## Reception set Oct. 8 for Texas First Lady

**Janet Felderhoff**  
Laura Bush, wife of Texas Governor George Bush, will be in Cooke County on Tuesday, Oct. 8. She is the featured speaker at a luncheon fund raiser sponsored by the Cooke County Republican Party.

A small reception will precede the luncheon. During the Sept. 23 regular meeting of Cooke County Commissioners Court, Patricia Peale requested permission to hold the reception in the Cooke County Library. Commissioners agreed to the request 5-0.

Mrs. Bush earned a Masters in Library Science in 1973 from the University of Texas at Austin and has served as librarian in public schools in Dallas, Houston and Austin. Mrs. Peale noted that the publicity would draw attention to the Cooke County Library and the newly formed support group Friends of the Cooke County Library.

A fiber optic cable crossing on CR 426 will be relocated by LDDS WorldCom. The request was approved 5-0 by Commissioners. Precinct #4 Commissioner Virgil Hess explained that the relocation was due to a lake planned by the Muenster Water District that will put the cable under

water in its present location. The cable will be buried 60 inches deep and encased in a four inch steel pipe.

Approval was also granted to Lone Star Pipeline Company to bury high pressure natural gas line on a county road south of the Gainesville golf course and south of Hwy. 82. Commissioner Hess said that it is on a county road that isn't used much. He also requested that approval be given pending the signing of a release stating that the county is not responsible for any accidents since it is a high pressure line.

Other business included:

- Approving public official bonds for Thomas Stevens, Mark Westbrook, and Dianna June Kuykendall of the Cooke County Sheriff's Dept.
- Agreed to same fees to be charged in 1997 by the Sheriff and Constables as was charged in 1996.
- Approved renewal of public official bond for Sheriff Bill Pratt.
- Approved final plat for King Estates Section 3 subdivision in Precinct #2.
- Approved monthly bill, minutes from last meeting, and monthly reports from JP Royce Martin and the district clerk.

## Man arrested in murder of six year old

**by Janet Felderhoff**  
After months of investigation an arrest has been made in the murder of six year old Parker Meredith. The Cooke County Grand Jury met Monday, Sept. 23, and returned an indictment against Ronnie Willeford charging him with Capital Murder.

commit Aggravated Sexual Assault against Jane Meredith Willeford, 38. Willeford was Parker Meredith's step-father. Ronnie Willeford was arrested late Monday at his Denton residence. He is being held in the Cooke County jail. Judge Jerry Woodlock set bond at \$500,000.

considered for parole. "Certainly death would be appropriate punishment for the murder of a six year old," said Cooke County District Attorney Janelle Haverkamp. "We are seriously considering seeking the death penalty in this case. A firm decision whether or not the State will seek the death penalty will be made at a later date."

at the Denton Community Hospital and its staff. Involved in the investigation during the 10 months following the murder were local, state and federal agencies. Conducting the primary investigation were the Gainesville Police Department, Texas Rangers, and the Cooke County District Attorney's office. Key people in the investigation included GPD Investigator Ronnie Williams, retired Texas Ranger Johnny Waldrip, and DA Office Investigator Kevin Benton.

## MMH Board determines slightly lower tax rate

**by Janet Felderhoff**  
A public hearing on the proposed tax rate for the Muenster Hospital District was held at 8 p.m. Wednesday, Sept. 18. Nobody attended to voice agreement with or opposition to the proposed rate. During the regular meeting board members set the rate at \$8006 per \$100 valuation. Last year the rate was .277280 or \$100 valuation. With the election rate estimated at 97 percent, the Hospital District expects to collect approximately \$10,182,000. There has been an increase in the Hospital District's tax base which is now \$19,319,259.00. Administrator Jack Endres

reported that he had purchased a labeling machine for about \$1900.00. It prints a variety of labels and will be very helpful in keeping up with supplies and save repetitious writing. The peel-off stickers will be placed on medical supplies and the nurses will peel off the sticker and attach it to the patient's chart at the time of use. At busy times supplies aren't always written down and this will save time.

A physician interested in possibly locating in Muenster was expected to visit Muenster on Sept. 24. Physician recruitment is an ongoing process with the MMH board and administrator.

## Don't mess with angry and aggressive bees

In an effort to alert local residents to the possibility of the presence of Africanized honey bees in this area, Leon Hess reported the following incident to Muenster City Hall: Friday, Sept. 20, he related that he was attacked by a swarm of bees and allegedly stung by "hundreds" when he mowed a lawn mower into high grass near his home on Sylvan Lane. He said he left the lawnmower running, brushed as many as he could and ran to his car, but some bees followed him into the car. City Hall sent an employee Hess' home, who determined that the bees had probably come angered and aggressive

when their home had been "invaded" by the mower and noise. When questioned, by telephone, the Cooke County Extension Office replied that the reported advance of Africanized honey bees has come no closer than Navarro County in deep South Texas. Both entities agreed to follow up to determine if more information is available. The spokesperson at the Extension Office stated that the only sure way to identify the bees is to capture some in a jar and send them to the State Laboratory because in appearance they are very similar to honey bees.

THE 1996 SACRED HEART HIGH SCHOOL Homecoming Queens Court consists of, from left, Jennifer Campbell, senior; Angel Sicking, junior; Amanda Russell, junior; Debra Voth,

sophomore; Leslie Grewing, senior; Jessica Berres, freshman; and Dobe Fleitman, senior. The Tigers' Homecoming will be Friday, Oct. 4. Photo by Janie Hartman

## Tax rates exhibit upward trend in county

A total of \$165.8 million in sales tax payments was sent to 1,084 Texas cities and 114 counties, and reported that the year-to-date returns are running about nine percent ahead of the total for the first nine months of last year.

Local city sales tax rebates for September are \$150.8 million, 23.2 percent above the payments one year ago of \$122.4 million. Rebates of \$14.9 million to Texas counties reflect a 14.6 percent increase over the \$13 million payments of September 1995.

showed an improvement of 9.69 percent from this time last year. Gainesville saw a hefty increase of 80.74 percent from last year with a September 1996 rebate of \$278,911.07. Oak Ridge noted an increase of 18.58 percent with a rebate check of \$4,750.21. Valley View also saw an increase from a year ago with a September 1996 check for \$3,465.72.

State Comptroller John Sharp delivered the September allocations one week early because the Comptroller's office is implementing a new sales tax processing system and he wanted to ensure that all payments were made to Texas cities, counties, and other taxing jurisdictions on time.

## Good News!

Come to our aid, O God of the universe, and put all the nations in dread of you! Raise your hand against the heathen, that they may realize your power. As you have used us to show them your holiness, so now use them to show us your glory. Thus they will know, as we know, that there is no God but you.

SIRACH 36:1-4

## Nov. 16 marks date for community garage sale

Muenster will have its first community-wide garage sale on Saturday, Nov. 16, sponsored by the Muenster Chamber of Commerce. Anyone wishing to have a garage sale during that week-end is asked to pay a \$10 fee and present a list of some of the items to be sold, especially of the larger items.

and list of items to be sold must be presented to the Chamber of Commerce no later than Oct. 15 to have their location placed on a map which will show each garage sale location. If a friend is going in with another, that person must also pay the \$10 fee. The fees will help defray the cost of advertising.

Coupons from the local participating businesses will be included with the map. Maps will be sold for \$1 to anyone wanting to purchase items at the garage sales. Maps may be purchased from local participating businesses. For more information, please contact the Chamber of Commerce office at (817)759-2227.

## Letters to the Editor

To my dear friends,  
I can hardly believe the check of \$4,800.00 which came to me recently. May God bless the Parish Sacred Heart and all who donated for their great generosity. I have to decide with my superiors how this will be used. The needs are so great.  
We are beginning a new parish. The African priest has an old motorcycle, always broken down. The bicycles are worn out after 8 years of service. The priest and his equipe travel on foot. It is exhausting in sand and heat. The dispensary is overloaded with sick. Here in Fatunda we

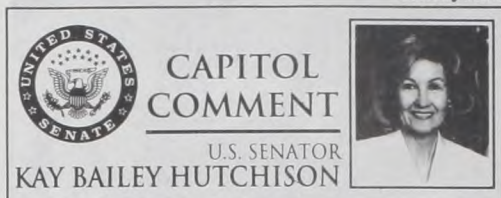

are constructing. We give our workers (12 men) a meal a day for they have so little to eat. Later on, I'll go to Djuma. Here already I have letters about the 200 orphans and the problems of raising them. You can see why we weigh our problems and look for the best way to help others with your generous donations. God will bless each one for their kindness in helping the poor. Do assure the people of Muenster of my prayers and the prayers of the people.  
Please keep me in your prayers.  
Love,  
Sr. Roberta Hesse

Dear Editor:  
Did anyone else notice that Clinton's partial birth abortion ban veto has virtually disappeared from the media? Yet it is the reason millions of Catholics, Protestants, and others have vowed to vote against Clinton this time around?  
For those unfamiliar with this horrendous procedure, at the mere request of the mother, a baby she does not want can be delivered completely except for its head. Then, her accomplice in this murder (the doctor) sticks a pair of scissors into the back of the baby's head and then vacuums out its brains.  
This is supposed to be something they do to save the life of the mother, but several doctor groups, including the AMA have said this is not done to save the life of the mother, but as an elective procedure because the mother does not want the baby (Down's syndrome, cleft palate, et al, ad nauseum)! Abortionists tell us

it's JUST a few thousand each year out of 1.5 million abortions in the U.S., so it's no big deal.  
A Republican Congress, joined by the vast majority of Democrats sent a bill to Bill Clinton's desk to ban this ugly form of infanticide, except in the rare, rare cases to save the mother's life.  
When he signed his name to the veto, Bill Clinton took the blood of every child murdered in this "legal" manner upon his own hands. Every church with an ounce of traditional morality left in it condemned the president's action, and many even called for Clinton's ouster.  
But what about now? Where have all those indignant people gone when the pollsters came around asking who you'll vote for in November?  
What? I can't hear you.  
Sincerely,  
Max Stanley Chartrand, Ph.D.

**Back to Iraq**  
On August 31, our old nemesis Saddam Hussein sent 40,000 well equipped Iraqi troops to seize the northern Kurdish city of Irbil, opportunistically using an internal dispute between two Kurdish factions to expand his dictatorial regime.

Two days later the United States unilaterally launched 27 Cruise missiles against Iraqi air defense targets. This was followed by a "mop-up" operation of additional cruise missiles and an extension of the "no-fly" zone in southern Iraq.

