

The issue of busing school children ran into another area of opposition during the past weekend as the people of San Francisco's Chinatown rose up in protest and threatened to keep their children out of the mixed school system.

It might be noted that the Chinese parents are not confining their complaints to superficial matters such as the totally uncalculated inconvenience and expense of hauling their children across the city. They go directly to basic principles, objecting because race mixing clashes with their long time custom of preserving the culture of their mother country.

In other words those people want their youngsters to grow up true to their Chinese culture and not some sort of diluted and mixed up background. They oppose busing because they oppose integration. They insist on the long accepted custom of associating with one's own kind.

This custom has been taken for granted by most of us. Our closest ties are with our own family, then our relatives, the members of our club, our church or our race. We choose them because we have more in common with them. Every race on earth has the same urge. People's first ties are with their own and their preference is for their own. Sometimes an individual chooses to change to another group, subject to acceptance of the other. New associations are established just as old ones are continued, by mutual acceptance of those concerned.

This is where the integration principle falls down. Forcible mixing of races does not permit people to choose their associates. It just throws them together and expects them to get along. It makes no allowance for the fact that neither element chose to be with the other, that they had little if anything in common and both would resent the forced mixing. That set of circumstances certainly is not conducive to pleasant or harmonious relations.

These are fundamental truths that have applied through the ages. The most primitive people stuck with their tribes and clans. Later they stuck with nationality, creed and race. Changing from one to another was rare and always required major adjustment. So, it is understandable why integration today causes so much resentment on both sides. The records show that whites and blacks alike object to the mixing because neither had a choice in the matter and neither would have mixed if allowed to choose for themselves.

Suppose someone had predicted thirty years ago that we Americans would have to live under the present integration regulations. No one would have believed it. Anyone would have reasoned that it's an expensive burdensome system, and unconstitutional besides, because it violates a person's right to choose his own associates.

Despite that we have it. Regardless of opposition of a vast majority of people . . . including many who supposedly are beneficiaries of the system, regardless of opposition by many political leaders . . . including President Nixon, the American public still has this monstrous imposition crammed down its throat by a small clique of dictatorial people who really have no authority to do it in the first place.

The judges who hand down the forced busing and integrating decisions are violating the 1954 decision which started it all. That one said students may attend wherever they please but rulings nowadays deny that right. The HEW characters doing the hatchet work aren't our elected representatives. They're just bureaucrats exceeding their authority and permitted to get away with it.

Opposition from San Francisco Chinese is a welcome movement in the gathering crusade for a return to human rights and common sense. Whites all over the country have been raising a fuss for a long time. Blacks, who thought for a while that they were getting a break, now realize that it's a bad deal for them too. Latin-Americans too are complaining. Little by little the pressure is building up until this malicious conspiracy against human rights will be repudiated all the way from the grass roots to the supreme

(Continued on Page 8)

Parish Set for Homecoming Sunday at 3

Everything is set for a grand homecoming in the Sacred Heart Parish next Sunday. A big welcome is planned for all home folks and more so for former residents.

It's going to be altogether a social event, without the fund raising gimmicks usually operating at parish benefit affairs.

The party will be held on the parish grounds south of the parish hall from 3 to 10 p.m. Between 5 and 8 there will be a chicken supper, to be eaten outside, and the chicken will be deep fried as it is served. Also on the menu are French fried potatoes, baked beans and salad. The local KC council has charge of the supper.

Other attractions and the parish societies in charge are sandwiches by St. Anne's society, cold drinks, ice cream and candy by St. Joseph's and CYO, games by SH Alumni, fire truck and hay rides by the home-school society, bingo by CDA, white elephant sale by St. Joseph's.

Along with that there will be cards and dominoes and especially the opportunity to visit.

Lettermen's Club Meets

Sacred Heart High Lettermen's Club met Tuesday with Coach Tom Joy, sponsor, to discuss ideas for this year's projects and to name chairman to head various groups in order to get projects under way. Membership in the Fellowship of Christian Athletes was discussed also.

36 High School Grads Will Continue Studies

Thirty six of the 48 graduates last May in the two Muenster schools have indicated their intention to attend college or technical schools this fall.

Over half of them will go to Cooke County Junior College. They are Billy Bayer, Tim Bindel, Nancy Endres, Tom Felderhoff, Fred Fuhrmann, Alan Hess, Karolyn Schoech, Peggy Sicking, Darlene Walterscheid and Denise Walterscheid of Sacred Heart, also Gerald Cash, Glenn Felderhoff, Alan Fisher, Tim

Two Brothers of Rosston Killed in One Car Accident

Tragedy struck the Rosston community last Friday night when a one-car crash killed two brothers and sent two others to a hospital.

The dead are Roy Dean Links, 18, and Michael Ray Links, 16, sons of Mr. and Mrs. Oplus Links. The injured are Eddie Raney, 19, who was in critical condition in John Peter Smith Hospital of Fort Worth, and Roy Raney, 15, who was taken to Decatur Hospital with lesser injuries. They are sons of Mr. and Mrs. Forrest Raney.

The accident occurred about 10:30 in Wise County as the four young men were returning from Chico where football teams of Era and Chico had a practice scrimmage. Their car hit a bridge abutment on the Forestburg-Alvord road.

Michael Links and Roy Raney were members of the Era High football team, Links an end and Raney a quarterback.

Funeral services for the Links brothers were held Tuesday in the Rosston Methodist church and burial was in the Rosston cemetery. The Era school was dismissed Tuesday afternoon for the services.

Car Wash Saturday
SHH senior class will sponsor a car wash on the school grounds Saturday, Sept. 4 from 9 a.m. to 4 p.m. Outside wash, \$1.50; inside cleaning, 75c; complete wash and wax, \$5.00. For pickup call 759-2992.

Hornets are Hot And Cold in First Scrimmage Test

As expected in the season's first scrimmage, the MHS Hornets had their good and bad spots last Friday night at Callisburg. Coach Glenn Richardson said they did a good job on defense but they made lots of mistakes, mostly mental, on their offense.

They topped the Wildcats 4-3 in touchdowns, but that doesn't quite tell the story. Other factors are that they made about twelve first downs and the Wildcats made two or three. But they also lost possession about twice as often on fumbles and interceptions. Two of those passes, were stolen in the left flat and returned for a touchdown by a fleet footed Callisburg defender. Both runs were for about 40 yards.

Another long run accounted for the other Wildcat TD. A back broke through and scooted some 60 yards to pay dirt. Otherwise Hornet defense kept the hosts under tight control. Losses about offset the gains.

Offensively the Hornets started strong, making a couple of first downs before fumbling. On next possession they went all the way and again on third possession with Hank Trachta and Henry Knabe making the scores.

After that they bogged down for a while, either failing to move or losing the ball on a fumble or interception.

Later they hit their stride again and made steady gains. One touchdown came on a pass from Jim Endres to Ricky Swirczynski plus a fine broken field run, the other on a screen pass to Knabe.

Another test for the Hornets is booked here Friday night with Archer City High. According to Coach Richardson's data on the team it will be rather small but speedy, well balanced and hard hitting. A tough Class A workout seems to be indicated.

Pre-School Pupils Register Tuesday

Next Tuesday, September 7, will be registration day for pre-school children of Muenster, and Thursday the 9th will be their first class day.

Superintendent L. B. Bruns this week announced the registration and set the starting time at 9 a.m. He also stated that eligibility for enrollment is 5 years or older as of September 1.

Assuming enrollment is normal, the class will be divided into two groups, one attending mornings and the other attending afternoons. Mrs. Hollis Berry will teach both groups.

Lloyd Brawner, 27 Of Saint Jo Dies In Oil Rig Mishap

Lloyd Ray Brawner, 27, of Saint Jo, husband of the former Mary Ann Hermes of Lindsay, was the victim of what was termed a freak oil-field accident east of Aurora, Colo., at 5:45 p.m. Saturday.

According to reports, Brawner was working on an oil rig, was struck on the head by tongs used to grip drilling pipe, and fell into an oil rigging chain threading pipe sections together. He was a driller.

Scott Funeral Home of Saint Jo picked up the body at Dallas Love Field at 2 p.m. Monday and a wake service was held in the Scott Chapel at 8 p.m. Father Placidus Eckart conducted the service.

Funeral services were held at 2:30 Tuesday afternoon in the Scott Chapel with the Rev. Jerry Kirby of Nocona officiating. Burial was in Illinois Bend Cemetery.

Bearers were William and Richard Hermes, David Huchton, Denis Hofbauer, Marion and Joe Brawner.

Lloyd Brawner was born Feb. 24, 1944, in Illinois Bend, a son of Emmett and Irene Brawner. He married Miss Mary Ann Hermes of Lindsay at Gainesville in May 1969.

Surviving are his wife; two sons Ray and Terry; his mother of Rt. 2, Nocona; two sisters, Mrs. Hilda Hall and Mrs. Nancy Sue Cornelison, both of Carrollton; and two brothers, Samuel T. Brawner of Norfolk, Va., and Roy C. Brawner of Rt. 2, Nocona.

SH Hi Students Form JETS Club Elect Officers

Sacred Heart High students have formed a new organization in which they are participating for the first time, the Junior Engineering Technical Society. The club was organized Tuesday, Aug. 31, with first business consisting of election of officers.

