

MUENSTER ENTERPRISE

VOLUME XXXV

MUENSTER, COOKE COUNTY, TEXAS 76252 OCTOBER 8, 1971

NUMBER 46

The observance next week of National Newspaper Week is an occasion for appreciating the service rendered to the country by its free press and also for realizing the responsibility of all media to keep the common good in mind when they present the news.

First of all let's recall the assurance of our forefathers — that unhampered publication of the news is the best guarantee of freedom. As long as we have a free and responsible press telling it as it is we need have no fear of take over by a tyrant.

In the first place people in high places are sensitive to public opinion. They want a favorable image and are eager to conduct themselves in a way that merits public approval. In this way the mere existence of a free press is a powerful inducement to good government.

And just in case the heads of government turn out to be bad the free press renders a most important service. It publicizes the boners and shenanigans, exposing incompetence or dishonesty which the voters might wish to eliminate at the next election. It's understandable that the old time statesmen regarded the free press as the guardian of national freedom.

We wonder, however whether those old timers ever envisioned the condition which has evolved in recent years, in which arrogant media push the government around rather than vice versa. We have seen big publications and networks abandon their original mission as guardian of public interests and take on the job of manipulating public opinion so as to force government to do their bidding. Actually they are self appointed leaders seeking to force compliance with their own ideas.

Vice President Agnew has been brutally assailed for his outspoken criticism of media methods. They call it an effort at censorship, but they know he is insisting only on honest and responsible reporting. Lots of incidents have come up in recent years showing that the media are trying to convey ideas which are not true.

Investigations of the Democratic Convention ruckus, for instance, revealed that deliberate efforts were made to present police in a bad light. They were shown giving rough treatment to rioters but not when they were on the receiving end of the rioters' abuses. Other incidents were staged to give police and officials a bad image.

Just lately the prison riots have been seized as another opportunity to abuse the establishment. The media rallied behind hardened criminals and revolutionaries, insinuated that the establishment was to blame for all the trouble and found fault with the method of dealing with it. Its heroes and martyrs were the criminals, not their victims or the people who avoided more bloodshed and a breakdown of law and order.

The Pentagon Papers incident is another horrible example of irresponsible action by the media while presenting the government in a bad light. They embarrassed the government and helped enemies break down the nation's code by quoting verbatim from classified documents. It seems as though they deliberately tried to cause friction with other countries by disclosing statements which were never meant to be published.

They defend their action by saying that the public has a right to know, whereas they should consider their own responsibility to omit what should remain unsaid. They ought to ponder on the merits of an old journalistic slogan "Everything that's fit to print."

They ought to ponder also the prospects for a more happy and unified country which they could help shape up by applying self discipline to their reporting. During World War 2, many will remember, the papers were careful to omit anything that could give aid or comfort to the enemy. Now we have a shocking frequency of the other policy — to blab and exaggerate the bad news regardless of how it helps the enemy.

In this national newspaper week we can be thankful for our free press. As the old timers said, we could not have a free country without it. Nevertheless we should deplore and try to eliminate an abuse which has wormed its way into that blessing. It's no credit to the country that some

Final Rites Held At Gainesville For Mrs. Al Bayer

Funeral services were held Tuesday at 10 a.m. for Mrs. Al Bayer, 65, of Gainesville in St. Mary's Church and burial followed in Fairview Cemetery.

Mrs. Bayer died Sunday at 6:45 a.m. in Gainesville Hospital the day before she was to be released after being hospitalized about three weeks.

Father James Gillespie, pastor, and Father Harry Fisher of Wichita Falls concelebrated the funeral Mass and Father Fisher conducted graveside rites. George J. Carroll & Son Funeral Home was in charge of arrangements.

Rosary was recited in the Carroll Chapel at 4 and at 8 p.m. Monday.

Bearers were Robbie Loerwald, Willard Kuhn, Henry Kuhn Jr., David Bayer, Alvin Hartman and Robert Bayer.

Mrs. Bayer, the former Marie Loerwald, was born in Lindsay on Oct. 7, 1905. She married Al Bayer on March 14, 1933 in Wichita Falls. They lived in Muenster until 1942 when they moved to Camp Howze. In 1946 they moved to Gainesville. She was an employee at Linda Jo Shoe factory for about 20 years, was a member of St. Mary's Altar Society and the VFW Auxiliary.

Survivors are her husband; three daughters, Mmes. Delbert Davis and Jim Trammell of Gainesville and Mrs. La Vonta Brewer of Tulsa, Okla.; one son, Joe Bayer of Irving; her mother Mrs. Robert Loerwald of Gainesville; two sisters, Mrs. Jake Kuhn and Mrs. Henry Kuhn of Lindsay; three brothers, Frank and Alvin Loerwald of Las Vegas, Nev.; and 10 grandchildren.

Weekend Brings 3.01 Inch Soaker

Farm lands of the community, already in fine condition from the previous week's rains, were further improved by a dandy soaker the past weekend.

The total for Saturday and Sunday, according to Steve Moser's weather bureau record, was 3.01 inch. That followed a measure of 4.58 during the week of September 19, bringing the two weeks total to a whopping 7.59 inches.

All of it came as slow soaking showers providing deep down moisture for seed beds, pastures and hay fields. If weather continues to cooperate local farmers can expect another cutting of hay, abundant grazing and a good start for grain crops.

Moisture measure for September was 4.58 inches and it is 3.01 for October to date. The year's total now is 28.45, which is near normal for this time of the year in spite of the drought starting the year. Rainfall through July was only 9.29 inches. Since then it has been 19.16 inches.

Muenster and Era Tangle Friday in Battle of Hornets

This one is going to be different, says Coach Glenn Richardson. When his Hornets square off against Era Friday night in the annual battle of the Hornets they will not take anything for granted. And, if intensive drilling can help, they will make fewer mistakes, especially in fumbling.

While giving the Knights credit for their high spirit and good teamwork, he said that Muenster contributed to its disappointing outcome by a disappointing performance. Hopefully the let-down is past so that they can get down to serious football.

If the Hornets measure up to his expectations they should have no serious problems with the Era team. They have the advantage in size and depth and experience.

Nevertheless they have no cinch. Their record to date is barely better than Era's, with a 3-0-1 compared with Era's 3-1-0. And then there's the perennial factor of Era's spirit. It's traditional with them to give Muenster a hard time.

Good news for the Hornets this week is that they are back at full strength. No one was hurt last week and previous casualties are coming back. The game will be played at Era starting at 8 o'clock.

Forestburg Rites Held Wednesday For Joyce Traylor

Funeral services for Mrs. Raymond W. Traylor, 39, of Forestburg were conducted there Wednesday in the Methodist Church at 3 p.m. and burial followed in Perryman Cemetery under direction of Scott Funeral Home.

Mrs. Traylor died Monday in Muenster Hospital. She was the former Joyce Collier, born March 14, 1932, in Wellington, Texas, and was educated in Gainesville schools, a daughter of Mr. and Mrs. F. L. Collier of Gainesville. She had been employed at Jr. Elite dress factory and had served as treasurer of the Muenster VFW Auxiliary.

Surviving are her husband, three sons Michael, Jerry and Stacy and two daughters Rae-nell and Anita, all of the home; two sisters, Mrs. Carolyn Muller of San Antonio and Mrs. Elmer Benzinger of Fort Wayne, Ind.; two brothers John Collier of Valley View and Pearson Collier of Fort Worth and her parents of Gainesville.

The same rain that saves the optimist's lawn, makes the pessimist's weeds grow faster.

Hornets Humbled 6-6 By Lindsay High Knights

The Hornets lost 6-6 to the Knights.

The score was a 6-6 tie, but psychologically last Friday night's game was a loss for Muenster and a win for Lindsay.

The fired up Knights played an inspired game and dumped the Hornets who had been conceded by most prognosticators as a near cinch to win. Most of all, the game was a very special one for the Lindsay boys whereas it did not rate as equally important to the Muenster players.

However, another factor still needs to be figured in. Lindsay has considerably more potential than it has been given credit for. They have speed and quickness plus plenty of size to be effective. By their Friday performance they served notice that they intend to be in contention for a loop title.

Starting the action it seemed that the game would be a breeze for the Hornets. Jim Endres hit Alan Miller with a pass on the first scrimmage play for a 50 yard gain to Lindsay's 42. But Lindsay defense on the next series gave an indication of the rugged action to come.

The four plays fell short by inches and the Knights got possession on the 32.

Then Glenn Beyer, the Knights' workhorse, crashed through for an 11 yard gain. The rest of the quarter included two punts by Lindsay and two by Muenster, two fumbles by Lindsay and one by Muenster and one loss of possession for failing to make first down yardage.

Opening the next quarter the Hornets started clicking on a 54 yard drive that produced the first TD. Hank Trachta, Henry Knabe and Ricky Swirczynski took turns at totting and got there in 8 plays. Best gains were 17 by Swirczynski and 19 by Trachta, and Knabe went over from the 1.

The attempted place kick was blocked by Beyer, depriving the Hornets of the bonus point that was so badly needed later.

Just before intermission the Knights got their offense cranked up for three successive first downs to the 12. Next try reached the 9 and then a clipping penalty put the ball back to the 25. Two more tries reached the 16 as time ran out.

The first half was mostly Muenster's with leads of 6-4 in first downs and 132-77 in total (Continued on page 4)

Queen Candidates Announced at MHS For Homecoming

Plans are shaping for festivities in connection with Homecoming '71 at Muenster High School.

Queen and princess candidates, selected by the Hornet squad, were revealed this week. They are Pam Walterscheid, Kris Stormer, Cheryl Otto and Debbie Sicking, all seniors. One of them will wear the crown when coronation takes place at half time of the football game Hornets vs Pilot Point Bearcats. Until then the queen's identity is kept secret. She will be elected by the squad. The other three will be princesses.

