MUENSTER, COOKE COUNTY, TEXAS 76252 SEPTEMBER 10, 1971

NUMBER 42

Multimillionaire H. L. Hunt is quoted as saying that he'll see to it that President Nixon is not re-elected next year. First of all it seems like a very presumptuous statement. In spite of all his financial power, we are still inclined to doubt that he can manipulate enough political influence to determine the winner.

Almost as amazing is the possibility that a person so well known for his conservative thinking would oppose the candidate who is acknowledged to be the more conservative. Democrat hopefuls now seeking their party's nomination are mostly a crowd of very liberals. The chances are very slim that any other nominee of that party would be as well established on the conservative side as President Nixon.

One might think also that Mr. Hunt would be influenced by the reasoning of Barry Goldwater, who is credited as saying that it's out of the question to get Reagan on the ticket, so the best bet for conservatives is to favor Nixon.

Assuming that Hunt isn't joining the liberal side, his statement seems to imply that he has taken on the job of having someone else nominated next year by the GOP. Only in that way is his statement consistent with his conservatism. Maybe he declines to accept Goldwater's opinion that people like Reagan or Agnew can't head the party ticket.

If that's the case and the convention surprises all of us by nominating a more conservative ticket, we have to wonder also how Hunt expects it to win in the election. All of us have clear recollections of 1964 when the liberal Madison Avenue crowd, in control of the big papers and magazines and the air waves, did a merciless hatchet job on Barry Goldwater. Another ultra conservative could expect similar treatment.

All of which presents another line of thought. Is it possible that Hunt visualizes a national swing to more conservatism? Occasionally we see signs of such a trend, and there are people who think that the pendulum has gone its limit in the liberal direction and is on its way now in the opposite direction.

Related to this possibility is an opinion aired some months ago by ultra conservative Phyllis Schlafly who claims that Nixon has alienated himself from too many former supporters and doesn't have a chance for re-election. She thinks that he should bow out for the good of the party and the country, giving the GOP a chance to win with Reagan. Now we wonder whether Hunt and others may be working on that idea.

If they are they can hardly be blamed. Nixon has been a sad disappointment to millions of conservatives. In fact there were a number of occasions when his executive action favored the people who opposed his election.

People trusted him to win the war and get out of Vietnam but he has continued the no-win policy. His only achievement is a speeded up schedule of backing out. He said he favored freedom of choice over busing for racial balance in school but has taken no steps to have this outrage stopped. He knew that right-to-work advocates supported his election but he favored union bosses by endorsing bills to force compulsory unionism on postal workers and farm workers.

He denounced the welfare program as wasteful and partial to loafers but recommended a system that would cost the taxpayer more and increase the unemployment rolls. Lately he has the nation guessing what will derive from his effort to establish friendly relations with Red China. On one side we're told that an alliance with China can help avoid trouble with Russia. However we are still aware that China has more in common with the Soviets than with us. It is still our enemy, dedicated to our destruction. So far we don't know whether the China policy is an asset or a liability to the country.

It's going to be interesting to notice what develops politically during the next year. If the Hunt statement points up an effort to dump Nixon and get a more conservative ticket lots of folks are going to approve. Or perhaps the effort is to get a candidate who is not necessarily more conservative but more loyal to people who were loyal to him in the election.

Swim Pool Had \$3021 Revenue, 8828 Admissions

The Muenster swimming pool enjoyed one of its best seasons this year. Considering that it operated at a profit while providing a good recreation program, it was a very successful season, according to City Superintendent Steve Mosler.

The pool was closed on August 29 ending a season of slightly more than two and a half months. It opened on June 1, remained open full time until school started on August 16 and was open the two weekends after that.

Total receipts during that time were \$3021.99 and total expense for labor and chemicals was \$2414.42, netting the city just over \$600. In other years the operation usually was just a little in the red or black, Mosler said. This year's bigger margin can be credited partly to better attendance and partly to rate increase.

