

Sacred Heart varsity cross country runners ran over a slippery course in Waco Saturday at the state TAPPS meet. Jon LeBrasseur (left) coached the ladies first place team, Courtney Hartman, Kristen Zimmerer, Kate Sepanski, Elizabeth Fette, Grace Cochran, Melanie Bartush, and Catherine Bartush. Running in the men's division were Michael Miller, Dan Bartush and Zach Barnhill. Photo by Dave Fette

## Tigerettes win Cross Country State Championship in Waco

The Sacred Heart Tigerettes took the TAPPS 2A Cross Country State Championship last Saturday, running at Baylor University in Waco. "I was real pleased with everyone's performance," said Coach Jon LeBrasseur. "It was a challenge - rain, hills, and lots of mud." The coach also bragged on seniors Grace Cochran and Melanie Bartush. The Tigerettes took the

championship with only 18 points, out-pacing second place Lifestyle Christian with 85. Sacred Heart's seven runners were in the top dozen finishers, with the first five taking the top six places. Winning the gold was Grace Cochran with a time of 13:59. Kate Sepanski finished 2nd at 14:04, followed by Catherine Bartush at 14:26, and Melanie

Bartush at 14:42. Kristen Zimmerer came in 6th with a time of 14:43, Courtney Hartman 10th at 14:45 and Elizabeth Fette 12th clocking in at 14:57. Three Tigers competed at state, with Daniel Bartush finishing with a time of 20:14 for 3rd place. Zach Barnhill was 36th at 24:39 and Michael Miller 46th at 28:33.

## Cooke County adopts new Nuisance Abatement Program

by Janet Felderhoff  
Unincorporated areas of Cooke County are now subject to the policies and procedures of the county's Nuisance Abatement Program. It was approved by all five members of the Commissioners Court at the Oct. 23 meeting.

Public nuisance is defined as follows in the county program:  
(1) Keeping, storing, or accumulating refuse on premises in a neighborhood unless such refuse is entirely contained in a closed receptacle.  
(2) Keeping, storing or accumulating rubbish or any unused, discarded, or abandoned object, including newspapers, vehicles, refrigerators, stoves, furniture, tires, and cans, on premises in a neighborhood for 10 days or more, unless the rubbish or object is completely enclosed in a building or is not visible from a public street.  
(3) Maintaining a premises in a manner that creates an unsanitary condition likely to attract or harbor mosquitoes, rodents, vermin, or disease-carrying pests.  
(4) Allowing weeds to grow on premises in a neighborhood if such weeds are located within 300 feet of another residence or commercial establishment.  
(5) Maintaining a building in a manner that is structurally unsafe or constitutes a hazard to safety, health, or public

welfare because of inadequate maintenance, unsanitary conditions, dilapidation, obsolescence, fire hazard, disaster damage, or abandonment.  
(6) Any other situation or condition defined as "Public Nuisance" pursuant to Section 343.011, Health and Safety Code.  
(7) This section does not apply to a site or facility that is permitted and regulated by a State agency or to agricultural land as defined or is qualified for tax appraisal under Subchapter C or D of Chapter 23 or the Texas Tax Code.  
To clarify the above the following definitions are among those included:  
• Neighborhood means a platted subdivision; or property contiguous to platted subdivision and within 300 feet of a platted subdivision.  
• Garbage means decayable waste from public and private establishments and restaurants, including vegetable, animal, and fish offal and animal and fish carcasses, but does not include sewage, body waste or industrial by-product.  
• Public Street means the entire width between property lines of a road, street, way, thoroughfare, or bridge if any part of the road, street, way, thoroughfare, or bridge is opened to the public for vehicular or pedestrian traffic.  
• Rubbish means

nondecayable waste from a public or private establishment or residence.  
• Refuse means garbage, rubbish, paper, and other decayable and nondecayable waste, including vegetable matter and animal and fish carcasses.  
• Weeds means all rank and uncultivated vegetable growth or matter that has grown to more than 36 inches in height or regardless of height may create an unsanitary condition or become a haborage for rodents, vermin or other disease carrying pests.  
Cooke County Sheriff's Office Environmental Officer Larry Lange was appointed by the county as the director of this program and is responsible for its administration. A penalty can be imposed for an offense if after 30 days from notification the nuisance, it remains unabated. To abate is defined as, "to eliminate a nuisance by removal, repair, rehabilitation, or demolition".  
An offense under this order is a misdemeanor punishable by a fine of not less than \$50.00 and not more than \$200.00. According to the abatement program, if it is shown at the trial of the defendant that the defendant has been convicted of an offense for this section within two years of the date of that the offense occurred, the

## Lewis, Rust vie for office of Precinct #3 Commissioner

by Janet Felderhoff  
Incumbent Jerry Lewis of County Road 321, Valley View is being challenged by Frank Rust, age 51, of Era for the position of Precinct #3 Commissioner. Lewis has served in the Commissioner position for a number of years and raises cattle in his after hours time. Rust is employed as a manager for Justin Seed Company and he and his family raise registered paint and quarter horses.

Qualifications Lewis lists to serve as commissioner include his years of experience and hundreds of hours of continuing education through classes he attended at Texas A&M and at seminars with speakers on topics from building roads to laws county commissioners are faced with all the time. He said he's seeking re-election because, "I enjoy what I'm doing. I think I'm good at what I do and I enjoy serving the people." He stressed that he doesn't mind people calling him when they have a problem. "That's why you see my telephone number," he explained. "I'm at the courthouse, the county barn or at home. You can call me any time."

that was budgeted for road projects in previous years and will use that to make improvements. He also has more money budgeted for this year for road projects. Asked how he felt about expanding the present jail or building a new facility, Lewis referred to a study done by a committee appointed for the purpose by Commissioners Court. It was made up of two commissioners, the sheriff, and four tax payers. "It was their recommendation that we add on a low risk barracks type facility to house 48 low risk inmates," he noted. "They estimated at the time that this facility would cost \$250,000 to \$350,000. One jailer can supervise the 48 low risk inmates." Lewis said that estimates for a new jail with 192 beds would be 4 1/2 to 5

million dollars. Commissioners Court has already budgeted for the barracks type facility. "If it costs what they estimated it to be," said Lewis. "It could be higher, you never know. Just because you estimate it at that ... If we put in a kitchen or laundry because we may have to please the Jail Standards people."  
Cooke County is growing rapidly. Lewis was asked if he has any ideas on how to control this so that the county doesn't have problems due to no plan. "The only thing we have control over is the subdivision regulations and we do have those strict," he remarked. "As long as you meet our subdivisions regulations and there's ample water there, you can do it. Subdivisions regulations are set out by the

Jerry Lewis

Frank Rust

duties at the Commissioners Court to set the budget of the other elected officials such as your county clerk, district clerk, county judge, and the sheriff's department." According to Lewis the Commissioners Court has no power to make laws or ordinances except for subdivisions and septic tanks. "Something I do which is not a responsibility, I wouldn't have to do, I sit on the Texoma Council of Governments for the Commissioners Court. I'm their representative. I'm also the president of the Cooke, Fannin, Grayson County Juvenile Detention Center and Boot Camp."  
Rural roads have taken a beating during the past several years due to lack of rainfall. Lewis was asked if he had a plan to improve them now that

the county has had a good rain. "We've been bladeing roads and hauling gravel. Dry weather is worse on roads than wet weather. Rural roads really take a beating in dry weather because nothing holds the gravel and they just blow away. If you go up and down the roads now you'll see black spots until we blade them two or three times and add a little rock in different places." Lewis said it takes about four days to get around to all of the roads in his precinct. Roads always blade good the first two days so Lewis alternates where the crews start to give all roads an equal opportunity.

Lewis continued, "I would have gotten a lot of paving done if it wouldn't have been for the dry weather. I had to put it back because of the dry weather. It probably takes

500,000 gallons of water to pave about a mile of road. It takes a lot of water." Lewis said that he saved the money

## Candidates meet in Gainesville forum

The League of Women Voters of Gainesville held a candidates forum last Thursday at the First Christian Church. Incumbent precinct 1 constable David Tharp (left) argued his contention that being constable is a full time job with challenger Brand Webb. The Enterprise featured this race in a story in the October 13 issue.

Frank Rust (left) brings experience in business and community service to the race to unseat veteran precinct 3 commissioner Jerry Lewis. Lewis cites his extensive job experience and volunteer leadership. Rust wants to put more emphasis on preparing for the future population expansion of the county. Janet Felderhoff writes an extensive comparison in this issue. Photos by Dave Fette

## Burn ban lifted for a moister Cooke County

by Janet Felderhoff  
Long awaited rains arrived in Cooke County just in time to avoid the need to re-instate a burn ban declared by County Judge Bill Harris on July 18. It was effective for 90 days unless lifted earlier by action of Commissioners Court. At the Oct. 23 meeting, Commissioners voted to lift the burn ban. Lifting the ban was requested by the Cooke County Firefighters Association. Association President Mike Selby of Era reported that he'd spoken with several of the other fire chiefs and lifting the ban was requested. "With the contention that if it does turn off dry again the ban be re-

instated." Selby asked that people who decide to burn brush, etc. let the Sheriff's Department know when and where so that the volunteer firemen don't have to leave their jobs to respond to a false alarm. He said to use the non emergency number of 665-3457. "Don't burn on windy days," was another caution urged.  
Judge Harris remarked, "I want to take this opportunity on behalf of the entire Commissioner Court to say these firemen in Cooke County have done a wonderful, tremendous job that we are so grateful for. Thank-you so much."

Cooke County Sheriff Mike Compton (left) was met in the forum by Johnny Koonce who plans to initiate 24 hour patrolling throughout the county with the existing deputies if he is elected sheriff. Compton said he needs more officers while Koonce wants to cross train jailers. The Enterprise carried the contest story last week.

Challenger Anthony Ward (left) seeks to beat Jodie Vance for the job of Constable of Cooke County precinct 4. Vance says his strength is in his familiarity with the courthouse and training on the job. But Ward has extensive law enforcement experience in many areas. A major feature covered this contest in the October 13 Enterprise.

# Muenster ISD Board meets October 11

The Muenster ISD Board met on Wednesday Oct. 11 in regular session. The board reviewed, discussed, and considered several items presented on the agenda.

Superintendent Clyde Steelman gave his monthly report which consisted of a half dozen items, including:

- The Muenster ISD WEB page is being updated and reconstructed by Jerry Eckart's class and should be all functional by November.

- Muenster High School, Junior High, and Elementary campuses have joined the Effective Schools Project presented by Tarleton State University. The programs offered help to school districts "to improve their curriculum and to take an objective approach to improving any problems."

- Mary Dangelmayr presented to the board plans for a High School Rodeo Club which the board later approved.

- Becky Scott, through the Jason Project, brought to the board's attention the possibility of a junior high science trip to Palo Duro Canyon.

Items discussed and

considered by the board included:

- Acceptance of the transfer agreement between Muenster ISD and Sivells Bend ISD.

- Bus routes have had some changes to deal with child safety issues brought to the board's attention at a previous meeting.

- Decision on air conditioner for bus was tabled.

- The board will be looking at master plans after interviews from Claycomb & Associates of Dallas and Huckabee and Associates of Fort Worth. The two architects were interviewed Wednesday night, Oct. 25 at a special called meeting with the board.

- The results of an earlier preliminary report were to be studied to decide which campus problems take priority to be taken care of. "We are looking for a master plan that will go down the road for years," noted Steelman.

- The board hired Rudy Koesler on a 9 month contract, due to retirement last year.

- The board discussed the long-range planning, which included six programs, which were listed in the newsletter sent out to all Muenster residents.

# Knights of Columbus raffle off 4-wheeler on Dec. 16

The Knights of Columbus will raffle off a Polaris 325 Magnum 4-Wheeler on Saturday, Dec. 16 at the KC adult Christmas party. The 4-wheeler raffle is being conducted to raise money to be used for local charities.

As with all charity work, there is a need to raise funds. This raffle is one way the Knights of Columbus in Muenster can contribute to carry on this good work.

The Knights of Columbus have had a long tradition of charity work such as the ABBA Women's Center, Relay for Life, teeball and softball uniform t-shirts, charitable use of the hall, Charter Member of both Girl Scouts and Boy Scouts of Muenster, special needs of the schools and religious ed programs, the Texas State charities, Apostolate for the Deaf, and many other local special needs.

There will be no more than five hundred tickets sold for the 4-wheeler raffle. The ticket will get the ticket holder in to the party with a chance to ride away on a new ATV from the Knights of Columbus and Gainesville Power Sports.

There are still plenty of tickets available from the Knights. Tickets are only twenty tax deductible dollars each. For tickets contact John Walterscheid 759-4732, Tommy Felderhoff Jr. 759-4884, or stop by the KC Club during club hours.

## NOTICE

Daylight Saving Time ends Sunday, October 29, 2000. Remember to set clocks back one hour Saturday night, regain that hour of sleep, and be on time for church Sunday morning.

## NUISANCE

continued from pg. 1

defendant shall be punished by a fine of not less than \$200.00 nor more than \$1,000, by confinement in jail for not more than six months, or by both.

A person who receives a Notice to Abate a Public Nuisance may request a hearing which will be scheduled by the Cooke County Commissioners Court. This hearing is to determine whether a public nuisance exists and whether State law and County policies and procedures have been followed in investigating and determining the existence of a nuisance and in notification of the appropriate person.

Precinct #2 Commissioner Bill Cox remarked before the vote, "In my opinion we do need something. This is something different, something new for Cooke County, but I think that we need to do more to get Cooke County cleaned up."

Cooke County Sheriff Mike Compton said of the proposed interlocal agreement for jail services between Denton County and Cooke County, "It's the closest in prices. It's reasonable and the contract is pretty standard. One of the best things about it is they're close." The Court has approved the agreement 5-0.

Hiring Phyllis Griffith to fill the vacated position of 4-H Agent in the County Extension office was approved 5-0.

Evelyn Yeatts introduced Griffith as a resident of Gainesville. She had formerly taught Home Ec in Oklahoma.

In other business conducted at Commissioner Court:

- Public official bonds were approved for Cooke County Sheriff's department employees Michael Melton, Dave Province, James Mass, Shirley Miller, and James Carter.

- Approved final plat of Marshall's Place Subdivision, lots 1-4, located in the north side of Shady Lane in Precinct #2.

- Approved Southwestern Bell's request to install a buried cable at CR 123 for approximately 9,500 feet and CR 148 for approximately 3,900 feet.

- Approved a request by Southwestern Bell to install a buried cable at CR 123 and CR 178 for approximately 8,100 feet.

- Approved request by Southwestern Bell to install a buried cable at the intersection of Hwy. 678 and CR 140 for approximately 10,100 feet.

- Tabled awarding bids on galvanized metal pipe until further comparison on multiple sizes and prices.

- Awarded bids for crushed base rock to Mountain Creek Sand & Gravel, Ricky Erlanson of Gainesville, J. R. Thompson, Inc., and Smith Crushed Stone of McKinney.

## OBITUARIES

### Virgil John Streng 1928 - 2000

Virgil John Streng

Virgil was employed in oilfield work in local counties and later, his employment took

him to the South Texas area, later settling in Sonora.

He is survived by his wife, Naomi of Sonora, Texas; two daughters, Melissa Archipolo and Bunny Streng, both of San Angelo; two stepsons of Sonora; and four grandchildren. Also five sisters, Sylvia Wood of Pennsauken, New Jersey, Frances Chantre of New Waverly, Texas, Laura Witte of Fort Worth, Stella Philipp of Gainesville, and Clara Brown of Fort Worth. He is also survived by several aunts, uncles, and numerous nieces and nephews.

He was preceded in death by his parents, an infant sister, and an infant son.

Local relatives and friends attended the services.

### James R. Clements 1921 - 2000

James R. Clements

was a 4-H Club leader, and was named Texas Farmer of the Year in 1972 and was listed in 'Who's Who In America.'

He was a member of the Knights of Columbus, and St. Peter and Paul Catholic Church, where he was a Eucharistic Minister.

Survivors are his wife,

Evelyn Clements; four sons James F. and Michael J. both of Dumas, Brice Patrick of Colorado Springs, and L. Edward of Keller. Also two daughters Susan McDowell of Sunray and Michele Gibson of South Lake; two brothers John Clements of Crowley and Steve Clements of Fort Worth; two sisters Anne Sterling of Albuquerque and Helen Smith of Big Spring. Also 14 grandchildren and four great-grandchildren.

Preceding him in death was a daughter Annette Guidry in 1994.

Mass of Christian Burial was offered in Saints Peter and Paul Catholic church on Wednesday, Sept. 27, officiated by Father Richard Scully, pastor. Burial followed on Thursday at 10:00 a.m. in Crowley Cemetery of Crowley.

The family suggested memorials sent to Disciples of The Lord Jesus Christ, Prayer Town, Box 18, Channing, TX 79618.

### Virgil Lloyd Tucker 1927 - 2000

father John L. Tucker of Gainesville; a daughter and son-in-law Renae and David Lemmons of Sanger; a number of nieces, nephews and cousins; and two sisters Joyce Rigler of Gainesville and Marie Lambert of Houston.

Preceding him in death were his mother, Leona Tucker in 1980; and his brother John L. Tucker, Jr. on Oct. 19, 1999.

Services were held Saturday, Oct. 21 at 2:00 p.m. in Geo. J. Carroll Chapel, officiated by Rev. Hollis

Parsons. Burial in Fairview Cemetery was directed by Geo. J. Carroll and Son Funeral Home. Pallbearers were Mark Brazelton; Danny Howard; Jim Hacker; Rick Mercer; Jacob Blount; and Webb Tatum.

