

## Bill Ledbetter named KCs "Good Neighbor"

by Elfreda Fette

Rev. Bill Ledbetter of Muenster has become a member of an elite group of men honored by the Muenster Council Knights of Columbus #1459. The two-part ceremony naming him the winner of the "Good Neighbor Award" was held Sunday, October 12, 1997, in the council's annual observance of Columbus Day.

Rev. Ledbetter and his family, wife Sharon, and their children Jared and Jordan, and several special friends including Herman and Gwen Carroll were guests of the Knights of Columbus at the 8 a.m. Mass in Sacred Heart Church Sunday morning, and at the annual breakfast and program that followed in the Knights of Columbus Hall.

Tom Felderhoff, Jr. K.C. Grand Knight made the announcement preceding the beginning of Mass.

Briefly, Tom Felderhoff explained the history of the award, relating that "When 45 charter members formed Muenster Knights of Columbus Council #1459 on Jan. 16, 1910, they began a local tradition of faithful service to God and their community. Since that date, there have been energetic and enthusiastic members who give generously of their time in promoting the council's welfare by their untiring and faithful service."

"In observance of Columbus Day, the Knights of Columbus hold their 'Good Neighbor Awards Breakfast'. Every year, they honor someone of another faith in the ecumenical spirit of encouraging greater harmony among creeds. The award is presented to someone whose pursuit of excellence is exemplified by his love of God and love of his fellow men, whose generous contributions

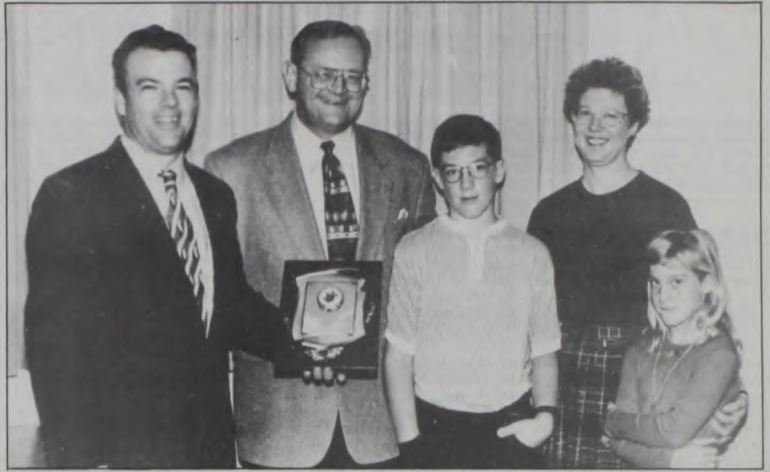

and extensive services to the community are performed in a gentle, quiet manner, shunning all publicity.

"In this spirit, the Knights of Columbus salute the 1997 winner of the 'Good Neighbor Award, Rev. Bill Ledbetter!"

All attending responded with generous applause, showing appreciation for the award winner.

The breakfast and the program followed later in the KC Hall. Tom Felderhoff, Jr. was Master of Ceremonies. Father Thomas Craig led the invocation.

## Lynch urges county to rally against pornography

by Janet Felderhoff

Frustrated with what he feels is a dereliction of duty on the part of certain county officials, Don Lynch of Gainesville informed Commissioners Court that he was filing an affidavit with the County Attorney's office. His goal is to close down T.W.'s Adult Video which is located along I-35 north of Gainesville.

Lynch said his investigations show that a sexually oriented business is being operated out of the building. The business opened in late November of

1996. He first became suspicious that it was intended to house a sexually oriented business when he noticed that the building was being constructed without windows. The county inspector John Pipes was told that it was being built as an antique store, said Lynch.

"I'm not after anybody," Lynch told Commissioners Court at the Oct. 13 meeting. "I'm just after action. If we get action I won't be back. If we don't get action, I'm going to

pull a motor home down here and camp."

Lynch remarked that he contacted the County Attorney on four different occasions and got "put off". Lynch and an unidentified friend visited the business and the friend purchased three tapes for evidence. The tapes according to Lynch, "depicted sexual acts of the most disgusting kind and certainly obscene by the community standards of Cooke County."

These tapes were given to the Cooke County Sheriff's Department with hopes of speedy action. Lynch claims no action was taken. He named

several areas that he felt were in violation of the law including an employee not wearing a name tag, the way the license for the business was applied for, and that it now sells adult books and all that was listed on the application was adult video.

Cooke County Sheriff Mike Compton agreed that there were some violations when the business first opened, but they had all been corrected. "We went up and inspected them for everything that we could think of to inspect them for," he noted. "We went up with the Fire Marshall, with the

## No-smoking ban adopted in courthouse

by Janet Felderhoff

Construction on the east steps of the courthouse has been completed. Anticipating a total ban on smoking in the courthouse, Commissioners Court allowed for a protected area under the east steps where county employees and others can go to smoke.

Smoking in open areas of the courthouse has been banned since last year. Smoking in offices was allowed at the discretion of the person in charge of that department. At their Oct. 13 regular meeting Commissioners court agreed 5-0 to ban smoking from the courthouse, but to allow it in the area of the east steps.

Questions as to smoking in other county buildings will be addressed at another time since it wasn't posted on the agenda.

Bids requested on a used sport utility vehicle for the Sheriff's Department were

opened. Klement Ford of Muenster submitted the only bid. It was for a 1994 Ford Explorer 4x4 for \$14,895. The bid was approved. Sheriff Mike Compton said that he will drive the Explorer and the car he is driving, which has only 6,000 miles and is equipped as a pursuit vehicle, will be used by the deputies.

All bids submitted for a used pickup truck for the Sheriff's Department were refused since they were either unclearly marked or didn't meet specs.

Klement Ford of Muenster also won the bid for two investigators' cars for the Sheriff's Department. Their bid was \$13,498 each for 1997 Ford Taurus. Glenn Polk bid \$14,108 for a 1997 Ford Taurus.

In other business Commissioners Court:

• Approved purchase of three new computers for the District Attorney's office along with

necessary software and a scanner.

• Approved the proposed holidays for 1998.

• Named Stormy Melton of Gainesville to replace Kit Chase as alternate election judge in Precinct #30.

• Approved purchase of 1992 Chevrolet pick-up at a cost of \$6,515.50 for the county maintenance department.

• Approved purchase of a tape logger at \$16,000 for the Sheriff's Department to replace one struck by lightning. Insurance will pay for the replacement.

• Approved final plats for Robert's View Subdivision and Reese Subdivision in Precinct #2.

• Approved use of money from snack machines to pay for an employee luncheon during the Oct. 15 safety program.

• Designated that effective Jan. 1, 1998 foreclosure sales will again be held in the area of

the east steps as they had been prior to February, 1997.

• Tabled discussion and setting of speed limits on certain county roads in Precinct #1.

• Approved closing the courthouse at noon on Christmas Eve (Wednesday) to begin Christmas holidays. The Courthouse will officially be closed that Thursday and Friday also.

• Approved two requested revisions to Lake Ray Roberts Zoning Ordinance.

### GOOD NEWS!

Is anyone among you sick? Let him call for the elders of the church, and let them pray over him, anointing him with oil in the name of the Lord.

And the prayer of the faith will save the sick, and the Lord will raise him up. And if he has committed sins, he will be forgiven.

## City's utility rates among lowest in the county area

by Stephen Broyles, City Manager

The Greater Texoma Utility Authority just completed its annual survey of water and sewer rates. The City of Muenster's rates were among the lowest surveyed.

Of 39 water utilities responding to the survey, Muenster is fourth from the

lowest with a fee of \$16.00 for 5,000 gallons. On the high side, Texoma Services charges \$36.10 for 5,000 gallons, with Windom charging \$11.00 on the low side. The median charge is \$19.94 by Denison. The rank order does not change for these cities for a consumption of 10,000 gallons.

Of 29 sewer utilities responding, Muenster is fifth from the lowest with a fee of \$9.40 for 5,000 gallons. On the high side, Ector charges \$23.00 for 5,000 gallons, while Lindsay charges \$5.60. The median charge is \$13.80 by Dodd City. For 10,000 gallons, Muenster drops to fourth lowest fee at \$12.40. Howe has the highest for 10,000 gallons at \$33.40, with Lindsay having the lowest fee at \$7.10.

