

LIST OF JURORS FOR NOVEMBER SESSION DRAWN

The following jury list has been drawn for the November term of district court in Brownwood, which will open November 17:

Grand Jurors:
H. P. Magee, Brownwood; Henry Wilson, Brownwood; Clyde McClintock, Brownwood; R. D. McClintock, Brownwood; Eugene Posey, Indian Creek; S. J. Eaton, Brownwood; R. R. J. K. McMurry, Bangs; J. S. Wilson, Bangs; W. H. Payne, Thrifty; I. B. Gaines, Grosvenor; L. E. Newton, Cross Cut; Roy Hickman, May; W. R. Baker, Blanket; Middle Class, Zephyr; R. P. Avinger, Brooksmith.

Petit jurors for first week to appear November 17:
M. E. Linton, Brownwood; J. E. Roberts, Brownwood; Earl Foster, Brownwood; O. R. Gilbreath, Winchell; A. W. Boenike, Bangs; Jess Connaway, Brownwood; Tom E. Hill, Owens; L. V. Ferguson, Byrds; W. C. Stover, Rims; Sam Fred Smith, May; A. G. Irvin, May; E. J. Miller, May; A. P. Spence, May; W. C. Baker, Zephyr; R. B. Cole, Zephyr; J. C. Fisher, Zephyr; C. M. Kluge, Zephyr; S. D. Spurlock, Zephyr; H. E. Harper, Brownwood; H. O. Wilson, Brownwood; A. C. Branton, Brownwood; T. Carlson, Brownwood; G. M. Martin, Cross Cut; C. Jacobs, Brownwood; Albert Barclay, Brownwood; E. J. Demmer, Brownwood; B. Starnes, Brownwood; C. N. Bruton, Bangs; L. L. Hemphill, Bangs; B. E. McCormick, Bangs; E. B. Sikes, Bangs; S. E. George, Thrifty; E. S. Burleson, Brooksmith; Nesbit Rice, Brooksmith; John Strickland, Blanket.

Petit jurors for second week to appear November 24:
A. Coffey, Brownwood; W. W. Wilson, Brownwood; H. T. Mills, Brownwood; R. C. Hunter, Winchell; K. C. Douglas, Bangs; Dudley Jones, Brownwood; Mayfield Gibbs, Owens; W. A. Britton, Brownwood; L. E. Blair, May; L. E. Garrett, May; Ed King, May; E. L. Murphy, May; L. W. Wheeler, May; C. E. Belyin, Zephyr; Z. B. Coffey, Zephyr; Henry Hart, Jr., Zephyr; Phillip Locke, Zephyr; W. F. Timmins,

Petit jurors for third week to appear December 1:
A. C. Dunn, Brownwood; John E. Caldwell, Brownwood; W. G. Curry, Blanket; C. J. Wilson, Blanket; W. M. Wilson, Brownwood; T. A. Dunsworth, Owens; W. J. Fry, Brownwood; J. T. Wood, May; G. C. Dennis, May; Rupert Hewley, May; J. Lancaster, May; T. J. Nichols, May; W. C. Odom, Zephyr; L. L. Cobb, Zephyr; A. B. Dabney, Zephyr;

Petit jurors for fourth week to appear December 8:
T. C. Brown, Brownwood; U. R. Shellabarger, Brownwood; R. A. Forbes, Winchell; J. A. Koch, Bangs; John McAden, Brownwood; Arch Ratliff, Brownwood; W. M. Palmore, Rising Star; Esell Brewer, May; W. A. Hawkins, May; L. A. Kirksey, May; W. L. Nelson, May;

Petit jurors for fifth week to appear December 15:
S. E. Jenkins, Zephyr; T. C. Reagan, Zephyr; H. C. Duncum, Brownwood; W. A. Prater, Brownwood; J. S. Belvin, Brownwood; Hal Cherry, Brownwood; Leslie Fields, Brownwood; J. E. Prater, Cross Cut; J. G. Gaines, Brownwood; Clark Watley, Brownwood; Cliff Corder, Brownwood; J. L. Puckett, Grosvenor; W. R. Brooks, Bangs; L. E. Garms, Bangs; Roy Matthews, Bangs; Jack Shultz, Bangs; A. L. Curry, Thrifty; A. L. Teague, Fry; R. L. Wise, Brooksmith; Macon Richmond, Blanket; W. J. Townsend, Blanket.

Petit jurors for sixth week to appear December 22:
T. C. Brown, Brownwood; U. R. Shellabarger, Brownwood; R. A. Forbes, Winchell; J. A. Koch, Bangs; John McAden, Brownwood; Arch Ratliff, Brownwood; W. M. Palmore, Rising Star; Esell Brewer, May; W. A. Hawkins, May; L. A. Kirksey, May; W. L. Nelson, May;

To Run "Astrology" Farm

Children born under adverse horoscopes are to get a break. It's to be given by Mrs. Bessie Byrd Humphrey-Greene of Sacramento, California, an astrologer. She plans to give children born with unfavorable traits, which she believes are due to astrological influence, a chance to combat them on a farm which will feature a diet of milk, grapes and fruits. She is shown here with a Guernsey heifer.

Zephyr; H. M. Jones, Brownwood; W. T. Ball, Brownwood; J. M. Rucker, Brownwood; J. A. Deen, Brownwood; Ernest Byrd, Cross Cut; J. E. Bouldin, Brownwood; J. D. Nabors, Brownwood; Joe Blasi, Brownwood; W. H. George, Grosvenor; O. H. Barnes, Bangs; Luther Cobb, Bangs; M. H. Hill, Bangs; Noah McLaughlin, Bangs; Roy Starke, Bangs; A. E. Keeler, Thrifty; J. N. Fielder, Brooksmith; M. A. Richmond, Blanket; C. H. Ratto, Blanket.

Petit jurors for seventh week to appear December 29:
A. C. Dunn, Brownwood; John E. Caldwell, Brownwood; W. G. Curry, Blanket; C. J. Wilson, Blanket; W. M. Wilson, Brownwood; T. A. Dunsworth, Owens; W. J. Fry, Brownwood; J. T. Wood, May; G. C. Dennis, May; Rupert Hewley, May; J. Lancaster, May; T. J. Nichols, May; W. C. Odom, Zephyr; L. L. Cobb, Zephyr; A. B. Dabney, Zephyr;

Petit jurors for eighth week to appear January 5:
T. C. Brown, Brownwood; U. R. Shellabarger, Brownwood; R. A. Forbes, Winchell; J. A. Koch, Bangs; John McAden, Brownwood; Arch Ratliff, Brownwood; W. M. Palmore, Rising Star; Esell Brewer, May; W. A. Hawkins, May; L. A. Kirksey, May; W. L. Nelson, May;

Petit jurors for ninth week to appear January 12:
T. C. Brown, Brownwood; U. R. Shellabarger, Brownwood; R. A. Forbes, Winchell; J. A. Koch, Bangs; John McAden, Brownwood; Arch Ratliff, Brownwood; W. M. Palmore, Rising Star; Esell Brewer, May; W. A. Hawkins, May; L. A. Kirksey, May; W. L. Nelson, May;

Petit jurors for tenth week to appear January 19:
T. C. Brown, Brownwood; U. R. Shellabarger, Brownwood; R. A. Forbes, Winchell; J. A. Koch, Bangs; John McAden, Brownwood; Arch Ratliff, Brownwood; W. M. Palmore, Rising Star; Esell Brewer, May; W. A. Hawkins, May; L. A. Kirksey, May; W. L. Nelson, May;

Coleman Youths in School Bands

COLEMAN, Texas, Oct. 22.—(Sp.)—There is perhaps no other town and few cities in Texas that has more boys and girls in school and college of the state taking active parts in musical organizations and other college activities than Coleman. It is due largely to the fact that they have received in local schools and in the band under the direction of J. E. King. Those who are not affiliated with bands or orchestras are conspicuously identified with other college life. Most of them are making good use of their musical instruments and by so doing are advertising their hometown in a very satisfactory manner.

