MRS. SCOTT IS COUNCIL HEAD FOR 1931 TERM

Mrs. Ruben Scott of Zephyr was elected president of the Brown county club council at the business meeting of the Achievement Day program for members of home demonstration clubs over all the county which opened at 10 o'clock Monday in the federated club rooms at the Carnegie library with almost one hundred members of clubs from every part of the county in attendance.

The annual Achievement Day for home demonstration clubs of the county opened at 10 o'clock at the federated club rooms with group singing led by Miss Frances E. Cannon of Brownwood leading and Miss Lillian George, May club, at the piano.

Mrs. W. T. Martin, outgoing president of the county council, called the business meeting to order following the singing and elections of officers for the coming year was held.

Following the election brief reports were heard from representatives of each club as to the accomplishments during the last month of club work.

At noon those present were served with a delicious lunch which was furnished by each club. Every club brought enough food for the members at the meeting and all the food was combined as the women were served with a dainty lunch plate.

In the afternoon session the annual reports of the last years work was to be given by each out-going president of the respective clubs. On the afternoon program was also scheduled talks by Miss Carrie Reeves, president of the city federation and Brownwood chapter of the American Association of University Women; Miss Otis Willson, Dulin, secretary of the club council during the past year and Miss Mayesie Malone, demonstration agent. Also there were to be heard talks from the women and girls doing special demonstration work in poultry, gardening and 4-H wardrobe work.

Closing the meeting Mrs. W. T. Martin of Brooksmith, retiring president of the Brown county club council, made the following talk:

"Of course it is a far cry from a gathering of women in a county club council to review their work to the times when all the kings and potentates of the earth gathered to pay homage to Queen Victoria on her Golden Jubilee and review the wonderful things that their people had done in the 50 year period of her successful reign, but the spirit of the gatherings I think is the same. That gathering as you know inspired Kipling to write that beautiful poem called 'The Recessional' and I feel like saying with him—

"Lord God of hosts be with us yet, Lest we forget, lest we forget."

"The Giver of all good gifts, while it seems that he has withheld them this year perhaps to chasten us as a nation, it is with us yet. To me there is more glory in carrying on when the way is hard.

"Anyone can succeed and do wonders when things are flush and prosperous with no obstacles to overcome, but it takes backbone and stamina to stay and hold on when everything seems against us and the way is rough and hard.

Thankful for Helper "You have heard enough today to know what we are the staying kind if you have been listening to some of the things we have done. Now may we review some of the things that have been done for us. In the first place we are thankful to the commissioners court of Brown county for giving us the best agent in the state for without her all this would not have been. We appreciate the fact that the merchants and Chamber of Commerce of Brownwood have been ready to give prizes and scholarships for all our contests.

"We are grateful for the use of these club rooms today and we are also grateful for furnishing the chairs and to Mr. Griffin, county agent, for his help in getting the chairs here and the many other things he has done to help us. And to cap the sheaf and make our happiness complete the Brownwood chapter of American Association of University Women have provided us with circulating libraries. May a measure of the joy you have bestowed be meted back to you.

"Personally I wish to thank the members of this council for their patience and forbearance with me in the past year and especially do I wish to thank the Brooksmith club for standing by me so loyally. Now, Mrs. Scott, the new president of the council, we hand the torch to you and wish you Godspeed."

After the meeting closed at the library the women were to go to Hotel Brownwood where they would be taken on a tour of inspection of the entire hotel from basement to roof garden.

Miss Malone said that she was more than pleased with this year's Achievement Day program and believes that it is one of the most successful ever held in this county. The reports, she continues, that have been heard are splendid and show that the women in the clubs of the county have really been working during this year. "The women," she declared, "are also well pleased with the program of the day and the reports of the work done in the different communities and are enjoying themselves very much it seems."

SIX MEN HELD IN WORTHLESS CHECK ROUNDUP

Six men are in jail here and officers know of approximately \$700 of worthless checks passed here during the last four days. The six include two local youths and the others reside in other towns.

Two of the men, operating here Saturday, were arrested near Pioneer and while local officers were searching for these they arrested two more youths, and found, it is alleged, that they were also passing worthless checks. Following a complaint from merchants here the other two were arrested.

The two men arrested near Pioneer were apprehended by Deputy Sheriff Jack Hallmark who went in search of them with W. B. Avinger, employe of the Gilliam Dry Goods Company. The two, Howard Brooks and Carroll Westerman, are now being held in the county jail.

The men were alleged to be passing checks on the Western Carbon Company of Pioneer, drawn against the Continental State Bank of Rising Star. The checks were made with a check writing machine and were stamped with serial numbers and marked "payroll". Three of these checks totalling \$164 were passed on three merchants here, one of \$44 to the Gilliam Dry Goods Company where a small purchase was made, one to Roy Byrd for \$80, also paying for a small purchase and one to the C. E. Stonestore for a small purchase.

When arrests were made all the cash and merchandise was recovered and returned to the merchants this morning. The total cash recovered was \$131.50, the officers stated.

It was learned by local officers that recently a check writing machine and some checks were stolen from the Western Carbon Company office upon whom the checks were drawn. The company is a reliable concern.

Examining Trial This Week Justice of the Peace E. T. Perkinson said this morning that the two would face three separate charges of forgery and would be jointly charged in each case. Examining trial will be held later in the week. Two other boys were arrested by city police while searching for Westernman and Brooks and it was alleged that they were passing checks on a San Angelo man, a relative of one of the boys. It was alleged that they had passed more than \$40 worth of checks. They were held at the city hall for questioning and were released to county officers today at noon to face charges there.

