VOLUME XXXVIII

MUENSTER, COOKE COUNTY, TEXAS 76252 OCTOBER 25, 1974

NUMBER 49

If the West Texas Chamber of Commerce was successful in selling its idea to President Ford, there's ample reason to expect fruitful agreements from the meeting of US and Mexican presidents at the border this week.

The report is that Echeverria would be willing to let this country buy some of Mexico's oil if we will work out a good bracero program allowing Mexican nationals to come here as migrant farm workers.

It's hard to imagine a better deal than that. Because of the energy crisis we need and want whatever additional oil Mexico can spare. And the report of a fabulous new discovery makes it likely that Mexico should soon be abundantly supplied. At the same time Mexico wants jobs for many thousands of its unemployed and lots of American farmers are begging for help.

One roadblock to the deal appears to have been set up by a statement from the American Embassy in Mexico saying that US already has a surplus of farm workers and wants no more braceros. West Texas C of C could not accept that view and initiated a survey to determine the actual condition. According to that finding some 55,000 braceros would be welcome in 132 counties of West Texas and probably as many as 100,000 in all of the state.

No mention was made of farm workers needed in other states, but if demand there is proportionate to that of Texas, one can assume that a million or more workers would be welcome.

One wonders about the discrepancy in reports of farm workers needed here. Perhaps it reflects the same condition as several years ago when statistics truthfully reported many thousands of unemployed and someone therefore assumed that plenty were available for farm work. But assumptions overlooked the fact that average unemployed will not accept farm work. They aren't satisfied with the pay scale or the stooping type of labor. The over all result is that this country may have a surplus of workers while at the same time having a shortage of farm workers.

One thing is certain. West Texas C of C knows the score in this situation, so we can bet that it has offered some sound advice to President Ford. This is advice not only to please a friendly neighbor but also to attain a bigger harvest of US fruits and vegetables. Too often crops went to waste in the fields while US consumers were paying dearly for short supplies of those items.

Anybody who drives a car must be irritated lately by reports that auto insurance is due to take another jump soon. Requests by the companies are backed by the fact that inflation has hit auto repair, hospital care and those other costs which make up insurance claims.

No one can argue with that, but isn't it about time to consider the people who do not cause the companies to pay the inflated claim prices? We are thinking particularly about the good old Joes who keep on paying year after year, at constantly increasing rates, and never file a claim for payment.

Well, since the companies are pointing at people who cause costs to go up why doesn't someone come out in defense of people who don't cause costs to go up? Why not work out some arrangement whereby a person with a long record of filing no claim can be exempt from those rate increases? Better still, why not start refunding after a number of years of a good record? One would think that after paying hundreds of dollars over a period of several years, and causing the company no expense whatever, a person would deserve special consideration.

President Ford deserves 100 per cent support from every American in his proposals to whip inflation. There are lots of things we as individuals can do and sacrifices we can make in order to make our dollars stretch farther. Instead of demanding more for services and goods we've got to start giving the other fellow a better deal.

There's no doubt about it, if we adopt that policy and keep it going we can develop the opposite spiral of gradual- (Continued on Page 10)

Dan Bezner Wins In Third Stage of PPK Competition

Dan Bezner, winner of the 10 year old group in Punt, Pass and Kick competition in Muenster and Wichita Falls, was also the winner at Dallas Saturday. His score was 239%, a gain over the 217 at the zone contest but less than the 296% in the local contest. Dan is a son of Mr. and Mrs. Weldon Bezner of Lindsay.

By his achievement he qualified for the next elimination, which will be held at Texas Stadium on November 10, at half time of the game between Dallas Cowboys and San Francisco 49ers. And the six winners of that event will advance to the December 15 game at Washington D.C.

Bezner's winning to date has earned a trophy in each of the three contests plus a custom made Cowboy uniform which he will wear at the next contest.

This is the second time Bezner has advanced this far in the nationwide PPK competition. In 1972 he was the 8 year old winner in local, zone and district contests.

Two other winners of the local contest also won first place at the zone contest and competed in the district at Dallas. Mike Bedrick, 9, tied for first place with a score of 217% but lost in the contest to break the tie. And Gary Dankesreiter, 8, failed to place in the top three of his age group. Each age group had 13 entries at the contest.

