VOLUME XXXI

MUENSTER, COOKE COUNTY, TEXAS 76252 DECEMBER 8, 1967

NUMBER 3

Our sentiments are with General Hershey, the Selective Service boss, in his opinion that draft card burners should become immediately subject to induction, but our reasoning does not agree with him. Violation of this law, like any other, should be acted upon by the courts rather than by an individual. There is a bit of dictatorship involved in permitting one person to take on the functions of prosecutor, judge and jury.

In nine out of ten cases of present draft resistance and peace demonstrations the average American will endorse Hershey's objective. The culprit is deliberately trying to sabotage the national effort or shirk his own obligation and deserves to be ordered into the service. However such orders could be subject to charges of arbitrary vindictiveness, which he and the country should be careful to avoid.

The draft law as passed by Congress is the law of the land, and violation of it is a matter for the courts to decide. So, it seems that the proper process is to bring the offending persons and the evidence before the courts for their judgement. In case of guilt the judges then could impose sentence of imprisonment with a provision that the sentence is suspended if the person prefers military service.

This method has the merit of following both law and tradition. It should have been in effect long ago. It should be put to use immediately to remove an ugly scar on current American life, which permits defiant traitors and slackers to go unpunished.

Another urgent consideration relative to draft law defiance is the communist influence which causes so much of it. Reliable information from official government sources tells us that reds are stirring up much of this trouble along with troubles in racial, social and economic affairs. Their goal is to wreck this country by every way possible so that it will be ripe for eventual red take-over. A related goal is to give comfort to the enemy and embarrass U.S. before the rest of the world. An official crack down on them is long past due.

Senator John Tower just returning from another official look at the Vietnam war, has some encouraging words this week. He thinks we are winning more definitely than ever since President Johnson increased the number of permissible targets over there. Furthermore he believes that our prospects will improve a lot more if the port of Haiphong is sealed off to further import of war materials.

It is obvious, of course, that he isn't just speaking for himself. He has been meeting with top brass of the U.S. forces who can see definite gains after being relieved of some long time frustrating restraints.

An equally encouraging development is the ouster of Defense Secretary McNamara. He's been a thorn in the side of military people from the start, forcing them to hold back the methods and weapons which would serve them best and to fight in the jungle on the enemy's terms. Now we have better hopes of fighting on our terms — with methods and weapons that will be to our advantage.

We'd like to think also that the change of strategy is accompanied by a change of policy. LBJ has invited a negotiated settlement for several years but was snubbed by Hanoi. The reds wanted to dictate peace terms, not compromise. We prefer to think now that we will go for victory, give up former ideas of compromise, and dictate the peace terms.

Experience of recent years gives us ample reason to make that change of attitude. The negotiated peace in Korea has proved to be a big mistake. We learned from it, as we should have known long ago, that it does not pay to make a deal with communists. We have wasted precious time and resources seeing that the deal is observed. We are painfully aware that the arrangement will have to continue indefinitely to prevent red violation of the terms.

Unless we are willing to take on a similar job in Vietnam we are forced to go for a better solution. And the only way to get the better solution is to go for unconditional surrender of Hanoi. General MacArthur knew the answer to the Korean problem

Expansion Plan For Sewer Plant Gets Final Check

The project to increase the capacity of Muenster's sewage treating plant moved another step forward Wednesday afternoon, but it is still far from first steps of actual construction.

City Councilmen Rody Klement and Aubrey Tuggle and City Superintendent Steve Moster met then with Paul D. Gregory and Associates of Fort Worth, consulting engineers, for a final check of the plans which will be submitted to the state health department for its approval.

An application for federal grant to help the city with its financing was submitted last week.

Improvements here become necessary because of increasingly rigid purification standards demanded by the nation wide anti-pollution campaign. Facilities that were acceptable for several years are not acceptable under the new standards.

Local 4-H'ers Win Four Blue Ribbons In Share-The-Fun

Muenster 4-H Clubbers had four entries in the annual Share-The-Fun competition Monday night and won four blue ribbons for their talents.

In the junior division, Sacred Heart 5th and 6th grade boys won on their "Railroad Skit" for which they were in costume. Girls of the same grade earned their ribbon on "Green Green", a song and dance routine. Seventh and eighth grade girls of Sacred Heart won on a song, "Up, Up With People." And Community Club was a blue ribbon winner on "Winnie The Pooh," an action song.