The other two were arrested, one in San Angelo and the other here at the request of Chief of Police Bert Hise and held during the night at the city jail. The one arrested in San Angelo was returned here Sunday.

These two boys were alleged to be passing checks on a man living in New York City and were drawn against a New York bank. Officers say that the two have given more than \$500 of these checks here during the past week and that one of the boys has admitted his part in the undertaking. They will be taken before District Attorney Walter U. Early this afternoon on questioning. No charges have been filed against them yet.

BANK ROBBERS BEING SOUGHT NEAR ATHENS

FRANKSTON, Texas, Dec. 11.—(P)—The muddy trail of four men who robbed the Frankston State Bank of \$11,236 yesterday and fled in a truck after a gun fight with officers, was sought today by officers and citizens all over north east Texas. Two of the robbers were believed wounded in the fight in which two officers also received wounds.

A small truck in which the four men escaped was found last night at Athens. It was covered with mud evidence that it had been driven rapidly over well high impassable roads. A canvas sheet was missing from the truck and officers believed it had been used to carry two of the robbers who were thought wounded.

Search was directed particularly toward nearby river bottoms, where the men could easily have found a hiding place.

The bank was robbed just after noon yesterday. Four men entered together. Two remained at the front door while their companions held pistols on Ray Perry, cashier, and Mrs. Carrie Watkins, assistant cashier, and forced them into the vault. The robbers took all the money in sight and backed out, closing the vault door and throwing the bolt.

Forty or fifty citizens immediately joined in the chase. Deputy Sheriff Charles Curry of Frankston, Deputy Charles Emmerson of Poyner and Constable Charles Slaughter of Frankston met the men in a mud-stalled automobile 12 miles from here. Both groups began firing. Emmerson was wounded in the chest and Slaughter in the hand.

The robbers, two of them dragging their wounded companions, dashed through roadside brush and soon afterward stole a truck from a passing driver, on which they placed their wounded and sped away.

GOODWIN ASKS FOR REHEARING COURT CRIMINAL APPEALS

AUSTIN, Texas, Dec. 10.—(UP)—A motion for rehearing of the case of Dave Goodwin, under death sentence, after what the court of criminal appeals said was not a proper trial, was filed here today.

Goodwin was convicted in New Boston, Bowie county, of killing Lloyd Elliott with whom he had a dispute about the killing of a hog. The appellate court ruled last week that under statutes it cannot consider complaints of the trial because the question now raised were not at the original trial.

Unless the court grants a rehearing and decides it has power to interfere, Goodwin's only hope to escape the electric chair is an appeal to the governor.

Brown County PTA Council to Meet on December 13

Announcement has been made that the Brown County Council of Parent-Teacher Associations will meet in general session in the district court room Saturday, December 13, at 2:30 p. m.

After a short business session a health lecture will be given by Dr. Jewell Daugherty and "The Need of a County Health Nurse" will be discussed by Judge E. M. Davis.

A report of the state convention of the Texas Mothers' Congress and Parent-Teacher Association will be given by Mrs. E. B. Clardy.

FRANK B. NOYES, PRESIDENT OF ASSOCIATED PRESS, SAYS NEWSPAPERS INDISPENSABLE

NEW YORK, Dec. 11.—(P)—The value of the press and life insurance companies in producing an informed nation was set forth to the convention of life insurance presidents today by Frank B. Noyes, president of The Associated Press.

Saying that in normal times the press fulfills its functions of informing, explaining to and exhorting readers more broadly and more admirably than at any previous period, Mr. Noyes proceeded:

"The information regarding what is going on in the world, on which most citizens must base their beliefs and their actions, comes to them in the overwhelmingly majority of cases through the columns of their newspapers."

"A grave responsibility is thus imposed on the press and its gravity is recognized broadly by newspaper men."

"Today a newspaper may be Democratic, Republican, Conservative or radical in its leanings, but it recognizes its obligations to its readers, to give them, as nearly as may be, a balanced picture of the world's news, generally doing its missionary work in its editorial columns."

Mr. Noyes praised the newspapers of today as vastly better than those of 50 years ago.

"The Associated Press," he continued, "exists because of the determination of its members that no privately owned concern should have control of their main news service which is the life blood of their newspapers."

Undeified News Service

"This determination was and is based on our belief that the prosperity of our newspapers and indeed the safety of our republican institutions is founded on an undeified news service."

"Granted that an informed nation is a secured nation, it is of the utmost importance that the information supplied the nation be such as results in a truthfully informed people and I assert that from The Associated Press, the Canadian Press and from the competing organizations the people of this continent are receiving through the newspapers a volume of accurate information regarding the happenings, the conditions, the joys, the sorrows of this old world of ours such as the world elsewhere knows nothing of and our own people never had before."

"This is of utmost importance to us as citizens because if the wells of truth are poisoned there can be no health in the drinkers of their waters."

"If distorted, biased, false reports

are served to accomplish unworthy purposes, disaster must follow."

Praising the great life insurance agencies, Mr. Noyes called attention to their welfare and research work and the delivery to policy holders of a mass of publications contributing greatly to popular instruction on health matters.

Citizens League Dinner Tonight at Central Church

The Citizens League will be given a dinner tonight at the Central Methodist church as guests of the church. L. D. Lane, president of the league, said this morning that the plan at present was for the members to assemble at the court house at 7:00 o'clock as on other regular meeting nights and from there go to the church. The dinner will be served in the basement of the church.

Members of the church will furnish transportation from the court house to the church for all who attend the dinner.

This is to be a Christmas dinner, given early because of the last minute rushes which will be noticed before Christmas.