Friends and members of Muenster Chamber of Commerce attended a ribbon cutting ceremony during Open House at the Chiropractic Center on East Division Street (E. Highway 82) owned by Dr. Michael O. ## NCTC Chalmers scholarship advances

The legacy of W.E. Chalmers, a notable and fondly remembered Cooke County educator, is being recognized with a scholarship in his memory at North Central Texas College. The scholarship has recently edged nearer a \$12,500 fully-endowed status with the help of the Newsome Dougherty Memorial High School Class of 1937.

The scholarship become fully endowed by this time next year, so we can have a W.E. Chalmers Scholarship student studying next semester at NCTC," said Roger Martin, spokesman for the Class of '37 and an NCTC Foundation Board member.

A fully-endowed scholarship is one that has achieved a level of \$12,500 allowing scholarships to be offered in perpetuity from the interest.

"Since our class wasn't planning on meeting any longer, we decided to contribute our excess class funds to the Chalmers Scholarship," Martin said. "It's a great way to honor the man. He was a dedicated teacher, principal and Dean of Cooke County Junior College. This scholarship will preserve a great legacy of Gainesville education."

## SEXUALLY ORIENTED BUSINESS Continued from Page 1

TNRCC. We went up and measured. Every violation that they had they corrected."

Sheriff Compton also revealed that they received notification from a citizen that the business was selling obscene devices. An investigator spent 16 hours working up the case, purchased obscene devices, made the case on them, got a search warrant, but when they went to search all of the devices had been removed.

Compton said that he felt Commissioners Court did the best that they could to come up with an ordinance to try to stop this kind of place. He explained that to take legal action against such a business the Sheriff's department must purchase a tape, view the tape,

have it declared obscene, get a warrant for the clerk who sold it, arrest the clerk who will bond out and return to work.

"If you will show us a way to take a sledgehammer and knock down the door and legally haul everything out of there and burn it, we'll be glad to do it this afternoon because it doesn't take long," said Sheriff Compton. "But if you want us to go up there one tape at a time and try to close that place down, it's not going to work. Surely you understand that nobody is going to shut it down one tape at a time."

Others came to support Mr. Lynch in hopes of closing the adult video store. One of those people was Pastor Fincher of the Central Baptist Church in Gainesville. He explained that

he is counseling several men who've been badly affected by pornography.

The men's minds have become so bogged that they can't think of anything but bestiality and other filth, said Pastor Fincher. One of the men can no longer look at his daughter and think of her as his daughter. He thinks of her as a sex object, said Fincher. "It does affect people mentally whether they realize it or not," he remarked. "Two of the men say they dream about it. They spend their extra time and money there. They don't have time for anything else because they've become addicted to it and can't think of anything else. Those things poison our minds."

"We have laws on the books that say you can't murder somebody. You can murder somebody by shooting or stabbing them. You can murder a community with filth. I haven't said too much about it, but I fight it. I see the end results and it's almost impossible to counteract it because it so poisons the minds." Don Lynch said that he has a friend who is a prosecutor who successfully closed mega stores of the same nature as the adult video store. His friend has agreed to come to Cooke County and speak to officials and citizens on exactly what needs to be done to close the business. Commissioners Court agreed to listen to him and asked for enough notice so that the date and time could be announced.

# Week honors business women

The week of Oct. 20-24 has been designated as National Business Women's Week. This week was first celebrated in 1928 by the National Federation of Business and Professional Women's Clubs, Inc. During this special week local chapters of the Federation celebrate the contributions and achievements that women have made in the work force.

To celebrate this event, the Cooke County BPW Club and the Denton BPW Club will jointly honor their Women of the Year. They will be honored at a banquet Oct. 21, at the Holiday Inn.

During the week the clubs will discuss the issues of quality work policies for small businesses and help create community-based solutions to local issues affecting working women. Women need flexible schedules, dependent care assistance, parental and medical leaves. BPW Clubs

have a program called "Making Workplaces Work" which is designed to give employers options to meet the needs of their employees and still make a profit.

The objectives of the Federation which are stressed during NBP Week are to elevate the standards of working women, to promote their interests, to develop cooperation among them, to extend to them opportunities for education and personal development through special workshops and seminars.

This organization was the first world-wide group created by and for business, professional and working women in all fields. The Cooke County BPW Club was chartered in June, 1940.

Business Women's Week supports legislation such as Equal Pay Act, Child Labor Laws, Equal Rights Amendments and laws

providing improved training of women wanting to enter the labor market.

There are scholarships available for working women at the national, state and local level. In addition, the local club helps to support the Friends of the Family organization. Each year the Cooke County Club offers the Bertha Arrington Scholarship for working women attending North Central Texas College.

Membership is open to any person who is employed. No one is required to have any special training or have a college degree to belong and benefit from participating in the BPW organization.

For more information call Carla Waters or Kathy Bauer, joint coordinators for the Cooke County Business and Professional Women's Club. The club meets biweekly, the second and fourth Thursday at noon.

# New DOT hosts open house in Gainesville

The Texas Department of Transportation (TxDOT) will host open houses throughout the state on Oct. 22 to mark 80 years of service to Texas. Open houses in the Wichita Falls District will be from 9 a.m. to 5 p.m. including Bowie, Gainesville, Henrietta, and Nocona.

At the first highway commission meeting, a state highway network of 8,865 miles was proposed. Today, the state highway system totals nearly 77,000 miles.

When it began operation, the Texas Highway Department had only 10 employees. Today,

TxDOT has approximately 14,000, down about 6,000 from the mid-70s.

For its first six years of existence, the department's main focus was on construction. It wasn't until 1924 that the department took over highway maintenance from counties.

## Support YOUR Community and Have Fun, Too!

Muenster has always been a community that pulls together in a crisis. Whether responding to a personal crisis of an individual injured in an accident, or through the generosity of an organization donating facilities and equipment for youth, the people of Muenster do respond to the needs of our community better than any other small community of our size.

Civic organizations and businesses affected by the losses of a rained-out Germanfest have struggled to meet the needs of individuals, while laying aside major community projects in hopes of a better "next year." Leaders from each organization that took part in fundraising at Germanfest came together last summer to plan activities to raise seed money to be used to start Germanfest next year. This seed money will assure these organizations have a place to raise funds for their future needs to support the community.

As part of their commitment, the Chamber of Commerce is sponsoring a dance by one of the most popular bands to have been featured at Germanfest. The group plays only the most memorable dance hits from the late '50s and early '60s when the "dance craze" was at a historical high. The group, **KENNY AND THE KASUALS**, had multiple Top 40 hits of their own, and are still together with all the original members. Their show was so popular at Germanfest that they have already been booked for the 'Fest next year.

The dance will be October 25 at the Sacred Heart Community Center. The doors will open at 7 p.m. for a Happy Hour, followed by a special appearance of **ELVIS** at 8 p.m. **KENNY AND THE KASUALS** will go onstage at 9 p.m. Tickets are \$10 in advance, \$12 at the door and table reservations will be taken until next week. The sound will be professionally managed, so you can dance if you wish... or just sit, listen and tap your toe to the memories. Space will be limited, so ask a local merchant how to get tickets, or call Margie at the Chamber if your organization wants to book a block of tickets to show your support.

While this dance is billed as a "Halloween Bash," costumes are not required. Make your plans now for the best dance party this town has seen in 10 years.

And, thanks to the many individuals, organizations and community leaders who contribute to the group we call "community." Your participation makes the community!

# Cooke County Friends of the Family seek to end silence of domestic violence

OF all the women killed in 1996 in Texas, 38% were murdered by their intimate male partners. This is 10% higher than the national average reported by the FBI. Family violence also accounts for 22.5% of all violent crimes in Texas. "Domestic Violence is one of the most common and least reported crimes in our state and community," stated Education and Volunteer Director, Jo Angeli Kasper, of

Cooke County Friends of the Family. "Last year, there were 178,389 family violence incidents across the state of Texas according to the Texas Department of Public Safety. Of those incidents, 116 women were killed by their intimate male partners."