Also chosen as princesses in the royal court are Janet Swirczynski, junior; Dolly Bayer, sophomore; and Diane Klement, freshman.

EDDD Service on Muenster Phones Begins October 17

Sixty two years after the first telephone call here was completed by Mrs. J. S. Horn, the community enters a new and sophisticated era of telephone service.

EDDD, Expanded Direct Distance Dialing, will be introduced in the Muenster and Myra telephone systems on Sunday, October 17, 1:01 a.m. The same service will begin two weeks later at Forestburg and Rosston.

EDDD not only permits a person to dial distant phones on paid station-to-station calls, but also permits one to dial other calls such as collect calls or person-to-person calls, and others which require the assistance of an operator.

Complete instructions for the use of Expanded Direct Distance Dialing will be mailed soon to each subscriber of Muenster Telephone Corporation.

Additional information on the subject will be presented Monday night, Oct. 18, in a special TV program on Muenster's Channel 2.

Volunteer Help Stretches Dollars In UF Program

The Cooke County United Fund budget for 1972 is \$52,643.00. These dollars go farther in helping promote better communities because there is an army of volunteers who solicit and administer these funds.

There are literally hundreds of volunteers who spend many tireless hours soliciting funds during the annual campaign.

Many of these same volunteers also work with the 12 agencies in Cooke County to administer the worthwhile program.

It would be impossible to list all of the activities made possible and carried out by the agencies. Just as an example, let us consider the Muenster Youth Council. Consider the coaches, umpires, sponsors, and other officials all who are volunteers and work with the boys and girls in baseball and softball. And think of all the helpers in the swimming program.

In fact, all of the agencies would be unable to function or would be at least seriously hampered in their operations if they could not depend on these volunteers. Ten of the agencies are directly geared into youth programs. The number of volunteers who help carry out their programs would number in the hundreds.

Each agency as well as the Cooke County United Fund has a board of directors and they too are volunteers.

Yes, the volunteers are stretching your United Fund dollars. When you are asked to give this year, be assured that your gift to the United Fund will be stretched because of the multitude of volunteers at work in our city and county. And finally, remember, if you don't do it, it won't get done!

City Gets \$7.710 For Sales Tax in Second Quarter, '71

The City of Muenster has received a check from the state Treasurer for \$7,710.83, which is the net amount realized in its 1 per cent sales tax for the second quarter of 1971.

The check is the biggest received since the city sales tax has been in effect. Next highest amount was \$7,680 for the last quarter of 1969. The lowest received in the seven quarters during which the sales tax applied to alcoholic drinks was \$6,334 in the first quarter of this year.

A statement with the treasurer's remittance explained that the gross tax collected for the city was \$7,937.90 and the state's 2 per cent collection fee amounted to \$158.76. Also \$385.38 was held back to cover possible discrepancy and \$317.07, the amount held back the previous quarter, was added.

Mrs. Jimmy Wagner and baby son James flew in Friday from Charleston, S.C., to spend about two weeks with her parents, the Andy Wimmers here and her husband's parents, the J. D. Wagners at Saint Jo. Sailor Jimmy Wagner who serves aboard the tender U.S.S. Yellowstone is on sea duty.

Winners Named In PP&K Contest

In spite of intermittent showers and a continuously wet field, 56 boys reported Saturday for the Pass, Punt and Kick competition sponsored jointly by Endres Motor Company and the Jaycees.

They competed in six age groups and the top three of each group received trophies and also qualified to advance in the national PP&K program which reaches its final at half time of the Super-Bowl game in January.

Winners and their scores were listed as follows.

Age 8: Jimmy Jack Biffle Jr., 121%; Floyd Haverkamp, 91; Benji Luke, 90%.

Age 9: Chris Jaska, 199%; Mike Hesse, 153%; Craig Walterscheid, 149%.

Age 10: Gene Luttmere, 184; Mike Bayer 177%; Mel Walterscheid, 176%.

Age 11: Kenny Felderhoff, 237%; Joe Hoedebeck, 212; Glenn Walterscheid, 200%.

Age 12: Timmy Wolf, 258%; Roger Haverkamp, 225; Bert Walterscheid, 220.

Age 13: Bobby Endres, 292%; Roger Endres, 289%; Karl Koessler, 242%.

Meat Plant Is New Muenster Business

Muenster's newest business, a combined slaughter house and meat processing plant, H&W Meat Company, is open for business since Monday in its new, completely modern building on North Mesquite Street.

H&W Company, owned and operated by Don Hess and Sylvan Walterscheid, is a retail, wholesale and custom processing plant, retailing fresh meats across the counter,

Knights Plan 3 Events Observing Feast of Patron

A celebration in three parts will mark the observance of Columbus Day by members of the Muenster K of C council.

The first will be group attendance and Communion at the Saturday evening Mass, 7:30 p.m. October 9, in Sacred Heart Church. Members are urged to bring their ladies and occupy an area at the south side front which will be reserved for them.

Presentation of the council's annual Good Neighbor Award will be made immediately after Mass. It is given to someone of another faith in the ecumenical spirit of promoting better understanding and harmony among the faiths.

Sunday the 10th will be family day, specially for the kids. It features a picnic in the city park with games, horse shoes, volley ball, tennis, eats and drinks. In case of rain it will be moved to the KC Hall.

The third event is a Columbus Day party Saturday night, the 16th, in the KC hall and sponsored by the KC council. Everybody will be welcome. It's program includes a Happy Hour at 6:30, a barbecue dinner with all trimmings at 7:30, and a dance, with music by The Sundowners, at 9 o'clock. Western wear is suggested but not required.

Bayer Continues As Director of Elm-Red District

John H. Bayer continues as representative of Zone 3 on the board of directors of the Upper Elm Red Soil and Water Conservation District. He was re-elected Tuesday night in a zone meeting held in the TP&L meeting room.

Bayer has served one 5-year term as a member of the board succeeding Tony Walterscheid who resigned before the previous election. For the past two years Bayer has been chairman of the board succeeding Harold Skaggs of Sherman.

Also a part of Tuesday's meeting was a progress report with slides on the special REAP project now under way at Bulcher. It was given by Jack Davis of the Muenster SCS work unit.

Tiger Losses Continue, Trimmed By Era 21-8

Sacred Heart's losing streak continued through another game Friday night as they went down 21-8 before the Hornets of Era.

Despite the score, however, the game had its compensations. The Tigers, rated as the midges of the area and out-manned by every team on their schedule, looked better on the statistics sheet than on the score board. They had the better record in first downs and passing while Era was better in rushing gains. But unfortunately, their miserable record of six fumbles nullified much of their good work.

Era started with a bang, scoring on a big play on its first possession. After five plays gained 17 to the Hornets 44 Kirchenbauer lobbed a nice pass to Black who went all the way. A kick by Kirchenbauer made the count 7-0 less than half way through the first period.

Just before the quarter ended the Hornets moved from midfield to the 8 in seven plays and then encountered a stone wall. Four more tries gained only a yard.

But the visitors struck again early in the second. Following three turnovers, a Tiger fumble, an interception by Kenny Hess, and another Tiger fumble, the visitors were 25 yards away. A pass to Barnes made the distance. The try for extra points failed leaving the score at 13-0.

The remainder of the quarter was Sacred Heart's, but in installments. Melvin Luke stormed 15 to midfield and the next series fizzled. A kick ended Era's first series and the Tigers were back to their 33.

This time they moved the chain twice and had to kick. Then Era kicked on its first series. A nice kick return put Sacred Heart on the Hornet 33.

From there Gary Endres went to the 19 and Melvin Luke to the 6. But two successive fouled plays ending in a fumble on the 27 wasted the gains.

Finally fortune smiled on them. Gary Endres intercepted on the next play putting the Tigers back in business on the 29. Three tries made 13 and Endres zipped a touchdown (Continued on page 4)

wholesaling with delivery by refrigerated truck, and processing and quick freezing. It will furnish the animals or custom slaughter and process the customer's animals.

The plant is fully USDA approved and state inspected at slaughtering time.

The processing, cutting and wrapping department is maintained at 45 to 50 degrees, the chill coolers are at a constant 32 to 35 degrees, and the freezer is kept at a constant 15 to 20 degrees below zero, eliminating the possibility of partially frozen meat. In the freezer excellent circulation is constant with low temperature.

The business does not have lockers.

Assistants to Hess and Walterscheid are Don Wilson, Gilbert Boydston, Bob Hess and Cozell Morris. The meat cutters have a combined experience of more than 30 years. Hess has been a meat cutter for 14 years. Boydston and Wilson each has put in 10 years as cutters.

A grand opening to formally show the building and its equipment will be held at a later date.

Gains Reported In Deposits, Loans At Muenster Bank

Deposits and loans at Muenster State Bank continued climbing during the past quarter as indicated by the statement of condition reported this week to the state banking commission. The quarterly call was for condition as of the close of business on September 30.

Deposits in the bank on that date were \$4,874,372.11, for a gain of \$185,919 in the past quarter, and a gain of \$586,399 in the past year.

The reported figure is considerably below the high for the past quarter. Herbert Meurer, president, said the top deposit for the quarter and the year to date was over \$5,168,000 on August 10. Next high were \$5,137,000 on August 3 and \$5,133,000 on August 9. On October 1, the day following the report date, the deposit jumped almost a quarter of a million to \$5,121,702.

Loans totaled \$2,438,169.39, for a gain of \$152,627 in three months and a gain of \$190,373 in the year.