The church urges that all unemployed men be present at the dinner as their guests. On the program are numbers by the South Side Quartet, whistling by Lee Roy Chandler and a reading by Novalyn Price.

Mrs. Loy Fortner Elected Sponsor Holder Girls Club

Holder Girls 4-H club met at the home of Mrs. Loy Fortner December 9 with the members present. Mrs. Fortner was elected sponsor of the girls club. She was formerly a member of the club.

Miss Mayesie Malone, county home demonstration agent, was present at the meeting and gave a demonstration on making candies for Christmas. Her mother, Mrs. J. W. Malone, was a visitor.

Candy was served after the demonstration. Business meeting was held and the girls sang several club songs after the business session.

OIL

Suits Against 3 Companies Defying Proration Order

OKLAHOMA CITY, Dec. 11.—(P)—Suits asking receivership for three oil companies which have defied the proration orders of the corporation commission were filed today in district court here by W. L. Murphy, assistant state attorney general.

The suits ask appointment of receivers for the H. F. Wilcox Oil and Gas Company of Tulsa, and the Marci Oil and Royalties Company and Century Petroleum Corporation of Oklahoma City.

The attorney general's office also requested temporary injunctions restraining the three companies from violating the commission proration orders.

The suits alleged that if "the unlawful conduct on the part of the defendants be not restrained, other producers in the Oklahoma City field will be confronted with the necessity for protection of their rights in the common source of supply likewise to violate the laws by producing their wells at a greater capacity than is permitted by the laws."

This, it was alleged, would cause a "complete break down and disruption in the Oklahoma City pool of the state laws dealing with the conservation of crude oil."

Order Issued
OKLAHOMA CITY, Ok., Dec. 11.—(UP)—District Judge Wiley Jones ordered the Century Petroleum Company and the Marci Oil and Royalties Company today to stop flowing their wells in violation of the state-wide proration order.

The order followed application by the attorney general's office for an injunction against the two firms and also a receivership.

Attorneys for the two companies immediately countered by filing application to transfer the injunction suit to federal court.

The state also filed a similar action against the H. F. Wilcox Oil and Gas Company for alleged violation in Pottawatomie county.

T. G. Buller was fined \$11.70 for drunkenness.

DALLAS, Dec. 11.—(UP)—The Texas division of the Midcontinent Oil and Gas Association will elect new directors, and outline the division's 1931 program at a meeting here next Tuesday, President E. T. Moore announced today.

New officers will be chosen by the directors at the same session.

SAN ANTONIO, Texas, Dec. 11.—(UP)—Potential daily production of the Darst Creek oil field, Gaud-

lupe county is 185,804 barrels of oil according to a recent gauge of wells. Total fluid production is 238,733 barrels, but approximately one-third of this total is water.

DALLAS, Texas, Dec. 11.—(UP)—All members of the Republican National Committee are being advised of the Texas Republican executive committee's stand on a tariff for crude oil by letters sent out under

the direction of R. B. Creager, Texas member.

LIBERTY, Texas, Dec. 11.—(UP)—Humble Sergeant No. 1, with an initial production of 1,300 barrels from 5,860 feet, definitely proved the northeast side of the Moss Bluff dome Wednesday. Gravity tests have

not yet been made. Moss Bluff is 14 miles south of here.

CHECK CHARGES FILED AGAINST THREE YOUTHS

A total of six complaints of forgery against three boys were filed in Justice of the Peace E. T. Perkins' office Monday afternoon following a week-end of arrests which netted officers here six men and a knowledge of nearly \$700 in worthless checks. The complaints were against Orville Bankston, Sam E. Ross and Armin Forrest.

Bankston and Forrest were charged with forgery of two instruments totaling \$200 and Ross was charged with passing two forged instruments for a total of \$30.

Bankston was arrested in San Angelo during the week-end at the request of local officers and returned here Sunday. He was kept at the city jail until Monday afternoon when he and Forrest were taken to county officers for investigation and after the filing of the complaints were placed in the county jail. Forrest was arrested here by members of the police department.

Ross, in company with another youth, was arrested Sunday morning by members of the police department when searching for two men alleged to have passed \$164 of checks on three merchants here Saturday afternoon and night. It was found when Ross was searched, it was stated, that he was not the one wanted for the passing of the checks in question, but the charges against him developed. He was released to county officers at noon Monday.

which the charges are based reading, "New York, 12-4, New York Trust Company Fifth Avenue and Fifty Seventh street. Pay to bearer on demand \$100," and the instrument was signed "Harvey W. Shaffer." The other charge is similar to the first with the exception of the date being on or about December 6 instead of December 4. Both were for \$100.

Bankston is charged in connection with the same instruments, but with willfully and knowingly passing a forged instrument in each case. The first of these was passed on Sam Henry and the other dated on or about December 6 was passed on O. H. Turner. Examining trial for the two will be held later in the week.

Ross is charged with passing a forged instrument, to-wit a check drawn on the First National Bank, San Angelo, Texas, payable to Hopper and Stanley, for \$10 and signed "Sam E. Ross by Geo. R. Ross." Another check, also to Stewart, Hopper, was for \$20.

Young Ross is a relative of Sam Ross, the officers state, ranchman and stock dealer of San Angelo who formerly operated a mule business in Brownwood.

The two men who were arrested here on charges in connection with checks, Howard Brooks and Carroll Westerman, are also in the county jail awaiting an examining trial. They were arrested by Deputy Sheriff Jack Hallmark Sunday near Pioneer.

