

MUENSTER ENTERPRISE

VOLUME X

MUENSTER, TEXAS, COOKE COUNTY, FRIDAY, FEBRUARY 8, 1946

NUMBER 11

There's only one appropriate way to start this week's column, and that is with an expression of supreme satisfaction at being back on the old job at the Enterprise. After four long years of sweating it out in the service of Uncle Sam Con has all but severed his connections with the army. In another month, good fortune permitting, the break will be complete.

First in order, on return, is a word of gratitude to everybody who had anything to do with the continued success of the Enterprise. The staff has done a swell job. Our readers and our advertisers have backed us all the way. Like the community it represents, this paper has progressed, and it faces the future confident that it will go on keeping pace with the advancements of the town and surrounding area.

Some of that progress, we trust will soon be apparent in the content of this paper. The reorganized staff is thinking primarily of growth and improvement. There will be no let up in the efforts of those who were here but rather the addition of another person's efforts. Our aim is to make an enthusiast of every person who will read the paper and a more ardent booster of every enthusiast.

Con also takes pleasure in announcing that the column will be somewhat different in the future. The return to local conditions presents an opportunity to devote more attention to local interests.

As citizens of this country we are naturally concerned with national and international affairs. What happens on the labor front or at the United Nations conference has an important bearing on what our cost of living will be or on the necessity of giving up our youngsters for military training. But what this column says about those subjects has a feeble chance to change the course of events. Commenting on them doesn't actually amount to much more than airing an opinion.

So the priority subject from now on is the one of local interest, the project in progress directly related to our own welfare and over which the community has some control. That is the subject most important to us anyway for no matter what course the world or the nation may take the individual's comfort, happiness and prosperity is determined primarily by conditions in his own community.

Around here we have ample evidence of that fact. Through prosperity, depression or war cooperation has paid dividends in higher incomes, greater savings and greater comforts. Continued cooperation will continue to result in a better standard of living.

Regardless of what happens to prices, for instance, this area will be a little better off if it will conserve the soil and enable our people to put a larger yield on the market. Regardless of any price rise in medicines the area will be better off if it will provide a means to offer those advancements to its people. Regardless of whether times are good or bad the community, by working together, can add a little to what national or world conditions are able to offer.

Getting down to cases, the community already has several worthwhile projects in sight. There is the hospital, soil conservation, educational and recreational advancements, the parish plan for building a new church and the city's plan for expansion and beautification.

Considering everything together, it seems like an ambitious program but we have the satisfaction of knowing from experience that a great deal can be accomplished by cooperative effort. All of us have time to spare now and then and we can get things done by going back to the old system of being neighborly. There's not a person around who doesn't have some time, or money, he can spare for the benefit of all.

A convenient illustration that will always remain in Con's mind is the early arrangement of maintaining roads. Tax supported road crews were not able to get the job done at that time, so automobile owners got their heads together and arranged to take care of the roads themselves. Men took turns at dragging and whenever the need arose they'd cover a several mile strip on foot throwing loose rocks to the side. By our modern streamlined system that might be considered primitive, but it got results and it cost nobody more than a little of his spare time.

Nowadays conditions are somewhat changed in that improvement projects usually require cash as well as work. But essentially there is no difference. The average person can spare a little money as well as a little time. The point is that small personal sacrifices here and there can result in

(Continued on Page 6)

Telephone Lines Are Being Moved And Repaired

Work Delayed Because Of Material Shortage Since 1945 Ice Storm

The Muenster Telephone Company's post war improvement program got under way the latter part of last week when its line crew under the direction of Jake Horn, Jr. began installation of a cable to serve the east side of Main street.

Many of the contemplated repairs and improvements are the result of the severe ice storm in February of last year, postponed until now because of shortage of material.

The rebuilding program, later to be followed by extensive expansion, was approved in a directors' meeting on Jan. 16. Funds to finance it are being raised in part by assessing each phone user for a deposit of 10 dollars. The balance is to be raised by increasing service charges. The new rates are \$3.00 per month for business phones, \$2.00 per month for residence phones on private lines and \$1.50 per month for residence phones on party lines.

The project within Muenster's city limit consists of three main phases, according to Jake Horn.

A cable to serve houses on the east side of Main Street will follow the alley behind those houses to a point near Rudy Hellman's home. There the line will go to Main and continue north.

Serving houses on the west side of Main will be a set of wires going north up the alley behind those houses.

The short cable now on Main will start near the FMA and extend as far as it will reach in an easterly direction along the alley a half block north of the highway. Single lines will lead off from the cable ends.

The purpose of running lines along the alleys is to permit the removal of wires and poles from Main street and the highway.

In rural areas and throughout the rest of the city the project consists of making substantial repair where temporary patch work has served since last year's ice damage. A large number of poles and some wire will have to be replaced.

As soon as the rebuilding job is finished the crew will begin extending lines to new territory. Horn estimates that as many as 200 users may be added on the routes contemplated.

\$45,000 HOSPITAL PLANNED FOR NOCONA

Building of the Majors Hospital in Nocona has become a fact. The contract has been let to Gus Mask a contractor of Gainesville, who is well known here, and A. P. Ferguson, and work has already begun. The building will cost \$45,000.00, and will be erected on the lots north of the Mrs. J. W. Maddox home.

The Majors Hospital will be modern in every way. All equipment will be new and up-to-date. It will be operated by the three Majors families. The main hospital staff will be unique for it will be chiefly made up of "Majors."

Dave Major of Bowie, father of the three doctors, is building the hospital for them.

The building will be of beautiful design and latest in architectural planning. It will be finished in white brick, have air conditioning operating winter and summer under thermostatic control. The building will have originally thirteen patient beds, three offices, three treatment rooms, two operating rooms, a baby nursery, utility quarters, modern X-ray and other modern equipment and many other facilities.

Nocona through its Chamber of Commerce, purchased and donated the choice site with ample room and well located. The site will be landscaped and made a beauty spot, it is declared.

FORMAL ORGANIZATION OF VFW SET FOR FEB. 18

Local members of the VFW at a pre-charter meeting Tuesday night set Monday, Feb. 18, as the date for their swearing-in ceremony and during a full attendance to get the post organized with a bang. Thirty members were at the session.

Announcement was also made that tickets for the group's benefit dance at the K of C hall on Feb. 19 are available at Jimmy's Service Station.

H. A. Grewing, 88, Is Victim Of Heart Attack

Funeral Services Held Wednesday In Saint Augustine Church, Fidelity, Kansas, With Pastor Rev. Father Marority Officiating.

H. A. Grewing of Sabetha, Kan., father of Mrs. Frank Trubenbach of this city, died at his home on Jan. 26, following a heart attack. He was 88 years old.

Funeral services were held the following Wednesday in Saint Augustine church, Fidelity, Kansas, with Pastor Rev. Father Marority officiating. Attending the rites were Frank Trubenbach his daughter, Mrs. Bob Swirczynski of Gainesville, and his son-in-law and daughter, Mr. and Mrs. Frank Neu of Valley View.

