Public School Happenings

PTO MEETING
 Muenster Parent-Teacher Organization met for its regular meeting on Nov. 18 at 7:30 p.m. in the auditorium. Meeting opened with prayer and pledge by Dr. Larry Tisdale.

Edgar Dyer introduced the vocational ag student-teacher Clinton Conyers from ETSU.

Kay Pagel reported on the Halloween party for grades K-6 and stated that it was a great success. Robert McDaniel reported there are extra copies of the new constitution available. Rudy Koesler invited members to look at the newly decorated faculty lounge and expressed thanks to the PTO for its donation.

President Juanita Bright announced the nominating committee to recruit officers of the PTO for next year. On the committee are C. O. Cash, Robert McDaniel and Queenie

One Giant Leap For Mankind

"We came in peace for all mankind."

On Sunday, July 20, 1969, American astronauts Neil Armstrong and Edwin Aldrin became the first men to walk on the moon. The plaque they left, "for all mankind," summarized the goals and ideals of America's space program.

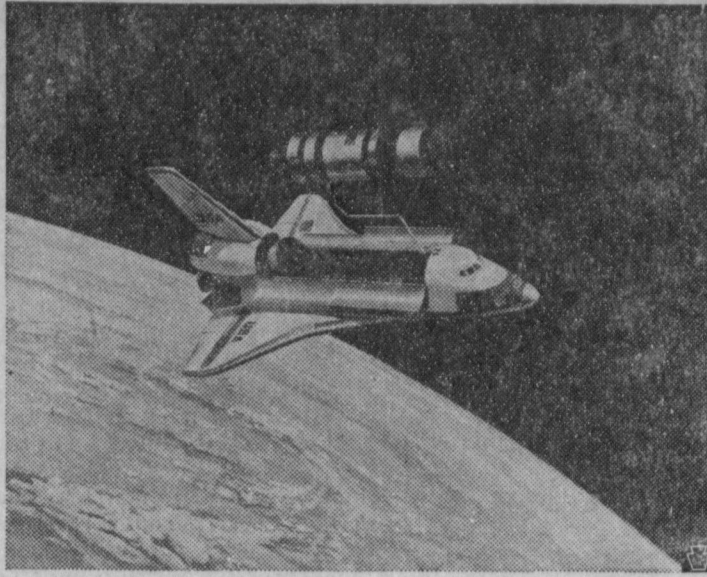

Today, five years after the greatest technological achievement in history, millions of people around the world have benefited from the scientific advancement and practical application of this new body of knowledge.

Billions of dollars have been saved as man has learned to monitor weather, pollution and plant disease on a worldwide basis. Satellite photography enables a farmer to pinpoint a crop-destroying disease and control it before serious damage can result.

Satellites give early warnings of severe weather never before possible. And satellite monitoring gives a global view of air and water pollution. Now pollution sources can be pinpointed and the movement of pollutants mapped. In addition, air monitoring equipment developed for the Apollo spacecraft is now in use in ground level pollution detection stations.

A more visible benefit of the space program is the improvement in communications made possible by the satellite. International television comes frequently into the American home, and there is the even greater benefit of cheaper and more reliable long-range telephone communication.

No science has benefited more from the space program than medicine. Through methods developed to monitor the heartbeats of astronauts in space, remote electrocardiography now can constantly monitor heart patients or

broadcast EKG information to a hospital emergency room ahead of ambulance arrival.

Space technology is being used in hundreds of medical procedures from cancer research to devices for aiding the handicapped.

Meanwhile, new commercial products which had their beginning in the space program are making life easier, safer and more comfortable.

Nonflammable fabrics and paints reduce the danger of fire. New methods of food packaging and new concentrated high-energy foods provide nutritional benefits. Super insulations, developed for use in space, are used in sleeping bags and sportsmen's apparel and may soon provide energy conserving building insulation.

The list of products continues on and on. From digital clocks to minicomputers, from improved batteries to better clothing, the benefits of space can be purchased in any department store.

And we have only begun. Rockwell International Corporation is now developing the Space Shuttle orbiter for the National Aeronautics and Space Administration.

The Shuttle, which will take off like a rocket and return from orbit to land like an airplane, will multiply the already innumerable benefits of space exploration.

Transporting people, satellites and even entire scientific laboratories into earth orbit will become nearly as commonplace as today's international airline flights.

The reusable Shuttle, which will make hundreds of trips into orbit, will greatly reduce the cost of each space flight from previous programs in which vehicles were used only once.

The benefits of the space program have been abundant. The Shuttle can refine and multiply them making space a catalyst for a better world "for all mankind."

Nothing is quite so annoying as to have someone go right on talking when you're interrupting.

Walterscheid. Mrs. Bright stressed the point that all members ask themselves what they could do for PTO.

Program for the meeting was "Give Thanks for Pilgrims," by the third and fourth grades under direction of teachers Barbara Robison and Carol Dyer.

The fourth grade made three scenes: Pilgrim community, Mayflower, and symbols of freedom.

The Forum Topic was on the Physical Education program. It was paneled by Theresa Walterscheid and Coach Don Neal. After the 15-minute period of discussion a motion was made and seconded to ask the school board to look into the elementary PE program.

Teachers of the Month were Carol Dyer introduced by Theresa Walterscheid and Prudence Selby introduced by Dan Hamric. Each received a red carnation.

Refreshments were served by the tenth grade.

The next PTO executive committee meeting will be Nov. 25 at 6:45 p.m. at Muenster Hospital.

The fourth graders and their teacher Mrs. Robison are corresponding with Mr. Bucke and his fourth grade class in Germany.

Mrs. Nellie V. Deering, a resident at Hillcrest Manor, observed her 77th birthday Sunday with her husband John Deering of Myra who spent the day with her. The Deerings have been married 51 years.

Endres Motor Company

Muenster

In case you wonder why you don't hear much about a gasoline shortage in Russia, consider the fact that there is less paved roads in that country than in Massachusetts. Who needs gasoline for a car when he doesn't have a car, and if he did the roads wouldn't be fit to drive on, and if they were he wouldn't be going any place anyway,

and if he were going somewhere it likely wouldn't be a matter of his own choice. See how they solve all their problems in the Soviet Union.

A young lady we know says that what she'd really like is one of those nice little foreign sport cars — with the foreign sport still in it.

