Named Exemplary for the third straight year

MISD assembly honors rating

Muenster ISD held a schoolwide assembly Wednesday, Oct. 16 in the school auditorium to honor its students, faculty, support staff and campus administrators for receiving an exemplary rating from the Texas Education Agency for the third straight year.

MISD superintendent Steve Cooper opened the assembly, addressing the students. "When you are in a school district as Muenster, you are blessed," Cooper stated. "It's important to give you (the students) credit where credit is due. Think how hard it is to win three super bowls in a row...exemplary is that!" Cooper went on to say that only three school districts in the State of Texas have received

this award three years, and only two of those districts have high schools, Muenster and Highland Park.

State Senator Tom Haywood was Muenster's first special guest. Haywood introduced himself as "the slow speaker because I have cerebral palsy. I am pleased to be back in Muenster to congratulate you on your rating and want to come back next year. You are indeed in high cotton to be rated with Highland Park School district," Haywood concluded.

On behalf of the City, Muenster mayor Henry Weinzapfel welcomed all the guests "who came to Muenster to share this great occasion, this great award," concluding that Muenster is extremely

proud of the school.

"You (MISD students) should be proud of where you live. You are an elite group," commented U.S. Congressman Ralph Hall. "I can't congratulate you enough, setting high standards, high spirits, high policies...You have it all going." The congressman presented Muenster School with a U.S. flag that flew over the U.S. Capitol.

Leon Klement, school board president thanked everyone involved in the school and congratulated the students. "I had people ask me what's exemplary, what's the big deal? To have this many dignitaries come to this small school, that is a big deal," Klement continued, "What's exemplary? - It's not just the TAAS Test.

It's coming to school every day, it's behaving on the school bus, trying your best in whatever you do. Exemplary in the dictionary is 'a model to follow.' That's what you've done for this school."

Dr. David Brewer, director of administrative services for the Region 11 Education Service Center, presented the school with an exemplary plaque. The plaque states: "Exemplary School District presented to Muenster ISD for the highest accountability rating by the Texas Education Agency presented by Education Service Center Region 11, 1996."

Also at the assembly, Harold Bindel was recognized for his 17 years of service to the Muenster Board of Directors, which he recently resigned.

MUENSTER ISD PRESIDENT Leon Klement accepts a plaque distinguishing the district's state exemplary rating. Dr. David Brewer of Regional 11 Education Service presented the trophy during a student body assembly last week.

Memorial honors Dr. Juarez

by Janet Felderhoff

Donations made to Muenster Memorial Hospital in honor of Dr. Enrique Juarez were recently used to purchase a much needed emergency room table. The new table has many more features than its predecessor which enables one person to easily move it.

Some of the bed's features include a one-step locking system, hydraulics instead of hand cranks, automatic tilt, an attached oxygen tank and IV pole, a fifth wheel for easier moving, and attachments for holding a monitor and chart or book. For the patient's comfort, it has a good mattress, an extension for longer patients, and adjusts to lower positions so patients don't have to use a step to get on the table, side rails that can be switched to act as an armrest. The table can be positioned at the head, foot, or in the center just like a hospital bed.

Dr. Juarez died on March 29, 1993 after losing his struggle with cancer. He and his family moved to Muenster in 1976 to set up a medical practice. Dr. Juarez and his wife, Angeles, came to the United States in the early '70s after finally escaping the communistic rule in Cuba. Enrique Juarez was born in El Cristo, Cuba on Dec. 1, 1918.

Don't Forget!

Muenster Halloween Dance to benefit Fred Loesler, Sacred Heart Community Center, 7-10 p.m.-1 a.m.

Baby Shower, 2-4 p.m., at ABA Women's Center, 414 E. Elm in Gainesville

Benefit party readied for John Fangman

The Lindsay Jaycees will be sponsoring a benefit Halloween Costume Party on Saturday, Oct. 26 at 8 p.m. in the Lindsay Centennial Hall. John has been progressing very well since he was moved from Harris Hospital in Fort Worth to Baylor Rehab Center in Dallas the second week in September. His expected release date is Oct. 25. Support from the area communities has been enormous.

This benefit is being sponsored by the Lindsay Jaycees who would like to help with the financial burden. There will be many door prizes, silent auction, and cash prizes for best costumes. Food and drinks will be provided. Tickets can be purchased at the door for \$15 per person.

Fifty years with Ford marked by Endres Motor Company

The formal celebration of the fiftieth anniversary of Endres Motor Company was held on Monday, Oct. 21, 1996, at 10 a.m. when Urban and Jane Endres hosted Ford Motor Company officials, several close friends and cousins from out of state, Muenster and Gainesville Chamber of Commerce members and many local friends and business associates. Most importantly, they included tributes to their employees during the program.

Among dignitaries attending were Les Brown, Regional Sales Manager for Ford Motor Co., and Larry McKinney, Regional Manager of Ford Motor Co. Credit. Brown and McKinney presented a walnut and bronze plaque, honoring the 50-year association, to Urban and Jane Endres and a lapel pin with

two diamonds to Urban. In attendance also was Larry Renne, Ford Dealer Placement Manager.

During the program, Karl and Kim Klement joined Urban and Jane by presenting two checks to the Muenster Public Library Building Fund, expressing gratitude to their hometown in return for many kindnesses received. Employees of Endres Motor Co. presented a crystal bowl as an anniversary gift to the Endreses. Larry McKinney gifted them with an etched glass plaque from Ford Motor Credit.

Urban Endres closed the program with an emotional tribute to his longtime, late partner, Martin Klement. In a special acknowledgment, he recognized past employees, especially Marguerite "Kitty" King and Clarence "Dutch" Albers.

AT THE 50th ANNIVERSARY program on Monday, Daryl Ferber, president of the Muenster Public Library Board, and Jewel Otto and Betty Felderhoff, board members, accepted two checks from Urban and Jane Endres and Karl and Kim Klement for the new building fund. Dave Fetta Photo

Freeman makes appeal to Commissioner's Court

by Janet Felderhoff

"I know before I start this that the Court is not going to grant my request for a car allowance because one member of the Court has already advised me of that fact," remarked Bill Freeman, Justice of the Peace for Precinct #1. "I've heard around the courthouse that the court is very upset with me because I filed a grievance. I would like to explain to the Court that the grievance process is no more than an appeal much like an

appeal from any other court. All persons in the state who appear before a court have the right to appeal the decision of that court to a higher court. That is the decision I made and I will not apologize for my decision."

Freeman's duties as JP take him all over the county including trips to Marysville, Muenster, Moss Lake, and Dexter. Also he must make numerous trips to the county jail on weekends. The JPs are paid mileage of .28 per mile.

On short trips, the mileage doesn't cover the expense of starting his vehicle, Freeman said.

A majority of the members of the Cooke County Grievance Committee agreed with Judge Freeman. The committee recommended that he be granted a vehicle allowance of \$1200 per year. That committee is composed of a cross-section of county residents. Six of the nine felt that Freeman deserved more compensation and should be

Forum provides local candidates with opportunity to express views

by Janet Felderhoff

The League of Women Voters of Gainesville sponsored a Candidate Forum on Thursday, Oct. 17 at 7 p.m. Candidates for Cooke County races and two state races took the opportunity to present their views to those who would be voting in the November 5 General Election. Local radio and cable stations aired the forum. Tom Carson, moderator, presented the candidates and asked each three questions prepared by the League of Women Voters. Written questions from those in the audience were also asked.

Views voiced by Claxton, Haverkamp

Janelle Haverkamp is now serving as the District Attorney for Cooke County. She is the Republican

welfare board, and is currently sitting as a member on the legal assistance committee for the State Bar of Texas. He teaches courses at NCTC. Claxton's trial experience includes cases in both state and federal court.

Janelle Haverkamp graduated from SMU School of Law in 1984 and became licensed to practice law in November 1984. The same month she was appointed to the position of County Attorney by the Commissioners Court. She held that position for five years and during that time developed her skills as a trial attorney by trying many misdemeanor cases before Cooke County juries. "Every time you go into the courtroom to try a case before a jury, you walk out a better trial attorney," Janelle said.

In 1989 she chose to go into private practice, but soon found that she preferred prosecuting criminals rather than defending them. This

JANELLE HAVERKAMP and LARRY CLAXTON

candidate seeking re-election to that position. Her position is being challenged by Democrat Thomas Larry Claxton. He has had a solo practice in law in Gainesville since 1985.

Claxton has practiced criminal law, probate, real estate, social security and represented people in front of the IRS. He grew up in Cooke County. His education includes a bachelors degree in Economics from the University of Colorado, graduate courses in the business school of North Texas State, and a law degree from St. Mary's University in San Antonio.

Since returning to Gainesville in 1985 Larry Claxton has served three years on the Gainesville ISD school board of trustees; eight years on the Cooke County Child

influenced her decision to seek the office of District Attorney in 1992. "During my 12 years of practicing law — three years in private practice and nine years as a prosecutor — I have tried well over 50 cases before a jury," remarked Haverkamp. "Every case I tried as District Attorney resulted in a conviction for the defendant — and every case appealed was affirmed by the Appellate Court. I like being a prosecutor — it is what I like the best — it is what I do the best."

Janelle is a 1977 graduate of Lindsay High School and a 1981 graduate of Texas Tech University.

With approximately 250 indictments returned each year by the Cooke County Grand Jury, Haverkamp noted that See DISTRICT ATTY., Page 6

granted a vehicle allowance. "This should give the Court an indication of how the citizens of Cooke County feel about my request," Freeman remarked.

Freeman said that he has used his personal vehicle 135 times during the past fiscal-year and would receive \$284.20 in mileage. That was equivalent to \$2.10 per trip (local and outer areas of the county).

"Regardless of the decision of the Court, I will continue to perform the duties of my office

as I have in the past," promised Freeman.

"I'm not totally opposed to the idea," said Commissioner Richard Brown. "Another item here is that if we do it, we're not only going to be doing it for three JPs, but for the Judge's office, the constable. I think if we're going to change our policy and switch to something like this (vehicle allowance), we're going to have to take a long look doing it county-wide."

Please See VEHICLE, Page 6

Anatomy of a Congressional Candidate Named HALL

Congressman **Ralph Hall** announced his candidacy for **Re-Election** in the Fall of 1995 and officially filed.

Two Republicans announced, Jonathan Newton of Dallas and **Jerry Ray Hall** of Houston—both of whom rented a Rockwall post office box—and eventually moved to Rockwall, Texas.

Candidate Newton worked the district—discussing the issues. Candidate **Jerry Hall** tried to pull out of the race—and, when the Republican party refused to refund his filing fee—he changed his telephone number and returned to Houston. **Jerry Hall** didn't even extend the courtesy of debating young Jonathan Newton. Despite the fact that Jerry Hall rarely, if ever, showed his face in the district during the primary—he won—55% to 45%. Many feel that he was elected in the Republican Primary on the good name **Congressman Ralph Hall** has made for himself through his years of public service.

Once **Jerry Ray Hall** was elected as the Republican nominee—he sent out the following very deceptive and misleading fund raising letter to many of Congressman **Ralph Hall's** former contributors who had never heard of **Jerry Ray Hall**, had never “helped him before” as he stated in his mail out.

Here is the deceptive part of his letter. →

Jerry Ray Hall
P O Box 1773
Rockwall, TX 75087-1773

Note:
Mailed From
His Home In
Houston

Mr. [REDACTED]
Rockwall, TX 75087

Lives in a P.O. Box?

