VOLUME XXXI

MUENSTER, COOKE COUNTY, TEXAS 76252 JUNE 21, 1968

NUMBER 31

The hateful obstructionist attitude of North Vietnam's representatives in Paris leads us to believe that our worst suspicions were justified. Reds seem to have no desire for a peaceful settlement. They have done nothing but delay the proceedings and abuse the American team. More and more it is apparent that their purpose is to prolong American bombing restriction while they build up troops and supplies for a bigger offensive.

Lately their treachery is mixed with a new low in savagery as they direct inhuman rocket attacks on the long suffering people of Saigon. They admit their intention of shattering civilian morale, thereby adding domestic problems to the military problems of US and South Vietnam.

We have to admit that the situation is serious. While we wait they gain, and we keep wondering when our leaders will decide that this peace effort, like the others, has been just another opportunity for red treachery.

Regarding the Cong's current ruthless destruction of Saigon, America's patience and tolerance is being pushed to a ridiculous extreme. To our way of thinking the very first of those terroristic attacks was ample justification for an ultimatum. That was the time to tell Hanoi that it was inviting massive retaliation, also that the next incident of savage treachery would end the truce.

As the thing is going now, there's little doubt that the Paris parley will fizzle out and the war will go until we either accomplish our purpose or are forced to pull out. Furthermore, the longer we delay and permit odds to stack against us, the more likely we will have to choose the latter alternative. Reds have it figured that way. When will we see that we are being played for suckers?

The bleak outlook is especially discouraging when we think of the end result of our withdrawal. Communism will have taken a long stride toward its goal of world conquest. Complete take-over of all of Asia will be only a matter of time and chances of our own survival in the eventual showdown will be seriously reduced.

All of which makes us wonder whether it isn't still better to put on a super effort now. If the red tide can be turned it may still be possible to preserve freedom and human dignity in the world.

While thinking of the world wide picture we need to give more attention also to our situation at home. It is no accident that we have widespread violence. J. Edgar Hoover has files crammed with evidence that much of our trouble is caused by an international conspiracy aimed at tearing up our society and eventually taking over our government.

We are seriously weakened already. Controversy over the war, and racial tension, and student riots, along with moral deterioration and fiscal irresponsibility have the country in the worst mess of its history. We desperately need an awakening so that we can put our own house in order, and regain the strength needed to live up our global responsibility.

How to find a solution out of all the turmoil will doubtless be a big job, but it's not impossible if people who shape national thinking will get back to principles of conscience and common sense. With the right kind of leadership in government, business, labor, religion and education, this country can relieve the basic principles by which all can live at peace with God and each other. It will require some adjustments of concept on both rights and responsibilities. Above all it will require a more general willingness of individuals to observe the golden rule and the ten commandments.

Evangelist Billy Graham presented a good reason to think about those things just a few days ago when he spoke about a possible end of the world. Continued increase of evil forces on the international scene could lead to an intensity of turmoil which would provoke reckless use of nuclear destruction. We don't need to be reminded of the possible consequence. Most of civilization could be wiped out.

The catastrophe is possible, but we prefer to think it is not probable. Somehow it's hard to imagine that human

## Seven Acre Area Annexed by City

An area of about seven acres was annexed to the northwest part of the city at the council's regular meeting Monday night. The action followed a public hearing which failed to bring out any comment, pro or con.

It is the Herbie Miller addition measuring 528 x 582 feet with its south boundary at Ninth Street and its east boundary 150 feet west of Maple. The only residence there is Miller's new home, and sites for other construction are available.

The annexation makes Miller eligible to return to membership on the city council. Moving to the new home a few weeks ago, he got outside the city and automatically eliminated himself. Since then he has attended meetings as a visitor rather than a participant.

Appointment of a new member to fill the council's vacancy is due at the next regular meeting. Miller is expected to be the appointee.

## September 10 Set For Registration At County College

Fall registration begins on September 10 at Cooke County Junior College, but prospective students may begin now to obtain the help of professional college counselors in planning a program designed to meet the individual needs of the student.

From eight a.m. until five p.m. on week-days, counselors are on duty at the college during the summer months. They will give prospective students all of the time and help necessary to get the student on the road to a successful college career.

High School transcripts and American College Testing scores may be filed now at the Registrar's office, and applications for fall admittance may be made now in the same office.

Registration for the second semester of the summer session will begin on July 15, and 1968 high school graduates will have an opportunity to get some college credit on their record before the fall term begins.

## Local News BRIEFS

Mr. and Mrs. Basil Reiter and children B. J. and Stephanie flew back to Fallston, Maryland, Wednesday after a visit since Friday with his parents, the Clem Reiters, and attendance at Father Paul Hoedebeck's silver jubilee observance and Muenster homecoming. Family members met them and returned them to Dallas airport.

Mr. and Mrs. John Steele, Muenster residents the past 21 years, have moved to Gainesville. He retired from oil field work for Sohio Petroleum Company and is replaced on the job by Anthony Grewing.

Gene Hartman is the new grand knight of the Denton Knights of Columbus Council, as the result of the annual election of officers.

Judge W. C. Boyd and wife and son of Denton were here Sunday attending the community homecoming.

Add five more to Muenster's population. The newcomers are Mr. and Mrs. Mel Stephens and children Anita 8, Michael 7, and Jon 5. They moved from Los Angeles, Calif., and are occupying the home of the late Mrs. Mike Kleiss. Mr. Stephens is a pilot for Continental Airlines flying out of Dallas.

Frank Crowley of Richardson, Republican nominee for Congressman of the 13th District, was among the visitors at Muenster's homecoming last Sunday.

At Jaycee Convention Ted Henscheid, Herman Grewing and Willie Fisher are in Phoenix, Ariz., this week attending the national convention of the Jaycees — and hoping to bring back a national award for the Muenster chapter's park improvement project which won top prize in state competition.

Auxiliary Meeting Members of Muenster Hospital Auxiliary will meet Thursday night, June 20, 8 o'clock, in the hospital dining room.

## Harvest Nears End

The 1968 grain harvest in Muenster is nearing its end. According to estimates Wednesday by the two local grain buyers, about ninety percent of the crop was in then, and very little if any will be left after the weekend.

Probably all of it would be finished now if work had not been delayed by last Saturday night's rain measuring 1.21 inches. For several days before that the work was going at top speed. Nevertheless the rain was welcome to most farmers. Benefits to grass crops compensated amply for the little harm that was done to remaining grain.

Moisture measures at this time are 3.90 inches for June and 26.23 for the year.

In general the grain season has been unusual, and more pleasing than disappointing. Average yields were surprisingly good after five months of exceptionally wet weather — normally wrong for grain growing. Wheat crop average has been estimated at 20 to 25 bushels per acre, almost up to normal. The average includes a few reports of over 35, also a few of 5 bushels or lower.

Oats, too, turned out better than expected with a few reports up to 85 bushels per acre. With a market that is much better comparatively than wheat, it was the best money crop. Oats sells for about 70 cents a bushel whereas wheat sells for only about \$1.20.

Growers who kept within their average allotments will receive more pay, based on the land's normal yield in recent years. It will increase net return on normal allotted acreage by \$10 to \$12 per acre. However some have few acres or none in the program. And some are disqualified for exceeding the allotment. For such people the cash yield was poor even though the grain yield was fair.

## Local Duo Learn Results in Four-H State Contests

Two of Muenster's three 4-H Club members who competed in state contests at A&M during the annual Roundup have been advised how they placed in their respective competition.