There were 12 entries with fifth and sixth grade girls of St. Mary's winning top award and qualifying to represent the county in the district contest, Sacred Heart's seventh and eighth grade girls are first runners up and fifth and six grade girls are second runners up.

There were two entries in the senior division, Callisburg and Lindsay, both blue ribbon winners with Callisburg to represent Cooke County in district competition.

Patty Pybas and Jimmy Gaston emceed the program. Mrs. Cheryl Harrison and Jim McCall, assistant County agents, presented ribbons and hosts and hostesses served refreshments through courtesy of the Farm Bureau. The event (Continued on page 5)

MHS Girls lose in Consolation Final

Competition was much too stout for the Muenster High girls Saturday night in their try for the consolation title of the Callisburg tournament. Collinsville had them bested in both height and experience and had an easy time winning 38-21.

In other final games of the tourney Callisburg boys beat Valley View 71-51 for the other consolation trophy; Callisburg girls beat Goldberg 48-27 for the champ title and Era beat Collinsville 55-42 for the boys champ title.

MHS girls were outclassed in their first game and did a good job holding Era to a 46-29 count. Their scorers were Linda Wilson 14, Debbie Cain 9 and Sue Flusche 6.

That loss put them in the consolation bracket, in which their first opponent was Valley View. A hot rally in the fourth won that one for them after trailing all the way before. Valley View led the first three quarters 13-8, 25-22 and 36-33 and was 5 points ahead at one time in the fourth. Leading scorers for MHS were Debbie Cain 22, Linda Wilson 12, Sue Flusche 9.

The champ game was Collinsville's all the way. Counts ending the periods were 10-6, 16-10, 27-18 and 38-21. Muenster's leaders were Debbie Cain 10 and Sue Flusche 6.

Muenster boys lost their opener to Era, which went on to the tournament champ title. Though outclassed they made a good effort leading 11-9 at the first period but then slipping back for counts of 25-18, 36-27 and 45-34. Top scorers for Muenster were Cason and Monday with 12 and 11 respectively.

For their second game they were very cold and the Valley View Eagles were very hot, and the result was a humiliating final score of 74-29. Sam Sparkman made 16 of Muenster's points.

City Turns on Christmas Lights

The Christmas look came to Muenster Wednesday night when its two principal streets were adorned with about 800 colored lights for the first time this season. The display was installed Tuesday and Wednesday by Texas Power and Light Company linemen assisted by city employees.

The lighting plan is similar to that used in recent past years. There are 22 strings of about three dozen lights each stretched across the highway and Main Street at half block intervals. Starting at the east city limit they extend to Main then continue north to Fourth Street. One string on Main is south of the highway.

Colors are red, blue, green, orange and yellow. Lights on each string are all the same color and the colors of strings are alternated. They are turned on and off automatically by a time switch.

J&L Supply Store In New Location

J&L Supply, one of the city's old time business firms, has changed its location from the second block of Main Street to Highway 82 five blocks east of Main.

The building was recently vacated by Jr. Elite dress factory. J&L officials preferred it to their former location because it is smaller and better suited to their needs, and especially because of more outside storage space. The space is in front of the building, which sets back a half block from the highway.

The oil field supply firm, now owned and operated by Jones and Laughlin has been in Muenster more than 30 years. Originally it was Frick-Reid Supply. It was located at 216 Main since 1956, when Cooke County Electric Co-op vacated the place to occupy its new building on Highway 82.

James Butts is the present J&L store manager. Carl Walterscheid is assistant manager.

Three teams of the Muenster FFA chapter won two first places and a fourth place in the organization's district leadership contest in Denton on Monday, November 27.

Last Saturday the two winners of district first place competed in the Area 5 contest at East Texas State University, winning a third place and a seventh place.

The Chapter Farm Skills team composed of Lynn Joe Klement, Henry Sicking and Bobby Bruns placed first at Denton and third at Commerce.

The Greenhand Farm Skills team composed of Mike Jaska, Gary Cash and Leon Klement, placed first at Denton and seventh at Commerce.

The Radio Broadcasting team, composed of Don Hartman, Ken Swirczynski and David Stormer, placed fourth at Denton, which did not qualify for the contest at Commerce.

Teams were accompanied to both contests by their coach, Edgar Dyer. About 300 FFA boys participated in six events at the area competition.

