Russian high officials suspect Mao and his Red Chinese henchmen of planning global domination like Hitler did some three decades ago. The scheme, as they see it, is spelled out in an official Russian journal, "Literary Gazette", which has received the attention of journalists of London and U.S. News and World Report.

It is ironic that Moscow makes an issue of the suspected plan. Reds of Russia admitted similar ambitions long before their brethren of China made any mention of them. Present concern leads one to believe that the Kremlin crowd is worried about playing second fiddle to Peking when the big take-over is achieved.

The article indicates that Russia, like this country, believes that Communist victory in Vietnam would lead to Red Chinese conquest of all of Southeast Asia. It is the "domino theory", in which countries topple one after the other.

The Russian article refers to three probable stages of the Chinese plan. First all of East Asia and Malaysia. Next Central Asia and the Indian sub-continent. Finally Africa, Latin America and parts of Europe. Strangely, the plan failed to include North America. As if that were necessary.

A method to achieve all this, according to the Russian analysis, is to promote a third World War in which Chinese would hold back and allow other countries to exhaust each other by nuclear combat. After that China's tremendous manpower could take over.

The article gives this view as a reason why Mao stirs up trouble wherever he can, including riots and burning foreign embassies.

Concluding the London report on this article is a rather puzzling opinion by "Western analysts" that it was intended to explain to Soviet intellectuals why the Kremlin wants to keep the Vietnam war contained — in answer to the reds who criticize Moscow for failing to give more help to North Vietnam.

Can you imagine such a situation? Soviets give lots of help to Viet reds, but don't want them to win because that would help Mao in his big conquest. But, of course they don't want us to win either.

Could this be a reason why the war keeps dragging on and on? Moscow doesn't want it to stop. It's interests are served best when US troops remain to prevent the expansion of Ho and Mao, also when, at the same time, this country continues to pay dearly in men and material.

The Russian article pointed a finger at China's scheme to stir trouble, making other nations exterminate each other. One wonders whether Russia isn't referring to its own policy. It's been involved in lots of affairs the past few decades, but has managed to keep out of the fighting. In Vietnam, in Korea, in the Middle East, in Africa. The Kremlin manages to keep other countries bleeding while it sweats out its own scheme of world domination.

Senator Mansfield of Montana was a big disappointment Sunday when he advised, on a TV program, that this country call another halt to the bombing of North Vietnam and give the enemy another chance to open negotiations. He said that some remark from Hanoi led him to believe that a genuine peace effort was begun.

He did not claim that a direct and understandable statement had been made. Only that some diplomatic double talk might possibly be an invitation for us to open peace negotiations. It might be a clue that the enemy will listen if we will come begging.

The attitude of people like Mansfield is getting exasperating. They ignore how much our troops have already paid for every cease fire of the past. A bombing pause, after our several experiences, would be as negligent as foolish. As one commentator said it, "when we quit bombing we are indirectly killing our own troops." Every lull so far was followed by increase of casualties on our side.

They also seem unaware that peace talks beginning with a vague hint from the enemy place us in a miserable bargaining position. Any time we have to inquire about the enemy's intentions, as long as he does not state plainly that he is ready and eager to talk, (Continued on page 8)

Sales Tax Seen as Best Source of City Revenue

An election to be held on Saturday, February 3, will determine how the City of Muenster will raise some \$65,000 required for a sewer improvement project.

The choice is not whether the sewer improvement will be made. Higher requirements of sanitation in keeping with the nation-wide campaign against stream pollution have already decided that the money must be spent.

Possible sources of revenue, as seen by the city council, are the 1 per cent sales tax, increased ad valorem tax, or increased charges for water and sewer service. The council prefers the sales tax and set an election to let residents have their say.

If approved by the city's voters, the tax will become effective on July 1. The present sales tax of 2 per cent will be raised to 3 and it will apply to the same items that the present 2 per cent state sales tax applies to. Stores collecting the tax will remit as usual to the State Comptroller and he will send the city a check for its share, less his collection fee. One of the tax's merits is that it can be started and operated with so little effort and expense.

