

## Will the two become one?

# Merger sought as solution to hospitals' woes

by Janet Felderhoff  
Increasing concerns about reimbursement from federal and state agencies and insurance payers have stimulated the two Cooke County hospitals to discuss a merger for the purpose of insuring future health care in the county.

Rural hospitals have been dealing with financial worries for the last few years due to the manner reimbursements are handled by the government. Since the Balanced Budget Act rural hospitals have been financially impacted in a negative manner. Medicare and Medicaid reimbursements to larger urban hospitals are more than the reimbursement scale that smaller rural hospital must operate under.

It appears to many that the goal of the federal government to cause the small hospitals to lose their doors forcing citizens from rural areas to

have to travel to the metropolitan areas for health care. Many small hospitals have been forced to close and up to 50 closings of small rural hospitals in the state are predicted by TORCH (Texas Organization of Rural Community Hospitals).

On Thursday, Nov. 4 at 7 p.m. in Conrad Hall, the boards of Muenster Memorial (MMH) and Gainesville Memorial (GMH) Hospitals signed a Memorandum of Understanding for the future provision of health care services in Cooke County.

"This agreement means that we will actively pursue the consolidation of the two hospital districts and the construction of a new state-of-the-art facility that will serve the entire county," explained David Hutcherson, board president of Gainesville Hospital District. Don Flusche, board president of the Muenster Hospital District

added, "We feel it is in the best interest of the residents of both hospital districts to provide the best possible health care in the most efficient setting possible."

"A Memorandum of Understanding is a non-binding letter of intent of what we'd like to do," noted MMH Administrator Jack Endres. "There will be a series of town hall meetings held around the

county to talk about it. Nothing is written in stone. Nothing is binding the hospital district in any way. We've got the details of who, what, when, where basically agreed upon between the two districts and now's the time to see what the people think about it."

In the Memorandum of Understanding it is noted that the two hospital districts have agreed to create a new tax-

exempt Texas non-profit corporation, a new Health Service District or similar entity that will combine the two districts. As part of that same agreement, a new hospital will be built on Hwy. 82, west of the intersection of I-35 and Hwy. 82. This site was selected because of its central location to all communities in the county.

Asked what choice there was

in the matter Endres replied, "Practically, I don't see there being any choice. We can close and not have anything to do with Gainesville. We can be our own little island unto ourselves, but we'll wind up just as closed and without anything here. Or we can try to work together and maybe both of us will survive and have some sort of health care."

see HOSPITAL, p3

## Council hears request for fluoridation

by Dave Fette  
Elaine Schilling, DDS and Audrey Morrill, MD presented request to the Muenster City Council Monday night to add fluoride to the city water supply. They said the health of most people's teeth will benefit, especially children when the correct levels of fluoride are taken into the body. They presented medical journal articles to the Council noting the benefits and concerns of adding fluoride to municipal water supply. We prescribe fluoride supplements for many patients," said Dr. Schilling, "but having it in the water is better for most people."

City Administrator Steve Broyles said that he recently found that the Texas Department of Health offers grants to aid cities in implementing water fluoridation. He checked with engineers who estimated a cost of \$15,000.00 for the equipment and \$1,000.00 annually for the chemicals and monitoring. Broyles said the fluoridation process must be carefully handled, tested, and monitored to insure the correct concentrations of fluoride in the water supply. "The grant seems to be sure if we just apply it," Broyles said, "which is what we're doing now." The Council approved.

Police Chief Bob Stovall and Officer Greg Taylor delivered the quarterly police department report noting that 2 citations had been issued during the past quarter compared with 48 in the previous quarter. "The increase is largely due to Officer Taylor's work as a new

member of the department," said Stovall. He also reported that two illegal drug cases investigated by Muenster Police are currently before the Grand Jury.

Stovall is applying for a grant from the Texoma Council of Governments to buy a computer system for the police records. He also introduced the department's child identification program organized and directed by Greg Taylor and briefed the Council on the program. (See related story in this issue.)

Steve Broyles reported on the street paving in progress on Maple Street and parts of Seventh and Eighth Streets. Even though the weather is cool, the process is continuing because the contractor is using oil that is workable down to temperatures of 40 degrees with less bleeding and less gravel coverage required, Broyles explained. "I'm assured we'll be happier with this oil and chip rock resurfacing."

Alderman Troy Sicking said he had requests from some property owners to allow them to pay the extra cost of hot mix re-surfacing on streets which are in line for fixing. Broyles said they would certainly consider the request if all the owners on the street submit in writing. But he recommended that they take a close look at some of the recent hot mix jobs to see how they are cracking and separating along the curbs.

Other items of discussion and action included: \* The semi-annual trash pickup yielded 160 bags of litter. See COUNCIL, pg.2

## Muenster promotes KidCare Program event

by Janet Felderhoff  
Are our children safe? Many local people seem to feel that their children aren't in danger of being kidnapped or molested so they allow them to roam relatively free from constant adult supervision. That may be a false sense of security.

Muenster Police Officer Greg Taylor reported that about two weeks after he began his job here in Muenster, a child was approached by a man who tried to lure him away from home. The man asked the child to come and help him look for his lost dog. Fortunately, the child had been taught about the dangers of going with strangers and didn't go with the man.

This incident led Officer Taylor to seek ways to safeguard our children. He decided on Project KidCare, a program jointly developed by a local corporation and the

National Center for Missing and Exploited Children.

Each child participating will receive a free KidCare Photo ID with a Polaroid photo and other information needed if the child is missing. This passport-like booklet when completed will hold a current photo of a child, pertinent safety and medical information, and directions on how to use the booklet in case of an emergency. Also listed in the ID are seven safety tips which parents are encouraged to go over periodically with their child. These rules for safety are designed to help children know what to do and say in certain situations.

The Muenster Police Department has scheduled a KidCare Photo ID event for Saturday, Nov. 20 from 10 a.m. to 4 p.m. at the Muenster VFW Hall on South Main Street. See KIDCARE, pg.2

Muenster Chamber of Commerce joined President Henry Weinzapfel, officers, employees, directors, and friends of Muenster State Bank during formal ribbon-cutting ceremonies at the bank's open house Friday. Photo by Dave Fette

# MSB hosts Open House

Open House hosted by Muenster State Bank to celebrate and exhibit its modern expanded facilities was highlighted by events of two days and an evening, Thursday, October 28 and all day Friday, October 29. Guests and visitors were received through the main lobby and immediately impressed by the spacious, bright, new, and beautifully lighted area. They were welcomed by bank officers, employees and directors, proud to say "Come on in! Help us celebrate after months of remodeling noise, dust, and inconvenience."

A special open house was held the evening of October 28 for the shareholders of Muenster State Bank. One

hundred forty guests were cheerfully greeted and given tours of the new facility by employees, directors and their spouses. Throughout the evening, guests sipped on champagne and enjoyed hors d'oeuvres served by Rohmer's Restaurant & Catering. There was a special moment, in which President Henry Weinzapfel thanked the stockholders and employees for inconvenience endured during the construction period, and that the finished product is something the entire community can be proud of. Msgr. Thomas Weinzapfel of Dallas gave a special blessing upon the bank.

The celebration continued on Friday, October 29 with an

open house being held from 9:00 a.m. to 6:00 p.m. Over 400 customers and guests streamed in all day, and were hosted by the employees, directors and their spouses, and given tours of the expanded facility. Customers also entered their names for door prizes throughout the day. The winners of the four door prizes were as follows: Margaret Kupper, \$50.00 cash; Florence Valliere, \$50.00 cash; Marjorie Schoonover, \$50.00 cash; and Genevieve Tarleton, \$50.00.

As a special feature Thursday evening and Friday, all guests were invited to take a guess at the weight of an old safe and a chance of winning \$250.00 for the one who guessed closest to the safe's actual weight. The safe has been refurbished and now stands as a point of interest in the lobby. The weight of the safe is 2,580 lbs., and was guessed on the nose by Kevin Hess. The next closest guess was by Michael Lewis, at 2,585 lbs., and the third closest guess was by Elizabeth Koehler, who guessed the weight to be 2,600 lbs.

It was finally decided in 1998 that the bank would take the route of remodeling and expansion. Firms specializing

in the design and building of financial institutions were interviewed, and it was decided that D.E.I. Inc. of Cincinnati, Ohio would be the bank's choice to design and construct the facility. Many things were taken into consideration when it came to the outside structure. The old building and the new building needed to look as one, and not an addition. Also keeping the German heritage of the community was important. The architect came up with three possibilities for the outside design of the building. The bank posted the choices, and let the customers choose which design they liked. Fortunately, the bank and the customers liked the same choice!

The interior design was done to give employees more functional space and was also designed to accommodate those employees and customers who may be handicapped, meeting ADA guidelines. The expansion enables customers to have more privacy while completing their bank transactions.

The safe deposit vault was re-configured, thus allowing for easier customer access, and room for additional safe deposit boxes in the future. Also added See BANK, pg4

## County extends burn ban

Cooke County Commissioners Court's imposed ban on burning was to expire Oct. 30. The ban was initiated on Aug. 23. As of Friday, Oct. 29 conditions remained extremely dry when a special meeting was held to consider extending the ban.

Cooke County is one of the driest areas in Texas and the danger of wildfire increases each week that passes with no rain. The Court voted to extend the ban until Nov. 30 or until canceled by Commissioners Court, whichever comes first.

Relief came soon after the extension as the area received around two inches of rainfall. Many decided that meant that they could burn since there was less danger of starting a wildfire. They were wrong. All who burned and were reported received citations from the Cooke County Sheriff's Department. "We will issue a ticket any time it is called to our attention," Sheriff Mike Compton said of the burning done during wet conditions. "We have no choice. If the burning occurred we issue a citation. There is a reason why the ban on burning is still in effect. Conditions still exist. It is still very dry."

Will the burn ban be lifted soon? It is on the agenda for consideration at the Nov. 8 meeting of Commissioners Court, but Precinct #4 Commissioner Virgil Hess feels that the ban won't be lifted that soon. He said, "We had a nice two inch rain, but the undergrowth is still brown. We may lift the ban in a week or two. It's on the agenda for Monday's meeting, but I don't think it will fly. We need more rain and sun so green grass grows."

# Free Veterans Day E-Card service offered

Veteran's Day is Nov. 11, but you probably will not find a greeting card in your favorite shop. With 26 million veterans in the nation, The American Legion realizes many people would like to say a special "Thank-you" to a veteran. That is why the nation's largest war-time veterans organization is offering a free e-mail card.

"Many people forget that young military men and women serving today are veterans. Just about anywhere they are serving they have access to e-mail and receiving a special Veterans Day card would be a nice surprise," said National Commander Alan G. Lance, Sr.

