Business people from Muenster, Saint Jo, Nocona and Gainesville were here last week Wednesday to seek continuation of carload shipments in and out of their cities. They said Muenser has had 75 cars, Saint Jo 24, and Nocona 61 from January 1 to August 30, plus an undisclosed number of cars in and out of Gainesville. The group felt strongly that the volume of business is large enough to justify continuation of the service and persons who had actually used the service signed a petition which was sent to the Interstate Commerce Commission,

Senator John Tower and Congressman Graham Purcell were also advised of the meeting's proceedings and asked to help seek a favorable ruling from ICC. The Katy Railroad wants to discontinue service on its track through the cities listed because the operation is losing money.

1970 Hemi-'Cuda.

This year, there are 10 new Barracudas. And we've changed the looks substantially. (We've packed a 426 Hemi engine under a "Shaker" hood on one of them and called it the Hemi-'Cuda.)

However you look at it, our Barracuda is all-new. We've moved it two inches closer to the ground. Pushed the wheels farther apart on our standard torsion-bar suspension. Put a tough optional bumper on the front that comes in most paint colors. And given the interior the design and comfort of a jet cockpit.

If you want a car that makes it . . . Plymouth makes it.

Here's our luxury model. (One of 28 Fury models with a new wide stance.) It's big enough inside to carry six adults in comfort. It's plush. But the price is still Plymouth. With a front seat that has individual adjustments for the driver and passenger, center armrests, and a reclining back on the passenger's side.

Of course, the carpeting is thick, the headlights are hidden, and the price is still Plymouth.
