## Quick GISD action gets CCAD praise

by Janet Felderhoff  
"I want to thank GISD for their quick and good will response to the legal condition that we had. I would like to know that I personally appreciate the quickness and the attitude in which it was resolved," remarked Cooke County Appraisal District (CCAD) board member Ken Kaiser. He spoke at the June 17 CCAD board meeting in reference to a late penalty and interest charge to Gainesville (SD). The school district had three late notices and by law the CCAD recently learned that interest and a late penalty were to be imposed. GISD had earlier refused to pay it saying it was unfair.

Board member Stephen Cole added that he felt the issue of the penalties needs to be resolved. "It's hard for me to understand why you would charge a penalty and then refund all of the money back to the person who pays the penalty," he said. "We need to get some clarification legally on that and then we need to go forward and do this legitimately, equally, and fairly to everybody. I think that we've come a long way with our dealing in fairness in these last two boards. We've come a long way in establishing a good working relationship with the entities, but we must improve it. We

work for the entities in collecting and accessing the taxes."

Cole said that when an entity accuses them in the newspaper of not doing a good job it is time to work on their image. He was referring to remarks made in a GISD board meeting and reported in the *Gainesville Register*. He invited any of those school board members to attend any of the CCAD meetings or to meet with any CCAD board member personally to resolve some issues that were apparent in the paper.

When GISD paid the penalty and interest Cole said they got the CCAD out of a bind and he

expressed appreciation for that action.

Chief Appraiser Doug Smithson informed the Board that protest notices went out on Real Property Friday, June 11. People have been coming in to make inquiries, some are satisfied after talking with CCAD staff, others still disagree, he said.

Auditors worked at CCAD on Monday and completed their audit. A preliminary report will follow. The actual report will probably be presented at the July meeting, said Smithson.

Smithson also reported that the lawsuits of Wal Mart and Gwynne W. Davidson have been settled and finalized. He

promised to release information on those suits to the press at a later date.

Three CPS Computer Software representatives attended the meeting and agreed to meet with board members and employees. "We'll see what we can discuss and settle and anything else that we need to resolve as far as CPS's work with us and our software and any other problems we have in the CPS system," said Smithson. Since it wasn't on the agenda discussion and action couldn't take place in the meeting.

The bid from Luent Technologies for \$11,946.00 to

install a new telephone system and Category 5 wire for all modems was approved 3-0.

Discussion was held on a possible resolution for retiree health insurance was tabled. Cole who said he hadn't had an opportunity to study the possibilities. He asked that the matter be tabled since he basically handles all of the insurance for the organization. The board tabled it until the July meeting.

No action was taken as a result of the executive session.

Board members Donna Doty and Leon Klement were not at the meeting.

The next meeting was scheduled for July 8.

## First time home buyers alerted

by Steve Broyles  
Texoma Housing Financing Corporation has announced a new program and is assisting first-time homebuyers in buying homes at 5.995 percent. A first-time homebuyer is defined by this program as a person who has not lived in a property he/she owned in the last three years. Eligibility criteria requires that 1 or 2 person household's income be at or below \$45,800, and 3 or more person household's income must be at or below \$52,670. In addition, the home to be purchased must be at or below \$59,877 if it is an existing home, or at or below \$94,716 if it is a new home. Finally, the buyer may purchase a house in Cooke, Fannin, or Grayson County.

If you are paying \$450 or more a month for rent, you might want to consider purchasing a home under this program. For instance, the monthly principal and interest payment on a \$55,000 loan at 5.995 percent 30-year, fixed rate is \$329.58. Down payment and closing cost assistance is also available. Flyers on this program are available at City Hall; the flyers list participating lenders.

MOVING DAY — House movers ran into several problems Wednesday afternoon moving this house from Zipper Hill. Culverts, narrow roads, and trees hampered the relocation to CR 447. The road remained

blocked for a time as workers had to cut down trees and build mini bridges in moving the future home of Ernie and Lanita Martin. Photo by Janie Hartman

## Hamric named outstanding citizen by Council of Governments

by Janet Felderhoff  
The Texoma Council of Governments (TCOG) held its annual award dinner on Thursday, June 17. The event recognizes individuals, schools, private and public sector organizations who have worked with TCOG to make a difference in the region by changing people's lives, leveraging state and federal grants with private foundation funds, and maximizing resources to meet local needs.