Another merit is that it favors those who are least able to pay — the older people on fixed income. Their principal expense items, — groceries, medicines, shelter and utilities — are not subject to the tax.

Some other items on which

sales tax does not apply are automobiles, gasoline, oil and alcoholic beverages, all of which are covered by state excise tax. Also exempt are cement and farm machinery.

Likewise an appealing feature is the fact it does not impose an additional load on property owners. This tax is based on spending rather than possession. People who buy more will pay more.

Expected revenue of a sales tax here, based on records of the Texas Municipal League, can be as high as \$12,000 a year. The city council, careful not to over-estimate, has set its guess at \$9,000. To raise that amount in ad valorem tax would require a one third increase. To raise it in sewer revenue would require a 100 per cent increase.

Shirley Klement Win Homemaker Title In MHS Test

Because she finished first in a written knowledge and attitude test for senior girls, Shirley Klement has been named 1968 Betty Crocker Homemaker of Tomorrow for Muenster Public School.

Shirley's achievement has made her eligible for state and national scholarship awards and also has earned her a specially designed silver charm from General Mills, sponsor of the Betty Crocker Search for American Homemaker of Tomorrow program.

This is the 14th year of the Search, started in 1954-55 to emphasize the importance of homemaking as a career. The 603,798 girls from 15,079 schools registering for the 1968 Search established a new record for the program.

Shirley is the daughter of Mr. and Mrs. Norbert Klement. Her home economics adviser is Mrs. Henry Weinzapfer.

Jamison Will Not Seek Re-Election

Alonzo Jamison, representative of Cooke and Denton Counties in the Texas Legislature, will not be a candidate for re-election this year.

As word of his withdrawal was received here, Walt Parker of Denton stated that he is a candidate for the job. Another reported candidate is Bob Scofield of Lewisville.

Jamison is a veteran member of the Texas Legislature, though comparatively new as a representative of Cooke County. He served for Denton County since 1954 and his district was expanded in 1965 to include this county.

Parker is a resident and business man of Denton presently in the realty and home building business and ranching. He is a native of Fort Worth, has degrees from NTSU and TCU, served in the US Air Force during World War II and the Korean War, was teacher and athletic coach before and since his military service. He has been in business and ranching since 1954.

Miss Linda Zimmerer returned to the University of Dallas Tuesday after spending the holiday recess with her parents, the Raymond Zimmerers and family. Donald Rohmer also returned to classes at the University of Dallas Tuesday after visiting his parents, the Arnold Rohmers and family. Registration for a new semester started Jan. 17.

Students, Parents Invited to SHHS For College Night

Muenster's first College Night, to be held next Tuesday night in Sacred Heart High School, will present an opportunity for high school seniors and juniors and their parents to get helpful information about college life. They are invited to come with questions on courses of study, costs, financial aid, school requirements, etc.

The program will begin with assembly in the gym about 8:10 p.m. (after church services.) Following introductions and an explanation of procedure, representatives of six institutions will be assigned to separate rooms for short talks about their schools and consultation.

Representatives expected and the rooms assigned to them are Mrs. Sybil Novinski of University of Dallas, Room 2, Mrs. M. Cain of St. Paul's School of Nursing, Room 8, Edward M. Tomsu of St. Edward's University and Maryhill College, Room 7, J. E. Tompkins Jr. of North Texas State University, Room 6, Miss Gertrude Gibson of Texas Women's University, Room 4, Dean Norris Scott of Cooke County Junior College, Room 5.

Presentations by the representatives are arranged for four separate periods so that students and parents who wish may attend more than one of the briefings. Before and after his talk each representative will be available for consultation.