The American people are now being told this response was a success. But this premature declaration of victory rings hollow when compared to reality. Saddam has extended his power over the entire Kurdish region. A reportedly CIA-funded effort to destabilize his regime has collapsed. The international coalition which formed to fight the Gulf War has fractured. And relief efforts on behalf of the Kurds are in shambles.

The situation in Iraq is developing into a replay of previous debacles (Somalia, Bosnia and Haiti, for instance) all of which have unraveled or are failing to unfold in the way Americans were promised. The rationale we have been given for taking these actions — to defend the Kurds in the north — is obviously flawed. Even if one accepts the argument, a military strike in southern Iraq does little to address the Kurds' situation.

Congress was neither notified nor consulted before this latest adventure in Iraq began. The American people have not been told what U.S. goals and objectives are. Nor has anyone articulated what actions Hussein must take to satisfy the United States.

Saddam's actions came as no surprise to those who have continued to follow events in that beleaguered part of the world. In July, Iraq denied U.N. weapons inspectors access to suspect munitions facilities. Hussein has continued to threaten and terrorize his citizens and provide refuge for known terrorists. He has thwarted efforts to account for the hundreds of Kuwaitis and others who disappeared during the Iraqi occupation of Kuwait.

The belligerent actions Saddam engaged in should have served to reunite the original Gulf War alliance. But what actions, if any, were taken to shore up the alliance prior to Iraq's August 31 invasion?

Events half-way around the world are reverberating in Texas, as well: 3,500 troops from Fort Hood are being deployed to Kuwait. In addition, 23 F-16s are being sent to Bahrain to enforce the "no-fly" zone; eight F-117 Stealth bombers are in Kuwait; four B-52s are at the island of Diego Garcia, ready to be sent into action.

I support this defensive buildup without reservation. But I do not support taking any more provocative actions until the American people know exactly what our mission is, and what is its expected outcome. We have a looming military crisis on our hands — a crisis with ill-defined goals and potential for the loss of American life.

While we must always reserve the right to act independently in our own national interest, in this case we are swimming against the tide in a region that requires above all else competence and consistency. In today's world, the test of American power is not the capacity to make war, but the capacity to prevent it.

## Alice Pauline Von Ree dies Sept. 23 at age 82

Alice Pauline (Dunn) Von Ree died on Monday, Sept. 23, 1996 at 9:50 a.m. at Saint Richard's Villa, at age 82.

She was born on Feb. 6, 1914 in Peabody, Texas to Chancy Elmer Dunn and Mary Wilson Dunn, and lived most of her life in Saint Jo. She was employed as a waitress, and particularly enjoyed crossword puzzles and jigsaw puzzles as hobbies. She belonged to a group of friends who frequently met at Saint Jo's Dairy Queen Senior Center.

Survivors are one son, Carl Von Ree of Saint Jo and two daughters Dixie Stapleton of Fort Worth and Donna Shannon of Kilgore. There are eight grandchildren and nine great-grandchildren. Also surviving are five sisters, Rama Jo Whaley of Fort Worth, Mary Faye Lawler of Saint Jo, Peggy Gregory of Kilgore, Loree Bruns of Muenster, and Nell Polson of Fort Worth; and two brothers H.A. Dunn of Round Rock and C.E. Dunn of Bedford.

Preceding her in death were her parents, one sister Virginia Massey and one brother Buddy Dunn.

Funeral for Mrs. Alice Pauline (Dunn) Von Ree was held Wednesday, Sept. 25, 1996 at 2 p.m. at the First

**ALICE PAULINE VON REE**

United Methodist Church in Saint Jo. Rev. Mike Miller was the officiating minister.

Sacred music was presented by Ruth Felderhoff organist and Christy Hesse soloist. Selections were "On Eagles Wings" and "Sunrise."

Burial in Mountain Park Cemetery of Saint Jo was directed by McCoy Funeral Home of Saint Jo. Pallbearers were Mark Stapleton, Gary Stapleton, Joey Stapleton, Kirk Von Ree, Eric Von Ree and David Jones.

**AFTER WATCHING THE GRASS** get taller and take over the Hwy. 82 median on both sides of town, the Highway Department's mowers went to work earlier this week. They chopped up the grass and weeds and exposed all the trash that was hidden by the vegetation. Now anyone can see that the "Don't Mess With Texas" campaign failed. Don't people care how their state, county or community appears to visitors? Little pick-up crews will be very busy this week and next trying to clean up after motorists who just don't seem to care. Got a minute? Grab a motor and help clean up before it gets too trashy, again.

## From My Side of the Fence

by Ed Cler

Just about every February, as winter begins to lose its grip, we have a spell of warm days when plants that have lain dormant through the colder part of the season, begin to green up and grow like mad. Coupled with the seemingly very warm days, this gives one the impression that winter is over, and thoughts of summer activities begin to creep into our minds.

When I was a boy of 15, attending school at Subiaco College in Arkansas, the second half of February was extremely warm, following a rather cold winter.

Several of the boys, including myself and a good friend, Tom Oldham, later Fr. Fintan, decided to ask permission to hike the hills. Our real intention was to find a good pool of water in the creek and take a swim. Permission was granted, so after donning our swimsuits in the dormitory, and wearing them under our clothes, we began the so-called hike.

A couple miles out, we found the pool we were looking for and you guessed it - last one in was a rotten egg!

The only thing we hadn't reckoned with was about a half inch of ice on the water, but we had come to swim, so some on broke the ice and dived in. We were next but I must say I was totally unprepared for the shock. I came up to hear Tom ask, "How is it?"

Afraid he might not dive in, I tried to tell him it was fine but all I could say was, "It's fi-fi-fi-fi-fine," and then get out.

There was an old barn close by, and after getting on the warm sunny side of it, we changed into our dry clothes record time. Boy! Did they ever feel good?

Did we get caught? "Sure!"

## Property tax relief

Is the "tax temperature" of Texas property owners high enough for property tax reform? That metaphor has been used repeatedly since Governor George Bush appointed his Citizen's Committee on Property Tax Relief.

"I am here to report that the temperature of our members is hotter than a July day in South Texas," Texas Farm Bureau President Bob Stallman told the committee. Last week Thursday at the fourteenth and final hearing in Austin.

"As the primary goal of property tax relief, the Texas Farm Bureau supports the total elimination of school property taxes," commented Stallman, one of 17 members of the Governors Committee. "I propose that school property taxes be replaced with a business activity tax, similar to the model studied by the committee's staff work group."

"The proposed business activity tax should have a \$500,000 standard deduction to encourage small business growth and to ease the administrative burden," Stallman said.

In the event that this approach does not meet the overall objectives laid out by the Governor, Stallman said the Farm Bureau would support a multiple solution featuring several combinations. These, Stallman suggested, could include combinations of the business activity tax, sales taxes expanded to include some

services, and a much leaner local property tax.

"Property taxes have more than doubled in 10 years while overall property tax values have declined by 6 percent in the same period," Stallman said.

According to Stallman's statement, retail sales have increased 71 percent during the same 10 year period and gross state product accounts for 52 percent.

"Such a stagnant tax base will not meet the needs of a growing population of school children," he stressed.

Stallman said the tax paying balance between capital intensive business and service and trade industries is "fundamentally unfair." According to Stallman, capital intensive business representing only 38 percent of the gross state product pays 56 percent of all local and state business taxes. On the other hand, service and trade industries represent 62 percent of the current gross state product while paying only 17 percent of the business taxes.

"Texas needs a tax system in which all businesses pay their fair share to fund public education, not just the farmers and ranchers," Stallman said.

"Farm Bureau will work with Gov. Bush and legislative leaders to formulate a plan that will fairly and equitably address property tax reform and in the process provide a sound education for the school children of Texas."

# Former Muenster resident describes seminary choice

KYLE WALTERSCHEID

Kyle Walterscheid furnished the story for the Sacred Heart Alumni Newsletter, July 1996 issue. Many of you requested it reprinted in the Enterprise; share Kyle's story now!

Like many of you out there, I was raised as a cradle Catholic. I am the product of twelve years of Catholic education. I cannot tell you how many times I have said, "I wish I had not said that I spent my years of school at Sacred Heart very wisely. Like most of the boys in my class I usually wouldn't find a seat far enough away from the teachers. I have liked school since the first grade. That first morning, way back in September of 1973, I told my mother I was sick. I must have done a good job of fooling her because she let me stay in bed while my three older brothers and three older sisters fought over bathroom time, and I scrambled to get ready for the bus. For some reason I began to feel better a few minutes after I got on the old No. 1 school bus. I uttered off down the gravel road. However, as I recall, mom thought on to my "playing hooky" and I somehow ended up on old No. 1 after that morning.

On a more serious note, the teachers at Sacred Heart did help me find my talents and I was encouraged to pursue those talents. I quickly learned in high school that I was not going very well academically speaking, so I began to concentrate on academics for the first time in my life. I found classes that I liked, and quickly excelled in several of them. Mathematical oriented classes had been my forte, extending as far back as second grade. Therefore, I decided to expand my mathematical talents to a higher degree. Then came the question of what I wanted to do with my life. As an extension of mathematics, my best options seemed to be to work for my two best brothers at JAW Construction, or to pursue an engineering degree. Engineering seemed to be a very viable option because at that

time my brother Wade was already studying to become a Mechanical Engineer. Hence, as a Sacred Heart graduate of 1985, I decided to follow in Wade's footsteps. I began college at the University of Texas and chose Civil Engineering as my major. The first year or two I struggled to survive, and like most college students, the idea of dropping out entered my mind several times. It was also during these same years that I turned back to my religious roots which my parents and teachers had instilled upon me. It was then that I began to wonder what my purpose in life was. Why was I born as a cradle Catholic? Why did my parents struggle to send all seven of their children through twelve years of Catholic education? What did being Catholic mean to me? At that time I couldn't define, much less defend, my faith. As I was struggling to find my own identity as a Christian Catholic in college, I happened to be strolling out of the engineering building one day when I saw several people handing out small "New Testament" Bibles. They were pocket sized and I thought that it would be handy and convenient to have, so I requested a "free" Bible for myself. With time, I read that New Testament Bible several times and I had gradually found myself centering my life around Christ. I found myself saying a quick prayer to Jesus before exams as well as praying the rosary to help bring peace within me before and during exams. I was determined to survive engineering despite the odds. Only one out of four students were surviving engineering school at UT-Arlington at the time.

