Tri Dal awarded Contract

By Don Rohmer

If you have been reading the Legal Notices section of the *Enterprise*, you know that the Muenster Water Board has been soliciting bids for phase two of the Muenster Lake project (#19 MP). The winning bidder is Tri Dal Excavation, of Southlake.

The contract was awarded last Friday, Sept. 24. Tri Dal employees in attendance for the award were Rick Muller, president; Jeff Joyce, estimator/project manager; and Doug McNab, excavation project manager. Representing the Muenster Water Board were Bob Bauer, president and contracting officer; Celine Dittfurth, secretary and 32-year veteran of the project;

and Jean Ann Maynard of R&J Contract Services, Middleton, Wisconsin.

Jeff Joyce expects the firm to start work sometime in the next eight weeks. With decent weather, the project should be finished within the 511 days estimated by the project engineer from the National Resource Conservation Service (NRCS). An optimist, Mr. Joyce hopes to finish sooner.

The NRCS is the Water Board's partner in Muenster's flood-retention, water-supply, and recreational project, sharing in many of the costs by as much as 63%.

The contract is for a 1600-foot earthen dam, with a 70-

foot-high embankment that will be 500 feet wide at the widest point. The contract also includes associated piping and structural concrete work. Some additional structural concrete and steel, and stone rip-rap work will be added as funds become available throughout the duration of the contract to complete the project.

Mr. Joyce is excited about the MP 19 project and says it should be a beautiful lake when finished. He has "lots of guys eager to get started," but Tri Dal is also interested in hiring local people to help with the project. Anyone interested should contact Tri Dal Human Resources at (817) 481-2886.

Dog bites Muenster cross-country runner

Monday morning a MISD student was bitten by a dog while the student was on a practice run training for a cross-country track and field event. The incident occurred on Mesquite Street near 4th Street. The name of the victim cannot be released because he/she is a minor, according to Police Chief Bob Stovall.

After the bite incident, the dog was captured and is being held at a veterinarian's office for observation. The dog did not have its required shots, which is a violation of State Law. The dog was not on a leash or inside a fenced yard, which is a violation of City Code. The owner was issued a citation for violating City Code, which carries a fine up to \$500. In addition, the owner will owe the veterinarian bill for kenneling the dog during the observation period, and be responsible for the dog's vaccinations.

These costs do not include any civil judgment or claim which can be made by the victim for the cost of rabies shots and medical expenses. Even if a dog is on a chain, leashed, or in a fenced front

yard, courts have ruled an owner is liable for injury to young children if the dog presents an "attractive nuisance". Warning signs do not reduce liability.

Muenster has a "Leash Law" which requires all dogs to be kept inside a fenced yard, or on a leash if outside the fenced area. During this last summer, walkers and runners reported numerous loose dogs roaming the streets

and threatening residents, according to Chief Stovall. Those residents were warned to secure their dogs, and as a result of this incident, there will be a Zero tolerance.

Citizens with complaints are asked to report any loose dogs to Muenster City Hall during office hours at 759-2236. If after hours, call the County Sheriff's office at 665-3471 if a dog is endangering anyone.

Chamber of Commerce reveals parade theme

By Janet Felderhoff

Even though the leaves haven't yet begun to fall, the Muenster Chamber of Commerce has announced the theme of its annual Christmas parade. "We already had so many calls asking what this year's theme is, that we decided to announce it," said Chamber Secretary Margie Starke.

"An Olde World Christmas" is the chosen theme for the parade scheduled for Saturday,

Nov. 27. Rick Walterscheid and Leon Klement have accepted the responsibility of chairmen for the event again this year.

Muenster Marks will be awarded to the entries judged as first, second, and third place winners in several categories including Best Theme, Best Religious, and Best Group.

The Parade chairmen will soon be contacting local businesses for donations for the Muenster Marks.

THERE'S NO PLACE LIKE HOME! After four months of hospitalization, Tom Swirczynski is happy to be back home. When Tom returned to Muenster Tuesday afternoon, a parade with family, friends, and neighbors greeted him. He is a former member of the Muenster Volunteer Fire Department and the firemen brought out the trucks to be part of the greeting celebration. At his side is his wife Paulette.

Comp time policy amended

By Janet Felderhoff

Carrying comp time over for an unlimited time is soon to be a thing of the past for employees of Cooke County. At the Monday, Sept. 27 meeting of Commissioners Court, the situation was discussed and a policy change voted on.

County Auditor Gloria Parrish said that going in to the new fiscal year there are 4,916 hours of comp time on the books. These are paid at the request of the employee or taken as paid days off at another time. "Eventually most employees request that this be paid somewhere along the line," said County Judge Bill Freeman. "What this does to the department heads is, it doesn't give them much of an opportunity to manage their comp time hours. Most of these are probably in the Sheriff's Department. Anytime you carry that many hours into the next fiscal year, you're actually carrying a deficit." He explained that if the Sheriff had a \$100,000 budget for

his Department and carried \$50,000 in comp time over, his budget would automatically be cut by 50%.

The policy change proposed that if you work overtime this month, you can take it off this month, and if not taken off, the County pays it the following month.

Currently the amount of comp time on the books is the equivalent of about \$100,000, said Parrish. Most of it is in the Sheriff's Department.

"It seems like to me that this is detrimental to our elected officials to try to juggle that time from one month to the next and not be able to keep up with the payroll because we keep all of this stuff on the books all the time. And we are going to wind up paying it eventually," said Judge Freeman.

Parrish said that the proposed policy had been looked over by the Human Resources people.

The change to the personnel policy was

approved unanimously. It will require action at the next meeting to amend the budget, and appropriate the money to pay out the comp time now accumulated. The new policy becomes effective on Oct. 1 with the new fiscal year.

Judge Freeman announced that he'd received notification from the Secretary of State's Office that the funding is now available as a grant for training and to partially purchase an electronic voting machine for each voting box, as is going to be required after 2005.

There are three parts to the grant. There is \$7,000 available for training of personnel under the Education Fund part of the grant. This is for training election judges, county clerk's office, and tax assessor-collector's office staff that does the restoration. To purchase the voting machines, there is \$78,000 available. The third part is \$35,097.91 for general compliance with

Human chain planned to show wrong of abortion

National Life Chain Sunday 2004 is Oct. 3. The Cooke County Life Chain will be held from 1:45 to 3 p.m. Participants will gather west of Phil's Collision along Hwy. 82 in Lindsay. After the distribution of signs and an opening prayer, the Life Chain will form along the north and south sides of the highway. Parking is available at Phil's Collision and the Lindsay Post Office. Locally, the Life Chain is coordinated by the Cooke County Pro-Life group.

The Cooke County Life Chain is a part of the National Life Chain, which will occupy public sidewalks in more than 1,000 North American cities and towns. With firm commitment to the sanctity of human life, participants will stand silently and pray, while holding signs that include: Abortion Kills Children; Adoption: The Loving Option; Lord, Forgive Us and Our Nation; and Abortion Hurts Women. As evidenced by the sign messages, the event is devoted to ending legalized abortion — a form of legal violence that has mutilated and killed far more innocent humans than have many decades of foreign terrorist activity.