Ignorance of the law is no excuse. And there are now more than two million federal, state and local laws, with more than 100,000 more being enacted. We need only ten basic laws, and Moses helped us with those. And ten federal laws, which stand as the Bill of Rights. If you must be told to keep off the grass, that's your problem.

According to the publication, "Oregon Motorist", "They've finally found the real source of air pollution: it's burping cows! The Environmental Protection Agency reports that cows burp 50 million tons of hydrocarbons into the atmosphere every year. That's not all. The EPA says ten cows burp enough gas to heat a small house.

Mrs. Steele Gives Sorority Program

Mrs. Kittie Steele gave the program at the Nov. 12 meeting of Kappa Theta Chapter which met in the home of Mrs. Keni Bass.

Mrs. Steele followed the theme of the year, "Let Your Candle Light the World." After her talk she showed members some of her art work and handicrafts.

During the business session members made final plans for a bake sale to benefit Münster Library. It will be held at the Ben Franklin Store, Saturday, Nov. 23.

Mrs. Rose Mary Dankesreiter was introduced to the chapter as a visiting guest.

The meeting concluded with the traditional closing ritual followed by refreshments.

Lenora Fleitman Based in Germany Goes Sight-Seeing

From Germany, Lenora Fleitman reports that she has successfully completed her on-the-job training and passed the tests required by the Federal Aviation Agency and is now fully rated as an Air Traffic Controller. She has earned another stripe and is now an E3, assigned to the 14th Aviation Detachment at Kitzingen, Germany. She is the daughter of Mr. and Mrs. Eddie Fleitman.

Lenora is traveling every chance she gets and has been numerous interesting places, among them Frankfurt, Rudesheim, Stuttgart, Bad Kreuznach, and Baumholder where she visited with Steven Walterscheid before he returned home. Also, Rothenburg, the oldest city. She spent a leave at Garmisch in Southern Germany where she saw Linderhoff and Neuschwanstein Castles, Wies Church, Oberammergau, the Olympic Ski Lift and other sites.

One weekend she traveled to Schweinfurt to a Rodeo put on by the American Service Men and their families. The stock had been shipped over from the States. She participated in the Barrel Racing.

Most recently she sent postcards from Switzerland, where she took a boat excursion on Lake Lucerne, rode a cable car up the Pilatus and stopped at Zurich where she enjoyed the Swiss food, yodeling, singing and flag throwing. This was a bus trip and on the return they saw the Rhein Falls and traveled through the Black Forest.

Most of the traveling is by train. One of her trips was to Heidelberg to visit Tom and Sue Trachta. They enjoyed exchanging news from home and toured the Castle there.

She remarks that Germans always seem to be celebrating or having a Fair — and this always includes a Beer Tent.

The R. N. Fettes were in College Station the past weekend for a visit with Danny Fette and to see the Aggies hold their SW conference lead by defeating the Rice Owls. Ray Luke also made the trip with them. Saturday evening they went to Waco for a visit with the Jerry Fettes and returned home Sunday afternoon.

Local News BRIEFS

Mrs. Joe Vogel returned Monday from a visit since Wednesday in Lubbock with her daughter and family, the Don Mullers. She traveled by bus.

Hostesses for the Wednesday bingo party at Hillcrest Manor were Mrs. T. Voth, Mrs. Frank Rauschuber and Mrs. Leonard Endres.

Mrs. John Richey of Gainesville, formerly of Marysville underwent surgery Thursday, Nov. 14, at Mary Shields Hospital in Dallas.

Mrs. Adolph Fuhrmann and her daughter Margery and husband, Mr. and Mrs. Jeff Bass, visited across the miles last Wednesday night, the couple calling from Iowa City, Iowa. They had their first snow that day, Nov. 13, and it had reached four inches when they talked.

Authentic Bread Dough Figurine
Imported from Ecuador

Creations of bread date back centuries. They are intricate works of native art, originally offerings of food on All Saints' Day. The preparation of these artistic wonders is long and tedious. Each tiny petal is hand-shaped. The colors in the ornamentation are native dyes, hand-kneaded into the dough, and lacquered to preserve the vivid colors. There are no two alike of these art treasures.

Conversation pieces for collectors. Unusual wall decor for children's rooms, kitchens, and dens. Ideal gifts, party favors, centerpieces, shadow box ornaments.

CDA Anniversary Plans Outlined

Plans have been mapped by Muenster court Catholic Daughters of America for the organization's 60th anniversary on Dec. 14. That was the date in 1914 when the court was organized.

Discussion of the celebration furnished the principal business at the CDA meeting for November last Thursday. Miss Dorothy Bengfort, regent, presided.

Schedule for the anniversary includes Mass at 5 p.m. Saturday, Dec. 14, followed by a social hour in the new Parish Center, then dinner there for members and their guests, and finally a dance to which every-

one is invited. The Polkatones will play.

During the dinner program two honorary members, Miss Theresa Luke and Mrs. L. A. Bernauer will be recognized and seven members will receive 45-year pins.

Invitations are going to all state officers and all courts of Dallas and Fort Worth and courts of Wichita Falls, Windthorst and Denison. These courts will be invited also to bring candidates for a reception of new members on the 60th anniversary.

In other business, members decided to again gift Muenster shut-ins with Christmas baskets and in lieu of a gift exchange among themselves to take to the December meeting a gift for a shower to benefit the Child Development Center in Gainesville.

MHS Cagers Win 4 Practice Games

Basketball teams of Muenster High School got their first action of the season Monday night and last week Wednesday in a pair of practice games. In the first one the girls A&B teams took a pair from a group of former students. And in the next the A&B boys won both in a double header with the Gainesville State School boys.

B girls rolled to a 24-16 decision with Barbara Klement hitting 17 and Thelma Lewis 7, while scorers for the Exes were Joyce Boydston 6, Margie Wimmer 7 and Charlotte Klement 3. Others playing for MHS were Shirley Monday, Debbie Neal, Karen Barnhill, Sandy Schneider, Gay Mollenkopf, Dianna Webster and Kathy Sicking.

The A team stormed over the former students 62-16, with Deb Schneider making 22, Becky Fields 18, Tracey Klement 10, and Sandy Dittfurth 10. Others of the team were Lisa Mollenkopf, Kim Klement, Mary Lou Fleitman, Gina Felderhoff, Charlotte Johnson, Gerrie Knabe and Kenya Hale.