Other banks of the county also made gains in both deposits and loans. Combined deposits of the four banks was \$39,655,391, a gain of \$5,000,542 in the past year. Total loans were \$21,506,764, up \$3,084,405 from last year's figure.

Tigers Are Primed To Spring Upset Friday at Lindsay

This is the week for the Tigers, says Coach Tom Joy. In spite of their 0-4 record to date their spirits are high and their potential, too, is the highest it has been this season. Far from being downhearted over last week's 21-8 loss to Era, Joy was enthused by the good points in the game.

First of all the passes are working better. There were 14 completions out of 23 tries for 115 yards. Likewise the rushing game is better. Total gains added to about 140 yards but the net was reduced to 80 by a number of fouled up plays, principally pitchouts ending in fumbles. So, the Tigers have developed a balanced offense, provided they can eliminate mistakes which have been wasting their gains. Joy has high hopes of the most effective attack his boys have put together so far.

Defensively, too, the outlook is better. On an average the Tigers got along fine, except three big plays that produced Era's scores.

Psychologically, Joy has a feeling that the situation at Lindsay should be reversed this week. The Knights are heavily favored and inclined to overlook this one in getting set for a tough conference game. On the other hand Sacred Heart is primed for an upset.

The game will be the big event of Lindsay's homecoming, with kick-off time at 8 o'clock.

Britain Gets Tough with USSR

Britain is to be commended for her "get tough" policy with Soviet spies. On October 24 she expelled 90 Soviet officials stationed in England and banned 15 more who were temporarily away.

Soviet espionage has worried British officials for years. They were able to take such a large-scale action partially because a high official of the K.G.B., the Russian secret police, supplied information about all the spies working for the Kremlin in England.

The total number expelled was 20 percent of all Soviet officials stationed in England. As London had warned the Kremlin earlier, no one who is expelled for spying can be replaced.

It is well known that Britain has complained repeatedly to the Soviet Union about its spies in England, their attempts at bribery, and their efforts to steal military and industrial secrets. What is not so generally recognized is that the Conservative government in Whitehall has consistently given the cold shoulder to Moscow for more than a year.

Under the Labour govern-

ment, London served as a booster station between Washington and Moscow. Mr. Heath's government is much more skeptical, cautious and aloof in dealing with the USSR.

When Soviet Foreign Minister Andrei Gromyko visited London last year he brought invitations for both Mr. Heath and his Foreign Secretary, Sir Alec Douglas-Home, to visit Moscow. But the Conservative leaders showed little interest. Under Mr. Heath, not a single cabinet minister has visited any Eastern European country.

The British government has shown a determination not to get taken in by Soviet subterfuge. Whitehall has gone along with the Berlin talks, recognizing, they allow no room for deception and are therefore a test of Moscow's willingness to negotiate and bring about a relaxation of tension.

It is Britain's conclusion that as long as Moscow is not prepared to come to terms with the West on Berlin, there is no point in entering into higher politics.

Whether the U.S., like Britain, is turning toward Peking in order to pressure Moscow into taking a less unreasonable position, is pure speculation at this early date. But it looks very much like our foreign policy advisers could learn a great deal from Britain's manner of dealing with the Soviets.

— U.S. Press Assn.

American Newspapers

National Newspaper Week is much more meaningful in the United States than it would be in any other country, because nowhere else in the world is freedom of the press as well established or as jealously guarded as it is here.

It is not by accident that a free society depends upon a free press and vice versa. The two are inseparable.

In fulfilling their responsibilities as honest chroniclers of the news, American newspapers perform a more important service than informing the public about affairs of politics, commerce and human failures and accomplishments, vital though these efforts are.

The free press stands as a roadblock between the unorganized individual citizen and organized society which threatens to swallow him in its excesses. Let a voice of honest dissent arise, and the newspaper is there to record it. Let bureaucracy try, in a thousand devious ways, to put something over on an unsuspecting public and the newspaper is there to expose it.

Let a national cancer reach the dangerous stage, and newspapers serve as meeting grounds for arguments seeking a course of action. Let a major calamity strike a part of the people, and the newspaper leads in lending a helping hand.

It is not easy — at times, it is most difficult — to act faithfully as an adviser to so many masters and yet be subservient to none. The American exercise of the right of a free press is not perfect, but the fact it is the best there is was not achieved easily.

Freedom of the press is not the exclusive property of the newspapers. It belongs to each citizen and can endure only so long as he recognizes and practices his part in the whole scheme of things.

National Newspaper Week is not so much a time for celebration as a time for renewed dedication to the essential principles for which this and every American newspaper exists.

Regardless of how difficult the problems of an era may be, so long as the free press exists and prospers a primary tool for their solution remains in the hands of the people.

— Ft. Collins, Colo., Coloradoan

NEWSPAPERS - growing with America

The Brand of Stagnation

A story on "The Red-Tape Jungle . . ." contained in a late issue of U. S. News & World Report, describes how centralized bureaucracy gradually strangles itself and the country on rules and paper work. A picture illustrates the theme of the story. It shows two young women standing on chairs to steady an eight-or ten-foot high pile of reports and forms that were required

to start one federally aided highway project in Illinois.

The only bright spot in the U. S. News story is the indication that bureaucracy may price itself out of the market. One state official says the amount Washington contributes to a local project is insufficient to cover the costs added in meeting federal requirements. Rules for federal participation with states in road projects have become so complicated that, aside from the cost, there is a growing time lag between the start of a project and the beginning of construction. In California, lead time on a federal project can run as high as 13 years.

Hopefully, the day will come when people will realize that centralized big government and the "Red-Tape Jungle . . ." that accompanies it carries not the mark of progress but the Brand of stagnation and national decline.

No Real Substitutes

As wage and price controls tighten their grip and pressure increases for exemptions or modifications of the rules, the ultimate corollary of controls should be kept in mind — shortages and most likely rationing. The longer the controls are imposed, the more likely is the prospect of fewer necessities and luxuries of the kind people now take for granted.

Under a system of frozen prices, goods that cannot be produced profitably will no longer be made. As rent control goes contrary to the realities of the marketplace, there will be fewer places to rent. Freezing wages, salaries and income of all kinds eventually kills incentive. And, so in the end, controls bring, not stability, not progress, but a downward curve in productive activity.

There are no substitutes for curbing excessive government spending which is the breeder of inflation and is the one thing that must be controlled and not hidden in tricky government bookkeeping. Until government spending is brought under control, all other controls will prove futile. They will merely lead to less freedom and opportunity.

— Industrial News Review

As You Sow . . .

Some neophyte farmers once went on the theory that they could eat all their big potatoes and keep the small potatoes for seed. They did this for some time. They ate the big potatoes; they planted the small potatoes. A new understanding of the laws of life came to them when, through the years during which they kept up the practice, rature reduced all their potatoes to the size of marbles.

These farmers learned through bitter experience that they could not keep the best things of life for themselves and use the leftovers for seed. The law of life decreed that the harvest would reflect the planting.

Planting small potatoes is still a common practice. We still take the big things of life for ourselves and plant the leftovers. We expect that by some crazy twist of the laws of nature our selfishness will reward us with unselfishness.

We cannot eat the big potatoes and still keep having them through the years. We reap what we sow.

Hearty Breakfast Refuels One for More Active Day

A hearty, well-balanced breakfast will keep you alert and ready for work all morning, reports Gwendolynne Clyatt, Extension consumer marketing specialist.

After a long night's sleep, the body needs a chance to refuel from dinner the night before. Breakfast provides this refueling process, Mrs. Clyatt explains, and enables you to turn out more work in the late morning hours. Also, you won't tire as easily and your reactions will be quicker.

A "refueling" breakfast must be a basic breakfast, the specialist points out — one that provides from one-fourth to one-third of the day's nutrient requirements. Planning a nutritious breakfast can be easy if you follow a basic pattern, such as the one developed by food nutritionists. This

pattern consists of fruit, cereal with milk and/or egg, bread and butter, and milk. The quantity of each can be adapted to the size and activity of the individual, but the types of foods needed are the same for all.

If breakfast menus at your house have fallen into a rut, Mrs. Clyatt suggests checking the pattern. Think of all the juices, fresh fruits and melons,

ready-to-eat cereals and breads on the market; and how many different ways an egg can be prepared. Then surprise the family with a hearty morning meal that will spark them with new energy.

Because of its poorly developed nervous system, a fish probably experiences discomfort rather than actual pain when hooked.

Local CYO Ready To Host Youth Day For Area Sunday

Sunday, Oct. 10, is Youth Day in Muenster.

"Meet someone halfway - to communicate is the beginning of understanding" is the theme chosen for the day. All youths of the area are welcome to come to this activity sponsored by the Muenster CYO.

Registration begins at 2:30 at Sacred Heart High School. Registration fee is \$1.00. Various activities have been planned for the day including a skit contest, films and discussion groups, barbeque, volleyball, a hootenany, and a special Mass to conclude the day's program.

A dance from 8 till 11 will follow the Mass. All are invited to come and dance to the music of Southtown.

Fr. Leonard Gives Talk at Meeting St. Anne Society

Members of St. Anne's Society at their meeting Sunday afternoon heard an address by Father Leonard Wangler, spiritual director, whose topic was "Faith."

Mrs. Tony Gremminger conducted the business session during which members answered an appeal from Father Bertin Roll, director of the Confraternity of Christian Mothers, for a contribution to help him in his work.

The society also gave a twenty-five dollar donation for Sacred Heart Church altar wines.

Mrs. Alfons Koessler Sr., said she is ready for more men's used shirts and old bed linens. These she converts into hospital gowns and bandages for the missions. She will accept these items at her home.

Mrs. Leo Henscheid read two sermons entitled "Development of a Leader" and "How Am I Doing?"