Jaycees Give \$163 For Hospital Unit

Muenster Jaycees have contributed \$163.06 to the Muenster Hospital Auxiliary toward payment of the cardiac monitoring and treating unit which was given to the hospital several months ago. The check represents half the proceeds of a recent project headed by Herbert and Bobby Dale Walterscheid. The other half went into the Jaycee fund.

Another project, almost finished, is erection of Yield Right Of Way signs on Sixth Street between Main and the hospital. Robert Fisher had charge of getting the city's OK and getting the signs from the State Highway Department.

Eight young men of this community serving with US armed forces in Southeast Asia have received, or will soon receive, Christmas packages from the Muenster Jaycees. Names of those eight were submitted in response to the Jaycees' announcement and request for addresses.

An award for outstanding service to his organization and the community was presented to Ted Henscheid last Thursday night in a regional visitation sponsored by Arlington Jaycees. Other local members attending were Butch Fisher, David Fisher, Robert Fisher, Gerald Hess, and Dickie Pagel.

Auxiliary to VFW Slates Tots' Party For December 15

Members of the Ladies Auxiliary of Veterans of Foreign Wars Post 6205 have completed plans for their annual Christmas party for pre-school children, have set the date for Friday, Dec. 15, and the time at 9:30 a.m. in the VFW Post Home. That was the principal business at the organization's November meeting Monday night.

Members also planned a gift exchange among themselves agreeing to keep the cost of the gift about one dollar.

Each child will receive a gift from Santa who will be there to visit with the youngsters and to distribute presents around a decorated tree.

Refreshments will be served. Committee chairmen and their assignments in connection with the party are Mrs. Joe Hoenic to find Santa and see that he arrives on time; Mrs. Ivan Koelzer, toys for the children; Mrs. Ray Voth, refreshments; Mrs. Joe Sicking, decorations. Members will meet at the Post Home on the night of Dec. 13 to decorate the tree.

The Christmas party is one of the December honor roll requirements. The other is collecting ten percent of outstanding dues.

Mrs. Don Flusche, president, presided. She announced that the January meeting will be postponed one week to Jan. 8 so as not to conflict with New Year Day activities.

Mrs. James Mollenkopf and Mrs. Virgil Henscheid volunteered as refreshment hostesses for the next three months.

After adjournment Mrs. Leo Hesse and Mrs. Thomas Hesse served a chicken salad plate to 21 members. Mrs. Ivan Koelzer won the door prize.

If you haven't a few bruises you just haven't been playing the game.

December 18 Set For CC Banquet And Installation

The second annual banquet of the Muenster Chamber of Commerce has been booked for Monday, December 18, at 7 p.m., in the Knights of Columbus Hall. It is the organization's installation banquet, at which its newly elected directors will take office.

Directors to be installed are J. M. Weinzapfel and Ray Wilde, who were favored in an election by mail during the past few weeks. Other nominees on the ballot were Mrs. Ray Evans and Rufus Henscheid.

Identity of the speaker and other details of the program were not complete up to Wednesday, according to Ernest Jaska, chairman. He did say, however, that the meal will be catered by Rohmer's Restaurant and tickets will be \$2.50 per person.

As an inducement for getting dues in promptly, the organization offers the same deal it had last year. Each member with dues paid will receive two tickets. The dues are \$15 a year for individuals and \$25 a year for business firms. Jaska urges those who haven't already paid to do it now and get the tickets as a bonus.

After the installation banquet directors will meet to reorganize. Remaining on the board from last year are Urban Endres, president, Herbert Miller, vice president, Ernest Jaska, secretary-treasurer, and Al Felderhoff.

Lake Dallas and Local Teams Split Pair of Contests

Basketball teams of Muenster and Lake Dallas had two hot contests in the MHS gym Tuesday night with the home boys winning 47-40 in an overtime period and the visiting girls nudging out a 41-37 win.

The Hornets pulled ahead for a 14-12 first quarter lead and dropped behind 24-22 at the half. Next period they gained to a 34-29 lead and the visitors knotted it at 40-40 ending the fourth quarter. A good overtime effort put MHS ahead 47-40.

Leading Hornet scorers were Sam Sparkman 21, Mike Cason 12 and Tom Henscheid 9.

The girls game was a see saw. Lake Dallas led 8-7 ending the first period and Muenster 19-18 at half time. Muenster was ahead 27-26 ending the third period and held the lead midway through the fourth when the Lake Dallas gals had a hot streak and moved ahead for the 41-37 count.