Cletus Bayer heads the JETS as president; Margie Felderhoff is vice president; Mary Lou Kralicke is treasurer; Doris Schmitt is secretary; Phillis Bindel is reporter.

Mrs. John Mosman, teacher of physics and biology, is advisor, Ernest Jaska is engineering adviser and the group's official name is Muenster JETS Club.

The club will be affiliated with the national organization at Texas A&M University.

At the present time membership in the local club is open only to seniors taking physics and to juniors taking biology. Later other upperclassmen will be voted in to the society. Meetings will be held the third Monday of each month.

Family Joins to See Wilbert Vogel

Wilbert Vogel who works for Baker Tool Company and headquarters in Alger, Algeria, surprised his mother Mrs. Joe Vogel and family with a weekend visit. He was on a flying business trip to Houston and Los Angeles.

Sunday family members gathered at the home of their mother to visit with Wilbert and to have dinner together.

Present were the Leo Hess and Weldon Vogel families and Leonard Vogel, all of Dallas. Mrs. Kenneth Sherrill and son Kenny of Euless, the Danny Hoenig of Denton, Mrs. Robert Bayer and family of Lindsay and the Clifford Otto family of Gainesville. Other relatives and friends called during the afternoon.

After another visit in Houston Wilbert will fly to England and then back to Algeria.

Tiger Prospects Brighten Friday In Test at Prosper

Coach Tom Joy was elated Friday night with the best showing in a first scrimmage since he has been coach of the Sacred Heart Tigers. He said if the boys can shake off their mistakes and inconsistencies they have a fine chance of developing into a good team.

The score in touchdowns was 2-0 in favor of the hosting Prosper team, and the score in first downs was about 12 to 6.

The Tigers looked best on defense. Despite being outweighed by a big margin they allowed the hosts to complete only two drives. They recovered five fumbles and denied the necessary ten yards in several series of downs.

Offensively they made a number of good plays and as many poor ones. They were in typical early season form as they got fouled up on both assignments and coordination, however the attempts that worked are those which lift Joy's hopes. He sees possibilities if the mistakes can be eliminated.

The passing game likewise had its encouragement and disappointment. Quarterback Gary Endres did a fine job of hitting his receivers, but they managed to complete only one pass. If the boys can learn to hang on, the passing can become a strong point of the team.

The Tiger boss hopes some of the improvement will show up Friday night when he goes to Callisburg for another scrimmage. There again the boys will be outweighed and matched with an outfit that's strong for Class B, and ready for promotion to Class A. The Wildcats scored 3 TDs to the Muenster Hornets' 4 last Friday night.

Bro. James Moster Takes Order Vows

Brother James Moster, son of Mr. and Mrs. John J. Moster, made his first profession as a Capuchin, August 25.

His vows and those of six other novices were received by Father Brendan Malloy, O.F.M. Cap., provincial of the Capuchin Province of St. Augustine in ceremonies at St. Conrad's Novitiate in Annapolis, Maryland.

Brother Moster, formerly of Sacred Heart Parish, will continue studies for the priesthood at Capuchin College in Washington, D. C. He is presently on a vacation visit with his parents and family until Sept. 8.

Postal Service On Labor Day

Labor Day will be observed on Monday, September 6 by the Postal Service. The Post Office will be closed and usual holiday service will be provided. No window service will be provided and there will be no rural delivery service. However regular lockbox delivery will be made and special delivery service will be rendered. Mail will be collected from the out-of-town box for dispatch by the star route driver.

Jr. Elite Opens Factory Outlet

A new kind of business comes to Muenster this week with the opening of an outlet store by the Jr. Elite Dress Factory. It is located at 215 North Main adjoining Koessler Jewelry.

Workmen were busy early

Purcell Will Run For Re-election in Redrawn District

Wichita Falls, Texas. Incumbent U. S. Representative Graham Purcell (D-Tex) has announced that he would seek re-election in the redrawn 13th Congressional District in 1972.

In making the announcement, the six-term Democratic Chairman of the House Agriculture Committee's Subcommittee on Livestock and Grains said simply, "This is where I belong." Purcell's statement thus ended speculation that he would run in the newly created Dallas-Fort Worth District established when the Texas Legislature redrew Congressional District lines earlier this year. The announcement also set the stage for what would undoubtedly be the most difficult campaign Purcell would ever wage — against Republican Bob Price who also has his eye on the new District which combines the Panhandle and other counties eastward.

"I was greatly impressed by the show of support I received during my visits with people around the Panhandle," said Purcell, who has been serving continuously in Congress since the 87th Congress, to which he was elected in 1961 when he left his post as District Judge. "While I was also flattered and deeply appreciative of people who wanted me to represent them in Fort Worth and Dallas — my roots are here. This is where I grew up, where I returned after the War, and where I will stay. This is my home," the veteran Congressman said.

Rites Sunday for Truebenbach Baby

Funeral services for Kelly Michelle Truebenbach, infant daughter of Mr. and Mrs. Giles Truebenbach, were held Sunday at 5 p.m. in the Nick Miller Chapel with Father Placidus Eckart officiating. Burial followed in Sacred Heart Cemetery with Father Placidus conducting graveside rites and Nick Miller Funeral Home in charge of arrangements.

The baby died Sunday morning at the family home. She was born June 22, 1971. Surviving in addition to the parents are a brother Giles Wayne, a sister Sondra Leigh, and grandparents Mr. and Mrs. Andrew Truebenbach and Mr. and Mrs. A. T. Dickerson of Muenster.

Bake Sale

Sponsored by MHS Senior Class. Saturday, Sept. 4, starts at 7, at Fisher's, Hofbauer's and Pagel's.

75 from Here Booked for AMPI National Meeting

About 75 Muenster people will leave here bright and early Friday morning to attend the second annual national meeting of Associated Milk Producers Inc., in Chicago, which is expected to host more than 40,000 persons at a one day extravaganza as well as all expense paid trips for all.

Reservation lists show that the total for Cooke County will be 188 persons and for the North Texas and New Mexico division of AMPI will be 3300.

Gerald Walterscheid, who with Mike Kleiss has charge of local arrangements, said that charter buses will leave here at 4 and 6 a.m. for plane connections two hours later at Dallas. And three buses will leave Gainesville at 9:30 for connections two hours later in Wichita Falls. There will be seven chartered flights from Dallas, two each from Wichita Falls and Amarillo and one from Albuquerque. Muenster people are scheduled to be back home Sunday afternoon. Nationwide there will be 118

air charter flights also 450 charter buses and one special train bringing people to the Convention. Sixty six hotels are booked solid to accommodate the guests in Chicago. Preparations are under way for 25,000 persons at the buffet banquet Friday night at McCormick Place the convention headquarters. It will be the largest such banquet ever held anywhere in the world.

The program begins with the banquet at 5 p.m. Friday and the first meeting will start at 8:20 p.m. The next morning at 7:30 there will be separate meetings in 15 hotels, each featured by a U. S. Senator or Congressman as speaker. The official program at McCormick Place begins at 9:30 Saturday. The address will be given by Paul Harvey.

The entertainment program, beginning at 1:30, includes tours, special entertainment at McCormick Place, a ball game at White Sox Park, and programs and hospitality in eleven separate hotels.

this week repairing and re-finishing the place for formal opening on Saturday. Store personnel are Joaline French and Ruth Smith.

The new business is a bonanza to lady shoppers of this area, particularly those who can wear miss, junior or petite sizes. The merchandise will consist of dresses, pant suits and sportswear from one of the eight factories making the popular Jr. Elite line. They will be samples, factory rejects with slight imperfections, and surplus stock resulting from overcuts, and they will sell at half the usual retail price.

Ladies who cannot use the smaller sizes have a similar opportunity in the wide selection of brand new high fashion piece goods from the factories. They are the left overs from the array of materials used in making the coming season's new dresses and pant suits. The materials too sell at half of the usual retail price.

One Rain Record Follows Another

One record was set and another was ended by Muenster's rainfall in August. The measure of 11.57 inches was the highest here for August since records were started in 1946, and the preceding seven months were the lowest for a seven months period, also, going back to October 1, 1970, the preceding ten months were the lowest for that length of time. The 7 months total was 9.29 and the 10 months total was 10.94.

The new record for August tops a figure which has stood since 1950. The measure there was 10.47. Also the figure is third high in all of the monthly totals since 1946. It was 12.43 in April 1957 and 11.61 in September 1970.

Total rain for the year now is 20.68, which is still below average for September 1.

Free and Reduced Meals Announced At Sacred Heart

A new policy on free and reduced prices for meals in Sacred Heart School lunchroom has been announced by Superintendent Father Placidus Eckart, O.S.B.

Families who are unable to pay the full price of the lunches in either the elementary, junior or senior high schools, may apply for free or reduced price meals.

Regular lunch prices are 30 cents if a ticket is purchased and 35 cents if bought daily.

Copies of the application form for free or reduced price meals, and a letter to parents have been sent home by each principal. Additional copies of the application may be obtained at each principal's office. The completed form signed by a parent or guardian should be returned to the principal. Such applications will be reviewed promptly by the principal and the applicant will be notified of the decision reached, within ten days after the application is received.