Peggy Endres was second in the food show and is the alternate to the National 4-H Congress in Chicago. Mary Bayer was 11th in Natural Resources. Her brother Paul Bayer who was a member of a grass judging team has not learned his standing. Parents of the young people are Mr. and Mrs. Paul Endres and Mr. and Mrs. Alfred Bayer.

## BIRTHS

Mr. and Mrs. Clyde Fisher announce a daughter, weight seven pounds 15 ounces, Tuesday, June 18, 4:45 a.m. This little girl was in such a hurry to be born she arrived at the family home. Mother and baby are both doing fine at Muenster Hospital where they were transferred promptly. The newborn is eighth in the family, welcomed by three sisters and four brothers. Her grandparents are Mr. and Mrs. R. J. Grill of Eureka Springs, Ark., and Mr. and Mrs. John Fisher.

Proud parents for the first time announcing a six pound nine ounce son are Mr. and Mrs. Thomas Williams of Fort Worth who welcomed their little boy Tuesday, June 18. He checked in at Harris Hospital at 9:10 a.m. The couple moved to Fort Worth from Muenster last month. He was coach at Sacred Heart High. Grandparents of the baby are Mr. and Mrs. A. F. Williams of Dayton, Ohio, and Mr. and Mrs. Meinrad Hesse.

Mr. and Mrs. Frankie Hess announce the birth of a six pound 2 ounce daughter, their second little girl, at Muenster Hospital Monday, June 17, 10:53 a.m. Others welcoming the newcomer are her sister Sandra, grandparents Messrs. and Mrs. Gary Hess and Mrs. Lawrence Wimmer and great-grandparents John Knabe and Mr. and Mrs. C. J. Wimmer.

A modest pat on the back develops character, if given young enough, often enough, and low enough.

## Machine Shop Building Yields To Wrecking Bars

The final stage in closing out a forty year old business was in progress Wednesday as the home of Muenster Machine Shop and Supply Company yielding to wrecking bars.

The old sheet metal building, south of Highway 82 a half block east of Main Street, was torn down by Arnold Knabe, who is salvaging the materials for use in a hay barn. He bought the building on June 8 at a public auction in which Louis Roberg sold all of the business except the location.

As the building was being removed Roberg remarked that this is his contribution toward Lady Bird's program of highway beautification.

The building was erected and the business established in 1928, when Muenster's oil boom was in full swing. Louis and Lawrence Roberg bought it from Al Walterscheid when they returned from service in World War 2. Louis was sole owner since his brother's death in 1960.

## NEWS OF THE SICK

Donald Walterscheid is recovering normally from back surgery performed at Wilson N. Jones Hospital in Sherman on June 12. He expected to be a patient about two weeks and is in room 403.

Mrs. Joe Linn is back at home, dismissed from Nocona Hospital, after medical care.

Thursday: Admit — Mrs. N. W. Barrera, Crowell, Mrs. J. M. Shutes, Saint Jo. Dismiss — Kristi Oakley, Eleanor Trubench, Glenn Richardson.

Friday: Admit — Thomas Otto, J. P. Flusche, Mrs. Jake Horn. Dismiss — Mrs. Manuel Pena and baby girl, Miami, Fla., Mary Marshall, San Bernardino, Calif.

Monday: Admit — Oliver Lowery, Valley View, Mrs. Frank Hess, Hess baby girl born. Dismiss — Tommy Otto.

Tuesday: Admit — Mrs. Clyde Fisher, Fisher baby girl born. Dismiss — Charles Ammons, Gainesville, Linda Evans, Gainesville, George Berry, Rossion.

Wednesday: Dismiss — Mrs. Frank Hess and baby girl, Alfred Luttmner, Mrs. Ludwig Kieninger.

## CYC Convention Delegates Named

Members of Muenster CYC, meeting on June 11, named delegates to represent the organization at the state convention of the Catholic State League in Corpus Christi on July 19, 20, 21.

Delegates chosen are Connie Endres, Peggy Endres, Sandy Fette, Cynthia Bindel and Donna Rohmer.

The group also discussed the Christian Workshop to be held in Ardmore, Okla., in August. Twenty members attended.

## Center Drops 2 in County Softball

The Center, representing Muenster in the Cooke County Softball League, is still looking for its first win. During the past week it bowed to losses number 3 and 4.

Playing Linda Jo last Friday night, they made a big effort to break the losing streak and apparently had it made when a 8 run rally in the sixth gave them a 5 run lead. But Linda Jo scored six in the seventh. Final count was 15-14.

Center hitters were Willie Walterscheid a homer and a triple; Lee Roy Hess, 2 doubles and a single; Virgil Henscheid, a double and a single; Tom Hess a triple; Adam Wolf a double; Charles Cash a double; Alvin Hartman, Leonard Reiter and Donald Endres each a single.

Tuesday night the team lost 3-0 as undefeated Bullard grouped hits and errors to advantage. In the fourth 1 error was followed by 2 hits for 2 runs. In the sixth one error was followed by two long flies for the third run. Alvin Hartman allowed three hits, to Crowsey, Hatcher and King.

The Center's two hitters were Joe Felderhoff, a double and Alvin Hartman a single.

## Swim Classes Will Start July 8

This year's swimming instruction classes in the Muenster municipal pool will begin on July 8. City Manager Steve Mosler announced the program Tuesday after receiving word from the Cooke County Red Cross Chapter, which will conduct the course according to standard Red Cross regulations and issue certificates to those who complete it.

The instruction is scheduled Monday through Friday for two weeks and periods will be assigned giving each pupil five 1-hour classes. Children are expected to report to the pool at 9 a.m. on the opening day for assignment of periods.

On the preceding Tuesday, July 2, starting at 9 a.m., instructors will have a special meeting with Red Cross personnel to review the technique of instruction, the methods to be used, and the required level of progress in each division.

Mosler said the course was intentionally scheduled later than usual, because children were often miserably cold during the classes of previous years. (Continued on page 5)

## City Gets Final Okay on Sewer

Final authorization for construction of the city's sewer plant expansion was received Monday from the Texas Water Quality Board. It came in a telegram approving the council's recent award of the construction contract to Bayer Brothers.

The bid accepted for the project was \$67,876.96. That, according to Water Superintendent Steve Mosler, is subject to options which can change the cost slightly either up or down. Another cost is the engineer's fee estimated at about \$11,000.

Total cost to the city is expected to remain below \$105,000, an amount which the city must make available to get the project under way.

Mayor Earl Fisher said that the city has about \$30,000 on hand for the job and has been authorized to issue up to \$75,000 in warrants.

Also a source of funds for the job is a grant of \$28,680

from the Federal Water Pollution Control Administration. If the money is received in time the city will issue correspondingly less in warrants during construction. Otherwise the city will pay all and recoup some warrants when federal funds arrive.

Financing of the warrants will be accomplished through the city's regular revenue which is due to be increased soon by a 1 per cent city sales tax approved by a vote of city residents in February. Collections for it by local business firms will begin on July 1.

The structure to be built by Bayer Brothers is a big oval ditch made of concrete, 750 feet in circumference, 20 feet wide and 4 feet deep. It will remain full and the entire volume of a half million gallons will be kept moving at a speed of 2 feet per second, fast enough to keep solids from settling. Power to keep it moving is supplied by two 25 HP motors.

While the sewage is in motion it is treated by air to break down the wastes. The unit is known as the primary oxidation ditch.