PROHI POLL OF EDITORS OF NATION

WASHINGTON, Oct. 15.—(AP)—Whether newspapers of the country as a whole are predominantly wet, dry or neutral on the subject of national prohibition is to be learned by the prohibition bureau.

Three thousand newspapers have been sent questionnaires prepared by the division of research and public information of the bureau. Along with the forms went a letter informing the editors that the prohibition bureau was getting the attitude of the press of the nation upon the subject of the Eighteenth Amendment and the administration of the dry laws.

The findings will be made public later in the form of a monograph analyzing the replies received. This publication is planned as one of a series, for the issuance of which the bureau will draw upon a \$50,000 appropriation which Congress made for conducting an educational campaign in favor of the dry laws. Some other educational campaign plans, proposed before the transfer of the prohibition unit from the treasury to the department of justice, met with various opposition and did not get far. One of these involved posters for use in schools.

The questionnaire to the newspaper specifically asks the editors to express themselves on whether they favor the Eighteenth Amendment and the National Prohibition law, whether they are opposed to the law or whether their editorial position is neutral.

MISUNDERSTOOD.
Mr. Watt: That bathing suit is positively the limit.
Mrs. Watt: Oh, thank you, dear! It's so seldom you compliment me on what I wear that I appreciate it.—Answers.

KELSO. Wash.—(UP)—In six weeks, M. V. Edmonds, Kelso pioneer, constructed an inland table top containing 1,700 pieces of wood.

TRITZVILLE. Wash.—(UP)—Fish by the ton went begging in this inland city when the Adams county game commission cleared Finnel and McEroy lakes of carp.

ALTUS JURY VERDICT IS LIFE TERM

ALTUS, Okla., Oct. 15.—(AP)—George H. Robison was found guilty today by a jury on the murder of Deputy Sheriff Elmer Carter, slain in a gun fight with rum runners last summer. The jury fixed Robison's penalty at life imprisonment. District Judge Frank Mathews will pass formal sentence Saturday.

Trial of Vernon Robson, the defendant's brother, and Ernest Jackson of Vernon, Texas, who were jointly charged with Carter's murder but were granted a severance, was passed until the next term of district court.

George Robison claimed self defense and sought sympathy by asserting he had been driven by poverty and the illness of his wife to manufacturing whiskey to provide her necessities. W. H. Brown, assistant state attorney general, who assisted in the prosecution of the case, attacked the poverty story in cross examination of Robison and obtained the admission he had been able to lend his brother \$800 and buy equipment for a 150 gallon still which the three were taking to Quanah, Texas, when they were intercepted by officers and engaged in the gun fight that proved fatal to Carter.

Expert witnesses testified Carter's gun had not been fired before he was shot down.

George Robison was charged by the state with the actual slaying of Carter on the night of August 29 when Carter and Joe Whit, Altus policemen, attempted to arrest the three. Whit was totally blinded by a shot wound, and for a time his life was despaired of.

Fish Go Begging.
TRITZVILLE, Wash.—(UP)—Fish by the ton went begging in this inland city when the Adams county game commission cleared Finnel and McEroy lakes of carp.

Big Flour Cargo Shipped.
TUCOMA, Wash.—(UP)—The steamer Haysan Maru, lifted 22,300 sacks of flour here for Orient delivery. It was the largest flour cargo ever shipped from Puget Sound.

Twickenham, Eng.—(UP)—A baby boy that weighed only 31 ounces at birth and was fed through a fountain pen died here recently.

Half Inch Rain Here on Saturday Night and Sunday

For the fourth consecutive weekend, rain fell in Brownwood Saturday night and Sunday morning and added to the heavy rains of the past weeks made roads and fields unusually muddy, considering the comparatively light rain. The official registration was .52 of an inch. A number of showers fell Saturday night and Sunday morning and the skies Monday were still cloudy.

Farming lands in every part of the county have been soaked with the heavy rains of the past few weeks and this rain helped to put the best season in the ground in several years. If the farmers have sunshine and dry weather for the next several weeks they expect to raise a large fall and winter grain crop and to have a good season for future planting.

The rain on top of other recent rains made most of the roads leading from Brownwood muddy, but not impassable. Traffic was still

traversing all the roads and reports were that the roads were muddy but could be traveled without fear of sticking.

The rain was general over almost this entire section of the state, according to reports of rain made to Southwestern Telephone Company by the following towns: Ft. Worth, May, Brady, Menard, Stamford, Eden, Abilene, Coleman, Ballinger, San Angelo, Dallas, Austin, Lampasas, Goldthwaite, San Saba, Burckett, Cross Plains, Mercury, Brooksmith, Winchell, Comanche, Dublin, Cisco, Hamilton, Rochelle, Big Spring, Santa Anna, Zephyr and Mullin. Waco reported no rain.

Flew In for Dinner.
CHEHALIS, Wash.—(UP)—Mr. and Mrs. T. M. Donahoe had a dinner guest, but it didn't stay to become the principle dish. A China pheasant flew into the dining room through a closed window, looked around and flew out another. Both windows were broken, but the pheasant was not hurt.

Baby Weighed 31 Ounces.
TWICKENHAM, Eng.—(UP)—A baby boy that weighed only 31 ounces at birth and was fed through a fountain pen died here recently.

UNION THANKSGIVING SERVICE TO BE HELD 1ST BAPTIST CHURCH

Union Thanksgiving services will be held this year on Wednesday evening, November 26th, at the First Baptist Church and Rev. P. T. Stanford, pastor of the Central Methodist Church will deliver the annual Thanksgiving sermon, according to announcements from the Brownwood Ministerial Association which met at the First Baptist Church Tuesday.

Every year the churches of Brownwood hold a union Thanksgiving service for members of all churches and for everybody who wishes to attend. The services last year were held at the First Methodist Church with Dr. A. E. Prince, pastor of the First Baptist Church, delivering the sermon.

N. P. Woodruff Dies at His Home at Santa Anna

N. P. Woodruff, father of E. P. Woodruff of Brownwood, died at his home at Santa Anna Tuesday. Mr. Woodruff had been in ill health for several months and had been slowly sinking for some time. E. P. Woodruff went to his father's bedside on Tuesday on being notified that his condition had grown worse.

N. P. Woodruff was born in Panoia county, Mississippi, on August 12, 1854, and came to Texas when a youth. He settled first in Bell county where he lived until he came to Coleman county in 1898. He had lived in Santa Anna since that time.

He is survived by his wife and four children. Mrs. W. H. Culver of Corpus Christi, Judge Woodruff of Corpus Christi, C. W. Woodruff of Coleman and E. P. Woodruff of Brownwood.

Funeral services were to be held Wednesday afternoon from the First Baptist Church at Santa Anna at 2:30 o'clock with Rev. Hal C. Wingo, pastor, officiating.

Active pall bearers for the funeral were: J. Tom Newman, O. W. Farris, W. E. Ragsdale, A. D. Hunter, W. L. Mills, and A. A. Mills. Honorary pall bearers were: V. L. Grady, B. Weaver, W. R. Kelly, W. L. Mosely, S. D. Harper, L. W. Hunter, Jas. W. Turner, A. E. Brown, I. O. Shield, Leman Brown, W. T. Verner, S. A. Niell, W. B. Brown and W. A. S. Cobb.

Demonstration In Rug Making Given

Demonstration on rug making was given by Mrs. E. I. Crow at the meeting of the Woodland Heights Home Demonstration Club Monday afternoon. Miss Mayesie Malone, County Home Demonstration Agent and ten members of the Woodland Heights Club met at the home of Mrs. John Evans and report a very interesting meeting and much enthusiasm over the rugs demonstrated by Mrs. Crow.

