BROWNWOOD, TEXAS, THURSDAY, NOVEMBER 27, 1930

NUMBER 49

KILL LEOPARD HAT CAUSED GIRL'S DEATH

LITTLEFIELD, Texas, Nov. 24—(UP)—The big tawny leopard which a week ago fatally clawed four-year-old James Evans here today had paid for her act with her life. Authorities announced that the beast had been removed from the Clovis, N. M., zoo and shot by officers here last Saturday night.

Charles Howard, owner of the former circus animal, gave his consent for the killing. Howard is in the Blairview jail, charged with negligence in homicide in connection with the leopard's death.

The grand jury will act on the case next month. He was holding the leopard when she clawed the child's head. He died in a Lubbock hospital two days later.

COMMISSIONERS AID IN EMPLOYMENT OF TRAPPER FOR COUNTY

In the commissioners court meeting this week several matters were passed upon, including the cancellation of a tax rendition where it was found that because of a working interest in the land there had been a double rendition.

The court decided to match dollar for dollar with the federal government in employing a trapper for Brown county. It was decided to employ Joe Baker on a monthly basis, his employment to stop when ordered by the court, and the county to pay \$75 per month toward the salary.

Damages of \$2,620 were awarded to the E. M. McCray lease which is situated on the right-of-way of highway No. 10. It appearing to the court that this amount should be awarded as damages because of the location and construction of the highway along and across the said lease.

J. M. Boler asked that county and state tax rendition on property at 1700 Fisk street be refunded because he had sold the land to the city for highway right-of-way purposes and that because of this he believed the tax should be refunded. It appeared to the court that he had received full value for the land so the request was refused.

Head Warrant Paid
A warrant issued October 21, 1926, on the Road District No. 1 funds and to the General Fund to the amount of \$2,500 bearing interest at the rate of 6 per cent due on January 1, 1927, as a loan from the Road District No. 1 to the General Fund was ordered paid. Upon a motion it was voted that the warrant and accrued interest totaling \$3,112 be paid and that the treasurer be instructed to transfer the amount from the Brown County Oil Royalty account to the Road District No. 1 fund in payment of same.

County Judge E. M. Davis was allowed the sum of \$25 as payment for contesting a suit filed by R. L. Russell, Sr., against Brown county.

Mrs. W. T. Swindle was allowed to purchase, by order of a doctor, medicine for her husband, payment to be made by the county.

W. M. Medcalf was appointed to secure right-of-way for the opening and widening of the road from the present location of highway No. 7 at the Clear Creek Stock Farm to the new location of highway No. 7. Mr. Medcalf is to investigate the matter in all phases and report back to the court.

JURY FINDS FORMER BANK CASHIER NOT GUILTY
WACO, Texas, Nov. 26—(AP)—A jury in United States district court late yesterday acquitted Henry Lott, former cashier of the Lott National Bank, of charges of violating the national banking law.

Little Items of Local Interest
S. G. Hodges, 1508 Vincent Street, has returned from a hunting trip in Kerr county and brought back two deer, an eight point buck and a six point buck.

J. F. Mitchell, local Frisco employe, is reported as doing nicely at the Frisco hospital in St. Louis, Mo., following a major operation Tuesday morning, according to messages received by Mrs. Mitchell here today.

After a two-day session this week the grand jury recessed late Tuesday afternoon until next Tuesday at which time they will reconvene to make further investigations. The two-day session was spent in investigation but no indictments were returned during the period. Before recessing for the week last Friday afternoon the jury returned ten indictments.

Walter Adams and Zeno Ingram of Brownwood and Senator Walter Woodward and his son, Mack, age 23, of Coleman have returned from a hunting trip, bringing back two bucks. One of the bucks an eight-pointer, was killed by Adams and the other, seven-point, by the junior member of the Woodward team. The hunting was on the Eckhardt ranch in southwestern Mason county.

BYRD FLYER IS GIVEN MEDAL

Captain Alton Parker, above, hero of the Byrd polar expeditions, has been awarded the Distinguished Flying Cross for his flying in Admiral Byrd's North and South Pole expeditions. He is a transport pilot for Transcontinental and Western Air Express lines at Los Angeles.

"DON'T SMILE" SAYS ROBBER MAN DID, DIES

GLEN VIEW, Ill., Nov. 25—(AP)—Because he smiled when four masked robbers commanded the patrons of a roadside saloon to "throw up your hands" Russell Thompson, 35, Evanston broker, was shot down and instantly killed today.

"Don't smile," the bandit leader ordered, when Thompson, one of three men at a side table, looked his way. At the same time he raised his gun and fired pointblank, the charge striking the broker in the left breast.

"You can see we're tough," the slayer called to Frank Engel, owner of the place. "Now open up that safe. We're in a hurry."

While one of the robbers guarded him, Engel nervously dialed the combination. The robbers scooped up about \$150 and fled with two companions, who had remained outside, in a large sedan for Chicago, 15 miles distant.

LAST CHECKS MAILED THANKSGIVING TURKEYS

Heart of Texas Turkey Growers' Association, 600 East Lee street, A. K. Wallace, manager, has mailed out in full the checks to the turkey growers who placed birds in the Thanksgiving pool of the association.

Report from the association is that \$10,101.18 was paid for turkeys handled during the Thanksgiving market, with an expense for operating given at \$2,005.55. The low dressing shrinkage of 1 1/2 per cent was maintained.

Following prices given by the association is taken from the auditor's report as follows:
No. 1 turkeys, per pound, based on live weights, \$1.850, dressed, \$2.035. Choice grades, per pound live weight, \$1.350, dressed, \$1.485; No. 2 turkeys, per pound live weight, \$0.850, dressed, \$0.935; old toms, live weight, \$1.350, dressed, \$1.485.

Mr. Wallace feels very proud of the record made by the association this year and believes that the Christmas market will be even greater. He invites members to inspect the records of the association at any time and also invites them to inspect the modern dressing and storage plant.

He says that the grade of turkeys this year has very noticeably improved and a higher class of birds on the average are being sold here than ever before. Growers, he thinks, are learning the proper care and handling of birds and as a result raise better grades of turkeys.

Cases Ruled On By Higher Courts

Among the cases of interest to people of this section which were disposed of today by the Supreme Court at Austin and by the Supreme Court at San Antonio were the following: Day Ranch Company vs. Hubert and Woodward et al., Coleman county, James C. Davis (Andrew W. Mellon) agent, vs. J. P. Morris, Coleman county.

Motion to advance submitted: W. J. Stevens et al. vs. J. L. Karr, Coleman county.

FIVE ARMED MEN BOB ILLINOIS BANK TODAY

PANA, Ill., Nov. 26—(AP)—Five men armed with revolvers and a machine gun held up the State Bank at Kluwick, a small mining community in Christian county today and escaped with approximately \$3,000.

We thank Thee, God—

BY BRUCE CATTON
We thank Thee, God, that once again
The need we have to share with others
Has wakened, in the hearts of men,
The charity that makes us brothers.
We thank Thee for the inner spark
That will not let us shut our eyes
When men are hungry, in the dark,
And ask our help with humble cries.
We thank Thee for the glowing light
That radiates from human kindness
And shines through the eternal night
To strike away our human blindness.

EARLY SENDING OF CHRISTMAS MAIL IS URGED

The Christmas holiday rush is rapidly approaching and the kind of service the public may receive at the postoffice depends somewhat on the cooperation the public may give the department, said J. D. Stewart, postmaster, today.

"If an individual's business should increase 500 per cent overnight, think what his responsibility would be in properly handling the same and then remember this is about what happens at the postoffice during the Christmas holidays," said Mr. Stewart.