Mr. Grewing was well known locally having spent the winters here for many years and had a host of friends in this community. He was born in Westenholtz, Westphalia, Germany on Nov. 27, 1857, losing his parents within a few months of each other at the age of five years. When he was 21 years old he came to the United States with a group of classmates, settling in Saint Louis, then moved to Nebraska, where he and his brother, the late Stephen Grewing, bought a farm. He was married to Miss Alice Otens on Sept. 7, 1887, and moved to Kansas where he continued farming. His wife died in 1900.

Survivors are four of his six children: Mrs. Trubenbach, Muenster; Aloysius, Vesta, Minn.; Harry of Kincaid, Kansas, and Eugene who made his home with his father. Also surviving are 21 grandchildren and 23 great-grand children, and a large number of nephews and nieces.

Forty Local Scouts Make Preparations For Tenderfoot Test

Arrangements are complete for an investiture ceremony in which Boy Scouts of the local troop, Number 164, are to receive their Tenderfoot buttons in the K of C hall about three weeks hence, according to a statement by Scoutmaster John Hoffman this week. Final date for the event will be set later. Parents of the boys are urged to attend.

Activity at the troop's weekly meetings now consists principally in preparing for tests the boys will have to pass in order to get their buttons. They must know the scout law, the scout oath, scout motto, salute and handshake and the history of the flag and be able to tie a square knot and 8 other knots.

Since its organization on Jan. 15 with 28 members the troop has grown into 40 members divided into 5 patrols. No more members will be admitted until after the Tenderfoot investiture.

Mr. and Mrs. Paul Yosten and daughter spent the weekend in Fort Worth with Mr. and Mrs. Stan Yosten.

Notes On The Sick And Injured Of The Community

Mrs. Henry Fleitman, who was seriously ill Saturday following a heart attack, was reported improved Wednesday and was said to be making normal progress toward recovery. She is a patient at M & S hospital in Gainesville and her daughter, Miss Hilda Fleitman, of Dallas, along with her other children have been attending her bedside regularly. Mr. Fleitman, who was a patient at Gainesville sanitarium last week suffering from a stomach hemorrhage, is up and around, his home this week.

Miss Carrie Roberg underwent a major operation at Gainesville sanitarium Thursday and is making normal progress toward recovery.

Joe Fisher, Sr. submitted to a major operation at Medical Arts hospital in Dallas last week, the third in a series of operations he has undergone since last summer. His children who have been visiting him daily, report that his condition is good and if no complications arise he can be moved to his home early next week.

Mrs. Joseph Danglemyr continues as a patient at Saint Paul's hospital in Dallas. She underwent a major operation several weeks ago. Members of her family cheer her with frequent visits. Jacob Fagel, Sr., who underwent a major operation in Medical Arts hospital in Dallas on Jan. 17, was moved to M & S hospital in Gainesville Saturday, and according to reports Wednesday is resting well. His children are daily visitors at his bedside.

Loretta Schmitt, two-year-old daughter of Mr. and Mrs. Al Schmitt, is a patient at Gainesville sanitarium, receiving treatments.

Since Sunday evening Earl Walterscheid is a patient at Gainesville sanitarium. He dropped a drill stem collar on his right foot Sunday afternoon, while working on an oil lease, breaking the big toe in three places and crushing the foot badly. Severe swelling prevented placing the foot in a cast and treatments had to be given several days before the cast could be placed. He is expected to be home this weekend. He is the son of Mr. and Mrs. C. M. Walterscheid.

Alphonse Fleitman was getting around on crutches for two days as the result of an injury to his right instep. He accidentally kicked into a large splinter last Saturday.

Henry Huchtons narrowly escaped losing his right eye a week ago Saturday when he got a piece of steel in it during work at an oil well. He was a patient at Medical Arts hospital in Dallas until Sunday when his physician permitted him to return home but he reports back for treatment twice a week. The vision is somewhat impaired as a result of the accident but the general appearance of the eyeball is not marred. The piece of steel measured 1-16 of an inch in diameter and several stitches were taken in the eyeball following removal of the steel.

Power Line Installed To, Pipe Line From, New City Water Well

Muenster was without power for more than four hours, Sunday morning while liemen of the Texas Power and Light Company installed a three phase heavy duty line to the city's recently completed water well.

Installation of a four inch line from the well to the city reservoir behind the FMA plant is going forward at a normal pace and should be finished next week.

With the completion of these jobs the well awaits only the arrival of a pump until it can be put into use. Ordered several weeks ago, the pump is expected any day.

When the new well gets into operation citizens of Muenster can rest assured that they are prepared for any but the most extreme emergency. Either of the city's two wells is able to meet the normal demands and in case of fire or any other heavy demand both pumps could be run simultaneously to supply water as fast as it could be used.

Contemplated as a project for the future is a 100,000 gallon reservoir near the new well. At an elevation of some 35 feet higher than the lower part of the city it could supply the city by gravity, and eliminate the use of the present water tower except as an emergency reservoir for fires. With that in use the city would be well supplied and protected even through a power failure which would put all pumps out of action. The reservoir, in addition to its emergency value would save the city most of its present expense of pumping to the water tower.

KNIGHTS MAKE FINAL PLANS FOR INITIATION AT SHERMAN MARCH 3

Plans for an initiation to be held at Sherman on Sunday, March 3, constituted the greater part of discussion at the K of C regular meeting held here Wednesday night.

The general schedule as announced begins with mass at 11 o'clock and exemplification of degrees starting at 1 o'clock.

Grand Knight Arthur Endres urged the members to turn in their candidate applications early so as to avoid last minute confusion and also to make plans now to avoid conflict with other affairs.

Though admitting it has a feeble chance to win, the local council declined to admit defeat in its inter-council attendance contest with Gainesville. To date it has had a considerably smaller representation of its membership at Gainesville meetings than Gainesville had at Muenster. Unless it moves in with a near 100 per cent representation on Feb. 19 it is destined to finance a big party.

Right of Way Bond Issue For Highway To Be Voted Feb. 13

Muenster Mutual Group Hears Report On General Meeting

Members of the local chapter of the Muenster Mutual Insurance Association met Saturday Feb. 2, at the parish hall for the purpose of hearing a report of delegates to the association's general meeting held early in January. According to the report the directing personnel of the organization remains as follows: Albert Henschel, president; F. J. Hess, secretary; Victor Hartman, treasurer; John Klement, vice president; W. H. Endres, appraiser. Wm. Becker was elected auditor to serve for three years.

An addition to the by laws provides that additional wiring to a building now insured by the association must pass the inspection of a competent electrician. Another amendment provides that the maximum coverage permitted in a policy be raised from \$10,000 to \$20,000.

Total insurance now in effect is slightly more than \$1,600,000 on about 520 policies.

Exceptionally high losses for the year reached a total of \$3,992 and depleted the association's cash balance to the extent that directors found it necessary to make an assessment of 25 cents per \$100 of insurance. This is the second consecutive year an assessment was necessary as compared with waived assessments the two preceding years.