A citizen from each of the three counties in the TCOG region is recognized at the event. They are selected for their dedicating volunteer time and resources to the community. This is an opportunity to recognize

Serving on the selection committee from Cooke County this year were Jerry Lewis, Jewel Otto, Eddie Morris, and James Graham. They chose Bertha Hamric of Muenster as the 1999 Outstanding Citizen from Cooke County. Mrs. Hamric is the first Muenster resident to receive this honor.

In recognizing Bertha the Selection Committee noted, "Her life has been one always identified with serving others and volunteering her time even though she owned and operated a full time business for almost 40 years."

Bertha and her husband, the late Ervin Hamric, owned and operated Hamric's Men's and Boys' Wear in Muenster. They had two sons, Burt who now

## Ball park support needed

by Steve Broyles, City Manager

The breeze is blowing, the bases are loaded, and the batter is up! Excitement fills the air. A lot of ball players enjoy playing on the ball fields. Similarly, parents and families

enjoy watching their children play ball.

What a lot of people don't stop to think about is the volunteers who make these games possible. Prior to ball games, volunteers prepare the ball field so that the ball

players have a good playing field and good ball experience. This preparation normally takes about a half hour.

However, recently, people have ridden bikes on the ball field, or else played in the sand when it was wet, leaving deep

ruts which have to be worked out or filled in, so that the ball players can play safely. As a result, volunteers have to start working on the ball fields 90 minutes before game time. Thus, they're spending three See **BASEBALL**, Pg. 3

# A new year brings new opportunities for Keep Muenster Beautiful

by MaryLee Alford

Keep Muenster Beautiful (KMB) began with its first meeting on July 9, 1998. The first three months were spent organizing and the organization which began as Muenster Proud eventually came together, and with the help of the community, won the 1999 Governor's Community Achievement award (GCAA). With the experience and success gained in the past year, KMB begins its new fiscal year at the next meeting on July 8 at 5:30 p.m. at the Cooke County Electric Cooperative auditorium. Everyone is invited.

In its first meeting, KMB voted to encourage the community in cleanup and beautification with the power of "positive" praise and with enthusiasm. As a result, the

community became excited and enthusiastic. KMB could not have won the GCAA without the positive participation, excitement and enthusiasm of the community, resulting in success.

As the expression goes, if you keep on doing what you're doing, you'll keep on getting what you're getting. KMB got success, it reached its 1998-1999 goal. Wanting to operate like a successful business, it's the desire of KMB to evaluate and brainstorm to determine how it can improve and be more efficient in its cleanup and beautification efforts and continue to grow and beautify the community. The KMB Board of Directors, through official training from Keep America Beautiful, received several ideas on how to

improve in the next year. One goal for this year is to win the Keep Texas Beautiful Excellence Award. Every effort made to win this award will only add more beauty to the community.

The Bylaws of KMB limit the terms of officers to one year unless re-elected, and the terms of the Board to three years with one third of the Board retiring annually. Several positions are opening for the 1999-2000 year. The current Board is excited about the prospect of new people getting involved with new ideas. Those who've been involved are greatly appreciated and are encouraged to continue their involvement.

It is the desire of KMB to provide opportunities to those who want to participate

according to their interest and needs. For example, many high school seniors found their volunteer efforts in KMB to be very attractive on college and job resumes. Training and experience in KMB activities may help one meet career, educational or political objectives.

Nominations for the Board of Directors are welcome. Self-nominations are especially appreciated since this shows a sincere interest. Positions are open to those having interest in the well-being of the community who live in Muenster and its surrounding area, and is not limited to those living within city limits. All interested in knowing more are encouraged to attend the July 8 meeting or call MaryLee Alford at 759-2368.

Work continues on the expansion and remodeling at the Muenster State Bank. Workers on Wednesday afternoon began the task of cutting out an opening in the 19 inch wall that separates the present bank from the future expansion. Photo by Janie Hartman

## Electric utility restructuring bill signed

Gov. George W. Bush recently signed into law a bill that will restructure the electric utility industry in Texas, allowing electricity customers a choice and positioning the state as a leader in economic development.