All information provided on the application will be held in strictest confidence. Anyone dissatisfied with the decision made by the principal concerning the application may request a hearing with the principal. Further dissatisfaction with the decision may be appealed to Father Placidus.

Charts showing incomes from \$0 to \$8,500 also were sent home with the children, which indicates whether the family is eligible for free or reduced price lunches, depending on the number of children in school, preschool or day care centers.

4-H Date Changed

Members of the Muenster Community 4-H Club are advised that the date of their next meeting is advanced one week. It will be Tuesday, Sept. 7, 7:30 p.m. in the TP&L Building.

Paper Pickup Saturday

SHH seniors will conduct a scrap paper drive Saturday, Sept. 4, beginning at 9 a.m. Persons with paper to give are asked to have it out at the curb boxed or corded for quick pick up.

Destitute Spoiled Brats

Work, they say, keeps people out of mischief. Perhaps this is so. The productivity of the American system certainly seems to have given an excessive number of critics the time and the money to demonstrate against nearly everything that has occurred on the North American continent since the landing of the Mayflower.

Statistics are pretty dry things, but a few of them may help explain the extra curricular activities of the flag stompers. For example, one American farmer produces enough to feed himself and 42 others. In France, one farm worker can feed about six. The ratio is about five in Italy, and in China one farm worker produces only enough for himself and one other person. Last year, the U. S. produced as much in goods and services as all of the U.S.S.R., Japan, West Germany, France and United Kingdom combined. The population of these countries is 2.5 times that of the United States.

Probably at no time has it taken less effort than in the U.S. today to acquire the essentials of individual survival, and many are showing their appreciation by acting like the spoiled brats of a rich family. Probably they will come to the same end — shiftless and destitute.

Your Responsibility

Labor Day, the summer season's last important holiday, is almost here. As with all three-day holidays, one primary consideration will be sheer survival in the press of traffic and other hazards of congestion.

There is another consideration too of which we should all be acutely conscious. As individuals, we can each contribute mightily to pollution control during a period when lakes, forests, streams and parks are swamped with visitors. A leaflet, issued by Enterprise Publications of Chicago, offers the following questionnaire for those who are sincerely concerned about pollution. It asks, among other things: When did I last throw an empty can, bottle, cigarette butt, or paper wrapper out of the car window? When did I last throw a cigarette pack, gum or candy wrapper on the street or the floor of a public building? When did I last leave a picnic table without cleaning up? When did I last leave a camp site without picking up all the refuse? When did I last leave a public or private beach without picking up paper, glass, or other sharp objects? When did I last — when no one was looking — drop off garbage or junk by the side of the road — hoping I wouldn't be caught?

How these questions can be answered by those returning from the long Labor Day weekend will be a pretty accurate gauge of public interest in pollution control.

'I'M ON 24-HOUR DUTY, FOLKS!'

Labor Day 1971

We are about to observe another three-day weekend. On the last one, Independence Day, 636 persons were killed on the highways. By comparison, during the same week, 29 U. S. soldiers were killed in battle in Vietnam.

The war is coming to an end, but there seems to be no end in sight for senseless highway slaughter.

Many lives could be saved if motorists took the simple precaution of being certain their automobiles were functioning properly before leaving home. Others could be saved by using the safety belts provided by all manufacturers. And still more could be saved if that "one for the road" was made from a recipe of three parts of caution mixed with one part of common sense.

If you are driving over the Labor Day weekend, we want you to have a pleasant holiday and to see you and your family back home safely. Drive defensively and, if in doubt about safety, don't drive.

Giant Giveaway

Reportedly, the deficit in the federal government's budget for the 1971 fiscal year will top \$20 billion — about \$100 for every person in the country. Fiscal 1972 will probably see another federal deficit of \$20 billion or more — another \$100 of national debt for everyone in the country. In just two years, federal deficits will approach \$50 billion. The total debt of the federal government stands just short of \$400 billion — nearly \$2,000 per person. Interest on this incomprehensible total equals roughly \$400 a year for a family of four.

With pressure increasing for expanded welfare programs of one kind or another including social security, health insurance, housing, medical care and so on without end, the prospect in the years ahead for bringing the public debt under control appears to be virtually nil — as is the outlook for controlling inflation. The one factor that could change the picture is a public awakening to the futility of the political strategy of trying to give away dollars faster than inflation destroys their value.

A Square

And, speaking of words, isn't it strange how the meaning of some words has changed through the years. Back in Mark Twain's day, the meaning of 'square' was one of the best in our language. . . . Then, somehow that good, honest word got bent all out of shape and its meaning twisted. Now, the word, 'square' means 'a man who never learned to get away with it. A Joe who volunteers when he doesn't have to. A guy who gets kicks from trying to do something better than anyone else. A dummy who gets so lost in his work that he has to be reminded to go home. He doesn't fit too well in the current crop of angle-players, corner-cutters, sharp-shooters and goof-offs. He doesn't want to fly and pay later. He's burdened with old-fashioned ideas of honesty, loyalty, courage and thrift.' If you're called 'square' now you don't know whether you're a pretty good guy or just a plain boob!

— Randolph, Ia., Enterprise

Tax Foundation, which some years ago found at least 100 taxes on an egg, 151 on a loaf of bread and 150 on a woman's hat, has added to its catalogue of hidden taxes. Now it finds 116 hidden taxes on a man's suit.

"Peace in Our Time?"

President Nixon's drive for detente with the Communist world, climaxed by his projected "journey for peace" — to Peking, of all places — has touched off a lot of far-out speculation. Almost wholly ignored, however, is the possibility of a restoration of the Moscow-Peking Axis that existed into the early 1960's.

Yet this decidedly is not a far-out prospect. Both Communist superpowers continue to regard America, not each other, as their number-one enemy. Neither of them has retreated one inch from the same basic commitment to One Communist World. The core of their quarrel, indeed, is about primacy in finishing the job.

Surely their common objective, held by both with near-religious zeal, provides a foundation solid enough for an eventual rapprochement. They have just renewed their long-term trade pact. The Kremlin has been pleading with Peking for negotiations to settle their differences. The main barrier is Mao's dogmatic inflexibility. With his inevitable passing, the road will be open for the two like-minded dictators to unite against us.

Where would that leave the United States and the free world? Having in effect dismantled alliances to resist Communist expansion, having helped fortify both Russia and Red China by giving them access to Western technology, having meanwhile allowed our own military vitality to deteriorate, we would face their combined power in weakness and political disorder.

Nixon's hopes for a detente rest on the illusion that the cold war is over. But a worldwide ideological struggle, like a shooting war, cannot be ended unilaterally — except by surrender. That, we have reason to fear, may be the ultimate outcome of our President's "journey for peace." Another statesman, we can't help recalling, once brought home "peace in our time" from his journey to another totalitarian capital.

— U. S. Press Assn.

Protection from Job Disinterest

Shoddy workmanship and lack of interest in doing a good job have been major contributing factors to consumer complaints for a long time. Yet the official consumer protectors avoid this issue like the plague.

One consumer, stirred by a report in Time magazine which described the lemons turned out by the auto factories as "Monday cars" — those produced the day after weekend binges — proposes a solution for job disinterest and lack of pride in workmanship. This consumer suggests that when cars have to be called back for inspection because of poor workmanship, a set amount should be taken from the union treasury as a fine to discipline workers.

Whether the idea is workable or not, it does serve to call attention to one of the biggest consumer protection problems in the country today — a problem that makes highly suspect the activities of consumer protectors who have yet to concede such a thing as shoddy workmanship even exists.

52 Traffic Deaths Expected in Texas During Weekend

Major Guy Smith, Commander Region No. 1 of the Texas Department of Public Safety, announced today that "Operation Motorcade," the grim tabulation of Labor Day traffic deaths as they occur, will go into effect at 6:00 p.m., Friday, September 3, 1971.

The Department of Public Safety has estimated that 52 persons will be killed on Texas streets and highways during the 78 hour holiday period, which will last until 12:00 midnight Monday, September 6, 1971.

"Because this holiday is so much a family affair, more people will be occupying cars. Thus any traffic accident might result in several casualties. This has been evidenced several times on Texas highways in recent weeks. During our last major holiday weekend (July 4th) 12 people were killed in traffic accidents in Dallas and Tarrant Counties alone.

In an all-out effort to insure driver compliance with traffic regulations and to hold traffic crashes to a minimum, the DPS has made plans to augment its regular Highway Patrol force with uniform officers from its other services during this three day period.

"But the solution to the traffic problem in Texas is in the hands that hold the steering

wheels," the Major said. "Drivers should remind themselves during the Labor Day weekend, and every time they drive, that the operation of a motor vehicle is a full-time job. At no other time are you loved ones more dependent on you."

