NUMBER 15

From the Washington Whispers page of US News and World Report: "President Nixon, his aids feel, will get the opportunity during his present term to change the complexion of the Supreme Court from that of a 'liberal' and very 'activist' Court to that of a Court more inclined to a strict application of constitutional principles, which many believe have been stretched in recent years."

Our response to that opinion is a fervent hope that the opportunity will come very soon. The fuzzy thinking of these nine men, in their solicitude for the rights of traitors and trouble makers and plain criminals, has already imposed a heavy burden on society, and there are no signs of improvement in their logic.

Another horrible example was the decision of last week in which the Court reversed a lower court ruling against three Iowa high school students for wearing black arm bands in classes, as a protest against the Vietnam war in defiance of school orders.

Aside from the fact that the Court's decision can be interpreted as upholding a traitor's right to flaunt his treason, it repudiates the right of school authorities to prescribe the standards of conduct of their students. In fact the Court's statement dealt specifically with that point.

The action of the school authorities appears to have been based upon an urgent wish to avoid the controversy which might result from the expressions, even by the silent symbol of armbands, of opposition to this Nation's part in the conflagration in Vietnam.

The Court went on to say that school officials do not have absolute authority over students, who have fundamental rights which the State must respect.

It's very obvious in this case that the "rights" of the trouble makers, which were upheld by the Court, clashed with the right of school officials to maintain order. By the Court's own statement the purpose of the school's order was to prevent trouble, from which one can imply only that the "fundamental right" of the student outweighs the school's right to keep order.

Somewhere in their process of fuzzy thinking the eminent jurists seem to have overlooked a very important principle on the subject of human rights — to the effect that a person's right ends where he violates the rights of another. In this case the display of objectionable arm bands violated the right of other students to an orderly atmosphere and the right of officials to demand such an atmosphere.

The mental processes of the Court are amazing. In their anxiety to protect the rights of individuals they have, time and again, come in violent clash with the rights of society. They seem totally unaware of the problems they create for those who have to keep order, or for the other individuals who have to endure the effect of this leniency to odd balls.

The Court, furthermore, seems unaware of its cooperation in a sinister and subversive plot to turn this country over to Communism. A number of nationally prominent straight thinkers, including J. Edgar Hoover, Sam Yorty, Joseph Alsop and George Benson are convinced that riots of big cities and campuses are master minded by the reds in support of the Communist goal of world domination. The purpose is to create widespread dissatisfaction and even revolt among young people against the war thereby improving the Viet Cong's chances of victory, but even more to spread chaos and violence in this country. Their goal is the breakdown of our government leading to eventual take-over by the reds.

Whatever contributes to the chaos is an assist to the communist cause. A top level legal decision which permits young hoodlums to defy the regulations of school officials or police actually contributes to the condition which communists want.

Defiance of authority is not the only way reds have of attaining the conditions they want. It's more than a coincidence that a number of other trends have been promoted for a breakdown of American morality. Widespread porno-

Garden Club Meet Postponed a Week

Muenster Civic League and Garden Club officers this week announced a change in the organization's March meeting. It has been postponed one week to Monday March 17, so as not to conflict with Mission services.

Flower Show Scheduled

Gainesville Council of Garden Clubs has announced its annual flower show date as April 24. It will be held in the National Guard Armory from 3 to 9 p.m. Theme of the show this year is "Visions of Beauty Around the World."

Teen Line Dress Orders Have Local Plant Buzzing

Being involved in the production of one of the most popular lines of teen age dresses in the country has the Jr. Elite dress factory really buzzing lately.

Mrs. Ola Roberg, manager, said this week that her company is swamped with orders, which are being filled by four of its own factories and five contract manufacturers.

The Muenster plant has about 100 workers and welcomes more. The owners hope to increase gradually to about 125. Present production here is about 2500 dress a week, the

32 MHS Trackmen Set for Saturday Meet at Saint Jo

Five members of the Muenster track team had their first taste of 1969 competition Saturday at the Iowa Park invitation meet.