As more sewage comes into the full ditch overflow goes to a clarifier tank where solids settle out before clear liquid goes to the lagoons. Solids from the clarifier are pumped back to the oxidation ditch for more primary treatment.

Further oxidation of liquid in the lagoons purifies it to a degree that exceeds new standards.

The addition will vastly improve the plant's efficiency. According to Mosler, primary treatment in the race track will produce a clearer liquid than the entire plant now produces, and the clearer liquid will be further purified in the lagoons before it drains into the creek.

The new unit will be built east of the present plant, partly submerged and partly above ground.

## Apply Before July 3 at CCJC For College Tests

The last national test date for the American College Testing Program before the coming fall semester is August 3, 1968. The ACT will be given at Cooke County Junior College on that date.

In order to take the test, students must file an application, and the application must be received at the national testing headquarters in Iowa City, Iowa before July 3.

Application for this test may be made now in the office of the Dean of Student Services at Cooke County Junior College. Assistance in making out the application is available from 8 a.m. until 5 p.m. on week-days.

## Boys Little League JUNIOR LEAGUE

## Service and Reunion Celebrates Father Paul Hoedebeck's Jubilee

A solemn religious service in Sacred Heart Church and a reception with dinner in the Knights of Columbus Hall, highlighted the silver sacerdotal jubilee of the Very Rev. Paul Hoedebeck here Saturday.

Concelebrating the anniversary Mass with him at 5 p.m. were Father John Walbe of Lindsay and Father Alcuin Kubis, local pastor. Abbot Alfred Hoegnig of Corpus Christi delivered the jubilee sermon. Abbot Michael Lensing of Subiaco, Ark., Father Harry Fisher of Fort Worth and Father Aloys Fuhrmann of Lindsay were present in the sanctuary.

Relatives from seven states attended the Mass and joined again for the social observance. In the procession before Mass, Miss Peggy Hoedebeck dressed as a bride, carried the chalice for the Holy Sacrifice, Mary Hoedebeck and Dianne Kralic were flower girls and Billy Hoedebeck of Irving and Larry Hoedebeck carried lilies. Misses Cathy and Janie Arendt registered guests at the reception.

The KC Hall was handsomely adorned, carrying out the silver anniversary theme. Decor for the main table included a centerpiece of wheat sheaves and grapes around a silver Benedicte cross, flanked by candles in holders that combined a gold chalice and silver numerals "25." In the background on a table a display of some 100 pictures told the life story of Father Paul from childhood to the present time. A niece, Mrs. Andy Arendt of Lindsay, handmade most of the decorations.

Father Paul, a native of Muenster, son of the late Mr. and Mrs. Fred Hoedebeck, was ordained to the priesthood in 1943 and has spent his entire priestly life at Subiaco Abbey in Subiaco, Ark., where he is sub-prior.

On the day before the celebration here he had a concelebrated Mass at the abbey at 10 a.m. followed by a reception. Present there were Mr. and Mrs. Gene Hoedebeck and family of Muenster, Mr. and Mrs. Alfred Hoedebeck and children of Irving and 14 cousins from Illinois and Ohio. They all drove to Muenster, arriving Saturday morning and had dinner with Father Paul's sister and brother-in-law, the Clem Reiters in their home. The group was also there for breakfast Sunday morning.

Mr. and Mrs. Joe Miller, Mr. and Mrs. Nick Givodino and five children, Mr. and Mrs. Paul Klement, Mr. and Mrs. Harold Durbin and three children and Susan Beavers, all of Dallas.

## Girls Softball League

The Pixies lead the Little League and the Buttercups lead the Juniors after the second week of competition in girls softball.

### DISCREDITED THEORY

An American general has estimated that the cost of the Vietnam War to date is the equivalent of a \$10,000 gift for every man, woman and child in North Vietnam.

A Japanese industrialist says that if the United States had spent on economic aid to Vietnam what it has spent on the war, there would be no Vietcong movement today.

As rich as it is, America cannot buy the whole world. And if billions had been handed out to the Vietcong, they would be organizing a march on Washington now to seize the source of supply.

—Shreveport Journal

### WALKING AROUND MONEY

So much drivel has been written about rioting and looting in our cities that it is not easy to put the disturbances in perspective. Politicians, wiping tears with one hand while holding aloft a campaign banner with the other, chorus that billions of the taxpayers dollars will have to be spent on the good things of life for these downtrodden looter-voters.

Before you accept that verdict, ponder this Associated Press dispatch out of Chicago during the looting there: "The warden of the Cook County (Chicago) jail said yesterday that he is amazed at the sum of money found on the approximately 1,800 persons ar-

rested during the rioting in Chicago Friday and Saturday.

"Winston Moore, the warden, said \$85,000 was inventoried as taken from prisoners. One man arrested at the scene of looting had \$563 in his possession. Moore said the average adult who was arrested for looting had \$300 to \$400."

That's a lot of walking around money and rather more than our friends and neighbors carry in their pockets. Where did these adult looters and arsonists get that kind of money? Were they paid in advance, by someone, to loot and set fires? And if so, who paid them? Maybe the President's riot commission should be reconvened to review the matter of whether or not there is a conspiracy at the bottom of this. If the average adult looter had "\$300 to \$400," certainly they don't need any billions from Washington very badly.

As to the Washington riots, perhaps the following from "U.S. News and World Report" says all that needs to be said:

"Three blocks from the White House cars loaded with Negroes pulled up at a shoe store. Looters piled into the street, broke the windows and cleaned the place out. Police, looking on, did nothing to stop them.

"After loading up with hundreds of dollars' worth of shoes, the looters jumped back in their cars and started off — then they stopped at a red light. One witness yelled: 'They can loot all they want, but they're afraid of getting arrested for a traffic violation.'"

In other words, loot at leisure in the nation's Capital, but don't run any red lights when you drive away.

And you can appreciate that it may cost a lot of federal money to keep such looters in a style which will dissuade them from looting in the future.

### I think I have some rights, too

The right to walk the streets of my home town in safety. But courts and parole boards have so pampered criminals and hampered police that crime is skyrocketing into anarchy.

I have the right to expect my taxes to be prudently used for my country — not squandered on buying votes of pressure groups nor perpetuating useless bureaus.

I have the right to save my own money by doing without — save for a secure future; not to have it stolen by inflation created by wasteful government.

I have the right to start my own legitimate business and if I have ability, see it prosper; not succumb to greedy union bosses who, for their own power and profit, can close me out with an unreasonable, even illegal, strike.

I have the right and desire as a decent American to be sure no honest man goes hungry, but I also have the right to insist he do every thing he can to earn his own living.

This nation was founded by men who rose up in anger against the bossism of Taxation without Representation, and established a country where the majority rules (not pressure groups) — the majority of law-abiding, hard-working, tax-paying citizens.

This great nation has come dangerously close to mob rule supplanting majority rule. Any official who supports or tolerates it is untrue to his country and should be treated accordingly.

—Warner & Swasey

### SOUNDS SENSIBLE

Conservatives ... and people who have the desire that this country remain solvent ... with each man safe in his own CASTLE, should greet these statements, brought down through the years, with respect. Know who said them? Don't cheat, see answer at bottom!

"You cannot bring about prosperity by discouraging thrift."

"You cannot help small men by tearing down big men."

"You cannot strengthen the WEAK by tearing down the strong."

"You cannot establish sound security on borrowed money."