Mrs. Wilfred Bindel reported on sending get-well cards to seven members and several members reported on visits to nursing homes.

Miss Mary Becker won the door prize.

California Vacation

Mrs. Ervin Hamric reports a fabulous time on a week's vacation in San Francisco. She flew out in company of her sister Mrs. H. C. Billingsley of Ardmore and they were guests of Mrs. Billingsley's son Leroy. Together they filled the time sight-seeing including China Town, Fisherman's Wharf, the cable car, the up and down streets, Coit Tower, the Golden Gate and Oakland Bridges.

They went to San Simeon for a tour of the Hearst Castle, made the 17 mile scenic drive at Monterey, toured beautiful Carmel, Santa Cruz and San Jose and visited other places of interest. Mrs. Billingsley remained for a longer visit with her son.

Discipline is something for every child to learn but the lesson requires a wise teacher.

Family Joins for J. M. Weinzapfel's 55th Anniversary

Sunday was a happy day for Mr. and Mrs. J. M. Weinzapfel as they celebrated their 55th wedding anniversary surrounded by their seven children and families including 20 grandchildren and one great-grandchild.

Henry Weinzapfel and David Bright charcoal-broiled steaks and hamburgers for the evening buffet at the honoree's home. Father Leonard Wangler was a special guest. Fathers Placidus Eckart and Bede Mitchell stopped by to offer congratulations.

Julia Meurer and Joe Weinzapfel were married in Scotland, Texas, Oct. 3, 1916.

The couple's children with them for the celebration were Msgr. Thomas Weinzapfel of Dallas, Father Joseph Weinzapfel of Grand Prairie, Mrs. Bill Hellman (Agnes) and her husband of Tulsa, Mrs. Hugh L. Jackson (Dora) and her husband of Fort Worth, Mrs. Bill Birden (Mary) and her husband of Lewisville, Mrs. David Bright (Juanita) and her husband and Henry Weinzapfel and his wife of Muenster.

Also present were grandchildren, in addition to those who attended with their parents: Mrs. Dan Estill and son, Mr. and Mrs. Ray Cox and Jerry Jackson of Fort Worth. Mrs. Tony Gremminger and Mrs. Joe Vogel helped with party plans.

The anniversary Mass was celebrated Monday in Sacred Heart Church at 9 a.m. by Msgr. Thomas and Father Joseph Weinzapfel. The Hellmans also remained overnight and flew back to Tulsa Monday.

District Officers Meet with Local Auxiliary to VFW

Muenster VFW Auxiliary had as guests at their Monday night meeting officers of District I including Mrs. Betty Royston, Lewisville, district president.

Others with her were Mrs. Betty Cantrell of Lewisville and Mmes. Helen McDonald, Marge Tillman and Peggy Novak of Denton. They were introduced to the assemblage by Mrs. Don Flusche, president.

Mrs. Royston addressed members urging payment of dues by November 6 when the next district meeting will be held in Denton. She also told members that beginning January 1 pantsuits may no longer be worn to VFW meetings. This was decided at the recent national convention in Dallas.

The Auxiliary had been asked to sponsor second grade Bluebirds with Mrs. Betty Ann Trubebach as leader and the group voted to accept.

The participation program for the month consists of a contribution to the Christmas fund for children in the National Home and members voted a donation.

They also voted to send flowers to the funeral of Mrs. Raymond Traylor who had served as the Auxiliary's treasurer.

A new member Mrs. Tommy Dankesreiter took her obligations and was welcomed into the organization.

After adjournment Mrs. John H. Wimmer and Mrs. Norbert Walterscheid served a cold buffet to 17 members and Mrs. Walterscheid won the door prize.

Wife to husband: "I'll be glad when you get high enough at the office so that you can be cranky down there."

One of the easiest things in the world to do is to stand to one side and tell the rest of the people what to do.

BIRTHS

Proudly announcing a son, their first child, are Mr. and Mrs. Leroy Sandmann of Lindsay. Their six pound two and a half ounce boy arrived at 12:15 p.m. Friday, Oct. 1, at Muenster Hospital. Welcoming a grandson are Mr. and Mrs. Julius Sandman of Lindsay and Mr. and Mrs. Frank Schilling. Mrs. John Schilling has another great-grandchild.

From Dallas has come announcement of the birth of an eight pound daughter to Mr. and Mrs. Larry Reiter, first time parents. Their little girl was born Saturday, Oct. 2, 3 p.m. The grandparents are Mr. and Mrs. Alfons Reiter of Muenster and Mr. and Mrs. T. J. Taquard of Hitchcock. Albert B. Knabe of Muenster is great-grandfather again.

Mr. and Mrs. Roger Pautler of San Diego, Calif., have announced the birth of a seven pound daughter, Virginia Marie, Thursday, Sept. 30. The little girl is a sister for Richard, a granddaughter for Mr. and Mrs. Alfons Pautler, and a great-granddaughter for Mrs. Joe Pautler.

It pays to advertise with the Muenster Enterprise.

NOTICE OF PUBLIC HEARING

Notice is hereby given that a public hearing on tax assessments on oil royalties within the city limits of Muenster will be held at the next meeting of the city council.

Monday, Oct. 18, in the Muenster City Hall

Peggy Jo Reiter Charles DiStefano To Marry Nov. 6

Mr. and Mrs. Wilfred Reiter announce the approaching marriage of their daughter Miss Peggy Jo Reiter and Charles DiStefano of Houston, son of Mr. and Mrs. Sam John DiStefano of Alexandria, La.

Their wedding is planned for November 6 at 3:30 p.m. in St. Michael's Catholic Church in Houston.

The bride-elect graduated from Sacred Heart High and North Texas State University, Denton. She is employed in the office of Blue Ribbon Rice Company in Houston.

The future bridegroom received his Masters Degree in mathematics at Northwestern State University, Natchitoches, La., and is employed as a mathematician at the Texaco Research Laboratory in Houston.

Mrs. Al Walterscheid drove to Fort Worth to spend the weekend with her brother and his wife, the Joe Loerwalds.

Visitors one day and overnight the past week with relatives were Sister Francesca Walterscheid, Mary Hesse and Theresa Hesse, all of Fort Worth.

Man's greatest labor-saving device is a rich wife.

Local Club Hosts County Council Of Garden Clubs

Muenster Civic League and Garden Club entertained the Gainesville Council of Garden Clubs Monday, Oct. 4, at 9:30 a.m. in the TP&L community room where Mrs. Pat Stelzer and Mrs. Paul Endres served coffee and coffee cake to 19 women.

They attended from the Garden Study, Town and Country, Iris, and Maggie House Garden Clubs, all of Gainesville, and Civic League and Garden Club of Muenster.

Mrs. David R. Smith of Gainesville, president, led the business meeting. She stressed two coming events of interest, the "Christmas in November" show at the Community Center at Gainesville and a "Christmas Decoration and Floral Display" in Denton on Oct. 14 at 10 a.m. in the community building on the Denton Civic Center.

The next council meeting will be held in Gainesville on Nov. 1 with Mrs. J. L. Bridges and Mrs. C. L. Traylor as co-hostesses.

NEWS OF THE SICK

Kenneth Koelzer is back in school with his left arm in a cast. The break, above the wrist, was sustained in a football game with Muenster's Little Monsters. Kenneth's sister, Ginger, has just recovered from a school accident in which she cut her head and needed eight stitches. They are children of Mr. and Mrs. Victor Koelzer.

Word to the Gene Hoedebecks from the Army this week Wednesday advised that their son, Spec. 4 Paul Hoedebeck, would be flown to the states this week to continue recovery at Brooks General Army Hospital in San Antonio. The message said his wounds are healing. He was seriously injured in an accident at Frankfurt, Germany, Sept. 8, while on leave. His wife who flew to his bedside returned home the past weekend.

A car accident in Dallas Saturday evening sent Mr. and Mrs. Danny Yosten of Dallas to Parkland Hospital. He sustained a double fracture of his right arm and was released after the injury was put in a cast. His wife, the former Beverly Koelzer, continues as a hospital patient, in traction for a dislocated left hip. She also received a cut on her right knee. The couple's 18-month-old daughter, believed not injured, and being kept by her grandparents, the Earl Koelzers, was discovered Wednesday to have a cracked arm bone at the right elbow. X-rays at Muenster Hospital were followed by placing the arm in a cast.

HOSPITAL NOTES

Tuesday, Sept. 28: Admit — Mrs. Garland Smith, Lindsay; H. D. Hoover, Sr., Saint Jo; Mrs. Larry Robertson, Gainesville. Dismiss — Lela Grant and Emil Rohmer, Muenster; Ralph Donnell, Saint Jo; Mrs. Frank Pennington, Nocona; Mrs. Pearl Samples, Gainesville.

Wed., Sept. 29: Admit — Bill Kathman, Muenster; Mrs. Woodrow Fritz, Valley View; Albert Kubis, Lindsay; Frank Rauschuber and Infant Son of Larry Robertsons, Gainesville. Dismiss — Travis Whitt, Muenster.

Thursday, Sept. 30: Admit — Anthony Grewing, Muenster; Jimmy Haile, Saint Jo; Mrs. Ted Wright, Nocona; Mrs. Blake Scott, Forestburg.

Friday, Oct. 1: Admit — Susan Koelzer, Muenster; Mrs. Arthur Ivins, Saint Jo; Mrs. Leroy Sandman, Sandman baby boy born, Lindsay. Dismiss — Anthony Grewing, Muenster; Edna Roach and Jimmy Haile, Saint Jo; Albert Kubis, Lindsay.