The net result of their effort was 9½ points plus the satisfaction of a few more records that might have added points in less rugged competition. MHS boys were in the second division, which included 14 A and B schools, mostly A. First division was for AA teams.

Point makers were Earl Koelzer, second in intermediate hurdles; Henry Sicking sixth in the mile; Andy Knabe tie for sixth in broad jump. Near misses for points were Leon Klement, seventh in the 880 run; Andy Knabe, seventh in the mile; Earl Koelzer, sixth in high hurdles; Mike Hennigan failed to qualify for the final events.

Coach Glenn Richardson said the boys will be competing in their own class and at full strength this week in a practice meet at Saint Jo. Other Class B teams of the area have been invited and are expected to be there. The following week the Hornets will be in an invitation meet at Holliday.

After two weeks of workouts and eliminations the Hornet membership in both senior and junior divisions now stands at 32. Miss Sicking is a junior psychology major. She is the daughter of Mr. and Mrs. Leo H. Sicking.

Mrs. A. Antonetti Is Guest Speaker AT SHH Assembly

"You can't get anything for nothing" was emphasized by Mrs. Alfredo Antonetti in her talk on Cuba to Sacred Heart High School students.

She was referring to the promises Castro made to give the poor the things the rich had. Mrs. Antonetti lived in Cuba at the time of the communist takeover and presented firsthand information on the problems resulting from this change. She and her husband Dr. Antonetti, physician and surgeon, on the staff at Muenster Hospital, left the country because they could not accept the ideals of this new government.

She described Cuba as a beautiful country with fine cities before communism took over. Now the cities are dirty, ugly, neglected from indifference.

She stressed that Americans should be proud of their freedom and not take democracy for granted adding that no one really knows how precious it is until it is lost.

Jr. Elite is a unit of the IBJ Corporation of Dallas, owned and operated by Louis Kreditor, Sy Thum and Jerry Frankel. Their Dallas headquarters is the purchase, sale and shipping center for the organization, buying materials and handling the thousands of dresses sent in weekly by the nine sewing factories.

The four IBJ factories are at Muenster, with about 100 employees, at Hubbard, with 110, and at Mount Pleasant and McKinney with about 80 each. Activity at the latter three is confined to sewing. Muenster also has a cutting department sharing with the Dallas headquarters in furnishing the cut materials to the nine sewing plants. Material for 10,000 dresses were cut at Muenster last week.

The cutting department occupies almost a third of the Jr. Elite factory. A possible development if the company keeps growing is to move the cutting into a separate location and use entire plant space for sewing. The work force in this case could increase to about 150.

IBJ Corporation's customers are the young people. Dresses are grouped in three lines — junior, petite and miss.

One Week Mission At Sacred Heart Will Start Sunday

Mission services will be conducted in Sacred Heart Church all next week, according to an announcement last Sunday by Father Placidus, pastor. It will be under direction of Father Ambrose Branz, O.S.B., of Corpus Christi Abbey, who has had many years of experience in retreats and parish missions.

The services will start Sunday morning at the first Mass and continue through Saturday. Mission sermons will follow all Masses, which are scheduled for the regular times of 6:00, 7:30, 9:00, 11:00 and 7:00 on Sunday and 6:00, 7:50 and 9:30 on weekdays. Specially added for the week is a 7:30 p.m. Mass followed by sermon.

Father Ambrose describes a mission as a "short period of renewal; it consists of spiritual exercises such as daily Mass, sermons, meditations and prayer. The primary purpose of the exercises is to glorify God, to arouse contrition for sins, and to instill into our hearts a greater love for God and for fellow man.

"In a mission God visits a parish in a special manner. It is a time of special grace, and people are urged to make frequent visits to church for prayer and meditation.

Two Students of Muenster Listed on NTSU Honor Roll

Two Muenster students, Joan Margaret Kaiser and Sharlene M. Sicking are among 739 students on the 2.5 honor roll for the fall semester at North Texas State University, which has been announced by Academic Vice-President James J. Spurlock.

Students on the 2.5 honor roll include those whose grade average came at least midway between "A" and "B".