Too many fouls and too few free shot hits hurt MHS girls. They led by 6 points on field goals but hit only 7 of 17 free shots while Lake Dallas hit 17 of 30.

Scorers for Muenster were Linda Wilson 15, Debbie Cain 12 and Sue Flusche 10.

The Muenster High teams will participate in the Chico tournament this weekend, playing Aledo in both of their opening games. Girls will play at 2:45 Thursday, the boys at 4 o'clock.

Parochial Teams Lose Openers at Alvord Tournament

Both teams of Sacred Heart High School were eliminated in their opening games at the Alvord basketball tournament last Thursday night. They lost to teams of the host school, 47-34 in the boys game and 30-19 in the girls game.

Winners of the tournament were Chico boys and Saint Jo girls.

Sacred Heart girls made a poor start and trailed 14-2 at the first quarter but kept pace with Alvord through the rest of the game. Their big trouble was at the free throw line, where they hit only 3 out of 22.

Scorers were Joyce Schmitt 10, Kaye Klement 5 and Margaret Kralicke 4.

The Tigers started better, but went into a slump and trailed 21-10 at the half. In the last half Alvord extended its lead a few points for the final count of 47-34.

Sacred Heart's top scorers were Lee Roy Hess 13 and Paul Hoedebeck 13.

Next action for the parochial teams will be in the Saint Jo Tournament this weekend. Opening games will be with Lindsay Thursday, the girls at 1 p.m., the boys at 2:15.

MORE COSTLY THAN WAR

One hears much these days about the cost of the war in Vietnam. And to be sure it is costing billions. But far more expensive than all those bombers, aircraft carriers, ammunition and armies is an item that our politicians don't like to discuss. Actually, this item is twice as expensive as the Vietnam war. It is the interest we have to pay on our national debt. This is now taking 33 cents out of every tax dollar which Uncle Sam takes from us, whereas the war in Vietnam takes only 16 cents of that dollar.

These figures were cited recently by Senator Warren G. Magnuson in a speech before the Spokane Chamber of Commerce in his home state of Washington. It is not reported that he raged against this outrage, or even deplored it—or the governmental extravagance that brought on the deficits that made such fantastic borrowing necessary.

Bulova waited years until they could make a good \$10.95 watch. One with a jeweled-lever movement, unbreakable mainspring, precision fitted parts. A watch that's shock-resistant, and waterproof, too. The result is the Caravelle by Bulova. A very expensive watch for only \$10.95.

team was a superb Negro athlete named Jesse Owens. Before the games were over, his name had become a household word. If you ask any man who was old enough to read the sports pages in 1936 about Jesse Owens his eyes will light up and he will tell you how Jesse exploded the Hitler myth of Aryan supremacy by winning no less than four gold medals for the United States. The Nazi press had ridiculed "the black American auxiliaries" entered in the games. But Jesse Owens took care of that insult and the whole world thrilled at his victories and Hitler's embarrassment.

This all comes to mind because a group of Negro athletes announced last week that they would boycott the Olympic Games in Mexico City next year, and would refuse to represent "racist" United States in those games. That is just plain sick talk. The Olympics have never discriminated against the Negro.

On the contrary, the Olympics have always provided a stage upon which the Negro could receive the plaudits of all the decent people in the world and put to shame the bigoted Hitlers of every nation. Indeed, for those of us who can remember 1936, Jesse Owens will always be symbolic of the Olympics. For our part, we'd like to see him made permanent honorary captain of the US team for as long as he lives. He earned the distinction.

TAXPAYER — THE POOR PATIENT

In Washington at present, it appears like two surgeons arguing over the best way to excise a malignancy. President Johnson and the House Ways and Means Committee are differing about what's best for us, the poor fiscal patient in the middle. Dr. Johnson wants

to cut off some more of our money, claiming that will prevent inflation. Dr. Wilbur Mills, chairman of Ways and Means, says no, don't cut the patient. Cut government spending.

Like California Congressman Jerry L. Pettis of the thirty-third district who offers the surgical simile, we agree with Dr. Mills. No matter what tax increase is ordered, inflation will boom as long as government spending booms. A halt

must be called to the Administration's efforts "to solve all the nation's problems at once with massive doses of dollars." As Mills says, establishing this control over spending must not be done hastily or carelessly, but it won't get done if we don't get started "on the big job of making sure our government does what we want it to, the way we want it to, when we want it to, and as much as we want it to."