Christmas Spirit Now Appearing In Homes and Schools

Christmas is being brought nearer to the people in their homes daily as the children at the ward schools are busy with cut-outs of Santa Claus, Christmas wreaths, and other decorations which are given them by their teachers. The homes are beginning to take on the look of Christmas as the children make the decorations at school and take them home with them to be put into the house.

Many people are already casting about for the small trees to be placed in the homes for the children and the Christmas wreaths are beginning to appear in doors and windows. During the week many lawns will be decorated with colored lights and these will be placed on trees and shrubs on most of the streets of the town.

Added to the din of the residence sections is the gobble of the Christmas turkey as he is fattening in the pens preparatory to the killing on Christmas eve.

DAVIS SMITH, PIONEER HERE, DIES SUDDENLY

Davis Smith, 59, resident of Brownwood for more than 50 years and one of the pioneers of this section, died suddenly of heart attack at his home, 1229 Austin Avenue, at 8:30 a. m. Monday.

Mr. Smith arose this morning as usual and was going about the house when the attack came and he died before physicians could arrive to give medical assistance. He had been ill in health for several years, especially since two years ago when he suffered a heart attack. Lately, however, he had been in better health, it seemed.

Jefferson Davis Smith was born December 4th, 1871, in California. In 1872 his parents moved to Colorado and from there came to Brownwood in 1878. Mr. Smith had lived here continuously since that time engaging in the automobile and farming businesses. He was well known in this section. He had been quite active until about two years ago. Mr. Smith was a member of the Elks and Modern Woodmen.

On February 4th, 1897, he married Miss Minnie Burnett of Brownwood and to this union was born four children all of whom survive as does Mrs. Smith.

The children are Frank L. Smith, Henry Davis Smith, Wesley James Smith and Miss Olive R. Smith, J. P. and R. A. Smith, and three nieces, Mrs. Jewell Johnson, Mrs. Ben Shropshire and Mrs. E. J. Miller.

Funeral Services Tuesday

ADILENE MAN KILLS SELF

ADILENE, Tex., Dec. 9.—(AP)—The body of J. D. Box, 28, was found in the garage back of his home early today, shortly after his bedridden wife heard a gunshot.

A verdict of suicide was returned by Justice P. B. Ford, who held an inquest.

Box's body was found beside the truck he had been driving for a local transfer firm. A .410 gauge shotgun was lying beside the body.

Debts contracted since Mrs. Box became seriously ill four months ago were said to have been worrying Box. He had had steady employment since coming to Adilene several years ago.

Mrs. Box called to a neighbor when she heard the shot. Besides his wife, who is suffering shock, Box is survived by two small daughters.

DECREASE FROM 1929 WILL BE 600,000 BALES

WASHINGTON, Dec. 8.—(AP)—This year's cotton crop was estimated today by the Department of Agriculture at 14,243,000 bales of 500 pounds gross weight, based upon December 1 conditions. Last month 14,438,000 bales were estimated. Production last year was 14,828,000 bales. The estimated yield per acre is 150.8 pounds for this year, compared with an estimate of 154.2 pounds a month ago and 153.0 pounds produced last year.

The department announced the acreage left for harvest was 45,218,000 acres after abandonment of 2.1 per cent of the 46,191,000 acres in cultivation by states follows:

Virginia 42,000; North Carolina 795,000; South Carolina 1,040,000; Georgia 1,625,000; Florida 50,000; Missouri 160,000; Tennessee 400,000; Alabama 1,495,000; Mississippi 1,600,000; Louisiana 710,000; Texas 4,100,000; Oklahoma 900,000; Arkansas 910,000; New Mexico 100,000; Arizona 160,000; California 250,000; all other states 6,900 and Lower California, O.P. Mexico were included in United States total 49,000.

Ginning Report Made

WASHINGTON, Dec. 8.—(AP)—Cotton of the 1930 crop ginned prior to December 1 was announced today by the Census Bureau to have totaled 12,834,979 running bales, counting 455,477 round bales as half bales, including 15,482 bales of American-Egyptian, and excluding linters.

Ginnings to that date last year totaled 12,853,166 running bales, including 472,977 round bales and 17,973 bales of American-Egyptian and to that date two years ago ginnings were 12,860,000 running bales, including 518,974 round bales and 19,766 bales of American-Egyptian.

Ginnings this year to December 1 by states were:

Alabama 1,281,066 bales; Arizona 94,445; Arkansas 814,379; California 162,992; Florida 50,511; Georgia 1,513,107; Louisiana 681,010; Mississippi 1,377,165; Missouri 145,558; New Mexico 77,764; North Carolina 723,426; Oklahoma 798,141; South Carolina 942,467; Tennessee 341,915; Texas 3,686,288; Virginia 39,205 and all other states 5,531.

DOPE CRAZED MAN SHOOT SIT OUT, IS SLAIN

AMARILLO, Dec. 9.—(AP)—That Brunson McCarver of New York, who was killed in a gun battle with officers four miles north of Canyon late Monday afternoon when they attempted to remove him from an overland bus had been a federal investigator, associated with the department of justice, was believed established today through communication with a brother, C. P. McCarver, also of New York.

McCarver had been doing narcotic investigation, according to his brother, who talked over long distance telephone to N. S. Griggs, Amarillo undertaker. He directed the body to be sent to Nashville, Tennessee, family home of the McCarvers.

It was learned today that McCarver admitted being under the influence of narcotics while at the Union Bus Terminal in Amarillo between 1:30 and 3 o'clock Monday afternoon.

Pat Bullis, a patrolman with the Amarillo police department, said this morning that he talked with McCarver at a lunch counter in the terminal shortly before the bus left for Roswell, New Mexico Monday afternoon, and that the man told him he was taking "dope" for a pain in his side.