I soon entered into dialogue with fellow engineering students of other religious backgrounds to see their perspective of life. Many times we prayed together at the end of long study sessions that created unique bonds, friendships and a sense of identity that we were all in this together.

I graduated from college in the fall of 1989 with a Bachelor of Science in Civil Engineering. Within the following month I had not only accepted a job offer in Fort Worth from the Texas Department of Transportation (The Texas Highway Department) as a bridge design engineer, I also began work on a master's degree in structural engineering by going to night school at UT Arlington. Out of all the possibilities, the least likely, but most desirable to me, was being able to work as an engineer during the day and continue my education during the evenings. At this point I felt well kept in God's hands and I felt very graced to be given the opportunities to use my mathematical talents. My life at this point was not only focused on Jesus Christ, but He was what my life was beginning to center around. No, I was not tithing yet, and no, I was not heavily active in the Catholic community. I could say "no" to a hundred other things that I was supposed to do or not to do as a Catholic. However, at this point the seeds that were planted in my youth at home and Sacred Heart began to grow both as a Christian and a Catholic. Meanwhile, I continued to become more of an asset to the Highway Department and, as a result, my supervisor continued to increase my salary both through merit and promotional raises. In a little over two years I moved from the low man on the totem pole to becoming the supervisor assistant to the bridge design section. I was the youngest engineer in the bridge section, yet I was given the responsibility to supervise all of the other engineers and technicians for several multimillion dollar projects. Once again I felt very blessed. I received my Masters of Engineering degree in the Spring of 1993 and for the following two years I was the Project Bridge Design Engineer for the largest highway interchange designed in Tarrant County (roughly a \$120,000,000 project). Within five years I had become the Structural Engineering expert for the Texas Department of

Transportation in the Fort Worth District. To provide a better understanding of this feat, no one before had moved to that position with less than 20 years experience. I had accomplished what most people would consider the ultimate in career as well as lifestyle. At the age of 27 I had obtained a bachelors and masters, paid off all of my college loans and owned a sports car out right. I had one of the best jobs the Highway Department had to offer with all of the perks; front row parking at work, private office complete with a wonderful secretary who did most of the hard work. To top it off, I had created a magnificent resumé so that I had the opportunity to work at any corporation of my choosing. At that point in my life

my life. The first time was in high school. I had thought of the priesthood then, but the peer pressure of not fitting in with the crowd seemed too great. I knew that this second chance to openly commit myself to the Catholic Church would be different.

I felt that I had been called to the religious life/priesthood since I was in junior-high school. Now after over fifteen years I would pursue the priesthood with all my strength, all my heart, and all my soul. The Lord Himself tells us in Mark 5:36, "Do not be afraid; just have faith" and Pope John Paul II reiterated, "Be not afraid." I took much needed comfort in surviving the challenges and transitions that I was about to embark upon.

provide a healthy spiritual lifestyle and true sense of community, the seminary provides for daily morning and evening prayer groups, as well as Mass. We are also guided by what is called a Priestly formation, in which we discuss selected topics in order to share our own past experiences and feelings to the rest of the community. We are also provided with a 24 hour Blessed Sacrament Chapel among numerous other ways to nurture our spirituality. As part of the academic formation I am attending college at Oblate School of Theology to obtain a minor in philosophy before going into the theology stage of obtaining a Masters of Divinity. I could go on and on about many issues related to the Catholic Church teachings and the seminary way of life, but I'll leave that for another time.

What does all this have to do with each individual alumnus of Sacred Heart? It is my belief that parochial schools help provide the best opportunities for our youth to remain with Christ as they mature to become young adults and beyond. The Catholic Church is first beginning to uncover the many fruits resulting from the Vatican II Council of the mid-60's. Today, through youth ministry and many other types of activities, our Catholic youth has many more opportunities to express their faith than people of my generation. Having visited with all the high school students at Sacred Heart this past Christmas, I had the opportunity to see first hand the significant improvements made within the school over the past decade. Prayer surrounds the youth's school day. Academics and religion are taken more seriously by both faculty and students. It was amazing to see how inquisitive, receptive and open the students were as I gave them my personal testimony of how Christ had impacted my life. I could see that these students were indeed receiving excellent opportunities for the seeds of Christianity to be planted in fertile soil (Mt 13:4-9). I hope that we, as Christians, continue to help support our parochial schools and churches through financial aid to help support our youth. As far as being afraid of voicing one's concerns within the Catholic community, I say get involved! Listen to Christ's calling to be an active member of the Catholic Church, and "Be not afraid".

In Jesus' Name,  
Kyle Walterscheid

... "Still more difficult was telling my family and friends. I didn't know how they would react. I was scared of rejection for the second time in my life. ... I felt that I had been called to the priesthood since I was in junior high school."

I was very happy internally because I felt that I was following in Christ's footsteps and doing the many good deeds that Christ calls each Christian to do. During these years my personal religious life had drawn me to evaluate what God wanted me to do as a member of the Catholic community. While going through several years of discerning what God was calling me to do, I was praying the rosary daily, as well as reading Scripture and numerous Catholic magazines. In January of 1995 I had finally reached the decision to let my engineering skills take a back seat to the ministry in the Catholic Church. Specifically I decided I would try the seminary life with the intention of becoming a Catholic Priest. I gave my supervisor at work a thirty day notice and told him of my intentions. This was a very difficult time in my life because I had developed many relationships with fellow employees and we had shared many Christian faith experiences. Still more difficult was telling my family and friends. I didn't know how they would react. I was scared of rejection for the second time in

I have been a seminarian for the past year at Assumption Seminary in San Antonio, studying to become a Diocesan priest for the Fort Worth Diocese under the guidance of Bishop Joseph Delaney. Although the past year has been the toughest year in my life, it has been the most exciting as well. I thought that my social life would end when I entered the seminary. I couldn't have been more wrong. I have gone to more social events than ever. As a seminarian community we have gone to Planet Hollywood and the Hard Rock Cafe; toured the River Walk; toured all of the missions in San Antonio; and have received tickets to see the Spurs and Iguanas (ice hockey) play. We have gone to numerous movies, discovered many great places to enjoy Tex-Mex and have found several sports bars on a night out. In short, I still do many of the same things I did before the seminary. To maintain a healthy physical lifestyle I play baseball, basketball, racquetball and volleyball and I enjoy weightlifting, running and swimming as well.

My sense of spirituality has grown tremendously due to the seminary way of life. To help

## Dinner honors Alvin Hartman on Sept. 22

The Muenster Enterprise honored Alvin Hartman in observance of the 50th anniversary of his employment, with a dinner at The Center Restaurant on Sunday Sept. 22 at 5:30 p.m.

About 45 guests were present, including Alvin's wife, Joanie; his mother Margaret Hartman; his sisters and brother and spouses; six grandchildren; Father David Bellinghousen OSB, several friends, and the Enterprise staff and spouses.

The welcome was given by David Fette; a prayer was led by Brenda Rigbsby.

Opening remarks by David Fette were followed by presentation of a commemorative plaque, and several gifts, and letters of congratulations, and a laminated copy of the Enterprise pages one and four, Sept. 20, 1996.

A "round-table reminiscing" by Enterprise employees, family members and friends was highlighted by a skit by all of Hartman's six grandchildren. They had as much fun performing as the audience did listening. Hartman responded with gratitude, even recalling his first day in September 1946.

Place mats and place cards were originals designed by Brenda Rigbsby. Ten tables each held a floral centerpiece of miniature white or red carnations, with a rolled up copy of the Enterprise holding the story of his fifty years.

The program was recorded by tapes, videos and photos. After good-byes were said, the six grandchildren completed their celebration of the event by spending the night with their Grandpa and Grandma Hartman.

ALVIN HARTMAN, at center, accepts a congratulatory plaque for 50 years as an employee of the Muenster Enterprise, from David Fette, publisher and editor. Applauding are granddaughter Kristin LeBrasseur and Mrs. Margaret Hartman. In foreground is grandson Nolan Hartman. Photo by Janie Hartman

## Father Alcuin Kubis honored on 88th

The annual Kubis reunion was held at Sycamore Lake in Lindsay to honor Father Alcuin Kubis on his 88th birthday Sept. 8, 1996.

All the relatives attended the Mass celebrated by Father Alcuin; followed by a hamburger meal with all the trimmings; then enjoying birthday cakes for Father Alcuin, and another for Granny Kubis (for her late August birthday). Another birthday cake was taken to the rest home for Albert Kubis who is looking forward to his October birthday.

A big star piñata filled with candy and gifts was a delight for the younger children. Others enjoyed visiting, fishing, horseshoe games and picture taking.

Together for the wonderful happy day were Father Alcuin; Catherine Kubis; Adam and Alma Wolf of Muenster; Darlene and Alan Miller, Eric, Bryan, Clint and Alison of Muenster; Randy Wolf of Irving; Phil and Cindy Wolf and Nicholas of Era; Margie Klement, Rae Ann and Tyler of Bokchito, OK; Karen and Ron Dangelmayr, Amanda and Shelby of Muenster; Sharen Aston, Cathy Aston, Krystal and Justin Wolf of Muenster.

Also Janie and Kenneth Thurman of Lindsay; Karl and Beth Trubenbach, Lacy and Levi of Muenster; Sherry and

Patrick Krebs, Joseph, Ashle and Dustin of Bridgeport; Kenny and Gina Thurman; Jessica and Cody of Arlington; Vicky Thurman of Austin.

Also Gilbert Kubis of Lindsay; Theresa Kubis of Denton; Chris Kubis of Lindsay; Mike and Cayley Kubis and Nicholas Gainesville; Paul and LuAnn Kubis of Houston; Buster Kubis of Longview; Kassi and Neal Carr of California.

Also Girlie Felderhoff Gainesville; Steve and Donr Felderhoff, Kerri and Kell and a friend Lynsie Trachta The Colony; Bob and Car Zimmerman, Russel and Kriste of Denton; Ron and Pat Felderhoff, Anthony and Jam Albert of Austin; Cindy Alford Nicholas and Tera of Se Marcos; John and Mary Fial Joseph, Michelle and Matthe of Hickory Creek; Karl and Kathy Metzler, Melissa, Kat R.J. and Nathan of Era; John and Judy Woodall, Daniel and Daryl of Aledo.