"This action by the Governor represents a great step forward for the people of Texas," said Terry Tombaugh, manager for TXU Electric & Gas. "It also signals the beginning of a very exciting period for the company."

Tombaugh said the company has a team of executives that is leading the company's

preparation for competition. The team will coordinate the restructuring of TXU Electric into regulated transmission and distribution and non-regulated generation and retail electric provider entities, which will be complete for the January 1, 2002 date for opening competition. The team will also coordinate any other actions necessary to effectively comply with the new law and prepare the company as a leading provider of energy services.

"Through continuous cost management and customer focus and the lessons learned in TXU's other markets, the

company is uniquely positioned to succeed in a competitive market," Tombaugh added.

The electric industry restructuring bill, Senate Bill 7, was authored by Senator David Sibley and approved by the Senate on March 17. The bill was amended in the House under the sponsorship of Rep. Steve Wolens and approved on May 21. The Senate voted on May 27 to concur with the House version.

Key provisions of the bill include:

- Competition begins on Jan. 1, 2002 - Choice of electric services will begin on

Jan. 1, 2002 for customers of most investor-owned utilities in Texas. The affiliated retail electric provider (REP) of the utility that serves the customer on Dec. 31, 2001 will continue to serve the customer unless the customer chooses another REP.

Municipally owned utilities and cooperatives may elect to offer customer choice after Jan. 1, 2002. Each electric utility will launch a pilot project beginning June 1, 2001 to offer choice to five percent of the utility's combined load.

- Environmental Provisions - The law calls for a statewide reduction of 50 percent in the generation of nitrogen oxides (NOx) and a 25 percent reduction in sulfur dioxides (SO2) from "grandfather" power plants. Costs associated with the air quality improvements are recoverable. The law also calls for tripling the state's renewable power generation by the year 2009.

- Customer and Competition Protections - Customers' interests and fair competition are also protected. Customers will receive information to permit comparisons between service and prices. They will also be protected from unfair practices, such as slamming, and may elect to be put on a list to prevent unwanted telephone solicitations from REPs. REPs must be certified by the Public Utility Commission (PUC) of Texas

### From My Side of the Fence

by Ed Cler

A book written by J. Frank Dobie, entitled, "Rattlesnakes" says more about these reptiles than anything else I have read on the subject.

He tells of his youth - about how he was raised on a southwest Texas cattle ranch that had more than its share of rattlers, and how he managed to go to school, and eventually attend college, then continue his studies and become a teacher, and a much loved, and often humorous writer.

His writings downplay many of the myths that many of us learned as children, mostly by word of mouth.

One I used to believe was that a rattlesnake grew a new rattle each year of its life so one could count the rattles and tell the snake's age. Untrue!

A snake grows, but its skin doesn't. When the skin becomes too tight, a new one lies underneath and the reptile will begin crawling through and between bushes and most

anything else that will help turn the outgrown skin over its head, and then continue the process until the entire skin is rolled off, and inside out leaving the snake with a new shiny skin.

Rattlers go through the same process several times a year depending on how well they feed and grow. A rattler's skin is like that of all snakes, dead all except the part just above its rattles. As the skin is pulled over the rattles, it separates from the body of the reptile but the last part is pulled over the rattle next to the snake, and as it dries it shrinks over the first rattle and forms a new one.

When the body of rattles are released from the snake the new one holds the entire collection.

So, one can count the rattles and know how many times the snake has shed its skin, but not its age.

## Hall supports parental control

"We need more parental control - not more gun control," stated Rep. Ralph Hall as the House of Representatives debated juvenile and gun legislation. Hall supported the Child Safety & Protection Act, H.R. 1501, which passed by a vote of 287-139. He opposed the Mandatory Gun Show Background Check Act, HR 2122, H.R. 2122, which failed by a vote of 147-280.

"We don't need to penalize law-abiding Americans who own guns - we need to crack down on those who turn their weapons on innocent citizens - regardless of their age," Hall stated. "Out trust in dealing with youth violence needs to be two-fold. We need to enable our law enforcement agencies and judicial system to track down and convict those

who break the laws. And we need to focus our efforts where we know the problem lies - on the number of broken families in our country, on our over-sized classrooms, on the amount of sex and violence in our children's music, movies

and games, and on the drugs and drug dealers that are infiltrating our communities.