Miss Kaiser, daughter of Mr. and Mrs. C. J. Kaiser, is a senior elementary education major.

Miss Sicking is a junior psychology major. She is the daughter of Mr. and Mrs. Leo H. Sicking.

The rest of the district, which is located in Precinct 3, will have a vote but no choice in the county board election. Gordon Alexander is unopposed for re-election as the Precinct 3 board member.

1 Race on 3 Ballots Of Local Elections

One contest has developed to date in the three elections to be held here on April 5. Mrs. Juanita Bright has announced her candidacy for the school board setting up a race of three hopefuls for the two open positions, the two high persons to be the winners.

Others on the ticket are incumbents Ed Cler and Ray Swirczynski, seeking re-election for the three year term. Also on the ticket, as a special election, is the unopposed candidacy of Jerry Wimmer for the remaining year in the unexpired term of Jerome Pagel. Wimmer is serving in that position by appointment following Pagel's recent resignation.

Deadline for filing candidacy on the school district ballot and the city ballot was Tuesday. While the school ballot attracted the one contender the city ballot got none leaving the incumbents as the only candidates.

Another ballot, for directors of the hospital district, still awaits a deadline on March 11, and candidates can still apply for it. Like the other two, that ticket now has the names of present directors whose terms are expiring. They are Jimmy Jack Biffle, J. H. Bayer, Al Trubenbach and Paul Fetsch. Anyone else can qualify for a place on the ballot by submitting a petition.

Davis Succeeds Chaney as Head of Local SCS Office

Two transfers of personnel will become effective in the Muenster Soil Conservation office in the next month. Cecil Chaney, district conservationist will check out here Friday and report next Monday for similar work in the Kaufman office of the Kaufman-Van Zandt District.

His successor will be Eual (Jack) Davis, a former member of the Muenster Work Unit who transferred from here in 1965. Davis is now located at Rosebud and is due to report here on April 7. The delay abides by a current order in the Agriculture Department to wait four weeks before filling a vacancy.

Chaney leaves the Muenster work unit after serving for three years. He came here from Hubbard. He will go to Kaufman alone, leaving his wife and Judy and Steve in their home at Saint Jo until the end of the school year.

KCs Will Sponsor Domino Tourney

Domino sharpies of this area can anticipate some keen competition for a few evenings beginning on Monday, April 24. That's the date of a domino tournament in the K of C Hall sponsored by the Knights of Columbus.

Willie Walterscheid, chairman, said that it will be open to both men and ladies and that it will be made up of a champ bracket and a consolation bracket with prizes in each. Opening games will divide the contestants into the two brackets.

The tournament will start at 7:30 p.m. on the 24th and duration will depend on the number of entries. It will continue as many nights as necessary beginning each night at 7:30.

Interested persons are urged to choose their partners and mark the date on the calendar. Entry fee will be \$1.00 per person. Free coffee will be served throughout.

SH Alumni Books Another Quickie V'Ball Tournament

Another quickie volley ball tournament is on schedule in Sacred Heart gym under sponsorship of SH Alumni. It will be held on Sunday, March 23, possibly beginning the night before.

Starting time depends on the number of entries. If there are too many to complete the schedule on Sunday, some of the preliminaries will be played Saturday night.

Deadline for entering is noon on Sunday, March 16, when the brackets will be drawn. Charles Bayer, chairman, is the person to see about entering.

The tourney will be made up of men's and ladies' divisions in champ and consolation brackets.

endorsed by fifteen qualified voters to Rufus Henschel, secretary of the hospital board, on or before the 11th.

The city election ticket will consist of four uncontested candidates, all incumbents. Earl Fisher seeks re-election as mayor for a two year term. Gene Hoedebeck and Herbert Miller are asking for two more years as aldermen. The other candidate, Rody Klement, is asking for a one year term in accordance with the council's recent decision to have three terms expire each year instead of four one year and two the next as was the custom here.

The three elections will be held at the public school on Saturday, April 5.