Saturday, Oct. 2: Admit — Mrs. Earl Fanning and Mrs. Eugene Schmitz, Muenster. Dismiss — Mrs. Garland Smith, Lindsay; Frank Rauschuber, Gainesville.

Sunday, Oct. 3: Admit — Edward Krahl, Muenster; Frank Pennington, Nocona; Mrs. Raymond Traylor, Traylor baby girl born, Forestburg. Dismiss — Mrs. Larry Robertson and baby boy, Gainesville.

Monday, Oct. 4: Admit — Marietta Grims and Martin Kralicke Sr., Muenster; Albert Kubis, Lindsay; Roger Lyons, Saint Jo. Dismiss — Susan Koelzer, Muenster; Mrs. Leroy Sandman and baby boy, Lindsay; Mrs. Raymond Traylor (died), Forestburg; Mrs. Ted Wright, Nocona.

Tuesday, Oct. 5: Dismiss — Bill Kathman, Muenster, Infant daughter of Raymond Traylor, Forestburg.

Hornets - - -

gains along with the 6-0 lead in points.

But it was a different second half in which the Knights led 7-5 in first downs and 102-64 in yardage, and 6-0 on the scoreboard.

The Knights dominated the third quarter with four first downs to one, getting their only sustained march of the game in gear just before the quarter ended.

It was a 66 yard drive in 18 plays skillfully directed by Ronnie Felderhoff and ground out by David and Eddie Fuhrmann and Beyer.

The key play was on a fourth and three situation on the 21, when David Fuhrmann got around left end for 15 big yards to the 6. The Knights needed four more tries from there and the payoff was a 1 yard crash by Beyer. A swarm of Hornets stopped Beyer's try for the all important bonus points retaliating for the kick he had blocked earlier.

The clock at that time read 7:04. Returning to the 27 on kickoff, the Hornets put on the strongest drive of the game. Knabe and Trachta ran like mad in covering 60 yards to the 13 in seven plays and four first downs. But it ended suddenly there. One try lost 3 yards, the next gained 3, and then a fumble.

Lindsay failed to gain from there and had to kick. The Hornets had another chance from the 38. But they fumbled again on the very next play.

Ending the next series the Knights had to kick again and Muenster fumbled a third time. From there Lindsay ran out the clock.

	M	L

Intercepted by	0	1
Fumbles lost by	4	2
Penalties	3-35	5-45

Tigers - - -

pass to Kenny Hess. Dickie Mosler's run made it 13-8.

The second half opened with exchanges as Sacred Heart fumbled twice and Era kicked once and fumbled once. Tigers' second fumble followed a nice 26 yard gain on a pass to Davy Krahl reaching the 24. That's where the visitors launched their last TD. Ten plays were enough and the payoff was a ramble around right end for 23 yards by Black. Kirchenbauer followed over for bonus points.

The last quarter was all defense until midway. Each team kicked three times before the Tigers made three successive first downs from their 8 and lost possession on a fourth down try on Era's 43 as time ran out.

Louis Kreditor Is Speaker at MPS

Louis Kreditor of Dallas who spoke to Sacred Heart School students in two separate assemblies last week, repeated his talk this week for students of Muenster Public School on Tuesday in general assembly.

Mr. Kreditor told about his life as a youth in Russia, his escape, about bringing his mother and family to America too, about his return to Russia recently and his trying in vain to visit the town and house where he was born. He admonished his listeners to be grateful for their liberty and peace here in America.

Mr. Kreditor is owner of Muenster's Jr. Elite dress factory and 11 other dress factories in Texas.

'Taj Mahal' Of The Train World

The railway station of Kuala Lumpur, Malaysia's capital, has been described as "The Taj Mahal of the Train World", and one of the most unique and beautiful. It seems to be designed by an architect who had a sultan's palace in mind. Somerset Maugham arrived at the station once and wrote about "the charming incongruity" of this magnificent edifice built sixty years ago. Photo shows part of the entrance and the corner minarets.

Callisburg FFA Takes Top Honors In Grass Judging

Callisburg FFA was sweepstakes winner in the grass judging contest held Tuesday at Cooke County Junior College. The event is sponsored by directors of the Upper Elm Red Soil and Water Conservation District and is open to all FFA and 4-H chapters of the district.

The Callisburg entries won both the senior and junior divisions of the contest and also made five of the ten high scores for individual honors.

Muenster FFA chapter took fourth in the senior contest and third in the junior contest and its Dan Sicking was fourth in the listing of individual honors.

The five top teams and their scores in each division were listed as follows. Senior: Callisburg 1455; Nocona 1382; Forestburg 1377; Muenster 1365, Gainesville 1305. Junior: Callisburg 1386; Prairie Valley 1199; Muenster 1146; Forestburg 1110; Era 1101.

Team and individual winners were announced and awards were presented after the contest at a supper hosted by the district directors. J. H. Bayer was chairman for the announcements and presentations and praised the entries for their continued interest in the study of native grasses.

The mobile home industry now accounts for more than 90 per cent of all single family homes priced under \$15,000.

Channel 2 Clock Is Correct Within A Split Second

People hereabouts wishing to set their clocks and watches can find no better reference than Muenster's channel 2. The clock there is accurate to the second.

Time signals which originate in the National Bureau of Standards laboratory at Boulder, Colo., are transmitted continuously by a station at Fort Collins, Colo. These signals are correct to .01 second.

The time signals are received at Muenster on a Simex Time Standard radio receiver and the clock on Channel 2 is corrected to the second by the signals received.

The channel 2 clock is checked once a week because of error that may result from variations in frequency of the current which powers the clock. Time variation within a week should not exceed one thirtieth of a second.

Even with the use of modern pesticides, the average annual loss of crop and livestock production in the U. S. caused by major pests is 33 percent of the potential or over \$14 billion each year. Without pesticides, total crop and livestock production would be cut another 30 percent.

The dragonfly is a creature of the air, never walking. Its legs are used only for catching prey and as landing and perching gear.

Health Hints FROM BLUE SHIELD

Hand Washing

A routine but thorough washing of hands before every meal may seem old-fashioned, but it's still one of the best ways to prevent the transmission of germs. Recent studies by physicians and public health authorities indicate that relaxed personal hygiene habits led to increasing incidents of infectious diseases. Accordingly, proper hand washing by both adults and children can be a big help in cutting down illness.

Donating Blood

Be a life-saver by being a blood giver! Donating blood is a safe, painless, and a satisfying experience. An average adult has 10 to 12 pints in his body, with an average donation consisting of only one pint. Giving a unit of blood stimulates a healthy person's body to make more blood, and the blood count quickly returns to normal. It is only natural to be apprehensive about giving blood; however, millions of individuals are living today because of donors who have overcome their fears and realized the importance of giving blood.

Medical Information For Campers

Before sending your child off to camp this summer, be sure he has had a complete physical examination and that the examining physician furnishes the institution with all pertinent information. Failing to provide sufficient information for the institution to give adequate medical treatment in the "absence of parents" could prove fatal. Information should include pre-existing health defects, a record of pertinent past illnesses, allergies and sensitivities, the child's immunization status, and any current treatment.

A dairy cow producing 11,000 pounds of milk a year (about 5,000 quarts) consumes an average of 45 tons of fuel — 8 tons of feed and 37 tons of water. That's 247 pounds a day.

Foods of Future May Derive from Strange Sources

Foods made from fungus, swamp gas, auto exhaust gas, oil, molds and algae?

Although they may sound far out, we may actually be eating such foods some day, says Sally Springer, Extension foods and nutrition specialist at Texas A&M University.

Food technologists and nutritionists at the Western Hemisphere Nutrition Congress held recently in Miami, Florida, discussed some of these possibilities, the specialist explains.

One possibility may be single cell protein, an edible food product, made by bacteria, yeast or molds. Some microorganisms have the ability to turn gas and oil, for instance, into edible, valuable protein foods. Protein is the food element most needed by the world's malnourished populations, Miss Springer reminds.

Other researchers are working with bacteria that can turn cellulose — the most abundant organic substance on earth — to food. If the experiments are successful, such bacteria might be able to convert a bag of household trash into a meal as healthy as a thick steak.

According to the specialist, the basis of these experiments is this: A cow eats grass, mostly cellulose, and it becomes protein and steak. Various scientists believe that bacteria, in controlled operations, may be able to do the same, thus supplying cheap, virtually endless protein for the world's growing population.

The specialist also reports the National Aeronautics and Space Administration is developing methods to make food from human breath. They hope to use this to supplement food supplies on long space voyages.

So, Miss Springer concludes, as we look to the future, foods will be different for our children's children.

 Maurice Pagel, Muenster

The Elks Magazine reports that, "Water beds are being sold in some Washington (D.C.) stores. The manufacturers who have come up with the idea of filling mattresses with water claim they'll give you a more comfortable night's sleep. Wouldn't it be nice, now, if they could carry this a step further and install a

button you could push to let you slip into your morning bath without ever getting out of bed?"
 Earliest wrist watches date from 1790.

JETS Group Goes To A&M Career Day

A group of JETS members from Sacred Heart School accompanied by Ernest Jaska and Mr. and Mrs. John Mosman attended Career Day at A&M University Saturday. They left in two cars at 5 a.m. to spend the day, attended the A&M-Cincinnati football game and returned to Muenster at 3 a.m. Sunday.

Among highlights of the day were conducted tours of the new biology building with exhibits in biology, physics and chemistry labs, and the cyclotron building. Over 26,000 high school students were there and had their meals on campus.

Going from Muenster were Becky and Bridget Jaska, Cletus Bayer, Margie Felderhoff, Phyllis Bindel, Yvonne Gehrig, Kathy Rohmer, Vivian Yosten, Frances Hess and Gloria Stofels.