Unable to attend on Sunday but coming on Monday to greet Father Alcuin were Jeff and Claudia Felderhoff Midlothian. Traveling the greatest distance were Kas and Neal Carr of Escondido California. Oldest family member was Catherine Kubis and youngest was Nicholas Wolf. They were favored to having their picture made.

## October is National Breast Cancer Awareness Month

Because too many women were dying from breast cancer detected too late, Oct. 19, 1993 was proclaimed the first National Mammography Day in history. The objective then, as it is today, is to encourage women to protect themselves against breast cancer by getting regularly scheduled mammograms, practicing monthly breast self-examination (BSE), and having annual clinical breast examinations — what is known as "triad of techniques" recommended by the American Cancer Society. National Mammography Day stresses the importance of finding a cancer before it can be felt, particularly for underserved populations, older women and women at high risk for breast cancer.

This year, more than 44,000 women will die from breast cancer. Early detection could save as many as one-third of them. Women must practice BSE on a regular basis, get annual clinical breast exams from a health care provider and get mammograms. Mammography plays an important role in saving lives because it can find a cancer tumor as early as two years before it can be felt. Far too many women die because they

did not find their breast cancer soon enough. We hope that National Mammography Day will encourage millions of women to follow the mammography guidelines and give themselves the gift of life.

However, mammography alone is not always enough. Almost 10 percent of all breast cancers are not detectable by a mammogram, so the practice of breast self-examination and clinical exams in concert with screening is crucial.

Muenster Memorial Hospital joins the National Breast Cancer Awareness Month Board of Sponsors urging women to ask their health care providers about how to properly practice BSE — something easily demonstrated during a clinical exam — and about the appropriate timing of screening mammography. Experts agree that regular screening mammograms are the most effective means of finding breast cancer early and are most important for women age 50 and over.

During the entire month of October Muenster Memorial Hospital will be offering discounted mammograms. To schedule a mammogram or if you have questions contact the hospital at (817)759-2271.

## Area happenings ...

### Chicken and Bread Days

The Bowie Texas Chicken and Bread Days Festival will be held October 4-5. This event celebrates the entrepreneurial spirit of Amon G. Carter, Governor Jimmie Allred, Mose Johnson and Bowie's historic past.

The Festival offers a variety of activities for everyone. The Bowie ISD celebrates it's 100 year anniversary with a Heritage Center at Bowie High School. The Center will be filled with memorabilia from the past 100 years. Free shuttle buses will ferry visitors from the school to the many festivities in the Downtown area, including a Homecoming Parade on October 4. Enjoy park activities and many antique stores. Craft booths will line downtown streets. Cloggers, bands and gunfighters will add to the festivities. In addition, Bowie will hold a city-wide garage sale and local radio station, KRJT, will host a bass tournament on Amon Carter Lake.

For more information contact the Bowie Chamber of Commerce.

### 7th Arts & Crafts Bazaar

The Valley View United Methodist Women will hold their Seventh Annual Harvest Bazaar - Arts & Crafts Extravaganza - at the Valley View United Methodist Church (Church at Obuch Street) on Saturday, October 5, from 9:00 a.m. to 5:00 p.m. This is an opportunity to do some early Christmas shopping for some unusual and inexpensive gifts. If anyone wants to place a special order, all the vendors have agreed to make deliveries in time for holiday giving.

There will be signs on Hwy. 35 and FM road 922 to direct people to the site. There will be booths inside and outside the church. The Valley View UMW will serve snacks and drinks throughout the day and will

offer a plate lunch at noon. Additional information may be obtained from Gloria Watkins 637-2281, Kitty Silk 726-3813 or Betty Fortenberry 726-3421.

### Religious Comm. to meet

The Tri-County Religious Organizations Committee of Texoma Community Partnership, Texoma Council of Governments (TCOG), will hold its October meeting, Tuesday, October 1 from 10-11 am at the Denison Public Library, 300 W. Gandy, Denison.

Pastors, lay representatives of all Cooke, Fannin and Grayson county religious organization in the tri-county area are invited and encouraged to attend. For more information, call 903-813-3586 or 1-800-667-8264.

### Tracing Civil War ancestors

The Cooke County Heritage Society is pleased to announce the second event in its Fall Series of programs. This program-- "Tracing Your Civil War Ancestors"-- will be held at the Morton Museum of Cooke County at noon on Monday, September 30.

Barbara Pybas, member of the Cross Timbers Genealogical Society, and Shana Powell, curator at the Morton Museum, will conduct this session.

For members of the CCHS, the cost to attend is \$3.00, for non members, \$4.00. Seating is limited. Please call the Museum at 668-8900 to reserve a seat or for more information.

## Regina Flusche celebrates 80th

A surprise party celebrating Regina Flusche's 80th birthday was held on Aug. 25 at the Golden Corral in Lewisville.

REGINA FLUSCHE

Hosting the party were Evelyn and Jerry Sicking of Muenster and James and Sally Flusche Decatur.

The Sicking's picked up Mr. Flusche in the morning and spent the day with them. Upon reaching the restaurant, waiting to surprise Regina were grandchildren and great-grandchildren. Those attending were Kathy Todd and Angel Sarah, Kimberly, and Megan Flower Mound; Phillip and Brenda Flusche, Jacquelin Nicholas, Adria, and Kevin Muenster; Carl Flusche Dallas; and Joan and David Deckard of Sanger.

"Happy Birthday" was sung and a decorated birthday cake was presented with the inscription "Happy 80th Birthday Grandmother."

Cards, gifts, and a corsage were presented to the honoree. Pictures were taken. After lunch, some of the group went to the Todd residence to visit and drover to see the site of the future home.

## Love Fund

Muenster Jaycees have established a Love Fund for Becky Fenton at Muenster State Bank, and invite all who wish, to make deposits to the fund.

## New Arrivals

**Lane**  
Gina and Mitchell Lane of Fayetteville, North Carolina are the proud parents of a 6 lb. 6 oz baby girl. She arrived on September 1 and has been named Noelle Joeli. Noelle is the grandchild of Wilmer and Lovelle Walterscheid, of College Station. Her great-grandmother is Augusta Walterscheid.

**Bass**  
Brad and Jodi Bass of Douglass, Texas, former residents of Muenster, announce with great joy the birth of twin daughters, Raegan Nicole and Micaul Cameron. The twins, born on Sept. 18, 1996, weighed 6 lb. 1-1/4 oz. and measured 19 inches long each. Welcoming the girls home is their big brother, Jacob, age 5.

HAND-CRAFTED EGYPTIAN CARTOUCHES HIEROGLYPHIC NAME CHARMS BY NAMECRAFT

The tradition of the Cartouche dates back over 5,000 years, to a time in ancient Egypt when desert travelers found that a rope coiled around them in the sand as they slept magically protected them from the deadly serpents that struck silently in the night. The Pharaohs commissioned skilled goldsmiths to capture this mystique in a beautiful gold icon that assured safe passage for its owners. Goldsmiths cast each name in Hieroglyphics and surrounded it with a symbolic gold cord. Thus, the legend of the Cartouche was born.

Today, your Cartouche will be crafted in the same tradition. First, your name will be phonetically translated into ancient Egyptian Hieroglyphics. Your Egyptian name will then be cast in the luxurious metal of your choice. 18Kt gold. 14Kt gold. 10Kt gold or Sterling Silver. The size of the Cartouche will depend upon the number of letters in your name.

Size	Style #	# of Ltrs	S.S.	10Kt	14Kt	18Kt
Small	SCP	2 or 3 ltrs	\$ 62.00	\$165.00	\$195.00	\$315.00
Medium	MCP	4 or 5 ltrs	\$ 82.00	\$200.00	\$240.00	\$360.00
Large	LCP	6 to 9 ltrs	\$100.00	\$245.00	\$288.00	\$400.00

# Amanda Russell pursues modeling, talent career

by Janet Felderhoff  
A window of opportunity opened for Amanda Russell earlier this year when she entered a Glamour Shots Model Search contest. Although she wasn't selected one of the three first place winners, she did place in the next segment. The information those contestants was sent to John Robert Powers Dallas, modeling school, to see if they were marketable.

Apparently the school felt that Amanda had potential because she received a call from John Robert Powers Dallas requesting an interview. She started modeling classes June 15 and has been attending since. "I've always thought about it (modeling)," marked Amanda. "I've always entered lots of other contests, but never got anything out of it."

Amanda's goal is to get the opportunity to model in Japan. She said that she wouldn't mind being a super model for a while. Amanda added, "I'd like to have the opportunity to say, 'did it!' Her mother Glenda Russell said that they would like to see Amanda go as far as she can with a modeling career. That goal could soon be within Amanda's grasp. When photo shoots were held at John Robert Powers, Amanda was one of about 50 students selected to represent the modeling school at the annual International Modeling and Talent Association (IMTA) convention in Los Angeles, California.

At the convention Amanda will be auditioning in front of the largest modeling and talent agencies from all over the world. There are several competitions and these are judged by agents from all over the world. Industry leaders from New York, Los Angeles, Chicago, Miami, Japan, Europe, and Germany will be looking for new faces for their agencies.

Other attractions at the IMTA convention include competitions such as commercial print (catalogues), editorial (magazines), a legs

competition, runway, acting, commercials, soap, sitcom, etc. Each participant is allowed to enter three competitions. Amanda is unsure of which three she will be entered in. "I'm sure one will be runway because that's why they're looking at her — for the Japanese market for runway," said her mother. Also everyone has to do a TV commercial, said Amanda.

"They think she has the potential," Glenda said. "They were real excited about her when they saw her, especially when she had her interview for IMTA. They thought she was marketable. They're (John Robert Powers) not an agency, they're a school. They don't act as an agency so the convention would help them (students) find contacts with agents without having to beat the streets."

Amanda concluded, "When you go down there there's basically two good things that can happen. You can win like runway first place. But really that doesn't mean anything. What matters is if you get signed by an agent."

At John Robert Powers Dallas the students learn about different types of make-up such as what is best for black and white photography, color photography, runway make-up, day wear make-up; what to have in their wardrobe for modeling; runway turns; acting skills; different types of modeling; and acting skills. Also self-improvement and poise.

Amanda attends the school every other Saturday and every Saturday she trains for IMTA for two hours. Before going to Los Angeles she will have two photo shoots to make her book. Her teacher is an experienced model who has modeled all over Europe. She recently came back from working in Spain.