Marge Hesse Is Spelling Champ At Sacred Heart

Marge Hesse, seventh grade daughter of Mr. and Mrs. Leo Hesse, is Sacred Heart School's 1969 spelling champ. She won the crown Tuesday.

Christi Koesler, eighth grade daughter of Mr. and Mrs. Norbert Koesler, is runner-up. Janice Fisher, eighth grade, daughter of Mr. and Mrs. Earl Fisher, took third place.

The bee started at 11 a.m. in the high school gym with Mrs. Steve Moster and Mrs. Joe Felderhoff as pronouncers. After time-out for lunch the bee resumed at 12:45 and the end came at 2:30.

The spell-down started with 40 students, top spellers in elimination contests in grades five, six, seven and eight.

Christi tripped on "emulsify" which Marge spelled correctly and then sailed through "enchore" to win the championship.

She will represent Sacred Heart in the Cooke County Spelling Bee at Gainesville on March 29.

Sister Georgia was bee organizer and sponsor at Sacred Heart School.

Room winners, in the order named, are as follows: Fifth grade — Sharon Rohmer, Frank Moster, Karl Koesler.

Sixth grade — Laura Kralicke, Mary Hess, Barbie Hess.

Seventh grade — Marge Hesse, Peggy Hoedebeck, Kevin Pels.

Eighth grade — Christi Koesler, Janice Fisher, Nancy Fuhrmann.

Heavy Snowfall Melts Quickly

Snow added the greater part of the .68 inch of moisture recorded here during the past week. It fell Sunday following a short light drizzle and the combined measure was .56 in. Had it remained it probably would have been about 6 inches deep. However it melted fast for a maximum depth of about 2 inches at any time. The last of it was gone before noon Monday.

Present moisture totals, according to Steve Moster's records are .68 for March and 5.80 for the year.

Open House Marks Local Observance Of School Week

Over 150 adults came for Tuesday night's observance of Public School week. That was the approximate number of persons who registered and a few dozen more declined to wait for their turn at the registration book.

The open house put the entire school on display. Each class room had exhibits of the work being done by students, also the texts, teaching aids and equipment in use. Teachers were there too, to answer questions and explain.

The observance started at 7:30 and inspections continued until about 9 o'clock, when visitors and students assembled in the auditorium for a short band concert under direction of Gareld Payne. Refreshments of coffee and cookies were served by the home-making department.

Also in observance of Public School Week, parents were invited to visit classes at any time and to attend meetings of FFA and FHA chapters and of the school board.

15 MINUTES AND OUT

We suspect that a great many parents of a great many college students must be of the opinion that college and university presidents are the most overpaid executives in the country today. Those twenty-or-thirty-thousand-dollar-a-year educators who have been willing to let a shouting minority of students dictate how the college or university should be run can hardly be said to be earning their pay. The cost of sending a youngster to one of those colleges is a heavy burden for many families. If the campus is so disrupted that the youngster cannot be educated, then that student is being robbed.

The Rev. Theodore M. Hesburgh, president of Notre Dame, responded to the threat of campus violence a few days ago, in a letter to faculty mem-

bers, students and their parents. Said Father Hesburgh, in part:

"Anyone or any group that substitutes force for rational persuasion — be it violent or nonviolent — will be given 15 minutes of meditation to cease and desist.

