Fire, smoke damage Pepito's Restaurant

by Janet Felderhoff

Smoke pouring out of an air vent in the roof of Pepitos Mexican Restaurant alerted a trucker to a fire in the building. Muenster Volunteer Firemen were called to the scene at 1:05 a.m. Friday, August 15. Pepitos is located on East Division Street in the old Center building.

Muenster Fire Chief Herbie Knabe related that the main fire was knocked down in about 15 minutes. After that the men worked looking for hot spots. All trucks were on the scene until 4 a.m. and one uni remained until 8 a.m.

County Fire Marshall David Tharp arrived at 8 a.m. to investigate the cause of the fire. He determined that it started near the water heater, spread to the coloset's contents, then spread to the ceiling and nearby wood walls. "It's standard procedure to have an investigator come when there is a fire in an insured structure," said Knabe. "It is because of the insurance company needing to know what have needed."

There was also some smoke damage done to the area occupied by Red River Liquor which is an adjoining business.

"The duct work took out a loof the heat," said Knabe "There was a lot of smoke damage." He felt that the dollar amount of damage would be considerable with most of the damage being done to interior around the kitchen some equipment, and the roof The building stands solid, he noted

Precinct 4 awaits Justice of the Peace appointment

by Janet Felderhoff
Royce Martin officially
resigned his Precinct #4 Justice
of the Peace position at 4 p.m.
on Thursday, August 14. He
had another 16 months
remaining to fulfill on his
elected term.

Martin's last elected term has been rife with problems. On January 5, 1995 he was indicted by the Cooke County Grand Jury on two charges, tampering with physical evidence; and engaging in organized criminal activity for theft over \$750.

Commissioners Court suspended Martin from office on Jan. 10, 1995, but eventually let him resume his duties until further

In April, 1995 Martin pleaded guilty to the misdemeanor offense of tampering with identification numbers on a lawn mower owned by Montgomery Ward in Grayson County. The 235th District Court accepted his plea of guilty and found that the evidence substantiated his guilty.

Commissioners will consider the applicants for the appointment at the 10 a.m. regular meeting of Commissioners Court Monday, Avenue 25

Also scheduled at the specia meeting was the Publi Hearing date for the proposed 1997-98 budget and tax rate. It is set for Tuesday, Sept. 2 at 2 m. in the Courte Courteaux

Sacred Heart Parish welcomes new pastor, Father Tom Craig

Father.Thomas Craig arrived in Sacred Heart Parish on Wednesday, August 20, 1997, after transfer by Bishop Joseph Delaney, following the departure of the Benedictine monks recalled to Subiaco Abbey by Abhot Jerome Kodell.

Father Tom's previous assignment was at St Catherine of Sienna Church ir Carrollton, where he was master since August 1989

Thomas James Craig is the son of James and Louise Craig. He was born on May 25, 1952 in Oklahoma City, the oldest of nine children. His sisters and brothers are John, Paul, Judy, Julia, Donald, Mary Ellen, Daniel, and Christopher. He is the uncle of 24 nieces and nephews, and godfather of two. The family lived in Los Alamos, New Mexico for some years, moved to Colorado Springs, Colorado and then settled in Wichita Falls.

Tom Craig graduated from Notre Dame High School in 1970. He played the cornet, and baseball as a catcher.

After attending Midwestern State University, pursuing a Pre-Engineering major, he enlisted in the U.S. Coast Guard, serving six years. Later he attended Tarrant County Junior College in Fort Worth, and received an A.S. degree in Electronics Technology.

He began his religious studies at Texas Christian University in Fort Worth, receiving a Bachelor of Arts degree in Religion and in

Philosophy. He entered St. Meinrad's Seminary in Indiana in 1978. In 1981 he was ordained a deacon. Upon graduation, he received a Master of Divinity degree. He was assigned to St. Ann's Church in Burleson from 1981 to 1982.

On June 26, 1982, Thomas J. Craig was ordained by Bishop Joseph Delaney. His first assignment was at St. Philip the Apostle Church in Lewisville, where he served as Associate Pastor from July 1982 to December 1985. His

next assignments were along stretches of Texas highways each week. He became pastor at Sacred Heart of Breckenridge, with missions in Albany, Gordon, Dodson Prairie, Graford, and Throckmorton. Each weekend he drove from parish to parish to offer Holy Mass, and to care for the sacramental needs of the communities.