In spite of the abnormal loss the Muenster association remains the lowest priced fire insurance mutual in the state. During the 53 years of its operation its annual assessment has been slightly less than 11 cents per \$100 of insurance.

F. J. Hess was elected local delegate to the 1946 state convention of mutual insurance companies.

CITY TAX COLLECTIONS 92 PER CENT COMPLETE

Less than 8 percent of Muenster city taxes for 1945 remained unpaid on February 1 deadline for payment without interest and penalty, it was announced at a meeting of the city council Monday evening, when a report prepared by Mrs. Nick Miller, tax assessor-collector was read.

The report revealed that assessed taxes for the year totaled \$5,666.75 and that collections amounted to \$5,263.74 for a delinquent tax balance of \$403.01, representing about 45 tax payers.

The council approved a request made by the Civic League and Garden Club for a water hydrant at the ball park so that trees and shrubbery set out recently in a beautification project can be watered properly.

Another Plane Stationed At Muenster Flying Field

Flying enthusiasm at Muenster took another step forward last Saturday afternoon when Emmet Fette acquired an Aeronca Chief from Whaley-Merrick Aviation of Gainesville. This is the second plane to be delivered here, J. B. Wilde having had his new Piper Cub since last December.

Fette's plane is a radio equipped wheel control job with its two seats side by side. It has a top speed of 110 miles an hour, cruising speed of 100 and flight range of about 500 miles.

Both planes are operating from the newly organized Muenster Airport two miles east of town.

March Of Dimes Campaign At Theatre Nets \$67.19

Voluntary contributions in the March of Dimes campaign amounted to \$67.19 in collections taken up at the Relax Theatre during January 24-30, the theatre management announced Monday. Collections were taken up after each program.

One half of the money goes to the county chapter and the other 50 percent goes to the National Foundation for research. Every cent is used in the fight against infantile paralysis.

Mrs. Ford Nolan and son and Mrs. Lynton Mitchell and daughter visited in Denton Saturday

Appropriations of More Than 2 Million Depends On \$85,000 Issue

Appearing before a group of about 200 Muenster, Lindsay and Gainesville citizens at the K of C hall Wednesday night, three Gainesville citizens appealed for votes in favor of the \$85,000 bond issue for purchase of a highway right of way through Cooke county. The issue will be decided at a special election on Wednesday, Feb. 13.

Cecil Tinsley as first speaker explained that between 1-2 and 2 million dollars had been designated by the state and federal governments for construction of Highway 77 through the county provided the county is willing to furnish the right of way. The purpose of the election he said is to determine whether the county commissioners' court shall be authorized to issue bonds and purchase the right of way.

Judge Carroll Sullivant, chairman of the commissioners' court pointed out that the bonds could be retired in 9 to 12 years by an additional tax of 2 cents per \$100 valuation plus another 2 cents from a present fund for permanent improvements. To the average citizen with a tax valuation of \$2,500 that would mean an extra tax of 50 cents a year, he stated.

Sullivant also stated that the state highway commission is considering a half million dollar expenditure on hard surfaced farm to market roads in this county but will make no commitments until it learns what state appropriations will go to the county's lateral road system. Those men are human he said, and will not be inclined to favor a county that does nothing for itself.

Sullivant proposed that, if the issue should carry, a delegation of citizens from here and Gainesville meet with the state highway commission as soon as possible and request a larger appropriation for the lateral road system.

Two aldermen will be chosen in city election April 2. Meeting in regular session Monday evening, the city council adopted a resolution to order an election of city officials on the first Tuesday in April which falls on the 2nd.

Two aldermen are to be elected at that time for positions No. 1 and No. 2 held by I. A. Schoech and R. L. McNeiley.

Those who intend to have their names on the ticket are required by law to announce their candidacy at least 10 days before the election. This announcement must be made to the city secretary. Failure to announce within the time allotted will result in a write in of the candidate's name.

The incumbents have both stated their intention of being on the ticket and are the only two to date who have indicated they will be in the race.

1946 AUTO LICENSE PLATES GO ON SALE

New 1946 automobile license plates went on sale in Cooke county on February 1. The tags are the same size as the 1945 plates and have cream-colored numerals on a black background.

Tom Hayes, assessor and collector of taxes in the county, stated that his office has received 5,600 passenger tags running from EC-3000 to BC-8599; 800 commercial tags from MD-5900 to MD-6699; 750 farm tags from RC-6300 to RC-7049, 35 motorcycle tags and 300 trailer tags.

The plates will be put on vehicles beginning March 1 and must be on by April 1. There will be one to each vehicle, as in 1945 and it will be attached to the rear.

LOCAL NEWS BRIEFS

Short Items of Interest About Folks You Know

A new garage has been completed at the Ray Swirczynski home.

Mr. and Mrs. J. A. Klement and Mrs. Joe Fette were Sherman visitors Saturday.

Mr. and Mrs. Adolph Walterscheid and son, Denis, visited in Denton Wednesday.

George Gehrig was in Dallas Wednesday to attend a post-war Zenith radio show.

Mr. and Mrs. Lynton Mitchell had in their guests Sunday, her parents, Mr. and Mrs. W.A. Price of Saint Jo.

Miss Mary Wiesman of Fort Worth spent this week with her mother, Mrs. Theo Wiesman and other relatives.

Ollie Horn and Ed Walterscheid were here on business and for a visit with relatives Monday and Tuesday.

Mrs. Vincent Baker and sons, Denny and Billy, arrived Wednesday from Chicago for a visit with her parents, Mr. and Mrs. G. H. Hellman.

Members of the Catholic Daughters of America court are reminded of a monthly business meeting this Friday evening in the K of C hall at 7:30.

Mrs. Ervin Hamric and son, Danny, Mr. and Mrs. Buddy Bernauer and son, Bobby, visited in Dallas Friday with Mrs. John Chandler and Mrs. Eddie Hart.

Mr. and Mrs. Karl Lambertz and daughter, Gretchen, of Dallas were in Muenster Saturday night and Sunday as guests of the Henry Fette family.

Work goes forward on the 6-room house for Joe Knabe in the northeast part of the city. With favorable weather prevailing the family hopes to move in about six weeks hence.

A 24 x 30 building to serve as a cement warehouse has been under construction at Shamburger Lumber Co. since the beginning of this week.

Mr. and Mrs. Vernie Plathe of Saint Jo, Iowa, are here since Saturday for a visit with relatives. He is a nephew of H. J. Fuhrmann of this city. Mr. and Mrs. Plathe are on a wedding trip.

Mr. and Mrs. H. J. Fuhrmann had as their guests for the past two weeks his nephew, Joseph Faber and his friend Charles Thilges, both of St. Jo, Iowa. The young men also visited other relatives in Lindsay and Gainesville.

Mr. and Mrs. E.O. Martin are new residents in the city having moved here from Durant, Okla. Mr. Martin is Mrs. Ed Williams' brother and is working for Bennett and Williams. They are occupying an apartment at Mrs. Maggie Schumacher's.

Guests of Mr. and Mrs. J. M. Weinzapfel Sunday were Mr. and Mrs. S.P. Otto and son, Joseph.