The intention of the Brownwood postoffice is to properly handle the business of every patron. Any unsatisfactory service at the office at any time should be immediately reported to the postmaster, the postmaster said.

"Christmas packages, parcels and cards should be mailed at the earliest possible date. All mail should be plainly and legibly addressed, giving the street and number, box number or general delivery and if rural mail should give the route number. No postage stamps like Christmas or New Year stickers should be placed on the back side of the parcels and not on the address side. The address side should have nothing placed there except the proper address and the return card of the sender, which should contain the name and proper address of the one sending the packages," he continued.

Further counsel on mailing was giving as follows:
Care in Mailing
"All parcels should be insured as there is no satisfactory way of tracing an ordinary parcel if lost. The mail letters containing money or important documents should be registered mail. The matter of tracing or finding a lost letter containing money is very difficult.

"All packages and parcels should be thoroughly packed, wrapped and tied with heavy twine. Strong heavy paper should be used for outside wrapping.
"Persons who desire prompt and quick delivery service should use special delivery service as it costs very little and insure almost always that the package will get to its destination on time.

"The air mail service is being wonderfully improved and now adequately to practically all parts of the United States and in many instances to Mexico, South America and other foreign countries."

Indian Creek Club 'Elects Officers

Officers for the coming year for the girls 4-H club of Indian Creek were elected at a recent meeting of the club as follows: Nellie Grace DeHay, president; Ima Gene DeHay, secretary-treasurer; Virgie Cooper, vice president; Juanita Chappelle, reporter; Ella Mae Dixon, song leader; Myra Dixon, yell leader; Misses Lillian and Lella McBride, sponsors.

Regular business matters were attended to and members resolved to work to make the coming year the best in regard to club work since the club was organized.

Miss Marysue Malone, with her mother and niece, visited the club during the meeting.

Hi Johnson—in Divorce Court!

Here is Hiram Johnson, California's famous senator, photographed in an unfamiliar role—that of trial lawyer in a divorce case. Senator Johnson, during the time while Congress is not in session, practices law in Los Angeles and recently he went into court to handle a divorce case—his first in 25 years.

Grandson Of Judge J. O. Woodward Dies

Ben Howell, young son of Roy B. Howell of Coleman, died at Coleman Monday and the funeral was held there today. The deceased was the grandson of Judge J. O. Woodward, a nephew of Senator Walter Woodward.

Wanted--

THERE ARE many men, women and children in Brownwood who are sleeping these cold nights on the bare ground, with little or no covering, and who are shivering through both day and night in inadequate clothing. The Relief Association desires to conserve its funds for the purchase of foods and medicines, and is asking that mattresses, blankets, quilts, sheets and other bedding be contributed, immediately by those who have such articles to spare.

There is also a need for a large quantity of good clothing for men, women and children. There are dozens of little fellows without shoes or stockings, and many with only one or two garments to protect them from the cold winds. Clothing of any kind can be used, and should be taken to the Relief Association headquarters on West Lee Street. It is convenient to make delivery of such articles, telephone 215, the Association office.

AMERICA HAS PLENTY TO BE THANKFUL FOR

WASHINGTON, Nov. 26—(AP)—Depression, unemployment, national misfortunes these, but still tomorrow is Thanksgiving Day.

And without using a microscope, many of the 122,000,000 Americans are finding reason for being thankful. The national turkey will be on the board—maybe some pounds smaller and not in such great numbers as in the past few years, but the same token several valuable times less costly.

Do you remember how President Hoover asked that the day be observed?
"That we make sure every person in the community, young and old, shall have cause to give thanks for our institutions and for the neighborly sentiment of our people."

In echo to those words in his proclamation have come reports from even the hard hit sections of the country—special baskets for those who need food; extra efforts that all possible cheer and cause for thankfulness be distributed.

Still another story is told of great carloads of Thanksgiving birds moving to market, accompanied by equally abundant supplies of glistening red cranberries.

And even though the financial news of the day tells of less money in circulation and less buying going on, the same columns report lower prices on many of life's necessities.

The President's proclamation reminded the country of other blessings too:
Freedom from civil and industrial discord.
Progress upon the enduring structure of our institutions.
Education further extended.
Gains in the prevention of disease and protection of childhood.
And internationally, a strengthening of the outlook for peace.

Fur Season Opens December First

The fur season opens December 1 and continues through January. Laws regulating the trapping and hunting of fur bearing animals have been changed since last year, according to Carl Adams, game warden for Brown, Coleman and Comanche counties. Mr. Adams said that last year the owners and their children or the tenants and children were exempt from license for hunting on their own grounds or rented grounds, but that this year licenses are required for all except children under 17 years of age. All must have tax tags and must have these tags attached to the pelts which they bring to town for sale. These tags can be obtained from Mr. Adams or from the Winchester Store in Brownwood. Fur dealers are also required to have a license.

Brown county has for a long time had great numbers of the smaller fur bearing animals, which are trapped and hunted during season for their pelts which can readily be sold to fur dealers in Brownwood. More than \$45,000 worth of fur pelts were sold in Brownwood last year, according to Mr. Adams.

Teachers Brownwood Schools Will Contribute \$400 City Charity Fund

Teachers in Brownwood schools will contribute \$400 to the funds of Brownwood Relief Administration, it was decided at a faculty meeting for all teachers of the city held at the high school building Monday afternoon. Some of the teachers had already made contributions to the charity fund through other channels, but all contributed again to make up a general fund to be given by the Brownwood teachers.

MAPLE TO DIE EARLY FRIDAY

AUSTIN, Nov. 26—(AP)—Unless Governor Dan Moody or some court intervenes, Jess J. Maple, convicted of killing a Houston policeman, will go to his death in the electric chair at Huntsville early Friday. The Court of Criminal Appeals today overruled a motion for a rehearing for a writ of mandamus to restrain prison officials from carrying out the death sentence.

Maple was originally sentenced to be executed November 18th for the murder of E. D. Fitzgerald, one of two policemen killed in a gun fight with Maple and a companion. He was granted a 10 day reprieve by Governor Dan Moody a few hours before the time set for the execution to permit the Court of Criminal Appeals to pass on the motion for a rehearing in the mandamus action.

The Governor has indicated he will not grant Maple a second reprieve.

Maple's attorneys had sought the writ on the ground that Maple had not time to interfere with the efforts to perfect an appeal to the higher court. At the time sentence was imposed, his attorneys gave notice of appeal, but Maple withdrew the notice and accepted the sentence.

The court in its opinion today held a sane defendant had the right to accept the sentence and dismiss the notice of appeal. The opinion pointed out that if a defendant could accept a light sentence, he also could accept a heavier penalty, if sane.

Would Corral Hearing

HOUSTON, Nov. 26—(AP)—Attorneys for Jess J. Maple, confessed slayer and robber, set out hurriedly for Austin today in quest of a habeas corpus writ to compel Judge Whit Boyd to grant Maple, condemned to execution early Friday, an insanity hearing.

They took this step, considered the last available to them, after the judge this morning had refused to grant such a hearing on the second insanity affidavit filed in behalf of the paper hanger, who slew two Houston motorcycle officers on the night of September 20th after helping rob a furniture store.

The Court of Criminal Appeals at Austin also denied a mandamus to force the trial judge to permit Maple's attorney to appeal his case. Then Attorney F. O. Fuller, who previously had submitted an insanity affidavit which Judge Boyd characterized as a "tool affidavit," presented the second affidavit to the judge.

This time, however, he presented it through Attorney Clarence J. Ginn, explaining as he did so that relations between himself and Judge Boyd had become so "estranged" he had considered it best to act through other counsel.

The affidavit today was signed by Fuller himself. It set forth that Judge Boyd had discovered that Maple was mentally deranged.