Mindful of that prevailing truth, Life Chain equates legalized abortion with government-sanctioned terrorism, and the predictive consequences are proving ruinous in the extreme. "Today our culture is courting collapse," said Life Chain director Royce Dunn, "with sodomy demanding matrimonial

rights, pornography flourishing unabated, illegitimacy producing one-third of all births, and traditional marriage struggling to survive against cohabitation and divorce. Beyond that, a haunting fear has settled in on our homeland as al-Qaeda cells patiently wait in major cities and talk of nuclear suitcase bombs breeds numbing uncertainty." Of these conditions, Dunn asks: "Does God still judge nations, as the Bible says? And is God still committed to humbling apostate superpowers? The answer is yes, and He weeps for America." The 9/11 terrorist attacks in New York and Washington did not equal one day's killing in U.S. abattoirs where, in the words of Harvard law professor and appellate court jurist John T. Noonan, "[There] are no laws which regulate the suffering of the aborted like those sparing pain to dying animals." Imagine the terror preborns endure when the steel instruments tear into their bodies, yet their pain and abuse are addressed with judicial silence, and few fellow countrymen have ever spent time praying at their nearest abattoiry.

Forty-five million preborn Americans have been surgically aborted with U.S. Supreme Court approval, and millions more have been killed by abortive birth controls. Meanwhile, a wide majority of our continent's 500,000 pulpits have either surrendered to the forces destroying our culture, or they are in retreat. Of such

neglect of duty, as related to preborn children, anti-Nazi crusader and revered pastor Dietrich Bonhoeffer observed that no civil law compels the Church to defend the innocent and helpless, but that God's moral law certainly does. When, prolife asks of the Church, will you garner devout, courageous leadership and reclaim your invincible weapons, namely Integrity and Resolve? With that divine arsenal, the Church can escape its paralyzing abandonment of compassion, fueled by lukewarmness, and plead the case of the unborn to win it.

If that message is somber, along with the evident truth that "Abortion Kills Children," Life Chain will also remind millions of observant motorists on Oct. 3 that "Jesus Forgives and Heals" repentant hearts. In like manner, He is willing to forgive and heal America and Canada if we who call Jesus our Lord will truly repent of our apathy and inaction. To that end, Life Chain urges pastors to lead their congregations and parishes to their local sidewalks on Life Chain Sunday. Said Dunn, "The future of our nation rests foremost with our clergy. They create the moral climate in which our government functions, and they are surely our most vital leaders, with the highest level of accountability before God. Only with their leadership can prolife hope to see legalized abortion end."

County Fee

Title III requirements of HAVA (Help America Vote Act).

"This is not going to be enough money to purchase the machines, but it is a large step forward," remarked the Judge. "This is the first of probably several steps that we go through. What they are recommending is that the Commissioners Court pass a resolution." He read the suggested resolution in which they would agree to the terms and conditions of the HAVA Grant Award from the office of the Secretary of State.

As county judge, Freeman is the person responsible for going on-line to fill out all of the paperwork to get the grant. If the County doesn't do the required steps, it will lose about \$120,000 that would help bring the County in compliance with HAVA.

The additional money to purchase the machines will be put in the 2005-06 Budget, said Judge Freeman. The goal is to have the machines ready for the November 2005 election.

"There are so many machines out there; they're called the DREs (digital

recorded elections), and then they have paper machines," said Freeman. "They change the rules from time to time on what we've got to do." He explained that some counties have purchased DRE machines that are no longer in compliance. He suggested that they wait until the latter part of 2005 to make the purchase so that doesn't happen. This gives them time to be in compliance by Jan. 1, 2006. Resolution No. 09.27.04 was unanimously approved by the Court.

At the request of the Cooke County Sheriff, the fees charged by the Sheriff and Constables of Cooke County were increased. Commissioners approved the amounts suggested by the Sheriff. District and County fees will be charged as follows beginning Jan. 1, 2005: Postings - \$30; Citation, Citation By Publication, Notice to Show Cause, Notice By Publication, Notice of Trustee Sale, Order of Sale, Precept to Serve, Civil Subpoena, Civil Subpoena-Duces Tecum, Summons, Temporary Restraining Order, and Temporary Protective Order - each \$50; Writ of Attachment, Writ of Execution, Writ of Garnishment, Writ of Habeas Corpus, Writ of Injunction, Writ of Possession, Writ of Restitution, and Writ of Sequestration - each \$125.

Justice of the Peace fees remain the same as last year. They are All Citations - \$50; all Writs - \$100; and Forcible Detainers - \$75.

Out of state travel was approved for Cooke County Extension Agent Phyllis Griffith. She will be attending the National 4-H Agents Association Convention in Oklahoma City from Oct. 31 through Nov. 3. Any time any person travels out of the state of Texas for business, it has to have approval of Commissioners Court, explained Judge Freeman.

"It's a once in a career opportunity to be able to attend one so close," said Griffith of the National Convention in Oklahoma City.

Judge Freeman reported that last week the out-of-county prisoner count was averaging 50 a day. That is

an expense of about \$2,000 a day. "If that continues, we're looking at over a quarter of a million dollars this year. The jail becomes a real necessity real quick." He then gave an update on preliminary soil tests.

Judge Freeman said that the County had closed on the land near Woodbine. A building will be erected there to house an EMS ambulance to serve the east side of Cooke County. The land cost was \$3,500 for one acre, plus the closing costs.

Fencing the property around the new jail site was discussed. "I think the best thing to do is to get four of our people to do the corner posts, to do all the brace posts, and then get the wire and put it up," said Precinct #2 Commissioner Bill Cox. All four commissioners agreed to assign one hand to the task of building the fence.

Judge Freeman said that from his experience on the TASWA Board, it is cheaper to hire employees to do the job of fence building than it is to hire someone to come in and build fence. Commissioner Cox said it costs about \$7 a foot to have a wire fence put up. There is around 1,570 feet of fence needed. All existing supplies that can, will be reused.

Commissioners Court proclaimed the week of Oct. 3-9 as Texas Extension Education Association Week. Mary Wambaugh, Council president, gave a short history of the organization. There are 98 members in the Cooke County Council's seven clubs. It was once known as the Home Demonstration Club.

Representatives from five of the seven were present at the meeting. These included Wilma and Susan Richardson from Ross Point; Harriet Scoggins from Town and Country; Ruth Pruitt from Liberty Belles; Martha Stanley from Sivelis Bend Club; and Mary Wambaugh from Callisburg. Not represented were Downard-Fairplanes and Woodbine.

The proclamation recognizes the Texas Extension Education Association (TEEA) clubs for having served the people of Texas with education and leadership opportunities since 1914. Its members value the ideas that strong families are vital to the well being of Texas and its people. TEEA promotes and encourages the idea of volunteerism and service to the community and education as a lifelong process. TEEA, through a joint effort with Texas Cooperative Extension, provides educational programs that address the critical needs impacting Texas families and communities.

Commissioners also proclaimed Oct. 3-9 as National 4-H Week in

Cooke County. They urged the people of the County to take advantage of the opportunity to become more aware of this special program, which gives youth the chance to learn together and on their own. The local 4-H organization has more than 300 members and more than 100 volunteers.

Randi Reed, 4-H County Council president and Lindsay High School student, was present to witness the signing of the Proclamation and to accept the presentation from the four commissioners.