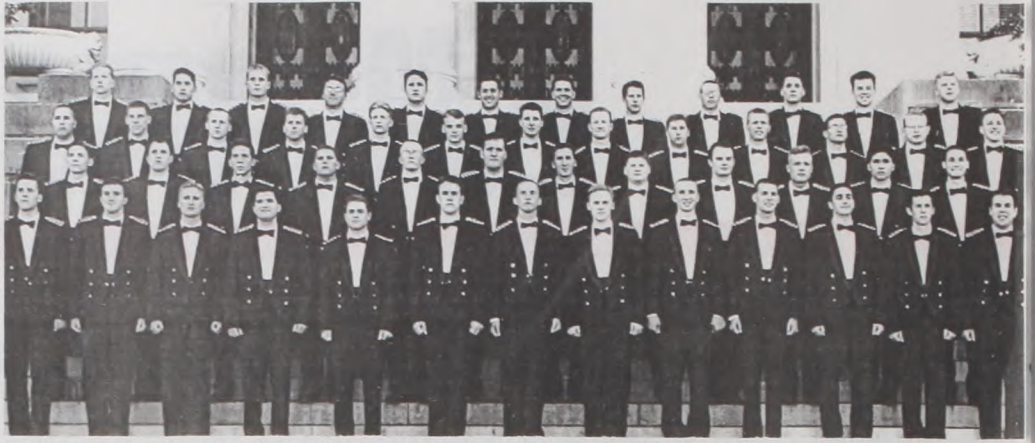

This is the second year The American Legion has offered the cards. "Response last year was excellent, so we expanded the service to offer a branch of service cards with music. Naturally, there is plenty of room for the personal message," Lance said.

The Veterans Day card

service is accessed directly from The American Legion's homepage at [www.legion.org](http://www.legion.org). Once at the site, it is a simple matter to follow the instructions and send your special greetings.

President Woodrow Wilson signed a Congressional Resolution on Nov. 11, 1919 establishing Armistice Day. The resolution said, "This day should be commemorated with thanksgiving and prayer and exercises designed to perpetuate peace through good will and mutual understanding between nations." The resolution further called for a day to be observed in schools and churches or other suitable places, with appropriate ceremonies.

Since 1919, Nov. 11 has become Veterans Day. Yet the same spirit that gave birth to Armistice Day continues today as America remembers the men and women who have served our country in the military.

Veterans Day will be observed in Gainesville with two performances presented by the Singing Cadets of Texas A&M University on Nov. 11 — the first in Leonard Park at 5:00 p.m. and the next in Gainesville High School Auditorium at 8:00 p.m. Their concert in Gainesville

promises a rare treat. The Singing Cadets pour out through their voices, an enthusiasm that listeners delight in sharing. Tickets for the 8 p.m. concert are available at the door and at the Muenster Enterprise. Photo courtesy of TAMU

## Hall seeks Medicare relief before Congress adjourns

In a letter delivered to the Speaker of the House and the Senate Majority Leader, Rep. Ralph Hall (D-TX) asked that they postpone adjournment this year until Congress corrects the unintended consequences of cuts made to the Medicare program in the Balanced Budget Act of 1997.

"I plan to vote 'No' on any final motion to adjourn for the year until Medicare cuts are restored," Hall stated.

Hall's letter to House Speaker Dennis Hastert and Senate Majority Leader Trent Lott was signed by all thirty members of the Blue Dog Coalition — a group of moderate to conservative Democrats who are dedicated to fiscal responsibility. Hall is a founding member of the Coalition.

"We projected a much different financial atmosphere when we balanced the budget in 1997," Hall stated in his letter. "The cuts appeared necessary then to save the program. Today, we project a surplus that allows us to correct the hardships spawned by the 1997 act. As we work toward completion of the Fiscal Year 2000 budget, we have an opportunity to correct the unintended consequences of this legislation."

"Committees in both the Senate and House are considering legislation to restore some of these cuts, and we request that the Congress not adjourn for the year until both chambers have had an opportunity to vote on these and other corrections," Hall wrote.

## COUNCIL continued from pg. 1

The drought contingency plan was adopted which defines the conditions necessary for City water rationing and to what degree. For example, the mildest conditions to trigger the first level of water rationing are when City water consumption is at 650,000 gallons per day for three days in a row or 800,000 gallons in one day. At that time outside landscape watering will be restricted to alternate days. Eight hundred thousand gallons per day approaches the limits of pump production and storage capacity. The restrictions help

the system catch up.

All amendments to the City code regarding junk, trash, problem pets, problem noise, and un-zoned mobile homes were adopted.

Annual budget summaries showing the total City operating at a cost of about \$1,000,000.00 were reviewed and will be published next year after the annual City audit.

Monthly bills totaling \$72,131.33 were approved for payments.

No action was taken after an executive session for personnel matters.

## KIDCARE continued from pg. 1

Street. Children of all ages will be accepted, but parents are especially encouraged to bring those in sixth grade and under. This event is free and open to anyone who brings their child. You don't have to be a Muenster resident to participate, said Taylor.

Taylor said that he selected that particular program because all the information stays with the parents. The photo is put in the ID booklet with information that will be filled out by the Muenster Police Department and local nurses. All of it is given to the parents and nothing is sent off.

Sponsors who are making the KidCare Photo ID project possible include Muenster VFW, Muenster Jaycees, First National Bank of Saint Jo, Muenster Kiwanis, Muenster State Bank, Muenster

Chamber of Commerce, and Guaranty National Bank.

Taylor's goal is to make this project a yearly event. Anyone with questions can contact the Muenster Police Department at 759-2236 or Officer Taylor at 759-5256.

Those who wonder if this is a necessary measure for children in this area — according to information from the Muenster PD and the Cooke County Sheriff's Office there are a number of sex offenders living in this area. The exact numbers and how many were child molesters was not available at press time, but is public information available to those who ask. Also the growing population brings all sorts of people good and bad. The population in this area of Texas continues to increase steadily.

## Water District election passes

by Dave Fette

The election Tuesday authorizing ad valorem taxation of property within the Muenster Water District as it may be enlarged and assumption of any tax supported bonds for the district, both passed by overwhelming margins, 85 for - 8 against and 89 for - 7 against, respectively. Statewide results for constitutional amendments were not available until after deadline and local election results will be reported next week.

## Florence Grewing 1930 - 1999

Florence Grewing

by **Elfreda Fette**  
 Mass of Christian Burial was held for Florence (Moster) Grewing, age 69, on Sunday afternoon, October 31 at 2:30 p.m. Father Jeremy Myers, pastor of St. Mary's Church in Sherman officiated in Sacred Heart Church of Muenster. Assisting were Father Paul Hoedebeck OSB of Subiaco Abbey, Arkansas and Father Harry Fisher of St. John's Church of Valley View. Florence and her late husband, Richard Grewing, sponsored Father Jeremy in his Seminary training for the priesthood. She died on Thursday, Oct. 28, 1999 at Denton Regional Medical Center.

Florence Moster Grewing was born on May 5, 1930 in Wichita Falls to Leo Moster and Theresa Streng Moster. She graduated from Sacred Heart High School in 1949 and worked at The Shanty Cafe in Muenster. On June 15, 1950 she married Richard Grewing in Sacred Heart Church.

A member of Sacred Heart Parish, her life was filled with service to others as a homemaker, a devoted wife, beloved mother, treasured grandmother, and respected sister. As a Nurses Aide at Muenster Memorial Hospital, he helped care for many sick and injured people. She held membership in, and was involved in many various civic, community, and charitable organizations. In her leisure she loved reading, traveling and gambling.

Florence and Richard Grewing are the parents of seven daughters and one son. They are Janice Bayer, Carol Frost, Barbie Fanning, Mary Kay Sicking, Laura Harrison, Jill of Muenster, Sharon Grewing of Carrollton, and Phyllis Serna of Sanger, and Wayne Richard Grewing of Muenster.

There are 27 grandchildren and two great-grandchildren. Surviving also are two brothers Joseph Moster of Muenster and Brother Thomas Moster OSB of Subiaco Abbey, Arkansas.

Preceding Florence in death were her husband, Richard who died on May 17, 1988; one daughter Teresa Grewing, her parents; three brothers Steve Moster, Frank Moster, and Charles "Smiley" Moster.

On Saturday afternoon at 2:00 p.m. a Rosary Service led by Sister Carmelita OSB was

held at McCoy Funeral Chapel; and Vigil led by Father Tom Craig was held at 7:00 p.m. Kelly Grewing, a granddaughter played a flute solo "Blest Are They," Song of the Beatitudes.

Participating in the special liturgy of the Mass of Christian Burial on Sunday afternoon at 2:30 p.m. were altar servers: nephews Matthew Grewing, Tony Grewing, and Jonathan Grewing.

Readings from the Old and New Testaments were given by a granddaughter Courtney Grewing and a niece Mildred Maxwell respectively. A niece, Dr. Sue Moster read Offertory petitions. Granddaughters, Cassie Sicking and Candace Serna presented Offertory gifts of bread and wine at the altar.

Music Ministers were Eileen Fisher, Diane Grewing, Christy Hesse, and Pam Fette, and organist Ruth Felderhoff. Sacred music included "On Eagles Wings," "Edelweiss," "Servant Song," "People Need The Lord," "Song Of The Angels," "Ave Maria," "For All The Saints," "Be Not Afraid," "You Are Near," and "Press On."

Eucharistic Ministers were Carol Grewing, Theresa and James Walterscheid, Shellie Hoedebeck, Glenn Grewing, and Charles and Carolyn Bayer.

Father Jeremy Myers delivered the Homily and Peggy Grewing read Remarks of Remembrance which were written by Florence's only son, Wayne Grewing.

In the Homily, Father Jeremy Myers reminded Florence's family and friends that saying "good-bye" is never easy, but more so in

circumstances as painful as these. "The best way to say 'good-bye' is to say 'I love you,'" said Father Myers. "...And Florence so often told us, mostly without words: 'I love you, too.' ... maybe with just the smile she gave us, ... maybe the quiet laughter she gave us ... maybe the little things that spell love in a nice, quiet and warm way that makes it real, but not spectacular.

"Florence didn't like quarrels - she tried to be a peacemaker.... she showed loving kindness every step of the way.

"She showed loving kindness in caring for her mother's long illness.... she showed loving kindness when she helped Brother Thomas and others at Subiaco make hundreds of pounds of peanut brittle for Christmas sales.... she and Richard showed loving kindness in carrying the cost of my education.... When God measures a person He does not put the tape around a person's head, but around a person's heart."

In the Remarks of Remembrance, Wayne Grewing wrote: "Many words and memories come to mind when trying to describe my Mom.... kind, caring, honest, a good listener, a dear friend, a good teacher for her kids, giving special attention to respect, morals, faith, humility, courage.... in the direction of peace and tranquility...."

"She was the consummate diplomat, choosing her words carefully, making every effort to avoid misunderstanding or conflict. She taught us that

understanding, forgiveness and unending faith, that family, friends and promises were not to be taken lightly.

"She enjoyed a good conversation, a good book, a good laugh.... travel.... meeting new friends.... trying her luck at the slot machines or games of chance...."

"We learned that memory and discipline are very important, especially and sadly if it meant not leaving our bicycles behind her car when it was time to back out and get all us kids to school with just one trip.... We feel blessed by her patience, tenderness and good will. In my eyes, my Mom was a saint."

Burial in Sacred Heart Cemetery was directed by McCoy Funeral Home. Pallbearers were grandsons Ryan Bayer, Brandon Bayer, Jason Frost, Scott Frost, Jeff Serna, Justin Serna, Aaron Sicking, and John Fanning. Honorary pallbearers were grandsons Dillon Sicking, Nathan Sicking, Matt Bayer and Michael Bayer, Ricky Grewing, Tommy Harrison III, James Fanning and Jared Serna.

For those who have asked, the family requests that memorials be sent to Muenster Public Library Building Fund or to Subiaco Abbey, Arkansas.

Among relatives and friends attending the funeral from out of town were those from Subiaco, Arkansas; Wichita Falls, Corinth, Denton, Carrollton, Dallas, Arlington, Richardson, Sanger, Windthorst, Sherman, Bedford and Ennis, Texas.