More Veniremen Summoned Trial Hefner at Pampa

PAMPA, Texas, Nov. 26—(AP)—Judge W. R. Ewing today ordered Sheriff E. S. Graves to bring in 50 additional veniremen in an effort to complete a jury to try Carl Hefner, charged with the slaying of Homer Crabtree.

Ten jurors had been chosen before the original venire of 200 was exhausted.

Youthful Airmen Continue Flight to South America

BALTIMORE, Nov. 26—(AP)—Two youthful airmen, Edward Wingerter, 25, and Joseph Jones, 19, started another leg of their flight to South America today taking off for Washington.

State Senator Clint C. Small of West Virginia is assisting with the prosecution.

NEW FREIGHT LINE OPPOSED

At the regular luncheon of the Chamber of Commerce directors today a discussion of the labor situation, financial matters, road matters and a proposition concerning Mills county was discussed.

The matter of a proposed freight line from Brownwood through Brady and on into approximately 10 counties was discussed and after the situation had been investigated it was decided that the secretary should assist present freight line operators to Brady in their fight against the opening of a new line at the Railroad Commission hearing at Mineral Wells next Monday. It was shown that both Brady and Brownwood merchants were more than pleased with the present service and were of the opinion that no other line was needed and the business would not merit two lines.

Secretary Hilton Burks reported a conversation with a Mills county official in which it was pointed out that the official believed that if Brown county wished to annex the part of Mills county between the Colorado river and Pecan Bay, that the move would not be opposed in that county. After much discussion it was decided that the secretary be instructed to make inquiries into the matter and find what steps would be necessary and if the matter could be arranged between the two counties of both counties that the land in question be taken by Brown county. He will investigate legal procedure as well as determine the amount of land involved.

Reports on Labor

Mr. Burks reported on the labor situation and stated that at present 500 men had been signed with the Chamber of Commerce as unemployed. He quoted two occurrences this week in which the bureau had procured labor for two men, one for mowing a lawn and the other a carpenter. He stated that he believed that with the start of work on all propositions in that county during the next month that labor could be obtained for most of the ones listed as unemployed.

He cited the dam, roads, bridges, paving, clearing of land at the dam site and town labor of individuals as probable relief for the unemployed. After some discussion he said that one of the road contractors at present was paying only 20 cents per hour for labor. Other low wage incidents were mentioned and the labor situation as a whole was thoroughly discussed.

LEGISLATIVE PROGRAM AMERICAN LEGION IS OUTLINED TO HOOVER

WASHINGTON, Nov. 26—(AP)—The legislative program of the American Legion was outlined to President Hoover today by Ralph T. O'Neil of Topeka, Kansas, national commander.

He said the Legion favored an increased appropriation for the department of labor's veterans' employment service; clarification of portions of the World War veterans act to provide hospitalization for veterans and legislation to do away with discrimination in providing medical or money relief.

Satisfaction with the president's efforts to relieve unemployment was expressed by O'Neil who said he favored any necessary appropriations to develop and accelerate construction of public works.

Seattle Selected by Rotarians for 1932 Convention

CHICAGO, Nov. 26—(AP)—Selection of Seattle, Wash., as the scene of the 1932 convention of Rotary International was announced today by the service club's headquarters.

Rotary's 1931 convention is to be held in Vienna, next June, and the transportation committee has already received and allotted more than 1,000 steamship tickets for the North American expedition to the Austrian capital.

PLAN TO BUILD COSTLY HOTEL IN MEXICO CITY

MEXICO CITY, Nov. 26—(AP)—It was announced here today that the Fisher Construction Company of Chicago has signed contracts to build a \$3,200,000 hotel here, work to start on January 1.

MILLS RANCHER LOSES LIFE IN AUTO ACCIDENT

Harmon Weston, 60, rancher of near Mullin, Mills county, and native of that county, was killed early this morning when his automobile overturned near C Bar ranch, nine miles south of Goldthwaite on the Lometa road, according to information received from Goldthwaite today. There were no witnesses to the accident, but it is supposed that Mr. Weston lost control of his automobile as he was attempting to turn a corner and the car went into the ditch and overturned, pinning him underneath.

Two men, motorists, saw the overturned car and upon investigation found that the man underneath was dead. They could not lift the car to take Mr. Weston out, but went on to Goldthwaite where they notified authorities and an ambulance and a number of friends went to the scene of the tragedy and took the body to Goldthwaite. Death from a broken neck was the verdict at the inquest.

Was Mills Pioneer
Mr. Weston was born in Mills county in 1870 and had lived in that county since, engaging in the farming and ranching business all of his life. He lived on a ranch near Mullin where he had lived for a number of years. He was one of the old pioneers of the section and was well known throughout the county and one of the oldest members of the Primitive Baptist Church at Mullin. He left home early this morning on his way to Lometa to transact some business and passed through Goldthwaite at an early hour. He was not seen alive again, and the accident was not heard of until the travelers came to Goldthwaite where they reported the finding of the car in the ditch and the dead man underneath.

He is survived by his wife and his aged mother, several children and two brothers and two sisters. Dan Weston, well known wealthy cattleman of San Angelo, is a brother. The other brother, A. G. Weston, lives at Mullin. Sisters are Mrs. McNutt of the Rock Springs community in Mills county, and Mrs. Dan Western of Goldthwaite.

Funeral arrangements had not been announced today, but it was thought that the funeral would be held at Mullin Thursday.

Eastland Jurors Convict Man on Robbery Charges

EASTLAND, Texas, Nov. 26—(AP)—Buford Armstrong was convicted of robbery with firearms and given five years in the penitentiary by a jury here today. He was charged in connection with the holdup of the H. T. Tire Company station at Ranger by three men September 18. Less than \$100 was obtained by the robbers.

Armstrong's attorneys attempted to prove an alibi and offered testimony of three witnesses who testified Armstrong was in Lamesa, September 8 and 10.

E. F. Penn, who was in the station alone at the time of the hold-up, positively identified Armstrong as one of the three men who robbed him.

TAYLOR COUNTY FARMER KILLED BY TRAIN TODAY

ABILENE, Texas, Nov. 26—(AP)—John King, 63, Taylor county farmer, died on the way to an Abilene hospital today after an eastbound train of the Texas & Pacific had struck the truck he was driving over a crossing west of the city. His back was broken and he was injured internally.

King was hauling cotton to a gin. The truck was demolished and the cotton widely scattered.

ORDINANCE FOR PAVING ON 1ST STREET PASSED

Passing of two paving ordinances, hearing a plea from a group of doctors and action upon the monthly amount paid the band was the action taken by the city council in a called session Monday afternoon. An ordinance ordering the paving of sections of First street from the south line of Poindexter street to the north line of Willis street, bids to be advertised and opened on December 2, was adopted. This action was brought after a petition which bore the names of all property owners, concerned except one was presented to the council. The city engineer was instructed to make all necessary arrangements and report on the kinds and type of paving as well as other specifications.

An assessment ordinance on Vincent street was passed concerning the payment of the cost of the paving and other matters prior to the start of the paving work. The ordinance was suspended on both ordinances and they were passed on the third reading.

Ask Health Officer Increase
Drs. H. L. Locker, D. R. Scott and J. W. Tottenham appeared before the council and asked that the city health officer's salary be raised to \$200 per month for the next five months. The doctors pointed out that there were many children who were not receiving ample medical attention and that they were really in need of this service by the health officer but because of the small pay the health officer could not respect his regular practice to attend to these charity matters. The doctors asked that the advance be made so that these people could receive the proper medical attention in such a way that the health officer would not be losing money by attending their ill. Action on this request was deferred.