Best attendance of the season was 465 on July 11 and next best was 311 on June 6. Four other days were over 200 and usual attendance was between 100 and 200, except August which had only 7 days over 100 and 4 days with 0 attendance. Cool rainy weather kept them away then whereas hot dry weather attracted them in June and July. June had only 2 days under 100, July had 7.

Total regular attendance was 8828. June had 4130, July 3765 and August 933. This does not include attendance at swim parties when the pool was leased at \$7.50 per hour and attendance was not counted.

Cubs Nip Saint Jo Will Play Alford Here Tuesday, 6:45

Sacred Heart's Tiger Cubs outscored the Saint Jo Panther Kittens 3 touchdowns to 2 in their first action of the '71 season. The controlled scrimmage at Saint Jo Tuesday night was similar to a game but lacked the punts and kick offs. Offensive play started on the 30 and a team was permitted to keep possession as long as it made first downs.

The Cubs got their first TD early as Billy Krahl went 65 yards on a pitchout play. The second one resulted from two big plays. A pass from Roger Endres to Carl Koesler gained 45 yards to the 20 and Mark Hess went in from there on an off tackle play.

Third score followed a 30 yard drive on runs by Hess and Krahl to the 12. Jimmy Koelzer finished the job with a 12 yard crash up the middle.

Defense, too, did fine. Coach Joy said the first stringers held their hosts scoreless and Saint Jo got on the scoreboard while Cub reserves were playing.

The first game of the season is booked with Alford here next Tuesday starting at 6:45.

Mr. and Mrs. Felix Yosten, and their son Tom of Fort Worth, returned Monday from California where they attended the wedding of their daughter and sister, Miss Gloria Yosten and Bill Blanchard Saturday, 11 a.m. in Palo Alto. Miss Monica Yosten of Greenville who also attended the wedding of her sister remained over until Wednesday visiting her sisters Linda and Bernadette at Mountain View. The newlyweds are presently on a three-week honeymoon in Hawaii and Australia.

Hornets Win 16-0 In Scrimmage Tilt With Archer City

As far as Hornet fans are concerned last Friday night's tussle with Archer City was a win even though it does not go into the record. Officially it was a practice scrimmage but the only difference from the real thing was the absence of kickoffs and kick returns and the presence of coaches with their teams.

The score was 16-0, which stands as quite an achievement, considering that the visitors went into the game with a much better rating.

Coaches Glenn Richardson and Bill Moore were highly pleased with their boys' effort, a hundred per cent improvement over the previous week's scrimmage. Nevertheless they still spotted lots of mistakes, which are receiving prime attention in this week's practice.

Second stringers started the scrimmage and MHS held the visitors on the first series, then took possession and moved 4 first downs to the 20 and ran out of steam.

On second possession the Hornets did better scoring on a 25 yard pass from Randy Wolf to Roger Harrison. Again on third possession a pass from Wolf to Harrison was good for 40 yards and a TD. Archer City scored twice on long runs. The Hornets led 8-4 in first downs.

The first down record in the first string contest favored Muenster 16-9. A stout defense had the visitors stopped cold except two short drives which were good for three downs each. Just before half time Archer City moved 38 yards to the 8 and was pushed back 4 yards on the next four tries.

The first quarter was mostly a standoff with Muenster getting 5 scattered first downs and Archer City 2. Early in the next period Jim Endres drilled a pass to Mark Lippe who made a beautiful run to the end zone. The play gained 71 yards.

An interception stopped the Hornets on the first series of the second half, but on second possession they went all the way. Freshman Randy Wolf replaced Jim Endres, who received a rib injury and directed the team for 68 yards and the second TD. Hard running by Henry Knabe and Hank Trachta made the yardage. Knabe went over from the 1 and Trachta followed over for bonus points. Knabe made the extra points after the first TD.

The visitors made 3 first downs after that but failed to keep going.

Near the end the Hornets gained 40 yards to the 4 in 7 plays and fumbled. They got back in business shortly later with an interception on the 24.

Five plays went from there to the 11 and a pass over the goal line was intercepted with two seconds left on the clock. Archer City intercepted 3 during the night and Muenster 1. Muenster lost possession once by a fumble. Archer City had a punt blocked.