"They told her when she signed up for IMTA, 'You will do what we tell you. If you don't agree right now that you will do what we tell you, then don't even sign up.' They might suggest that you cut

AMANDA RUSSELL

your hair in a certain way, loose weight, tone up, etc.

Before Amanda can get to Los Angeles to attend the IMTA convention she must raise about \$5,000. Her parents, Bryan and Glenda Russell, have been helping her by sponsoring fund raisers. They plan to participate in Muenster's community-wide garage sale and to send out letters to businesses seeking their sponsorship. Anyone interested in helping should contact the Russells at 759-4537 after 5 p.m.

Amanda, 17, is a senior at Sacred Heart High where she is a member of the National Honor Society, Student Council, Spanish Club, and Letterman's Club. She is a lieutenant of the Sacred Heart Red N Motion Dance Team. She was recently selected to be a Homecoming Queen candidate.

## Walterscheids hold gathering

Leonard and Betty Walterscheid have returned to Grand Junction, CO after a 10 day visit in Muenster with relatives and several days in Fort Worth and Irving with other family members. On Sept. 12, they attended his brother, Wilfred Walterscheid's

oil field auction. One day they went to Fort Worth to visit Sr. Francesca Walterscheid, accompanied by Mary Alice Bayer, spending the afternoon at the North Side, attending a movie and having dinner out.

The next evening, friends Ginger and Kenneth Sherrill of Watauga took them out for dinner. Muenster relatives

## Country Tidings

by Ruth Smith

Mrs. Rosa Rice of Alvord suffered a heart attack Saturday, Sept. 21. She entered the Bowie Hospital for treatment and a temporary pacemaker. She will have a permanent pacemaker later. Mrs. Rice is a sister of the late Mrs. Irene Harry. Her nieces are Mrs. Merle Hudspeth and Mrs. Montez Nivens.

Mr. and Mrs. Doug Nickerson returned Sunday from a trip to San Angelo where they visited Mrs. Nickerson's Uncle Paul and Trisha Lucas and daughter Zan and children Shea, Dover, and Jess. They did some sightseeing. They went to Fort Concho and different museums.

Gary Dill of Gainesville visited his grandmother Mrs. Bobbie Dill Monday.

Gary and Brenda Greanad of Breunson visited Mrs. Juanita Greanad during the weekend. Trey and his friend Carmell of Arlington visited Mrs. Juanita Greanad Saturday and did some fishing.

Miss Lois Bewley and Clyde were in Gainesville Friday.

Mrs. Vatoni Ragsdale and daughter Laura of Allen and Mrs. Jewel Dill visited Mr. and Mrs. Ted Jackson Saturday.

Jim Penton reports that he has called people to tell them he wants to give them apples, and he gets their recorder but they never return the calls. Says he thought everyone liked apples - so folks if you like apples Jim has them.

PLEASE

YOU'RE SPECIAL!

## Health Notes

### The nose knows when fall begins

About now, many people are starting to rub their eyes. Their noses are itchy and runny, too. It is a sign that fall allergies are beginning to take their effect. If you notice allergy symptoms, it is best to premedicate yourself before a full blown attack begins, says one allergist. In August, September, and October, most parts of the country have an increase in mold spores, cedar elm, and ragweed. In addition to premedication it is recommended that allergy sufferers stay indoors during the early morning and midday hours, when the pollen count is high; keep doors and windows closed; and use filtered-air systems to heat and cool their homes.

Washing hair before bedtime helps rinse out the allergens trapped by hair which can act as a pollen magnet. This keeps you from sleeping on a pillow covered with ragweed pollen.

## It Was News Then

10 YEARS AGO  
August 8, 1986

Muenster Enterprise loses its founder and editor, R.N. (Ramie) Fette when he dies Aug. 5, 1986 about 8:30 a.m.

While writing his column "Confetti" for this week's paper. He is remembered as a person who exercised compassion, fairness and dedication in all aspects of life as a father, husband, businessman and respected member of his church and community. He loved his God, his country, his family and his home with total dedication and commitment. When his hometown suffered, he felt its pain acutely. When good fortune smiled on Muenster, he

rejoiced with its citizens. When tragic events occurred in Muenster, he struggled with the story. He said: "It's a newspaper's obligation to print the news as it happens. Our readers are entitled to that. But I never want to write anything that causes pain. I try to state only the facts."

Muenster Chamber of Commerce schedules three Town Hall Meetings for Aug. 21, 1986, at 9 a.m., 12 noon; and 7 p.m. Base work continues on Ash Street jointly by Cooke County Precincts 3 and 4 and the City of Muenster Crew. New Arrival: Ashley Jane Krebs to Patrick and Sherrie Krebs.

## Beta Kappa members plan activities, entertain guests

Beta Kappa held its September meeting in the home of Christy Hesse. Minutes were read and approved. Ramona Felderhoff gave the treasurer's report.

Old business was discussed regarding the plaque for a bench at the park. Lisa Walterscheid, Rush and Social Chairman, reported on the annual brunch for prospective new members. It was held in the home of Dolores Miller with members and three guests

attending. Other social activities included Ladies Day Out. Members enjoyed lunch and the movie "Phenomenon" in Lewisville.

New business included discussion of the Christmas parade. A donation was made to the John Fangman Love Fund. Scholarship criteria and applications were discussed for the upcoming year.

The next meeting will be held at Peggy Sparkman's home on October 14

## Chad Hess has exciting time in Orlando, FL

Chad Hess, 8 year old son of Lawrence and Kellye Hess spent four days in Orlando, Florida at the Walt Disney Beach Club Resort. Accompanying him were his grandmother Edna Klement, his uncle Karl Klement and aunt Kim Klement, and their son Kody Klement. Chad and Kody enjoyed swimming at the Sand Bottom Pool at the Beach Club. The two boys also enjoyed breakfast with Chip 'n Dale, Pluto, Donald Duck and Mickey Mouse.

They played games with other children staying at the resort. Everyone also enjoyed the fireworks display in the evenings, and the Magic Kingdom. Walt Disney will celebrate its 25th year in October. They also attended the practice parade for this event. It marked the first time when eight children were selected to participate. It was Chad's good fortune to be selected. He was placed next to Aladdin and got to rub the magic lantern.

Chad returned home to Muenster on Sunday evening with his Grandama Edna. His family was excited to see him, especially his 17 month old baby sister, Brooke who asked every day: "Where's Chad?" until he returned.

Karl, Kim, Kody, Chad and Edna went to the Sney Village Market Place, and visited the Presidential Hall of Fame, the Haunted House, and visited with Mickey and Minnie. Chad and Kody spent time at the Sand Castle Club where

# School News

## Academic achievements acknowledged for SH students

Relatives, friends and teachers of Sacred Heart students attended the school's annual Academic Awards Ceremony on Tuesday, Sept. 10. The ceremony is a time to recognize students for their academic achievements during the previous school year and to inspire them to excel in their studies for the coming year.

In high school awards were presented to those students who scored highest in the various classes. Winners included: Accounting, Glen Dangelmayr; Algebra I, Patrick Miller; Algebra II, Jennifer Campbell; Biology, Russell Fette and Patrick Miller; Business Math, Jody Felderhoff; Chemistry, Jennifer Campbell; Comprehensive Homemaking, Melinda Vickers; Computer Science, Jill Hess;

Earth Science, Russell Fette; English I, Russell Fette; English II, Valerie Bartush; English III, Bart Sicking; Geometry, German I, and Health, Valerie Bartush; Home & Family Living, Corey Hess; Religion I, Russell Fette and Debra Voth; Religion II, Jessamy Sicking; Religion III, John Bartush; Science of Human Behavior, Jennifer Campbell; Spanish I, Corey Hess; Speech and US History, Laura Klement; World Geography, Patrick Miller; World History, Betty Trevino and Debra Voth.

Recipients of "Master" trophies for maintaining an "A" average for the first three years of high school were John Bartush, Jennifer Campbell, Leslie Grewing, Tanya Knauf, Kelly Rigler, and Bart Sicking.

## Lindsay 4-H Club members meet, sign up for projects

Thirty members attended the September 10 meeting of the Lindsay Junior 4-H Club. There were also eleven adult leaders present. Philip Fleitman conducted the business meeting. Chad Stoffels led the 4-H Pledge and Kevin Lutkenhaus led the USA Pledge.

Members completed enrollment forms. Leaders explained various projects and asked members to sign up for projects they were interested in. Jeffery Zimmerer chose a scavenger hunt for entertainment. The Lindsay Jr. 4-H club reporter is Chelsea Laux.

## Corridor Celebrations

This week Lisa Hettler's second grade students continued their study of animals by reading about animals and discussing mollusks and insects. Next week, second grade students wrap up the six week study of animals with spiders, the completion of animal books, and an Animals, Animals, Animals Exam.

Writing sentences and reviewing the different kinds and parts of sentences, kept the second grade students busy in language class.

Second grade mathematics students practiced addition, patterns, and more. They also practiced and know double facts, adding zero facts, and adding one facts. Presently their work includes adding two facts.

Students in Ms. Tischler's class began a unit on nursery rhymes this week. They learned to cut, and completed units of study entitled "All About Me" and "My World and Manners." Ms. Tischler's students also learned about the letters Ll, Oo, and Gg. Favorite books they read include "I Like Me," "I Like Being Little," and "Chrysanthemum." Kindergarten students really enjoyed learning about themselves, family, and friends.

Kindergarten students sent a big "Thank You" to their many guests; Mary Moster and Dorothy Fisher who shared their love of reading and read some of their favorites to the class, Stephanie Tankersley, Melanie Hesse, and Cheryl Rohmer who also shared various items and their time with the kindergarten class.

Next week kindergarten will continue working on colors and numbers. In their alphabet study, they will learn the letters Hh and Tt. They hope to go on a trip to learn more about transportation.

Kindergarten students in Mrs. Ledbetter's kindergarten

class learned to recognize and write the letter Gg plus the sound of Gg. They colored things green and used glitter, played a garden game, made graphs, and ate grapes - YUM! Favorite "G" books included, "In the Tall, Tall Grass" and "Goldilocks." Kindergarten students all agreed the best part of studying the letter "G" was having Grandparents come and read to the class. A special thank you to Marilyn Bierschen, Shirley Reiter, Pat Bell, Barbara Felderhoff, Ida Bindel, Bill Crabtree, and Dana Turnbow. "G" week has been a great week.

Fourth grade students in Theresa Walterscheid's and Kristi Schneider's classes find that the new burgundy furniture lifts their spirits. Learning and studying seems to be more fun since the new furniture arrived.