Scoring for Exes were Theresa Walterscheid 10 and Kelly Hennigan 6. Also playing for the Exes in both contests were Judy Klement, Christi Klement, Janet Koelzer, Margaret Stormer, Peggy Hoedebeck, Charlotte Klement, Lynda Fuhrmann, Jo Ann Pagel, Kathy Sicking, Peggy Gobble, Annette Anderle, Emily Klement, Dolly Bayer and Mary Cain.

The boys B team won 29-20 over the State School team as Mike Davidson scored 9, Kirk Johnson 8, Kenny Koelzer 4, Lenzy Dyer and Kim, Bert, Nick and Neil Walterscheid 2 each.

First stringers had a 58-19 scoring spree, and Tim Felderhoff led with 19 points. Next was Randy Wolf with 12, Danny Endres with 9, Mark Stoffels, Terry Walterscheid and Kirk Johnson 4 each, Bobby Endres, Neil Huchton and Mike Davidson 2 each.

MHS Wins All in 3 Game Program With Era Teams

In first action of the basketball season Muenster High's teams made a positive start in spite of very limited practice. Playing Era here Tuesday night the first teams of boys and girls and the girls B team won all three of the games.

The opener was the only contest. In it the second string girls were pushed hard by their visitors all the way and eventually came out with a 2 point lead. Scores by quarters were 2-1, 8-6, 12-10 and 22-20. Thelma Lewis made 20 and Barbara Klement 2 while Karen Barnhill led the defense.

In the girls main event MHS took a 22-14 half time lead and held their margin through the second half despite late substitutions which gave every team member a part in the game. Final score was 46-34.

Deb Schneider was top scorer with 18 points and Tracey Klement was next with 12. Also Sandy Dittfurth hit 10 and Becky Fields 6. Standouts on defense were Kim Klement and Mary Lou Fleitman.

The final game ended in a 55-30 win for MHS and actually was more one sided than the score. Muenster romped to a 31-8 half time lead and gave up some of their margin in the second half while all of the reserves got a chance to play.

Scorers for the Hornets were Randy Wolf 26, Tim Felderhoff 13, Danny Endres 9, Kirk Johnson 4, Mark Stoffels 3. Outstanding rebounders were Terry Walterscheid, Danny Endres and Tim Felderhoff.

Friday MHS will send the two varsity teams and the B boys to Saint Jo, and next Tuesday it will send the varsity teams and B boys to Era.

CDA Has Program By Tulu Hickerson

Members of Muenster court Catholic Daughters of America witnessed an interesting and informative demonstration at their November meeting Thursday night.

Presenting the program was Tulu Hickerson, home service advisor for Cooke County Electric Cooperative, whose subject was "Microwave Ovens." She talked on when and when not to use these ovens, explained the process of microwave in baking and displayed a group of goodies she had prepared before the meeting in a microwave oven.

The baked products included applesauce-date-nut bread, lemon bread, Texas honey balls and fresh apple cake, which members had for refreshments.

Mrs. Hickerson also demonstrated the use of these ovens to dry flowers for preservation.

Her program preceded the court's business session.

Mrs. Joe Schmitz of Lindsay, 85, a resident at Frontier Manor Nursing Home in Gainesville, is a patient in Muenster Hospital where she underwent hip surgery Monday afternoon. She broke her right hip Thursday evening.

The doctor, driving up to a homestead to deliver the family's 11th child, said to the father when he opened the door, "I almost ran over a duck out there — is it yours?" "That's no duck," sighed the man. "It's the stork with its legs worn down."

A good supervisor, someone once said, is a guy who can step on your toes without messing up your shine.

Blue Birds News

First Grade Happy Blue Birds met three times during November. On Nov. 7 in the TP&L building the group made letter holders from paper plates, sang songs and had refreshments served by Amy Davidson. Eileen Fisher, leader, and JoAnn Pagel, assistant, met with the group of 12.

On Nov. 14 the group met at TP&L and then went to the Bavarian Wood Carving Studio where Ludwig Kieninger showed them what he was working on. Back at their meeting room, Tonya Fisher served refreshments. Kay Pagel, leader and Shirley Grewing, assistant, were with the girls.

Nov. 21, the girls made Thanksgiving turkeys out of pinecones, sang songs, and had refreshments served by Julie Fisher. Kay Pagel, leader and Eileen Fisher, assistant met with the group.

They will not have a meeting Nov. 28, Thanksgiving Day.

Muenster Public School second grade Working Blue Birds are a few weeks behind in the news but continue working.

On Oct. 31 as the girls came in to their meeting they had ghost name tags pinned on, then went to Hillcrest Manor to visit residents and gift each one with a jack-o-lantern nut cup. They left a larger one filled with candy at the nurses station for the staff. The girls had made these favors at an earlier meeting. On return from Hillcrest Manor to their meeting room a surprise Halloween party was waiting. There were party hats, sacks of candy, bat straws, cookie pumpkins and soft drinks, all carried out in a Halloween theme. The party was given by the group's sponsor Speedy's Arco.

On Nov. 8 the group had refreshments served by Carmen Flusche while their leader talked to them about the annual Camp Fire candy sales which began that day. Project for the meeting was making cornucopia nut cups, or horns of plenty, for tray favors for the Nursing Home. The girls will deliver them before Thanksgiving.

Working Blue Birds didn't have a meeting on Nov. 15. They were out working on candy sales.

THANKS

Many thanks for many favors while I was a medical patient 17 days in Muenster Hospital. The visits, cards, flowers, prayers and other kind and thoughtful deeds meant so much.

Many thanks to all who remembered me while I was hospitalized. The prayers, cards, flowers, visits and other kind and thoughtful deeds are all appreciated.

Cage Schedule at MHS Includes 22 Games, 3 Tournaments

The basketball teams of Muenster High faced a season of 22 twin or multiple dates plus three tournaments when they showed up for their first workouts Monday.

According to the schedule announced this week by Coach Don Neal, they have twelve games on a here and there basis with six schools, also a tourney for boys and one for girls and a tourney for both before heading into their District 13-A schedule on January 10.

District membership is the same as that for the football schedule, except Petrolia, which did not play football, is an added member. The others are Muenster, Callisburg, Windthorst, Archer City and Holliday.

Pre season opponents will be Era, Saint Jo, Sanger, Pottsboro, Sacred Heart and Alvord. Two of the tournaments are at Cooke County College, the third at Krum.