The winners and their scores were announced as follows. Age 8, Rob Vance, Richardson, 197%; Age 9, Scott Church, Stanton, 217%; Age 10, Dan Bezner, Muenster, 239%; Age 11, Ricky Jarvis, Andrews, 262; Age 12, Charles Bruce Brownfield, 289%; Age 13, Robert Smith, Dallas, 335.

Panthers Trip Tigers 18-14

Two factors combined Friday night at Saint Jo to turn back the Sacred Heart Tigers by a score of 18-14. One was the outstanding passing of the Panther quarterback Curtis Goff. The other was two failures of the Tigers to keep going when they were in scoring position.

Coach Steele's boys finished their drives twice and they could have won by finishing either of the other two.

Nevertheless Sacred Heart turned in a fine record. It led 19-14 in first downs and 323-280 in total yardage.

Craig Sangster gets the credit for the lion's share of that yardage. He made a habit of gaining 5 yards or more per carry and was outstanding in second and third efforts, often getting an extra two or three yards with a pair of tacklers hanging on. Unfortunately, however, the Tiger who has been the rushing leader all season was not there to give his help. Mark Hess was sidelined with an ankle in a cast.

The Sacred Heart boys fumbled the ball away on their second play and had it kicked back to them four plays later. Then, with 95 yards to go they

Pictures, Posters Tell About Show Coming Nov. 3, 4

Members of Muenster Hospital Auxiliary have been busy not only rehearsing for their variety show coming Nov. 3 and 4, they've also been busy taking pictures and making posters in advance advertising for their hospital benefit. This year's show is titled "It's a Big, Wide, Wonderful World."

Pictures show actors and actresses in native costumes they will wear as they dance and sing their way through 50 countries. The script is loaded with comedy. Posters are displayed around town in business places.

Mrs. Richard Pagel is publicity chairman for the production directed by Mrs. Arthur Bayer and scheduled for showing two nights in Muenster High Auditorium.

Mrs. David Bright is ticket chairman. Advance ticket sales are being conducted now. Tickets also will be available at the doors Nov. 3 and 4

Friday Will Be Parents' Night at Sacred Heart High

Friday night will be parents' night at Sacred Heart High. It is the annual occasion at which members of the Tiger football squad are introduced before the game with their parents. Fathers will appear on the field with their sons and mothers will be introduced in their reserved area in the grandstand.

Friday is also senior night, when all seniors of the team will be captains for the game.

Sacred Heart's opponent for this event will be the Cistercian Hawks of Irving who are expected to be one of the toughest teams on the Tiger schedule. The exact record to date is not known here but power is apparent from the fact that the Hawks have a 22-15 decision over Notre Dame of Wichita Falls plus close losses of 23-21 to Trinity Valley and 14-0 to Tyler Gorman. On the basis of those records the visitors should rate as favorites over the Tigers who have a present standing of 3-4.

Nevertheless Coach Bob Steele has other ideas about the game. Considering that his boys, without the help of their leading rusher, Mark Hess, held Saint Jo to the slim win of only 18-14 last week, he feels that they will be at their season's best this week. A big reason for that is the big improvement of Craig Sangster who had a great night at Saint Jo.

Fortunately, also, all the team survived the last game in good condition. It should be at full strength Friday.

Dress Code Told For Students of Muenster School

Trustees of the Muenster school district in their October meeting adopted a dress code to insure the modest and inoffensive appearance of all students and maintain the school's reputation for the neat and well groomed appearance of its students.

Particulars of the code were specified as follows. No part of the torso may be exposed. Throat, neck and arms may be exposed but not the shoulders. Skirt and dress length must be sufficient so that sitting, bending or standing the girl's body is modestly covered. Garments worn so tight or cut so low to reveal the exact contours of the body will not be tolerated.

Blouses and skirts obviously designed to be tucked in must be tucked in. Distracting and offensive designs and garment combinations will not be condoned. Athletic clothing may be worn only when students are involved in athletic activities or classes that require such clothing. The wearing of football jerseys by members of the team on afternoons of their games is permitted.