Presentation periods are scheduled as follows, 8:30 to 8:50, University of Dallas; 8:50 to 9:10 St. Paul's School of Nursing and St. Edward's; 9:10 to 9:30, Texas Women's University and Cooke County Junior College; 9:30 to 9:50, North Texas State University.

Forms Ready for Scholastic Census

Census cards for this year's scholastic census will be ready for verification late this week or early next week. Superintendent L. B. Bruns said Tuesday that the preliminary job, which consists of filling each child's card with the required data, would be finished in a few days and the forms will be in the hands of parents promptly after that.

In preparing the forms information is taken from last year's census and this year's class rolls to see that all present students are listed. New students, who will reach school age on or before September 1, are listed principally from the pre-school roll.

Those records may possibly provide the complete list of scholastics for the census. However, if there are children of the eligible age not attending pre school they probably are not on the census list.

Parents of such children, if any, are asked to call the school office to make sure they will not be overlooked.

Filled out census cards are sent with children to the parents for verification and signature. Parents are urged to check them over and sign promptly so that the long job of listing names can proceed without delay.

Mr. and Mrs. Dolphy Joe Hellman and daughters have moved from 421 E. Fourth in the city to the country to occupy the house vacated by the Al Kleiss family when they moved to Subiaco, Ark.

Texas Voters Warned They Must Register

Texas voters are again warned that they must apply for a voter registration certificate the end of this month if they want to participate in this year's elections.

Application may be made either by mail or by personal appearance at the county tax assessor-collector's office or at a registration substation. (In Muenster the substations are Muenster State Bank and Tom and Jerry's Barber Shop.) A form for applying by mail is published in today's paper.

Endres Receives SCS Merit Certificate

Raymond R. Endres Jr., conservation technician with the Muenster Work Unit recently received a Certificate of Merit from John W. Tippie, area conservationist of Gainesville, for sustained above average work performance in the Muenster Work Unit.

In making the award, Tippie said Endres had been especially effective in helping landowners in the Upper Elm-Red Soil and Water Conservation District to apply conservation work during the past year.

Endres is responsible for the supervision and construction of all the engineering type practices in the Muenster Work Unit. He has taken the lead in

the area on designing and installing parallel terraces. He has done an outstanding job of assisting district cooperators with Great Plains Conservation Contracts in planning and installing grade stabilization structures in the extremely gullied areas of Montague County. Robert Brown, civil engineer, Gainesville, commented that Endres' past performance had been exceptionally above average this past year.

Endres has been an employee with the Soil Conservation Service for the past 17 years. He has worked at Muenster and Gainesville. He is a 1938 graduate of Subiaco Academy, Subiaco, Arkansas.

Muenster Teams Lose Games to Callisburg, Era

Muenster High basketball teams lost two twin bills during the week, dropping the season standing of both to 1-2. They bowed to Callisburg Tuesday night, to Era the Friday before.

The Hornets' game with the Wildcats was a humdinger, tied at the final whistle and won by the visitors in a hot over-time rally.

It started slow for Gary Sluder's boys, trailing by 10-5, and 22-16 ending the first two periods. But they had a strong third period for a 33-33 tie and gained to 3 points at one time in the fourth. With seconds to go and still leading by 2 they fouled, and Callisburg hit two free shots tying the count at 45-45. Over-time was Callisburg's and the final count was 52-47.

MHS scorers were Sam Sparkman 20, Mike Cason 11, John Monday 9, Tommy Henschel 7.

The opening game was less exciting as Callisburg's loop leading girls took an easy 60-33 decision. Linda Wilson scored 16 for MHS, Debbie Cain made 9 and Sue Flusche 8.

The girls made a better showing, but still not good enough, at Era last Friday. After dropping back steadily in the first half for a 27-11 count, they gained in the next half for a 41-31 finish. Linda Wilson with 15, Debbie Cain with 9 and Sue Flusche with 6 were MHS scorers.