On the following schedule the varsity boys and girls will play on all the dates listed, however there are several dates which also have games for either or both of the junior varsity teams. Another exception is the tournaments at CCC.

First one is for boys only, second for girls only.
Nov. 19, 6:30, Era, here also B girls
Nov. 22, 6:00, Saint Jo, there, also B Boys

Nov. 25, 7:00, Era, there
Nov. 26, 5:30, Sanger, here, also B girls
Dec. 2, 4:00, Pottsboro, there, also B boys and B girls
Dec. 3, 6:00, Saint Jo, here, also B boys
Dec. 5-7, CCC tourney, boys only
Dec. 9, 4:00, Pottsboro, here, also B boys and B girls
Dec. 10, 5:30, Sanger, there, also B boys
Dec. 12-14, CCC tourney, girls only
Dec. 19-21, Krum tourney
Dec. 23, 7:00, Sacred Heart, there
Dec. 30, 7:00, Sacred Heart, here
Jan. 2, 7:00, Alvord, here
Jan. 7, 7:00, Alvord, there
Jan. 10, 6:30, Petrolia, here
Jan. 14, 6:00, Callisburg, here, also B girls
Jan. 17, 6:30, Archer City, there
Jan. 21, 6:00, Windthorst, there, also B girls
Jan. 24, 6:30, Holliday, here
Jan. 28, 6:00, Callisburg, there, also B girls
Jan. 31, 6:30, Archer City, here
Feb. 4, 6:00, Windthorst, here, also B girls
Feb. 7, 6:30, Holliday, there
Feb. 11, 6:30, Petrolia, there

Mrs. Pick Hostess For HD Club Group

Members of Muenster Home Demonstration Club No. 1 met Nov. 13 with Mrs. Henry Pick as hostess in the home of Mrs. Charles Taylor. Mrs. Paul Fisher, president, presided, the group recited the club prayer, Mrs. Gus Felderhoff read the collect and Mrs. Gus Lutkenhaus read minutes of the previous meeting.
Members decided to meet in Gainesville on Nov. 20 and have lunch together.
Mrs. Alice Hellman reported on the County Council meeting including that Mary Casteel will give her Christmas cooking demonstration in the Gainesville Chamber of Commerce building on Dec. 4 at 1:30 p.m.
Callisburg HD Club has invited all county members to the annual Christmas party that Callisburg will host in its community center on Dec. 10 at 1:30. A gift exchange will be included.
A note of thanks from Mrs. Leonard Endres in the name of Hillcrest Auxiliary expressed appreciation for a cash donation to be used for bingo prizes at the Home. Members donated again from their pockets and the total was \$6.25.
Motion was made by Mrs. Joe Hoenig and seconded by Mrs. Bill Lutkenhaus that members pay dues at this meeting and all were in favor. Mrs. Gus Lutkenhaus reported on visiting senior citizens last month and Mrs. Bill Lutkenhaus volunteered for this month.
Members came to this meeting with Christmas gifts for residents of the State Hospital in Wichita Falls, the total collection amounting to well over one hundred dollars worth of wearables, toilet articles, etc.
After adjournment Mrs. Pick served squash pie topped with whipped cream, and coffee in a Thanksgiving theme setting.

Grade Structure Often Needed for Gully Treatment

by John Pipes, Civil Engineer
Successful gully control can be attained only through a comprehensive program which takes into account the treatment of the watershed draining into the gully as well as treatment of the gully itself. In many instances gullies can be brought under control by grading and sodding or seeding. More complex gullies may need some other type of treatment since vegetation alone has definite limitations in the protection against large flows in the channel.
Planning gully treatment under these conditions may require that the gradient of the channel be reduced so water will travel at a non-erosive velocity. Many times a drop inlet spillway type grade stabilization structure may be required at overfalls, abrupt changes in grade or at other critical points to supplement vegetation in stabilizing the channel grade.
A drop inlet structure is a closed conduit generally designed to carry water under pressure from above an embankment to a lower elevation. An earthen embankment is required to direct the discharge through the pipe. A vegetated earth spillway around one end of the embankment is necessary for emergency flow.
Contact your local Soil Conservation Service Field Office personnel for technical assistance in design and layout. For cost share assistance, contact your local ASCS office.

The best way to remember your wife's birthday is to forget it once.

When the computer arrived at a large business concern it was found too big for the elevator. "How am I going to get this thing to the third floor?" the delivery man moaned.
The manager saw no problem. "Plug it in," he instructed, "and let it work it out for itself."
"Listen Captain," said the perspiring police officer. "We've been giving the ven-

triloquist the third degree for over an hour and a half, and a plainclothesman, three cops and a detective have all confessed the crime - shall we go on?"
Ignorance of the law is no excuse. And there are now more than two million federal, state and local laws, with more than 100,000 more being enacted. We need only ten basic laws, and Moses helped us with those. And ten federal laws,

which stand as the Bill of Rights. If you must be told to keep off the grass, that's your problem.
A fellow came into a bar and ordered a martini. Before drinking it, he removed the olive and carefully put it in a

small class jar. Then he ordered another martini and did the same thing. After an hour when he was full of martinis and the jar full of olives, he staggered out.
"What's so peculiar about it?" said the bartender. "His wife sent him out for a jar of olives."

Mr. and Mrs. Alvin Hartman, Robert and Kenneth, were in Arlington Sunday visiting his sister Mrs. Keith Tompkins and children. They also went to the home of a niece, Mrs. Mike Fedor and got acquainted with the Fedors' infant daughter Terri.

Mrs. Albert Eckelkamp of Wichita Falls visited her aunt Mrs. Jake Wolf Saturday morning and had lunch with her, then visited her uncle and aunt, the J. M. Weinzapfel briefly. She was enroute home after spending a week in Dallas with a daughter.

IT HAPPENED 35 YEARS AGO

Nov. 19, 1939

Muenster is all set to observe 50 years of progress with an elaborate festival next Wednesday and Thursday . . . expect 4000 attendance for the day's program. Another group of trees and shrubs are set out in cemetery. FMA ships six car loads of turkeys to eastern markets. New high record is reached in Red Cross drive here. Mr. and Mrs. Theodore Rauschuber are at home in Lindsay since returning from their wedding trip. Elfrieda Walterscheid and Herman Dangelmayr marry here. Arthur Endres is back in Muenster after living in Sulphur Springs. The Arnold Friskes announce arrival of a daughter. Muenster Enterprise publishes special golden jubilee edition carrying pictures of early and recent scenes, a condensed history of Muenster, and a complete program for the jubilee celebration.