Miss Malone is to meet with the Center Point Club today and the May Club Wednesday.

Outstanding features of the new Chevrolet 6-cylinder truck

NEW DUAL WHEELS
NEW RUGGED REAR AXLE
6-CYLINDER 50-HORSEPOWER MOTOR
NEW FULLY ENCLOSED BRAKES

To every man who buys trucks, there are certain features in the new 1 1/2-ton Chevrolet that recommend it especially for modern hauling.

The rear axle is larger, heavier and more durable. The rear brakes are larger, and all four brakes are completely enclosed. Chevrolet's 50-horsepower valve-in-head six-cylinder engine combines modern performance with unexcelled economy.

Dual wheels, along with six truck-type cord tires, are optional equipment at slight extra cost. In addition, the new heavy-duty truck clutch, the 4-speed transmission and the heavier, stronger frame are factors of outstanding importance to the modern truck user.

Come in today and arrange for a demonstration of the new Chevrolet truck!

VETERAN MINISTER SERVING HIS 26TH YEAR IN LOCAL PASTORATE

BY TEVIS CLYDE SMITH
Nineteen hundred and thirty marks Rev. John Power's twenty-sixth year of service in Brownwood as pastor of the Episcopal Church.

IN HIS OWN BACK YARD

With Rev. C. R. Wright, who was then pastor of the Methodist church Dr. Power organized the first charity organization in Brown county. He also introduced the Boy Scout movement to this city in 1911 when he formed a troop, and for many years was scoutmaster.

Floyd Called as Pastor by Austin Avenue Church

Announcement was made today that Rev. I. K. Floyd of Dallas has accepted a call to the pastorate of the Austin Avenue Presbyterian church.

London's name was once Hill by the pool.

TO BE MADE STATE FUNDS DEPOSITORIES

AUSTIN, Oct. 22.—(AP)—State Treasurer Gregory Hatcher announced today that all banks in the drought stricken area, making application and showing proper liquid security, would be given a preference as depositories for state funds for the fiscal year beginning December 1.

Hatcher's announcement follows: "If the banks of West Texas or any drought-stricken section of the state will make application for state funds, and indicate their ability and willingness to furnish liquid security for the same a preference will be given these banks in the designation of funds for the ensuing fiscal year beginning December 1."

"By liquid securities I mean such as to be immediately converted into cash in case of bank failure, so that the state will not be embarrassed by delay in collecting the amount of the deposit."

Aided in 1925-7. "It will be recalled that after I had visited a number of drought stricken sections in 1925, that I obtained the co-operation of the state depository board and deposited nearly \$2,000,000 in the forty-four counties most seriously affected by the drought of that year and that not one dollar, interest or principal was lost by so doing."

"However, the condition of the money market in recent years, and particularly the condition existing at this time, makes it necessary for the legislature to reduce the interest rate from four to three per cent per annum for funds deposited in state depositories, in order for the banks to use the funds without loss, the greater portion of the year, because of their giving security, which must and should be required but which entails an extra cost to be added to the interest rate."

"I have twice before recommended to the legislature this reduction in the interest rate and I hope that the 42nd legislature will see fit to follow my recommendation in this respect, so that it will not continue to be necessary for the state treasurer to deposit a vast majority of state funds in the big city banks."

Farm Surveys Are Made by Students

Students of the vocational agriculture class here are busy this week making farm surveys. Many of the students reside on farms and others have chosen the farm of some friend on which to make their survey.

The survey is merely a means of checking on the year's work of the farm. The check determines which land and which products of the farm returned the greatest revenue during the year. These surveys are made over a period of five years and from the data gathered during the period it is easy to determine the best paying crops and the most productive land. The long period is necessary in order to include all kinds of crops and general conditions.

The boys will make a survey this year, another next and so on until the five year period has been completed and then the data gained will be filed for future reference. J. T. Stovall, vocational agriculture instructor, said that the boys were showing much interest in the surveys and that each of the 24 members of the class had gained much headway in their surveys. A class is also being taught by Mr. Stovall at Brooksmith. This class, composed of 14 boys, meets once each week. He stated that he was well pleased with both and with the progress being made by both classes.

Colorado Bridge Plans Are Drawn

Plans for the bridge to span the Colorado river to replace the one now in use between Brown and McCulloch counties are near completion. The plans have been penciled and all that remains for their completion is the inking of the drawings so that blue prints can be made. G. G. Wickline, state bridge engineer, told Hilltown Burks at Austin Monday.

Mr. Wickline said further that the plans would be ready for the November meeting of the Highway Commission and that he was practically sure the contract for the bridge would be let in either November or December. The future of the bridge and the time of the letting of the contract will depend largely on the outcome of the McCulloch county bond election to be held on November 8.

This bridge will be given immediate attention as it is considered one of the emergency bridges of the state following the weakening of the bridge there after extra high floods this year, it is stated. There are several bridges in the state which are considered emergency bridges and near the head of the list is a bridge across the Colorado at the above mentioned point.

INSTRUCTIONS BY MRS. TEMPLE Goldthwaite IN THE SELECTION OF TURKEYS

Interesting meetings of turkey raisers were held Thursday at the farm of Floyd Eoff and J. A. Brewster in Center Point community by several poultry demonstrators of that community. In the meetings, they had the services of Mrs. Elizabeth Temple, poultry specialist with the Frisco Railroad. Mrs. Temple gave instructions for selecting turkeys for breeding purposes, illustrating her lectures by measurement of several birds at each farm, states County Agent O. P. Griffin.

For reference of poultry raisers, says the county agent, the following may be taken as about correct: Pullet, length of back, 14 or more inches; length of keel, 6 inches or more; width at heart, 4 inches or more; rear width, 4 inches or more; length of thigh, 8 inches or less. For hens the measurements would be: back, 15 inches; keel, 6 1/2 inches; heart, 4 inches rear width, 4 inches, thigh, 8 inches. For young toms the measurements are, back, 16 to 18 inches; keel, 8 inches; heart, 4 inches and thigh, 9 to 11 inches. For old toms the measurements would be: back, 17 to 20 inches; keel, 9 1/2 inches; heart, 5 inches or more; rear width, 5 inches or more; thigh, 10 to 12 inches.

The shank should be wide and flat, the head should be wide through the jaw, eye and base of skull. The skull should be long from top to rear and the face should be slanted. The flesh should be thick from shoulder to front of breast and the rear of keel and should be deep from keel front back to meet thigh. The whole plan of selection is to choose the type of bird that fattens easily and cheaply and puts on the largest amount of white meat. The white meat is the desirable part of the turkey when it is served in the hotels and restaurants of the east and north. No one ever asks for the larger thigh and more dark meat. A larger proportion of the dark meat is returned on the plate, unclean. The popular taste is for white meat carved in long strips, thin enough to cut with the side of the fork. No matter how much the bird weighs, in the weight centers in the dark meat, the bird is not a first choice with the buyers.

A bird that is well finished with a long keel, wide deep shoulder, with thick flesh across these and the pulley bone, is the most profitable on the farm, with the dealer, and the consumer.

The Athens class of the Baptist Sunday school met at the fair park Tuesday evening of last week and enjoyed a barbecue. Oscar Holland and Bruce Burnett barbecued the meat and it is stated they did a good job. The class had as their guests of this happy occasion Mr. Theophilus Fitz and Misses Taylor and Minkelman. Mr. and Mrs. Sam Sullivan, Mr. and Mrs. Oscar Holland also Mrs. Floyd Jackson's class. A short business session was held and Mrs. J. V. Cockrum was re-elected president and Haynes Harrison teacher. The other officers were also elected.