Honorary pallbearers were Michael Mercer; Matthew Murrell; Jimmy Hacker; Michael Reece; David Tucker; and Kenneth Tucker.

Memorials may be sent to VISTAS Family Hospice in Denton, Texas.

Parsons. Burial in Fairview Cemetery was directed by Geo. J. Carroll and Son Funeral Home. Pallbearers were Mark Brazelton; Danny Howard; Jim Hacker; Rick Mercer; Jacob Blount; and Webb Tatum.

Honorary pallbearers were Michael Mercer; Matthew Murrell; Jimmy Hacker; Michael Reece; David Tucker; and Kenneth Tucker.

## Lindsay ISD Board accepts contract with Diocese

by Janet Felderhoff

After 18 months of study and consideration by various committees and other interested parties, Lindsay ISD has a new contract with the Diocese of Fort Worth. It is to lease property belonging to St. Peter's Parish that is used by students at Lindsay ISD. The decision was made at the Oct. 16 regular meeting of the Board. It was not a unanimous approval.

Lindsay School Board members were given two options developed by the Lindsay Parish Council for consideration. Board member Danny Nortman reported that he'd done an analysis of the two options. "I see option 2 as being the better deal for us because we wouldn't be subject to the rising insurance premiums which we know is going to happen," he noted. "And we wouldn't have to worry about reimbursement."

Attorney Russell Duncan was given the proposal to study and he made several recommendations for changes. His office also indicated that they hadn't received pages 3, 5, and 7.

Carol Conaway stated that she was told that there wouldn't be a vote on the lease at that evening's meeting and that she wasn't prepared to make a decision. "There are a lot of smaller items in there that I don't think we should do," she said.

It was pointed out that there shouldn't be concern because it is a Lindsay school in a Lindsay parish. Conaway said it's a Lindsay school in a Fort Worth diocese and that the Lindsay parish has very little to say on the day to day operations.

Conaway asked, "Why did they (the diocese) put so much in here? Why did they change so much? They told them to write the same thing and it's not near the same. ... I think that we're going to get ourselves in a lot of trouble. There are some things that are just in there because a lawyer wrote it." She said she felt if they pointed them out to the people from the Lindsay church they would see what the problem with some of their terms were.

It was suggested that a committee of Conaway, Nortman, and Kendall study the lease agreement and speak with attorney Duncan about their concerns and his before a vote was taken.

Principal Jerry Metzler said that he was a member of the parish council and he understood that the members were tired of working on the lease and this was a take it or leave it offer. It was noted that the Parish Council had been working on the agreement for a year and a half and the LISD Board had the lease agreement for about two months. Conaway said that she understood they wouldn't go for a major re-write, but there were just a few items that should be considered. She remarked, "We were reasonable and listened to what their attorney said, why wouldn't they listen to what ours said?"

After more discussion Board President David Arendt called for each member to indicate whether he or she would be

ready to vote. All but Conaway and Kendall said they would. Option 2 was selected for the lease agreement and it was approved 5-2-0. Approving were Arendt, Earl Cunningham, Donna Hess, Nortman, and Bruce Beizer.

Winn requested a budget amendment for roofing repairs. Recent showers had revealed leaks in the roofs of some campus buildings, he said. Water was leaking into the buildings causing damage and immediate attention was required. David Alexander of maintenance reported about 190 blisters caused by the extreme summer heat. These would be cut out and repairs made to each blister.

Because of a direct contract for materials from Texas Refinery Corp., Winn said the repairs can be made for \$5,837.90. That company will also do the repairs.

Kendall suggested that a budget amendment wait until allotted funds in that area of the budget are depleted since an amendment may not be required. Action was tabled.

Kendall questioned a check to the Lindsay Student Council for \$1,000.00. He noted that it hadn't been done in the past. Superintendent Travis Winn said it was for Student Council expenses and the money was taken from the soft drink and candy fund. Kendall also noted that he'd seen checks for uniforms for the cheerleader and drill team uniforms.

"The point that I'm making is the trend that we're setting," Kendall remarked. "Clubs or student activities - How would they fund themselves in the past? Are we changing direction?"

Winn said that some are self funded through fund raising. "We've had a lot of backlash against a lot of fund raising," Winn explained.

Kendall pointed out that the

drink and candy money went into the General Fund and wasn't earmarked for any special purpose. He wondered if the purpose was to eliminate fund raisers. Winn said, "Some fund raising, yes."

Metzler reminded the Board that money had been specifically budgeted for cheerleading and drill team uniforms. He noted that typically some of the drink and candy funds are spent back on students. He said the thinks a good way to spend the funds is through the Student Council.

"I think it's difficult for the school to provide direction for the groups when you have an outside agency raising the funds," Metzler said.

Student Council Advisor Betsy Fleitman said that the students need to learn to live within a budget and that they only have so much money and need to watch what is spent. She explained that if they want to have a project but don't have enough money and she goes to the school and asks for it or they have a fund raiser, the kids don't learn that you have to have the money before you spend it.

Fleitman said, "The Homecoming Dance was totally free to the students. It was all paid for by the Student Council out of the funds that we have. So the money goes back to the kids. They spend the money in the machines and we give it back to them in the form of their activities."

"When we do have a fund raiser it needs to be carefully thought out and it needs to have the full support of the school and not just, 'We need some money because we'd like to do this,' if it's not educational and something the school supports," Metzler remarked.

Winn reported that there will no change in the existing

## What Is A Real Community Bank®?

Local People • Local Decisions  
Local Commitment • Local Investment

Robert Weinzapfel of Muenster State Bank welcomes Muenster Spirits managers, Christina and Bryan Nance to the community.

Muenster State Bank is proud to be a part of the Muenster business community and extends best wishes to Muenster's newest business, Muenster Spirits.

A Real Community Bank is locally owned. Managed and staffed by people you know and trust. Dedicated to the overall strength of our community.

Come talk with us. We've been here for years. Ready, waiting; and able to make all the difference. And we'll be here as long as you need us.

Your Locally Owned Bank that has continuously served and supported the individuals, organizations, schools and businesses of Muenster and the surrounding area since 1923. "Where others have their branches, we have our roots."

WILL:

- \*Cross-train deputies to work both jail and patrol~ rather than hiring more
- \*Provide 24 hour-per-day patrol in ALL four precincts of Cooke County to deter crime
- \*Closely supervise personnel to insure courteous, professional service

# AN OPEN LETTER FROM CONGRESSMAN RALPH HALL

Greetings:

Most of you know that I will not run on another's shortcomings or lack of affirmative credentials, and I refuse to get in the gutter with anyone simply to get re-elected to Congress. I respect both Republican and Democratic Party officials and I will work with either or both - not because they are County Chairman or Precinct Chairman - but because I believe there is room for cooperation without rancor. I shall never seek office on the demerits of any person. If I am not worthy of an office, then I should not be re-elected. I would rather lose a clean and respectable race than to reap a shallow victory through slander, criticizing others, bigotry, or mudslinging. Conducting a campaign in this manner abandons the degree of dignity and high standards you expect and to which you are entitled.

Mary Ellen and I thank you for your consideration.

Sincerely,

*Ralph M. Hall*

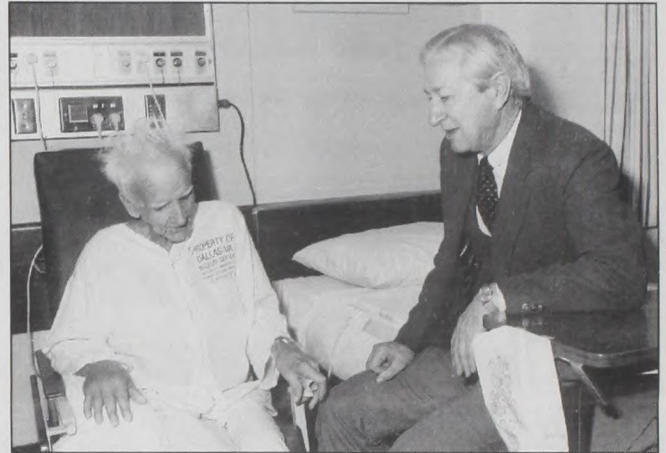

## Congressman Ralph Hall: A Record of Action...

### Taking Action for Senior Citizens...

When cost-of-living adjustments were threatened, Hall was there to defend the recipients.

**PLEASE  
VOTE**

### Taking Action for Veterans...

Several years ago when the veterans at the Sam Rayburn Center in Bonham needed a bus for hospital-to-hospital transfer, Hall was there.

In 1995 - When there were rumors of a shutdown of the Sam Rayburn Center in Bonham, Hall joined with the officials and patients and mounted a successful protest.

In 1996 - When the facility was again under siege - Congressman Hall, County and City officials locked arms and drew the line - No loss of jobs and no lessening of services. We need to add jobs - not cut them.

From 1997 to 1999 - We added a fine new bus; also specialty services (Eye Nose and Throat Clinic, Optometry, Audiology).

In 1999-2000 - Expanded Community Based Outpatient Clinics (Longview, Tyler and Sherman) and added additional beds for an assisted care unit. Mr. Rayburn would be proud of the great team we have at the center - Patients, staff, volunteers and great support from the citizenry.

### Taking Action for Energy Industry Jobs...

Ralph Hall has, in the past, brought out-of-state Congressmen from the powerful Energy Sub-Committee of the Commerce Committee to view first-hand the problems of the Oil Patch.

## National Taxpayers Union, The Nation's Largest Taxpayer Group, Endorses Ralph Hall For Congress.

August 4, 2000

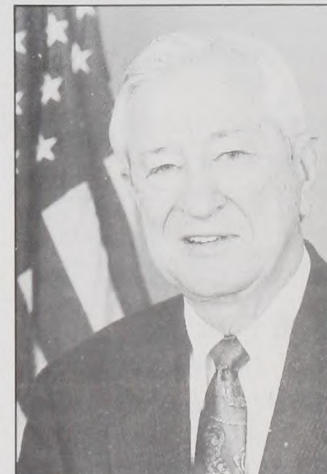

### 106th/107th Congresses

#### Rep. Ralph Hall Endorsed by:

- TABCC - Texas Association of Business & Chambers of Commerce
- NFIB - Guardian of Small Business
- Friend of Farm Bureau Award - American Farm Bureau Federation
- Hero of the Taxpayer Award for 1999
- American for Tax Reform
- US Chamber of Commerce - Spirit of Enterprise Award
- National Small Business United
- 1999 Fiscal Responsibility Award from the Concord Coalition
- The Seniors Coalition - (Guardian Eagle Award)
- Combined Law Enforcement Assoc. of Texas (CLEAT)
- Associated Builders and Contractors - ABC PAC
- Food Distributors International - Thomas Jefferson Award
- TREA Senior Citizens League - (Received MVP Award)
- National Right to Life
- Veterans' Vision
- Veterans of Foreign War - (1.9 million members)

For his fiscal responsibility, Hall has received the United Seniors Association Pro-Senior Tax Cut Award. For his voting record in support of small business, Hall has received the Guardian of Small Business Award from the National Federation of Independent Businesses each session he has served in Congress.

"I would rather lose a clean and respectable race than to reap a shallow victory through slander..."

# THANKS FOR CONSIDERING... CONGRESSMAN RALPH HALL

## ... A TEXAN WHO VOTES A TEXAS VOTE!

### Our Surplus Still Requires Frugality

Even though we have a projected surplus of up to four trillion dollars and growing - we still need frugality in our operations and honesty in our reporting. It is misleading to use the Social Security Trust Fund balance to indicate that we are solvent - and then deficit spend from the remaining accounts. This has been done forever - by almost all Presidents and Congresses.

First, we should remove the future financial shackles from the lives of our children and grandchildren by paying at least one-half of the surplus on the Nation's debt. We should use one-fourth of the surplus to shore up Social Security, Medicare and Medicaid, upgrade our military and keep the faith with the retiree's who have defended us honorably, and adjust upward the support of home health and hospitals and other areas of government services damaged by the 1997 Balanced Budget bill. The remaining one-fourth of the surplus should go back to those who paid it - the taxpayers!

### For Cutbacks in the High Dollar Items

For years a number of us urged that we get out of the Philippines - this we have done. Today's technology and geopolitical changes allow us to close many age-old outposts - and overfly them with our aircraft and spacecraft - and use our electronic surveillance rather than the presence of ships and troops. We should also let Japan and Korea defend their own shores. Today we defend these nations, and the money they do not have to spend defending themselves - they spend subsidizing their industries. It is no wonder that our automobile companies are in trouble, our steel mills closing, our energy going offshore - and our textile mills silent. I even doubt the wisdom of keeping thousands of troops in Okinawa - where they do not want us. We should be able to rely on the Mariana Island group (Guam and Saipan) as our Pacific rim outpost.

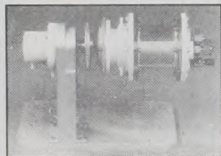

### NASA

Several years ago, when we operated with a deficit, I, as chairman of the Space Subcommittee, advised the Director of NASA, that we were going to hold the line on the heretofore vast outlays of money until our domestic economy improved substantially. I also advised him that the people I talked to then were less interested in a trip to Mars and more interested in being able to make a trip to the grocery store. I helped cut \$450 million out of

International Space Station: Assembly Complete

the NASA budget in an effort to at least start the needed cutbacks in expenditures at a time when our economy was suffering. Today, with our surplus, we need to rededicate ourselves to the completion of the International Space Station. We have appropriated funds for the Bio-reactor - in hopes of receiving a great and momentous product out of space - like a cure for cancer or diabetes. It could happen.

NASA's Bio-Reactor in Space

### Energy Plan

Texas is one of ten states that produces energy. This means that there are 40 states that use our energy. It is difficult to pass good energy legislation that helps energy states - for we are outnumbered in Congress forty states to ten. The key is for the entire nation to accept energy for what it is - a national asset. The energy plan? Simply give the independents some incentives to look for it - and a reward for finding it. We are more aware of the need for a good energy supply when the price at the gas pump goes past \$2.00 per gallon. Taking eight days supply from the Strategic Petroleum Reserve deals only with the symptoms of the program - and solves very little. We need to reexamine drilling on the north slope of Alaska and off the Atlantic and Pacific coasts. The residents of Santa Barbara do not like off-shore drilling rigs. Texas would certainly be acceptable to them in the Gulf. Countries will fight for energy. Japan did in 1941. Hitler went east into the rich Ploesti oil fields and we sent 400,000 of our young people to Kuwait to fight for energy - or, at best, to keep a bad actor from cornering almost half of the known oil reserves in the world. An offshore rig does not look nearly as bad as a troop-ship filled with American soldiers on their way to fight in a far away land for the energy that we could be supplying ourselves.

### Pay Raise for Congress

I have never voted for a pay raise and I gave away the first year of the first pay raise I received in Congress. On the second pay raise, I set it aside to give back to the U.S. Treasury if and when it was revoked which never happened. I knew what the job paid when I ran for it.

Mary Ellen and I enjoy representing you in Congress!!

### Hands Off Their Hemisphere

This is an inverse use of the old Monroe Doctrine of "Hands Off This Hemisphere." I disagree with the present Administration's use of our Armed Service members. I do not feel that we should send troops all over the world unless we have either been attacked - or seriously threatened - or unless we have a compelling international reason. Even then, I would want to envision victory - and would want to have an exit plan. I would also want them to serve under a commander who's language they could understand.

We didn't "liberate" or "democratize" Haiti - we adopted them - and our taxpayers will suffer until another "Baby Doc" accumulates millions and flies off to Monaco or some other world spa. And, if we tell our troops we are sending them to Bosnia until Christmas - we should have enough honesty and character to tell them to which Christmas we refer. Our troops are still there. I am also very concerned about the China-Taiwan-United States puzzle. We still have protective treaties with Japan - costing us billions - and problems in Malaysia loom. We simply must organize our priorities and start off with what is best for the United States. We must remember that we can't be "911" for the world.

### Tax Relief And Reform

Tax relief has always been one of my top priorities. In this Congress we finally passed bills to ELIMINATE the estate tax and the marriage penalty tax - only to have the President veto our legislation. I voted to OVERRIDE the President's vetoes - but we failed to get the two-thirds votes necessary to override. We will try again next year - with a new President.

Throughout my service in Congress, I've cosponsored bills to eliminate the estate tax. This unfair tax penalizes the hard work and diligent efforts of families to accumulate savings that can be passed on to spouses and children - savings that already have been taxed by the Internal Revenue Service. It is unconscionable that a widow must worry about the IRS at the same time that she is mourning the loss of her husband.

The marriage penalty tax is another unfair tax that costs married couples more in taxes than if they were single. This tax simply does not make sense. Our tax code should support the institution of marriage - not discourage it.

I'm also a long-time supporter of complete tax reform - abolishing the current tax code and replacing it with a flat tax, national sales tax, or some combination of the two. We need a tax that is simpler, fairer, and less intrusive - a system that Americans respect.

**And** - I come home to visit with you and to get your input. I don't ever want to think with a Washington "thinker". I have missed only eleven weekends in twenty years of coming back to my district. My votes are in Washington D.C., but my work, and my family, and my heart, are in this District.

Respectfully,

*Ralph M. Hall*

## From My Side of the Fence

by Ed Cler

While doing a bit of reminiscing about our first stop at Niagara Falls, we were reminded of some very interesting people we met at a lunch stop along I-90.

This couple was from Georgia, and we came to sit next to them by chance. They were about the same age as Sandy and Leon Fuhrmann, who were accompanying us on the trip.