"You cannot keep out of trouble by spending more than you earn."

"You cannot help men permanently by doing FOR them ... what they SHOULD and COULD do for themselves."

"You cannot build character and courage by taking away man's initiative and independence."

"You cannot help the wage earner by pulling down the wage PAYER." —A. Lincoln

### EFFICIENT DRIVING

"The average American wastes 20 per cent of the gasoline he puts in the family car because he drives inefficiently," notes "Timely Items," published by the Public Service Company of Colorado. "To get the most out of your gas, check your tire pressure regularly. Underinflated tires can waste half a gallon of gas out of every 20 you buy. Have your motor tuned every 5,000 to 8,000 miles. Faulty spark plugs alone can cut your mileage 10 per cent. Avoid repeated, unnecessary breaking; nothing burns fuel faster. Because of this, as well as plain safety-sense, leave an adequate distance between yourself and the car you're following. Be sure your car can breathe by keeping your air filter clean. An engine needs at least 9,000 gallons of filtered air for every gallon of gas consumed. Steady your driving. Drivers who race their engines at stop lights, perform jackrabbit starts and race around corners are being uneconomical as well as dangerous."

### QUOTE OF THE WEEK

"Thirty years of tax and tax, spend and spend, elect and elect, have eaten up our resources. The gold in Fort Knox is gone, the silver in our coins is gone, the dollar is so much paper. Inflation is knocking at every door because of the President's romance with something called the New Economics."

"The nation is totally out of control because the expectations, fomented by irresponsible political leaders, and transmitted to every living room in the land, have risen faster than our society's ability to fulfill them ... In my opinion, the great solid core of American people know the day of bread and circuses is no longer with us ..."

"I think the Republicans have an opportunity, as well as a challenge, to be more than just a political party. This is now a time ... to have enough confidence in the common sense of the people to promise opportunity for those willing to strive, but no guarantee of unearned success as a right to be delivered by government. It is a time to stop escalating the promises and start enforcing the law before this great country is torn to pieces." — Gov. Ronald Reagan of California, in a recent speech before the National Newspaper Association.

### WHOM ARE THEY FOOLING

How is it that rebellious young offenders manage to create so much trouble in a world supposedly in the hands of adults?

The answer, of course, is that Junior and Junior Miss learn from us — not the guy next door. They tend to perform according to the guidance of their elders, their parents. If the guidance is faulty, or lacking, then the performance is pretty certain to be faulty. The law notes that parents are responsible for their offspring. But if parents don't know the whereabouts of the kids, who should?

In passing, we might note that teenagers do not sell the mini-skirts to the teenyboppers, adults do. Teenagers don't sell pants two sizes too small to overdeveloped and underaged Delilahs, adults do. Teenagers don't turn juvenile delinquents loose with a wrist-slap to laugh in the face of law enforcement officers, a-

adults do. Teenagers don't operate drive-in theatres which allow youngsters to watch movies based on every sex deviation known to man, adults do.

It is fascinating, if revolting, to watch the shallow attempts of these sex merchants to feign morality. The advertisements are usually of a scanty clad woman in some pose denoting drama of high emotional pitch, either seduction or dire peril.

It would be useless to debate whether or not these movies are pornographic. The debate has gone to the highest court in the land, and the issue is still as unclear as when the first "underground" movie was made. In the confused legal atmosphere, the hucksters have worked feverishly to mill out the spectacles as

fast as possible while the money can be made.

If you think the words on those posters, or in the advertisements "FOR MATURE ADULTS ONLY" make a big difference, take a few minutes some evening to watch a box office and see how many of the peach fuzz set with the price of admission are turned away.

If you think Junior's allowance isn't welcome in payment for some of the most disgusting picture magazines in circulation, take a few minutes to watch the magazine rack in some large store.

And then take half-an-hour sometime to listen attentively to the lyrics of some of the records teenagers are being offered.

Then act like an adult. —US Press Assn.

### Dancing Recital Is Applauded by Large Audience

A recital by students of Charlotte's School of Dance Sunday, June 9 was acclaimed by a large audience in Muenster High School auditorium.

Les Quatre Saisons (the four seasons) was themed in scenery, lighting, costuming and in presentation of ballet, tap, jazz and baton.

Spring was done in ballet, each dancer representing an artist costumed in smock with palette and colored chiffon representing the various colors of Spring.

Summer, Autumn and Winter were done in tap, jazz and

baton. All were costumed to fit the numbers which were typed from Vacation in Mexico, Going on a Picnic, Visit to the Zoo, Campus Cuties, Major-ettes, Shimmering icicle, Snowflakes and a Winter Holiday. A happening of '68 was the grand finale.

Pupils from Muenster, Gainesville, and Whitesboro studios participated in the recital.

Local pupils on the program were Donna Endres, Elaine Otto, Pam and Steven Walterscheid, Leila Grant, Lola Bright, Lisa Mollenkopf, Brenda Walterscheid, Jeannan Hartman, Jack Endres, Kathy Knabe, Bernadette Knabe, Shelly Walterscheid, Renetta Walterscheid, Michael Sicking, Linda Endres, Gina Hofbauer, Janet Dangelmayr, all of Muenster and Donna Pedigo and Norbra Flusche of Saint

Jo. Guest performers from Gainesville and Whitesboro were Ann Nieman, Patricia Levell, Julie Poynter, Kim Yarborough, Denise Ballew, Wynell Bryan, Kim Cole, Terry Tolleson, Suzanne Tyler, Branda Berry, Pam Turner, Andrea Perryman, Patty McLeroy, Carolyn Gordon, Susie Johnson, Terry Roberts, Cindy Maniss, Jane Ramsey, Jane Russell, Denise McAden, Kathy Ramsey, Brook Simmons, Tina Jones, Debbie Mauldin, Jeanie Timmis, Paula Patrick, Donna Walsh, and Janet Stansbury.

Perfect attendance awards were presented to Janet Dangelmayr, Brenda Walterscheid, Bernadette Knabe, and Stephen Walterscheid.

The program was dedicated to the memory of Cloyce (Red) Gordon.

### HD Club Members Have Discussion On Food Dollars

Muenster Home Demonstration Club's June meeting featured a round table discussion on "Food Dollars" with emphasis on how to save and still keep the family well fed. At roll call each member had given her own special way of stretching food dollars.

Mrs. Earl Robison was hostess in her home and Mrs. Bill Lutkenhaus conducted the business session. Mrs. Joe Hoenig gave the Cooke County council report and Mrs. Henry Pick read the treasurer's report.

Mrs. Lutkenhaus and Mrs. Oscar Detten told about their visits to local shut-ins and other members reported on 12 visits to hospital patients and seven visits to rest home patients. Members provided nine

covered dishes for bereaved families and seven members helped prepare dinners.

Mrs. Martin Bayer conducted the recreational period, directing paper and pencil games in which Mrs. Joe Hoenig and Mrs. Bill Lutkenhaus won prizes. Mrs. Al Walter won the door prize and Mrs. Robison, the hostess, served refreshments to 14 present.

The reason the average girl would rather have beauty than brains is that the average man can see better than he can think.

The old man who was 90 was told by his doctor that he was going to die. The man—who had always voted Republican—rushed down to the court house and registered as a Democrat. He explained to his friends that if someone had to go, "It might as well be a Democrat."