Muenster boys had a miserable game at Era, with one of their players out of the game with flu and two others barely in it after their bout with the bug. Meanwhile Era's hot performance was up to par and Muenster was clobbered.

Garden Club Hears Mrs. Earl Fisher, Program Speaker

Mrs. Earl Fisher was program leader at Muenster Civic League and Garden Club's January meeting Monday night discussing "Dwarf and Miniature Trees."

She discussed various types of dwarf ornamentals with emphasis on citrus miniatures. These can be grown successfully indoors, she said, and are attractive and fragrant from blossoming time through green and ripened fruit. She displayed three miniatures, a matured tree and two others in different stages of growth.

Mrs. Ernest Jaska and Mrs. Victor Hartman were co-hostesses for the meeting in the TP&L community room.

After adjournment they served refreshments — a variety of fresh fruits and grapes, cheeses and crackers. The fruit tray was the centerpiece for the table.

Long Illness of Anna Markowitz Ended by Death

Miss Anna Markowitz, 88, one of the few remaining pioneers of this community, died Monday afternoon at 2:30 in Golden Years Rest Home.

Death brought an end to years of intense suffering from arthritis. She had been bedfast several years, at her own home and at the home of her sister. She was a patient at the rest home about 10 days after being at Muenster Hospital two weeks.

Funeral services were held in Sacred Heart Church Wednesday at 10 a.m. with Father Andrew Wewer officiating at the Requiem Mass, delivering the sermon and conducting graveside rites in Sacred Heart Cemetery, Nick Miller Funeral Home was in charge of arrangements.

Rosary services were conducted at the Miller Chapel Tuesday at 4 p.m. and at 8 p.m. The afternoon rosary was recited by the Third Order of St. Francis of which she was a member and by St. Anne's Society.

Bearers were Danny Eberhart, Damian Moser, Al Schmitt, Joe Sicking, Tony Trubenbach Jr. and Lambert Walterscheid.

Miss Markowitz was born in Germany on Aug. 13, 1879, and came to Muenster with her parents, Mr. and Mrs. Joseph Markowitz and their five other children when she was a young girl.

For 12 years, 1914 through 1926, Miss Anna Markowitz and her sister, Miss Mary Markowitz, were the local telephone operators. The Telephone Company's switchboard was in a small building adjoining their home on Sycamore St.

Surviving are one sister, Mrs. Luke Tempel of Muenster, and a number of nephews and nieces. Among those at the funeral were a niece, Mrs. Russell Herb and daughters Terry Ann and Patty Sue of Dallas.

Organ Concert by Gareld Payne Is Reset for Jan. 24

Gareld Payne's organ concert, postponed last Wednesday on account of the icy weather, has been reset for next Wednesday, Jan. 24.

The music director of Muenster Public School will perform in the school auditorium, starting at 8 p.m. Admission of \$1.00 for adults and 50 cents for students will benefit the high school band.

The program will include modern and classical numbers on the Wurlitzer organ.

Dimes March Here Again Sponsored By VFW Auxiliary

Muenster's 1968 March of Dimes campaign will again be sponsored by the Ladies Auxiliary to the Veterans of Foreign Wars, the organization that has for years been at the head of the annual drive for funds in this community.

Plans were mapped at the Auxiliary's January meeting Monday night.

Principal source of contributions will be the church door collection. That date has been set for January 28. Small can-tees will also be set up in business places. Mrs. Thomas Hesse is general chairman for the sponsoring group.

Participation in the March of Dimes is one of the January honor roll requirements. The other is a contribution to the Memorial Chapel in Austin. With the donation goes the privilege of inscribing the name of a deceased veteran. This year's contribution was given in memory of Danny Wilson.

In other business conducted by Mrs. Don Flusche, members made plans for a benefit Valentine dance and Mrs. James Mollenkopf accepted chairmanship of the committee in charge.

Members also discussed plans to attend the District I Convention at West Lake Tawakoni on Jan. 27-28. And decided to have a covered dish supper with VFW Post members as guests following next month's meetings of the two organizations.