30 YEARS AGO

Nov. 17, 1944

John Lehnertz, 69, dies of heart attack. Burial is held for three-year-old Charles, son of Mr. and Mrs. Charlie Wolf. John Wieler's car, stolen two weeks ago, is recovered at Camp Howze. Local women get ready to bake 100 dozen cookies for Thanksgiving treat for hospital patients at Camp Howze. Sgt. Lloyd Patrick, former local boy, is army casualty. Elizabeth Walterscheid has joined the staff at Curtis Restaurant. Brief hail storm visits this community Monday. Civic League and Garden Club forms new committee for park beautification.

25 YEARS AGO

Nov. 18, 1949

Parish count here next week is part of Dallas diocese census. Foundation stones are being removed at the old church site ending the long delayed last step in clearing off the church grounds. Local relatives attend funeral of Mrs. Mary Streng in Shiner. Hornets will feast and get awards at annual banquet Sunday. Emily Fette is recovering from an appendicitis operation. Ernest Lloyd of Fort Worth is contractor for new South Muenster farm to market road getting job on \$45,792 bid. CDA court gives dinner party for husbands and guests.

20 YEARS AGO

Nov. 19, 1954

Cecil Hermes of Lindsay and Edith Daugherty of Calisburg are Cooke County's Gold Star boy and girl for 1954. City applies for state approval of improvement bond okayed in recent election here. Tigers claim second spot in SAL standings. Mrs. John Ladd and two sons are enroute to Japan to join her husband who is stationed there with the Navy. Mrs. Gus Lutkenhaus and Mrs. Gary Hess are recovering from major operations. Rose Marie Stoffels marries Hubert Shrodes of Dallas at Lindsay. Mr. and Mrs. Phillip Metzler are honored on their 35th wedding anniversary. Mildred Fleitman and Ray Lindemann exchange vows at Lindsay. Alfred Bayer is elected county ABA president.

15 YEARS AGO

Nov. 20, 1959

Muenster's Christmas lights are up and will be turned on Thanksgiving Day. Ace Cafe moves into new location across highway and takes new name of Rohmer's Restaurant. First two days of clothing drive bring in 2000 pounds. Mary Walterscheid and Walter Acker marry. CDA members plan Christmas cheer for local shut-ins. Dedication services are held for St. Mary's Convent in Gainesville. Fam-

ily gathering observes 40th wedding anniversary of the Phillip Metzlers at Lindsay. Recovering from surgery are Douglas Martin and Mrs. Meinrad Hesse.

10 YEARS AGO

Nov. 20, 1964

Muenster and area are saturated by 6.65 inches of rain. LaVerne Otto is crowned homecoming queen at Sacred Heart . . . Tigers lose 28-6 to Dallas Friars in season finale. Dr. Kralic is appointed city health officer. JCs ready for Thanksgiving observance which will be hospital benefit. Infant daughter of Darrell Adams dies at Midland two days after birth. Local group attends district meeting of Catholic State League at Scotland. Lindsay's annual Thanksgiving clothing drive brings in 1286 pounds of clothes. Paul Fisher's cow leads in DHIA production. Thirteen report at SH for basketball. Mass and dinner-reunion observe silver wedding anniversary of Herman Dangelmayrs. The Meinrad Hesse family moves to Lindsay.

5 YEARS AGO

Nov. 21, 1969

MHS Hornets and Windthorst Trojans clash tonight for 9-B title. SHH Tigers Schilling and Bartush are named on TISC All-District team. Joseph Prescher, 95, dies at Lindsay. Tom Hess will run 3.6 mile races on NTSU track team. J. M. Weinzapfel and Ernest Jaska attend governor's meeting in Austin on safety. City will turn on Christmas lights soon after Thanksgiving. Funeral is held at Valley View for the infant son of Mr. and Mrs. Bobby Bierschen. The Adolph Fuhrmanns move to Muenster from Lindsay. Bill Bartush, Donna Rohmer and Fred Fuhrmann are named Outstanding Teens at SHHS. Joan Fetsch and Doug McConnell marry. Joe Hartman is on A&M delegation to national meet. New arrivals: boys for the David Reiters and Bill Metzlers.

Local News BRIEFS

Residents and staff of Hillcrest Manor Saturday afternoon enjoyed a program of gospel singing by members of the Lay Witness Mission that was held in Mission Methodist Church at Gainesville, Nov. 15-16-17. The witnesses were from Gainesville, Garland and Arlington. They were headed by Mrs. Cecil White of Gainesville. The group sang from room to room for residents.

Mrs. Jake Wolf had as weekend guests her son-in-law and daughter Mr. and Mrs. John McKenna and son Brian of Tulsa, Okla. Saturday evening guests joining them for dinner were Mr. and Mrs. Al Schmitt.

Mr. and Mrs. Gene Hartman and Jeanna, Pam and Doug of Denton divided a weekend visit between their families, the Victor Hartmans and Mrs. Dick Cain.

"What is TP&L doing to prevent an electric power shortage here?"

Providing adequate and dependable electric service to approximately two million people is a primary responsibility of Texas Power & Light Company.

Today, TP&L is meeting this responsibility despite shortages and rising costs of generating plant fuels and unprecedented high costs of building and operating the facilities necessary to produce and deliver electric power.

To prevent an electric power shortage in the future, TP&L has a number of major actions in progress . . .

- ... participating in exploration and drilling for natural gas and developing storage reservoirs to assure fuel supplies for existing generating plants.
- ... filling storage tanks at generating plants with more than 80 million gallons of fuel oil for use when gas supplies are curtailed.
- ... constructing seven new generating units and planning others which will utilize readily available lignite coal as fuel.
- ... planning, with Dallas Power & Light and Texas Electric Service, construction of a nuclear-fueled generating plant, the first unit of which is expected to be in operation by 1980.
- ... planning to spend more than \$250,000,000 in 1975 for construction of new plants and other facilities.

Dependable electric service has been the primary goal of TP&L for more than 62 years. It will continue to be our primary goal in the years ahead.