October is Domestic Violence Awareness Month and Cooke County Friends of the Family will be publicizing various events to help increase

community awareness in Cooke County about Domestic Violence. One event, called the *Silent Witness Project*, is being promoted throughout Texas and will be promoted here in Gainesville and Cooke County, as well. The first Silent Witness project started on February 18, 1991, when more than 500 women escorted 27 *witnesses* in a silent procession down the street to the State Capitol in St. Paul, Minnesota. *Silent Witnesses* are female silhouettes that commemorate the lives of women, who died as a result of family violence in 1994 and draw attention to the thousands of victims of domestic violence every year.

The Cooke County *Silent Witnesses* were constructed by the North Central Texas College Student Nurse Association on Saturday, Oct. 11 at the M.J. Cox Academic Center. They are black on a red background and bear a name and story of a woman who died as the result of family violence. The *Silent Witnesses* are a personal, powerful, and vivid reminder of the tragedy of domestic violence for everyone who sees them.

Help end the silence about Domestic Violence. Support Cooke County Friends of the Family by volunteering, donating goods, or by requesting presentations at your place of business or school. Display a *Silent Witness* at your local business or school. Only together can we stop the cycle of family violence in Cooke County. If you would like a *Silent Witness* to display at your store or school, please contact Cooke County Friends of the Family at (940) 665-2873.

submitted by City of Muenster

A story in the Oct. 3, 1997 issue of The Enterprise stated that the \$194,606 granted to the City would be used, in part, for a 200-gallon elevated storage tank. The correct volume is 200,000 gallons.

## Letters to the Editor

Dear Editor:

On Oct. 4, 1997 I had a once in a lifetime opportunity, along with seven other men, to attend an event in Washington, D. C., that was absolutely awe inspiring. Promise Keepers, a Christian men's fellowship, had planned a meeting of men (a Sacred Assembly) on the Mall in the nation's capitol. And, by my estimate, they came — well over a million men showed up.

Having grown up in Southern New Mexico and in those days not being much interested in God — that all was radically changed in 1971 when I accepted Christ as my Savior. In the ensuing 27 years the Holy Spirit has been a part of my life but never has His presence been so powerfully displayed as it was that Saturday.

Promise Keepers is not an organization, it is not a group of guys getting together, nor is it a weekend rally — it is a movement of God, in the lives of men, in this country, who are saying we've not been what we should have and many of the problems in this land are because of our failures and the only hope to make things right is for God to do it and He will when we acknowledge our sin and a desire to turn from it and be the examples to our families, churches, and communities that we should.

Words are totally inadequate to convey to you the utter awe I experienced that day as at least one million men humbled themselves in prayer and repentance for personal and corporate sin that has impacted tremendously the

moral underpinnings of this nation. Also difficult to comprehend was the diversity of the men — men of every race, men of every denomination, men rich and poor were all there together for the same reason. Standing guilty before a Holy God realizing that He is our only hope for this country to get its moral compass in order.

The significance of this event was unparalleled in the history of this nation — it was the greatest gathering of Christians ever in this country as men from every state in the union were there, as well as men from 60 different countries around the world. One of the Jewish leaders in attendance indicated that this was the largest gathering of God's people in over 3500 years. This was not a weekend event — for most it was a sacrifice of time and finances — for many attendance was not optional it was something they had to do.

As we walked around the capital the inescapable truth was obvious and that is God had left His mark everywhere. Our chambers of congress bear His mark, our memorials, the Capitol buildings, our documents, yet we have steadfastly done our best to eliminate Him from all public institutions and for that we are paying a price.

Should there be any of you that share this concern for our country would you contact me that we might come together and stand in the gap for our community, state, and nation.

Dear Editor,

I wish as the former Mayor of Rosston, Texas to be given good trade marks as a Public Servant to Montague County. Just recently a dead skunk was in the Post Office driveway. I borrowed a hoe from the City Father Carol Dill of Forestburg, putting the stinking varmint in a paper sack.

I won approval by the Postmaster for my deed and service to Forestburg, Texas.

Happy to oblige folks. Respectfully,  
Jim Penton - now living in the City for the winter.

## From My Side of the Fence

by Ed Cler

Since moving onto the Lehnertz farm some 50 years ago, there have been a number of changes in our telephone system - and all for the better.

Our first phone was a used army unit such as may be seen on M.A.S.H. It hung on the wall, and we had to recognize our ring - a long and a short - and in time we knew every "ring" on our party line. We could call our neighbors simply by ringing their code ring.

There were times when a farmer-stockman, in dire need of a veterinarian, would, upon trying to call, find the line busy, sometimes for a minute or two, and again by a couple of

neighbor ladies - not always ladies - having a good gabfest by phone, and not always good humored about giving up the line to allow an emergency call to be made. And you can be sure they "listened in" on the call.

The lines, at that time, were all above ground, and many, including ours, were in a sad state of disrepair so that any storm or heavy coating of ice would bring them down.

At such times, several neighbors would get together, bring a few pieces of 2"x4" lumber and a few posts, and make the most necessary repairs, so that we could again

have service.

In time the system changed hands and many improvements were made. The lines were still above ground, but were quite much better, had better wire and poles, and could withstand much more abuse.

Eventually the old party line gave way to private line and eliminated the ill will that was sometimes generated by a few that had a tendency to "hog the line."

At present, the lines are buried, and no longer subject to damage by wind or ice, and each patron has a private phone (or phones).

The instruments are modern, and can be used at any time by whomever has a need, and for as long a time as desired.

It is a pleasure to have the use of a dependable system of communication.

by Elfreda Fette

It is the policy of The Muenster Enterprise to encourage readers to send in their news items while their content is still newsy, before they are old news, before they become six weeks "aged." Who wants old news? Except possibly for scrapbooks. It is necessary for us to insist that sufficient time remains to rewrite and set the type before publication deadline. Please don't ask us to "squeeze in just a little more" until you have walked in our shoes. News items sent in beyond the time limit will be accepted only at regular advertising rates, and prepaid. No exceptions! This will be strictly adhered to. So, please, please, send news items in early.

### Policy on Letters to the Editor explained

Letters to the Editor must carry a valid signature, phone number and address. Viewpoints may reflect personal opinions if they are not inflammatory, malicious or libelous. Content may not endorse a specific political candidate. Content may not camouflage cards of thanks, personal messages or announcements of coming events that clearly should be covered as paid advertising. Letters to the Editor will not be accepted if written in a manner to disguise news items that avoided the deadline. After all, fair is fair! Letters to the Editor may be accepted only at the publisher's discretion. This will also be strictly adhered to.

## Museum presents tours

On this one-hour guided walking tour, stroll along pathways once marched down by Sivells Bend native Lillian Gunter-historian, suffragette, writer, librarian responsible for Carnegie Library in Gainesville and for passage of the county library law in Texas.

Gunter was born into a pioneering Cooke County ranching family in 1870 and lived, with the exception of a few years, in the county for the remainder of her life. During that time she was very involved in the cultural life of the area, including her participation in the first women's organization, the XLI Club, and her role in the Cooke County Equal Suffrage Association.

Participants will hear excerpts from Gunter's lively diary written during WWI and into the 1920s and her views on a variety of topics as they visit sites once very important to Gunter.

The tour begins at the Morton Museum of Cooke County. It will be conducted every third Thursday of each month beginning in October from 10:00-11:00 a.m. The cost of the tour is \$1 per person. The tours are free for school groups. Groups may arrange to take the tour at a different time by calling 668-8900. Tours will not be conducted on regularly scheduled museum holidays, and times may be subject to change.

## Yearly flu shots urged

The Texas Department of Health (TDH) urges all Texans to get yearly flu vaccinations. The experts also warn that the elderly and others who may be at high risk of influenza and its complications should be immunized even before the flu season begins.

The flu season usually lasts from December through April.

The U.S. Centers for Disease Control and Prevention (CDC) each year predicts which strains of influenza pose the greatest public health danger in the U.S.