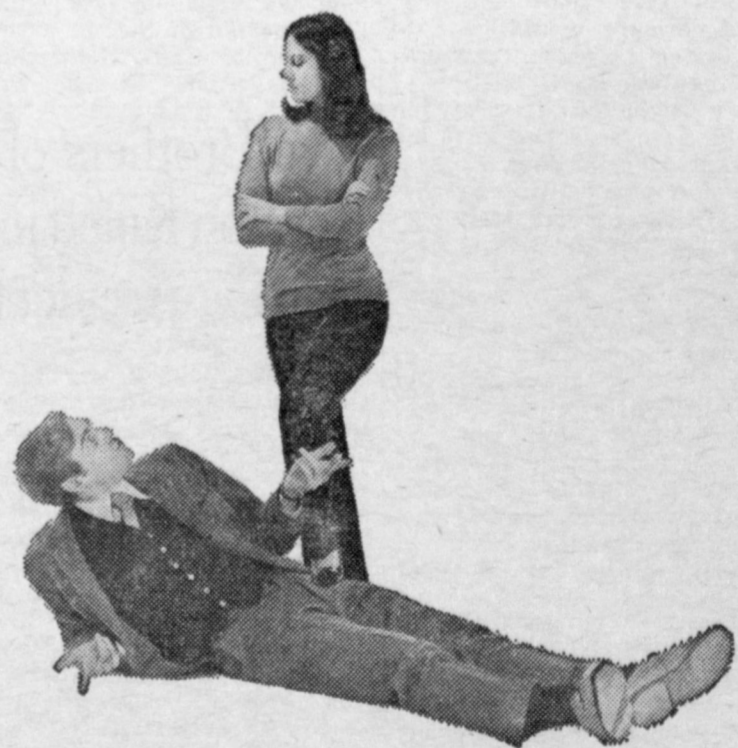

A Better Cure

We read time after time of a person being charged with "driving while intoxicated and the defendant being sentenced and then placed on probation. But "driving while intoxicated" has been drastically reduced in one area near Chicago because the judge has a habit of handing out a mandatory seven-day jail sentence and a year's revocation of the driver's license. We must enforce the law if we expect people to respect and obey the law. Lenient juries and judges who can't bear to see a defendant suffer a little are not helping the law enforcement problem.

— Nocona News

The editor of a country newspaper retired with a fortune. When asked the secret of his success, he replied:

"I attribute my ability to retire with a \$100,000 bank balance after 30 years in the newspaper field to close application to duty, pursuing a policy of strict honesty, always practicing rigorous rules of economy, and to the recent death of my uncle who left me \$98,500."

A Scoutmaster, after watching several new Scouts at their attempts at outdoor cooking, asked, "How are you managing, boys? Have you forgotten any essential equipment?" "Yes, I have," answered one of the boys. "Oh, what?" "My mother!"

Six Local Girls Enroll at GCJC

Six young ladies from Muenster are enrolled for classes at Grayson County Junior College. Five of them are nursing majors, the other is taking a three-semester course for a dental assistant.

Misses Debby Yosten, Laurie Wimmer and JoEllen Trubenbach are studying to be nurses. They started by attending six weeks of summer school and returned for the fall term after a visit with their families the Leonard Yostens, Lawrence Wimmers and Joe Trubenbachs.

Continuing as second year nursing students are Gretchen Koesler and Joyce Sicking. They are daughters of the Norbert Koeslers and Emmet Sicking. Barbara Schumacher of Gainesville, granddaughter of the Alois Haverkamp, is also a second year nursing major.

Miss Judy Klement, daughter of the Gene Klements, is enrolled in a new course, that of dental assistant, being taught at the college for the first time.

Teacher asked the children to stand up one at a time and state their ambition in life. Finally it came Veronica's turn.

Veronica: "I would like to reverse the theory of evolution."

Teacher: "Elucidate."
Veronica: "I want to make monkeys out of men."

Four-H Officers Attend Workshop

In preparation for the start of 4-H clubs this fall, about 50 officers met at the Cooke County Courthouse Wednesday, Aug. 25, to learn responsibilities of their offices. Six senior 4-H members provided group study for the various offices.

Nancy Hickman of Sivells Bend met with presidents, vice-presidents and council delegates. Peggy Schumacher of Gainesville and Margie Felderhoff of Sacred Heart discussed duties of the secretary-treasurer. Lenore Fleitman of Muenster helped provide useful information for new club reporters. Lou Ann Pybas of Sivells Bend and Allen Fleitman of Muenster led recreation leaders in games and songs after filling them in on qualities necessary for a successful recreational program.

On hand to give support were Mr. and Mrs. Wilfred Reiter of Muenster, Mrs. Henry Voth of Lindsay, Mrs. Phil Brooks and Mrs. John Cage of Callisburg and Mrs. Milton Hickman of Sivells Bend.

After the training session refreshments were served.

Keep smiling. It makes everyone wonder what you've been up to.

Glenda Pagel and Bryan Russell Set Wedding Sept. 26

Mr. and Mrs. Maurice Pagel have announced the engagement and approaching marriage of their daughter Glenda and Bryan Russell, son of Mrs. Dorothy Russell of Gainesville. The wedding is planned for Sunday, August 26, in Sacred Heart Church at four p.m. Monsignor Thomas Weinzappel of Dallas will officiate.

Bride's attendants will be Miss Joanie Wilde, maid of honor and Misses Gretchen Koesler and Joyce Sicking, bridesmaids. Attending the groom will be Herbie Fisher, best man, and Herbert Fette Jr. and Doug Mitchell, groomsmen.

Benefit Auction Set for Sunday

Members of Saint Joseph's Society, meeting Sunday afternoon, made plans for their participation in the community's homecoming celebration Sunday, September 5.

Part of their activity will be a white elephant auction sale and they're inviting everyone to make contributions of items they no longer need or care to keep. Don Flusche will be auctioneer. Workers also volunteered for assigned duties in the refreshment booth.

The wise guy who said "Go West" never had to figure out how to do it on a cloverleaf intersection.

Save Stamps for Mission Project At SH High School

Start of classes at Sacred Heart School brought, among other activities, a renewed interest in cancelled stamps for the school's mission project. All cancelled stamps will be accepted although they differ greatly in value, says Sister M. Theresina, stamp moderator.

Foreign stamps, especially Vatican stamps, old stamps, duck stamps, hunter's license, and stamp collections (albums) are especially valuable. Donors are reminded that they may save stamps three ways: cut out neatly with 1/4-inch margin, torn off with sufficient paper around the stamp, or saved with the entire envelope. In the latter case the envelope, after the stamp has been cut, serves another purpose by going into the paper drive which has become an established hobby of SHH seniors.

Friends far and near are invited to help in the stamp roundup, especially business houses where much mail is received.

Although Sacred Heart is not entering a stamp contest this year the school is working toward amassing a great poundage of stamps for next year's contest.

Besides sending stamps to the school, stamps may be left at Mrs. John Felderhoff's, 128 W. 7th, or at the Joe Swirczynskis', 114 E. 6th. These helpers of the project cut out the stamps and send them to school.

A standing "thank you" in behalf of the poor and underprivileged is extended by Sacred Heart School to all who are helping by saving and turning in stamps. It is impossible to list donors, nor is it possible to acknowledge shipments of stamps individually. All stamps receive a warm welcome and are channeled to Mission Stamp headquarters where they are sold and the money goes toward helping the poor of the world. Another reminder from Sister Theresina is that of a coin collection the school is making parallel with the stamps. Foreign or American coins are welcome. Last year a coin collection was sold locally for \$50.00.

Sponsoring the education of a future priest in Ecuador is still underway also. Information is readily furnished by Sister Theresina.

And lastly anyone who wishes to make a donation to the Missions will find Sacred Heart High Catholic Students Mission Crusade willing and eager to take care of the contribution.

She didn't want to marry him for his money but there wasn't any other easy way to get it.

A research director of a major agency was ordered to prepare a study about fleas. He put a flea on his desk and trained it to jump over his fingers at his command. Then he pulled out two of the flea's legs. "Jump," he ordered and the flea still jumped. Two more legs came off. Again the flea jumped. Finally, he pulled off the last two. "Jump," he commanded. The flea did not move. With that, the director wrote his report: "When a flea loses all six legs, it becomes deaf."

Joe Sicking's 25th Anniversary

Mr. and Mrs. Joe Sicking, natives and life-long residents of Muenster, celebrated their silver wedding anniversary Saturday at a reunion dinner and dance in the VFW Hall. About 85 guests attended. Buddy Yosten and his band were the music makers.

Mrs. Sicking is the former Miss Hilda Becker. At the couple's marriage 25 years ago on Aug. 29 her sister Miss Rose Marie Becker was maid of honor and Alois Sicking was best man for his brother. The two later married. They attended the anniversary party. Also a special guest was Mrs. Sicking's mother Mrs. Felix Becker.

The silverweds are parents of eight children. Daughters Dolores and Ann who are employed in Fort Worth were at home for the celebration. A son, Pvt. Robert Sicking, recently assigned at Fort Polk, La., telephoned congratulations. Rose, Chris, Joey and Sharon of the home helped with their parent's party plans.

Mr. Sicking who was employed by the REA when the couple married continues working for the Electric Co-op.

Benefit Supper

A benefit supper for the Perryman Cemetery will be held in the Community House at Forestburg Friday, Sept. 3. Serving will begin at 6 p.m. Prices are: adults, all you can eat, \$1.00; children 50 cents, whole family \$2.50. All proceeds go for the upkeep of the cemetery. Sponsors are preparing for a large crowd. Everyone is invited.