## Cook-off and tractor show held Oct. 4 in Vernon

A rib and bean cook-off and auction will be held on Saturday, October 5, at the Santa Rosa Rodeo Grounds, Highway 183 South, in Vernon, benefiting the Volunteer Services Council for Vernon State Hospital.

show will be held in conjunction with the events. There will be games and activities for the children. It is open to the public and there is no admission.

For more information contact Marianne Norris at 817-552-9901, ext. 4016.

## Muenster 4-H plans year

The Muenster 4-H Club met September 9, with 17 members in attendance, with two adult leaders.

Yvonne Martin presided. Andy and Joseph Davis and Diana Felderhoff led the inspiration. During the meeting, plans were made for a Halloween social in October.

The program included reports of summer events. Included were County Camp

and junior fashion show, ect. Members discussed future programs for meetings, and filled out registration forms.

Projects that will be offered this year are: woodworking; Shooting sports; clothing and textiles; food and nutrition; leadership; and consumer life skills.

The next meeting will be held October 8. Dana Miller is the 4-H reporter.

Each Sunday from 9 to 10:15 a.m. in the Community Center Meeting Room

- Sept. 29 on "Fear vs. Love"
- Oct. 6 on "Sacramentals"
- Oct. 13 on "Forgiveness"
- Oct. 20 on "Why Confirmation?"
- Oct. 27 on "The Commissioning"

## SHYM upcoming events

by Eric Gray

Life Teen Life Nite with the theme "Sex Has A Meaning" is this Sunday evening in the Community Center Main Hall from 7 p.m. to 9 p.m.! That's this Sunday, Sept. 29! All high school students are invited to come check it out! This one is cool, dudes and dudettes! See you there!!

Life Teen visit to the Villa will be Sunday afternoon, Oct. 6. High schoolers, come to the Community Center Main Hall at 1 p.m. and we'll get ready to go! We'll return and be finished by 4 p.m., back in the Community Center Main Hall. This is a support of life on the other end of the spectrum at the same time others are supporting life on the infant side of life! "Come and support life with the elderly with us! See you there."

## by Eric Gray LIFE TEEN SCAVENGERS HUNT!

In case the folks of Muenster proper didn't know or notice already, forty-seven Life Teen scavengers were released upon the town last Sunday evening at 7:22 p.m. They had exactly one hour to find the things they could of a list of 26 items. Heading the rules (?) was an honor system type deal. Teams had to go on foot only, stay together at all times, ask for and be given all items, be courteous and respectful, and all remain to the end to win. Items varied from a cicada shell to a broken wrist watch to a stick of gum to a pocket protector, and much much more.

Out of seven teams, two came up as winners, gaining the most points. Receiving SHYM Life Teen T-shirts as a prize was the first team, consisting of Matthew Nasche, Kayla Felderhoff, Sarah Hess, Anne Flusche, Valerie Bartush, and McKenzie Molsbee. Receiving a chili dinner of Graydog's infamous "Coyote Chile: It's howlin' good!" was the team consisting of Yvonne Martin, Kristen Grewing, Brent Sicking, Andrea Bartush, Joanna Gehrig,

Jessica Berres, and Russell Fette.

All seven teams made some ingenious interpretations of some of the items on the list. Creativity served to definitely gain a few points here and there. It was an awesomely intense evening of suspense, full of fun, food and fellowship. A closing prayer wrapped it up, and it was time to go home.

## J.E.L.L.Y. KICKS

Last Sunday, numerous hearty and brave 7th and 8th graders converged on the Muenster Ball Park soccer grounds for a marathon soccer bout. The weather was great. The goals were set. A prayer was said. Teams were formed. The games began.

In Game #1, some of those attending were learning soccer as they played, and learn they did! By the time half-time snack break rolled around, they were all playing like old hands. Competition was fierce, and most everybody was into the running spirit.

During a large break, the girls challenged the boys to a duel, so long as they got to use two guys to even up numbers. Goals were traded off until the score stood at 4 to 4. Then the boys rallied and, under the leadership and expertise of Ernie "Wildman" Martin, doubled the score against them. By the time game-time was over, everybody was pretty well tired.

At the closing session, the junior highers recognized how even playing soccer was an exercise in the "3 R's of the School of Life," - Relating, Reconciling, Renewing. They also recognized their link with the rest of the world as they played soccer, the game of the nations. In a prayer of thanksgiving and with a bit of eating on some goodies, the event was closed, and memories remained.

Participants on the day were Andrea Bauer, Mattie Sicking, Melanie Bartush, Elizabeth Fette, Chris York, Luke Endres, Jonathan Yosten, Johnathan Bayer, Jeremy Yosten, Paul Fleitman, Jr., Michael Miller, Eric Gray, and Ernie Martin.

## Health Notes

### Contact lens wearers beware the water!

People who wear contact lenses may find it convenient to clean dirty or dry lenses with tap water when away from home. But a common bacteria in tap water and most natural water sources can cause a serious eye infection.

Infection with Acanthamoeba keratitis can destroy the cornea and a cornea transplant may become necessary. Carry a small bottle of sterile saline solution or sterile water when you are away from home, or carry a pair of eyeglasses. The infection is rare, but you don't want to risk being the one who gets it.

## Knights knock out Tigers

The Lindsay Knights came to Muenster last Friday night to tangle with the Sacred Heart Tigers. The battle was one-sided as the Knights easily led up a 28-0 half-time lead, then slowed down to finish the game 31-0.

Before the film I felt real disappointment and was really worried about the team," Sacred Heart Coach John Nasche said about his defeat. At Saturday after viewing the film, it became quite obvious that all our problems were correctable. All of Lindsay's plays were the result of our inconsistency," Nasche continued. "If we played better technique, it could easily have been 0-0."

Lindsay's Zach Bowman took an opening kick and returned 11 yards to the Tiger 29. On his third play, a fumbled ball was covered by Glen Dangelmayr on the 25. Joel Schilling's 20 yard pitch-out highlighted the Tiger offense that ended with a punt 4 yards later.

From their 30 yard line, it was Lindsay just one pass play score. A short pass from Bowman to Freshman Adrian Jerle turned into a 70 yard touchdown. Aaron Krebs added an extra point for a 7-0 Knight lead with 7:19 on the clock.

The Tigers next drive was shortened when David Fuhrmann sacked the quarterback for a 7 yard loss, giving a Sacred Heart punt. From the Knight side of the field, three short runs by Bowman, Hank Huchton and Shawn Hanks, then an incomplete pass was followed by a Bowman 42 yard touchdown play. Krebs added an extra point for a 14-0 score with 3:50 remaining in the first quarter.

The Tiger offense ran seven plays, including runs by Jeff Yosten, and Paul Swirczynski on a short pass to Lee Reiter before running out of bounds, as the first quarter ended.

Lindsay's next drive began with their 20, but a 10 yard penalty started them with a 10 and 20 at the 9. Runs by Huchton and Hanks gave Robert Sharp took the pass

covered the ball for the Knights. After three unsuccessful passes, Lindsay tried for a field goal. Aaron Krebs booted the ball 32 yards, through the goal posts for a 31-0 score with 1:30 left in the quarter.

Yosten and Dangelmayr carried the ball before the final quarter began, as the Tiger offense controlled the ball for 7 minutes and 42 seconds and twenty-one plays. Beginning at their 20, Sacred Heart slowly carried the ball to Lindsay's 6 yard line, with Swirczynski and Schilling taking charge.

A first and goal soon turned into a 4th and 14, where a pass fell incomplete and Lindsay's offense got the ball for the first time that quarter. At this point the Knights had only a total of 3 yards the 2nd half, but their offense now controlled the ball until the end of the game with runs by Hanks and Bowman and a pass to Sharp. The Knights got their first season win, as the Tigers fell to 1-2 on the season.

"We had lack of execution on every play. We have to be more consistent on doing our job," Nasche stated. "It's up to us to work and concentrate a little harder and execute better to get on a winning track."

Nasche named his outstanding players. Defensive standouts were Joel Schilling, John Bartush and Aaron Hess. On offense were Paul Swirczynski and Waylon Hess. Special team standouts were Derek Fuhrmann and Glen Dangelmayr.

"We came out and took advantage of some situations to get an early lead, otherwise it would have been a struggle," Lindsay Coach Charlie Meurer commented. "The boys executed fairly well, and put forth a great effort. To continue to improve - that's our goal. We're on the right path."

**Next Action - Sacred Heart vs. Godley**

The Tigers take on a tough Godley team Saturday at Lewisville. The Wildcats, out of district 13-2A, return from a 6-4 team last season, with 5 juniors that earned all-district honors. Junior fullback Buddy Hornbeck made his mark on defense last year and led his team offensively with 1,003 rushing yards.

"The Fort Worth paper has Godley ranked #2 in the area," Nasche concluded, "We could be in the same situation, if we play well we have a good chance to win."

Godley will be the home team. The game will be played at Lewisville High School's Goldsmith Stadium.

**Direction to the game:** Take I-35 S to Lewisville, take 1171 exit (Flower Mound Exit), go right on Main Street. Travel approximately 1/2 mile. Stadium is on the left.

**Next Action - Lindsay at Electra**

The Knights face a tough challenge at Electra Friday night. The Tigers are picked favorites in district 9-2A after an area championship last season, from which they lost 12 lettermen.

Electra's big guns are quarterback Joe Coffey (917 passing yards) and back Terry Monroe (1,407 rushing) and on defense Robert Nettles and Michael McAllister.

"Electra's a tough, good football team," Coach Meurer commented. "They are big, fast, aggressive and very well coached. It will be a hard fought contest."

Meurer said the Knights will have to use this challenge to do what it takes to play a good football team.

The game begins at 8:00 p.m. in Electra.

**HORNET QUARTERBACK SCOTT HERMES** (25) pitches the ball back to Eric Miller (12) in last Friday's game against Callisburg. Blocking for Muenster are Greg Flusche (68), Cory Charles (55) and Lucas Hartman (57). Photo by Janie Hartman

## Last minute turnovers haunt Hornets

It was a disappointing loss for the Muenster Hornets Friday night. After scoring on their first drive, the Hornets battled to keep their 7-0 lead, mistake free, until within the last two minutes of the game, when two turnovers turned into Callisburg touchdowns and a frustrating 14-7 loss for Muenster.