The vaccine CDC has recommended for the 1997-98 season is meant to combat the A/Wuhan, and B/Beijing strains of the disease. The effectiveness of each year's shots decline with time, therefore, annual immunizations with the appropriate vaccines are recommended for everyone

except people with serious allergies to eggs.

People most at risk of severe or fatal complications of the disease include those 65 or older, anyone with chronic respiratory or heart problems, diabetics and children on aspirin therapy. Influenza kills about 20,000 in the U.S. each year.

"Fewer than 30 percent of elderly Americans and others in high risk groups heed our regular warnings to have yearly vaccinations," he said.

"We know that one reason some older people fail to be vaccinated is because of a persistent, unfounded fear that the vaccine can actually cause the influenza. The truth is that a vaccinated person may still contract some strains of influenza, but not from the vaccine. If they do become ill with the flu, the vaccine usually helps lessen the severity of the case."

The groom is a 1993 graduate of Texas Tech University. He is an Environmental Specialist employed by Lubbock Power and Light Company.

Presented at the altar by her father, James D. Whitt, the bride was wearing a formal ivory satin wedding gown with off-shoulder beaded bodice, long sleeves and full cathedral train, enhanced with beaded insets. Her fingertip, double-tiered illusion veil was held by a beaded lace band. She carried a bridal bouquet of white roses and gypsophila, with tiny yellow accent flowers.

For sentiment and tradition and for "something old" she wore a pearl necklace from her aunt, the late Judy Trubenbach.

**ATTENDANTS**

Julie Munn of Lubbock, friend of the bride was maid of honor.

Bridesmaids were Terri Whitt and Susan Arnold, sisters of the bride, and both of Sanger.

They wore forest green velvet and organza gowns, and carried white roses.

Katie Arnold of Sanger, niece of the bride was flower girl. Suede Sims of Borger, brother of the groom was ring bearer.

Ben Sims, groom's brother was best man.

Scott Collier and Rick Barry, both of Lubbock and groom's former college roommates were groomsmen.

Candlelighters were Amanda Primera of Monahans, groom's sister and Tanner Sims of Borger groom's brother.

Scriptural Readings were given by Julie Munn and Ben Sims.

Wedding music included the prelude; Bach's "Ariosa" and Peter's "Aria" both on the pipe organ; Williams "Rhosymedro" at the candle lighting; Bach's "Jesu, Joy of Man's Desiring" at seating of the mothers, played also on the pipe organ. Jennie Reed sang "In This Very Room" for the Unity Candle, and "The Lord's Prayer."

Clarke's "Trumpet Voluntary" was played for the bridal processional and Gigout's "Grand Choer Dialogue" for the recessional.

Church decorations included white roses and English ivy on the altar with lighted candles in candelabra. Ivory bows and English ivy marked center aisle pews.

**RECEPTION**

A reception followed in the Caprock Winery of Lubbock, hosted by the bride's parents for 200 guests.

Georgia Stewart presided at the bride's book.

The ivory wedding cake, of graduated tiers, held a floral arrangement on the top keepsake layer. A buffet of pick-up foods was served.

All floral arrangements were created by the groom's mother, Freeda Primera.

The rehearsal dinner was held at the Skyview Restaurant, arranged by the bride and groom. The

restaurant is managed by the Texas Tech Hotel and Restaurant Management Department of the University. A professor of the school prepared a dessert of Cherries Jubilee in the dining room, to the delight of all the observant and admiring guests.

When the couple returns from a wedding trip to Cancun, Mexico, they will reside in Lubbock.

Wedding guests from out of town included Louise Trubenbach, Tony and Thelma Trubenbach, Loyd and Gwen Trubenbach, Rita McCorkle, Mary and Jimmy Jack Biffle all of Muenster; Paul and Darla Clark of Saint Jo; Matt, Beverly and Tayler McCorkle of Tyler; Rev. **Health Note**

**Guessing dosage?**

Parents should avoid the temptation to break over-the-counter drugs in half for children. "Not all medication work the same in children as they do in adults," says Dr. Charles Gingsburg, chairman of pediatrics at the Southwestern Medical Center in Dallas. "In some cases, children require smaller doses, and in some cases they require larger doses."

It is illegal to give your prescription drugs to anyone.

# Take the hazards out of your house

The Texoma Council of Governments Environmental Advisory Committee is sponsoring a Household Hazardous Waste Collection Event on Sat., Oct. 18, at Midway Mall on Texoma Parkway in Sherman. This event will be held from 9 a.m. to 3 p.m. in the parking lot on the west side of the mall. The collection event is a FREE program available to citizens of Cooke, Grayson, and Fannin Counties.

Many household cleaners, pesticides, paints, pool chemicals, and automotive products contain chemicals that can be hazardous to people or the environment if they are not handled and disposed of properly. Solvents, paints, herbicides, caustic cleaners, used oil, and batteries are a few examples of the different types of household hazardous waste.

To prepare for the Household Hazardous Waste Collection Event, start collecting unwanted household chemicals in your home, garage, and workshop. Leave the materials

in their original containers. Never mix products together, even if you know what they are. If the label is missing from a container, try to identify the contents if you can. Store hazardous wastes in a cool place, away from children and pets, before bringing them to the collection event.

In transporting household hazardous wastes to the collection day site, use boxes with dividers to keep chemicals separated. Wrap bottles with newspaper for cushioning. If a container is leaking, place it in a larger container and pour cat litter around the original container as an absorbent. Do not transport the wastes in the passenger compartment of your vehicle. Transport them in the trunk or in the bed of a truck.

Besides participating in this household hazardous waste collection, you can make a difference to be environmentally responsible. Make a commitment to re-

duce the amounts of hazardous waste in your home. Avoid buying products that contain toxic materials, or substitute less-toxic products to accomplish household tasks.

In addition to household hazardous wastes, this collection event will accept other recyclable materials. These recyclables include cardboard, plastics, newspapers, and office paper. For more information about the collection event or household hazardous wastes, call TCOG Environmental Planner John Ockels at 903/813-3530 or Ken Zimmerman at 903/868-5345, the City of Gainesville Public Works at 668-4551, Cooke County Commissioners at 668-5433, or the County Extension Office at 668-5412.

This collection event is funded in part by the Texas Natural Resource Conservation Commission and sponsored by the Texoma Council of Governments Environmental Advisory Committee.

For Fire Safety Week, young students from Sacred Heart School visited the Muenster Fire Station. Above, Chad Henscheid gets to turn on the fire hose, with fireman Ben Bindel's assistance. At right, Fire Chief Herbie Knabe helps Dillon Bayer try on a fireman's helmet and jacket.

## Agnes Klement honored

Her daughters coming to visit and all of them together on Sunday, October 12, were ample reasons for Agnes Klement celebrating her 89th birthday all day. Her actual birthday was October 8. Bringing dinner and a birthday cake were Norma Scott of Ardmore, Marcie Marr of

Runaway Bay and Shirley Otto of Cedar Hill. A telephone call from Wilfred and Julie Klement of Mission brought all the family together. Will and Julie added that they have had a wonderful rain, and grapefruit and orange picking time is coming up soon.

Effective October 1, 1997, Gainesville Memorial Hospital became the custodian of patient records retained by the practice of Sal Esposito, M.D., of Gainesville.

## Hornets keep Falcons grounded

The Münster Hornets played well enough Friday night to thoroughly enjoy their Homecoming. "It was a great win and a big Homecoming victory for us," Coach Randy Tankersley noted. "The boys were upset about how they played last week - they proved they can win."

The Falcons could not move during their first possession, which put them in a 4th and 10 position on their own 10 yard line, forcing them to punt.

The Hornets then showed Fannindel how it was done by quickly scoring. A 17 yard run by Bryan Miller and a 5 yard gain by Brian Fleitman set up Fleitman's 23 yard touchdown run. Two minutes into the game, the Hornets led 7-0 after Scott Hermes' PAT kick.

