

City of Muenster to get strict with ordinances

City Hall has been getting calls and complaints about loose dogs attacking or threatening to attack people jogging or walking. Some of these dogs are strays, however, most do have owners and it is the owner's responsibility to contain their animals.

Last week an incident occurred at the corner of Third and Oak Streets. A walker reported a large black dog came charging out of the yard and onto the street growling and snarling with teeth bared and ready to attack. The dog came within two feet of the walker with no indication of calming down or backing off. After several minutes of standing-off the dog, the walker was able to pick up some gravel and then finally the dog retreated. What if this happened to a child or someone not familiar or

experienced with an attacking dog?

The City Council is also concerned about the increased accumulation of trash, junk vehicles, and unsightly storefronts and buildings in Muenster. Ninety eight percent of the residents and merchants take pride and do a commendable job of maintaining their homes and businesses. The other two percent bring embarrassment to their neighbors and the entire community.

Be advised: Muenster City Hall will be impounding loose and aggressive dogs, towing disabled or junk vehicles, and issuing citations for violations of Muenster Public Health & Safety Ordinances. Photographs of the violations will be posted on a bulletin board at City Hall for public view.

Faire deemed success by most vendors

By Janet Felderhoff

Last weekend the Muenster City Park stepped back in time and imagination as vendors and promoters of the Red River Fantasy Faire dressed the part. There were knights and ladies, pirates, fairies, mermaids, belly dancers, and more. The two-day event drew only about 300 people.

Raising funds for scholarships for North Central Texas College's (NCTC) business department was the purpose of the endeavor. Kathy Bauer, chair of the NCTC Business and Information Technology Department, was disappointed in the attendance numbers, but said that by everyone else's stated opinion it was a success. "All the vendors were pleased," said Bauer. "They all said that they plan to be back next year. They are planning ways to rework where things might be in the Park next year."

Bauer said that the Park was a big hit with the people who came to put on the Faire. They loved the shade trees. She added that many said the food offered was the best they'd ever had at such an event.

Students and volunteers worked hard to make the event a success, said Bauer. She also credits the Muenster Jaycees, Margie Starke from the Muenster Chamber of Commerce, and several of the NCTC staff for the assistance given to aid in the project's success.

"Several people volunteered to help next year," Bauer noted. "We'll have it earlier in September. There is a huge Fest in South Texas this weekend that we thought would help draw people to this one. Many said that with the price of gas, they could only afford to go to one and chose the one in South

A belly dancer performs on the MSB Stage during the Red River Fantasy Faire Saturday. Scott Wood photo

Texas." Also putting a damper on attendance were probably the

rains predicted from Hurricane Rita. It was supposed to pour here on Sunday, but instead was hot and dry.

City of Muenster, MMH recognized for contribution

By Janet Felderhoff

The Office of Rural Community Affairs (ORCA) honored several local entities at the Monday, Sept. 26 meeting of Commissioners Court. Each was presented with an oversized check representing the amount of grant money being awarded by the ORCA. Frances Pelley, a representative from Texoma Council of Governments presented the checks.

Pelley remarked, "We all send out tax dollars to Austin and Washington, D.C. and there is a process for getting those tax dollars back home. One of those opportunities is from federal and state grants. Someone has to go through the process of applying for the grants and these grants are

Cooke County Electric Co-op sends help

Four employees of Cooke County Electric Cooperative headed to Southeast Texas to help rebuild power lines downed by fallen trees, flooding, and other devastation from Hurricane Rita. The Category 3

hurricane came ashore near Sabine Pass on Sept. 24. The volunteers included Ryan Bayer, Jimmy Barnes, Chris Kubis, and Warren Sicking. The crew left on Tuesday, Sept. 27 in a Co-op Bucket Truck and Digger Derrick

and drove to Sam Houston Electric Cooperative in Livingston. They met up with other crews and received instructions to begin their restoration and repair work. Some rural residents are expecting to be without

electricity for as long as a month.

"Texas cooperatives began sending line workers Monday evening," said Tiffin Wortham, vice president of Member Services/Loss Control for Texas Electric Cooperatives, the statewide cooperative association. "Many Texas cooperatives responded to calls for assistance in Louisiana just weeks ago."

CCEC's General Manager Neil Hesse stated, "Cooperatives can be traced back to Rochdale, England in 1844. One of the seven cooperative principles is 'cooperation among cooperatives'. Cooperatives serve their members most effectively and strengthen the cooperative movement by working together through local, national, regional, and international structures. Sam Houston Electric (Livingston) and Jasper/Newton (Kirbyville) were 100% down after Hurricane Rita went through their service areas. It is in great times of need like these that our cooperation is of great

Log house blends old with new

By Janet Felderhoff

Surrounded by rolling prairies, an 1870s log house appears in its element as it hugs the hillside near Forestburg. It was originally built sometime during the 1870s in Hagersville, Illinois. The log house now sets on scenic property owned by Larry and Suzanne Jobe. How it came to rest in the hills of Texas is a tale of modern technology.

An old 1800s dogtrot log cabin from Missouri captivated Suzanne's heart. She became enamored with it on a visit to some friends' home. Their friends had restored the dogtrot cabin and placed it on their property along the Brazos River. Larry also liked it, so the couple set out to find one suitable for them.

Dallas is where the Jobes live, but they own land near Forestburg. They were looking for a second home for that property. An architect had even been hired to assist with designing a home suitable for

it. After seeing the log cabin, they began seeking information on that type of home.

The couple found the log house now on the land through the Internet on E-bay. It had been taken apart piece by piece, numbered for ease of reassembling, and stored in a warehouse in Louisville, Kentucky. "We had hired a general contractor/consultant to work with us," explained Larry. "We were looking for a cabin that would fit what we were trying to do." Their consultant spoke with the owner of the log house. It seemed to fit their needs so Larry closed on the deal.

Their consultant went up north to inspect the purchase. It was loaded on two semi-truck trailers and shipped to Texas. Since February of 2004, the old log house found a new site to call home.

Larry said that he hasn't been able to learn very much about the home's history. He knows that it was built in the

1870s and was originally a farmhouse in south central Indiana near Hagersville. Although the person who sold it over E-bay lived in Hagersville, he had little information on the history of the home and despite his efforts, wasn't successful in garnering much.

"The logs had all been covered with siding. The walls had been covered up over the years and had been white-washed," said Larry. "To look at it, you couldn't even tell that it was a log cabin. He took all the siding off, dismantled it, and stored it in his warehouse. Other than that, we don't know a lot of history about it."

In size, the log house measures about 2,000 square feet under roof, according to Larry. He noted that this is very unusual for a cabin of that age to be so large. The Jobes have not added on to the home.

Larry Jobe enjoys the view from the front porch of his "new" log home. Janet Felderhoff photo

KMB schedules 2005 fall activities

About 15 members and interested parties attended the annual kickoff meeting of Keep Muenster Beautiful (KMB) at the Muenster Library on Sept. 15.

Oct. 8 has been set for the date to plant flowers in Muenster. Most of the flowers will be in beds created by TxDOT along Main Street, and in the KMB Park across from Sacred Heart Church. Volunteers are asked to meet at the KMB Park at 9 a.m.

The main topic of discussion was regarding what project could be submitted to TxDOT to beautify Muenster with the funds won in the most recent contest from Keep Texas Beautiful. The public will be invited to submit ideas at the monthly Oct. 13 meeting at the Muenster Library at 6:45 p.m.

Oct. 22 has been set by Keep Texas Beautiful-Austin as the date all affiliates (such

as KMB) will be conducting the Fall Statewide Cleanup. This year's cleanup will focus on waterways and lakes. Bar-ditches, creeks, and roadsides fall into the area of focus. Local groups who have adopted right-of-ways are requested to join in the effort on the 22nd if at all possible. Volunteers are asked to be at the Muenster City Park at 9 a.m. to kick off the program.

Points, points, points will be the focus of this year's campaign. KMB gets points for everything done in the community towards cleanup, public awareness, education, and enforcement. Anything individuals do on their own property can count towards these points if they report to KMB and take pictures before and after.

Reporting to KMB is most important for the community to win the "Sustained Excellence" award in 2006. Watch for more articles and information on how to report.

County imposes Burn Ban

By Janet Felderhoff

Outdoor burning has become dangerous in recent weeks and Cooke County Commissioners Court took action Monday, Sept. 26 at their regular meeting. For the next 90 days or until an official vote rescinds it, a Burn Ban on outdoor burning is in effect the unincorporated areas of the County.

It was hoped that rain predicted over the weekend would negate the need for such an order. According to Emergency Management Coordinator/Fire Marshal Ray Fletcher, the KBDI update on Friday was 730 in the southeast portion of the County and 450-447 in the northwest side of the County near the Red River. "Our average overall is 601 for the County," said Fletcher. "Since Sept. 1

we've had 37 grass or brush fires, primarily in the eastern half of the County. They've been running hard and I don't see it looking good for any rain this week."

He and Bill Cox, Precinct #2 commissioner, recommended the ban be put in place. Cox said that in his area they'd just had a very large fire that started when a man threw a match down in some short grass. "It's dry in the southeast part of the County," Cox stated.

A ban set earlier in the summer was lifted shortly after being enacted because of abundant rainfall.

A citizen inquired as to how many of those 37 fires would have been prevented had a Burn Ban been in place. Fletcher said it was hard to

See BURN BAN pg. 3

OBITUARIES

Jim Penton

1915 - 2005

By Elfreda Fette

James "Wyoming Jim" Louis Penton of Forestburg died at age 90 on Sept. 22, 2005 at Northeast Medical Center in Bonham. Services were held Sept. 24 at 2 p.m. in Geo. J. Carroll & Son Funeral Home Chapel, officiated by Rev. Sam Campbell and Johnny Moore. Burial was at Thermopolis Cemetery in Thermopolis, Wyoming on Sept. 28, at 10 a.m.