Father Tom became pastor of St. Catherine of Sienna Church in August 1989. Some of his major contributions there include the campaign to build a new Education Building; the formation of a stewardship program, and the ongoing awareness of time, talent and

On a diocesan level, Father Tom has served as representative in the North and Southwest Deanery, on the Pastoral Financial Committee of the Diocese, on an Ad Hoc Committee of the Bishop to study the future staffing of parishes when priests will no longer be available to be appointed resident pastors. He is currently Dean of the North Deanery.

When time is his own, Father Tom enjoys playing with his computer, working on his genealogy, watching or reading science-fiction, creating things from wood, who computed the science of t

Money, building and staff are main focus at Muenster ISD meeting on August 14

The school's finances, building projects and the district's staff were main topics of discussion at the monthly Muenster ISD board of trustees' meeting last week

Thursday.

The board approved the Chapter 41 Contract with the Grapevine/Colleyville ISD.

Muenster will receive \$1,060,401 from the district, 50% of that being paid in February and the balance in six equal payments. The estimated remaining balance from the state should be \$193,499.

The Grapevine/Colleyville district chose to pay Muenster because

Grapevine/Colleyville district chose to pay Muenster because of our low cost per student, allowing them to pay more to one district instead of paying several.

The board also took action on the contract with TLC Day Care, which handles the district's pre-school program. The current arrangement was for MISD to pay \$5.50 for each (state) qualifying student and the salary for one aide. There are 18 qualifiers, 23 local non-qualifiers and 3 non-qualifying transfer students in pre-schoo this year. The board approved the requested changes of paying 1/2 of the aides' salary \$200 a month for rent, and allowed TLC to retain all of the fees for non-qualifiers. The district will charge an extra \$1.50 for tuition to non qualifying students.

The board officially hired to the support staff Suzie Fleitman, Horace Pruitt, Meinrad Yosten and Scott Maner. They also hired Rhelda Harris for zero period Spanish.

Steve Cooper gave his superintendent's report which included:

The new bus has arrived.
The handicapped ramp of the football bleachers was pure on hold until after the season.

the handicapped toilets in the boys and girls dressing rooms are approximately two inches too close to the wall and must be moved. Also the concession stand counter must be 26 inches low.

 Exemplary signs, to be placed on Hwy. 82, are still looking for a location.

Discussion continued on the district's building projects, facility needs and roof repair Cooper noted that past meetings' emphasis were, in order, 1. Build a new high school; 2. Heating and air conditioning the elementary and elementary roof repair teither extend the old metal roof or put on new metal roof; 3 Renovate the cafeteria; 4 Changing the playground area and putting a new sidewalk north of the elementary.

"The construction manage and architect need direction to proceed," noted Cooper. "They will submit additional plan and cost estimates." The architect earlier presented a \$\frac{8}{2}\text{million} project, but Coope noted, "We have to weigh the need and we have to take car of that need."

The board agreed that the first priority is a high school, "that will take care of all

growth." Second was the elementary roof, "that must be fixed" and the third was the cafeteria, which needs enlarged and an updated kitchen.

In other old business, the board voted 6-1 to fix the leak strong the walls of the old gym. The bid was awarded to Community Lumber Company.

Informative items of new business included the principal's report. High School principal James Hopper gave a campus count of 233 in the secondary schools, 135 in high school and 98 in the junior high. "I feel like we are getting off to a good start," Hopper noted. "Muenster has the most polite, courteous group of kids Tye seen."