Students with badly frayed, badly torn or offensively dirty clothes should make, and be allowed to make, suitable arrangements to correct their appearance before going to class. Dirty, matted and uncombed hair will not be tolerated at any time. Neither boys nor girls can be allowed to comb their hair so that it impairs their vision or requires frequent "sweeping" away from the face, or is an annoyance to others. Boys' hair should be trimmed neatly and must clear the collar of a standard shirt in back. The side hair cannot extend below the middle of the ear. Sideburns extending below the earlobe, mustaches, and beards are not allowed.

Parents are responsible to see that their children have clothes in compliance with the code and that the children leave home properly dressed and groomed. Any student able to read and understand the code will be held accountable for his or her non-compliance. Members of faculty and administration are responsible for enforcement of the code on school premises or when students are representing the school.

Garden Club Will Collect Friday For Cemetery Fund

Semi-annual collection for Sacred Heart Cemetery will be conducted by the cemetery committee of Muenster Garden Club next Friday, Nov. 1, All Saints Day.

Members of the club will be at the church doors to accept donations after all services for that day including the evening Mass on Thursday, Oct. 31.

Funds received are used for the cemetery's general maintenance.

Thanksgiving Meal At Hood Saturday

Annual Thanksgiving supper sponsored by Hood Community Club will be held Saturday, Nov. 2, beginning at 5 p.m. in the club house.

Menu includes roast turkey with all the fixin's, coffee or tea and homemade pie for the price of \$1.50 for children under 12 and \$2.50 for adults.

It's a benefit for club projects and everyone is invited to attend. Club women are preparing for a large crowd.

Scouts to Collect Good Will Items

A collection of used clothing, household items, toys, etc., for Good Will Industries will be sponsored on Sunday, November 3, by the Muenster Boy Scouts.

According to plans made at their meeting Monday night, the Scouts will distribute bags next Monday evening, the 28th, at front doors throughout the town.

People are asked to package whatever they can give in the bags or place it beside the bag on their front porches. Scouts will gather the items on Nov. 3, starting about 2 p.m.

Hornets to Start 13-A Race Friday At Callisburg

Beginning this week the Hornets will play for the record. It will be their first game in the District 13-A title race which was started last week by the other four teams while Muenster had an open date.

As a result of those two games Archer City is out in front with a 43-6 win over Callisburg, and Windthorst and Holliday share second place following their 6-6 tie.

In this week's action Muenster will meet Callisburg and Windthorst will play Archer City while Holliday has an open date.

Going into their game the Hornets, with a perfect 6-0 record, will be strong favorites over the lightweight Wildcats with a disappointing 2-5 record.

Nevertheless Callisburg cannot be taken for granted. It has a pair of speedsters who can make the big play if permitted to get loose. The Hornets' principal concern will be to prevent any such break aways.

Regarding his own team Coach Neal is grateful for an open date last week when he was haunted by the worst array of injuries of the season to date.

Two of the boys still are not back to normal and are doubtful for Friday's lineup. They are Darren Neal who has shed a cast after wearing it a week on his sprained ankle. The other is Randy Wolf who had a severe and painful bruise of the ankle. Both are key men on the team. Wolf as quarterback and Neal as fullback.

Three others who will be ready to go are Tom Bright, Harold Sandel and Danny Fisher. Sandel is recovering after a virus problem that kept him away from practice a week. Bright and Fisher were hurting from the Notre Dame game.

Still another Hornet is lost for the rest of the season. He is John Eckart with a fractured wrist.

Selby Fielder, 62 Former Resident Dies in Ft. Worth

Funeral services were held Monday at 1 p.m. in Fort Worth for Don Selby Fielder, 62, of that city, formerly of Muenster. He died of an apparent heart attack Thursday afternoon in his cabinet making shop.

Following services in Owens and Brumley Funeral Home Chapel, burial was in Laurel Land Cemetery in Fort Worth.

Selby Fielder was born April 11, 1912, in Henrietta, son of the late Edna and Thomas Fielder of Muenster. In young manhood he went to West Texas and after living in Muenster went to Fort Worth where he resided the past 35 years. He was a partner with Clinton C. Woolverton in the cabinet making business.

Survivors are his wife Winnie Gale; one son Tommy Fielder of Dallas; two daughters, Rowena Baker of Dallas and Rosemary Wickson of Denton; and one step-son B. J. Young Jr. of Fort Worth.