Dear [REDACTED]

As you know I am running for Congress from the 4th District, which encompasses much of North and East Texas. *This is the most important seat in Texas as it will give the Texas Republicans a majority.*

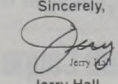

Last month I won the primary with 54% of the vote against a well-known and well-funded opponent. Now I'm ready for an aggressive, all-out general election campaign.

You and I have fought together before. And I've always been proud to be able to count on your support. Now I need your help once again.....

The only way I can win this election is with the help of my good friends and colleagues. Your most generous contribution of \$250, \$500 or \$1,000 will help me become the next Republican Congressman from Texas.....

I can definitely win this race. But I need your help. *I've always been able to count on you in the past.* I hope you'll answer this call and send the most generous gift you can to my campaign today.

I would consider your support a personal favor. *Please stand with me again* in this tough battle.

Sincerely,

Jerry Hall

P.S. *You and I have fought many tough battles. I need your support again* in my race for Congress. Please send your most generous contribution of **\$250, \$500 or \$1,000** to my campaign today.

(Underlining Is Ours)

Let's don't confuse the two **Halls** – One is a recent move-in from Harris County (Harris Co. already has 6 congressmen—we are entitled to one.) and the other is Congressman **Ralph Hall** – who has served us well.

Keep RALPH HALL. He's One Of Us.

Sonny Walterscheid dies at age 56

SONNY WALTERSCHEID

Death claimed Theodore J. "Sonny" Walterscheid on October 19, 1996 after a lingering illness. He died at age 56 in Wilson N. Jones Hospital in Sherman at 6:50 p.m. on Saturday. He died on the same date as his father "Tee" on Oct. 19, 1939, at age 31, and in the same hospital, then known as St. Vincent's Hospital of Sherman.

Mass of Christian Burial was held on Wednesday, October 23 in Sacred Heart Church at 10 a.m. Officiating were Father David Bellinghausen OSB and Father Frowin Schoech, OSB. Father David delivered the homily.

Mass servers were Sylvan Walterscheid, Joel Schilling and Chuck Bartush, Jr.

Taking part in the special funeral liturgy were a niece J.J. Sowers with the First Reading from the Old Testament; Jolanda Fleitman, a niece and godchild with the Second Reading from the New Testament; Prayers of the Faithful by a niece Gina Wisdom. Offertory gifts were presented at the altar by grandchildren Jessica Knabe, Jennifer Hoedebeck, Chris Hoedebeck and David Walterscheid.

Eucharistic Ministers were Regina Pels, Harriet Scoggins, Sandra Reeves, Leon Klement and Mark Fuhrmann.

Music Ministers were Ruth Felderhoff, Christy Hesse, and Pam Fette who presented sacred songs, including "Here I Am Lord" for the Entrance, "Psalm of the Good Shepherd", "I Am The Bread of Life" for Offertory, "How Great Thou

A talented musician who loved to dance, he was an avid accordion player and also played the piano. Years ago, with his sister, he was featured on Radio KGAF on Saturday mornings as a "small children" group; he performed at every Germanfest until this year, where he was a favorite; and delighted in playing at family parties, and for residents of nursing homes. He lived his entire life in the Muenster area and was a member of Sacred Heart Church.

Survivors include his wife, Annette Walterscheid; three daughters Reneta Knabe of Muenster, Lydia Springer of Dallas, and Shellie Hoedebeck of Muenster; and one son T.J. Walterscheid of Muenster. There are nine grandchildren. Also surviving are his mother, Mrs. Mary Schilling of Muenster and one sister Norma Jean Clifton of Muenster.

Preceding him in death were his father, Theodore Walterscheid; his step-father Mike Schilling; one infant sister Oletha Walterscheid.

Burial in Sacred Heart Cemetery was directed by McCoy Funeral Home of Muenster. Pallbearers were Steve Fuhrmann, a cousin; Harry Scoggins, Leonard Haverkamp and Bernard Haverkamp, co-workers at AMPI; Michael Hofbauer, a nephew; and Leonard Bayer, a cousin.

For those who have asked, the family has suggested memorials to Sacred Heart Trust Fund.

Funeral service held October 22

NORBERT KLEMENT

Mass of Christian Burial was held for Norbert Joseph Klement on Tuesday, Oct. 22, 1996 in Sacred Heart Church at 10:30 a.m. Officiating the funeral Mass were Father David Bellinghausen OSB, Father Frowin Schoech OSB and Father Harry Fisher, Mr. Klement died at St. Richard's Villa on Oct. 19 at 4 p.m. at age 87.

Participants in the special funeral liturgy were: Mass servers, Eric Gray, Chuck Bartush, Jr. and Sylvan Walterscheid. Father David delivered the homily.

Grandchildren and great-grandchildren also took part in the liturgy. A granddaughter, Lisa Otto gave the First Reading from the Old Testament and another granddaughter Lori Otto gave the Second Reading from the New Testament. Prayers of the Faithful and Intercessions were read by a grandson, Jon Klement. Offertory gifts were presented at the altar by great-grandchildren Staci Davis and Christen Klement. Eucharistic Ministers were Fathers David, Frowin and Fisher.

Music Ministers were Emily Klement, Ruth Felderhoff, Pam and Dave Fette. Sacred songs included: "Amazing Grace" for the Entrance, "Psalm of the Good Shepherd," "God Gives His People Strength" at Offertory, "On Eagles Wings" and "Softly and Tenderly Jesus Is Calling" at Communion, "Irish Blessing Song" at the farewell, and "How Great Thou Art" for the Recessional.

Norbert Klement was born in Muenster on Christmas Eve, December 24, 1908 to John B. Klement and Margaret Knabe Klement. On August 1, 1933 he was married to Agnes Bayer in Sacred Heart Church.

A lifetime member of Sacred Heart Church, he lived his entire life in the Muenster area. He was a member of the Knights of Columbus and was a dairy farmer. In the late 1940s, he and his brother, Ed Klement farmed in the Wolf Ridge area and operated a milk route. In 1952 he and his family moved just north of Muenster and operated a dairy farm until 1983, when he retired, built a new home and moved to town.

He was a community and parish leader. For a number of

years, in the 1950s he was a member of the Muenster Independent School District Board of Trustees and was particularly proud of his membership on the board. A devoted husband, father and grandfather, he was deeply concerned with the improvement of education and welfare of his family.

Some of his hobbies were taking his grandkids hunting and fishing, on hayrides and tractor rides. He was a history buff and an ardent reader.

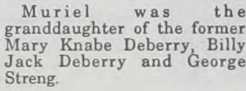

Survivors include his wife, Agnes Klement of Muenster; three daughters Norma Scott of Ardmore, Shirley Otto of Cedar Hill, and Marcy Marr of Runaway Bay; and one son Will Klement of Mission, Texas. There are 12 grandchildren and 15 great-grandchildren. Other survivors are one sister, Mrs. Marie Reiter of Muenster, and three brothers, Ray Klement, Walter Klement, and Edgar Klement all of Muenster.

Preceding him in death were his parents; and four brothers John A. Klement, Albert Klement, Martin Klement, and Roman (Rody) Klement.

On Monday, preceding the funeral day, a Rosary Service was held at McCoy Funeral Chapel, and a Vigil at 7 p.m.

Burial in Sacred Heart Cemetery was directed by McCoy Funeral Home of Muenster. Pallbearers were grandsons, Chris Klement, Mike Klement, Troy Cain, Scott Cain, Jimmy Marr, and Pat Marr.

Muriel Thornton dies of heart failure

MURIEL THORNTON

Muriel Thornton, eight-year old daughter of Kevin and Shelene Streng Thornton and sister of twelve-year old Crystal Thornton died on Friday, Oct. 18 at Wilson N.

Jones Hospital. She was a victim of heart failure.

Muriel was the granddaughter of the former Mary Knabe Deberry, Billy Jack Deberry and George Streng.

Relatives attending the services in Sherman on Monday, Oct. 21, from the

Muenster and Gainesville areas included Arthur and Frances Bayer, Julia Rogers, Ethel Hennigan, Robert and Rose Knabe, Tony Knabe, Lajuana Klement, Charles and Flora Mae Knabe, Kathleen Hamilton, Dee Ann Neu and Barbara Hacker.

Muenster native dies at age 66

JACKIE REITER

Services for Jackie Reiter of Lancaster, a native of Muenster, were held on Monday, Oct. 21 at 1 p.m. at the First Baptist Church in Lancaster. Mr. Reiter died in the Lancaster Hospital following an illness of three weeks.

He was born on July 8, 1930, the eldest child of August (Gussie) Reiter and Hilda Knabe Reiter in Muenster. After attending Sacred Heart School, he enlisted in the Navy.

A long time employee of AMPI in Muenster, he was transferred to Sulphur Springs. He married Mary Stepp. Later, he started his own business in Dallas where he gained national attention

installing stainless steel pipelines, and taught many others to do stainless steel welding.

Survivors include his wife Mary Reiter; two daughters Melanie Reeves of Austin and Mindy Massey of Lake Worth; and one granddaughter, Makala Reeves. Also six brothers Don Reiter of Hayward, CA, Bill Reiter of Lindsay, David Leonard, Allen and Roy Reiter all of Muenster; and two sisters Dolores Reiter of Farmers Branch and Bernice Sicking of Myra.

All of the brothers and sisters, a large number of nieces and nephews and friends attended the services.

Channel 12 to begin advertising Muenster the first week of Nov.

by Daryl Ferber
Muenster will be seeing their city on Channel 12 ads beginning the first week of November. Chamber of Commerce members were shown the Channel 12 tape of Muenster at the October meeting by J. Michael Terelli, account executive for Channel 12.

The advertising tape is an overview of Muenster businesses, a 30 second spot commercial with changing audio each week to fit the November Saturday activities. Showing will be at various times during the day. The \$2000 budget for the 3-4 week period will also include some bonus spots after the election period finishes.

The audience was asked for suggestions or changes for the tape. The Muenster logo imposed over the pictures was suggested to be at end instead and Chamber phone number needed to be darkened as not easily readable.

Announcements were made of the highway billboards being repainted, The Enterprise will do a new map brochure,

Jaycees Halloween Party to benefit Fred Koesler on Oct. 26, and the 50th anniversary of Endres Motor on Oct. 19 and 21.

Margie Starke explained the November activities and listed all the entertainment scheduled for each Saturday. November 2 is the Bicycle Rodeo with Russell Fette and Scout Troop 664. Street Rods Car Show will follow on the 9th, with a Stomp Rocket Contest, Lollipop the clown, local entertainers, Side Street Circus, a Jitter-bug exposition, a Barbie look-a-like contest and a bake sale at the Library.

The big community garage sale on the 16th has 45 participants - "lots of shopping." The Red River Arts roundup - the first year for Muenster will be at the Community Center. It is hoped to make this a yearly event.

Creating Christmas on the 23rd is the local business' day when they will be demonstrating ideas for Christmas. The final weekend of the 29th and 30th is full of activities for the whole family

beginning with breakfast with Santa from 8:30-9:30 at the Fischerhaus on Friday morning.

The list for the two last days includes Lollipop the clown, Alan Walling and his accordion, Christmas Music and "Ole World Santa" strolling with treats for the "good children," Ernie Goddwin - German accordionist, Craft and Arts Sale at Sacred Heart Community Center, Side Street Circus, a bake sale Friday by Hospital Auxiliary, quilt show, Jim McNeely - tricks, Father Frowin - tuba music, Kacie Garcia flutist, and of course the Christmas parade at 1 p.m. on Saturday with the Santa visit to finish the day.

It is hoped that many will dress in the 50's and 60's style for the November activities.

