Congressman Hall wishes Marlene Hess a fond farewell

Congressman Ralph Hall wishes Marlene Hess farewell. Hess is leaving the United States this month to begin a 27-month assignment as a Peace Corps Volunteer in Namibia, South-West Africa.

Marlene, a native of Muenster, began her public service as an intern in Congressman Hall's office during her senior year of high school and again during her college years.

Following her graduation from Texas Tech, she became a district assistant for Congressman Hall, serving Gainesville and Cooke County from 1996 to June 1998. She then moved to Washington, D.C., serving as a Legislative Assistant for the Congressman until October 1999, when she left his office to begin working for the American Red Cross. Marlene has been an effective advocate for the Red Cross for some five years, but wanted to broaden her public service experience. She applied to and was quickly accepted by the Peace Corps and will leave this week for her new assignment.

"Marlene has been successful in everything that she's done. I predict success in the Peace Corps and in her every endeavor," said Congressman Hall.

Knights of Columbus present annual Good Neighbor Award to Larry Wassell

By Elfreda Fette
In a custom of long-standing eminence, Muenster Knights of Columbus Council #1459 announced the winner of the annual Good Neighbor Award, an observance of Columbus Day, on Sunday, Oct. 10 after Mass in Sacred Heart Church.

The announcement of Larry Wassell as their selection of Muenster's Good Neighbor Award, a prestigious honor for the winner and his family, was met with enthusiastic approval and applause from all attending. Many remained to offer their good wishes and congratulations to Larry Wassell and his wife Nancy.

The announcement was made by Butch Fisher, who then invited everyone to attend a reception in the Knights of Columbus Hall, and attend and enjoy a hearty breakfast. There would be plenty of time for fellowship, and to become better acquainted with Larry and Nancy Wassell.

In the announcement, Butch Fisher explained that every year, the Knights of Columbus honor someone of another faith in the ecumenical spirit of encouraging greater harmony among creeds. The award is presented to someone whose pursuit of excellence is exemplified by his love of God and love of his fellow men, someone

whose generous contributions and extensive services to the community are performed in a gentle, quiet manner, shunning all publicity. In this spirit the Knights of Columbus saluted the 2004 winner of the Good Neighbor Award, Larry Wassell!!!

At the breakfast, Bob Bauer stated that Larry Wassell is richly deserving of the Good Neighbor Award and has earned it by the many ways he has contributed to this community and the admirable mark he has put on innumerable endeavors, and the countless times he has assisted endeavors of others, when no mention or credit was noted.

Continuing, Bob Bauer stated that Larry Wassell's nearest and dearest charity is Cooke County Hospice and Vitas Hospice, where cancer patients receive support.

Also he makes donations to the local food bank; he allows the game warden to use his Fish Creek Ranch for the Orphan Young Hunters Program each year; he is a supporter of both schools, MISD and Sacred Heart Schools in numerous ways; he has donated lettering for their vehicles to both schools; he donated signage to the Knights of Columbus and to the Muenster Museum, and sent his own employees to assist with installation.

Pausing, Bob Bauer stated, "I would like to present the recipient of the Good Neighbor Award and this community's friend, Larry Wassell."

The honored Good Neighbor Award winner responded most graciously, "Thanks! I'm not used to this kind of thing... and I really appreciate your including me in this program, and honoring me and my wife Nancy."

Special guests of the Wassells were their son Brett and his wife Karen and their children, Brandon and Kaylee; and their daughter René and her husband Scott and their daughter Amanda.

Larry Wassell, of both Muenster and Fort Worth, grew up in the Rio Grande Valley; went to school in Tennessee; and returned to Texas in the late 70s due to a job transfer. He became a full time entrepreneur, as an automatic/window distributor. His company name is American Filter Film, with a total of 16 employees.

His son is the developer of software for cutting the film to place on the car windows.

His home in Muenster is Fish Creek Ranch, where he raises Black Angus cattle and pecans. He employs a local man, Tim Bartel, as ranch manager.

"Not all business" is Larry

Texas Department of Health request alters MMH flu vaccination policy

By Janet Felderhoff

There is such a shortage of the flu vaccine that the Texas Department of Health (TDH) is strongly requesting that the available doses be given only to high-risk patients. Last Wednesday Muenster Memorial Hospital set up a policy that gave priority to high-risk patients of the Hospital District until Oct. 20. At that time they planned to open up the opportunity to be vaccinated to all other residents of the Muenster Hospital District.

On Nov. 1, the vaccine would be offered to anyone who came to the MMH facilities requesting the flu shot as long as doses were available. The TDH request changed that plan of action.

Flu shots scheduled to be given in October at the local schools are canceled.

The following policy was initiated regarding the flu

vaccine after a staff meeting Wednesday afternoon:

Priority is given to high-risk residents of Muenster Hospital District. The Hospital and the Family Health Clinic per request of the Texas Department of Health have adopted the CDC definition of high-risk. All vaccinations will be given at the Family Health Clinic or the Muenster Home Health office.

Until Nov. 1, only high-risk residents of the Hospital District will be given their shots. Vaccines will be given as long as the supply lasts. They cannot guarantee that each person requesting the flu shot will receive the vaccine.

On Nov. 1, subject to the remaining supply, the flu vaccine will be made available to other high-risk patients in the North Texas area. The Texas

Department of Health will provide assistance in identifying those high-risk patients in need of vaccination and where the vaccinations will be given.

The charge for the vaccine is \$15 for non-Medicare patients. Medicare patients will receive the vaccine free of charge.

Center for Disease Control (CDC) guidelines to follow regarding who should receive the flu shot are:

- * all children aged 6-23 months
- * adults aged 65 years and older
- * persons aged two-64 with underlying chronic medical conditions
- * all women who will be pregnant during influenza season
- * residents of nursing homes and long-term facilities
- * children six months-18

See TDH pg. 3

Danny and Leslie White were featured speakers at the annual Sacred Heart Trust Fund Dinner.

Whites reveal experiences at SH Trust Fund Dinner

Supporters of the Sacred Heart Trust Fund gathered for their annual dinner on Sunday, Oct. 10, in the Community Center. The dinner is held each year to thank supporters and provide an update on the financial status of the Fund for the past fiscal year. The Trust Fund, the sole purpose of which is to supplement teachers' salaries at Sacred Heart School, has contributed more than one million dollars toward teachers' salaries over the last several years.

Presenting the financial report was Peter Wall of Austin, Financial Consultant for Smith Barney, Inc., who handles investment of the Trust Fund monies. Peter is married to the former Margie Schoech, 1961 graduate of Sacred Heart School. Noting that the \$1,330,336.67 net worth figure for June 30, 2004, reflected a \$210,000 increase over the previous year and a 20% return on investments, Mr. Wall went on to predict moderate, low double-digit, average returns for the coming year, stressing the importance of wise investing in order to capture higher rates of return.

Highlighting the dinner were guest speakers Andrew and Leslie White, parents of Brittany, Paige, and Zachary, who arrived at Sacred Heart School in 2001. In telling their "Sacred Heart story," Andy began by recalling the hard decision he and Leslie had to make to leave their home in New Mexico, where they both had good engineering jobs and worked at the same company, but where the Catholic school only went up to grade six, and the public school experience was not proving satisfactory for Brittany and Paige. Realizing they could not put their careers first and just

let the rest of life work itself out, and that once Brittany started high school, that was the school system to which they would be committed, they went through a grueling period of discernment, which ended in their taking a momentous leap of faith. Andy quit his job, planning to serve as a Navigator with an Air National Guard C-130 unit, which he saw as a steppingstone in providing a transition to a new home. Choosing the Fort Worth area, he moved in with Leslie's sister Kathy and her family in Decatur, "trying to put together the pieces of the puzzle to make our move happen."

"After a quick glance at the schools in the Decatur area, I visited with Kathy and asked her advice. She

simply told me, 'You need to go up to Muenster.' So, over Christmas, Leslie and the kids drove out from New Mexico and we all visited Muenster together for the first time. I think we spent a total of two hours in Muenster—all of it at Sacred Heart School—and we knew that's where we belonged," Andy related.

Nevertheless, important questions still remained: What about work if they lived in Muenster? Where would they live? Should they rent? Pieces began falling in place, however, and they began to feel that "a lot of prayers were being answered." Hired by the Oklahoma Air National Guard, Andy and his family were all together under the same roof as school started,

County moves forward on Courthouse repairs

By Janet Felderhoff

Cooke County Courthouse's western exterior will soon benefit from \$2,220,280.00 designated for its restoration. The majority of the funding is coming from grant money awarded earlier this year. That amount is \$1,773,280. Cooke County agreed to pay \$447,000 as its part toward the restoration.

As part of the legalities of this grant fund agreement, Cooke County unanimously approved a funding agreement between the County and the Texas Historical Commission.

The next step in the grant process was approving a contract between the County and Komatsu Architects for architectural services for the restoration of the Courthouse. Komatsu's fee is 15% of the

bid amount plus certain other fees.

After Commissioners Court approved and signed these agreements at its Oct. 11 meeting, Judge Freeman commended Precinct #4 Commissioner Virgil Hess.

"This is the culmination of many, many hours—probably hundreds of hours—of work on the part of Commissioner Hess' part over the past seven years. A lot of hours of research and reams of paperwork to get to this point," remarked the Judge.

Precinct #2 Commissioner Bill Cox added, "I know Virgil Hess has saved us some money on this. There are a couple of times I know of, that the contractor came up with more money and they talked it over and got it taken away. Virgil has

See COUNTY pg. 3

Et Tu, ABC? By Bobby Eberle

With only three weeks remaining until voters go to the polls to determine the next president of the United States, both sides are unleashing a full barrage of campaign ads, stump speeches, and political attacks. In addition to political messages being delivered directly by the presidential campaigns and their surrogate speakers, both Republicans and Democrats have their share of third-party advocates -- MoveOn.org, America Coming Together, and others on the left, and Swift Boat Veterans for Truth on the right. However, it appears more evident and more obvious that the Democrats have a powerful ally that reaches millions of voters everyday -- the so-called mainstream media.

As if it were not enough to have CBS News push the tired issue of President George W. Bush's National Guard service using documents, which have been universally debunked as forgeries, the network followed up that display of journalism excellence with a "news story" on the possibility of President Bush reinstating a military draft. The story was based on e-mails circulating throughout the Internet, which are known urban legends and focused primarily on the comments of an anti-draft activist. Now, it appears that ABC News has shown its true colors. In a recent memo obtained by Internet reporter Matt Drudge, ABC News' political director suggests that President Bush's campaign statements should receive greater scrutiny than those of Democratic presidential candidate Sen. John Kerry.

The memo, by ABC News' Mark Halperin to ABC News staff, notes that the "stakes are getting very high for the country and the campaigns" and states that the responsibilities of the news media have "become quite grave." Halperin then tells staff members of recent stories in the New York Times and Newsweek, which claim that the current Bush attacks on Kerry "involve distortions and taking things out of context in a way that goes beyond what Kerry has done."

Halperin concedes that Kerry "distorts, takes out of context, and [makes] mistakes all the time," but justifies these actions by saying that Kerry's tactics are "not central to his efforts to win." In ABC's version of journalistic integrity, Halperin says that his organization has a "responsibility to hold both sides accountable to the public interest," but goes on to explain that this responsibility "doesn't mean we reflexively and artificially hold both sides 'equally' accountable."