Mrs. Roy Reiter is a new employee at Muenster State Bank. She joined the staff Tuesday.

Paul Hoedebeck Hurt in Germany

Relatives of Spec. 4 Paul Hoedebeck are anxiously awaiting further word from the Army in regard to Paul's accident in Frankfurt, Germany, Saturday.

A cable Sunday night to his wife, the former Dianne Wiese of Gainesville, and his parents, the Gene Hoedebecks here, revealed that he had received injuries in a fall from a train and was in serious condition in an Army hospital.

The message did not give details of the accident but said further information would follow.

MHS Annual Staff Sets Feb. 12 as Ordering Deadline

Members of the Muenster High annual staff in a meeting Tuesday night set February 12, 1972, as the final date for ordering this year's edition of "The Hornet", and also indicated that they prefer to have the orders before Christmas. As an inducement to students to submit their orders early they set a price of \$6.50 before Christmas and \$7.50 from then until the final date. Cash must accompany the order which can be accepted by the school or any member of the staff.

The staff is headed by Beverly Bruns and Cheryl Otto as co-editors. Others are Seniors Kristie Stormer, Weston Powell and Danny Fette; Juniors Pam Schneider and Pattie Dittfurth; Sophomore Curtis Klement; Freshman Diane Yosten. Faculty sponsor is Miss Bettye Dodds.

Rainard Walterscheid has flown in from Singapore where he is employed to spend his vacation with his mother Mrs. H. A. Walterscheid. Sunday he accompanied his mother and sister Mrs. Herman Grewing and daughter Alber Linn to Rockwall to spend the day with his brother and family the Delbert Waltersheids.

Rev. Leo Koesler Heads Subiaco Trio Starting British Honduras Monastery

Father Leo Koesler, Brother Michael Fuhrmann, and Brother Benedict Silva, all members of New Subiaco Abbey, (an Arkansas Benedictine Monastery), began their journey to British Honduras early Wednesday morning of last week in a pickup truck, marking the final step in the establishment of a new Benedictine monastery.

The decision to make a new foundation came after two years of study and negotiations with religious and secular leaders of that Central American country. On June 7 of this year, the Subiaco Abbey chapter voted to purchase a 512 acre farm with house, 120 head of cattle, 10 horses, and some domestic fowl.

The farm is located on the Belize River in West Central British Honduras, a few miles from San Ignacio, the nearest town, and about 20 miles from Belmopan, the capital of the country. It can be reached only by boat across the river, except during dry periods when the river is capable of being forded by truck. An Indian village of 500 inhabitants and a Mennonite ranch border the farm.

The purpose of the foundation is seen in the Benedictine motto of prayer and work. The three monks hope to establish a regular life of prayer as the basic expression of their life, tend the farm for their sustenance, and be of assistance to the local people in their spiritual, educational, and agricultural needs.

Bishop Hoddap, Bishop of British Honduras, as well as the governmental officials, welcome this approach. They see an agricultural economy as a stabilizing and necessary element for their country as they move toward modernization and independence.

The monastery itself, the home of the monks, is a simple structure mounted on poles, the ground floor open to farm animals. It has shutters but no windows, while partitions rather than walls separate the house into six rooms.

There are no plans to rebuild or enlarge the present property. Rather it is hoped that the land can be utilized for the benefit of the local people, working with them in ways still to be determined.

Final Rites Held In Vinita, Okla. For Max Koesler

Funeral services for Max Koesler, 83, of Vinita, Okla., were held there Saturday at 2 p.m. in Holy Ghost Church with a brother-in-law, Father Joseph Fuhrmann of Van Buren, Ark., and a nephew, Father Nicholas Fuhrmann of Subiaco, Ark., assisting in the con-celebrated Mass. Burial followed in Vinita.

Mr. Koesler, former resident of Lindsay was a retired farmer. He died Thursday, Sept. 2, in Vinita hospital after a two-day illness.