"The root of the problem is the absence of God in our homes and in our school - not the presence of guns in our society."

first two years...in 1929 they moved to a farm south of town, living in a two bedroom house without electricity, without indoor plumbing except for a handpump at the kitchen sink...and a woodburning stove on which to cook. My grandparents raised seven children there...in 1946 they built a house in town on North Elm Street - it was home for 53 years...my grandmother endured the death of her husband in 1986; the death of their son Willard in 1990; the death of their daughter Kathryn in 1995; the death of two sons-in-law and the death of an infant great-grandchild...she was the cornerstone of this family...she epitomizes the word 'Grandmother'...we remember that each Christmas, each one of us had a special gift waiting...how she passed traditions down to her family...Her birthday cards to us were never late...how surprised some of us with June birthdays will be when cards, pre-addressed by Grandma, will come in the mail with the traditional dollar bill and her personal letter!..."

"How she made afghans for every family member...how she encompassed so many with the nickname 'Charlie' to hide her confusion with good humor...how she played grandpa's tape of the Rosary every night...how proud she was of her root cellar and shelves loaded, with canning jars (filled with summer's produce)...how we loved her wilted lettuce salad...how she loved her flower beds and bluebonnets...how she loved to shuffle those dominoes...how proud I am to make her cornbread recipe...how she insisted on her kitchen cabinets being low enough for her diminutive stature..."

"My grandmother entered the hospital on Mother's Day weekend and died on Father's Day weekend. What a joyful reunion that must have been!!"

"My grandmother was the acknowledged matriarch of the Hartman clan. She held court to more than 100 descendants. With her passing I recall the bluegrass spiritual that asks 'Will The Circle Be Unbroken?'"

Burial in Sacred Heart Cemetery was directed by McCoy Funeral Home of Muenster.

Pallbearers were Kenneth Hartman, David Tompkins, Robert Gremminger, Vickie Fleitman, Mike Hartman, Deana Halbert, Doug Hartman, and Paula Yosten.

The family has suggested memorials to Sacred Heart Trust Fund, 714 N. Main, Muenster, TX. 76252.

## Clarification

Information in last week's Muenster Enterprise said that expenses for putting on the annual Relay For Life come to less than 10 percent of the amount of money provided by underwriters. It should have said that the expenses come to 10 percent or less than the total amount of money raised at the Relay.

## Mass/double ring vows celebrated by Klement, Walterscheid

by Elfreda Fette

Mr. and Mrs. Kenneth Walterscheid, Jr. have returned from their wedding trip to Montego Bay, Jamaica and are at home in Muenster. They were married in Sacred Heart Church on June 5, 1999 in a Nuptial Mass with double ring vows officiated by Father Thomas Craig, pastor at 2:00 p.m.

The bride is the former Tina Klement, daughter of Dale and Charlotte Klement of Muenster. She is a 1992 graduate of Muenster High School, a 1997 graduate of the University of North Texas, and a May 1999 graduate of Grayson County College. She is employed by the Physical Therapy Center in Gainesville as a Physical Therapist Assistant.

The groom is the son of Mrs. Alice Walterscheid of Muenster and the late Kenny Walterscheid. He is a 1993 graduate of Muenster High School and a 1994 graduate of Lincoln Tech. He is employed by Peterbilt Motors.

Presented at the altar by her father, Dale Klement, the bride was wearing a designer gown of white bridal satin, with fitted bodice, Queen Anne neckline and key hole back neckline. Waterfalls of pearls draped the keyhole. Long sleeves, tapered to the wrists, were accented with beaded, re-embroidered lace. The full skirt flowed into a cathedral length train, showing a hem line tipped with Alencon lace beaded with pearls and sequins. A crown headpiece of beaded lace, accented with pearls and sequins, held the veil of illusion flowing to fingertip length.

For sentiment and tradition, her "something new" was a blessed crystal rosary, gift from the bride's great-aunt Margaret Koerner; "something blue" was a garter; "something old" was the gold wedding band of the groom's late father; "something borrowed" was the mother-of-pearl prayerbook given to the bride's mother by the bride's father on their wedding day.