## Anna Marie (Lueb) Monaghan

1919 - 1999

Anna Marie (Anna Mae) Monaghan of Wylie, Texas passed away Nov. 2, 1999. Born August 27, 1919 to Henry A. and Mary (Schmitz) Lueb, she is survived by daughter, Barbara Mitchell of Wylie; and sons Dale Monaghan of Lenexa, Kansas, Thomas Monaghan of Watertown, Connecticut, Boyd Monaghan of Garland, Texas, and Doug Monaghan of Boerne, Texas. Also a brother Raymond Lueb of Edmond, Oklahoma; sisters, Loretta Wimmer of

Muenster, Clara Minick of McCloud, Oklahoma, Lucille Wayland of Midwest City, Oklahoma, Catherine Fuhrmann of Gainesville, and Louise Metcalf of Nicoma Park, Oklahoma; 13 grandchildren and 12 great-grandchildren.

Graveside service was held Thursday, November 4 at 1:00 p.m. at Fairview Cemetery in Gainesville, Texas officiated by Rev. Patrick Murphy.

No other information was available at press time.

## MUEENSTER HOSPITAL ANTICIPATES MERGING WITH GAINESVILLE

continued from pg. 1

That's what it's coming down to."

If the merger goes through what will become of the Muenster Hospital? According to Flusche the plan is to maintain the Muenster facility as a good first-care type area with the doctors in-house to deal with emergencies. If more care is needed the patients would then be sent to the hospital 10 miles down the road. "This place will stay right here," Flusche said.

"We don't know what form it will be," added Endres. "This is what my guess is. It'll be like a large urgent care center. It'll have lab, x-ray, doctors, all that sort of stuff except inpatient." Also the doctors clinics will remain in Muenster.

Endres explained that as it is now when a person has a serious problem and they come into the Muenster or Gainesville hospital, they get an IV stuck in their arm and get stabilized before being sent by helicopter or ambulance to Denton or Dallas. "Hopefully with the new, big hospital you'll stay right here, you won't have to go to Denton or Dallas," he noted. "We'll have all of the specialists in Cooke County. Our objective is to have a hospital about like Denton Community. We want full-time orthopedic, we want full-time cardiology, we want full-time surgery, we want full-time neurology, we want full-time pediatrics other than what our choices are now." Flusche added that now if you don't get sick on the right day of the week, you have to go out of town for most of the specialists.

"I think that instead of everybody hopping in their cars and trailing after the ambulances and the helicopters down to the Metroplex, most of the time, we're going to be right down the road," Endres said. "That's why we're doing this."

If the two districts combine the new district should be eligible for sole community providers status. "That's about 15 percent on the bottom line the way the accountants look at it," noted Endres. "Sole community provider status is a designation that allows you additional reimbursements from the government based on the recognition that you're the only hospital in the county and you need to be protected from

losses so they pay you more money to make sure you stay in business. Right now Gainesville and Muenster keep each other from getting that status."

"The last few years have seen an increasingly hostile health care reimbursement environment," Hutcherson said. "Our boards feel we must make changes so that Cooke county can preserve its autonomy. We believe that the people of our county want to continue to have the final say about the way our health care is delivered."

Voters in the two hospital districts will have an election to decide if they want to dissolve the two districts and make a county wide hospital district. That will probably be held in 2001 when the Texas Legislature meets again, said Endres. An interlocal agreement by contract between the two hospital boards is all that is needed to make the building of the new hospital a reality, according to Endres. He was asked what would happen if the plans were in progress and voters voted down the joining of the two districts. Endres responded, "We could close up and go away and not have a doctor here again. We can do all this by contract. What the people need to decide is do you want your tax rate to go down from 27 1/2 (cents) down to 18 (cents) and then lower once the thing is paid, up and running. Or do you want to go from 27 1/2 - maybe we can keep this place open two more years - if we take it to 55 1/2 or .60 or .70."

A series of meetings will be held throughout the county to ensure a full public forum for discussion. A question and answer session is scheduled for Nov. 16. The time and place will be announced. "We want everyone in the county to understand exactly what we are doing and why," Hutcherson said.

There are several steps that must be taken before the new hospital is a reality. "We are taking this one step at a time, said Flusche. "We still have many details to work out over the next few months, and the Memorandum of Understanding outlines the process that we'll use to merge the hospital districts and build a new facility for the county."

See HOSPITAL, p4

# THANK YOU

Words cannot express the gratitude we feel for the many acts of kindness shown to our family during Mom's illness and death.

Support from all of Muenster was evident through prayers, cards, flowers, plants, food, and smiles of Christian empathy.

Our special thanks to the Doctors and Staffs of Muenster Memorial Hospital and Denton Regional Medical Center for their professional care.

To Father Thomas Craig, Father Paul Hoedebeck, O.S.B., Father Harry Fisher, and Sister Carmelita Myers, O.S.B., we extend an additional thank you for your participation in her funeral services. We are also grateful to Abbot Jerome Kodell, O.S.B., and the monks of Subiaco Abbey for their continued prayers and support.

From our hearts we kindly thank Mom's dear friend, Father Jeremy Myers, whose liturgy and moving eulogy inspired and consoled us, and helped us to "Celebrate" Mom in both life and death.

To the music ministers: Ruth Felderhoff, Christy Hesse, Eileen Fisher, Pam Fette, and Diane Grewing, we express our sincerest gratitude for their inspirational music, and to all others too numerous to mention who were instrumental in making her service so memorable.

A special note of thanks to the Catholic Daughters for a bountiful table; the Knights of Columbus for the use of the hall; to the Crew of Rohmer's Restaurant, especially the Coffee Group; to Carol, Emma, and Inez for making Florence's last trip her best, and to her dearest soulmates, Pearl Evans and Margie Starke.

Thank you to all who have befriended and have shared with us, our Mother

Florence Teresa (Moster) Grewing

Sincerely,  
 Janice, Carol, Wayne,  
 Barbie, Mary Kay,  
 Sharon, Phyllis, and  
 Laura.  
 Joe Moster and  
 Brother Thomas Moster, O.S.B.

**WE'RE Y2KOK**

**Mattresses are for sleeping—not safekeeping.**

**(Or, why your bank is always safer than keeping money under your mattress.)**

Some people claim you should keep money under your mattress because many computers may not work after the Year 2000.

Well, we beg to differ. We're your community bank and here are the facts.

Bank regulators confirm the banking system is taking every possible step to insure your banking services continue to be safe and secure. So you don't need to worry about your accounts, your loans, or even your direct deposit or ATM service.

In other words, we're Y2KOK (which means we're prepared for the Year 2000).

So worry about more important things—like the melting polar icecap, counting the stripes on the nearest zebras, or why the chicken crossed the road.

# Muenster State Bank

cont. from pg. 1

were two booths, in which customers can take their safe deposit boxes, and view their contents in privacy. The addition of a second drive-thru lane allows for faster service, and also houses an Automatic Teller Machine (ATM) which allows Muenster State Bank customers free access to their money 24 hours a day, 7 days a week by using their ATM card or Muenster State Bank Check Card. The check card program also allows customers to use these cards at retailers that accept Visa, and have payment of goods or services immediately debited from their checking account. All in all, the remodel and

expansion will lend itself to more efficient service, and the ability of Muenster State Bank to offer more services for its customers in the future. Entertainment at several times on Friday was provided by Muenster State Bank, and descriptions and more pictures follow on another page. Historically, the old bank building was built in 1940 and contains 3780 square feet. Adjoining, to the north, the Hamric's/Charm Shop building was constructed in 1956 by J.M. Weinzapfel and contains 5,240 square feet. In 1997, this building was purchased by Muenster State Bank. During open house, many

visitors reminisced about the "old days," and many wonderful stories were recalled. Reference was made to some like these, about the Muenster State Bank safe. In 1933, Muenster State Bank was using a 5 foot tall upright safe when it was burglarized by cutting through the vault door and bottom of the safe with a cutting torch. The gentleman who was a suspect was also suspected of stealing local livestock. The safe was later sold to Henry Schmitz, a local blacksmith.

Earl Fisher recalls that this round safe was purchased by former bank president J.W. Meurer from a bank in Fort Worth and was used in the west vault until 1939 or 1940 when it was cemented into the new east vault. Because the safe was not level, the door tended to slam shut on the arm of the person working in the safe, therefore the bank began using the west vault safe.

The round safe was removed by jackhammer in the summer of 1999 and restored to its current appearance. It is still in operating condition and could be used in case of an emergency.

The old bank building, which was built in 1940, was remodeled in 1970, at which time minor expansion was done.

Officers of Muenster State Bank are: Henry G. Weinzapfel, President and Chairman of the Board of Directors; Robert G. Weinzapfel, Executive Vice President and Director; John D. Meurer, Cashier, Vice President, and Director; Lillian Walterscheid, Vice President; Karla Cunningham, Assistant Cashier; and Shellie Hoedebeck, Assistant Vice President.

Employees are: Jeannene Walterscheid, Pam Sidwell, Carla Truebenbach, Brenda Green, Cindy Koesler, Jan Endres, Ruthie Klement, Dan Hamric, Christine Beaulieu Weinzapfel is consultant.

Directors are: David Bright, L.B. Bruns, James Dangelmayr, Urban Endres, Francis "Butch" Fisher, John D. Meurer, Claude Walter, Robert G. Weinzapfel, and Henry G. Weinzapfel.

Director Pam Fette leads Sacred Heart's Angelic Acapella Choir featured Friday afternoon during Muenster State Bank's open house and celebration of their enlarged and renovated home. Photo by Dave Fette

Muenster State Bank's big, beautiful lobby starts in the remodeled original side of the building and stretches through what used to be Hamric's and The Charm Shop. Visitors enjoyed refreshments and registered for prizes at Friday's open house. Photo by Dave Fette

## In My Opinion...

by Elfreda Fette

The MISD Hornet Band and the Angelic Acapella Choir of Sacred Heart High both "did themselves proud" with performances Friday at Muenster State Bank, during Open House hosted by the Bank, to show its newly remodeled and expanded facility.

The 91-member Hornet Band presented a program of varied music, all creditably played, closing with the school song, to the applause of listeners who began to gather at 9:15 a.m. as the sounds of music drifted up and down Main Street. Pat Dietz is Director and Band Teacher at MISD, and is due the credit for the improvement shown by the group since first organized. He is entitled to justifiable pride, as are the parents of the students, and faculty of MISD.

The Band exhibited discipline; success resulting from dedicated practice and study; and obvious real enjoyment.

The Sacred Heart Angelic Acapella Choir performed in the front lobby of the Bank Friday afternoon at 2:00, presenting an impressive program that included religious songs, spirituals, folk music, madrigals, lullabies, and the touching "Mary's Little Baby Boy."

Directed by Pam Fette, head of the music department at Sacred Heart High School, the Acapella Choir sings with confidence, ease, control, rapt response to direction, purity of sound and love of tonal quality. Pam Fette is due credit for enhancement of the school's music program that stimulated student interest. The drama and music departments of SHHS have claimed year-round attention with the quality and diversity of plays, musical presentations, choir and individual recitals.

The Ribbon Cutting ceremony at MSB at noon marked a significant achievement of growth, culmination of months of remodeling, moving and change, and is a tribute to the community spirit of Muenster State Bank, its Board of Directors, and their faith in the future of this - our home town.

At 4:00 p.m. Lollipop, the Clown, presented her program, always a favorite, lending a spirit of lightness, fun, and entertainment, as she mingled with guests, staff and employees.

