17-10 at the half. Starting the third period Montague kids blitzed Muenster with a full court press and took complete charge of the court. They led the scoring 21-3 in the second half for a final count of 38-20. Jim Endres and Jerry Eckart hit 6 and 4 for Muenster.

Sacred Heart Kids Maulled by Lindsay

The junior cagers of Sacred Heart ran into lots of trouble when they took on Lindsay youngsters on the local court Monday night. They were clobbered, 42-10 in the girls game and 39-8 in the boys' game.

Theresa Hoedebeck and Nancy Fuhrmann, with 5 each, did all of Sacred Heart's scoring in the first game. High for the visitors were B. Beyer and B. Rohmer, each 18.

"Recent natural disasters has lowered considerably our stock of clothing, furniture, small appliances, and heaters, so our need this fall is above that usually experienced", concluded Major Freeman.

Essay Contest on Conservation Is Underway in Area

Harold Skaggs, chairman of the Board of Supervisors of the Upper Elm-Red Soil and Water Conservation District, has announced that the local district will sponsor the eighth Annual Essay Writing Contest in the field of soil, water and plant conservation.

The dates for the contest start now and run through January 31st, 1968. Rules of the contest are very simple. Any boy or girl residing in the Upper Elm-Red Soil and Water Conservation District who is not more than 19 years of age, in or out of school, but not a high school graduate may enter.

This year's subject is "CONSERVATION: KEY TO TEXAS PROSPERITY".

Skaggs suggested that youngsters not write a technical paper on how to conserve the soil, water and plants, but rather be original and use imagination. Try to describe how soil, water, and plants will provide for the future needs of Texas and its citizens, Skaggs suggested.

The Upper Elm-Red Soil and Water Conservation District will give incentive prizes for each winner as follows: First prize, \$15.00; second place, \$10.00 and third place, \$5.00.

Last year the district board received only 105 entries. The Board expressed a desire to have 500 essays this year. Some districts have more than a 1000 essays each year.

Judged Locally

All essays will be judged locally in the Upper Elm-Red Soil and Water Conservation District contest and then forwarded to the Fort Worth Press for entry in the state wide contest, where they will be considered for the \$200 first prize and a beautiful silver tray. In addition to the grand prize in the state there will be regional winners and trophies for fifty other essay writers.

Skaggs urged every vocational agriculture instructor in the three-county district, along with all the English instructors of the district to use this essay contest as an incentive in urging their students to write a good composition as well as strengthen the students mind in the field of soil, water, and plant conservation.

This thought-provoking subject will enable the participant to have a better knowledge of soil, water and plant conservation. Send entries of 300 words or less to Harold Skaggs, Rt. 1, Sherman, prior to January 31, 1968. The essay must have the writer's name address and name of school plainly written on the front page or attached thereto.

A persistent salesman refused to leave when the secretary told him the boss was out. An hour passed, then two. Finally, weary of being prisoner in his own office, the boss admitted the salesman.

"My secretary told you I was out," exclaimed the puzzled boss. "How'd you know I was in?"

"Easy," explained the salesman. "Your secretary was working."

Many Farmers of County Spraying For Grain Mites

Many small grain farmers in Cooke County have already sprayed their grain for green bugs and winter grain mites. Generally the winter grain mites are referred to as red spiders and in some cases red spiders are observed in the same area with the winter grain mites.

Winter grain mites are very small and purple bodied with orange legs. They are difficult to see during the day with bright sun light. They can be seen very late in the evening or on cloudy days without much trouble. In the bright sun light they will leave the plant and get under the clods of dirt or in the cracks.

Weather conditions do not affect their activities until ideal growing conditions in the very late winter and early spring.

The first symptom of the winter grain mites is a silvery cast that can be observed in the small grain looking toward the sun. The silvery cast will disappear in a few days and the grain will start turning yellow and brown.

In many cases in the past year it has been necessary to spray the grain fields in some areas of Cooke County, twice in a season. In severe cases, the yield per acre will be reduced if the insects are not controlled. They will always reduce the amount of pasture.

Three chemicals are recommended to control the winter

grain mites. They are: Parathion, Methyl parathion, and Marathion. The recommended dosage is one pint to one quart per acre with a four pound acid strength.

Small grain should not be grazed for fourteen days after applying parathion and seven days after spraying malathion. Keep in mind the insecticides are poisonous. Handle them carefully and always turn the equipment into the wind so that the drift will go away from the applicator. For additional information, contact the County Extension Office.

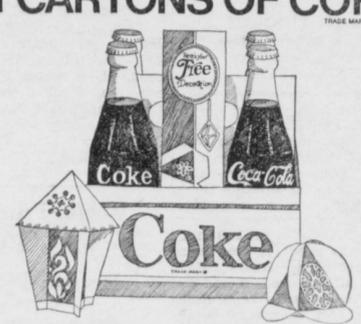

How to Select a Fresh Tree

The Texas Safety Association offers these tips for selecting a fresh... and safer... Christmas tree:

Bounce butt of tree hard on ground. Tree is fresh if needles do not shower down. Pull at needles at end of branch. Tree is fresh if needles have good resistance. Rub fingers across stump. Tree is fresh if stump is sticky with resin.