Mr. Penton was born July 4, 1915 in Shoshonie, Wyoming to John Louis and Myrtle Wolfe Penton.

Survivors are a son and daughter-in-law James and Rose Penton of Sherman. There are four grandchildren and two great-grandchildren.

Preceding him in death were his parents; a brother Oscar Penton in 1964; and a sister Vivian Penton in 1954.

Mr. Penton was a veteran of W.W.II, where he was a member of the Tenth Mountain Division. He was a Lay Speaker for the Methodist Church, and was a

fan of model railroading. When he reached age 90, his birthday was observed by friends. He was a great story teller and related many interesting times of his life.

He often mentioned that he was born in an Indian town "right in the center of Wyoming", with a population of 400. On Christmas Eve 1965, he moved to Texas, where seven inches of snow covered his dad's farm near Forestburg. He settled in Rosston and became a bell ringer after joining the Rosston Methodist Church. He was the "self-proclaimed" mayor of Rosston.

Penton assisted the Rosston Volunteer Fire Department in getting the Sam Bass Day celebration of Rosston started. He also built an open-air trolley and track. He moved to Forestburg in 1996, and still enjoyed traveling to various states.

For those who have asked, the family has suggested memorial contributions sent to Epilepsy Foundation (www.epilepsyfoundation.org).

Republican Women to honor military and families on Oct. 7

Cooke County Republican Women will be holding their Thursday, Oct. 6 meeting at 7 p.m. in the Gainesville Chamber of Commerce, 100 Culbertson Street.

It is an evening of recognizing the military and families of military who have served in Iraq and Afghanistan. All families and military are invited.

The speakers of the evening will be those who are a part of the support for our

troops and families. Under Secretary of Defense Vicki Fields will speak on her function as head of the "Joint Support of the Military Severely Injured" and Alan Clark, who has been head of the Dallas VA Hospital, and now a part of the Fisher House which was established in 1990 to provide temporary lodging in a "home away from home" atmosphere for the families who are there in a supportive function for the military wounded. In a time of need, these two support groups are there for those who have given so much.

The floor will be open for questions, and refreshments will be served afterwards. Any other requests for information may be directed to Sharon McCormack at (940) 668-6762 or Pat Peale (940) 665-7708.

Doris Grewing passes away

Doris Lee Grewing of Gainesville died at the age of 58 on Sept. 24, 2005 at her home. Complete obituary will be in next week's *Muenster Enterprise*.

Correction from MMH

In last week's story on the flu shot offered by Muenster Memorial Hospital Family Health Clinic, it stated the price was \$15.

It should have added that Medicare and Medicaid patients are excluded from that cost.

There is no charge to Medicare and Medicaid patients. The shots are to be offered on Saturday, Oct. 1 and Oct. 8 from 9 a.m. to noon at the MMH Clinic to those meeting the Center for Disease Control's criteria.

DAYS GONE BY.....

by Elfreda Fette

65 YEARS AGO

Sept. 27, 1940

Obituary: Catherine Zimmerer, 58. Signs seem right for greater activity in local oil fields, possibly in a new field northwest of Muenster. Four Muenster youths enlisted in the Army last week: Walter Huchton, Robert Herr, Melvin Morrison, Robert Weinzapfel. Mike Schilling and Leonard Yosten truck a load of pipe from Putnam for Couch Drilling Co. Mrs. Clem Reiter and Mrs. Lee Haverkamp attend a mattress-making demonstration at Valley Creek School. Mildred Walterscheid played her accordion at the Pilot Point Fair. Found: a new, white linen man's handkerchief, trimmed in green, in a local hen house - owner may identify and claim.

50 YEARS AGO

Sept. 30, 1955

Moisture is ideal after 3.72 inches of soaking rains. Men In Service: Cpl. Ernest Wolf is due for discharge after serving two years. A spectacular car-truck-tractor crash involves Joe Moster of Muenster, Billy Rhyne of Bowie, and Willie C. Busby of Saint Jo; big damage to vehicles, no injury to drivers. New Arrival: Richard to the Johnnie Mosters. The Joe Lukes return from 11-day vacation to the western

states. Weddings: Marceline Wimmer and R.J. "Rody" Klement; Frances Knabe and Arthur Bayer.

25 YEARS AGO

Sept. 26, 1980

A&M's Mobile Foundry Lab assigned two weeks to Muenster High School; Rudy Koesler, industrial arts instructor applied for the program. At last! Rain! Still far below the area's need, .83 inch was most welcome. Steve Moster's record of heat above 100 degrees shows 11 days of 100 or more in June, 31 in July, 26 in August, and 12 in September to date. Weddings: Sharlene Pagel and Robert Hartman; Marsha Hampton and Giles Connell. Football this week: Muenster and Lindsay battle to 0-0 tie; SH Tigers lose to Valley View 12-0.

CITY COUNCIL AGENDA

AGENDA MEETING DATE - October 3, 2005

The following is the agenda for the regular meeting of the Muenster City Council to be held at 7:30 pm in the City Hall meeting room on Monday, October 3, 2005.

1. Call meeting to order at 7:30 pm.
2. Opening prayer.
3. Approve minutes of the regular meeting on September 12, 2005.
4. Recognize visitors and invite them to attend the entire Council meeting and to discuss their business.
5. Consider any other business to come before the Council.

OLD BUSINESS:

None

NEW BUSINESS:

1. Consider and act on Ordinance #284, amending charges for sanitation service.
2. Receive information regarding vacation schedules. Consider and act on amending City personnel policy.
3. Discuss purchase of emergency backup generators. Take action as necessary.
4. Receive quarterly activity report from Police Chief Robert Stovall.
5. Review and act on monthly bills.
6. Receive status report on city projects and activities. Take action as necessary on items of discussion.
7. Adjourn.

NOTES:

1. The Council may vote and/or act upon each of the items listed in this agenda.
2. The Council reserves the right to retire into executive session concerning any of the items listed on this Agenda, when it is considered necessary and legally justified under the Open Meetings Act.
3. People with disabilities who plan to attend this meeting and who may need assistance should contact Micallee Matson at 759-2236 two working days prior to the meeting so that appropriate arrangements can be made.

This is to certify that I, Micallee Matson, posted this agenda on the outside bulletin board by the front door of city Hall at 3 pm on September 27, 2005

Micallee Matson
Micallee Matson, City Secretary

A CARD OF THANKS

We wish to express our heartfelt thanks for all the kindnesses that were shown toward our family in this time of sorrow for the loss of our loved one, Elinor Wiesman.

Special thanks to Father John Ohner for the beautiful service, Christy Hesse, Diane Grewing, and Linda Flusche for the lovely music, and everyone who took part in the Mass.

Also a very special thank you to Julian and Carrie Walterscheid for leading the rosary, the ladies of Catholic Daughters of the Americas who prepared and served the delicious meal, and all those who donated food.

We want to thank everyone for all the Mass offerings, flowers, memorial cards, sympathy cards, and kind words or sympathy which we will always remember and treasure.

Check

.....from Pg. 1
 very competitive."
 Pelley said that twice as many cities apply for the grants as receive the grants because they are all in desperate need of water, sewer, and street repairs. That is primarily what the money is used for, he said.

Henry Weinzapfel, mayor, accepted the City of Muenster's oversized check representing a \$125,000 grant to the City to address drainage problems in a specific area by installing three culverts and excavating a ditch. "It's not easy for Muenster to get this," Pelley noted. "Muenster does such a good job and believe it or not, you get penalized in this program if you're doing a good job."

Other Cooke County cities receiving grant money were Lake Kiowa Volunteer Fire Department \$2,047, City of Callisburg \$125,000 accepted by Mayor Bob Henderson, and the City of Valley View \$115,592. North Texas Medical Center received a \$40,000 grant check.

Muenster Memorial Hospital was honored with an \$8,668.75 check representing their grant awarded to assist with continuing education, Health Insurance Portability and Accountability Act (HIPAA) compliance activities, and other software programs, and to improve their Prospective Payment System. They had accepted their check on Sept. 15 at the Texoma Council of Governments meeting in Sherman recognizing grant recipients.

A total of 21 grant recipients from the Texoma area received a total of \$1,549,304 in grants awarded by ORCA between Sept. 1, 2004 and Aug. 31, 2005. The funds supported a variety of local undertakings, including local infrastructure development (planning, capacity building, water, wastewater) projects, disaster relief, health care accessibility enhancements, medical facility improvements, and health care professional recruitment endeavors, to name a few.

"We commend the efforts of every recipient for their dedication to supporting their rural Texas community," said ORCA Executive Director Charles (Charlie) S. Stone. "ORCA was created to assist rural Texans with building their own communities, and I applaud everyone who applied for funding to address the needs of their community."

ORCA's door is always open for comments and suggestions regarding the agency, and any rural issues of concern. Contact ORCA at P.O. Box 12877, Austin, Texas 78711; Phone: 512-936-6701; Toll free: 800-544-2042; Email: orca@orca.state.tx.us; Fax: 512-936-6776; On the web: www.orca.state.tx.us

Overpass sought for dangerous intersection on Hwy.82

By Janet Felderhoff
 Cooke County Commissioners Court signed a resolution at their regular meeting held Monday, Sept. 26 requesting that the Texas Department of Transportation assist in having an overpass erected at the intersection of Hwy. 82 and FM 678. Lorraine Barletta has been actively soliciting signatures to a petition requesting the

intersection. Bareletta appealed to Commissioners Court referring to the death of a teenager there on Aug. 24. She asked that the Court support a resolution for an overpass to be built linking Lake Kiowa and Callisburg. "There are several students who drive there every morning and are in a hurry to get to school," she said. "It's a very dangerous

intersection. ... I do not want to have any more fatalities in that area. We really need to prevent this from happening again."
 Bill Wellman, a member of the Callisburg ISD, said that he personally knew how dangerous that intersection is and that Callisburg ISD had tried in the past to have something done about it. "An overpass, lights, any kind of

correction is not going to guarantee that this intersection will not create a fatality, but I think that an overpass would certainly make it safer," he stated.
 The resolution stated that there have been six fatalities at that intersection in the last 10 years and that they might have been prevented had an overpass been built over it. Approval was unanimous

in amending the 2005-06 Tax Rate Order for Cooke County. It was signed at the last regular meeting when the tax rate was set for .5032. SB 18 changed the way things were done.
 "When I read this order, it said, 'The tax rate will raise taxes for maintenance and operation on a \$100,000 home by approximately \$4.31, not \$464.31. So there is a \$460 error made on that first order.'"