The kick on the 4th and 15, but the Wildcats fumbled the ball on the return and Stephen Reiter covered on the Hornet 40 yard line.

Muenster lost yardage and punted. The teams exchanged punts, with the Wildcats moving the ball to a first and goal on the 5 yard line. The Hornets goal line defense

The Hornets attempted to come back, going to the air. Six plays later, Callisburg's Jeremy Posey picked off a pass and carried it 58 yards for another Callisburg score. The PAT failed for a 14-7 game.

The Hornets' last chance to score ended when they fumbled the ball as the clock erased the seconds and the game ended.

**ERIK WALTERSCHEID** (50) and Barry Fleitman (88) bring down a Wildcat player for no gain in an extra point attempt. Other Hornets pictured are Cody Perryman (52), Lucas Hartman (57), and Michael Boydston (73). Photo by Janie Hartman

caused a fumble, covered by Eric Walterscheid on the 2 yard line, ending any scoring threat and allowing the clock to tick down to the half.

Muenster's offense began the 3rd quarter with a 14 yard Miller run and a 13 yard gain by Walterscheid. Then the drive sputtered and Muenster punted. Callisburg got in seven plays, then lost possession when Aaron Sicking covered a loose ball. But it was 3 strikes and out for the Hornet offense, again punting the ball away. The Wildcats got in 7 good plays and were inside the Hornet 20 yard line. But on 4th and 12, Jeremy Walterscheid sacked the Wildcat quarterback and Muenster took over on their 34.

The Hornet offense moved into the final quarter, but punted on 4th and 19. To Muenster's luck a fumbled return saw Bryan Hudspeth get the ball on the Hornet offense, again punting the ball away. The Wildcats got in 7 good plays and were inside the Hornet 20 yard line. But on 4th and 12, Jeremy Walterscheid sacked the Wildcat quarterback and Muenster took over on their 34.

Callisburg took the opening kick and got in several good runs before punting the ball over to Muenster. The Hornets first drive began on their ten yard line. Two unsuccessful runs were followed by a 20 yard pass completion to Steven Reiter. Two short runs by Jeremy Walterscheid and Eric Miller took the ball to Muenster's 30. Brian Fleitman gained another 16 and a short run by Walterscheid and a flag put Muenster on the Callisburg 47. Shane Sparkman found an open field for a 44 yard run, but a holding flag put Muenster on the 6 yard line, first and goal. Walterscheid carried to the four, Scott Hermes to the one on a keeper, then Walterscheid was in for the score. Jake Luke kicked the extra point and the Hornets had a 7-0 lead with 2:35 remaining in the first quarter.

Callisburg carried the ball into the second quarter before punting the ball over to the Hornets. Muenster returned

"This was a tough loss, but I want it to be a positive loss as we go into district," Coach Tankersley said. "The secondary held a great passing team to very little yardage. The secondary includes Eric Miller, Corey Anderle, Steven Reiter and Brian Fleitman. Offensive standouts were Shane Sparkman, Brian Fleitman, Eric Miller and Jeremy Walterscheid. Jake Luke and Greg Flusche led the defense."

**Next Action - Blue Ridge**  
 District action begins in 9-A Friday night, including Muenster's match with the Blue Ridge Tigers. "They're big, real physical and have a great quarterback," said Tankersley. "They played a real tough non-district. It should be a struggle."

Blue Ridge has 7 starters, both ways, returning from a 7-3 playoff year. Action begins at 7:30 at Hornet Stadium.

**GER BLOCKERS** Jeff Yosten (20), John Bartush (66) and Joel Schilling line up in front of ball carrier Paul Swirczynski as the Knight defense threatens to cut him off. Dave Fette Photo

44. A Bowman pass to Archie Alfrey saw the rebound light up again on a 13 yard touchdown pass play. Krebs added another PAT for a 20 score with 9:07 left in the first half.

The Tigers again were unable to pick up the needed yards and punted. Lindsay came back with a 13 yard pass to Sharp, a 5 yard penalty and a 63 yard touchdown run by Shawn Hanks. Krebs' kick gave Lindsay a 28-0 lead with seven and a half minutes still left on the clock.

Swirczynski got in a 16 yard pass to Skinner on the Tigers' next offensive attempt, but they were then forced to punt on 4th and 7. It was three plays and punt for the Knights the Tigers took over on their 47. Jeff Yosten gained 7 yards and Schilling 8, but two plays for 7 yards and two incomplete passes made the Tigers punt the ball away again. Lindsay led in 2 runs before the half-time break.

The Tiger offense began the second half with good runs by Swirczynski, Schilling and Reiter before punting the ball to Lindsay. The Knights and Tigers exchanged punts a few times with Sacred Heart winning the ball on their 15 yard line. Robert Sharp

# Contest sees more new winners

Week three of the Muenster Enterprise football contest saw three different contestants take home the cash. Ray Long finished in first place, missing only 6 games, picking up his cash at Doctor Margie York's office.

Second place went to Neil Huchton and Doug Stoffels, both correctly guessing 32 games and both missing the tie-breaker by 17 points. They split the 2nd and 3rd place cash prizes and collected their prizes at AMPI and Gainesville Livestock.

Coming in a close 4th with 31 were Wayne Klement, Peachie Huchton, Aaron Hess, Mickey Haverkamp and Jamie Hellman. Guessing 30 were Barbie Barnhill, Edgar Dyer, Charles Edwards, John Nasche, Bonnie Stoffels and Mike Stoffels. Of the 45 contestants the low score was 12, because only one contest

page was turned in.

In the tie-breaker game, twelve supportive Tiger fans picked Sacred Heart over Lindsay. The closest guess to the score was Wendell Richey at 34-0.

Thirty-eight entrants picked Muenster over Callisburg, 19 missed Gunter over Collinsville and 18 missed Savoy. Only nine believed Whitesboro could win, while 4 picked Era and 27 chose Notre Dame over Saint Jo.

Only one missed Celina's 55-0 win, with only 2 picking the Cowboys to lose. Everyone correctly picked A&M and all were given the Pilot Point vs. Lake Dallas tie. The game that never made the news wire was East Texas State's loss to N.W. State. Just this month East Texas State changed their name to Texas A&M at Commerce. Twenty-five missed that game's winner.

# Muenster homecoming Friday

by Student Council Reporter Dolly Patel

The 1996 Homecoming Queen will be crowned during half-time as the Muenster Hornets take on Blue Ridge Friday, Sept. 27, at 7:30 p.m. at Hornet Stadium.

The Royal Court, escorted by their parents, will be introduced during the pre-game ceremony at 7:00. Ex-students from the class of 1996 will escort the queen candidates and princesses at half-time. These former Hornets include Kody Dill, Jeff Felderhoff, Bradley Fisher, Jeff Flusche, James Klement, Cody Sicking, and Jason Sicking. Last year's queen, Hollie Fuhrman, will crown the 1996 Homecoming Queen who will also receive her queen's banner and a dozen red roses from the Student Council on behalf of the entire student body.

This year's Homecoming Queen candidates are Tara Chapman, daughter of Geri and Cody Williams; Andrea Goodwin, daughter of Linda and Andy Goodwin; Brandi Lutkenhaus, daughter of Linda and Bobby Lutkenhaus; and Jennifer Sicking, daughter of Dina and Troy Sicking.

To complete the Royal Court, the Queen candidates are

joined by the princesses: Junie Keisha Dill, daughter of Bet and Charles Dill; Sophomore Maggie Fisher, daughter of Vicky and Chuck Fisher; an Freshman Kristin Grewing daughter of Kellye Hess and Donnie Grewing. MH students elected this Royal Court in class elections earlier this school year.

On Friday afternoon at 1:30 the Hornet cheerleaders will lead a schoolwide pep rally in the new Hornet Gym. As part of the pep rally, Student Council members or class officers will present Homecoming mums to each queen candidate and princess. Hornet fans are encouraged to attend this Homecoming pep rally.

Homecoming activities commenced earlier this week with a Homecoming Liturgy at Sacred Heart Church Wednesday evening.

A dance in the school cafeteria after the game for MISD students from grade 8-12 concludes this year Homecoming festivities. The school is providing music until midnight by The Entertainers plus free hamburgers, soft drinks and snacks. Admission is free with entrance through the south door of the MISD cafeteria.

# Teamwork

On the football field, it's impossible for one player to win the game. It takes everyone working together as a team to claim the victory.

It takes teamwork in life, too.

And when you need financial assistance, you know when you pass the ball to us, we won't fumble! We'll build a solid game plan of financial advice so you can complete the play.

Come join us, and together we'll make a winning team!

**CONTEST RULES:**

5 P.M. FRIDAY, the week of publication. Mailed entries will be accepted only if postmarked before Friday 5 P.M. Address for mailing entries is P.O. Box 190, Muenster, Texas 76252. Entries received late because of postal delay will be counted for the grand prize, but will not be eligible for the weekly prize.

6. The featured ad is picked at random each week. It contains the tie-breaker listing and is one of the winner/loser picks. Winner will pick up their prizes at that business each week on or after Tuesday of that week.

7. To be the grand prize winner, a contestant must enter every week. Contest will continue as long as either Muenster team remains in play. Winner of the \$100.00 grand prize will be determined by the best winning percentage throughout the contest after the lowest score is thrown out.

# Squires squeeze past Cubs 14-6

Lindsay and Sacred Heart junior high teams met on Knight field last Thursday in a close, hard-fought battle, with the Squires outscoring the Cubs 14-6.

Lindsay took the opening kick, but could not move against the Cubs defense. Sacred Heart began their first drive on their 39. Runs by Jeff Hartman and Charlie Moster took the Cubs to the Squire 37 before punting the ball away.

Lindsay carried the ball into the second quarter with runs by Nick Fuhrmann and Travis Alfrey to the 12 yard line. Two flags stalled Lindsay until a pass from Nick Fuhrmann to Andy Zimmerer was good for the score. Fuhrmann ran the extra point up the middle for a 8-0 score with 2:10 remaining

in the first half.

The Cubs bounced right back when Charlie Moster returned Lindsay's kick 75 yards for a touchdown. A fumbled extra point attempt left the score at 8-6.

The teams exchanged possession, then it was half-time.

The Cubs took the opening 3rd quarter kick, but fumbled the ball on the return giving the Squires the ball on the Cub 39. Three runs, one each by Fuhrmann, Skyler Schauf and Preston Henry took Lindsay to the 15. Three plays later, the Squires fumbled the ball. Jeff Hartman covered for Scared Heart on the 12.

