## Plans presented for Main Street and Highway 82 beautification

by Dave Fette

Keep Muenster Beautiful coordinator Mary Lee Alford presented plans to the City Council Monday night for renovations of the intersection of Highway 82 and Main Street in Muenster. The plans have been in development for a long time, but patience in working with the Texas Department of Transportation (TxDOT) for this major beautification and access project will be worth the wait said Alford.

The original idea was to reconstruct and landscape one corner of the intersection to include welcome to Muenster. With Alford's encouragement and based on the merits of the project, TxDOT proposes to reconstruct and landscape all four corners and both sides of Main Street all the way north to First Street. The plans include sidewalk, coordinated brick and stonework, plantings, irrigation and lighting. TxDOT's plans include modifications for handicapped access in line with the Americans With

Disabilities Act.

Funding for the project will come from the \$65,000.00 Grand prize won by Muenster in the 1999 Keep Texas Beautiful Contest. The balance of funding estimated at an additional \$99,000.00 comes from TxDOT. Alford asked the City to assume payment for water and electric utility bills after completion. The Council quickly agreed and expressed sincere thanks to Alford for her tremendous efforts to help clean and beautify Muenster. Alford, in turn, said the thanks should go to the helpers on the projects and the whole community for their cooperation.

The building on Main Street formerly occupied by the Muenster Public Library no longer belongs to the City. Craig Stoffels, June Bartush, and Ken Rheams placed the high bid of \$45,500.00 to purchase the two-story structure and that bid was accepted by the Council. Bartush said their plans include restoration of the building with final use

undecided.

Other items of discussion or action items included:

- Action on opening Second Street between Maple and Ash and Cross Street between Walnut and Main was tabled for more study.

- Purchase of a solar powered "Pond Doctor" to stir and oxygenate the water in the City's east sewer treatment pond was approved for \$28,439.00. The machine will improve effluent water quality before it goes into Elm Creek.

- The City general fund budget of \$761,002.10 and water and sewer fund of \$439,234.26 were accepted for the 2002 fiscal year.

- The 2001 ad valorem tax rate for the City of Muenster was accepted at \$0.37080 per \$100 taxable value. The rate compares to \$0.42 for the last five years.

- Extension of an eight-inch water line to Ninth Street and the new Jaycee Ball Park was approved.

- Monthly bills totaling \$80,901.40 were approved for payment.

## Tax rate hearing held by Cooke County Commissioners Court

by Janet Felderhoff

Only one person spoke up at the Sept. 4 Public Hearing held by Cooke County Commissioners Court on the proposed tax rate. The proposed rate is 43.50 cents per \$100 property valuation.

James Murray of Gainesville said, "Apparently our taxes are going to go up. When our income, us for example that are on Social Security, our income goes up about two percent. Our living cost is going up 10 to 15 percent

and that just don't add up. ... Today I'm being taxed to death."

Murray complained that he and his wife built a new home that cost \$30,000.00. It is appraised at \$67,500.00 and is falling apart, he said. It was built to last 25 years at his request, which it almost has, but is falling apart now, said Murray. He felt it was appraised too high.

County Judge Bill Harris asked Murray if he'd filed a protest on the valuation. Murray said he tried to but

didn't have much results. "You need to talk to the Appraisal District about that valuation," Judge Harris advised Murray. "You need to talk to them if it just has to do with the valuation. They'll work with you."

With no other complaints or protests voiced, Commissioners Court approved the proposed 43.50 cents tax rate. The budget and tax rate will be officially adopted at regular meeting of Commissioners Court on Monday, Sept. 10.

## Muenster ISD Board gets \$50,000 TIF grant

by Janie Hartman

The Muenster ISD School Board had a called meeting on Wednesday, Aug. 29 to discuss the budget, the tax rate, and other items.

The meeting began with routine consent items, which the Board approved, including: four more transfers; adding librarian to the acute teacher shortage list; termite control for high school and high school gymnasium; the awarding of the TIF Grant for \$50,000; a change in health insurance after quotes from Aetna came back with large increases. The faculty voted again, with 27 picking to stay with Unicare. Also the district is attempting to get federal grants for school repair and renovation. "Not being a low income school district is a negative against us," Superintendent Clyde Steelman noted, adding that the district is already a step ahead because they have good documentation already prepared.

The final consent item was the discussion of athletic season passes. At a district meeting last Wednesday morning, it was voted to keep football admission prices the same as last year - \$4.00 for adults, \$2.00 for students at varsity games, and a \$2.00 charge for all at JV and

junior high games. There are five home Varsity games and five home Junior High/JV games. The price suggested would be \$80, which at regular price would admit parents and only one child for the season. "It would be an advantage for larger families," added Steelman. The family pass is good for students up to high school and parents only. A combination pass with basketball was put on hold until the district meeting.

Tom Hesse of Hesse/Schniederjan Heating and Air Conditioning was present to answer questions about the air conditioning in the high school gym. The Board approved buying air conditioning as presented. Hesse will submit a bid for air conditioning the weight room.

The Board also approved a \$1000 deductible property and general liability insurance policy from TASB.

The hiring of Jim Rogers was approved for writing the school repair and renovation grant, and technology activities in connection with the school repair and renovation grant. Rogers charges \$500 to write each grant. If a grant is awarded he receives an additional 2.5% with a maximum of \$15,000.

The Board also discussed the 2001-2002 budget and 2002 tax rate to be ready for last Saturday's public meeting.

To conclude, Gerrie Eckart and Nancy Perryman were both hired on a nine month contract.

**PUBLIC MEETING**

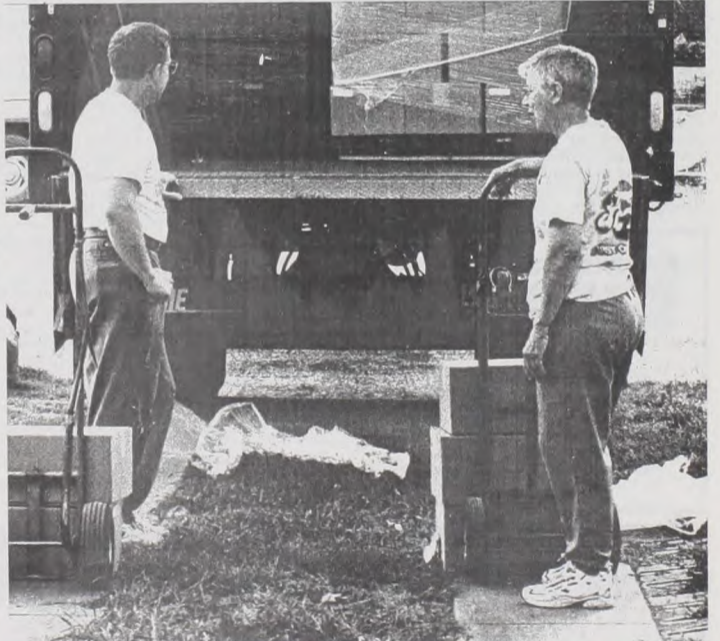

The Muenster ISD held a public meeting on Saturday, Sept. 1, to discuss the school district's budget that determined the tax rate that was adopted. Public participation in the discussion was invited, but there was no public attendance.

The Board approved the following budget:

**Expenditures:** General Fund - \$3,058,516; Cafeteria Program - \$124,950; State Technology Allotment - \$13,950; Interest & Sinking - \$138,160. TOTAL \$3,335,576.

**Revenue:** General Fund - \$3,186,882; Cafeteria Program - \$103,200; State Technology Allotment - \$13,950; Interest & Sinking - \$139,181. TOTAL \$3,443,213.

The tax rate for the district had a 4¢ increase with 1.30647 for maintenance and operation, and 0.07500 for I & S for a total tax rate of 1.38147. This increase is 10¢ below the roll back rate and 4¢ below the state's rate to maintain level.

Dave Fette of Enterprise Printing and Celine Dittfurth, president of the Muenster historical Commission, unload the second printing of the Muenster Centennial History Book last weekend at the Muenster Museum. The books are available for sale at the museum on Thursdays, Fridays, and Sundays from 1 to 4 p.m., at City Hall, and the Chamber of Commerce. The price presently remains \$75, due to the delay in shipment. Pre-sold books can be picked up at the museum only. Buyers can also contact Celine Dittfurth, 759-4154; Juanita Bright, 759-4482; or Jewel Otto at 759-4243 to purchase books. Janie Hartman photo

## Reduce - reuse - recycle - rebuy on September 8

On Saturday, September 8th the community of Muenster will participate in a major recycling event with its community wide garage sale. Those wishing to participate and be listed on the program should contact the Muenster Chamber of Commerce. This is one of the many events within the community helping the Keep Muenster Beautiful

organization to win the Governor's Community Achievement Award (GCAA), which would bring another \$65,000.00 beautification project to help enhance the economic development of Muenster.

The greater number of participants and the more we recycle, reuse and rebuy through this event, the greater chance we have of

winning the \$65,000.00.

Many in Muenster will use this opportunity to cleanup and organize their homes and yards. As a result, many will recycle other items as well as participating in the garage sale.

Keep Muenster Beautiful encourages the community to take their aluminum cans to the Cooke County Distributing

Company at 315 N. Maple where they will be paid "top dollar" for their aluminum. They will be open from 9:00 to 11:30 on September 8th, as they are on all Saturdays except holidays and if it is raining. Fischer's Meat Market and Grocery on Main Street accepts cardboard for recycling everyday during regular business hours.