He was born in Biberach, Germany, third in the family of six sons and two daughters of Mr. and Mrs. Norbert Koesler who came to America and settled in Lindsay. Max married Miss Susie Fuhrmann there on Aug. 16, 1915. They moved to Vinita in 1929 and celebrated their golden wedding there in 1965.

Surviving are his wife; one daughter, Mrs. Lawrence Lodes and four sons Cornelius, Max Jr. and Mike of Vinita and Norbert of Salina, Kansas. One daughter died in infancy and a son Francis was killed on Luzon Island during World War II.

Also surviving are one brother F. X. Koesler of Havre, Montana, 20 grandchildren and a number of great-grandchildren.

Among relatives at the funeral were Mrs. Alfons Koesler Sr., Tony Koesler, Alfons Koesler Jr., Mrs. J. D. Caplinger and Mrs. Steve Grewing of Muenster; Mr. and Mrs. H. S. Fuhrmann, Mr. and Mrs. Damond Fuhrmann and Lynn, Mrs. Joe Fuhrmann, Mr. and Mrs. Junior Stoffels, Ray Fuhrmann, Mrs. Joe Zimmerer, Mrs. Alvin Loerwald, Mr. and Mrs. Marcus Fuhrmann and Mrs. Bill Dankesreiter, all of Lindsay.

There are times when it is somewhat difficult to refrain from wondering if our national bird shouldn't be the cuckoo instead of the eagle.

Football Teams Begin Season

Odds are Stacked Against Tigers in Game at Saint Jo

A tough season opener awaits Tom Joy's Sacred Heart Tigers Friday, 8 p.m., Saint Jo. They will find the odds stacked against them in size and weight plus depth and experience.

The report is that the Panthers have seventeen lettermen and most of them are seniors. The team has matured after a couple of dismal seasons due to a lack of size and experience. In both of those years they were trimmed by the Tigers and the present indication is that they are ready for revenge. As regards size, the Panthers have an advantage of over 40 pounds per man. Six of their boys weigh over 200. Only one Tiger can match that size and the others average considerably under 150.

Coach Tom Joy is well aware that pre-game signs are one-sided in favor of the Panthers, but he still has confidence in the Tigers' spirit and hustle. Being the underdog is old stuff to them, and it doesn't bother them. Also, they did a fair job against bigger players in their two scrimmages. Defense and offense rushing have both been gratifying, and team effectiveness can be improved a hundred per cent by sharpening up the passing game. That is the Tigers' number one assignment in this week's practice.

Torrid Tussle in Sight as Hornets Get Set for Eagles

Suddenly it seems that one of the big and tough games on the MHS schedule is the very first one. Coach Glenn Richardson said this week that the Valley View Eagles are extra stout and are rated as one of the powers in Texas Class B football this season.

He pointed out that Harris ratings put the Eagles in 17th place of class B and the Hornets in 105th place in Class A, so the question now is, which is supposed to be the better team? The best answer, apparently, is that each should have lots of respect for the other.

Other basis for comparison is the record so far in practice scrimmage, in which both got along very well. The Hornets rolled over Class A Archer City by two touchdowns last week, and at the same time the Eagles trimmed Class B Alford by four touchdowns.

Depth, experience and weight should lean toward the Hornets. They have a squad of 33 whereas the Eagles have 21. They have 10 seniors and 8 juniors whereas the Eagles have 4 and 5. And, despite the 226 pounds of the Eagles' Larry Hill, the Hornets will be slightly heavier as a team average. The Eagles have strong runners in Calhoun and Hill and a passing threat in Barthold. The Hornets have similar possibilities in Knabe, Trachta and Endres.

The game will be played on Muenster's field and the starting time is 8 p.m. All of the Hornet games this season are scheduled for kickoff at 8 o'clock.

Planning Group Asked to Help on City Park Pavilion

Members of the Muenster City Council in their regular session Tuesday night voted to call on the Texoma Regional Planning Commission to help them on an improvement project in the city park.

The action followed appearance of Dan Hamric before the council as a representative of the Muenster Jaycees. He said that funds raised by the organization for construction of a pavilion are now available to the city. The council then decided to consult the planning commission for advice on location and design and inquire into the possibility of getting state or federal funds.