Everyone will want to keep the November Saturdays open for lots of fun. Watch the Enterprise for the time schedules. Margie Starke has done a great job in planning this exciting month for everyone and the businesses of Muenster.

Red River boundary meeting set

The Texas Red River Boundary Commission will meet next Wednesday, Oct. 30, at 10 a.m. in the ballroom of the Student Center at Paris Junior College, Paris, TX. The focus of this meeting will be to discuss with officials of the North Texas Area the proposed vegetation line with Oklahoma as to the boundary and take their input as to its affects.

The Texas Boundary Commission has agreed with the Oklahoma Boundary Commission to the concept of the vegetation line being the jurisdictional boundary between Texas and Oklahoma along the Red River. This will change a boundary that begins with the Louisiana Purchase in 1803 and will cause changes in Northeast Texas as well as in

West Texas where many of the jurisdictional problems have occurred.

Bill Abney, Chairman of the Texas Commission indicated that the Texas Commission recommend the vegetation line because it is historical, practical and economical. Chairman Abney stated that "The vegetation line is substantially the same line as the gradient boundary line according to surveyors from the Bureau of Land Management and the General Land Office of the State of Texas, thus very little, if any land, will change states. Secondly, the vegetation line is practical as it can be visually identified with certainty by citizens and law enforcement personnel unlike

the gradient boundary survey which requires a surveyor and attorney. Also, the vegetation line exists on the ground and does not require expenditure of funds or survey work to locate and/or mark. Thus, the vegetation line meets the economic requirement of both commissions that the economic benefits exceed the costs that are incurred.

The current boundary was created by The Treaty of Amity, Settlements and Limits between the United States and Spain in 1821. This Treaty located the boundary between the lands purchased by the United States from Napoleon in 1803 and the Spanish claims

KEEP BILL PRATT COOKE COUNTY SHERIFF

The Dependable Working Sheriff
26 Years Experience Police Work
17 Years Cooke County Sheriff

The 1996 Cooke County Sheriff budget was set at \$1,332,515.00. The record will show that in operating the Sheriff Department with careful management, I was able to save \$40,000 of the budget. This is the first time in 4 years there wasn't more money added to the Sheriff's budget.

VEHICLE ALLOWANCE

Freeman explained that several years ago Commissioners Court paid the JP's \$10 per inquest to whatever judge was on the inquest because there was one JP who wasn't performing his duties and the other two had to cover for him all the time so instead of giving a car allowance they were paid per inquest. That worked until the attorney general informed Freeman that it was no longer legal to do that. At that time many of the counties began giving a vehicle allowance. Judge Paul Hesse noted that he wasn't against a vehicle allowance, but thought that \$100 a month might not be appropriate. He would like to study the situation further.

No decision was made and the matter was tabled. Judge Jerry Woodlock, on behalf of the Courthouse Security Committee, asked Commissioners approval of a lease/purchase agreement with Visual Securities of Florida. Equipment needed includes surveillance cameras and a monitor to make tapes from all of the cameras so a person wouldn't have to be hired to monitor them.

Estimated cost of the purchase is \$10,600. It requires a \$1,037.59 down payment with another \$345 per month for 36 months. During the 36 months Visual Securities will be responsible for servicing the

equipment. After the 36 months, the county will own the equipment.

Commissioner Jerry Lewis asked if it wouldn't be about \$3,000 less expensive to purchase the equipment outright. Judge Woodlock said that the committee considered that, but decided that they would be more assured of good service if the amount was paid out over time. It will be paid out of the Courthouse Security Fund and comes from court costs. "The statutes say that it can only be used for courthouse security," said Judge Woodlock.

Endres Motor Company submitted the low bid on two cars for the Sheriff's Department. Endres offered two 1997 police interceptors \$19,005.50 each, less trade at \$1,750.00 giving a net of \$36,261.00. Glenn Polk in Gainesville offered two 1996 Crown Victoria police interceptor cars. The trade-in allowance on one vehicle was \$1,000 and on the other \$1200. The bid on vehicle number one was \$18,920.00 and for number two, \$19,916.25. The net was \$36,836.25.

In other business Commissioners Court:
 • Holidays to be officially observed by the county in 1997 were adopted. They are: Jan. 1, Jan. 20, March 28, May 26, July 4, Sept. 1, Nov. 11, Nov. 27, 28, and Dec. 25, 26.

Continued from Page 1

• Approved request to replat three lots in the Lakeview subdivision section two in Precinct #2.

• Voted to sell surplus property items at a joint auction with City of Gainesville.

• Since Red Ribbon Week is Oct. 21-25, Executive Director of the Texoma Council on Alcoholism and Drug Abuse Kay Ransom distributed red ribbons to members of Commissioners Court and other county officials present at the meeting. She reminded them that Red Ribbon Week is to honor those people who are working in law enforcement and battling against the drugs that come into the county. Commissioners approved Judge Hesse's signing the Red Ribbon Week proclamation.

• Heard from a representative of the Gainesville Area Habitat for Humanity who asked about county regulation on homes being built in the county. Through donations and volunteer labor, houses are built and sold at no profit to "partner" families. The partner family provides labor. This international group hopes to eventually wipe out poverty housing.

• Received a \$17,837.00 reimbursement from Texoma Council of Government for 911 Rural Addressing.

• Approved monthly bills and minutes of previous meeting.

DISTRICT ATTORNEY

Continued from Page 1

plea bargains are an absolute necessity because the DA's office is allowed 12 jury trials per year by the present court system. "I never plea bargain a case for less than what I think it's worth," Haverkamp stressed. "I believe that I am able to get good strong plea bargains out of criminal defendants because I've proven myself as a trial attorney. They know that if they risk going to trial with me and a good strong Cooke County jury that they're likely to face a very substantial punishment." The factors that she looks at when determining what plea bargain to offer a defendant include what Cooke County juries have done in those type cases; at the prior criminal record of the defendant; whether it is a crime of violence or a crime against property; and as much as possible what the victim of the crime wants.

Claxton said that he didn't have much of a disagreement with what Ms. Haverkamp had said. "Obviously you couldn't try 275 cases a year," he said. "I, like Ms. Haverkamp, have pled a lot of people in the district court as well as in county court and I always felt that I got the best deal or the best bargain when I pled those cases. ... The only observation I would have about the plea bargaining in Cooke County or anywhere is it needs to be done quickly. If you're not going to plea bargain a case, then you need to move on into the trial process."

As to what he sees as the correct position for the District Attorney to take with respect to victim's rights, Claxton commented, "Yes, victims need help and there are services available through this state and through this county to aid victims. The primary job of the district attorney is to prosecute the defendants. ... The district attorney's office shouldn't be, probably, in the position where they are looking more toward the victims than they are toward prosecuting the criminals. While I'm a strong believer in the rights of victims when they've been the subject of criminal offenses, I think it has to be left up to the other state agencies to work with them and to try to give them some type of restitution."

Haverkamp said that it is one of the responsibilities of the district attorney to protect

the rights of the victims of crime. They have the right to be informed of when hearings and trials are going on and to be informed of their right to compensation for their injuries and their damages as a result of the crime.

"I think the role of a prosecutor, in dealing with victims of crime is of utmost importance when those victims are victims of sexual assault or children who are victims of injury to a child," stated Janelle. "I think the prosecutor in those cases has a special duty to get with those victims and to try to prepare those victims for their testimony in the courtroom. Often in those cases the victim is put on trial and it is the prosecutor's duty to see as much as possible that doesn't happen."

On the topic of domestic violence Janelle remarked, "We in law enforcement have finally come to the realization that an assault in the kitchen is no less an assault than an assault that occurs in the street. We never have tolerated assaults that occur between strangers and should not and do not tolerate assaults that occur between people that allegedly love each other." Larry Claxton agreed with Haverkamp's views on the topic.

In her closing remarks Haverkamp told the listeners that they had an important choice to make in the elections for district attorney. The district attorney serves as the highest law enforcement officer in the county.

She said the choices were between talking and doing and that she hadn't just talked, but had been in the trenches fighting for victims of crime and law abiding citizens for nine years in this county.

Janelle noted that she was proud of what had been accomplished during the last four years. "I have taken a tough stand against those who have chosen to deal drugs in our community," she said. "I have taken a tough stand against those who have chosen to associate themselves with criminal street gangs in order to carry on criminal activity in our community. I am proud of the tough stand taken in general against others who have chosen to commit crimes here in Cooke County."

Haverkamp pointed out that the district attorney's office is

respected by law enforcement agencies, local, state and federal, who have come in and worked with them. Law enforcement officers have told the DA's office time and time again that the criminal element fears the DA's office because they have a reputation for being tough.

"Few people get the chance to right the wrongs of society," concluded Ms. Haverkamp. "A prosecutor has a unique opportunity to make a difference in a community. Anyone can promise you what they will do if elected. I am asking you to look at what have done. I think I have made a positive difference in Cooke County."

In his closing comment Larry Claxton said that he had dealt with hundreds of lawyers and dozens of prosecutors his 13 years as a lawyer including Haverkamp and her predecessor Phil Adams. "I said that they were among the better attorneys, but that I feel that more can be done. Cooke County DA's office."

"I think we can provide greater access to the office for the citizens of Cooke County. I think we can move cases fast through our court system through just a few changes in the way we handle pretrial matters. I think that the district attorney's office can become more involved with the county in the prevention of crime."

Claxton pointed out that he isn't sure that pure prosecutorial experience is what matters. "Criminal records matter. 'Criminals know that they are not going to get away with the crime,'" he said. "Most criminals take it as if they get caught they are going to go to jail. I agree with Ms. Haverkamp. We can't just let them slide. We have to be tough on these people. That's the primary purpose of the district attorney's office. I'm very, very committed to strong law enforcement at the district attorney's office here in Cooke County."

Due to the number of candidates participating in the forum we will cover the remaining contested races in next week's edition.

Tom Bright promoted in Marine Corps

R. Thomas Bright was recently promoted to the rank of Lieutenant Colonel in the U.S. Marine Corps during a ceremony held at the Command and Staff College, Marine Corps University, Quantico, VA.

On hand to do the honors of pinning on the new rank were his brothers, Lt. Col. Joseph A. Bright, USAF of Ramstein, Germany and David M. Bright, Jr. of Charleston, S.C.

Lt. Col. Bright is a graduate of Muenster Public High School and Virginia Military Institute, Lexington, VA with a degree in

Civil Engineering. He is currently pursuing his masters degree at the Marine Corps University.

The son of David and Juanita Bright of Muenster, Thomas is married to the former Denise Stoneking of Schleswig, Iowa. She continues to maintain their home in Eagon, Minnesota while he attends his present schooling. Upon graduation they will relocate to the west coast where he will assume command of a Marine Corps Unit at Camp Pendleton, CA.

UCILLE HESS ANNOUNCES the engagement of her daughter, Barbie Kay Hess, to Eddie C. Broussard. He is the son of Mr. and Mrs. Edmund C. Broussard of Houston, Texas. Barbie is also the daughter of the late Ray Hess. The couple will be married on Nov. 23, 1996, in Dallas. The bride-elect is a graduate of Sacred Heart High School and Grayson Nursing College in Sherman. She is employed as a Home Health nurse in Dallas. The future groom is a graduate of Jesuit High School in Houston and Texas A & M University with a degree in Zoology. He also earned an MA in New Testament from Trinity Evangelical Divinity School in Deerfield, Illinois. Eddie presently serves as Director of Training for the CoMission movement. After their wedding the couple will reside in Raleigh, North Carolina.