The lady was very friendly and talkative and told us that they had just come from the Falls, and asked if the Falls were on our itinerary.

When I answered in the affirmative, she volunteered some information that eventually saved us some time, and kept us out of a lot of heavy traffic in Buffalo.

She said a certain road off I-90 would take us north to a Port of Entry into Canada, that crossing the Niagara there was much simpler, and that we would have a much better view of both the American and the Canadian Falls from that side. She surely knew what she was talking about, and we were grateful for her words.

When we got across, the Canadian Customs Ranger leaned on our left front fender, and without a 'hello' or other greeting began to question me - (because I was the driver) as to our intentions in their country and how long we intended to stay.

When told that we planned to spend the greater part of the day viewing Niagara Falls and then cross back into the U.S., he said all right, but asked if we had any firearms. "No" I replied. "Do you have any plants or vegetation in the car?"

Again I said "No", completely forgetting the five little pines we had pulled up in New Hampshire.

Well, he failed to look in the trunk of the car, but wanted to know where we were from.

Without a thought I said "Texas" and without batting an eye he said, "In what country?" I was flabbergasted. We had answered the same question at one time or another as we passed through the States, and I suppose I was surprised that anyone wouldn't know, but I proudly told him, "In the U.S. of America."

## SMALL BUSINESS FOCUS BY JACK FARIS

Your Big Chance to Make a Difference

Please allow me to let you in on a secret: Your vote counts more than you might think.

A few thousand, a few hundred, or even a few dozen votes, often win elections - even national elections!

It's true. For example: in 1960, Kennedy beat Nixon because of one-half of one percent of the votes cast in just two states - Illinois and New Jersey. That swung 43 electoral votes and put Kennedy in the White House.

Another example: The current Minority Leader of the U.S. Senate, Tom Daschle, was first elected to the Senate in 1978 by just 139 votes.

And a more recent example: In the 1994 elections, Conn. Rep. Sam Gejdenson, an eight-term Democrat, was elected to the U.S. House by only 21 votes.

A friend of mine who has been involved with the last seven presidential races told me that he's "never seen anything like this one." It is too close to call, and it looks like it will stay close all the way to November 7th. The congressional elections are tight, too. The most astute political veterans I know can't tell me which party will win the majority in the U.S. House or Senate. It could go either way.

And when it's close, voter turnout counts. Your turnout, your vote, really counts!

When you add the tight polling numbers to the fact that experts predict a low turnout this year due to voter disillusionment... your vote starts to count even more, if you choose to use it. Because the fewer votes cast, the bigger impact individual votes have on the outcome.

Now, my perspective on these elections is that of America's small-business owners. They are who I work for. I am watching the elections extra closely because small business is a group whose livelihood can be profoundly affected by the outcome of elections. Because a small business is more like a boat than a rock when it comes to the sea of government. A small firm can be tossed and even destroyed by waves like taxes and regulations - that are too big. Big business "rocks" can be worn down by those waves, but they tend to stay put, even in a storm.

So I am reminding my small-business owner friends every day, don't forget to vote on November 7th! I also tell them to go to the polls before breakfast to make sure that other events in their day don't distract them from getting there later on. And I tell them to bring their like-minded friends to the voting booth with them.

I tell them that, in a year like this, they should try to multiply their votes and have some serious power!

So now I'm telling you the same thing. I'm letting you in on the secret. Your vote does matter. And the outcomes of the 2000 elections also matter, especially to my small-business owner friends who create two out of three of this country's net new jobs.

If these friends of mine can find time in their busy days - time away from innovating, job creating and just plain working hard - you can, too. You can be a part of history. This is your big chance... so go out and vote.

Jack Faris is president of the National Federation of Independent Business (NFIB), the nation's largest small-business advocacy group. A nonprofit, nonpartisan organization founded in 1943, NFIB represents the consensus views of its 600,000 members in Washington and all 50 state capitals. More information is available on-line at [www.nfib.com](http://www.nfib.com).

## Letters to the Editor

Dear Editor,

There is too much at stake in the November 7th election to not give it our full attention. It is said, "Silence is consent." It makes me wonder what I would answer when St. Peter will ask me what I have done to stop the killing of these millions of innocent little ones. What about the elderly whose life is ended to save somebody from caring for them, and on and on.

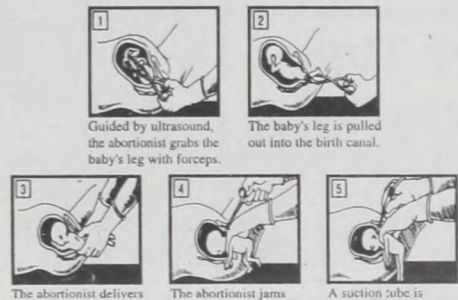

election. A vote for anyone else is, in effect, a vote for Al Gore. Let's all get out to vote and maybe St. Peter will tell us that was a good start. Every

vote is needed. If you need a ride call 759-4462.

### What is a Partial-Birth Abortion?

The partial-birth abortion procedure is used after 20 weeks (4½ months) of pregnancy—often to six months, and even later. The difference between partial-birth abortion and homicide is a mere three inches...

- Guided by ultrasound, the abortionist grabs the baby's leg with forceps.
- The baby's leg is pulled out into the birth canal.
- The abortionist delivers the baby's entire body except for the head.
- The abortionist jams scissors into the baby's skull. The scissors are then opened to enlarge the hole.
- A suction tube is inserted. The child's brains are sucked out, causing the skull to collapse. The dead baby is then removed.

I can help by voting against a man who is so far from all these things. The American Medical Association is against Partial-Birth Abortion, but Al Gore will veto any bill against it and Joseph Lieberman voted five times to keep Partial-Birth Abortion legal and voted pro-abortion 67 out of 68 times in the Senate.

If Al Gore is so firmly for something so cruel, how can you trust him in anything else?

On other topics he is pro and con on issues, depending on whom he is talking to, whatever sounds good, true or not, but on any kind of abortion he does not waver.

Both George Bush and Dick Cheney are 100% pro-life. George Bush is the only pro-life candidate who can win the

## Potential use of Keep Muenster Beautiful Governor's Community Achievement Award

Note: Conceptual ideas only

**Special Notice!**  
The annual Muenster Fall cleanup is 9:00 AM Oct. 28 Meet at the City Park. We need prizes donated for the "Trash & Treasure Hunt". 759-2368

**Before:** This is how visitors see Muenster. We're beginning to look like a run-down ghost town. This is an example of inevitable change... if not controlled and managed. This is not inviting to tourist or potential business investors. This does not attract money into our community or help local merchants. We have too many such eyesores on Main & Hwy. 82.

**Let's all work together!**  
Keep Muenster Beautiful, Muenster Economic Development Group, City of Muenster, Chamber of Commerce, local merchants, & the community!  
**Keep Muenster Beautiful**

**Possibilities!** This is only one example of how Muenster can dress up to attract more business... thus, more tax revenue to help maintain our community. We can begin with the Governor's Community Achievement Award won by **Keep Muenster Beautiful!**

If you are a Muenster business owner we may have conceptual photos of your business & how it could look. For more information attend the November **Keep Muenster Beautiful** meeting on November 9<sup>th</sup> at 5:30 PM at the Cooke County Electric Co-op Auditorium.

### Letter to the editor:

Since 1965, Medicare has provided security for millions of American seniors and should continue to do so. When Medicare was passed in 1965, then-President Lyndon Johnson said, "No longer will older Americans be denied the healing miracle of modern medicine. No longer will illness crush and destroy the savings that they have so carefully put away over a lifetime."

In 35 years, we have made historic strides in prescription drugs, preventive care and modern medical technology; yet, Medicare has remained the same. Although there are a number of proposals before Congress which seek to modernize America's healthcare system for the elderly and disabled, some would do no more than create a one-size-fits-all plan. Such a program would add layers of bureaucracy to an already complicated system and would jeopardize the nearly 70% of Medicare recipients who currently have existing prescription drug coverage. This is clearly not the answer.

We do not need Washington bureaucrats dispensing drugs out of a one-size-fits-all medicine cabinet. The answer lies in comprehensively reforming the system to add choice and free-market competition that supports continued research and innovation, which will ultimately provide the "healing miracle," President Johnson referred to years ago.

In the last decade alone, more than 370 new medicines have been developed to fight cancer, heart disease, diabetes, Parkinson's disease, Alzheimer's disease, depression and arthritis. We must ensure that seniors have the ability to obtain this type of medicine if their doctors prescribe it, and we need to provide seniors with access to health coverage that includes new medicines.

A recent report by the Lewin Group found that it takes 15 months to five years and sometimes longer for Medicare to approve the coverage of new technologies. For example, in 1994 the Food & Drug Administration approved the use of ultrasound technology to stimulate the healing of broken bones - an advancement in technology that has a 91% healing rate and is currently reimbursed by over 800 private insurers and plans. Six years after FDA approval, Medicare still does not cover it.

Do we really want our seniors depending on the government to approve and dispense their medications and treatments or do we want seniors to have the freedom to make their own choices and have the access to the best modern medicine has to offer?

Our seniors should have the ability to make their own choices, and I do not want to see those choices taken away from them. Moreover, relying on government officials to decide treatment options undermines the wealth of information and individual care that can only be provided by a doctor. I firmly believe that seniors, the disabled and all Americans are best served when medical decisions relating to their health are left up to them and their doctors, not Washington bureaucrats.

### Letter to the Editor,

**Stop:** This space is reserved for a person with a disability.

Do you always stop at stop signs? Do you always slow down in school zones? Now remember to drive right by the parking spaces reserved for people with disabilities... unless, of course, you are an eligible person with a disability.

### The Story Begins

Recently while on vacation my family was visited by an old friend. She pulled into the restaurant parking lot and immediately parked in a space reserved for a person with a disability. She got out the placard from the glove compartment, hung it from her rearview mirror, and got out of the car. I thought to myself she

is walking great and wondered why she would park there.

Curiosity got the best of me and so I asked why. She told the story about how her ankle was hurt three years ago and that is when her doctor gave her a temporary placard. She got better, but continued to use the temporary placard. Although we discussed the issue at length, she continued to park in spaces reserved for people with disabilities.

Doesn't she realize that this action is illegal and that it also ties up a space reserved for an eligible person with a disability? I wonder when she will receive a ticket and learn that the penalty for inappropriate parking is \$250 or more.

Please stop and park if you

are an eligible person with a disability. Otherwise, yield the right-of-way.

As you have read, I feel strongly that the community, including persons with disabilities, needs to be better informed about accessible parking in Texas. You can become involved as a volunteer to monitor accessible parking; a number of Texas cities conduct accessible parking education programs that utilize volunteers. They need you!

For a copy of Texas Accessible Parking Information call 512-463-5739.

Member, Texas Governor's Committee on People with Disabilities

# PRECINCT 3 COMMISSIONERS RACE

cont. from pg. 1

State and we can't go beyond those."

Lewis said that he couldn't really point to a major campaign issue. The county has kept taxes low and nobody has complained to him about them. "Most people want more paved roads and you can only pave so many a year," he said. "There's only so much money. It costs about \$25,000 a mile to pave a road."

The Commissioner described himself as a very conservative person. "I like to get the most out of our tax dollars," he said. "Just like I've bought a lot of good used equipment from the state of Texas. I bought a motor grader the other day and I'm fixing to buy an asphalt machine. It's going to save us lots of dollars and I can take those dollars and put them into paving."

Lewis is willing to serve on committees when it is beneficial to the county. He is currently a member of Cooke, Fannin, Grayson County Juvenile Detention Center and has since its was formed in 1985. It is the only tri-county operation in Texas and received recognition from the National Association of Counties. It serves youths ages 10 to 17.

He also serves on TCOG (Texoma Council of Governments). It brought two and a half million dollars back into county, Lewis said. He serves as chairman of the Texas Association of Counties (TAC) and has for numerous years. It entails a lot of responsibility according to Lewis. TAC is where the county gets all of its insurances and according to Lewis it saves thousands of dollars.

TAC has recently purchased a computerized simulator that will save on insurance. It is being shared by all TAC member counties. It will be coming to Cooke County. County deputies will be able to simulate driving a police car and be able to see how they react in emergency situations. Precinct employees will also be able to simulate driving an 18-wheeler or 14-wheeler or an ambulance. "We're doing this to lower our cost of insurance for our employees and to make better drivers out of them," he said.

Asked if he believed in pooling all of the county's equipment and why or why not, Lewis said he did not believe in it. "Right now we work with each other, we trade out equipment, we trade out man power when we need it," he explained. "If you moved all of the equipment to one location, more time would be spent on going to and from the job for time and fuel. It's probably 20-25 miles from Gainesville from the furthest part of my precinct." He said that either the graders would have to be roaded to and from the job or buy truck and trailers to transport the equipment. He said it would be wasted time.

"Also most of the time with this (pooling equipment) you'd hire an engineer and he'd probably have three or four people under him and that would cost a lot more money. Most of the time this type of road consolidation works best in urban areas where they have lots of people or lots of paved roads or in West Texas where they don't have very many roads. It'll take more time and fuel."

"Also it takes away the responsibility of your elected commissioner and his day to day operation on the roads. If there is something wrong with the road it'll be the responsibility of that engineer. I really think it takes the commissioner further away from the people he represents, a shield in between. I always felt if you have a problem, call me, don't call somebody else."

In conclusion Lewis said, "I really enjoy working for the people and I don't mind putting in the extra hours. My hours are 24 hours a day, seven days a week. People are welcome to call me anytime at the courthouse, county barn or at home. I think I know how to serve the people well. I think I do a good job working with all the cities. It takes working together that really makes things work. One person can't do anything, its working together."

Jerry is married to the former Paula Schmitz of Lindsay.

Frank Rust lists among his qualifications to serve as a county commissioner his more than 25 years of experience in the scrap metal industry in market and management positions. He worked for both private and publicly owned, as well as national and international companies. He

said that he worked with most of the major petro chemical and refining industries in the United States, as well as a number of government agencies and large manufacturing firms securing contracts with them.

"I lived all over the United States because of my work and got first hand knowledge of what happens in other parts of the world and the changes that different communities have gone through, how they've handled them and how they've mishandled them," Rust said. "It's kind of all of that experience plus the management experience that makes me qualified."

Rust decided to run for office because, "There is so much that needs to be done in the county that I don't think is currently being done. Issues that need to be addressed that aren't. Cooke County is going through a tremendous transition phase from a strictly rural type community to a soon to be urban offshoot of the DFW area. It's coming. Change is inevitable. We have two choices. We can either address that change and turn it into a plus by taking advantage of opportunities that change represents or we can ignore it like we've been doing and let the people of the Metroplex come up here and tell us how to run our community."

He said that he and his wife, Lola, made the choice to move to Cooke County eight years ago to raise their family. "It was a conscious effort on our part because of the cultural heritage, the school, every thing in this community is a plus. We have an awful lot of pluses going for us, but we also have some challenges. We got that old county mentality, that road commissioner mentality that all he does is maintain those roads. That's just not the way it is today. Not only is it not that way today, its going to be even more so that role will be changing as time goes on."

Rust understands the duties and responsibilities of a commissioner to be, "Historically the duties of the county commissioners are they're in charge of the courthouse, the library, the sheriff's department, the EMS, the county roads, and those are all things that are ongoing. Again, I look at the role of the county commissioner as a very changing role. The old roads commissioner description doesn't fit today. They need to be a leader. The position can be a spearhead for change and economic development in the county. It can be that of taking all the other economic committees that have formed in the county and take the lead so that you have a coordinated effort so that you can make an impact. I see the county commissioner's role as that of a county leader. They should be taking the initiative as and leading the county into the future and not keeping track of that one single job that they maintained in the past."

Rust said that he disagreed that the rural roads have taken a beating in the last several years due to lack of rainfall. "The condition of the roads in Precinct #3, in my opinion, are not good at all. It would be convenient to blame the drought on them, but the roads were in bad condition eight years ago when I moved here and they're still in bad condition." He said that he knows of roads in the Precinct that are very slick when it rains.

"There are school bus drivers who hesitate to drive certain roads because they get so slick. That's inexcusable in this day and age that we would put our children in jeopardy on a school bus. I think the roads have been mismanaged for a long time." He said that there has been a lot of road work lately but questioned if it is because of the need or because of the election year. Rust claimed that the bar ditches along his road have not been cleaned out since he moved here.

Improvements proposed by Rust are to concentrate on school bus routes first. He has maps of all the bus routes in Precinct #3 and has mapped out a master map of all the routes. His plans are to inspect the routes and improvement emphasis will be on those roads. He noted that there are roads with only one or two houses in a two or three mile stretch. "That's not serving the best interest of the citizens of Cooke County." He said decisions should be made by looking at the overall condition of the roads.

Financing, Rust said, is already in the budget for this year with a \$760,000 budget for road improvements and he understands that there is a

significant amount left over from last year. "Studies show that it initially costs more to pave a road, but then your maintenance is a fraction of what it currently is by just putting down more rock and running the graders over it. I think there's a better way."

Asked about his thoughts on jail expansion or building a new jail, Rust said, "Obviously the current facility is not meeting our current needs according to Sheriff Compton. We've already got an overcrowding problem. I understand the Commissioners have done a study and their thinking now is to just renovate the existing facility. I have not seen that report so I can't make any particular comment."