Political

Announcements

The following persons have authorized The Enterprise to announce their candidacies for political offices, subject to the Democratic primary election, July, 1946.

County Attorney:—

L. V. HENRY, JR.

For Commissioner Prec. 4:

J. E. (Earl) ROBISON

(Reelection)

LEONARD J. LUTTMER

Commissioner Precinct 3:—

J. R. (Robert) LITTLE

(Reelection)

and Mr. and Mrs. David Otto all of Wichita Falls. Joseph recently received his discharge from the army after serving in the South Pacific.

Mr. and Mrs. John Fisch moved Monday to make their home in Okmulgee, Okla., and the house they vacated will be occupied by Mr. and Mrs. Henry Fette. The Lehnertz house, vacated by the Fettes, will be occupied by Mr. and Mrs. Valentine Fuhrmann.

Spending the weekend with Mr. and Mrs. Lynton Mitchell was his twin brother, Clinton Mitchell of Ada, Okla. It had been several years since the brothers saw each other, the former having served in the navy and the latter in the army overseas. Both have discharges now.

Mrs. G. H. Hellman, local Red Cross chairman, reported this week that students of Sacred Heart High school have completed work on 50 knitted sweaters for the Red Cross. These garments were taken to the county headquarters and were shipped from there to points where needed.

Lt. Norman Luke of Purcell, Okla., was home for a weekend visit with his parents, Mr. and Mrs. Joe Luke, who entertained with a dinner in his honor Sunday at noon. Other guests were Mr. and Mrs. August Friske and Mrs. Arnold Friske and daughters of Gainesville.

Mr. and Mrs. Herman Swirczynski entertained with an informal supper and card party honoring their uncle, Matt Yosten, visiting here from Nebraska. Relatives were guests.

Ed Swirczynski began Monday on his new job in Fort Worth. He is manager of a milk plant.

Mr. and Mrs. Walter Richter and son, Billy Frank, were in Myra Saturday evening at a birthday dinner honoring T. Sgt. Jack Needham, at the home of his mother, Mrs. Ruth Needham. Jack and his wife spent the weekend with his mother. He is now stationed at Dallas.

Urban Endres began construction this week on an all-steel Quonset hut on his land in the north half of city block 49. He will use the building to house his equipment and as a machine shop, and will later build a residence on the site. He bought the land from Mrs. J.W. Meurer some time ago.

Mr. and Mrs. Joe Schnitker and family and Mr. and Mrs. Joe

Sorry!

The Variety Store Will Be Closed On Tuesday Feb. 12

In case you did not know, I'm taking off for my wedding. For several days thereafter my brother, Harold, will be here to serve you.

Washington Notes

By Congressman Ed Gossett

Washington, D. C., Feb. 2—Perhaps some of you heard my speech last night over the NBC hook-up from the City of Washington attacking the program to set up a permanent Fair Employment Practice Commission. In that speech I pointed out that if a secret vote were taken in Congress less than 25 per cent of the members would vote for this legislation. However, through political pressure and for political reasons, on a record vote of the Congress the legislation would doubtless pass. It has been supported and advertised by the Political Action Committee of the C.I.O., and by the National Association for the Advancement of Colored People, and by other organized minorities. I shall have this speech mailed to the box holders of our District shortly in order that you may understand just how pernicious and dangerous to everybody this proposed legislation is.

Admiral of the Fleet Chester W. Nimitz was the main attraction at the "Texas Brags" dinner held at the Statler Hotel on Wednesday of this week. The Admiral did a little bragging about Texas in his own right. He is proud of being a native son and claims Kerrville as his home town. He stated that proportionally more volunteers came from Texas than from any other state; that Texas furnished 500,000 men for the Army, 189,750 for the Navy, 29,194 for the Marines, and 8,000 for the Coast Guard, Texas units in all branches of the service gave remarkable accounts of themselves. More than twenty-eight Congressional Medals of Honor, our highest decoration, were awarded to Texans. This is a higher percentage per capita than went to any other state. The Admiral emphasized the value of sea power by saying that the Texas Nav, in keeping reinforcements from reaching Santa Anna, was responsible for Texas' victory in the Mexican war and for the winning of the battle of San Jacinto. The Texas navy was made up of three small ships—the Liberty, the Invincible, and the Independence.

House and Senate conferees this

week agreed upon a plan through which the Government will dispose 315 Billion dollars worth of surplus ships. For cargo vessels the price will be 50 percent of the pre-war domestic cost. Tankers will be sold for 87 1-2 percent of their pre-war domestic cost.

Among so-called minor bills to be considered in the House within the next few days is one to amend the Hatch Act on pernicious political activities. Some feel the Hatch act is too restrictive on the political activities of Government employees.

Another bill will clip the wings of that autocratic, arbitrary dictator of American music, James Caesar Petrillo. For the last several years high-school bands and army bands could not broadcast without paying tribute to the musicians union headed by Petrillo. Passage of this legislation is long past due.

Congressmen will average receiving about ten books a week sent to them complimentary. Most of them are propaganda. The latest received is a beautifully bound and illustrated volume of 400 pages, entitled, "The Santa Fe — The Railroad that Built an Empire". The book publicizes the Harvey Houses. My first experience with a Harvey House still rangles in my breast. When sixteen years old I left our farm for work in the Kansas oil fields. The train stopped for twenty minutes in Amarillo for supper. I got off to look for a hamburger. The only place to eat was the Harvey House. I sat at the counter and requested a hamburger and glass of milk, eating hurriedly for fear the train would leave. I had my ticket and only a few dollars extra in my pocket. The check handed me was for Seventy-five Cents. I protested and was told it was my own fault—that it was all one price and that I might have eaten anything on the counter I wanted. I still think Mr. Harvey owes me a Sixty-five Cent refund.

In addition to the many books and resolutions from outside sources mailed to Congressmen, hundreds of official reports are filed in each session. This week the Ways and Means Committee has released a 742 page report by its technical staff entitled, "Issues in Social Security". This report discusses (1) Old Age and Survivors Insurance, including extended

disability; (2) Old Age Assistance Aid to the Blind, to Dependent Children, and General Assistance; and (3) Unemployment Compensation. The hearing before various committees run into hundreds of volumes a session.

In the House Caucus Room this morning members were invited to see a picture show entitled, "Hitler Still Lives". This picture illustrated vividly the problem we still have on our hands in dealing with the so-called "master race" and with their philosophy of blood and iron. Some think the Russians are doing a better job on this score than are the English or the Americans. They handed three generals and some lesser officials this week for atrocities against their people.

PEOPLE ON PAPER

Everybody reads the Funnies—and everybody loves 'em. These comic strips and their creators will be seen in John Nesbitt's latest MGM Passing Parade Short "People On Paper" at the Relax Theatre next Sunday and Monday in connection with "Captain Eddie".

Among artists and their comic strip characters to be seen are Chick Young — Blondie, H. H. Kneep — The Katzenjammer Kids, Ham Fisher — Joe Palooka; Bud Fisher — Mutt and Jeff; Chester Gould — Dick Tracy, and a host of others.