All events of the day, with attendance by hundreds of guests, combined to cast an aura of the beautiful song: "When You Come To The End Of A Perfect Day!"

## From My Side of the Fence

by Ed Cler

Folks, Halloween '99 has come and gone. October 31 brought us some much needed rain, and we are duly thankful for every drop. I'm sure the farmers find it a godsend, but Halloween was fair and mild, and while we were fully prepared for the little goblins' request for "trick or treat" with a bucket of candies, suckers and other goodies, we were almost overwhelmed by the numbers who rang the door bell.

In about an hour and thirty minutes our supply of treats had dwindled to nothing and we had no alternative but to turn off the porch light. But it was fun. Some of the little ones were a treat themselves.

Anyway, there was some reminiscence of Halloween's of the long ago when we looked forward to passing through

Muenster on our way to church on All Saints Day, November 1.

Evidence of Halloween's pranks were all over town. Milk cans and other things from chairs to front gates would be hanging in the upper parts of telephone poles.

I can well remember a farm wagon complete with grain bed sitting on the very top of the cotton gin. More than one or two worked hard to get that done.

And then all these things had to be brought down again, but this last was of no worry to the ones that got them up there. In my mind, their fun was in seeing the owners getting them down.

I can't remember a Halloween when we didn't see at least one outhouse or privy sitting in front of the Bank. This was a favorite stunt and

many folks who had an old outhouse were glad for the pranksters to take it. At least they would be rid of it.

On one particular first of November an outhouse of substantial build was setting in front of the Bank's front door. A local lawman was inspecting it and told some young men they had better remove it and take it back to its rightful owner.

While he was telling them about what they had to do, he stepped into the building and someone or two quickly closed the door and locked him in.

Finding he could not push the door open, he soon promised that if they would release him, he would go elsewhere and quit fretting about the old privy. The point was well taken.

## HOSPITAL

cont. from pg. 3

Building the new facility is two or three years down the road, so each entity will continue normal operations as we work toward this vision for the future.

One consideration for both boards is what will happen to the current facilities. "We will discuss the possibilities for the existing hospitals," Flusche noted. "One option is an urgent care clinic or some other method of ensuring adequate access to good health care for the people of this county."

Plans are to begin construction in mid 2000. The cost is estimated at \$20 million. Once started it is estimated that it take 18

months to complete building. The board of directors of MMH and GMH will ultimately oversee the project. A general contractor will be selected through the normal bidding process outlined by Texas law. Details of the building project will them be managed by the general contractor.

Funding for the new facility will come from revenue bonds backed by a county wide operating and maintenance tax. The hospital boards believe this method will allow the new entity to decrease taxes over time as the organization grows. Operating and maintenance taxes levied by the proposed new hospital

district only need to be enough to insure that there is adequate funding for bond payment. It is the belief of the boards that growth in utilization, together with the increased operating efficiencies of a single new facility will generate sufficient revenue to make it self-sustaining.

The current tax rate for the Gainesville district is .095 and Muenster's is .27450. The estimated rate for the new district is .18. Tax rates statewide for hospital districts our size averaged .17 in 1998. With the Balanced Budget Act now in effect, these rates are climbing.

## Boosting morale in a thousand places

Leading Texas in helping to boost the morale of our men and women in uniform at more than 1,000 places were:

- GROUP - Disabled American Veterans Auxiliary, Kel-Lac Unit 114, San Antonio, number two DAV Auxiliary nationally;
- INDIVIDUAL - Judie Rivera, El Paso; CHURCH - First United Methodist Church, Uvalde; MILITARY - NCO Wives Club, Fort Bliss, number two military group nationwide;
- COLLEGE - Texas Student Education Association, San Jacinto College Central, Pasadena; HIGH SCHOOL - DECA and NHS, Crockett High School Crockett; MIDDLE SCHOOL - S&S Middle School, Southmayd; ELEMENTARY SCHOOL - Alamo Elementary, El Paso.

"We think they are all outstanding, and we know that U.S. troops all across the

nation and around the world appreciate their efforts," said G.B. Wiser, executive director of Friends of Our Troops.

As mail from all over the nation arrives at the headquarters of Friends of Our Troops it is thoroughly intermixed, then it is made up into well over 1,000 packages of mail to be sent out. "The packages range in size from just a handful for small units up to several thousand for an entire base or one of the Navy's large ships," said Wiser. "This helps to get an appropriate amount of mail to a lot of different places."

As the continuation of the Vietnam Mail Call program, which was established in 1965, there have now been almost 35 years of service to and support of our soldiers, sailors, Marines, airmen, and coast guardsmen.

Over the years, millions of cards and letters have been made available for distribution to U.S. troops. Each year scores of individuals and groups across the U.S. write 1,000 or more, and hundreds write 100 or more.

Readers with Internet access can check the photo album at <http://www.militarymail.org/album.htm> for a pictorial overview of how the campaign functions as well as mail being distributed to the troops.

To learn how you, your family, school, college, church or group can help to boost the morale of U.S. troops at more than 1,000 places across the U.S. and around the world please write to Friends of Our Troops, P.O. Box 65408, Fayetteville, NC 28306. (A mention where you read about the Military Mail campaign.)

# Lifestyle

## Candlelight vigil hosted by Cooke County Friends of the Family

On October 4, Cooke County Friends of the Family hosted a candlelight vigil at the Gainesville Civic Center. The vigil was to commemorate October as Domestic Violence Awareness Month. The theme was to Honor Domestic Violence Survivors, Remember Those That Have Lost Their Lives and Support Those Still Suffering.

Certificates were awarded to several members of the community in appreciation for the work they do to stop domestic violence. They included: Rep. Phil King, District Attorney Janelle Laverkamp, Justice of the Peace John Roane, Justice of the Peace Dorothy Lewis, Justice of the Peace Bill

Freeman, Cooke County Sheriff's Department and Sherry Hess, Victims' Rights Coordinator of Friends of the Family.

Ellen Pritchard, Administrative Assistant to Rep. Phil King, attended the Vigil for Rep. King's office and read the official proclamation designating October as Domestic Violence Awareness Month and recognizing the need for victims' assistance and support.

Displayed at the Candlelight vigil, was artwork created by children in elementary schools in the surrounding areas. The children that participated in this program know that hands are not for hitting, but for hugging and helping.

The local trash pick up was held Saturday, Oct. 23. Boy Scout Troop 664, from Muenster was assigned the two-mile strip leading east of town from Bayer's. The Boy Scouts attending were Eric Endres, Mitch Felderhoff, Dustin Felderhoff, Jon Ambrose, Karl Fisher, and Jack Biffle. Gary Fisher and David Fette helped with supervising and picking up the trash bags. Muenster ISD's trash pick-up crews helped the Scouts'. Trash pick up was ended with hot dogs at the park pavilion. There were approximately 50 large trash bags collected on the Scouts route alone. Please do not litter!! Photo by GARY FISHER

## "Emotional Impact of Alzheimer's" program scheduled for November 9

Alzheimer's affects the whole family, not just the individual who has the disease. It strikes either sex and people of every race, social and economic group.

The second program in a series will be held on Tuesday, November 9 and will be the "Emotional Impact of Alzheimer's". The speaker for this topic will be Tina Hahn, LMSW-ACP of Sherman. Following this program, there will be a panel of local nursing home representatives who will be available to tell about special services for Alzheimer's patients.

The program will begin at 6:30 p.m. in the Culwell Conference Center at the Gainesville Memorial Hospital. This program series is being co-sponsored by the Soroptimist Time Out Advisory Committee, Cooke County Extension Service, Gainesville Memorial Hospital, the Area Agency on Aging of Texoma and the Alzheimer's Association. It is free and open to anyone wishing to know more about the effects of this disease, which 4 million Americans have been diagnosed with.

In keeping with National Alzheimer's Disease Month, here are some additional facts about the disease:

- \* Fourteen million people will have the disease by the middle of the next century unless a cure of prevention is found.
- \* People with Alzheimer's disease live an average of 8 years, and as many as 20 years or more, after the onset of symptoms.
- \* Alzheimer's disease costs U.S. society more than \$100 billion per year in healthcare and related costs.
- \* Neither Medicare nor private health insurance cover the long term care most people with Alzheimer's disease need.
- \* More than seven of 10 people with Alzheimer's disease live at home and are cared for by family and friends.

\* One out of every 10 persons over age 65 has Alzheimer's disease. Nearly half of people over age 85 have Alzheimer's disease.

\* As many as 10 percent of those with Alzheimer's disease get it before age 65, and there are documented cases of Alzheimer's in their 30s and 40s so severe that it interferes with a person's ability to act independently. Alzheimer's disease is the most common cause of dementia.

\* There are more than 60 conditions that cause dementia; Alzheimer's disease is the most common. While there is no cure or prevention for Alzheimer's, some of the other conditions are treatable and even reversible. That's why early diagnosis is so very important.

\* Alzheimer's disease symptoms include: gradual memory loss, decline in the ability to perform familiar tasks, disorientation, and loss of language skills.

\* Currently, Alzheimer's disease is diagnosed by excluding all other possible causes of the symptoms. There is no single test for the disease. Clinical diagnosis is thought to be about 80 to 90 percent accurate.

\* Caring for a person with Alzheimer's disease can be a difficult and stressful task. Caregivers often themselves experience symptoms of physical and mental illness.

\* At some point, a person with Alzheimer's disease will need 24-hour care, including assistance with daily activities such as eating, dressing, grooming, bathing and using the bathroom.

\* If scientists can delay the onset of Alzheimer's disease by just five years, we can cut in half the number of people who get the disease, and save this country billions of dollars in healthcare costs.

For more information or if you have questions, please call Evelyn Yeatts, County Extension Agent, at 668-5412 or Renee Gregory, Gainesville Memorial Hospital, at 612-8109.

## Red River Chapter, TWU Alumnae schedules meeting

The Red River Chapter, Texas Woman's University Alumnae, will meet on Tuesday, November 9, at 7 a.m. at Gainesville Florist and balloons, 205 North Grand.

Owner Cricket Guiling will show participants how to make lovely Thanksgiving centerpiece, how to make pretty bows and creative Christmas wrapping, and answer questions.

Cricket, a native of Woodbine in Cooke County, graduated from Callisburg High School. In the past four years, she has taught other floral designers from Texas, Oklahoma and Louisiana at Marlow Floral in Oklahoma. She is just closing

her mum show for them, having designed 260-270 permanent, wearable mums like Gainesville High's homecoming mums and leopards.

Cricket has worked with gifts and balloons for the past 10 years, and recently has also become a full-line florist. She and Buddy live in Lindsay with Jennifer, 18; Jacob, 12; and Matthew, 10.

Members of the TWU Alumnae's Red River Chapter are reminded that annual dues (\$5) may still be paid to Chapter Treasurer Shirley Weems, either at the meeting or mailed to her at 106 W. First Street, Lindsay, TX 76250.

## Tiger Cubs hold October meeting

The Tiger Cubs held their October meeting at the Fire and Police Station. The Tiger Cubs and their partners enjoyed the presentation given by Fire Chief Herbie Knabe and Ben Bindel. Each had an opportunity to try on the firefighters gear and spray water with a fire hose.

Greg Taylor of the Muenster Police Department gave a tour of the jail and showed the Cubs how handcuffs are used. He also fingerprinted each boy and

the card was given to them in case it is needed in an emergency.