"My thoughts go to what's best for the county. Do we spend a couple hundred thousand or whatever those figures might be to renovate that facility to find that in a year or two from now we're still out of compliance. We have State regulations we must follow. Before we start spending money we need to look where the money can be best spent and what is in the best long-term interest of the citizens of the county. If we build a new facility we probably won't fill it up in the beginning. Unfortunately, with increased population come increased crime so its not to say that in maybe two or three years from now a new facility would meet our needs down the line. We need to be very careful and look at what looks best long-term. We need to stop looking at quick fixes and start planning for the future of the county. Crime is an issue."

Rust said that there are only a few sources of revenue, ad valorem taxes, sales taxes and he wasn't in favor of increasing taxes. "You can't keep going to the property owners of Cooke County and asking for more taxes," he remarked. "One of my priorities if elected to county commissioner is economic development. You increase the tax base by bringing more business and more industry into the county. This also creates jobs."

To plan for the growing county's future, Rust said, "We need to look at allowing county facilities. We don't currently belong to a water association. Coming off four years of drought, water is obviously a very important issue that we need to address. If the population doubles like some people say its going to in the near future, what are we going to do for a water source? Those are the kind of things that affect everybody's lives. We need to plan for it rather than react to it when it becomes an issue. Increasing the economic base of the county, the EMS the Sheriff's department all need equipment and man power. The only way I see to fund that is through proper and planned economic development. To have a plan for future growth, you can eliminate a lot of the problems. But you have to start now."

Major campaign issues to Rust are economic development is the key to managing the future of Cooke County because without it there won't be resources needed to finance the types of things that are important to the county's citizens. He said we can no longer allow good quality business to go to other counties. He said we must become aggressive at recruiting good quality business to come into the county to increase the tax base. He feels that planning is critical.

Serving on committees outside of Cooke County is something that Rust will consider if they're beneficial to the county. "You have to prioritize. If I'm lucky enough to be elected county commissioner, my number one priority will be looking out for the best interests of the citizens of Precinct #3 and Cooke County. Serving on these multi county committees, you've got to be real cautious about how much time you're spending versus how much Cooke County is getting from these various committees. If the county is getting direct benefit from that work, great." Rust said that he's served on a number of committees in the past.

How does Rust feel about pooling all of the county's equipment in one location? "This is a management issue," Rust replied. Right now we have four commissioners and they each have their precinct barn and they each manage that equipment pretty much independently of what the other commissioners are doing. To me that seems foolish." He noted that Precinct #3 has seven graders to his

knowledge. Rust said you have to ask if the equipment is being utilized and is it being used to the best of its potential. "I think at the very least we need to be working with the other commissioners and sharing ideas and coordinating purchasing power and if it means sharing equipment, then fine. We're all in this together. We all live in the same county. Yes, I would represent the citizens of Precinct #3, but the decisions I make as county commissioner affect the whole county, not just Precinct #3. We need to look at what's best for the whole county. If this means having a centralized facility or at least a centralized manager to coordinate the efforts of that equipment, then I'm all in favor of that."

Rust said that someone would need to be designated as having the ultimate responsibility. "The commissioners have to work together as a team," he remarked. "The days of having each commissioner going their separate ways and controlling their own little territory might have been all right 24 years ago, but it's not the case today. Commissioners Court is made up of four commissioners, not one. We need to work together as a team."

In conclusion Rust remarked, "My wife is a third generation Cooke County, Muenster resident. Ten years ago when we were fortunate enough to have my daughter, we made the conscious choice of moving to Cooke County because of the quality of life, the people, the churches, the schools. We have a lot to be proud of here in Cooke County and we have a lot to offer the citizens of Cooke County. But unfortunately change is coming. We are in a transition from a typically agricultural rural community to a soon to be urban community. It's going to present very unique challenges. It will also present a great deal of opportunity. With proper planning and proper management I think that we take those opportunities so that every citizen of Cooke County can benefit. You take that negative of change and turn it to a positive. There's no reason that we have to give the rich cultural heritage that we have here in Cooke County because of an influx in population from outside the county. It takes somebody with a forward thinking mind, someone who's progressive in thought, someone who's proactive, someone who's willing to work with the various communities in the county, and the various organizations in the county, as well as the commissioners court, to coordinate those efforts so the citizens of the county can be best served. So that we turn that challenge of change into a positive by taking advantage of the opportunities."

Rust said that his experience of the last 30 to 35 years will allow him to meet those challenges and he is more than willing to work with the people and the leaders of the county to carry the county forward into the 21st century to meet those challenges.

# Marine operation "Wak-N-Stak" eradicates marijuana

*Editor's Note: This article has also been printed in several Marine publications and is shared with Muenster Enterprise readers by Mark Rigby's request.*

On Sept. 10, 2000, Marines from HMM 764 landed at Point Mugu Naval Air Station. The purpose of their mission was to locate and airlift eradicated marijuana plants from the Los Padres National Forest. In order to accomplish their mission, the "Moonlighters" only required four CH-46 helicopters. Joint Task Force Six, as well as the local law enforcement agents requested the Marine's support.

This counter-drug operation was scheduled to last for a full two weeks. Upon arriving at Point Mugu, the Marines unloaded their gear from the helicopters and began to make their way to the lodging that had been provided for them by the Navy. The move was a logistic dream to most, just another task for the Marines. The teamwork, esprit de corps, and camaraderie displayed by HMM 764 allowed them to move fifty-one Marines, one Navy Corpsmen, and all their personal gear without incident. Not to mention the gear required to maintain the aircraft while deployed to Point Mugu.

Upon arrival the next day, the Marines listened to briefs given by the Joint Task Force Six intelligence department. The briefs covered the exact purpose of the mission, the do's and don'ts, as well as the rules of engagement. There were briefs given that also included operational security and force protection.

Each day the Marines would muster in front of the hangar and receive the day's schedule of events. It was then time to prepare the helicopters for flight into the rugged terrain. Each and every Marine and Navy Corpsmen had a task to accomplish in order for the day to be a success. This they all did with unwavering dedication and devotion to duty. The Marines were always ready for their launch times. However, the weather was a different story. Most flights were delayed by one hour or more due to the early morning fog that comes in from the Pacific Ocean.

During the course of this counter-drug operation, the Marines from HMM 764 were responsible for conducting reconnaissance flights, as well as airlifting huge bundles of eradicated marijuana out of the mountains. While on their aerial detection flights, the helicopters would fly very low through the canyons, over creek and river beds searching for the grow sites. This took absolute concentration by all. The pilots were very skillful in maneuvering the helo throughout the tight spaces in which they were working. The aircrew not only had to ensure that all sides of the helicopter were clear of all trees, brush, mountains, and other aircraft

Cpl. Mark C. Rigby

in the area, but also aided in the detection of marijuana gardens below. The Marines never displayed a lack of concern for safety. It was their foremost priority.

While engaged in airlift operations, the aircrew had to be especially watchful on the sides and rear of the helicopter. The zones that they worked in were very confined. The coordination between the crew and the pilots was nothing short of exceptional. Not only is it difficult to keep a helicopter steady at one-hundred feet above the ground, but factor in a wind blowing down the canyon at fifteen knots in an area that only allowed ten feet all around the aircraft. Nevertheless, the fearless crew and pilots of HMM 764 displayed the "can do" attitude that is known of all Marines.

After two weeks of nearly perfect weather, the Marines prepared to return to their home base at Edwards Air Force Base located in the middle of the Mojave desert. The mission was a total success. No one was injured while on the operation. The Marines, along with local law enforcement agents accounted for approximately fifty million dollars worth of marijuana taken from the Los Padres National Forest. Fifty million dollars of marijuana will never make its way to the streets and neighborhoods of our communities. Even in the nation's peacetime, Marines are still called upon to fight. They fight the war on drugs just as they would fight a battle on the opposite side of the world. They fight with tenacity, professionalism and enthusiasm as no other force ever known. They are truly "America's 911 Force."

# NCTC to hold job fair on Corinth Campus

North Central Texas College (NCTC) is looking to increase its pool of qualified candidates for adjunct faculty positions, said Tom Klink, director of Human Resources.

With the continued growth of NCTC, including the opening of two new campuses -- one in Corinth and the other in Bowie -- the college needs an increasing number of qualified instructors and adjunct faculty members, Klink said.

The job fair is open to qualified candidates with specialized degrees or training and experience in certain fields depending on the courses that are taught. The fair is scheduled for 6-9 p.m. Nov. 1 (Wednesday), at the NCTC Corinth Campus, 1500 N. Corinth St.

"Every year we hire many adjunct faculty members to staff all of the classes we offer, meanwhile we're trying to register students for classes and collect fees," Klink said. "Registration can be hectic. We're trying to get ahead of that process and create an applicant pool of qualified instructors."

As a fully accredited, public community college, NCTC requires certain credentials for its faculty members. Those interested in teaching "academic transfer" courses must have a Master's Degree

with a minimum of 18 graduate hours in the subject being taught. "Academic transfer" courses include music/art, economics, speech, accounting, history, government, sociology, psychology, Spanish, computer science, and science.

Instructors in the "technical" courses must have at least the highest level degree awarded by NCTC in that discipline plus three years of work experience. "Technical" courses include nursing, business management and computer information technology, drafting, electronics, paramedical and occupational therapy assisting.

Interested candidates also will be able to learn more about NCTC's continuing education program, Klink said.

"The job fair will give people the opportunity to find out about the North Central Texas College," Klink said. "Becoming an adjunct faculty member will allow them to enhance their own current career and while helping students advance and learn in their field of interest."

For more information about the job fair, becoming an adjunct faculty member, or NCTC's continuing education program, call Tom Klink, director of Human Resources at NCTC at 940-668-4245.

cont. from pg. 3

policy on bus riders. "It's still my contention that those people cannot be counted as eligible bus riders," Winn said. He wrote letters to concerned parties telling them of the decision.

Metzler reported an excellent Homecoming Week which concluded with a dance. Most of the students stayed to the end, he said. The new sound system is installed at the football stadium. Upcoming event dates were given to Board members. Six weeks ends on Nov. 3 and school dismisses at 1:30 p.m. There will be no school on Nov. 10 which is an in-service day for teachers.

Red Ribbon Week is Oct. 23 - 28. Many activities are planned including "Drug Free" bracelets for students to wear and a grocery sack decorating contest. According to Fleitman, after the contest the sacks will be used at the Lindsay Grocery & Market.

# Lifestyle

## Girl Scout Events

Muenster scouts have had a busy several months. Daisies and Brownies started the school year with a swim party at the home of Rich and Denise Sweeney. Everyone met some new friends and practiced their water safety skills.

Junior scouts kicked off the year with a trip to Denton's Eureka Park. They went hiking, learned about fitness, and went through an obstacle course. They enjoyed a picnic lunch before concluding their trip with a movie in Lewisville.

Sept. 15 held an exciting event. Thirty-two Daisy and Brownie scouts participated in a backyard camp out at the home of John and Dana Walterscheid. This was the first camp out for many of the girls. Tent care, flashlight use, and general sleep-over skills were learned. Of course, everyone made s'mores while learning some fire safety.

Sept. 16 was a scouting event for all of Cooke County. One hundred and four scouts enjoyed skating at Fantasia in Gainesville. Canned and paper goods were collected and donated to ABBA. Junior Scout Troop 2007 of Muenster won a pizza party for most items collected.

On Sept. 30 Junior Scout Troop 2007 participated in an Architecture Badge Workshop at the Denton Square and Courthouse. The girls learned about the history of the Courthouse and square. They were given a tour of several

historic buildings and learned about ways a city is planned and landscaped.

Oct. 7 was Muenster's Health Fair Day. Nineteen 3rd through 6th graders attended the bicycle safety course. Each scout received a certificate and a new bike helmet. These girls then proceeded to Lake Ray Roberts for an afternoon ride on the bike trails. Despite the rainy and cold weather, the girls were energetic and had a lot of fun.

On October 14, 3rd year Brownie Troop 998 participated in a hiking event at Lake Texoma with their sister troop 1045 from Gainesville. The girls learned safety on the trail, especially during rainfall when the trails are slippery. They explored nature on the trail and on the shoreline. After their 2 1/2 hour hike the girls enjoyed their sack lunches, then ice cream at the nearby Dairy Queen.

Besides having fun events such as these, the girls have been working on many badge activities at their regularly scheduled meetings. Some of these include: Manners, Girls Sports, Girl Scout Ways, Hobbies, Family Living Skills, Healthy Relationships, Safety and First Aid.

Junior Scout Troop 2007 are also babysitting during Mass on Sundays at the Sacred Heart Community Center as a

## CUB SCOUT NEWS

The Den 2 Wolves of Pack 664 had an enjoyable third meeting on Monday, Oct. 23, at 6:00 p.m. at the Muenster ISD old gym. Attending were scouts Tanner Silmon, Jason Luke, Will Taylor, Aaron Grewing, Matt Hesse, Jordan

Henscheid, Chad Walterscheid, and Ryan Felderhoff.

The meeting began with the scouts trying their luck at marble sharpshooters. They then played a game of volleyball, along with all

adults present at the meeting. Popcorn orders were turned in, and each scout picked a prize that he will receive based on the amount of the orders that he sold. They each then received achievement beads from their den leader - one

bead for every three achievements they accomplished.

The den leader reminded the scouts of the trash pickup to be held on Saturday, Oct. 28 at 9:30 a.m. See SCOUTS, pg 11

## Baptismal Celebrations

### Dankesreiter Struxness

The baptism of Dankesreiter cousins was held Saturday, Oct. 14 following the 5:00 p.m. Mass in Sacred Heart Church. Kathryn Teresa Dankesreiter, daughter of Eric and Cheramie Dankesreiter of Lewisville, and Erin Faith Struxness, daughter of Zak and Amy Struxness of Aurora, Colorado were baptized by Father James Moster, great-uncle of Kathryn Teresa. Both infants wore family heirloom gowns, caps, and booties. Kathryn's was a keepsake from the John Tempel family, Erin wore a white ruffled dress, worn before her by her cousin Abby Walterscheid. A very special gift of a silver Miraculous medal and chain from great-

### Faith In Action seeks volunteers of all ages and denominations

The Faith In Action Interfaith Volunteer Program presents an opportunity for individuals of all ages and denominations to assist those who are homebound due to aging complications and disabilities. By providing transportation for doctor appointments, friendly visits, phone calls, and assistance with shopping, volunteers can contribute to the care receiver's independence and dignity. To become a Faith in Action caregiver volunteer, contact Carol Troxell, Project Coordinator at 903-813-3575 or 1-800-677-8264 ext. 575.

grandmother Theresa M. Hermes of Lindsay, to each child, was also worn for the baptism.

God parents for Kathryn Teresa were Zak and Amy Struxness. Godparents for Erin Faith were Eric and Cheramie Dankesreiter.

Following the church ceremony, a reception was held in the home of Tom and Rosemary Dankesreiter. A beautifully decorated table holding framed pictures of the newly baptized girls held gifts from all the guests. Those attending the reception were treated to a large buffet of homemade pickup foods, including a beautifully decorated cake with "God Bless Kathryn and Erin" inscribed. After the meal, gifts were opened and many pictures were taken.

Special guests included great-grandmother Theresa M. Hermes of Lindsay, Larry and Connie Dankesreiter and Anna Mae Downs of Fort Worth, Cyril Hermes of Lake Dallas, Debbie Hermes and children Jennifer, Jason, and Jessica of Gainesville, Fr. James Moster, Harriet and Harry Scoggins and Amy Pagel of Muenster, Lucille and Tom Hesse, Tommy Joe Dankesreiter of Lubbock, Francis Hermes of Lindsay, John and Dana Walterscheid and Anne, Sara, Abby, and Lora, and Jeff and Angie Tempel of Muenster, Eric, Cheramie and son Benjamin of Lewisville, Amy and Zak Struxness, Lou and Damian Moster and Tom and Rosemary Dankesreiter.

Amy, Zak and Erin were house guests of Tom and Rosemary Dankesreiter and enjoyed the weekend visiting friends and relatives in the area.

### Fisher

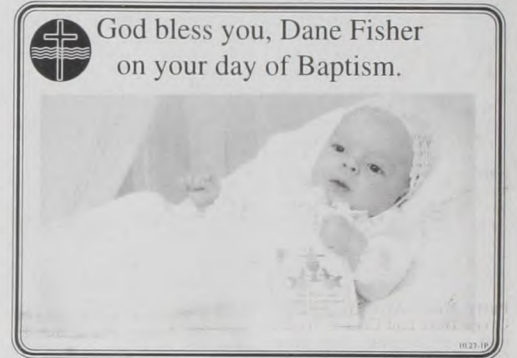

Deacon Popo Gonzales of Immaculate Conception Church in Denton baptized Dane Joseph Fisher on Sept. 24. Dane is the son of Dyan Fisher of Krum. His grandparents are Jack and Debbie Brittan of Krum and David and Helen Fisher of Muenster. Dane's great-grandparents are Trudy Felderhoff and the late Vince Felderhoff and Paul and Dorothy Fisher all of Muenster.

Dane's godparents are his grandparents Jack and Debbie Brittan. The baptismal gown Dane wore was handmade by his great-great-grandmother Catherine Rauschuber. He was the 25th baby to be baptized in it. It was made 79 years ago. He also wore a handmade cap and booties. His cap was made by his great-great-aunt Bea Hess. Dane wore a crucifix, a gift from his godparents.

Guests enjoyed a barbecue meal at the home of the Brittans. Pictures were taken,

gifts were opened and guests enjoyed a special baptismal cake.