### Donna Prescher Lendon Bauer Are Married at Mass

Miss Donna Gail Prescher became the bride of Lendon Bauer in nuptial services Saturday in St. John's Church at Valley View, the pastor Father Anthony Gajda officiating at the wedding Mass and double ring ceremony at 5 p.m.

Parents of the couple are Mr. and Mrs. Leo Prescher of Valley View and Mr. and Mrs. Clifford Dean of Llano.

Given in marriage by her father, the bride wore a gown of white silk organza with Alencon lace enhancing the Empire bodice and long sleeves and circling the chapel train. Lace also edged her veil and, combined with seed pearls, formed her headpiece. She carried white roses.

Miss Jeanie Prescher was her sister's maid of honor and Mrs. Troy Burnett, groom's sister of Dallas, was bridesmaid. Their dresses were of rose crepe, the Empire bodice covered with lace. They wore matching headpieces and each carried a single long-stemmed red rose.

Dan Bauer of Kaufman was his brother's best man and Pvt. Jimmy Prescher of Fort Sill, Okla., bride's brother, was groomsman. Another brother, Bonny Prescher of Gainesville and James Winkle of Kaufman, cousin of the groom, were ushers.

Mrs. Cecil Neu, organist, and Miss Karen Miller, vocalist, provided wedding music. After Mass the bride placed the traditional bouquet on the Blessed Virgin's altar.

Glenn Neu and Darrell Wolf were candle lighters and Mass servers.

Wedding reception and buffet were held in Lindsay Parish Hall for some 225 guests. Misses Leila Hacker and Linda Ford of Valley View, cousins of the bride presided at the bride's book.

After they return from their honeymoon the newlyweds will be at home in Dallas.

Both are employed at Texas Instruments in Richardson.

The bride is a 1967 graduate of Valley View High and the groom is a 1963 graduate of Llano High School. He served three years in the Army, one of them in Germany.

Among wedding guests was the bride's grandmother, Mrs. Joe Prescher of Lindsay, and from a distance, in addition to those from Cooke County, Llano and Dallas were the bride's uncle and aunt, Mr. and Mrs. Harvey Buttrell of Athens.

### Vacation Trip for Mosmans Covers 45 Hundred Miles

Mr. and Mrs. John Mosman report a great time visiting and sight-seeing on a 4500 mile trip that took them to the west coast and back.

Going they had their son Lt. Tim Mosman, with them, taking him to Travis Air Force Base from which he left for overseas duty in Vietnam. He had spent a three-week leave at home.

On the way the trio visited in Albuquerque with relatives, the Frank Hennigans and Benny Montoyas, then toured the Grand Canyon and Boulder Dam and went sight-seeing in Las Vegas in San Francisco.

After leaving Tim at Travis AFB, Mr. and Mrs. Mosman spent two days in San Francisco sight-seeing and visiting a niece and family, the Andy Johnstons, then spent two days in Los Angeles with another niece, Mrs. Bill Neil and family and enjoyed sight-seeing in that area and the beach. They took the southern route home with visits in Phoenix and Tucson, El Paso and Juarez, and finally spent two days in San Antonio at HemisFair.

### Miss Christine Is Bride of John Turner

Miss Julianne Christine and James C. Turner were married Saturday, June 15, in St. Paul's Church, Cambridge, Mass. The bride is the daughter of Mr. and Mrs. G. H. Christine of Wellesley Hills, Mass., and the bridegroom is the son of Mrs. Arthur Endres of Muenster and the late John K. Turner.

The Nuptial Mass was celebrated at 4 p.m. and the wedding reception followed in the Harvard Club of Boston. Mr. and Mrs. Arthur Endres were among guests.

The bride wore a gown of white silk organza over silk peau de soie and re-embroidered ivory Alencon lace. The caged skirt of lace swept to a chapel length train. She carried lilies of the valley.

Her four attendants wore Empire gowns of nutmeg brown imported linen and carried nosegays of daisies.

The groom's attendants included his brother John W. Turner of Dallas.

After a wedding trip to Quebec, the couple will be at home in Boston.

She attended Ursuline Academy in Dallas, University of Dayton in Ohio and College

of New Rochelle, N. Y., where she received her degree in French this year. He attended Jesuit High in Dallas and graduated from Harvard College with a degree in history this spring.

### Relatives, Friends At Open House for Otto Anniversary

About fifty relatives and friends helped Mr. and Mrs. Henry Otto of Alvin celebrate their fortieth wedding anniversary at an open house party Sunday afternoon in the home of Ben Otto at Gainesville. The honorees were vacationing with Gainesville and Muenster relatives.

Among those attending were the Ottos' daughter and family, Mr. and Mrs. Vernon Tyus, John, Angeline and Joe of Alvin.

Other relatives included Mr. and Mrs. Robert Otto and daughter and her mother of Spokane, Wash., Mr. and Mrs. Jim Wolf and five daughters of Borger, and Mr. and Mrs. Gene Fahey of San Antonio, and Muenster and Gainesville relatives and friends.

The refreshment table was centered with an arrangement of red carnations and held the crystal punch service and anniversary cake. Mrs. Gene Fahey and Mrs. Robert Otto presided at the board.

Mr. and Mrs. Henry Otto returned to their home Monday.

### Wiesman Family Ends Vacation

Mr. and Mrs. Leroy Wiesman and their seven children took a family vacation this year and spent two weeks visiting and sight-seeing. His mother, Mrs. Carl Wiesman of Gainesville accompanied them.

They toured the Astrodome in Houston, visited in Rio Hondo with the Lawrence Wiesmans who entertained them at a barbecue, went to Padre Island where they viewed results of Hurricane Beulah, visited with friends in Fort Worth and spent overnight there with her sister and family, the Gilbert Boydstuns. They were guests of another sister and family, the Travis Wickliffes at Irving and went water skiing at Lake Grapevine. On the way home they visited her parents, the Alois Haverkamps here and returned to Tulsa Saturday.

### Students Receive \$479 Million from Social Security

Social security is now paying more money to students 18 through 21 than all the scholarships at all U. S. Colleges and Universities, according to data just received by Gus Jones, district manager of the Social Security Administration in Sherman.

"In the 1968-69 school year," Jones explained, "the social security program will pay about \$479 million to approximately 468,000 students entitled to payments on the earnings record of a disabled, retired or deceased parent."

The school year that begins next fall will mark the fourth year of payments under a 1965 change in the law providing for the continued payment of social security benefits past the age of 18 to unmarried, full-time students.

"Nothing in the law prevents the student from receiving his social security benefits while he is still receiving assistance from a scholarship period. If a student works during the summer months or part time during the school year, and earns \$1680 or less for the year, he can still collect all of his social security benefits. If his earnings go over \$1680, he gives up some or all his benefits, depending upon the amount of his total earnings and how steadily he works."

Jones added that a 1967 change in the dependency requirements for the children of women workers added 175,000 more young persons to those eligible for payments. Any student in the 18-22 age group whose mother is deceased, disabled or retired after earning social security coverage, should visit his social security district office as soon as possible, suggested Jones. The Sherman office is located at 315 West Mulberry. Office hours are 8:30 a.m. to 4:45 p.m. Monday through Friday and each Thursday evening until 6:45 p.m. In addition, a representative from the Sherman office may be contacted in Gainesville each Tuesday and Thursday from 9:30 a.m. to 12:00 noon in the Federal Building.

### Cooke Clan Joins At Dad Day Dinner

The home of Mr. and Mrs. Don C. Cooke was the scene of a Father Day celebration Sunday with dinner at noon and a round of gifting for Mr. Cooke.