# Dangelmayr, McCoy marry in Sacred Heart Church

by Elfreda Fette

The wedding of Kelly Ann Dangelmayr of Carrollton and Joshua Don McCoy of Denton was held in Sacred Heart Church of Muenster on June 19, 1999 with Father Thomas Craig, pastor celebrating the Nuptial Mass and presiding for the double ring vows at 2:00 p.m.

Daughter of Joe and Pam Dangelmayr, of Muenster, the bride is a 1994 graduate of Sacred Heart High School and a 1997 graduate of Midwestern State University with an Associate of Applied Science Degree in Radiological Technology. She graduated in 1998 from JPS Institute for Health Career Development and completed the Sonography Program of Study. She is employed as Ultrasound Technician at Medical Center of Plano.

She is also the granddaughter of Herman Stoffels of Muenster and the late Alma Stoffels, and the late Herman and Elfreda Dangelmayr.

The groom is the son of Barbara Sander of Canyon Country, California, Don McCoy of Grapevine and Monica McCoy of Muenster. He is the grandson of Yvonne McCoy of Grapevine, who attended the wedding, and the late Ray Don McCoy, and Betty Yosten of Muenster and the late Felix Yosten, and the late Melvin and Margaret Sander. He attended Sacred Heart School in Muenster and graduated from Gahr High School in Cerritos, California in 1991. He is employed at United Copper Industries of Denton.

Adam Dangelmayr, bride's brother and Tyler Sander, groom's brother, carried the side candles near the altar and placed them beside the Unity candle.

Approaching the altar, mothers of the couple lit the side candles in preparation for the couple's Unity candle. Also of special significance for the ceremony was the use during Mass of the gold chalice that belonged to the bride's great-

uncle, Most Rev. Augustine Dangelmayr.

Presented at the altar by her father, Joe Dangelmayr, the bride was wearing a formal wedding gown designed by Demetrios of diamond-white duchess satin, fashionably styled with classic, embroidered details on the A-line silhouette. The Empire waistline was adorned with satin cording and embroidery, and the delicate, jewel neckline and sleeveless bodice were edged in satin cording. The fitted bodice was attached to the graceful elegant cathedral train.

Her elbow length layered illusion veil was attached to a band of satin braid and pearls.

She wore a pearl necklace and earring set, gift from the groom.

A blue crystal rosary was entwined in her bridal flowers, treasured particularly because it was also carried by the bride's mother on her own wedding day, and was a gift from her own grandmother, Anna Sandmann. For sentiment and tradition, the bride wore wedding bands which belonged to her grandmothers Alma Stoffels and Elfreda Dangelmayr.

## Health Notes Annual test is a lifesaver

Women may have to change their behavior a bit before a Pap smear, but the change is worth it. The simple scraping of the cervix once a year to obtain cells detects potentially deadly cervical cancer.

To avoid an inaccurate Pap test, Dr. Carolyn Muller, assistant professor of obstetrics and gynecology at UT Southwestern Medical Center at Dallas advises women to eliminate douching and sexual intercourse in the three days before the exam. Women should not have a Pap smear if they have an active cervical or vaginal infection, such as a yeast infection, or when they are menstruating.

"Pap smears should be performed yearly starting at age 18 or earlier if a woman is sexually active," Muller said. "An abnormal Pap smear suggests there may be precancerous changes on the cervix. If your Pap smear is abnormal, ask your doctor to explain the meaning for you, and make sure you understand the recommendations for follow-up."

## Golden Wedding celebrated by Harold and Clara Schmitz

Harold and Clara Schmitz of Lindsay were married on June 23, 1949 in Sacred Heart Church of Münster in a Nuptial Mass celebrated by Father John Walbe OSB at 8:00 a.m. That event was observed with a golden anniversary party and family celebration on Sunday, June 20, beginning with Mass in St. Peter's Church at 10:00 a.m. officiated by Father Joe Mellemond.

Altar servers were great-nephews of the honor couple, Dustin and Chad Dieter, and Mark Neu, all of Lindsay. Lector was a nephew, Larry Schmitz of Irving. Offertory gifts of bread and wine were presented at the altar by grandchildren Amber Griffith of Denton, Cara Griffith of Plano, Rusty Joe Schmitz of Lindsay, Sean Finkbonner and Evan Finkbonner of Cedar Hill. Eucharistic Ministers were Clara's sisters, Polly Pelzel of Lindsay and Hank Dieter of Gainesville. Ushers were godsons of the honor couple, Jeff Dieter of Lindsay and Steve Klement of Münster.