Some of Cottle county bonds were presented to the council for consideration concerning their purchase. It was pointed out that Brown county bonds now held by the city were ready for payment and that upon their redemption the sinking fund should be reinvested and that the best way was to purchase other bonds. The Brown county bonds being held total \$60,000 and the Cottle county bonds are the same. Mayor O. W. McDonald and City Attorney R. E. Lee were instructed to investigate the financial condition of Cottle county and if they deem best to purchase the bonds with the sinking fund money.

A committee reported upon the matter of leasing land to C. G. Sivells for a truck farm. It was shown that he owed the city rent

for the present year and was also asking the lease for another year. It was decided to let Mr. Sivells make a series of notes to begin maturity as his 1931 crop started bearing. This was voted and the notes will be presented to Mr. Sivells.

New Stop Signs
City Manager H. V. Hennen was instructed to purchase twelve stop signs to be placed at important street intersections. The new signs will be the same as the two now in use as demonstrators at the intersection of Austin avenue and Carnegie street and at Coggin avenue and Austin avenue. He was also instructed to advertise for bids upon two traffic signal lights to be purchased and installed by the city. The two lights will be placed, one at the corner of Center avenue and Adams street near Montgomery Ward & Company and the other, a three way signal will be placed at the corner of Austin avenue and Center avenue where they meet at the corner of Howard Payne campus.

The payment of \$75 per month to the band work in Brownwood was ordered stopped until further notified by the council following an executive session of the council.

5,000 Lambs Bought by Denver Company

SAN ANGELO, Nov. 25 (Sp.)—Faying 5 cents a pound, the Culp Sheep Co. of Denver, one of the largest feeders of lambs in the country, has purchased about 5,000 lambs in Pecos county. A heavy movement of feeder lambs from Sanderson to California will be under way this week. Dan Ross shipped 1,000 goats from Pumpville to Marfa.

Lake & Co. bought several decks of two lambs for shipment to its ranch near Fort Stockton. Two double decks were obtained from George Middleton, two from W. T. Noelke and one from John Barton. The season for buying feeder lambs is well advanced but sheepmen believe there will be buyers in the country through January. Many lambs are going to Colorado. Range prices are steady to strong. J. E. Henderson, Jr., received 5 3/4 cents per pound for his mutton lambs. In the San Saba territory Hutts Owens is receiving 170 cows from Sam Ross of San Angelo. L. P. Powell has completed the movement of 350 heifers and cows selected in the Big Bend to his ranch south of San Saba.

NO INVESTIGATION LIKELY IN DEATH TWO OKLAHOMANS

OKLAHOMA CITY, Nov. 25 (AP)—Police said today that no further investigation would be made of the deaths of Otis Elliot, 27, of Lawton, and Mrs. Nona Davis, 29, after a shooting here last night, unless it was requested by relatives. Mrs. Davis told police before she died that Elliot shot her and then himself. The motive was not known.

Piano Marathon to Begin Friday

Sponsored by the Isham A. Smith, post of the American Legion, J. L. LaMmon, endurance piano player, will start playing a piano in the show window of the building formerly occupied by Bowden Furniture Company on Center Avenue Friday morning and guarantees to play for thirty hours without stopping. And he confidently expects to make it 36 hours.

Mr. LaMmon is quite noted as a marathon piano player, having performed in several cities throughout the state. The longest he has ever played was at San Angelo a few years ago when he played for 38 hours without rest. He has played more than 30 hours several different times.

People of Brownwood are invited to watch and hear Mr. LaMmon while he is playing as it is said that one of the most interesting features of the affair is the contortions of face and body which he contrives while playing.

School Economics Clubs to Organize

SAN ANGELO, Nov. 25 (Sp.)—San Angelo High School will be host to home economics clubs of western West Texas towns on Dec. 6 for the purpose of perfecting a district organization. Two club members and a sponsor are expected from each club. Miss Myrtle Oliver and Miss Edith Anderson are sponsors of the San Angelo club, which is affiliated with the state and national home economics associations.

The State Home Economics Club is sponsoring the district organization. The business session here Dec. 6 will be conducted at the San Angelo Junior College. Felix E. Smith, superintendent of city schools, will welcome the visitors and the high school girls club will entertain. San Angelo department stores will furnish garments to be modeled by high school girls in a style show in the evening.

Two Charged With Burning House

Examining trial for Robert Herman and Warren Lockett, Jr., charged with house burning, was held in Justice Court Monday afternoon and the case turned over to the grand jury for investigation. The charge as prepared read that they were jointly charged with willfully setting fire to and burning a house owned by R. M. Low, situated on Austin Avenue. The charges, according to Justice E. T. Perkins, followed an investigation conducted by Lee D. Olive, state fire inspector. Lockett was released on a \$1,000 bond and Herman, who is under 16 years of age, was released into the custody of his father. No known action had been taken by the grand jury today. Herman's part in the matter will necessarily be given into the county court because he is a juvenile, according to Justice Perkins.

The charges were the outgrowth of a Halloween prank which occurred more than a year ago, it was stated.

SOUTH GIVEN TASTE WINTER

By The Associated Press.

The advance guard of winter, marching across half the world, sent a cold wave toward the Atlantic Seaboard of the United States today while Europe worked desperately to control floods which have driven thousands from their homes.

An American storm sweeping out of the far northwest brought cold weather into Minnesota and the Middle West. On the other side of the ocean, France, Germany, Belgium and Holland, England and Austria struggled to stem rising rivers swollen by rains which showed no sign of abating.

ATLANTA, Nov. 25 (AP)—The south looped up its extra overcoat buttons today. Piercing winds, near-freezing temperatures and snow flurries brought winter into Dixie for its first extended visit. The mercury plummeted to 31 at Memphis, Tenn., and 32 at Little Rock, Ark., a few hours after midnight. Atlanta's mercury straggled to degree rising rivers and in Richmond, Va., and Charlotte, N. C., the mercury was dropping through the low forties.

The weather observer at Candler Field, Atlanta air mail depot, reported a scattering of snow flakes for a ten minute period late yesterday. A light snow fell at Paraground and Fayetteville in northeast and northwest Arkansas, respectively.

DALLAS, Texas, Nov. 25 (AP)—Frost extended far south as Galveston and Port Arthur last night, according to the United States Weather Bureau here.

The official minimum for Dallas was 38 degrees, but Love Field reported 32 degrees and Hensley Field 33 degrees. Ice one-eighth inch thick in places was reported.

CHICAGO, Nov. 25 (AP)—While one cold wave was heading east across the central states, another was sweeping out of the far northwest today to spring on the middle-west.

The new disturbance that had its inception in Northern Alberta yesterday was gaining momentum and had already reached Northern Minnesota this morning, bringing even colder weather than the snow storm of last week.

The lower tier of states meanwhile was still trying to shake off the last cold snap which held up transportation at many points and caused a rush of unemployed to charity shelters in the larger cities.

In Chicago the thermometers had gone down steadily since Monday morning until the coldest temperature of the autumn was recorded today. It was 16 above at 7 o'clock. The Weather Bureau had little hope to offer to those looking for a letup for the Thanksgiving holiday.

ONE DEAD, TWO ARE WOUNDED IN LIQUOR RAID AT SEMINOLE

SEMINOLE, Okla., Nov. 24 (AP)—B. L. "Blackie" Younger is dead, his wife in a local hospital, her left arm and leg broken, and deputy sheriff Frank Loftus has 23 stitches in his cheek as the result of a fray during a liquor raid Saturday night.

Younger, admitted bootlegger who refused to surrender and was wounded fatally while attempting to control floods which have driven thousands from their homes.