TEXAS POWER & LIGHT COMPANY
A tax-paying, investor-owned electric utility

### WITH A WALL OF PEG-BOARD

Hard working, good-looking, Peg-Board by Masonite Corp., adds utility to walls everywhere, turns waste space into working space. Because it is hardboard, it won't split, splinter or crack... can be worked with ordinary carpenter tools and goes up quickly and easily. Finishes beautifully. Available in 1/8" thickness for household use, 1/4" for heavy duty use.

Community Lumber Company Muenster

### Derichsweiler's Granddaughter Is C of C Manager

Enthusiastic young woman heads Archer City Chamber of Commerce — that's the headline of a story in Sunday's Wichita Falls Record News about Becky Crow, daughter of Mr. and Mrs. Bill Crow of Archer City and granddaughter of Bill Derichsweiler of Muenster.

The brown-eyed 22-year-old native of Archer City (who might just be the youngest woman in the state to hold that position) said she applied for and got what she feels is the "most wonderful job in the world," manager of Archer City Chamber of Commerce. She got her degree in sociology from Midwestern University last summer.

"I've really had to work to prove myself," she said. "Not just because of my age, but because I'm a woman. There are 17 on the board of directors for the C-C — all of them men."

Becky is also the town's credit union manager, she teaches adult education classes two nights a week, is in charge of Retail Merchants and Farmer's Bus Line (she sells bus tickets and makes sure that passengers and packages get on the bus that makes one stop daily); and she is also manager of the annual snake hunt sponsored by the Chamber of Commerce and held every spring. She works closely with her two favorite projects — the Industrial Board and the Archer Neighborhood Action Group, Inc.

Like other C-C managers Becky wants progress for her town with its population of 1900.

Referring to herself as a "do-it-all" person, Miss Crow (who enjoys spending Sundays working with her boy friend at his dairy farm in Windthorst) will be manager for a new housing project now underway in Archer City.

### Roewes Observe 50th Anniversary

People from Muenster were among those attending the golden wedding anniversary celebration of Mr. and Mrs. Andrew Roewe in Pilot Point Sunday. The day started with Mass at 10:30 in St. Thomas Church. From 2 to 5 p.m. an open house reception was held in the KC Hall. Hosts were the couple's seven children and their spouses.

The former Agatha Koerner married Andrew Roewe on Nov. 18, 1924 in St. Thomas Church. The couple lived in Lindsay until moving to Pilot Point in 1940. They have 32 grandchildren and three great-grandchildren.

Mr. and Mrs. Arthur Hemmi of Scotland visited Friday evening with her sister Mrs. Tony Gremminger and brother and wife the J. M. Weinzapfels before attending the Muenster-Archer City football game.

Buy, sell, rent with the Enterprise Want Ads.

### Medderses Make Headlines Again

Margaret and Ernest Medders are in the lime light again. Sunday's Fort Worth Star Telegram featured the couple in an Associated Press story by Bill Simmons. The story is a two-page spread with two Associated Press wirephotos.

One picture captioned Golden Past shows Mr. and Mrs. Medders proudly holding a portrait of President Lyndon Johnson, dedicated to them, which is among trophies and souvenirs in the den of their home in Memphis, Tenn. The other shows the couple displaying a decorative saddle at their ranch home in Muenster in 1967.

The writer traces the story of the Medderses life, elaborating on the six years they lived in Muenster, and reporting their present lifestyle. When bankruptcy struck them in 1967, they attempted a sort of self-imposed obscurity. Now they are emerging, accepting interviews with newsmen, writing a book, and talking about a movie script.

### Soil Survey Uses Explained in New SCS Brochure

How soil surveys can help you is the subject of a new set of color brochures available from the USDA Soil Conservation Service.

The leaflets are designed to describe uses which can be made of soil surveys by nine different groups including homebuyers, builders, developers, land use planners, land appraisers, farmers, ranchers, construction engineers, and others.

Soil Conservationist Arlin Naegeli of Muenster said single copies of the leaflets are available free from his office.

Soil surveys have been made on about 120 million acres of land in Texas as part of the National Cooperative Soil Survey. Additional land is being mapped at the rate of about 5 million acres per year.

The surveys are made by SCS soil scientists who examine the soil acre-by-acre. They record depth, percent sand or clay in each layer, acidity or alkalinity, wetness, flood hazard, and other features by soil name symbols on aerial photographs. After a county survey is completed, the survey is published for public use.

Naegeli said the survey for Cooke County is complete but not published. Until the report is published, soil survey information for all land mapped in Cooke County is available at the Muenster SCS office.

Soil surveys can be interpreted to determine suitability of soil for home sites, building foundations, septic tank filter fields, gardens, cropland, trees, parks, fill material, and other uses.

They can also be used to predict depth to bedrock; location of sand, gravel, or caliche deposits; corrosivity to metal pipelines; shrink-swell hazards; and dozens of other features.

Naegeli urged anyone interested in soil surveys to contact his office for a free leaflet explaining how surveys can be used. If making your request by mail, specify your business or special interest so you will receive the leaflet designed for you.

The Muenster SCS office is located in the Enterprise Building. The mailing address is Box 130, Muenster, telephone number 759-2515.

### Livestock Buyers

Can you qualify to buy cattle, hogs and sheep? Do you have a farm background and enjoy working with livestock?

### 4-H Club News

**Community Club**  
Muenster Community 4-H club met Nov. 12 with Pat Davidson presiding. Larry and Charlotte Fleitman led the opening song and prayers. Kathy Davidson read the minutes and called roll. There were 25 members, five adult leaders, two guests and Extension Agent Randy Jordan present.

Reports were given by Cathy Flusche on the Achievement Banquet and Charlotte Fleitman on the recreational leaders meeting.

Mr. Jordan gave a talk on the project fair and on the Livestock Show and projects.

The program was given by Denise Martin from Valley View 4-H club. She showed slides and snapshots of her trip to Washington, D.C., and talked about places they visited.

Larry Fleitman led the group in recreation and Mrs. Eddie Fleitman provided and served refreshments. — Connie Flusche, reporter.

### Are Natural Gas Curtailments Going To Affect Me?

During cold days in the winter, when the demand for natural gas is really high, some industrial users are asked to cut back their consumption of natural gas. But we want to assure our residential and other high priority customers that it's highly unlikely their natural gas service will be interrupted.