A letter was received from the county judge in Limestone County stating that they would be increasing the current per diem rates on housing Cooke County's prisoners from \$37.50 per day to \$42 per day per prisoner as of Oct. 1. This is due to the increase of fuel prices associated with the transportation services offered for the prisoners, as well as the overall increase in operational expense.

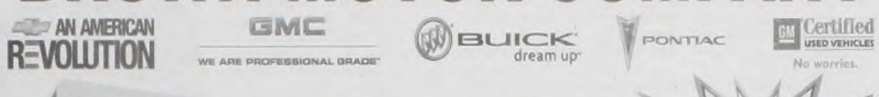

Commissioners Court approved the contract amendment reflecting the price increase. It was noted by Commissioner Bill Cox, "Transportation means a whole lot." Judge Freeman agreed that the cost to Cooke County of fuel and staff needed for the transportation was not affordable.

Precinct #1 Commissioner Gary Hollowell was charged with determining which construction delivery method was best suited for the Cooke County EMS substations. "We've got our plans and plats ready," noted Hollowell. He suggested to the Court that they do competitive sealed bids to allow each commissioner to evaluate the offers of all contractors.
 Judge Freeman said that this would allow them to investigate the work done by the bidders to be sure none did inferior work.

"This is going to be a relatively large project because we plan to build three of them simultaneously," reflected Hollowell. "We need to be sure we get a qualified contractor." This method was approved.

- In other business Commissioners Court:
- Approved out of state travel for Jennifer Johnson-Spence to attend the National Library Association's Conference in Boston.
 - Re-nominated Bob Knauft of Muenster to the Cooke County Appraisal District Board of Directors. It is a five-member board. If there are more than five people nominated, an election will be held, otherwise the nominated people serve.
 - Approved a \$6,895 change order for the Court-house restoration project.
 - Held an Executive Session, but took no action.
 - Approved FY 2004-05 Budget amendments within departments by County Auditor Kent Lashley to balance line items within the department.
 - Set date for a special meeting for Friday, Oct. 7 at 10 a.m. to review a HAVA voting machine.

Burn Ban

.....from Pg. 1
 predict. "My observation before we put the Burn Ban in last time, we had a significant amount of fires," Fletcher added. "During the Ban we had very few. Since it was taken off, we've had a lot more. I'd say it was a result of careless burning."
 Lake Kiowa's Fire Chief Joe Rider reported that since the Ban was lifted, grass fires in that area are up 20% due to people burning and things getting out of control quickly. They are now averaging 50 calls a month compared to the normal 15-20, he noted.

"With the hot sun and the humidity, a piece of glass out there can start a fire," said Rider.

Life Chain this weekend in Lindsay

Sunday, Oct. 2, is National Life Chain Sunday. Cooke County Pro-Life is coordinating the local Life Chain. Participants are asked to meet at Phil's Collision along Hwy. 82 in Lindsay at 1:45 p.m. Signs will be provided. Following an opening prayer, participants will stand in prayer along both sides of Hwy. 82 until 3 p.m. Life Chain is a peaceful and prayerful public witness of pro-life Americans standing for one hour praying for our nation and for an end to abortion.

CCEC

.....from Pg. 1
 importance. Cooke County Electric Cooperative is proud that our employees are eager to help others in times of need. Cooke County Electric Cooperative witnessed this same type of cooperative spirit in the 2000 ice storm. CoServ Electric of Denton came to our assistance and aided in reinstalling downed power lines in frigid conditions. Cooperation has its privileges."

Golden Wedding observed by Art and Frances Bayer

By Elfreda Fette
 Arthur and Frances Bayer celebrated their 50th wedding anniversary on Sunday, Sept. 25, 2005 beginning with Mass in Sacred Heart Church at 8 a.m. officiated by Father John Ohner, OSA. The anniversary couple attended with their four children, their grandchildren, and great-grandchild. They were all together again after Mass at The Center Restaurant in the tavern for a family breakfast celebration.

Altar servers at Mass included Bayer grandsons, Zachary and Isaac Barnhill and great-nephew John Paul Hesse. Readings were given by the oldest granddaughter Mandy Barnhill Walter and daughter Julie Simpson. Prayers of the Faithful were led by granddaughter Audrey Barnhill. Offertory gifts of bread and wine were presented by granddaughters Sara Rogers and Audrey Barnhill.

Participating as Eucharistic ministers were the honor couple, Arthur and Frances Bayer, and their maid of honor Ethel (Mrs.

Danny) Bayer, and several parish members.

Music was provided by Ruth Felderhoff, with Christy Hesse and Jack White leading the congregation. Songs included "Prayer of Saint Francis", "Give Thanks To the Lord", "To You O Lord, I Lift Up My Soul", "Though the Mountains May Fall", and "One Bread, One Body".

After Mass, Father John gave the couple a special blessing for 50 years of marriage.

The Bayers' children and their spouses are Janet and Monte Barnhill of Muenster, Julie and C.B. Simpson of Sherman, Keith and Candi Bayer of Pennsylvania, and Nathan Bayer of Pioneer Valley.

Grandchildren in attendance were Mandy Barnhill Walter; Adam, Audrey, Zachary, Ian, and Isaac Barnhill; Sara and Haley Rogers of Sherman; Casey and Aaron Bayer. Unable to attend were Cheryl and Beverly Bayer Knabe of Lindsay. Also attending was the one great-grandchild Chloe Elizabeth Walter.

There is one deceased

grandchild, John Alton Rogers.

Arthur and Frances Bayer are prominent in community life. They have resided in Muenster all of their married life on the same location south of Muenster. They are both active members in Sacred Heart Parish and in the Veterans of Foreign Wars and the VFW Ladies Auxiliary. Mr. Bayer is still active as a farmer and rancher. Mrs. Bayer is quite active as a volunteer for many organizations' projects.

On Sunday, many friends and relatives recalled the

original wedding day, Sept. 27, 1955, when the young couple was married in a Nuptial High Mass on a Tuesday at 4 p.m. by Rev. Louis Deuster. The men's choir sang and Tony Luke played the organ.

A reception was held in the old parish hall, and a dance in the VFW Hall. Then the couple left on a wedding trip to Colorado, Iowa, and the surrounding states.

Both are graduates of Sacred Heart High School. Mr. Bayer served as a member of the paratroops during the Korean Conflict.

Kiwanis Pancake Supper is Oct. 7

The Kiwanis Club of Muenster is having its Annual Pancake Supper on Friday, Oct. 7, at the Muenster ISD cafeteria from 5-7 p.m. This is one of the Kiwanis' major fundraisers every year. This year the proceeds are going to benefit four different local organizations. They are ABBA, Muenster Historical Commission, Keep Muenster Beautiful, and Muenster First Baptist Church Food Pantry.

The Kiwanis host the supper each year when both Muenster and Sacred Heart football teams have a coinciding home game. Hopefully this will give everyone an op-

portunity to attend!

Advance tickets for the supper are: adults \$5, children \$3; at the gate they are adults \$6 and children \$4. Please support the efforts of the Club with your attendance! Advance tickets can be purchased from any Kiwanis member, at Muenster State Bank, or from a member of one of this year's benefiting organizations.

The Kiwanis has been a supporting organization of the community of Muenster since 1983. Throughout the year, the Kiwanis also host the carnival at Germanfest, the circus, Summer Family Swim Nights, and the Drive, Chip, and Putt Contest.

Reception held for newlyweds

The east lawn of the Marysville Baptist Church in northwest Cooke County was the setting for a reception Sunday, July 31, 2005 honoring newlyweds T. C. and Lindsey Goin of Gainesville. Parents of the couple are Lindy and Elaine Lewter of Valley View and Paul and Lorna Goin of Marysville. Ninety family and friends gathered under the historic oak trees to celebrate the young couple's recent marriage.

The decorations carried out a tropical island theme using seashells and ribbons in shades of purple and

lavender, raspberry and green. The cake table, covered in white with a cloth overlay of purple jacquard, was set under the trees against the backdrop of a white lattice arbor and banks of fern and purple flowers. Guest tables, covered in white and decorated with arrangements of purple flowers, candlesticks, and ivy, were set under huge shade trees. Table decorations and flower arrangements were designed by Donna Doty of Marysville.

The three tiered bride's cake, frosted in a basket weave design and decorated

with clusters of white roses and cascades of ribbon in soft shades of lavender, was served by Lauri Lewter of Era, cousin of the bride. The chocolate groom's cake, continuing the basket weave motif and covered with strawberries dipped in chocolate, was served by Cindy Stormer of Marysville, family friend of the groom. Both cakes were the creations of Betty Rose Walterscheid of Muenster.

Janna Kemper and her daughter Alissa Kemper, of Sanger, sister and niece of the bride, respectively, presided over the iced punch made by

Mary Jean McElreath of Muenster; and vanilla ice cream was served by Mary Dangelmayr of Marysville, both family friends of the groom.