Barbara Knabe and Alfred Hacker Are Married at Mass

Mr. and Mrs. Alfred Hacker will be at home in Gainesville after their honeymoon. They were married Saturday in Sacred Heart Church during 5 p.m. Nuptial Mass celebrated by Father Placidus Eckart who also conducted the exchange of vows in a double ring ceremony.

The bride is the former Miss Barbara Knabe, daughter of Mr. and Mrs. Robert H. Knabe of Muenster. The bridegroom's parents are Mr. and Mrs. Tony Hacker of Valley View.

Presented by her father, the bride wore a gown of white nylon organza over peau de soie with lace covering the Empire bodice fashioned with a scalloped neckline and full organza sleeves banded with lace cuffs. Rose lace appliques ornamented the skirt front and the organza train which fell to brush length from the back waistline. Beaded organza roses held her elbow-length veil and her flowers were a yellow-throated orchid, stephanotis and English ivy.

Miss Joanie Pels was maid of honor and Mrs. Don Garner of Grand Prairie, sister of the groom, and Miss Janet Bayer, niece of the bride, were bridesmaids.

They wore floor-length gowns of yellow and orange floral organza over yellow taffeta with orange velvet ribbon accenting the Empire waist with its short flared sleeves. They wore yellow and orange bows in their hair and

carried nosegays of multi-colored daisies, mums, star flowers and carnations.

Frankie Hacker of Dallas was his brother's best man, Don Gardner of Grand Prairie and Billy Joe Schroeder of Windthorst, bride's cousin, were groomsmen. Glenn and Wallace Hacker, cousins of the groom, were ushers.

Music was furnished by Sacred Heart Junior High choir and Sister Yvonne Lerner.

After Mass the bride and groom went to the Blessed Virgin's shrine where the new Mrs. Hacker placed a yellow carnation on the altar.

Wedding reception and dinner were held in the Parish Hall where Miss Linda Hacker, a sister, and Mrs. Kenneth Krebs registered 225 guests and Mrs. Charles Bayer served the wedding cake.

When they left on their honeymoon of unrevealed destination the bride was wearing a green and white pant suit with white accessories. They will be at home at 507 Shopmeyer in Gainesville.

She is a 1970 graduate of Sacred Heart High, attended Cooke County Junior College and had been employed at The Center. He is a graduate of Valley View High and completed three years of Army duty with overseas service in Vietnam and in Germany. He is employed at Southland Paint Company in Gainesville.

Out of town wedding guests included the bride's aunt Sister Tarsicia Schroeder of Paris, Tex., and other relatives and friends from Windthorst, Wichita Falls, Dallas and Cooke and Montague Counties.

Garden Club Trio At Council Meet

Mrs. Arthur Endres, Mrs. Pat Stelzer and Mrs. Paul Endres attended the meeting of the Gainesville Council of Garden Clubs, Monday, August 30, in the home of Mrs. E. K. Smith. The session was held principally to introduce council officers and to present the newest member, the Muenster Civic League and Garden Club.

Mrs. Stelzer, immediate past president, and Mrs. Arthur Endres, new president are voting delegates from Muenster. Mrs. Paul Endres is delegate at large and Mrs. H. H. Houtchens is alternate. Other member clubs are the Garden Study, Iris Club, Maggie House, Town and Country, and the fifth member, the Muenster Civic League and Garden Club.

During the meeting text and study guides on Ecology were shown. The council will seek to place copies of these books in schools and libraries in Cooke County.

On Monday, October 4 at 9:30 a.m. the Muenster Club will host the regular meeting of the Council in the Texas Power and Light Building in Muenster. All local garden club members are urged to attend.

Painting Finished At Tiger Stadium

Sacred Heart football stadium now boasts the red and white colors of the Tigers.

Seventy-one gallons of red and white paint transformed the home-side bleachers. The press box is red and white and restroom facilities are white with red trim and boast Tiger mascots and the 1971-72 football schedule.

Sacred Heart Alumni furnished the paint and volunteers of SH Drill Team and Tiger squad did the work on Saturdays and after school hours.

SH Seniors Get Class Rings in Special Ceremony

Seniors of Sacred Heart High School received their class rings Friday in a special blessing ceremony preceded by a guitar Mass in which the class received communion under both species.

Father Leonard Wangler celebrated the Mass and officiated at the ring presentation. As each senior received his or her ring Father Leonard said, "Wear this ring as a sign of loyalty to Sacred Heart."

The Men In Service

Promoted In Vietnam

Terry Wimmer, son of Mr. and Mrs. Andrew Wimmer, recently was promoted to Army Specialist Four while serving with the 23rd Infantry Division in Vietnam. He is an ammunition handler with Headquarters Battery, 3rd Battalion of the Division's 82nd Artillery near Da Nang.

Civilian Again

Jerome Otto is back at home, separated from the service after serving in the Army two years, the past 11 months in Vietnam. He advanced to sergeant. His parents are Mr. and Mrs. Johnny Otto.

BIRTHS

Charles Matthew Trueebach, new son of Mr. and Mrs. Clifford Trueebach, was baptized Sunday in a 3 p.m. service in Sacred Heart Church by Father Placidus Eckart. Mr. and Mrs. Gene Hoening attended as godparents. The six pound seven ounce boy was born 5:30 a.m. Tuesday, Aug. 24, at Muenster Hospital. He's a brother for Floyd, Chris and Vickie and a grandson for Mr. and Mrs. Andy Trueebach.

Students Welcome New SH Teachers

Sacred Heart High students have welcomed three new teachers who joined the faculty for the 1971-72 school term.

James Gehrig, presently residing in Lindsay, is the new Math instructor teaching Geometry, Algebra II and Advanced Math. He also teaches Latin and World Geography and is the Junior Class sponsor.

Mrs. John Mosman teaches Junior High Science, Biology, Physics and Algebra I. She is also the advisor for Sacred Heart's Junior Electronics Technical Society.

Mrs. Jay Sanders heads the Art Department. She also teaches English I. She is a resident of Bowie.

Dinner Honorees

Mr. and Mrs. Jack Biffle were hosts Sunday for a birthday dinner party honoring their sons Jimmy Jack Biffle of Muenster and Sammy Biffle of Garland. Other guests in the Biffle home at Myra for the occasion were Mrs. Sammy Biffle and children Gerard and Theresa and Mrs. Jimmy Jack Biffle and children Jimmy, Brad and Judy, along with Mr. and Mrs. David Biffle.

Thursday, Tamales, red beans, cabbage slaw, hot rolls, butter, Jello, milk.

Friday, Beef tips, gravy, creamed potatoes, buttered carrots, tossed salad, bread, butter, cake, milk.

County Produced Over 8 Million Barrels Oil in '70

Production of Texas crude oil last year again hit an all-time high while additions to reserves continued to lag, according to the latest compilation of the Texas Mid-Continent Oil & Gas Association.

The state's oil fields produced 1.2 billion barrels of crude bringing the total for the past 81 years of recorded production to 34.1 billion barrels.

"Economic benefits from the production were felt throughout Texas," says Kenneth E. Montague, Association president, "as 205 of the state's 254 counties had producing oil wells. It is unfortunate that more oil was produced than was found in Texas — pulling our reserves down for the third straight year."

Cooke County, which has had recorded production since 1926, had a total crude oil output of 255,526,113 barrels up to the beginning of 1971. Cooke County production in 1970 was 8,509,611 barrels at the rate of 23, 314 barrels daily.

Fifteen counties produced more than 25 million barrels with Andrews topping the list with 71,684,656 barrels followed by Ector with 68,562,247 and Scurry with 58,085,376.

Gregg remained the all-time champion with a cumulative production of 2.2 billion barrels. Ector is second with 1.7 billion barrels.

Mrs. Felix Becker Birthday Honoree

Mrs. Felix Becker was the honoree at a family gathering Friday night when she celebrated her 79th birthday at her home.

Children and grandchildren helped eat birthday cake and ice cream and joined in games of 42. Also present were the honoree's sisters-in-law Misses Anna and Mary Becker, her brother and wife the Victor Hartmans and her sister Mrs. Joe Vogel.

Sunday the Becker children and grandchildren gathered at the family home again for another celebration that included dinner. Mr. and Mrs. Alois Sicking and family attended from Gainesville.