Meeting them there were Mary Lou Kralicke accompanied by her sister Margaret Kralicke of TCU, Fort Worth. The two drove together and joined the Muenster group on tours.

The Mosmans had an opportunity to visit their son Tom Mosman who showed them through the Research Department where he is a student employee.

At the football game the group saw David Fette, Lynn Joe Klement and Mike Jaska, Muenster boys in college there.

Sales Supervisor Named for TP&L

Fred Miller of Duncanville has been named district sales supervisor for Texas Power & Light Company's Gainesville district.

Miller, sales supervisor in Duncanville since 1969, succeeds Gary Kennedy who was named district sales supervisor for TP&L in Lufkin. Kennedy served as district sales supervisor in Gainesville since 1970.

Miller joined TP&L in 1966 as a service representative in the Mineral Wells district. A native of Eastland, he is a graduate of East Texas State University. He and his wife, Marian, have one son, Douglas.

In Duncanville, Miller served as president of the Duncanville Optimist Club and as secretary-treasurer of the Duncanville Home Builders Association.

55,200 lives were lost on America's highways in 1970. In addition, 5,100,000 persons were injured.

CDA Day Program Attended by 100

National Catholic Daughters of America Day Sunday was observed by the local court in attendance at Mass and at a social gathering afterward.

Joined by their husbands, members attended the 7 p.m. Mass in Sacred Heart Church. Father Placidus Eckart, court chaplain, was celebrant. Officers attended in their robes.

At the Knights of Columbus Hall afterward, members and guests helped themselves to pickup foods from a pretty buffet, then danced to music by Buddy and the Playboys. Some 100 attended the evening's events.

Garden Club to Meet

Muenster Civic League and Garden Club will meet Monday, Oct. 11, in the home of Mrs. R. N. Fette with Mrs. Joe Hofbauer as co-hostess. Mrs. Paul Endres, program leader, will discuss "Growing Irises and Bulbs." Members will answer roll call by naming a favorite bulb.

Sparky says:
 Do-it-yourself electrical work can be deadly! Call an Electrician.

Fall Army Worm

by Neil Tibbets

The fall army worm is mainly an enemy of growing corn in the spring of the year, but it feeds on many other cultivated crops and native grasses in Cooke County. It is a problem normally in the fall on the pastures and small grain.

The eggs are laid at night on grasses and other plants and hatch in about five days. The young larvae or worms feed at first near the ground and become full grown in about 20 days, then they enter the soil and change into pupa.

The inactive pupa stage lasts about 10 days. After the moths emerge from the pupa cases, they often fly many miles before the female will lay eggs. The fall army worm may have as much as six generations a year in this area. Farmers who are sowing small grain should be on the lookout for another generation around the 10th or 15th of October.

The male moth has white wings with the upper portion of the wing showing some green and beige spotting. The female is about the same size and has about the same color pattern as the male.

The army worm is easily controlled with insecticides applied at the proper time. The army worm does its damage in a short period of time. Farmers and homeowners should be on the lookout and be prepared to control the insect if a second generation develops. Call the extension office if additional information is desired.

Great Wall of China is 1,684 miles in length.

A failure is a man who has blundered, and is unable to cash in on the experience.

The difference between a big wheel and one that is flat depends on how much air is leaked out. The shade tree you don't have this fall could be the wood for your fireplace last winter!

To Catch A Thief!

Engraving a drivers license number on the bottom of 200 beer steins may not seem like fun, but it sure is a good way of protecting household valuables from burglars. Actually, Sgt. J. F. Durban, crime prevention coordinator on the Monterey Park, Calif., police department, is participating in Operation Identification, a program started by the chief of police in Monterey Park in 1963. The program encourages all citizens to borrow an electric engraving tool called a Vibro-graver from the police department and mark their own driver's license number on all valuables that might appeal to a would-be thief. This enables police to easily trace a stolen item to its owner once the thief is apprehended.

Each citizen is then given a window sticker proclaiming, "all items of value on these premises have been marked for ready identification by law enforcement agencies." Since the program started eight years ago, only three burglaries have occurred in over 4,000 participating households. By contrast, over 1,800 burglaries have been committed in 7,000 non-participating households during the same period. For further information on Operation Identification write to Operation Identification, P. O. Box 308, Grayslake, Ill. 60030.

IT HAPPENED 30 YEARS AGO

Oct. 10, 1941

Local fields lose tons of topsoil in heavy rains; ten inches of moisture falls in eight days. Local grocery stores agree to stop Sunday trade. Materials arrive to finish REA project by Nov. 1. Sodality girls organize nine discussion clubs under direction of Father Richard Eved. Marie Steinburger and L. V. Henry Jr. marry at Gainesville. Influenza bug hits community and sends several persons to bed. Jimmy Lehnertz and Charley Hellman attend Huntsville Prison Rodeo. Curley Fuhrmann joins Bud Bernauer in service station business. Hot lunch program begins at Public school next week.

25 YEARS AGO

Oct. 11, 1946

Alford Harrison, 65, dies after long illness. Theresa Merdes, 88, former Muenster resident and mother of Mrs. Ben Hellman dies in Oregon. Herr Motor Company announces close of business. Mrs. Ray Evans is new owner of Charm Shop purchasing the business from Mrs. Adolph Herr. Nick

Miller installs new dry cleaning equipment. Mmes. Felix Becker, John Hartman and Alphonse Hoenig and Miss Dorothy Hartman are vacationing in Indiana and Michigan. Oscar Miller joins Albert Rohmer in auto repair business in Wilde Garage. Public School PTA elects Mrs. Ford Noland president. Myrick Palomino "Don Oro" wins cash and ribbon awards in San Angelo show. New arrivals: boys for the Andrew Schillings, Dick Trachtas and J. P. Flusches; a girl for the Leon Hellmans.

20 YEARS AGO

Oct. 12, 1951

Father Louis Deuster is new pastor of Sacred Heart Parish and Father Anthony Schroeder receives appointment as pastor at Altus, Ark. Death ends lingering illness of Joe Hesse, 55. Anselma Knabe is elected president of Sacred Heart Alumni Association. Anthony Luke buys L. A. Bernauer cafe and home, the site to be the location of his new Variety Store. Patsy Spaeth, infant daughter of the Henry Spaeths, is gaining strength and weight in an incubator in Dallas where she was taken after her premature birth Sept. 30. Robert Bayer, fighting on the front lines near Heartbreak Ridge in Korea, writes to report that he is

okay. Other local boys in Korea include Paul Luke, Eddie Krahl and Norbert Mages. Get-together Club elects Mrs. J. B. Wilde president for another year.

15 YEARS AGO

Oct. 12, 1956

Three firms show new stores in formal opening this week. Charm Shop and Hamrick's share building; Anthony Luke moves Variety Store to new location. J. F. Travelstead, 84, former resident, dies at Gainesville. Death ends long illness of Mrs. J. O. Waggoner, resident here before moving to Gainesville. Garden Club program presents talk on indoor bulbs by Mrs. H. H. Homsley. Sacred Heart Home-School Society, in the process of organizing, holds first meeting. The Teddy Gremmings move to Fort Worth. Mr. and Mrs. Jim Cook of Mexia return to Muenster for a weekend visit. Marine Sergeant Murlin Joe Evans is at home on leave from Camp Pendleton, Calif.

10 YEARS AGO

Oct. 13, 1961

Congressman, Frank Ikard announces federal grant to local hospital. Showers assure winter pasture on grain fields. Zone 3 re-elects Tony Walterscheid on district SCS board. Callisburg nips Tigers 44-20. Hornets hold for 6-6 tie with Chico. First National Guardsmen begin duty at Fort Polk. Work begins on new homes for Richard Grewings and Leo J. Haverkamps. Adolph Walterscheid is recovering from major surgery. SH Cubs beat Lindsay Squires. Feast day program honors Father Bruno. First 1961 edition of SH Mosaics is off press. New arrivals: boys for the Ray Walterscheid, Leroy Wiesmans and Tony Rohmers a girl for the Norbert Knabes.

5 YEARS AGO

Oct. 14, 1966

The Rev. John Culpepper, pastor of First Baptist Church here, dies in crash of car and train at Haslet. Power lines trip plane in which Henry Weinzapfel and son Robert . . . both walk away from scene but Henry goes to hospital with back injury. Eileen Knauf wins Miss Muenster title and crown. Medders entries dominate Red Angus show at Dallas Fair. Radio Cologne to feature Muenster in newscast with Gunther Goetz at the telephone here. Fumbles cost Hornets 8-0 loss to Callisburg. Tigers win 28-26 thriller with Fort Worth Falcons. Muenster and Era FFA share honors in grass judging contest. SH School hosts 25 teachers at math workshop. Knights of Columbus observe patron's feast at church service and breakfast. Jill Swirczynski is homecoming queen at Muenster High. Seventy-one boys take part in PP&K contest. Hornets lose 14-6 in game with Fort Worth team. Tigers run over Anna 28-7. Lindsay Knights clobber Community 28-6. New arrivals: a boy for the James Bases; girls for the Danny Owens and Paul Deltes.