Mother and daughter celebrate birthdays

A double birthday celebration was held Sunday, October 20, in the home of Arthur and Rachel Hennigan honoring Rachel Hennigan and daughter, Donna Hennigan. Rachel's actual birthdate is October 21 and Donna's is October 14.

The day included a meal for the family and refreshments of cake and ice cream later. A Halloween theme was carried throughout. The decor of ghostly "boos," Jack-o-lanterns, witches, bats, and alley cats were on the cake, table setting, and wall.

Attending were Arthur and Rachel Hennigan and their children and families; Donna

Hennigan and friend Nicolas Nervo of Arlington; Darrell and Lisa Hess, Jordan, Brandon, and Brittany Renee of Hurst; Alfred and Paige Hennigan and Randy of Arlington; mother and grandmother Odilia Lutkenhaus; and sister and aunt, Linda Coursey and husband, Robert Coursey of Gainesville.

Refreshments were taken to Caroline Hennigan, Donna's grandmother and Rachel's mother-in-law.

Videos were enjoyed.

NOTICE!

Birthdays Celebrations

Lauren celebrates her second birthday

Lauren Rohmer, daughter of Greg and Melody Rohmer, celebrated her second birthday on October 20. Her actual birthday was October 22. Guests were treated to a hamburger cookout at Lauren's home. The theme of the party was Barney. Hamburgers, Barney cake, ice cream and lemonade were served. Gifts were opened and pictures taken.

Guests included her parents; sister Adrien; grandparents Robert G. and Gloria Klement; and Agnes Rohmer; great-grandparents Frank and Lucille Zimmerer, and Ed and Rose Klement; and great uncle Ronnie Klement. Also attending were uncles, aunts, cousins and friends Justin

LAUREN ROHMER

Klement, Shelley Klement; Scott Klement; Chris, Leslie and Kalya Dangelmayr; and Bryan Dulock.

On Lauren's actual birthday, she shared cupcakes with her friends at Tender Loving Care Day Care.

CLINT SIDWELL

Clint has a "looney" first birthday

On Oct. 5 Clint Parker Sidwell celebrated his first birthday with a party hosted by his parents Kenneth and Pam Sidwell. A Looney Tune theme was carried out with a cake depicting Elmer Fudd and the rabbit. Clint's actual birthday is Oct. 4.

Attending were grandparents William and Mary Evelyn Hermes; godparents Royce and Cheryl

Martin and Steve and Dianna Klement.

The following day Clint was visited by his grandmother Janet Underwood and aunts LeAnn Underwood and Judy Sidwell.

A party in the home of Clint's baby-sitter, Ethel Hesse, on Friday was celebrated with cupcakes. Celebrating with Clint were Matt and Kaitlyn Hesse, Clayton and Andrea Hesse, Austin Miller, and Katie and Angie Cox.

Kailob turns six!

Kailob Charles Miller celebrated his sixth birthday on Sunday October 20. His actual birthday was October 18. Kailob's party was held in the home of his parents Randy and Lisa Miller. Guests enjoyed cake and ice cream and watching him open his gifts. Pictures were taken and a video was made.

Guests included Kailob's parents and his sister Taylor and his brother Garrett. Grandpa and Grandma Bryan and Glenda Russell, Grandmother Barbara Luke; aunts, cousins and friends Marlene, Lacy, Kelly and Sandy Endres; Katie Flusche; Sharlene, Shannon, and Dainah Hartman; Denise and Nicole Pagel; Shana, Dillon, and Lauren Haverkamp; and Sandy and Billy Harris. Unable to attend were Aunt Amanda Russell; Renate, Kelsey, Derek and Miranda Pagel; and Dan Luke.

Kailob celebrated with his classmates on his actual birthday by sharing cupcakes.

KAILOB MILLER

Relatives attend funeral

Relatives and family friends who attended the funeral of Andrew Fleitman included Andy Roewe of Windthorst; Deby and Travis Forstree of Forestburg; Ben and Rose Ann Henzler; James and Catherine Hamilton; Jerry and Mary Ann Pels; Joe and Elizabeth Pels; and William Koerner all of Pilot Point; also close family friend Minnie Faye Cook of Saint Jo.

small talk by brenda rigsby

This Sunday, the community of Muenster has the opportunity to benefit the ABBA Women's Center. A baby shower will be held from 2 to 4 p.m. at the new facility, located at 414 E. Elm Street in Gainesville.

The ABBA Women's Center offers free pregnancy testing, volunteer peer counseling, information and referral services and material assistance for needy women and children.

The material assistance is where Muenster can be of service. All you have to do is come to the Women's Center on Sunday, bring a baby gift or maternity item, take a tour of the new facility and feel good about the contribution you made.

According to Director Jeanne Greathouse, the Center is staying busy, counseling and providing material assistance. Mothers, who might have aborted their baby if the Women's Center hadn't been around, are being offered guidance and aid. They have a real need for baby items and I know Muenster can help provide that assistance.

Just think, if - through the aid the Women's Center can provide - a woman gives birth to her baby, instead of choosing abortion, isn't your time and gift worth it?

If you are unable to attend Sunday, the Muenster KCs have graciously offered to collect items at the KC Hall prior to Sunday.

Beta Kappa makes plans for Christmas party and parade

Beta Kappa held the October Meeting in the home of Peggy Sparkman with 10 members and 3 guests present.

The planned educational from Sylvia Herr has been postponed until the next meeting. She will be displaying Christmas arrangements and assisting members with their own creations.

Christmas party was set for December 20 in the home of Judy Trubenbach. The club will provide a smoked turkey, and members will bring pick-up foods.

Work party for the entry in the Christmas parade will be at Melanie Hesse's home. Ideas for the float will be discussed at the next meeting.

Donations were made to the Becky Fenton Love Fund and the Fred Koessler family.

The next meeting will be held November 11 at Judy Trubenbach's home.

If you or someone you know are having problems with alcohol, please give us a call 817-759-4769

Nocona photographer makes history with Master's degree

Larry G. Lemons of Lemons Photography in Nocona received the Master of Photography degree from the Professional Photographers of America, Inc. during the association's recent annual international convention at the Orange County Convention Center, Orlando, Florida. He is the first professional photographer in Montague County to receive the Master of Photography degree in the 116 year history of the PP of A, the world's largest association for professional image-makers. Having met standards of excellence through photographic print competitions, advanced education and service to the profession of photography, Lemons was awarded the

Master of Photography diploma by Bill Martinelli, the 1996 president of PP of A. He was honored by his wife and business associate, Donna, with the placing of the Master's gold ribbon and medallion around his neck at the awards banquet attended by over 1100 photographers from around the world. Because of this level of achievement, Larry has been accepted into the prestigious American Society of Photographers whose membership is by invitation.

Larry is the son of Alta Lemons and the late B.G. Lemons of Nocona. He is married to Donna Rose Vickery. They have three children, Aaron, Neil, and Olivia.

LARRY G. LEMONS, left, is pictured with Bill Martinelli, Professional Photographers of America, Inc. national president, and Donna Lemons at the PP of A national convention in Orlando, Florida. Courtesy Photo

Commerce Street Church of Christ to celebrate 100th anniversary

The Commerce Street Church of Christ located at 602 N. Commerce St. in Gainesville is preparing to celebrate its 100th anniversary November 2-3.

In November 1896, "Weeping Joe" Harding conducted the first known public worship services of the Church of Christ in Gainesville on the steps of the Cooke County Courthouse. At this time, the church was organized with 11 charter members.

After meeting in rented buildings for the first six years, in 1903, the church erected a permanent church building on Ritchey Street. Built in 1925, the present building on Commerce Street has been enlarged and remodeled several times over the years.

The Broadway and Hillcrest congregations in Gainesville are outgrowths of the Commerce Street Church of Christ.

There will be an open house on Saturday afternoon, November 2, from 2-6 p.m. in the church annex. Coffee, tea,

and cookies will be served at this time. On Sunday, November 3, the activities will begin with a special meeting in the auditorium with Harris (Buster) Latham, one of the elders, reminiscing about events over the past 100 years and recognizing people. Worship services will be at 10:25 a.m. At noon on Sunday, lunch will be served in the church annex. At 2 p.m. they will again meet for worship in the auditorium.

Youth invited to attend saintly carnival Oct. 31 in Muenster

On Thursday, Oct. 31 there will be a special children's liturgy at 5:30 p.m. in Sacred Heart Church to celebrate All Hallows Eve. All children, grades pre-k through grade six, are invited to dress as saints and participate in the opening processional. They should gather in the vestibule about 5:20 p.m.

After Mass, JELLY, the Sacred Heart junior high

ministry) will host a carnival for all children in 6th grade or below. There will be games, treats and a contest for the best saint costume. Children don't have to dress as a saint to attend the carnival, but all are asked not to dress as witches, demons, or such. JELLY invites you to come and join them at the Mass and the carnival for a safe and sacred All Hallows eve!

Health Notes

Small steps may avert blood-pressure problems

Extra calcium or low doses of aspirin may avert a major complication of pregnancy: hypertension. Pre-eclampsia, or pregnancy-induced high blood pressure, can be a serious health threat to mother and child.

"There is no single explanation for blood-pressure elevation in pregnancy," said Dr. C. Venkata Ram, a hypertension expert and professor of internal medicine at UT Southwestern Medical Center at Dallas. "However, several studies indicate that one or two grams of calcium a day or small amounts of aspirin — 30 to 60 milligrams a day — will reduce blood pressure in pregnant women."

Many pregnant women develop high blood pressure in their second trimester. If it continues to rise, physicians may induce labor prematurely. In women whose hypertension was brought on by pregnancy, blood pressure usually returns to normal after the baby's birth.

Meetings Notice

Catholic Daughters of America will meet on Tuesday, Nov. 5, in the K.C. Hall, changing from the usual date, 6 p.m. only. The change came necessary because the strict Deputy will be present Tuesday, and will not be able to attend on the regular meeting date. A Memorial Service also will be held. This will be an open meeting, and anyone interested will be welcome.

TIPS ON STAYING SAFE AND SOUND WITH NATURAL GAS.

For more than 80 years, Lone Star Gas has been providing safe, dependable energy to its customers. By following a few simple rules, you can help make sure you and your family stay safe and sound with natural gas:

- Always have qualified service people install, regularly check and maintain all gas heaters and appliances, following the manufacturer's instructions for installation, ventilation, and operation.
- Always use a gas appliance only for its intended purpose. An oven, for example, should not be used to heat a room.
- Always keep flammable materials and substances away from gas heaters and appliances. Remember, a pilot light is constantly burning.

IF YOU SMELL GAS in your home, or know you have a gas leak, follow these rules:

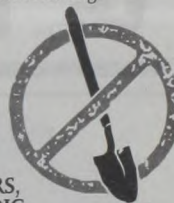

- 1 Everyone should leave the house immediately, leaving the doors open for ventilation.
- 2 Do not switch anything electrical on or off.

3 Do not use your telephone (telephones use small amounts of electricity).

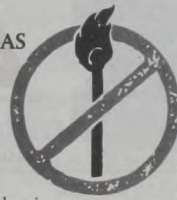

4 Do not strike a match or do anything else that might cause a spark.

5 Go to the nearest telephone and call Lone Star Gas Company. Wait until we have found the cause of the gas leak before returning to your home.

If you smell gas while you're outside, contact Lone Star Gas immediately.

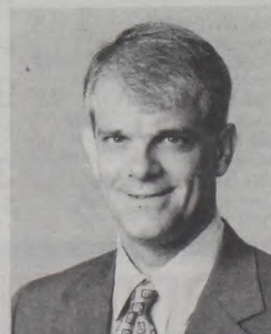

CONTRACTORS, BEFORE YOU DIG, call for pipeline locations to avoid any potential problems: 1-800-344-8377 (1-800-DIG-TESS).