The young couple had originally planned a July 13 island wedding at Montego Bay, Jamaica, but were forced to change their plans when Hurricane Dennis prevented their cruise ship from making port in Jamaica. Instead, upon their return they were married at the Cooke County Courthouse by Justice of the Peace Dorothy Lewis on July 20, 2005. They are now residing at their home in Gainesville.

Mr. and Mrs. T. C. Goin
...nee Lindsey Lewter...

Mary Uhlig named president of Dublin & Associates

Mary Rohmer Uhlig has been named president of Dublin & Associates, Inc., San Antonio's leading public relations and strategic communications firm. The announcement was made by James R. Dublin, chief executive officer of the firm.

"This promotion acknowledges the talent and breadth of experience Mary brings both to our clients and to our company," Dublin said. "She joined the firm in 1985 and since then has helped plan many, many communications campaigns for our clients - locally, regionally, and nationally. Mary thinks strategically for our clients and serves as a highly respected counselor for them as they deal with opportunities and problems facing their businesses or institutions."

Dublin said Uhlig will continue to coordinate the efforts of the firm's two account teams, working closely with those team leaders and taking on a greater role in the internal leadership of the firm. She had been serving as executive

vice president of Dublin & Associates.

In her 20 years with the firm, Uhlig has worked with companies and organizations to develop programs that gained national and international media exposure, developed and launched corporate foundations with a national reach, worked on positioning programs that helped brands achieve record sales results, and worked with small, entrepreneurial clients that used marketing and public relations to grow into significant enterprises and national brands.

Before joining the firm, Uhlig was editor of internal communications at San Antonio-based financial services company USAA. She is a graduate of the Leadership San Antonio program and is active in the North San Antonio Chamber of Commerce and in a number of community organizations.

The daughter of Imelda Rohmer of Muenster and the late Arnold Rohmer, Uhlig graduated from Sacred Heart

Mary Rohmer Uhlig

High School in Muenster in 1978 and went on to earn her Bachelor's degree in English/Communications Arts from St. Mary's University in San Antonio in 1982.

Dublin & Associates was founded in 1982 and has a staff of 15, providing public relations and strategic communications services to more than 40 clients.

NEW ARRIVAL

Sherrell

Big sister Kasey and brothers Colin and Weldon are very proud to announce the birth of their baby sister Lillian Grace Sherrell. Lillian was born on Tuesday, Sept. 27, 2005 to Kenny and Amber Sherrell of Saginaw, Texas. She weighed 6 lb. 6 oz. and was 18 inches long. Grandparents are Kenneth and Ginger Sherrell of Watauga. Lillian Grace is the namesake and the first grandchild of Lillian Walterscheid of Muenster.

Lindsay Senior 4-H Club reports

The Lindsay Senior 4-H group met on Sept. 14 in Conrad Hall. Victoria Vogel and Randi Reed led the 4-H pledge and the U.S. pledge. The treasurer's report was given. The by-laws were adopted and the state participants were acknowledged. They discussed the newsletter.

There was a food and nutrition project after the meeting.

Submitted by Erin Wyrick, reporter

Hess receives white coat

Stephanie Hess, Muenster native and Physician Assistant Studies student, received a white coat at the Convocation and White Coat Ceremony on Sept. 23 at Will Rogers Auditorium.

The White Coat Ceremony is a rite of passage for students entering the academic health community. During the ceremony, new medical, physician assistant, biomedical sciences, and public health students are literally "coated" for the first time. The white coat they receive symbolizes the humanism and integrity required of each individual entering a health-related profession. Students will also receive gifts signifying

their entry into their respective professions.

This year's guest speaker was David M. Richards, DO, former president of the health science center. The ceremony included 135 incoming students from the Texas College of Osteopathic Medicine, 90 incoming students from the Graduate School of Biomedical Sciences, 87 new students from the School of Public Health, and 29 new students from the Physician Assistant Studies program.

"Employ thy time well, if thou meanest to gain leisure."
Benjamin Franklin

AREA EVENTS

Exercise class in Forestburg

A ladies exercise class will begin Tuesday, Oct. 4 at 9:30 a.m. at the Forestburg Community Center. The class will meet Tuesdays and

Thursdays of each week and will last approximately one hour. It is open to anyone who would like to attend. There is no charge for the class. Attendees should bring an exercise floor mat or towel.

BAPTISMS

Schumacher

Jaden James Schumacher was baptized on Aug. 21, 2005, after the 4 p.m. Mass at St. Mary's Catholic Church in Gainesville with Father Don Brennan officiating.

Jaden is the son of Jerry and Sandra Schumacher of Gainesville. He has an older brother Jerrad John Schumacher, and is a brother to the late Jacob Joseph Schumacher. Jaden is the grandson of Marcella Hess of Lindsay and the late John L. Hess, and Melvin and Patsy Schumacher of Gainesville. Jaden's Godparents are his Uncle Randy and Aunt Teresa Hess of Lindsay. Jaden wore the same baptismal suit and blanket that was worn by his big brother Jerrad.

Following the ceremony everyone gathered at the Smokehouse in Lindsay for supper. His baptismal cake was decorated with little white roses, white sheer ribbon tied into bows, two silver crosses, and a pair of baby booties with blue satin ribbon for the laces. The icing was white with blue trim and blue letters that read "Jaden... A tiny blessing from the Lord." baked by Tina Jordan.

Attending the ceremony were his parents and brother, grandmothers Marcella Hess and Patsy Schumacher, uncles, aunts, and cousins:

Jaden James Schumacher

Danny and Cade Hess, Randy and Teresa Hess, Sarah and Dusty Reed, Stanley, Tonya, Kaileigh, and Tyler Hess, Dale and Dianna Schumacher, Kenny Schumacher, Ronnie Schumacher, Sonny, Karen, and Kaylee Privett.

Peel

Hunter James Peel was baptized on Sunday, Sept. 18, 2005 at noon in Sacred Heart Church by Father John Ohner, OSA. Baptismal sponsors were Darren and Allison Hennigan of Carrollton. The infant is the son of Woody and Dalana Peel of Little Elm, and the grandson of Jim and Shirley Endres of Muenster, Mae and Richard Carroll of Arlington, and Bruce and Lynette Peel of Granbury. His great-grandparents are Dorothy Swirczynski of Muenster and the late Richard Swirczynski, and the late Dorothy and Donald Endres, and Lee and

June Peel and Dorothy Cahill, all of Fort Worth.

For his baptism the infant was dressed in a satin gown and cap made by the late great-grandmother Dorothy Endres, previously worn by Brad and Chad Endres.

At a reception following the church service, many gifts were received, opened, and displayed. A special cross and rosary given to Hunter by his Godparents was blessed by Fr. John.

Others attending the baptism and reception included Brad and Chad Endres, twin uncles of the newly baptized Hunter.

A decorated Baptismal cake, made by Betty Rose Walterscheid, carried the lettering "Today Hunter James became a child of God". It was served after a meal of grilled hamburgers, with all the trimmings, at the home of Jim and Shirley Endres.

Job opportunity targets ages 55+

Over 55 with limited income? If you qualify, Experience Works has training and opportunities available as a library aide in Muenster. For more information, contact the local Cooke County representative, Shirley Lemons at 940-665-9994 or toll free 877-781-9953.

September is Life Insurance Awareness Month

While life insurance is usually viewed as a way of protecting your family's financial security after you die, it can also help you with other financial goals—from accumulating money for major purchases, to education funding, to making gifts to charitable organizations in your later years. So when's the right time to think about life insurance? Right now.

Last week's article provided insight for life insurance needs in earlier stages of life. We need life insurance even in the later stages of life.

Looking toward retirement: At this time in life, it's important to be sure that you are adequately insured. If you had children later in life, there is a good possibility that your life insurance needs may actually increase. You may want to consider adding additional coverage to take you through the time when your youngest child finishes college. Some term insurance premiums can become higher

later in life. So if you own a term insurance policy that allows you to convert to permanent insurance, this may be an opportune time to take advantage of this policy provision. You could convert to a permanent plan and start building cash value. Your premiums will be higher. However, with many permanent policies, your premiums will remain level for the remaining life of the policy.

As you near retirement, any permanent insurance policy you own may have accumulated a cash value.

This money that can often be withdrawn or borrowed to help meet various expenses, such as funding a new business opportunity, paying for emergency medical expenses, or taking that dream vacation.

Planning your estate: Life insurance traditionally has been a popular way to pass money on to your beneficiaries, because the death benefit is free from income tax (although it is included in the policy owner's estate). You'll likely want to consult an estate planning

specialist about specialized techniques that use life insurance policies to minimize estate taxes, maximize the money that your spouse, children or grandchildren receive, and allow you to make tax-advantage contributions to charities and foundations. These often include various forms of life insurance trusts, and are best structured by an attorney or certified public accountant (CPA).

Your life insurance needs and goals evolve as you move through the stages of life, so it's always a good idea to review your life insurance coverage on a regular basis.

Call your agent today to schedule your life insurance review. If you do not have a personal life insurance agent or broker, please feel free to contact Anna Brazier at FMW Insurance Agency, 759-4644, to schedule a free life insurance review.

CABINfrom Pg. 1

"These log homes built after the Civil War were known as I-Cabins because they were built in Iowa, Illinois, and Indiana, and they were just a step above anything that had been built before," reported Larry. "This one is unusual in terms of its size."

On the inside, a fireplace has been recreated to an inside wall. That is in character for I-Cabins. Jobe explained that up north the temperatures are colder and people put fireplaces on interior walls to conserve heat. In southern regions they were built on exterior walls to allow more interior living area. Logs used in places like Texas are not as long as those grown in the northern states. Serving as the mantle is a spare log that was split. The wood has grown quite hard over the century.