In other business, Commissioners Court:

- Unanimously approved order designating the second and fourth Mondays of each month at 10 a.m. as the time that the regular Commissioners Court meetings will convene.

- Allowed that the Commissioner in which a voting precinct is located is allowed to approve one additional clerk for the November General Election if the Election Judge requests additional help and the Commissioner feels it is needed.

- Appointed Bernice Cason, Place 3, and Donna Bass, Place 2, to the Cooke County Child Welfare Board.

- Appointed Twyla Molsbee to the Cooke County Child Welfare Board as the Foster Parent Liaison.

- Approved SBC placing a buried communication line within the right-of-way of CR 127, beginning at the southeastern corner of CR 127 and CR 112, place 20' buried cable from existing pedestal south to new 10' stub pole, located in Precinct #1.

- Approved bonds for Cooke County Sheriff employees Roger Petite, deputy sheriff; Shirley Miller, jailer; and Kenneth Pierce, jailer.

- Approved request by CoServ to bore under Hargrove Street to install an electric line approximately 175 feet north from the intersection of FM 922 and Hargrove Street, located in Precinct #3.

- Approved payment of medical and security personnel for the Alton Thomas trial using Courthouse Security Funds. This was due to Thomas causing a mistrial by his actions. To avoid another occurrence, Thomas would have to be gagged while in the courtroom.

According to the Supreme Court the defendant must first be warned, then contempt, then gag them, and then remove them, in that order. Cooke County

Courthouse Security explained that if you do gag them, you have to have medical staff there. An additional transport officer was also required for Thomas. He was charged with aggravated assault with a deadly weapon.

- Heard Ruth Dodson request that Commissioners Court address several items. She asked that they consider dividing the County Road and Bridge Funds in a way that would have the money spent in the Precinct in which it was collected. She asked that they look into the situation of excessive reserves. She claimed that reserves are hoarded in some areas. Dodson asked for more forthright disclosure on certain funds. Finally she asked that the County complete its fixed assets lists as quickly as possible.

- Responded to Ken Arterbury's questions on courthouse restoration and how the \$436,000 grant money was spent.

- Heard from Bob Henderson who advised that the Commissioners' Road Reports would be closely monitored to make sure that each commissioner completed his projects on schedule. He said that Commissioners Virgil Hess and Jerry Lewis each have long lists of scheduled projects and that they would be watching them.

MMH offers Rx plan to employees

By Janet Felderhoff

An insurance plan that was approved at the August Board of Directors meeting is proving to be beneficial even to employees not covered under the insurance plan. This is due to the Hospital offering a prescription supplement plan.

The insurance is Group and Pension Administrations, Inc. of Dallas and the network is PHCS. Employees pay for their dependants, and \$20 per pay period for their individual employee's coverage. There is a drug card. A program is being developed for maintenance medications to be made available for employees through the Hospital pharmacy. If the Hospital's cost of the medication is less than the co-pay, then the employee will pay the cost plus a \$2 handling fee.

Employees and dependants not covered under the Hospital's health plan are also able to participate in the prescription program. The cost to the employee will be the cost of the medication to the Hospital plus a \$2 handling fee.

A report from the Medical Staff Meeting of Sept. 16 indicated that there is \$68,000 available to spend for bio-terrorism. This will be used to help purchase shower equipment, protective suits, lights, radios for communication, and other necessary equipment.

The Medical Staff report noted that the MRI machine doesn't generate consistently good quality imaging. The Board agreed to end the agreement with Dr. Gregory to lease the machine. Discussion was held on obtaining digital ready equipment in radiology. This will probably be necessary in the future.

Lynn Heller, CFO, presented the financial report for August. It showed total revenue over expenses of \$68,558 for the Hospital District during the month. August had an increase in hospital census and improved revenues. As a result, payables were reduced significantly, while cash levels remained steady or picked up.

The next Board meeting is set for 7 p.m. on Tuesday, Oct. 19.

Love Fund set up for Bayer family

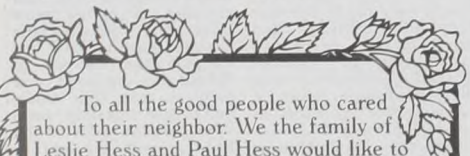

Love Fund accounts have been set up at Muenster State Bank, First National Bank of Saint Jo - Muenster Branch, and GNB Financial - Muenster Banking Center for the Allen and Christy Bayer family.

Allen has not worked since Aug. 17, under doctor's orders after developing a severe back disorder. Diagnosis and treatment for Allen have been hampered by a stainless steel screen implant from a previous illness. The screen prevents doctors from performing magnetic resonance imaging (MRI) - a highly accurate diagnostic tool normally

used in cases like his.

At present, Allen is without employment benefits and pay. A progression in the severity of his disorder has made it necessary for Christy to quit her job in Denton in order to care for him full-time. Allen has recently experienced a sharp decline in his mobility with an increase in debilitating pain. He is now unable to sit, and can only stand for short periods of time.

They have six children: Robert, 11; Rosalee, 10; Mary Helen, 8; Roman, 6; and twins, Seth and Sam, age 2 1/2.

To all the good people who cared about their neighbor. We the family of Leslie Hess and Paul Hess would like to thank all of you for the Masses, the lovely flowers, plants and most of all the wonderful cards, well wishes and for letting us know that you care. Also, all the good food, the very generous donation to the memorial fund and to Father Ron and St. Ann's Society for the lovely meal.

Letters to the Editor

Paul C. Hermes 1929 - 2004

Jerome "Jerry" L. Flusche 1947 - 2004

Letter to the Editor.

Why don't we hear of what happened in Germany after the conflict was over? I personally saw many instances of German children shooting U.S. Army personnel after the conflict was over. I was in charge of the admittance office in a U.S. Army General Hospital in Bremen, Germany after the war, and we had many casualties caused by Germans. I have many stories of atrocities by the Germans during the conflict and after.

Did many of the Germans hate us? YES, they certainly did. Think about when Bremen, Germany was up to 80% obliterated by fleets of U.S. Army airplanes in the daytime, and by the British at night.

I can give vivid details of what war is all about. Most GIs want to just put it out of their minds and forget.

There is one particular memory that will be with me forever. We had so many wounded during the time of the Runstedt Germany Army breakthrough, that we did not have enough ambulances to handle them. So I had a 6x6 truck rigged up so that we could put stretchers on the floor across the width of it, plus two decks above that. I was riding in the cab with the driver transferring wounded, when I noticed a young German boy playing

on an abandoned anti-aircraft gun. When I noticed he was bringing it towards us, I leaped out of the truck. He opened fire with the gun and killed all of the wounded on the truck. Hitler had trained young Germans for years to hate Americans. They were called the Hitler Youngen.

My purpose of the letter is to refute what presidential candidate Kerry is saying. If anyone is interested in more complete details, I would be glad to correspond.

Editor,

Why I can not vote for a candidate who would raise my taxes, increase spending of my tax dollars, oppose the funding of military and intelligence, and testified against our policies while POWs were in the custody of the enemy.

Also, who would restrict the right to bear arms, aid and abet the terrorists by criticizing the President and our war effort.

I will not support candidates that align themselves with and do not reject the above.

This is why I vote Republican.