The so-called mainstream media doesn't have to hold both sides equally accountable? What exactly does that mean? In the heat of a presidential campaign with both sides making claims and counter claims, are they to say that one side should be held more accountable than the other? If Kerry's distortions are not central to his "efforts to win," why exactly is Kerry saying them? Just for fun? For a few laughs? It appears so, as ABC News is now stating in writing that Kerry deserves a free pass on his comments and President Bush does not.

In a Clintonian moment of "feeling your pain," Halperin then tells his ABC News staff, "I'm sure many of you have this week felt the stepped up Bush efforts to complain about our coverage." Halperin then makes one of the most bold and most blatantly biased statements of his memo, when he describes the Bush campaign's complaints as "all part of their efforts to get away with as much as possible with the stepped up, renewed efforts to win the election by destroying Senator Kerry at least partly through distortions."

"It's up to Kerry to defend himself, of course," Halperin writes. "But as one of the few news organizations with the skill and strength to help voters evaluate what the candidates are saying to serve the public interest ... [n]ow is the time for all of us to step up and do that right."

With statements such as these, the recent stories by CBS News which were based on false and misleading information all designed to attack President Bush, and the longstanding sentiment by many that the media is biased to favor Democrats, it is no wonder that other forms of media have risen so quickly. People are tired of getting told what to think. They are tired of the spin. If both presidential campaigns are making charges and accusations, the media should investigate the charges and present the facts to the American people. That is their job. What is definitely not part of their job is to become an advocate of the Democrats. To do so, and still state that they are not biased, is a slap in the face and an insult to the intelligence of the American voter.

Perhaps the media just can't let go of the 2000 presidential election. Perhaps the fact that America has rightfully elected a Republican president, Senate, and House is too much to bear. Whatever the reason, the so-called mainstream media has done more in the past year to destroy their own credibility and show their leftist bias (web site) than any words or actions against them by those on the right have done. The 2004 election will likely be remembered for many highlights: the fierce campaigns, a war-time election, and more. It will also be remembered as the rise of the "new" media: bloggers and online news services which no longer give the left-leaning media a free pass on the facts. Members of the old media are left with two choices -- adapt or face extinction. So far, they are making a stellar effort to put the nails in their own coffins.

Bobby Eberle is President and CEO of GOPUSA (www.GOPUSA.com), a news, information, and commentary company based in Houston.

Trust Fund

from pg. 1

but he soon left for five months of training. He came home, preparing to enter the work force, only to learn five days later that his unit was being activated in support of Operation Iraqi Freedom.

Andy concluded his presentation, stating: "By now, Sacred Heart had adopted us into the family. My kids were flourishing and Leslie had a great group of friends to support her, so I wasn't worried about them. I was just dreading the separation. Yet the most dreadful day of my life became one of the most memorable when I was met with the farewell send-off at Sacred Heart School the morning I deployed. That's a debt I don't think we'll ever be able to repay."

"My thanks to all of you who have embraced our family. It was a really long and bumpy journey, but that's kind of the story of how we came from one Sacred Heart in New Mexico to another Sacred Heart here in Texas."

Following Andy's presentation, Leslie went on to address the impact the Sacred Heart School and community have had on their family. She shared that as she had gathered her thoughts for her talk, she had turned to their children for their input.

Especially significant to Brittany, a junior, was the unprompted giving, all the outside help and support that people who no longer have children in the school continue to so generously give to the school.

Paige, a sophomore, immediately remarked about the well-rounded education one receives, including academics, athletics, and faith, commenting that it creates an environment that makes kids feel needed. "It provides a fertile soil in which kids can truly flourish," noted Leslie.

Zachary, a sixth grader, very positively responded that he attends three Masses a week at school. Leslie expressed her profound gratitude for the

spiritual blessings their children receive at Sacred Heart. "I am so especially thankful for Sister Lillian and Father Pat, who help to directly form our children in their faith in such an important way."

In reflecting upon her own experience of Sacred Heart School, Leslie recalled being in church at her first opening Mass of the school year. She looked out at the sea of blue uniforms ahead of her, was struck by the tremendous sense of unity in Christ represented in that image, and joyfully exclaimed to herself, "This is the answer to all my prayers. This is what it is all about."

Leslie also remarked on the importance of things that can be taken for granted at Sacred Heart. She remembered walking through the high school the first time and being surprised to see that there were no locks on the locker doors, in fact, a number of them were even open! The sense of trust, honesty, and integrity that are a natural part of life at Sacred Heart are a rare commodity, indeed, in the world today.

Reading a poem by Hafiz, Leslie went on to compare one's life to a musical performance. "As a family, we are exposed to the fact that we do not know when or what our final note will be. But Sacred Heart School teaches our children that preparation for that final note is the substance of life. Each performance is inherently important. We know that we can't throw the stage together in the final hour--something will not be right. I thank Sacred Heart School for the endless rehearsals, be it in the classroom, on stage, working on skits, Mass, on the track, on the basketball court, or on the football field. Thank you, Sacred Heart, for preparing our little artists for their final performance, their meeting with God."

Emcee Chuck Bartush, Jr., Trust Fund trustee, then thanked all those contributing their time, talent, and treasure in

helping to put on the dinner. He also thanked the many generous contributors who have enabled the Trust Fund to be so successful, enabling grants of \$183,435 to go toward Sacred Heart salaries this past year alone. He noted the significance of small donations made throughout the year, which had brought in no less than \$50,000. Chuck also urged those in the audience to follow the example of others who have taken advantage of matching gift programs offered by employers such as Peterbilt; purchased life insurance policies, naming

the Trust Fund as beneficiary; remembered the Fund in their will; named the Trust Fund as a beneficiary of their IRA or Pension Plan; remembered deceased loved ones with memorial gifts to the Trust Fund; or established a Charitable Remainder Trust with the Sacred Heart Trust Fund as the charity.

In conclusion, Father John Ohner, O.S.A., pastor and school superintendent, led the attendees in thanking God for His many and continued blessings in providing a Catholic school to the children of Sacred Heart Parish.

Anderson elected to Texas Telephone Association Board

At its recent annual meeting held in San Antonio, members of the Texas Telephone Association (TTA) elected Joey Anderson of Nortex Communications to its board of directors. The TTA is a non-profit trade association representing more than 50 incumbent local exchange carriers in Texas. Anderson was elected to a three year term on the TTA board -- 2005 through 2007.

Anderson is vice-president of operations at Nortex Communications, which is the local telephone service provider in the Muenster, Forestburg,

Myra, Rosston, and Valley View areas in Cooke, Montague, and Denton Counties.

"Mr. Anderson is an excellent choice to serve on our board of directors," commented Brad Denton, president of the Texas Telephone Association. "He has a wealth of knowledge and experience in the telecommunications industry. We are pleased to have him elected to our board. His experience in the telecommunications industry gives him the background to be an effective leader and resource for our association."

Knights

Wassell! He has a lot of hobbies: cooking, fly fishing, photography, travel, and motorcycle riding. He and Nancy just returned from a trip combining three of his hobbies; they visited the Italian Alps, Venice, Italy, and Munich, Germany, while riding motorcycles and taking pictures.

Next on the program Sunday morning and following this, Grand Knight Darrell Herr recognized and introduced the 2003-04 officers: Father John Ohner OSA, chaplain; Darrell Herr, grand knight; John Bezner, deputy grand knight; Steven Fisher, recorder; Harold Knabe, chancellor; Butch Fisher, treasurer; Ben Fleitman,

warden; Thomas Felderhoff, Jr., financial secretary; Gerald Walterscheid, advocate; Scott Green and Doug Hennigan, guards; Wade Walterscheid, John Walterscheid, and Gary Endres, trustees; Bob Bauer, lecturer.

Membership pins were presented by John Bezner for five years membership to Danny Cochran, Patrick Miller, and Michael Flusche; for 10 years membership to Bob Bauer, Norb Bednorz, Tim Felderhoff, Tom Hennigan, Bob Hermes, Mike Hesse, and Craig Walterscheid; for 20 years membership to Tom Flusche; for 25 years membership to David Felderhoff, Duane Knabe,

and Charles Wimmer. Master of ceremonies for the event was Darrell Herr. Invocation was given by Father John, pastor of Sacred Heart Church. Pledge of Allegiance was led by John Bezner. The welcome was given by Bob Bauer. Father John presented the Good Neighbor Award.

A national organization, the Knights of Columbus is a Catholic, family, fraternal, and service organization. The Muenster Council #1459 of 45 charter members was formed on Jan. 16, 1910.

The keepsake program provided at the breakfast listed 23 projects sponsored by this council and supported by the Knights of Columbus.

Catering the bountiful breakfast, served buffet style, were Wade and Rhonda Walterscheid, Alan Sicking, and Dale Schilling. The menu included scrambled eggs, sausage, fruit salad, homemade cinnamon rolls made by Virgilla Herr, coffee, orange juice, and wine if preferred.

Assisting with serving was the Honor Society of Sacred Heart High School.

County

worked hard on it and he has kept a finger on it."

Wayne Dodson pointed out that for history buffs, there is a lot of information put together in books in the Commissioners office from way back. "It's really interesting," he concluded.

County Auditor Gloria Parrish said that there were three departments that had gone over their budgets for 2003-04 and a number of line item adjustments that needed to be made before the books could be closed for the fiscal year. Juvenile Probation was over its budget by \$12,943.70. Parrish explained that the reason it was over was a Criminal Justice grant for \$14,523.00. The last of the grant money had just been spent and the funds applied for, but the money wouldn't arrive in time to close out the books. When it comes in, it will be returned to the General Fund Balance.

The Sheriff's Office is \$16,583.64 over currently. A fuel bill of \$4,551 is due and the bill for housing prisoners out of county hadn't yet come in. Last month that was about \$55,000. Parrish noted that part of this was due to paying off the comp time, leaving the Sheriff's extra help over by \$29,595. There are several line items that always need to be amended and she explained them.

Parrish suggested adding \$77,000 to the Sheriff's

Budget to cover the overages. She added, "In housing the prisoners out of county, we did amend that budget by \$200,000. Right now there is only \$1,589.70 remaining in that line item."

The year's books will be closed next Monday, allowing time for the late bills to arrive and be paid.

The Adult Probation Office is over \$556.76 due to utilities being more than projected.

"According to the law, we're not supposed to close our books with any department over budget, so we need to make these amendments," Parrish explained. Commissioners voted to make the required amendments and authorized Parrish to make the necessary line item changes to the budget.

After an Executive Session to discuss personnel, Commissioners voted to advertise for the following positions: librarian, secretary for commissioners, and compliance officer. Committees were formed to review the applications received, to interview applicants, and then make a recommendation to Commissioners Court as to who would be the best to hire for the positions.

Judge Freeman and Commissioner Jerry Lewis will review librarian

applicants. Commissioners Hess and Cox were appointed to review applications for commissioners' secretary. Judge Freeman and Commissioner Phil Young will handle the compliance officer applicants.

Judge Freeman said that after the death of the County librarian, he appointed Helen Neu to serve as interim librarian. She retires on Oct. 30 and so a replacement will be needed soon. He asked Commissioners to approve her appointment, since his appointment was only good until the next regular Court meeting.