It was three plays and punt again for the Falcons, with Münster's next drive shortened by an interception. Then again three and punt with Scott Hermes returning the ball 34 yards to the 23 yard line. Miller ran for 13, Jeremy Walterscheid 2, with the last 7 by Miller for a touchdown. Barry Fleitman picked up a fumbled extra point try and added two points. With 1:49 on the clock, the Hornets took a 15-0 lead.

Once again Fannindel couldn't move the ball and punted as the 2nd quarter began. Scott Hermes returned the ball 36 yards, but an illegal block put the Hornets on the 44. Five runs by Fleitman, Miller and Walterscheid took Münster to the one yard line, where Miller scored. Hermes added the kick and the scoreboard read 22-0.

The teams traded punts, as Fannindel couldn't get a first down. To end the 2nd quarter, a pass to Darren Hennigan for 33 yards lit up the scoreboard again with 58 seconds on the clock. Hermes added the point after for a 29-0 score.

The Hornets scored again as they took the opening kick 61 yards in 4 runs, the final a 35 yard touchdown run by Brian Fleitman. Hermes' kick gave Münster a 36-0 lead.

Münster got the ball back on the 50 after a Falcon punt. Cory Charles ran two plays for 25 yards, then Miller took the ball in for another score, 43-0 after Hermes' kick.

Fannindel's next drive was stopped the first play when Aaron Klement picked off a Falcon pass. Six plays later, Miller scored on a 9 yard run. Hermes kicked for a 50-0 score. Three plays later, Craig Hartman covered a fumble as the final quarter began.

Bryan Hudspeth and Hennigan carried the ball inside the Fannindel 20, where Scott Hermes kicked a 25 yard field goal with nine minutes on the clock for a 53-0 score.

Fannindel got their only first down in their final drive, then punted. The Hornet offense played out the remaining time.

"This was a great team win. Everyone played, everyone contributed," said Tankersley. "I'm proud for the boys."

The coach named the entire offensive line as standouts, including Bryan Miller, Brian Fleitman, Jeremy Walterscheid, Darren Hennigan and Corey Anderle. The Hornets gained a total of 365 yards.

Defensive standouts included Aaron Klement, Barry Fleitman, Erik Walterscheid, Jeremy Walterscheid, Cory Charles, and Scott Hermes. Münster held the Falcons to a total of 24 yards.

Miller was the game's leading rusher with 138 yards and 4 touchdowns on 15 carries. Fleitman added 87 yards in 7 carries.

### Next Action - Celeste

The Hornets will be challenged by the undefeated, top state ranked 1A team, the Celeste Blue Devils.

"We're excited to be able to play a team like Celeste," said Tankersley. "We'll have to play the top of our game."

Celeste is led offensively by quarterback Demetrius Rector, Marcus Enis, and Jamaica Rector. Undefeated so far this season, the Blue Devils were challenged by Detroit last week, squeezing out a 7-0 district win.

"We're looking forward to the challenge," Tank concluded. Action begins at 7:30 at Celeste. Take the drive and support the Hornets.

## Tigers win rainy Homecoming

The much needed rain local residents have prayed for, arrived Saturday evening in time for Sacred Heart's Homecoming. The downpours didn't dampen the Tiger spirit, as they earned a district victory, 20-0 over the Rockwall Christian Academy Warriors.

"I was real pleased with the performance of the boys as a whole. They executed on both sides of the ball," Tiger Coach John Nasche said. "Our offensive line dominated the line of scrimmage, allowing us to run the ball 52 times and pave the way for Jeff Yosten to gain 150 yards."

The Warriors took the opening kick, and drove down to the Tiger 15 yard line in 9 plays. The drive was stopped when Matthew Fuhrmann picked off a Rockwall pass on the one yard line.

Four consecutive Jeff Yosten runs took the Tigers to the 22. Josh Walterscheid gained another 10 before Sacred Heart's offense was slowed down and forced to punt. Three plays later, Fuhrmann intercepted another pass and the Tigers regained possession at the 26.

Yosten, Walterscheid and Fuhrmann got in steady runs to the 5 yard line, but a loose ball was covered by the Warriors on the 3. Two plays later, Matthew Nasche picked off the ball on the 15. Yosten drove 7 yards with Walterscheid taking in the final 8 for the score. Adam Barnhill's kick was good to give the Tigers a 7-0 lead with 9:10 remaining in the second quarter.

Again the Tigers defense held, with Walterscheid, Jeff Hartman, Aaron Hess and Yosten pushing the Warriors back 11 yards, forcing the punt.

Flags slowed down Sacred Heart's next drive, but runs by Yosten, Charlie Moster, and a Fuhrmann quarterback keeper for 13 yards earned a first down. Two plays later though, the Tigers let the ball slip out and Rockwall covered on the 10 yard line. The Warriors next run was fumbled and Matthew Nasche recovered for the Tigers on the 23. On 4th and 8, the Tigers attempted a field goal, but it went wide and Rockwall got the ball back.

Unable to get the needed 10 yards, the Warriors punted. Matthew Fuhrmann returned the ball 35 yards to the 25. On 4th and 12, the Tigers came up 2 yards short, allowing Rockwall to play out the remaining time.

The teams exchanged kicks to start the second half. Then the Tigers got in two good runs before fumbling the ball away near midfield. Rockwall couldn't move through the

Tigers defense and punted.

Beginning at their own 9 yard line, short runs by Yosten and Fuhrmann and a twenty yarder by Yosten took the Tigers to the 40. Two more Yosten runs and Sacred Heart was on the Rockwall 35 as the final quarter began.

A run by Walterscheid took the line to the 23. Three Yosten runs later and the Tigers scored again. The PAT kick was wide right for a 13-0 score with 10:22 left in the game.

It was three runs and kick for the Warriors as the Tiger defense, led by Matt Muller, held their opponents.

From their 46, runs by Yosten, Walterscheid, and Moster took the Tigers to the 25. Moster and Walterscheid took turns to the 9 yard line where Fuhrmann carried the ball in for another score.

Barnhill's kick gave Sacred Heart a 20-0 lead with 1:28 on the clock. Rockwall's offense played out the remaining time for a 20-0 final score.

"Our defense had one of the best performances of the year, holding Rockwall to 61 total yards," Nasche commented. "Our pass defense played better and the rest of the defensive team continues to improve." Defensive standouts were Matthew Fuhrmann with two interceptions, Matthew Nasche with an interception and fumble recovery, and Derek Fuhrmann and Matt Muller who dominated the defensive line.

Jeff Yosten was Sacred Heart's leading rusher with

150 yards in 20 carries. Josh Walterscheid added 70 in 16 attempts, behind the offensive line of Matt Muller, Russell Fette, Waylan Hess, Derek Fuhrmann, Aaron Hess, and Jon Grewing.

Coach Nasche also noted that Waylan Hess got two downfield blocks on punt returns, which Coach Julian Walterscheid calls "declearers" - knocks the guy out of his shoes.

### Next Action - Masonic Home

The Tigers travel to Fort Worth this Friday for a 3:30 game with the Mighty Mites of Masonic Home.

"We're not looking past this week, even though Masonic Home's lost a lot," Coach Nasche said. "They played well this year including a big win over Winston. The Mighty Mites are a scrappy, excellent coached team."

The Tigers have not defeated the Mites the last two years, falling 16-0 last season.

Game begins at 3:30 p.m., because Masonic Home has a field without lights.

## Benny and Edgar tie in week #8 of contest

As all local teams have begun district competition, the *Muenster Enterprise* football contest continues into the eighth week.

Week seven saw some easier games to pick as everyone correctly picked Muenster, Lindsay, Celeste, Windthorst, Michigan State, Sherman, Denison, Nebraska, and New England to win. Only two missed A&M and Alvord, while three missed Savoy and Tom Bean.

Four contestants picked Sacred Heart to lose, with five missing the Era winner. Eleven picked OU over Texas with only three correctly selecting Gainesville to win. Just one entry went with SMU and everybody missed Valley View's loss. Lakehill Prep. defeated Waco Reicher's junior varsity, not their first team.

therefore that game was a 'give-me' to all contestants.