Elementary principal Gwen Trubenbach said there is a student increase with a total of 253 in grades pre-K through 5. Cooper noted the student counts were on line with the state's projected increase. "Things are going very smoothly," Mrs. Trubenbach commented. She also informed the board of several fire safety items, noting that a district-wide alarm system could ensure that students in all buildings are accounted for and

Holly Wellman joins Dr. Tom Currier as nurse practitioner

by Janet Felderhoff

"Nurse practitioners are big nake care of themselves," explained Holly Wellman. "At times that's real hard to do. At times you want to say if you do what I tell you to do then you will be well. As nurse practitioners, I think we realize that until it becomes a priority in their life to lower their blood sugar, or to lower their cholesterol, until it's their priority, it's probably not going to happen." Holly is a nurse practitioner and is now associated with Dr. Thomas Currier's office, Obstetrics and Gynecology Consultants of North Texas. A nurse practitioner can be beneficial to a physician in many ways, said Holly. Nurse practitioners can take more time to see a patient. They are less rushed because they usually don't see as many patients during the day, she explained. Eventually Holly

that have increased the cases going to the DA's office, Ms. Haverkamp asked for a trained assistant attorney. Commissioners agreed to hire an assistant DA on a one year trial basis. That salary was approved at \$36,000. Also approved was an across the board salary increase of three percent for all county employees.

Longevity pay was also approved for employees. Beginning Oct. 1 county employees will be paid \$20 a month for every year that they have been employed by Cooke County. It is retroactive to their employment date. Previously employees received \$10 a month per year. The change will reward employees who have been with the county for many years and widen the salary difference between new employees. A total of \$400,922 has been earmarked for courthouse repairs. Much of that will be used to repair the north and south sides of the courthouse tower. There is a serious problem with water leakage that is causing damage inside the courthouse. Presently the north and south sides have the most immediate need of repair. That amount was acquired by taking the \$168,322 remaining in this year's PI (permanent improvement) fund; adding \$198,100 in new revenue for 97-98; subtracting \$115,500 that will be needed for other things; and adding another \$150,000 from the general fund reserves.

\$150,000 from the general fund reserves.

Cooke County's taxable property value this year is \$1,044,881,882. That is \$93,077,822 more than last year's property value of \$951,804,060. The major increase was due to the reappraisal this year of property in the Gainesville area, said Commissioner Virgil Hess. New construction in Gainesville and other parts of the county also added to the increase.

As of 4:00 p.m., August 14, 1997, I, Royce D. Martin, Justice of the Peace, Precinct Four, retired from office. I would like to take this opportunity to thank my friends and supporters over the last eighteen years and eight months for their confidence in me. My family and I will always be grateful.

I was indicted in 1995 for a crime I did not commit. I made a foolish mistake by accepting the plea bargain that I was persuaded to accept, rather than take a chance on trials that I expected to be costly. I have a family and a disabled wife, and I had to consider all the possibilities that could have arose. The economic and personal tolls are such that I believe my retirement is the prudent course to follow.

I have lost most of the respect I had for our judicial system. It is to fair for the system to consider wealth, personal gain, or anything except the facts in adjudicating justice. To have a few bad officials to our judicial system is comparable to Nazism.

I consider myself an old soldier with over twenty years of military service. One of our famous generals stated he would just adde away, I will not. I will continue to fight for my civil rights and to restore the tarnished reputation of my family and myself.

I thank you all again for the many years of service you granted ne. I can truthfully say that all my decisions were made with good mentions. May God bless you, and I hope to serve you again as a ubble servant in the near future.

Letters to the Editor

To The Editor:

Due to the hard work of many concerned residents of this area, the Cooke County Unit of the American Cancer Society raised over \$50,000 at its second annual Relay For Life Event which was held in June. The efforts of these participants are highly commended. Funds from this event are used in Cooke County for educational programs for cancer prevention, research, and services designed specifically for cancer patients and their families.

for cancer patients and their families.

Progress in cancer treatment is saving more lives than ever before. While that is good news, the long-term treatments that are saving lives put an extra burden on the patient and family members who must return to treatment centers frequently, sometimes daily,

for weeks and months.

To help ease this burden, the American Cancer Society has a volunteer program called "Road to Recovery." This program pairs community volunteers with cancer patients to provide rides to and from cancer treatments. Volunteers can give as little as two to three hours per month and help a cancer patient down the "Road to Recovery."

In order to establish this program in Cooke County, a training session for "Road to Recovery" volunteers will be held Saturday, Aug. 23, 1997 from 9:00 a.m. to 11:00 a.m. in the meeting room at the Cooke County Electric Cooperative. Talking with Herbie prompted me to call city hall to report we do not hear the siren for the tornado. Apparently sirens are expensive. I was directed to talk to the mayor or councilmen," Gwen said. "In her declining years, she lived near church, and attended regularly...Her last time to attend Mass was on Don and Barbara Fuhrmann Rohmer's wedding day...
"This 'invisible' angel, Mary, is now a visible angel in the Kingdom of God. May she rest in peace!"