An Interlocal agreement was approved between the counties of Cooke, Fannin, and Grayson, and the cities of Bonham, Denison, Gainesville, and Sherman regarding the TEEEX State Home Land Security Program. Cooke County Emergency Management Coordinator Ray Fletcher said the amount of the TEEEX grant for Cooke County is \$96,565. The Interlocal agreement is to ensure within members of the Texoma Council of Governments (COG) that as a rule the money is spent on priorities. Fletcher said that Cooke County's part will be spent to finish buying handheld radios for the fire departments, sheriff's department, and EMS. Any money remaining after these are purchased will be used to upgrade truck and car radios for these departments.

Fletcher said their goal is to bring the County's radio communication into the digital age and to have the ability for all departments to communicate with each other in the event of an emergency that would require cooperation and communication between all the emergency responders in the County.

North Central Texas Arson Task Force is a newly formed organization consisting of fire marshals and arson investigators from Denton County, Wise County, Cooke County,

Men in the Service: S. Sgt. Edward Starke is at Fort Hood; Lt. Rita Voth is at San Diego Naval Station after 15 day leave here; Marine Pfc. Pat Stelzer is transferred to the Far East; S. Sgt. Leroy Schmitz is a patient at Brooke Army Hospital in San Antonio. Wedding: Clara Flusche and

Julius Hermes, Jr. The Alphonse Felderhoffs and the T. Voths are on deep sea fishing trip in Galveston. New Arrivals: Roy to the Anthony Klements; a daughter to Mr. and Mrs. Cecil Aytes; a daughter to Mr. and Mrs. Leonard Endres. The Bob Koppers of Giddings return home after attending church and school dedication. Capt. and Mrs. Harold Falck visit Lourdes, Paris and London while he is stationed in the army overseas.

**25 YEARS AGO
October 12, 1979**

Ike Fulton and Ray Hudson receive K of C Good Neighbor Award. Sister Roberta Hesse relates joys and sadness of African mission work. The Clifford Sickings win the October Yard of the Month honors. New Arrivals: Emily to Tom, Jr. and Becky Felderhoff; Melody to Mr. and Mrs. Edward Morrison. Mrs. Joe Starke and the Henry Starkes of Muenster, and the Robert Grubers and Alice of Lindsay, and the Vincent Forresters of Forestburg attended the silver wedding celebration of Mr. and Mrs. Ed Starke in Nocona on Sunday.

**Gibbs hosted by
local Democrats**

The Cooke County Democratic Club hosted a reception for State Senate candidate, Paul Gibbs, Thursday, Oct. 14 at the Gainesville Chamber of Commerce. The reception was from 11:30 a.m. until 1 p.m. and the public was invited.

Gibbs is a registered pharmacist and also serves as mayor of Nocona in Montague County. His brother, Dr. Mark Gibbs, is a physician in Gainesville.

Gibbs is challenging Republican Craig Estes for his State seat in the Texas Senate. Gibbs answered the questions and concerns of those attending.

Flufrom pg. 1

years on chronic aspirin therapy

* health-care workers with direct patient care

* home care-givers and household contacts of children aged less than six months

"Due to requests of the Texas Department of Health, we have re-directed our focus to take care of those who are at most risk of a serious illness. We appreciate everyone working together to achieve this goal," commented Richard Arnold, MMH Administrator, CEO.

Danny Lovelace, PR spokesperson for MMH, reported that areas to the west such as Saint Jo, Bowie, Nocona, and Wichita Falls did not receive any of the vaccine. He said he understands that Gainesville would be out sometime Wednesday.

Lovelace said that the Muenster Hospital's Lab would be well stocked to test for the flu and that the District would stock up on the medicine given to lessen the severity of the flu. It must be given within 48 hours of the first symptoms.

Lifestyle

Tepera, Jones exchange vows in New Mexico

The Sangre de Cristo Mountains of Red River, New Mexico formed the background for the July 17, 2004 wedding uniting Mary Rebecca Tepera and Matthew Cope Jones, both of Austin.

Parents of the couple are Mr. and Mrs. Joseph Edward Tepera of Muenster, father and mother of the bride, and Douglas Wayne Jones of Denver, Colorado and Marilyn Jones Parker of Tulsa, Oklahoma, parents of the groom.

The wedding party included sister of the bride Nancy Tepera Anderson of Springfield, Illinois as matron of honor, and Jessica Adair Lay of Austin as maid of honor. The groom's brother Justin Paul Jones of Tulsa, and friend James Douglas Berry of Austin acted as best men. Claudia Grace Crutcher served as flower girl and Sara Ann Crutcher as train-bearer. Both are nieces of the bride and reside in Amarillo.

The ceremony took place at the mountain cabin of the

bride's aunt Sara Morton. During the procession, the bridal party made its way across a white painted bridge that was flanked by tulle-trimmed hanging glass buckets filled with small orange rose buds and cascading ivy. Blue bows were used as accent. This theme was continued along a winding path that led to a latticed archway adorned in ivy, orange roses, gerbera daisies.

The bride's ivory silk gown featured spaghetti straps, beaded bodice with an empire waistline and a sheer beaded overlay. Roses and gerbera daisies of varying shades of orange comprised her bouquet. Her hair was worn loose around her shoulders and secured by a silken bandeau.

The bridesmaids' dresses, also silk, complimented the one worn by the bride, but were baby blue and street-length. They carried bouquets similar to, but smaller than, that of the bride.

The groom wore a charcoal pin-striped suit with an ivory shirt and an

orange and ivory striped tie. His boutonniere was a single deep orange rose bud. His attendants were attired in black suits with baby blue shirts and matching baby blue striped ties.

The bridal couple repeated their vows, written by themselves, in front of Justice of the Peace Jack Griffin of Red River. Readings were done by groom's friend Craig Ferguson of Mexico City, and brother of the bride Steven Paul Tepera of Austin.

Music on the fiddle was provided by Ronald Jones, groom's uncle of Parker, Colorado, who played traditional music during the professional and recessional, and other selections before and after the ceremony.

The 80 guests enjoyed a wedding buffet, hosted by the bride's parents and catered by John Merrill of Altitudes Restaurant. A two-tiered wedding cake, decorated with fresh orange rose buds, and a groom's cake were brought in from Taos, New Mexico.

The previous evening, a hamburger supper for all guests was given by the bridegroom's father and also catered by Mr. Merrill.

Following the wedding meal, the bridal pair departed amidst a spray of rose petals which were distributed by the bride's nieces Madeleine Leigh Tepera of McKinney and Abby Elizabeth Crutcher of Amarillo.

The bride is a 1996 graduate of Lindsay High School and has a bachelor's degree in Architecture from the University of Texas. She interned with Tod Williams - Billie Tsien Architects in New York City and is employed by Krager/Robertson Design Builders in Austin.

Matthew graduated from Ponderosa High School in Parker, Colorado and the University of Northern Colorado in Greeley, majoring in Theatre Arts. He is a film production secretary at Lava Girl Productions in Austin and plans to continue pursuing a career in the movie industry.

Mr. and Mrs. Matthew Jones ...nee Mary Tepera

Banquet features Fr. Frank Pavone

Fr. Frank Pavone, National Director of Priests For Life, will be the guest speaker for the Catholics Respect Life's first benefit on Saturday, Nov. 6 at St. Elizabeth Ann Seton Catholic Church in Keller. Fr. Pavone will speak on Life Issues at 7 p.m. A reception will follow in St. Elizabeth Ann Seton's Parish Hall.

Many recognize Fr. Pavone from his appearances on EWTN, the Eternal Word Television Network. He has also been an EWTN program director. Currently airing on EWTN is his newest program, "The Gospel of LIFE". Fr. Pavone also serves as president of the National Pro-Life Religious Council.

Fr. Pavone was born in Port Chester, New York and

has been active in the pro-life movement since 1976. He was ordained a priest of the Archdiocese of New York by Cardinal John O'Connor in 1988. He served for five years as a parish priest in Staten Island, and taught theology at St. Joseph's Seminary and other institutions. In 1997 he was asked by the Vatican to help co-ordinate, pro-life activities throughout the world as an official of the Pontifical Council for the Family.

Catholics Respect Life is the Diocese of Fort Worth Pro-Life Ministry. Advance tickets are \$10 and are available locally from Ed Zielinski at 668-2690 or at the door for \$15. Additional information can be found at www.catholicsrespectlife.org.

Lauren and Wade Trubenbach

Lauren and Wade have birthday celebrations

Lauren and Wade Trubenbach, children of Steve and Melissa Trubenbach, celebrated their birthdays. Lauren turned four on Sept. 20 and Wade turned two on Oct. 2.

Lauren started her celebration on Sept. 19 at her house with her grandparents who were treated to a German meal and a Dora the Explorer birthday cake.

Lauren's school friends and teachers at Sacred Heart Preschool shared in her "Celebration of Life" on Sept. 23. Everyone enjoyed hearing about Lauren's special moments in her life and being treated to cookies and lemonade. Special guests included her parents, grandmothers Betty Ann

Flusche and Mary Alice Bayer, and aunt Denise Bayer.

On Oct. 10 Lauren and Wade had a Finding Nemo celebration at their house. Guests were treated to a barbecue meal, cake, and ice cream. Lauren and Wade enjoyed opening all of their gifts, with special help from their cousins.

Guests attending included their parents; grandparents Mary Alice Bayer, Dan and Ethel Bayer, and Don and Betty Ann Flusche; Craig and Donna Walterscheid, Ashley and Chad; Beth, Levi and Lacey Trubenbach; Richard and Shelly Trubenbach, Lane and Ty; Denise Bayer and Toby Howard.

Dylan turns 2!

Dylan Thomas Huchton celebrated his second birthday on Sept. 26 at his home. He is the son of Tommy and Dyan Huchton. Spaghetti, meatballs, salad, and breadsticks were served for lunch in Dylan's honor. A camp scene cake made by Stephanie Heady was also served. Pictures were taken and gifts were opened.

Dylan's guests included: his parents; brother Dane and sister Debra; grandparents Jack and Debbie Brittan, David and Helen Fisher, and David and Margie Huchton; great-grandmothers Trudy Felderhoff and Billie Huchton; aunts, uncles, and cousins; Bradley and Brandy Fisher; Greg Fisher; Pat, Tammy, Sabrina, Kyle, and Brad Bezner; Troy, Amy, Ryan, and Alyssa Huchton; Jennifer, Dustin, Sadie, and Ashlyn Huchton; Travis, Elizabeth, and Madison Huchton; Hank Huchton; Jenny Huchton;

Dylan Huchton

Calvin Huchton; Mike Felderhoff; Megan and Meredith Hennigan; Carol and Kimberly Klement; Cory Charles; and Brenda and Shelby Simpson.

On Dylan's actual birthday, Sept. 27, he shared sugar cookies with his friends at Tender Loving Care. His great-grandmother Felderhoff made the cookies.

KMB volunteers spruce up Muenster for fall

Fall is an excellent time in Texas for gardening, and seems to be when the yards in Muenster are most beautiful. Keep Muenster Beautiful (KMB) volunteers worked from 9 a.m. until noon Saturday weeding and planting flowers on Main Street and in public areas to ensure the beauty of Muenster for its tourists and residents.

Volunteers met at KMB Park where they did a bit of weeding and planted red and white mums before disbursing to various areas all over the city. Girl Scouts adopted the Museum where they worked hard all morning sprucing up the gardens. MISD National Honor Society youth, under the direction of Cooke County Master Gardener Judy Flusche, pulled weeds and planted flowers in the planters along Main Street. Sacred Heart youth worked in planters at the Library, Chamber of Commerce, City Hall, and the Post Office with help from Imelda Rohmer.