Hosting a dinner that followed in Conrad Hall for immediate family members were the honor couple's children and their spouses Jon and Mona Finkbonner of Cedar Hill, Steven and Carla Grahl of Lindsay, and Doug and Sandy Schmitz of Lindsay. They also hosted an open house from 2:00

p.m. to 4:00 p.m. for extended family and friends.

The original wedding colors of blue and lavender and green were used with gold to decorate in the reception area, along with cut flowers and English ivy.

A special gift to the anniversary couple was a box of greetings and memory cards, on which the senders wrote their memories of the couple, good wishes and frequently humorous anecdotes which the guests thoroughly enjoyed. Joe Schmitz, a godson read each card aloud, leading to great reminiscing.

Another gift was a money tree. A special gift was a Last Supper picture from Sis and Tony Klement, painted by Sis and frame made by Tony.

During the afternoon conversations frequently turned to the wedding day June 23, 1949 when Clara, daughter of Joe and Theresa Mages of Münster became the bride of Harold, son of Theodore and Pauline Loerwald Schmitz of Lindsay.

Guests recalled that the wedding Mass was held in Sacred Heart Church on a Thursday morning at 8:00 a.m. The bride wore a gown of white slipper satin, with a sheer round-necked marquisette yoke, and a shirred satin band simulating the off-shoulder effect. Leg-o'-mutton satin sleeves formed petal points

over her hands. The full skirt, with many folds in back, extended into a formal train. The skirt front was caught up in three places to reveal a multi-ruffled petticoat. Her veil fell from a sweetheart crown of Chantilly lace.

Attendants were Pauline Mages and Ruth Loerwald, wearing bouffant dresses of orchid and blue marquisette respectively. Best man and groomsmen were Lee Roy Metzler, Norbert Mages, Bill Metzler, and Robert Bayer. Little Patsy and Pat Klement were flower girl and ring bearer. Patsy wore pastel green organza. After Mass breakfast was served in the home of Mr. and Mrs. Eugene Schmitz. A reception and dinner were held at 5:00 p.m. in the parish hall for 225 guests. A dance at Danceland 77 concluded the day's activities.

The groom had served 26 months in the U.S. Army, with 19 months of active overseas duty with the First Cavalry Division.

Among guests coming from a distance to honor the anniversary couple were: Larry and Barbara Schmitz of Irving; Shelia Galliken of Southlake; Edmond and Shirley Vieth of Windthorst; Louise Horn of Windthorst; Don and Brenda Davis of Rowlett; Jim and Lois Grahl of Sandusky, Ohio; Tre Morris of Corpus Christi; Father Joseph Meledom of Denton; Joe and Annette Schmitz of Flower Mound; Connie Lloyd of Whitesboro; Carmen Crowsey of Whitesboro; Clyde and Polly Fisher of Denton, joining a large number from Gainesville, Münster, Lindsay and the Cooke County area.

Sacred Heart Church Centennial Mass certainly was "amazing!" Psalm 50 "Our God is coming...a furious storm around him." This passage was dramatically borne out as bleak, stormy clouds and threatening weather, thunder and lightning crackling over the sound system, and the bottom fell out of the black clouds, and the high winds whipped rain, umbrellas, banners, elegant drapes and decorations, flowers, green pot plants, generally everything into a frenzy. Everyone grabbed something and ran. It was not formal nor dignified, but it was an exodus and it was amazing. Speakers, wires, the altar, the organ, all were carried on shoulders of the able-bodied. Father Victor Gillespie said, as the storm hit "This concludes the Liturgy of the Word. The Liturgy of the Eucharist will continue in 15 minutes inside church. # 72 area boys enjoy Cub Scout day camp

The western frontier lived gain last week, June 14-18, at Fort Rowdy (a.k.a. the Muenster City Park) where 72 area boys enjoyed a week of fun activities during cub scout day camp, sponsored by Frontier Trails (North) District, of the Longhorn Council. The scouts and volunteers came from six packs: 664 of Muenster, 653, 670, and 683 of Gainesville, 1167 of Lindsay, and 94 of Decatur. This year's theme was Western Ways. The theme was used in decorations, crafts, activities, yells, and skits. The scouts were divided into seven groups: the Miners, Prospectors, Frontiersmen, Trappers, Traders, Pioneers, and Cowboys. The younger children of the staff were called the Mountaineers.