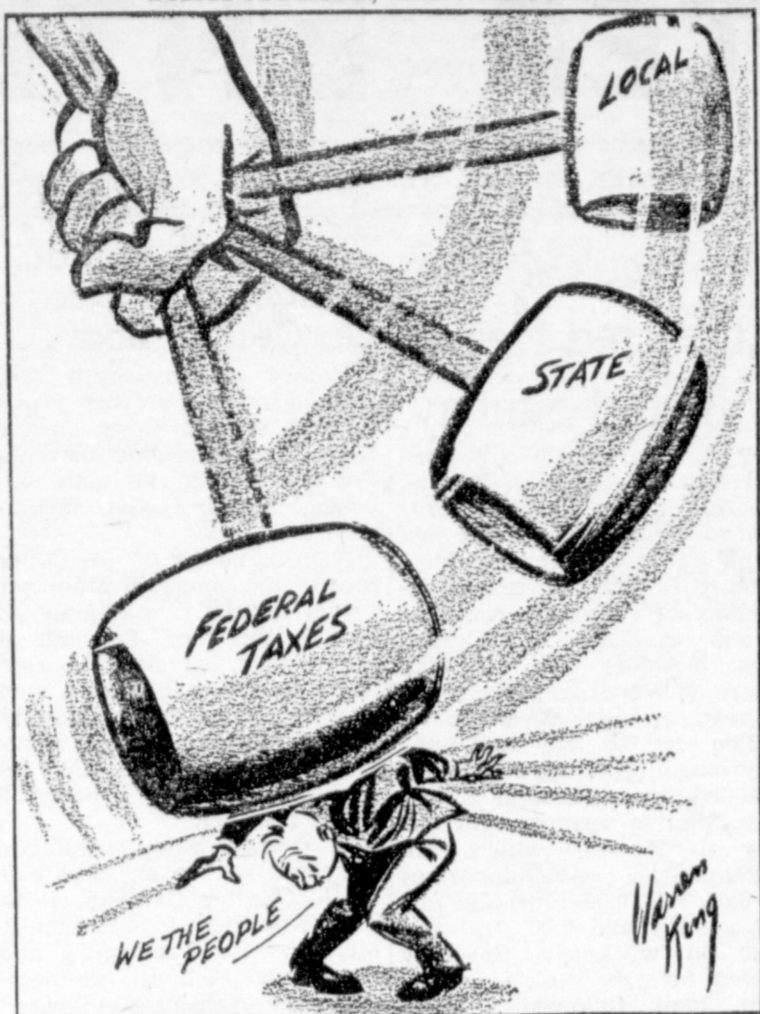

"They will be told that they are, by their actions, going counter to the overwhelming conviction of this community as to what is proper here. If they do not within that time period cease and desist, they will be asked for their identity cards.

"Those who produce these will be suspended from this community as not understanding what this community is. Those who do not have or will not produce identity cards will be assumed not to be members of the community and will be charged with trespassing and disturbing the peace on private property and treated accordingly by the law...

"After notification of suspicion, or trespass in the case of noncommunity members, if there is not then within five minutes a movement to cease and desist, students will be notified of expulsion from this community, and the law will deal with them as nonstudents..."

"There seems to be a current myth that university members are not responsible to

TAXPAYERS, HOW LONG?

THE FAMILY TAX BURDEN

The estimate of all taxes to be collected in fiscal 1969 by federal, state and local governments averages out to about \$3,927 per American family.

That's up \$370 from fiscal 1968, says the Tax Foundation, Inc. Thirteen years ago, taxes collected by all government were equivalent to \$1,897 per family.

This estimate is based on anticipated tax receipts of \$247 billion in fiscal 1969 and will be \$147 billion higher than fiscal 1956. Tax receipts by the federal government alone will have more than doubled since 1956, while state-local tax receipts will be close to tripling during the same period of time.

This ever-increasing tax burden on the American taxpayer points up the immediate need for careful screening of expenditures, elimination of overlapping projects, and the setting of priorities at all levels of government.

the law, and that somehow the law is the enemy — particularly those whom society has constituted to uphold and enforce the law. I would like to insist here that all of us are responsible to the duly constituted laws of this university community and to all of the laws of the land. There is no other guarantee of civilization versus the jungle or mod rule, here or elsewhere..."

We hope that other colleges and universities will copy Father Hesburgh's letter.

HOW ABOUT US?

It was thirty years ago this year that Uncle Sam very confidently set a price tag in our kids. Uncle said \$600, and since 1939 that has been the figure established by the Internal Revenue Code. That is what the government allows us for each dependent child, as a deduction in our income tax.

Now there appears in the

press a report that welfare recipients are campaigning for a minimum annual handout of at least \$4,400. That, the dole-takers say, is the rock bottom income which would insure their dignity and relief from harassment.