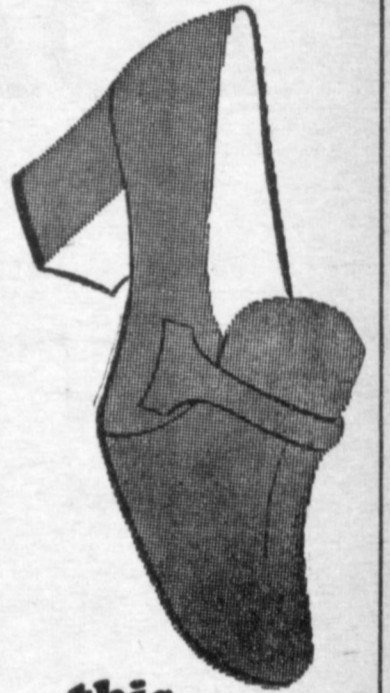

Feel for the policeman! If he over-reacts he is hated, and if he doesn't react enough he is despised. He is supposed to be a mind reader, a fortune teller, a fix-it man and the lord protector of all . . . but he isn't supposed to deny anyone his 'rights' nor be concerned about his own safety or welfare. Strange how so much is expected from an individual who is considered an oppressor by so many who consider themselves to be the intellectuals of our age.
— Lennox, S.D. Independent

PTA Members See Officers Installed And Fashion Show

Installation of new officers featured the first meeting of this year's school term for Muenster Public School Parent-Teacher Association.

Mike Sloan, retiring president, presided until new officers were installed after which Mrs. Charles Davidson, new president, conducted the business session.

Other officers installed by Superintendent L. B. Bruns are Mrs. Robert Bayer, vice president; Mrs. Don Flusche, secretary; Mrs. Frank Felderhoff, treasurer; Edgar Dyer, parliamentarian.

Principal Charles Cash introduced this year's teachers to the assemblage.

Members voted to buy a deep freeze for the concession stand.

The program was a style show presented by The Charm Shop showing pantsuits acceptable for school wear. Models were Susan Sloan, Nancie Fisher and Kris Stormer. Pearl Evans supplied commentary. Queenie Walterscheid assisted with the show's details.

After adjournment Mrs. Vernon Sparkman, home economics teacher, served refreshments assisted by Mrs. Lloyd Trubenbach.

SH Honor Society Installs Officers

Installation of Sacred Heart High School's National Honor Society was conducted in Sacred Heart Church at 1 p.m. Wednesday, Sept. 29. Opening remarks were made by Mary Lou Kraicke after which Margie Felderhoff read a poem as inspiration.

Following was the candle lighting ceremony in which the candles of character, scholarship, leadership and service each were lighted from the candle of knowledge. These signify characteristics of members of the society.

Sister Mary John acknowledged each new officer. They are Margie Felderhoff, president; Kathy Rohmer, vice president; Phyllis Bindel, secretary; Yvonne Gehrig, treasurer.

The assemblage joined in reading a prayer and Father Placidus Eckart gave the closing remarks.

The ceremony was followed by a reception for members, parents and faculty in the high school lounge.

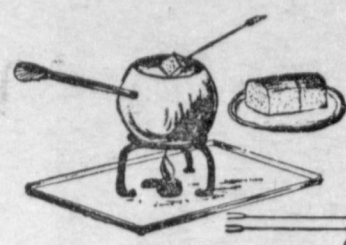

The term 'underprivileged' is either heard or read several times everywhere and it is obviously used to make half the population feel terribly ashamed of themselves for making an honest living and not sharing it with the other half who are already so busy sponging off their neighbors they don't have the time to seek employment.

Health Hints

FROM BLUE SHIELD

Do You Fondue?

Fondue, the popular Swiss food, can turn out to be a disaster instead of a treat if you fail to take these simple precautions. To prevent a fire, be sure the oil isn't too hot. It's hot enough when a 1-inch bread cube will brown in 40 to 60 seconds. Don't allow the oil to smoke or bubble. To reduce splattering, add one teaspoon salt to three cups of oil. Finally, never fill alcohol burners more than half full because flaming fuel can overflow. A metal tray under the burner is also a good protection against hot alcohol spills.

Highway Hypnosis

To avoid falling asleep at the wheel while vacation driving this summer, follow these simple rules. Vary your speed regularly and adjust vents and windows to keep fresh air circulating. Eat moderately before starting out and while on the road. Keep a package of candies beside you. Tart flavored ones are best. Talk to your traveling companion. When traveling alone, play the radio loudly and change stations often.

Heat Exhaustion

Prepare now for hot spells ahead by familiarizing yourself with heat exhaustion's symptoms. Overexposure to heat can occur whether indoors or out. Symptoms include a rapid and weak pulse, headache and nausea, and sometimes cramps in the stomach or legs. While temperature remains normal, the skin is usually pale and clammy. For heat exhaustion, move the victim to a cool place, but protect him from chilling. Don't give alcohol in any form and call your family physician.

Local News BRIEFS

Mr. and Mrs. Joe Hoenig spent the weekend in Ennis with their daughter and family, the Carl Pelzels and joined them in attending the annual church carnival. On the way going they stopped for a short visit with their son Rupert Hoenig and family at Carrollton and with their daughter Rita in Dallas. She took them through the new Stanley Hospital Supply building where she works and into which the company had just moved. She is a floor manager.

Weekend visitors with the George Jetzelsbergers were their daughter Mrs. C. M. Harrington and daughters Vickie Lynn, Sandra and Elizabeth of Fort Worth.

Three families are in different homes and one more is due to change address in the near future. The Cecil Sawyers have moved from N. Oak to

Dr. Antonetti's farm west of town and the Charley Hellmans will occupy the house

the Sawyers vacated. They'll move from their farm south of town. The Jack Davis family has moved from Saint Jo to their new home in the southwest part of the city and the Donald Hennigans have moved from N. Elm to their new country home seven miles west on Hwy. 82.

Three women from Muenster are enrolled in the LVN class being taught at Gainesville. They are Mrs. Leonard Haverkamp, Mrs. Lloyd Angell and Mrs. David Siebol.

Mr. and Mrs. Al Hess spent the weekend in Dallas with their daughter and family Mr. and Mrs. Bob Fitch, Wayne, Leann and Kristi. Together they celebrated three anniversaries, all on Saturday. Wayne was eight, sharing honors with his grandmother on her birthday and his grandparents on their 31st wedding anniversary.

It pays to advertise with the Muenster Enterprise.

This year's appropriation for the Department of Health, Education and Welfare is more than \$77 billion. It is bigger than the defense budget, and is \$321 million over the amount requested.

Excellent Food Properly Served

The CURTWOOD RESTAURANT

Emmett Curtis
Gainesville, Texas

At a party several young couples were discussing high prices and the difficulties of the family budget.

"I really don't want an awful lot of money," said one young matron. "I just wish we could afford to live the way we are living now."

"NAMES" DRIVE FRIENDLY—Entertainer Carol Channing and three others shown have joined the statewide campaign to urge Texas drivers to Drive Friendly. Channing, Firefighter Red Adair, Singer Faron Young and Astronaut Thomas P. Stafford are among well-known personalities included on the newest set of radio public service spots issued by the Governor's Committee on Traffic Safety. Also on the spots are TV Newsmen Dan Rather and Singer Jeannie C. Riley. Rather and Miss Riley were among seven celebrities on an earlier set of radio spots urging drivers to Drive Friendly. Others were Astronaut Alan L. Bean, Dr. Michael DeBakey, Race Driver Jim Hall, Baseball Star Joe Morgan and Coach Darrell Royal.

"By 1975," states Motor West magazine, "vinyl trim may disappear from car interiors, but you'll never know it is missing. It's likely to be replaced by a special polyurethane coating called Neothane which looks and feels like vinyl but wears better and lasts longer, according to The Goodyear Tire & Rubber Com-

No-Fault System Urged for State's Auto Insurance

AUSTIN, TEX. — A big push is on from the top to bring about drastic revision in the state's auto insurance system which is the subject of increasing criticism as rates go up nearly every year.

Gov. Preston Smith at the recent national governors' conference in San Juan, Puerto Rico, once more reaffirmed his support of competitive rates and "no-fault" insurance.

State Insurance Board Member Larry Teaver at the same conference announced a wide-ranging survey will get under way with a view to switching to competitive rates and "no-fault."

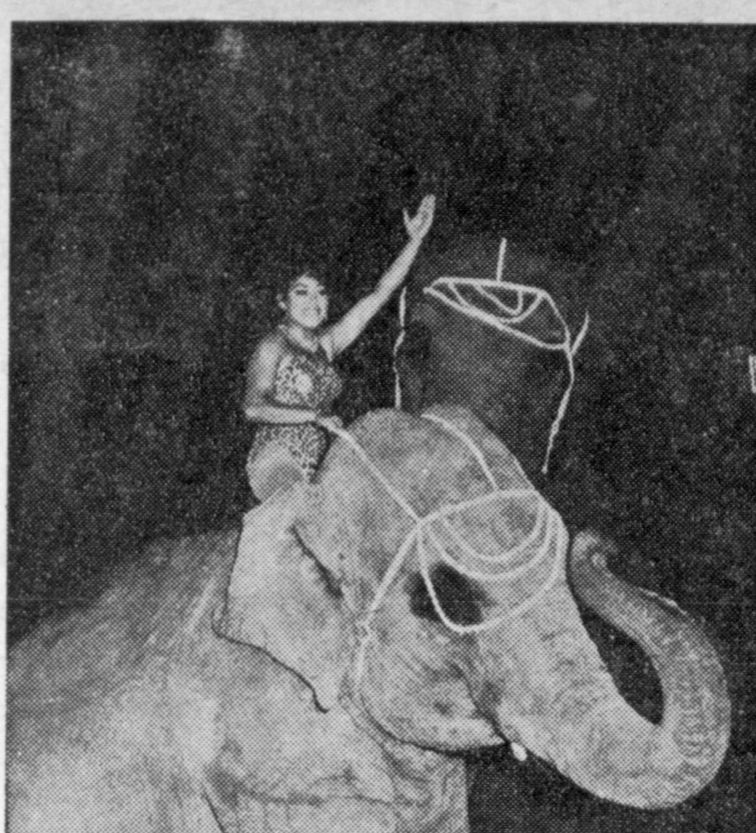

The survey will be financed with a \$175,000 appropriation to the Insurance Board for research purposes. Teaver said out-of-state specialists with no industry connections will be called on to advise the Board.