Survivors are seven sisters, Bertha Wooten of Wichita Falls, Gertrude Voth of Muenster, Elenora Sicking of Gainesville, Rita Becker of Gainesville, Rita Becker of Gainesville, Martha McKinney of Muenster, Agnes McCallion of Tucson, Arizona, and Adeline Petit of Sherman. Also three brothers Alois Rohmer, Arnold Rohmer and Norbert Rohmer all of Muenster. Also 41 nieces and nephews and numerous great-nieces and great-nephews.

Preceding her in death were her parents; and three brothers Albert, Ed and Urban Rohmer.

A Rosary service was held in McCoy Funeral Chapel on Friday at 4 p.m. and Wake Service and Vigil at 7 p.m.

Participating in the funeral Mass were Susan Yosten and

Gary Rohmer, who gave Readings from the Old Testament and New Testament, respectively. Prayers of the Faithful at Offertory were read by Brian Rohmer. Offertory gifts were presented at the altar by Sara, Kate and Lauren Sepanski. Eucharistic ministers were Imelda Rohmer, Viola Rohmer, John Bartush and Chuck Bartush.

Mass servers were Nicholas and Jonathan Yosten and Michael Miller.

Music ministers were Christi Hesse, Ruth Felderhoff, and Pam and Dave Fette. Sacred songs included: "Pilgrim's Song," "The Lord Is My Shepherd," "Be Not Afraid," "In The Breaking Of The Bread," "Hail Mary, Gentle Woman," "Song Of The Angels," and How Great Thou Art.

Burial in Sacred Heart Cemetery was directed by McCoy Funeral Home of Muenster. Pallbearers were Alan Rohmer, Neil Rohmer, Don Rohmer, Gene Rohmer, Kenneth Sicking and Werner Becker, Jr.

Out-of-town friends and relatives attending were Gary, Robin, Lauren, and Andrew Rohmer of Southlake; Curtis, Pat, and Thomas Rohmer of Dallas; Betha Wooten of Wichita Falls; Norma Tacker, Sherry D. Elton, Johnnie L. Goodner, and Adeline Pettit all of Sherman; Ted and Vicki Litteken, and Jerry and Patricia Anderson all of Wichita Falls; Betty Perkowski of Plano; Carol Weatheread of Sanger; and Gene and Monica Lowrey of Irving.

The family of Mary Rohmer appreciates all the kindness and thoughfulness shown illness. A special thank Muenster Memorial Care, ladies who the Knights of Colum-Dr. Edd Advincula, Father Frowin, Father Camillus, music ministers and all the prayers, flowers, food and cards. May God in His Goodness continue to bless you all in your generosity.

etters to the Editor

To the Editor and all others,

Last June, I was shocked by a piece of correspondence I received in the mail from the National Wildlife Federation. This letter, dated June 10, 1997, was sent to its members, as king them to 'tell...lawmakers to support international family planning.' They wrote, "Many studies have shown that the best way to prevent abortions is to prevent unwanted pregnancies—and that means providing safe, reliable contraceptives, and education about how to use them...Some day humans and wildlife may be able to coexist in a peaceful balance, but that day has not yet arrived. Stabilizing the human population is essential if we are to achieve that balance.

Making a "peaceful balance" by "stabilizing the human population is a most vicious and major problem as it basically says to kill the babies to save the seals. In other words, to NWF, wildlife has definite precedence over human life. This is absolutely wrong, a most twisted evil, and

death. It lowers their dignity to that of an object of pleasure instead of a marvelous bearer of new life. Contraceptives destroy.

instead of a marvelous bearer of new life. Contraceptives destroy.

I for one have removed all my support from National Wildlife Federation. I have written them explaining why and asking for a change. I encourage all you readers to do the same. NWF includes subscriptions to National Wildlife, International Wildlife, Our Big Backyard, and Ranger Rick. I encourage you to not only cancel all subscriptions of these magazines, but also to write to them and tell them why, encouraging them to change their policy of death to a policy of life. Their address is National Wildlife Federation; 8925 Leesburg Pike; Vienna, VA 22184-0001. Or give them a call at 1-800-477-5560.