F. G. Bettis of Blanket transacted business in our city Tuesday. The Colorado river was on such a rise last week that travel was impossible between here and San Saba for several days. Some crops in Big Valley were destroyed by the water standing so long but the land will be much better for another crop. It is stated the water did not reach the record stage but was

higher than it has ever been since 1900. Last Sunday marked the beginning of the third year for Rev. G. C. Evans as pastor of the Baptist Church at this place. He is a fine man, a good preacher and a booster for his town and community. We are hoping he remains here several more years.

Prof. John M. Scott superintendent of the Mullin schools had business in our city Saturday. A short time ago Mr. and Mrs. Hill De Wolf visited their residence in Ft. Worth after they had been away for some time with their show and found the house had been burglarized. Several articles of clothing and linen had been taken also Mr. De Wolf's overcoat. Mr. and Mrs. De Wolf formerly lived here and their son, Homer is our representative for this district composed of Comanche and Mills county.

Mason Pribble and Edward Dalton, students in Daniel Baker college at Brownwood spent the week-end here with their parents. Mrs. P. G. Palmer and daughter, Mrs. Lizzie Bateman are expected in soon from Blackwell where they stopped for a visit with relatives. Mrs. Bateman has been very sick at the home of her son, B. B. in Oklahoma and her many friends are glad to learn she has improved enough to be on her way home. Mrs. Edwards closed a deal with the Humble Oil Co. a few days ago. She sold the two residence lots east of the railroad for a consideration of \$2,000.00. She reserved all the buildings on the lots and they are to be moved on to her lots she owns near the school building.

The old front to Gartner's music store is being torn away this week and will be replaced by a new modern front. Mrs. C. J. Brown was in to see a physician about an infection in her hand Tuesday morning. We hope it is nothing serious. Rev. S. D. Lambert preached his

last sermon for this conference year at the Methodist Church last Sunday morning. He left Sunday afternoon for annual conference. He was accompanied from here by Rev. H. E. Moreland and they were to be joined by Rev. and Mrs. L. C. Mathis of Lometa. They are to make the trip in Rev. Lambert's car.

Mrs. D. D. Kemper is visiting relatives in Selma and expects to spend several weeks visiting in northern Texas. Mr. and Mrs. Sam Sullivan, Mr. and Mrs. R. M. Thompson, Mr. and Mrs. D. Albert Trent, Mrs. D. H. Trent attended the funeral of Miss Rose Ellen Thompson in Brownwood one day last week. Miss Thompson died in El Paso the first of the week and her remains were shipped to Brownwood for burial. The relatives here have the sympathy of all who know of their great sorrow.

Four Days Pecan School to Be Held

STEPHENVILLE, Texas, Oct. 22.—Arrangements have been made by the School of Agriculture in John Tarleton College to hold a 4-day school, October 27 to 30. A complete program has been planned whereby pecan growers may get a thorough course in pecan culture in the 4 days. Theory classes will be held at the college and practice work will be done in nearby groves.

J. F. Rosborough, extension horticulturist of A. & M. College, and H. M. Brundrette, director of horticulture in Tarleton, will direct the school. They will be assisted by A. J. Spangler, director of vocational agriculture, Tarleton Station; O. S. Gray, Arlington; F. E. Brisson, A. & M. College; Ross Wolfe, Stephenville nurseryman.

FUNERAL RITES FOR MRS. JOHN H. BARBER AT RESIDENCE TODAY

Funeral services for Mrs. John H. Barber, 57, who died suddenly Saturday afternoon at 6:30 in Fort Worth at the home of her daughter, Mrs. Charles Nix, were announced for 4 o'clock Monday afternoon from the residence at 1512 Coggin Avenue. Rev. A. E. Prince, pastor of the First Baptist church, was to have charge of the services at the home. Burial was to be made in Greenleaf cemetery, with Austin-Morris Company, directing.

Mrs. Barber is survived by her husband, John H. Barber, one daughter, Mrs. Chas. Nix, of Fort Worth and one son, Ivan E. Barber, of Brownwood. Six sisters, Mrs. N. A. Strain, of San Gabriel, Calif.; Mrs. N. F. McAlpin, of Los Angeles; Mrs. Jessie Williams, of Spur; Mrs. Nannie Chappelle, of Dallas; Mrs. Robert Brownlee, of San Francisco and Mrs. Tom Close of Santa Anna survive. Other relatives are Mr. and Mrs. J. R. Hill, Mrs. J. D. Hill, Mr. and Mrs. E. A. Berger and Mrs. Melodie Pilgrim, all of Temple, and Mrs. Springer of Belton.

Active pall bearers for Mrs. Barber's funeral were to be: P. S. Abney, John Bock, Leonard Cobb, Moses Yeager, Bob Lee and Dee Tipton. Honorary pall bearers included: J. P. Sullivan, Dr. H. N. Tipton, R. A. Snider, Ancel Norton, Arthur Davis, Ed Evans, Robert Craig, O. E. Winebrenner, H. R. Kaneaster, H. H. Ward, L. Miller, Pete Anderson, Joe Turner, R. B. Rogers, Ben Stone, Bill Alexander, Jesse Turner, Bert Miller, W. B. Avinger, Sr., P. C. Scott, P. A. Gianville, W. D. Armstrong, Walter Helmecke, Travis Gilmore, Albert Garrett, Gardner Thomas, W. A. Agents To Attend 5-District Meet At San Angelo

Miss Mayesie Malone, county home demonstration agent, and O. P. Griffin, county agent, will both attend the meeting of agents and officials of five districts at San Angelo which opens at 9:00 o'clock on Thursday morning and continues through Friday. All who plan to attend the meeting have been urged to be present at the opening session at 9:00 o'clock and stay for every session. The local agents will leave Brownwood either tonight or early tomorrow morning in order to reach San Angelo in time for the opening. Agents from five districts in this part of the state, district agents and officials from the extension department of A. & M. College will be present. The turkey grading school, which is in progress at San Angelo at present and will continue through the week, will be visited by the agents at different times during the meeting, it is stated.

RANGER WOMAN NOW ABLE TO DO ALL OF HER HOUSE WORK

"When I Started Taking Argotane I Wasn't Able to Do Hardly Anything, I Feel Simply Fine Now," She Says. "Argotane has not only built me up a well and strong woman but it has relieved me of all the troubles I have ever had," said Mrs. W. H. Rose, of 423 N. Austin St., Ranger, Texas, while talking with the Argotane man recently. She continued, "I have suffered for ten long years, and took every kind of medicine I heard of, but never found anything to relieve me. "I had stomach trouble so bad, I couldn't eat anything, but what would give me indigestion so bad I could hardly stand it. I would suffer for several hours, and it would almost kill me. I belched up mouthfuls of hot water, my stomach would cramp, and then I would have a vomiting spell. I tell you, I was just down and out. My nerves were in the worst way, and anything would upset me, and was very restless and never enjoyed a good night's sleep. "I was in such bad condition, for days at a time. I would be forced to stay in bed, and wasn't able to get around. My son and husband did nearly all of my housework all the time. I suffered from dyspepsia, and was always tired and never had any energy at all. I took no interest in anything, and had a bad case of constipation. "Argotane was advertised and talked about so much, I decided to try it. I have only taken one bottle of it, and anyone could tell the great difference in me. My digestion and dyspepsia spells are all gone, and I never have a cramping or bilious spell and I'm not nervous and sleep fine every night. I'm gaining all my strength back and have never felt better in my life. I have even canned fruit and am doing my housework including my washing and it doesn't bother me at all. Argotane is the finest medicine I have ever taken or heard of. It has brought an end to my troubles and I'm only too willing to make this statement."