In other business the council determined the ratio of division of this year's tax revenue to meet its bonded obligations. Eighteen per cent is designated for the interest and sinking funds on bonded obligations and 22 per cent is for retirement of sewer warrants. That will leave 60 per cent of the tax income for the city's general fund.

Sherman Attorney Will Be Candidate For Texas Senate

Bob Slagle III, 36 year old Sherman attorney, announced his intention today to run for the 9th Senatorial District Senate seat, presently held by Senator Ralph Hall, who is running for Lieutenant Governor.

Mr. Slagle stated he feels his declaration may be premature because of the problems created by the failure of the last Legislature to pass a senatorial redistricting bill to-

gether with the continuing court actions over legislative redistricting.

However, he wants his many friends and supporters throughout the 9th Senatorial District to know his intention should this district remain basically intact. He stated that a formal announcement would be made and an intensive campaign conducted when the boundaries of the 9th Senatorial District are established.

Slagle is a native of Grayson County, graduated from Sherman High School, Texas Christian University and did his law work at the University of Texas.

Slagle served two terms as an assistant to Senator Ralph Hall during the 1963 and 1965 legislative sessions. He served as Democratic State Committeeman for the 9th Senatorial District from 1968 to 1970. For the past 15 years, Slagle has been active in the Democratic Party and has held many Local, State, Regional and National Party offices.

Slagle is married and has two children. He presently is a partner in the law firm of Slagle, Joiner, Fleming and Slagle and is serving as President-Elect of the North Texas Bar Association.

To 18 Year Olds: Honor the Vote

Now that the 18-year-olds have the Constitutional right to vote, some political forces are making a concerted effort to channel the young people's thinking in one direction — left-liberal. And many persons believe that may be fairly easy to do, because it is felt that voters of such a tender age will naturally be idealistic, desirous of change, unafraid and therefore not backward-looking but facing into the future with hope and great sincerity.

That is a description of millions of young persons, but it does not mean that they will pitch headlong into the unknown in politics. The liberal-radicals who believe that the votes of the 18-, 19- and 20-year olds are all sewed up may be in for a big surprise. Children take many of their habits and customs from their parents, despite the supposed enormous generation gap of our day.

A few years ago the 18-year-olds received the vote in Scotland, and, to everyone's surprise, more conservatives than ever were elected to public office. With the 18-year-olds voting in the general British elections in June of 1970, the Conservatives were returned to power over the Laborites, who had ruled for six years. So the political gap between the generations may be over-estimated. There is no reason to believe that American youths will opt for chaos, which may be the alternative to measured change. We ask them to honor the vote with their best thinking.

U S Businessmen Score High

At a time when downgrading America has become such a favorite pastime of the media, the U. S. News & World Report (Aug. 9th) reports encouragingly on how foreign businessmen around the world assess their American counterparts. It comes as a welcome boost to national self-respect and pride.

Americans are esteemed for know-how, frankness and informality. Italians admire the way Americans strike quickly to the heart of a problem: "Your people use nouns and verbs, don't waste time on adjectives."

American businessmen are admired for the way our executive "brass" pitches in to help subordinates. A Japanese businessman rates Americans tops for logic and efficiency.

Imitation is the sincerest form of flattery. For all their criticisms of America, it is clear that foreigners are becoming more Americanized in advertising and marketing. The American way of doing business facilitates business everywhere. It is one of our most welcome exports.

Will This Be The U. S. Epitaph?

The Ten Commandments, the U.S. Constitution, and the natural right to private property are all under fire in a withering war against ourselves. Whether we win or lose depends upon us. Perhaps we will lose sooner or later, but whether it is sooner rather than later also depends upon us.

With this in mind, an archaeologist who is also an historian predicts that some day an exploring archaeologist will find carved on the unearthed tombstone of the United States the following epitaph:

"Here lies the greatest civilization that the world had ever seen. It died at the peak of its tremendous power which it refused to use in its own defense."