If you have any questions, contact me about it. I'll be more than happy to discuss things with you. For all of Creation: nature and humanity, I thank you.

NOTICE OF PUBLIC HEARING ON TAX INCREASE

The Muenster Water District will hold a public hearing on a proposal to increase total tax revenues from properties on the tax roll in 1996 by 67.0 percent. Your individual taxes may increase at a greater or less rate, or even decrease, depending on the change in the taxable value of your property in relation to the change in taxable value of all other property.

The public hearing will be held on Thursday, September 4, 1997 at 5:30 p.m. at the Council Meeting Room of Muenster City Hall.

FOR the proposal: Bob Bauer, Ted Henscheid, Milton Knauf, Pat Stelzer, Charles

Wimmer

None AGAINST the proposal: PRESENT and not voting

The statement above shows the percentage increase the proposed rate represents over the 0.149055 tax rate that the unit published on August 9, 1996.

The following table compares taxes on an average home in this taxing unit last year

Again, your individual taxes may be higher or lower, depending on the taxable value of your property.

to taxes proposed on the average home this year.

	Last Year	This Year
Average home value	\$59,197	\$59,222
General exemption available (Amount available on the average home, not including senior citizen's or disabled person's exemptions.	\$ 0	\$ 0
Average taxable value	\$59,197	\$59,222
Tax rate	\$0.149055/\$100	\$0.248900/\$100
Tax	\$ 88.23	\$147.40

Under this proposal, taxes on the average home would increase by \$59.17 or 67.0 percent compared with last year's taxes. Comparing tax rates without adjusting for changes in property value, the tax rate would increase by \$0.09985 per \$100 of taxable value, or 67.0 percent compared to last year's tax rate. These tax rate figures are not adjusted for changes in the taxable value of property

Bond issuance increases taxes

by Stephen Broyles

In 1983, the City of Muenster voted and approved a bond issuance of \$1,780,000 to trichase land, construct a dam, and build a water treatment plant. The bond principal and terest are paid by Muenster Water District ad valorem taxes. ce of \$1,780,000 to

The initial issuance of the city-approved bond was \$580,000. The Muenster Water District paid around \$58,000 a year in bond principal and interest. In February 1996, the second phase of the city-approved bond was issued for \$500,000. This raised the bond principal and interest due each year to around \$93,000.

The Muenster Water District is in the process of issuing the final \$700,000 in bonds. This will increase the bond principal and interest due annually to around \$135,000. Since property taxes are used to pay this amount, this necessitates increasing the property taxes on citizens of the Muenster Water District. Elsewhere in this paper is an explanation of the proposed rollback tax for Calendar Year 1996 property taxes. It shows an increase of 67.0 %

What does this mean in dollars? The following table shows taxes for various taxable

Taxable Value	1996 Tax	Proposed 1997 Tax	Increase
\$ 50,000	\$ 74.53	\$124.45	\$49.92
\$ 80,000	\$119.24	\$199.12	\$79.80
\$100,000	\$149.05	\$248.90	\$99.85

What are taxpayers' options? Since all of the property taxes are used to pay a debt—th bond principal and interest—voted and approved by taxpayers in 1983, the tax rate must be increased to meet the new debt service. Thus, the proposed tax of 0.248900 per \$100 taxable value is the lowest possible tax rate the Muenster Water District can approve.

August 2 vows solemnized in Sacred Heart Catholic Church

by Elfreda Fette
Mr. and Mrs. Dewayne
Williams are residing in
Muenster since returning from
a wedding trip. They were
married in Sacred Heart
Church in a Nuptial Mass
officiated by Father Frowin
Schoech OSB on Aug. 2, 1997,
at 5 p.m., with double ring
vows.

Schoech OSB on Aug. 2, 1997, at 5 p.m., with double ring vows.

Daughter of Dale and Dolores Hofbauer, the bride is the former Jayna Hofbauer. She is a 1991 graduate of Sacred Heart High School and is currently employed as sales clerk at Tops and Teams Sporting Goods.

The groom is the son of Herman Williams of Sulpher, Oklahoma, and Ida Megee of Konowa, Oklahoma. He attended Sulpher Middle School, graduated at Muenster High School, and is an electrician employed by C & G Electric in Denton.