Lone Star Gas
Safe energy for your home, naturally.

MISD students named in Duke's TIP

The Duke University Talent Identification Program of Durham, North Carolina, has announced 15 Muenster ISD seventh grade students named in their talent search. Eligible students scored at the 97th percentile or above on the national norms of either the SAT or ACT, test originally designed for high school junior and seniors. The test, though difficult for the average seventh grader, are helpful to discriminate the abilities of the

students that already scored at or above the 97th percentile on other achievement or aptitude tests. Talent Search students from Muenster ISD are: Adam Bayer, Chisam Cain, Lacy Endres, Bradley Felderhoff, Paul Fleitman, Jr, Grant Hartman, Kevin Hermes, Nathan Hess, Ashley Klement, Crystal Lutkenhaus, Pamela Lutkenhaus, Jennifer Reid, Shanelle Spakes, Jason Vogel and Christopher York.

DUKE UNIVERSITY TIP QUALIFIERS

What's right about our schools?

The American public has been bombarded for many years with negative facts about the performance of our schools. Most people believe today's young people are not as smart as students used to be. That's correct. Today's young people score 14 points higher on IQ tests than their grandparents, and 7 points higher than their parents. More young people are being educated better than ever before. (Educators search Service) However, there is much room for improvement. Parents can help by remembering the following suggestions recently noted in *Reader's Digest*. 1. The best students do chores. 2. High expectations are a must. 3. Get involved with your child's school (PTO, volunteers, aperones, Booster Club, meet with teachers) 4. Grades aren't

everything. Be cautious about not allowing a child to participate in 4-H, FFA, FHA, scouting, sports, church groups, and other non-academic activities. Many students are creative, visual learners that might not excel with textbook learning. Character, problem-solving, leadership and other important skills may be cultivated in groups outside the classroom. 5. Learning isn't always fun. Teachers cannot keep up with the tempo of TV programming, computer programs with dazzling interactive graphics and sound effects. There are no short cuts to developing strong work ethics in students. 6. Time should be provided for play and relaxation. Students become stressed out too! From *'Hornets Nest'*, Era ISD newsletter

MUESTER ISD ANTI-DRUG POSTER WINNERS.

Photo by Dave Fette

A Great Smile: Guaranteed.

AVOID: Using your teeth as a tool - breaking a piece of thread, ripping open a bag of chips or prying apart a hair clip. This creates pressure and can chip or crack a tooth.

Drinking lots of soda - the high sugar content leads to tooth decay. Artificially sweetened soda is better, but the acid is still harmful to teeth.

Getting stressed out - tension causes people to clench their teeth during the day and grind them at night.

Smoking - besides staining the teeth, tobacco can cause gums to become inflamed and recede, which allows tooth roots to be exposed to bacteria.

HAROLD BINDEL WAS RECOGNIZED and honored at a student body assembly last week at the Muenster ISD auditorium for 17 years of service to the board of trustees. Leon Klement, school board president, made the presentation. Binzel retired from the board recently.

MISD Student Council sponsors poster contest

The winners of Muenster ISD's Anti-Drug Abuse poster contest received their prizes during the pep rally last Friday, October 18, in the Hornet Gym. The contest is for students from kindergarten through the sixth grade and is sponsored annually by the high school's Student Council.

Jonathan Otto, president of the Student Council, announced the results as officers and representatives presented the prizes. The winning posters were chosen for student effort, originality, neatness and theme. Prizes, furnished by the Student Council, included certificates and goodie bags for the two winners in each grade. The MHS Student Council also distributed bookmarks and red ribbons promoting the drug prevention for the students to wear during Red Ribbon Week.

Class winners were: Brandy Dangelmayr and Madchen Moseley, K; Hillary Swirczynski and Kendra Ahrens, 1st; Kalya Rohmer and Sarah Stoffels, 2nd; Ryan Fuhrmann and Megan Dangelmayr, 3rd; Laura Hellman and Lana Fisher, 4th; Andrew Milburn and Kristian Koessler, 5th; and Kelly Grewing and Tice Rippey, 6th.

Congratulations to those who won, and thank you to those of you who entered. Students' posters will be displayed during Red Ribbon Week at local businesses and at school.

UIL shuffles the playing deck

Every two years the UIL looks at school enrollment and attempts to match districts for competition purposes.

Muenster's football district included Savoy, Collinsville, Celeste, Muenster and Blue Ridge.

The basketball district stays closer to home and includes Muenster, Era, Saint Jo, Collinsville and Ponder.

The Spring events: track, tennis, golf and all academic events, will be made up of Muenster, Era, Saint Jo, Alvord, Collinsville, Petrolia, Grafard, Perrin-Whitt, and Windhorst.

THOMAS (Larry) CLAXTON

Native of Cooke County;

Past member of the Gainesville Independent School District Board of Trustees;

Past member of the Cooke County Child Welfare Board, including a past President;

Part-time faculty at NCTC in the paralegal program;

Member of the State Bar Legal Assistants Committee;

Involved in the practice of law for 13 years, solo practice in Gainesville since 1985;

Practice has covered 11 counties in the north central Texas area;

Believes in justice for all, including protecting the rights of the victims;

HONESTY, INTEGRITY, IMPARTIALITY, SUITABILITY

I believe that I have the experience and knowledge to be the kind of District Attorney for which the citizens of Cooke County can be proud. I am a strong believer in the enforcement of our criminal laws and for the rights of the victims of criminal offenses.

I am asking for your vote for District Attorney.

**PLEASE VOTE FOR THOMAS (LARRY) CLAXTON
DEMOCRATIC CANDIDATE FOR DISTRICT ATTORNEY

Muenster Elementary News ... Corridor Celebrations

Kindergarten teachers, Tammy Tischler and Sharon Ledbetter, in Muenster Elementary School enrich the curriculum for their students. Kindergarten students completed a unit of study on transportation and oceans. Students shared the special rainbow fish they made during art. They also enjoyed sharing favorite books, *The Fish Who Could Wish*, and *Fish is Fish*. Kindergarten students enjoyed having a guest speaker, Dwayne Rohmer, to give a slide presentation about airplanes and share experiences about being a pilot.

Pink bubble gum, pretzels, popcorn, pickles and purple candy make learning about the letter "P" much easier. Reading stories about pumpkins and creating their own pumpkin patch in the classroom enhanced their understanding of the letter "P".

Kindergarten students also enjoyed using food to learn mathematics concepts. Round M&M cookies from Johnathan's birthday celebration and crackers helped them to learn about circles and rectangles.

The class made their own book about a new school bus entitled, *Mr. Sunshine*.

Plans for coming lessons include, Fire prevention, the letter "A", the color orange and the number 6.

Third grade scientists in Amy Popp's and Becky Scott's class studied the life cycles of animals, with special emphasis on butterflies and frogs. They also constructed Cartesian divers out of eye dropper, 2 liter bottles and fishing lures (maxi tubes). Third graders named their Cartesian Divers "Squiddy".

Fifth grade science students in Margie Alsup's and Leigh Hale's class researched the biomes of the world. They found that the biomes include the deserts, the grasslands, the tundra and the forests. Students divided into groups and designed posters showing the characteristics for each biome. A particularly interesting fact they learned - 72,000 acres of rain forests are destroyed each day. This prompted fifth grade scientists to investigate ways to save the rainforests.

Don't let new SAT scores fool you

Thanks to what the College Board calls "recentering", SAT scores are both higher and more confusing. Due to tinkering by the purveyors of the exam, last year's average score of 428 verbal and 482 math will this year result in scores of 504 and 506. "The new recentering" not only inflates these mediocre scores, it gives the appearance students are doing equally well in reading and math. This hocus-pocus makes it impossible to compare historical scores with the new and improved recentered figures. Furthermore, the new test is easier, calculators are permitted and students have longer to complete the exam.

And if that wasn't enough, the College Board has made it possible to have a perfect score while missing four questions. Prior to this finagling, a perfect score meant perfect - missing zero questions.

KEITH WALTERSCHEID, left, and Emily Smith are the Muenster Elementary Students of the Month for September and October. Keith, a third grader, is the son of Giles and Marlene Walterscheid. He earned the honor because he displays the characteristics of a good citizen: kindness, cooperative, pleasant, courteous and helpful. Keith likes math and art, vacationing in Colorado and football. Emily is caring, kind, helpful and considerate of others, putting other's needs before her own. She is in the second grade where she enjoys math, art, computer aid centers. Emily also enjoys pizza, sleepovers with friends and even doing homework. Her parents are David Smith and Penny Hiser.

Janis Hartman Photo

RAEGAN KOESLER, left, and Mary Skinner were selected as Muenster School's September Students of the Month. Raegan, a freshman, is the daughter of Martha and Rudy Koessler. She enjoys playing basketball, working toward Student Council membership and has competed in UIL. Mary, representing the junior high, enjoys sports, horseback riding, working with animals and being involved with her church. She is an A student, class officer and a Peer Assistant Leader. Dr. Thomas Currier and LeAnn Currier are her parents. Janis Hartman Photo

Experience Does Count!

Early Voting Begins Wednesday, Oct. 16
You may vote early at the County Clerk's office in the Courthouse between the hours of 8 a.m. and 5 p.m. Monday through Friday

Josh Isenhour is 1996 Gold Star 4-H winner

Josh Isenhour, son of Gene and Lenora Isenhour of Opperas Cove, Texas has been named the 1996 4-H Gold Star boy of Lampasas County. He is the grandson of Eddie and Maryanne Fleitman of Muenster and Grady and Anne Isenhour of Hickory, North Carolina. Josh is 16 years old and has been in 4-H eight years. He completed five projects and participated in many 4-H activities, including 4-H Congress at the State Capitol and 4-H Roundup at Texas & M University. Gold Star recipients must exhibit leadership skills, participate in community service activities, and submit an awards program record book for the current year. Eddie and Maryanne Fleitman were among those attending the awards program.

JOSH ISENHOUR

The Muenster Enterprise staff congratulates the Journalism Class of Lindsay High School, whose first issue of the school newspaper, The Knightly News, makes its appearance this week. Readers will note several items and photos by the class, reprinted in The Muenster Enterprise, about the visit to Lindsay Elementary by Lindsay Volunteer Firemen; another about a commended student. Faculty member, Elaine Schad, is the Journalism advisor.

RED RIVER BOUNDARY

Continued from Page 5

North America. Adopted by Mexico in 1828 and the Republic of Texas in 1838, the boundary was subsequently terminated by the United States Supreme Court in 1896 when it adopted the South Bank as the boundary between the nations. The Supreme Court decreed in 1896 that a Gradient Boundary Survey must be used to locate the boundary along the South Bank of the river. Gradient boundary surveying is difficult and expensive to perform, is not readily identifiable on the

ground, requires a current survey with artificial marking which will subsequently be eliminated by erosion and/or movements of the river and will change with changes in the river.

Members serving on the Texas Boundary Commission are William Abney, Marshall, Chairman; Pat Peale, Lake Kiowa; Don Ross Malone, Vernon; Mildred Nunneley, Nocona; Charles (Tom) Henderson, Byers; and Christine Smart, Denison.

Lindsay Vol. Fire Dept. sponsors poster contest

Five Lindsay Elementary students placed first among more than 200 competitors during a Fire Prevention Poster Contest sponsored by the Lindsay Volunteer Fire Department.