NOTES FROM THE LIBRARY

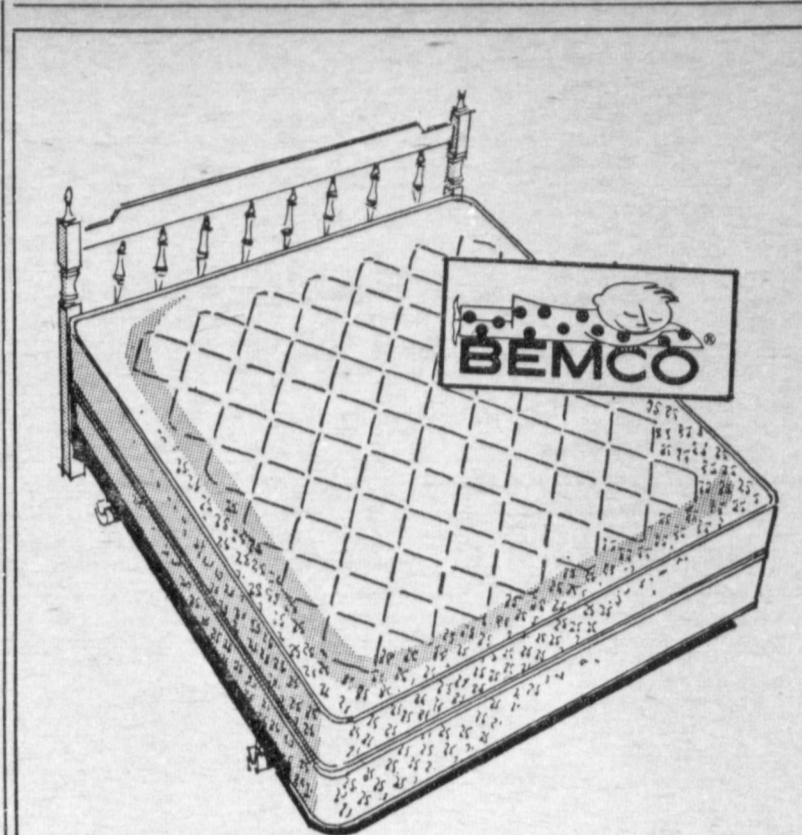

By Bettie Luke

Muenster Telephone Corporation has donated "Telephony," the Journal of the Telephone Industry, to Muenster Public Library. It is a fascinating journal and any boy interested in telephone work should check it out and someday train to work for the Telephone Company.

At present we are straightening out all the books in the library and anyone having overdue books around the house is requested to return them to the library.

Come and read with us.

Mrs. Louis Roberg and her niece, Miss Joy Harper of Dallas, vacationed together by spending a week seeing sights and relatives in Hot Springs, Ark., Memphis, Tenn., and Albany, Ky. and touring the Ozarks.

Lisa Knabe, 2, Is Birthday Honoree

A cookout Friday evening was hosted by Mr. and Mrs. Lawrence Knabe for their daughter Lisa in observance of her second birthday.

Guests were treated to a hamburger supper followed by homemade ice cream and birthday cake.

Present were the baby's grandparents, Mr. and Mrs. Ray Sicking and Mr. and Mrs. Lawrence Knabe, and Bobby, Patti, Linda and Elaine Sicking, Martin, Margaret, Alvin, Lou Ann, Dorothy, Dominic, Susie and Linda Knabe, Charlotte Stoffels and Arnold Zimmerman.

Tiger Cubs Will Compete in TISC Junior Grid Race

Seventh and eighth graders of Sacred Heart elementary are participating a hundred percent in the school's junior football program. Coach Tom Joy said this week that the squad of 33 players and 3 managers includes all the boys of the two grades.

The boys are working daily with their eyes on a nine game schedule which will be preceded by a scrimmage at Saint Jo on September 7. After that there will be three non-conference games with Alvord, Era and Rad Ware and six TISC contests. Conference games will precede Tiger games with their six TISC opponents. They will be in the race for a TISC junior title.

Squad members are seventh graders Paul Becker, Benny Bindel, Billy Felderhoff, Bub Grewing, Steve Henschel, Brent Hess, Glen Hess, Keith Hess, Tim Hess, Mike Hofbauer, Gary Knabe, Jim Koelzer, Chuck Koessler, George Luke, Craig Sangster, Chris Schilling and Tim Sicking;

Also eighth graders Leon Bayer, Roger Endres, Bruce Fuhrman, John Henschel, Mark Hess, Melvin Hess, Doyle Klement, Karl Koessler, Billy Krahl, Jim Luke, Frank Moser, Paul Reiter, Bob Schmitz, Dean Sicking, Darrell Walterscheid and Arnold Yosten. The managers are seventh graders Tim Cler, Charles Hess and Kent Wolf.

The Cub schedule Sept. 7, Saint Jo, there Sept. 14, Alvord, here Sept. 17, Trinity Valley, there Sept. 28, Era, there Oct. 12, Rad Ware, here Oct. 16, F. W. Day School, here Oct. 22, Greenhill, there Oct. 30, D. Christian, here Nov. 6, Cistercian, here Nov. 13, F. W. Christian, here

'71 Cordis Arrives For SHH Students

Students of Sacred Heart High have received their 1971 yearbook Cordis. Dedication is to Brother Thomas Moser who taught English II, III and IV, journalism, shorthand, speech and drama.

Volume 27 is a handsome book of 136 pages. The cover is green with gold printing. Inside pages are devoted to dedication, faculty, seniors, underclassmen, who's who, curriculum, organization, activities, athletics, advertising and blank pages for autographs, and it's alive with pictures.

Serving on the staff as editors were Donna Endres and Donna Rohmer. Art editors were Karolyn Schoech and Mary Bayer. Literary editors were Peggy Endres and Peggy Sicking.

Other staff members were Bill Bartush, Joan Rohmer, Nancy Endres, Darlene and Denise Walterscheid, Shirley Hacker, Alan Hess, and Kevin Swirczynski.

Sister Tarsicia Schroeder of Paris, Tex., visited her sisters Mrs. Robert Knabe here and Mrs. Adam Wolf at Gainesville during the weekend. Other relatives joined them Sunday afternoon at the Knabe home.

LEGAL NOTICE Notice is hereby given that the Commissioners' Court of Cooke County, Texas, did in Special Meeting on August 30, 1971, change the boundary of Election Precinct No. 17 to include a portion of Election Precinct No. 18, which addition is described as follows: An area in Muenster, Texas, containing the present V.F.W. property and also the Tony's Seed Store property, North of the old Katy Railroad and bounded on the West by Farm to Market Road No. 373, for the strict purpose of holding elections only.

FRANK SCOGGIN County Clerk Cooke County, Texas 41-3

Public Notice Concerning Recording and Re-Recording of Livestock Brands and Marks

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF TEXAS: Section 1. (a) This Act shall apply to every county in this State. In all the counties each owner of any livestock mentioned in Chapter 1 of Title 121 of the Revised Civil Statutes of 1925 shall within six months after this Act takes effect (the act becomes effective on August 30, 1971) have his mark and brand for such stock recorded in the office of the county clerk of the county. These owners shall record the marks and brands whether the brands and marks have been previously recorded or not.

(b) The owner shall have the right to have his mark and brand recorded in his name who according to the present records of the county first recorded the brand and mark in the county, or in event it can not be ascertained from the records who first recorded the brand and mark in the county, then the person who has been using such mark and brand the longest shall have the right to have the brand and mark recorded in his name.

(c) After the expiration of six months from the taking effect of this Act all records of marks and brands now in existence in the county shall no longer have any force or effect and after the expiration of six months only the records made after this Act takes effect shall be examined or considered in recording marks and brands in the county.

Sec. 2. All brands and marks registered under the provisions of this Act shall be re-registered every 10 years in the manner prescribed in Section 1 of this Act. 41-4

**IT HAPPENED
30 YEARS AGO**

Sept. 5, 1941

Both Muenster Schools will open Monday; 350 children are expected to register on opening day. Garden Club and city sponsor weed mowing campaign. Total rainfall for August is 6.90 inches. The J. B. Wildes and daughters return from trip to Kentucky, New York and Canada. Tommy Weinzapfel and Ray Wilde receive private pilot's license. Mrs. Henry Pick is recovering from major surgery. At last Muenster is dry — at least that is the opinion of state liquor control officers; most of Muenster prefers the town to be dry until beer is legalized and can be kept under control. Father Conrad moves into new rectory at Lindsay.

25 YEARS AGO

Sept. 6, 1946

F. M. Shiflet, 87, of Marysville dies. Five hundred children are expected to enroll in local schools on opening day. Illness keeps John Eberhart off mail dispatcher job for second time in 25 years. School tax not to exceed 50 cents will be voted on Saturday. Mr. and Mrs. Arnold Hess announce arrival of twin sons. Cpl. Gene Hoedebeck is enroute to the states from Saipan. Wilfred Bindel, Alfred Bayer and Wilfred Walter-scheid get together for visit on Okinawa. Hilda Becker and Joe Sicking marry August 29. Mrs. Herbert Meurer enters St. Joseph Hospital in Fort Worth for skin graft surgery, continues recovery from burns received July 23.

20 YEARS AGO

Sept. 7, 1951

Opening day enrollment of local schools is 612; a gain of nine. Henry P. Stoffels, 64, of Lindsay dies of heart attack. New Endres Motor Company building is complete. Another city water emergency ended Tuesday when overhauled No. 2 well on N. Main Street was back on the pump. St. Anne's Society is collecting for a new wash machine for the Sisters. T. M. Hammer and Lyndall Dickerson buy Texaco Station from Billy Joe Miller. Rain this week measured .36 inch. Alfons Koesler Jr. writes of arrival in Korea. The Joe Sicking and Ben Sicking are vacationing in California. Loretta Hartman and Ed Mason marry in Dallas on Labor Day. Ray Evans is recovering from illness resulting from a spider bite. The Gene, Norbert and Cletus Hoedebecks are on a vacation trip to California.