Guests included his mother, grandparents, and his great-grandmothers. Also joining him were uncles Bradley and Greg Fisher of Denton and aunts Melynda Rivers and Rachel Pentico of Denton; cousins Ashlyn and Makenna Rivers and Sophie Pentico all of Denton; great-aunts and uncles Mike Felderhoff of Denton, Jamie Hennigan and Carol Klement of Muenster, and Brenda and Steve Simpson of Aubrey. Also joining Dane on his special day were his second cousins Michelle Hennigan of Denton, Megan and Meredith Hennigan, Kimberly Klement and Vince Felderhoff all of Muenster; Shelby and Grant Simpson of Aubrey; and great-great-aunt Oleta Dussen of Denton. Unable to attend but sending wishes were Nan and Phil Chamberlain of Dallas and great-great-aunt Delane Finley of Denton.

God bless you, Dane Fisher on your day of Baptism.

## Thanksgiving Picnic • Sunday - Nov 19

## Local group makes visit to Eternal Word TV Network

On Sept. 29, 30, and 31, Margie Krahl, Linda Wimmer, Janet Jordan, and Judy Krahl, flew to Irondale, Alabama to a retreat in the Carmelite Sisters Convent. Father Sylvester Catallo O.F.M. officiated the Conference along with Sister Louise Marie, Sister Ave Maria, and others.

On the visit they entered EWTN (Eternal Word Television Network), a Catholic TV station (available to all in Muenster who choose to get the channel). They met Father Frances who is pictured above. They also met Father Joseph who offers Mass daily on TV. They were privileged to attend one of the Masses that Sunday. EWTN television station reaches throughout the whole world.

Mother Angelica is the sister who started this Catholic Network program. She claims

that the "Child Jesus" appeared to her in church one day. She was told to "Build Me a temple, of God" and also the Child Jesus was holding his heart, "And a child shall lead them." This saying is engraved on the steps before entering the temple.

The church was a most beautiful, most magnificent, most spectacular place. The tabernacle was all made in gold and marble. Even the candles were colored gold. The tabernacle had two gold angels alongside the Blessed Sacrament with orders to keep silence in all the church, even in the courtyard surrounding the church. Most of the gold and marble was imported from Italy. Four families donated this for the Glory of God and for His honor.

## NCT Chorale concert to feature music of Fauré Nov. 2

The North Central Texas Chorale will present the moving music of French composer, Gabriel Fauré, "Requiem" and "Cantique de Jean Racine" on Thursday evening, Nov. 2 at 7:30 at the First Baptist Church, 308 E. Broadway Street in Gainesville.

The Chorale is under the direction of Dr. Michael Linder, professor of music and choral singing at North Central Texas College. John Dill, another NCTC faculty member, is organist.

Some 80 singers, who represent a wide area of Cooke and surrounding counties, consider the production a harmonic originality of melodic beauty. A chamber orchestra featuring a harp will accompany the singers, with the primary instrument being the organ. Soloists will also be featured.

Gabriel Fauré, 1845-1924, was an eminent French composer, organist, and teacher. In 1896 he became professor of composition at the Paris Conservatory and principal organist at the Church of the Madeleine. Later, in 1905 he was appointed director of the Paris Conservatory. In addition to his famous "Requiem," he wrote two operas, orchestral works, including "Pavane" (1887); and various piano pieces.

Past audiences of the Chorale have remarked on the beauty and strength of the voices, always preserving challenges.

Tickets are available at the doors of the Church or from

## Halloween alternative offered by NCTC

Parents looking for a fun, safe alternative to traditional Halloween trick-or-treating are invited to attend the 2nd annual Fall Festival this Saturday, Oct. 28, inside the NCTC Equine Center.

The Fall Festival starts at 6 p.m. Saturday and will go until 9 p.m. Events will include bingo for adults, carnival games such as darts, ring toss, duck pond, a cake walk, face painting, a haunted house, and lots and lots of free candy.

The event is free and all ages are welcomed.

any Chorale singer. The Chorale is a non-profit organization dedicated to the preservation of classical music.

For further information, phone Dr. Linder at NCTC, 940-668-7731, ext. 382.

Admission is \$7.00 for adults and \$4.00 for students. The money is used solely to pay for the orchestra.

submitted by Linda Coursey

## Concert opens second season by Angelic Acappella

by Elfreda Fette  
An evening well-spent at previous programs by the Sacred Heart High School Angelic Acappella Choir, was enhanced again for listeners Sunday evening when the young ladies opened the second season Oct. 22 in Sacred Heart Church at 7:00 p.m.

The program of harmonic originality and melodic beauty ranged from madrigals to folk songs; to one in German, another in Italian, another in Japanese; to spirituals; to Broadway melodies.

The audience focused on the sheer, silky smoothness of the voices, on their beauty and strength, much like the choir focused on the leader and director with rapt attention to every signal! It was a double treat for those who attended.

The program included the following: Madrigals: "Come, Let Us Start A Joyful Song" and "Fa Una Canzona, Orazio Vecchi"; Motet: "Wie Schön

leuchtet de Morgenstern"; "Sheep May Safely Graze," by J.S. Bach; and "Set Me As A Seal" by Renee Clausen; Flutists from UNT, Denton; a solo "Un Moto di Gioia" by Mozart was sung by Elizabeth Fette; Folk songs "Long, Long Ago" by Thomas Bayley and "Love In Thy Youth" by Crocker; a solo "Se tu m'ami" was sung by Jackie Bartush; Songs "Sakura" (Japanese) and "Mother's Lullaby" Irish Air; Spirituals "Elijah Rock" and "Little David, Play On Your Harp"; Broadway Melodies "It's A Grand Night For Singing," "Sixteen, Going On Seventeen," "Wouldn't It Be Lovely?" "I Enjoy Being A Girl"; closing with "I Love You, Lord!"

Director is Mrs. Pamela Fette, assistant director is Mrs. Anne Poole. Accompanist is Mrs. Barbara Brady. The choir rehearses twice each week, spending more than 4 hours weekly.

Angelic Acappella singers performing in their first concert of the season are (front to back, left to right) Katie Cox, Elizabeth Fette, Diane Becker, Lisa Endres, Tiffany Richey, Dana Miller, Jackie Bartush, Laura Taylor, Kelly Fetsch, Kate Sepanski, Kimberly Hess and Melanie Bartush.

## MORE CUB SCOUT NEWS

continued from pg. 10

Cub Scout Pack 664 held their meeting on Oct. 16 at 7:00 p.m. The Pledge of Allegiance was led by Den 2. Ben Bindel introduced the new Den leaders and scouts.

Den 6 passed out activity sheets for scouts to work on while uniform inspection was held for each Den. The scouts also played a game called Fireman.

Ben Bindel then discussed the popcorn fund-raiser. The Tiger Cubs did a skit "Search, Discover and Share."

The following awards were presented to the scouts:

Summertime achievement award and belt loops for swimming, BB shooting, archery and the ultimate were presented to Chad Walterscheid, Will Taylor, Tanner Silmon, Jason Luke, Aaron Grewing.

Bobcat badges went to Jordan Henscheid, Ryan Felderhoff, Matt Hesse, and Chad Walterscheid. They also presented the Mothers Pin.

A 1-year service pin went to Will Taylor, Tanner Silmon, Aaron Grewing, and Jason Luke.

John Rohmer, Paul Crabtree, Jordan LaChance, Brandon Bindel, Kirk Felderhoff, Ryan Bartush, Seth Pierce, Joe Hesse, and

Colton Steelman all received belt loops for swimming, BB shooting, ultimate, and archery. They received activity pins for Aquanaut, Engineer, and Scientist. Paul Crabtree also received the Sportsman activity pin. John Rohmer, Brandon Bindel, and Quinn Sicking also received the ABBA "Walk for Life" patch.

John Rohmer, Paul Crabtree, Jordan LaChance, Brandon Bindel, Kirk Felderhoff, Ryan Bartush, Seth Pierce, Joe Hesse all received Internet patches.

Jordan LaChance received the 1-year service pin. John Rohmer received the 2-year service pin. John Rohmer, Brandon Bindel, Kirk Felderhoff, Seth Pierce, and Paul Crabtree received the 3-year service pin. Corey Pumphrey and John Rohmer received the Cub Scout Catholic Retreat patch.

Ashton Barret, Zachary Moritz, and Dustin Pumphrey received belt loops for swimming, BB shooting, archery, and the 2-year service pins.

Christopher Valliere, Steven Valiere, Jacob Bayer, Chad Henscheid, Ryan Henscheid, Tyler Pagel, and Scott Endres all received belt loops for swimming, archery, BB shooting, ultimate, and the 2-year service pins.

Christopher Valliere, Steven Valiere, Jacob Bayer, Chad Henscheid, Ryan Henscheid, Scott Endres, and Pierce Morrill received the summertime activity pin.

See CUB SCOUTS, pg 20

## NEW ARRIVALS

### Hogan

With pride and joy, Coach Kristopher Joseph and Amy Jerilyn Hogan announce the birth of a son Kristopher Joseph Hogan II on Friday, Oct. 20, 2000 at 10:47 a.m. in Denton Regional Medical Center. He joins a sister, Jerilyn Lane Hogan at home. Grandparents are Joseph Hogan of Argyle, Ronnie and Debbie Smith of Justin, Danny and Rosetta Leatherman of Fort Worth. Great-grandparents are Ruby Hogan of Roanoke, Vernon Gavit of Blanchard, Oklahoma, Edna

Lambert of Blanchard, and Bertha Cagle of Fort Worth.

### De La O

Refugio and Cecilia De La O of Nocona announce the birth of a son, Adan Yovanny De La O in Muenster Memorial Hospital on Oct. 17, 2000 at 11:25 p.m. weighing 5 lb. 8 oz. and measuring 18 1/2 inches long. He joins a brother Omar De La O, age 15 years and a sister Ivon De La O, age 11 years. Grandparents are Alicia and Refugio De La O, Sr. of Earth, Texas, and Alfonso and Bertha Hernandez of Mexico.

## Kylie Hess is 5

Kylie Hess turned five years old on Oct. 23, 2000. Her birthday party was held on Oct. 22 in her home, with a Princess Barbie theme. Hosting the party were her parents, Gary and Clarissa Hess and her sisters Hayley and Kinzie.

Guests included grandparents Paul and Marcie Kennels, and Gene Hess and Patty Hess. Also godparents Gregg Hess and Connie Woolf, and Aunt Crystal Hess. Also friends and cousins Adrien Rohmer, Erin Hess, Mariah Wimmer, Shy Ann Bartel, Ashley Hammer, Aly Schingoi, Hannah Bayer, Garrett Miller, Abby Pagel, Olivia and Kyla Haverkamp and David Hutton.

The party included games,

opening and display of gifts and refreshments with Barbie birthday cake.

## Local students included in The National Dean's List

Students from this area are among the approximately 140,000 students included in the 23rd Annual Edition of The National Dean's List, 1999-2000. The National Dean's List, published by Educational Communications, Inc., is the largest recognition program and publication in the nation honoring high achieving college students.

Students are selected for this honor by their college deans, registrars, or honor society advisors and must be in the upper 10% of their class, on their school's "Dean's List," or have earned a comparable

honor. Listed students are eligible to compete for \$50,000 in scholarship awards funded by the publisher, and may also use a referral service for future employment opportunities. More than 2,500 colleges and universities nationwide use the publication to recognize their academically qualified students.

Local students selected include: Amy Arendt, Anna Bayer, Lisa Clegg, Cristy Drachenberg, Janet Fetsch, Elizabeth Fuhrmann, Gina Hess, Shirley Hoofard, Alex Krahl, Brian Wiese, and Tara Yosten.

## Muenster Elementary Student Council Officers attend workshop

Local Muenster Elementary Student Council officers and their advisors recently went on a field trip to Southlake, Texas. They attended a leadership workshop sponsored by the Texas Elementary Principals and Supervisors Association. The officers met with other student council members and advisors from various schools and learned how to be strong leaders. They also came up with many ideas that they believe will add to the success of Muenster Elementary. Since the field trip, the officers have come back to campus and held two local meetings with all council members present. They have discussed many of these ideas and have plans in progress.

Currently, the student council has committees planning such events as a UIL Pep-Rally, fund-raising activities, and getting involved in service projects.

The 2000-2001 Student council members are Brad Endres, president; Zach Swirczynski, vice-president; Amber Fuhrmann, secretary; Meredith Hennigan, treasurer; Megan Felderhoff, parliamentarian; Krystal Wolf, public relations officer; Sandy Endres and Jessica Walterscheid, sixth grade representatives; Laura Heers and Alison Teatfatiller, fifth grade representatives; and Jordanne Hellman, fourth grade representatives.

## Lutkenhaus competes in Farm Bureau contest

Kristie Lutkenhaus, Muenster High School senior, and daughter of Mr. and Mrs. Leo Lutkenhaus of Muenster, was a participant in the Texas Farm Bureau District IV Free Enterprise Speech Contest at the Emmitt Evans Recreation Center in Mesquite Thursday, Oct. 4.

Attending from Cooke County were Edwin D. Knight, president of Cooke County Farm Bureau, Ann Knight, Leo Lutkenhaus and Kristie Lutkenhaus.

Cooke County Farm Bureau sponsored Kristie to the Citizenship Seminar in San Angelo in July 2000. She qualified herself for the District speech contest by attending the seminar and presenting her speech five times in her county.

The contestants for the District Speech Contest were from Johnson, Cooke Fannin, and Parker Counties. The winner of the contest was Stephanie Weeks of Parker County. Amanda Norris of Fannin County was chosen runner-up.

Kristie represented Cooke County well with a speech explaining how her ancestors left oppression in their home country, came to America, founded colonies which are now towns named Westphalia, Kansas and Westphalia, Iowa. They encountered financial failure, moved to Texas, leased land, met more failure and hardship, but through perseverance and the free enterprise system in America, they succeeded financially and founded the towns of Muenster, Lindsay, Windthorst, and Pilot Point.

Kristie Lutkenhaus

Each contestant received a gift certificate to Dillard's of Texas Farm Bureau. One of the judges, Mrs. Carla Ranger, presented each a bag and a T-shirt from Dallas County Community College.

The contest winner received a \$1000 scholarship and a plaque and the opportunity to advance to the State Contest, which will be held Saturday, Nov. 25 at the Farm Bureau State Convention in Arlington.

### REMINDER

#### Band Booster Meeting

The Muenster ISD Band Boosters will hold a meeting Nov. 6 in the band hall at 7:00 p.m. Included in discussion will be the blanket raffle and the Christmas concert. A Christmas skating party for the junior high band will also be discussed.

## Sacred Heart Machinator Robot Club makes public debut

Sacred Heart High School's Machinator Robot Club's robot, CODE RED, made its public debut with impressive results. The event was the DC BEST Mall Day Competition held Saturday, Oct. 21. In four separate events with three other competing robots, CODE RED scored three first place wins.

Sacred Heart's CODE RED eliminated Era High School's "Eliminator," drenched Denton High School's "Brocolian Blaze," mandated a "Montreal Protocol" end to Lewisville High School's "Halon Wheels," extinguished Keller High School's "Hephaestus," and canceled class for the Texas Association of Home Schoolers for the day. Team captain Luke Endres said, "We were lucky. If we were good, we would have had four first place wins." Teacher-coach Angela Smith said, "I'm real proud of the whole team. Our prime interest was to get in some good practice. In fact, by design, we did not exercise all our offensive systems and none of our defensive systems. The week of Oct. 22-26 our driver teams will be practicing at the Machinator Game and Practice Center donated by Klement Ford. We need to get all our teams to the same high level of operating our offensive and defensive systems and executing our various planned strategies as circumstances may dictate."

Donna Biffle, mother of Jack Biffle, a Machinator team member, said she spoke with an Era mother and team coach, Beverly Pels Stevens, a native of Muenster. Mrs. Stevens said she told the Era Engineering Team that "They had better watch out—Sacred Heart had entered the competition." The students weren't too concerned because they knew it was their seventh competition and Sacred Heart's first. But Pels told them, "No, you don't understand. When Sacred Heart enters something, they do it right and they win." Biffle asked her if she told them she knew that because she had graduated from Sacred Heart. Stevens said, "No, but I will tell them next week."

Though Mall Day was a practice and warm-up event,

the SHHS Machinators were required to submit their Project Summary Notebook for evaluation. It will be graded on its DC BEST promotion, use of the engineering process, community and school involvement, and the utilization of technologies available within the Sacred Heart family and Muenster community.

The team evaluation will continue with a 4:00 p.m. oral presentation scheduled for Friday, Oct. 27. The oral presentation will be judged on team preparedness, communication skills, presentation, format, creativity, use of team members, and incorporation of the game story in selling CODE RED to Smithsonian Institute management. The presentation team consists of presenters Andrea Bauer and Joseph Davis and industry expert Joseph Skotnik. In addition, the Machinator Quartet, consisting of Diane Becker, Daniel Bartush, Sara Rogers, and Kendal Sellers will entertain the judges with a song written by Robert H. Goddard, a Smithsonian favorite and famous rocket scientist, during the team set-up period.

Robot Competition Day, to be held on Saturday, Oct. 27, in the UNT Coliseum, will begin at 8:45 a.m. with the playing of the "Star Spangled Banner" by the assembled high school bands. There will be two phases to the contest, a seeding competition and a double-elimination playoff with a triple-elimination dual playoff. Each match is three minutes in length and very exciting to watch. CODE RED, under remote control of an operator following hand signals from a spotter, will move through an obstacle course performing various tasks worth various points, on a field with three other competing robots. The

## School Lunch Menus

WEEK OF OCT. 30 - NOV. 3

### SACRED HEART S.N.A.P. MENUS

Mon. - Toasted cheese sandwiches, tomato soup, celery, apples.

Tues. - Fried chicken, rice, gravy, peas, cranberry sauce, bread.