Herbie Miller at the Red River Cut Rate Liquor Store on Division preaches the benefits of recycling and keeping our highways clean and he asks his customers to return their beer boxes to him so they can be recycled. Scrap metals may be taken to Fulton's on 616 Scott Street in Gainesville where you will be paid "cash for your trash".

Once the garage sale is over the recycling continues. The Salvation Army will pick up items not sold by the participants registered through the Chamber on

Monday, September 10th. For additional information call the Muenster Chamber of Commerce at 759-2227.

# Cooke County gets transit funds *Special election to fill Sen. Haywood's seat*

State transportation officials awarded \$68,000 to support public transportation services in Cooke County. The Texas Transportation Commission approved the measure last week at its monthly meeting.

"I am pleased by this action, which will provide transportation to citizens in the Cooke County area. Rural Texas has often been left out and the need here is

just as great as in the large urban areas," said State Rep. Ron Clark.

Cooke County is part of the rural transit provider, Texoma Area Paratransit System (TAPS).

The funding is to be utilized for the purchase of an alternatively-fueled, fully-accessible small transit bus.

"The time has come for implementing alternative

modes of transportation all across Texas," said State Rep. Phil King. "We appreciate this effort, which will help to keep Cooke County citizens moving."

Last year, TAPS provided transportation for more than 179,120 riders.

The Texas Department of Transportation (TxDOT) administers federal and state funds appropriated for transit projects through the

state's Public Transportation Fund.

Public transportation is provided in all but four of Texas' 254 counties. There are 41 rural transit providers in Texas, serving populations under 50,000.

TAPS provides transit services to all citizens within the county regardless of age, race, sex, economic status, or physical limitations.

Those seeking to run for that position have until Oct. 9 to file with the Secretary of State.

Haywood's office is still open for case work and still helping constituents in any way they can, according to Patrick Fortner.

## Customer service: *it's not a department ... it's an attitude*

Every business has customers, and "customer service" is important not only to the organization, but to the community. On Thursday, Sept. 20, the North Texas Center for Nonprofit Management will be offering a seminar **CUSTOMER SERVICE. It's Not a Department...It's an Attitude!** The program will be held at the First Christian Church, 3701 Taft Blvd. in Fellowship Hall in Wichita Falls, from 8:15 a.m. to 4:00 p.m.

"Business owners and nonprofit organizations make the assumption their employees know how to offer good customer service, yet statistics show that a majority of employees have never been trained in basic customer service skills," said Aaron Alejandro, Executive Director of the Texas FFA Foundation, one of the speakers for the seminar. This seminar will show why customer service is important to every organization and how to

achieve better customer service. This program will focus on every aspect of customer service including both the internal and the external customer. The day offers many exciting speakers that will cover a wide range of topics.

This program is presented by the North Texas Center for Nonprofit Management in cooperation with the Midwestern State University Small Business Development Center. Charge for the program is

\$40 for a Center Partner/\$50 for non-members. Additional people from the same organization are \$20 for Center Partners/\$25 for non-members. Scholarships are available to qualifying agencies. For additional information call 940-322-4961.

## NCTC breaks enrollment record

Enrollment numbers continue to soar at North Central Texas College where officials are reporting a preliminary fall semester 2001 headcount system wide of 5,246—another record.

This will mark the first time in the more than 75-

year history of North Central Texas College that enrollment has exceeded 5,000 students. While some students may drop some classes by the 12th day of class, which is the official date of record for enrollment, Rusty Waller, director of institutional

research, said enrollment will undoubtedly stay above 5,000 students.

"We've been watching our enrollment system-wide increasing every semester," Waller said. "The majority of that growth has come from our Denton County. See NCTC, Page 3

## Notice

### of Vote on Tax Rate

**The Muenster Hospital District**  
conducted a public hearing on a proposal to increase the total tax revenues of the Muenster Hospital District from properties on the tax roll in the preceding year by 109.17 percent on August 24, 2001, 12:00 PM.

**The Muenster Hospital District**  
was scheduled to vote on the tax rate that will result in that tax increase at a public meeting which was to be held on September 7, 2001.

**That meeting has been rescheduled and will now be held on September 14, 2001 at 12:00 PM at Muenster Hospital District Board Room, 605 N. Maple, Muenster, Texas.**

## Obituaries

### Billie Edward Mohon 1930 - 2001

Billie Edward (Bill) Mohon of Pilot Point died on Aug. 29, 2001 at age 71, at the home of his daughter, following a brief illness.

He was born July 18, 1930 in the Rock Hill Community to James Edward Mohon and Eva Mae Morris Mohon, and was a member of the Rock Hill Baptist Church. On July 23, 1953 he married Bobbie Nell Hunter in Gainesville. He served in the U.S. Army stationed at Fort Hood. He owned Pilot Point Livestock Exchange, Inc. from 1963 to 1973. After selling the sale barn, he farmed and grazed cattle, and up until his death he sold hay to area horse ranches.

Well-known for his friendship, he still valued a man's word on a simple handshake. He gave generously to those in need; and had a deep love and devotion for his wife of 48

years, and his children; and was loved in return by his grandchildren. He will be remembered for his barbecues, and the joy he found in searching for newborn calves.

Survivors are his wife Bobbie Nell of Pilot Point; three sons Billie Don Mohon of Hodgeson, Oklahoma, Mitch Mohon and Wes Mohon of Pilot Point; daughters Donna Loiselle of Pilot Point and Robin Boydston and husband Scott of Denton. There are six grandchildren, Zac Loiselle and wife Laurie of Denton, Patricia Mohon of Fullerton, California, Ryann and Luke Mohon, Rhealee and Sam Boydston of Denton, three step-great-grandchildren, Alli, Jenni and Becky Defoore of Denton, and special adopted family, Jerry, Quannah, Lupe, Maria and Cynthia

Dela Cruz. Also surviving are one brother, J.T. Mohon of Pilot Point; three sisters, Ida May Kirby of Aubrey, Eddene Miller of Garland and Joan Cohagen of Denton; also numerous nieces, nephews and many, many friends.

Preceding him in death were his parents, three brothers, H.H. (Bud) Mohon, Carroll Mohon, and Cecil Mohon, and two sisters Lena Faye Green and Veronica Durden.

Services were held Saturday, Sept. 1 at 10:00 a.m. at Midway Baptist Church. Officiating were the Rev. Sam Redfearn and Rev. Mike Pennington and Rev. Luther Slay. Burial was in Belew Cemetery.

Pallbearers were nephews, Gene Bostik, Danny Mohon, Wayne Green, Eddie Mohon, Rick Coleman, Johnny Miller, Charles Looper, and Edwin Durden. Honorary pallbearers were Billy Ray Redfearn, Garry Starr, Donald Bell, Wayne Lantrip, James Arthur Harmon, Allen Love, and Bobby Gaston.

The family has suggested memorials sent to Aubrey High School, P.O. Box 7, Aubrey, TX 76227 or Pilot Point High School, Box 7, Pilot Point, TX 76258 where a memorial agricultural scholarship has been set up. The thought was expressed that "He will be in the Lord's Hayfield, baling hay."

## AUSTIN UPDATE

TEXAS HOUSE OF REPRESENTATIVES

RON CLARK

HOUSE DISTRICT 62

Constitutional Amendment Election Set For November 6

This Austin Update will be the first in a series in which I will summarize certain propositions that will be on the November 6th ballot. This Update will cover Propositions #1 and #17. More information is available at [www.capitol.state.tx.us](http://www.capitol.state.tx.us).

**★ PROPOSITION #1: CLEARING BASTROP COUNTY LAND TITLES** - Early Texas settlers received "patents" to their land from the state. In 1900 all land that had not received a patent reverted into the School Land Fund. In 1925, a vacancy of 221 acres was discovered in Bastrop County. A "vacancy" is a piece of unsurveyed land that is property of the Permanent School Fund (PSF) and not part of any patented survey. Some of the adjoining owners to the 221 acres purchased portions of the tract, occupied, fenced and paid taxes on portions of the PSF land. Private owners of the land in question are without legal recourse to acquire the patent because the lands had been constitutionally dedicated to the Permanent School Fund. This proposition would surrender any claim of the State of Texas to the 221 acres in question in Bastrop County while allowing the state to retain the mineral rights.

**Proponents say:** This amendment is necessary to clear the land title, will save the expense of a lengthy court battle and resolve inequity.  
**Opponents say:** The state received compensation for just 21 acres in the disputed tract. Relinquishing claims to the land would represent a loss of an estimated \$383,000 to the PSF.

**★ PROPOSITION #17: SETTLING LAND DISPUTES** - This amendment would allow the state to release claim to certain lands, except for mineral rights, and to clear the title defects for the owners of the land. Claimants would have to show that they acquired the land on or before January 1, 1952, and they were unaware the land belonged to the state.

**Proponents say:** This amendment would create a permanent procedure to settle land-title disputes involving public school lands without the expense and trouble of a constitutional amendment election for each dispute (such as Proposition #1). The General Land Office (GLO) would be given the right to review cases. The GLO estimates that as many as 1,000 claims over disputed land remain unsolved, and Texas voters should not have to judge each one individually.  
**Opponents say:** The Legislature and Texas voters should retain the right to review specific decisions made to give up the state's interests and to resolve title problems involving landowners.