ALCOHOL and its effects on drivers is the subject under study as a team of professional race car drivers take on enough alcohol to reach .10 percent blood alcohol concentration and then tackle a driving skills course. The test was sponsored by the San Antonio Association of Insurance Agents and conducted at Pan American Speedway by the Southwest Research Institute. Officials say the test is a graphic demonstration of the fact that .10 percent blood alcohol concentration is a level at which even professional drivers are unable to handle a motor vehicle safely.

15 YEARS AGO

Sept. 7, 1956

Martin W. Klement buys interest in Endres Motor Co. Emmet Fette opens insurance agency here. Mrs. Vincent Felderhoff has surgery at Baylor Hospital. Mrs. Oscar Miller has major operation at Gainesville. Sixteen register late to boost school enrollment to new high of 687. Eddie Green of Myra dies of heart attack. Hornets open season with Pilot Point here tonight. Alvin Fuhrman is new president of Sacred Heart Alumni Association. Jan Chandler marries Jim Smith in Dallas. The John Steeles are back from vacation in Colorado. Johnny Fette, Johnny Swirczynski and Glenn Hellman show champions in swine and sheep show at County Fair. The Emmet Fette family moves to Muenster from Douglas, Arizona, after being away five years. Rosalie Beyer and Raymond Sandmann marry at Lindsay. Rev. Conrad is back in Lindsay after spending the summer in Switzerland.

and paddlers. Sister Angelina and Sister Henrietta fly to Newark, N. J., to study new method of religious instruction. Medders' horses win at Tulsa Fair. Tractor accident is fatal to Buddy Dunn, brother of Mrs. L. B. Bruns. Robert Beyer returns to Lindsay after surgery in Dallas. Debbie Schilling, Judy Dangelmayer and Monica Fetsch enroll in nursing school at Dallas. VFW Auxiliary earns honor roll certificate. Mrs. Lyndon Johnson gives tea in White House for Medders family on visit in Washington. Jerome Fuhrmann earns promotion in Viet Nam. Willie Fisher re-joins his outfit in Viet Nam after release from hospital. Jack Hogan has surgery. New arrivals: boys for the Anthony Knabes and Jimmy Zimmerers; girls for the Charles H. Wimmers and Leslie Kuhns.

Uses Proposed for Right of Way for Texas Highways

The Texas Highway Commission has approved an expanded program for multiple use of highway right of way.

The policy provides for the construction of parking areas, recreational areas and public parks beneath overhead structures or certain other areas of right of way.

Recreational facilities may include hike and bike trails, nature trails, bridge paths; basketball, handball or tennis courts, children's playgrounds or mini-parks and boat launching facilities.

Generally, the Highway Department will be responsible for construction of the site, but local governmental units will provide playground equipment or other recreational facilities.

Cooperative agreements will be concluded with city, county, State and Federal authorities on request.

State and Federal agencies will participate in use of right of way for purposes relating to law enforcement, vehicular weights and measures control, safety inspection of trucks, immigration control, special gas tax inspection and other official functions.

The policy is subject to the condition that should the Department conclude that the facility has become a hazard to traffic safety or to be not in the public interest, the cooperative agreement may be modified or terminated.

10 YEARS AGO

Sept. 8, 1961

Muenster native, Father Alfred Hoeng, is elected first abbot of new Corpus Christi Abbey. Report on hospital project goes to state board. Sister Carmelita is named principal at Sacred Heart. Tigers tie 14-14 with Alvord in opener. Hornets lose 16-6 in opener at Pilot Point. Twenty lads are on Tiger Cub team. Rain measures .85. Lindsay school enrolls 208. Charlotte Wolf is winner in Teen sewing contest. Marye Weinzapfel and William Birden marry. The Joe Galloways move to Muenster from Wichita Falls. Charlie Pagel is dismissed from Baylor Hospital after treatment of hip injury. Baby Janelle Hellman breaks collar bone in fall. Sales tax brings extra work and headaches to local merchants. New arrivals: boys for Messrs. and Mmes. Carl Schilling, Felix Pelzel, and Glenn Hellman.

Auto Insurance Rate Curb Asked

Governor Preston Smith last week called on the State Board of Insurance to permit no increases in auto coverage rates this year.

He summoned three members of that agency to his office to hear his proposal.

Board is due to meet this month to review requests of insurance companies for increases totalling almost 10 per cent on all types of auto insurance. Board staff members have proposed a modest 2.8 per cent average hike effective September 1.

Governor Smith asked the Board to begin study immediately on no-fault insurance plans with a view toward adopting one for Texas. He said Massachusetts achieved a substantial reduction in auto insurance rates under its no-fault concept.

Smith also urged the Board to study the feasibility of establishing a flexible and competitive insurance rating system in an effort to reduce rates.

"We are confident that a suitable alternative to the ever-rising rates could be found — if the insurance industry and the agencies of state government wish to find them," said Smith.

Alaska Pipeline Is a Lifeline to U. S. Oil Consumers

A publication of one of the companies participating in the construction of the Alaska pipeline from Prudhoe Bay to Valdez endeavors to answer some of the vital questions of this method of getting oil from the Arctic.

In response to the query of why do we need Alaska oil, the publication observes that the United States requires approximately 15 million barrels of oil a day. It now produces less than 10 million barrels a day. We have the choice of increasing our dependency on other nations or developing our domestic reserves. As to how much oil is in the North Slope of Alaska, the publication asserts that at least 10 billion barrels of oil can be produced from the North Slope reserves. The pipeline will be 48 inches in diameter and extend 800 miles across the Alaska wilderness and will have a capacity of 2 million barrels per day. The oil will flow at just over seven miles per hour. Elaborate safety precautions to protect the environment and the ecology will be exercised. The pipe itself will be steel, one half inch thick and will have a special protective coating. A system of remote control shutoff valves will guard against spillage in case of a break in the pipe. Two years of careful surveying and

hundreds of test borings have resulted in the selection of a route that will take the pipeline through rocky, stable, dry permafrost for most of its journey.

These are but a few of the facts contained in the publication of the oil company, but they help to increase knowledge of one of the greatest — and most essential — undertakings in history. Another fact is that in the years to come, most of us will be heavily dependent upon the oil that passes through the Alaska lifeline.

Why do men look for home atmosphere in a hotel and hotel service in a home?

38 Years of SWC Broadcasts Earn Award for Humble

Southwest Conference football unofficially opened its 1971 season Thursday night as head coaches exchanged tongue-in-cheek barbs at the 13th annual Fort Worth Football Rally.

Participants in the event, sponsored by the Sports Committee of the Fort Worth Chamber of Commerce, included coaches from Texas A&M, Arkansas, Baylor, Rice, SMU, Texas Tech and Texas.

The annual award for outstanding service to the Southwest Conference was presented for the first time to a company rather than an individual. Humble Oil & Refining Co. was honored for its 38-year sponsorship of conference radio broadcasts.

More than 100 radio stations now carry the broadcasts which cover all games played by each of the eight teams in the conference.

Humble was also cited for its annual production and distribution of "Southwest Conference Highlights," a 30-minute film featuring the outstanding plays and games of the past season. More than a million persons view the film each year.

Her car stalled at the corner, and the traffic light kept changing — red, yellow, green, red, yellow, green.

The policeman stepped over to the car and asked in a hurt voice: "What's the matter, lady, ain't we got any colors you like?"

HOLIDAY TOLL CONCERN—Howard Pyle, left, president of the National Safety Council, and Gov. Preston Smith recently discussed by phone ways of holding down traffic fatalities during the Labor Day weekend. Pyle said the NSC estimates 600 to 700 Americans, including 52 Texans, may die during the holiday. Gov. Smith outlined the plans of the Texas Department of Public Safety which, he said, will concentrate enforcement activities on the habitually drunk driver.

Brief Storage in High Temperature Tenderizes Beef

Storage of carcasses at higher-than-usual temperatures immediately after slaughter is an effective beef tenderizer, Texas Agricultural Experiment Station research shows.

Standard procedure, R. L. West of the Texas A & M University Animal Science Department said, is to move the fresh carcasses into cold storage of about 30 degrees.

He said one side from each of 27 steer and 21 slaughter cow carcasses was stored in a 50 to 60-degree cooler for 12, 16, or 20 hours immediately after killing before being chilled down to 30 to 32 degrees. Companion sides from the animals, designated as controls, were chilled at 30-32 degrees for the entire 48-hour period of the experiment.

Tests revealed that steaks from steer carcasses stored for 20 hours at the higher temperature were significantly more tender and rated higher in overall eating satisfaction than those from the control sides, West said.

However, he noted that steaks stored for only 12 hours at the higher temperature were not as flavorful as those from the controls.

As for the cow carcasses, all the steaks from the higher temperature sides were significantly more tender than those from the controls. Groups from the 12 and 24-hour storages had considerably higher overall satisfaction scores.

West said the tests also indicated that longer storage periods at higher temperatures are required for tenderness improvement in carcasses from

younger animals, and less time is needed for carcasses from mature animals.

Local News BRIEFS

Mr. and Mrs. Edd McGannon and their former pastor Father John Mitchell had much to say to each other on their visit together here Saturday. The former Henrietta and Nocona pastor has been in foreign mission work in Peru the past 11 years and spent the summer in school at St. Louis University. His new assignment is in San Antonio among the Spanish-American people. He is fluent in three languages.