MRS. AL WALTERSCHEID ENTERTAINS CDA COURT

Mrs. Al Walterscheid was hostess to Catholic Daughters of America in her home on Thursday for the regular monthly social of the court. Games of progressive 42 furnished diversion for the group with prizes going to Mrs. John Streng, high; Mrs. Paul Fisher, low, and Mrs. Joe Kathman, galloping.

Attractive refreshment plates were served by the hostess, assisted by her daughter, Miss Virginia, to 18 guests.

FAREWELL PARTY FOR WILLIAM FUHRMANN

William Fuhrmann left Friday for Houston to report for an assignment with the Merchant Marines after a visit here with his parents, Mr. and Mrs. H.J. Fuhrmann and family. He had previously been assigned to duty in the South Pacific.

As a farewell tribute his parents entertained with a dinner party Thursday evening. Guests in addition to members of the fa-

mily were Ray Otto, Charles Thilges and Joseph Faber of S. Jo. Iowa, W.O. Gene Flochini of California, Miss Billy Wimmer and Miss Laura Lee Wilde.

SHADOWS PLENTIFUL ON GROUNDHOG DAY

If the groundhog didn't see his shadow in Muenster Saturday, the little fellow was blind. The day was one of the clearest in this area for some time. There wasn't a cloud to be seen.

The groundhog was evidently a good weather spotter, for some sectors at least, because a cold mass of air moved down over the Panhandle Saturday and brought the temperatures to near freezing but here, one could almost feel the breath of spring in the air Saturday, Sunday and Monday.

Naturalists say that there is no need for Texans to worry about the groundhog, because he doesn't get this far south, usually hanging out in the northern and eastern sections of the country and if you did see a groundhog scurrying to his hole, chances were it was a prairie dog and it was running from you, not its shadow.

Ethan Allen and the Green Mountain Boys demanded the surrender of Fort Ticonderoga, on May 10, 1775, "in the name of the Great Jehovah and the Continental Congress."

TEXAS is on the March!

TEXAS is on the march INDUSTRIALLY... driving forward under full power to provide more jobs and continuing opportunities for its people. During war years, Texas demonstrated its industrial capacity and capability when its industries fulfilled \$6,418,810,000 worth of war contracts involving the production of planes and parts, explosives, synthetic rubber, steel, magnesium, gasoline, oil, and a long list of other materials and supplies requiring skilled labor.

During the war years, Texas' industrial production rose from \$450,000,000 annually to two and one-half times that amount on war contracts alone. This has resulted in expansion of plant facilities and labor force, and peace-time plans which call for even greater industrial production than during the war.

As rapidly as building materials and machinery become available, Texas cities and towns are witnessing the building of new and the expansion of existing factories and shops. Texas has everything needed by and for industry... an abundance and

diversity of raw materials and natural resources for converting into manufactured products, mild climate, excellent transportation facilities, highly intelligent and easily trained native labor... and abundant cheap electric power. Furthermore, Texas is the gateway to the Latin America, whether by land, by sea or by air.

By the processes of reconversion and by wise and careful planning, Texas swing into 1946 determined to make the most of their state's vast resources.

Texas Power & Light Company, a pioneer Texas institution, joins all of Texas in inviting the immediate attention of American industrialists to the opportunities offered by the Lone Star State.

As abundant, dependable and low-cost electric power from TP&L transmission lines was a vital factor in producing for the war, so is it now in producing for peace. This Company's industrial-minded manpower, as well as its vast power facilities, are at the disposal of those seeking to develop new or to expand existing industrial opportunities in Texas.

Announce Change In Method To Get Surplus Materials

Veterans of World War II in the state of Texas today received welcome news concerning availability of construction and farm machinery, recently declared surplus, now being offered for purchase by veterans. Hamilton Morton, Associate Regional Director of War Assets Corporation, Consumer Goods Division, with offices in Fort Worth announced an important change in plans greatly to the advantage of all veterans living in Region VII.

It had originally been planned to hold the sale in Fort Worth on a "first come, first served" basis. This would have necessitated an undue amount of travel and inconvenience for the certified veterans who reside in the four states. Inability to place the illustrated descriptive catalogue of the sale in the hands of all eligible veterans to insure adequate time to inspect this machinery, which is located at 45 different places throughout the region, contributed to the decision to arrange for a new sales plan.

Upon receipt of the catalogue, which lists the sales number, the item available, the price and location of the property, the veteran who has been certified to purchase farm and construction machinery which is in short supply will be allowed fifteen days, February 5 to 20, in which to inspect the property and place an order to purchase. All orders must be postmarked before midnight, February 20 and will be opened beginning at 10 a.m. on February 21 according to sales instructions sent to all veterans now registered for the purchase of such machinery.

Machinery being offered includes tractors, bulldozers, draglines, centrifugal pumps, chain

hoists, cultivators, disc harrows, spreaders, air compressors, pneumatic drills, road rollers, concrete mixers, graders and a wide assortment of other essential items.

The 44 locations at which the machinery included in this sale may be inspected by veterans includes 20 places in Texas, 10 in Arkansas, 7 in Oklahoma and 7 in Louisiana. Large amounts of machinery are concentrated at such locations as Red Dam Spur at Denison, Texas; Camp Claiborne, Louisiana; New Orleans Louisiana; Tulsa, Okla., and McAlester, Okla. Smaller amounts are available for inspection at other locations throughout the four states, exact location of each item being given in the catalog being sent veterans by mail.

No award of machinery to veterans placing orders will be made prior to February 21. After that date successful veterans will have contracts covering their purchases forwarded to them by mail and will be able to complete their purchase by merely forwarding executed contract and sales conditions set forth in the catalog. Hamilton Morton pointed out in conclusion that under the new plans for the machinery sale, there is no necessity for the veteran to travel long distances for any personal contact with the regional Consumer Goods office in Fort Worth.