### Proposed Amendments Target Roadway Assistance and Tax Exemptions

This Austin Update will be the second in a series about proposed Constitutional Amendments to be voted on November 6. **PROPOSITION #2: FINANCIAL ASSISTANCE FOR ROADWAY PROJECTS:** Substandard "colonia" developments along the Texas-Mexico border are prohibited by state law. However, many colonias were built prior to this legislation. This amendment will allow the Governor to authorize up to \$175 million in general obligation bonds to provide financial assistance to counties for projects that would provide access roads to connect border colonias with public roads.

**Proponents say:** About 800 colonias exist along the Texas-Mexico border. About 2,000 miles of road could be built which would provide a good start toward making colonias more livable.  
**Opponents say:** Interest and other costs make bonded roads more expensive. The program would favor one area of the state over others and would neglect other needy Texans.

**PROPOSITION #3: TAX EXEMPTION FOR COFFEE & COCOA:** Harris County has applied to the New York Board of Trade to be designated an exchange port for coffee, where coffee could be stored and shipped. The Board of Trade has said it will not consider the county's application unless coffee and cocoa are exempted from taxation. The Constitution states that all inventory held for the production of income is subject to ad valorem taxation unless specifically exempted. This proposition would add green coffee and raw cocoa to the list of specifically exempt personal property.

**Proponents say:** Harris County's designation as an exchange port by the New York Board of Trade would bring global recognition and marketing power to Houston, which would be one of only four designated coffee ports in the nation. Additional jobs and trade opportunities would be available.  
**Opponents say:** Exempting coffee and cocoa from ad valorem taxation would decrease tax revenue for local governments in Harris County.

Detailed information can be found at [www.lrl.state.tx.us](http://www.lrl.state.tx.us) and selecting "Proposed Amendments to the Texas Constitution".

## CAPITOL COMMENT

U.S. SENATOR  
KAY BAILEY HUTCHISON

### A PRESCRIPTION FOR MEDICARE

Thirty-six years ago, when Medicare was created to provide health coverage for elderly Americans, hospital stays and doctors' treatments were the most costly portion of the care that was to be provided. Prescription drugs represented only a small percentage of medical expenditures.

Today, that picture is very different. Nearly 400 new drugs have been developed in the last decade alone to fight diseases such as cancer, heart disease, diabetes and arthritis. While the drugs themselves are expensive, their use has proven to save health-care dollars in the long run.

Take, for example, anticoagulants: A year's worth of these blood-thinning agents, which help prevent the recurrence of strokes, costs \$1,000. Compare that to \$100,000 in lifetime costs for taking care of an individual who has suffered a stroke. Similarly, the new "H2 antagonist" drugs are used to treat ulcers in patients who otherwise would need surgery costing \$28,000 or more. A year's worth of such drugs can cost \$900.

Medicare would pay for the ulcer surgery. But Medicare does not provide prescription drug coverage. Although two-thirds of seniors have private, supplementary coverage that helps with the cost of prescription drugs, the other third are paying 100 percent of their escalating drug costs. It is unfortunate that while more than 98 percent of employer-sponsored health plans pay for prescription drugs, Medicare's benefit package has yet to be updated to include this benefit.

Congress and the Bush administration are trying to figure out the best way to address this situation. We are looking for a way to provide prescription drugs to those

who need them but are unable to afford them. We must be careful to design a plan that is responsible, and tailored to those who truly need the help. Seniors who are happy with their existing coverage should not be forced into a more costly, one-size-fits-all government program.

Nor should the elderly be handed a government program that decides which drugs they may and may not have. Such decisions are best made by doctors and patients, not an anonymous bureaucrat in Washington, D.C.

An effective prescription drug benefit proposal has to meet certain criteria for common sense and effectiveness. Government should not set up a plan that would duplicate coverage that already exists in the private sector. Nor should we have to wait five or 10 years for a plan to take effect.

The approach I favor would have two main components:  
• It has to provide immediate assistance to the states to expand or initiate their prescription drug support programs for moderate to low-income seniors. In many states these programs have put needed drugs within the reach of many elderly individuals who otherwise were going without. We should provide immediate and ongoing relief to the millions of seniors currently forced to pay full retail prices for prescription drugs.

To accomplish this, the President has proposed making available to Medicare beneficiaries a prescription drug discount card, either free of charge or for a nominal fee, sponsored and administered by private entities.

Medicare would then require the card sponsors to publish the discounted prices for most prescription drugs purchased by seniors, to encourage competition. Ultimately, well-informed buyers will push the market toward more competitive pricing for everyone, whether on Medicare or covered by other insurance.

• There should be a Medicare prescription drug benefit as part of a broader Medicare modernization plan that gives seniors more choice and control over their health care.

Today, medical advances mean patients can be treated at home or in the doctor's office, and the emphasis has shifted to preventative care. Still more effective prescription drugs are expected to be available to the elderly in the years ahead to help treat breast and prostate cancer, Alzheimer's disease and diabetes. We need to strengthen the system and make it as modern and effective as 21<sup>st</sup> century medicine.

## Texas Historical Comm. website lists archeological month events

Fun-filled and informative events take place across the state during Texas Archeology Awareness Month (TAAM) in October. For specific information about what events take place near you, be sure to visit the Texas Historical Commission's (THC) web site at [www.thc.state.tx.us](http://www.thc.state.tx.us). Find a calendar of events there starting mid-September and running through the month of October to keep you informed of activities across the state.

For more information contact THC's Archeology Division at 512/463-6096.

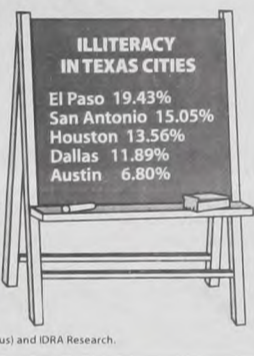

## Keeping an Eye on Texas

### Where We Stand

Texas ranks 47th among the 50 states in literacy. Four million Texans, about 25 percent of the adult population, are unable to read basic signs and maps. Volunteer to help others learn to read through local library literacy programs.

### LETTERS POLICY

THE MUENSTER ENTERPRISE welcomes letters of up to 150 words on any public issue. Any letter that exceeds the word limit may not be considered for publication. We publish only original letters addressed to The Enterprise. An address must be included so the author's identity can be verified. All letters are subject to editing. The Enterprise reserves the right to decline publication of any submission. Letters must be signed. Letters written in the promotion of political candidates or propositions will not be considered for publication unless they are scheduled for publication one month or more prior to the election. Candidates or their supporters may purchase advertising space during the period just prior to the election in support of candidates or propositions. Letters written as cards of thanks may be charged classified ad rate and be placed in classified section of newspaper, at editor's option.

Before burning brush piles, pastures, etc., please have the courtesy to notify dispatchers at the Cooke County Sheriff's Dept.

## NCTC

Continued from Page 2

campus in Corinth." NCTC led the state's public community colleges last year by posting a 20 percent increase in "contact hours"—the number college officials say is actually more notable than headcount since it is the basis for state funding and reflects the course loads of individual students. Contact hours are up by about 6.5 percent.

Enrollment throughout the North Central Texas College District is up from 4,848 students last year to 5,246 at this point. That's an increase of about 8 percent. This breaks down to 1,610 students at the Gainesville Campus, 3,489 at the Corinth Campus and 196 at the Bowie Campus.

At the NCTC Corinth Campus, enrollment for fall 2001 is up by 109 students, or about 3 percent, over last year.

## INVEST IN CATHOLIC EDUCATION

Support the Sacred Heart School Trust Fund

*A memorial gift will earn income for Catholic education in memory of the donor.*

*An annuity gift will earn interest for the donor or designate for the rest of their life after which the gift will be used for Catholic education.*

## Shawn and von Ree marry in Bridgeport

by Elfreda Fette

Mr. and Mrs. Gregory Kirk von Ree are on their wedding trip to Jamaica, and, upon their return will reside in Bridgeport. They were married on Saturday, Sept. 1, 2001 in a traditional ceremony in First United Methodist Church of Bridgeport, officiated by Rev. Larry Krouger at 6:00 p.m.

The bride is the former Robyn Lannette Shawn, daughter of David and Connie Shawn of Runaway Bay, Texas.

The groom is the son of Carl and Rita Sue von Ree of Saint Jo, Texas.

The bride is a 1992 graduate of Bridgeport High School and a 1998 graduate of the University of North Texas. She also attended Hill College and the University of Dallas. She is a coach, and self-employed by, and owner of Gymnastic Advantage.

The groom is a 1990 graduate of Saint Jo High School. He is Ranch Foreman of Lucky Star Ranch.

Presented for marriage by her father, David Shawn, the bride chose an exquisitely contoured sleeveless, white matte satin halter style gown accented with an embroidered lace bodice covered in seed pearls and crystal sequins. The Basque waist dropped to a v-shape, floating over a voluminous, multi-layered, shirred tulle and matte satin skirt embroidered with lace medallions that were accented with seed pearls and crystal sequins scattered all over the floor length skirt. The multi-layered, cathedral train matched the medallion covered skirt. The veil was of a Spanish design style that matched the skirt and train. All featured a satin trimmed hem. The bride wore white elbow length gloves and carried a bouquet of white lilies and pale yellow roses filled with stenosis and English ivy and pearls.

### ATTENDANTS

Matron of honor was the bride's friend, Renée Lawrence of Bridgeport.

Bridesmaids were Jamie Erwin of Bridgeport, Shelly Rangel of Alford, Sierra Bivens of Bowie, Amy Hiler of Keller, Jean Straughn of Jacksboro, all friends of the bride, and Penny Brown, cousin of the bride of Bridgeport.