Eagle Scouts at Cowtown Banquet

Muenster's three Eagle Scouts of the present year were in Fort Worth last Saturday night for the annual Eagle Scout Appreciation Dinner sponsored by the Longhorn Council of the Scouts. They were Tom Bright, Paul Reiter and Ronnie Weinzapfel.

Each of the boys received a small US flag as a souvenir and a commendation certificate on having reached the highest rank of the organization. Tom Bright was on the program, as leader in reciting the scout oath in the closing ceremony.

Attending with the boys were Scoutmaster and Mrs. Wilfred Reiter and Mrs. David Bright.

Mr. and Mrs. Mark Kuta, Mark Jr., Cathy and Dane of Shawnee, Kansas, were among guests at the Schumacher-Odell wedding and visited other relatives before going to Houston to visit his parents. They were houseguests of Mrs. Kuta's sister and husband, the Joe Kneppers at Gainesville.

Standard Time Returns Sunday

After ten months of Daylight Saving Time the country will return to Standard Time at 2 a.m. next Sunday. The change is in compliance with congressional action which ended an adventure into year long DST as a means of conserving energy.

Experts estimate that the venture saved as much as 100,000 barrels of oil a day. However widespread complaint about starting winter days in the dark led Congress to make a change — but also to compromise with conservationists by adding two months to DST. Officially the country will be on DST for eight months and on Standard time for four months.

Changing time is the last Sunday of October and the last Sunday of February. That means the coming Sunday and February 23, 1975.

People are reminded to set back their clocks one hour sometime Saturday night in order to be on schedule Sunday. If they don't they're going to miss a delightful hour of extra sleep and maybe find themselves in church an hour early.

Councilmen See TV Show of Local Water Tank Repair

Members of the Muenster city council spent a part of their meeting time Monday night seeing a closed circuit TV show of work on the water tank repair project.

Workmen in the tank above directed their camera on many areas and explained work that was done as well as work to be done. At that time they had completed the original sand blast and filled pitted places with welding metal, then ground the weld's surface to make paint adhere better.

Next step is a fine sand blast to remove whatever rust started forming since welding and grinding, then cover with a primer coat of paint. That's to be followed by three coats of plastic paint and 72 hours of idle time to let the plastic cure before water is turned in. The tank is due to be back in service early next week.

Also included is an outside paint job matching the former blue color as closely as possible.

Back at the city hall the council had a short session consisting mostly of approving bills for payment. In addition it decided to change from semi-monthly to monthly meetings, effective next month.

Scotland to Host CSL October 27

Fall meeting of the Northern District of the Catholic State League will be held Sunday, Oct. 27, in Scotland with St. Boniface Parish as host.

Meeting will get underway after benediction at 1:30 p.m. Mrs. Paulette Standifer of Dallas who is outstanding for her Pro-Life affiliations will be principal speaker. Her topic will be on the Right-to-Life.

SH-Notre Dame Game Cancelled

The eleventh game on Sacred Heart's football schedule has been scratched. Coach Bob Steele has been informed by Notre Dame of Wichita Falls that the game was booked by mistake and the Knights are obligated to play the B team of Wichita Falls Rider, which had previously contracted for the date.

Accordingly the Tiger season will end with the Valley View game on November 8, as originally scheduled.

The program, entitled "Breast Cancer Where We Are" features Jennifer O'Neal as head of the cast. Afterward a physician will be available to answer questions.

Opportunity knocks. Temptation kicks the door down.

Deposits Decline Loans Increase At Muenster Bank

A possible sign of a slow down of the nation's economy was seen this week in a decline of bank deposits for the past three months in Muenster and on a county wide basis. However loans continue upward.

Responding to the call for a statement of condition as of October 15, Muenster State Bank reported total deposits of \$7,705,967.05, which represents a loss of \$228,633 since June 30 but a gain of \$562,716 for the past year.

Total loans were reported at \$3,294,608.63 for a gain of \$55,655 for the past three months and a gain of \$344,686 for the past year.

The same trends apply to the combined deposits and loans of the four banks of Cooke County. Their total deposits were reported at \$58,838,575.86, which is \$2,102,851 more than a year ago but \$1,360,173 less than six months ago.