Muenster native Tom Bayer, assisted by his son Adam, rebuilt the log house. They also did all the inside carpentry that the Jobses planned to keep the home as authentic in appearance as possible while still being functional in a modern manner. "He stayed with the project from beginning to end," Larry praised. "A skilled carpenter is absolutely crucial to this sort of project and he was invaluable to it. We couldn't have gotten done without him and Adam. You can just tell by the craftsmanship in the house what a job he did."

Tom Bayer said that the project created numerous challenges. "Everything was just different," he remarked. "There wasn't any going to the lumberyard and buying a piece of lumber, you had to make it yourself." Adam agreed, "It was challenging, especially making everything line up."

The log house took over a year to complete rebuilding and refurbishing. In February of 2004 the huge logs were unloaded and the project started. It took until the second weekend in June of 2005 before the couple could spend the first night in the log home. "Fifteen months," Larry counted. "Then after we were finally able to move some furniture in it and sleep in it and use it, we were continuing to work on it even then. It's really not finished yet and I'm not sure when it will be."

The Jobses put a lot of thought into creating a realistic look for their new "old" home. All electricity was run underground 1800 feet from the road to avoid having electrical lines and poles distracting from its appearance.

To prepare the site, roads were put in, a water well dug, and the heavy logs moved uphill from where they were unloaded in a pasture to the wooded hillside that was their new habitat. Larry said that there were 91,000 pounds on the two trucks - 45,000 on one and 46,000 on the other. The massive logs that comprise the walls are beech wood.

"You wouldn't find a cabin this size in Texas because in Texas the log houses were made of either oak or cedar and were a lot smaller," he explained. "You wouldn't find a 40-foot log. Of these logs, the largest logs are 40 feet long and probably 17 inches thick. Some of the bigger ones weighed over 3500 pounds." A small crane was used to move them about until they reached the top of the cabin. At that point, a large crane was rented to hoist the massive

wood logs to the top of the cabin. This piece of equipment weighed what it picked up. According to Jobe, one of the beams spanning the top of the house weighed 3500 pounds. He speculated that others weighed that much, but they didn't weigh all of them.

Peers were dug for the foundation to set the logs on. Assembling the logs came next. Each was numbered with an aluminum number hammered on its end, and a detailed hand-drawn diagram provided guidance for the reassembly. "Just like an erector set," said Larry.

Jobe said that all the logs were hand hewn and this is confirmed by the X marks on every log. "How they ever did this originally - it's just amazing that they were able to do it," Larry marveled. The original roof joists and flooring were made out of poplar wood. There was enough of that original wood to do the floors of two downstairs bedrooms and the upstairs floors. Old white pine was used on

the remainder of the downstairs floors.

A porch was added to the log home's upper story to take advantage of the spectacular view of the area. That is the only addition to the exterior shape of the I-Cabin. Adam said that old floor joists from another porch on the house were used to fashion porch railings for the added porch. He said, "We cut each spindle and top piece. All of that came out of the old floor joists. Once we got into the groove, it wasn't too difficult to do. We did all that pretty much from scratch."

Its scenic view is what Larry said he likes best about the log home and location. "The view was the number one thing for me," he remarked. "It was more difficult building and more expensive to build it up here on the bluff, but I love the view. I like the rustic nature of it and I enjoy the fact that it is something old and historic that has been preserved." Rocking chairs grace the upper porch inviting those who venture out to sit a while and drink in the panorama offered there.

Building in that manner is not economical, said the log home's owner. "It's an expensive process. It's quite a bit more expensive than conventional construction," he advised. One reason for more expense is that every window has to be squared and shimmed. Every detail takes considerable time. He said that it is why Tom and Adam worked on the project for over a year.

Jobe continued, "I like the craftsmanship that's in it. You don't really appreciate it unless you saw it. We love this part of the country. We just like being out here."

There are drawbacks to living in a log home. Larry said that those they experience aren't as severe as they might be if it were a new log cabin. Shifting is one problem. Bugs are another since some like the wood. The Jobses have had

an ant problem and another unwelcome guest - scorpions. They find at least one in the sink every time they come.

Modern conveniences incorporated into the log home are electricity for cooling, lights, appliances, etc., and propane for heat. Poole Electric from Muenster took on the challenge of wiring the home. "They did a great job," Larry said. "You've got to run the electricity in between all of these cracks and then drill through and bring it down to the sites. You have to do that before you put the chinking inside and close it up. That's quite a process. The electrical is a very interesting process that goes on."

Larry explained that assembling an old log home is not like building a modern log home from a kit. "You do it as you go, there are no plans," he said.

"Originally when these homes were done they would use anything that they could from the area. They'd use mud, rock, straw, masonry, whatever they could. What we have here is on the outside primarily masonry half-way in and then we came on the inside and put foam for insulation. On top of the foam we put what they call super chinking, which is a modern day product that expands. There are three different treatments. Outside we also placed rocks interspersed within the masonry." Workmen from Forestburg did most of that type of work.

David Hillard from north of Muenster was the stonemason for the fireplaces. "He did a great job. He's very talented," praised Larry.

"We really do rely on Muenster for good workmen in this area," stated Jobe. "It's where a lot of the craftsmen are. They're good hard working people."

Many unique pieces of furniture add to the home's ambiance. "The furnishings are things my wife has been picking out for two years in various places," Larry remarked. "We're trying to go to a ranch or original look, older things mixed with newer things, a combination of old and new."

In the kitchen, the couple decided on 1920s sinks and had the porcelain refinished. Bayer built cabinets out of pine shiplap that are replicas of the 1800s period. Even with the old look, the kitchen is equipped with modern conveniences such as refrigerator, range, microwave, etc.

Although the original structure had no bathroom facility, the Jobses added three to it. The master bath has a shower. Closets weren't a necessity back in the cabins' early day, but have also been designed into the Jobses remodeled version. On the north side exterior, a deck was added to sit and enjoy the scenery.

Upstairs, one room has been designated as a game area and will hold a pool table and a poker table. Lofts for sleeping will accommodate some of the 13 grandchildren who range in age from four years to a college sophomore. A guest bedroom and sitting area offers a spectacular view of the surrounding countryside.

Larry claimed another room as his office. Furnishings include an old Civil War desk that he said is called a campaign desk because it can be broken into two pieces and carried from place to place. Stepping out onto the log

home's added upper deck, one has view for miles. "You can see Era from here on a real clear day," Larry noted. It is one of his favorite places in the home.

Projects remaining on the Jobses' list include finishing the upstairs, furnishings, and perhaps the biggest - landscaping. Larry said he plans to put in some retaining walls and add native shrubbery and grasses. A large amount of dirt was hauled in to make the ground slope properly. He said that it dropped off quickly before the dirt was added.

Family is the reason that Larry and Suzanne bought the land near Forestburg. They have seven children and 13 grandchildren and wanted a place where they could come and everybody could be together and enjoy the outdoors. Seven Stars Ranch is the name they dubbed the place, for their seven children. "And it's worked. We had a lot of good family times out here," Larry noted. Three of the Jobses children have now bought land in the area.

Log Cabin Pictures (Clockwise from inset): Finished kitchen; crane lifts top logs; corner in progress; unfinished inside room.

Janet Felderhoff and Courtesy Photos

The ranch encompasses about 300 acres and is leased out since the couple doesn't currently have the time. He does have plans for a stable and wants to have horses there for riding. Several family members enjoy riding and there are suitable trails for riding on the Seven Stars.

There are several logs waiting to be incorporated into a design that will make the stables and home complement each other.

Pictures taken from the beginning and throughout the project document its progress.

DEPOT DAY FESTIVAL

Saturday **Oct. 8, 2005**

10 a.m. - 5 p.m.

On the Square in Downtown Gainesville!

Features Include:

SH Machinators ready for a successful year!

The Sacred Heart Machinators are proud to announce the commencement of the B.E.S.T. (Boosting Science, Engineering, and Technology) Robotics Competition. The competition Kickoff day was held on Sept. 11. The Machinators, along with several other local teams, met at Howe High School to receive this year's task and a kit of all necessary materials for building the robot. Several engineers from TI came out to present the task to all the teams using their own mock robot to demonstrate it.

This year the task is almost an exact simulation of events currently concerning the Hubble Space Station. In 2007 the battery life of the batteries sustaining the space station will run out. It is each team's goal to design a robotic arm that will most

effectively remove old batteries from the Hubble and replace them with new ones. Extra points can be earned by swapping rocket boosters with competing teams.

To all who find this challenge intriguing, the Machinators encourage you to come out and watch them compete at the regional meet to be held on Oct. 22 in Van Alstyne.

The Machinators, eager to waste no time getting started, held their first meeting directly after the kick-off at Sacred Heart. Every member contributed greatly at the meeting in the way of possible arm ideas, T-shirt and logo sketches, team formations, and task delegations.

Currently the team meets after school every day in a productive effort to experiment with prototypes

and begin work on A.S.T.R.O. The Sacred Heart Robot, recently named Mission 146 A.S.T.R.O., takes its name in part from the total amount of points possible to earn in one round of competition. The acronym A.S.T.R.O. stands for Advancing Science through Robotic Operations. The name, was a result of the last brainstorming session.

The Machinators, at the same meeting, were able to complete construction on the playing field. After the robot is built, the driving team will be able to practice controlling the robot on the playing field in preparation for the regional competition.

The Machinators are enthusiastic and confident about their success this year so please stay tuned for updates in the coming weeks!

Jeff Tate receives special honor

Jeff Tate, son of Garland and Sharon Tate of Fort Worth, and grandson of Ray and Lou Voth of Muenster and Wayne and Kathy Tate of Rathliff City, Oklahoma, was recently named the State Farm/Texas High School Xtra Scholar Athlete of the Week. He is a senior at Brewer High School. He is currently ranked first in his class of 328 students; is in the National Honor Society; the Key Club, and plays basketball for the Brewer Bears.