Junior bridesmaid was Alicia Erwin of Bridgeport.

They were attired in floor-length, A-line gowns of corn silk, matte satin with sweetheart necklines. Ivory, iridescent floor-length jackets completed their ensemble. Each carried a bouquet of cream, long-stem Virginia roses. The Junior Bridesmaid's ivory, matte satin gown featured a lace bodice covered in seed pearls and crystal sequins with a multi-layered, floor length tulle skirt with scattered medallions accented with seed pearls and crystal sequins. She also carried a bouquet of cream, long-stem Virginia roses.

Flower girls were Taya Wright and McKenna Waddell both cousins of the bride, and Lacy Erwin, friend of the bride. The flower girls' sleeveless gowns of ivory matte satin had a lace bodice covered in seed pearl and sequins with a multi-layered floor length tulle skirt covered in seed pearl and sequined medallions. Their ensemble was completed with halos of corn silk tulle, ivory pearls with a hint of periwinkle flowers. They carried a basket of rose petals to

sprinkle in the bride's path.

Ringbearer was Garrett von Ree, son of the groom. Junior groomsman was Dustin von Ree, son of the groom. Both boys wore black western hats, western pants and boots and long-tailed formal black coats, matching exactly the attire of the groom, best man and all the groomsmen throughout the service. At the wedding blessing and The Lord's Prayer, the hats were removed and all reverently bowed their heads.

Bryan Nance, friend of the groom stood with him as best man.

Groomsmen were Eric von Ree of Saint Jo brother of the groom, Monty Shawn of Bridgeport brother of the bride, Lee Donnelly of Valley View, Rodney St. John of Gainesville, Jim Meyers of Valley View, and Scott Hillburn of Era, friends of the groom.

Candlelighters were Allison Selz and Tandy Stallings both of Bridgeport and students and friends of the bride. They wore corn silk, matte satin, A-line floor length gowns with a sweetheart neckline and their ensemble was completed with elbow length

ivory gloves.

Mother of the bride was escorted and seated by her son, Monty Shawn. Mother of the groom was escorted and seated by the groom, Kirk von Ree.

Wedding music was presented by organist, Linda Thompson, including the traditional wedding marches and "I'll Stand By You" and "Amazed By You" and "Keeper Of The Stars" for the lighting of the unity candle.

### RECEPTION

A reception, dinner and dancing followed at "The Club" at Runaway Bay, hosted by the bride's parents, David and Connie Shawn for 250 guests. Lilly Claborn presided at the guest book.

The two-tiered wedding cake with waterfall, was surrounded by and decorated with fresh white roses and star-gazer lilies.

A profusion of fresh flowers enhanced the reception area.

The rehearsal dinner was held in the Reception Hall of First United Methodist Church in Bridgeport, and hosted by the groom's parents, Carl and Rita Sue von Ree.

Mr. and Mrs. Gregory Kirk von Ree  
...nee Robyn Lannette Shawn ...

## "Walk for Life" is planned by ABBA

ABBA Women's Center, a crisis pregnancy center serving Gainesville and surrounding areas, is hosting its second annual "Walk for Life" on Saturday, Sept. 29 at the Lindsay ISD track from 9 to 11 a.m.

ABBA is looking to open a medical facility in which limited ultrasound will be available to clients by 2002. "Walk for Life" will aid in the funding of this project and the many services already offered at ABBA.

The walk is a non-athletic event, open to all ages. Walkers can sponsor themselves or may be sponsored by others. They can walk on a team or on their own.

Each walker raising \$150 in pledges will receive a T-shirt. Prizes will be awarded to the oldest walker, the youngest walker, the team raising the most money, the team with the most family

members, the walker covering the greatest distance during the walk time, and the walker traveling the greatest distance to get to the walk.

A concession stand will be available. Face painting and balloons will be provided by Lollipop and Beethoven the clowns, and music will be performed by Mary Lin Knabe.

This is an event for the whole family. ABBA's "Walk for Life" is your opportunity to publicly support the sanctity of life. Make a statement for life by participating on Saturday, Sept. 29 in the "Walk for Life."

For additional information and/or sponsor registration forms, call ABBA at 668-6391; Lisa Caldwell at 665-2988; Jamie Cope at 726-3549; Loren Sandman at 726-3582; or Stacie Miller at 759-4932.

## Dane Fisher is one!

Dane Fisher celebrated his first birthday with a summer theme. He is the son of Dyan Fisher of Krum. Dane's grandparents are Jack and Debbie Brittan of Krum and David and Helen Fisher of Muenster. His great-grandparents are Trudy Felderhoff and the late Vince Felderhoff and Paul and Dorothy Fisher all of Muenster.

His party was July 28 at the home of Jack and

Debbie Brittan. Sandwiches, chips and dips were served. Dane and his mother opened gifts. His mother made his cakes. One was a beach scene and the other a surfer.

Guests included his mother, grandparents, and great-grandmothers. Also several aunts, uncles, great-aunts, great-uncles, cousins and friends helped Dane celebrate. His actual birthday is Aug. 3.

Dane Fisher

## September: special for seniors, stargazers at FW Museum of Science and History

September at the Fort Worth Museum of Science and History will be a special time for both seniors and stargazers. Seniors 60+ can take advantage of discounts during "Grandparents Weekend" and "Senior Days at the Museum," while stargazers of all ages can enjoy an "Equinox Extra" on September 21.

"Grandparents Weekend" is September 8-9, 2001. Both days, grandparents

will receive one free Exhibits admission with the purchase of a regularly priced child Exhibits admission. Grandparents will also get \$10 discount on an annual Discovery Pass or Family Discovery Pass purchased that weekend.

Senior specials will continue September 14 - 30, 2001, with "Senior Days at the Museum." All seniors 60+ will be treated to children's prices to the Omni Theater, Exhibits, and Noble Planetarium. That means seniors can see an IMAX® film in the Omni Theater for just \$4.50, visit the Museum's hands-on exhibits for \$4.50, and enjoy a star show in the Planetarium for \$3.50. Seniors can also purchase combination tickets at children's prices.

### NOTICE

DIALOGUE, an ongoing support group for cancer patients and their families and friends will meet Thursday, Sept. 13 at 7:00 p.m. at the Home Hospice office, 1001 E. Broadway, Gainesville. For more information call Kelly Lamkin, L.S.W. at 665-9891.

## "Better living for Texans" programs set

by Evelyn Yeatts, County Extension Agent, FCS

The Better Living for Texans Program is a free program sponsored by Texas Cooperative Extension. It is designed to provide limited resource families with food and nutrition, health, food shopping, and food safety information and skills. Co-sponsors are the Texas Department of Human Services and U.S.D.A. Food & Nutrition Services.

A variety of programs are currently scheduled for Cooke County families. On Thursday, Sept. 6, 30-minute Food Safety classes will be held throughout the day from 7:00 a.m. to 5:00 p.m. Classes will be in the Outreach Health Services/WIC office, located at 800 E. California. Stretching Food Dollars

Programs will include Nutrition, Food Guide Pyramid, Food Dollars and Food Safety. These classes will be on Wednesday, Oct. 24 and repeated on Wednesday, Nov. 14 in the Cooke County Courthouse, room B-4.

A Bridge to Health Series will begin at the ABBA Center located at 414 E. Elm on Sept. 4. A Healthy Eating for Children series will begin at ABBA on Oct. 9.

Classes are being given in English, as well as in Spanish. They are all free and will be taught by Evelyn Yeatts, County Extension Agent - Family & Consumer Science and Dee Dee Martin, Better Living for Texans Program Assistant.

For additional information or questions, call the County Extension Office at 668.5412.

Muenster Girl Scout Troop 45 took on the project of keeping the yard at the Seyler Muenster Museum clean, as a community project. Last Saturday was the first day of clean-up that will continue through Fall. Pictured are, from left, Kristen Miller, Jessica Hartman, Renee Dittfurth, and Winter Dittfurth in front.

## Muenster Antique Mall marks first anniversary

Muenster Antique Mall marked the end of its first year in business by giving away six gift certificates.

Muenster's only antique mall opened its doors on Apr. 15, 2000 with 15 vendors. Now 45 vendors invite you to stroll down memory lane and enjoy the variety in 6000 square feet of shopping area, just big enough to get your feet wet, but small enough to walk through.

Vendors have their merchandise attractively displayed to help you choose a unique decorating item for your living room, or perhaps you'll find an old teapot like grandma had. Specialized areas include German clocks, folk art, quilts, light fixtures, salt and pepper shakers, glassware, jewelry,

candles, old toys and dolls, linens, primitives, shabby chic and kitchenware. A well-stocked used book room offers volumes in many areas of interest. The "rust room" holds items from the barnyard and work shop. Another room with a surprise theme is being prepared for opening. Roberta Hofbauer and Jeannine Flusche welcome you to come in and browse.

Winners of the drawing are Beth Baker of Fort Worth, Rhonda Rauschuber of Valley View, Nancy Dillard of Holliday, Marilyn Sebade of Muenster, Donna Heffron of Gainesville, and Sue Sirman of Forestburg.

Be sure to check out the parking lot sale on Sept. 8 from 8 a.m. until 1 p.m.