Mr. and Mrs. Harold Cooke arrived from Fort Worth Saturday to spend the weekend with his parents. Their granddaughter and her husband, the Gene Alexanders, arrived Sunday morning bringing the Cookes' five great-grandchildren, Dana and Nikki Alexander, Dedie, Mark and Keith Cooke, all of Fort Worth.

While Mr. and Mrs. Don C. Cooke and Harold Cooke attended services at First Baptist Church, and heard a special Father Day message by the Rev. John Brooks, Mrs. Harold Cooke prepared dinner and set a beautifully appointed table.

A grandson, Don M. Cooke and his wife were unable to attend on account of the illness of her mother.

### Abbot Alfred Is Reunion Honoree

Abbot Alfred Hoenig of Corpus Christi was the inspiration for a family gathering and buffet Monday night during his short stay in Muenster. Also a special guest at the gathering was Abbot Michael Lensing of Subiaco, Ark.

Mr. and Mrs. Joe Hoenig were hosts in their home and those attending were brothers and sisters, Messrs. and Mmes. Tony and Aiphonse Hoenig, Mrs. Johnny Otto, Mr. and Mrs. Theo Vogel, and the hosts' children Mr. and Mrs. Richard Hermes of Lindsay and Mr. and Mrs. Jerry Hoenig.

The two abbots were among clergy at Father Paul Hoedbeck's silver jubilee celebration, made a business trip away and returned Monday. They left again Tuesday to attend abbots' conventions in Oklahoma and Chicago.

 Mr. and Mrs. R. D. Morris went to Era Sunday to join her sisters and brothers at Community Center Building for their annual family reunion. Highlight of the occasion was having their mother, Mrs. Ella Smith, with them to make four generations present.

Mrs. Smith who resides at Manor Nursing Home in Sanger came with her son-in-law and daughter, the Harvell Martins of Sanger.

Others present were the Averyt Smiths of Dallas, the Tom Smiths and Mrs. Vera Chism of Valley View, the Rawdon Smiths of Spring Creek, Messrs. and Mmes. Yandell Hobbs of Duncan, Okla., Luther Morris of Myra, Willett McCollum of Valley View, and grandchildren Miss Maxine Morris of Richardson and the Walter Haverkamps and children of Whitesboro. Eighty-five attended including all of Mrs. Smith's children except one daughter Lois, Mrs. Chester Polgrove of Collinsville, Okla.

**Fisher Family Has Reunion in Park**

A reunion outing brought all the John Fisher family together in City Park last Thursday for a picnic meal and outdoor fun including swimming.

The event gave family members an opportunity to visit with Mrs. Max Rumelhart and children Matt, John, Anne and Betsy who are visiting here until they can join Lieutenant Commander Rumelhart on Guam. They are previously of Durham, N. C.

Others present were Miss Rosemary Fisher of Denver, Colo., who spent four days with her family, Mr. and Mrs. Joe Galloway and daughters Jonann and Mary Ellen of Wichita Falls, Mr. and Mrs. Johnny Fisher of Houston, Mr. and Mrs. Clyde Fisher and family and Mr. and Mrs. Butch Fisher and children.

**Swim Classes**

The Sunday school teacher asked her class: "Now I'd like to have each of you tell me what story in the Bible you like best."

When it came Bobby's turn to reply he eagerly answered: "I like best that story about the multitude that loafs and fishes."

Requirements for enrolling will be the same as in past years. A child will have to present a form with a parent's signature and a doctor's signature to indicate physical fitness.

Adults are welcome in the classes, and they too are required to present the form showing that they are physically qualified.

A copy of the application form is presented here. Others are available at the Medical Center and the Enterprise.

**Application for Free Swimming Lessons**

This form must be filled in, and signed by medical doctor and pupil's parents.

## World's Largest Plane to Take Test Flights

CANTON, OHIO — The U. S. Air Force C-5 Galaxy recently unveiled by the Lockheed-Georgia Company is scheduled for test flights in June of this year. Gross weight of the Galaxy is 728,000 pounds. By using 28 Timken tapered roller bearing-equipped landing wheels under safe low tire pressure, this massive plane can utilize airfields classified for medium to heavy loads without causing any critical runway deterioration. Almost 85 yards long, it has a wing span of 223 feet and towers 65 feet into the air. Carrying a maximum payload, the C-5 Galaxy can cover 2,500 nautical miles in less than 6 hours.

## SH Alumni Party Welcomes Members

Sacred Heart Alumni entertained with an "incoming" party Sunday, June 9, for 1968 SHH graduates welcoming them in the Alumni Association.

Others who were special guests were workers during the volley ball tournament and players of the boys' and girls' teams.

Some forty were together in St. Joseph's Club for the occasion highlighted by a fried chicken supper catered by The Center. Charles Bayer, Alumni president, was in charge of arrangements.

## Webelos Den Goes On First Cook-out

The Webelos den of Muenster Cub Scouts had its first cookout experience June 11 at Mike Schillings lake northeast of town.

The group went to the location by car at 6:30 a.m., gathered wood, built a fire and cooked a breakfast of bacon, sausage, eggs and hot chocolate.

Boys in the group were Mark Mollenkopf, Damian Walterscheid and Frank Moser and a guest, Bobby Endres. With them were John Felderhoff, den chief, and adult leaders Don Murch, James Mollenkopf and Clyde Fisher.

## Grandson Former Resident Honored

Joseph Michael Sharp Jr., grandson of Mrs. Freda Sharp and the late Joe Sharp, former Muenster residents, has been honored for high scholastic standing in high school. He is the son of Mr. and Mrs. Joseph Michael Sharp of Bellevue, Wash.

He has been selected to receive a \$500.00 National Honor Society Scholarship awarded by the Scholastic Board of the National Association of Secondary School Principals, selected also as recipient of an Alumni Association High School Merit Award from the University of Washington Alumni Association — a full one-year tuition award of \$345.00 — for outstanding high school academic achievement and leadership ability, and was chosen for recognition in the national publication, Merit's Who's Who Among High School Students, 1967-68.

A friend of the family was inquiring about the baby. "Can he talk yet?" he asked the 8-year-old brother. "You betcha," came the quick answer, "and now we're teaching him to keep quiet."

Among those joining the homecoming crowd — probably traveling the farthest distance to attend — were Faye Fette, her two daughters Kaye, Mrs. Gordon Hickey, and Linda Fette, and Bill Hickey who drove in from Sunnyvale, California, Sunday and spent several days visiting relatives and friends here, at Gainesville and in Dallas. Nita Graham, also formerly of Muenster, flew in Monday from San Jose, Calif., to visit Mrs. Dick Cain and family and accompanied the Sunnyvale group back by car.

Mr. and Mrs. Paul Herr of Arlington joined other family members in attending the homecoming celebration Sunday.

Charles Ruwaldt of Oklahoma City was among those at the homecoming renewing acquaintance with old friends.

Mr. and Mrs. Gene Hartman and children Jeanna, Pam and Doug of Denton visited their families, the Victor Hartmans and Mrs. Dick Cain Sunday and attended the homecoming. They returned home Monday after spending overnight in the Cain home.

Visitors Sunday with Mrs. J. S. Horn, a patient at Muenster Hospital, were her son and daughter-in-law, Mr. and Mrs. Jake Horn of Windthorst. They say other relatives and friends at the homecoming later in the evening.