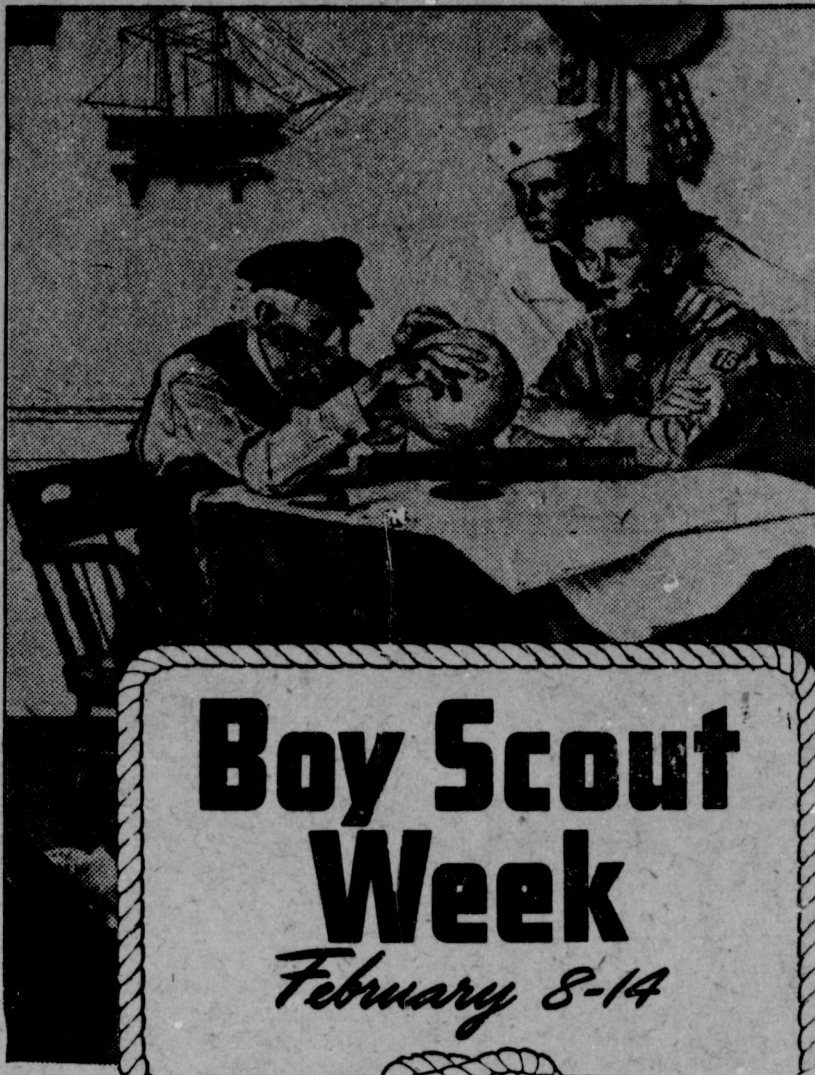

RECRUIT SERGEANT SINGS PRAISES OF REGULAR ARMY LIFE

Tens of thousands of men throughout the nation are seeking permanent jobs in the Regular Army, some of them requiring highly technical training, because the service offers greater security than many civilian occupations. Sgt. Levy D. Henderson, Army Recruiter, declared here today, "Figuring everything," Sgt. Henderson said, "the army pays much better than a lot of civilian jobs. And we don't have any layoffs. The future and the pay checks are always certain."

Sgt. Henderson reviewed the Army's payment plan Monday and Tuesday while in Gainesville on his weekly recruiting tour. His office is located at Post Office Building.

Army income is substantially high when all benefits are totaled he said. There are the regular soldier's pay, based upon his rank family allotments, plus 20 per cent increase for overseas service.

"SCOUTS OF THE WORLD BUILDING TOGETHER"

Nearly 2,000,000 Cub Scouts, Boy Scouts, and Senior Scouts will mark the 36th anniversary of the Boy Scouts of America during Boy Scout Week, Feb. 8th to 14th. The theme of the celebration is "Scouts of the World—Building Together." Members of the Movement are helping brother Scouts throughout the world to reorganize. Their "World Friendship Fund" of voluntary contributions and their "Shirts-Off-Our-Backs" project of donating Scout Uniform parts and equipment, will assist Scouting overseas and help develop understanding among the boys of the world. Above is the official poster marking the event.

plus 50 per cent increase if he is on flying status, plus five per cent for each three years of service, plus additional pay for decorations, combat and expert infantryman's badges.

Other direct benefits are low-cost insurance, free medical and dental care, free mailing privileges, appreciable savings through purchases at post exchanges, commissaries and free or low-cost post recreational facilities. Sgt. Henderson pointed out.

FDR Dime In Circulation

The new Roosevelt dime has been placed in circulation and the treasury announced that coins were released in all parts of the country simultaneously. They were scheduled to appear on Feb. 5, but the date was moved up to coincide with the late president's birthday.

Liberty dimes, used since 1913, will go out of production but will remain in circulation.

RED CROSS CONDUCTS ADULT AND JUNIOR CLASSES IN NURSING

Two classes in home nursing are being conducted here by Mrs. Louise Fields of Gainesville. One group includes students of Sacred Heart High school and the other includes older women of the community. Enrollment in each class is limited to 10 persons and the course will be repeated until everyone interested has had the instructions. Mrs. Fields said.

The course is the "streamlined" home nursing course consisting of 6 lessons. Meetings are held in the auditorium of the parochial school. Mrs. G. H. Hellman, nurses aide, assists with the adult class, and Mrs. Jim Cook, also a nurses aide, assists with the student class. The meetings are held

each Tuesday and Thursday. Members of the adult class are Mesdames J.M. Weinzapfel, Tony Gremminger, Ben Seyler, Jack Biffle, C.C. Beckman, Ed Williams, E.O. Martin, Paul Fisher, Joe Fisher and Al Fleitman.

The student class consists of Misses Edna Margaret Hartman, Philomena Felderhoff, Laura Lee Wilde, La Rue Felderhoff, Mary Nell Hennigan, Florence Haverkamp, Theresa Mae Pels, Dorothy Vogel, Bernice Luttmer and Coralee Fuhrmann.

Fair Association Begins Drive For Park Entrance

A county wide drive to raise funds for the erection of a permanent stone entrance to the new Cooke County Fair Park is now in progress under the sponsorship of the Fair Association.

The entrance, which is to be erected at the beginning of a hundred foot boulevard circling the entire park, is intended to depict the progress of Cooke County. The site selected is recently acquired property on Weaver Street. If the drive should meet with sufficiently good response the association hopes to erect a similar entrance on California street.

WMU SENDS CLOTHING TO ORPHANS HOME

Members of the Baptist WMU met Monday afternoon at the home of Mrs. C.C. Beckman and packed three large boxes of clothing which were sent to Buckner Orphans Home in Dallas. The garments were contributed by the congregation.

The devotional for the session was brought by Mrs. Jack Biffle and Mrs. Ford Nolan gave a reading. Following business the hostess served refreshments to eleven members.

LOCAL CYO GROUP WILL SPONSOR VALENTINE PARTY

The local CYO group announces this week it is sponsoring a Valentine party and dance next Thursday, Feb. 14, for members in the parish hall. Lindsay and Gainesville CYO members are also invited.

The committee in charge has arranged a gala program of activity and refreshments and the Walterscheid orchestra will furnish the music.

Rodin spent twenty years on "The Portal of Hell", a bronze door for the Museum of Decorative Art in Paris.

National 4-H Dairy Production Winners

Three of six national 4-H dairy production winners are shown here, with their favorite animal and preferred liquid refreshment—milk. They are (left to right) Bill Van Cleave, Chapel Hill, Tenn.; James Galbreath, Street, Md.; and Earl Edwards, Jr., Floydada, Tex. They received college scholarships presented by the Kraft Foods Company. Bill started out eight years ago with one heifer, now has three cows, four heifers, two calves and a herd sire. Total income from dairy products is \$5,454, including \$803 in cash prizes. James has raised 16 dairy animals in eight years, won five junior, one senior and four grand championship awards; has grossed \$3,425, including \$550 in cash awards. Earl is milking a herd of 21 purebred Jerseys, with gross earnings of \$7,089 of which \$267 was prize money. He won grand championship and reserve champion in a county dairy show last year. He is secretary-treasurer of the Texas 4-H organization.