Low score of the week was 22. Missing ten games were Peachie Huchton, Mike Stoffels, Bonnie Stoffels, Nick Stoffels, John Bartush, and Dave Reiter. Wayne Klement, Brian Herr and an unsigned entry missed nine, with a six-way tie for third place with 32 correct.

Randy Tankersley took the third place winnings with a 20 points difference on the tie-breaker, coming in a close 4th were Ted Heers, 22 points, Edna Hermes 26, Barbie Barnhill, 29, Jon LeBrasseur, 41, Doug Stoffels 45, and Terry Walterscheid, 47. Tankersley can pick up his cash prize at the Muenster Pharmacy.

The top two finishers were tied at 33, with Benny Haverkamp taking the top prize with a 25 point spread on the tie-breaker. Edgar Dyer settled for second place with a 43 point difference. They picked up their winning cash at (1) DI One Stop and (2) the Wooden Spoon in Lindsay.

Seasonal contest leaders will be updated next week.

# Cubs come up short against Rockwall

The Sacred Heart Junior High Cubs hosted Rockwall Christian Academy last Saturday afternoon, coming up short 8-30. Rockwall took an early jump on the Cubs with a 22-0 half-time lead.

To begin the third quarter, Andrea Bauer returned the opening kick 62 yards to the eight yard line. A fumbled pitch put the Cubs back on the 20, with a Luke Endres pass to Michael Voth gaining 12 yards back. The next play, on 4th and goal, an Endres to Voth pass was good for the score. For the extra points, Luke connected with Clint Fuhrmann for an 8-

22 score with 4:46 on the clock. The teams exchanged punts as the 4th quarter began, with the Warriors scoring once more. With just less than two minutes on the clock, Rockwall took an 8-30 lead.

Again the Cubs went to their air attack, with Endres finding Fuhrmann open for a good gain. The next play it was Endres to Fuhrmann again, with Fuhrmann pitching back to Bauer, who found the end zone, but the play was nullified for no score. Time ran out for the Cubs.

# JV Tigers declawed by Celina Bobcats

The junior varsity Sacred Heart Tigers were handed a 22-8 defeat last Thursday by the Celina Bobcats.

The Tigers started slow, but dominated the second half. After giving up 22 first quarter points, the Tigers took control of the game.

"Even though we lost, I'm excited that the kids were able to play," said Coach John Nasche. "We are steadily improving which will help us in the future."

The Tigers scored midway through the fourth quarter. Chris Smith ran 40 yards, was hit and fumbled on the two yard line. Adam Barnhill picked up the ball and ran it in. Lee Skinner ran a power play for the two points conversion.

All players go in lots of playing time with only 12 players suited out.

Defensive standouts were Adam Klement, Jon Yosten, and Ken Grewing. Offensively it was Chris Smith, Jordan Kohler and Keith Felderhoff.

# Knights win district opener against Wildcats

The Lindsay Knights traveled to Callisburg to take on the Wildcats Friday night as district 10AA competition began.

After taking a 14-0 half-time lead, Callisburg closed the gap 12-14 late in the third quarter before Lindsay pulled out a 27-12 victory.

The Knights scored on the opening drive, taking just over three minutes to go 62 yards. The drive included runs by Jeff Bezner, Corey Neu, and Steven Tepera, with Neu scoring on a 7 yard run. Zach Fuhrmann added the point after for the 7-0 score.

Beginning on their 20, the Wildcats pounded out 73 yards before coming up one yard short of a first down.

The Knights punted away their second possession as the next quarter began.

Michael Mosman shortened Callisburg's next drive by covering a loose ball near midfield. The Knight offense struggled, punting on 4th and 19. Two plays later, Mosman covered another fumble, giving the Knights possession on the 20.

Tepera and Neu moved to the 12, with Adrian Anderle scoring from there. Fuhrmann's kick made the score 14-0 with 5:40 left on the clock.

The Wildcats got in one good run, then had to punt. Tepera, Neu and Anderle got in runs and a pass to Bezner put the Knights on the 16, but an interception by Callisburg ended the first half.

Callisburg took the third quarter kick. On their third play, Toby Zachary broke free for a 65 yard touchdown run. The point after failed for a 14-6 score.

The Knights earned one first down, but a flag forced a punt on 4th and 13. Callisburg punted back, then regained possession after the Knights fumbled the ball. The Wildcats took advantage of the turnover, taking 8 plays to travel 43 yards and score. The extra run failed for a 14-12 score with 38 seconds on the clock.

The Knights bounced right back when Jeff Bezner came back with a 52 yard touchdown run. Fuhrmann added the

point after to extend Lindsay's lead 21-12 as the final quarter began.

The Knight defense forced a Wildcat punt that was blotched, and Lindsay got possession on Callisburg's 25. Seven short runs moved the Knights to a first and goal, but it took three tries before Cody Secrest found pay dirt. The PAT failed and Lindsay led 27-12.

Callisburg's next drive included an incomplete pass, and two quarterback sacks by Ryan Tabbert and Keith Fuhrmann to force a punt. The Knight offense ran eight plays to kill out the clock.

"Great job. It got tough and you didn't lay down," Coach Charlie Meurer told his team after the game. "That's what it takes to be a champion - think like a champion."

Corey Neu was the game's leading rusher with 111 yards in 19 carries. Jeff Bezner added 76 in 5 carries. Callisburg's lead runner was Toby Zachary with 108 in 19 tries.

Cody Secrest led Lindsay in tackles followed by Michael Mosman, who also covered two fumbles. Other leaders included Steven Tepera, Blake Crutsinger and Richie Alfrey. "We played well enough to win. Callisburg is physical up front," Meurer said. "Every game in our district is tough. Every team can play."

## MHS National Honor Society holds installation banquet

Inducted into the National Honor Society are MISD students, from left, front row - Karen Cler, Kelly Felderhoff, Jeff Klement; back - Allison Endres, Raegan Koesler and Casey Walterscheid.

by Joyce Hacker  
On October 6, the Muenster National Honor Society installed its new officers and members. The NHS new members for the 1997-98 school year are as follows; Leigh Ann Reiter, President; Lucas Hartman, Vice-President; and Joyce Hacker, Secretary. The NHS newly installed members are Karen Cler, Allison Endres, Kelly Felderhoff, Raegan Koesler, Jeff Klement and Casey Walterscheid. Other members of the Muenster National Honor Society are as follows: Kristin Dickerson, Valerie Erwin, Kristine Hartman, Michael Grewing, Stephanie Huchton, Bryan Hudspeth, Keisha Dill, Kim Sturm, Dolly Patel, Stephanie Bierschenk, and Christy Drachenberg.

Leigh Ann Reiter then presented the candidates for installation. Kelly Felderhoff responded for the inductees. Lucas Hartman introduced Mr. James Hopper, the principal of MHS. Mr. Hopper presented the newly pledged members with National Honor Society pins and membership cards. Finally, Kristine Hartman gave the closing remarks and benediction.

The decorations for the banquet were provided by Joyce Hacker. Emily Felderhoff, Joyce Hacker, Leigh Ann Reiter and Mrs. Danna Hess decorated for the banquet. The food was provided by Ginny and Ed Schneider.

The Muenster National Honor Society sponsors are Danna Hess, Mary Dangelmayr, Eddie Green, Emily Klement and James Hopper.

During Fire Prevention Week, the Muenster Volunteer Fire Department visited the MISD Kindergarten and 1st grade classes. The firemen demonstrated their equipment and uniforms, and helped the students learn more about how to be safe. Lia Heers is shown how to use the fire hose by Ben Bindel. Courtesy Photo

## Muenster School forms Band Booster Club

On October 6, the first meeting of the Muenster Band Booster Club was held. Kathy Vogel was elected President, Debbie Endres Vice-President, Phil Hiser Secretary-Treasurer, and Jan Endres Reporter.

Dues were set at \$5 and fund-raising was discussed. A \$50.00 gift certificate will be raffled off at all home football games. The \$50.00 donations to purchase the gift certificates were made by Margie York,

O.D., Endres Leasing, and Dentex Supply.

Also discussed were a concert and meal which will take place later in the year. The band is in need of new instruments and maybe uniforms later. Field trips and competitions will be funded by the Booster Club.