Mrs. Younger was wounded by Deputy Sheriff Hanner as she attempted to fire a shotgun at Loftus who was grappling with her husband. Younger fled and officers took Mrs. Younger to the hospital, returning later with reinforcements.

The fatal shooting followed. Loftus, slashed by Younger during the previous encounter, was not wounded seriously.

Moody Says Will Not Extend Maple Further Clemency
AUSTIN, Nov. 25 (AP)—Regardless of the action of the court of criminal appeals tomorrow, Governor Dan Moody will not extend clemency again to Jess J. Maple, Houston slayer, sentenced to be executed the morning after Thanksgiving.

The court of criminal appeals probably will decide tomorrow on a petition for a rehearing in the mandamus suit brought by Maple's attorneys to prevent his execution. A stay was granted seven days ago in order that the court might have time to consider the petition, but the Governor said today he would not act again in the case.

Kinsmen Heard From
HOUSTON, Nov. 25 (AP)—Kinsmen of Jess J. Maple, condemned slayer of two Houston policemen, were heard from for the first time today and expressed a desire to testify as to "their late knowledge" of the mental condition of the man who admitted killing Motorcycle Officers Fitzgerald and W. B. Phares after participating in three hijackings.

Attorney F. O. Fuller said he had a telegram from W. A. Dieman, attorney from Palmyra, Missouri, to the effect that Maple has three brothers and a cousin, who has been treated as a sister and that they would like to be heard before their relative is executed. The wire said kinsmen had just learned of his plight.

Brotherhoods Ask For Five Day Week And Six Hour Day

CHICAGO, Nov. 25 (AP)—The five-day week for railway shopcrafts was added to the six-hour day program of the brotherhoods today in the movement to relieve unemployment in rail transportation through shortening hours of labor.

The six shopcrafts unions, affiliated with the American federation of labor, in adopting a program for the five-day week with no reduction in pay announced they had no agreement, however, with the five brotherhoods, embracing operating personnel, who last week took initial steps toward a six-hour day for their members without pay reductions.

The two organizations represent a majority of the 21 railroad workers' unions of the country. Railroads have dropped 210,000 of their members since 1923, a shopcraft official said.

B. M. Jewel, president of the shopcrafts in a statement last night, said that the five-day week proposal would be submitted directly to the railroad executives. If no action was obtained, Jewel added, the proposal would go through arbitration prescribed by federal statute.

Aged Negress Is Badly Burned; 2 Monday Night Fires

An aged negro woman, Emma Fortune, wife of Minor Fortune, was badly burned at 2 o'clock Tuesday when a fire destroyed their two-room home at 905 Bailey Street. She was burned on an arm and leg before she could be taken from the burning house. The house was a total loss, with no insurance carried. It is thought that the blaze originated from fire falling from a stove and setting fire to the floor.

Earlier Monday night, at 7:30, the home of Clyde Weedon, 519 Seventh Street, was damaged by fire. The house is a four room structure and is located on the lot with a house occupied by Fryor Morton. Firemen answered the alarm and extinguished the blaze before it had gained much headway. The origin of the fire is unknown. The loss was partly covered by insurance.

FT. WORTH LUMBER—MAN HIGHLY ENTHUSED ARGOTANE USER

No Medicine Like Argotane, Declares W. T. Yarbrough.

W. T. Yarbrough, of 1312 W. 19th St., Fort Worth, Texas, for thirty years with the Wm. Cameron North Side Lumber Co., and at present assistant manager of that concern, recently told the local representative of the Argotane Company why he recommended Argotane. Said Mr. Yarbrough:

"For the past three years I suffered from constipation and a slight case of indigestion and gas formations, no doubt caused by an inactive liver. It appeared that the constipation was getting worse all the time, and the indigestion was also growing on me. I realized that unless something was done at once in a very few months my condition would become critical and it would be hard for me to overcome the disorders. I knew that my liver was inactive, and hearing Argotane recommended as remarkably beneficial to stomach and liver, I began taking it."

"I will say that there is no medicine like Argotane. My constipation is just about a thing of the past. My liver seems to be in good shape again and I can eat anything I want without a trace of indigestion or gas formation."

"I am only too glad to recommend Argotane to anyone suffering with stomach disorders after suffering what it has done for me."

Genuine Argotane may be bought in Brownwood at the Camp - Bell and Peerless Drug Stores. (adv.)

Cotton Mills in South Increase Their Payrolls

ATLANTA, Nov. 25.—(UP)—George S. Harris, executive board member of the cotton textile institute of America, said here today he estimated cotton mills of the south recently had increased their payrolls approximately 30 per cent over the summer level. "Our people must live through the winter," he said, "they must be given an opportunity to adjust themselves to the changing conditions of the industry. This step has been taken as an evidence of a willingness to help in every possible way. Harris was conservatively hopeful of the future, predicting that ultimately a famine will occur in cotton goods of America which will send mills of the nation back into production on a capacity basis

again. When that time may be expected, he said, cannot be forecast. There are some 18,000,000 spindles in place in the south, normally employing during the past eight months some 25,000 hands—representing a total of about 750,000 dependent upon the mills for a livelihood. Operation has been on a basis of fifty per cent of capacity loom hours, he said, but now it is estimated to be sixty-five per cent of loom hour capacity, resulting in the 30 per cent pay-roll increase. Spindles in place in the north, Harris said, aggregate approximately 12,000,000 against 22,000,000 ten years ago reflecting the southern trend in the industry.

Hopeful signs in a situation which Harris characterized as "widespread," and which he traced to "war-time over production," he listed as: 1. Absolute lack of stocks on hand beyond the mills. 2. Normal stocks on hand at the mills. 3. Only slightly reduced public consumption. 4. Reduction of purchasing to a "hand-to-mouth" basis. 5. Production cut by the industry to 50 per cent of capacity for the past eight months—the lowest point in history.

Two Ford Motor Company Employees Killed in Crash

DETROIT, Nov. 24.—(AP)—Two employees of the Ford Motor Company were killed when their trimotor experimental plane crashed in flames on the Ford airport at Dearborn today. The dead are Myron E. Zeller, 24, of Dearborn, pilot and Carl Wenzel, 30, of River Rouge, mechanic. The two men had been in the air for about an hour and were returning to the airport when their ship caught fire. Zeller managed to bring the plane to the earth nearly at the center of the field after their flaming descent had been witnessed by hundreds of persons, including Henry Ford.

Ship and Crew Go Down in Violent Storm River Elbe

HAMBURG, Ger., Nov. 24.—(UP)—The steamship Louise Leonhardt, of 3,500 tons, was caught in a violent gale at the mouth of the river Elbe today and wrecked. Her crew of 30 men were given up as lost, all rescue efforts having been impossible because of the storm. The ship, owned by the Lombard-Blumberg firm of Hamburg, lost her rudder and anchor chains and was broken in two after being driven ashore.

BROTHER SAVES SISTER
LA PORT CITY, Ia.—(UP)—four-year-old Clarence Ruggie saved the life of his two-year-old sister, LaVonna, here. Burning paper fell on LaVonna's head. Clarence wrapped his arms around her head, and extinguished the fire with his hands. LaVonna's hair was burned off. Clarence received badly burned hands.

Brownwood Fires Investigated by State Inspector

Lee D. Olive, state fire inspector, has been in Brownwood for nearly a week making inspections and investigations into past fires. He and the city police department have been successful in clearing the mystery surrounding one fire here and are now working on several others, it was said by officers today.

During his stay here, Mr. Olive has made many investigations and he said this morning that he found the general condition in relation to fire hazards here were good. He said that the entire fire department was in first class shape and that the equipment and men both in excellent condition concerning ability and usefulness in case of fire.