"I want the study approached from a consumer standpoint and not for the companies' benefit," Smith announced.

Under no-fault insurance, insured accident victims are compensated regardless of who was at fault. Instead of buying liability insurance to cover losses of others, a driver under the no-fault system buys coverage that pays for his loss in spite of who was at fault.

Pennsylvania Insurance Commissioner Herbert S. Denenberg told the nation's governors in their recent conference that the federal government will move to set up a national no-fault system if states don't act to create a reasonably uniform and adequate network of laws.

Massachusetts Gov. Francis W. Sargent claimed the plan saved motorists \$76 million in premium charges in his state this year.

Three rings full of free circus will delight visitors daily at the Dr Pepper/State Fair of Texas Free Circus. Located on the Outdoor Exhibit Terrace under the red and white striped Big Top, the circus will have many performances during the State Fair of Texas, October 9-24 in Dallas.

American Trial Lawyers Association members oppose no-fault as reducing legal rights of accident victims to sue for fair recovery on all losses.

Everyone Urged to Get a SS Number

One of the common questions received by the Sherman social security office is "Will my spouse or child need a social security number of his or her own, even though he or she has never worked?" Formerly, the answer would have been "no," according to Gus Jones, District Manager of the Sherman social security office. Now, however, all persons who

may be eligible on a worker's earnings will be encouraged to have a social security number of their own. If they have formerly had a number but lost it, they will need to get a duplicate.

If you're planning to file a social security claim within the next few years, it can be expedited by being sure that all potentially eligible members of the family have social security numbers of their own. Applications for original and duplicate numbers are made on Form SS-5. This form is available at the Sherman social security office or at any nearby post office.

A representative may be contacted in Gainesville each Tuesday and Thursday from 9:30 a.m. to 12:00 noon at the Federal Building.

Health Department Issues Caution on Carbon Monoxide

Fall is putting a chill in the air. Time for heaters and time for caution because of an odorless, colorless, tasteless gas called carbon monoxide. This gas can lull a person into unconsciousness before the victim knows he's in trouble.

"Each year in this country nearly 10,000 persons suffer carbon monoxide poisoning," says Texas Health Commissioner Dr. James E. Peavy. "Nearly all require medical care or hospitalization. Each year about 1,400 persons die as a direct result of this deadly gas. In 1970, some 300 Texans died from carbon monoxide poisoning."

About 70 percent of the deaths occur in the home. Most deaths occur in the winter months when the hazards are greatest due to the use of heating devices and fuel burning equipment. In recent years, however, many deaths have occurred during the summer, because of the increased use of air conditioning. That may seem contradictory, but the fault is in the air conditioners' air return systems which may be introducing carbon monoxide in to the home.

A recent study reported by the U.S. Public Health Service Injury Control Program illustrates the potential seriousness of the problem. Forty percent of the homes and establishments investigated had one or more appliances that were emitting unduly high levels of carbon monoxide. About one-fourth of these appliances were discharging gas in amounts exceeding 200 parts per million units of air — a very dangerous level.

Gas range ovens, gas floor furnaces and gas space heaters were the three leading appliances inspected which were emitting carbon monoxide. The study clearly indicated carbon monoxide was emanating from many different sources and was very difficult to detect.

Early symptoms of carbon monoxide poisoning include yawning, headache, nausea, dizziness, ringing in the ears, and abdominal pains. Gasp breathing and unconsciousness quickly follow. The victim should get fresh air immediately and he should be kept lying down and warm. A physician should be called promptly, and inhalations of oxygen or oxygen-carbon dioxide mixture administered.

The antelope, a native American, has no close relatives, nor has it ever had any on other continents.

If someone calls you a perfect idiot, don't believe him. Nobody's perfect.

Speak when you're angry and it'll be the best speech you'll ever regret.

Muenster, Lindsay Juniors Tie 6-6

Juniors of Muenster and Lindsay clashed on the MHS field Tuesday night with results that were painfully similar to the main event last Friday night. The score again was 6-6 and Lindsay again came from behind to tie the count.

That happened in the last minute of the game after Lindsay stopped the Little Monsters on a fourth down try. With about 25 yards to go the Lindsay kids completed a pass to the 5 and followed up with another pass for the TD.

Muenster's score came as a result of a sweep around left end for about 20 yards by Mark Leo Sicking.

Coach Glenn Richardson noted that the two games were similar in more than score, especially as regards his players.

Occasionally they did all right, but over-all their performance should be rated as poor. The redeeming factor is that the visitors had about as many troubles.

Lindsay News

Mr. and Mrs. Felix Prescher of Bakersfield, Calif., and her sisters Mrs. Creed Rone of Modesto, Calif., and Mrs. Sam Russell of Roswell, N. M., have been vacationing with relatives and friends. These include his mother Mrs. Joe Prescher and his sister Mrs. Tom Sicking at Lindsay, another sister Mrs. Angie Luttmer in Muenster and others in Valley View and Gainesville. Mrs. Felix Prescher and her sisters also visited cousins in Dallas. They also drove to Houston to visit Mrs. Russell's son and on the way back home will visit Mrs. Felix Prescher's sister and family in Carlsbad, N. M.

Lisa Sandmann celebrated her seventh birthday at an afternoon party in the home of her parents, the Paul Sandmanns. Twenty-four classmates and friends were guests with Sister Ferdinand, the honoree's first grade teacher, a special guest. Lisa's little sister and brother Gina and Jeff also attended the party and an aunt, Mrs. Irby Macready helped with hostess duties.

Father Damian Wewers, pastor of St. Peter Church, was surprised on his birthday Sept. 26 by a group of former

parishioners from Fort Worth who visited him during the afternoon. Local parishioners also dropped in to extend best wishes. Earlier visits with pre-birthday greetings were from Father Matthew Wiederker and Father Meinrad Marbaugh of Dallas who drove over the preceding Friday.

Gainesville-Lindsay Knights of Columbus will observe the feast day of their patron at Mass and dinner Sunday, Oct. 10. Knights and their ladies will attend the 11 a.m. Mass and receive communion in St. Peter Church, then go to the KC Hall in Gainesville for dinner. Joining them as special guests will be Sisters and CCD teachers of Lindsay and St. Mary's.

The Leroy Metzlers had as recent visitors Mr. and Mrs. John Morgan of Delanie, Florida. The men were army buddies and had kept in touch but hadn't seen each other in nine years. A party honored them one evening giving them an opportunity to get acquainted with members of the Metzler families.

Mr. and Mrs. Frank Haverkamp Sr. were among relatives at the funeral of her uncle, Arthur B. Brooks, 83, in Amarillo. They headquartered with the Leo Zimmerers, also visited relatives and friends, staying longer than they had planned on account of rain in the area. Between five and six inches had fallen filling lakes for the first time in two or three years.

Mrs. Leonard Zimmerer was the honoree at a layette shower when Mrs. Nancy Bennett of Gainesville was hostess for the Sunday afternoon party in the community room of Gainesville National Bank. Assisting hostess was Mrs. Dub Kuhn. Seventeen guests called between 2 and 4 o'clock. Refreshments were served and gifts were displayed.

Mr. and Mrs. Gene Pelzel and children Michelle and Matt attended the annual meeting and social of Catholic Life Insurance in Pilot Point. They also stopped in for visits with Gene's parents the John Pelzels and his grandmother Mrs. Ed Blumberg.

Three new homes are nearing completion in Lindsay. Mr. and Mrs. Danny Dunn's with three bedrooms, two baths, fireplace and attached garage is located between the Martin Friske and Doc Kasperek homes. Interior work is progressing on Mrs. Andrew Zimmerer's home north of the high school. It is a two bedroom, bath and a half house with central heating and air conditioning. The new brick home of Mr. and Mrs. Norbert Zimmerer is all electric with three bedrooms, two baths and attached garage. It is located south of their present home.

Christmas Lights At Martin's Burn Early This Year

Herman Martin who annually has an unusual Christmas lighting display at his home in Lindsay is starting earlier than ever this year setting up the many figures, including new ones.

Lights will go on for the first time Monday, Oct. 11, at 7 p.m. and will burn until 10 p.m. This same time schedule will be followed through October and November and through December 19. Then a blackout Dec. 20 through 23. Lights go on again on Christmas Eve and Christmas Day for the last time.

Music will be played Dec. 1-19 every night 7 to 9 o'clock. In addition to a manger scene, three wise men, angels, choristers and snowmen the display includes a pumping oil well Mr. Martin made, new this year, along with a cow that moves its tail, a reindeer with a blinking nose and other animated characters.

Everyone is invited to drive by and see. Children especially will be delighted.

Limited Postal Service Available On Columbus Day

Postmaster Arthur Endres announced this week that next Monday, Columbus Day, will be observed as a holiday in the local post office. It is the first observance since passage of the law changing the legal dates of several national holidays.

The postal services available on that date will be lock box delivery and special delivery. There will be no rural delivery or counter service. And the only mail collection will be made from the out-of-town box on the post office driveway.

Saturday service will not be affected. Patrons will have lock box and rural service as usual plus the regular counter service from 11 to noon, and collection of mail from all drops.

Confetti - - -

of the media nowadays have abandoned their duty to the public and are prostituting the free press to help criminals and crooks and weaken our government.

By the time he is 70, the average American will have used 26 million tons of water, 10,000 pounds of meat, 14 tons of milk and cream, and 9,000 pounds of wheat.