Wed. - No School.

Thurs. - Mexican casserole, ranch style beans, salad, fruit, bread.

Fri. - Pizza, pinto beans, lettuce, fruit.

### MUESTER ISD

Mon. - No School.

Tues. - Corny dogs, potato wedges, macaroni and cheese, pineapple tidbits, brownies.

Wed. - Burritos w/chili and cheese, lettuce salad w/dressing, ranch style beans, bananas, cake.

Thurs. - Fried chicken, creamed potatoes w/gravy, peas, pears, hot rolls.

Fri. - Barbecue sandwiches, French fries, baked beans, onions and pickles, applesauce, ice cream.

LINDSAY ISD

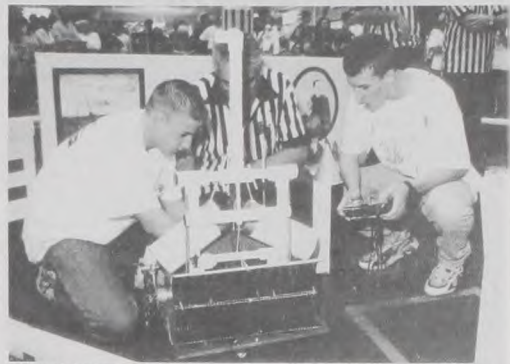

Mon. - Ham sandwich, macaroni salad, baked beans, pineapple.

Tues. - Burritos, refried beans, Mexican rice, peaches, bread.

Wed. - Chicken nuggets, mashed potatoes, green beans, pears, bread.

Thurs. - Beef tips and rice, carrots, cole slaw, mixed fruit, bread.

Fri. - Stew w/vegetables, blueberry muffins, pickled beets, oranges.

Chris Fuhrmann and Luke Endres verify installation of the tether control system with an official on Mall Day, Oct. 21. Courtesy photo

Machinators will have a few secrets to reveal.

As part of the competition, points are added to the score on the basis of the number of team supporters and their enthusiasm. Competition Day will be held in the UNT Coliseum. Parking will be in

Fouts Field parking lot No. 27. Visitors will be able to access the area by exiting I-35E on Avenue D, Exit 466B. If you have any questions, contact Kim Wendt, Special Events Coordinator at 940-565-2048 or wendt@unt.edu.

## Correction

Muenster ISD regrets that it failed to include Lauren Dangelmayr's name in last week's article as a current member of the National Honor Society. She has been a member for three years.

**Know the Facts about the Treatment of Breast Cancer**

There are a number of effective treatment options available when breast cancer is detected at an early stage. A woman and her physician will choose the treatment that is right for her based on her age, the risks and benefits of each treatment, and the extent and location of the cancer.

The Most Common Treatment Choices for Breast Cancer are:

- Surgery - there are three types of surgeries:
  - Lumpectomy - removes a small area of normal tissue around the tumor and some lymph nodes.
  - Modified radical mastectomy - removal of the entire breast, some lymph nodes, and lining of the chest muscle.
  - Radical mastectomy - removal of the chest muscle, all lymph nodes, and the breast.
- Radiation - cancer cells are destroyed by using high-energy x-rays.
- Chemotherapy - uses drugs that travel through the body to kill or slow the growth of cancer cells.
- Hormone therapy - blocks the hormones from reaching any cancer cells so they will not grow.

## Hornets get victory over Bulldogs

The Muenster Hornets got their first victory of the season Friday night with a 12-0 win over the Alvord Bulldogs. The win improves their district record to 1-1.

"We're excited about getting a win. We'll use it as a spring board for the next three games," noted Hornet Coach Gordon Martin. "The boys had a good time playing in the mud. This was a lifting win. It gave us new life, new focus. We're ready to go back to work."

Alvord took the opening kick, but the Hornet defense led by Chris Grewing, gave Muenster the ball on the Alvord 35. Runs by Josh Freeman took Muenster to the 9 yard line. A field goal attempt on fourth down failed and Alvord gained possession on the 20.

A sack by Blake Garrison and an incomplete pass was followed by a punt snap fumble, which Nathan Hess covered in the end zone for a Muenster touchdown. The extra point attempt was no good to give the Hornets a 6-0 lead with 4:15 on the clock.

A hit by Grewing caused a fumble on Alvord's 2nd down. Grant Hartman covered for Muenster. Three plays later the Bulldogs picked off a Hornet pass, allowing Alvord to carry the ball into the next quarter, then punt, putting Muenster on the Alvord 39. The next play Freeman ran to the one yard line. Two plays later, Mitch Endres scored. The PAT failed, giving the Hornets a 12-0 lead with 10:55 on the clock.

Muenster's defense held the 'Dogs to a minus 7, punting, but Alvord got the ball back when the Hornets fumbled.

Tackles by Greg Johnson and Chisam Cain lost yardage, but a pass completion took the Bulldogs inside the Hornet 30 before the 'Dogs ran out of downs at the 28.

A penalty backed the Hornets to the 19. Short runs couldn't make up the difference, but on 4th down, a flag on Alvord gave Muenster a first down on the Hornet 40. An Endres run gained 15, a flag added 10, and a pass to Freeman gained another 13 to the Alvord 18 yard line. Two incomplete passes and two

runs came up short giving Alvord the ball at the 11 yard line.

Muenster punted, Grewing covered a fumble, and Muenster punted again as third quarter action continued. Alvord got a drive going moving into Hornet territory, but a sack by Garrison helped halt the drive at the Hornet 32.

Again three plays and punt for Muenster as Alvord took the ball into the final period. Sacks by Grewing and Garrison forced an Alvord punt. Three plays later, Muenster threw an interception.

The 'Dogs gained a little ground, then Greg Johnson picked off a pass at the Hornet 10. Freeman gained 10 yards, then another 8 before Muenster punted again. A sack by Cory and Hartman gave Muenster the ball on the 8 yard

**Next Action**  
Muenster will travel to Petrolia, as district action continues this Friday night. "Petrolia runs a wide open stall offense and likes to throw," said Coach Martin. "We have to keep the ball away from them. Our defense will be our best offense."

Petrolia beat Era, then fell to Windthorst last Friday for a 1-1 record in district. Action begins at 7:30 p.m.

## Alvord, Muenster dominate District 12-A Cross Country Meet held Monday in Alvord

A pattern definitely developed at the District 12-A Cross Country Meet held on Monday in Alvord. Alvord first, Muenster second. The other eight teams in the ten-team district could only manage a third place finish at best.

In the varsity girls division, Muenster was the runner-up to defending state champion Alvord. The Lady Hornets' second place finish qualified the team for this year's Regional Meet to be held on Saturday, Nov. 4 in Arlington. Keri Felderhoff (13:54), Chelsea Felderhoff (14:02), and Robyn Hermes (14:03) kicked up a lot of mud as they blazed to a fifth, sixth, and seventh place finishes to qualify for Regional as individuals as well. Brittany Haverkamp (14:33) claimed 12th place and Jami Gerstberger (15:05) finished 16th for the Lady Hornets. Kristie Lutkenhaus (15:11) and Amanda Felderhoff (16:17) also ran well for Muenster.

Team scoring for the varsity girls was as follows: 1, Alvord, 24; 2, Muenster, 42; 3, Chico, 95; 4, Munday, 124; 5, Crowell, 139; 6, Petrolia, 140.

The JV Lady Hornets also finished second behind Alvord to claim the runner-up team plaque. Lisa Felderhoff (15:28) ran a great race to finish in 2nd place as an individual to lead Muenster. Kami Klement, 5th (16:23); Malony Gieb, 7th (17:18); Pam Lutkenhaus, 9th (17:55); and Ashley Klement, 10th (18:09) battled the mud to complete the team scoring for the Lady Hornets. Also running well for Muenster were Alisha Walterscheid, 11th (18:19) and Melinda Walterscheid, 17th (19:45).

In the Junior High Girls division, Muenster finished second to Alvord by a mere 7 points. JoAnna Felderhoff ended her junior high cross country career with a dominating first place finish with a time of 13:30. Kallie Gerstberger (14:06) was not far behind as she took fourth place honors. Jenna Felderhoff (14:59) finished 7th, and Jace

Koelzer finished 10th with a personal best time of 15:10. Stevie Klement (16:08) claimed 21st place and was followed by Muenster's Jenni Endres (18:24), Kelly Endres (18:31), Danielle Bindel (19:04), and Megan Dangelmayr (19:10).

Team scoring for the junior high girls was as follows: 1, Alvord, 36; 2, Muenster, 43; 3, Windthorst, 117; 4, Munday, 127; 5, Chico, 143; 6, Saint Jo, 148; 7, Crowell, 150.

The Muenster Junior High boys, not to be outdone by the girls, also finished second behind Alvord. Sean Fuhrmann ran a personal best time of 13:19 as he claimed fourth place overall to lead the Hornets. Malcom Martin (14:28) and Chris Steelman (15:05) finished in 11th and 13th places respectively, while Clint Miller (16:12), Dustin Wimmer (16:37), and Travis Felderhoff (18:56) also represented Muenster well.

Team scoring for the junior high boys was as follows: 1, Alvord, 41; 2, Muenster, 54; 3, Saint Jo, 68; 4, Windthorst, 72.

# Tigers tumble Eagles

The Tigers of Sacred Heart took on the Argyle Eagles last Friday in no-district action, putting another notch in the win column with a 19-7 victory.

"We like to win every game, but the past week it was hard to get ready, anticipating the upcoming Tyler Street game," noted Coach Kris Hogan. "We limited the offense we were going to run, with trading films with Tyler Street, we went with a conservative approach."

Hogan stated that the Tiger defense played real good, allowing Argyle to move the ball the first half, but after adjustment, the Tigers shut them down.

Running back Chris Smith was injured early in the game with a badly sprained ankle and will be questionable in this week's contest.

Keith Felderhoff took the opening kick 15 yards to the Tiger 29 to begin the game. Seven runs by Felderhoff, Chris Smith, Luke Endres, and Jonathan Krahl, and a flag carried the Tigers to the Eagle 38 before running out of downs and punting. Argyle got in five plays, but two tackles by Jeff Hartman forced a punt on 4th and 7.

The Tigers slowly carried the ball into the second quarter, moving to the 17 yard line. Krahl found the end zone, but a holding call brought the ball back to the 22. Endres, Krahl, and Felderhoff took the Tigers to the 3. Two Endres runs, and

Sacred Heart was on the score board with 9:49 on the clock. The extra kick was wide for a 6-0 score.

Argyle ran six plays and punted. The Tigers then fumbled, setting up an Eagle touchdown. It took 5 plays, and with the kick, Argyle took a 7-6 lead with 4:32 on the 2nd quarter clock.

Both teams ran 4 plays before breaking at half-time.

The Eagles took the 3rd quarter kick, but fumbled it on their first play. Jonathan Yosten covered for Sacred Heart on the Eagle 23. Three plays later, the Tigers fumbled it back.

Tackles by Felderhoff and Yosten delayed the Eagles, coming up short for the first down, giving the ball to the Tigers on their 45 yard line. A run by Felderhoff and Endres, and an Endres pass to Yosten quickly moved the ball to the 4 yard line. Endres moved two yards closer, then Krahl scored on a 2 yard run. John Knabe's PAT put the Tigers in a 13-7 lead with 4:50 on the clock.

On Argyle's next offensive play, Travis Fuhrmann assisted in the Eagles losing the ball. Michael Voth covered on the Argyle 27. Two Endres runs moved to the 10, but a holding flag backed the line to the 15. Krahl, on a sweep run, scored again. The extra pass failed and with 2:10 remaining in the 3rd quarter, Sacred Heart led 19-7.

The Eagles took the ball into the final period, then punted. Unable to get 10 yards, a short Tiger punt put Argyle on the Tiger 35. A pass play moved the ball inside the 20. Tackles by Felderhoff and Yosten and two incomplete passes gave the ball to Sacred Heart on their 15.

The teams exchanged possessions five times the remaining five minutes of the game, with good Tiger defensive play from, Thomas Whitecotton, Hartman, Felderhoff, Yosten, and Fuhrmann.

**Next Action**  
 The Tigers go back into district action this Friday night, hosting Tyler Street.

"This is the most important game we will play all year," said the Tiger coach. If the Tigers win they are in the playoffs - locking down 2nd place. If they lose, it causes a three-way tie for second place, which will be decided by a coin flip. Hogan believes the Tigers are the best of the teams involved, Lakehill and Tyler Street. "If we take care of Tiger business, everything will work out fine." Lakehill upset Tyler Street last week, so it is a must win situation for both teams. "Expect fierce competition from both sides," concluded Coach Hogan.

Sacred Heart quarterback Luke Endres gives the ball to Jonathan Krahl, who carried it all the way for a touchdown. Photo by Dave Fette

This Eagle ball carrier made no gain because David Whitecotton caught him behind the line and was quickly joined by Keith Felderhoff for the Tiger defense. Photo by Dave Fette

## Stoffels sisters prepare for marathon in Dublin, Ireland

The Leukemia and Lymphoma Society will send a team of three dozen Dallas area residents to Ireland to participate in the Dublin City Marathon 2000 as part of its Team in Training® fundraising program. The marathon is scheduled for Oct. 30.

Janel Stoffels, 47, is founder/owner of Denton Court reporting firm Stoffels & Associates. She's also preparing to run in the Dublin marathon. Janel, the fourth of ten children, and her 32-year-old sister, Sally Stoffels, are participating in honor of their mother, Alma Stoffels who died of multiple myeloma in 1996.

Daniel Bartush kept up a steady pace to take third place at the TAPPS state cross country meet. Photo by Dave Fette

For many of the participants, it will be their first marathon. Each of the participants has committed to raise a minimum of \$5,500 for the charity. Each participant is matched with an Honored Patient, an individual who is battling leukemia. Team in Training® is an endurance-training program for cyclists, triathletes, runners and walkers, which benefits the Leukemia and Lymphoma Society. Participants train to run or walk a 26.2-mile marathon or cycle a century (100 miles).

## Another new winner in this season's contest

Everyone missed Valley View's 24-6 whipping by Aubrey in week seven's Football Contest, but everyone correctly picked Sacred Heart, Gainesville, Saint Jo, and Lindsay as winners. Eighteen contestants missed Lake Dallas over Sanger, and 15 wrongly picked Boswell over Northwest.

Five entries picked Alvord, only four missed Callisburg, while 3 went with Prestonwood (who lost 60-0), two for Collinsville and Petrolia, and one believed Pilot Point would win over Celina.

On the tie-breaker game, 13-8, Noah Barnhill was closest with a guess of 14-10.

Week seven produced another new winner for the season. Ted Heers missed only two games to take the weekly cash prize.

Missing three were Tim Bindel, Mike Stoffels, and Dave Reiter. Mickey Haverkamp, Edna Hermes, Nick Stoffels, Edgar Dyer, and Dustin Wimmer missed four games, while LeRoy Buddy, Charles Edwards, Wilfred Bindel, and Wayne Klement correctly picked 15.

# Stingers push puppies 24-0

The 8th grade Muenster football team put another win under their belts with a commanding 24-0 win over the Pups from Alvord.

Tackles by Russell Endres, Sean Fuhrmann, A.J. Fleitman, Justin Wolf, Dustin Felderhoff, Adam Vinson, Chase Cain, and Clint Miller forced Alvord to punt away their first possession. A bad snap allowed Aaron Walterscheid to tackle the punter for a 14 yard loss.

Fuhrmann picked up 6, not enough for a first, and the Puppies took the pigskin. Again Muenster's defense held Alvord, taking over at midfield. Miller got a good run of 25 yards before the Stingers fumbled the ball back to Alvord.

The Puppies carried the ball into the 2nd quarter, then punted. Again a good run by Miller quickly moved Muenster down field, but a flag and incomplete pass made the Stingers punt.

Alvord moved the ball steadily for a few plays, then tackles by Gage Gilliland, Vinson, Cain, and Wolf stopped the drive and the Pups punted. Two plays later a Fuhrmann to Miller pass turned into a 47 yard touchdown play. Miller ran in the extra points and the Stingers led 8-0.

A gang tackle by Fleitman, Vinson, Gilliland, and Cain set the Puppies back 10 yards, then the next play John Fredrick intercepted the ball and Muenster took over at midfield. With time ticking off

the clock, the Hornet attack went to the air. Fuhrmann completed a pass to Miller and a Miller run took Muenster to the Alvord 40. A pass to Fredrick found the end zone, but a flag brought the ball back. Two incomplete passes and an 8 yard gain to Miller ended the first half.

Muenster took the 3rd quarter kick. The first play from scrimmage, a Fuhrmann pass to Fredrick was good for a 63 yard touchdown. Miller ran in the extra points for a 16-0 lead.

Again the Muenster defense led by Wolf, stopped the

Puppies, who punted. It was three plays and punt for the Stingers, who again held Alvord, with tackles by Fleitman, Walterscheid, and Vinson. A fumbled snap at the attempted punt put Muenster on their 46 yard line. The next play, Fuhrmann hooked up with Fredrick for another touchdown. Miller ran in the PAT for a 24-0 score as the 3rd quarter ended.

Alvord's offense controlled the 4th period, running nine plays reaching the Stinger 17 yard line before being stopped. Muenster ran three short plays and killed the clock for the win.

## Satellite Television Made Simple The Complete Beginner's Guide to Satellite TV

### Call

### Enjoy

### Don't Worry

Pegasus has made it hassle-free and as easy as 1-2-3 to have satellite television installed in your home.