It was a sight to see. In every direction of the park, boys were having a wonderful experience as they worked on their requirements and electives leading to advancement. In one direction, scouts were learning swimming techniques, archery, and BB shooting, and in the other direction the scouts were working on crafts and playing organized games such as "logging camp." It made a vivid memory to watch an entire den of boys in yellow T-shirts and caps playing with yellow hoola-hoops at one time. The crafts included bird feeders, stick horses, Native American rain sticks, and leather working. As each group went from one activity to another, the boys carried a den flag they had designed and painted and yelled their den chant.

Each day began and ended with a formal flag ceremony, with a different den acting as color guard. This instills pride and respect for our flag and nation. Noontime activities included a firearm safety talk and demonstration by Police Officer Bob Stovall and a

roping demonstration by Bill Dangelmayr, Tom Dangelmayr, and Michelle Pagel. These were very impressive, entertaining, and informative. Fire Chief Herbie Knabe and Fireman and Cubmaster of Pack 664 Ben Bindel brought the Muenster Fire Department's pumper truck to the park and gave a talk on fire safety. Much to the delight of the boys, the firemen opened the valve on the top of the truck, shooting water high into the sky, giving them a water cool down.

An honor the camp received was that the District Executive of Frontier Trails, Don Long, spent the entire week at the camp. He made bear claws and beaded leather straps and presented them to each boy.

The camp closed Friday evening with a family picnic and campfire. In keeping with the western theme, the flag was carried into camp on horseback by Janette and Sarah Hess. The second year Webelos were given the honor of raising the U.S. flag. Each group then performed skits, songs, and yells to entertain their families. Volunteers were honored. Brock Smith, District Commissioner, and Angela Smith, Camp Inspector for the Longhorn Council, were in attendance. The evening came to an end with the official retirement of an old U.S. flag, following strict guidelines as prescribed by Congress. The song, "God Bless the U.S.A.," by Lee Greenwood was played, with the campfire blazing as a backdrop, while the entire audience stood at attention.

A camp of this size could not be conducted without many volunteers. The camp directors were Allison Crabtree, Kim Felderhoff, and Donna Zimmerer. The staff were: LaQuita Moore, Shirley Knabe, Jerry and Kathy McMinn,

Mike and Angie Bartush, Greg Lanham, Danny Jones, Fred and Elaine Koesler, Laurie Valliere, Tina Bindel, Cheryl Rohmer, Susan Hughes, Joyce Abney, Linda Walterscheid, Stephanie Tankersley, Marceline Felderhoff, Shelly Sicking, Kim Pierce, Bernadette Moritz, Nancy Nystrom, Terri Barrett, Deanna Hennigan, Bobby Alexander, Terry Alexander, Tammie Caldwell, Jackie Durnberger, Lisa Heckler, Janet Johnson, Melinda Mayes, Linda Prescher, Linda Schumacher, Jimmy Smith, Monica Stromberg, Debra Warren, Betty Silmon, Kristina Floerke, Allen Bevans, Tracy Mañon, and John Dieter.

Boy scouts helping the staff were: Daniel Rohmer, Michael Voth, Jeffery Zimmerer, Dustin Felderhoff, Matthew Wells, Riley McMinn, Joseph Dangelmayr, Shawn Moore, Keith Felderhoff, Kit Morrill, and Eric Endres.

Junior Staff assisting in the Kiddie Corral were: Jessica Bartel, Danielle Bindel, Kara Felderhoff, Mark Fleitman, and Stevie Tankersley.

## Summer reading program is cool for young readers

*A book is a friend; a good book is a good friend. It will talk to you when you want it to talk, and it will keep still when you want it to keep still -- and there are not many friends who know enough to do that. A library is a collection of friends.*  
-- Lyman Abbott

by Laura Bush  
First Lady of Texas

When I was a child, my mother often took me to our local library in the basement of the Midland County Courthouse. These trips to the library were an important part of my childhood and are the source of fond memories today.