"Here lies the nation that wagered its fabulous wealth and strength upon the love of mankind and in the process of the wager, lost all three."

"Here lie the people who abandoned their priceless patriotic heritage of religious truth, and with it their freedom and their will to live."

"Here lies the last hope of the Free World."

"Here lies the United States of America."

Setting the Stage

Conceivably, the country is now approaching a time when a combination of circumstances could lead to extension of authority of a dictatorial nature. Such is the danger seen by noted columnist Stewart Alsop, in a recent discussion of a growing tendency to ignore or defy the law.

Writes Mr. Alsop, "... the danger is not immediate. But the disintegration of the authority of the 'established government' could produce an authoritarian regime, if it were combined with a severe economic depression. That combination could happen here." Mr. Alsop's view is strengthened by a late public opinion poll which shows that 30 percent of the people believe the United States lacks "strong leadership". All of which coincides uncomfortably with an increasing dependence on government for solutions to most problems.

Common Sense

For some two decades, diet campaigns have been carried on urging people to eat less fat, exercise more and otherwise take steps to guard against future heart attacks. So far, the campaigns have borne little fruit. Consequently, proposals have been made to regulate the diet of the American population by law, although there are substantial differences of opinion as to the relationship of diet in such things as heart disease.

The advice of physicians, which suggests that healthy people eat and exercise moderately, has a ring of common sense that can do more to promote good eating habits than laws, regulations or high-powered campaigns. So far as changing the eating customs of a nation by decree, the futility of such a course should be evident from the experience with prohibition. As "Nutrition Today" comments, "... when the government requires a person to do things to protect the individual from his own folly, it is usually abridging the individual's freedom of choice. It is acting not in behalf of society, which is its proper domain, but in the sententious claim that the government alone is possessed of superior judgment. This is why one cannot accept the idea that cigarettes should be banned, or that the cattle-raising, dairy, and food industries should be coerced by government into curbing the amounts of saturated fats in our diet."

And, speaking of free choice, there are people who prefer less longevity to the prospect of a long life in company with a government that acts like a nagging wife.

Special ID Cards Available at DPS

Colonel Wilson E. Speir, director of the Texas Department of Public Safety, said today that Texans now are able to obtain a special personal identification card.

The card, which was authorized by the 62nd Texas Legislature, is laminated and contains a color photograph of the holder. It is the same size as a Texas Drivers license.

Information appearing on the card includes the holder's date of birth, height, sex, and eye color. Each card has a special identification number issued by the DPS.

Speir said the cards should be of value to those persons who do not hold a Texas Drivers license, but who need some sort of official card to help establish their identity.

In order to obtain a personal identification card, the applicant must appear at a DPS drivers license field office execute a special application form, present a birth certificate or other documentary evidence of identity and date of birth, be fingerprinted and pay a statutory fee of \$5.00. The special cards, which will be mailed from DPS Headquar-

ters in Austin, will be dated to expire four years from the applicant's next birth date.

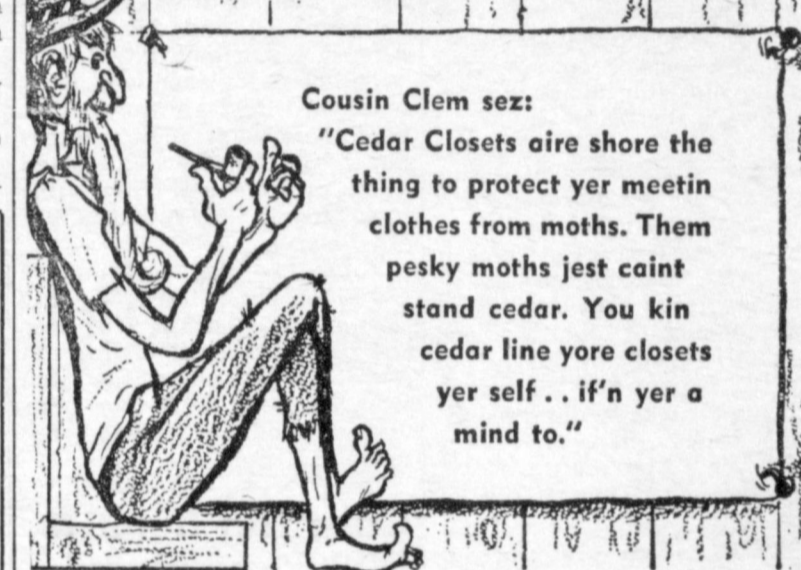

Also effective September 1, certain persons having military service connected disabilities are exempted from drivers license fees.