Michelle Sandmann checks the merchandise at the Muenster Antique Mall. Courtesy Photo

## New Arrivals

### Sicking

Mr. and Mrs. Darwin Sicking of Bristow, Oklahoma are proud to announce the birth of their son Noah Parker Sicking. Noah was born August 22 at 11:02 a.m. at St. John's Medical Center in Tulsa. He weighed 10 lb. and was 22 inches long. Noah has two big sisters, Danielle age 7 1/2 and Haylee age 3. Grandparents are Jerry and Evelyn Sicking of Muenster, and George and Virginia Krahl of Gainesville. Great-grandparents are Regina Flusche of Decatur, Eleanor Sicking of Myra, and Lena Fleitmann of Lindsay.

### Traffanstedt

Tony Jr. and Angela Traffanstedt of Myra joyfully announce the birth of their first child, a daughter, Chloe Rochelle Traffanstedt, on Aug. 25, 2001 at 2:07 a.m., weighing 7 lb. 7 oz. and measuring 19 inches in length. Grandparents are Donald and Peggy Matthews of Myra, Werner and Mary Schaeferling of Whitesboro, and Tony Sr. and Sandi Traffanstedt of Azle. Great-

grandparents are Bill and Betty Jarrell of Lindsay, Emily Jarrell of Myra, and Ray and Vonnie Traffanstedt of Gainesville.

### Kaye

Erin and Seamus Kaye of Nocona are parents of a daughter, Makya Irene Kaye, born in Muenster Memorial Hospital on Aug. 30, 2001 at 10:54 a.m., weighing 7 lb. 6 oz. and measuring 20 inches in length.

### Hess

Ryan and Tina Hess of Muenster announce with pride and joy the birth of their daughter in Gainesville Memorial Hospital on Aug. 31, 2001 at 11:25 a.m., weighing 6 lb. 13 1/2 oz. and measuring 19 1/2 inches long. They have named her Kenadie Ryan Hess. She joins two brothers, Trevor age seven and Dalton age three. Their grandparents are Duwayne and Sharlene Schilling and Jerry and Monica Hess. Great-grandparents are Caroline Schilling, Charlie Wimmer, and Caroline Hess of Muenster and Marie Herr of Gainesville.

## Saint Jo Opry Sept. 8

The next Saint Jo Opry is scheduled for Saturday night, Sept. 8. The show will begin at 7:30 p.m. and will be held in the Saint Jo School Auditorium.

Special guests scheduled to appear on the September show include Billy Gilmore, Gene Brown, and Kim Gray, all from Bowie. Other musicians besides the Country Cut-ups who are scheduled to perform are Jerry Reynolds of Forestburg and Roger

Watson of Burkburnett.

A \$2.00 admission is charged, with children under 12 admitted free. Residents from nursing or health care facilities are admitted without charge. The Opry continues to make donations from the proceeds to Community Service Organizations such as Volunteer Fire/EMS departments, and other needy situations. Concessions will be available.

## TVLB offers assistance

On Tuesday, Sept. 11, Amanda Fanning, a representative with the Texas Veterans Land Board (TVLB), will be present at the Cooke County Courthouse from 8:30 a.m. - 12:30 p.m. The TVLB representative will assist and answer questions

regarding the newly opened Texas State Veterans Homes. The information booth will be located outside the Veterans Service Office in the basement of the Courthouse. If you have further questions please contact Amanda Fanning at (903) 640-4164.

Sandra Stillman of Lewisville and Carl Bayer of Muenster wish to announce their engagement and upcoming wedding. Sandra is the daughter of Rollie and Florence Stillman of Rocky Mount, Missouri and the late Neva Stillman of St. Louis, Missouri. Carl is the son of Rosalee Bayer and the late Robert Bayer of Muenster. Sandra is employed by Sage Enterprise, Inc. of Grand Prairie as an account coordinator and Carl has been employed by Valente Inc. of Gainesville for 27 years. The couple will exchange vows on Sept. 15, 2001 at Lake Kiowa Lodge at 6:00 p.m. with a reception immediately following. They plan to spend their honeymoon in Colorado Springs, Colorado at beautiful resort and spa and then travel throughout Colorado and West Texas. Afterwards, they will reside in Muenster.

## Texas Cattlewomen news

Texoma CattleWomen presented plaques to three Cooke County 4-H members at the recent 4-H Achievement Banquet on Aug. 4 at the Civic Center in Gainesville. Winning Beef Dish Awards went to Adam Zimmerer, Jessica Morris, and Liam Guthrie. Adam's entry was Porcupines; Jessica prepared Ship Wreck Stew, and Liam entered Cowboy Stew. Ann

Knight presented the engraved plaques. The best beef entries will be honored in Grayson County in September, and Montague County will host their banquet in October.

Winning the \$450 scholarship from Texoma CattleWomen to attend the beef ShortCourse in August was Kelly Robinson from Tioga, Texas.

## The inappropriate sale of annuities & annuity scams

This information on cautions is applicable to most senior citizens. There are very many "financial planning" workshops and seminars put on by "salesmen" in the Texoma Region who promote purchases of the Annuities, Long term care insurance,

and often includes completely false information for Texas residents - such as issues involving loss of a homestead to fund nursing facility care and exaggerated costs.

By-pass trusts, Living Trusts, and other "insurance" items. It is often a fact that these free meal included presentations include many of the issues which are covered in this article. Much information can be provided is not entirely correct, is not provided if negative to the sale of their

Most seniors do not realize that there may be more options. Many disabled and/or older citizens do not realize that there is free help available in sorting through the maze of information if they will contact their Area Agency on Aging in Cooke County, the Area Agency on Aging benefits counselor can be reached at 1100 Lawrence - correct, is not provided if negative to the sale of their 940-668-1858.

## Muenster plans for UIL meet

Muenster Elementary coaches and students in grades 2 through 6 are preparing for the University of Interscholastic League (UIL) Academic Meet to be held on Nov. 30.

Lou Heers coaches 4th and 5th grade Art Contest. The contest involves the study of 40 paintings from the National Gallery of Art in Washington, D.C. and also from Texas art galleries and museums. As part of their study, students demonstrate an understanding of basic art history and concepts.

Jerry Eckart coaches Calculator Applications for grade 6. The Calculator Applications Contest stimulates the development of mathematical and calculator skills. Both intellectual and practical goals develop mathematical reasoning and knowledge and require the application of problem-solving skills toward realistic problems.

Jerry also coaches Mathematics for grade 6. This contest includes problems covering numeration systems, arithmetic operations, geometry problems, and algebra problems.

DaLana Chisam and Jerry Eckart coach Number Sense for grades 4, 5, and 6. In the Number Sense Contest students take a 10-minute mental math test that requires high-speed solutions of math problems.

Rosemary Dankesreiter

coaches grade 2 Creative Writing. The contest promotes creativity in an academic format and encourages writing skills at an early grade level. Through preparation for the contest, students learn to evaluate their own writing and the writing of others.

Kristi Schneider teaches students in grades 5 and 6 to compete in Dictionary Skills by using all elements of a dictionary and the information it contains to answer test questions.

Diane Endres, Rosemary Dankesreiter, Kim Budish, and Kristi Schneider prepare students in grades 3, 4, 5, and 6 for Ready Writing. In this contest the students choose between two prompts to define the audience and to provide a purpose for their writing. Students have 2 hours to write and edit their own work.

Students in grades 5 and 6 work with Diane Endres to prepare for the Listening Skills Contest. The students take notes as they listen to the contest script. They use their notes to answer objective questions and an essay tie breaker question. Jill Reiter prepares

students in grades 5 and 6 to compete in Music Memory. Students identify and correctly spell the names of classic selections and composers.

Coaches Patsy Fleitman and Danna Fredrick prepare students in grades 4, 5 and 6 to compete in Oral Reading. Students select and prepare a poem to be read within 6 minutes. Evaluation includes the student's overall speaking effectiveness, appropriateness of the material, and control of the presentation.

Good spellers in grades 3, 4, 5, and 6 sharpen their skills under the direction of coaches Amy Anderle and Deb Klement. Students print or write spelling words pronounced at five words per minutes. Twenty percent of the words come from an outside source and 80% of the words come from the current "A+ Spelling List."

Grade 2 and 3 students use recall, their own expression and insight to retell a story for an audience. Patsy Bayer coaches the Storytelling Team of 2nd and 3rd grade students.

Saint Jo will host the UIL Zone meet Nov. 30 for students from five area schools. The schools competing in the academic contests include: Alvord, Chico, Muenster, Petrolia, and Saint Jo.

## Student Council announced

The 2001-2002 school year at Muenster Junior High began with newly elected Student Council officers and representatives. Officers of the Council include Malcom Martin, president; Ryan Fuhrmann, vice-president; Dustin Wimmer, secretary; Kelly Endres, treasurer; and Megan Felderhoff parliamentarian.

Student Council representatives are the class officers. Seventh grade class officers and representatives include Brad Endres, president; Zach Swirczynski, vice-president; Jessica Walterscheid, secretary; and Melissa Cox, treasurer. Eighth grade class

representatives and officers include Derek Endres, president; Travis Felderhoff, vice-president; Michael Eckart, secretary; and Chris Steelman, treasurer. The Student Council officers were elected at the closing of the last school year, and the representatives were elected at the beginning of this school year.

In August Michael Hasseloff, a former Gainesville High School Student Council president, and Rachel Lively, a former Lindsay High School Student Council member, conducted a training session on the future challenges and responsibilities of being Student Council members. Hasseloff and

Lively concentrated on parliamentary procedure, constitutions, and suggested projects.