Genuine Argotane may be bought in Brownwood at the Camp-Bell and Peerless Drug Stores. (adv.)

CARD OF THANKS We take this means of thanking our many friends who so kindly administered to the needs of our beloved husband and father in his recent illness and death, and for the beautiful floral offerings

SANTA ANNA GLASS SAND

A GLASS FACTORY employing a large number of workers is to be established at Santa Anna at once, according to information from that city, and will utilize the fine glass sand that can be secured in apparently unlimited quantities in the mountains that form a picturesque background for the community.

It is said that there is no finer glass sand in America than that of Santa Anna. Considerable quantities of the sand have been shipped to glass manufacturing points elsewhere, but no real development of this splendid natural resource could be made except by the establishment of a factory in Santa Anna to use it.

Santa Anna people are congratulated upon their initiative in securing a glass factory, and it is hoped that their investment in the enterprise may be a profitable one.

THE REPUBLICAN CAMPAIGN

FIFTY OR MORE speakers for the Republican party are to campaign throughout Texas during the next two weeks, according to plans formulated in a meeting at Fort Worth Monday, when National Committeeman Creager met with party leaders from over the state and gave them another injection of optimism.

Special emphasis is being placed by the Republicans upon the proposal for a tariff on crude oil importations, and Mr. Creager has the temerity to pledge his party to provide such a tariff if Mr. Talbot is elected governor. The governor, to be sure, will have nothing to do with the federal tariff, but the Republican party as a whole would be grateful if Talbot were elected, and would show its gratitude by giving the oil industry some protection against foreign competition.

NO SPECIAL SESSION

ALMOST EVERY DAY a demand for a special session of the Legislature to enact drouth relief legislation is laid before Governor Moody by a committee representing one of the many groups interested in the problem of helping farmers of three or four dozen counties who have been unable to mature crops this year.

There are many reasons for doubting the efficacy of a special legislative session as a means of aiding the drouth sufferers. The state has no available funds for appropriation, and if it should appropriate funds that action probably would shut off any aid from the federal government.

As we see it, the only practical method for giving aid to the drouth stricken farmers that has been advanced thus far is to take advantage of the resources of the Federal Land Banks through the formation of local credit corporations. Whatever plan may be offered will be predicated upon mortgages against next year's crops, for that is the only collateral farmers of the drouth belt are able to offer.

COUNTY AND CITY INTERESTS

THE SUPREME COURT in the first batch of decisions handed down the other day after its enforced vacation during the summer months granted a writ of error in an appeal coming from Stephens county and involving the interesting question of whether a county has a right to obligate itself to expend money for highway improvement within the limits of an incorporated city.

The case originated in a contract between the city of Breckenridge and the county commissioners of Stephens county, under which the county agreed to finance certain improvements of the Bankhead road.

way running through the city. A suit was instituted on the contract, and the trial courts held that the agreement was invalid, this opinion being upheld by the appellate courts which declared that the jurisdiction of the county ended at the city limits. The Supreme Court, however, has agreed with the ruling of the Attorney General, announced sometime ago, that a county may reimburse a city for money expended on highway improvement within the city's limits.

We do not know whether this county has agreed to finance any part of highway improvements within this city, in connection with construction work now in progress and to be undertaken in the near future, but the nature of some of the work being done and to be undertaken in the near future is such as to merit the assistance of the county and it is hoped that if such has not already been pledged it may be agreed upon in due time.

JOYCE SHEPARD FAILED

JOYCE SHEPARD, who was executed in the state penitentiary a few days ago for the murder of a Texas officer, was an unusual type of criminal in many respects. Only in the death chamber did he "die like all the rest—trembling, unsteady of voice and afraid," according to the dispatches describing his death.

Shepard was convicted of a very serious crime, and another man, Loyd Conatser, was sent to prison for life as his accomplice. There were appeals to the higher courts, and a long period while the case was dragging its way through the traditional channels of delayed justice. Then, when conviction finally was affirmed the insanity racket began operation in the death cells at Huntsville, and Shepard became insane.

This case ought to have some bearing upon the baffling problem of insanity in the death house which has been causing so much difficulty in recent months in this state. Shepard proved that insanity could be successfully feigned, and common sense tells us that there is not one of us who would not attempt it if that alone offered a means of escape from the electric chair.

NOT YET FULLY TESTED

THERE HAS NOT BEEN sufficient time for a conclusive test of the new marriage license law which became operative June 12, 1929, and the figures showing a decline in the number of marriages since the law went into effect and an increase in the number of divorces granted during the same time are by no means convincing proof that the statute should be changed.

With the new law operative only half of last year, the number of marriages decreased about 17 per cent, and the number of divorces increased about three hundred. How many Texas couples were married outside the state is not known, but the records of many border counties indicate that the number was large.

The matter of publicity attending the application for marriage licenses is one that has caused some inconvenience, to say the least, to the newspapers of the state. To publish or not to publish information taken from the county clerk's marriage license records, showing the intention of blushing young couples to marry, is the question confronting the newspapers.

MORE HIGHWAY CONTRACTS

A CONTRACT for grading and bridges on Highway 10 south from Brownwood to the McCulloch county line was let at Austin this week, to the McClung Construction Company, and it is expected that work on this project will be begun at once. Already much of the fence along the new right-of-way has been erected, and buildings are being removed and other preparations made for building the new highway.

This is good news because it marks the beginning of another very important part of the county's highway construction program, and will make jobs available for a number of Brown county laborers. It ought also to have the effect of challenging McCulloch county voters to approve highway bonds for the construction of Highway 10 through their county, in the special election to be held for that purpose on Nov. 9th.

McClung Co. Gets \$124,504 Contract Highway 10 Work

AUSTIN, Tex., Oct. 21.—(UP)—Dexter Construction Company of Dallas was awarded a contract for four miles of concrete paving on highway 15 in Van Zandt county by the State Highway Commission yesterday on a bid of \$84,693 for the work. Vihig Construction Co., of Dallas, which had bid the same amount, withdrew. Other contracts let by the commission were:

Five miles of grading and drainage on highway 35 in Liberty county to C. E. Deal of Walker for \$32,969.

Eleven miles of grading and drainage on highway 12 in Bee and San Patricio counties to F. P. McElweath of Corsicana for \$48,837.

Six miles of grading and drainage of highway 21 in Madison county to W. M. Forest of Midway and Thomas & Ratliff of Rogers. Forest will install large structures costing \$29,890. The rest of the contracts is for \$10,849.

Twenty miles of grading and drainage on highway 10 near Brownwood, to McClung Construction Company of Fort Worth for \$124,504. Award on work inside Brownwood was delayed.

Seven miles of grading and drainage on highway 8 in Shelby county to T. C. Drew of Minden, La., for \$55,162.

Cage Construction company was awarded the contract for construction of three culverts and four concrete girder spans and one cantilever arch span across Pecan Bayou on highway 10 in Brown county near Brownwood at \$66,555. The grading contract was awarded to W. S. Thompson of San Angelo at \$6,355.

Nueces county, 5.2 miles rock asphalt surface on concrete base from Banquette creek to Aqua Dulce on highway 12-A. Brown and Root, Austin, \$106,767.

Harris county, 29.9 miles grading and drainage from Humble-Westfield road to Montgomery county line on highway 35. J. D. George, Donna, \$53,293.

8,000 IN CHINA CITY SLAUGHTERED

SHANGHAI, October 22.—(AP)—Chinese press dispatches from Nanchang today said 8,000 men and women had been slaughtered since capture of Kian, central Kwangsi province, by communist hordes Oct. 6.