Each member had memorized their Tiger Cub Motto and Pledge and therefore given their Tiger Cub totem by Coach Jan Nielsen. Members include Zachary Pierce, Phillip Vogel, Derek Pagel, Spencer Nielsen, Will Taylor, Joshua Voth, Zachary Gunnels, Aaron Grewing, Tanner Silmon, and Jason Luke.

## News of the Sick

Leonard (Spike) Yosten is a patient at Harris Methodist hospital, 1301 Pennsylvania Ave., Jones Tower, Room 362, Fort Worth, TX 76104. Get-ell cards will reach him there.

## In the Service

Army Pvt. William R. Haley as arrived at Fort Knox, Kentucky, to complete basic combat training.

During the eight weeks of training, the soldier will receive instruction in drill and ceremonies, weapons, map reading, tactics, military courtesy, military justice, physical fitness, first aid, and army history and tradition.

Haley is the son of Teena A. Ummins and Bill Haley, both of Gainesville.

# VETERANS' DAY

The City of Gainesville is sponsoring a Veterans Day Celebration at the Cooke County Veterans War Memorial at Leonard Park on Thursday, November 11, 1999, at 5:30 P.M. The public is invited to attend. The program will feature the Texas A&M Singing Cadets, a fireworks display, fly-over by the Confederate Air Force, U.S. Marine Corps Color Guard and Fire Team and patriotic music. The Gainesville VFW Post #1922 will host a barbecue dinner after the celebration in the Leonard Park Pavilion.

# Enjoy Good Health

NOVEMBER IS NATIONAL  
DIABETES MONTH

Diabetes affects almost 16 million Americans. Seventeen thousand people are diagnosed with the disease every day. In addition, a third of those affected by the disease do not yet know they have it.

How much do you already know about diabetes?

- Glucose is the form of sugar your body uses for energy. In diabetes, your body cannot use glucose properly.  
 Yes  No
- People with Type 2 diabetes are often more than 40 years of age and overweight.  
 Yes  No
- People with diabetes do not usually develop problems with blood circulation.  
 Yes  No
- Diabetes is the leading cause of new blindness in adults, so it's important to get regular eye exams.  
 Yes  No
- Smoking has no effect on diabetes.  
 Yes  No
- By testing your blood glucose at home, and keeping the levels under control, you can prevent many complications.  
 Yes  No
- People with diabetes don't need to pay particular attention to their skin and gums.  
 Yes  No
- People with diabetes have up to 4 times greater risk of developing heart disease than those without diabetes.  
 Yes  No
- Extreme thirst, frequent urination, fatigue, and blurred vision are possible signs of high blood sugar.  
 Yes  No
- People who have diabetes should not exercise.  
 Yes  No
- The purpose of diabetes medication is to lower blood glucose and/or help your cells use glucose more efficiently.  
 Yes  No
- People with diabetes never have to worry about low blood sugar.  
 Yes  No

- True. Your cells use glucose for energy. In untreated diabetes, your cells cannot use glucose properly, so it builds up in your body.
- True. Between 80% to 90% of people with Type 2 diabetes are overweight. It usually develops after age 40, and rises sharply after age 55.
- False. Diabetes causes changes to blood vessels and nerves in the lower limbs, which can reduce blood supply and lead to complications with the feet and legs. Be sure to check your feet for problems daily.
- True. Diabetes is the main cause of new blindness in adults. People with diabetes are at higher risk for diabetic retinopathy, as well as glaucoma, cataracts, and macular problems. Have your eyes checked every year by an ophthalmologist.
- False. Smoking greatly increases your risk for heart disease, one of the major complications of diabetes. Smoking reduces blood flow and raises blood pressure which can speed up complications in the eyes and kidneys. People with diabetes already have blood flow problems, so smoking means a double strike against their body.
- True. Testing blood glucose at home can help you control it to stay healthy and prevent complications.
- False. People with diabetes need to take special care of their skin and gums. Watch for cuts that don't heal or other unusual changes in your skin. Brush after every meal, floss daily, and have regular dental checkups.
- True. People with diabetes have 2 to 4 times the risk of developing heart disease as those without diabetes. Stroke and coronary heart disease are two of the most common complications of diabetes.
- True. These are signs that your blood sugar is dangerously high. You need to drink more water, check your blood glucose levels, and call your healthcare provider. You may also have high blood sugar with no symptoms at all.
- False. Exercising regularly helps control blood glucose levels, in addition to its many other health benefits.
- True. Insulin is a hormone your body needs to use glucose. Oral medications are not insulin. They work to lower your blood sugar or help your cells use glucose more efficiently.
- False. If you take insulin or certain oral diabetes medications, you might dangerously lower your blood sugar by missing meals, or having too much medication or exercise. Anyone taking diabetes medications should check with their doctor to find out if they are at risk. If you do not take medications for your diabetes, you are not at risk for low blood sugar.

## GMH, Rotary to sponsor blood drive

The Texoma Regional Blood Center mobile unit will be conducting a blood drive at Gainesville Memorial Hospital on Wednesday, November 10, from 7 a.m. to 5 p.m. GMH and the Gainesville Rotary Club are drive sponsors.

A mobile unit team will be set up for blood donations in the Gerald Culwell Conference Center at GMH. The public is invited to participate.

The Texoma Regional Blood Center serves the comprehensive blood needs of the citizens of Cooke, Grayson, Fannin and northern Collin counties. Founded in 1975, its sole purpose is to provide the quantity and quality of blood

and blood components needed in this region.

The Texoma Regional Blood Center affords citizens the opportunity to participate in a community blood program that benefits not only themselves, but every person in the region.

A complete list of donor selection criteria is available from the Texoma Regional Blood Center, but the basic requirement is simply general good health.

For more information on the blood drive, contact Gayla Blanton, Director of Community Relations at GMH, 940-612-4641, or any Gainesville Rotary Club member.

## Two Lindsay societies announce future activities

The Secular Franciscan fraternity of Lindsay and the St. Peter's Society of Lindsay are jointly sponsoring a benefit on Sunday, November 14 after the 10:00 a.m. Mass.

The St. Peter's Society is hosting the dinner of brisket, potato salad, beans, trimmings and desserts.

sponsoring the bake sale, bingo and raffle of 30 beautiful items including a queen-size embroidered quilt made by members and quilted with assistance of other friends.

Both events will be held in the Lindsay Centennial Hall. Everyone is invited to attend and enjoy an afternoon of fellowship.

## Colton is two

Colton Morris, son of Randall and Alethea Morris celebrated his second birthday with three different parties. He first celebrated his birthday with friends and caregiver on his birthday, October 13. Friends and caregiver include Felicia, Taylor, Kendall, and Peyton Reiter, Taylor and Garrett Miller, Tyler and Trey Anderle, Darryll Hermes, and Benjamin Haverkamp. They all shared in cupcakes and goody bags.

On the night of his birthday he celebrated at Burger King. He celebrated with parents, aunts and uncles, Randy and Darlene Williams, and Jerry and Rhonda Brawner. Cousins include Brianna Bayer, Dalton Williams, Jacob, Stacey and Kelsey Brawner.

The weekend following Colton's birthday, a celebration in Texarkana with Colton's paternal grandparents, Melvin and Linda Morris was held.

Colton Morris

The party was themed "Farm Animals." Uncle and Aunt David and Lisa Morris, cousins Cody and Kacy Morris, and brother Wade Morris, shared in the fun.

## Smoke Out is November 18

On November 18, the American Cancer Society's (ACS) 23rd Great American SmokeOut will help millions of smokers kick the habit, and help youth understand the importance of never starting to smoke.

The Great American SmokeOut promotion is the American Cancer Society's annual, nationally recognized day when it asks smokers to put down their cigarettes, cigars, spit tobacco, or any tobacco product because they all have the potential to cause cancer. Because approximately 32 million smokers (out of 47 million current smokers) want to quit smoking completely, ACS will continue to offer support and education to the public. The promise of an addiction-free life has encouraged many smokers to join in and prove to themselves that they can live a day without cigarettes, and that they can therefore live the rest

of their lives without them.

SmokeOut events can be held in malls, schools, businesses, restaurants, military bases, hospitals, and colleges across the entire country. If you're a smoker, decide that on November 18 you will put your cigarettes down for good.

To find out about Great American SmokeOut events in your area, or to learn more about hosting an event, contact the American Cancer Society at 817-737-9990 or 1-800-ACS-2345.

## CORRECTION

The Sacred Heart High School Choir, under direction of Pam Fette, will present a "Tribute to Veterans" at the VFW Hall in Muenster on Monday, November 8 at 8:00 p.m. Everyone is welcome. The date was incorrectly stated in a story in last week's Muenster Enterprise.

## St. William's Parish invites friends to join them on November 7

Members of St. William's Church are holding an enchilada dinner on Sunday, November 7 in St. William's Hall in Montague from 11:00 a.m. to 2:00 p.m. The dinner includes chicken enchiladas, Mexican rice, beans, salad,

chips and salsa, with Mexican cookies for dessert. At the door, adult tickets are \$5.50 and child's tickets are \$3.00. Advance tickets are 50¢ each less. The event is sponsored by the Hispanic Community.

Muenster High students competing in an Academic Meet at Dunbar were, from left, back - Chris Jackson, Brett Howell, Paul Fleitman, Chris York, Grant Hartman, Amanda Felderhoff, Doug Knabe; front - Bronya Vogel, Karen Cler, Chris McLaughlin, Brady Howell, Pamela Lutkenhaus. Photo by Janie Hartman

## Muenster High School students compete in academic meet

Students from Muenster High spent Saturday, October 30 at Dunbar High School in Fort Worth. They were involved in academic competition in Mathematics, Science, Calculator Applications, Number Sense, and Computer Science.

In the Number Sense competition, Doug Knabe finished fourth, Chris Jackson finished fifth, and Bronya Vogel placed ninth in the advanced category. This category consisted of students from all divisions, Class A through 5A, who had competed at the regional level last year. Brett Howell finished second in the junior category. Paul Fleitman was entered in the sophomore category and Brady Howell was entered in the freshman category.

In Calculator Applications, Karen Cler placed 16th in the advanced category, and Amanda

Felderhoff placed 12th at the freshman level.

In Mathematics, Karen Cler competed in the advanced category, Bronya Vogel placed 14th in the intermediate category, and Amanda Felderhoff was entered in the beginner category. The level of math courses students had taken determined these categories.

In Science, Karen Cler entered the advanced category, and Amanda Felderhoff participated in the beginner division.

In Computer Science, over 120 students were entered in the written portion of the contest. Doug Knabe tied for second place with a near perfect score, missing only two questions. Chris Jackson was close behind, tying for seventh place in the tough competition. Brett Howell placed 25th Pamela Lutkenhaus

was 33rd Grant Hartman 35th, and Chris York placed 39th. Other students competing were Chris McLaughlin, Paul Fleitman, and Brady Howell.

Muenster High fielded two teams in the programming session of the Computer Science Contest. The advanced team consisted of Doug Knabe, Chris Jackson, Grant Hartman, and Brett Howell. They placed fifth behind Houston Cypress Falls, two teams from Dallas Science and Engineering Magnet Schools, and Cedar Hill.

Muenster's beginning programming team members were Paul Fleitman, Pamela Lutkenhaus, Chris York, Brady Howell, and Chris McLaughlin. They received the first place trophy for their programming efforts, receiving more points than eleven other teams from schools classified as 2A through 5A.