Keep Muenster Beautiful is eligible to win another \$65,000 this year. All volunteers helping with beautification and cleanup projects help Muenster get closer to this goal. The current Main Street

construction project is possible because of Keep Muenster Beautiful volunteers and the award won in 2002. The next

community wide cleanup is scheduled for Saturday, Oct. 23 and everyone is welcome to volunteer and meet in the City Park at 9 a.m.

Muenster ISD students weed and plant new flowers in Main Street planters working to Keep Muenster Beautiful. Courtesy photo

New Arrival

Hermes Leroy and Christy Hermes of New Brighton, Minnesota proudly announce the birth of their daughter, Jillian Marie Hermes. Jillian Marie was born Monday, Oct. 4, 2004 at 5:48 a.m., weighing 7 lb. 8 oz. and measuring 20 inches in length. She is welcomed

home by brothers Joey and Mitchell. Grandparents are Richard and Edna Hermes of Lindsay, and Bill and Regina Schmidtke of New Brighton; great-grandmother is Cecelia Hermes of Gainesville and the late Julius Hermes, Sr. and the late Joe and Susie Hoening.

Letters to the Editor

To the Editor:

What a great performance we felt the Muenster Hornet Band gave at the Region II UIL Marching Contest held in Wichita Falls this last Saturday! Even though our new directors Mike Garrett and Melissa Zamow have only been with us a short time, they have done a great job with these kids. I don't think I have ever seen a group work as hard as the band and the flag corps have. It's just unfortunate there weren't more local people available to attend and watch them perform.

We are so fortunate to have a band program here at MISD and to have Mr. Garrett and Mrs. Zamow working with our kids. Very few schools in the area, especially IA schools, even have a band program. I can't imagine a football game without the band.

It would be great for us, adults and students alike, to

give our band kids and the band program itself as much support as the huge amount of support we always give to our football and basketball teams. It would have sent a strong message to these kids to have a large group of people cheering them on at competition like the other IA bands had.

Because of all the hard work that Mr. Garrett, Mrs. Zamow, the band, and flag corps do, so much is added to our football games and to our school. We are proud of you and your accomplishments and know that with your continued hard work and dedication; you will reach every goal you aim for. Stay with it and never give up and know we are supporting you and backing you all the way. GO BAND!

Diane Grewing

-Most Insurances accepted-

Hey, Kids! We've got a new friend that joined us at MMH Family Health Clinic this week. He's a little shy and worried about making new friends. He's looking forward to meeting all of you, but there's just one problem-he doesn't have a name yet! We need your help in picking out a good name for him. So here's the deal, for the next month, we will take suggestions for a name for our new dinosaur table. You can send as many entries as you want. You must be twelve or younger to win. The person who wins the contest will win a special prize. Send your name suggestions on a 3 X 5" card or post card to:

MMH Family Health Clinic
C/O Dinosaur Name Contest
PO Box 370
Muenster, Texas 76252

You can also drop off your entry at the clinic. The winner will be selected on November 8th and announced in the November 11th issue of the Muenster Enterprise.

Sacred Heart 2004 homecoming activities were fun for everyone

Sacred Heart School had a full week of activities to celebrate homecoming. The Queen's Court was honored on Thursday. Freshman princess was Sunni Bayer, daughter of Paul and Donna Bayer. She was escorted by Nolan Hartman. Sophomore princess was Kristen Miller, daughter of Glenn and Stacie Miller. She was escorted by Mark Fleitman. Junior princess was Joelle Fuhrmann, daughter of Francis and Cathie Fuhrmann. She was escorted by Aaron Krahl. Queen candidates were: Melissa Thomas, daughter of Michael and Jody Thomas, who was escorted by Stephen LaChance; Maggie Farrell, daughter of Greg and Debbie Farrell, who was escorted by Chris Hoedebeck; Stephanie

Henscheid, daughter of Steve and Kyla Henscheid, who was escorted by Andy Davis; and Katie Flusche, daughter of David and Laurie Ann Flusche, who was escorted by Paul Bartush.

On Monday, the school halls were decorated with the theme of Disco Fever. A volleyball competition held that night at the park was won by the seniors.

Tuesday, a scavenger hunt was held and the juniors were crowned as the champs.

A Homecoming Fair was held for the lower grades under the pavilion on Wednesday. Activities included: face painting, football throw, bracelet making, fruit loop necklaces, shaving cream design.

The Queen's Court luncheon was held Thursday in the main hall of the Community Center. Honored guests were the Queen's Court and their mothers along with their escorts. There was an evening pep rally in the gymnasium.

Friday, at the pre-game activities, the queen candidates and princesses were escorted by their fathers. Katie Flusche was crowned 2004 Homecoming Queen by 2003 Homecoming Queen Karen Gehrig. Assisting Karen were 2002 Queen Crystal Hess and 2001 Queen Kristen Smith.

Sacred Heart had a victorious game against Canyon Creek. Following the game was a victory dance at the KC Hall for the high school students.

Sacred Heart Kindergarten Class

Kindergarteners at Sacred Heart end busy first quarter

Annette Bayer's students are busy bees as they complete their first quarter in Kindergarten. Along with becoming familiar with the rules and routine of school, the children are excelling in many areas. Daily prayer, Religion with Sister Lillian Marie Reiter, and Friday Mass attendance are part of the routine for these youngsters.

As the quarter comes to a close, the children will have been introduced to 43 letter sounds and will continue to work on complete mastery using many activities. These activities will include spelling and writing, journaling, word and picture

matching games, and sentence scrambling.

The students will continue their work in math with numbers six - 10, having already been introduced to numbers zero - five, as well as graphing, reviewing number words, dot-to-dot, and pattern building.

The changing weather, Fire Prevention Month, Columbus Day, and the election have opened up many opportunities for Science and Social Studies activities. Spain and the voyage of Christopher Columbus and a study of bats will be topics

introduced in the coming days.

Praying, cutting, pasting, reading, graphing, singing, visual acuity programs, Spanish, and exercise in PE, are all part of the day for a Kindergarten class where the opportunities for learning and fun are as endless as the energy of the students.

Students in Mrs. Bayer's class this year are Alane Bartush, Katy Bezner, Cody Dangelmayr, Mark Davis, Hudson Eddleman, Leah Knabe, Samantha Koesler, Bennigan McCoy, Rylee Reiter, Avery Truelsenbach, Nicholas Turner, and Tyler Walterscheid.

MMH and MISD join forces for community based vocational instruction

Stephanie and Lanelle are completing their work time at Muenster Hospital, working and learning in the laundry and housekeeping areas of the hospital.

CBVI is a program being used by Muenster High School to help prepare young men and women to meet the demands of the real-life workforce.

Faye Stewart, CBVI Job Coach, helped young people develop the skills necessary to compete in the workforce and develop skills that could be used throughout their lives.

Students at Muenster High School work with organizations such as Muenster Memorial Hospital, Fischers, Goodwill, Wal-Mart, McDonalds, Saint Richards Villa, and the MISD campus to help the students gain the job skills necessary to

Stephanie Hoenig and Lanelle Muller working in Hospital Laundry. Courtesy photo

enter the work force. Currently there are eight students in the program.

If any community member is interested in participating in this program they can call the

Muenster High School at 759-2282 ext 628 and get more information. Others teachers participating in the program are Shelley Gholson and Cathi Sheneman.

New ACT website devoted to college bound students

ACT has launched <http://www.actstudent.org>, a new website for students taking the college admissions exam. The new site features information that changes according to the needs the student has during the school year.

"Students need clear information when preparing for college and for admissions tests," said Jon Erickson, vice president-educational services.

"We have worked to make the information friendly and easy-to-find. We know that

this time is stressful for students and we want to make sure that they have access to information that will make the process as easy as possible."

ACT has organized the material on the website based on experience with students' website visits and knowledge of the questions they ask ACT staff. The information at www.actstudent.org will change anticipating students' needs as they register for the test, prepare for the test, and use the test

scores after taking the test. "Students ask a lot of questions, like what kind of calculator can be used. We've put the answers to these popular questions in easy-to-find locations," Erickson says.

Services and information at www.actstudent.org include:

- * Online registration, early scores, and score reporting;

- * Information about the ACT (test dates, deadlines, content of the test, etc.);

The National Honor Society (NHS) was founded with the purpose of recognizing and encouraging academic achievement. The National Honor Society also has as its goal the development of other characteristics essential to citizens in a democracy.

All current tenth, eleventh, and twelfth grade students who have maintained a 90% GPA in all academic courses excluding physical education during their high school career are eligible for nomination to Muenster ISD's Chapter of the National Honor Society. A student must have been attending MISD for at least one semester.

National Honor Society membership is not based solely on academic achievement. NHS is an organization that recognizes outstanding individuals who are able to balance academics with other responsibilities and interests. NHS recognizes

those well-rounded individuals who serve as positive role models and contributors to school life. Therefore, selection for membership is based upon evidence of the following four qualities: scholarship, leadership, character, and service.

This year, the induction ceremony will take place at Rohmer's Restaurant in Muenster at 7 p.m. on Tuesday, Oct. 19. NHS officers for the 2004-05 school year are: President

Tara Swirczynski, Vice President Adam Vinson, Secretary Abby Endres, Historian Lana Fisher, and Student Council Representatives Lana Fisher and Tara Swirczynski. The NHS sponsor is Kristi Schneider. The listing of this year's new and old members will be in next week's paper following the induction ceremony.

Submitted by Adam Vinson, NHS reporter

Muenster Sixth Graders compete in contest

Mrs. Hale's Sixth Grade Science Class has just completed the 2nd annual "Halesonian" Paper Airplane Contest (in the spirit of the contest held annually at the Smithsonian Institute.) Students have been studying Newton's Laws and the Bernoulli's Principle and how they affect flight. They used their knowledge to design, build, and test paper airplanes. Then they entered the paper airplanes in the contest, which has four divisions: Distance, Accuracy, Stunts, and Time in the Air. The winners from each class in each of the divisions were as follows.

Distance - (6A) Jason Luke 49.5m and (6B) Spencer Nielsen 77.37m
Accuracy - (6A) Aaron Grewing and (6B)

Garrett Walterscheid Stunts - (6A) Michelle Henschel and (6B) Kelsey Pagel

Time in the Air - (6A) Josh Voth 10.5s and (6B) Tyler Acuna 18s.

Other participants included, from 6A: Briana Bindel, Llogan Cheaney, Timothy Garrison, Hayley Hess, Devon Kubis, Danielle Lewis, Derek Kyle, Shane Presnall, Taylor Reiter, Jacy Steelman, Will Taylor, Tiffany Teafatiller, Lacey Trubenbach, and Hannah Weger.

From 6B, the participants were: Cathy Aston, Dillon Bayer, Zachary Gunnels, C.J. Harrison, Ryan Hennigan, Lindsay Kelley, Brianna Klement, Taylor Klement, Zachary Pierce, Tanner Silmon, Alley Trubenbach, Diana Velasquez, Phillip Vogel, and Caleigh Wood.

Legends and Lore Part II is featured at the Morton Muesum

The second program in the Morton Museum of Cooke County's Fall Series - "Legends and Lore Part II" - will be held at the Morton Museum in Gainesville at noon on Monday, Oct. 18.