Twenty-five members were present, Mrs. Emmet Fette won the door prize, and after adjournment the group joined the Veterans for a March of Dimes flick followed by a fried chicken supper.

'67 Was a Great Conservation Year In Local District

"1967 has been a top year for conservation activities in the Upper Elm-Red Soil and Water Conservation District," according to Harold Skaggs, Chairman of the Board of Supervisors. "We have so much to be thankful for and we have enjoyed the goodwill and support of so many people over the three-county district," Skaggs said. "We realize that without the help of the business and rural leaders we could not possibly accomplish what we are able to do each year," he said.

Among the many achievements in 1967 was the completion of five new floodwater

retarding structures; starting of construction work on the Choctaw Watershed near Sherman; hosting the State Great Plains Conservation Program Committee in Bowie in June; attending state and regional conferences for district supervisors; and conducting our regular district events such as our 18th Annual Awards Program Banquet in Denison, the 18th Annual Grass Judging contest, the 11th Annual Land Judging contest, and the 7th Annual Essay Writing contest.

"Conservation wise we take pride in the great accomplishments of individual conservation practices such as 17,000 acres of pasture planting; 293 new farm and ranch ponds; 153 acres of grassed waterways; 10,200 acres of brush

control and land clearing; 57 miles of new terraces with 40% of these parallel; 800 acres of critical area planting; 42,000 acres of pasture and range management; 16,000 acres of conservation cropping systems; and 27 grade stabilization structures," Skaggs said. "These are just a few of the many conservation practices being applied on farms and ranches in the Upper Elm-Red Soil and Water Conservation District," Skaggs added.

"Year by year we see more and more landowners become members of the Soil and Water Conservation District Program by participating in a conservation program on their land. This past year new conservation plans were developed on 223 farms and ranches in the district and 294 owners received assistance in revising and updating old conservation plans now on their land. We have 4,148 landowners in the district now participating in the program. This is about 70% of the total in the district," according to Skaggs.

"Our district is only 26 years old and it is recognized and known state wide as well as nationally for its great work in the field of soil, water and plant conservation. We hope we can continue to depend on help from all rural and urban residents in our district to carry forward our conservation program in the future," Skaggs concluded.

SH Junior Teams Lose Three Games

Seventh and eighth graders of Sacred Heart School lost all three of their games last week Thursday and Friday. Boys and girls were swamped at Lindsay and the boys fell short in a big effort with the youngsters of Fort Worth Country Day School.