By Elfreda Fette
Mass of Christian Burial was held for Paul Clement Hermes of Muenster on Friday, Sept. 24 at 10 a.m. in Sacred Heart Church, officiated by Father John Ohner OSA, pastor. Paul C. Hermes died in Denton on Tuesday, Sept. 21, 2004 at 3:15 p.m. at age 75.

Survivors are his wife Patsy of Muenster, two sons Weldon Hermes of Wichita Falls and Charlie Hermes of Muenster, and two grandchildren.

Also surviving are sisters Agnes Rohmer, Peggy Walterscheid, and Louise Walterscheid of Muenster; brothers Don Hermes of Brenham, Anthony Hermes of Jacksonville, North Carolina, Jim Hermes, Alfred "Fritz" Hermes, and John Hermes of Lindsay; and several nieces, nephews, cousins, and many friends.

Preceding him in death were his parents, Joseph and Catherine Hermes.

Paul Hermes was born in Lindsay on June 29, 1929 to Joseph and Catherine Neu Hermes. He lived most of his life in Muenster. On Oct. 12, 1970 he married Patsy Fleitman in Sherman.

He enjoyed his family greatly. Some of his favorite pastime hobbies included playing dominoes, fishing, and hunting. He was a retired farmer.

On the afternoon of the day before the funeral, a Rosary Service was held at McCoy Funeral Chapel at 4 p.m., led by Agnes Rohmer and Peggy Walterscheid. Vigil at 7 p.m. was led by Father John.

Participating in the Mass of Christian Burial, with Father John were altar servers Joe Felderhoff and Butch Fisher.

Carol Walterscheid Grewing gave both the First Reading and the Second Reading. Father John read the Prayers of the Faithful.

Eucharistic ministers were Agnes Rohmer and

Paul Hermes

Peggy Walterscheid, both sisters, Diane Hermes, a sister-in-law, Ramona Felderhoff, a niece, and Jerry Walterscheid.

Music ministers were Christy Hesse and Ruth Felderhoff. Sacred songs included "Amazing Grace", "The Lord Is My Shepherd", "On Eagles Wings", "Wherever You Go", "I Have Loved You", and "How Great Thou Art".

She was born Dec. 9, 1927 in Glidden, Texas to the late Raymond and Mary Zemlicka. She married Sam Bateman on June 1, 1947 in Houston.

Gertrude was a loving mother and wife, sister and grandmother. She had many friends and will be dearly missed by all who knew her.

Gertrude is survived by her sons Douglas and wife Suzi Bateman of Tulsa, Oklahoma and Donald and Penny Bateman of Midland; sisters Virginia Booth of Cleburne, Delores and husband Bobby Hagan of Houston, Johnnie Mae and Troy Thornton of Houston; and nine grandchildren and 11 great-grandchildren.

She was preceded in death by her parents and her husband.

Pallbearers will be grandsons and nephews.

From My Side of the Fence

Years ago, when I was 12 or 13 years of age, a wagon trip to Gainesville and back to Muenster with a load of cotton seed hulls, liberally sprinkled with cotton seed meal, was a long day's work.

It usually began about 4:30 in the morning. The teams were brought into the stable, harnessed and well fed, and then the men had their breakfast.

They followed the road from home through Muenster, and then east to a road that runs northeast to the Andy Wimmer farm, amongst others.

At this point was a wire gate that opened into W. Hill Campbell's part of the Ball Ranch. They had legal rights to cross the grassland only with wagons and teams to a point near the old Mike Fuhrmann farm where they would come to a road that went straight into

Gainesville and the cottonseed crushing plant and oil mill, where they loaded. It was always dark when they returned home.

As time passed, more people began crossing the big ranch so that a road pretty well existed already.

A number of the more responsible people got together and feeling that Mr. Campbell was being more than generous, offered to pay him a sum of money to make the road permanent.

Well, he accepted their offer, and now a county road existed across the ranch, and traffic of all kinds was permitted.

Eventually Highway 82 also crossed the ranch. At this time it has been four laned and the need for the original road no longer exists.

Freeman accepted into U.S. Merchant Marine Academy

Midshipman Jacob C. Freeman, son of Jamai Freeman of Moss Lake and the late Ken Freeman, participated recently in Acceptance Day ceremonies at the U.S. Merchant Marine Academy in Kings Point, New York.

The colorful annual event marks the official "acceptance" of the class of 2008 into the ranks of the Academy's Regiment of Midshipmen.

A graduate of Muenster High School, Midshipman Freeman, with some 288 other plebes, was administered the Academy oath by Vice Admiral Joseph D. Stewart, the

institution's superintendent. The members of the Class of 2008 were additionally sworn into the U.S. Naval Reserve.

Midshipman Freeman was nominated to attend the Academy by U.S. Congressman Ralph Hall.

The plebe class reported to the Academy on July 9 for a two-week indoctrination program. Since then, the Class of 2008 has been involved in academic and regimental education and training.

The Academy is operated by the Maritime Administration of the U.S. Department of Transportation.

Tim and Ramona Felderhoff of Muenster announce the engagement and approaching marriage of their daughter, Kelly Felderhoff of Farmers Branch, to Jesse Luke of Farmers Branch. He is the son of Melvin and Terri Luke of Muenster. The couple have chosen Saturday, Oct. 23, 2004 as their wedding day. They plan to wed in Sacred Heart Church of Muenster at 2 p.m. with Father John Ohner, OSA and Father Eugene Luke, OSB officiating. Miss Felderhoff is a 2000 graduate of Muenster High School and a 2004 graduate of Texas Tech University. She is a financial analyst with J. C. Penney in Plano. Mr. Luke is a 1999 graduate of Muenster High School and a 2003 graduate of Texas Tech University. He is an assistant branch manager with Wells Fargo Financial in Dallas.

Jerrad Schumacher turns 2nd with Winnie the Pooh

Jerrad John Schumacher, son of Jerry and Sandra Schumacher of Gainesville, celebrated his 2nd birthday on August 15. The party was held in Jerrad's home with a Pooh and The Gang theme. Guests enjoyed sandwiches, hot dogs, and all the trimmings, followed by a chocolate Winnie the Pooh cake. Jerrad's mother also baked a red velvet two-layer cake decorated with the Winnie the Pooh theme.

Area graduates part of SWOSU Marching Band

Southwestern Oklahoma State University's 2004 edition of The Marching Bulldogs, known as the Pride of the Great Southwest, is ready for a busy year on the Weatherford campus. Members of the band include Elisa Endres of Gainesville, and Jennifer Tune of Muenster. Endres is the daughter of Ted Endres and Suzan Endres, both of Gainesville, and the granddaughter of Elitha Endres of Muenster. Tune is the daughter of Joseph and Kathie Fenton of Muenster.

The band will perform a variety of music this fall — from 1960s rock to Olympic fanfares to classical music. The 1960s will be represented by "Mr. Tambourine Man" and "Aquarius/Let the Sunshine In". Olympic fanfares from the '70s and '80s will also be presented. The homecoming show will feature jazz arrangements of Stan Kenton's "La Suerite de los Tontos", "Killer Jo", "Softly As I Leave You", and "The Contender". The Oct. 30 show will also feature the drum line in "Jus' Groovin'" and an arrangement of "Night on Bald Mountain", featured in the classic Disney movie *Fantasia*.