CDA Grateful for Help on Draperies

Muenster court Catholic Daughters of America this week extends thanks to Ola Roberg and employees of Jr. Elite for donating their time and talents making draperies for the Knights of Columbus Hall.

The draperies, a CDA project, were sewed by volunteers seamstresses on their day off. CDA members assisted with hand work and 18 pairs of drapes were completed in the one working day.

Birthday Honors Fete Clive Gobble

Two birthday celebrations honored Clive Gobble in observance of his Sunday birth anniversary. Both were at the Gobble home.

Saturday night's party included an early Christmas gift exchange among guests along with birthday presents for the honor guest, and Mrs. Lee Toothaker presented a decorated cake which was served with other refreshments.

Attending with Mr. and Mrs. Gobble were Messrs. and Mrs. H. L. Bowen of Saint Jo, Severe Clark of Nocona, Willis Woods and Lee Toothaker.

This group annually has a Christmas party during the holidays with a gift exchange for which they draw names. This year's party was early because Mr. Gobble will leave Dec. 13 for Dallas and will undergo surgery at Presbyterian Hospital on Dec. 24. This operation will be for leg veins and should be the last in a series of such surgery he has had this year.

On Sunday Mrs. Gobble had a birthday dinner for which they were joined by Mr. and Mrs. Henry Pick and in the afternoon guests included Mr. and Mrs. Pat Cathey of Fort Worth who came with gifts and greetings for their Dad, and likewise Mr. and Mrs. Oscar Miller and Mr. and Mrs. W. H. Ware of Gainesville. They all had party refreshments.

Subiaco Academy Hosts Meeting for Grades Teachers

Twenty-three delegates from four states attended a grade school Principal's conference held at Subiaco Academy Friday and Saturday, November 24 and 25. The Conference, the first of its kind sponsored by the Benedictine boarding academy, was held for the dual purpose of acquainting grade school principals with background procedures and materials for training their pupils for secondary education and to provide a first hand look at Subiaco and its educational program.

Delegates for the conference arrived Friday afternoon in time for the President's reception and dinner. An introductory session at 7:15 in the evening officially opened the conference. Father Benno Schluterman, O.S.B., principal of Subiaco Academy, delivered the welcoming address and explained the purpose and the nature of the conference. Superintendent of Subiaco Academy, Father Robert Lazari, O.S.B., then delivered the keynote address followed by a brief explanation of the Academy guidance program which was presented by Father Joachim, O.S.B., head of the guidance department at the Academy.

Among those attending were Father Benedict Buerger of Sacred Heart School and Sister Corrine Koessler of Lindsay Public School. Former Muenster teachers attending were Sister Henrietta of Little Rock and Sister Patricia of Jonesboro.

The program will get underway with a covered dish supper and those planning to attend the meal are reminded to take food for themselves.

Visitors will have an opportunity to see the restored building... rebuilt by Forestburgers as nearly as possible to duplicate the old building that was built at the turn of the century.

Paper Pickup Set Saturday, Dec. 9

Muenster residents again have an opportunity to get rid of all their old newspapers, catalogues and magazines and at the same time help a good cause along.

Juniors of Sacred Heart High School have announced they are conducting a scrap paper drive and will have their first pickup this Saturday afternoon. The project is a class benefit.

All who have papers for the drive are asked to have them at the curbs Saturday. Since the Salvation Army no longer accepts scrap paper this is an opportune time to get all that's accumulated out of the way.

Gets 8-Point Buck
Monday was a lucky day for Joe Wilcox. He bagged a fine 178 pound eight-point buck north of Muenster near his farm. On a few other hunts this season he failed to bring home the venison. Alex Cannon was with Joe Monday morning but he wasn't as lucky. The meat has gone into the deep freeze and the perfect antlers will be mounted for a home trophy.

"Halt!" shouted the recruit. "Driver, continue," snapped the officer. "Begging your pardon, Sir," the young GI interrupted. "I'm new at this. Who do I shoot, you or the driver?"

"Well," snapped the employer excitedly, "in the future when you don't hear the bell, come and tell me!"

HOW CATTLEMEN CAN TRIM LOSSES FROM FOOT ROT

Wet weather and muddy feedlots will help introduce foot rot into many cattle feeding operations starting this fall. Through experience, many cattlemen find it pays never to ignore foot rot problems. Usually, only one or two animals will contract the disease, but in some feedlots up to 40 to 50 per cent of the animals can become infected.