The pipelines used to deliver natural gas can only hold so much gas. And during extremely cold winter days, there's sometimes more demand than we can supply. Some people ask, "Why not build bigger pipelines?" But that would be like building a church for the Easter or Christmas attendance, rather than the weekly congregation. The cost would be tremendous and gas rates would be much higher.

Instead we developed a "curtailment" program many years ago. Our industrial customers have signed contracts agreeing to "curtail" their use of natural gas during these peak times. And in return, they pay a lesser rate reflecting the probability of being interrupted.

If you were considering replacing an existing gas appliance or purchasing a new one, be assured that Lone Star can provide the energy. We have the natural gas, and our residential and other high priority customers may continue to rely on Lone Star's dependable service now as in the past.

**The Kitchen Almanac**

Meat is usually more tender served hot than cold... Meat is *always* more tender when cooked at a low temperature

Chicagoan Bob Strube—our "expert in residence" on fresh produce—says fresh fruits and vegetables in season are always a good buy. And, Bob says that since fruits and vegetables account for less than one percent of the fat consumed in a year for the average diet, there is no cholesterol to worry about... Did you know that crisp apples help clean the teeth (an apple a day helps keep the dentist away!)

If you're making a meat loaf, try using onion soup mix instead of onion... Never shake or tap the cup when measuring flour. Spoon the flour into the cup and level it off with a knife or spatula.

*More Staggering Statistics:* Experts who know such things say that each year the average person discards about 188 pounds of paper, 250 metal cans and 35 jars and bottles—not to mention other refuse. Now, multiply these figures by the number of people in your house.

Maybe that's why one of mid-lady's newest appliances, the trash compactor, is proving so popular. Researchers at Kitchen-Aid, one of the country's leading producers of home compactors, say their units—the first to include a tilt away trash basket that can be used without special trash bags—reduce trash volume as much as 75 percent in 35 seconds. (Each compactor has 3,000 pounds of "ram" force.) For safety's sake, units require a key to operate.

Bread only thin slices of meat. Slices more than half an inch thick can become dry and hard on the outside before cooking in the center... For a change of pace, fry ham and eggs in garlic butter.

Chicken is done when:  
 • legs move readily when lifted or twisted.  
 • bird is "fork tender."  
 • a meat thermometer inserted into the stuffing registers 165°.

Whatever the reason, Americans are discovering—or rediscovering—a real interest in home baking (and who's complaining?)

Editorial note: You may want to clip this feature and keep these worthwhile tips in your own "kitchen file."

**Frost on Forage May Cause Poison**

by Neil Tibbets  
 "Animals that graze on pasture or forage that has re-

cently been hit by a frost are subject to prussic acid poisoning," says Neil Tibbets, county agent for the Texas Agricultural Extension Service.

Among grasses that are especially toxic to animals after a frost are Johnson grass, Sudan and other sorghum hybrids.

Prussic acid poisoning is a disease which prevents oxygen in the blood from reaching the tissues and thus causes death due to suffocation.

Symptoms of the disease are suffocation and muscular twitching, and the animal may have his head turned toward his flank. The blood of the animal has a bright red color. Animals usually become affected within 10 to 15 minutes after eating toxic material and rarely survive more than one or two hours.

"Livestock should not be allowed access to wilted material after a frost until it has dried completely," says the county agent. "Grazing should also be prevented after a rain when new sprouts begin to form on plants."

Wilted material will usually dry out in a day or two of strong sunlight. New growth usually becomes non-toxic within a week to 10 days after a rain and can then be grazed safely by livestock.

"If you're not sure about your pasture, have a veterinarian check it with a picrate test or have a sample checked in a lab, adds Neil Tibbets.

THE MUENSTER STATE BANK announces an increase in insurance coverage on all deposit accounts beginning November 27th, 1974.

The amount of insurance on your saving and checking account will be increased by insurance coverage carried by the bank with the Federal Deposit Insurance Corporation by the bank from \$20,000.00, the present coverage to \$40,000.00 maximum insurance coverage for each depositor. This is an increase of 100%.

Through multiple account ownership, your insurance coverage can be extended beyond the \$40,000.00 maximum per depositor.

This added coverage, coupled with our careful management of your money, will provide extra re-assurance for you — at no cost to you. Ask us about the full benefits of this increased protection.

TP&L's Bill Bedrick is back in circulation after spending several weeks in traction.

The story going around is that Hooker Grewing slipped on a piece of ice, fell and broke both wrists. Wearing casts on both hands he is very dependent on Carol and she is putting him through obedience training school.

A gal's over the hill when it looks like her pantyhose are wrinkled — and she's not wearing any.

**The Men In Service**  
**Civilian Again**  
Michael Fuhrmann who held the rank of first lieutenant in the Naval Air Corps and served five years with overseas duty in Vietnam, Okinawa and the Philippines has returned home a civilian. Son of Mrs. Adolph Fuhrmann of Muenster, he was separated from the service at Whiting Field, Milton, Florida, where he was a pilot instructor. He was honored there by being elected No. 1 Pilot of the Year from a group of 66. During his in-service years he earned nine medals. Following a visit with his mother, Mike has entered Braniff Pilot Engineering School at Love Field and is residing there.

**22 Boys, 24 Girls Report for MHS Basketball Teams**

The basketball season at Muenster High School got under way Monday when 22 boys and 24 girls reported to Coach Don Neal and his assistants, Don Osterman and Harold Tipps for their first practice. The players hardly got the feel of the ball before getting into their opening games with Era, and they will have their second games Friday night at Saint Jo.

The three coaches are working together with each of the squads and expect soon to divide them into A and B teams. At this time the junior varsity boys have five games on schedule and the junior varsity girls eight, and the coaches hope to book several more for each of them.

Included on the boys' roster are Randy Wolf, Tim Felderhoff, Dan Endres, Terry Walterscheid, Bob Endres, Tom Bright, Harold Sandel, Mark Stoffels, Glenn Henseheid, Darran Neal, Neil Huchton, Mike Davidson, Kirk Johnson, John Eckart, Tim Wolf, Kenny Koelzer, Nick Walterscheid, Neil Walterscheid, Lenzy Dyer, Kim Walterscheid, Bert Walterscheid, and Terry Lewis.