Visiting Thursday and overnight with Mr. and Mrs. Herb McDaniel was Mrs. Hubert White of Gainesville. She came Thursday and returned home Friday with her son Hugo White also of Gainesville, who was at Muenster Hospital for a checkup.

Mr. and Mrs. Felix Yosten left Wednesday from Dallas aboard a 747 jet for California where they will attend the Saturday, Sept. 4, wedding of their daughter Gloria and Bill Blanchard in Palo Alto, Calif., and spend their vacation time with their other daughters at Mountain View, Calif. Misses Linda and Bernadette Yosten are employed there. Tom Yosten of Fort Worth spent the weekend with his parents.

Mr. and Mrs. Leo Henscheid spent Sunday with their son-in-law and daughter Mr. and Mrs. Lenton McClendon in Dallas.

Mr. and Mrs. Charlie Stelzer of Fort Worth came Sunday to spend a few days visiting relatives while houseguests of an aunt, Mrs. L. A. Bernauer.

Miss Donna Rohmer has enrolled as a freshman at the University of Dallas, joining her sister Linda who is junior there.

The old-time plumber was concerned with the coffee-breaks, feather-bedding and other slow-production factors: "When I was an apprentice we used to lay the first two lengths of pipe — then the boss would turn on the water and we'd have to stay ahead of it!"

Milners' Take Trip To Visit Children

Marie, David and Kenneth Haynes have ended their visit with their grandparents Mr. and Mrs. M. F. Milner. Their mother Mrs. Frank Haynes Jr. came from El Paso by bus to spend the weekend, Aug. 21-22, and Mr. and Mrs. Milner drove them all home Monday. The Milners returned to Muenster, Wednesday, then left Friday to spend Saturday with their son and family, the Lawrence Milners in Rolla, Mo., before they moved to Knoxville, Iowa. Lawrence has accepted an electrical engineering job there with Iowa Power & Light Co.

On Sunday, Aug. 22, the family celebrated the tenth birthday of Kenneth Haynes at a dinner party. The three children spent the summer with their grandparents while their parents were both in summer school.

Audio-Tutorial Center Added to CCJC Science Lab

The Science Department at Cooke County Junior College is taking on a new look this year with the introduction of an Audio-Tutorial Learning Center which replaces the traditional method of lectures and laboratories. Such a learning center is designed as a supervised center in which facilities, equipment, and materials are provided for independent study. This method ideally accommodates students with a wide diversity of background training in biological sciences, learning skills, aptitudes, and interests.

The student sets his own pace to achieve the mastery of materials provided in the center. There will no longer be any question about what the instructor wants one to learn; each student will be provided with a list of written objectives for each unit's work. Upon completion of each unit the student will be tested over that work and will no longer be burdened with volumes of notes and text material which traditionally may have covered as much as five or six week's work.

By means of sound tape recordings for individual listening, a greater variety of learning experiences can be integrated into a logical, systematic program of instruction. Through the use of audio tapes the teacher becomes a private tutor for each student. His message can be repeated as often as necessary.

This approach is not totally new and untested, as it has been utilized by numerous of the more progressive colleges throughout the country with favorable results. There were 1,300 man-hours spent this summer preparing the first semester of work to be offered in the Science Department in this manner.

Under this program students will meet early in the week for formal class during which they will be given the objectives for the week's work and be tested over the previous week's unit. Then the student completes his assigned work at his own convenience. He may repeat it as many times as necessary to achieve the established goals. During the latter part of the week, students will have the opportunity to meet in small groups in order to discuss any problems they may have encountered during the unit.

Two laboratory instructors have been employed by the Science Department to keep the laboratory facilities open to the students for a total of 60 hours each week.

Evening students will be given an outline of the week's work on Mondays in a session lasting from 6:00 to 6:30 p.m.

They may then complete their week's work at their own convenience; either at night, Monday through Thursday, or at some time during the day.

Funds for the development of this learning center were acquired through both state and federal educational grants.

Don't Leave Keys

Do you make it a habit to take the keys out of your car when you leave it? It is a good habit. We read of a man who was slapped with a \$35,000 judgment when someone stole his car and then ran down and killed a woman. The reason was that he had left his keys in the ignition making it an easy matter for the thief to take the car and drive it away. Records indicate that stolen cars are involved in 200 times as many accidents as other cars. — Nocona News

Quasar 18" Portable COLOR TV

Special \$380 with trade

\$10.95 cart included
 You Save \$50

Equipped with these Quasar Portable Quality features:

- * Bright Color Tube. Motorola's bright color tube delivers sharp, crisp color, right out to the edges!
- * Numbered, slide-action hue and intensity controls make accurate color adjustments easy!
- * Long-life, solid-state components on plug-in, mini-circuit panels, replace all but 5 chassis tubes. They're designed to work without burning out like tubes often do. Help keep Quasar color "new set" fresh and vivid.
- * If a plug-in, mini-circuit panel ever needs service, a service technician can usually replace it in minutes in your own home!

Lindsay News

Mr. and Mrs. Henry Grewing Sr. have returned from a nine day vacation with their son and daughter-in-law Mr. and Mrs. Leonard Grewing and daughter Stefani in Pocatello, Idaho. It was their get-acquainted visit with their little granddaughter, nine months old. Together they all went to Yellowstone National Park, Wyoming, where they spent a weekend. From there they drove on for more sight-seeing in several states. Idaho weather was excellent with 45 degrees in the mornings and 88 degrees in the afternoons. The couple made the round trip by plane from and back to Dallas Love Field. Leonard Grewing is doing electrical mechanical service for Westinghouse Electric Corp.

Work is nearing completion on Mr. and Mrs. Gregory Hundt's new home on their farm north of Lindsay. The new house has four bedrooms, two and half baths, air conditioning and central heat.

Roger Hundt, son of the Gregory Hundts, and Michael Hundt, son of the Joe B. Hundts, left Sunday to return to Rice University in Houston where they are seniors working on mechanical engineering majors.

Lindsay Pep Squad has elected officers as follows: Susy Bezner, president; Judy Beyer, vice president; Doris Hundt, secretary; and Donna Zimmerer, treasurer.

Two of Lindsay's key gridmen have been sidelined by fractures. On Monday of last week during practice Roger Luttmner cracked his left forearm in two places while attempting a tackle. The next day Jay Bezner broke his arm on a similar play.

Seniors of Lindsay High are proudly displaying their class rings which arrived during the first week of school.

Weekending with Lindsay relatives and friends were Mr. and Mrs. Gus Berend and children Sue Ann, Rodney and Dena Mae of Windthorst. Mr. and Mrs. Henry Hess are the parents and grandparents.

Lindsay Knights will scrimmage with Sadler-Southmayd Rams Friday, Sept. 3, 8 p.m. on the Knight field. There will be no charge for this practice game, so whole families are being urged to attend and help cheer the Knights to victory.

Confetti - - -

It's almost as if the entire country is being victimized by some diabolical scheme to cause social and racial strife. Biggest promoters of integration are the radicals and leftists, but it isn't tolerated in their political Meccas - Moscow and Peking.

Have you wondered why we have so much trouble getting rid of a political condition that so few seem to want? Something is radically wrong in this country.

It pays to advertise with the Muenster Enterprise.

Tuesday, Aug. 31: Admit - Mrs. A. T. Dickerson, Muenster; Mrs. Mary Cornett, Gainesville. Dismiss - Mrs. Allen McGrady, Saint Jo; Paul Tyson Poole and Mrs. Clarence Lohbauer, Gainesville.

Expansion Studied For Farm & Ranch Program at CCJC

Future development of the Cooke County Junior College farm and ranch management program was discussed Tuesday night in a dinner meeting attended by the CCJC agriculture advisory committee, college officials, instructors, and consultants from Texas Power & Light Company.

TP&L representatives discussed the possibility of establishing a beef cattle evaluation center at the college. If such a center is put into operation, ranchers will be able to place their bulls in a performance testing situation to compare their cattle with other cattle of the same age and breed. It will also provide breeders and commercial cowmen the opportunity to choose bulls not only by visual appraisal but to use the data collected on each animal.

Beef cattle will be placed on full feed to determine maximum rate of gain. Fertility and cuttability tests will also

be performed. A committee consisting of Dr. Delbert Davis, Fred Webb, Neil Tibbets, Weldon Bezner, Charlie Fry, Dr. Day, and T. J. Davidson was appointed to conduct an in-depth study to determine the need for such a facility in North Central Texas.

Dr. Aaron Baxter, agronomist for TP&L announced that TP&L would continue to sponsor a pasture improvement project for the CCJC farm & ranch management program. They will finance the establishment and maintenance of a 40 acre plot of pasture for grazing demonstrations. Four types of grass will be planted and rotational grazing will be practiced. The CCJC soil testing laboratory will analyze the soil periodically to ensure proper fertilization.

Joe: "I just came to ask you whether it's right for someone to profit by the mistakes of others."

Clergyman: "Certainly not!"
Joe: "Then I wonder if you'll give me back the five bucks I gave you last June for marrying me."