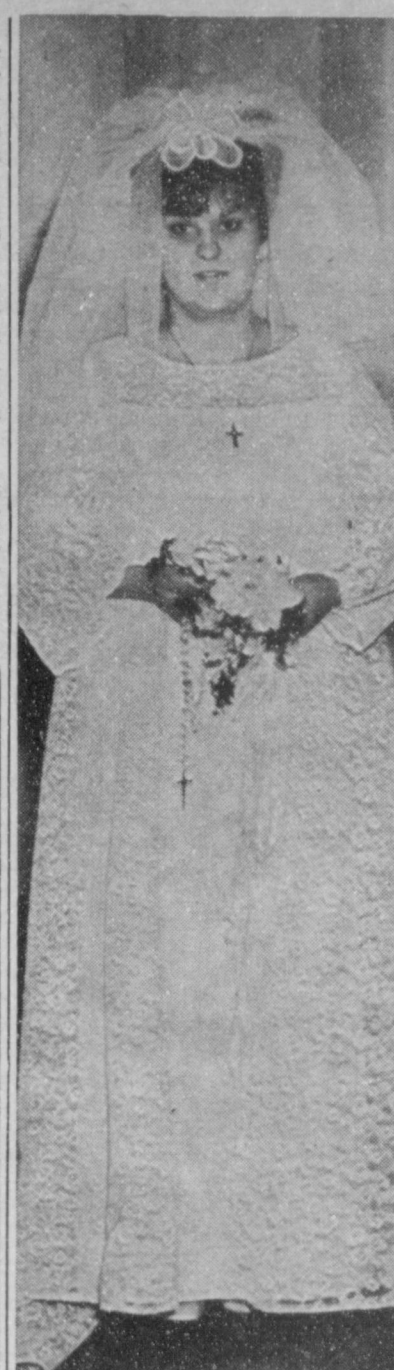

Score of the girls' game at Lindsay was 40-9 with Darlene Wolf making 7 and Nancy Fuhrman 2 of Sacred Heart's points. Lindsay leaders were B. Bezner 14, B. Rohmer and J. Fuhrmann 8 each.

Next game was even more decisive, 48-6. Duffy hit 14, McCollum 12 and M. Metzler 8 for Lindsay. Allan Miller

scored 3 for Sacred Heart.

Friday night's junior game was a preliminary to the Tiger game with Fort Worth Day School. For three quarters the host team gained and scores ending the periods were 5-4, 15-7 and 25-9. Then Coach Tom Williams sent his lads into a full court press and they started closing the gap. However they did not quite overcome their deficit. Final count was 25-23. Allan Miller and Ronnie Hess scored 6 each, and Gene Hess and Gary Endres made 4 each.

Thirteen pieces in a "baker's dozen" originated when King Louis of France warned all bakers who gave under measure that they would be beheaded.

Juanita Smith and C. F. Walterscheid Say Vows at Mass

Sacred Heart Church was the scene Saturday for the wedding of Miss Juanita Smith and Conrad F. Walterscheid who pledged vows in a double ring ceremony at Nuptial Mass. Father Benedict Buerger officiated at the 4 p.m. service.

Parents of the couple are Mr. and Mrs. E. S. Smith of Pasadena, Texas, and Mrs. C. M. Walterscheid and the late Mr. Walterscheid.

Given in marriage by her father, the bride wore a white Chantilly lace cage over peau de soie. Lace formed the long bell sleeves and swept into a Watteau chapel-length train. Her bouffant veil was elbow length and her flowers were white gladiolus atop her prayer book. The prayerbook is a gift from her godparents, Mrs. Donald Walterscheid and Herbert Walterscheid. She carried a crystal rosary, a gift from the bridegroom.

Bride's four attendants and flower girl were identically gowned in floor-length royal blue velvet dresses, accented with matching velvet ribbon and bow at the Empire waistline. Their veiled headpieces matched their dresses and each carried a long-stemmed white mum except the flower girl whose bouquet of white mums was handed to the bride after Mass for presentation on the Blessed Virgin's altar.

Mrs. Thomas J. Anderson of Pasadena was matron of

honor, Mrs. Virgil Evans of Millsap, both friends of the bride, Miss Margaret Ann Lawson of Gainesville and Miss Lisa Mollenkopf, nieces of the groom, were bridesmaids. Little Miss Connie Walterscheid, another niece, was flower girl.

Kenneth Walterscheid was best man for his uncle, Dale Hofbauer, a cousin, and the bride's two brothers, Ricky and David Smith of Pasadena were groomsmen.

Tommy Walterscheid, a brother, and Adam Wolf Jr. were ushers.

Mass music was by the men's choir and Anthony Luke, organist. Wedding professional was from "The Sound of Music," and Gareld Payne played flute accompaniment to the organ.

Mrs. Leo Lawson and son Jimmy Lawson of Gainesville sang "On This Day" before the ceremony and "Mother at Your Feet" after the service during the presentation of the bouquet at the Blessed Virgin's shrine.

Wedding reception and buffet were held in the Parish Hall for some 275 guests. They were registered by Miss Caryl Matthews of Midland and Miss Mary Jo Chadwick of Fort Worth.

The bride's table, adorned with white wedding bells and blue and white pompon mums held the four-tiered wedding cake.