Burning and looting in the city accompanied the massacre. U. S. will tackle Indiana, but these two classics, as well as hundreds of others on the week's schedule, are as sought compared to a pair of football games billed for Brownwood gridders this week that is as far as Brownwood fans are concerned. And for the T. I. A. A. and Texas Conference, the two games to be played in Brownwood Thursday and Friday nights are just as important as anybody's ball games, if not more so. Upon the outcome of these two colorful battles hinges the championships of the two athletic organizations, all of which may sound like strange talk in mid-season. But this true.

The first game on the week's schedule is the Daniel Baker-West Texas Teachers clash Thursday night at Kirkpatrick Field. The Billies will be launching their drive for a conference grid title, their belated start in the T. I. A. A. coming after a most disastrous round of practice games with non-conference teams. And even if Daniel Baker wins this game, it is not assured that the Billies will carry on through the remainder of their schedule to win the coveted titles.

But a Daniel Baker victory would leave the T. I. A. A. title chase wide open to several ambitious eleven, whereas a victory for the Buffs would all but send the title to Canyon for another year.

BILLIES MEET BUFFS, JACKETS PLAY COWBOYS

NOTRE Dame will battle Pittsburgh Saturday and St. M. U. will tackle Indiana, but these two classics, as well as hundreds of others on the week's schedule, are as sought compared to a pair of football games billed for Brownwood gridders this week that is as far as Brownwood fans are concerned. And for the T. I. A. A. and Texas Conference, the two games to be played in Brownwood Thursday and Friday nights are just as important as anybody's ball games, if not more so. JOYCE SHEPARD DIES, SELF BLINDED AND CONFESSING DEED

HUNTSVILLE, Oct. 17.—(AP)—A self-blinded confessed murderer was electrocuted at the state prison here early today, denying even when he stood before the chair the fear his trembling lips revealed.

Joyce Shepard, killer of Sheriff Bob Smith of Fisher county and Deputy Sheriff Jake Owens, in an affidavit admitted his guilt and his attempts to feign insanity and declared Lloyd Conatser, his alleged partner in the crimes, who is serving a 99-year sentence, had no connection with them.

Entering the death chamber Shepard shouted to his mates: "Good-bye to all the boys. I had good will toward them all."

He declared he had "no fear or sorrow."

He muttered a prayer as his last act asking "forgiveness" for his executions.

Blinded Eyes

Two weeks ago, he destroyed the sight in both eyes, using a nail that had worked loose from a cell ventilator. The fact was not known until last night, and was discovered by newspapermen when they were permitted to interview him. The prison general manager, Les Simmons, said he had not announced the fact because he considered it not a proper matter for publication. Whether Governor Moody had been advised of it was not learned.

Shepard himself explained his act by answering biblically: "If thy eye offendeth thee, pluck it out." He said, too, that he wanted to "prove he was not trying to escape."

One other weapon, the sharpened bone of a T-bone steak, was found in his bedding.

For two years Shepard, alias Bill Smith, had fought to save himself. Two sanity trials were had, the first holding him unbalanced and the other, held after his incarceration for a time in a state asylum, finding him sane. For months he kept up a spectacular effort to convince others of his insanity. He lay on the concrete without clothing and shrieked meaningless phrases. Finally, he concluded, or so he told other prisoners, that the dodge would "not work" and resumed intelligent action.

Reserve seat sales indicate that the two teams will play before a full house Thursday night.

Display Firemen's Racing Equipment

All racing equipment used by the Brownwood Volunteer Fire Department racing team during the years when the races were held at the annual Firemen's convention has been placed on a display board in the department museum at the city hall. The display includes the hose cart, wrenches, nozzles and the harness worn by the team. This equipment was used during the three years that the department won the annual hose race. Brownwood racing teams won more races during the time the races were held than any other one team in the state and set an all time record for victories.

October's Honor Roll Has Names Five Local Cows

Shelton's dairy herd will have six cows on the honor roll of the American Jersey Cattle Club for the month of October, according to tests made by County Agent O. P. Griffin.

Cows making the honor roll are: Benedicline Jolly's Fernleaf, five years and 2 months old; milk, 40.5; per cent, 4.44; butterfat, 2.2163.

Pearl's Miss Cowslip, 1 year and 8 months old; milk, 27.2; per cent, 5.50; butterfat, 1.4952.

Benedicline Purple Pansy, 5 years, 8 months; milk, 34; per cent, 5.08; butterfat, 1.6270.

Dream Lad's Cleo, 1 year, 10 months; milk, 27.8; per cent, 6.43; butterfat, 1.7884.

Benedicline Bay Girl, 1 year, 11 months; milk, 25.1; per cent, 5.83; butterfat, 1.4732.

Cows which were tested, but did not make this month's honor roll, were:

Fauvics Emma, 4 year, 11 months; milk, 26.2; per cent, 4.79; butterfat, 1.2504.

Bettina's Mary, 1 year, 5 months; milk, 15.4; per cent, 7.39; butterfat, 1.1383.

Cleo Rowdy, 1 year, 7 months; milk, 14.7; per cent, 5.91; butterfat, 0.8586.

Elaine Spot, 1 year, 10 months; milk, 19.8; per cent, 6.95; butterfat, 1.11980.

The honor roll cow Benedicline Bay Girl was a blue ribbon winner at the Abilene and San Angelo fairs recently.

The Shelton herd bulls are also making fine records, the county agent said. Fauvics Prince is the outstanding Jersey bull in the country and holds a medal of merit. Recently Sybil's Gamoge qualified for the Medal of Merit and now the herd contains two such merit holders. There are only nine bulls to hold this honor and the Shelton herd has two of these. Both bulls are grand-sires of Benedicline Ruler.

Is Held Here For Yoakum Officers

Hutchinson county, bridge across Reek creek on highway 117 and partial removal of box culvert four miles north of Berger on highway 117, Gaines and Yoakum, Oklahoma City, \$15,160.

Yoakum county, bridge across Salt branch and Spring creek on highway 145, Cage Construction company, Taft; \$21,316.

Liveoak county, Nueces river bridge and five relief bridges on highway 145, Sanders and Hurlburt, San Antonio, \$107,570.

Roy Gilmer was arrested here yesterday by members of the sheriff's department and lodged in the county jail for Yoakum county authorities. In communication with the Yoakum officials the local officers were notified that he was wanted on a swindling charge because of an alleged "hot check". They were also told that if the check was paid with the court fees, that they would not wish his detention further.

Celebrates 61st Anniversary

ROCHESTER, N. Y.—(UP)—Mr. and Mrs. Albert M. Moore, formerly of Sand Lake, near Albany, celebrated their 61st wedding anniversary here. Mrs. Moore is a second cousin of Zachary Taylor, 12th president of the United States.

Hospital Staff Meeting Is Held

One of the most interesting programs yet given at the regular monthly meetings of the staff of the Medical Arts Hospital was enjoyed at the meeting held Tuesday evening at 7:30 o'clock and was attended by a number of the staff members and visitors. Nurses of the hospital had parts on the first part of the program during dinner and then interesting papers were given. Following the dinner, by Drs. J. N. Arvin and W. H. Paige.

The meal was served in the dining room of the hospital and a program of entertainment was enjoyed. Miss Ida Schollemmer, superintendent, had charge of the dinner.

After dinner the scientific program was taken up and Dr. J. N. Arvin gave some important facts on dentistry which was of special interest to doctors. Dr. Arvin illustrated his talk with X-ray pictures on dentistry.

Dr. W. H. Paige gave a very interesting illustrated talk on Arterial Fibrillation. He illustrated his points on the subject by drawings and figures on a blackboard.

Staff members attending: Drs. J. N. Arvin, W. E. Corbin, B. A. Fowler, Charles Gray, A. L. Taylor, H. B. Allen, J. M. Horn, O. N. Mayo, W. H. Paige, W. B. Anderson, B. M. Shelton, E. B. Jones, H. Arvin, and Miss Ida Schollemmer.