Jeff's award presentation was televised on Sunday, Sept. 18 on "High School Spotlight" on the Fox Southwest channel. He was

nominated by his athletic director Coach Wayne Coleman, his basketball coach Johnny White, and his counselor Kenny Williams, who all attended the presentation recently at Brewer High School. Also in attendance were Jeff's parents and his brother Jeremy who is a junior at Brewer.

In addition to a plaque, Jeff will receive a scholarship in the spring. He is undecided about colleges, but present plans are to double-major in Economics and Finance. He is interested in either Baylor, The University of Texas, or Texas Christian University.

Jeff Tate

Muenster PTO seeks officers

Muenster ISD Parent Teacher Organization is looking for two new officers to fill the positions of treasurer and reporter. Both of these offices have two-year terms. The positions require that you be able to volunteer much time to the organization and its cause. The Muenster ISD PTO works to aid students and teachers in their quest for educational success.

If you are interested in running for either office and would like more information, contact one of the current officers: Deanna Hellman (president) at 759-2988; Amy Binder (vice-president) at 641-0338, or Kim Walterscheid (secretary) at 759-4910. The deadline is Oct. 7.

Outgoing officers are Brenda Gann (treasurer) and Darla Hundt (reporter).

Lightning safety information

"Lightning is a potential hazard to people outdoors and indoors and results in millions of dollars in economic losses," said Brig. Gen. David L. Johnson, U.S. Air Force (Ret.), director of the National Weather Service. "Lightning kills an average of 67 people in the United States each year and can result in property loss, damage to aircraft and electronics, and can be the spark that ignites devastating wildfires."

Lindsay Junior 4-H Club report

On Sept. 13, Lindsay Junior 4-H kicked off their first meeting for the new 2005-06 year at Conrad Hall in Lindsay. Sixteen club members and four adults were present. The 4-H members filled out their new enrollment forms and discussed the projects for the upcoming year.

Kelli Reed, club president, gave a report on the achievement banquet.

Donna Zimmerer gave a mini food enrichment class on the food groups and the food pyramid. The 4-Hers answered food quizzes and sampled healthy foods. After the food project, they enjoyed creating their own ice cream sundaes.

The Lindsay Junior 4-H group meets the second Tuesday of every month.

Submitted by Amelia Haverkamp, reporter

LUNCH MENUS

WEEK OF OCT. 3 - 7 MUEINSTER ISD

Mon. - Corny dogs, beans, macaroni and cheese, fresh vegetables, apple cobbler, pineapple.

Tues. - Steak fingers, creamed potatoes w/gravy, corn, pears, hot rolls.

Wed. - Ham and cheese sandwiches, lettuce, tomatoes, chips and salsa, fresh vegetables, bananas, cookies.

Thurs. - Lasagna, lettuce salad w/dressing, green

beans, peaches, hot rolls.

Fri. - Chicken patty sandwich, oven baked French fries, lettuce, tomatoes, beans, applesauce, ice cream.

SACRED HEART

Mon. - Corn dogs, chips, salsa, pudding cups.

Tues. - Stew, cornbread, cheese sticks, apples.

Wed. - Beef spaghetti, green beans, mixed fruit, garlic bread.

Thurs. - Chicken nuggets, potatoes, gravy, mixed vegetables, oranges, bread.

Fri. - Hamburgers w/trimmings, French fries, ice cream.

LINDSAY ISD

Mon. - Corn dog, baked beans, carrot sticks, fresh fruit, chocolate cake.

Tues. - Soft tacos w/trimmings, refried beans, Spanish rice, applesauce.

Wed. - Oven-fried chicken, cheesy potatoes, corn, pineapple, bread.

Thurs. - Spaghetti w/meat sauce, green beans, peaches, garlic bread.

Fri. - Chicken on a bun w/trimmings, oven fries, ice cream.

ERA ISD

Mon. - Turkey pot pie or ham and cheese hot pockets, green beans, pear half, tossed salad, peach cobbler.

Tues. - Burrito, corn, tossed salad, strawberry applesauce, sugar cookie.

Wed. - Steak fingers or chicken nuggets, mashed potatoes, gravy, fruit mix, tossed salad, hot roll.

Thurs. - Corn dog, tator tots, tossed salad, sliced peaches, Missouri cookie.

Fri. - Sub sandwich, trimmings, potato chips, pickle spears, ice cream.

Tigers victorious over Saints

The Sacred Heart Tigers made the trip to Carrollton Saturday morning to take on the Carrollton Christian Academy Saints, and brought home a 42-15 victory.

"The team played a really good game. They showed much improvement over last week," commented Tiger Coach Charles Boles. "Offensively we moved the ball pretty well." Boles noted that the Tigers' blocking has been good, allowing Aaron Krahl to make the plays. "This is a very unselfish football team."

A Tiger fumble after the second snap of the game quickly put the Saints in a scoring situation on the Tiger 24. Moving to the 9, two tackles by Jon Ambrose and David Walterscheid lost ground. An interception by Colby Richey in the end zone stopped the threat and returned the ball to the Tigers. A Nolan Hartman pass to Richey gained 6 yards, with Aaron Krahl running seven plays, scoring on the final on a 14 yard run. Tim Otto booted the extra punt for a 7-0 score with 5:27 on the clock.

Down on their 20 yard line, the Saints couldn't get by Ambrose. Otto then picked off a pass at the 30 and returned it to the end zone. A flag put the ball on the CCA 24. A Hartman to Richey pass moved 9 yards closer to paydirt. Krahl then scored with 3:31 on the clock. Otto's

pass play found the end zone and with 4:20 remaining in the 1st half, the Saints closed the score to 28-15.

An 80 yard Krahl run was returned by a holding violation. The Tigers then moved to the Pirate 16 before running out of downs. Tackles by Jacob Hess and Walterscheid dropped CCA 8 yards before the halftime break.

Walterscheid, Adam Dangelmayr, and Ambrose all got tackles for losses, making CCA punt. Two plays later the Tigers lost a fumble, but the following play, Neil Bayer got the ball back, covering a fumble on the Tiger 39. The teams exchanged possessions several times, with Krahl ending the period with a 65 yard touchdown run. Otto kicked the PAT for a 35-15 score.

The Saints moved the ball to the Tiger 26, but four consecutive incomplete passes returned the ball to Sacred Heart. Two runs by Chris Marshall gained 40 yards, assisted by a flag, and the Tigers were at the 14. Krahl ended the drive with a 7 yard scoring run. Otto hit the PAT kick for a 42-15 score with 6 minutes remaining in the game.

Sacred Heart got the ball back two snaps later when Mark Fleitman intercepted a pass at midfield. Eight plays later, the Saints got the ball on downs. CCA's last drive was shortened when Tim

Next Action
The Tigers will be on the road again this week in their last pre-district game, traveling to the Metroplex to take on the Canyon Creek Cougars of Richardson from TAPPS Div. 3, Dist. 2.

"Canyon Creek's really got a great offensive team. The best quarterback in the Metroplex," said Coach Boles. "They score lots of points - very explosive. They'll throw the ball 50 to 60 times and put our defense to the test."

Game time is 7:30 p.m.
Directions to the Game
The Sacred Heart - Canyon Creek game will be played at Williams High School at 1717 17th Street in Plano. To avoid I-35 traffic, go south on US 75 out of Sherman approximately 38 miles. At exit 32-31, take ramp (right) onto N. Central Expressway (US 75 S) towards Spring Creek Pkwy/Legacy Drive.

A blocked Collinsville quick kick puts the ball up for grabs as Muenster Hornets Micah Flusche and Charlie Womble make the dive. Flusche covered the ball to set up a Hornet touchdown. Janie Hartman photo

Hornets start District with 35-0 victory

District competition started Friday for six of the seven teams in 16-A, with three blowouts. The Muenster Hornets defeated Collinsville 35-0, while Lindsay plastered Petrolia 52-0, and Valley View flew over Saint Jo 54-0. Era stayed home with an open week. The results last Friday put the three winners in the District lead.

"We played a whole lot

picked up 24 yards, followed by two 10 yard runs by Zach Swirczynski and a Walterscheid pass to Swirczynski to the 5 yard line. Swirczynski finished the drive with a touchdown. The PAT kick failed for a 6-0 score with 2:20 on the clock.

The Pirates carried the ball into the 2nd quarter and onto the Hornet side of the field. A joint tackle by Michael Faries and Charles Womble dropped Collinsville for a 9 yard loss, forcing a punt.

The teams exchanged several punts, with Dustin Wimmer and Swirczynski making positive yardage. A fumble recovery by Womble, caused by Paul Crabtree, gave Muenster the ball on the Collinsville 20. The next play, Muenster lost the ball back to the Pirates. As time ticked off the clock, the Pirates were forced to punt.

The kick put Muenster on their 31 yard line with 5 seconds on the clock. A Walterscheid to Swirczynski pitch got the Muenster fans on their feet as Swirczynski raced downfield for 69 yards for a touchdown. The PAT pass fell incomplete for a 12-0 halftime Hornet lead.

Muenster's offense struggled their first drive of the 3rd quarter. Tackles by Lutkenhaus and Swirczynski and a blocked quick kick caused by Crabtree, covered by M. Flusche, put Muenster on the Collinsville 41. The Hornets took advantage of the turnover. Corey Reynolds gained 6, J. Walterscheid 1, and Wimmer 5 to the 24. On 1st down, Swirczynski found paydirt. With 5:32 on the clock, J. Walterscheid added the PAT run for a 20-0 score.

The Hornet defense again held the Pirates, forcing another punt. The next play, J. Walterscheid connected with Faries for a 61 yard touchdown pass play. The J. Walterscheid keeper on the PAT put Muenster ahead 28-0 with 3:33 remaining in the 3rd quarter.