The Marching Bulldogs provide pre-game and half-time entertainment as well as enthusiastic support of the athletic teams at SWOSU. The band will also kick off the annual SWOSU homecoming parade on Oct. 2.

High school seniors or current SWOSU students who would like to join the program are encouraged to contact Dr. South in the Department of Music at 580-774-3717 or james.south@swosu.edu

Continuing where the program left off last year, the band again has over 100 members this fall, for only the second time since 1989.

Mary Nell de la Garza is active in Zonta, International

By **Elfreda Fette**
Mary Nell de la Garza of McAllen, a relative of the Luke families of Muenster, represented Texas when she attended the Zonta Convention in New York City this summer. She is president of the Zonta Club of West Hidalgo County. She reported on the convention, when she spoke before the monthly dinner meeting held at The Club at Cimarron.

General Kofi A. Anan. The 57th Zonta International Annual Conference of District 10 will be held in Fredericksburg, Texas on Oct. 14-17. Zonta International is a worldwide service organization of executives in business and the professions working together to advance the status of women and children.

She related that 59 countries had representatives registered at the convention, the largest number from the United States, followed by the next five: Germany with 160; Sweden with 109; Japan with 100; Australia with 95; and Canada with 86. A total of 2,873 attended.

Principal speaker was United Nations Secretary

Mary Nell Denny de la Garza is the daughter of the late Charles and Dorothy Mae Luke Denny, and the granddaughter of the late Mr. and Mrs. Ben Luke.

Much of the above information was shared with the *Muenster Enterprise* by Will Klement, a Muenster native, and a longtime resident of the McAllen/Mission, Texas area.

Cub Scouts put Time in a capsule

Tessie Scott of Muenster and Toby Eberhart of Muenster announce their engagement and approaching marriage on Saturday, Nov. 6, 2004 at 4:30 p.m. in St. Peter's Church of Lindsay. Father Ron Scheible, OSA will officiate. The future bride is the daughter of Cecil Scott of Houston and Patty Hason of Flower Mound. She is a 1993 graduate of Gainesville ISD and a graduate of North Central Texas College. She is an RN at Denton Regional Medical Center. Mr. Eberhart is a 1994 graduate of Lindsay High School and is employed by the U. S. Postal Service. They plan to reside in Muenster after the wedding.

Cub Scout Pack 664 held their September pack meeting on Monday the 20th at the VFW Hall with a theme of "Time in a Capsule". Allison Crabtree's Webelos II den opened the meeting at 6 p.m. with the presentation of the colors and the Pledge of Allegiance. Tina Weinzapfel led the pack in prayer and also offered the welcome and introduction of the new scouts and leaders.

Susan Hermes will be the new leader for the Bear den. Joining the leadership of the Wolf den will be Cathy Dangelmayr as assistant den leader. New scouts for the Wolf den include Isaac Walterscheid and Jared Dangelmayr. Special welcome was extended to the new Tiger Cub den leader, Melinda Klement, and Tiger Cubs Dalton Bartel, Zane Kemp, Zachary Klement, Justen Nasura, Garrett Truebenbach, and

Dalton Williams.

The pack adults' meeting proceeded with Mrs. Weinzapfel asking the adults to accept the challenge and responsibility of working with the scouts and parents of the pack this year to achieve the aims of Scouting. The floor was then opened for volunteers or nominations for pack committee and chair leadership positions.

Accepting the leadership positions were: pack committee chair, Charla Haubold; cubmaster, Kelly Bob Bayer; secretary, Joell Kemp; treasurer, Dixie Smith; membership and registration, Tina Weinzapfel; advancement chair, Lisa McAden; public relations, KaTina Bartel; outings chair, Danny Walterscheid; pack trainer, Donna Biffle; assistant cubmaster, Rhonda Sicking.

Adults who will be heading up the chair

positions are: Kelly Bob Bayer, popcorn; Vicki Hess, Turkey Shoot; Susan Hermes, Aluminum Can Drive; Lisa Miller, Christmas parade; Donna Biffle, Christmas party; Allen Sicking and Danny Walterscheid, Pinewood Derby; Allison Crabtree, Blue & Gold Banquet; Rhonda Sicking, Bowl-athon; Christy Hesse and Tammy Truebenbach, Games Night; and Melinda Klement, graduation ceremony.

A round of applause was given for all the new committee and chair people. The result of these members accepting the challenge will be the promotion of a stronger, more stable pack that will be better able to perform all the required functions to ensure a successful pack program.

During the election process, Cub Scouts filled out worksheets about

themselves that will be placed in a time capsule in a vault for retrieval five or 10 years later.

In order to maintain proper identification and appearance, Dixie Smith and Lisa McAden conducted uniform inspection of all the scouts. The Wolf den, led by Charla Haubold, sang the song "Let's Search History", and Tina Weinzapfel's Webelos I den performed a skit titled "It's time to..."

Popcorn sales and safety tips were reviewed, followed by distribution of order forms. All scouts were urged to make the annual popcorn drive a success, being this is the pack's major fundraiser. The meeting closed with the Webelos II den retrieving the colors.

The next pack meeting will be held at the Sacred Heart Community Center Cafeteria on Monday, Oct. 18 at 6 p.m.

Al and Dorothy Yosten and Billy Henzley attended the wedding of the daughter of Ronald and Elaine Tischler in Pilot Point. Steven and Penny Fisher and their daughter, Mary, are shown with the many bags of trash the couple and Janie Fisher picked up this weekend along FM 373 north of Muenster. Fisher adopted a two-mile stretch of the highway under the name North Town Partners. He hopes that people who live north of Muenster, Muenster residents, or youths needing community hours will join and help with future trash collections. Volunteers are encouraged to contact him at 759-4561. Janie Hartman photo

NCTC students seek dorm parents

A number of students living on campus at North Central Texas College (Gainesville Campus) are in need of "adoptive parents," it was announced by the NCTC Ex-Students Association (ESA). Each year, ESA sponsors an "Adopt-A-Dorm Student" program to provide students living away from home with sponsors or "dorm parents" with whom they can establish a more personal relationship.

"It's a wonderful way we can provide a support system for these students," said ESA spokesperson Debbie Pounds. "It gives them somebody they can turn to, just for an

encouraging word or sympathetic ear, an occasional 'care package' of goodies, or just some personal contact that's a little more 'down home' than what they get interacting with fellow students. It has been an exceptionally popular program—so popular, in fact, that this semester we have a big increase in the number of participating students. Unfortunately, the demand for dorm parents right now is greater than the supply."

For more information, contact Debbie Pounds at 940-668-4213.

School

New year with new style

The Sacred Heart Machinators are starting this year's BEST Robotics competition with a new style. For the first time ever, they have included the members of the Sacred Heart Eighth Grade Class. The judges of the competition have encouraged the team to bring in a younger generation in order to strengthen and expand their program.

In addition to the new year, the teams' officers, mentors, and coaches would like to extend an invitation to all area 8-12 grade students to be a part of the Machinators Team. This

invite is for all the local students who are interested in the competition, yet whose school is not involved in BEST. Feel free to contact Christine Retsch, president and business manager of the Machinators, at 940-759-4890 for more information regarding this invitation.