## School Lunch Menus

### WEEK OF NOV. 8-12 LINDSAY ISD

Mon. - Sloppy Joes, white rice, carrot and celery sticks, french fries, pineapple.

Tues. - Pizza, corn, lettuce salad, peaches, bread.

Wed. - Chicken nuggets, mashed potatoes, English peas, ears, bread.

Thurs. - Hamburger w/trimmings, French fries, heese slice, ice cream.

Fri. - Fish, macaroni and heese, cole slaw, black-eyed peas, peaches, bread.

### SACRED HEART S.N.A.P. MENUS

Mon. - Tomato soup, toasted heese sandwiches, celery, apples.

Tues. - Mexican casserole, ranch style beans, salad, fruit, bread.

Wed. - Chicken nuggets, potatoes, gravy, corn, fruit, bread.

Thurs. - Turkey, dressing, gravy, peas, cranberry sauce.

Fri. - Cheeseburgers w/trimmings, French fries, ice cream.

### MUESTER ISD

Mon. - Tacos, shredded cheese and lettuce, diced tomatoes, fruit, pinto beans, Spanish rice, blueberry muffin square.

Tues. - Spaghetti w/meat sauce, lettuce salad w/dressing, green beans, fruit, hot rolls, cake.

Wed. - Chicken nuggets, creamed potatoes w/gravy, corn, hot rolls, fruit.

Thurs. - Chicken patty on a bun, French fries, pork and beans, fruit, lettuce and

tomatoes, animal cookies.

Fri. - Hamburgers, lettuce, tomatoes, pickles and onions, cheese slices, potato wedges, fruit, ice cream.

### ERA ISD

Mon. - Burritos w/cheese sauce, pinto beans, tossed salad, applesauce, corn bread.

Tues. - Chicken nuggets or steak fingers, mashed potatoes, gravy, fruit cocktail, tossed salad, hot roll.

Wed. - Crispy tacos, shredded cheese, trimmings, green beans, sugar cookie.

Thurs. - Vegetable beef soup, grilled cheese sandwich, tossed salad, peaches, crackers, Missouri cookie.

Fri. - Corn dogs, curly fries, pickle spears, ice cream.

## Local retired school personnel attend district training

by Charles Edwards  
Nine members of the Montague County Retired School Personnel attended a leadership training session and District IX meeting at Wichita Falls, Monday, October 11. The meeting was held in the Regional IX Educational Service Center.

Attending were: Raymond Clement, local 2nd vice-president and Public Relations committee chairperson; Phyllis Matlock, treasurer; Melvin Fenoglio, local legislative chairman; Lee Shaw, historian;

Bonnie Scroggins, District Retirement Education chairperson; Lou Geer, District Informative and Protective Services committee chairperson; Charles Edwards, local 1st vice-president, Membership chairperson, District Nomination committee member; Deloris Clement, Retirement Education member; and J.R. Matlock, Building Fund member.

Dr. Myron Koehler, TRTA 1st vice-president greeted the group from the State office.

parking garage in Austin for TRTA.

After a catered meal, District Committee chairpersons conducted training for all local committee members present. Sandy Williams, district president, conducted the business session which included re-election of District officers for the 2000-2001 year.

Deceased local members remembered in the memorial tribute were: Mary L. Garlington, Cleta Fryar, Ruth Keck, Weldon Cowan, and Mary Tompkins.

## Paw Prints

### School picture day by Jessica Koessler

Only two times a year do kids wake up on time, shower, fix their hair perfectly, and dress in crisply ironed clothes. One is the first day of school, the other is school picture day. The way one looks on that day, determines how others will remember that person for years to come. Everything must be perfect, every hair in place, very skirt pleated. Everyone wants to appear their best.

Sacred Heart recently had their school pictures taken. They began in the morning, with the senior portraits and group picture. The rest of the day followed, continuing on through out the rest of the morning. Then, in the

afternoon, began the hard part - sports pictures. The journalism class, in charge of all the activities through out the day, had to round everyone up for football pictures, cross country pictures, cheerleading pictures, etc., etc., etc. Everything had to be photographed. Last was dance team pictures, which ended up the hard day's work. Finally done, everyone collapsed.

Everyone get so excited before this important day. But all that excitement ends when the pictures finally arrive. That's when everyone sees the pictures, and hates the way they look. And then it's time for - oh no! - school picture RETAKE day.

## Tigers fall in district final

A trip to Carrollton last Friday ended in another defeat for the Tigers of Sacred Heart. Lakehill Prep was able to get a 1-8 win in the Tigers district final.

"They were like we expected, sick and big on the offensive and defensive lines," noted Sacred Heart Coach Kris Hogan. "Overall, our defense played good, except for one or two breakdowns that cost us. Offensively we couldn't stay on our blocks to move the ball effectively. A few drives we moved the ball, then fumbled it away or made a costly mistake."

The Tiger defense held Lakehill's first offensive drive, ending it with a punt. From their 27, the Tigers steadily moved down field with three good runs by Matthew Nasche or 41 yards. Charlie Moster gained another 7, but came up short on 4th and one. The next play, the Warriors fumbled. Travis Fuhrmann covered for Sacred Heart on the 20 yard line. So close, but yet too far, Sacred Heart gained no ground in four plays and Lakehill took the ball.

halted once more at the 20 yard line.

The next play Michael Voth intercepted a pass putting the Tigers on the Warrior 25. No yardage was gained and on 4th and 20, the Tigers punted.

The next play, Zack Scruggs ran 79 yards for a Lakehill touchdown. With 5:21 on the clock, the Warriors took a 6-0 lead.

Walterscheid then returned the kick to the 30 yard line. Three plays later a fumbled ball set up the next touchdown. On fourth and 7, Scruggs found the end zone from the 34 yard line, then added the extra points for a 14-0 Lakehill lead with 2:10 remaining in the first half.

The Tiger fans were on their feet when Charlie Moster returned the kick 92 yards to get the Tigers on the score board. A Nasche to Felderhoff pass made the score 14-8 with 1:46 on the clock.

The Warrior offense used up most of the remaining time to the half-time break.

Sacred Heart took the 3rd quarter kick but lost the ball after 3 plays with a fumble. Six

holding flag forced a punt on 4th and 9.

Starting down on their 8 yard line, Lakehill moved to midfield before tackles by Fuhrmann, Felderhoff, and Walterscheid made the Warriors punt.

It was three runs and punt for the Tigers, but four plays later, Josh Walterscheid caused a fumble which Stephen Hofbauer covered. The Tiger drive ended after 4 plays when Lakehill intercepted a pass. The Warriors then let the game clock tick down to all zeroes.

"I was proud of the overall effort of the team," Coach Hogan said. "We'll have a good week at practice and do the best against All Saints."

**Individual Stats:**

Tiger Quarterback Matthew Nasche (10) gains important yardage behind blocking by his center John Knabe with help from Tiger guards Stephen Hofbauer (66) and Travis Fuhrmann (56).  
Dave Fette Photo

Adam Klement and Keith Felderhoff assisted in holding the Warrior offense, forcing a punt after five plays.

The Tigers carried the ball into the second quarter and ended. Moster and Fuhrmann played the Warriors, then John Yosten picked off a pass to give Sacred Heart possession on their 35 yard line. Josh Walterscheid ran for 8 and Mike Endres 6 to midfield. Nasche carried the ball into Warrior territory, then from the 40, Moster picked up the 14. Nasche then got the Tigers inside the 20 before Sacred Heart's offense was

plays later, the Warriors scored on a 5 yard run by Scruggs for a 20-8 score.

A fumbled ball on the first play from scrimmage gave Lakehill possession on the Tiger 24. The defense held and Sacred Heart regained control on their 20 yard line. Moster ran for 11 yards, then picked up 25 to the Warrior 44. Then the offense did a reverse. A flag backed the ball 10 yards. After 3 negative runs, the Tigers punted on 4th and 26.

Lakehill carried the ball into the final quarter, getting to midfield, then punting. Nasche ran for 17, 6, and 5 yards, but a

**Next Action - All Saints**  
The Tigers will travel to Fort Worth this Friday for a non-conference game with the Fort Worth All Saints Episcopal Saints. All Saints belongs to TAPPS, but plays independently, not belonging to a district.

"They are not as talented as last year, but they are going to be fast," said Coach Hogan. "The key to winning is to sustain long drives and keep our defense off the field."

Action begins at 7:30 p.m.  
**Directions to the Game**  
From I-35W, go south to Fort Worth to Interstate 30. Go west on I-30, past Camp Bowie Blvd. to Las Vegas Trail. Exit and go north on Las Vegas, past Western Hills to Tumbleweed Trail. Turn right on Tumbleweed to All Saints Episcopal campus.

## Hornets trying for district title

With Muenster's 52-24 victory over Savoy last Friday night, the Hornets edged a little closer to a district title.

Too many mistakes and with a little help from the officials, Savoy quickly had a 16-0 lead. When the Hornets caught up, another mistake gave the Cardinals a half-time lead. It wasn't until the second half that the Hornets found the end zone with more ease and kept the Cardinals scoreless for those two quarters, to dominate the score board.

"It was an ugly win, but still a win," commented Hornet Coach Gordon Martin. "That's what we went over there to do, to win."

The Cardinals were held to 2 yards the first offensive attempt of the game, punting the ball to Muenster's 25. Runs by Darren Hennigan, Casey Walterscheid, and Bryan Miller took the Hornets to the Savoy 35, but a flag, an incomplete pass, and two runs for minus 11 yards forced a Muenster punt.

Again the Hornet defense held Savoy, punting on 4th and 10. On the return, the ball bounced from Mitch Endres to Cardinal Don Ferguson, who ran the ball in for a touchdown. The extra points pass gave Savoy an 8-0 lead with 3:55 on the clock.

Muenster's next attempted drive ended short when the Cardinals covered a fumble on the Hornet 20 yard line.

The first play of the 2nd quarter saw Dusty Burkhalter's pass to Jeremy Reynolds count for a touchdown. The extra points pass put the Cardinals on top 16-0.

Muenster fought right back. Endres ran for 25 yards, then 4 to the Savoy 26. With 10:43 on the clock, Bryan Miller scored. The PAT failed, and the Hornets trailed 6-16.

A sack by Blake Garrison assisted in the Cardinals punt on 4th and 13. From their 44, runs by Miller, and Endres moved Muenster to the 7 yard line in six plays. Mitch Endres then found the end zone for 6 points. The PAT run failed for a 12-16 score with 6:12 remaining in the first half.

The Cardinals went to the air, completing two passes for 27 yards before Josh Luke covered a fumble on the Muenster 23.

Miller quickly ran for 11, Luke 18 and Endres 6 to midfield. Luke then gained another 10. Miller and Endres then mixed runs, with Miller scoring on an 11 yarder. With 2:21 on the clock, Nick Silmon's kick gave the Hornets a 19-16 lead.

It was three plays and punt for Savoy, then two plays later, an intercepted pass gave the ball back to the Cardinals. Blake Garrison got another quarterback sack and forced a punt. The ball rolled to the Hornet 7 yard line. The next play, a fumbled pitch back was picked up by Jeremy Reynolds for a Savoy touchdown. The extra run returned the lead to

Savoy. With 18 seconds till half-time, the Cardinals had a 24-19 lead.

The Hornets took the 3rd quarter kick, moving 90 yards in six runs by Miller, Endres, and Luke, the final a 45 yard run by Luke, was good for 6 points. Silmon's kick gave the Hornets a 26-24 lead three minutes into the quarter.