Keep tree fresh by placing freshly-cut tree trunk in water. Keep water level above the cut. Check once a day for absorption and evaporation.

Texas Population Expected to Reach 18 Million by 1990

AUSTIN Tex. —Texas will almost double its population — to nearly 18,000,000 by 1990 — and residents will have more money to spend, if not as much room to live in.

These are among predictions for the not-so-distant future contained in a new forward look at the state's economy prepared by the University of Texas Bureau of Business Research.

Their publication, Texas 90: An Economic Profile of Texas to 1990, includes these highlights:

New factory growth will bolster the Texas economy more powerfully than any other factor between 1967 and 1990, as the state becomes constantly more dependent upon manufacturing. Value added by manufacturer (a measure of the difference in value between the raw materials that flow into a factory and the goods shipped out) will increase to \$37,500,000,000 a year. It now is less than \$10,000,000,000.

Due for rapid expansion is

the work force — although not uniformly in all industries. Most dynamic employment growth will be in the service industries: laundries, barber and beauty shops, auto repairs, transportation, hotel management, recreation, professional services, etc.

Texas agriculture will approximately double its output (cash receipts from farm marketings are seen as reaching nearly \$5,000,000,000 in 1990), although farm employment probably will decrease.

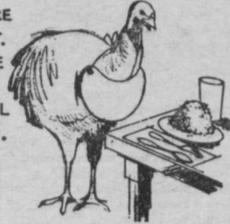

Texas cities will lead the population growth trend. By 1990 both the Houston and the combined Dallas-Fort Worth metropolitan areas will have populations of more than 3,300,000. That nearly equals the entire U. S. of 1790. All seven of the state's biggest standard metropolitan statistical areas will see massive growth.

Negro population, while increasing in number, now represents less than 13 per cent of the total, compared to 25 per cent a century ago.

Spanish-surname population is increasing rapidly and now makes up 15 per cent of the Texas total.

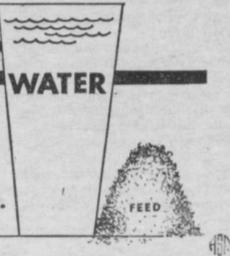

MODERN TURKEYS ARE BRED TO EAT A LOT. THEN THEY WILL BE BIG ENOUGH TO MARKET WHILE STILL YOUNG AND TENDER.

THREE OR FOUR TIMES ITS OWN WEIGHT IN FEED WILL BE EATEN BY A BIRD THAT DEVELOPS INTO SWIFT'S TOP BUTTERBALL BRAND. FOR INSTANCE, A 30-POUND TOM WILL EAT 120 POUNDS OF SPECIALLY BALANCED FEED RATION IN 6 MONTHS.

THEY ALSO DRINK 2 1/2 TO 3 GALLONS OF WATER FOR EACH TEN POUNDS OF FEED CONSUMED.

No picture of a living person is allowed in U. S. bills, currency or bonds. Trading stamps would be a lot more popular if you could also mail letters with them.

Lorraine Mayer and Pryor Day Marry at Mass In Chicago

Miss Lorraine Mayer became the bride of Sp. 5 Pryor Day recently in an 11 a.m. Nuptial Mass and double ring ceremony in St. Christina Church in Chicago, Ill. The pastor officiated.

Parents of the couple are Mr. and Mrs. Nicholas J. Mayer of Chicago and Mr. and Mrs. John L. Day of Dongola, Kentucky.

The bride, given in marriage by her father, wore a gown of white lace which moulded the Empire-style bodice and long sleeves. The slim skirt of peau de soie was accented by a bow tucked under the bodice, and a cathedral train of peau and embroidered lace was attached at the shoulders.

A rose of lace and rhinestones held her full-length veil and she carried a cascade of white lace mums. For something old she wore a yellow gold necklace that her maternal grandmother, mother and sister wore at their weddings. And she had a penny in her shoe.

Bride's attendants were her sisters. Mrs. Thomas E. Donovan (Rose Mary) in blue was matron of honor and Misses Dorothy and Christine Mayer in pink were bridesmaids. Another sister Suzanna Mayer, in gold, was flower girl. Their dresses were designed with brocade Empire bodices and crepe streamlined skirts. Their headpieces of brocade and maline matched their dresses and each carried a single long-stemmed mum.

Thomas E. Donovan was best man and the bride's brothers Gerald and Jerome Mayer were ushers.

When the bride placed a bouquet of white carnations on the Blessed Virgin's altar the church organist played and sang "The Our Father."

Reception and dinner for 75 guests were held at the Brainerd Club immediately after Mass.

The bride's mother wore a dress of peacock blue and silver lace over taffeta with accessories to match and a purple orchid corsage.

When the couple left on their honeymoon she was wearing a tangerine two-piece suit. They visited relatives in Indiana and went to Kentucky to visit the bridegroom's relationship who held a reception in their honor.