Visitors were: Messames Franklin Jones, Christine White and Buford Adams, and Misses Viola Moore, Franklin, Beasley and Harris.

Jackets vs. Cowboys Here Friday Night

LESS than 24 hours after the argument at Kirkpatrick Field has been definitely settled, the one big game of the year as far as West Texas is concerned, will be reeled off this being none other than the Simmons University-Howard Payne grudge battle at Howard Payne park, this classic to be presented Friday night beginning promptly at eight o'clock. Reserve seats for this all important engagement are on sale at the T. C. Electric and indications are that in due time the Jackets and Cowboys will again arrange to meet each other on Thanksgiving, now that Frank Bridges, the coach who upset things is gone from the Simmons' campus.

Important Battle

But the 1930 Jacket-Cowboy argument has another important factor, this being its bearing on the Texas conference football race. Its almost a certainty that the winner of Friday night's game will march on through the remainder of the season to win the Big Six title which has been in the possession of the Jackets for two years.

The Brownwood team started its drive for a third successive crown last week in a most auspicious manner, downing the Kangaroos of Austin College, 26 to 7 at Sherman. And if the Jackets hurdle the Cowboy barrier, it is easy to believe they will continue to a third title.

Cowboys Determined

On the other hand, Simmons, denied of a look in at the coveted title the past two seasons, is more than determined to trip the Jackets this week thus paving the way for a parade to the conference title. The Cowboys have enjoyed a perfectly good season thus far, barring the scoreless tie with St. Edwards, and many Cowboy followers confidently believe the Abilene Baptists will conquer the grid warriors of Coaches Cheaney and Keaton.

Both teams are due to have their full strength on hand for the Friday night classic and there is little reason to believe that the 1930 meeting between Jackets and Cowboys will be one of the best ever staged during the many years the football machines of the two schools have banged away at each other.

In truth, the week ending October 25, should go down in gridiron annals as this section's best.

Vote Saturday On Cemetery Board

At a recent meeting of the Greenleaf Cemetery Association a committee of five were appointed as a nominating committee to select ten names to be placed on the ballot for the board of directors of the association. The election in which five of the ten will be chosen is to be held Saturday at the city hall.

The committee chose as the ten candidates, Mrs. R. L. McLaugh, E. T. Perkins, Mrs. Chas. Ratliff, Ben Stone, Mrs. M. L. Brown, J. L. Cross, Mrs. W. D. Gully, C. A. White, Mrs. U. Y. Smith and Walter Watson. From this group the directors will be taken and they will then elect officers from their ranks for the coming year.

Ballots are being printed today and it was said this morning that all members of the association and all tax payers in Brownwood were urged to cast a ballot during the election Saturday. C. L. Steffins will be in charge of the balloting.

The nominating committee was composed of Henry Hughes, W. A. Bell, Lee Guthrie, Mrs. E. T. John and Mrs. W. L. Sturtz.

Tree Sitter Up for Total of 96 Days

NEW ORLEANS, Oct. 22.—(AP)—Fritz Derbes, 17, New Orleans' longest tree sitter, came down last night at 5:30 o'clock with a claim of 96 days, or 2301 1-2 hours of continuous tree sitting.

Derbes went up at 8 p. m. July 17 and claims that his feet have not touched the ground during the period he was up although he changed trees once.

NEARLY 300 WOMEN ARE GIVEN INSTRUCTION IN CAKE BAKING COOKING SCHOOL WEDNESDAY

Interest in the Bulletin cooking school, being conducted in the basement of the First Methodist church by Mrs. Myra Oliver Dougan, is increasing daily, almost three hundred women registered at the school Wednesday afternoon. Mrs. Dougan gave one of the most interesting lectures and demonstrations of the entire school on cake baking and preparing decorations for cakes.

Featherweight white cake, chocolate nut fudge cake, delicious cake, soft ginger cream cookies and cream cookies and cream icing were prepared and cooked by Mrs. Dougan. She also showed the women how to color sugar and coconut and many other interesting and delicious ways of preparing icings. Every step in the preparation, mixing and cooking of cakes, was thoroughly explained and shown to the women and all said that they felt that they would have much better results with the next cake they tried to bake.

Third day, and there will be school only on Thursday and Friday, so all women are urged to take advantage of attending these remaining lectures. Thursday was to be vegetable day and all kinds of delicious ways of preparing a large variety of vegetables were to be demonstrated. Friday, the closing day, will be meat day at which time recipes for preparing all kinds of meat dishes will be given. The meat day is the one which the women have been asking about and are much interested and the largest attendance of the school is expected on this day.

The number of out of town women attending the school increases daily and more of these women are urged to attend. All women of Brownwood should also take advantage of hearing Mrs. Dougan, recognized everywhere as a great cook, explain and demonstrate the various recipes.

World Series Money Is Divided Today

CHICAGO, Oct. 23.—(UP)—Checks were issued today by Judge K. M. Landis to members of the Washington Senators, New York Giants and New York Yankees for players' shares in the 1930 world series receipts.

Washington, second place American League Club, divided \$24,290.67 with each full share amounting to \$37.61. The third place New York Yankees divided \$14,193.77, with full shares amounting to \$58.41.

The New York Giants, third place National League team, divided the same sum as the Yankees, but each full share amounting to \$58.87. The Chicago Cubs, second National League Club, were given their shares a week ago, each player receiving \$83.5.

Hollywood Winner Over Los Angeles

LOS ANGELES, Oct. 23.—(P)—The local feud between Los Angeles and Hollywood for the Pacific Coast League baseball pennant moved to the second tilt of the playoff series today with the defending champions, the Stars, clinging to a one-game advantage.

A ten-inning struggle which was marked by seven home runs featured Hollywood's victory yesterday 9 to 3, after the Angels had gone into the lead in the eighth and then came back to tie the score in the last of the ninth.

College Offered \$650,000
BRISTOL, Tenn.—(UP)—If King College will raise \$650,000 R. S. Reynolds, Louisville and Kentucky will add an additional \$100,000 to the fund, college authorities announced.

VETERAN TRANSFER MAN DIES AT HOME MONDAY AFTERNOON

William James Redner, 77, for almost half a century a Brownwood business man, died at his home, at 1216 Vine Street, Monday afternoon at 3:30. Mr. Redner came to Brownwood 47 years ago and immediately transferred business and until his death he was actively engaged in the same business with two sons, R. C. and W. B. as partners.

William James Redner was born May 25, 1853, in Augusta County, Georgia, but came to Brownwood when a young man. He was married September 8, 1878, to Miss Mollie Morrow in Hunt County, Texas. To this union were born four children, two sons, R. C. and W. B. Redner, both of Brownwood, Mrs. Nina Thomason and Miss Laverne Redner, also of Brownwood. Six grandchildren also survive as do two brothers, J. T. Redner of Brownwood and J. D. Redner of Ft. Worth and one sister, Mrs. C. F. England of Grosvonts.

Funeral services for Mr. Redner were held at 3 o'clock Tuesday afternoon at the First Presbyterian Church, officiating. Burial was made in Greenleaf Cemetery.

Pall bearers for Mr. Redner's funeral were: W. A. Butler, S. H. Bass, R. B. Rogers, W. D. Armstrong, W. P. Murphey and J. A. Henry.

Manager Is Given Birthday Surprise

Employees of Montgomery Ward & Company, Brownwood store, played a joke on Manager E. M. Manley Tuesday, to help celebrate his birthday, which is today. Tuesday night was the regular meeting of employees and when Mr. Manley came to the store members of the city police force, who had previously been seen by members of the store, informed him that he was under arrest and took him to the city hall. After keeping him there for quite a while they brought him back to the store but when he saw the arrangements for the birthday party he knew that the arrest was all a joke, and was incidentally much relieved.