The Cubs gained only one yard in three runs and punted.

From the 33, Lindsay had runs by Schauf, Fuhrmann, and Henry to get to the 10. The first play of the final period saw Travis Alfrey go wide right and score. The extra points failed and the Squires took a 14-6 lead with 7:50 remaining in the game.

Both teams got in some runs as they exchanged possession throughout the remainder of the game. Hartman and Moster ran for the Tigers, while Schauf, Henry, and Jonathan Klement got in carries for Lindsay. The game ended in the Squires' favor 14-6.

This Thursday the Cubs meet Saint Mary's at Tiger field beginning at 6:00 p.m.

The Squires host Electra with action beginning at 5:00 p.m.

LINDSAY HIGH SCHOOL HOMECOMING Queen candidates, from left, Amber Geray, Er Eberhart, Michelle Murrell and Molly Trammell. Photo by Janie Hartman

# Lindsay Homecoming festivities set for Oct. 4

Lindsay High School will have their annual Homecoming football festivities on Friday, Oct. 4.

This year's queen candidates and parents are: Erin Eberhart daughter of Patty and Tom Eberhart; Amber Geray daughter of Lorrie and Joe Geray; Michele Murrell daughter of Charlotte and Mike Murrell; Molly Trammell daughter of Jill and Alan Trammell.

The Senior football players will serve as escorts for the candidates and the 1995 queen, Keleigh O'Dell. The senior players are: Zach Bowman, Richard Haayan, Shawn Hanks, Hank Huchton, Aaron Krebs, Mickey Meurer, Jared Odell, Brad Perrin, and Robert Sharp.

The coronation ceremonies will take place as part of pre-game activities beginning at

7:30 p.m. The Knights will play the Gainesville State School Tornados. Honor classes at the Homecoming activities will be the Class of 63 and the class of 87. These two classes are invited to a social at half-time of the game. Refreshments will be served. Location will be near the field.

## Staying in business

At a recent Texas A&M Beef Cattle Short Course, cattlemen were asking what to do to survive the dry times, high feed and low cattle prices.

Decide how many of your cows are worth keeping and get rid of the rest was the simple advice given by Charles Schroeder, owner of S&S Cattle Company. Jim Theeck, owner of Rafter J Cattle Company, stressed that cattlemen need to ask themselves one basic question as they head into the winter months: "Do I intend to be in business two years from now?"

If the answer is no, get out now. If it is yes, look closely at your herd. Did you buy them at the auction barn? Can you replace them at the barn? Or are your cattle genetically superior?

"If you're talking about packing out a \$300 cow today and replacing her with a \$500 cow two years from now, by all means, sell," Theeck said. "She'll eat more feed than you can handle."

All cows, regular and topnotch, are bringing around \$300 today, but that will change when the cattle market turns around.

"Those superior cows are going to cost you \$1,000 to \$1,200 to replace," Theeck continued. "If you keep this cow, and lost \$200 per year per calf ... after you've sold that calf and paid that feed bill, you're out \$400 plus the \$300 she would have brought at the sale. And that's still a lot cheaper than replacing her for \$1,000 or more down the road."

Once you decide to stay in business, one needs to decide how many cows he can keep. "Plan for the worst," said Schroeder. "If it starts raining, that's good. But how long will the rains come?"

Remember it is cheaper to feed a cow than wean a 300- or 400-pound calf that is a cow genetically capable of weaning a 600-pound calf. Producers would be ill-advised to do the former. Considering that it

costs \$340 to \$400 a year to keep a cow, a cow that weans a 300-400-pound calf is going to be profitable only a couple of years out of the average seven-year cattle cycle.

"So, although she may go through this drought easier and cheaper than a higher-producing cow, she still doesn't have the potential to earn any money down the road," Schroeder said. "So, we need to identify the cows that will make us money most years of the cattle cycle."

When culling, all cows not nursing calves should go, no matter how good they are, Schroeder said, advising those cows will never recover the feed costs during their lifetime.

Next to go should be all irregular producing cows or those that calve every 15 or 16 months.

Age should also be a factor, every cow over six years of age should be culled.

Cows should be culled for conformation, physical defects, past history of problems and disposition. Cattlemen should consider keeping genetic uniformity, breed type, frame size and keep calving season in mind.

This may also be a good time to replace bulls with superior stock. "Now you can buy the very best bulls for a good price," they commented.

If a producer finds he has extra grass and can add some good genetics to his herd, it's bargain time in the cow business.

"We may be selling cattle at a discount now, but you can also buy discounted," Schroeder said. "And good cattle are going to appreciate more or faster than poorer cattle when this thing does turn around."

### Bickering

The biggest thing couples argue about is money. Some 29% of couples say they argue more about their spouse's spending than anything else.

## County Agent's Report

by Craig Rosenbaum

### WILDLIFE FOOD PLOTS

Many hunters and nature enthusiasts try to establish food plots for wildlife, especially deer, each fall. Recently I attended a Hunting Show in a nearby town and was amazed at the number of forage programs that are being offered to hunters. Wildlife food plots can offer some supplementation to wildlife species on your property or lease if handled correctly. This week I visited several of our feed and seed stores in the county to see what type of seed source we have.

Hunters and wildlife managers have a choice in the cool season to either plant cool season annuals or legumes. Legumes that grow well in our particular county include Vetch, Austrian Winter Peas, and several Clover species including Madrid Sweet Clover and Yucca Arrowleaf Clover. If you are going to plant a legume, be sure and inoculate the seed so the plants will have the ability to fix nitrogen. Clovers will provide very little grazing in the fall. For this reason, it might be advisable to make a pasture mix which would include some of our small grains. Oats, Wheat, and Cereal Rye work very well in Cooke County.

Whatever you plant, remember there is no shortcut to good seed bed preparation. Your food plots should be plowed so that seed can come in contact with the soil and

also eliminate competition from fall growing grasses and weeds.

Clovers and other legumes should be planted very shallow at approximately 1/4 to 1/2 inch deep. The oats, wheat, or rye can be planted a deeper depth to come in contact with moisture. Broadcast rate for the clovers and winter peas should be about 8 to 15 pounds per acre. The cereal grains should be from 60 to 80 pounds per acre. In addition to these plants, ryegrass also can provide winter and spring grazing.

### COUNTY HAY SHOW REMINDER

The County Hay Show will be held Oct. 10. We need your hay samples by Tues., Oct. 1, in order for chemical analysis to be run on them. Contact Craig at the County Extension Office 668-5412 or Doug Robison or T. J. Davison at North Central Texas College 668-7731.

### STEER AND HEIFER ENTRIES DUE FOR 1997 COUNTY YOUTH FAIR

4-H'ers planning to show Market Steers or Beef Heifers in the 1997 County Youth Fair must have their animals entered and on feed by **Fri., Oct. 4, 1996**. Entry forms are available in the County Extension Office in the Courthouse Basement. Office hours are 8 a.m. to noon and 1 p.m. to 5 p.m. Monday through Friday.

## FARM SAFETY

Protect Yourself from the Sun's Burning Rays -- farmers and ranchers are often exposed to damaging rays from the sun. Since they spend most of their time outdoors, skin damage can be severe unless farmers follow these simple precautions from the National Safety Council: keep as much skin covered as possible. Broad-rimmed hats and long-sleeved shirts will effectively reduce sunburn injury to face, neck and arms. When working outdoors, apply sun screens to exposed skin. These locations wash off easily with perspiration, so frequent

applications morning and afternoon may be necessary in warm weather.

Invest in personal Protection-- The purchase of personal protective equipment is one of the best investments a farmer can make. There are no excuses for not protecting your health and ensuring your safety while doing farm chores. No matter what the job may be, always wear adequate and well-maintained personal protective equipment at your farm worksite. An investment can pay off for you and your family.

## Commercial applicators should prepare for audit of CEUs

Commercial pesticide applicators should prepare for an audit of their continuing education credits.

"The goal behind self-certification was to make the process easier for licensees and create less paperwork for everyone," Commissioner Rick Perry said. "However, we've gotten some renewals where applicators failed to include information about the courses they took. We hope after this first audit we clear up any uncertainties about how to self-certify."

This is the first year that all pesticide applicators are to self-certify their continuing education units (CEUs). Commercial applicators must renew their license each year

and get five CEUs before they can renew.

TDA will audit all commercial applicator CEUs each year and will randomly audit non-commercial and private applicators. Private applicator licenses are good for five years and applicators must earn 15 CEUs during that period. At the beginning of next year, TDA provided private applicators with their current CEU total, and applicators are required to self-certify from that point until their license comes up for renewal.

For more information on pesticide licenses or self-certification, contact Water Protection and Application Certification and Training program at (512) 0463-7622 or 1-800-TELL-TDA.

## Four tips for success in today's cattle business

With today's high grain prices, dry weather and low cattle prices, cattlemen can still survive without cost breaking supplement cost. One can cut their needs. The following four management strategies can help lower your supplement requirements and reduce your cost.

- 1. Cull down cows to proven producers.**  
Culling of cows are determined on reproduction, function and producing. Cull out poor performers. Require each cow to breed early in the season, deliver a live calf, breed again on schedule and wean a calf.
- 2. adjust calving season to fit forage.**  
Put calving to where the cows peak lactation coincides with available grass, when cows are able to take advantage of high quality forage growth.
- 3. Wean calves early.**  
Normally, to improve reproductive performances,

weaning is done at 60 to 90 days. To cut cost, wean in September and October. This allows calves time to be utilized feeds and gain in the fall.

### 4. Adopt a grazing program.

Rotational grazing can help you survive the current conditions without selling cattle. One needs to choose a grazing program that effectively uses your land to increase profits and capture as much forage quality as you can.

### Sodbuster's Sentiment

Nature is a mutable cloud, which is always and never the same.

Ralph W. Emerson  
To love what you do and feel that it matters, how could anything be more fun?  
Katherine Graham

Cooke County Electric Cooperative chose a lightning bolt for its company logo because we like the fact that it's a symbol of power and electricity. We feel it's appropriate because it fits in real well with our goal of always providing our members with reliable, low cost electricity.

But the lightning bolt logo also serves another purpose. It's a great warning that electricity is very powerful and extremely dangerous.

So the next time you see a Cooke County Electric lightning bolt on your monthly bill or on one of our service trucks, please let it remind you of the dangers associated with electricity.

Always play it safe around electricity.  
We do.