The bride is a graduate of Mercy High School in Chicago. She also attended Holy Angels Academy in Jonesboro, Ark., and Sacred Heart High School in Muenster. She has been employed by the Illinois Bell Telephone Company. Her mother is the former Miss Josephine Yosten of the Frank Yosten family and was a resident of Muenster until her marriage.

The bridegroom recently returned from a tour of duty in Vietnam. They are now awaiting orders at Fort Dix, N.J.

Saint Nick Keeps Annual Date with Dangelmayr Clan

Again this year St. Nicholas remembered that he has a standing date on his feast day with the Dangelmayr clan and met them at the Ed Knauf home.

He arrived in his red costume with his pack after the family was gathered and distributed about 70 sacks of goodies. Youngsters and elders each received a bag. And the littlest ones in the group sat on his lap. Others handed letters to him to deliver to Santa Claus for Christmas.

Afterward there were party refreshments and group singing while Mrs. Joe Felderhoff played the piano.

This "Little Christmas" observance, a custom from the old world, was brought over from Germany with the first settlers and is still kept in many Muenster homes by children and grandchildren of the pioneers on December 6.

Phone Corporation Fetes Employees

Muenster Telephone Corporation treated employees, their spouses and guests to their annual Christmas dinner and party in the KC Hall Saturday night.

Rohmer's Catering Service served the meal at 7 p.m. Table games followed. Seventeen were present. Gifts were exchanged.

Just to make sure that crime doesn't pay, the government should take it over and try to run it.

New Superstitions Still Popping Up

Old superstitions, unlike old soldiers, do not fade away. They are replaced by new superstitions and new misconceptions, says TODAY'S HEALTH GUIDE, the American Medical Association's manual of health information for the American family.

This is particularly true of superstitions and misconceptions about health. New scientific advances and discoveries breed a whole new crop of health superstitions.

Some of the new ones cataloged in the health book are—

Today, we have the mistaken idea that necessary and harmless chemicals used in processing foodstuffs may cause mysterious diseases like cancer. (They won't.)

We see people afraid to cook with aluminum utensils for fear of poisoning the food. (They will not.)

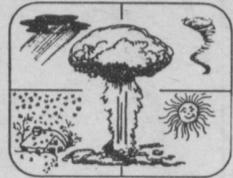

We observe people who refuse to wear glasses, and others who shun much-needed hearing aids. (Both are completely accepted by society today.)

People oppose fluoridation of public water supplies because the same chemical has also been used for poisoning rats, overlooking the fact that the whole difference lies in the matter of dosage. (Fluoridated water is completely safe.)

Many people blame climatic changes on the atomic bomb; past generations attributed such changes to artillery fire, to the use

of radio and television. (The bomb has not changed climate.)

Countless mothers live in fear for their children's lives because a heart murmur had been reported. Although murmurs should be checked by a physician most heart murmurs are harmless.

There is still active opposition to the use of immunizing procedures, such as vaccination and immunization, because of superstitious dread of introducing a poison into the system. (The vaccines now in general use are safe.)

There is a modern cult of naturalism which holds that only "natural foods" are wholesome because foods grown with the aid of chemical fertilizers are inadequate. (This isn't true.)

Many harbor prejudices against canned or frozen or otherwise processed foods, and even advocate eating raw food exclusively. (Processing does not affect foods substantially, nor does proper cooking.)

4-H Senior Girls Have Yule Program

Members of Sacred Heart 4-H Senior Girls Club at their December meeting had a program on making Christmas wreaths, paper mache pins and gift wrapping.

Mrs. Cheryl Harrison, assistant county home demonstration agent, presented the illustrated lecture, and showed finished articles she brought with her.

Peggy Sicking, president, presided and led the 4-H pledge. Cynthia Bindel called the roll and members who are junior leaders reported on progress made in cooking classes. Mary Bayer is club reporter.

Sheet Metal Class Planned at CCJC

Cooke County Junior College plans to offer a course in Sheet Metal Assembly, beginning sometime soon after the first of the year. Skills obtained from this course would be needed by Weber Aircraft and other industries in this area.

This course will be two or three evenings a week for 5 or 6 weeks. Approximately 30 hours of instruction will be given.

Interested persons may contact J. Norris Scott, Dean of Admission, for more details.

SOIL CONSERVATION DISTRICT NEWS

OUR SOIL ★ OUR STRENGTH

SEEDBED PREPARATION FOR WATERWAYS
By: Sammy Dobbs, Soil Conservationist

If you are thinking about terracing next summer, now is the time to get in contact with your local Soil Conservation Service Office for assistance in locating your waterways. If your waterways have already been located and you haven't prepared the seedbed yet, now is the time to get it plowed because the sodding season is only around the corner.

The success or failure of grass planting is in direct proportion to the degree of seedbed preparation made. Now is the time to plow and prepare areas to be planted in grass in order to allow the winter rain to soak in and make a moist, firm seedbed. The degree of seedbed preparation will determine how soon terraces can be outlet onto the grass. Poor seedbed preparation means a poor stand of grass and consequently an unsafe outlet for terraces. This may delay terrace construction for an additional year.

The Soil Conservation Service assisting the Upper Elm-Red Soil and Water Conservation District will be glad to assist you in planning and staking your waterways.