Speir said those individuals with a 60% or more service connected disability are entitled to the free drivers license provided they meet other requirements which apply to all applicants. At the time of application for a new or renewal license, the disabled veteran must present the DPS drivers license office an official communication from the Veterans Administration Regional Office showing that he is currently receiving compensation from the Federal Government in connection with a 60% or more service connected disability.

That last one for the road might be your last one period if you decide to drive after drinking. Make your last one a cup of coffee or else let someone else do the driving.

Lucille Tempel Becomes Bride of Stephen Jeffries

Mr. and Mrs. Stephen W. Jeffries are at home at 211 1/2 S. Grand Avenue, Gainesville, following their honeymoon in South Texas.

The couple was married in Sacred Heart Church August 28 with the Rev. Leonard Wangler, OSB, officiating for double ring vows at 3 o'clock in the afternoon.

The bride is the former Miss Lucille Tempel, daughter of Mr. and Mrs. Charles Switzer of Muenster, and the late Paul Tempel. Mr. and Mrs. G. L. Jeffries of Gainesville are parents of the bridegroom.

Pink and yellow gladioli decorated the main altar of the church as the bride's stepfather presented her. She wore a gown of white peau de sole and organza designed on slim lines with a high-rise waistline and neckline trimmed with white lace and pink velvet. The leg-o-mutton sleeves were sheer from the high puff and were cuffed with the lace banding which also trimmed the lower part of the gown. The pink velvet trim was under the lace. Her veil was circular illusion edged in a narrow lace and was held by a delicate pearl Juliet cap.

She carried gladioli flowers and pink roses around a white orchid.

Miss Florentine Tempel was her sister's maid of honor and Miss Sharon Shotwell, a cousin, was bridesmaid. Miss Tempel wore pink and Miss Shotwell yellow in floral-printed chiffon over taffeta. The gowns had long sleeves of the chiffon and matching ribbons accented the bodice waistlines with long streamers to the floor-length hemlines. Matching velvet bows with streamers formed their headdresses and they carried pompon mum bouquets.

David Jeffries was his brother's best man and David Spaeth was groomsmen. Ushering guests were Albert Jeffries, a brother, and Jackie Morgan, Sherman.

The reception was held in the Knights of Columbus Hall in Muenster where Mrs. John Kee and Mrs. A. L. Laster, served the punch and Mmes. Mmes. Bernard and Leonard Haverkamp, aunts of the bride, served the cake. Miss Betty Knabe and Mrs. Bill Black of Myra registered the guests.

The bride has recently completed her vocational nurses training at Gainesville Memorial Hospital. She has also attended Cooke County Junior College since graduating from Muenster High. The bridegroom is a Gainesville High graduate and also attended CCJC. He is employed by the City of Gainesville.

Garden Club Will Resume Meetings Monday, Sept. 13

Muenster Civic League and Garden Club will re-convene Monday, Sept. 13, after holding no scheduled meetings during the summer. However the club was together at a family picnic at the H. H. Houtchens home, and delegates to the Garden Club Council and members of the yearbook committee were active, meeting regularly to plan interesting and informative programs for the coming season.

Mrs. Arthur Endres will be hostess for the Monday night meeting with Mrs. Pat Stelzer as co-hostess. The meeting will be held principally to honor outgoing officers, to introduce guests — newcomers to the community and former members who are invited to re-join and prospective new members.

Anyone interested in gardening is most welcome and urged to attend and may contact any member of the club. Mrs. Stelzer is membership chairman. She asks that names be phoned to her so that invitations can be offered to newcomers, former members and prospective members.