"If it wasn't for the support of our local community, we would not be able to compete for our ultimate goal," stated Senior and Head Engineer Thomas Otto. When the competition is underway, the judges will take note of the amount of support each team has received. Each team will

receive points for every sponsor, which will bring them closer to winning the competition.

The Machinators have created three levels of sponsors which are in order of prestige: Corporate, Banner, and Donor. The Corporate Sponsors include Community Lumber, BMW Insurance, and Herbie Knabe.

The Machinators are working around the clock in preparation for the game day and will keep you posted with their latest developments in the upcoming weeks.

Hornets win District opener

"It's always tough to win at Collinsville," was a comment made by Muenster Coach Monte Endres prior to the Hornets game with the Pirates last Friday. The 1st half proved that to be true, as Muenster was flagged six times, several after good gains and one that called back at touchdown.

The 2nd half there were no penalties until the last seconds of the game when Muenster, allowing time to tick off the clock, was charged with a delay of game. The 2nd half comeback by the Hornets earned them a 21-12 victory.

Collinsville started the opening possession of the game from their 43, getting in one good run before the Hornets defense, led by Daniel McGraw, Zach Swirczynski, and Chase Cain, forced a punt. From their 8 yard line, runs by Justin Ferguson, Clint Miller, and Cain moved the Hornets to their 30 yard line, but three plays later, Muenster punted on 4th and 11. It was four downs and out for the Pirates, punting to the Hornets. Muenster, however, failed to get 10 yards and punted. Tackles by Sean Fuhrmann and Jordan Walterscheid held the Pirates, but a flag gave them a 1st down. The Hornets defense held again and Collinsville punted.

Runs by Ferguson and Swirczynski carried the ball into the 2nd quarter. From midfield, Miller carried twice to the Pirate 28, Swirczynski gained 3 yards, then Fuhrmann found the end zone on a 25 yard run. A flag on the play pulled the line back to the 15 yard line. The drive hit a rut with another flag and three unsuccessful passes.

Collinsville, starting on their 14, moved out to the 26, but a tackle by Ferguson and Miller, and two incomplete passes forced a punt. Three plays later, the Pirates stole a Muenster pass, got in one good run, then was halted by Cain (quarterback sack), Cole Harrison, and an incomplete pass. The punt made Muenster start their next drive on their 23.

Several short runs were followed by a punt. Seven plays and two flags later, Collinsville snuck in to get the home team on the board. The PAT kick failed and with 56 seconds on the 2nd quarter clock, the Pirates led 6-0. Muenster got in six plays before going to the locker room for a break.

"We refocused, played harder," Coach Endres said on the 2nd half of the game. "Had some mistakes in the 1st half that kept our momentum down. We fixed those mistakes and got the job done." Coach Endres also noted that the Hornets re-established their running game the 2nd half, going "back to basics."

Clint Miller took the 3rd quarter kick 26 yards to the Hornet 41. Swirczynski and Miller picked up 26 yards with Derek Endres and Swirczynski pounding down to the 19. A Fuhrmann to Swirczynski pass found pay dirt to tie the game 6-6.

Derek Endreshoff boosted the extra point to give the Hornets a 7-6 lead with 7:31 on the clock.

The Pirates could do nothing with the ball and punted after three downs. Runs by Swirczynski, Miller, and Ferguson, and a Fuhrmann to Swirczynski pass put Muenster on the 25 yard line. A fumbled ball was covered by Collinsville. On 3rd and 5, a quarterback sack knocked the ball loose. Swirczynski picked up the ball and plowed 38 yards into pay dirt. The PAT by Endreshoff kicked gave the Hornets a 14-6 lead with 1:12 still remaining in the 3rd period.

The Pirates carried the ball into the final quarter, taking seven plays to score on a 15 yard run. The Hornets defense squelched Collinsville's attempted 2-point conversion, for a 14-12 score with 11:38 on the clock.

Collinsville covered an onside kick, but went nowhere, when Jordan Walterscheid intercepted a Pirate pass. The Muenster drive in the quarter went ten plays, but the Hornets failed to make it past the Pirate 45 yard line.

The Pirates snapped eight plays, with Chase Cain ending the drive with a fumble recovery. Justin Ferguson picked up a quick 37 yards to the 3 yard line. Zach Swirczynski then scored with 2:48 remaining in the game. D. Felderhoff added the point after, and Muenster was up 21-12.

A short kick gave Collinsville the ball at midfield. An incomplete pass was followed by the Muenster defenders breathing down the Pirate quarterback's neck, causing an interception by Miller.

The Hornets got in five plays, working on the clock to get a district win.

Next Action
 District play continues as the Hornets host the Panthers of Saint Jo. "This is always a big game," commented Coach Endres. "They have their backs against the wall (after last week's loss to Valley View). They have to win to make the playoffs."

The Panthers took pre-district wins from Wilson, Oklahoma (45-0) and Wichita Falls Notre Dame (53-0), then lost to Sacred Heart (30-14). Last week the Panthers lost their district opener 48-16 to the Eagles of Valley View.

Game time is 7:30 p.m. at Hornet Stadium.

Stingers, Pirates end with tie game

The 7th Grade Stingers waited until 49 seconds remained in the game before putting points on the board last Thursday, then settled for a 6-6 ball game against Collinsville.

Levi Trubench and Coney Sicking made gains, while T.J. Acuna, Trubench, Stewen Valliere, Eric Hellman, Josh Womble, and Andrew Koestler all got in on tackles in a scoreless 1st quarter.

Collinsville carried the ball into the 2nd period, but a tackle by Koestler and Jeremy Lutkenhaus stopped a 4th down run. Muenster took over on their 43 yard line. Unable to get the needed yards, the Pirates regained possession near midfield. Tackles by Hellman, Sicking, and Lutkenhaus dropped Collinsville 5 yards, but a 4th down pass kept the Pirate drive alive to the 28 yard line. Another pass found the end zone with 21 Lutkenhaus, Sicking,

Acuna, Allen Fette, and Hellman, and a 5 yard flag put Collinsville in a 4th and 20 situation. A quarterback sack by Sicking dropped another 7 yards and Muenster took over on the Pirate 28.

After a fumble in the backfield, Lutkenhaus picked up 4 yards and Klement 2. On 4th and 7, Coney Sicking's extra effort picked up the 1st down at the 16. Sicking ran twice more for 9 yards as the 4th quarter began.

A good drive towards the end zone ended when a holding flag and a fumble in the backfield put the Stingers on the 24. A 4th down pass was short and the Pirates got the ball on their 17 yard line.

Good defensive plays by Lutkenhaus, Fette, Acuna, Valliere, Holden, and Trubench held Collinsville to 6 yards and the ball was returned to the Stingers on the Pirate 25. Trubench and Sicking

moved the ball to the 13. Trubench got another 22 yards, then Sicking found a hole, and with an extra push, dragging several Pirates, found the end zone. With 46 seconds on the clock, Muenster tied the game 6-6. The extra run was short.

The kick by Lutkenhaus was returned to the Collinsville 35. The next play, Levi Trubench intercepted a pass and ran it back 45 yards to the end zone. Flags on the field, for an illegal block in the back and celebration in the end zone, put the ball on the Pirate 49 yard line with 1:39 seconds to go.