I'd pick up a book whenever I felt bored or lonely, and reading would always make me feel better. Little did I know that reading was doing much more than providing entertainment -- it was making me smarter and more imaginative.

Common sense dictates that when you exercise every day you grow stronger. The more you exercise, the more you realize the results: more energy, agility, strength and endurance.

We can explain to children that the more they practice reading, the stronger their brains and the smarter they become. For children who have just learned to read (or are in the process of learning), it is vital that they practice the skill regularly. Reading actually improves a variety of skills, including writing, reasoning and imagining.

Like exercise, the less young readers read, the more their reading skills could deteriorate over the months. Children who are rusty at reading by the end of summer have to work very hard to get back in good reading shape once school starts again.

Reading opens doors to other

worlds, other people, histories and languages. Have you ever finished a book and thought it was so good, you wanted to read it again, or you still think and talk about it months, even years, later?

A wise man once said something similar to Lyman Abbott's quote, above. He said, "You know you've read a good book when you turn the last page and feel as if you have lost a friend."

Reading is an essential element of a lot of fun summer activities: playing board games, cooking with recipes, making grocery lists, shopping, playing school, writing on the sidewalk with chalk, or even writing a children's neighborhood newspaper like the Governor did when he was a child.

Because I used to be a librarian, I would be remiss if I did not remind you that library summer reading programs and story times are fabulous events for children. So please take your children (or if you don't have children, take the neighborhood children) to your local library this summer, and look into signing them up for a summer reading program. Your library is prepared to help parents who aren't sure how to use the library to help their children. Just ask your librarian! If your library doesn't have a summer reading program, you can call the Library Science Collection at 1-800-252-9386 to get information on how to start a summer reading program.

Finally, don't forget to read with your children. Now is the perfect time to begin a wonderful tradition of going to the library and reading together. Take it from me: Reading together this summer is a great way to build stronger reading skills and lasting memories.

## MISD recognizes for TAAS test performance

by Steve Cooper, MISD Superintendent  
Muenster ISD recently received statewide recognition for its performance on an indicator on the TAAS Test. This indicator is called TAAS/TASP Equivalency. It simply means that a significant number of students in that school scored well enough on this indicator to have and 75% likelihood of passing the college placement Texas Academic Skills Program (TASP) Test. This is the test all incoming college freshmen must pass before they can take their regular college course work. Failure to pass this test means students must take and pass non credit remedial classes before being allowed to take courses for credit.

It was reported that Muenster High School was one of only 16 campuses, out of 6,665 campuses statewide, that received this recognition. This designation relates directly to the overall quality of instruction at MHS. MHS graduates are some of the best prepared students in the state, if not the nation. This is reflected in their ability, through preparation, to meet all the demands of college work.

The Texas Education Agency also tabulates the actual test results, on the TASP, from each high school in the state. Muenster High School's passing rate in 1997 was 94.1%. This was the highest rate in the county and one of the highest in the state.

## Connett attends leadership program

Brent Connett recently attended the Hugh O'Brian Youth Leadership (HOBY) Leadership Seminar in Irving at the University of Dallas. Brent joined more than 250 other young leaders representing as many high schools throughout Texas on June 4-6.

Representing Lindsay High School, Brent is the son of Richard Connett of Lindsay, and Diann Parry of Carrollton. Lindsay High School was the local HOBY Sponsor.

HOBY Leadership Seminars bring together a select group of high school sophomores to interact with distinguished leaders in business, government, education and the professions to discuss present and future issues. The goal is to provide them with a

Brent Connett

stimulating forum for learning about the American incentive system and the democratic process. While broadening their understanding of their leadership potential and quest for self-development. HOBY Ambassadors are also

challenged to return to their communities to perform at least 100 hours of community service within the 12 months following the Seminar.

"The HOBY seminar challenged me to think about the many issues affecting the world around me and helped me understand that as a leader, I have the power to make a positive impact on business, government and society," said Connett. "HOBY helped me see the leadership potential in myself and to understand that goals and dreams are important regardless of what profession I choose."

During the seminar, Brent was selected as one of the ten finalists for an opportunity to attend the National HOBY Seminar in Philadelphia.