As a result of the popularity of the museum's Legends and Lore program which premiered in the Spring of 2004, a new program - "Legends and Lore Part II" - with all new photographs and stories has been created. In this program, journey along as participants take a nostalgic trip to downtown Gainesville as it once was. Go back to the days of the Timmis Motor Company, Camp Odessa, the Chamber of Commerce when it was downtown, Swindle's Pharmacy, stories of the different courthouses, and romance and elegance at the Roof Garden. Through a slide presentation, Debbie Faulkner, Main Street director, and Shana Powell will take people on an architectural and historical tour of many of the buildings of Gainesville.

For members of the Cooke County Heritage Society the cost to attend is \$3 per person and for non-members the cost is \$4. To reserve a seat or for more information please call 940-668-8900.

Lindsay ISD to hold public hearing on the School FIRST rating

Lindsay ISD will hold a public hearing at the regular Board Meeting at 7:00 pm on Oct. 18, to discuss the School FIRST Rating for 2002-03. FIRST, the Financial Integrity Rating System of Texas, rates school districts based on 21 indicators of sound financial practices. Lindsay ISD received a rating of "Superior Achievement" for the 2002-03 school year. This rating was based on the District scoring positively on all 21 indicators. The public hearing will be in the LHS Library.

The Chain of Life at Lindsay last Sunday had many participants of all ages. They held signs as they lined Hwy. 82. Courtesy photo

Eagles fly away with victory

The Muenster Hornets had more 1st downs (23-12), more yards rushing (257-167), and more passing yards (177-158) than the Valley View Eagles last Friday night, but could not get more points, falling 41-27 to the Eagles. So what happened? "Too many big plays," said Muenster Coach Monte Endres. "We were slow getting started and they beat us," Endres noted that the Hornets played hard, making a comeback, thinking Muenster still had a chance. "Every time we'd come back, they'd score."

Both teams had one turnover and lost the same yards in penalties.

Clint Miller took the opening kick, returning the ball 26 yards to the Hornet 31. Three runs could not get the needed 10 yards and Jordan Walterscheid punted. A quarterback sack by Matthew Yosten and two incomplete passes were followed by an Eagle punt.

Zach Swirczynski got in two runs for 18 yards before the Hornets gave up the ball with a punt. Valley View got in a few good gains, then with Yosten, Daniel McGrew, Cole Harrison, and

9:18 remaining in the 2nd quarter.

A flag buried the Hornets on their 9 yard line, then they lost 5 more. A pass from Fuhrmann to Miller kept the drive going, temporarily. A short 4th down punt put the Eagles 45 yards from pay dirt. Mixing runs and passes and assisted by a flag, the Eagles scored on a 16 yard pass play from Luke Williams to Jerry Slover. The PAT points put Valley View in a 14 point lead with 4:19 still on the clock.

The Eagle kick was returned 40 yards by Miller. Three Fuhrmann passes, to Derek Felderhoff, Ferguson, and John Fredrick picked up 48 yards, as three flags kept moving the ball back. From the Eagle 28, Miller pushed for 15 yards, then 13 to the end zone. Felderhoff booted the extra point for a 14-7 score with 1:01 remaining in the 2nd quarter.

The Eagles quickly followed with another touchdown with a 53 yard pass play, to increase their lead to 20-7 with 48 seconds left in the 1st half. The Hornets got in two

a 60 yard pass play. The score was 33-7 with 4:13 on the clock.

Muenster got in five short gains to the Eagle 40. A Fuhrmann pass to Fredrick found the end zone. Derek Felderhoff added the point after for a 33-14 score with 2 minutes left in the 3rd quarter. An onside kick was covered by Cole Harrison at the Valley View 47. A Fuhrmann to Swirczynski pass picked up 12 yards, with Miller and Ferguson gaining 15 on the ground to the 20 yard line. Muenster was then sacked for a 7 yard loss, then gained 3 back as the period ended. Two more quarterback sacks gave the Eagles possession on their 36 yard line.

Valley View got out close to midfield, but tackles by Swirczynski, Fuhrmann, and Harrison forced a punt, putting the Hornets on their 1 yard line.

Muenster's 99 yard drive included three Miller runs and a pass to Fredrick to get to the 33 yard line. A Zach Swirczynski run on 4th and 4 gained over 60 yards to the Eagle 4 yard line. On 4th and goal, Sean Fuhrmann scored on a 5

The Sacred Heart defense moves in on the Lubbock Christian ball carrier. The Tigers were defeated in their district opener last Friday night. Courtesy photo

Tigers lose District opener

The Sacred Heart Tigers took the long trip to Lubbock last Friday to take on the Lubbock Christian Academy Eagles in their first District game of the season. The Tigers were handed a 41-13 loss.

"We played good in spots, and poor in other spots," said Sacred Heart Coach Charles Boles. "We had way too many mistakes. We have to be able to take control of the ball and eliminate those mistakes. We need to

fumbled again and Lubbock took over on their 13 yard line. The Eagles couldn't get 10 yards and punted. The teams exchanged more punts as the 2nd quarter continued.

With just under 11 minutes on the clock, the Tigers started a scoring drive on the Lubbock 40 yard line. Two Hoedebeck runs and an Aaron Krahl run got the Tigers to the 18 yard line. Krahl found the end zone, but a flag brought the ball back to the field. Bartush gained 8 yards, then a Bartush to Hoedebeck pass put Sacred Heart on the two yard line. With 6:52 on the clock, a Bartush keeper up the middle put the Tigers on the scoreboard. The extra kick failed for a 14-6 score.

A 51 yard run quickly put Lubbock inside the Tiger 20. A holding flag delayed the touchdown, but the Eagles scored with 2:27 on the clock with a 4 yard run. The PAT kicked increased Lubbock's lead to 21-6.

Hoedebeck got in two runs for 15 yards, but the next play Lubbock intercepted the ball on the Tiger 30, then scored with 1:41 on the clock. The PAT kick was blocked for a 27-6 score.

The Tiger offense continued to struggle. Bartush gained, but an incomplete pass and a quarterback sack forced a Tiger punt. Lubbock played out the remaining time to the halftime break.

Sacred Heart spent very little time in finding the end zone as the 3rd quarter began. From the Tiger 30, Krahl picked up 3, followed by a fake hand-off quarterback keeper that allowed Bartush to run 67 yards for a touchdown. Bartush added the extra kick for a 27-13 score, just 47 seconds into the 2nd half. The Lubbock team, beginning on their 38, took

nine plays to get to the Tiger 10 yard line. A pass interference moved the ball to the 2. With 5:25 still left in the period, Lubbock took a 34-13 lead.

The Tigers got in some good plays, including a 17 yard run by Krahl, and Bartush passes to Hoedebeck and Theo Otto, getting to the Eagle 39 yard line. Bartush gained 4, then was sacked, losing 4 yards. A Bartush to Otto pass moved the Tigers to the 27. The Tigers could only gain 8 yards and Lubbock took over at the 19, moving into the final quarter before running out of downs.

The Tiger offense went to their passing game, but the first was incomplete and the second intercepted. Three plays later, Lubbock scored again for a 41-13 score with 10:33 remaining in the game.

Turnovers continued to plague the Tigers. After one run, Lubbock covered a fumbled ball. Tackles by Andy Davis, Clayton Truebenbach, Josh Yosten, Theo Otto, and Jon Ambros stopped Lubbock, forcing a punt which rolled to the Tiger 19. Bartush, Hoedebeck, and Krahl got the ball to the 36 before having to punt on 4th down.

Again the Tigers held the Lubbock team and got the ball on the 35. Bartush got to the 14 yard line, but was then sacked twice for a loss of 11 yards, threw an incomplete pass, then gained a 1st down by penalties to the 7 yard line.

Krahl got to the 4, Bartush to the 3, then a quarterback sack lost 8 before another flag gave Sacred Heart a 1st and goal on the 2 yard line with 2 seconds on the clock. The Tigers' last play fell incomplete and the game ended.

See TIGERS pg. 2

Clint Miller (16) follows the blocking of Patrick Lutkenhaus (78), after the handoff from Sean Fuhrmann (25). Justin Wolf,

Justin Wolf getting no gain or loss tackles, Walterscheid intercepted a pass on the Hornet 25 yard line.

Runs by Justin Ferguson, Swirczynski, Derek Endres, and Miller moved the ball to the 46 yard line before the conclusion of the 1st quarter. Sean Fuhrmann gained 16 yards as four other Hornet runs brought Muenster to the Eagle 28 yard line. The drive ended when Eagle John Noland picked off a Muenster pass, returning it to the end zone. The PAT failed and the Eagles had a 6-0 lead with

completed passes from Fuhrmann to Ferguson for 16 yards and Fredrick for another 11, but the play time ended with a quarterback sack.

The 2nd half began with Dustin Felderhoff's kick, then the two teams exchanged punts with Valley View sitting on Muenster's 38 yard line. Four plays later, the Eagles had a 26-7 lead.

The Hornet offense struggled once more, punting on 4th and 9. Three plays later, Valley View scored again, this time with

yard run to keep Muenster alive in the ball game. Felderhoff added the point after for a 33-21 score with 4:39 remaining in the game.

Good turned to bad for the Hornets when Valley View turned around and scored with a 60 yard run. With 4:26 on the clock, Muenster's chances for a win fell to a 41-21 score.

The Hornets' next drive began on their 33 yard line. Two incomplete passes were followed by a 28 yard Swirczynski run. On 4th and 4, a quarterback keeper by Fuhrmann kept the drive alive with a 21 yard gain. A pass to Miller got the ball to the 3, with Miller getting another yard on the ground. With 2 minutes on the clock, Swirczynski found the end zone for a 41-27 score. The PAT pass fell incomplete.

An onside kick gave the Eagles the ball at midfield. After four plays, Muenster took the ball on their 8 yard line, snapping two plays before time ticked off the clock.

Muenster Cross Country teams compete in Flower Mound meet Saturday

The Muenster varsity and junior varsity Lady Hornets competed in the Marcus II Cross Country Meet at Flower Mound last Saturday morning.

With 189 class 3A, 2A, and 1A varsity girls running, the competition was tough. Celina won the meet with 81 points. Eustace, Prosper, North Hopkins, and Sanger followed. Muenster settled for 11th place.

Whitney Watson was the Lady Hornets' leader, finishing in 17th place with a time of 12:58. Kallie Gerstberger was 35th at 13:26 and Jessica Hartman

80th at 14:36. The remaining runners were: 91, Cassie Hale, 14:27; 94, JoAnna Felderhoff, 14:30; 103, Laura Heers, 14:38.

The JV girls finished in 22nd place (JV teams ran with varsity). JV Lady Hornets, their places and times were as follows: 122, Megan Felderhoff, 15:07; 129, Jordan Ledbetter, 15:12; 135, Kristin Hess, 15:15; 143, Lindsey Watson, 15:27; 157, Melissa Cox, 15:50; 158, Sandy Endres, 15:51.

Muenster will compete at the Era Cross Country meet this Saturday, then at district in Alvord.

JV Hornets cage Eagles

The Junior Varsity Hornets took a big win from the Eagles of Valley View last Thursday, outscoring the visitors 30-12.

Chad Endres and Micah Flusche made the stop at the 10 yard line for no return of the opening kick. The Eagles' third play was a pass that was tipped and intercepted by a Hornet on the Valley View 36. Brad Endres picked up 4 yards, then Nick Flusche 10 to the 22. Dustin Wimmer got 7 yards closer, with Michael Faries getting another yard. A B. Endres to Faries pass put 6 points on the board. The extra point failed for a 6-0 score with 6:27 on the clock.