CATHOLIC LEAGUE TO CONVENE THIS YEAR IN FREDERICKSBURG

Fredericksburg was unanimously chosen as the place for the 1946 convention of the Catholic State League and its affiliated units at a meeting of the executive board held in San Antonio last week.

The invitation to hold the convention in Fredericksburg was extended by the pastor, Very Rev. Dean F. K. Wolf, and Felix Stehling. Fredericksburg is celebrating its centennial this year. The civic observance will be held in May, while the religious celebration will take place in connection with the state convention in July or August, the dates depending on the convenience of the Most Rev. Robert E. Lucey, archbishop of San Antonio.

Mrs. Joe Luke, state treasurer of the League, attended the executive meeting.

MISS TEMPEL HONORED

Miss Anastasia Tempel was honored with a birthday dinner Sunday, her aunt, Mrs. Luke Tempel entertaining in her home. The table was prettily appointed, centered with a large decorated cake, and places were laid for guests including Miss Rose Marie Tempel, of Gainesville, and Otto Walterscheid and Ray Tempel, recently discharged from the army.

Mr. and Mrs. Dan Nolen of Marion, Ind., and Sgt. and Mrs. Ray Vandenburg of Kiowa, Okla., spent the weekend with their uncle and aunt, Mr. and Mrs. Herman Luttmer, and also visited their uncle and aunt, Mr. and Mrs. Hubert Wilde at Gainesville. They were enroute to Firebaugh Calif., to see their father, Ben Luttmer and three brothers, Albert, Ed and Clarence, who recently received discharges from the army. Another brother, Walter, is still in the service on duty in Japan.

GARDEN CLUB MEMBERS TO HEAR TALK ON GLADIOLI

Mrs. Nick Miller will give a talk on gladioli at the Civic League and Garden Club's meeting this Friday afternoon during the program hour. The session will begin at 3:15 in the public school.

The flower arrangement of the month will be displayed by Mrs. T. S. Myrick.

SISTERS HONORED WITH BIRTHDAY OBSERVANCE

Misses Evelyn and Marie Swingler, who observe their birthdays on the same day, were honored with a dinner party on Feb. 2, when their mother, Mrs. Joe Swingler, entertained in the family home.

Guests, who remembered the honorees with a shower of gifts, enjoyed a fried chicken menu with ice cream and birthday cake, and after the 7 o'clock meal spent the evening informally.

QUOTES OF THE WEEK

"We want wider seats in public buses."—*Widows' Protective League, Los Angeles.*

"We just got fed up with the cold."—*Two Chicago girls bicycling to Florida.*

"We have some more panzer divisions to roll out and can turn them loose."—*Walter Reuther, auto strike leader.*

"The only justification for increase in wages faster than increase in cost of living is an increase in productive work."—*Senator Taft.*

"We cannot afford to sell the American system of free enterprise short with short-sighted policies and actions based on short-run considerations."—*Sec'y of Commerce Wallace.*

"I miss those good home-cooked meals."—*Ex-prisoner trying to get back into Hattiesburg, Miss., hoosegow.*

YOUTH BAND ENTERTAINS "OLD BAND" MEMBERS

Members of the Muenster Youth Band gave a social in the parish hall Tuesday evening for members of the Muenster Concert Band, who retired several years ago in favor of the new organization.

The affair was a "thank you" tribute extended old band members for musical instruments and sheet music they donated to the youth group. Special guests for the evening were wives and lady friends of members.

PRECISION-BUILT For Your Car Exclusively

Ford owners! We have sufficient *Genuine Ford Parts* to keep your car rolling. It's plain common sense to use *Genuine Ford Parts*. They're made exclusively for your car. They fit right and are made of laboratory controlled materials which insure maximum life. And they cost less!

MADE RIGHT—FIT RIGHT

All automobile parts may look alike but they are not alike. Only *Genuine Ford Parts* are precision-built to exacting Ford standards, exclusively for your car. Ford uses 36 different kinds of carbon and alloy steel in making *Genuine Ford Parts*—each part is of the same high quality as the original car part.

Lindsay News

Mr. and Mrs. Carl Beyer of Ft. Worth spent Sunday with his mother, Mrs. Adam Beyer and family.

Mr. and Mrs. Bill Fleitman made a business trip to Fort Worth Thursday.

Mr. and Mrs. Paul Arendt and daughter, Joan visited in Sherman Tuesday.

Bill Bezner of Detroit is here for a visit with his parents, Mr. and Mrs. John Bezner.

Mrs. Matt Neu spent several days of last week in Muenster with her daughter, Mrs. Roy Endres and family.

Pvt. Edgar Bengfort is here on a furlough visiting his parents, Mr. and Mrs. Ben Bengfort and family.

Misses Alma and Alice Sandmann of Dallas were weekend guests of their parents, Mr. and Mrs. Bill Sandmann.

Miss Dorothy Dieter of Fort Worth was home for a weekend visit with her parents, Mr. and Mrs. Val Dieter.

William Schmitz, Sr. is ill at his home. Visiting him during the week were his children, Henry Schmitz of Dallas and Mrs. Henry Lueb of Kenefic, Okla.

Hubert Bezner, son of Mrs. Joe Bezner, has gone to Lubbock to attend Texas Technial College. He is taking a course in civil engineering.

Solemn services closed Forty Hours devotions here at St. Peter's church Tuesday. Assisting Pastor Rev. Conrad Herda during the three days was Rev. Ignatius of Subiaco, Ark.

Lt. Ray Lewis returned to Fort Knox, Ky., this week after a 15-day leave with relatives. His wife, the former Miss Regina Fuhrmann and their son are making their home in Gainesville.

Pvt. Willie Arendt has written his mother, Mrs. Lena Arendt, that he has arrived in Germany. He has been in the infantry 10 months. A brother, John, was recently discharged from the army after serving in the ETO.

Word this week from Chaplain Capt. Francis Zimmerman is that he is in Hawaii since leaving Guadalcanal, and that he hopes his next trip will be back to the states. His brother, Paul Zimmerman, chief commissary steward with the Navy, is on duty at Camp Elliott San Diego, since his recent leave here.

Ernest Arendt is getting around with the help of crutches since he sprained his ankle last week. He is was recently discharged from the

army after serving in the ETO a year and has reenlisted in the service. When his 90-day furlough is over he will report to Fort Sill, Okla., for orders. He holds the rank of Technical Sergeant. He is the son of Mr. and Mrs. Paul Arendt.

A pink and blue shower was given honoring Mrs. Joe Bezner Jr. in the home of Mrs. Al Bezner Tuesday with Mmes Al Bezner and Bruno Zimmerman as hostesses. Paper and pencil games were enjoyed and Mrs. Bezner was presented with a shower of gifts arranged in an old-fashioned decorated carriage. Ice cream cookies and coffee were served to 20 guests.