Might that be a proper new deduction for a man and wife filing a joint federal income tax return?

There are across this land several million man and wife taxpayers who were not yet born in 1939. Yet they are feeding, clothing and educating children under that ridiculous and antiquated \$600 deduction per dependent. When Uncle Sam looked at the problem of establishing dependency "allowances" within programs more modern than the income tax he chose to be infinitely more generous.

We are allowed \$50 a month deduction for each of our kids. But the Aid to Dependent Children program subscribes upwards of \$800 a year for the upkeep of an illegiti-

mate child. Refugees from Cuba are allowed a minimum of \$1,299 a year, and generous Uncle budgets an additional \$1,000 a year for each Cuban refugee child enrolled in school.

Job Corps personnel have been costing the government upwards of \$7,000 a year. The most recent figures we find for the Vista program (Volunteers in Service of America) indicates that more than \$15,000 a year per trainee was provided. Surely there are a few million parents who would like to have that sum available to finance college expenses for their offspring.

Still, come April 15, the man from Uncle will insist that the \$600 deduction is the law of the land. And if you suggest that the cost of food, shoes, doctor bills, church and school activities have risen somewhat since 1939, you'll prompt a condescending smile.

Congressmen gratefully accepted an 88 percent increase in salary over the last five years. We poor taxpayers haven't had an increase in the standard deduction in 30 years. How about us?

Courses Offered In Archeology And Ornithology

A course in archeology beginning Friday, March 7, and one in ornithology beginning Friday, April 4, will be offered by the Morton Museum of Cooke County.

The archeology class, which will be held in the Museum at the corner of Dixon and Pecan Streets, will meet once a week from 6:30 to 9:30 for four Friday evenings beginning March 7. The instructor will be Mr. Jerry Humphreys, formerly a teacher in Dallas and now a student for his doctoral degree at Southern Methodist University. He has participated in archeological digging sponsored by SMU in New Mexico and in several sponsored by the Texas Archeological Society, and he has been employed in archeological work at Fort Lancaster.

The class in ornithology, to be taught by Mrs. Annette C. Koon, will meet at the Museum once a week, April 4 through May 16, from 6:30 to 9:15 p.m. In connection with the course, the group will take field trips to see birds and to learn to identify them.

Mrs. Koon is a member of the Gainesville Nature Club, the Dallas Audubon Society, the Texas Ornithological Society, the National Audubon Society, Nature Conservancy, and Cornell Laboratory of Ornithology. She has conducted tours to see birds in Mexico and in Europe; and she is departing March 13 for a two-week tour of Mexico, accompanying a tour group as ornithological specialist.

The fee for each of these classes will be \$10.00, and a maximum of 25 persons will be admitted to each class. Anyone desirous of enrolling may do so by mailing his check for \$10.00 payable to the Cooke County Heritage Society to: Morton Museum of Cooke County, P. O. Box 150, Gainesville, Texas 76240.

A SALUTE TO OUR YOUTH

You don't find these young people at draft card burnings, beach resort rumbles or LSD dens. They are generally too busy being good citizens to have time for such foolishness. Their aims and ideals remarkably resemble the lofty ideas which helped establish this land. Their ideas of industry and thrift are surprisingly similar to the habits practiced by the pioneers who carved a nation out of a wilderness. We are unblushingly proud of these young people and others like them for on them rests the hope of the future. And day to day as we see these young people at their appointed tasks... the future begins to look brighter.

Local News BRIEFS

Muenster is home again — at least temporarily — for Mr. and Mrs. Bill Birden and sons Billy, Andy and Jon, back in Texas after living in Carmichael, Calif. They're occupying the Weinzapfel house on N. Oak Street. Bill is working for a computer company in Carrollton and is commuting to his job. The housing situation was impossible in and near Carrollton when they arrived the past week and they located here during the weekend. Their oldest son, Billy, is in school. He enrolled in the first grade at the Public School Monday. Mrs. Birden is the former Mary Weinzapfel.

Miss Rosemary Walter of Dallas was at home for a weekend visit with her parents, the Oscar Walters. Rosemary is on the staff at Presbyterian Hospital in the intensive care unit.