The Student Council has many projects planned for the year to promote spirit. They are currently working on updating the old Muenster School sign to identify the building as

Muenster Junior High. A planned service project is to adopt a needy family of Muenster at Christmas. The major fundraiser is the spring Book Fair.

The Muenster Junior High Student Council encourages student leadership skills and gives MJH students an organized forum for problem solving.

## School Lunch Menus

### WEEK OF SEPT. 10 - 14 MUENSTER ISD

Mon. - Tacos, lettuce, tomatoes, cheese, pinto beans, peaches, pumpkin bread.

Tues. - Chicken nuggets, creamed potatoes w/gravy, corn, pears, hot rolls.

Thurs. - Pizza: pepperoni or cheese, corn, tossed salad, strawberry applesauce, rainbow cake.

Fri. - Steak sandwich, trimmings, French fries, ice cream.

## AWANA Clubs resume

The AWANA Clubs will resume regular meetings starting with Kickoff Day this Saturday, Sept. 8, at Muenster Park from 4:00 p.m. to 7:00 p.m. This event includes the annual Scavenger Hunt and hot dog cookout. All AWANA Clubs, those interested in AWANA Clubs and their families are encouraged to attend.

AWANA Clubs is a spiritual training program for kids from pre-school through the 12th grade, which is designed to help kids meet Jesus and to memorize God's Word. AWANA is an acronym which stands for *Approved Workmen Are Not Ashamed*, taken from the Bible verse, 2 Timothy 2:15. The AWANA Club ministry is a nondenominational kids' club that provides a structure for youth to grow spiritually as they pass through the ranks. Uniforms and rewards are earned by memorization of Bible verses, and being prompt and prepared.

Clubs are specially adapted for each age level: Cubbies, 3-4 year-old boys and girls; Sparks, K-2nd grade boys and girls; Pals, 3rd-4th grade boys; Pioneers, 5th-6th grade boys; Chums, 3rd-4th grade girls; Guards, 5th-6th grade girls; Junior Varsity, 7th-8th grade girls and boys; Varsity, 9th-12th grade girls and boys.

The AWANA Clubs meet every Sunday evening at First Baptist Church,

Muenster. Clubbers are asked to check-in at 5:10 p.m. in the Fellowship Hall and will check-out at 7:00 p.m. Leaders and clubbers congregate for the Flag Ceremony, then divide into their respective clubs for Handbook Time, Game Time, and Council Time for awards, worship, and a Bible message. Regular meetings begin this Sunday, Sept. 9, at 5:10 p.m. All young people are encouraged to attend, regardless of their denominational affiliation.

Evening services at First Baptist Church will be held

for adults at 6:00 p.m. every Sunday evening, to coincide with the AWANA Clubs. This allows parents the freedom and convenience to come to a weekly Bible Study that is designed just for them as well. Our Bible teacher this year will be Gary Baird, past President of International Crusades, who currently serves as Executive Director of the Turtle Hill Lodge and Conference Center of Muenster. All are welcome!

For more information, contact Pastor Bill Ledbetter (759-2772) or (759-4668).

## Gerri Eckart honored by UIL for presentation

Mrs. Gerri Eckart recently received an honor from the University of Interscholastic League for a presentation that she gave at the UIL Academic Capital Conference held in Austin this past June. She was praised for her wealth of knowledge, her friendly manner, and her thorough preparation. Rhonda Sharp

Alves, Assistant Academic Director and Director of Elementary and Junior High Academics, said, "UIL cannot operate without volunteers willing to share their expertise and no one better embodies the spirit of volunteerism than does Gerri Eckart. I look forward to working with her in the future! It is obvious that

quality personnel are a priority at Muenster ISD." "We are extremely honored to have Mrs. Eckart as our media specialist for MISD and as a member of this community. She is a shining example of our 'Exemplary' school," stated MISD principal, Phil Newton.

All the flowers of tomorrow are in the seeds of today.

There are two lasting bequests we can give our children, roots and wings.

## Registration deadline for ACT is Sept. 21

College-bound high school students who need to take an entrance exam have two chances to register for the ACT before the Oct. 27, 2001 test date. The postmark registration deadline is Friday, Sept. 21. The late registration deadline is Oct. 5 (an additional fee is required for late registration). Students can get information from their school counselor or register online at [www.act.org](http://www.act.org).

ACT scores are accepted by virtually all colleges in the nation, including all Ivy League schools. The test fee is \$24 (\$27 in Florida). A

student's ACT scores are considered by colleges, along with several other important factors, for admissions and course placement. Other factors include high school GPA, college prep courses taken in high school, extracurricular activities, personal background and other information.

ACT's website has helpful information such as test locations, sample tests and the opportunity to order test prep materials. The ACT is given nationwide and is taken by more than one million high school graduates each year.

## Thank-you

We want to say a simple heartfelt thank-you to everyone for the kindnesses shown toward our family during Joyce's illness and now in our time of sorrow at her death. Whether you remembered Joyce in prayer, visited, offered assistance or comfort, your thoughtfulness is much appreciated.

A special thank-you to Father John Ohner, OSA for the comforting services, to Pam and David Fette, Christy Hesse, and Ruth Felderhoff for the lovely music, to the altar servers, to the CDA ladies for preparing the meal after the funeral, and the Muenster Knights of Columbus for the use of the hall.

We are grateful to all who attended the wake and funeral services, sent food, flowers, Mass offerings, donations, memorials, cards, etc.

Knabe hosts album-release party September in the Community Center

Mary Lin Knabe of Muenster will host an album-release party on Sunday, Sept. 9 from 2 to 4 p.m. at the Sacred Heart Community Center. The afternoon will feature entertainment and refreshments as well as sharing Christian fellowship. Albums, CDs and cassettes of Mary Lin's new release, "We Walk By Faith," will be available.

Mary Lin is the wife of Duane Knabe of Muenster. They have two daughters, Diana and Amanda.

Mary Lin has written many Christian songs, ten of which are on this album, through the love of Jesus that has so powerfully touched her heart and directed her life.

Her album will also be available at the following area stores: Tom Thumb, Sisters, Crafty Olde German, Muenster Antique Mall, and Divine Mercy in Denton.

## Edelweiss TeaHaus

We are now serving Breakfast from 6am to 10am, 7 days a week.

The menu consists of fresh fruit, several kinds of danishes, pastries, coffee cakes, and muffins. We will serve a flavored coffee of the day as well as regular coffee, juice or milk.

Join us and start your day in a relaxing way.

## Tigers defeat Era

The Tigers of Sacred Heart High School began the 2001 football season last Friday night with a big 20-12 victory over the Era Hornets.

"It was a game where our youth really showed on both sides of the ball, especially in the first half," noted Tiger Coach Kris Hogan. "But overall I am proud of the poise we were able to play with for four quarters." Offensively, Coach Hogan believed the Tiger backs ran hard, but did not protect the ball especially well. "Our offensive line played much better in the second half than in the first, so we have some things to work on in the coming weeks."

The Tiger offense was first on the field, but was unable to move forward, punting on 4th and 20 from their 13 yard line.

plays later, Era was in the end zone with a one yard run by Chancey Graves. The extra run failed for a 0-6 score with 4:10 remaining in the first half of play.

The Tiger offense struggled and punted. Another threat to score was stopped when Matt Donohue covered a fumbled ball on the Tiger 29. Sacred Heart ran out the remaining time to the mid-game break.

The teams exchanged a few punts, then the Tiger offense took control and moved the ball 53 yards with one Whitecotton and five Krahl carries, the final one good for 6 points. The extra kick failed for a 6-6 ball game with 5:20 left on the third quarter clock.

The Era fans rose to their feet when Josh Aljoe returned the Tiger kick 75

remaining in the game.

Things kept going the Tigers' way. A motion flag was followed by a Jack Biffle interception. Biffle returned the ball to the Hornet 9 yard line. Krahl ran it in on the first play from scrimmage for the score. Knabe's kick gave Sacred Heart a 20-12 lead with 6:21 still on the clock.

Era got off 6 plays before Michael Voth intercepted a pass near midfield. The Tiger offense controlled the last 5 1/2 minutes on the clock moving inside the Hornet 20 before allowing the clock to tick down to zero, and a Tiger 20-12 victory.

"Era did a nice job using an offensive attack they had not previously shown, and initially this was giving us some problems. Fortunately, we were able to adjust and

The Muenster Hornets scrimmaged the Gainesville State School last week in preparation for this Friday's game against Nocona. Last season, the Indians slipped a victory past Muenster. Action begins at 7:30 PM at Hornet Stadium. Janie Hartman Photo

## JV Tigers drop Hornets 12-0

The Junior Varsity Sacred Heart Tigers traveled to Era last Thursday to begin the 2001 football season, and brought home a 12-0 victory.

The Tiger offense started action with runs by Jeff Reiter, Andy Davis, and Aaron Walterscheid taking Sacred Heart to midfield, where they settled for a punt, sticking Era on their 15 yard line. The Hornets got in a few good runs, but a sack by Clayton

Truebenbach held the Hornets back, forcing a punt.

Three plays later, Era intercepted, ran a few plays, then lost yards with tackles by Davis, Daniel Bartush, and Wes Wimmer.

From their own 43, Sacred Heart's offense worked on the clock, moving down field with runs by Reiter, Davis, and Walterscheid, taking 13 plays to drive 57 yards, the final play a quarterback

keeper by Walterscheid to score. The extra run failed for a 6-0 score with 2:55 remaining in the first half.