And outbreaks have been known to cause animals to shrink as much as 50 to 75 pounds. Such losses occur when cattle become lame and are unwilling to move about and eat.

The bacteria *Sphaerophorus necrophorus* is the culprit in most cases of foot rot, but it is not well understood whether this bacteria alone or, in combination with other organisms causes the condition.

Usually, bacteria enter through cuts, abrasions or cracks in the soft skin of the foot between the toes. The infection may spread upward into the claw. Lameness is usually the first symptom the cattlemen sees. It may be slight or so bad that animals are unable to stand.

Economic losses through loss

of weight quickly follows unless cattle feeders and farmers treat affected animals early enough. Sulmet sulfamethazine has proved highly effective in treatment. Sulmet can be given as Oblets or as drinking water solution.

Good sanitation helps prevent the problem, too. Cleanup of wet, soggy feedlots and attention to regular barn sanitation will help eliminate the causes of foot rot.

Prevention is cheaper than treatment since cattlemen can avoid losses in weight gains and feed efficiency. Research indicates that continuous feeding of a ration which provides 70 milligrams of Aureomycin chlortetracycline per head daily can prevent foot rot problems. In trials with more than 1,300 cattle, Aureomycin reduced foot rot by 95 per cent.

Added advantages of regular antibiotic feeding are improved weight gains and feed efficiency, plus aid in the prevention of bacterial scours and liver abscesses. In modern cattle feeding, prevention of problems such as foot rot is an economical and sound management practice that pays off at market time.

Ten new members were admitted.

Salvation Army Truck Will Call December 18-19

Cooler weather increases clothing needs at the Salvation Army, reports Major Byron A. Freeman, commanding officer for the Salvation Army Men's Rehabilitation Center for the North-North Central Texas area.

"Families outfitting their children for school from Salvation Army supplies appreciate any type of clothing", he added. The Salvation Army truck will be in Muenster on December 18 and 19. Residents who wish the Salvation Army truck to stop by their home may call 759-4311.

"Recent natural disasters has lowered considerably our stock of clothing, furniture, small appliances, and heaters, so our need this fall is above that usually experienced", concluded Major Freeman.

U. S. Agriculture Biggest Industry Employs 6 Million

COLLEGE STATION — The nation's biggest industry is not U. S. Steel, General Motors or AT&T and yet employs six million workers.

What is this industry? The answer is simple. Modern agriculture.

The farmer's contributions to the American way of life are substantiated by figures from the United States Department of Agriculture. The USDA shows that agriculture's assets total \$238 billion. This sum is equal to about half the market value of all corporation stocks on the New York Stock Exchange.

Today's farmer is also a good customer. He spends nearly \$30.3 billion a year for goods and services to produce crops and livestock. In buying the same thing city folks buy, the farmer spends \$12 billion a year on food, clothing, drugs, furniture, appliances and other products.

According to the USDA, the farmer's purchases include: \$4.7 billion in new farm machinery. It takes 119,000 employees to produce this farm equipment; \$3.3 billion for fuel,

lubricants and maintenance of machinery and motor vehicles. Farming uses more petroleum than any other industry; \$6.5 billion for fertilizer and lime; 30 billion kilowatt-hours of electricity or more than is needed annually by Baltimore, Chicago, Boston, Detroit, Houston and Washington, D.C.

The modern farmer is a creator of employment. Three out of every 10 jobs in private employment are related to agriculture. Six million people have jobs providing the supplies farmers use and eight to 10 million people have jobs storing, transporting, processing and merchandising agricultural products.

President Johnson said that in less than a generation, the American farmer has created a greater agricultural abundance than his predecessors through all the generations of American history achieved.

"Our food and other farm products are helping to relieve hunger and to promote economic growth in the newly developing countries of the world," Johnson said.

This agricultural abundance is a powerful force for world peace.

"What do you plan to give your husband for his birthday?"

"A hundred of his favorite cigars."

"My, that must be expensive."
"That's the best part of it, they didn't cost a cent. I began last winter taking one or two a day from his box!"

The heart rests between beats.

Free Soil Book Is Available Now

A free book on soil conservation, "Our American Land," is now available from P. C. Wylie, work unit conservationist of Gainesville, who provides professional and technical help to landowners and operators in the Upper Elm-Red Soil and Water Conservation District.