Presented at the altar and given in marriage by her parents, Dale and Dolores Hofbauer, the bride was wearing a formal, white, Alfred Angelo designer gown with offshoulder sweetheart neckline. The bodice was embroidered with sequins, seed pearls and lace appliqués. The full, ballgown design skirt was made of layers of satin, tulle, and organza, dotted with appliqués of lace, pearls and sequins. Her fingertip-length illusion veil was attached to a band of

Religious Ed. program notice

Sacred Heart's Religious Education Program still needs volunteers to teach grades 3, 5, 7 (2 teachers), and 12. If you are a practicing Catholic, know the basics of your faith, like children and young people, and desire to help, call Barbara Rohmer at 759-2511. Classes meet on Wednesday evenings from 7 to 8 p.m. Class size is small and training for new teachers will be provided. Teachers' aides and hall monitors are needed as well. Classes begin on Wednesday, August 27 at 7 p.m. followed by an opening Mass at 8 p.m.

lace, seed pearls and miniature flowers.

She carried a bridal bouquet of deep pink Stargazer lilies, surrounded by cream Monte Casino flowers and English ivy. For sentiment and tradition she borrowed an ivory rosary from her sister Angie Hofbauer, and wore new pearl and silver earnings, gifts from her mother.

Attendants

Angie Hofbauer of Muenster, bride's sister was maid of honor. J.J. Sowders of Tolar, Texas, friend of the bride, Retha Sparkman of Myra, groom's sister and Krystle Sparkman of Myra, groom's niece were bridesmaids. They were identically attired in floor-length burgundy gowns of satin with lace bodice and back bow. They carried nosegays of cream Casablanca lilies and burgundy and cream ribbon and tulle, edged with a large burgundy bow.

The flower girl was Madison Williams, daughter of the couple. She wore an ivory satin dress made by her grandmother Dolores Hofbauer, and carried a basket of flowers similar to the bridesmaids, and decorated with lace and cherubs.

The ring bearer was Michael Eckart, bride's cousin.

Paul Black of Denton, was best man. Danny Black of Irving, and Matt Zimmerer of Denton, all friends of the groom, and Stephen Hofbauer of Muenster, bride's brother, were groomsmen.

Jason Hofbauer of Myra, bride's brother and Shane Sparkman of Myra, groom's nephew, were ushers. Jerry Eckart, bride's uncle filmed the ceremony.

Mass servers and candlelighters were Nicholas and Jonathan Yosten and David Hesse all of Muenster and cousins of the bride.

The special wedding liturgy included the Old Testament Reading and Responsorial Psalm by Mary Lin Knabe, bride's cousin; the New Testament Reading by Peggy Sparkman, friend of the groom, and Offertory petitions by Dawn Green, friend of the bride. Offertory gifts were presented at the altar by Anne and Neil Hesse and Rose and Bill Black. Eucharistic Ministers were Peggy Walterscheid, Debbie Hess, Clinton and Debbie Endres, Mary and Claude Bayer.

Music Ministers were Ruth Felderhoff, organist, Christy Hesse and Wendell Black, vocalists. They presented songs: "Beginning Today," "The Greatest Gift, Hail Mary, Gentle Woman," "I Cross My Heart", ""One Hand, One Heart", and "The Rose". organ solos were, "Jesu, Joy of Man's Desiring," "Trumpet Tune," and "Trumpet Voluntare."

Reception

A reception followed at Sacred Heart Community Center, hosted by the bride's parents for 250 guests. Rohmer's Restaurant catered dinner. Guests danced to music provided by David Muller of Muenster.

Tonia Evans, friend of the bride, and Connie Woolf, cousin of the bride, presided at the guest book.

The bride's table was covered with a cream lace cloth over burgundy. It held a centerpiece of Casablanca lilies and lighted candles, and a picture of the couple.

The wedding cake was arranged in four separate layers in a circle, decorated with invory icing, ivory rose buds, English ivy and Casablanca lilies. The groom's two layer chocolate cake was decorated with pecans and chocolate covered strawberries. Both were made by Betty Rose Walterscheid Cake servers were Cindy Tempel, Diana Knabe, Kristen Yosten, Debra Yosten, and Christiana Eckart.