The man came in and sat down beside me at the lunch counter," Bullis said. "I knew right away that he was doped, although he was walking straight when he entered. The effect all appeared to be in his head. He said he had been sleeping on the bus, and that every time he waked up the pain in his side returned.

"He handed me his ticket, and I glanced over it and handed it back to him. He seemed worried about the ticket, and told me that he gave it to the baggage man in the station, but the man would not take it. I talked with other passengers about the man and they said he had been sleeping on the bus, so it didn't occur to me that he would get into trouble. He appeared to be all right, except for the effect of the narcotic on his mind."

Roy Burnett, driver of the bus, said that McCarver "acted funny" when he boarded the bus, but that there was nothing about him to indicate he was intoxicated. The patrolman also said McCarver had not been drinking.

Identify Established

NEW YORK, Dec. 9.—(AP)—Members of the federal narcotic staff here recalled Brunson McCarver, believed to have been killed in Texas, as a former agent in the New York office. After working here for several years, he was transferred to Cleveland and Detroit in 1923. They had no information as to whether he was still connected with the service.

CANYON, Tex., Dec. 9.—(AP)—After terrorizing the driver and passengers on an overland bus, a man believed to have been Brunson McCarver of New York, formerly connected with the federal bureau of narcotics, was shot to death in a gun fight with officers four miles north of here yesterday.

Before the bus left Amarillo and afterward, the man had words with Roy Burnett, the driver, over driving, and north of Canyon the man's attitude became so threatening Barnett stopped at a lunch stand and telephoned Canyon officers.

Sheriff John Fry of Randall county, Chief of Police Frank Hicks of Canyon and Deputy Sheriff Bob Barnett of Canyon met the bus, intending to take the man from it, but on seeing the officers he started shooting. The officers returned the fire, and the man dropped dead, five bullet wounds in his body.

"Three shots were fired by the man before a single shot was aimed at him," said Deputy Barnett. "His first shot was at the driver, who rolled out the front door. His next was straight through the windshield at Hicks, and his third was point-blank at me."

Hicks was wounded slightly in the arm, but the other officers and the passengers who crouched in the rear of the bus while bullets flew about them, escaped unharmed.

A card issued to Brunson McCarver as a United States investigator and a letter of introduction from William J. Bacon, sheriff of Shelby county, Memphis, Tenn., were found on the man's body. Mrs. Dave Puryear of Memphis, a sister of McCarver, said her brother visited her two weeks ago and had mailed her a card from Kansas City, Mo., saying he was enroute to Los Angeles.

The body was held here pending identification of relatives.

The driver who brought the bus into Amarillo from Clinton, Oklahoma, said McCarver slept practically all the way. The first time he was noticed to be drinking was when Burnett looked into the rear view mirror and saw McCarver drinking from a bottle. He said he asked for the bottle and told the man he would have to quit drinking or leave the bus.

Not long after that, Burnett said passengers on the bus told him the man drank the contents of the bottle and threw it away.

Heels of McCarver's shoes had been hollowed out and plugged with rubber, according to District Attorney E. W. Thompson. Officers said such hiding places were generally used for concealment of dope.

A small note book taken from McCarver's pockets contained addresses of narcotic agents throughout the country, the district attorney said.

A bottle of "rest tablets" also was found in McCarver's pockets, and District Attorney Thompson said McCarver might have been referring to the medicine when he told the patrolman he had been taking dope to ease a pain in his side.

CHIEF HISE WARNS AGAINST CARELESSNESS IN LEAVING CHRISTMAS PARCELS IN CARS

In speaking of the Christmas shopping rush period Chief of Police Bert Hise said today that he wished to warn all people who made purchases during the Christmas season to be careful of leaving bundles in parked automobiles. The Chief said that it was the custom of many people to make part of their purchases then place them in the parked automobile and then make more purchases.

"When people do this and carelessly leave them where they can be easily stolen they make it very hard on us and on the crime record of the town. The thief who wishes to can easily take a small bundle from a parked automobile during the rush and never be noticed and sometimes it will be more than an hour before the owner returns and discovers the loss of the article.

"This is nothing but carelessness and can easily be avoided if the automobile owner and shopper are careful when parking their automobiles and leaving bundles in them. It takes only a moment to lock the doors of a car and adds much to the safety of articles including tools, robes and bundles left there while shopping.

Adds to Safety

"When the doors are locked it does not necessarily mean that the packages will not be molested, but it only adds to the safety. The best means of guarding purchases is to keep them in your possession during the shopping and not leave the way open for petty thieves to get the articles, he said."

He stated that he also wished to warn the people that during this time of the year there was a great rush everywhere and that it was more easy for thieves to secure valuable articles from the homes while the owners are shopping and as many will be shopping at night he said that he wished to warn them to be sure all doors were locked before they left home as well as having the doors of the automobile locked while leaving bundles in them.

MY, WHAT A BEARD!

LONDON—If you would go to Newbiggin town, in Northumberland, you'd see that most of the male population has spanned the allotted 50 years of life. One of the oldest, William Dawson, 71, is probably the most interesting in the village. Dawson, when a small boy vowed he'd never shave. Consequently his long silky beard is more than 55 years old and a sight to behold.

Twelve Year Old School Girl Is Holdup Victim

FORT WORTH, Texas, Dec. 10.—(UP)—Marion Eaton, 12-year-old school girl, was held up today by two men in a small sedan as she waited for a street car on the South Side.

The men drove up and asked the girl the location of a street.

Marion obligingly stepped to the curb to give the directions.