As at Muenster, total loans of the four banks increased for both the year and the quarter. The report as of October 15 shows \$32,631,758.37 as the county's total, a gain of \$4,057,626 for the past year and a gain of 673,865 for the past three months.

Muenster Student Admitted to A&M Ross Volunteers

Daniel H. Fette of Muenster has been inducted into Texas' oldest student organization. He was accepted Thursday into the Ross Volunteers, elite honor military unit at Texas A&M University.

The company was organized in 1887. It is officially recognized as the honor guard for the governor of Texas. Membership is limited to seniors and juniors of TAMU's Corps of Cadets.

Cadets are selected in the fall semester of the junior year on the basis of academic standing, military achievement, character and student activities participation. Senior activities make new member selections.

A firing squad drawn from the Ross Volunteers Company fires at Silver Taps, the student body salute to Aggies who have died, and at the famous Aggie Muster on April 21.

The Ross Volunteers also march as a special unit in several parades, including Mardi Gras at New Orleans.

An architecture major, Fette is the son of R. N. Fette, a member of Company I-1 in the Corps of Cadets.

Rev. Hubert Neu Made Monsignor

It's Monsignor Hubert Neu now. He is one of six Fort Worth priests elevated to the papal rank by Pope Paul VI and announced by Bishop John J. Cassata the past week.

Msgr. Neu is pastor of St. Matthew's Church in Arlington. He helped build the parish which has just celebrated its tenth anniversary. He was its first pastor. Other parishes he served are in Dallas, Ennis and Wichita Falls.

Son of Mr. and Mrs. Joe J. Neu of Lindsay, Msgr. Neu was ordained to the priesthood on May 28, 1955.

Rumors of Rape Are Unfounded Says McDonald

People who were alarmed by rumors of a recent rape in Muenster were assured this week that the story is a false alarm.

James McDonald, police chief said he has investigated a report that two men, one white and one black, criminally assaulted a woman of this city, and has found no evidence whatever to substantiate the allegation. He further stated that he has spoken to the alleged victim who states that the report is false, that she made no such report to any law enforcement officers, and that she made no statement that could have started the rumor.

McDonald said he has had many inquiries from women who are frightened by the report and he wants them to know their fears are unfounded.

Garry Fetsch Is Among Who's Who

Garry Fetsch, Sacred Heart High senior, has been notified that he has qualified to be featured in the eighth annual edition of Who's Who Among American High School Students, 1973-74, the largest student award publication in the nation.

Garry is the son of Mr. and Mrs. Paul Fetsch. He is active in the parish Catholic Youth Organization, is a member of 4-H and has held several offices in his clubs, is a member of the National Honor Society of which he is currently treasurer, and is treasurer of the senior class. In his freshman year he was class president.

In addition to having his biography published in the book, Garry will also compete for one of ten scholarship awards of \$500 to \$1,000 funded by the publishers and will be invited to participate in the firm's annual "Survey of High Achievers."

Students from over 20,000 public, private and parochial schools throughout the country are recognized in the books for their leadership in academics, athletics, activities or community service. Less than three per cent of the junior and senior class students nationwide are awarded this recognition of listing as Who's Who.

Muenster JV and Celina Tie 6-6

An outstanding performance by the boys up front, both offensively and defensively, enabled MHS junior varsity to take the lead in statistics and tie the score at 6-6 in their game with the Celina youngsters here last Thursday.

They were handicapped by the absence of quarterback Nick Walterscheid, who was hobbling at the sidelines with a sprained ankle. Nick's brother Neil did fine as a replacement but Nick's passing and scrambling ability was definitely missed.

Another factor was the speed of two Celina backs, both potential game breakers. The forward wall consistently nailed them at the line or behind and also blocked well to help Muenster backs with steady gains.

A touchdown run for 66 yards by Atkins and a long gain of 40 by Johnson account for most of the visitors' total rushing of 123. Otherwise they had a net gain of only 17. Meanwhile the future Hornets ground out a total of 157. MHS also led 11-6 in first downs.

Muenster got a break on the first play as Bryan Sickling recovered a fumble on kickoff with 36 yards to go. Five plays went to the 9 and the next series lost yardage.