Reception assistants were Rose Sicking and Cathie Fuhrmann, friends of the bride, Gerri Eckart, and Christiana Eckart.

Reception assistants were Rose Sicking and Cathie Fuhrmann, friends of the bride, Gerri Eckart, and Christiana Eckart.

The wedding table was

decorated with a Precious Moments centerpiece, lighted hurricane lamps, two arrangements of cream magnolias and lighted votive candles. A white lattice against the wall held a center arrangement of three hearts decorated with burgundy and cream ribbon, Casablanca lilies and ivy. On each side of the lattice were heart-shaped

candelabra with lighted candles, and extra baskets of cream flowers and cherub angels.

Guest tables held centerpieces of hurricane lamps, Casablanca lilies, ribbon and tulle.

The rehearsal dinner was held on Aug. 1, at the Center Restaurant, hosted by the groom's mother, for 25 guests.

Shirley Ann Henscheid and Raymond Arthur Stewart IV have chosen Sept. 20, 1997 for their wedding day. Their engagement and approaching marriage have been announced by her parents, Ervin and Carol Henscheid, of Muenster. Parents of the future-groom are Rick and Darlene Stewart of Muenster and Laura and George Gould of Harahan, Louisiana. The wedding will be held in Sacred Heart Catholic Church at 5 p.m. The bride-elect is a 1992 graduate of Sacred Heart High School and a 1992 graduate of American Airlines Travel Academy. She is a travel consultant employed by Associated Travel in Gainesville. Stewart is a 1991 graduate of Muenster High School and a 1997 graduate of the University of North Texas. He is employed by Atcheson Cattle Company.

MHS, SHHS Classes of '77 reunite

The Muenster Public and Sacred Heart High School classes of 1977 reunited on Saturday, July 19, 1997. The celebration began with 5:00 p.m. Mass at Sacred Heart Church officiated by Rev. Frowin Schoech, OSB. Susan Koesler Yosten provided the readings, Chris Schilling sang and played the guitar accompanied by vocalists

Cathy Bartush Otto and Pat Davidson Gilliland. Eucharistic Ministers were Chuck and Doris Clark Koesler, Ramona Walterscheid Felderhoff, Tina Mollenkopf Weinzapfel, and Mrs. Steve Henscheid.

A reception, dinner, and dance followed in the Sacred Heart Community Center lunch room. Stacie Walterscheid Miller and Mary

Hoedebeck Hess provided the decorations and other memorabilia. Dinner was catered by Rohmer's Restaurant and music was provided by David Muller. A short program was hosted by Tim Sicking and Jim "Smoke" Koelzer, followed by group pictures. A booklet was given to the classmates for a keepsake of the special event.

Muenster Historical Commission meets

The August 14 meeting of the Muenster Historical Commission was called to order by President Christine Weinzapfel at the Muenster Museum. Eight members were present.
History Bee Chairperson Celine Dittfurth reported that her committee will meet later in the month to pick a date for the Bee which will be suitable for both schools, and to review the study guides. Marketing Chairperson Sydney Reynolds reported that the necessary changes will be made to our brochure and distributed.

In other business, preserving Muenster's history was discussed, and it was decided that the Commission will undertake a project this fall in order to help preserve a small piece of our community's past. INSECT CONTROL IN SMALL GRAINS

SMALL GRAINS
1996-97 crop year saw light
infestations of greenbugs. However, we did see some significant
results on Gaucho applied seed in
the demonstration fields. Field
trials in North Texas have shown
excellent control of fall infestations of greenbugs with Gaucho
treated wheat seed. Yield increases have resulted when damaging infestations of greenbugs
[aucho howestide Demonstration, Fuluronam Ito

have developed in the fall. An additional benefit is the reduction of barley yellow dwarf virus due to control of greenbugs and bird cherry-oat aphids. Gaucho, because it is a systemic in the plant, has given up to 8 weeks plus of greenbug control. It can provide the only insecticidal means of controlling barley yellow dwarf virus.

Gaucho was first labeled for wheat in 1995 and can be applied to wheat seed only by a commercial treater. There is no grower application of this insecticide. The rate most producers use is 1 oz. per 100% of seed.