Maintaining the capacity of soil to produce food is one of the main objectives of a national soil conservation program, according to the newest publication.

Stopping sediment that is filling streams and reservoirs, planning for orderly urban expansion and community development, and providing new outdoor recreational facilities are other objectives.

The booklet points out that America's farmers are producing food more efficiently than any other country in the world and because of this have the highest standard of living anywhere.

Quite a bit of high production, however, comes at a high cost in tons of soil washed from the land. Much soil and water conservation work is still needed on the nation's farms and ranch lands. And that which is already in effect needs constant care and flexibility to adapt to changing needs and technology.

Soil and water conservationists will find this an interesting and informative book and are welcome to stop by and ask for a copy.

CCJC Counselor Helps Students Make Adjustments

Freshmen students who have fear of being "thrown to the wolves" in a "sink or swim" college class may now take heart in the fact that one instructor at Cooke County Junior College is making a career of helping the beginning College student make the adjustment from high school to college. She is Mrs. Dorreice Leander, a teaching counselor who is in charge of a new Guided Studies Program at CCJC.

The program is designed to teach freshmen how to budget time, make oral and written reports, how to use the library, how to take notes in a college class, how to increase reading skills and reading comprehension, how to prepare for and take exams, and how to direct and motivate oneself as a college student.

Community Shelter Plan Considered by County and Cities

Details for a proposed Community Shelter Plan for Cooke County was presented to Judge Wm. Carroll and officials of the incorporated cities of the county on Tuesday, November 28, 1967.

Judge Carroll stated that a Community Shelter plan for Cooke County was a start on developing a better county-wide Civil Defense organization. He also said that when the plan is completed it will be distributed to every family in Cooke County telling them "where to go" and "what to do" in case of a nuclear attack.

Attending the meeting were Judge Carroll, Mr. H. A. Thomason, Gainesville City Manager, Mayor Joe Bezner of Lindsay, Mayor Earl Fisher and City Superintendent Steve Moster of Muenster. Representing Region FIVE of the Office of Civil Defense located in Denton were Owen Payne and Tom Joslin.

Mrs. George Spaeth joined her daughter, Miss Frances Spaeth of Denison on a drive to Longview to spend the weekend with their son and brother Joe Spaeth and family.

Mr. and Mrs. James Bezner have named their new son James Keith. Godparents at little Jamie's baptism were his big sister and brother, Susie and Sammy Bezner. Father John officiated in St. Peter's Church.

Gainesville-Lindsay Knights of Columbus Council will sponsor a chili supper Saturday for members and guests in the KC Hall. Serving will start at 6:30.

Martin Home Is Scene of Unusual Christmas Display

An unusual hand-made Christmas display at the home of Herman Martin in Lindsay is attracting visitors from near and far — especially if there are children in the family.

Four "big as life" Christmas personalities are in the front yard: a winking Mrs. Santa feeding a reindeer, a winking woman and another reindeer. These were cut or carved from plywood, wired electrically and will be lighted through the holiday season. Lights were turned on Dec. 1.

Other Christmas decor arranged by Mr. Martin includes a snowman, Santa Claus in the chimney and a crib with the Holy Family and Three Wise men. The crib figures were bought.

The hand-made figures are all the more interesting since Mr. Martin is one-armed. He lost his right arm when he was a young boy after a snake bite.

Another, even more intricate and artistic, job he is working on is a replica of St. Peter's Church, Lindsay, made of matches. He hasn't estimated when it will be finished but intends to display it when it is completed.

Fleitman Reunion Has All Present

For the first time in 17 years all members of the William Fleitman family of Lindsay got together for a reunion while Miss Clara Fleitman of Westland, Michigan, spent the Thanksgiving holidays with her parents.

The reunion with dinner was on Thanksgiving Day in Jacksboro at the home of Mr. and Mrs. Curtis Reeves.

Others present with the parents were Mr. and Mrs. Ray Lindeman of Scotland, Mr. and Mrs. Henry Fleitman of Lindsay and Mr. and Mrs. George Krahl of Gainesville, along with their families, for a total of 23.

A number of other dinners were held at Lindsay while Miss Fleitman was at home.

Voice over telephone: "Are you the game warden?" Game Warden: "Yes ma'am." Voice: "Well, I'm so thankful that I have the right person at last. Would you please give me some suggestions for a five-year-old child's birthday party?"