The Eagles' second offensive attempt included sacks by M. Flusche and Bill Haverkamp, and a fumbled pitch-back for a 4th and 24. The punt rolled to the Eagle 34 to set up Muenster's next touchdown.

Colton Steelman picked up 7, then Nick Flusche another 7 to the 20 yard line. A B. Endres to N. Flusche pass moved the ball to the 11, then Faries charged up the middle to the 4 yard line. A run by N. Flusche, behind the blocking M. Flusche, put 6 more points on the board.

With 1:28 remaining in the 1st quarter, Muenster took a 12-0 lead.

The Eagles struggled their next drive, which included two fumbled plays and an incomplete pass. The 1st play of the 2nd period saw the Hornet defensive line cause a fumble, covered by Bret Walterscheid at midfield.

The Hornets took advantage of the turnover, moving to the 41 yard line after N. Flusche and Faries carried the ball. On 4th and a foot, Faries charged straight up the middle for a Muenster touchdown. The PAT failed for an 18-0 Hornet lead with 5:57 still on the clock.

Defensive plays by Wimmer, B. Endres, Haverkamp, Colton Steelman, N. Flusche, C. Endres, and a sack by Haverkamp forced a midfield punt that rolled to the 6 yard line. Three plays later Muenster gave Valley View 6 points when the Eagles covered a fumbled ball on the 9 yard line. The next play, the Eagles scored.

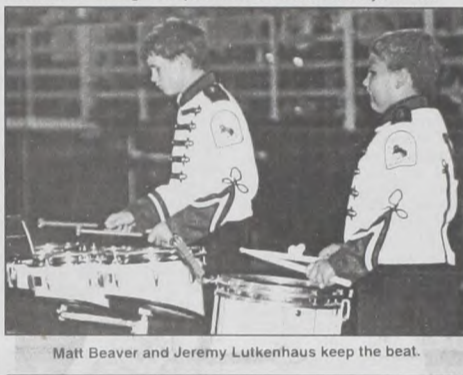

Eighteen seconds away from the halftime break, the scoreboard read 18-6.

Valley View kicked to the 28 yard line. Michael Faries made the return. After breaking numerous tackles at midfield, Faries continued for a 72 yard touchdown. The extra point failed and the Hornets had a 24-6 lead.

Muenster's offense began the 3rd quarter, but the Hornets punted after four plays. The Eagles couldn't get 10 yards and also booted the ball away. Muenster's next drive began on the 50 yard line. Ten runs moved the Hornets to the 14 yard line as the final quarter began. Nick Flusche scored two plays later to give the Hornets a 30-6 lead.

Valley View controlled the next five minutes, getting in eight plays, punting, intercepting the ball, and finding the end zone with 4:32 on the clock. The PAT failed for a 30-12 score.

The teams exchanged punts, using up the remaining time, to give Muenster the win.

Matt Beaver and Jeremy Lutkenhaus keep the beat.

CC Soccer Association

R&R Pipe Company
R&R Pipe Company's Little Hornets soccer team played a great game against Ben Averitt's team on Oct. 2. The girls' hard work in summer practice was evident in their team work and enthusiasm.

Makayla Moster, Laurine McAden, Tressa Jones, and Brianna Rohmer did an awesome job assisting their teammates in moving the ball down the field, setting up the ball for goals, and playing defense. Morgan Flusche and Tara Gunnels scored one goal each, and Audrey Miller, Kristen Reiter, and Kassie Dangelmayr scored two goals each.

This week's featured player was Kassie Dangelmayr. Kassie is a very energetic player whose favorite positions are forward and goalie, but she is also a good defensive player and does a good job maneuvering the ball and scoring.

R & R Pipe team members in action, above, include, from left, Kristen Reiter, Morgan Flusche, and Audrey Miller. At left, Kassie Dangelmayr takes the steal from a Gainesville team. Also pictured is Laurine McAden and Tressa Jones. Courtesy photos

Stingers pluck the Eagles

Muenster's 7th grade Stingers hosted the Cheepers of Valley View last Thursday, ending the game with a 12-8 victory.

A kick by Jeremy Lutkenhaus started the contest. Valley View got in five plays, then ran out of downs. From the Muenster 29 yard line a run by Levi Trubenbach and two from Corey Sicking got the Stingers to midfield. With 50 seconds on the 1st quarter clock, Trubenbach scored on a 50 yard run. The extra point failed for a 6-0 score.

The Cheepers carried the ball into the 2nd period, taking 11 plays to move 60 yards and score on a 12 yard run. The PAT run was good and Valley View had an 8-6 lead with 1:44 remaining in the 1st half.

Valley View's kick rolled to the 38. On 4th and 6, a Jacob Klement pitch-back to Trubenbach turned into a 57 yard touchdown play with six seconds on the clock. The point after failed for a 12-8 score. With 2 seconds on the clock, a razzle-dazzle play by Valley View didn't work when Steven Valliere made the stop to end the half.

Beginning on their 28 yard line, three runs by Trubenbach picked up a 1st down. Sicking gained 8 more, but the Stingers couldn't get the 1st and punted. The Cheepers carried the ball into the 4th quarter, but tackles by T.J. Acuna, Sicking, Lutkenhaus, Trubenbach, and Chris Valliere stopped them short, giving Muenster the ball on their 41 yard line.

Sicking gained 5, Klement 8, then two runs lost yards. A pitch back to Trubenbach gained 14, but on 4th and inches, the Stingers came up short and Valley View took the ball with 59 seconds remaining in the game.

Tackles by Trubenbach, Sicking, Valliere, Acuna, and Valliere gave Muenster the ball with 8 seconds on the game clock. The hike of the ball, and a knee ended the game with a 12-8 Muenster win.

Another win for the SH Cubs

The Sacred Heart Cubs took a 26-6 victory over the Mustangs of St. Mary's last Thursday.

The Cubs forced a quick Mustang punt, getting the ball on the 42 yard line. Kirk Felderhoff threw passes to Tommy Torcellini and Matt Flusche for gains of 20 and 21 yards. The drive was completed with a 1 yard run by Chris Marshall for 6 points.

Joe Hesse covered a fumble to shorten St. Mary's drive. The Cub offense struggled as the 1st quarter ended. A 66 yard run by the Mustangs tied the game 6-6 with 13 seconds off the clock.

Sacred Heart began their next drive at midfield. Three runs by Marshall got the Cubs to the 23. A Felderhoff to Flusche pass put the Cubs on top 12-6 with 6:15 still on the clock.

The Cub defense held the Mustangs, but on the punt return, a fumbled ball was covered by St. Mary's Tackles by Ben Walterscheid, Dylan Flusche, and Don Stalling set the Mustangs back 4 yards, forcing another punt.

From the Mustang 34 yard line, Nathan Berend picked up 11 yards. Then Marshall scored from the 23. The PAT failed for an 18-6 score with 1:56 remaining in the 1st half. A 6 yard loss from a tackle by Stalling and M. Flusche forced another punt. From the Cub 44, Marshall went to his wide right side and raced 56 yards for a Sacred Heart touchdown. Marshall ran in the extra points for a 26-6 score with 1:09 on the 2nd quarter clock.

St. Mary's took the kick, but fumbled on the first play. Torcellini covered on the Mustang 20. The Cubs got in two runs before halftime.

There was no scoring in the 2nd half. The Cubs fumbled away their first two possessions. An interception by Berend returned the ball to Sacred Heart, who punted on 4th and 22.

The Mustangs got in eight plays before fumbling the ball. The Cubs covered the ball on the Cub 22.

Again the teams' offenses struggled, with possessions being exchanged before the game ended.

It's time for Basketball sign-ups

The Boys and Girls Clubs of Cooke County are forming basketball leagues for the following age groups: K-2nd grade, co-ed; 3rd and 4th grades, boys and girls leagues; 5th and 6th grades, boys and girls leagues. League play will begin Dec. 4. Membership fees are \$30, with basketball fees of \$45 for one child, or \$75 for two children. Sign-ups end Oct. 25.

For more information call 665-6527.

Red stops Green in junior high action

The 8th grade Hornets took a big 30-0 victory over the Eagles of Valley View last Thursday in Muenster. The dozen Hornets dominated the game, gaining 301 yards in 46 carries while holding the Eagles to just 50 yards in 27 attempts.

John Monday kicked the ball to the 5 yard line, with Valley View getting a 19 yard return before being stopped by Jared Flusche. A 3rd down quarterback sack forced an Eagle punt, which Tanner Herr returned to the 18 yard line. Cory Reynolds gained 9, then Paul Crabtree 6 to the 3 yard line. Reynolds' stand-up touchdown put the first points on the board with 5:19 on the clock. The PAT failed for a 6-0 score.

Valley View got in six plays, with tackles by Crabtree, Herr, Reynolds, Allen Fette, Eric Hellman, Flusche, and Monday, and a deflected pass by Jeff Schniederjan forcing a punt, which Herr returned to the 24. Two Reynolds' runs gained 6, then Tanner Herr broke away on a 70 yard run to the end zone. With 1:21 on the clock Reynolds ran in the extra points for a 14-0 score.

Crabtree stopped the kick return at the 21 yard line. Again the Hornet defense, led by Monday, Flusche, Crabtree, Reynolds, and Hellman stopped the Eagles after nine plays and a Reynolds and Crabtree sack. A short punt was returned

to the 50 by Herr. It was a Reynolds' drive, as he picked up 30 yards on the ground and 6 yards from a pass from Herr before time ticked off the clock to end the 1st half of play.

An onside kick by Valley View rolled to the 38 yard line, covered by Eric Hellman. Runs by Reynolds, Herr, and Crabtree moved the ball to the Eagle 44. Three runs by Reynolds got the Hornets to the 19, but a flag lost 5 yards. Crabtree gained back 5, and Reynolds another 13. Then with 3:38 on the clock, Crabtree scored from the 4. Crabtree added the extra points for a 22-0 score.

Two fumbled plays cut the Eagle possession to three tries and punt. From the Hornet 43, Crabtree picked up 24 yards, Reynolds 2, then Crabtree 20 to the 8 yard line. Crabtree completed the drive, finding the end zone with 8 seconds on the 3rd quarter clock. Tanner Herr ran in the extra points for a 30-0 score.

Josh Sicking and Herr stopped the Eagle kick return on the 35. Flusche, Monday, Brandon Bindel, Crabtree, and Reynolds all got in tackles before Flusche caused a Valley View fumble that Crabtree covered on the Muenster 44. Reynolds and Crabtree traded runs moving to the Eagle 12 yard line before the Hornets took a knee, allowing time to run out for a big 30-0 victory.

Game Warden Field Notes

* Tarrant County game wardens apprehended two subjects grabbing catfish on the Clear Fork of the Trinity River. The subjects stated they got the idea from a television broadcast that aired on PBS. Both subjects stated they knew it was illegal in Texas and admitted to grabbing the river in recent weeks with great success. The justice of the peace handed down a \$500 fine to both subjects. Restitution is pending on two fish, the largest being a 43-pound flathead catfish. A total of 120 pounds of catfish have been seized for illegal means and methods in less than a week off of the Clear Fork of the Trinity.

* One recent early morning, Galveston and Fort Bend county game wardens working off of a 65-foot patrol boat caught two Gulf shrimp boats taking shrimp within five miles of the beach. A total of 768 pounds of shrimp was confiscated and sold for

\$2,304. Cases are pending.