- One phone call or a visit to your local Pegasus dealer and you're well on your way to enjoying the benefits of satellite TV! It doesn't get any easier than that!
- You don't have to buy the equipment—we'll provide all you need to be up and running in no time. Just enjoy one of our Total Choice® programming packages for one year and pay your monthly bill automatically with a credit or debit card.\*
- We'll install your DIRECTV System for you. For a small, one-time set up fee of \$49\*, a professional will come to your home and set up the entire system.

DIRECTV® from Pegasus Satellite Television offers more than 200 channels.

There are even as many as 55 pay per view choices a night. With Pegasus you get quantity and quality!

- For about the same monthly fee as cable (monthly fees starting at \$34.98) you get access to so much more.
- Not only do you get hundreds of channels, you also get lots of additional features: parental locks and limits, multiple set capabilities, an interactive on-screen program guide and a universal remote control that can be programmed to operate the TV, VCR, surround sound system and your DIRECTV System.
- Think that satellite TV is only about movies, sports and your favorite programming? Think again! Pegasus also offers you 31 CD-quality music channels.

Pegasus takes its commitment to service seriously.

- 100% coverage on parts and labor and unlimited repairs or replacements.
- Quick service turn-around and/or equipment replacement.
- Your TV programming will be highly reliable year-round. No worries about downed cable lines!
- From billing questions to programming changes to answering your DIRECTV System questions, Pegasus is here for you all day, every day.
- One bill includes service and programming. Your pay per view selections can also be ordered automatically if you maintain a continuous phone connection to your receivers.
- Trained technicians available 24 hours a day, 7 days a week to help over the phone.

**Sign up for DIRECTV® from Pegasus Satellite Television today, and we'll give you one month of Total Choice® STARZ!®**

**FREE\*\***

Call or visit your local retailer

SATELLITE TELEVISION

\*One year subscription to any Total Choice programming package, with monthly bill paid automatically with credit or debit card, is required. Fee of up to \$250 may be imposed if programming is downgraded, suspended or terminated in less than 1 year.

\*\*Subscriber will continue to receive the Total Choice STARZ! programming package after free month ends at a monthly rate of \$44.98 - including usage and service fees. Subscriber must call at the end of the thirty days to change programming back to Total Choice if desired. \*Set up fee is \$49 for one system and an additional \$50 for a second receiver.

Limited time offer available from participating dealers to new residential subscribers in Pegasus service territory only. May not be combined with any other offer. Programming, pricing and terms and conditions are subject to change. A continuously connected land-based phone line is required for some sports programming and ordering pay per view with a remote control. Local channels available only in select Designated Market Areas for an additional \$5.99 per month. Geographic restrictions apply. For details on receiving your local networks, call 888-246-7488. Availability of local networks is subject to approved transmission agreements between DIRECTV and the local network affiliates. In-Home Service Plan covers ordinary usage and is administered by VAC Services Corp. and is insured by American Bankers Insurance. STARZ! is a registered trademark of Starz Encore Group LLC. Total Choice and DIRECTV are registered trademarks of DIRECTV, Inc., a unit of Hughes Electronics Corporation. All other trademarks and service marks are the property of their respective owners.

# 7th Grade Stingers fall 24-6 to Alvord

Fumbles and flags assisted in keeping the seventh grade Muenster Stingers out of the end zone, until the final second of the game at Alvord last week.

The Puppy offense took to the field first, but tackles by Travis Felderhoff, Michael Eckart, and Patrick Lutkenhaus forced a punt.

Muenster's first four plays made no gains, but a roughing the kicker flag kept the Stinger offense on the field. Two plays later, Alvord covered a fumbled ball. Two Puppy runs took Alvord to the 14 to end the first quarter. Three plays later, Alvord led 8-0.

Muenster had the ball three plays, fumbling on the third, on their 23 yard line. Chris Steelman backed the Pups up 5 yards, but a flag took the ball to the 10. Noah Barnhill and Ryan Hennigan stopped the next run, then Jordan Walterscheid dropped the Puppies for a 2 yard loss. Craig Price and Felderhoff dropped Alvord back another 2 yards, then Keaton Haverkamp, Eckart, and Steelman stopped Alvord with a goal line stand. The Stingers got in one short run before the clock cleared for half-time.

Muenster started at their own 15, gaining only a yard. A blocked punt gave Alvord a touchdown, then a 16-0 lead with 3:29 on the clock.

Dustin Wimmer returned the kick to the 38 yard line. Walterscheid gained 6, but two other runs lost 8, so Muenster punted. Another roughing flag gave the ball back to the Stingers. Walterscheid gained 13 yards, then Price picked up two as the final quarter began. Walterscheid ran two more times, then a fumbled ball gave the Puppies possession. Four plays later, Walterscheid picked off a Puppy pass inside Muenster's 20 yard line. Two runs lost 8 yards, then Hennigan picked up four, but with 1:21 on the clock Alvord took over. The Puppies took a 24-0 lead with 17 seconds on the clock.

Malcom Martin ran the kick back 85 yards for a Muenster touchdown as time ran out for a 24-6 final.

Ryan Hennigan was the leading rusher. Michael Eckart and Noah Barnhill were leading tacklers.

### Prostate cancer facts

There are no specific signs or symptoms of prostate cancer, but you should see a doctor if you have any of the following:

- Weak or interrupted flow of urine
- Urinating often, especially at night
- Difficulty urinating
- Pain or burning when urinating
- Blood in the urine
- Nagging pain in back, hips, or pelvis.

# Knights knock down Cardinals

The rain fell down on the Savoy football field last Friday night in a splash-down, mud-wrestling battle, a battle won 28-0 by the Lindsay Knights. The rain-soaked, mud-covered Knights held the Cardinals to a total of only 40 yards, while gaining 311 yards against the dripping host.

"It was wet!" commented Coach Charlie Meurer. "It's hard to grade your performance when you're out there slopping around. Everything's different in those kind of conditions." Meurer also complimented the Cardinals for playing hard and never giving up.

The Knights took the opening kick, ran three plays and fumbled. Three plays later Skyler Shauf covered a loose ball on the Cardinal 32. Runs by Adam Anderle and Brad Minnix took Lindsay to the 13. Nicholas Fuhrmann found the end zone, but a flag brought the ball back. The next play, Anderle got into the end zone, but off-setting penalties replayed the down. Anderle then got the ball to the one. Fuhrmann took it in again; this time the points were good. Minnix ran in the extra points for an 8-0 Lindsay lead with 6:43 on the clock.

Tackles by Brandon Ferguson, Fuhrmann, Andy Zimmerer, Anderle, Minnix, and Rhett Rimmer slowed Savoy's advancement, then Shauf covered another loose ball for Lindsay to take over at the 41. Two plays later, the Knights found the end zone, but a holding flag brought the ball back to midfield. Runs by Anderle and Fuhrmann could not make up the lost yardage, forcing Lindsay to punt. The kick was blocked giving Savoy the ball at midfield.

The Cardinals got in one good run, then the Knight defense, led by Anderle, Tommy Arendt, and Jonathan Bengfort held their opponents

to just two yards in four plays. Lindsay took over on their 27 yard line. Anderle and Minnix carried the ball into the second quarter. Then a 28 yard run by Anderle put the Knights on the Cardinal 30. Minnix and Anderle took turns running with the fifth run, by Minnix, good for 6 points. The PAT failed and the Knights led 14-0 with 8:23 remaining in the first half.

Savoy lost 3 yards and punted a short kick to their 43 yard line. Fuhrmann ran for 10, then Anderle added 12 in two runs to get to the 19.

Minnix and Fuhrmann got the ball to the 16. On fourth and seven, Fuhrmann connected with Arendt, who tip-toed into the end zone for another touchdown. Anderle ran in the extra points for a 22-0 score, just within the two minute warning. Savoy's offense ran 3 plays before the time ticked off the clock.

The Cardinal offense began the third quarter, but the Knight defense stopped the drive in a minus, forcing a punt. A flag on the return put the Knights back on their 25 yard line.

Anderle picked up 23 and Shauf 20 to get into Cardinal territory. Nathan Bruce gained 9 yards, then the Lindsay offense struggled to get to the 18, coming up short at the 11.

Josh Goldsmith and Arendt stopped for no gain, then Bengfort dropped Savoy for a loss, forcing a punt that splashed down at the 40. The teams exchanged punts with Lindsay taking the ball on the Savoy 45 as the final quarter began.

Eight mixed runs by Anderle, Minnix, Bruce, and Shauf took the Knights to the four yard line. Three consecutive runs lost yards, then the Cardinals came in and covered a fumble on the 10.

Anderle, Goldsmith, and Ferguson held the Cardinals,

punting short to the 26 yard line.

Two plays later Shauf scored on an 18 yard run and the Knights led 28-0 with 50 seconds on the game clock.

Savoy fumbled their first play, allowing Lindsay to cover as the final buzzer sounded.

**Next Action**  
 The Knights will host the LaDonna Fannindel Falcons this Friday night. "Fannindel has lots of speed and size," noted Meurer. The Falcon line averages around 230 pounds and they have All-State runners for speed. "We have to be ready to play." Dustin Smith, two-way All-District performer last year is the player to watch.

In district action, the Falcons lost to Celeste then defeated Quinlan Boles Home last Friday.

Game time is 7:30 at Knight Field.

## Lindsay Junior Varsity girls finish 2nd

The Lindsay Junior Varsity girls finished in second place at district with 29 points. Era squeezed by for the championship with 27, while host Trenton came in 3rd place with 125 points.

Individual Lady Knights, their placement and times were as follows: Melissa Fuhrmann, 2nd, 15:24; Genevieve Knauf, 4th, 15:51; Alex Haayen, 6th, 16:02; Katie Hoberer, 8th, 16:15; Emmy Trammell, 9th, 16:18; Sarah Camp, 10th, 16:28; Taren Hall, 12th, 16:37.

Also participating were Lori Kasperek, Alex Hellingner, Stephanie Jankiewicz. Bland and Trenton Schools won the boys JV division.

## Bulldogs defeat JV Hornets

The Junior Varsity Hornets traveled to Alvord last Thursday and fell victim to the Bulldogs in an 18-8 contest.

The 'Dogs took the opening kick, running six plays before running out of downs at their 35 yard line. Two runs by Dustin Hiser gained a first down to the 21, but an offensive pass interference call took the Hornets back, losing the ball on downs.

Alvord got another first down, but tackles by Jared Ledbetter, Hiser, Jake Freeman, Colby Newton, and a quarterback sack by Michael Endres, forced a punt. Freeman moved Muenster into the Bulldog end of the field, but a blitz fumble was covered by Alvord. Tackles by Kirk Hartman, Hiser, Kyle Endres, and Ledbetter gave the 'Dogs no gain as the 2nd period began. Pass defense by Daniel Russell saved a touchdown, but another flag gave Alvord the ball on the 8 yard line. Three runs later, the Bulldogs scored for a 6-0 score with 8:30 remaining in the first half.

Hiser returned the kick to the 23. The Hornets gained 6 yards and punted. The punt was blocked and Alvord covered on the Hornet 20.

Tackles by Ledbetter and Hartman, and a sack by Hartman was followed by a 15 yard penalty to keep the Bulldog drive alive.

Mitch Felderhoff and K. Endres held Alvord to 2 yards to the 10. A Hartman rush on the quarterback and Tyler Walterscheid's pass defense made a pass fall incomplete. On third down, Hartman sacked the quarterback for a 6 yard loss. On 4th down, a pass fell incomplete, giving the Hornets the ball on their 16 yard line.

Runs by Hiser and Freeman picked up a first down at the 42. A fumble, covered by Alvord was returned thanks to a motion flag on the play. A fumbled pitch, an incomplete pass, and an illegal substitution forced a Hornet punt on 4th and 30.

A short Alvord return was boosted by a 15 yard penalty to give Alvord possession on the Muenster 19. Defensive plays by Justin Hess, Ledbetter, and Newton held the Bulldogs to a minus 2 yards. On fourth down, Alvord scored on a pass play with 30 seconds on the clock for a 12-0 score. M. Endres and Hiser stopped the extra point.

T. Walterscheid returned the 3rd quarter kick to the 20. Three plays later Alvord covered a fumbled ball. Muenster got it back the next play when Newton intercepted a pass, returning it to the Muenster 38.

Three Dustin Walterscheid runs took the Hornets to the Alvord 44. Freeman picked up another 8, but a quarterback sack forced a punt that rolled to the 5 and was returned to the 15, where K. Endres and T. Walterscheid stopped the runner. Two plays later, Ledbetter covered a loose ball on the Alvord 19 yard line.

The Hornets took advantage of the turnover. D. Walterscheid gained 9, Freeman 2, then D. Walterscheid scored a touchdown. A pass from D. Walterscheid to Ricky Endres made the score 12-8 with 3:50 remaining in the 3rd quarter.

The fourth Alvord play was intercepted by Hiser, but Muenster couldn't get the needed yards and punted. A quarterback sack by T.

## Bucks look for bucks!

Deer have better vision than most people. They will spot a new deer coming far sooner than I will. After one or more deer have appeared at my stand, then I will watch those deer most of the time. Any new deer coming into view will be looked over by the deer I am watching. If I watch the existing deer, then they will spot new deer for me. Where ever they look, I look.

In fact most deer will hear or smell new deer before they see them. I certainly do not hear or smell as well as deer do. Those ears are nearly as big as the old fashioned hearing aids. Do you remember the megaphone held up to the ear to help granny hear?

Walterscheid and Hartman delayed Alvord, but a flag gave the Bulldogs a 1st down to start the final quarter. A Ledbetter and Hartman sack then forced a punt.

D. Walterscheid and Freeman got in 5 runs for 25 yards, but an interception stopped the drive.

Four plays later, Alvord scored again. With 2:38 on the clock, the 'Dogs took an 18-8 lead.

Muenster got in two runs, then threw away an intercepted pass, allowing Alvord to let the clock run out.

The downpour of rain during the Knights visit to Savoy made conditions on the field unfavorable. Above - the Knights offense, with loyal fans watching the mud-bath. At right, splash down, Adam Anderle is brought down after a good gain. At left, Tommy Arendt completes this pass for a touchdown.

Photo by Janie Hartman

## Lady Knights win district; Knights come in second

The Lindsay Lady Knights took the District 18 Cross Country Championship earlier this week at Lake Bonham. The meet was hosted by Trenton.

The Lindsay Ladies won the district with 26 points, followed by Era with 35, and Trenton with 112. Megan Ward took the individual gold medal with a time of 13:32. Also finishing in the top 10 were Hannah Trammell, 4th at 13:55; 6th, Ellen Bezner, 13:57; 7th, Jacque Bezner, 13:53; and 8th Whitney Neu, 14:04.

Stacie Garner finished in 11th place with a time of 14:28 and Melanie Brown, 14th at 15:01.

The Knight Cross Country

team finished in 2nd place with 42 points, behind District Champions Trenton with 31. Bland came in 3rd with 53 points.

Medalists were Mitch Creed, who came in 3rd place with a time of 17:53. Brandon Schroeder finished 10th at 18:48.

Other members Regional-bound, their places and times are: 11th, Michael Kendall, 18:54; 12th, Mitchell Ward, 18:59; 20th, John Eberhart, 19:31; and 28th, Kyle Endres, 21:01.

The first three teams and ten individuals move on to Regional at Sam Houston State University in Huntsville on Nov. 4.

### Legal Notices

TO: BOOTS MCKENNA, W.G.T. NEWMAN, THOMAS NEWMAN SMITH, CHLOE ELLINGTON BLANTON, JIMMIE TROUT, WILLIE CLAIRE BRINGMAN, EDWARD J. LIPSCOMB, HENRY OEHMAN, JR., HENRY MEIERS and VALENTINE MAUPIN WOOLHAM, IF LIVING, OF THEIR UNKNOWN HEIRS OR LEGAL REPRESENTATIVES.

Defendants in the hereinafter styled and numbered Cause:  
CAUSE NO. 00-491, IN THE 235TH JUDICIAL DISTRICT COURT OF COOKE COUNTY, TEXAS, J.R. & ADAM SEITZ VS. BOOTS MCKENNA, ET AL OR THEIR UNKNOWN HEIRS OR LEGAL REPRESENTATIVES.

You have been sued. You may employ an attorney. If you or your attorney do not file a written answer with the clerk who issued this citation by 10:00 A.M. on the Monday next following the expiration of 42 days from the date of issuance of this citation, that is to say on or before 10:00 A.M. of Monday, November 27, 2000, a default judgment may be taken against you. The petition of J.R. & ADAM SEITZ, Plaintiff, was filed in Cooke County, Texas, on the 12 day of October, 2000, against BOOTS MCKENNA, W.G.T. NEWMAN, THOMAS NEWMAN SMITH, CHLOE ELLINGTON BLANTON, JIMMIE TROUT, WILLIE CLAIRE BRINGMAN, EDWARD J. LIPSCOMB, HENRY OEHMAN, JR., HENRY MEIERS, VALENTINE MAUPIN WOOLHAM, or the unknown heirs or legal representatives in the above entitled and numbered cause. The Plaintiff brings this suit for the purpose of having a receiver appointed of the interests of Defendants in the oil, gas and minerals in, on and under that may be produced from the following described land in Cooke County, Texas, to-wit:

50.00 acres of land, more or less, being part of the JOSEPH MILLER SURVEY, Abstract No. 684, Cooke County, Texas, being more particularly described as follows:

BEGINNING on the East boundary of the said Joseph Miller Survey, 531 varas South of the Northeast corner of the same and at the Southeast corner of a 50 acre tract willed to Elizabeth Seare by will of Joseph Miller, deceased;

THENCE West 531 varas to corner;

THENCE South 531 varas to corner;

THENCE East 531 varas to corner;

THENCE North 531 varas to the place of beginning, AND

Being the same land as described in a Warranty Deed from Grady Ballard et al to James Ware et ux, recorded in Volume 343, Page 623, Deed Records of Cooke, Texas.

and that said receiver, under orders of this Court wherein this suit is filed shall have the power and authority and be directed by said Court to execute and deliver to a lessee or lessees and oil and gas lease covering the interests of said Defendants upon such terms and conditions as may be prescribed by the Court, for costs of suit, and for such other and further relief as Plaintiff may be entitled to at law or in equity.