Lindsay ISD students in first through fifth grades participated in the contest held in conjunction with National Fire Prevention Week Oct. 6-12. Winners were Jeffrey Krebs first place in first grade; Melissa Jordan, first in second grade; Adam Kasperek first in third grade; Kristan Alexander first in fourth grade; and Brandi Martinez first in fifth grade.

Theme of this year's contest was "Let's Hear It for Fire Safety - Check Your Fire Detectors." Students were asked to incorporate the theme of fire safety week into their posters, according to C.J. Rabenau, Lindsay Volunteer Fire Department training captain.

Members of the volunteer fire department spent time in the elementary and middle

school classes giving fire safety talks and demonstrations which included wearing full fire gear. "We wanted to show the kids not to be afraid of a fire fighter," Rabenau said. Students were informed about the importance of checking the batteries in fire detectors often. They also learned about fire safety basics, including stop, drop, and roll; to stay low to the floor if there is smoke present, calling 911, and not to hide from fire safety personnel in case of a fire.

The Lindsay Volunteer Fire Department has about 20 members. Dale Alexander is captain and Danny Zwinggi is assistant chief. The department meets the first Wednesday of each month. "We're always looking for volunteers, especially people who can help out during the day," Rabenau said. For more information about the Lindsay Volunteer Fire Department, call 665-2688 or contact Alexander or any member of the department.

Rural Reflections

by Janet Felderhoff
Give your children the gift of a bright future

When we became parents our beautiful bundles of hope and joy arrived without instruction manuals. Remember how fragile they seemed and how carefully you handled them? Soon we learned that they weren't nearly as physically fragile as we feared. As time passed, we learned more about our children and tried to meet their needs and provide the things they needed and, if possible, some of the things they wanted.

How many times I wished that I knew more about how to be a good parent and what the proper ways were of handling certain situations. I remember when my children were about two and four. They were getting to be a handful and at times I seemed to be a very ineffective parent. Then Dr. David Johnson, a Denton pediatrician, came to speak to our YHT group. He offered advice on parenting and suggested a book to read. As soon as I applied the suggested methods life became much more pleasant!

Some of the things suggested were as simple as don't say things that you don't mean, don't threaten punishments you won't follow through with. I knew if I said if you do such and such you won't get to watch television or whatever, I had better be prepared to be sure that they didn't watch television or be prepared to stay behind with them to withhold an outing or what ever. The difference was amazing.

Now my children are teenagers and like many other parents I wonder how to best continue to instill good morals and values. "Aim For Success", a program designed to help teens develop self-control, self-respect, and self-discipline, will be offered to the students of Muenster High and Sacred Heart High Schools on Tuesday, Nov. 5. Parents are urged to attend a program on Monday, Nov. 4 at 7:30 p.m. in the Muenster ISD Auditorium. It will offer them guidelines to help their children. It suggests ways to comfortably talk to your children about sex; to answer questions without embarrassment; and to encourage your children to stay sexually pure. Most of us fall short when it comes to discussing sex with our children. Our parents either avoided the topic or were vague enough to leave many questions unanswered. How can we not take time to learn from an experienced teacher how to best speak to our children?

In an age when television, movies, music, and advertising bombard our teens with messages that encourage promiscuity, it is difficult to teach sexual abstinence or even to let them know that not every teen is sexually active. Their choice in this matter could mean the difference between life and death in some instances. This program will spell out the truth in a manner that should be influential.

J. D. Schulgen will be presenting the programs. Through Aim For Success, Schulgen has challenged thousands of young people to strive towards excellence. Through live presentations teenagers are encouraged to develop a strong, responsible character as they deal with one of life's most difficult issues — sexual pressure. Many schools have used this program in recent years. Included in the numbers are Lindsay ISD and Gainesville Middle and High Schools.

Standard Time returns on Sunday at 2 a.m.
Don't forget to set your clocks back one hour before you go to sleep Saturday night. Reclaim the hour you lost when Daylight Saving Time began, and be on time for church Sunday morning.

Are your pets on the loose?

by Stephen Broyles
Recently, there seems to be an increase in the number of dogs and cats which are seen running loose around the city. Please remember that pets should be kept inside, tied up in yards, or on leashes. This policy protects people from unwanted pets biting or moping on them, as well as sitting their yards. City employees will pick up loose dogs and take them to the city pound. If the pets have a rabies

tag or identification on them, the owners are notified so they can pay the fee and pick them up. However, a lot of the animals picked up have no identification on them.

If your pet escaped and doesn't come home soon, please check with City Hall to see if the pet has been taken to the pound. Animals are only kept a few days before they are put to sleep. Therefore, if you are missing your pet, please call City Hall.

COATS & CANS TO GO!

Hey Muenster! Life Teen high school students will be knocking on your doors between 7 p.m. and 9 p.m. next Sunday, Oct. 27. They will be seeking canned foods and winter coats or jackets you can spare. Any that you can give over to them would be much appreciated. It's Sacred Heart Youth Ministry's Life Teen Coat/Can Drive. We're collecting the food and clothing for the less fortunate among us. Where will it go you ask? First off, the Social Concerns Committee in Muenster will get first dibs on the entire lot. Secondly, anything they can't use will go to the ABBA Women's Center in Gainesville.

Back to the skit, scene II, the baby decides to go visit his buddy next door who was sent at the same time as him. However, the baby discovers his buddy is not next door, not now. Abortion. Unfortunately, 2 out of every 5 babies conceived in the USA are aborted. To let the students understand what exactly abortions are, a video entitled "A Doctor Explains the Abortion Procedure" was viewed. In it, Dr. Noreen Johnson explains each and every abortion procedure, from the quick suction to the partial birth abortions. As a scientific video, it shows no actual abortions or the effects of abortions, but rather explains it all, saying nothing whatsoever of the political, ethical, or moral implications. It leaves the viewer with the physical view only.

High Schoolers! Meet at the Community Center Main Hall Sunday evening at 7 p.m. We'll split into teams, hit the town in a "zone" attack and get those cans and coats for the less fortunate. We'll finish by 9 p.m. back at the Main Hall. See ya there!

Oh, What a Nite!
Last Sunday evening in the Community Center Main Hall, well over fifty high schoolers converged for yet another Life Teen Life Nite. This Nite was the third in a series of sessions on chastity. And this Nite was on "Teen Pregnancy."

After the opening prayer, the Life Nite went crazy with the game, "Farmers-Cows." A farmer in the middle of a field tries to "catch" cows as they rush past to the other side of the field. If caught, the cows become fence posts, barbed wire, and electric fence, thus becoming a hindrance to the passage of other cows along the way. The lesson? One life affects another, which affects others, which affect more, etc., and it all starts with one person, for better or for worse.

A skit of a single high school mother and her son and mother followed. This showed a small bit of the life of a person in this situation. Darlene Hess then shared her personal story in this regard, of the responsibilities, worries, troubles, and more of teen pregnancy, divorce, and single parenthood. A discussion on why teens might get pregnant followed, in which it became obvious to all that pregnancy (and of course sex itself) outside of marriage is not a loving thing, but rather indicates a serious lack of love and commitment on the part of the partakers (as was spoken about in the Life Nites on "Love" and "Sex Has a Meaning").

Ken Hesse then spoke on the option of adoption, how "birth controls" are really not such, and how important it is to remain chaste in all things. A guest appearance by Craig, Rita, and Jacob Bayer gave the students a fantastic example of how wonderful adoption truly is, that it gives so much life to all concerned. As Rita said, "Jacob's physical mother thought about abortion, but decided on adoption." And we are all very glad she chose life!

Jennifer Hoberer named '97 commended student

Jennifer Hoberer has been named a Commended Student in the 1997 National Merit Scholarship Program, Lindsay High School Principal Will Steger has announced. A senior, she is the daughter of Karen Hoberer of Lindsay, and Bill and Cindy Lynch of Alvord. She hopes to attend the University of Rochester in Rochester, New York, majoring in political science with a certificate in international relations. Jennifer has been very active in school activities during her years at Lindsay, including state champion for three years

After this, a letter was read to the students. The letter was from a 28 year old woman to her child whom she had aborted ten years earlier, at age 18. This letter showed the spiritual and psychological damage inherent with abortion. Then the students heard from Pope John Paul II as he spoke to women who had had an abortion, offering them the hope and mercy of God and His infinite forgiveness, especially through the sacrament of Reconciliation.

Ken Hesse then spoke on the option of adoption, how "birth controls" are really not such, and how important it is to remain chaste in all things. A guest appearance by Craig, Rita, and Jacob Bayer gave the students a fantastic example of how wonderful adoption truly is, that it gives so much life to all concerned. As Rita said, "Jacob's physical mother thought about abortion, but decided on adoption." And we are all very glad she chose life!

To wrap up the evening, all those present were invited to spiritually adopt a teen unmarried couple who are pregnant, to pray for those concerned daily, to pray for life for the child, for love for the parents and understanding for the grandparents.

Sex and pregnancy are beautiful and wonderful gifts which have been given to us by God, but are to be used as He ordained it, in love and marriage. When abused, there are consequences - of these is unplanned or unwanted pregnancies. Then we must

About 35,000 Commended Students throughout the nation are being honored for their exceptional academic promise.

Assure safe Halloween fun by making your home a friendly haunt

Is your house ready for a good haunting? Make your home ghost-friendly for all those trick-or-treaters for Halloween this Oct. 31. Halloween is a fun holiday for children, but it can be a devilish experience when accidents happen. A little planning will go a long way in preventing holiday hardships.

Many parents get spooked when pint-sized ghosts and goblins begin their Halloween trick-or-treating expeditions. The evening can pose special hazards for young tricksters and scare the day-lights out of parents.

If you expect a gaggle of princesses to haunt your Halloween night, make sure hazards. With a little foresight, be a safe and enjoyable children and parents.

- Remove obstacles in as hoses, sprinklers, and potted plants. Light on to let children welcome.
- Keep lighted jack-o'-lanterns the steps of the front door.
- Pets, especially dogs, may so many visitors. Keep your harm's way for a few hours.
- Treats don't have to be full. Consider giving healthy raisins, prepackaged sugar-free bubble gum, away pencils and colorful
- Travel with a group and close to the curb.
- Start trick-or-treating. Give each child a flashlight to lighting.
- Use seat belts and seats while driving. excitement to go children may up. Parents should children hang on the back of pickup trucks and ride on bumpers.
- Parents should accompany children on their haunting journeys or enlist the aid of a responsible older sibling who can serve as an escort.
- Instruct children to go only to lighted homes and to avoid houses where lights are turned off.

Once home parents should carefully inspect all treats. Throw away any candy that has a torn or open wrapper or that looks as if it has been tampered with. It's better to be safe than sorry. If your child gets sick after eating Halloween candy, try to find out exactly what he or she ate and where it came from. Call the Texas Poison Center Network from anywhere in Texas: 1 (800) POISON1, or 1(800)764-7661. The phones are staffed 24 hours a day, seven days a week. Callers will be connected with the nearest available Poison Center.

The Poison Centers are available free to anyone in Texas. The phones are operated by nurses and pharmacists who have specialized training in poison information and toxicology. If you suspect your child may have ingested a substance, call the Poison Center immediately. Do not do anything until you have talked to a Poison Center staff member.

Costumes should give children maximum mobility. Consider these guidelines before the little gremlins get dressed for their night to howl.

- Make sure the costume allows for easy movement and doesn't drag on the ground. This could cause the child to trip and fall. Shoes should fit well and feel comfortable. High heels, clown feet or heavy boots could cause the child to stumble.
- Since most trick-or-treating is done at night, costumes should allow the child to see and to be seen by motorists.
- Don't let your little trickster carry sharp objects. Safe attractive replicas can be made with cardboard and spray paint.