* Game wardens teamed up to patrol San Antonio Bay one recent evening. Their goal was to locate Seadrift fishermen who were suspected of netting activity. The wardens pulled their patrol vessel several miles down the shoreline of Matagorda Island to avoid being detected by fishermen. At approximately 4 a.m. the next morning, they located the suspects' vessel and observed it leaving the island shoreline to head across the bay. Suspects were surprised to be boarded by the wardens enroute to Seadrift. Eight criminal cases have been filed and approximately 3,000 feet of monofilament gill net was confiscated. Additional charges may be filed pending the outcome of lab tests in San Marcos on the filets confiscated from the suspects' vessel.

* Zapata County game wardens captured two Mexican National commercial fishermen retrieving illegal gill net out of North Falcon Lake. In the darkness, the wardens crept

their patrol boat towards the fishermen working their net. The wardens closed to inside 20 feet of the illegal commercial vessel and stunned the commercials with a spotlight blast, then quickly apprehended them. The two illegal commercials were arrested, their boat and motor seized, and confiscated gill net totaling 2,500 feet was destroyed.

* Recently, a Franklin County game warden and a Delta County game warden arrested a subject for Felony BWI on Lake Cypress Springs. The subject became belligerent and threatened to take a warden's flashlight from him and cause bodily injury to the warden with it. While enroute to jail, the subject threatened the two wardens several more times, so as well as being charged with Felony BWI, the subject was also charged with terroristic threatening.

Game Wardens organized a water-safety patrol operation on Lake Conroe. The two-day operation yielded more than 40 citations being issued.

Time saving tip

Try not to concentrate on how busy you are, but rather concentrate on your results. After all, a frenzy of activity won't get you very far if you are shoveling sand with a pitchfork.

Knights pound Panthers

The Lindsay Knights took a big District win over the Saint Jo Panthers last Friday, dominating the game 50-7.

"Our defense played really well. Saint Jo is not as bad as the score shows," commented Lindsay Coach John Erwin. "The defense got the turnovers and controlled Saint Jo's offense and Brewer to keep them off the scoreboard." Erwin noted that the Knight offense continues to spread "the wealth around." "It's nice to have a variety of ways to score," Erwin added.

The Knights struck quick and hard, scoring on the second play of the game when Alan Trammell broke away on a 71 yard touchdown run. Jonathan Rohmer added the extra kick and Lindsay had a 7-0 lead 58 seconds into the game.

The Panthers gained only 7 yards and punted. The next play, Lindsay fumbled the ball back to Saint Jo on the Knight 26 yard line. The Panthers got to the 11 yard line, but the drive ended when Trinity Otto intercepted the ball, returning it to the Panther 13 yard line. On 4th and 7, Rohmer booted a 27 yard field goal for a 10-0 score with 6:10 remaining in the 1st period.

Saint Jo got in six plays and punted after tackles by Gary Anderle, Garrett Jones, and Blake Beadles prevented a 1st down.

Starting on their 8 yard line, runs by Trammell, Derick Murray, and Bradley Anderle moved the Knights into the 2nd quarter and midfield where they punted. A 48 yard return put the Panthers on the Knight 41 yard line. Penalties, and tackles by Jones, Adam Kasperek, and John Mosman forced a punt on 4th and 21. Two plays later an Anderle to Otto pass turned into a 69 yard touchdown play with 7:20 remaining on the clock.

Rohmer added the point after for a 17-0 score.

After the kickoff, Saint Jo fumbled on the first play. Beadles covered the ball on the Panther 11 Murray got to the 8, then Trammell carried the ball in for 6 points. The PAT failed for a 23-0 score with 6:28 remaining in the 1st half.

Levi Hermes and Otto dropped the quarterback for a 6 yard loss. He gained back 5 yards, but the next play was an interception by Trinity Otto, which was returned 51 yards for a Lindsay touchdown. Rohmer's PAT counted for a 30-0 Knight lead with 4:23 still on the clock.

The Panthers got a seven play drive going, but it ended at 9 seconds when Jonathan Rohmer picked off a Panther pass.

Saint Jo took the 3rd quarter kick, but tackles by Cody Anderle, Dustin Hughes, and Rohmer forced a punt. From their 36 yard line, runs by Anderle, Murray, and Trammell moved the ball to the Panther 23. An Anderle to Josey Kyle pass gained 13 yards, with Murray adding 6 yards on the ground to the 9 yard line. Anderle then connected with Kasperek for 6 points with 4:50 on the clock. The PAT failed for a 36-0 score.

Saint Jo got in two plays and fumbled again. Rohmer again covered the ball, this time 7 yards from pay dirt. With 2:03 on the clock, Alan Trammell ran into the end zone from the 5. Rohmer's PAT extended Lindsay's lead to 43-0.

Saint Jo's next drive moved into the final quarter. The Panthers took 11 plays and a 15 yard penalty to move 75 yards, scoring on a 22 yard pass play. With 9:03 remaining in the game, the Panthers were on the scoreboard, 43-7.

The Knights ran four plays then punted. Saint Jo threw a couple of incomplete passes, then fumbled.

Garrett Jones covered on the 39 yard line. The Knights couldn't get 10 yards and punted. The same thing happened to the Panthers, placing the Knights at midfield. Garrett Alfrey picked up a quick 45. Kasperek then scored from the 9. Rohmer's kick rounded out the score 50-7 with 1:25 on the clock.

The Panthers' last attempt to put more points on the board ended when Dustin Hughes stole a pass with 18 seconds on the clock.

Next Action

The Valley View Eagles will invade Knight Field this Friday night in what many are calling the game of the week. Lindsay or Valley View will be handed their first District loss, with the winner of Friday's game taking an undefeated District lead as the second half of competition begins.

"This will definitely be our toughest game to date," said Coach Erwin. "Valley View passes and runs well, and plays good defense. It will be a good test."

The game begins at 7:30 p.m.

KC s seek past Fun Run results

The Knights of Columbus are attempting to update their Fun Run plaques in the KC Hall. They want those who ran well to be recognized for their efforts. They are looking for information on the "1st from Muenster" category and the "1st Overall Finishers" for the 5K and 15K, male and female. The years 1990 - 2001 will be updated. If anybody was 1st from Muenster in that date range, or if you know any information regarding this request, please contact John D. Bartush at the Muenster State Bank (940)759-2257 or Steven Fisher at (940)759-4561.

Action from Lindsay's big victory over Saint Jo. At left, Alan Trammell makes a good gain. Above, Bradley Anderle pushes for an extra yard. Malcolm Martin (72) is also pictured. Below, Trinity Otto (44) goes down. Others pictured are Bradley Anderle (15) and John Mosman (69). Anitra Anderle photos

Chamber reschedules Golf Tournament to Oct. 17

Rain drenched the area this past weekend causing Turtle Hill Golf Course to be closed and the Muenster Chamber of Commerce to cancel the Golf Tournament it had scheduled for Sunday. The new date is this Sunday, Oct. 17.

Margie Starke, Chamber of Commerce secretary, said that new entries are welcome. Several teams had to drop out after the event was rescheduled. The cost is \$60 a person or \$240 per team for the four-person scramble. Tee time is 8:30 a.m.

To register call the Chamber at 759-2227. Leave a message if no answer until 5 p.m. Friday. Entries will be accepted until tee time.

"If time be of all things the most precious, wasting time must be the greatest prodigality, since lost time is never found again."

Why Do We Hunt?

For most people, hunting is not work. It is recreation. There are a number of objectives within our recreation. For me when I hunt... Let's see.

I hunt for sport! I like the chase aspect. I pit my wits against those of a wily big buck. The wind is shifting. His nose is in the air. He is constantly looking for movement. He can walk silently down the trail. A lot of factors have to come together just right to even see a big buck! And then you have to decide to shoot or not. It is not always a sure thing that I will get that buck if I do shoot. I get buck fever. I am not an awesome shooter. Hunting is a sport. Sometimes you knock a home run!

I hunt for a trophy buck! I am always looking to get a big trophy mount for my house. I have to be careful here. Frequently the size of the antlers can occupy an unhealthy portion of my thought process. I say unhealthy because I overlook the other enjoyable

aspects of a hunt to obtain the end result. I stop having a good time because I am focused on the "trophy buck". We can think about the big buck, but keep smelling the flowers. Most hunters wake up on a hunt day dreaming about that giant buck! And when that big buck does step out, it is heart beat city! What a rush!

I hunt for peace and quiet. The tranquility of deer hunting is a real magnet for me! There is no cell phone ringing, no cars honking, etc. Peace and quiet can relieve stress on our minds and bodies. The quiet of deer hunting allows us to get back to calm. We can think through our challenges at a slow pace. We can marvel at the beauty of creation. We can tune in on our Creator.

I hunt for fellowship. I spend time with friends and family members. We build a fire. We laugh and talk. We relate every aspect of our hunting morning or afternoon while in camp. Smart wives will say "I am not going to be left out this year." They go hunting with their husbands and children. I know a lot of hunters who go for fellowship almost exclusively!

Well if hunting is so good, then why don't we do it all the time? My friend Bill Wilson said "You can't eat carrot cake all the time." I am guilty of over indulging in my play. I forget about the work that makes money that allows me to play. Good hunting to you!

Off the Net and hear-about

This is something to think about! Since America is typically represented by an eagle, Saddam should have read up on his Muslim passages...

The following verse is from the Koran, (the Islamic Bible):

Koran (9:11) - For it is written that a son of Arabia would awaken a fearsome Eagle. The wrath of the Eagle would be felt throughout the lands of Allah and lo, while some of the people trembled in despair, still more rejoiced; for the wrath of the Eagle cleansed the lands of Allah; and there was peace. (Note the verse number!)

County

Montague County, City of
Gainesville, and City of
Bowie. Jody Henry, fire
marshal, was at Monday's
meeting of Commissioners
Court to explain what an
Interlocal agreement would
mean to Cooke County.

"Basically the Interlocal
agreement is done for
investigative and
prosecutorial cooperation
between all the entities,"
Henry explained. "It gives
the members jurisdictional
authority in each other's
entity, and spells out that
there is no expense to one
another for services
rendered. It has procedures
for withdrawing from the
agreement." He added some
other items it addressed.

Judge Freeman said that
he could see no problem
with the agreement and
that there didn't appear to
be any expense to the
County. Cooke County
Sheriff Mike Compton said
that he didn't have enough
staff to supply anyone for
the Arson Task Force.
Henry noted that the way
it would probably work in
Cooke County, is that if the
Arson Task Force responds,
the Task Force would do the
source of origin
investigation and if it was
determined a crime had
taken place, the Sheriff's
investigators would take
over.

Commissioners Court
agreed to enter the
Interlocal agreement thus
becoming a part of the
Arson Task Force.

During the Public
Comments on the agenda,
Wayne Dodson reported on

how much money he
thought each commissioner
would have remaining in his
account at the close of the
fiscal year. All totaled he
estimated about \$1.8
million that he felt could be
used to give the Sheriff
more money for additional
deputies and cars. He felt it
wasn't right to spend money
on the Courthouse, but not
give the Sheriff what he felt
is necessary for the safety of
the County's citizens.

Kenneth Arterbury of
Dexter spoke, agreeing with
Dodson. He said it will take
two or three years to get the
jail built and the County
couldn't wait for two or
three years for additional
deputies.