Lindsay Game Management Group Reorganizes, Elects

The West Elm Game Management Association, in a meeting held at Lindsay on Jan. 24, reorganized for a five-year period and elected the following officers for the coming year.

Joe Bauer, President; Paul Arendt, vice-president; Jake Bezner secretary-treasurer; and F.J. Gruber, John Biffle, Jr., Hill Campbell and Ike Fulton, trustees. Members of the organization agreed that they receive much benefit from the association and it was decided that the same rules for the 1946 hunting season should apply as in 1945.

Any party wishing to hunt or fish in the area must have permission from the property owners.

Fifty members were present at the meeting and a short film was shown by B.T. Haws, county agent, who assisted in the organization work.

County Farmers Receive \$28,804 Feed Subsidy Payments During 1945

Cooke county milk producers received feed subsidy payments in the amount of \$28,804.78 for October, November and December. The 651 milk producers who submitted their sales receipts sold 3,864,000 pounds of whole milk and 10,334 pounds of butterfat.

Milk and cream producers are reminded by H.B. Newberry, ACA secretary for the county that February 28 is the final date to submit sales receipts for subsidy payments produced for the last quarter of 1945.

Fifty-seven farmers in the county have received sheep and lamb subsidy payments in the amount of \$1,954.13, and 11 farmers have received beef subsidy payments in the amount of \$1,552, Mr. Newberry reported.

Home On Leave
Eugene Klement, carpenter's mate, third class is here on leave with his parents, Mr. and Mrs. Frank Klement. He will leave on the 15th for Alameda, Calif., for further orders. For the past several months he did duty aboard a transport in the Pacific. He is a member of the Coast Guard.

By Alice Cole McBride

THE art of making bread "just like mother used to bake" was something I long ago decided could never be among my accomplishments. Friend husband's nostalgia for this delicacy never seemed lessened by my efforts, and even 10-year-old Peter's insatiable appetite could not be tempted after the first few slices were cut.

But now the tantalizing aroma of fresh-baked bread permeates the McBride house frequently. Both Peter and his Dad sniff the air with satisfying anticipation . . . all because somebody was nice enough to invent frozen dough.

I was dashing through my locker store when I saw a refrigerated glass case filled with unbaked dough for bread, dinner rolls, coffee cake, biscuits, muffins, pies and

FROZEN BREAD DOUGH

even cakes. I halted in utter amazement.

The clerk explained that the items had been prepared in an ovenless bakery, quick frozen and delivered to the store by refrigerated trucks. All the customer had to do was to bake them just in time for a meal. Yeast products, she said, are first defrosted and allowed to rise before baking, but the baking powder articles can be popped into the oven in their frozen state. Directions on the packages tell just how to do it.

Success Story, Well, that day I bought one "loaf" of frozen bread dough which I baked and served for dinner. Compliments were so numerous that I was tempted to keep my secret, especially when John exclaimed: "Now that tastes just like mother used to bake."

Of course, I'm anxious for the day when we can buy a home freezer storage unit. Then I can purchase not only frozen bakery goods, but dozens of other frozen foods. According to the Refrigeration Equipment Manufacturers Association, there's going to be a model to fit every size kitchen, from a small city apartment model to a farm or country home "walk-in."

Mrs. Louis Bezner of Bushland, Texas is visiting here with her niece, Mrs. Henry Wolf, Jr. and family.

Mr. and Mrs. Delmer Plathe and Clarence Erpelding of St. Jo Iowa, arrived Friday for a visit with the formers' uncle and aunt, Mr. and Mrs. H. J. Fuhrmann, other relatives and friends here and at Lindsay.

OUR BOYS WITH THE COLORS

Home Between Operations

Pfc. Alphonse Felderhoff came to Muenster Monday to visit his parents, Mr. and Mrs. John Felderhoff and family until Feb. 18 when he reports back to Brooks General Hospital for another operation to remove shrapnel from his chest. He has just recovered from a similar operation.

Meet In Germany

Pfc. Justin Hess and Pfc. Leo Lawson, both on duty with the army in Regensburg, met recently they are stationed right across the street from each other. Leo had been transferred to that city recently from Neurnburg. He is assigned to postoffice duties and Justin has been building barracks in connection with the army of occupation. Both are well and send regards to all their friends.

On 18-Day Leave

Albert Herr, SIC, arrived Monday to spend an 18-day leave here with his father, Fred Herr and family. He is stationed at Ream Field, Calif., a naval air base.

wonderful improvements for all.

With that goal in mind the Enterprise is resolved to keep plugging constantly for feasible improvements. It offers itself as a medium through which the community can discuss its projects both pro and con, encouraging what seems practical and discouraging what does not. At the same time it intends to recognize significant events in its news columns. If the city improves its fire protection facilities or builds the kids a tennis court it will get a mention. If an individual improves the appearance of his business or home the paper will be glad to tell about it. If, on the other hand, somebody loses his house because of a grass fire, or breaks a car spring driving up Main street that certainly will be mentioned too.

During the past decade all of us have had reason to feel a little chasty about living at Muenster. The community has acquired a reputation for getting things done. People who make rounds to other small places say it has more activity than most other towns twice its size. It's already a good town in which to live and make a living. Our hope is to see it become a lot better.

family on a reassignment furlough which ends the 28th of this month. He will report to San Antonio for orders and is hoping to receive an assignment that takes him to the European theatre, he said. Discharged some time ago after serving since Aug., 1942, he spent the first part of his furlough in Dallas with his wife. He was a member of the air corps and served as a bomber dispatcher in the states and in Hawaii.

On Duty In Manila

Pfc. Alfred Bayer, son of Mrs. Joe Bayer, writes that he is on duty in Manila, most of his working time being spent on guard duty.

Still In Vienna

Mr. and Mrs. Frank Hess had a letter Wednesday from their son, Pfc. Arthur Hess, the first in 30 days, to tell them he had been on the move, traveling around in Vienna and that he had recently been transferred from the infantry to the cavalry.

Photo Display At Fair

Capt. C. J. Fette took off from Brooks Field Thursday morning in a C-47 fully loaded with photo equipment to make a photo display at State Fair in Tampa, Fla.

BROODER HOUSE FIRE AT MYRA THREATENS HOME OF W. J. WILSON

A fortunate direction of the wind was all that saved the home of W. J. Wilson of Myra when his brooder house burned to the ground Tuesday morning. Neighbors had removed almost half the furniture before they felt certain the house was safe.

A distress call for the Muenster fire truck to get the blaze under control had to go unheeded for two reasons, one being that Myra has no connections for the water hose, the other that regulations do not permit the truck to leave the city limits.

Several individuals of the fire department responded, however, and arrived in time to discover that danger of spreading had passed. Faulty electrical connection was blamed as the cause of the fire.

A Cordial Invitation

Are you new in this community? Have you recently located among us? Do you want to get acquainted? Are you looking for a reliable place to do your banking?

Excuse these questions, but we are naturally neighborly and take an interest in this community. If you are a new-comer, come to our bank and let's have a friendly talk. We will be glad to meet you. Mention this invitation.