Promptly after that Johnson got away on a 40 yard romp to the 20, then Celina lost ground on the next four tries.

And just before half time a blocked kick gave Muenster a set up on the 12, but a fumble on the 2 four plays later ended the threat.

After intermission MHS moved briefly and fizzled and Celina took possession on its 34. That's where scatback Atkins broke through and flew all the way.

As the final period started MHS made two first downs and fell short by a yard on the next series. Four plays later Celina had to punt and the young Hornets had another chance with 39 to go. Eight plays plus 15 free yards on a face mask tackle made the distance. Neil Walterscheid gained the final foot.

Boys who made the principal gains were Gary Hermes, Jim Koelzer and Byron Sickling. Standout helpers of the line were Terry Lewis, Mark Cler, Albert Zimmerer, Bert Walterscheid, Fray Webster, Calvin Otto, Doug Cler and Kim Walterscheid.

PTO Group Faces Full Program at Monday Meeting

Members of the Muenster Public School PTO had a full program at their October meeting Monday night in the school auditorium.

Among highlights of the meeting were adoption of a new constitution, panel discussion on the school lunch program, final plans for the Halloween party, introduction of teachers of the month, and a program by fifth and sixth graders.

Mrs. Eddie Fleitman opened with prayer and the group joined in the pledge of allegiance.

The membership chairman reported that the fourth grade had 69 per cent of parents as members and the dress code committee reported that regulation presented to the school board had been adopted as regular dress code regulations.

Mrs. Judy Flowers reported that a suitable sofa had been found for the home economics department and members approved purchase of a few more things to complement the department. She also said the faculty lounge is being redecorated.

Teachers of the month were introduced by Superintendent Bruns, Principal Cash and Rudy Koelzer. They are Mrs. Loretha Cash, Mrs. Barbara Robinson, and Mrs. Juanita Walterscheid. Each was presented a red carnation in a bud vase.

Fifth and sixth graders, under direction of their teachers Mrs. Juanita Walterscheid and Mrs. Prudence Selby, presented a skit entitled "Boogie Woogie Ghost." Charlotte Johnson gave an explanation of the JETS club.

Forum topic on the lunch program was paneled by Mr. Bruns, Robert McDaniel, Mrs. Don Flusche, and student representative Leo Lutkenhaus. A 15-minute discussion period followed with a motion approved by the PTO to commend the cooks, administration and school board for their efforts in providing balanced meals for the students.

Announcements included the Halloween party for grades K-6 Oct. 31 at the elementary school from 6 to 8 p.m. and that the annual eye and ear checkups would be conducted Oct. 23 and 24 by the school nurse with assistance from Mmes Collette Biffle and Mary Jane McElreath. After adjournment, coffee and cookies were served by the junior class.

Tiger Cubs Dump Saint Jo Kids 28-0

The Tiger Cubs of Sacred Heart Elementary were at their season's best Tuesday night in rolling over the Saint Jo kids 28-0. It was a game in which the Cubs depended almost entirely on rushing for a total of 247 yards and the Junior Panthers completed 15 of 28 passes for 134 yards. Otherwise SH gained 15 on its only pass attempt and Saint Jo had a rushing net of 1 yard.

The big reason for Saint Jo's short yardage is that runners or the quarterback were frequently caught behind the line. Some who got those tackles were Mike Bayer, Phil Walterscheid, Paul Bartush and Dick Dangelmayr.

After holding the hosts on their second series Sacred Heart made a nice 70 yard drive in five plays for the first score. Joe Bartush made 46 of those yards in 3 plays, Jeff Hess made 8 and Bert Hesse went 16 behind fine blocking for the TD. Bartush upped the score to 8-0.

The Panthers came back with a 50 yard drive that reached the 20 before it was spoiled by Gene Luttmir's interception. Then the Cubs went the other way for 87 yards in 16 plays. Best gains were 15 on a pass interference ruling and 15 by Bartush. The scoring play was an option with Luttmir pitching to Bartush just as he was tackled. It went for 9 yards, Jeff Hess ran for 2 extra points.

Again in the third quarter Saint Jo gained for a while then fumbled and Dick Dangelmayr recovered on the last play of the third quarter. Two plays later Bert Hesse got loose for a 50 yard romp to the goal.