Nancy Arterbury voiced
her displeasure with the
way Commissioner Young
was maintaining two of the
county roads she travels.
She said CR 100 and CR
103 are so full of potholes
that they are dangerous to
travel. They cause the
vehicles to hydroplane.

Mrs. Arterbury also
complained about not being
able to speak to Young
about the situation and
about the manner in which
his foreman treated her
when she complained to
him.

Nancy Arterbury
concluded by inviting Young
and his family to come in
their family's nicest car and
take a drive down the roads
in question to see what she
was talking about.

Commissioner Young said
that he didn't have enough
help to do all the
maintenance work. He said
that he did pull a man off a

maintainer to put gravel on
the roads she complained
about.

Other business conducted
by Commissioners Court at
the Oct. 11 regular meeting
included:

- Cooke County
Extension Agent Phyllis
Griffith, Cooke County,
invited Commissioners to a
reception after the meeting.
Red River 4-H Club hosted
it in celebration of National
4-H Week. There was a
bountiful assortment of
sweet treats, fruit, and
beverages.

- Authorized Mr. Johnson
of Prepaid Legal Services,
Inc. to discuss prepaid legal
services with County
employees. If at least 25% of
the employees enroll, the
service fee can be taken as a
payroll deduction at \$15.95
per month. Sign up will be
conducted during November
only. Those who drop or
sign up late must deal
directly with Johnson until
the next November.

- Approved implementing a
40 mph speed zone on CR
203, beginning at the
intersection of FM 902,
extending south for 5.13
miles to the intersection of
FM 922. Precinct #2
Commissioner Bill Cox said
that residents of the area
had been requesting this
speed zone for four years.

- Approved request by
Mountain Springs Water
Supply to install a two-inch
sleeved fresh water line in a
north to south direction
across CR 220,
approximately 2/10 of a mile
from the intersection of FM
3496 and CR 220 in
Precinct #2.

from pg. 3

- Approved a resolution
regarding the Task Force on
Indigent Defense Program
Grant Award and
authorized the County
Judge to sign the grant
program. A Senate bill
passed two sessions ago
requires that appointment
of attorneys to criminal
defendant within a specific
time. This resulted in an
unfounded mandate. The
Legislature's attempt to
help fund that is the
Defense Grant Program.
Judge Freeman said this
will amount to about
\$30,000.

- Approved Sheriff's
Seizure Budget for FY 2004-
05. There is \$11,268.31 in
the account. Sheriff
Compton proposed spending
most of that to purchase law
enforcement equipment.

From my side of the fence by Ed Cler

Well, yesterday we saw
the Cowboys lose for the
second time this season.
They looked good during
the first quarter, then seemed
as if they had lost their will
to win.

We watched the first
debate between President
Bush, and wannabe Kerry.
Didn't learn much from
that, but also watched the
one between Edwards and
Vice President Cheney. The
only thing I learned from
that, is that Kerry and
Edwards are both pretty
loud singers. Both sang
through most of the debate.

Their song? "Anything you
can do, I can do." Their next
verse? "Anything you can
do, I can do better."

Well, after the second
debate, I came to the
conclusion that the whole
thing is wasted effort, so
Friday night I had other
things to do. Later I was
told that the Friday night
debate between Bush and
Kerry was a lot more
interesting than the first.

Then the media came out
saying that Kerry and
Edwards won the debates. I
think picking a winner
would just be a matter of

judgment. In my opinion it
is easier to see and read
what the man who has to
make decisions does, and
then disagree, claiming to
have a better plan, but
keeping much of it a secret.

It would be interesting to
see what would happen, if
Kerry is elected, and then is
faced with the problems
Bush must deal with, not
just talk about.

Often times, a man in
charge is not as free to talk
about all the details as a
"wannabe," who is free to
rant and make accusations,
many of which he can't
prove or disprove.

Farm & Ranch

USDA issues humane regulations

A notice on humane handling requirements was issued Sept. 9 by the U.S. Department of Agriculture's Food Safety and Inspection Service (FSIS). It encourages establishments to use a systematic approach to ensure that they are meeting the requirements of the law during handling and slaughter.

FSIS recommends establishments identify where and under what circumstances livestock may experience excitement, discomfort, or accidental injury while being handled in connection with the slaughter process. Establishments are also encouraged to design facilities and implement practices that will minimize discomfort and injury in accordance with existing regulations.

Plants should periodically evaluate their system for effectiveness and improve or adjust operations accordingly.

Food Safety and Inspection Service

Beef spending up \$22 billion in 10 years

Consumers will spend \$68 billion on beef in 2004. If the beef industry were a private corporation, those revenues would rank it ninth, right behind IBM, in the Fortune 500 list. The 2004 figures represent a \$22 billion increase over 1995, which was three years before the beef checkoff program helped stabilize beef demand after 20 years of decline. The projections were made by Cattle-Fax, the beef industry economic analysis arm.

County Agent's Report

Wayne Becker CEA - AG/NR

THREE TEXAS COUNTIES QUARANTINED FOR KILLER BEES

Three Texas counties were added to the quarantine restricting movement of commercial bee operations. There are now 157 Texas counties under quarantine because Africanized bees were detected in their borders. In Kent County, bees were found in an abandoned air tank. The bees were found at a home in Swisher County. No bees were found in Stonewall County, but it was added to the list because all surrounding counties were quarantined. The quarantine keeps commercial hives within the zone to help prevent spreading.

Cooke County is not on the list for harboring the Africanized honeybee.

According to Dr. Mike Merchant, Extension Urban Entomologist, Africanized bees do not compete well

where winter temperatures drop too low. In general the Africanized bees do not migrate much to the north of Waco. However, European honeybees sometimes do cause problems here in Cooke County. When the colony detects a threat to their hive they can become quite aggressive. Generally bees that are out foraging will not be aggressive, as they are far from their hive and have nothing to defend.

Remember, bees are beneficial insects. Unless they are a threat to humans, they are usually welcome guests. Sometimes European honeybees can become quite aggressive when disturbed, so always exercise caution when working near their hives.

News from Texas Animal Health Commission

East Texas Equestrians - Louisiana officials have confirmed at least 10 horses

have died from Eastern equine encephalitis (EEE), and another 10 are believed to have had the mosquito-borne disease. Equine owners in East Texas, or persons who plan to haul their animals to the area, should make sure their horses have been vaccinated against the disease.

Hunters taking Horses West

Due to the continuing Vesicular Stomatitis (VS) outbreak in Colorado and New Mexico, animals traveling into Colorado or New Mexico must have an examination by an accredited veterinarian prior to returning to Texas. The negative examination results by the Colorado or New Mexico veterinarian may be recorded on the certificate of veterinary inspection that accompanied the animal, if the certificate is still valid (less than 45 days old). Otherwise, a new certificate of veterinary inspection must be issued by the accredited veterinarian in Colorado or New Mexico.

The following statement and the accredited veterinarian's original signature must be recorded on the certificate of veterinary inspection: "The animals represented on this certificate of veterinary inspection have not originated from a premise or area under quarantine for vesicular stomatitis or a premise on which vesicular stomatitis has been diagnosed in the past thirty days. I have examined each animal and have found no signs of vesicular stomatitis."

The Colorado Department of Agriculture lists cases and affected counties on its web site at:

<http://www.ag.state.co.us/animals/VSV/VSVWebsite.html>. For information on cases in New Mexico, contact the state veterinarian's office at 505-841-6161.

If you have any questions, please call the Texas Animal Health Commission's permit department at 1-800-550-8242, ext. 777.

Dates to Remember

Oct. 20 & 21 - Fall CEU Update; 6-9 p.m. each night, Cooke County Fairgrounds.

Oct. 20 - Brief discussion of CCBCIA business following CEU Update program.

Nov. 13 - Beef Cattle Field Day; 8:30 a.m. - 2:00 p.m.; NCTC Activities Center.

Nov. 13 - Equine Field Day; 2 - 5 p.m.; NCTC Equine Facilities.

Nov. 17 - Red River Regional Select Beef Replacement Sale.

Ag Briefs

• **USDA is amending its brucellosis regulations** to compensate producers whose sheep, goats, and horses are destroyed because of the disease. The indemnity amount will be the appraised fair market value of the animal less its salvage value. Goats, sheep, and horses are rarely infected with brucellosis, but they are susceptible to certain strains, usually as a result of direct contact with infected cattle, bison, or swine. USDA says the ability to pay indemnity for the animals is critical in encouraging livestock owners to destroy infected and exposed animals and eliminate the last sources of infection. The final rule was published in the July 13 *Federal Register* and became effective Aug. 12.

Animal and Plant Health Inspection Service

• **A new process that extends the shelf life of ground beef** for up to six weeks has been announced by Mitec Inc. and Carfree Meat Co., both of Cedar Rapids, Iowa. The team plans to begin marketing the product under the name "Corner Store" by the fourth quarter of this year. Shelf life of the beef is increased from its usual 10 days because of a special packaging process that combines oxygen and carbon dioxide to kill pathogens and bacteria. The process was tested at Iowa State University and the University of Arkansas. The National Association of Convenience Stores said most convenience stores haven't previously carried raw packaged meat because of the short shelf life. If the product is successful, the company may release a similar line of chicken, steak, and pork chops.

meatingplace.com

• **The beef industry would rank ninth on the Fortune 500 list** — right behind IBM — if it were a private corporation. Consumers will spend \$68 billion on beef in 2004, according to projections by Cattle-Fax, the beef industry's economic analysis arm. That's a \$22 billion increase in beef spending in 10 years!

Economic Research Service

• **Man found guilty in cattle deaths.** One of two men accused of killing 12 cattle during a July 2003 shooting spree in pastures along roads in Tarrant, Hood, Parker, and Johnson counties has been convicted and sentenced to jail. It was the first of several cases pending against Brian Douglas Barnstein, 33, of Doughton. Barnstein was convicted Sept. 1 in Hood County Court in Granbury of criminal mischief over \$1,500 and under \$20,000; he was sentenced to 180 days in jail and a \$1,500 fine. "I thought it important the case be tried and the defendant sentenced to some incarceration to deter others with similar ideas," said Hood County District Attorney Robert Christian.

Fort Worth Star Telegram

Prairie dogs removed from EPA

"An updated evaluation of the best available scientific information has led the U.S. Fish and Wildlife Service to determine that the black-tailed prairie dog is not likely to become an endangered species within the foreseeable future and no longer meets the Endangered Species Act definition of threatened," an agency spokesman reported Aug. 12. Improved survey techniques now estimate approximately 1,842,000 acres of occupied habitat in the United States, a substantial increase over the year 2000 estimate of 676,000 acres of occupied habitat. "New information also shows that the black-tailed prairie dog is more able to persist over time in light of ongoing impacts."

U.S. Fish and Wildlife Service

• **Feed grain production is expected to be record-large** in 2004/05 say analysts with USDA's Economic Research Service. Corn production is forecast at a record 10.923 million bushels, well above the previous record set last year at 10.114 million bushels. The projected price of corn is \$2.05 to \$2.40 per bushel. Soybean meal prices are projected at \$180 to \$210 per short ton, well below last year's \$260 a ton. Total hay and other hay crops also are expected to be record large. Other hay production is expected to increase 5 percent from 2003, and yields, at 2.25 tons per acre, are expected to break last year's record of 2.03 tons per acre.

Texas Beef Council

Cash wheat prices have declined about 20 cents per bushel since the U.S. winter wheat harvest started. The crop is estimated to be 1.47 billion bushels, compared to 1.71 billion last year.