The interest of Defendants in above described land is as follows:

BOOTS MCKENNA	3.21875 acres
W.G.T. NEWMAN & THOMAS NEWMAN SMITH	0.260517 acres
CHLOE ELLINGTON BLANTON	0.260517 acres
JIMMIE TROUT	0.195313 acres
WILLIE CLAIRE BRINGMAN	0.390625 acres
EDWARD J. LIPSCOMB	0.78125 acres
HENRY OEHMAN, JR.	0.1953125 acres
HENRY MEIERS	0.1953125 acres
VALENTINE MAUPIN WOOLHAM	0.1953125 acres

Appointment of a receiver is prayed for under the terms of Section 64.091 of the Texas Civil Practices and Remedies Code, and under the general equitable powers of the Court wherein said suit is filed.

The nature of the proceeding is fully shown by plaintiff's petition on file in this cause.

The officer executing this process shall promptly execute the same according to law and make due return as the law directs.

If this citation is not served within ninety (90) days after date of its issue, it shall be returned unserved.

WITNESS Pat Payne, Clerk of the 235th Judicial District Court of Cooke County, Texas.

Given under my hand and seal of said Court in the office in Cooke County, Texas, this 13 day of October, 2000.

# Farm & Ranch

## LMA blasts USDA delay in calling for beef checkoff vote

Following a recent U.S. Department of Agriculture (USDA) decision that will push a vote on the beef checkoff into at least 2001, Livestock Marketing Association (LMA) President John Willis said, "It's time to start treating American beef producers like citizens, and not suspects."

Willis commented following notification from USDA's Agricultural Marketing Service, which has had LMA's referendum petitions for 10 months. AMS said the petition validation/verification process will now be turned over to an outside accounting firm.

"Our understanding," Willis said, "is that USDA will take bids from national accounting firms to verify the petition signatures. USDA will require that the process be completed by Dec. 1, with an incentive bonus if it's completed by Nov. 3."

"That means we will have had numerous primary elections, two national political conventions, a Presidential election, and elections in 50 states, in less time than it will take USDA to decide one simple question; do beef producers have the right to decide whether to keep spending their own money on the checkoff?"

Willis added that the validation procedures USDA is requiring the accounting firm

to use "are a recipe for failure." Among other things, these procedures will require producers who signed the petitions to prove, with documents, that they sold cattle during 1998 or 1999.

The contractor's work, USDA says in documents provided to LMA, must have a "maximum error rate" of 0%, and must all be done by mail survey. "Mr. Secretary," Willis wrote in a letter to USDA Secretary Dan Glickman, "to how many of the mail surveys which come into your home do you respond? especially when they come 'From someone not personally known to you?'"

And how likely, Willis asked Glickman, are you to mail someone you don't know "personal financial documents" such as a bill of sale?

LMA believes, Willis wrote, "that the error rate inherent in this type of survey is far larger than any error rate in connection with petition signatures," and that the "errors inherent in the survey techniques" will be blamed on those seeking a checkoff, just as they were blamed on producers seeking a pork checkoff referendum.

The failure of this validation process, Willis said, "will be used to justify not calling a referendum. That result will be totally unjust and unacceptable."

## Future Presidents' views on agriculture

**What are your agricultural priorities?**  
**BUSH:** We must open overseas markets...eliminate the death tax and enacting regulatory reform that allows farmers, ranchers and environmentalist to peacefully co-exist.  
**GORE:** My top priority will be to strengthen the farm safety net...I will use the protective hand of the government to defend against anti-competitive forces.

require that the federal government carefully evaluate the impact of regulatory initiatives on private property rights.  
**GORE:** I will continue to oppose so-called private property rights bills that would replace the Constitutional standard for compensation.  
**What is your position on eliminating death taxes on family-owned businesses?**  
**BUSH:** Estate taxes can destroy family owned farms, ranches and small businesses. I have put forward a plan that eliminates the estate tax...  
**GORE:** I oppose the total elimination of estate tax. I recognize that family farmers and ranchers sometime find it difficult to pass their land along to the next generation.

**What is the appropriate balance between protecting private property rights and conserving natural resources?**  
**BUSH:** As governor I signed one of the strongest private property rights laws in the nation. As president, I would

Local creeks were finally running Friday, after rain drenched the area for most of the day. As of 8:30 pm Wednesday, Muenster's official moisture total for October was 6.2 inches, of that .72 inches were recorded on Wednesday. Janette Hess reported that total rainfall for 2000 was 18.6 inches through September. That now makes 24.8 inches and counting. Photo by Janet Felderhoff

## AG scholarships to become available for NCTC students

By the beginning of the next school year, T.J. Davidson and the North Central Texas College Agricultural and Equine Advisory committees say they hope to send students to school on \$1,000 scholarships a piece.

Martindale Feed Mill has joined this program by asking all MFM feed dealers in Cooke, Denton and Montague counties to donate one dollar per ton of MFM feed sold during the month of November, then MFM will match the total amount

donated by dealers to provide scholarship funding.

There are four key ingredients in the program: Scholarship contributions, endowed scholarships, auction items and donation of livestock.

Davidson said application for the scholarships will be available in the spring of next year.

For more information, contact T.J. Davidson at 940-668 7731, ext. 353, or Debbie Pounds at 940-668-4213.

## Ideas on 2001 farm bill wanted for Nov. 16 listening session in Austin

Agriculture Commissioner Susan Combs invites Texas farmers and ranchers and representatives from commodity groups and other agricultural and rural organization to present testimony at a Nov. 16 listening session in Austin on the upcoming Farm Bill. The deadline for registering to speak at the session is Oct. 31.

A deadline for submitting written comments is Feb. 2, 2001.

For more information or to sign up to testify at the Austin session, contact Lisa Elledge,

coordinator for trade and federal issues, 512-475-1615 or go to the TDA's website, [www.agr.state.tx.us](http://www.agr.state.tx.us).

### Ag Briefs

#### TEXAS CATTLE

Cattle and calves on feed for slaughter market in Texas feedlots with capacity of 1,000 head or more totaled 2.9 million head on Oct. 1, up 9 percent from a year ago. Texas commercial feeders marketed 550,000 head during September.

# County Agent's Report

by Craig Rosenbaum

### OPTIONS SCHOOL

Most agricultural producers are familiar with the use of insurance. People insure buildings against fire, equipment against accidents and their life against death and injury. Insurance is purchased in order to trade a small but certain loss (insurance premium) for a large uncertain loss. In most agricultural products, one of the greatest risks incurred in the past 10 years has been price change. That is, prices for the products grown or stored have been so uncertain that what appeared profitable when planted or placed on feed ended up unprofitable due to price decreases. A related problem has been that if a forward pricing alternative (such as cash contracts or hedging in the futures market) was used to control price risk, an additional risk of uncertain final production was incurred due to over or under forward pricing of

expected production.

Now there is a way to "insure" prices against declines while taking advantage of price increases. The opportunity is provided by the commodity options market. The Cooke County Marketing Club, in association with the Texas Agricultural Extension Service, will host a four night Agricultural Commodity Options School starting Wednesday, November 8, 2000 in Gainesville, Texas to familiarize attendees with various aspects of option contract and markets. A thorough understanding of the options market can be obtained from attending this school as topics will range from the basics of options contract to in-depth trading strategies.

Anyone interested in attending the Cooke County Options School should contact Craig Rosenbaum at (940) 668-5412.

## Pesticide applicators must have continuing education credits

Pesticide applicators are reminded to obtain the necessary continuing education units (CEUs) to renew their license. Many private applicators face a Feb. 28, 2001 renewal date. Private certificate holders face a Dec. 31, 2000 deadline.

Applicators should be sure TDA has their correct address

to avoid a delay in receiving their renewal on time and keeping their license current. Call 1-800-TELL-TDA.

Applicators can obtain a list of approved courses or other information on CEU courses by calling the above number or by logging on to TDA's web site at [www.agr.state.tx.us/pesticide/euhome.htm](http://www.agr.state.tx.us/pesticide/euhome.htm).

## Young wheat producers eligible for leadership award

Young Texas wheat farmers are eligible to compete for leadership development awards from the Texas Wheat Producers Association and National Association of Wheat Growers. Sponsor of the program, Monsanto Company, is offering 25 grants of \$1,000 each.

Applicants must be between the ages of 25 and 35 and actively engaged in the production of wheat. Winners are selected based upon completion of a short questionnaire.

Entry forms may be obtained by calling Jana Barrett of the TWPA at 806-352-2191.

Deadline for submission is November 13, 2000.

### It's A Stat

#### MILK PRODUCTION

Texas milk production totaled 391 million pounds during September, up 1 percent from last year. Production for August 2000 totaled 412 million pounds.

The number of milk cows during September averaged 346 head, unchanged from last year but down from August 2000. Production per cow averaged 1,130 pounds.

## Parish homecoming dinner, auction set for Sunday, Nov. 19

The annual Sacred Heart Parish Homecoming dinner, picnic, auction, and bazaar will be held on Sunday, Nov. 19. Everyone is asked to help in making this event a big success... volunteering help, making craft items, donating items for the live/silent auctions, homemade quilts, etc., and especially in attending. Students are asked to volunteer to help clean tables, carry items, serve tea, help with children's games, etc. For information, call Dorothy Hesse, 759-4786 quilts; Tom Herr, 759-4146 dinner; or Debbie Hess, 759-2890 auction items; or for any other information needed.

The traditional menu for the beautiful holiday dinner features turkey, dressing, German sausage, and a wide and favorite assortment of complementary foods. To assist in acquiring the turkeys, sponsors of the event are suggesting and requesting donations of unused Fischer's

Turkey Marks to help purchase turkeys for this year's Thanksgiving Homecoming meal. If anyone is able to donate some Turkey Marks, they may indicate this at Fischer's Meat Market, or drop them off at the store. Dinner sponsors will pick them up when needed.

### Curb inappropriate language use

"Small children use cuss words as an attention-getting device," said psychologist Dr. Danita Czerwinski. "As children age, they might use profanity when arguing with an adult in an attempt to exert their independence. For older children, cursing is generally used to fit in with friends."

Consider your child's age before reacting. For young children, it may be best to ignore occasional incidents or repeat the sentence with an appropriate word. Older children and adolescents should be told that such language is inappropriate. Discuss how adults may view profanity.

Parents and family members can be good role models by refraining from cursing. Monitoring TV viewing can limit exposure to language you consider unsuitable for your child.

Information from Texas Children's Hospital

## Make your home friendly to assure safe Halloween fun

Many parents get spooked when pint-sized ghosts and goblins begin their Halloween trick-or-treating expeditions. Make your home ghost-friendly for all those trick-or-treaters for Halloween this Tuesday, Oct. 31. Otherwise, the evening can pose special hazards for young tricksters and scare the daylight out of parents.

"Halloween is a fun holiday for children, but it can be a devilish experience when accidents happen. A little planning will go a long way in preventing holiday hardships," said Jerry Baskerville, M.D., chairman of the Department of Emergency Medicine at Scott & White Memorial Hospital and Clinic.

If you expect aliens and princesses to haunt your neighborhood on Halloween night, make sure your yard is free of hazards, he suggested. "With a little foresight, Halloween can be a safe and enjoyable time for both children and parents alike," Dr. Baskerville said.

Tips to consider when planning Halloween fun include:

- Remove obstacles in the yard, such as hoses, sprinklers, lawn furniture, and potted plants. Turn your porch light on to let children know they're welcome.
- Keep lighted jack-o'-lanterns or candles away from the steps of the front door. A

## You could be a kabillionaire

The Gainesville Fire Department proudly presents, YOU COULD BE A KABILLIONAIRE. The program focuses on specific fire prevention messages for everyone. It is presented with the utilization of puppets, actors, and clowns. It is a show the entire family can enjoy and learn from.

The program is being offered free to the public on Sunday, Oct. 29 at the Gainesville High School Auditorium. Program times are at 2:00 and 4:00 p.m. It will last approximately 45 minutes.

### School Lunch Menu

- ERA ISD
- Mon. - No School
- Tues. - Burritos w/cheese sauce, green beans, tossed salad, peaches, Missouri cookie.
- Wed. - Salisbury steak or chicken nuggets, mashed potatoes, brown gravy, tossed salad, broccoli and carrots w/ranch dressing, hot roll.
- Thurs. - Lasagna or fish sticks, green beans, applesauce, tossed salad, breadsticks.
- Fri. - Hamburger, sliced cheese, French fries, trimmings, ice cream.

All the pancakes and sausage you could eat was offered by the Muenster Kiwanis Club at their annual fund-raiser pancake supper last Friday. Cooks Clyde Steelman, Christine Weinzapfel and Joey Anderson and all their helpers, stayed ahead of the demand... most of the time. Cub Scout Pack 664 Webelos volunteered to serve seconds and thirds to folks at the tables. Photos by Dave Fette

### CUB SCOUTS cont. from Pg. 11

Phillip Vogel, Josh Voth, Spencer Nielsen, Zachary Pierce, Zach Gunnels received belt loops for swimming, archery, BB shooting, ultimate, and 1-year service pins.

Spencer Nielsen, Josh Voth, Zachary Pierce, and Phillip Vogel received the summertime activity pin.

Following the awards, recognition was given to Kim Felderhoff and Allison Crabtree for organizing the Summertime Day Camp. Ben Bindel discussed upcoming events. The meeting was ended with the flag ceremony by Den 2. Cleanup was done by Den 4.

## Heart-Hitting Facts

### Women

In every year since 1984, diseases of the heart and blood vessels have claimed the lives of more females than males, and the gap continues to widen. Cardiovascular diseases kill more than half a million females every year - more than the next 16 cause of death combined, and almost twice as many as all forms of cancer.

### GIRL SCOUTS cont. from Pg. 10

service project while earning their Caring for Children Badge.

"Girls Are Great." Any girl age 5 - 18 may be a scout. If you are interested, please call Michele Plemons at 665-4287 or Dana Walterscheid at 759-4732.

submitted by Dana Walterscheid

Before burning brush piles, pastures, etc., please have the courtesy to notify dispatchers at the Cooke County Sheriff's Dept. 940-665-3471. This will avoid volunteer firemen being called out on false alarms!

## VFW Ladies Auxiliary Post 6205 meet in October

The Ladies Auxiliary to the VFW Post 6205 held their regular meeting Monday, Oct. 16 in the Post Home.

President Frances Bayer presided. Chaplain Ethel Hesse opened the meeting with prayer assisted by Conductress Linda Knabe and patriotic instructor Eleanor Felderhoff. The pledge to the flag was recited by all the members. Roll call and minutes of previous meeting were read by secretary Ida Bindel.

Treasurer Lucille Hesse gave her report. General Rules and thank you notes were read by the secretary. Ethel Hesse, Rehab Chairman gave her report. Frances Bayer said the bake sale was a success and thanked all those who baked, worked, contributed, and purchased the goods.

The next District I meeting will be Nov. 4 in Gainesville.

Members voted on a "Make a Difference Day," Oct. 28 by picking up trash along the outer streets of Muenster and other streets as they do their daily walks.

Nov. 11, Veterans Day, the Auxiliary and the VFW will hold a short program at the cemetery at 8:30 a.m. for Veterans.

President Frances Bayer reported on the POW/MIA program she participated in at the Gainesville VFW Auxiliary meeting last week Monday.

Agnes Hesse served refreshments to 14 members. Hilda Sicking won the door prize and Eleanor Felderhoff volunteered for November hostess.

submitted by Ida Mae Bindel

## Former SHH coach visits

A former SHH football coach, Jerry Vernon and his wife, Jeannine of Sperry, Oklahoma spent Friday afternoon and evening in Muenster, attending the Tigers-Argyle football game, and visiting old friends and former players. Jerry Vernon and Julian Walterscheid coached together at Sacred Heart High School in 1956. Vernon next coached at

Subiaco Academy, Arkansas. Before returning home on Saturday, the Vernons were guests for breakfast with Carrie and Julian Walterscheid. The inclement

weather and forecast of heavier rains shortened their visit. Gene and Judy Hartman of Denton were some of the friends who came to visit the Vernons Friday evening.

## Foster Grandparent Program training to begin Oct. 31

The Foster Grandparent Program will begin a training session for program applicants starting on Tuesday, Oct. 31. The training will consist of the required 20 hours of orientation to the program and 20 hours of training on site. Class hours are 10 a.m. until 3 p.m. on the 31st and will continue through Nov. 2. Class will be from 10 a.m. until 2 p.m. on Friday, Nov. 3. Attendance at all days of training is mandatory for participation in the program. Lunch will be provided each day.

Foster Grandparents are persons 60+ years of age who meet income guidelines, have a love of children, and a desire to mentor children with special needs. A person who meets the

requirements will receive training, pre-service and annual physicals, accident insurance, transportation assistance, and a tax free stipend equal to approximately \$200 per month.

Vacancies are available in Cooke, Fannin, and Grayson counties. Persons interested in applying to the program should call 903-813-3589 or 1-800-677-8264.