Promptly after that a fumble recovery by Phil Walterscheid gave the Cubs good position on the 32. Six plays reached the 7 and Luttmir went in from there.

A firm sent an overdue bill to a customer on which this notation was added, "This bill is now one year old." The bill was returned with, "Happy Birthday."

Forestburg News -

in the area. Robert said he used to do a little of that himself. I remember the meat-man coming around a couple of times a week, also a peddler of fruit and vegetables. Wouldn't it be nice if that could still be done — in a modern way — and cut out some of these middle men. However, there seem to be laws against almost everything these days.

Laura Belle Jackson had husband Ted take her over to Decatur Thursday p.m. Seems Laura Belle spent Friday and Saturday managing daughter-in-law Eva Jo Jackson's fabric shop. Billy Ray and Eva headed for Nashville to take in the Grand Ole Opry and do some sightseeing. Seems Laura Belle came home Sat. p.m. sick with the virus. Maybe Forestburg is healthier than Decatur.

Willie Kuykendall is back in the news again. Not a birthday this time but certainly another milestone in his and wife Ida's life. They celebrated their 60th wedding anniversary Oct. 11. An open house and reception was held at the Forestburg Community Center Oct. 13 from 2 to 5. Their six children were present: Mrs. Lois Rich of Citrus

Heights, Calif., Mrs. Willie Mae Richardson of Dallas, Mrs. Treva Cook of Rosston, Mrs. Melba Defoor of Irving, Mrs. Jimmie Britian of Free-mound, and Garland Kuykendall of Pine Bluff, Ark. Needless to say there were many grandchildren, relatives and friends and well wishers there from far and near. Some 139 signed the guest book. However, Willie was more interested in the money tree and gifts than any of the statistics. Willie and Ida were born and raised in this community and raised their children on a hundred acre farm southeast of the burg. I couldn't help but think as I looked at these two grand people of all the hard work, sacrifices and other things that go with raising a family especially through the depression. The droughts, floods, sicknesses and hardships that people raised up in this day and age have no idea about at all as they merrily go along their ways. Back in

Willie's family raising days folks didn't blame the government when things got rough or expect the government to do everything for them as we are inclined to do today. Well, anyway — the best of everything to you Willie and Ida. May you have many more happy years.

Mr. and Mrs. Joe Odom and three children and a friend Vickie all of Grand Prairie were Oct. 19-20 guests of the Johnny Britians of Free-mound. Mrs. Odom is Johnny's sister.

My husband and I visited Johnny Moore in Bowie Hospital Oct. 20 and he was in good spirits. He told us that Durward Williams had gone home Oct. 19. Said Durward seemed fine — just thought I'd add this little item as I close out for this week.

You can never get ahead of anyone you're trying to get even with.

Reducing plan for energy users

Plan D
How to save electricity when using washers and dryers

1. Choose proper wash cycle. ("Hot" setting isn't necessary with most modern fabrics.)
2. Use long wash cycle only with full laundry load.
3. If washer has water level control, choose level to match load size. (Saves hot water and energy used to heat it.)
4. Clean dryer's lint filter after each load to help dryer efficiency and reduce drying time.
5. Don't overdry clothes. Set timer according to garment's fiber content.
6. Sort clothes for drying by weight and texture of fabric to avoid extra run-time for 2 or 3 slow-dry items.
7. Vent dryer to outside to prevent indoor moisture build-up. Follow manufacturer's operating instructions carefully.

Conserve electricity and you help conserve one or more of the fuels needed to produce it: natural gas, coal and oil. Conserve fuels and you help assure that there will be enough to meet essential needs for electricity in the future.

When you pass a TP&L office, warehouse, generating plant or other facility, you'll see that we've turned off all non-essential lighting. And, in as many other ways as possible, TP&L is reducing its own uses of electricity.

If you would like additional information on conserving electricity, call or see the Customer Service Representative in the TP&L Office.

1975 Ford Granada
Elegance in a new efficient size.

GRANADA 4-DR. GHIA

The Design:

Ford Granada is designed to help deal with such problems as crowded roads, increased fuel cost and maintenance. Granada is about 2 feet shorter and a half ton lighter than most standard-size cars. So you can expect excellent gas mileage. Yet there's family-size room inside.