"During the inspections and investigations I have found that Brownwood's citizenship as a whole is very interested in fire prevention and that they are doing their part to keep down fires. While here I worked with the fire marshal, who has been a great aid in my work. I also found the county attorney-elect, A. E. Nabors, ready and willing to assist me. He has done all possible to assist in the work of doing away with fires and their cause. As a whole I can say that Brownwood is one of the few towns in Texas at present which are really in first class shape both in interest, equipment and officials," Mr. Olive declared.

While here, Mr. Olive received a letter from Wortham, commending him on services rendered the officials there in apprehending a "fire bug" who had been operating there. When he started his investigations here, Mr. Olive went to the police department for assistance and said this morning that it was through their cooperation that he was able to make the investigations which resulted in the determining of the cause of a fire here more than a year and a half ago.

Goldthwaite Man's Hand Is Injured By Circle Saw

Two fingers were severed, another finger and the thumb were broken on the right hand of Houston Loudenmy, Goldthwaite, when he got his hand in a circle saw while he was sawing cardwood in the town of Goldthwaite, Saturday morning.

Telling of the accident at the Central Texas hospital today, he said he was sawing wood and a chip caught between the saw blade and the frame. He took a stick to punch the chip out and the stick slipped off the chip and his hand hit the saw blade. His fingers were severed before he realized what had happened.

Mr. Loudamy was taken to doctors in Goldthwaite for treatment and then brought to the hospital here for further treatment. He has been resting nicely and doctors say that the hand will heal quickly.

Pleas of Guilty By Curtis Hood 2 Burglary Cases

Curtis Hood pleaded guilty to two charges of burglary in district court this week and was given a two years sentence in each case. The first case, for robbery of the Alice Plush store at Indian Creek, was called as the first to be tried and he was given two years by the jury. The other case was for robbery of the R. M. English store on Austin avenue. Two more cases are pending against Hood of which disposition will be made later.

The trial of W. H. Clawson on charge of embezzlement, filed by the Maytag washing machine company was called shortly before noon and the selection of a jury started.

This is the second week of district court here, and the opening of the criminal docket. Several cases were called Monday and set for later in the week.

Our Prayer of Thanksgiving

THREE hundred and ten years ago, our Pilgrim Fathers gave humble thanks for the blessing of laboring here . . . with brawn and with brain . . . in a land filled with hope and promise.

THREE hundred and ten years later, we offer our gratitude for the privilege of continuing that labor in a land of hope justified and promise fulfilled.

From the depths of our hearts, we, therefore, give thanks—

That the present depression is but a momentary veil obscuring our country's fundamental prosperity;

That we have the courage and the hardihood to face these conditions, and in true American fashion, fight them through, standing up;

That we have never defaulted on a contract, no matter how it hurt;

That we have been fair and square and on the level with our customers, who are so vital and important a part of our legion of friends;

That we have been able to retain the loyalty and faithfulness of our employees by treating them humanely;

That we pledge ourselves to do our bit toward promoting human welfare;

That we are here today to offer this earnest and sincere prayer for our host of friends throughout the land and for our country at large.

May all the goodness of life be theirs. May they find happiness on the paths they traverse. May joy and the blessings of life ever surround them. A M E N !

FAMOUS MEXICAN BANDIT IS KILLED IN ATTEMPT ESCAPE

MEXICO CITY, Nov. 25.—(AP)—"Shot and killed while attempting to escape" was written today on the records of the department of justice after the name of Baldomero Navarro, who acknowledged no man's law, and whose defiance with two guns won him the title of "El Maestro" of Mexican bandits.

Until a week ago Navarro and a few bold companions for 17 years roamed the mountains around Cuernavaca, descending to the highway from Mexico City occasionally for a hold-up which astonished with its daring. Once, it is believed, they nearly succeeded in kidnaping Ambassador Morrow as he drove to his country home in the Morelos capital.

Last week federal troops, who pursued him in vain for years, captured and executed three of his men. There followed a running fight with Navarro across Mesa and through Arroya, until a shot clipped his horse from under him and he was captured.

He was brought to Mexico City and questioned by federal authorities. A long series of crimes with which the government connected him ranged from highway banditry to the murder of Abraham Rosenthal, American who was captured on the Cuernavaca road and put to death three years ago when ransom arrangements fell through.

Friday the federal authorities turned him over to troops of the state of Morelos in which most of his offenses were committed, and he was started back to Cuernavaca to stand trial and face almost certain execution. At Tres Marias, not far across the Morelos state line he met death at the hands of his captors in a manner frequent for Mexican dandit leaders. "shot and killed while attempting to escape." None of the details was divulged.

Seventeen Year Career "El Maestro" earned his nickname in 17 years roaming about southern Mexico. In 1913, little more than a youth, he joined the Agrarian army of General Emiliano Zapata, who once held up the treasury in Mexico City, and in time he became a general himself, when changing politics in Mexico gave Zapata's exploits the aspect of respectability. Navarro left the city for the open spaces to take up a leadership of his own.

He was seen frequently thereafter, a smiling, Sardonic figure, in felt hat and long pronged silver Spanish spurs. He was scrupulously polite to victims, few of whom made the mistake of crossing him when he would back them out of automobiles or down off their horses to strip them of valuables. He earned a considerable reputation for ability to extricate himself from any dilemma, and frequently narrowly escaped capture.

Sometime before Ambassador Morrow left Mexico to attend the London naval conference Navarro's men seized a village through which the ambassador would have to return enroute from Cuernavaca, where he had a country home, to the capital. Shortly before his automobile reached the village federal troops guarding the highway succeeded in driving the bandits out and clearing the road.

For a while after this the activity along the highway ceased but when it picked up again a few weeks ago the government determined to suppress it at all costs. Navarro's alleged companion of many exploits, Maximiliano Viguera, was captured and executed two years ago.

MUSICIAN KILLS WIFE AND TRIES TAKE OWN LIFE

INDIANAPOLIS, Nov. 25.—(AP)—Herbert R. Kastor, 29, a musician, shot and killed his wife, Helen Kastor, 22, and then wounded himself here today. The shooting occurred in a downtown department store where Mrs. Kastor was employed. Mrs. Lee Kastor, 49, his mother, also employed at the store, sought to restrain him.

Kastor had been despondent because of financial and marital difficulties, his mother said. Mr. and Mrs. Kastor until recently had been traveling on a vaudeville circuit with a musical act.

FLOOD WATERS MENACE CITIES IN ALL EUROPE

LONDON, Nov. 25.—(AP)—Thousands of tons of water hurried the fields of Flanders today and renewed rains driving across northern and central France raised the Seine to new high levels and caused grave concern even for Paris itself.

Some of the Parisian suburbs were knee deep in water and the overflow was seeping into cellars of the city. Pumps were at work and rowboats were the only means of transportation in some neighborhoods.

In Holland the river Maas was still at flood level and the situation was serious, but in England the storms had largely abated although heavy rains fell again this afternoon in many parts of the country. The German Rhine flooded a large area in southern Germany but no serious increase in the trouble was expected today.

LONDON, Nov. 25.—(AP)—Flood waters washed over farms and through populous cities and towns today in England, Ireland, Belgium, Holland, France and Germany, and spread damage and destruction.

The gales which lashed western Europe and Great Britain over the week-end died down during the night, leaving murky skies and lowered barometers which threatened another blow. Estimates on the number of deaths charged to the storm ranged between 40 and 50.

In Paris a further rise of 20 inches in the level of the Seine was forecast but municipal authorities did not believe the city could be flooded with less than a 40-inch rise. The river already is over piers and so high that navigation is impossible. Several suburbs are under water and 3,500 are homeless at Vry-Chatillon alone.