Pat Dietz, Muenster's band director, is very encouraged by all the talent in the band. So, show your support and help make this a successful program for Muenster school.

The banquet was started with the Pledge of Allegiance led by Bryan Hudspeth. Leigh Ann Reiter welcomed all members and their parents.

The ceremonial candle lighting then followed. Lucas Harman lit the gold candle which signifies scholarship. Scholarship does not necessarily mean only the acquisition of high marks in class work. It is really the development of a desire to learn and to be thorough. Joyce Hacker lit the red candle which represents service. Service is an unselfish regard for the welfare of others. Service also means that we will look for ways to serve our fellow students and this community. Kim Sturm lit the purple candle which represents leadership. Leadership may mean holding an office in school, participating in activities or on a team, or by just standing up for a principle you know to be right. Stephanie Huchton lit the last candle, a green candle which represents the growth and strength of character. Character is what you really are. Honesty, sincerity, and cooperation are all qualities that make good character.

Then after class was over I got ready to go home. Having completed my first year of high school, I felt a sense of accomplishment. As I was packing my things to go home when my friends asked me if I would like to go riding around. I was feeling good, so I decided to go with them. We went out and had fun. When you are a freshman you do not go out very much. This was the best day of school. I was happy to be out with my friends, and very happy to be out of school.

### The Best Day of School

by: Becky Endres  
The best day of school was when I was a freshman. It was a day I can not forget. The day started out great. It was finals and it was the last day of school. I only had one test all day. That in itself was enough to make it a great day. I went to my class and I did really well on my test. I made an A+ on the test I took that day. That was just a fine day. I thought that I would go home and take a nap.

As your electric cooperative, our main job is to deliver electric power to local homes and businesses at a competitive price. Of course, we will also be there 24 hours a day should your service be interrupted. That's what people expect of us. We also do a lot of things you may not expect. Each year, we help dozens of stranded motorists. Our line workers are always keeping a vigilant eye for suspicious activities in the community. We participate in local charities and team activities. In short, we're always looking for ways to do our part as your neighbor and as a part of this community. So, don't be shocked if you see us doing something that has nothing to do with electricity. To us, it's just part of the job.

## School-to-work conference held in Arlington Sept. 29-30

The Texas Conference on School-to-Work was held at Arlington Convention Center, Arlington, Texas, on September 29-30. Attending the conference were over 700 educators and business/industry leaders joining together for a partnership to enable to help young people find their way in a highly complex and technically challenging world of work. Emily Klement, counselor at Muenster High School, was selected to be a presenter in a workshop at the conference. Her presentation was entitled "To Infinity and Beyond -- Preparing Students for Careers 2000". The presentation was designed for educators, administrators, and counselors who help design career programs for their schools.

According to Richard Riley, Secretary of U.S. Department of Education, it is essential that business, industry and labor groups work in partnership with America's schools, colleges and universities to ensure that education meets the demands of the new economy and prepares students for success in the working world. School-to-Work is essential to building those critical partnerships between our high schools and

employers - strengthening the curriculum and providing important linkages with business leaders across the nation.

Keynote speakers at the event were Mark Victor Hansen, author of "Chicken Soup for the Soul", Lesley Stahl, CBS correspondent and co-editor of the television news show "60 Minutes", and Ara Merjanian, Director of Budget and Planning for the state of Texas, serving under Governor Bush. Region XI Education Service Center, several universities and school districts, along with business and industry groups co-sponsored the conference.

## Major James Bright speaks at MHS assembly

by Elfreda Fette

Speaking to an assembly of juniors and seniors at Muenster High School on Wednesday, October 8, Major James Bright gave them more than a speech in praise of the U.S. Marine Corps.

Admittedly, he is proud of his ten years in the Service, where he has excelled in training and advancement. Mostly, the purpose of his presentation was to tell the students that there is more to the outside world than what is familiar to them so far...that service in the corps is an avenue to see the world...that what's out there offers opportunities provided by the military for training in widely diversified fields, such as lawyers, medical professionals, aviation instructors and pilots, infantry combat arms personnel, experts in logistics and supply, and many other fields and growths. James Bright emphasized: "The military is more than just guns and battles."

He reminded the MISD students to whom he spoke last Wednesday, that they were fifth graders during Desert Storm.

James Bright graduated from Muenster High School in 1983, and from Virginia Military Institute in 1987. Just out of college, he entered the U.S. Marine Corps.

When questioned by students "How many languages do you speak?" he drew smiles with his answer "English, and it's well." When asked "Where have you served?" he told them "This is what I've done in ten years in the Marine Corps: relating service in Quantico, Virginia; Camp Pendleton, California; then back to Quantico for 4 1/2 years as an instructor; Fort Benning, Georgia to attend Army Infantry Advanced Course; then to Hawaii.

He served in Saudi Arabia in Desert Storm as a TOV Platoon Commander in the Fifth Marine Regiment.

In December 1996, he was stationed at Okinawa and deployed to Guam, where he belonged to JTF (Joint Task Force Pacific Haven), whose purpose was the re-location of Kurdish refugees from Iraq to various parts of the United States.

Highlights of service during 1997 began with departing Hawaii on May 9, 1997 on the USS Frederick (LST-118), bound for Malaysia, Singapore, Thailand, Indonesia, Brunei, Australia, American Samoa, Tonga, and then back to Hawaii on Sept. 8, 1997.

He showed maps of places throughout southeast Asia and the South China Sea and the South Pacific, relating that these were some of the places where he had served.

Recently promoted to the rank of Major, James Bright is now stationed at MCH Kaneohe Bay, in the Third Marine Regiment, as Infantry Company Commander.

Lindsay students in grades kindergarten through 12 will hear a "Say No To Drugs" presentation October 20 in the gymnasium. The K-6 presentation will start at 9:05 a.m. followed by 7-12 at 9:45 a.m.

Lindsay High School sophomores and juniors took the Preliminary SAT test this past week. The Lindsay Parent-Teachers organization

sponsored an appreciation luncheon for teachers October 15.

The Lindsay High School Annual Staff is selling annuals for the 1997-98 school year. The books may be purchased from any annual staff member. Books must be purchased in advance as few additional copies are available. Prices are as follows: Plain-\$28; with cover-\$29; with name-\$30; with name and cover-\$31.

Lindsay is one of eight districts named to the exemplary list of schools by the Texas Education Agency for the 1996-97 school year.

In order to achieve an exemplary rating, a district or campus must meet rigorous criteria in the areas of TAAS, attendance, and dropout rates, according to TEA officials. TAAS scores must be at the "90 percent of students pass" rate for all students and each applicable student group in reading, writing, and mathematics. A 94 percent attendance rate must be met, and the dropout rate must be 1 percent or less for all students and each applicable student group.

The Lindsay Knightlites drill team have performed a variety of routines for the 1997 football season. Knightlites also have new pomms and a new system called "Big Sis and Little Sis." This system helps the newer squad members learn the steps more quickly and easily.

## Mu Epsilon Chapter meets State Rep. Ron Clark

Mu Epsilon Chapter of Delta Kappa Gamma held its first meeting of the year on Wednesday, Oct. 8 in the Lyceum at North Central Texas College. Hostesses for the afternoon were Valley View ISD members.

The meeting was called to order by Susan Terry, president. State Representative Ron Clark was introduced by Patsy Wilson, program chairman. Representative Clark gave members a summary of his first year serving in the Texas Legislature. He mainly discussed issues that were considered by the legislature that would impact on teachers.

Representative Clark asked for opinions and input from members and reminded them

that it just takes a letter from one or two to get a legislature's attention concerning a particular bill. Several members questioned him about the new Teacher Certification and its implications for the teaching profession.

A devotional was given by Mary Ann Foster. A short business meeting followed. The treasurer reminded members that dues must be in by Nov. 1. Also yearbooks will be ready by the next meeting. A discussion was held concerning the Christmas meeting and fashion show to be held Dec. 1. Carol McConnell won the door prize.