Ashley Hartman selected in Honor Society

Ashley Hartman of Muenster has been selected for membership in the Texas A&M University chapter of Phi Kappa Phi, a national honor society for college freshmen that encourages and rewards academic excellence.

The oldest and largest honor society, Phi Kappa Phi was founded at the University of Illinois in 1827 and now has more than 300 chapters throughout the United States and more than 550,000 members.

Hartman is a freshman business administration major. She is the daughter of Roy and Irene Hartman and a graduate of Muenster High School.

Mighty Mites put the bite on the Tigers

The undefeated Mighty Mites of Fort Worth Masonic Home came to Tiger field last Friday, ending the game as 16-0 victors and keeping their winning, unscored upon record. "I was real pleased with the offense as a whole," Coach John Nasche said. "We gave up no big running plays, otherwise we shut them down. The Tiger defense played well enough to win."

The Tiger offense took to the field after the opening kick, but uttered on their first drive, ending the ball away.

Masonic Home got in a few runs, but a fumbled play set them back 12 yards and the Mites also punted away their first possession.

The Tigers next drive was thwarted with a fumbled ball on the 15 yard line. Two fensive plays by Paul Swirczynski led the Mites back yards. A motion flag put Masonic Home in a 4th and 20 situation. With 3:50 remaining in the quarter, the Mighty Mites booted a 35 yard field goal for a 3-0 score.

Chad Roller returned the kick 16 yards, then ran for another 5. Joel Schilling picked a first down at the 37, then more yards. With less than a minute remaining in the first quarter, the Tigers were then called to punt.

It was three runs and punt Masonic Home as the

ticked to all zeroes. The extra kick gave Masonic Home a 16-0 lead.

The Tiger defense held Masonic Home to no gain as the 3rd quarter began. Jeff Yosten picked up 15 yards on the Tigers first run, but 20 yards of penalties and incomplete passes forced a punt. It was three runs and punt for the Mites, giving Sacred Heart the ball near midfield. Runs by Yosten and Schilling were good for 11 yards. A holding penalty nullified a good run by Swirczynski. That, along with two incomplete passes turned the ball over to Masonic Home, who took it into the final quarter, then punted it away on 4th and ten.

From their five yard line the Tigers moved out to the 29 on three runs by Yosten. The Mites defense knocked the ball to midfield on 4th and 20.

Masonic Home moved the ball into Tiger territory before running out of steam. The teams then exchanged punts as the game concluded with a 16-0 score.

The Tigers had 12 yellow flags that cost them 75 yards in the game. "Our penalties and turnovers really knocked us back. At least four times penalties stopped good drives," commented Coach Nasche. "We need to improve our passing

when they travel to Dallas to take on the Lakehill Warriors.

Lakehill is led by running back Jamar Herford "who leads all rushers in the state of Texas in all divisions." Herford has rushed 1710 yards for 31 touchdowns. "We will have to contain him to win."

Lakehill is undefeated so far this season, outscoring their non-conference opponents 263 to 102. Last week the Warriors won their first district match 47-12 over Rockwall Christian.

"Defensively we're better...offensively their stats are better. It will be strength on strength," Nasche noted. "It will come down to which team executes best."

"This is our playoff - it is a do or die situation. The Tigers have to win Saturday to advance after regular season," concluded Nasche.

Game time is 2:00 p.m. at Dallas Christian Stadium.

DIRECTIONS TO THE GAME: Take I-35E to 635, take 635E to the Galloway exit in Mesquite. Cross over I-30, just before coming to the school, exit off Galloway to Don Cobble Road (across from Trophy Nissan's big flag) to Dallas Christian Stadium.

CELESTE THREATENED to score again in the 4th quarter, but Muenster's defense held at the 3-yard line on this 4th down attempt. Janie Hartman Photo

Hornets burned by Devils, 0 - 12

The Muenster Hornets put up a good fight Friday night when the number three state ranked Celeste Blue Devils came to town. After four quarters of play, the Devils took home a 12-0 district win, and some believe the district championship.

"It was a great game, at least to watch," Coach Randy Tankersley commented. "Celeste came in and proved their 3rd place rank. The Hornets played straight up, we were not intimidated. We know we can play with anybody," Tankersley continued.

Celeste took the opening kick to begin action last Friday night. After gaining 16 yards, Muenster's defense knocked the Devils for a loss and forced a punt on fourth and 18.

Muenster's first play from scrimmage was a 33 yard run by Eric Miller. Then the Hornets could do nothing with the ball, being stopped two yards short. Celeste took over on their 17.

A 55 yard run quickly placed the ball on Muenster's 28. Nine plays later, the Blue Devils were on the scoreboard. The extra kick failed for a 6-0 score with 1:24 remaining in the first quarter.

Muenster got in five runs and had to punt, then held Celeste, except for one 36 yard run, forcing a punt on 4th and nine.

Beginning on their own 20, the Hornets mixed seven runs by Shane Sparkman, Miller, Brian Fleitman and Jeremy Walterscheid to Celeste's 44 yard line. But a quarterback sack and a holding flag were followed by an interception on 3rd and 19. The Devils ran out the remaining time to the halftime break.

Muenster took the kick to begin the second half, but were forced to punt after they couldn't move against the Devil defense. The Hornets chances for victory were slimmed when Celeste added more points on their first possession with an 86 yard touchdown. The extra point pass fell incomplete for a 12-0 score with 9:35 still on the clock.

Fleitman, Miller, and Walterscheid carried the ball 25 yards in six plays before a fumble on 4th and one gave the Devils the ball. From near midfield, Celeste got down to the two yard line in six plays, but a loose ball was picked up by Eric Miller and the Hornets took over on their 12.

A run each by Miller, Fleitman, Walterscheid, and Scott Hermes allowed fourth

quarter action to begin on Muenster's 30 yard line. Walterscheid and Miller exchanged runs for another 33 yards. A fumbled play was then followed by an intercepted pass, which was returned 35 yards to Muenster's 29 yard line.

off and halted Muenster's attack. Muenster's defense forced a punt after five plays, but allowed the ball to bounce to the five yard line.

With time ticked off the clock, Celeste intercepted another pass and ran into the end zone. Luckily for Muenster, a flag erased the play and the touchdown didn't count.

"I was extremely proud of the boys' effort. They put their heart and soul into the game," stated Coach Tankersley. "You take away two big plays and it would have been a 0-0 game. We drove the ball on them, but mistakes caused us not to be in the game."

Tankersley said the offensive line played great, with Corey Anderle and Shane Sparkman both doing a "super" job. The Hornet defense also had a good game, especially out of Jeremy Walterscheid, Greg Flusche and Eric Miller. "It was a total team effort," Tank concluded.

Celeste moved to the Hornet 11, where Muenster defense held on fourth and 4, taking over on the 4 yard line.

Miller ran four plays for 15 yards, then a pass to Sparkman gained another 18. Two short runs were followed by another completion to Sparkman for 17 yards, but the next pass attempt was picked

ATTENTION, HORNET FANS!

Thank you for your attendance and have a safe trip to and from the game.

CRED HEART TIGER ASSISTANT COACH Robert Wilbur and John Grewing discuss offense against Masonic Home during a Friday night time-out. Photo by Dave Fette

second quarter began. The Mites possession was brief after losing the ball on a fumble. The Mites were soon in a 4th and 1 foot predicament. They kept a run for a 24 yard gain before Glen Dangelmayr stopped the run on the 7 yard line. Three plays later the Mites scored on a quarterback pass from the two. The PAT failed for a 9-0 score with 0 left on the clock.

The Tigers started their next drive on their 25. Swirczynski kicked up 10 yards, with Schilling getting a 30 yard gain on a reverse play to the Mites. An unsuccessful run and two incomplete passes turned the ball to Masonic Home.

After six plays, the Tiger offense regained the ball. Sacred Heart showed some work on their next drive, aided by some timely runs by Schilling, and Swirczynski to the Mites 30 yard line. Then Sparkman dimmed with a fumbled play, a 10 yard penalty and an intercepted pass.

Although halftime was only 15 minutes away, and could have provided some relief to the Mites, the Mites ripped the lead up with a 60 yard touchdown run as the clock

game, release the ball quicker and the receivers need to run better passing routes. Also better downfield blocking." Nasche hopes to improve on these after working at it in practice.

"Masonic Home is the fastest team we've ever played. We had our chances, but shot ourselves in the foot," Nasche continued. "We gave them this victory. Hopefully we will have another chance to play them down the road in the playoffs."

Correction

Last week's story on the Muenster Hornet victory over Fannindel gave John Tuggle credit for Muenster's first touchdown. The first Hornet touchdown of the game was a 71 yard pass play to Brian Fleitman in Muenster's first drive of the game.

We regret the mistake and any others that may occur during the football season.

Farm Bureau Insurance introduces
Medicare Supplement Insurance Plans

For years you've turned to Farm Bureau for your auto, home and life insurance needs, and now you can turn to us for your Medicare Supplement Insurance needs, too. Three plans are available for you to choose from Southern Farm Bureau Life Insurance Company.

MHS finishes 2nd at district CC meet

Muenster's cross country teams competed in the district meet in Alvord Monday, taking second place in boys and girls varsity and first place in junior varsity boys and junior high girls. Both varsity teams qualify for Regional, that will be held at Vandergriff Park in Arlington on Nov. 2.

The varsity girls ran a 2 mile course behind Alvord, and edged out Collinsville. Team standings were: 1st, Alvord, 27; 2nd, Muenster, 67; 3rd, Collinsville, 68; 4th, Era, 101; 5th, Petrolia, 156; 6th, Grafad, 156; 7th, Ponder, 186; 8th, Saint Jo, 213.

Lady Hornets competing, their times and places were:
 5 Kelly Felderhoff 14:17
 10 Valerie Erwin 14:37
 17 Jonna Schneider 14:58
 19 Keisha Dill 15:00
 20 Allison Endres 15:01
 22 Stephanie Huchton 15:03
 23 Kristin Chisam 15:04
 25 Kinzie Gerstberger 15:09

"The team did a super job," commented Coach Donny Vernon. "It was real close for 2nd place. They had beat us all the previous meets, but the Lady Hornets stepped up to the challenge. This group of young ladies improve each week."

"The varsity boys did a great job!" Vernon continued. "Most of these boys also play football and that takes extra effort and practice to run cross country as well."

The varsity boys ran a three mile course that was won by Grafad. Team standings were: 1st, Grafad, 21; 2nd, Muenster, 70; 3rd, Saint Jo, 89; 4th, Ponder, 102; 5th, Alvord, 109; 6th, Collinsville, 128.

Muenster Hornets, their times and places were as follows:

9 Bryan Miller 19:15
 12 Jeff Klement 19:41
 14 Erik Walterscheid 20:07
 15 Jake Luke 20:08
 20 Eric Miller 20:42
 23 Vince Felderhoff 21:12
 24 Greg Fisher 21:14

Shane Sparkman won the two mile junior varsity race with John Flusche coming in third and Darren Hennigan fifth. Muenster's JV won their division with 35 points. Ponder and Alvord followed with 45 and 50. "Shane ran a good race. The whole team ran well," said Coach Vernon. "The future looks good for the boys cross country team." Times and places for the JV were:

1 Shane Sparkman 12:37
 3 John Flusche 13:13
 5 Darren Hennigan 13:21
 15 Brad Escobedo 14:21
 16 Brandon Klement 14:25

The junior high girls tied with Alvord, a score of 53, for co-champions of the district. "The girls did a fantastic job. This group has a lot to offer in the future for the cross country program," Vernon concluded.