Collinsville's next attempted drive was shortened when Keith Walterscheid intercepted a Pirate pass on the Hornet 35. Reynolds ran for 5, then got to the Pirate 29 after a catch from J. Walterscheid. Reynolds gained another 20 as the final period began.

Wimmer iced the drive with a 9 yard run into the end zone. Just seconds off the

clock, Ryan Hennigan's PAT kick gave Muenster a 35-0 lead.

Tackles by Womble, Chad Endres, Swirczynski, and Lutkenhaus made the Pirates punt again. The teams exchanged punts, Muenster lost a fumble, and the Pirates got inside the Hornet 20 before the time ticked to all zeros and the game ended.

"We're glad District is started and glad to be 1-0. We have to take one game at a time, beginning with Saint Jo."

Next Action
This Friday the Hornets travel to Saint Jo in an attempt to out-play and out-score the Panthers.

"Saint Jo is having trouble, but they are a big team with 15 seniors on their roster," commented Coach Endres. "They are always 'up' for us. Our job is to get up on them and take care of business."

Coach Endres noted that the team needs all the support they can get and hopes the fans will travel to Saint Jo and support the Hornets.

Game time is 7:30 p.m.

Meeting Notice

Hornet Booster Club Muenster Hornet Booster Club will hold its regular monthly meeting on Monday Oct. 3 at 7 p.m. in the Girls Locker Room.

Sacred Heart Tiger Aaron Krahl heads for the goal line for one of six touchdowns he scored in the Tigers 42-15 victory over Carrollton Christian Academy. Scott Wood photo

PAT upped the score to 14-0.

Two tackles by Arlie Bayer forced a Saint punt, putting the Tigers at midfield. Behind the blocking of teammates, Krahl ran for 15. Theo Otto gained another 15 to the 19. Aaron then scored with 32 seconds remaining in the 1st quarter. Tim Otto's PAT was good for a 21-0 score.

CCA got in four plays before Ambrose intercepted and put the Tigers 25 yards from paydirt. Hartman gained 13 yards, then Krahl 11 to the 1 yard line. With 8:58 on the clock, Krahl scored. Tim Otto booted another point and Sacred Heart led 28-0.

A penalty on the kick return placed the Saints at midfield. Walterscheid got a 10 yard loss tackle, but two successful passes put points on the board. With 7 minutes, the scoreboard read 28-7.

Krahl got in a few more runs, but a fumble gave CCA the ball on the Tiger 44. A

Otto picked off a pass with 13 seconds on the clock.

better - started a little shabby, but our confidence grew as the game progressed," noted Hornet Coach Monte Endres. "It's a good way to start District." Endres said the touchdown at halftime gave the team a safer feeling with a two touchdown lead. Collinsville mistakes kept Muenster in the game the 1st half, with a touchdown at halftime sparking the Hornets in the 3rd quarter.

The Pirates took the opening kick. Chad Endres caused a fumble, which Patrick Lutkenhaus covered for Muenster on the Pirate 20. The Hornets couldn't get into the end zone, much less 10 yards, and Collinsville took over on their 13, moving out to the 30 and fumbled again. Micah Flusche got the hit and Lutkenhaus covered the ball for Muenster on the 29.

JV Tigers edge out Era

The junior varsity teams from Sacred Heart and Era got in an exciting game last Thursday at Tiger field. The Tigers took a 38-34 victory from the Hornets.

Sacred Heart's offense was the first on the field. Five runs by Chris Marshall took the Tigers to the 11, but a fumble ended the drive and the next play Michael Drake ran 89 yards to score 6 points for Era.

Nathan Berend and Chris Marshall got in some good runs before having to punt. Tackles by Berend, Ryan Bartush, Sam Sparkman, and Tyler Rohmer ended Era's drive near midfield. The Tigers carried the ball into the 2nd quarter. Berend and Marshall ran eight plays, with a Berend to Sparkman pass gaining 9. From the 16 yard line, with 6:34 on the clock, Marshall scored. Berend ran in the extra points for an 8-6 score.

A fumble covered by Sparkman kept Era out of the end zone. Unable to get a 1st down, Sacred Heart punted, but it was blocked. The Hornets got down to the 4, but a fumble covered by Marshall, again stopped the Hornets at the 10. A fumble the next play gave Era the ball on the 7. Drake scored with 1:26 on the clock to give Era a 12-8 lead. The extra point attempt was intercepted by Berend.

A 44 yard kick return by Marshall put the Tigers on the Hornet 36. Two plays later, Marshall scored on a 30 yard run. A Berend to Sparkman pass was good for 2. With 44 seconds remaining, the Tigers took a 16-12 lead. Four plays later, another 6 points for the Hornets. Rohmer intercepted the PAT pass for an 18-16 Era lead with 11 seconds on the clock.

Era scored again, just seconds into the 3rd quarter, on a 63 yard run by Drake for a 26-16 score. The Tigers started their drive from the 26. Marshall ran for 41 yards, with Berend getting in a run and two passes to Sparkman, the second a 7 yard

touchdown pass. Berend ran in the PAT and Sacred Heart trailed 26-24.

The Hornets gained 2 yards and punted. Four plays and Berend and Sparkman teamed up for a 25 yard scoring pass play. With 10 seconds on the clock, the Tigers took a 30-26 lead.

Again the Tigers defense, led by Berend and Bartush, forced a punt. Marshall ran seven plays. The final, from the 14, was good for the score.

A Berend to Sparkman pass put the Tigers in the lead 38-26 with 4:27 remaining in the game.

After holding Era to no gain, the Hornets stole the ball and got to the 4 yard line. Tony Miller scored 6, then added 2 to close the score to 38-34 with 2 minutes remaining in the game. The Tigers worked on the clock, allowing time to tick away, taking the victory.

JV Eagles fly over Hornets

The JV Hornets traveled to Valley View Thursday night in a match with the Eagles. The recently scheduled game filled a hole in both teams' schedules after Collinsville and Saint Jo cancelled their JV games. The short-manned Muenster team continues to struggle and was handed a 32-12 loss.

Muenster got the first drive, moving to the Eagle 12 yard line with runs by John Monday, Tanner Herr, and Garrett Hennigan. An interception in the end zone gave Valley View possession on their 20 yard line. The next play the Eagles broke away, down the field for a touchdown. With a minute remaining in the 1st period, the Eagles led 6-0.

Nick Flusche returned the kick to the 35. The next play was fumbled, but recovered by Matt Flusche for a 7 yard gain. Monday carried the ball into Eagle territory, then down to the 37 as the 2nd quarter began. A run each by Herr and Monday was followed by a 22 yard touchdown play by Flusche. With 7:57 on the clock, the game was tied 6-6.

Valley View mixed runs and passes, working their way downfield, scoring with 3 minutes remaining in the 1st half, for a 12-6 Eagle lead.

It was three plays and punt for the Hornets. The half ended with an interception by Hennigan.

Monday's end zone kickoff put Valley View on the 20. Several later, 18-6.

Herr returned the Eagle kick to the 44 yard line. Runs by Monday, Herr, and N. Flusche quickly got the Hornets to the 5. With 15 seconds on the clock, M. Flusche found the end zone for an 18-12 score.

Monday's kick put the Eagles on their 4 yard line, but a 65 yard run made the score 24-12 only 16 seconds into the final period. A few plays later, a fumble set up Valley View's next touchdown. With 1:22 on the clock, the Eagles stretched their lead to 32-12.

Defensive standouts for the Hornets were tacklers Craig Grewing, Tanner Herr, Garrett Hennigan, Andrew Yosten, Matt Flusche, Chase Serna, Nick Flusche, Taylor McGrew, Jeremy Perry, John Monday, and Lee Walterscheid.

Warriors slide past Cubs

Denton Liberty Christian Junior High visited Tiger Field last Thursday, taking on the Sacred Heart Cubs. The young Warriors handed the future Tigers a 12-6 loss.

Sacred Heart took the opening kick on their 26 yard line. A Matt Hesse pass to John Krawietz moved the ball to the Liberty 46. Runs by Zach White, Ian Barnhill, and Hesse took the Cubs to the 6 yard line. With 2:30 on the clock, a Hesse to Krawietz pass put 6 points on the board.

The teams exchanged possessions into the 2nd quarter, with Gene Yosten, Barnhill, Josh Biffle, Krawietz, Chad Henscheid, Isaac Davis, and Garrett Berend all getting tackles. With 29 seconds on the clock, Liberty tied the game 6-6 on a 61 yard pass play.

The Warriors came out the 3rd quarter, taking seven plays to move 55 yards and take a 12-6 lead with 3:29 remaining in the period.

Five runs by Biffle moved the Cubs 43 yards to the Liberty 18, but four plays later, Denton took the ball to begin the final quarter.

Both teams got in plays back and forth, highlighted by Biffle and White running and a Hesse to Krawietz pass making gains offensively. On defense, Yosten, Henscheid, Biffle, Davis, Hesse, White, and Josiah Yosten all got tackles.

Action from the Lindsay Knights district win over the Petrolia Pirates. Anitra Anderle photos

Pirates sunk by Knights

The Lindsay Knights took control of the battle early last Friday night, as they forced the Petrolia Pirates to walk the plank after a 52-0 lashing.

"We continue to play well as a team. Our offense, defense, and specialty teams are all coming together," said Lindsay Coach John Erwin. "We're getting better week to week, preparing for District."

The Knight defense held Petrolia on their first drive. A short punt put Lindsay on the Pirate 39. Two plays later, Alan Trammell scored on a 34 yard run. The PAT failed for a 6-0 score with 9:10 on the clock.

Petrolia got in a short pass, then fumbled. Michael Eckart recovered 20 yards from paydirt. Dustin Hughes got a pass to Levi Hermes for 17 yards, and took care of the other 3, scoring on a 1 yard run with 7:10 still on the clock. Trammell ran in the extra points for a 14-0 score.