Water receded from the Belgian lowlands in some localities, but the area along the Scheldt between Antwerp and Termonde continued in the group of one of its worst floods in years. Bitter criticism of the government for not having provided against further flood catastrophes by strengthening the Scheldt's dikes was heard in many quarters. The Kiel hospital at Antwerp had to be evacuated because of rising water.

Holland Suffers Also. Holland suffered also. Several townships including Zwolle and Broershaven were inundated. The Nethe Dike between Lier and Uffel was breached in 20 points, and the harbor wall and sea key at Bergopouon has broken down. The Maas rivers have flooded large areas. The Rhine and Moselle in southern Ger., many still threatened.

Vast areas in western and eastern counties of England were under water today, not at a great depth, but sufficient to interrupt communications and isolate scattered dwellings. The rivers are greatly swollen and the mountain streams of Wales have been converted into raging torrents. There was several inches of flood water in parts of Belfast, northern Ireland.

The rivers of northwest France continued to rise today and there was no prospect apparent for dry weather. The Seine and its tributaries, the Warne, Yonne and Aube, and streams and oooks which feed them swelled and submerged thousands of acres and fields, inundating the low-lying quarters of riverside towns.

ST. LOUIS, Nov. 25.—(AP)—The resolutions committee of the Mississippi Valley Association, in annual convention here today, decided to ask congress "either to appropriate or raise by other means sufficient to complete all existing waterway projects within five years."

The committee decided to eliminate all reference to the amount of money to be asked and the means of obtaining it. The committee had a proposal before it to ask congress for \$100,000,000 annually, for five years. Congressman E. E. Demmon of Illinois and others had advocated a bond issue.

More than 200 artesian wells have been sunk in the city area of London. These go down to a source of water much softer than that of the public water supply.

Famous Lincoln Painting Shown by Austin-Morris

"Lincoln, Rail-splitter and Student," the masterpiece of the illustrious Philip Cunningham, Scotch artist, is now on exhibition in Brownwood.

The Austin-Morris Company, who have annually brought to Brownwood some outstanding masterpieces for the pleasure and edification of the public, have secured and brought to this city for a limited exhibition another exquisite original—this time the work of a noted Scotch painter. This painting which has had a career that is half tragic and quite interesting, is shown for the first time in 15 years, for in the spring of 1915, it was stolen from the Adams Express Company, who paid for the loss to the extent insured by them while in transit from New York to Middle West.

The thieves finally sold the painting to an art collector in the state of Washington, who gave it to an art museum in that state.

The original owners found it hanging in this art gallery last August and proceeded to have it returned. And after assurances were

given that the real owners were prepared to furnish bond to any amount to retrieve it the art gallery governors surrendered it without going to the expense to fight it in the courts, where they were advised they would lose, as the art collector who gave it to the gallery had passed away, and the real owners easily proved that it was their property, stolen from them in 1915.

The attorney who secured its release shipped it to the owner in care of Austin-Morris Company, Brownwood, on the instructions of the owners. It has been placed on exhibition in the Austin-Morris Store in special settings.

It shows the young Lincoln, 19 years of age, returning home from his task of rail-splitting in Illinois, where his boyhood days were spent. It is Abraham Lincoln in every line of figure and face, and should be an inspiration to every boy and girl who reviews it. The schools are urged to see that every child is permitted to pay it a visit. There is no admission charge.

Clawson Is Given Suspended Sentence

W. H. Clawson was given a five year suspended sentence in district court Monday following his indictment for embezzlement during the

session of the present grand jury. He pleaded guilty to the charge and the suspended sentence was asked. After the noon recess the trial of Rand Barnett for theft was started

and after the selection of a jury the taking of testimony was started and continued through the morning session today and was resumed after the noon recess.

THE NEW CHEVROLET SIX HAS MANY IMPROVEMENTS

The introduction of the new Chevrolet Six marks the most impressive forward step in Chevrolet's twenty-year record of constant progress and improvement.

For this Bigger and Better Six offers new beauty of line and color, new luxury, new completeness and new quality—yet it sells at lower prices!

In every curve and sweep of Chevrolet's modern lines—in every detail of its smart new Fisher bodies, you will see the fine hand of the master designer and the skillful craftsman. And the more closely you inspect it, the more deeply impressed you will be.

The improvements in the new Chevrolet Six begin at the smart new chrome-plated headlamps and extend throughout the entire car. The radiator is deeper and unusually efficient. Due to the increased wheelbase, the lines are longer and lower, giving an air of exceptional fleetness and grace. And the new Fisher bodies combine with this more attractive exterior appearance, a new degree of interior luxury.

The upholstery is of fine quality mohair or broadcloth,

carefully tailored and fitted. The number of individual springs in the rear seat cushions has been increased by 25%. The windshield and windows have been redesigned to provide wider vision. And all interior fittings have been made more pleasing to the eye.

The chassis of the new Chevrolet Six has also been refined and advanced in a number of different ways. The frame is heavier, deeper and stronger than before. There is a smoother operating, long lived clutch; a sturdier front axle; an entirely new steering mechanism of the worm and sector type; an easier shifting transmission. In fact, every vital feature of the new car has been made better and more satisfactory to the owner.

Obviously, these many improvements are responsible for a higher standard of quality than before. And they become doubly significant when you consider that they are offered in a car which provides the smooth, quiet, flexible performance of a 50-horsepower, six-cylinder motor—the comfort of four long semi-elliptic springs and four hydraulic shock absorbers—the safety of a gasoline tank at the rear of the car—and an economy of operation not surpassed by any automobile.

» AT NEW LOW PRICES «

Fine as it is, the new Chevrolet Six now sells at lower prices—making the economy and satisfaction of Chevrolet ownership even more outstanding. We urge you to come in and see the Bigger and Better Chevrolet. Its modern design reflects the spirit of the times—and it represents a value which will command the interest of every buyer in the low-price field.

We regret to learn Mrs. Clarence Cave is on the sick list this week. It is hoped she will soon recover.

Rev. A. L. Braswell, pastor of the Nazarene Church, preached an interesting sermon at South Bennett last Sunday afternoon. The U. Y. P. S. rendered a short program before the sermon.

The Archer Grocery Company reopened their store here last Saturday. They occupy the same building they were formerly in. The inside of the building, also the front has been repainted and the fixtures remodeled. M. E. Archer is in charge of the business and his daughter and husband, Mr. and Mrs. Foster Brinn, will be associated in the business. Mr. and Mrs. Brinn have been proprietors of the Royal Cafe for some time and have left the cafe business in charge of J. D. Brinn, Jr.

Mr. Archer has many friends who are glad to see his business open again.

The Senior Epworth League held a very interesting cabinet meeting in the League room at the church last Monday night. Every member of the Cabinet was present, except one and she was called away on account of the death of her mother. Prof. R. H. Mayfield has recently been elected president of the League to take the place of Miss Ruth Featherstone who is away for the winter teaching.

Mr. Mayfield is a very enthusiastic leader for young people and he with his helpers are planning some interesting and worthwhile work for the local chapter.

Mrs. F. M. Long died at the home of her son, Jim Long, in this city on Monday morning. She has been sick for several months and her death has been expected almost hourly for several weeks. Funeral services were held at the Odd Fellows cemetery here Tuesday afternoon. Mrs. Long leaves two sons, Jim Long, who is county surveyor of this county and Albert Long, a prominent lawyer of Dallas. Her husband passed to his reward from their home here several years ago. The family has a host of friends who offer sympathy in this dark hour.

Roy Long and Virgil Loudamy came in from a deer hunt last Thursday. They brought in a large buck killed in the Llano county. They were hunting near the place where young Durham of Comanche was killed. They heard the shot but did not see him.