Members of the girls squad are Sandy Dittfurth, Tracy Klement, Kimberly Klement, Becky Fields, Gina Felderhoff, Debbie Schneider, Sandy Schneider, Gerrie Knabe, Barbara Klement, Mary Lou Fleitman, Kenya Hale, Charlotte Johnson, Thelma Lewis, Kathy Sicking, Debbie Neal, Anita Grewing, Norma Richardson, Ruth Walterscheid, Karen Barnhill, Shirley Monday, Lisa Mollenkopf, Gay Mollenkopf, Dianne Webster and Vickie Scoggins.

**District President At November Meet Of VFW Auxiliary**

Members of Muenster VFW Auxiliary had Betty Cantrell, District I president, as a special guest at their November meeting Monday night. She was accompanied by Edith Royston of Lewisville.

On display for members to view was the life membership certificate from the VFW National Home.

Program participation for the month approved by the membership is contribute two dollars per member for the cancer aid and research fund. A check for \$266 was mailed.

Members also voted to contribute 25 cents per member toward the Voice of Democracy program.

Plans were made for the annual Christmas party for members' pre-school children. It will be held Dec. 18 in the morning at the Post Home. Mrs. Arthur Bayer is chairman to see that Santa arrives. Mrs. Al Walter will tend to toys. Mrs. Don Flusche is in charge of refreshments and Mrs. Ray Walterscheid heads the tree decorating committee.

Mrs. Arthur Bayer, president, conducted the meeting and gave a report on the district convention held in Gainesville. The next one will be held Feb. 8-9 in Sherman.

Mrs. Henry Pels Jr. was refreshment hostess, 13 members and two guests were present and Mrs. Al Walter won the door prize.

"They're coming for Thanksgiving!"  
More and more people are living well today, and for this we can be thankful. Let us not forget our spiritual values as well, and thank a generous Providence for our wellbeing.

**Nocona Girls and Dallas Boys Win Games from SH**

Sacred Heart's teams were losers all the way in a three game program Tuesday night in the SH gym. First the junior high Tiger Cubs were blasted 36-13 by the Tyler Street Christian kids from Dallas. Next the Tigerettes lost 46-40 in a good game with Nocona. And finally the varsity of Tyler Street Christian beat the Tigers 61-42.

The Tigers played a good floor game but had a bad night at shooting. For instance, they made only 6 free throws out of 20 tries whereas their visitors made 11 of 15. The net result was that the Big D boys took an early lead and increased their margin in every period.

Roger Endres led the Tiger scoring with 20 points. Ricky Walterscheid hit 9, Pat Endres 6, Mark Hess 7 and Bob Schmitz 2.

Tigerettes held their own in the first quarter and trailed only 10-9, and practically lost the game in the second period when Nocona gained 10 for a 25-14 count. Third period ended 37-24, and Tigerettes gained 6 in the final quarter for the loss of 47-40. SH scorers were Laura Kralicke 10, Marlene Pagel 9, Gloria Hess 8, Sharlene Pagel 6, Mary Hess 5. Defensive leader was Cindy Bartush.

Junior high boys were outscored in every quarter in their loss of 36-13. Their point makers were Jeff Hess 5, Greg Wilde 4, Joe Bartush 2, Kenny Hartman 2.

Varsity teams of Sacred Heart are entered in a tournament at Whitesboro this weekend. They will play Collinsville in their openers. And next Tuesday they will play at Forestburg.

**BIRTHS**

Here's that boy! Mr. and Mrs. Harold Bindel proudly announce Darren John, six pounds 11 ounces, born Thursday, Nov. 14, 2:44 p.m. at Muenster Hospital. Also welcoming him are sisters Debbie and Darla and grandparents Mr. and Mrs. John A. Klement.

Mr. and Mrs. Robert Knabe Jr. announce Vanessa Marie, their second daughter, a sister for Eileen. The six pound 13 ounce lass was born at Muenster Hospital 10:20 p.m. Sunday, Nov. 17. She's a granddaughter for the Robert Knabes Sr., and Ms. Edwina Case of Gainesville.

Mr. and Mrs. G. Horace Brown of Fort Worth are proud parents of a son, their first child, born Oct. 28 at 7:50 p.m. at Harris Hospital. The little boy weighed five pounds and has been named Brian James. Grandparents are Mr. and Mrs. John Streng of Muenster and Mr. and Mrs. George L. Brown of Fort Worth. The baby will be baptized Sunday, Nov. 24, in St. Bartholomew's Church wearing the baptismal dress his mother wore at her baptism.

Mr. and Mrs. J. R. Holder announce Russell Scott, six pounds eight ounces, born at Muenster Hospital 9 a.m. Friday, Nov. 15.

**Hornets Lose ---**

From there Muenster gained back to the 47 and had to kick on the third series. Then, with 64 to go the visitors cranked up their next scoring drive. It used 9 plays to go the distance. Big gains were runs of 17 and 20 by Alexander, and Williams went over from the 5.

On next possession Muenster went 43 to the 27 in five plays, big gains being 10 on Wolf's pass to Bob Endres the only Hornet completion of the game, and a 37 yard scramble by Wolf, but the next series was a dud.

Next two series Bryan Sicking recovered a fumble for Muenster on the Wildcat 19, after which the big Wildcat line pushed the next four plays back to the 26.

From there Archer City moved again. Six plays plus 15 free yards moved 51 to the 23 where Sandel recovered a fumble for Muenster. For the rest of the half both teams bogged down on the first series.

On first series after intermission Bright scooted 24 and Bright's 7 plus Mark W. Sicking's 8 reached the 49, and the next series was short by a yard.

Then from 58 yards away the Wildcats went after their third TD. Nine plays and two penalties reached the 1, from where Williams crashed over for the score and Culwell kicked another point.

That was followed by the two rapid TDs set up by a fumble and an interception.

The last score came early in the last quarter when Paul Wylie, at quarterback, got loose on a 54 yard romp to pay dirt.

**Vickie Schmitt, 4 Birthday Honoree**

Vickie Schmitt, four years old Monday, Nov. 18, celebrated at an afternoon party in the family home with her mother Mrs. Harvey Schmitt as hostess.

A Raggedy Ann and Andy theme was carried out in the party room where a Raggedy Ann and Andy cake was served with ice cream and drinks and where gifts were opened, pictures taken and party favors distributed.

Guests were grandparents Mr. and Mrs. Victor Hartman and Mrs. Al Schmitt, Aunt Pat and cousin Paula Yosten, brother Stephen and sister DeDebbie Schmitt.