The stranger's voice was gruffer when he said:

"We'll have your purse, little lady."

In the purse were 30 cents lunch money and \$1 worth of car tickets.

Utah State agricultural college reported Utah ranked third, in proportion to population, in the number of four-year students in agriculture.

Looney Pupils To Present Pageant On December 16

Beautiful Christmas pageant is being sponsored by the Looney ward school to be presented at Howard Payne auditorium Tuesday night, December 16th.

More than 150 children of the school make up the cast of the pageant, which is of a religious nature and centers about the birth of the Christ child. This pageant has never before been presented in Brownwood and those who have been helping with the rehearsals say that it will be one of the most beautiful affairs of its kind ever presented in this city.

Stage settings, costumes and choruses have been planned and arranged on an elaborate and beautiful scale.

Teachers at the schools have been working on the pageant for several days in picking the children best suited for the various parts and in giving rehearsals. They state that all the children will have their parts well in hand by presentation date.

A small admission will be charged for the pageant and the proceeds go to the school to buy music memory records for the classes in Looney Ward school.

Officers Search For Stolen Sedan

Members of the sheriff and police departments are searching for a white sedan stolen here Wednesday night from its parking place in front of the owner's house. Sheriff M. H. Denman said this morning that the loss was reported to him and that he and his men were tracing several clues which they had received as to the whereabouts of the stolen automobile.

LARGE GROUP OF BURLESON STUDENTS HERE

A large number of the students who were at Burleson College, Greenville, at the time of the closing of that institution, have entered Howard Payne College, as stated in former issues of The Bulletin, and others are expected to become H. P. C. students soon. More complete information on the group is given in a statement furnished The Bulletin today by Dr. T. H. Taylor, president of Howard Payne, as follows:

Rev. R. E. Milan, field secretary of Howard Payne college, arrived in Brownwood Saturday night with a large group of the Burleson college students. This institution closed its doors last Friday. Rev. and Mrs. J. B. Wheeler will be located in the Walker residence on Pisk Avenue with one group of the students and Rev. and Mrs. C. T. Aly at 816 Melwood with another group. Several girls are entering Howard Payne Hall.

Mr. Glenn Dunn, president of the Burleson College Ministerial Association, made a talk in chapel on Monday.

Enter Into Activities

The list includes some thirty students and these have immediately entered into the activities of Howard Payne. When the school closed and the students started attending other schools, the largest single group transferred to Howard Payne. More are expected to enroll during the week and on until the close of the school for the Christmas holidays.

"The students have transferred their Burleson college spirit to the Howard Payne campus and are entering into the activities of the school here and are taking active parts in all activities in which they were interested before transferring here. Most of the students which have entered Howard Payne are ministerial students and these are taking active parts in all ministerial activities including the ministerial council and other groups.

List of Students

"Following is a list of those who have entered to date: Clarence E. Bousie, freshman, Port Arthur; Walter Stuetzell, freshman, Sulphur Springs; Dayton Jenkins, sophomore, Lone Oak; Glenn Dunn, sophomore, Greenville; Carroll Peadar, freshman, Bogata; Bob Walters, freshman, Valley Mills; Clifford Hong, freshman, Campbell; Chester Moss, sophomore, Denison; Orbin Harper, freshman, Mt. Pleasant; Floyd McCrury, freshman, McCrury's Chapel; Charley Smith, freshman, Burk Burnett; J. B. Wheeler, Otto Holloway and Mrs. Otto Holloway, freshmen, Greenville; Eric Powell, freshman, Kaufman; Sadie Holloway, freshman, Hull; Imo Gene Beard, freshman, Duckner's Orphan's Home; Annetta Tucker, freshman, Leonard; Clyde Goodnight, junior, Greenville; Dollie Belle Morris, Ella Catherine Coles, C. T. Aly and Mrs. C. T. Aly, sophomores, Greenville."

LEGION AUXILIARY TO SEND PRESENTS EL PASO HOSPITAL

Every American Legion Auxiliary post in Texas has been assigned a quota for taking care of the Christmas presents for the ex-soldier men in Texas, according to hospitals in Texas, according to Dr. Mollie Armstrong, state chairman of the Rehabilitation committee.

The American Legion Auxiliary furnishes the Christmas for every disabled war veteran in Texas government hospitals, men outside hospitals who are disabled and receiving treatment and every Texas man in any government hospital in the United States.

The Texas Auxiliary is to take care of more than 2,000 disabled soldiers and their wives and children this Christmas. Many families are being furnished medical supplies and food.

Thus far the Auxiliary has not had to call on the public for help except to buy poppies and tags on Armistice and other special days, but this year they are every body will want to have a part in the Christmas activities for these soldiers who are still fighting the war.

El Paso Hospital

Brownwood post's quota this year is the hospital at El Paso and the local unit invites the public generally to help in making this a good Christmas for the boys in this hospital.

"Many people say they do not know what to give, but anything that you would give to any man is right, except the cakes, candies, and other similar sweets cannot be sent," stated Mrs. Armstrong.

Any kind of present can be taken to Armstrong Jewelry Company for each man will be made up and sent to the hospital. The packages must leave Brownwood on December 15 in order to get to the hospital where the different names will be put on the packages. Mrs. J. P. Mitchell is president of the local unit and will have charge of the preparation of the parcels for shipping.

Various Articles Acceptable

Any kind of article for a man or several of the same articles for several a dozen jars of shaving cream or tooth paste, etc., can be given and then all the articles will be divided out so that about the same amount of presents will be in every package. The packages are wrapped here in gay Christmas paper and then sent to the hospital. There they are divided into the number of wards in the hospital and the names of the men are attached to the packages and they are distributed on Christmas morning.