Visiting Mrs. Nettie Crump of Saint Jo, a patient at Muenster Hospital, Sunday were her brother Arthur Hughes of Dallas accompanied by Don Harris, also of Dallas, and joined for visiting by Mrs. Crump's son, Bill Crump of Saint Jo.

Personalities in the Dallas Summer Musicals 1968 season at the State Fair Music Hall include John Davidson, upper left, as Billy Bigelow in "Carousel," July 2-14; Ann Blyth, top center, in Sigmund Romberg's "The Desert Song," opening show, June 18-30; and Douglas Fairbanks, Jr. making his musical comedy debut in "My Fair Lady," July 30-Aug. 11. Co-starring in "Bells Are Ringing," July 16-28, will be Patti Karr and movie idol Van Johnson (bottom row). Constance Towers, lower right, repeats her New York success as Maria in "The Sound of Music," Aug. 13-25. The sixth show of the season, Aug. 27-Sept. 8 will be a national touring company of "Fiddler On The Roof".

Cheering Fred Herr with bedside visits at Muenster Hospital Sunday were his daughters, Mrs. Eddie Jakubec of Dallas and Mrs. Clarence Albers of Lewisville and members of their families.

Mr. and Mrs. Herbert Cunningham Jr. and children Brian, Kim and Terry, and her sister, Miss Inge Kieninger, all of Fort Worth spent the day with their parents Sunday, visited Mrs. Ludwig Kieninger at Muenster Hospital, and saw friends at the homecoming. Miss Kieninger remained to help care for her mother during convalescence at home following dismissal from the hospital.

Celebrating Father's Day with Mr. and Mrs. J. M. Weinzapfel and having dinner together with them at the homecoming were Mr. and Mrs. H. L. Jackson and Anita, Julie, Jane, Toni Marie and Thomas, Mr. and Mrs. Jim Hoselton and two sons, all of Fort Worth, Mr. and Mrs. David Bright and family and Mr. and Mrs. Henry Weinzapfel and children. In the afternoon they were all together for an outing and swimming at the Weinzapfel Lake and had a hamburger cookout for supper. Msgr. Thomas Weinzapfel of Dallas joined the group in the afternoon and stayed overnight with his parents. Mr. and Mrs. Bill Birden and sons telephoned Father Day greetings from Fort Worth.

Mr. and Mrs. Bill Kathman were in Grand Prairie last Thursday to spend the day with their daughter and family, the Stan Wylies. George Wylie, 15, had just been dismissed from Baylor Hospital in Dallas after undergoing eye surgery. He has made a successful recovery.

Mrs. Larry Joe Walterscheid and daughter LaQuita of Moore, Okla., and her sister, Miss Charlotte Womble of McKinney visited here Sunday evening and Monday with J. C. Trachta. Miss Womble accompanied her sister and niece home for a summer vacation visit. Mrs. Walterscheid and LaQuita had spent the weekend in McKinney with their parents and grandparents Mr. and Mrs. A. P. Womble.

New residents for Muenster are Mr. and Mrs. J. W. Powell and two sons, coming from Farmington, N.M., to occupy the former Needham house. Powell will be operating area oil leases.

Visiting back in her former hometown last week, Monday to Friday, was Mrs. John Furbach of Amarillo. She brought her two granddaughters Margaret and Joanna Furbach with her.

Mr. and Mrs. Curtis Holland and children Curtis Jr. and Loretta of Cleburne spent last weekend at Grapevine with his brother Don Holland and family who had just bought a new mobile home and Saturday evening they all piled in and came to Muenster to visit Mrs. Curtis Holland's mother, Mrs. Bob Yosten. She joined them in making the rounds to visit the Yosten relationship. Sunday the two Holland families spent the day at Six Flags.

Mrs. Rudy Hellman was in Arlington Thursday as the guest of Mrs. Corinne Christenberry and went with her to attend a luncheon at Six Flags at the Women's Club.

Mrs. Rudy Hellman and her daughter-in-law, Mrs. Dolphy Joe Hellman went to Dallas last Wednesday night to see their granddaughter and niece.

## Texoma Savings Declares Dividend

The board of directors of Texoma Savings Association, Sherman, Texas, declared a five per-cent stock dividend at their monthly meeting Wednesday. The dividend will be paid on June 20, 1968 to all stockholders of record as of June 12, 1968. This increase brings the total permanent stock outstanding up to \$225,690.00. This consists of 11,434.5 shares at \$20.00 par value. The stock payment date is the sixth anniversary of the savings institution. Lavene G. Ransom, president of the savings and loan said, "This expansion of the capital structure is in keeping with the growth in assets of over \$500,000.00 during the past five months."

A friend tells us his wife is peeved at him. "And all I did was sprinkle tenderizer on her biscuits," he explained.

TP&L Director of Agricultural Development Homer Gibbs, right, and Herbert M. Chesier of the Byrd and Chesier Feed Barns, Ferris, Texas.

## Take a good look at today's farmers and ranchers...they look a lot different than they used to.

In Texas and other parts of the nation, today's farmers and ranchers are businessmen. The farms and ranches they work are bigger, more automated and better managed than ever before.

Texas Power & Light Company helps farmers and ranchers in its service area stay well-informed on the latest advances in the expanding field of agri-science...advances which have helped them raise their production to an all-time high.

Demonstrations of the newest methods in improving livestock quality, soil fertility and rural communities are continually being presented throughout the TP&L service area by the Company's alert agricultural development team. These efforts, along with related community and area development programs, help increase agricultural production and incomes with less dawn-to-dusk labor.

TP&L is proud to be helping rural families live, work and relax on the farm or ranch of the future...today.

**Brazos Electric Will Dedicate New Power Plant**

Mr. H. A. Dalton, General Manager of Brazos Electric Power Cooperative, Inc. of Waco, announced plans for dedication ceremonies at the recently completed R. W. Miller steam generating plant at Lake Palo Pinto, located southwest of Mineral Wells.

The dedication will be held June 29th at the plant site with Mr. Norman Clapp, Administrator of the Rural Electrification Administration in Washington, scheduled to deliver the dedicatory address. The day's activities will begin at 9:30 a.m. with guided tours, followed by a noon barbecue. Official dedication ceremonies

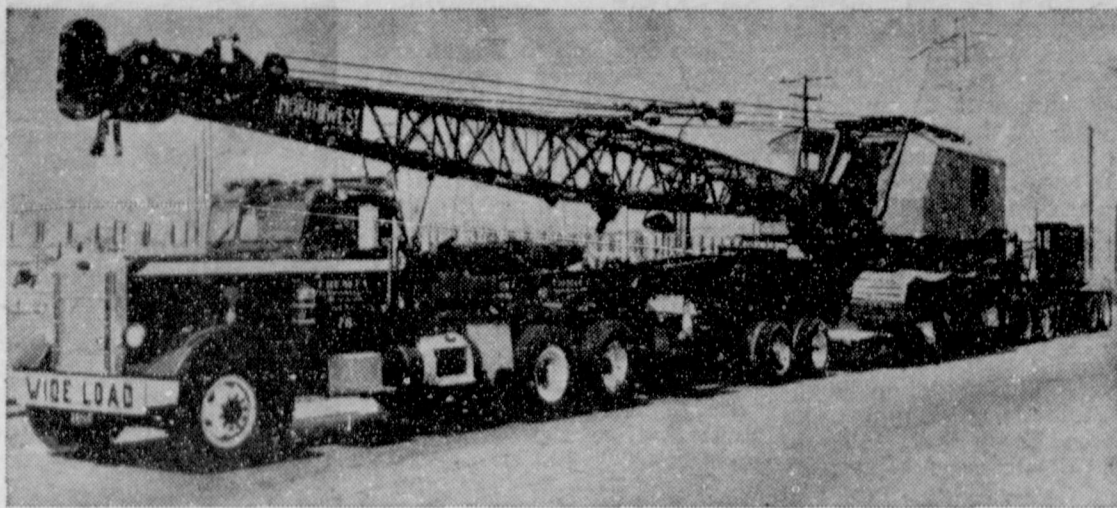

will start immediately following lunch.