The Economics:

A luxurious car today has to earn its keep. Granada doesn't back away from that fact. Its trim design helps reduce needless weight and excessive fuel consumption. Granada's base engine is a Six that's economical and easy to maintain. Gas-saving radial ply tires.

The Comforts:

Granada is planned for riding comfort and durable good taste. Appointments have such a rich look you'll wonder whether you're admiring the top-of-the-line. Supple vinyl trim is standard, and both front seats recline. Granada Ghia provides extra styling and elegance.

The closer you look, the better we look.

Often we read where someone high up in Washington says the Federal Budget can't be cut.
This week we learn that India needs wheat. Under the U.S. Food for peace agreement, India can buy grain and other commodities from us and have 40 years to pay including no payment for the first 10 years.
During the '67 Israel-Egyptian war, Israel took over Egypt's desert oil fields. Now we are to pay Egypt around one billion dollars for that oil that Israel has used also. If Israel gives that land back to Egypt we'll furnish the like amount of oil to Israel.

13, three yards short of a first down.
Four plays later the Panthers had to punt and Sacred Heart was in business again. The drive went 63 yards in ten plays including a 31 yard pass from Chris Sicking to Bruce Fuhrmann, and Sangster crashed through for the last 6.

A feature of the contest was the fine work done by the Tiger line. It provided the blocking by which the SH backs rolled up 251 yards of rushing, and also provided the defense which held Saint Jo to only 70 yards rushing.

ly restoring the value of money.
But let's understand that an equally important essential is a return to fiscal responsibility in government. Our basic problem is that the nation has been operating in the red year after year and creating new money constantly to keep going. So, we have a half trillion surplus dollars in circulation, and it's being used lavishly to bid up the prices on things we buy.
While asking us to do our part, our government needs to start living within its means and even pay back on the national debt.

5th Graders Win In Lunch Contest

National School Lunch Week, Oct. 13-19, was observed at Sacred Heart lunch room with a contest for elementary grades.
The largest percentage of pupils of any grade participating in type A lunches were to be given their favorite meal as an award.
Mrs. Jones and her fifth grade class were the winners with 100 per cent eating all five days. For this they were honor guests at a reserved table Tuesday, Oct. 22, and their chosen menu of pizza was served with ice cream for dessert at their afternoon break.
Mrs. Bezner and her sixth graders and Sister Genevieve and her first grade class were close runners-up and received consolation prizes.
Lunch room personnel thank parents and children for their participation. A total of 1,560 lunches were served during the week.

Patient: "I'll settle for twenty years. Never really enjoyed music anyway."

Sacred Heart JV Blasts Saint Jo

Sacred Heart's junior varsity had a picnic Saturday night rolling over Saint Jo's youngsters 30-0. The contest was fully as one sided as the score as the Tigers rushed for 197 while holding their visitors to minus 9, and also led 13-1 in first downs.

To begin neither team was able to move. Tigers had to kick twice and the Panthers once before Paul Reiter's recovery of a fumble sparked the first Tiger drive. With 13 to go, Joey Sicking made 11, Bob Schmitz 1 and Sicking the final yard. Bob Hartman's pass to Fred Koesler made the score 8-0.

As the first quarter ended Sacred Heart was going again. Fred Koesler made 30 to the 18 on a double reverse and seven more tries reached pay dirt. Scoring play was a pass from Hartman to Koesler for 4.

A blocked kick by Bernie

Fette shortly before the half set up the third score. From the 15, two tries made 6 and Sicking got around left end for the remaining 9. Danny Walterscheid's run upped the score to 22-0.

After a Panther kick, a Tiger fumble and another Panther kick Sacred Heart started moving again. Runs by Danny Walterscheid for 17 and by Ken Felderhoff for 17 were the big plays in going 50 yards to the 2. But Panther defense called a halt there and Sacred Heart's next four tries were short of the goal by 6 inches. Nevertheless the Tigers scored 2 on the next play as Mike Hofbauer caught a Panther behind the line for a safety.

That was the end of the scoring. With mostly reserves in the lineup, the Tigers put on a short drive that fizzled in midfield.