During the meeting new yearbooks will be distributed. The planning committee has arranged a year of widely varied programs for value and interest to each member — something she can find useful in her own home. Included are instructions in flower arranging for exhibit in shows as well as the less formal use of flowers and plants in gardens and homes for decor and pleasure.

Organized in 1937, Muenster Civic League and Garden Club has a history of many years of service to the community, to home gardeners and flower lovers.

**Tigers Get 4 TDs
Callisburg 6 in
Practice Tussle**

Sacred Heart's Tigers had their good and bad spots last Friday night in practice scrimmage with the Callisburg Wildcats, coming out of the tussle with four TD's to the Wildcats' six.

Considering comparative weight and strength of the teams Coach Tom Joy was pleased. The Tigers showed lots of improvement over their previous week's action, especially on their defense and their running offense. Their number one problem is to improve on their pass receiving.

As in the previous week's try-out, Gary Endres did fine at his quarterback job. His passes were on target but the receivers were dropping most of them. There were several let-downs, Joy said, in which a good gain or a score appeared to be a cinch but the ball was dropped. Back at the line protection was fine for the passer.

However nice progress was apparent in the running game. Offensive blocking was good helping the ball carriers to make steady gains in spite of a definite disadvantage in weight. All of the scores were made on the ground. Kevin Pels went over first on a gain of about 20 yards. Next time it was Gary Endres for 3 just after he had rambled for a nice 25 yard gain.

Third TD was by Melvin Luke who had his first experience as a back after playing two seasons in the line. He went over from the 2 and did most of the toting in the drive which preceded the score. Last score was on a 35 yard break-away run by Dickie Mosler.

**Koesler Kin Join
To Honor Fr. Leo
And 2 Companions**

A family gathering Wednesday evening, Sept. 1, at the Norbert Koesler home honored Father Leo Koesler, Brother Michael Fuhrmann and Brother Benedict Silva, all of Subiaco Abbey, Ark., who were on their way to British Honduras, Central America, to establish a Benedictine mission.

A covered dish supper was enjoyed by Mrs. Alfons Koesler Sr., mother of Father Leo, and some 30 family members. Afterward Father Leo showed colored slides from his recent trip to Europe.

These included films and commentary of visits with relatives of the Koesler and Geary families, their homes, and the church where the Koeslers were baptized in Germany. Included also were pictures of his visit at Maria Einsiedeln in Switzerland.

Special guests included Abbot Michael Lensing of Subiaco Abbey who was an overnight visitor in Muenster and local pastors Father Placidus Eckart and Father Bede Mitchell.

The traveling trio stopped next in Brownsville to visit Father Leo's sister, Sister Mary Lin, formerly of San Antonio, who is now on the nursing staff at a Brownsville Hospital. Her sister, Sister Corrine, came from Laredo to join them. Colored slides were shown again.

The trio drove all the way to British Honduras in a camper. The new mission will be located on the Belize River a few miles from San Ignacio. They were scheduled to arrive there Monday, Sept. 6.

NOTICE OF HIGHWAY IMPROVEMENT
 The Texas Highway Department is planning to proceed with the development of the proposed highway improvements on F.M. Highway 1260 in Cooke County. The limits are from a county road intersection 3.5 miles northwest of F.M. Highway 1261, northwest 3.4 miles along or adjacent to an existing county road. Since the Administration of the Highway Department has approved the route and design proposed for development of this project, work will begin on the next phase of engineering necessary for the development of this project.

The improvements contemplated consists of grading, drainage structures, base and asphalt surfacing for a two lane roadway. The right of way required for this construction will be a minimum of one hundred feet (100') wide. In some cases, additional right of way will be required for drainage outfall channels. The project will traverse the old road for most of its length and will eliminate several right angle turns which are now a hindrance to the traveling public. There will be no displacement of people as a result of this project.

Maps, drawings showing geometric design, environmental studies, and all other available data concerning the development of this project may be inspected at the Resident Engineer's Office, Mr. John C. Simpson at North I.H. 35, Gainesville, Texas.