Starting a 3rd time from the 20, the Pirates again struggled, punting another short punt, keeping the ball in Pirate territory. Three runs by Trammell, the final a 38 yard touchdown run, put Lindsay ahead 21-0 after Dustin Neu added the PAT.

John Mosman's kick was attempted to be returned, but was stopped at the 13 by Adam Kasperek, Hermes, and Austin Buck. The Pirates got in one good run before the Knights shut down their offense, forcing a punt on 4th and 10.

From their own 42, two runs by Trammell gained 16, but a flag lost 10. A Hughes to Travis Endres pass was good for a 52 yard touchdown play. Neu added the point after for a 28-0 score with 5:37 seconds remaining in the 1st quarter.

The Pirates carried the ball into the 2nd quarter and punted. The Knights got in a few good plays, but fumbled on the 12 yard line. The next play Kristopher Creed intercepted a pass, putting Lindsay at midfield. Derick Murray picked up a quick 26

yards. A Hughes to Trammell pass got the ball back to the 12, then Trammell scored. Neu added the PAT for a 35-0 score.

A tackle by Trammell set the Pirates back 12 yards, and forced another punt. The Knights got in nine plays before running out of downs and the 1st half soon ended.

The Knights took the 3rd quarter kick at their 30. Runs by Murray, Trammell, and Hughes got the ball to the Pirate 8. On 4th and 7, Neu booted a 25 yard field goal to put the Knights on top 38-0 with 7:23 on the clock.

Tackles by Josh Jones, Kasperek, Hermes, Eckart, Justin Caillier, and Tanner Henry kept the Pirates from getting a 1st down. Lindsay's offense pounded out the yards, moving into Pirate territory. With 29:3 seconds on the clock, Murray scored on a 4 yard run. Neu's boot added a point for a score of 45-0.

Petrolia carried the ball into the final quarter, but the drive ended when Jones intercepted a pass, giving Lindsay the ball on the Pirate 35. Four runs later, Keith Hermes found paydirt. With 9:13 remaining in the game, Neu added the PAT for a 52-0 score.

The Pirates got into scoring range, getting to the Knight 7 yard line. Tackles by Chad Dieter and Kasperek were followed by an interception by Dustin Hughes. It was three runs

and punt for the Knights, followed by an interception by Brandon Huckaby after the first Pirate snap. Again the Knights didn't get 10 yards and punted. Petrolia made a short gain, lost 5 by an Austin Buck tackle, then were picked off by Travis Endres. The game ended with Lindsay taking a knee.

Next Action

The Knights will host the Collinsville Pirates Friday night in round two district action.

"They have a new coach, so we don't know what to expect. We have to play hard and concentrate to win," said Coach Erwin.

The Pirates were handed a 35-0 loss by Muenster last week and are looking for their first district win.

FARM & RANCH

COUNTY AGENT'S REPORT

WAYNE BECKER
CEA - AG/NR

Ag trade between U.S., E.U. is key to WTO

Farm subsidies and government assistance to agricultural producers in both the United States and the European Union are major stumbling blocks to getting the Doha Round of World Trade Organization talks back on schedule, according to U.S. Trade Representative Rob Portman. Talks between U.S.

and E.U. agricultural trade representatives were scheduled for Sept. 13 - 14.

Portman and members of Congress have said the E.U. must show it will allow more market access to U.S. agricultural products before the U.S. looks at changing programs that support U.S. farming. It is the U.S. contention that

programs cannot be altered with only the hope that the E.U. will change its tariff and nontariff barriers to U.S. farm exports.

It is being pointed out that E.U. farm subsidy programs are much greater than U.S. subsidy programs and that E.U. tariffs are up to two-and-a-half times greater than U.S. tariffs on agricultural products. Also, nontariff barriers are used extensively to limit corn, soybeans, beef, pork, and poultry (the five largest U.S. farm exports) exports to E.U. countries.

Texas Weather Report

The following livestock, crop, and weather conditions were reported by Extension districts:

ROLLING PLAINS: Soil moisture is adequate. Scattered showers and thunderstorms improved conditions, and hail damaged cotton stalks in some counties. Wheat planting began. Cattle were given supplemental feed. Livestock were in good condition. Heavy rainfall filled stock tanks in many areas. Hay and alfalfa were baled. Pasture and rangelands were in fair to good condition. Livestock producers began weaning spring-born yearlings.

NORTH: Soil moisture is very short to short. Hot, dry conditions persisted. Corn and sorghum harvests were almost complete. Rice harvest began. Producers started to plant wheat and oats. Pasture conditions were poor, and some producers were giving

supplemental feed to livestock. Stock water was low, and producers were planning to sell part of their herds.

EAST TEXAS: Soil moisture is very short. Fall pea crops were lost due to lack of rain. Stock ponds and creeks were drying up. Forages were very short, and cattle were given supplemental feed. Burn bans were in effect.

CENTRAL: Soil moisture is very short. Lack of rain slowed work. Cotton yields were good. Most producers were waiting for moist conditions before planting small grains and winter pastures. Pecan weevils and stinkworms were reported.

Dates to Remember:
Oct. 11 - Marketing Club
Oct. 24 - CEUs! Fall Program - Laws - regs, Forages, Pond Management.

It's A STAT!

MILK PRODUCTION

Texas milk production totaled 520 million pounds during August, up 1% from last year's production of 469 million pounds. July 2005 production totaled 547 million pounds. The number of milk cows during August averaged 320,000 head, the same as last year and the July 2005 number. Production per cow averaged 1,625 pounds during August, 160 pounds above last year, but 85 pounds below July 2005.

Finally, fall is here. The weather is becoming slightly cooler, and gardeners are slowly migrating back outdoors after record-breaking heat this summer. Now is a perfect time to add a new tree or a grouping of shrubs to the landscape. Or perhaps you have an area in the landscape that needs 'remodeling' or rejuvenating. The fall may be the best season to plant, surpassing even the spring.

Many people prefer January through March for planting, but the fall months of September through December have distinct advantages. Fall planting follows the heat of summer, before a cool winter season, and trees and shrubs planted in the fall use this to good advantage. Plant roots grow anytime the soil temperature is 40 degrees or higher, which may occur all winter in Texas. During the winter months, the root systems of the fall-planted specimens develop and become established. When spring arrives, this expanded root system can support and take advantage of the full surge of spring growth.

Fall is the optimum time to plant balled and burlaped trees and shrubs. Balled and burlaped plants have ample time to recover from transplanting and proliferate roots before spring growth begins. Remember, however, all bare root plants, including roses and pecan and fruit trees, should be planted in late winter when they are completely dormant.

When buying plants for your landscape, be sure to get

healthy, well-grown plants. Always buy from a reputable dealer. Those in the plant-selling business year-round depend on repeat customers, and only by selling customers quality plants can there be assurance of future business. Beware of plant bargains. They can easily turn out to be real headaches. A bargain is no good if it dies. The price tag, especially the cheapest one, is not the best guide to quality.

All plants have growing requirements. Think about the plant's needs before you invest. Is it adapted to your area's soil? Will it grow in sun or shade? Does it need a wet or dry location? Is it cold hardy?

'Plant before you plant' is always a good rule of thumb. Whether you are planting a single plant or an entire landscape, plant first, then plant. Good planning is a worthwhile investment of time that will pay off in greater enjoyment of attractive and useful home grounds, and in increasing the value of your home. It's much easier to move plants on paper than to dig them after planting in the wrong place. A plan saves many planting mistakes.

Every plant in the landscape should serve a purpose. Ask yourself if you want a plant for screening, for privacy, or for shade. How large will it be five years from now? Plants, like people, grow up. Remember, that a small one-gallon-size plant will look entirely different after a few years of growth in your landscape.

Plant properly for success. Here are a few guidelines on getting the job done right:

* Dig a hole large enough in diameter so that the root system has at least six inches of clearance on all sides. The root ball should rest on a solid soil foundation, so don't dig the hole much deeper than the ball.

* Plant the tree or shrub slightly above the level of the surrounding soil, to allow for settling and increased soil drainage.

* Carefully place the tree or shrub in the hole. Handle the plant by the root ball, not by the trunk. A broken ball of earth can mean a dead plant. Always remove any container before you plant.

* Backfill the hole, using only the native soil removed from the hole; do not use soil amendments when planting large shrubs and trees. Fill the hole, and firm the soil around the plant. Water thoroughly to settle the soil around the roots and to eliminate any air pockets.

* Do not fertilize your tree or shrub after planting. Wait until early in the spring to do this, and even then, go lightly. Heavy applications of fertilizer may burn and injure the root system, and could possibly kill the plant.

* Watering has been and remains paramount in transplanting. At the time of transplanting, soak the root ball and surrounding soil. A thorough watering every 7 to 10 days dramatically increases the success ratio. More frequent watering may encourage root rot. Remember more trees and shrubs fail from over-watering than from under-watering.

* Before calling it a day, add four to six inches of mulch around the base of newly planted trees and shrubs. This helps to keep down weeds and conserve soil moisture. Use pine bark, compost, grass clippings, or leaves.

Animal ID/Premises ID

It now appears that less is known about the details than was thought to be known a year ago. However, there was general consensus that mandatory ID is inevitable and that producers should register premises now. This can be done by contacting the Texas Animal Health Commission at 1-800-550-8242 ext.733, or at <http://www.tahc.state.tx.us/>. (It has been proposed that a yearly fee of \$10 per premise be required, which would not be assessed for registrations made before April 2006.) Premise locations can be registered by GPS coordinates, current 911 addresses, or an accurate description of the location. At last count, over 100,000 premises had been registered nationally.

Introducing Motorola ROKR E1 Complete with iTunes

Exclusively at Cingular

Motorola ROKR E1