Keri Felderhoff led, from start to finish, to win the overall individual title. The junior high places are listed, but times were not available: 1, Keri Felderhoff; 5, Kacie Garcia; 11, Megan Hennigan; 20, Kristie Lutkenhaus; 24, Lacy Endres; 36, Jennifer Reid; 38, Ashley Klement; 44, Pamela Lutkenhaus; 58, Brittany Haverkamp.

'96-'97 deer hunting outlook good despite summer drought

It is no big news that Texas was subjected to a drought in 1996, but the dry conditions are at an end almost everywhere in the state and prospects for the 1996-97 whitetail deer hunting season look good.

Even though the drought had an effect on this year's fawn crop, Texans can again expect good deer hunting in much of the state. Late summer thunderstorms brought rains and much-needed forbs to deer.

The general gun season for whitetail deer runs Nov. 2 - Jan. 5 in North Texas and opens Nov. 9 in the South Texas brush country. For county specific bag limits and restrictions, hunters should refer to the Texas Parks and Wildlife Outdoor Annual,

which is available from TPWD offices and retail stores where hunting licenses are sold.

Butch Young, white-tailed deer program leader for the Texas Parks and Wildlife Department (TPWD), said, "many ranchers reduced livestock numbers to allow for the drought. The reduction in livestock may help create better conditions for white-tailed deer."

Young said deer managers should follow the example of ranchers and reduce deer numbers if deer habitat is obviously suffering from overuse. Recent rainfall across much of the state has provided a "jump start" for deer with new forb production and may give a green and healthy impression to the landscape.

But, a closer inventory of browse plant species during the upcoming weeks and months will provide land managers with a better indicator of available food supplies for wildlife.

"The recent rains came at a time when late acorns were developing and there are good acorn crops in much of the state," said Young. "Broad leaved plants are also looking good and as a result, deer may not be as likely to visit feeders during the early part of the season. We can only hope this is the end of the dry cycle."

Deer managers should strive for lower doe numbers in most areas to help provide adequate forage for the remaining deer should food sources appear to be running thin.

Farm & Ranch

Ranchers may defer paying income tax

Livestock producers who sell animals because of drought conditions may be able to defer paying income tax on the taxable gain, says Mike Hardin, a tax specialist with the Oklahoma Cooperative Extension Service.

Two tax laws affect drought-driven livestock sales that exceed a normal year's operation.

First, producers can defer reporting taxable gain from drought-forced sales in one tax year until the following year, including proceeds from animals that will be finished

for slaughter, says Hardin. However, sales must have been forced by drought that caused an area to be declared a disaster, and producers must show that the livestock would have been sold the next year.

The other law affects producers who plan to buy replacement stock within two years of the tax year. The animals must be used for the same purposes as the ones sold.

Before taking action, producers should consult their tax attorneys, accountants or other financial experts, advises Hardin.

County Agent's Report by Craig Rosenbaum

TAX PREPARATION WORKSHOPS

April 15th is still six months away, but it's time to talk taxes. The Texas Agricultural Extension Service is in its 25th year of offering professional education for lawyers and accountants involved with agribusinesses. There will be 57 seminars around the state including general and advance tax workshops. There are also some specialized programs such as estate planning, I-R-S appeals and ethics and professional conduct. Extension economist and attorney Dr. Wayne

Hayenga (HAY-en-gay) expects more than four-thousand tax preparers to attend this year's workshops. He says more than 600 tax code sections involving small business, health insurance and welfare have been changed. Most of the workshops are two days long and cost \$50 and up. They begin in late October.

Those workshops closest to Gainesville are at Sherman, Dallas, and Fort Worth. A complete list of dates, locations and times is available at the County Extension Office.

Carbonation extends shelf life of milk

Food scientists at Cornell University have developed a new technique to extend the shelf life of milk by several months. All it takes is a small amount of carbonation-or dissolved CO₂. Carbonation, although it does not change the milk's taste, has not been traditionally used in milk for two reasons: carbonation

dissipates in traditional milk cartons; and the microbial activity of low amounts of carbonation was not known until recently. The largest cost of employing the new technology is the need for better carton barriers, which cost more. The cartons needed to retain carbonation in milk are now used in the orange juice industry.

Steer & heifer shows planned by FFA

Muenster FFA and Jr. FFA members have started preparing for this year's steer and heifer shows. The members who will be showing steers and heifers are: Jeremy Walterscheid, Aaron Sicking, Ryan Klement, Jaclyn Bell, Craig Hartman, Kim Klement, Dillon Sicking, Cameron Walterscheid, Brandon Klement, Casey Bell, Lauren Dangelmayr, Joseph Dangelmayr, Cassie Sicking, Nathan Sicking.

These FFA members plan to attend the Muenster FFA/4-H Show, the Cooke County Youth Fair, and various major and jackpot shows.

Showing steers and heifers is

a competition that teaches youth how to feed and care for beef animals, and above all teaches responsibility. Showing of beef animals takes a lot of hard work and dedication to be successful. Many hours are spent in preparation for stock shows. Not only are animals to be fed on a daily basis, but many hours of hard work go into grooming and practice showing.

Best wishes goes to the FFA in their stock show competitions. Glenn Debnar, FFA advisor would like to see the parents and community support and encourage the FFA members in their steer and heifer showing.

Ag scholarships now available

Texoma Cattle Women together with the Texas and Southwestern Cattle Raisers' Association (TSCRA) announce the IVOMEC-Generations of Excellence college scholarship program that will help shape the cattle industry for generations to come.

Nationally, the IVOMEC Generations of Excellence program contributed over \$250,000 with Texas CattleWomen alone receiving \$61,892 and Oklahoma Cattle Women receiving \$20,226 for educational scholarships.

Applicants must be a college level junior, senior or graduate

student who have maintained a 2.5 GPA. Applicants must come from an agriculture background in the beef industry and returning to the beef industry after graduation.

The scholarships will be awarded for several categories of study through the college department of agriculture and life sciences. Applications must be received by November 15, 1996.

To receive a scholarship application form, contact Amy Lorraine, Texoma CattleWomen, 3105 Anthony, Sherman, TX 75092 or call (903) 892-2826.

Farmers Home Administration requires agriculture class

A Farmers Home Administration mandate requires that all direct and Guaranteed borrowers complete and pass educational courses involving agriculture finance and agriculture production. Therefore, North Central Texas College Small Business Development Center will offer a class designed to meet these requirements.

The course will be offered

November 19 - 22 and will meet 8 am to 5pm on Tuesday through Friday. Register by sending your name address and social security number to NCTC/SBDC, 1525 West California, Gainesville, Texas 76240, or come by the Registrar's Office on campus. For more information, contact the Small Business Development Center at 817-668-4220.

Farm acreage decreases from previous year

The number of U.S. farms and total farmland has dropped slightly from last year, according to a study released by the U.S. Department of Agriculture.

The U.S. is 469 acres unchanged from 1995.

There are 2.06 million farms in the nation today, a drop of less than 1 percent from 1995. Total farmland is estimated at 968 million acres, also down less than 1 percent from last year. The average farm size in

Texas remains the state with the most farms at 205,000 followed by Missouri with 104,000 and Iowa with 98,000. The five states with the largest decrease in farm numbers are Alabama, Georgia, Indiana, Iowa and Ohio.

The largest farmland increase occurred in Louisiana.

Implants in calves improve weight gain at weaning

A national survey shows 80% of cow-calf operations are missing a chance to increase weaning calf weights 20-30 pounds by implanting nursing calves.

Calves reimplanted during the suckling time can put an extra pound at weaning.

Sodbuster's Sentiment

A good listener is usually thinking about something else.

People who slap you on the back may be trying to get you to cough up something.

BEEF CATTLE

The number of cattle and calves in Texas totaled 15 million head, down about 1 percent from the previous year. Texas continues to rank first in the nation in the total number of cattle and calves with 14 percent of the total U.S. inventory.

1995 Texas Beef Cattle Production	
Rank in U.S. #1	
Number of cattle and calves 15 million head	
Total value \$6.2 billion	Total U.S. Production

THOMAS (Larry) CLAXTON
for
DISTRICT ATTORNEY
Democrat

Good afternoon, my name is Thomas L. Claxton and I'm running for Cooke County District Attorney. My family and friends have always called me Larry so you'll see my name on the ballot as Thomas (Larry) Claxton. Since the purpose of this message is to ask you for your vote, it seemed appropriate to tell you a little about myself.

Although I was born in Dallas, from the time I was just a couple of days old I lived in Gainesville and was reared by my parents, Bob and Polly Claxton, who had been living here since 1948. Dad established a successful insurance and real estate practice here and Mom, in addition to seeing to the needs of her children, also taught art and painting and later had a successful jewelry business. I have a brother, Chip, who has his appraisal business here in Gainesville, and two sisters, Barbara, assistant to former Governor Ann Richards in Austin, and Kim, the court-coordinator for Republican Judge Molly Francis in Dallas. We all attended Gainesville Public Schools, including Lindsay Elementary, and each graduated from Gainesville High School. I graduated in the spring of 1970. I started my college career by attending some summer classes at Cooke County College, now North Central Texas College. I went from there to the University of Texas at Austin and after a few more moves graduated with a Bachelor of Science Degree in Economics from the University of Colorado in 1976. Subsequently, I moved to Denton and while working for a CPA firm there, I attended graduate classes in accounting at the North Texas State University, School of Business. I finally ended my formal studies when I received my degree from the School of Law at St. Mary's University in San Antonio, Texas. I was admitted to the State Bar of Texas the following November of 1983.

I had my first job when I was in junior high school throwing a paper route for Mr. Flowers at the Gainesville Daily Register. Like most folks, while growing up, I held numerous jobs ranging from janitorial services to machinist to a night security guard at the University of Colorado. I began my professional career with the firm of Hankins, Powers, Ferguson & Co., a CPA firm in Denton, participating in auditing, including two annual audits of Denton County (one of which led to the indictment of the Denton County Tax Assessor for embezzlement), tax return preparation and general accounting services. I was with that firm until 1980 when I left to attend law school.

I was initiated into the practice of law when I went to work with the firm of Richard A. Anderson, a well known and respected criminal defense attorney in Dallas. Later, I joined the law firm of Jacobs & Young in Oak Cliff where I maintained a general practice. I practiced in the Dallas area for a couple of years. I had known for many years that I would eventually move back to Cooke County and in 1985, upon the death of my Father, when I came back to help settle his affairs it seemed like a logical time to make that move. I moved back in the summer of 1985 and established my own general practice which has continued uninterrupted.

I am a member of the State Bar of Texas, admitted to practice in all Texas State Courts by the Supreme Court of Texas. In addition, I have practiced in the United States District Court for both the Eastern and Northern Districts of Texas. I have also represented clients in their dealings with the IRS and those seeking benefits from social security. I am currently a member of the Legal Assistants Committee of the State Bar of Texas.

I have been a member of the part-time faculty at North Central Texas College since 1987, instructing classes in Real Property, Introduction to Legal Technology, Probate and Family Law. I am a past member of the Board of Trustees for the Gainesville Independent School District, 1989 - 1992, and was a member of the Cooke County Child Welfare Board from 1987 through 1995, including two years as its President.

I would like to continue to serve in the public interest as your next District Attorney and I respectfully request your vote in this election. Thank you for taking the time to read this message and I'll see you at the polls.

EARLY VOTING STARTS OCTOBER 16TH AT THE COURTHOUSE, ELECTION DAY IS NOVEMBER 5TH.

Pd. Pol. Adv. by Thomas L. Claxton, 102 E. Elm, Gainesville, Texas 76240.