Era attempted to run, but tackles by Reiter, Adam Taylor, and Matthew Fleitman ended the half with a 4th and 18.

Era controlled the ball, picking up two first downs before flags forced a punt. The Tigers moved from the 50 to the 20, then fumbled. Era moved down field inside the Tiger 20 yard line, but the drive was stopped when Wes Wimmer covered a loose ball, giving Sacred Heart possession on their 22 yard line.

Ten runs by Reiter and Davis moved the ball to the one yard line. Another keeper by Walterscheid was good for 6 points. The extra points pass failed for a 12-0 score with 1:20 remaining in the game. Any threat of Era scoring was stopped by two Wimmer sacks.

Sacred Heart's leading rusher was Jeff Reiter with 21 carries for 109 yards.

SH running back Thomas Whitecotton keeps the Era defense at arm's length for a gain early in Friday's game. Dave Fette Photo

Era, beginning at midfield, threatened to score, but a loose ball was covered by Chris Hoedebeck, giving Sacred Heart possession on their 14 yard line. Runs by Johnny Krahl and Thomas Whitecotton took the ball to the 41, where the Tigers were forced to punt.

The Hornets carried the ball into the second quarter, getting inside the Tiger 25 before Sacred Heart halted the drive. Two plays later Carlos Saavedra covered the ball for Era on the 20. Six

yards for a touchdown. The PAT was wide for a 6-12 Hornet lead.

The Tigers' next drive ended early when Aljoe covered a loose ball, but several plays later Whitecotton recovered at midfield for Sacred Heart.

Runs by Krahl, Whitecotton, and Paul Bartush carried the Tigers to the 5 yard line. A quarterback keeper by Bartush tied the game 12-12. John Knabe's kick returned the lead to the Tigers 13-12 with 6:54

really tighten up defensively as the game progressed," commented Hogan. "The offensive touchdown they got, came after we fumbled them the ball on our own 18 yard line, so I'm pleased with our defensive performance, but of course I anticipate getting better every week."

### Dove Hunting Notes

Texas boasts a fall dove population of more than 40 million birds, more than half of which are produced annually. In addition, several million more migrant doves from bordering states to the north make their way across Texas each fall. Last season, nearly 400,000 Texas dove hunters spent a combined 1.2 million days afield and took 4.5 million birds.

**RULES:**

- Only one entry per person per week. Persons entering must be 12 years old or older.
- The page of schedules, results, predictions, pictures and the contest itself is supported by advertisers appearing here. Each ad contains a scheduled high school game for Friday or Saturday of the week of publication. Read each ad and pick the winner, listing your choice on the official entry form. Forms other than from original newspaper will not be accepted.
- In order to determine the prize winners in case of ties, you must predict the score for the tiebreaker game. Closest to the final score wins the tie.
- Print your name and phone number clearly in the space provided.
- Deliver the contest entry form to The Muenster Enterprise BEFORE 5 P.M., FRIDAY, the week of publication. Mailed entries will be accepted only if postmarked before Friday 5 P.M. Address for mailing entries is P.O. Box 190, Muenster, Texas 76252. Entries received late because of postal delay will be counted for the grand prize, but may not be eligible for the weekly prize.
- The weekly winner will pick up their prize at the Muenster Enterprise each week on or after Friday of that week.
- To be the grand prize winner, a contestant must enter every week. Contest will continue as long as either Muenster team remains in play. Winner of the \$100.00 grand prize will be determined by the best winning percentage throughout the contest after the lowest score is thrown out.

**We need your help to make the Football Contest a success! We may be contacting you next week for your support!**

# Jacksboro scratches Knights

The Lindsay Knights opened their 2001 season last Friday night, hosting the 2-A powerhouse Jacksboro Tigers. "The boys play with a lot of effort," stated Coach Charlie Meurer about the Knights. "We made lots of errors, but with an open week we can work on these things."

A fumble and a bad snap assisted the Tigers in defeating the Knights 28-6. Lindsay's offense began action at their 20 yard line. Two plays later a fumbled ball gave Jacksboro possession on the 18 yard line. A pass play quickly moved the Tigers to the 8, but tackles by Ryan Kasparek, Adam Anderle, and Josh Goldsmith put the ball in a 4th and goal situation on the 4 yard line. Jacksboro settled for a field goal to take an early 0-3 lead.

The Knight offense again struggled, losing yards instead of gaining, punting on 4th and 15. A sack by Brandon Ferguson, an incomplete pass, and a screen pass tackle by Anderle forced a punt after a 10 yard loss. Runs by Arendt and Horner gained only 6 yards, and the Knights booted the ball back to the Tigers. Both offenses saw action before time expired for the half-time break. Two big plays to start the third quarter extended Jacksboro's lead to 0-15 with 9:48 remaining on the clock. Again the Knights struggled offensively, punting, then allowed the Tigers to return the ball to the 14 yard line. Three short runs and Jacksboro took a 21 point lead. The Knights got a good run from Anderle, then lost yardage. The attempted

Arendt and Anderle and a pass to Trinity Otto took the Knights to the four yard line. With 4:34 on the clock, Anderle ran the ball into the end zone for 6 points. The PAT pass failed for a 6-28 score. Jacksboro ran eight plays and ran out the clock. Coach Meurer noted that the Knight offense had problems carrying out their blocking assignments, causing too many loss of yards plays, keeping Lindsay out of the end zone.

The Knight offense lost yards on their second attempted drive and punted. The Tigers moved the ball down field, getting two good pass completions. On first and goal, a loose ball was covered by Rhett Rimmer giving the Knights possession on their 2 yard line.

A 65 yard break-away run by Anderle quickly moved Lindsay to the Tiger 33 yard line. Short runs by Chris Horner, Keith Dieter, and Tommy Arendt couldn't combine the needed 10 yards, giving the ball back to the Tigers on the 25 yard line. Jacksboro ran the ball into the second quarter mixing ground and air attacks against the Knights. A 34 yard touchdown pass gave the Tigers a 0-9 lead with 10:24 on the first half clock.

punt saw a high snap go over the punter's head, setting up the Tigers' next touchdown. Four runs, 33 yards and Jacksboro had a 28 lead with 1:52 remaining in the third period. The teams exchanged punts, then the Knights began their final drive at their 35 yard line. Runs by

## Hess and Haverkamp's performances for Carroll noted in Metroplex papers

Two "Muenster kids" were recognized in Saturday's *Dallas Morning News* for their performances on the football field last Friday night. The article, "Carroll sacks Wichita Falls" explains the play that turned the game around for Southlake Carroll. With less than 8 minutes to go, defensive tackle Cody Hess, son of LeeRoy and Colleen Hess, assisted in a "pancaked" quarterback sack, causing a fumble that was picked up and ran for a touchdown. Also adding to the 28-14 Carroll victory was leading rusher, Kody Haverkamp, who carried 16 times for 63 yards. Kody is the son of Roger and Monica Haverkamp and grandson of Mickey and Benny Haverkamp and Jake Schilling.

Haverkamp also was pictured, in color, on the front page of the *Star Telegram Sports*, then blown-up in black and white in the center of page one of the Game Day High Schools section. Hess again got credit for

his sandwiched sack in the Fort Worth edition. Attending the game at Wichita Falls from Muenster were Ted and Carol Henscheid, Cotton Evans, Benny and Micky Haverkamp, and Jake Schilling.

## Intoxicated boaters could lose license under new TPW law

Boating-while-intoxicated (BWI) offenders beware: refusing to submit to an intoxication test -- either a blood sample or a breathalyzer -- may result in an automatic driver's license suspension of 180 days. Beginning Sept. 1, 2001, Texas Parks and Wildlife game wardens and other marine safety enforcement officers will be authorized to confiscate the driver's license of persons suspected of BWI who refuse an intoxication test. This applies to operators of watercraft with engines that have a manufacturer's rating of 50 horsepower or more. "We are determined to keep BWI violators off the water not only to keep other boaters safe but to stop a BWI from turning into a DWI down the road," said Dennis Johnston, TPW director of water safety enforcement. Under the new legislation, BWI offenders

who do not submit to an intoxication test will be issued a temporary driving permit valid for 40 days. The provisions do not apply to offenders who willingly undergo a sobriety test and fail. Legislation effective Sept. 1, 1999, lowered the blood alcohol content standard from 0.10 to 0.08 percent for boat operators as well as automobile drivers. Any boat operator who appears to be under the influence or who has a blood alcohol content of 0.08 percent or greater may be arrested. "We suggest that boaters simply leave the alcohol at home," said Johnston. "Most people wouldn't load up a chest full of beer before hitting the road, and they should look at boating the same way." For more information concerning the new laws, contact Johnston at (512) 389-4628 or visit the Texas Parks and Wildlife Web site (<http://www.tpwd.state.tx.us/boat/boat.htm>).

## Hunting regulation errors noted in Outdoor Annual

Hunters will notice a change in the way game regulations are presented in this year's 2001-2002 Texas Parks and Wildlife Outdoor Annual. What they might not notice are a few errors that appear in the booklet, which became available Aug. 15 when new licenses went on sale. To ensure hunters and anglers are legal in the field, states David Sinclair, TPW director of wildlife enforcement, sportsmen should be aware there are a few cases of inaccurate information in the new Outdoor Annual. The following are some of the revisions that should be noted before going afield this fall:

- Applications for the two new hunt categories in the Big Time Texas Hunts program may not be purchased through license vendors. Entries in the Texas Heritage Hunt and the Texas Premium Buck Hunt must be mailed in to TPW and are available

online ([http://www.tpwd.state.tx.us/hunt/pubhunt/bgtime\\_entry.htm](http://www.tpwd.state.tx.us/hunt/pubhunt/bgtime_entry.htm)) or by calling 800-792-1112 and requesting an application from the wildlife information help desk (menu option 5).