Mrs. L. A. Bernauer has returned from a visit in Fort Worth with her niece and husband, the Charlie Stelzers. They returned here to her home Sunday afternoon after a week's stay ... didn't see any snow until they drove into Gainesville.

Mrs. I. A. Schoech who has been a resident at Golden Years Rest Home has gone to Fort Worth for a visit with her daughter and family, the Ferd Yostens. Mrs. Yosten was here Monday and took her mother back with her.

Charlie Herr of Miami, Okla., visited three days of last week with his parents, the Frank Herts, and went on to Dallas to attend a pharmacists convention. On the way to Dallas Friday he stopped at Denton to visit his brother and family, the Melvin Herts and spent overnight with his sister and family, the Eddy Dunhams in Fort Worth.

Visitors with the Don C. Cookes Thursday were his cousins Mr. and Mrs. Dutch Cooke of Keller. They also visited his cousin Reeve Cooke.

Miss Clara Streng of Fort Worth spent the weekend with her parents, the John Strengs.

Rhonda Jean, infant daughter of Mr. and Mrs. Tommy Bayer, was baptized Sunday afternoon in Sacred Heart Church in a 3 p.m. service for which Father Placidus officiated. Attending as godparents for their niece were David Bayer and Mrs. Paul Dangelmayr.

Spending Sunday with the J. M. Weinzapfels were their granddaughter Carmen and family, the Jim Hoseltons, Stephen and Michael of Arlington. They also visited with other relatives.

Mr. and Mrs. Clyde Fleeman and children Cindy and Timmy left Muenster Monday to make their home in Ohio. They returned to his former hometown, Hinkley. For the past two years they lived on the farm of her parents, the J. W. Fleitmans.

Former Muenster residents, Mr. and Mrs. Dickie Cain and children Tami, Troy, Scott and Shawana moved during the

weekend from McKinney to Denton to make their home. Visiting them Sunday in their new location were her parents, Mr. and Mrs. Norbert Klement.

Mr. and Mrs. Ivan Koelzer and her parents, Mr. and Mrs. Lawrence Vogel, spent the weekend at Lake Arthur, La., with their sister and daughter, Sister Gemma, and they enjoyed sight-seeing together. Also weekending there were Mrs. Ben Seyler accompanied by her daughter Mrs. Lambert Bezner of Gainesville. They were visiting their daughter and sister, Sister Mary John. Other former local girls the group saw at the Benedictine Convent were Sister Joan Hess and Sister Jacinta Reiter. The Koelzers and Vogels drove

through rain returning Sunday evening and were surprised to get into snow when they reached Cooke County. Mmes. Seyler and Bezner returned home Monday.

How Far Inflation?

Somewhat akin to one of Mark Twain's well known remarks, everybody talks about inflation, yet no one seems to do very much about it.

It thus, will be interesting to see what steps the new administration takes in this direction.

There are some people of considerable stature, who feel that the inflationary spiral will never be corrected unless wage and price controls are decreed.

But this is an unwholesome remedy to the American principles and it is doubtful, barring an extreme emergency, that such laws could be passed.

It is a known fact that before the Congressional elections of 1966 plans were already well underway for the issuance of ration books in January of 1967.

However, the results of the Congressional elections caused a hasty retreat from this position and nothing more was done to advance this program.

Of course, the reasoning behind this all was that the Vietnam war created what is known as a "demand-pull" inflationary spiral, which merely means that too many dollars are chasing too few goods.

However, as it was plainly evident at that time, and is even more apparent now, des-

pite Vietnam war, there is no shortage of goods for consumers to buy. In fact, the offerings of merchandise during the past Christmas season was prodigious and would stagger the imagination of any observer.

Obviously, the inflation today has been created by what is known as a "cost-push" pressure. In other words, more and more costs are being added to the price of goods by climbing wages, by higher taxes which in turn reflect higher expenditures by government. While Vietnam's estimated \$30 billion per year costs are a factor, waste and extravagance in the operation of such fancy furberlows as the War on Poverty have also played a large part.