The unit assigned to a hospital also decorates the hospital for Christmas and prepares the decorations and presents for a Christmas tree for the ex-soldiers who are able to be out of bed.

MORTUARY

J. M. Keen, 67, pioneer of Brown county, died at his home near Jordan Springs at 6 o'clock Wednesday afternoon, December 10. Burial was to be made at Jordan Springs cemetery at 3 o'clock this afternoon.

He was born in Mississippi May 12, 1863, and came to Texas in 1870. Six years later he came to Brown county and lived near Jordan Springs continuously to the time of his death.

Mr. Keen was married to Miss Minnie Musgrove in 1891. To this union six children were born. All survive except one son, Cleburne Keen. Mrs. Keen passed away in 1916. Mr. Keen was married in 1919 to Miss Una Jernigan who survives him.

Since 1894 Mr. Keen was a member of the Baptist church and of the Masonic lodge.

Children surviving are: G. R. Keen, Clifford Keen, Mrs. G. E. Milan, all of Brownwood; Mrs. Lonnie Norris of Jordan Springs, and Mrs. James Brubaker of Wichita Falls. Brothers and sisters who survive are: Mrs. Henry Silkes, Jordan Springs; Mrs. Sam Coffee, Albany; William Keen, Los Angeles, California; and Jonnie Keen, New Mexico.

The Masonic lodge was to have charge of the funeral services. Rev. W. L. Daniels and Rev. T. M. Carney, pastor Church of Christ, Brownwood, were to officiate. Austin-Morris Company had charge of the funeral arrangements.

Captain Hawks Is Forced Give Up Flight to Texas

VALLEY STREAM, N. Y., Dec. 11.—(AP)—Captain Frank B. Hawks returned to Valley Stream airport today twenty minutes after he had hopped off in bad weather for Houston, Texas.

VALLEY STREAM, N. Y., Dec. 11.—(AP)—Bad flying weather over the Allegheny mountains today led Capt. Frank Hawks to decide to take two days for his flight to Houston, Texas.

He was warned by weather forecasters not to fly today but decided to try to reach Memphis, Tenn., tonight. He planned a stop in Columbus, Ohio, on the way, for fuel.

Captain Hawks has an engagement to address an aeronautical meeting of the Houston Chamber of Commerce tomorrow. He will return to Washington Sunday to attend the national conference on unified aeronautical regulatory laws.

Pete McKenzie's Attempt to Break Jail Frustrated

SAN ANTONIO, Tex., Dec. 11.—(UP)—Sheriff Alphonse Newton today announced that an attempt of Pete McKenzie, slayer, to escape from the Bexar county jail had been frustrated.

Sheriff Newton said that McKenzie had been moved to the run-around of the jail after a large hole had been discovered in the wall of his cell and a metal spur, a hacksaw and a number of blades taken from him.

McKenzie was sentenced to death for the slaying of Detective Chief Sam Street here in 1927 after he had escaped from the penitentiary where he was serving a life term for a murder in El Paso.

WOOL GROWERS ARE RECEIVING BENEFIT FROM TARIFF ON WOOL PRESIDENT HAGENBARTH STATES

COLORADO SPRINGS, Colo., Dec. 10.—(P)—Wool growers and manufacturers have received benefit from co-operative efforts to stabilize wool prices during the past year, F. J. HagenbARTH, president of the National Wool Growers' Association, said in opening the sixty-sixth annual convention of the association here today.

For the first time, he said, the wool grower is receiving full benefit of the wool tariff, and wool has fairly held its price within a narrow range of fluctuation when other staple commodities have fallen violently to lower levels.

Activity of the association in connection with the recent tariff revision were reviewed by Dr. HagenbARTH. "Taking the new tariff as a whole and reducing its effects to dollars and cents, the grower is better off by a considerable margin as well as the establishment of valuable precedents in wool tariff writing," he concluded.

Co-ops Handle Business

Roger Gillis of Del Rio, Texas, president of the National Wool Marketing Corporation, in an address, said that since the corporation began operating in February this year it has controlled 35 per cent of the domestic wool output and \$37,000,000 has been advanced to growers by the corporation whose policy is to stabilize prices and advance them when conditions warrant.

Paul G. Redington, chief of the Bureau of Biological Survey, U. S. Department of Agriculture, said he was convinced the work of ridding predatory animals of destructive animals and rodents was "a service of economic worth, real farm relief, if you please." He replied to criticisms of the use of poisons in predatory animal extermination. "If the use of poison were eliminated altogether, the cost of taking coyotes and other predators that are injurious to domestic stock and game animals would be greatly increased. The work of control of depredations of the agricultural and game interests apparently is the true value of rodent control."

Officers to Sign Road Bonds Before Close of Terms

At the regular meeting of the Commissioners Court Monday it was decided that the present county judge, county clerk and county treasurer should sign the remaining Brown county road bonds and place them in the First National Bank for safe keeping. In the action of the court it was shown that unless signed by the present office holders the coupons on the bonds would have to be re-lithographed which would cost approximately \$200 and in order to save this amount the present officers were authorized to sign the bonds.

The burglary and holdup insurance carried upon the tax collector was ordered renewed for the year 1931, the insurance being carried with J. J. Timmins. The purchase of a county ownership map for the office of the county superintendent was ordered, provided the map may be purchased for a sum not to exceed \$10. Settlement was ordered with D. H. Palmer for damage to his land by highway No. 129, it appearing to the court that he had received no damages and that he was due a sum on this account. He was awarded a total of \$15 as damages to his land. Settlement was ordered with Silas Drakes for wine used in fencing the right-of-way of highway No. 10 where it crosses his farm. It was decided that he was due a sum of \$25 for the wine and an order for payment was issued.