It was 3 plays and punt for Savoy, putting Muenster on their 46 yard line. Five runs shared by Luke and Miller put the Hornets on the one yard line. A quarterback keeper by Endres put Muenster ahead 32-24 with 4:56 on the clock.

Savoy got in 8 plays before turning the ball over after an incomplete pass on 4th and 8. The next play, Muenster fumbled, then the Hornets regained control when Josh Luke intercepted a Cardinal pass and ran 66 yards for a touchdown. With 2:22 remaining in the 3rd quarter, the Hornets led 38-24.

The Cardinals carried the ball into the final period before running out of downs. Muenster fumbled the ball back to the Cardinals and gave them ten more plays before stopping their drive on the 19 yard line. Hennigan then picked up 13, followed by a 68 yard touchdown run by Mitch Endres. Silmon added the extra boot to give Muenster a 45-24 lead with 6:55 remaining in the game.

The Cardinals tried to fly, going airborne, completing five of seven passes for only 14 yards, then punting on 4th and 15. Miller returned the punt 56 yards to set up the Hornets final score.

From the 19, Miller picked up 18, then scored from the one. Silmon's kick made the score 52-24 with 2 minutes still on the clock. The Cardinals

passed the ball until time ran out.

Named outstanding on offense by the Hornet coaches were Josh Luke, Bryan Miller, and Mitch Endres. John Flusche, Darren Hennigan, Blake Garrison, and Angel Hernandez were credited with outstanding defense.

**Next Action - Era**  
Muenster will host Era this Friday in the annual Battle of the Hornets. Era has one district loss to Valley View, while Muenster remains undefeated in conference play.

"This game will be determined on if we execute for four quarters and play mistake-free," said Coach Martin.

Muenster must beat Era or not lose by more than 2 points to make the play-offs. If Era wins by 3 points or more, the district would have a three-way tie between Muenster, Era, and Valley View, with Era and Valley View advancing due to the point-tie-breaker system. If Muenster wins, they will be district champs.

Hornet Josh Luke is out for the season with a shattered right elbow, which was repaired surgically Saturday.

Game time is 7:30. It will be Parents Night with pre-game activities.

# Stingers pound Peepers

The Muenster Stingers got a big win over the young Savoy Cardinals Thursday night, winning 30-6.

The Stinger defense held the Peepers in their first possession, with tackles by Kyle Endres, Justin Wolf, Kirk Hartman, Justin Barnhill, Clint Miller, Jared Ledbetter, Jared Britain, Cameron Walterscheid, giving Muenster the ball on the 50 yard line.

Runs by Miller, Endres, and Britain, and a pass to Ledbetter moved the Stingers into the second quarter and to the Savoy 25 yard line. A quarterback keeper by Endres took Muenster to the 11, then two Britain runs moved to the six, but two plays later, Savoy took over on downs on the 5 yard line.

Again Muenster's defense prevailed when Cameron Walterscheid caused a fumble, and Chase Cain covered inches from the goal line. The next play Jared Britain scored. Kyle Endres ran in the extra points for an 8-0 score with 2:26 on the clock.

An on-side kick gave the Peepers the ball on their 40 yard line. The Stinger defense led by Ledbetter, Hartman, Wolf, Endres, Cain, Adam Vinson, and Daniel Russell held Savoy at the Muenster 47. With 24 seconds on the clock, Endres had a good run, but a flag brought the play back. With 11.9 seconds, Jared Britain caught a pass from Endres, broke several tackles and entered the end zone as the buzzer sounded, but another flag brought the play back for one more play. An incomplete pass ended the first half.

Kyle Endres returned the 3rd quarter kick to the 47 yard line, but a flag backed it up to the Hornet 33. Two plays later Britain ran into the end zone. Britain ran in the extra points for a Muenster 16-0 lead with 6:56 on the clock.

Big defensive plays by Walterscheid, Ledbetter, a motion flag and an incomplete pass forced a Peepier punt, which was fumbled and the Stingers took over on their 33. Two plays later, Sean Fuhrmann scored on a 30 yard run. Britain ran in the extra points for a 24-0 score with 4:11 remaining in the 3rd quarter.

Walterscheid's kick rolled out of bounds at the Savoy 32. The next play the Peepers crept across the goal line for

6 points. The PAT failed for a 24-6 score.

John Fredrick got a good return to the Muenster 44 to set up the Stingers next drive. Fuhrmann gained 8, then Britain a first down. Endres carried the ball to the 25, then an Endres pass to Ledbetter was good for a touchdown. The PAT failed for a 30-6 score with 1:15 on the clock.

Walterscheid's kick was fumbled on the return, with Dustin Felderhoff covering on the Stinger 34 yard line. Muenster carried the ball into the fourth quarter, but a holding flag kept the Stingers from getting a first down.

Defensive plays by Miller,

Ledbetter, and Fuhrmann forced a punt on 4th and 15. A fumbled snap turned into a run, but Ledbetter made the stop and Muenster's offense took over. Several plays later, the Stingers fumbled, but a quarterback sack by Wolf and Cain was followed by an interception by Fredrick, with a 25 yard return to midfield. Two runs by Fuhrmann gained 6, then Miller, after dodging several tackles, found the end zone, but a flag put the Stingers in a 4th and 8 situation. Muenster came up short and Savoy took over.

Tackles by Cain, Aaron Walterscheid, and Endres kept the Peepers under control as time ticked off the clock.

# Sacred Heart gets first season loss

Two long runs by Lakehill and a couple of crucial turnovers Friday evening were too much for the Sacred Heart Cubs, as they were handed their first loss of the season, 14-6.

The Cubs held the young Warriors to 9 yards their first possession, then taking over on the Cub 46, Sacred Heart steadily moved down field. Three runs by Chris Hoedebeck quickly moved the ball to the 20. Kevin Walterscheid took the Cubs to the 15. Four more runs by Hoedebeck had the Cubs sitting on the 2 yard line, but a fumbled ball gave the ball to the Warriors on the 4 yard line. The next play, Lakehill scored on a 96 yard run. The extra points run gave Lakehill an 8-0 lead with 46.3 seconds remaining in the first quarter.

Unable to gain any ground, the Cubs punted away their second possession. Lakehill punted back six plays later.

From the Warrior 45, runs

by Hoedebeck, Paul Bartush, and Walterscheid moved the Cubs to the 5 yard line. Bartush then scored on a quarterback keeper. A fumble on the extra point attempt made a 8-6 score with 19 seconds on the clock.

Lakehill made one run, then threw an interception, by Andy Davis, to end the first half.

A fumbled snap after gaining only two yards quickly ended Sacred Heart's first offensive attempt in the second half of the game.

Four plays later, Clayton Truebenbach picked off a Warrior pass, stopping a Lakehill scoring threat.

The Cub offense struggled and punted. The ball touched Warrior and Kevi Walterscheid recovered a midfield, but again the Cub failed to get 10 yards an punt as the final perio began. Lakehill then got the 2nd big run, a 59 yard touchdown play that gave them a 14-6 lead with 6:5 remaining in the game.

The Cubs attempted an attack, and were intercepted. They then held Lakehill to regain control, but incomplete passes allowed the Warrior offense to play out of the remaining minutes of the game.

## Thank You

To all who kept us in their prayers, for expressions of concern, for visits, flowers, gifts, get well wishes and cards during Sis' stay in the hospital.

Special thanks to Dr. Currier and the staff of Muenster Memorial Hospital for their professional and considerate care.

Your kindnesses are appreciated.

## CCYC Football

### WFW 8, Sign-A-Rama 6

Last Saturday, WFW scored first on a safety caused by a tough defense. The 2-0 score remained until the final quarter when the Signs took a 6-2 lead. A Jordan Walterscheid touchdown run with one minute on the game clock gave WFW the win. Coaches noted that the defense again played a great game and a lot of improvement was seen in the offense's capabilities. WFW is now 3-4 for the season. They are coached by Jim Endres, Terry Walterscheid, and Bob Endres.

# Knights tame Nocona

After being defeated the first three district games, the Knights got their first conference win last Friday in Nocona with a 38-20 victory over the Indians.

"It was the best we've played this year, so far as being aggressive and attacking," noted Lindsay Coach Charlie Meurer. "We played the whole football game. I'm glad to see them play like they are capable (of playing)."

The Knight offense was the first on the field, beginning on their 43 yard line. Nine runs by Daniel Hellinger, Adrian Anderle, Adam Anderle, and Tommy Arendt took Lindsay to the 12 yard line. On 4th and 6, the Knights got into 2nd, and Nocona took over on their 10.

An incomplete pass, a quarterback sack by Cody Secrest, and a no gain run thanks to Blake Crutsinger, forced an Indian punt on 4th and 5.

Starting on the 30, runs by Nicholas Fuhrmann and Adam Anderle, along with a 5 yard penalty, moved the ball to the 19 yard line. Adrian picked up 16, then carried the ball into the end zone for 6 points. The extra kick failed for a 6-0 score with 3:54 remaining in the first period.

Again it was three runs and punt for Nocona. A quarterback sack by Crutsinger set the Indians back 7 yards. The Knights next drive began on their 11 yard line. On 3rd down, a fumbled ball was covered by Nocona on the 22.

As the 2nd period began, the Knight defense, led by Arendt breaking up a pass and another Crutsinger sack, returned the ball to Lindsay. Unable to get the needed yards, the Knights punted.

Again Lindsay's defense kept the Indians from attacking. Tackles by Crutsinger, Arendt and Brad Minnix held Nocona near midfield.

The Anderle boys each gained 7, then a flag added 5, with Adrian getting another 9 to the 19 yard line. The Knights went in reverse, but a pass interference call on 4th and 16 gave Lindsay a 1st down on the 10. A clipping flag backed the ball to the 21. A good run by Travis Alfrey turned into a turnover with Nocona covering on the 6 yard line.

Again the Knights, led by Secrest and Adrian Anderle,

held the Indian offense. After a short punt and a 15 yard penalty, the Knights were sitting on the Nocona 47.

Two Fuhrmann to Jonathan Bengfort passes picked up 40 yards. Anderle moved the line to the 8, but two incomplete passes left the Knights with a 4th and 7. A 24 yard field goal by Brad Minnix with .4 second on the clock gave Lindsay a 9-0 half-time lead.

Secrest, Hellinger, and Anderle stopped Nocona's first drive of the third quarter. After a punt, the Knights, from the Indian 47, had Adrian Anderle run seven plays, the last a ten yard touchdown run. Minnix added the boot for a 16-0 lead with 7:42 remaining on the clock.

Three runs, for a minus 5, from tackles by Adam Anderle, Crutsinger, and Randy Sikes, forced a punt - a short 19 yard kick put the Knights on the Nocona 30. Two plays later Adrian Anderle scored on a 28 yard run. The extra pass from Trent Endres to Bengfort was good and with 4:45 remaining in the 3rd quarter, the Knights had a 24-0 lead.

After a good return, the Indians took five plays to get 37 yards. The final, a 10 yard pass play from Brett Hewitt to Chris Gonzales put Nocona on the scoreboard. With 2:29 on the clock, the Knights still had a 24-6 lead.

Lindsay gained only 3 yards and punted, but two plays later, Adrian Anderle intercepted a ball to begin the final quarter. From 3 yards out, Adam Anderle scored. The extra kick gave the Knights a 31-6 lead, only 18 seconds into the period.