A quarterback sack, then an interception ended the game in a tie.

Red Stingers win 14-12

The Muenster 8th Grade Hornets took a come-from-behind District victory last Thursday in a 14-12 win over Collinsville.

Action began when the Pirates got a 59 yard first play run to the Muenster 15 yard line. But the drive stopped at the 2 yard line, as the Hornet defense with tackles by Jeff Schniederjan, John Monday, Corey Reynolds, and Jared Flusche dropped the Pirates for losses the next three attempted runs. An incomplete pass on 4th down gave Muenster the ball on their 9 yard line.

Tanner Herr got the ball out to the 24, then runs by Reynolds and Paul Crabtree gained 19 yards. A fumble at midfield returned the ball to Collinsville. A quarterback sack by Reynolds, pass defense by Cesar Robles and Taylor McGrew, and a McGrew tackle made the Pirates give up the ball on Muenster's 41 yard line.

Two runs by Reynolds took the Hornets into Pirate territory as the 2nd quarter began, but then the offense struggled and Collinsville got the ball. Flusche tripped the quarterback for a sack, then the next play, pressure by Flusche and Reynolds caused an incomplete pass and the Hornet Stingers got the ball at the Pirate 46. Three plays later, a fumbled ball gave Collinsville the ball on their 25 yard line. With 31 seconds on the clock, the Pirates ran 75 yards for a touchdown. The extra point failed for a 6-0 score.

Crabtree returned the kick 22 yards to midfield. A Herr to McGrew pass picked up 9 yards, and Herr ran for 7 more before time ticked off the clock for the halftime break.

Collinsville attempted an onside kick to begin the 3rd quarter, but it didn't work as Josh Sicking covered the ball at midfield. Herr picked up 4 yards, then Reynolds, after breaking several tackles, got the ball to the Pirate 14. Reynolds carried again for 4, then Crabtree got to the 1 foot line. Reynolds then scored with 6:10 on the clock to tie the game 6-6. Reynolds found the end zone on the extra points run, but a holding flag made Muenster try the PAT again. An attempted pass play failed.

John Monday kicked the ball to the 15 yard line. Collinsville made an 85 yard touchdown return to take back the lead. Monday, Crabtree, and Reynolds rushed the quarterback on the extra points attempted pass, for a 12-6 score with 5:56 remaining in the 3rd quarter.

Paul Crabtree returned the Pirate kick to the 40 yard line to begin the Stingers' next drive. Two flags delayed Muenster, then Reynolds ran for 49 yards in two carries to the Collinsville 36. Charging up the middle, Reynolds picked up 7, a flag lost 5, then

Crabtree got back 3. Reynolds then got to the 3 yard line, but three unsuccessful runs lost the ball on downs.

Tackles by Monday and Dillon Haverkamp, and pass defense from Brett Morris forced a Pirate punt out of the end zone. The short kick rolled to the Pirate 35. Three Reynolds runs moved Muenster to the 23. Herr picked up 3 more yards, then Reynolds found a hole for six points to tie the game. Reynolds then added

the PAT run and Muenster took a 14-12 lead with 4:06 remaining in the game.

The Pirates got in two runs, then McGrew and Josh Sicking caused a fumble and Mason Kieninger covered the ball on the Hornet 29. With 3:15 on the clock, Muenster ran Reynolds six times, picking up 34 yards and running down the clock. The game was officially called with just seconds on the clock due to lightning.

MEN WOMEN
Even in Houston!

It was an exciting game for the fans Friday night as long runs, turnovers, and big plays made the Lindsay Knight District opener a game to remember. When all was said and done, Lindsay brought home a 21-14 victory over Petrolia.

"Petrolia is a very good team. They're explosive," noted Lindsay Coach John Erwin. "It was a very defensive ball game." Erwin singled out Jake Bussey (#20). "Every time he touched the ball, he threatened to go all the way."

John Mosman's opening kick put the Pirates on their 17 yard line. Two plays later, Petrolia scored on an 83 yard run. The PAT made the score 7-0 a minute-five into the game.

A short kick and a Petrolia penalty put the Knights on their 47. Lindsay's first run lost 2 yards, but the second saw quarterback Bradley Anderle race down field for a 55 yard touchdown. Jonathan Rohmer added the point after for a 7-7 ball game with 10:08 still on the clock.

Tackles by Jacob Geray, Garrett Jones, Adam Kasparek, Cody Anderle, and Alan Trammell held the Pirates, forcing a punt. Lindsay got in four plays, then threw an interception, putting Petrolia on the Knight 16 yard line. A penalty, an incomplete pass, and a Mosman tackle lost a yard. A field goal attempt was blocked and Lindsay got the ball on their one yard line. Gaining only 9 yards, the Knights punted. Tackles by Dustin Hughes,

Geray, C. Anderle, Jones, and Mosman, a penalty, and an incomplete pass forced a punt on 4th and 16.

Starting on their 23, three Anderle runs gained 32 yards to end the 1st period. Runs by Derick Murray, Anderle, Kasparek, and Trammell got the ball to the 14. An Anderle to Levi Hermes pass picked up 13 yards. After three runs gained no ground, Anderle finally scored with 5:47 remaining in the 1st half. Rohmer's PAT was good for a 14-7 score.

From their 23, the Pirates pounded the Knight defense getting in 11 plays to the 17 yard line before running out of downs. Lindsay got in three good runs, Trammell for 17 and Anderle for 24 and 11, before the 1st half ended.

Lindsay's first drive in the 3rd quarter consisted of eight plays, ending with an interception. The Pirates took advantage of the turnover, scoring four plays later on a 25 yard pass play, tying the game 14-14 with 7:57 on the clock.

The teams exchanged a few punts, with Blake Beadles getting in a sack. Petrolia carried the ball into the final quarter, ending the 12 play drive with a punt. The Knights also ended their next drive with a punt, then ended the Pirate drive when Cody Anderle picked off a pass, giving Lindsay the ball on the Pirate 18.

Murray, Anderle, and Trammell each gained 5 yards, with a penalty assisting the Knights to the 2 yard line. On 1st and goal, Brad Anderle scored, breaking the tie. Rohmer hit

another PAT for a 21-14 score with 3:46 on the clock.

Petrolia's attempt to score ended when B. Anderle intercepted a Pirate pass at the 8 yard line. With 3:31 on the clock, Lindsay's offense stayed on the ground with Kasparek, Trammell, and Anderle taking turns with the ball until the clock ticked down to all zeros.

"Great win. To pull it out in the 4th quarter," said Erwin. "An exciting win!"

Next Action
The Knights will face another Pirate team this Friday, as Collinsville comes to town in round two District action.

"Another good team. We just can't take a break in this District," Erwin said, adding "Collinsville runs the ball better than Petrolia. I'm glad we have them at home. It's always better when playing on friendly turf."

The Pirates are coming off a loss to Muenster and will be trying to stay alive in the battle for the playoffs.

Action begins at 7:30 p.m.