Eastland Youth Given 30 Years Seeks New Trial

EASTLAND, Tex., Dec. 8.—(UP)—J. Frank Sparks, attorney for Oscar Privett of Ranger, convicted of the slaying of Melvin Dymally at Ranger, said today a motion for a new trial will be filed. In the event it is over-ruled, an appeal will be taken, he added. After 18 hours of deliberation a jury returned a verdict of guilty late Sunday and assessed a penalty of 30 years imprisonment.

Receives News Of Death Of Brother

Dr. and Mrs. O. B. Love went to Menard today in response to word received early this morning that Mrs. Love's brother, John Wilson, had died at his home at Menard this morning. Mr. Wilson had never lived in Brownwood, but had visited here and is known by many Brownwood people.

FIELD MANAGER MEETS PECAN GROWERS HERE

S. H. Gibson, manager of field operation of the National Pecan Marketing Association, met with directors of the Heart of Texas Pecan Growers Co-operative Association, local branch of the national organization, at the court house on Saturday afternoon to discuss the work of local grading and storage plant. Mr. Gibson asked for opinions of members of the local as to whether they liked the plan of operations, etc., and asked for any suggestions for bettering the local or national plan of marketing pecans. Directors reported that members in this section seemed to be well pleased with the local thus far. J. T. Donald of Brownwood, one of the field men for the National Association, was also present at the meeting.

Mrs. Ila Miller, secretary of the local, made the report of grades and advances and other work of the association. Approximately 100,000 lbs. of pecans have been graded and stored by the local and are ready for shipments at the order of the National Association. Directors said that the pondage handled this year, considering the short pecan crop and the first season that the local has been in operation, is very large. The members are satisfied and a great many more pecans are expected to be handled here next season, it is said.

The pecan market for this year has about closed and the local station, which is located at the Johnson Storage Company on Fisk Ave., will be open to receive pecans for grading only on Saturdays. Members who have pecans are requested to bring them to the plant only on Saturdays and the pecans will be weighed and an advance made. When the pecans are graded a further advance will be made.

Directors present at Saturday's meeting were: A. I. Pabis, president; J. R. Lewis, T. O. Hurst and Mrs. Ila Miller, secretary.

Snake Poison In Food Fatal To 40 Students In India

BOMBAY, India, Dec. 8.—(P)—Death of forty students of the London Mission School at Erode, Madras, is attributed to snake's poison in their food. The students, Exchange Telegraph Company dispatches from Erode say, had just finished their mid-day meal when 40 collapsed and died in quick succession. It was stated afterward that a snake was found in the utensil in which soup for the meal had been prepared, the soup as a consequence being highly poisonous. The cook was one of the victims.

STATE TEXAS WILL FILE SUIT AGAINST WESTERN UNION CO.

AUSTIN, Dec. 10.—(P)—Suit to enjoin Western Union Telegraph Company from operating in intrastate business in Texas and for recovery of penalties totaling \$250,000 will be filed in district court within the next few days, Rice Tilley, first assistant attorney general, said today.

Delay in filing the suit, Tilley said, was to give the company opportunity to file a suit in federal court seeking to prevent the state

from ousting it, in order that foreign corporations might not feel the state "is trying to oust them unless the law clearly authorizes such ouster."

In any event, Tilley declared, the courts will have an opportunity to pass upon the question of whether the company shall be allowed to operate in Texas without paying a franchise tax and without a permit.

Western Union has been operating in Texas since 1862, without payment of franchise taxes, which were not required until a statute in 1907. It has paid gross receipts tax.

Until March 30, 1930, when the new franchise tax law was enacted, there was no penalty except that the company could not have maintained a suit in state courts and unless they obtained a foreign permit,

they were not liable for taxes, Tilley said.

However, under the 1930 act the company was made liable for a penalty of \$1,000 a day for every day it operated in Texas without a foreign permit. Had it obtained the permit, it would have been required to pay the franchise tax as have other telegraph companies.

Western Union contends the law requiring foreign corporations to obtain a permit and pay a filing fee on the entire subscribed capital stock is unconstitutional.

BERLIN—The latest fad of the young fashionable set is do your own cooking. Schools that teach the culinary art are crowded. New ones are springing up. A teacher explains: "Girls knowing how to cook are married more readily than others."

Flashes of Life

(By The Associated Press)

PHILADELPHIA—John Bowers, who beat his wife, is a good husband. Mrs. Bowers said so in court and a \$10 fine levied on him after she had to go to a hospital was refunded. "The beating was justified, for I didn't have a meal ready for him," she elaborated.

PEIPING—Of 974 applicants for divorce in Peiping during the last year 90 per cent have been wives.

WASHINGTON—There's no hot air in the senate now, absolutely not. The annual report of Surgeon

General Hugh S. Cumming of the public health service notes that there has been installed a ventilation system capable of maintaining desired temperatures.

HAGERSTOWN, Md.—There seem to be sharpshooters in high places. Secretary Wilbur, Attorney General Mitchell and Lawrence Richey, secretary to the president, have bagged a buck deer, 6 wild turkeys and 9 pheasants in a day's hunting.

NEW YORK—A flight from New York to Berlin in three hours 30 miles up in the air! Fritz Von Opel is inclined to think such a thing will be possible within 20 years with the aid of rockets. He is the German automobile manufacturer and airplane pilot who has been experimenting with rocket propulsion.