Mrs. D. Brinn went to Temple one day last week for treatment in the sanitarium. She is to undergo an operation soon and her many friends are hoping for a speedy recovery.

Mr. and Mrs. John G. Berry left Saturday for New Mexico to look after their oil interests at that place. They made the trip in their new Buick purchased a few days ago.

Quite a crowd of the ladies of the Methodist church went to Mullin last week-end to attend a meeting of the Woman's Missionary Society.

Merif C. D. Bledsoe made a business trip to Mullin Tuesday morning.

The Philathea Class of the Methodist Sunday school held an interesting business meeting in the beautiful new home of Mr. and Mrs. W. C. Dew Monday night. Some plans for systematic Christmas giving were discussed, also other important business of the class attended to. Mr. Dew announced to the class that his wife said there would be no refreshments served but he decided there should be. He then passed a dish of jelly beans and a box of all day suckers. When the suckers were unwrapped each found a slip of paper and on this paper a verse telling something they were thankful for. Quite an enjoyable social hour was spent after the business session.

A large delegation of Leaguers are planning to attend the Heart of Texas League union in the Methodist church in San Saba next Sunday.

Mrs. J. O. Lindsey happened to a very painful accident Monday evening. She started to pick up a tea kettle of boiling water and in some way she dropped it. Her feet were painfully burned but nothing serious.

The T. E. L. Sunday school class of the Baptist church met in the home of Mr. and Mrs. L. B. Ashley on Tuesday night, November 18th. Mrs. D. G. Barnett, hostess. A large program was rendered and then the business of the class entered into. The following new officers were elected: Mrs. C. L. Stephens, president; first vice president, Mrs. W. E. Miller; second vice president, Mrs. E. B. Anderson; third vice president, Mrs. J. D. Priddy; teaching, Mrs. G. M. Wilson and wife of Corpus Christi were here a few days ago visiting their daughter, Mrs. R. L. Armstrong and family. They were on their way to Lubbock to see about installing a commercial broadcasting station at that place.

The Eagles of the Goldthwaite High School defeated the Rochelle team in a game of football last Friday afternoon at the fair park here.

The home of Roland Woods was totally destroyed by fire a few days ago. It is supposed the fire originated in the kitchen flue. The entire roof was ablaze when discovered. A few articles of furniture were saved including the piano.

Granville Barnett has opened a watch repair shop in Clements Drug Store.

Sam Smith, who has been employed by the Texas-Louisiana Power Company here for some time, has been made local manager of the plant here. His many friends are glad to hear of the promotion.

Albert Seider and Miss Olga Stegemoller, both of the Priddy community, were united in marriage in the county judges office Monday afternoon at 4:15 o'clock. Judge L. E. Patterson officiating. The happy young couple have a host of friends who wish them a long and happy life together.

MAJOR STEEL INTERESTS TO RAISE PRICES

CLEVELAND, Ohio, Nov. 25.—(AP)—Increase in prices of steel products has "simply got to come," E. J. Kulas, president of the Otis Steel Company and Midland Steel Products Company, Inc., of Cleveland, said today.

He said he could not predict how soon increases would be put into effect or how great they would be. Kulas' statement followed published reports that steel interests shortly would announce moderate increases as a way to revival of business generally.

"We have agreed not to cut wages, and the prices of ore, limestone and other things that go into the manufacture of steel as well as taxes are not coming down, so the only thing we can do is to raise prices."

SPECTATOR'S LEG BROKEN PRAIRIE CITY, Ia.—(UP)—Mrs. Nate Waddle suffered a broken leg when an out-of-bounds play by the Prairie City high school football team buried her under a mass of players. Mrs. Waddle was watching her two sons play.

Texas Oil Industry On Curtailment Program

AUSTIN, Nov. 25.—(AP)—The State Railroad Commission today issued an order placing the state oil industry under a production curtailment program for the next sixty days, on the basis of an allowable production of 680,237 barrels.

Common purchasers were authorized in the order to make such agreements among themselves as would allow them to exchange oil, exchange connections or otherwise make plans to take oil from all producers.

The common carriers had feared to make such agreements fearing the anti-combination laws would be invoked against them. Failure to operate had resulted in discriminations which caused North Texas producers unable to get a pipe line outlet to throw their crude on the market. The order becomes effective November 27th.

Allotments for the various districts were:

Panhandle, 64,616 barrels; North Central Texas, 32,295; North Young county (sub-district), 4,850; west central, 24,142; west Texas, 251,377; east Texas, 38,355; southwest Texas, 8,503; Gulf Coast, 160,000.

A special provision was made for the Van field, new flush production area of Dallas. The order gave notice of a hearing, date to be set later, on this field, and made the order dealing with east Texas elastic so that production from the field new set at 27,500 barrels, might be raised to 35,000 barrels from December 15 to January 1 to 40,000 barrels from January 1 to January 15, to 45,000 barrels from January 15 to February 15, and 50,000 barrels after that date. This was to allow for a proposed extension of the Pure Oil Company's facilities.

The order also provided that in the event the efforts of producers to obtain more markets for the Panhandle, north central and west central districts were successful, the allotments for those fields might be increased to meet the additional demand.

Enforce Purchaser Act
Authority given common carriers to make agreements regarding interchanging of oil was in a section of the order serving notice that the common purchaser act, designed to prevent discrimination in oil takings by pipe line companies, would be enforced.

"In certain fields and districts of this state," the order said, "there are disproportionate withdrawals of oil taking place in localized areas, due to the fact that some properties are being produced under varying degrees of curtailment; that such disproportionate withdrawals or restrictions are resulting in the physical waste of gas and the rapid and undue encroachment of water, all with resulting reduction in the ultimate quantity of oil to be produced from the fields and the districts involve and in the actual physical loss and waste, for all useful purposes, of that which cannot be recovered."

"Unless the restrictions be uniformly applied in a given pool or field, waste of gas and oil will necessarily result and will also result from the fact that certain producers who have no market for their products, will be compelled to store same and thus increase unnecessarily fire hazards and increase losses through evaporation."

"It is essential to the prevention of waste that restriction upon production shall be uniformly applied within the various fields or districts and that necessary arrangements should be made by purchasers and transporters of oil, working in cooperation with the railroad commission with a view of assuring such fair and ratable taking."

Present allowable production in Texas is 750,000 barrels a day, but testimony at the hearings which preceded issuance of the order was to the effect that actual production was approximately 780,000 barrels.

FEDERAL GRAND JURY MAKES HEAVY REPORT FORT WORTH MONDAY

FORT WORTH, Nov. 24.—(UP)—One of the heaviest reports of a federal grand jury in the past few years was made Monday when sixty-three indictments were returned to Federal Judge James C. Wilson today.

It included 35 for violation of the liquor law, ten mail fraud, six Dyer act, nine Harrison narcotic act, one obscene letter and two for the National Banking UCT.

S. E. J. Cox, Roger Mooney and L. E. Aven were named in one indictment for using the mails to defraud in connection with an oil promotion scheme.

Others indicted for using the mails to defraud in connection with oil promotion were S. A. Logan, Andy Lacey, John Bowie, Henry Hoffman, C. C. Massey, W. R. Simmons and W. R. Robinson. The last three were named in one indictment. Four other indictments for using the mails to defraud were not made known.

Judge Wilson also opened the November term of federal court Monday.

Fred Horowitz, special prosecutor and Charles Riley, assistant U. S. Attorney General and M. W. Boynton will present the government's cases. The first case will be that of J. B. Davis.

Judge Wilson spent the greater part of the morning setting law and equity cases for out of town attorneys. He will hold court here continuously until late in March, the docket showed.