TWU drama to stage 'Nuts' at courthouse

The audience will become part of the courtroom drama as the Texas Woman's University theatre department opens its 2004-05 season with "Nuts," Oct. 7-10 in the Denton County Courthouse on the Square, 111 W. Hickory St.
 Performances are at 8 p.m. Thursday, Oct. 7

through Saturday, Oct. 9, and at 2 p.m. Sunday, Oct. 10. Admission is free, and no tickets are necessary. For information, call (940) 898-2020.
 "It's a very intimate environment," said Jeff Winkler, a TWU graduate student directing the play. "The great idea for us though you're watching an actual trial." The audience at times will participate in the production, standing when the bailiff calls "All rise" as the judge enters the room. It's part of the dinner theatre aspect Winkler wants to bring to the production.
 Due to limited access for

rehearsals, the entire courtroom — from the width of the room to the height of the judge's bench — had to be measured and recreated on the TWU campus. Still, Winkler said the crew and the cast — many of whom are first-time performers — are enthusiastic about the play and the venue.
 "Nuts" is Tom Topor's story of a competency hearing for Claudia, a high-priced call girl who claims she killed a client in self-defense. Her conventional upper-middle-class parents want to have her declared incompetent to stand trial and be committed to an asylum "for her own good."

Barbara Streisand brought the play to the movie screen in 1987, and Winkler said the movie was quite different from the play. He's making his own changes to TWU's production, updating the time to present day, and moving the setting from New York to Texas.

Farm Service Agency News

Controlled Substance

Any person who is convicted under federal or state law of a controlled substance violation could be ineligible for USDA payments or benefits. Violations include planting, harvesting, or growing a prohibited plant. Prohibited plants include marijuana, opium poppies, and other drug producing plants.

Non-insured Assistance Program

Beginning with 2005, producers who have no crop changes from their 2004 NAP contract have the option of continuous coverage. However, the applicable service fee must be paid by the application closing date. This allows you to just send in the money, eliminating a trip to our office to sign a new NAP contract. The service fee is still \$100/crop up to \$300/county (unlimited number of NAP crops) with a cap of \$900/multi-county producer.

The deadline to purchase NAP coverage is:

- Small Grain for grazing - Sept. 1.
- Small Grain for forage - Oct. 1.
- Native Pasture grazing, Improved Pasture grazing - Dec. 1.

Producers that have a NAP policy on small grain grazing or small grain forage need to report their crops as soon as they are planted. Producers that have a NAP policy on acreage that is intended for forage must keep production records separate from acreage that was intended for graze but mechanically harvested instead. Producers must request FSA identify and measure the quantity of mechanically harvested production from forage acreage reported to FSA as intended to be grazed by initiating a measurement service request.

The number of corporate farms declined by 18.4% from 1997 - 2004.

Grain Sorghum Producers applaud Senate for action

National Grain Sorghum Producers (NGSP) applaud members of the U.S. Senate who passed the 2005 Homeland Security Appropriations bill which

was amended to include \$2.9 billion in emergency agricultural disaster assistance.

The relief package provides emergency assistance in the form of a Crop Disaster Program (CDP), Quality Loss Program (QLP), and a Livestock Assistance Program (LAP) for eligible losses sustained by producers in counties designated as primary or contiguous disaster areas during the 2003 or 2004 production years.

The assistance covers insured, uninsured, and non-insurable crops. Producers will be eligible for assistance if they experienced production losses in excess of 35 percent of the higher of producer's Actual Production History (APH) determined for crop insurance, 5-year NASS average county yield, or Noninsured Assistance Program (NAP) approved yield.

APHIS changes it's policy on announcing inconclusive BSE test results

USDA's Animal and Plant Health Inspection Service is changing its protocol for announcing BSE test results.

Currently, the regional labs are running the first rapid test, and if that test is inconclusive, forwarding tissues to the National Veterinary Services Laboratories (NVSL) in Ames, Iowa, for confirmation. If the result is the same, APHIS announces that they have an inconclusive sample.

APHIS is changing the protocol to follow the manufacturer's instructions. If the first test is inconclusive, the lab will run a second and third test at the same time. If these results are both negative, the sample will be considered negative.

However, if one of the second and third tests comes back as inconclusive, APHIS will announce it, and send the sample to NVSL for an immunohistochemistry test — the gold standard test for BSE. The National Cattlemen's Beef Association supports the new protocol.

NCBA President Jan Lyons said, "It conforms to the manufacturer's recommendations and is consistent with practices by other countries, which have identified the best scientific practices to identify the disease."

"Their move should help protect our industry by maintaining consumer confidence and reducing market volatility."

Fall CEU Update

Each year a Fall CEU Update is scheduled during the evening hours to help private applicators obtain necessary education hours to maintain their TDA pesticide licenses. This year the Update will be scheduled for Oct. 20 and 21. The program will be at the Cooke County Fairgrounds from 6 to 9 each evening.

October 20 will feature three speakers. Dr. Kevin Ong, Extension Pathologist, will discuss various disease problems occurring in our County, for pastures, and for wheat production. Next, Dr. Allen Knutson will discuss insect problems and their control for forage production and for pecan production. These two speakers will fulfill TDA requirements for one "general", and one "IPM" CEU. The last speaker of the night will be Dr. Ellen Jordan, Extension Dairy Specialist. She will discuss the occurrence of Johnes Disease in beef cattle herds in Texas, and of the eradication efforts currently under development. This portion of the program will count for one BQA CEU,

pending approval.

Oct. 21 will feature Jeff Ball, one of the Noble Foundation's Soil Fertility and Crops Specialists. Other speakers will be named at a later date. Two "general" TDA CEUs and one "laws and regulations" CEU are expected to be offered this night.

Remember, for Private Applicator license holders, in order to renew your TDA pesticide license, 15 CEUs are required before the expiration date. Two of those 15 must be in "laws and regulations" and two must be in "IPM". The remaining 11 can be any combination of topics.

TEXAS RANGES BEST IN YEARS

Texas rangelands are shaping up to have a great winter.

West Texas pastures are improving. Most of the grass in Texas ranges are looking better than they have in years, mainly due to higher-than-normal rainfall. They should remain in good condition unless they are over-grazed, which is unlikely to happen with cattle prices remaining high.

West Texas also received abnormal amounts of rain this summer, and the rangeland

has benefited. Weeds have overtaken the pastures, but that's not always a bad thing. Sheep and goats are raised in some regions, weeds are forage for them.

Dates to remember

Oct. 12 - Marketing Club meeting; Gainesville Farm Bureau Building, 7:00 p.m.

Oct. 20 & 21 - Fall CEU Update; Cooke County Fairgrounds, 6 to 9 p.m.

Reduce Losses When Feeding Hay to Livestock

Below is a table with some expected losses associated with different feeding strategies.

Bale type	With rack		Without rack	
	1-day supply	7-day supply	1-day supply	7-day supply
Small square bales	3.9 percent	4.1 percent	6.7 percent	7.0 percent
Large round or square bales	4.9 percent	5.4 percent	12.3 percent	43.0 percent
Small round bales (fed in place on pasture)	-	-	10.0 percent	30.0 percent

Although agriculture employs one out of every five working Texans, less than 2 percent of the population is involved in day-to-day farming or ranching.

Alois and Rose Sicking dug up a "few" more sweet potatoes from their garden earlier this week. Each plant produced 15-29 pounds of potatoes, more than enough to share with family, neighbors, and friends. Janie Hartman photo