Nocona's next drive began on their own 19 yard line after a 10 yard penalty set them back. But a big run quickly took them to the 50, then a pass gained another 16. Keeping to the air, Nocona then scored on a 34 yard pass play from Hewitt to Cody Brewer. An extra point penalty kept the score at 31-12 with 10 minutes still left in the game.

From midfield, the Knights took only six runs to find pay dirt. Adrian Anderle made a good run to the 17 yard. Brandon Ferguson gained 8, and Adam Anderle 6 to the three yard line. Two runs by Adrian iced the drive into the end zone. Minnix booted the

extra point to extend the Knight lead to 38-12 with 7:10 on the game clock.

After quarterback sacks by Crutsinger and Sikes and an incomplete pass, Nocona punted, putting the Knights on their 26 yard line. A fumbled play and two off-side flags backed the Knights to the 16. On 4th and 22, Lindsay punted. The short kick gave Nocona possession on the 37.

Mixing two runs with one complete pass, out of 6 throws, Nocona scored on a 2 yard run by Trent Skinner. The extra run closed the score to 38-20 with just over two minutes remaining in the game.

Lindsay's offense ate away at the clock, controlling the ball until time ticked away.

The Knight defense held Nocona's quarterback to a minus 23 yards in 6 attempted carries and allowed only 7 completions of 24 throws, intercepting twice.

**Individual Stats:**

**Next Action - Callisburg**  
The Knights will conclude their 1999 football season this Friday night when they host the 1-7 Callisburg Wildcats.

"Callisburg has individuals that are good players," said Coach Meurer. "We can't mess around. We have to get out there and play. I'd love to end the season with a positive game."

The Knights will again be without Ryan Tabbert and Marcus Dennis.  
Game time is 7:30 p.m.

## Contest goes into final week of regular play

The contest gets easier as the weeks go by, with contestants improving their season percentages as the season winds down.

Everyone picked Muenster, Era, Valley View, Boyd, Rockwall, American Heritage, Carter, Kansas, A&M, the Patriots, and the Bills to win. Only one went for Sacred Heart, Decatur, Fannindel, Chico, Aubrey, Petrolia, and Navy. Everyone missed Gainesville's loss to Little Elm and Rice's 2 to 27 loss to SMU. Only two picked Colorado,

while 5 went against the Cowboys. Four entrants went for Nocona over Lindsay.

In the tie-breaker score, Jon LeBrasseur had the closest guess at 21-10.  
Week nine winners were Dave Reiter, guessing 32 games, and after a 3-way tie with 31 games, Ted Heers took second place missing the tie breaker score by 11 points, and Barbie Barnhill third, missing

the tie-breaker by 31 points. Mike Stoffels settled for 4th being 32 points off the A&M score.

Missing 6 games were Charles Edwards, and Wayne Klement, while Edna Hermes, Mark Grewing and Edgar Dyer guessed 28. Low scores were 23.  
Winners picked up their cash prizes at these sponsors: 1st place, The Center Restaurant; 2nd, Design Depot; and 3rd, Community Lumber.

## TFU lauds "Historic" passage of mandatory price reporting

The Texas Farmers Union (TFU) hailed Congress for taking the historic step of passing mandatory price reporting legislation for the first time.

The measure, which will require packers to report daily the prices they pay for cattle and hogs, was approved as part of the fiscal year 2000 agriculture appropriations bill. The bill was signed into law on October 22, by President Bill Clinton.

TFU for several years has been a leader in the effort to pass mandatory price reporting legislation and worked extensively with lawmakers to develop the measure.

"This is by no means a perfect bill, but it is a far cry from where we are now," said President Wes Sims. "This legislation represents a significant step toward livestock markets that are more fair, open and competitive. We will continue to work to make improvements to the areas of the bill that are not strong enough."

"We applaud Senator Daschle for keeping this issue

on the front burner for several years as well as Senator Lugar and Senator Harkin and others for bringing all sides to the table to get this legislation passed," said Sims.

The bill would require large cattle and hog packers to report to the U.S. Department of Agriculture (USDA) the

## Susan Combs warns future water shortages possible

Texas Agricultural Commissioner, Susan Combs, kicked off the 59th Annual Texas Soil and Water Conservation District Director State Meeting with an address about conservation of water and its connection to the future of Texas agriculture.

"The biggest problem that faces soil and water conservation is water," Combs said.

"In the future it is going to be much more difficult to find water for irrigated farmland than ever before, she said. She noted it should be the goal of

terms of livestock bought on formula, contracts and the spot market. Small packers would be exempt from the legislation. The bill also authorizes USDA to establish mandatory price reporting for lamb. The bill pre-empts state laws for price reporting only.

agricultural leaders across the state to educate the public and the residents of urban areas about the importance of water conservation.

Agriculture is the number one leading user of water, though industry will take the lead as the primary water user by the year 2040, she said.

Without changes in water use, Combs predicted a water shortage for Texas and much of the nation by 2050.

"If we don't explain who we are and why agriculture needs water, we might find ourselves out of water," she said.

Combs said it was due to a decline in water levels that the Texas Legislature appropriated \$8 million for a brush control program in the North Concho River watershed. Brush in the watershed is consuming large amounts of water in the region, she said.

James Moore, Director of Conservation Programs for the Texas State Soil and Water Conservation Board, noted that the purpose of the brush management plan is to increase the water yield that comes out of the watershed.

Combs also expressed her feelings on a forgotten agricultural product - flowers. The flower industry brings in more than \$500 million nationwide, she said.

### Grapefruit

Texas grapefruit production forecast is 5.5 million boxes for the 1999-2000 season, 10 percent less than last year's production at 6.1 million boxes. All orange production is estimated at 1.6 million boxes, up 12 percent from last year.

## AG leaders seek level playing field in world trade

Worldwide trade talks under the auspices of the World Trade Organization are scheduled to begin in late November at a ministerial meeting in Seattle. The general goal is to open new markets for agricultural exports and bring out true reform in agricultural trade. "This is going to be a critical juncture in our efforts to remove trade barriers that hamper us, both from an import and export perspective," said Edwin Knight County Farm Bureau President.

Considering where commodity prices are now, launching negotiations to expand U.S. markets has never been more important. Farmers and ranchers need a level playing field. "The price producers receive depends greatly on not just domestic demand, but on the global need for goods. The need is there and the dollars are there, but the ability to buy U.S. products is thwarted by the actions of other governments," Edwin said.

About 30 percent of the total farm production is exported each year. Year in and year out agriculture is consistently the only sector of the American economy to run a positive balance of trade.

History shows that our country has been based on trade. Free trade is one thing, but often, doors are slammed shut on our products due to high tariffs and other trade barriers. Our farmers export on average, face a tariff of 50 percent in foreign nations," Edwin added. "We definitely need that level playing field."

### MILK

Texas milk production totaled 389 million pounds during September, down 1 percent from last year. Production for August 1999 totaled 379 million pounds.

The number of milk cows during September averaged 346 thousand head, up 2,000 head from last year but unchanged from August 1999. Production per cow averaged 1,125 pounds during September compared with 1,145 pounds last year and 1,095 pounds during August 1999.

## County Agent's Report

by Craig Rosenbaum

### YEAR ROUND GRAZING?

With today's perennial and annual grass species there is the possibility, with proper grazing management, to build a "year round forage system." Year round forage systems in the past have called for some type of tillage to plant a cool season forage. Most plantings of wheat, oats, or other cool season choices call for a yearly production cost of about \$80 per acre. With cool season perennials we can eliminate the tillage costs, thus saving labor and expense. In addition, cool season perennials are ready for grazing approximately a month earlier than annuals in the fall.

### Warm Season Perennials

Producers have many choices in our area of the state. *Bermuda* grass varieties provide dense turf by establishing runners. Most need to be sprigged in the late winter. Others are sold as seed in combinations with common bermuda grass for seeding after our last killing frost in the spring. *Bermuda* varieties that have performed well in Cooke County trials include Tifton 85, Tifton 44, Brazos, and Coastal. *Kleingrass* can be seeded at about two-plus (2+) pounds of pure live seed in the spring on a firm seedbed. *Kleingrass* is very palatable to cattle but should not be fed to sheep or goats, and horses tend to not favor *Kleingrass*. *Kleingrass* grows as a bunch grass. *Old World Bluestems* also grow as a bunch grass and are adapted to a wide range of our county soil types. Here again, we have many selections available to ranchers. Producers in Cooke county have plantings of several varieties, including: Plains, T587, Ironmaster, Spar and others.

Most of the perennial warm season grass mentioned have potential for increased forage production through good management. These management systems include fertility, weed control, and rotational grazing, or limit grazing. Most warm season grass can produce an additional ton of forage for each fifty pounds (50%) of actual nitrogen applied. Weeds, rot nutrients and soil moisture from desirable grasses, so with weed management our pastures can grow a pound of desirable forage for each pound of weed controlled. The use of fences to control or limit grazing allows pastures to recover more rapidly. This can be critical

with bunch grasses that have a lot of system proportional to the forage ground.

Remember, all grasses need good prior seedbed preparation. There is no shortcut to establishment. I don't know of any success stories by just throwing seed on the ground, so plan ahead. All seedbed preparation and sprigging, planting, springing, or seeding of warm season perennial grasses should offer the best success.

**Cool Season Perennials**  
Now, what about cool season perennials? One that has shown potential here in the county is *Wheatgrass*. This grass should be seeded at 15 to 20 pounds per acre on a good seedbed in the fall. This fall we established additional wheatgrass varieties on the Fuhrmann Bros. farm at Linds to begin a demonstration on forage yield, nutritional value, and seedling rate. We have grown *Wheatgrass* in the county for the past six years and have seen excellent yields and acceptability to livestock.

There are annual grasses like *ryegrass* that can be broadcast into perennial warm season forages. *Ryegrass* can be broadcast or lightly drilled into sod during October at 25 to 30 pounds of seed per acre. New varieties are coming along all the time, but some of our old standbys include TAM 101, Marshall, Gulf, and Ribeye.

There are limitations to establishment of any of the grasses mentioned. Warm season grasses should not be grazed until well established. With ideal weather conditions, this can occur in the summer to fall. Cool season perennial grasses don't grow in the coldest winter months following fall establishment. Most of our year growth will occur in the spring and therefore grazing should be deferred until fall.

So, what is our potential grazing period? Well, warm season perennial grass should graze from April through October. Cool season perennial grasses live grazing from October to April, and the cool season annuals that are sodded will produce most of their grazing March through May.

Visit with producers in your area of the county who are already using this year round system. They can offer a lot of help in your adoption of grazing practices and forage selection.

## Farm Bureau prepares for state convention

Farm leaders from across the state will convene Nov. 8-10 at the Texas Farm Bureau headquarters in Waco to review proposed resolutions from county Farm Bureaus that could guide the state's largest farm organization into the next millennium.

The committee will consider resolutions on international trade, national policies, property taxes, farm programs and numerous other subjects. Farm policy is likely to be a hot topic as agricultural producers are currently suffering some of the lowest commodity prices in years. "The United States must

develop a sound, long-term national farm policy," said Donald Patman, TFB vice president, who will chair the committee. "Producer profitability must be the primary goal."

The leaders will edit and consolidate the many resolutions into a policy development packet, which will be voted upon Nov. 28 - Dec 1 at the TFB State Convention - Corpus Christi. State resolutions approved there will become official policy of the TFB for 2000.

Edwin Knight, Cooke County Farm Bureau president is a resolutions committee member.