Following a short honeymoon the newlyweds are at home at 114 Oak St. She is a graduate of North Texas State University and is the fifth grade teacher at Muenster Public School. He is a graduate of Muenster High and is in oil field work for James C. Roberts.

For traveling the bride wore a light blue suit with royal blue accents and white lizard accessories.

Mrs. Smith attended her daughter's wedding in a horizon blue dress topped by a full-length matching coat and matching accessories. The bridegroom's mother wore a rose brocade coat-dress ensemble with winter white accessories. Both had white carnation corsages.

Seems good to be back on the job even in a "limited" capacity. Got a lot of new merchandise in. Some new weapons and ammunition for the battle of the bugs, including a barrel of that good cheese-flavored Killko rat bait. At our price it makes keeping rats a very expensive luxury.

TOP DRESSING your wheat?

Switch to NIPAK UREA 45 and get 35% more nitrogen per pound than with any other solid nitrogen fertilizer!

HIGHER YIELDS ARE IN THE BAG WITH NIPAK UREA 45!

Right off, the big plus with Nipak Urea 45 is in the time and labor savings to you! Efficiency goes up because a higher concentration of nitrogen means less handling, fewer applications, and increased storage space because fewer tons are needed. Another big plus with Nipak Urea 45 is uniform distribution. Because it's a free-flowing, uniformly prilled fertilizer, it handles well in all mechanical equipment. Nipak Urea 45 is also non-corrosive and won't harm expensive farm equipment. Of course, the biggest plus of all is at harvest when you get higher protein, higher yields and increased profits—all because the proper amounts of nitrogen were added to crops at the right time! (Wheat belt farmers report as much as \$2.50 to \$3.50 return per dollar when they invest in Nipak Urea 45). Go see your dependable, helpful Nipak fertilizer dealer this week and ask about quality controlled Nipak Urea 45.

Tiger Cagers Win At Cowtown and Lose at Wichita

Sacred Heart Tigers won one and lost one in their past week's activity and Tiger B stringers lost their only game.

The lone win was in Fort Worth, a 47-40 decision over Fort Worth Day School.

The game was a hot one all the way and the Tigers led by scores of 10-8, 23-22 and 32-31 at the end of the first three periods before extending their lead slightly in the last for the 47-40 count.

They won at the free throw line, says Coach Tom Williams. They hit 15 of 27 while the opponents made only 4 of 19. Leading Tiger scorers were Tom Hess 14, Paul Hoedebeck 13, Stan Endres 10, Lee Roy Hess 9.

The other Tiger game, at Wichita Falls, was just an easy practice for Notre Dame. Final count was 72-18. Best scorers for Sacred Heart were Lee Roy Hess 8 and Stan Endres 5.

Notre Dame's B team gave Sacred Heart B about the same treatment in the preliminary game. The score was 56-16. Gilbert Hess made 9 and Melvin Schilling 4 for Sacred Heart.

Next on schedule for the Tigers is a KC tournament at Bishop Dunne High in Dallas. They will play Saturday noon against winners of the Notre Dame-Bishop Dunne contest.

Mr. and Mrs. Norman Koelzer and daughter have moved to town to occupy the Joe Luke rent house at 233 W. Fourth. They had been living on the Ed Hess farm.

Confetti

... we should refrain from any dealings with him.

Most important of all, our experience in Korea should have taught us that we want no more negotiations with the communists. That farce taught us a big lesson. Talks at Panmunjom dragged through 575 meetings in two years before a cease-fire was signed. Meanwhile over 20,000 American soldiers were killed as the reds continued their guerrilla attacks. And after 16 years there is still no peace in Korea, and we keep two army divisions there on guard.

With such facts in mind, does anyone think it's wise to beg again for negotiations? Common sense has the answer for us. Our only course is to go for complete victory and unconditional surrender—after which we can dictate instead of dicker.