Couple this with unrestrained demands by the unions for more money which had not been blocked, again due to political expediency, and the loaf of bread, the new washing machine, or the new auto is bound to cost more.

This is quite a basic principle the new administration must face.

Government, federal, state and local, are in the same position as would result if a person quit riding street cars or buses to work, but instead used taxicabs to and from work and then asked the boss for more money due to the increased cost of transportation.

State FB Sponsors Idea Contest for Its Membership

Farm Bureau members in Cooke County have an opportunity to win either cash prizes or valuable items of merchandise if their ideas for local affairs projects are selected in a state-wide contest for such ideas, according to Mr. J. T. Cole, president of the local county Farm Bureau.

The Texas Farm Bureau is sponsoring a contest to bring in ideas for improving rural living and/or agriculture. Cash prizes total \$500.00 with another \$500.00 worth of merchandise being offered. This includes ten \$50.00 cash prizes for the ten best ideas and 25 items of merchandise (each worth at least \$20.00) offered for the next best 25 ideas.

Mr. Cole said the 35 winning ideas will be printed in brochure form and made available to county and community Farm Bureaus for their consideration.

Deadline for getting the ideas into the State Farm Bureau office is March 14. Address is TEXAS FARM BUREAU, P. O. Box 489, WACO, TEXAS 76703. The entries will be judged by outstanding agriculturalists outside Farm Bureau leadership circles.

The rules specify that only Farm Bureau members can enter. The idea should be explained in approximately 100 words or less. Entries should be typewritten. Limited to one idea per person.

The idea need not be original, Mr. Cole said. It can be some project or activity that is being carried on in a community or neighborhood now. It can be something that needs to be done. It can apply to a local neighborhood or even county-wide. An example would be a campaign to vaccinate all dogs for rabies, or perhaps to control rodents or other predators. Any idea might be a winner, Mr. Cole said.

The Texas Easter Seal Society provided direct care and treatment of over 18,000 crippled children and adults in Texas in '68. Your contribution to the annual Easter Seal Campaign helped make the program possible.

Local Sponsors Given Credit for Scouting Success

Successes in the Circle Ten Council, Boy Scouts of America, in 1968 were credited to the local organizations and institutions that use the Scout programs and that provide support for the local council in the Dallas area.

"While we have hundreds of volunteer leaders directly related to the Circle Ten Council," J. L. Tarr, Scout Executive said, "one of the distinctive features of the Boy Scout movement is that it works with boys through existing community organizations and institutions. Scouting is a cooperative effort with local institutions supplying the leadership, meeting place facilities, and other resources, while Scouting provides the program and essential supporting services."

At the end of 1968, there were over 700 religious, school, civic, and other community organizations using the Scout program in 1247 Cub Scout packs, Boy Scout troops, and Explorer posts.

The total membership reached an end-of-the-year high of 36,791 boys as the local council launched its 8-year long-range plan, BOYPOWER '76, with a goal of 56,800 registered members by 1976.

graphy, over emphasis of sex, and dope addiction are some of the worst problems. The breakdown of moral and physical standards caused by these evils is most pleasing to the head reds. In fact they are being promoted by the head reds—that is, over here, not in communist countries.

All of which presents a good point for us to consider. Atheism tells them to ignore moral standards and indulge to the limit of their base desires. But common sense has shown them that is the way to make a mess of things. So, for the sake of their own welfare they adopt the kind of standards we used to have. Meanwhile they encourage us to adopt the standards of atheism, knowing very well what such practices will do to us. And we've been dumb enough to do it!

We'd like very much to see a serious nation-wide investigation to determine the extent of communist influence on present silly ideas of personal rights and moral standards.

Doctor to patient: "I want you to skip your vacation this year and get a good rest."

Stern father: "I understand you want to become my son-in-law?"

Suitor "No sir, I don't. But if I marry your daughter, I don't see how I can get out of it."

Easter Seal societies nationwide have invested more than \$25 million in facilities and services for the physically handicapped.