Gaucho will not control winter grain mites, armyworms, or cutworms.

There are certain grazing restrictions and producers should visit with their commercial seed treater for all new restrictions.

The following charts show the results of this year's Gaucho treatments.

1997 WHEAT RESULTS

Small grain planting time is rapidly approaching. Producers who plan on grazing small grains will be shooting for that September 1 planting date. Years of research have shown that forage production is much higher in early planted wheat varieties. However, early planting can cause some problems, such as the fall armyworm, and we saw some freeze damage on early planted small grains during the harvest season of 1997. The lush early fall growth can also be damaged by fall and winter freezes. Grazing seems to help by hardening the plants. In some recent yield work done on the Fuhrmann Brothers Farm at Lindsay, those varieties that were grazed outyielded the non-grazed portion of the field on early planted wheat varieties.

yielded the non-grazed portion of the field on early planted wheat varieties.

The following results are from test plots located at Lindsay and Muenster. The Lindsay location received a great deal of freeze damage from the late freezes in 1997. Yields represent that freeze damage at the Lindsay location. The Muenster location grew off very well and was one of the fields in the county that showed little to no freeze damage. Several varieties did very well. The Pioneer 2571 was a high yielder at both locations. Custer is a hard wheat that we have had in the plots for the last two years and has shown good results. Other hard wheats that have looked good included Tonkawa and Ogallala. The Jagger and 812 varieties tended to have some rust problems this year. In addition, the TAM 301 had germination problems at both locations and the yield was not good. This year we saw quite a variation in the hard and soft wheat price and producers need to consider all production and pricing scenarios in selecting a wheat variety.

Horn fly hazards noted

Wet spring weather brought more than green grass- it stimulated a horn fly population explosion. The blood-sucking pests quickly exceed nuisance status, as they bite cattle up to 20 times a day and cost the industry more than \$700 million annually.

"Producers must be careful how they respond to expanding horn fly populations," says Larry Moore, Bayer Veterinary Service. He and Roger Drummond, entomologist and livestock pest management expert from Kerrville recommend the following hints in dealing with horn flies.

"Know your control program's history. Which insecticide products have you used in the past?

"Don't treat until flies exceed the economic threshold of 200 flies per head.

"Be sure to treat cows with calves and growing calves, as horn-fly free cattle tend to gain better.

"Alternate insecticide chemistry families, especially in areas with pyrethroid resistance. Rotate organophosphate products with

pyrethroid treatments to delay horn fly resistance and maintain pyrethroid effectiveness.

Use peak-season supplemental treatments, like sprays, dust bags or backrubs to help take some of the pressure offear tags.

Remove ear tags late in the fly season and treat cattle with an organophosphate pouron. This reduces the chance of flies receiving sub-lethal insecticide doses-which could increase fly resistance to product chemistries.

Heat stress safety

If you're hot...you're not...safe, that is. Farmers and other workers who spend long periods of the day outside in the sun to take frequent, short breaks throughout the day. These are necessary to cool off and to clear your mind for the task at hand. Also, wear a wide brim hat and protective clothing to avoid sunburn and drink plenty of water to replace fluids lost from perspiration. Stay cool! Stay safe!

Dairy co-ops' consolidation plans progress

The consolidation steering committee for Project Vision met August 11 to continue finalizing a plan of consolidation that would create a new dairy cooperative with domestic and international focus. Temporarily named, NewCo, the proposed cooperative's objective is to improve returns to member farmers.

In keeping with an established August 8 deadline, the board of directors of Mid-America Dairymen Inc. (Mid-Am); Milk Marketing Inc. (MMI); Western Dairymen Cooperative Inc. (WDCI); and the Southern Region of Associated Milk Producers, Inc. (AMPI) have approved continuation of the consolidation proceedings. AMPI's North Central Region has left the discussions.

At the meeting, the consolidation steering committee of the four cooperatives accepted a restructured map which includes six areas. The revised demographics for Project Vision involves 23,200 member farms. The new cooperative's sales or revenues for the 1996 fiscal year was an estimated \$6.9 billion.

The boards will reconvene in September to receive the formal plan of consolidation. The plan would then be considered by each organization's membership or voting delegates. January 1, 1998 is the target date for consolidation.