Named in honor of the late R. W. Miller, Brazos' Manager from 1944 until his death in 1963, the newest steam generation plant in the Brazos system will add 66,000 kilowatts of additional generating capability, bringing the system total to 155,000 kilowatt capacity.

The Cooperative is owned by 19 rural electric distribution cooperatives who buy wholesale electricity from Brazos and deliver it at retail to over 250,000 consumers in the 57 county area stretching from Seymour on the north to Navasota on the south.

The Brazos member system, with more than 1,650 miles of heavy duty transmission line and over 31,000 miles of distribution line, is also interconnected with the electrical systems of the cities of Bartlett, Bryan, Denton, Garland, Grandbury, Greenville, Hearne, Sanger, Seymour, Weatherford and Whitesboro to insure system stability and gain the economics of an interconnected operation.

**80-Ton Rig Needs 2 Drivers, Intercom**

This 100-foot-long unit is one of only two highway haulers of this type in the world. It consists of a conventional tractor in combination with a jeep dolly, low-bed section, trailer and steerable dolly. The combination carries a payload of up to 158,980 pounds, or nearly 80 tons. Two drivers operate the big Timken tapered roller bearing equipped rig, which has the standard truck tractor steering at the front and a highly-unusual steerable rear-end dolly with a driver's pod. The drivers communicate through an intercom when underway. Both front and rear drivers are able to control the elevation of the low-bed section through hydraulics. They can raise or lower it one foot above or below the travel position even when underway.

**Denton Creek to Get Pilot Channel**

McKnight and Little Contracting Company of Westfield, Texas, was the low bidder on the Denton Creek Pilot Channel Improvement, according to H. N. Smith, State Conservationist, Soil Conservation Service, Temple, Texas.

Total amount of McKnight and Little bid was \$137,689.74. This includes 599,255 Cu. Yds. of excavation and clearing 274 acres of timber.

The Pilot Channel of Denton Creek includes 6.8 miles in Wise County and 4.6 miles in Montague County. In this area the old channel has completely silted up. The Flood Prevention Program for Denton Creek includes Floodwater Retarding Structures, Sediment Control Structures, Critical Area Treatment and the Channel Improvement.

The landowners in Montague County that are involved are Cecil George, R. S. Lynch, Oscar Ray, G. W. Clowers, D. L. Rater, Paul Donald and W. H. Alkman.

The Upper Elm-Red Soil and Water Conservation District and the Commissioners Courts

of Montague and Wise Counties are the sponsors of the Flood Prevention Program in Denton Creek. The Soil Conservation Service pays all the cost of construction. The local people are responsible for securing the right of way and easements. The District Supervisors stated "that this project has been needed for a long time. A lot of people have spent their time and money to get this project started and now construction is about to get underway."

He: "Will you marry me?" She: "No, but I'll always admire your good taste."

The key to preventing home burglaries: "Inconvenience," says Liberty Mutual Insurance Companies. "It simply must be inconvenient and even difficult for the burglar to enter and leave the home undetected."

Why is the home an attractive target for the burglar? Watchmen, watchdogs, highly-intricate devices have been employed by business, while many homeowners don't even bother to lock their doors when they go out.

**Robison Kin Have Annual Reunion**

Children, grandchildren and great-grandchildren of the late Mr. and Mrs. D. O. Robison joined Sunday at Gainesville Community Center for the annual reunion. Forty-three were together for the day and set next year's reunion for the second Sunday in July.

Those attending included Mrs. Earl Robison and son Jim and Mr. and Mrs. Ernest Robison of Marysville, the Otho Whaleys and Bobby Ragsdales and children of Fritch, the Glenn Lovetts and family of Wichita Falls, the Kenneth Clarks and sons of Durant, Okla., the Roy Ramseys and her parents the Rev. and Mrs. Calvin Dennis and their grandchildren Karen, Sharon and Jimmy Gieser, all of Dallas, the David Robisons of Fort Worth, and Messrs. and Mmes. Harold Otts, Leslie Robison, Willis Robison, Claude Miller, Johnny McEntosh and James Boone, all of Gainesville and Bobby Hutchinson, Jana and Steve Boone and Rodney and Lydia Robison of Gainesville.

The new skirts are so short that men who used to sit in the sidewalk cafes to watch the girls pass now pass to watch the girls sit in sidewalk cafes.

The deep-sea diver had scarcely gotten down to the bottom when a message came from the surface which left him in a dilemma.

"Come up quick," he was told. "The ship is sinking!"

Mrs. MacDougall was berating her husband on the way home from a party. "Well, you certainly made a fool of yourself tonight," she said. "It's a good thing those people didn't know you were sober."

**CLAY HERRINGBONE MILKING PARLORS**

With Exclusive DRIBBLE METERED FEEDING

Milk 'em the modern way... in a Clay Herringbone Milking Parlor. At the same time keep em contented and quiet all through milking with Dribble Metered Feeding. But best of all... you cut your labor and milking time in half. One man can milk 50 to 55 cows per hour with Clay and save big money in the process. Records show savings up to \$2,000 a year on 100 cow herds with Dribble Metered Feeding. No feed is wasted by over-feeding, no production lost due to underfeeding! See us today for the complete details.

**What Can Red Angus Do For You?**

**RED ANGUS FACTS:**

1. The only solid red beef breed that is naturally polled.
2. Top quality carcass.
3. Red color always breeds true (Color is fixed).
4. Red color not discriminated against in North or South.
5. No nurse cows.
6. High resistance to Pink Eye.
7. No sunburnt udder problem.
8. A performance testing breed.
9. Individually inspected and type rated.
10. Crossbreeding flexibility is outstanding.
  - a. Knock horns off with a RED ANGUS bull. Economical, sensible and safe way to dehorn.
  - b. Obtain the benefits of hybrid vigor.
  - c. Maintain or improve carcass quality.
  - d. Leave basic color and color pattern unchanged. (Red is recessive.)

Angus Cattle have long been known for longevity, mothering ability, hardiness, smaller calves at birth, feeding ability, and carcass quality.

As a new breed, RED ANGUS Cattle production offers opportunity on the ground floor, with a sound progressive breeding program.

Red Angus can increase the amount you receive from a weaning calf as much as \$15.00 per calf.

A performance testing program is a part of the registry requirement and a goal to be "Best by Test." It is the opinion of the RED ANGUS breeders that registry breeders should produce the kind of cattle commercial men can use and make money using. We have never had a dwarf.

Hereford breeders are finding it convenient to use RED ANGUS bulls on yearlings for an extra calf crop, keeping the red color.

beings would go that far in their folly. Surely they would see the light before all is lost. Nevertheless one also wonders how far people have to go before wising up. Many of us think we've already passed that point. But our country as a whole apparently hasn't been convinced yet.