- Some counties in the one-buck-only zones were incorrectly noted in text appearing with a statewide map listing of white-tailed deer regulations. Instead of the repetitive and lengthy text listing of hunting regulations for each of Texas' 254 counties that has appeared in the Outdoor Annual for years, TPW created a common alphabetic key system with accompanying maps. The one-buck-only counties that are divided in to West and East zones should include counties labeled B, C, D, E, F, G, I, L, and M.
- In the section outlining general season white-tailed deer regulations for D counties, hunters in Grayson county should be

aware that antlerless deer may be taken by Managed Land Deer permits only, except on the Hagerman National Wildlife Refuge. "In an effort to help hunters and anglers, we made the booklet more user-friendly this year by going to a graphics-based format," Sinclair said. "If you aren't sure about a regulation or have conflicting information, contact your local TPW game warden or call toll-free at 800-792-1112, prior to going hunting or fishing."

**Fall theater classes offered at Butterfield Stage**

Butterfield Stage's 2001-2002 youth theatre programs begin, offering young people from 6 years of age to young adults the opportunity to develop and enhance their communication skills and creative talents. Once again the theatre will be offering semester classes, showcase and mainstage performance opportunities, and Company auditions and classes. Directing program initiatives will be Butterfield Stage's Youth Theatre Director, Pat Adams.

Classes scheduled for the fall semester include: **Creative Dramatics**, for youths 6-8 years, to be held on Tuesdays from 4-5 p.m.; **Young Performers**, for youth 9-11 years, scheduled for Mondays from 4-5 p.m.; and **Teen Acting Class**, for youths 12 years - young adult, to be conducted on Mondays from 5-6:30 p.m. Classes are conducted for a period of eight weeks and focus on improvisation, scene development, and performance skills. At the semester's conclusion, an acting showcase is presented featuring the students' work.

Class size is limited, so early registration is encouraged. Tuition is \$50 for BSP members and \$60 for non-members. Class applications are presently being accepted, and parents and guardians may register their child by mail (P.O. Box 251, Gainesville, TX 76241) or in person at the theatre (201 S. Denton) Monday - Friday from 10 a.m. - 1 p.m. and 2 - 4 p.m.

For more information concerning the fall theatre classes or other 2001-2002 activities, contact the theatre at 940-665-8152.

# Farm & Ranch

## TFU: farmers victims of tax cuts - again!

The U.S. Office of Management and Budget's (OMB) Midsession Review, released by the administration shows the budget surplus that fueled the recent tax cut has eroded, along with opportunities to provide adequate funds to implement policies needed by farmers, ranchers and rural America.

According to the OMB review, "The costs of the farm bill now moving through Congress, which restructures farm programs through the next several years, will have to be offset through savings in other federal programs, a prospect that is not easily accomplished."

"While the administration promoted a tax cut that mostly benefited the wealthy, it rejected needed funds for agriculture in the recently-signed assistance package and now threatens the viability of future farm programs," Texas Farmers Union President Wes Sims said. "We need Congress and the administration to pay added attention to the needs of America's family farmers and ranchers."

Stalled economic growth

and the largest tax cut in history have resulted in a reassessment of budget surplus projections that could limit additional spending for domestic agriculture programs provided for in the 2002 budget resolution. The political reality is that Congress may not be willing to approve a farm bill that will in fact be raiding Social Security and Medicare.

"Unfortunately, this outcome was predicted by many prior to the passage of the tax bill," Sims said. "This action will make it extremely difficult to establish meaningful farm legislation that provides new market opportunities and an improved economic safety net for farmers and ranchers."

## Horse barn design and construction workshop

The Denton County Extension Horse Committee will host a horse barn design and construction workshop on Sept. 15, beginning with registration at 8:45 a.m.

The workshop will take place at the Denton County Carroll Courts Building, 401 W. Hickory in Denton. Parking will be at the building's lot at Mulberry and Carroll Blvd.

"The clinic will cover building topics involving wood frame and steel construction, modular construction, and wood barn construction," said Rebecca Parker, Denton County Extension agent. "Participating barn builders will provide exhibits and handouts for those attending," Parker said. Speakers will cover such topics as site planning, construction materials, design and ventilation, as well as pros and cons to the various types of construction. The program will end at noon. Cost for attending is free; however, attendance will be limited to 100.

To pre-register or for more information, call the Denton County Extension Office at (940) 565-5535, Metro (972) 434-2052 or e-mail r-parker@tamu.edu.

## Ag Briefs

One way to improve gains and cattle performance is by offering livestock tank water. Tank water is preferred by cattle and can be healthier, according to forage specialists. Ponds and streams are "polluted" when cattle wade into the water, stirring up mud and depositing urine and manure.

Young steers were noted gaining an extra 3/10 to 4/10 of a pound per day drinking tank water.

The maturity of a plant is just one factor in putting up good silage. Moisture, the speed of harvest, chop length, distribution and compaction all require attention when preparing silage.

Moisture testing is the most accurate way to determine whole-plant moisture. If harvested too wet, too early, energy is lost. Too dry, excessive heating occurs, feeding on yeast and mold problems.

To recover from drought, grass and forage plants require rest and water. Some locations may need interseeding or reseeded. If pastures do need seeded, follow these tips:

- Be sure the area is suitable for seeding.
- Choose plants adaptable to the area.
- Kill the weeds and prepare a seed bed.
- Plant mixtures of species to reduce the risk of plant failure.

Devan Sicking, with his father Alan Sicking, took part in the "parade" at the annual Cooke County Antique Farm machinery Show last weekend in Lindsay on an old John Deere tractor. Photo by Janie Hartman

## County Agent's Report

by Craig Rosenbaum

A meadow of wildflowers ... depends on your perspective.

### OAT TRIALS

Oats have not been under cultivation as long as the other cereal crops. The common oat appears first to have been found growing wild in regions of Western Europe; from there it spread to various parts of the world.

Oats are not native to the Americas; like all other cereals but corn, they came into North America through two routes. The first was with Northern Europeans, who used oats as a grain and forage crop for livestock and, to a lesser extent, for human food. No doubt many of them brought seed of oats with them as they settled along the east coast to form the new Colonies.

The three major hazards of oat production in Texas are drought, low temperature injury, and disease. All are unpredictable and may cause serious damage in any season.

Drought periods most seriously affecting oats occur in the fall, interfering with seeding and crop establishment, and in the March-April period when the grain crop is heading.

Spring-type oat varieties are damaged to varying degrees by temperatures of twenty (20°) - thirty (30°) degrees Fahrenheit. When the winter type varieties were introduced, they not only usually survived fall seeding, but also provided winter pasture and grain.

Winter-killing of the small grains in Texas is influenced by variety, degree of hardening before the freeze, soil moisture and fertility, and temperature fluctuations. Oats need cold fall temperatures to harden plants. Our freeze damage comes when we have those eighty (80°) degree fall days and then the twenty (20°) degree blizzard blow in on a tender crop. Russell Sutton, experiment station research scientist, feels the Dallas, Secretariat 495, and Harrison varieties are the most cold tolerant for us here in North Texas.

The more important diseases which may attack oats in Texas causing minor or serious losses are leaf (crown) rust, stem rust, Victoria Blight, smut, septoria, and yellow dwarf. The rusts rank first in potential losses to the oat crop because infection frequently takes place in the fall in South Texas and Mexico and, under favorable conditions may develop in to major epidemics spreading throughout Texas and into the Northern states. Crown rust can happen but

generally it is not a threat this far north. Most of the newer varieties are not resistant but are tolerant to yellow dwarf virus.

Oats are probably damaged less by insects than most crops. The greenbug, an aphid which can reproduce at low temperatures of the winter months, often causes local and sometimes widespread damage to oats and other cereals. This and other aphids may transmit a virus causing the Yellow Dwarf disease.

However, one insect we do see that prefers oats is the winter grain mite. Winter grain mites tend to be repeat visitors to the same fields. If you had them last year, look for them again this year.

Nearly all the oat grain produced in Texas is used for home livestock feed or is sold to local mills; eighty-five (85%) percent of the United States production of oat grain is used for feed. Oats make one of the best concentrate feeds for breeding stock of all kinds. Oats have about the same protein content as grain sorghum and barley but do not have as much as wheat.

The value of oats as a winter pasture for livestock was recognized as soon as the winter-type oat varieties were introduced.

Hay production is generally better than wheat. Tallest varieties include Harrison, Secretariat 495 and 811. But, all tend to produce a great deal of forage.

And, oats have little to no vernalization requirements so they can be planted as a spring crop for small grain production or hay. Most spring planted oats are seeded before February 15, and the earlier - the better.

Listed below are the oat variety trials conducted this year on the Carl Enderby Farm at Era. The TAMO 397 variety is a little tender for us in North Texas and can receive severe winter damage.

## Ag Briefs

A 16 page booklet, Grass: the stockman's crop and how to harvest more of it, is available to producers. It tells how to graze and not to graze grass, how to set up multiple pasture grazing rotations, and other information, including controlling brush and weeds. Send \$4 to Forage Contest Booklet, 1716 Locust/LN424, Des Moines, IA 50309-3023 to receive a copy.