Mu Epsilon's next meeting will be held on Nov. 5 at 4:30 p.m. in the NCTC Lyceum. Callisburg ISD members will host the meeting.

# Farm & Ranch

## Farmers hail chance for meaningful change in endangered species law

With a bipartisan Endangered Species Act proposed in the U.S. Senate on September 16, Texas Farmers and Ranchers see a chance to enhance property rights and property values while protecting endangered species at the same time. The original ESA expired in 1992 but it has been extended with appropriations.

Currently, endangered species on private property triggers a series of measures that can take the land out of

production, limit development and lower property value. Texas farmers and ranchers hope re-authorization can change all that.

According to directors of the Cooke County Farm Bureau, Texas farmers and ranchers are looking for a final law that recognizes the importance of private property in protecting endangered species.

"Right now, having an endangered species on your property is just about the worst thing that could happen," they said. "We look forward to the

development of a law that allow us to work with government and environmentalist to accomplish meaningful objectives."

The local directors said there is much work to be done before Farm Bureau endorses a bill, but they are optimistic.

"Compensation is the key. If you take our land to build a highway or to save a species, there has to be a formula to protect landowners," they said. "We make our living on the land, and taking care of it is our first priority."

## What is household hazardous waste?

The United States Environmental Protection Agency considers a substance to be hazardous if it can catch fire, if it can react or explode when mixed with other substances, if it is corrosive, or if it is toxic. This definition includes things that are probably stored right now in your garage, basement, bathroom, kitchen, barn, or shed. Examples of these substances may include drain and window cleaners, bathroom and kitchen cleansers, floor and furniture polishes, disinfectants, nail polish and nail polish remover, antifreeze, motor oil, paint, paint solvents, fertilizers, pesticides, weed killers, and batteries. The used or leftover contents of such consumer products are known as "household hazardous waste" (HHW).

Because of environmental and

health impacts resulting from improper disposal of these hazardous substances, new EPA and state regulations have been enacted that restrict the amounts and kinds of hazardous wastes that can and will be accepted at the landfill. In addition, stronger penalties and punishments for illegal disposal of hazardous substances and wastes have been added to both state and federal environmental laws. In the future, the only safe and legal way to dispose of household hazardous wastes will be for citizens to take these wastes to a licensed HHW disposal facility or to a sponsored collection event.

To provide proper disposal of HHW in Cooke, Grayson, and Fannin Counties, a Household Hazardous Waste Collection Day will be held on Saturday, Octo-

ber 18. Citizens from these three counties may bring their household hazardous wastes to the west parking lot at Midway Mall between 9:00 a.m. and 3:00 p.m. This is a FREE event which is funded in part by the Texas Natural Resource Conservation Commission and sponsored by the Texoma Council of Governments Environmental Advisory Committee.

If you would like more information about this Household Hazardous Waste Collection Day, contact TCOG Environmental Planner John Ockels at 903/813-3530 or Ken Zimmerman at 903/868-5345, the City of Gainesville Public Works at 668-4551, Cooke County Commissioners at 668-5433, or the County Extension Office at 668-5412.

## Combs to run for ag commissioner

AUSTIN, Texas — Vowing to vigorously promote agriculture and to create jobs, former State Representative Susan Combs today announced her candidacy for the Republican nomination for Texas Agriculture Commissioner.

"I will be an Agriculture Commissioner who promotes innovation, creative marketing, and creation of jobs for our youth," said Combs, who as a fourth generation rancher has run the family's cow-calf operation on their ranch in the Big Bend area for the last 17 years. "Texas is a leader in production of raw products. Now the challenge is to do more processing of those raw materials."

Agriculture is the second biggest industry in Texas with an \$80 billion impact on the state's economy. "Texas is number one in producing cotton, beef, sheep, and other raw materials," said Combs. "But the finished product that reaches consumers is too often made in other states. I want to bring these companies and jobs to Texas by working with banks, processors, and producers."

Combs said another goal is to promote Texas agriculture products at home and abroad. "I believe we can encourage state agencies to be more aggressive about buying Texas products. And Texas can be a world leader in providing the safest food and fiber for the best value."

"I have the experience and the know-how to do the job. My family has been in the cattle business in Texas for more than 130 years. I have inherited both a deep love of the land as well as respect for the men and women of Texas agriculture who work the land and provide the food and fiber we often take for granted."

Running a ranching operation has given Susan Combs first-hand experience in how to survive in the

Susan Combs

volatile marketplace agriculture faces.

Susan understands the burden of state and federal regulations that many producers face. Much of this knowledge comes from her work in the Texas legislature where she served from 1993 to 1996. Combs wrote the state's tough law protecting individual property rights and won a 100% rating from the Texas Farm Bureau for two legislative sessions.

"Susan is a solid conservative with a firm grasp on agricultural issues," said Senator Teel Bivins of Amarillo. "As the House sponsor of the Private Property Rights Act, she proved her mettle as a capable legislator and effective leader."

"Susan is a strong advocate for ranchers and farmers and was willing to stand up for the rights of all property owners when she served in the Texas House," said Ed Small, with the Texas and Southwestern Cattle Raisers Association. "It was a tough fight, but Susan understood its importance. She met that challenge the way she always faces obstacles—straight on. Susan Combs has the time, talent and desire to be

a great Agriculture Commissioner. We should all work to make sure she is elected to that important post."

In 1993, Combs was named an Outstanding Legislative Crime-fighter by the Greater Dallas Crime Commission for her work on the House Criminal Jurisprudence Committee. In 1995, she co-authored Governor Bush's bill which rewrote all of Texas' juvenile justice laws. In addition, she worked hard to pass a constitutional amendment permitting landowners to retain their tax exemption if they wish to protect wildlife through conservation measures.

Susan Combs is on the Board of the Texas and Southwestern Cattle Raisers Association, a director for the Texas Wildlife Association, a member of the Texas Farm Bureau, Texas Cattle Women and Texas Agri-Women. She also served on the Texas Beef Council and the Texas Production Credit Association Board.

Combs, who is 52, is a graduate of the University of Texas Law School and a former Assistant District Attorney in Dallas, where she prosecuted juvenile delinquent and handled child abuse and neglect cases. Because of her efforts regarding tort reform, she is a member of the Boards of Governors of Texas for Lawsuit Reform.

Combs has worked in international advertising, on Wall Street, and as an assistant to the Regional Administrator of the General Services Administration. Susan also served as State Director for U.S. Senator Kay Bailey Hutchison.

Combs is also active in the conservative Texas Women's Alliance, numerous Republican clubs, the Texas Federation of Republican Women, and many local civic clubs in Travis County.

Combs is married and has three sons.

## Coming to Texas: breeding swine regulations

2. Health papers: a certificate of veterinary inspection must be issued in the state where the swine are obtained. (The health papers are valid for 30 days.) The issuing veterinarian is to attest on the health paper that: these swine have not been fed garbage, were not vaccinated against pseudorabies, and weren't exposed to hog cholera or pseudorabies.

Breeding swine must be permanently identified with eartag, ear notch or number

tattoo. This info must be on the health papers.

3. Vaccinations: breeding swine older than three months must be vaccinated for Leptospirosis with a 6-way vaccine for these strains: Bratislava, Hardjo, Canicola, Pomona, Icterohaemorrhagiae, Grippityphosa. Vaccination info is to be recorded on the health papers.

4. Swine brucellosis: breeding swine must have a negative test within 30 days prior to entering Texas unless they -

- originate from a validated brucellosis-free herd; or
- originate from a brucellosis-free state.

From a validated herd? Herd numbers must be on

health papers.

5. Pseudorabies test: Pre or post-movement test not needed on breeding swine moved directly from a farm of origin in a Stage IV or Fee state OR from a qualified pseudorabies-negative herd in a Stage III state.

Pre-movement test NOT needed if they move directly from a qualified pseudorabies-negative herd in a Stage II state. On arrival in Texas, the swine must be isolated, under quarantine, and be tested 30 to 60 days later.

A pre-movement test is required within 30 days prior to arrival for all other origins. On arrival in Texas, the swine are to be isolated, under quarantine, and be retested 10 to 60 days later.