A large cake had been prepared for the occasion and this was served with punch to twenty-three present. The meeting was then turned into a theatre party, after the show they met at the store again and finished eating the cake and drinking the punch.

Those present: Mr. and Mrs. E. M. Manley, Mr. and Mrs. A. A. Miller, Mr. and Mrs. F. L. Monk, Misses

Studies Primer at 82
PURVIS, Miss.—(UP)—Aunt Sophie, 82 year old former slave, is a member of the primer class, of a Negro rural school at Hub, near here. She is learning to read, though the task is mighty hard for old folks, she said.

Senator Witt Explains Proposed Amendments to the Constitution

AUSTIN, Tex.—(UP)—Succinct statement of the gist of amendments to the state constitution upon which voters will ballot Nov. 4 has been made by State Sen. Edgar Witt of Waco, chairman of a legislative committee named to present the amendments to the people.

"One amendment provides that the supreme court shall be in session throughout the year. Under the present constitution the supreme court must be in session only nine months. The amendment will not prevent the judges, one at the time, to have a vacation period, but will require that the court be open for business at all times.

"Another amendment provides for the taxation for county purposes of lands belonging to the University of Texas. These lands are located in some 17 West Texas counties; in some of the counties they form a large portion of the county. The building of its present and public buildings, contribute to the enhanced value of all the lands in the county and it seems reasonable to require that the university lands should pay its portion of these taxes as they are enhanced in value by the expenditures.

"Another amendment enlarges the field for the investment of the permanent university funds. Under the existing law these funds can only be invested in state or national bonds.

"The remaining two amendments are those dealing with the length of the regular sessions of the legislature and with compensations of its members. One of these amendments increases the length of the present 60 days regular session of the legislature to 120 days and provides that the first 30 days of this session shall be given over to the introduction of bills, the second 30 days to the consideration of these bills by committees and the remainder of the session to the consideration of the legislature in open session. If provided, however, that this order of procedure can be changed as desired by a four-fifths vote of the members.

"The other legislative amendment increases the compensation of legislators from \$5 a day to the magnificent sum of \$10 per day and decreases the mileage now allowed members of 20 cents per mile in going and returning from the seat of government to 10 cents per mile. This amendment has been represented as 'doubling' the pay of legislators. It will have a very far different effect by reason of the halving of the mileage allowance only one for a 120-day session, while

under the present system 120 days would involve three sessions and there would be paid mileage on each session at the rate of 20 cents a mile or a total of 60 cents per mile going and coming of each capitol would get this mileage for once and while under the amendment it that would be 10 cents. In other words, under the amendment a member for a session of 120 days would get a mileage allowance of just one-sixth the amount that he would get under the present constitution."

Furniture For New Hotel Is Arriving

Furniture for the new Hotel Brownwood is arriving rapidly and will be stored on the floor on which it is to be placed during the remainder of the week. Bruce Wallace, manager of the hotel, said today that there was a congestion of packing cases on the first floor which would have to be moved before much work could be completed there. The elevator company representative has been busy this week getting one of the cages ready for operation and it is thought that by 6 o'clock this afternoon it will be in readiness.

With the completion of one of the elevators it will be placed into use to carry the furniture to the upper floors. Beds, dressers, and other room furniture as well as that to be used on the first and second floors is now stored in the building.

Carpets are being laid and many of the rooms have been completely carpeted with pretty designs over a heavy padding. The woodwork in the rooms has been completed and painters are now busy retouching the varnish in halls and will soon start retouching the woodwork in the rooms.

Mr. Wallace said that all work was being rushed in an effort to complete the hotel by November 11. He was practically sure that it would be finished not later than November 15.

Unexploded Shells Found
ROCHESTER, N. Y.—(UP)—Four unexploded shells, buried eight feet in the ground on Inspiration Point were found by Frank Maibaum. The shells, weighed about nine pounds and were badly corroded. The possibility that the missiles were buried during the Civil War, or the Spanish-American War, was suggested.

COURT SELLS \$200,000 OF ROAD BONDS

At a regular meeting of the commissioners court Monday a total of \$200,000 of Brown county road bonds were disposed of. They were sold to Caldwell & Company and Van H. Howard Company. Closed bids from several companies were considered, these including, besides the buyers, the B. F. Dittman Company, White Phillips Company and the Wheel Roth & Irving Company.

The sale was of average maturity bonds. The two buying companies offered bids as follows: Par and accrued interest to this date plus cash premium of \$750 and to pay shipping charges from Austin on Brownwood bank to designated bank. The bids entered by White Phillips, Wheel Roth & Irving and B. F. Dittman were for par and accrued interest to this date and cash premiums of \$680 and Brown county to pay delivery charges to designated bank.

Land Appraisal Increase
T. K. Ward was allowed \$40 per acre for land included in right of way for Highway No. 10 instead of \$35 per acre as set by the jury of view, it appearing to the court that this amount was more suitable and as a warrant had been issued for the first amount the clerk was instructed to issue an additional warrant for \$5.

The Pep Service Station and the Parkmore Storage Company were privileged and appointed to operate light testing stations in Brown county. The permit of Lon Willis for a light testing station was extended for one year.

W. J. Odell who owns the Breezy Point filling station was given the job of moving it off the right-of-way of Highway No. 10 after he had agreed to do the work for a sum of \$125.

T. J. Royall was allowed \$2.50 for moving right-of-way fence on the J. M. Austin land on Highway No. 10.

Tax Assessor Clair Betts was allowed an additional amount of \$34 for preparation of the 1930 tax rolls.

County Clerk W. E. Burleson was instructed and authorized to prepare a new index for the Probate Minutes No. 1, it appearing to the court that the present index was torn and should be replaced.

A. E. Wilson was appointed as election judge for Precinct No. 32 to replace A. E. Nabors, Democratic nominee for county attorney.

County Judge E. M. Davis was authorized to have repairs made on courthouse roof and the roof of the outhouse on the courthouse lawn.

Mrs. Mary Hamby was allowed

2 CARLOADS FEED ORDERED

Brown County farmers, through the Brown County Farmer's Association, are to take advantage of the reduced freight rates on feed for livestock in the drought stricken areas by getting two carloads of feed shipped into the county this month. Two carloads of mixed feed, cow cake, sheep cake and meal, have been ordered from Waco through the local mill to be delivered this month. One car will come to Brownwood and one to Zephyr.

Since the rains the farmers have been planting grain for fall and winter grazing, but some farmers will still need some feed for their livestock. Some farmers from almost every part of the county have orders in the carloads and will get their feed from the car when it arrives at the stations.

There will not be a great amount of grain seed shipped into the county this season as most parts of the county can supply seed locally. In some parts of the county fairly good grain crops were made and these farmers are selling seed to those who did not make a good crop according to County Agent O. P. Griffin. The section south of Bangs had almost complete grain failure and is buying feed which is being shipped in. One carload of seed was sold in Bangs last week and another car is to be received this week. The section around Zephyr is in almost the same condition as the area south of Bangs, but farmers near Zephyr can buy grain seed from the farmers around Blanket and it will not be necessary to have feed shipped in.

Farmers are taking advantage of the good season that has been received from the rains and planting grain for their livestock. It is thought that more fall and winter grain will be planted in the county this season than in many years.

The Louisiana cotton cooperative expects to handle 125,000 bales this season.

TOTAL DEAD IN GERMANY BLAST AT 231

ALSODORF, Germany, Oct. 23.—(AP)—The total of dead taken out of the Ann II coal mine, wrecked yesterday by an explosion, late this afternoon reached 231. The whole number of fatalities stood at 231. Boeker, governmental mining expert, stated that no hope could be held out that miners still underground in the blast; torn mine would be rescued alive.

ALSODORF, Rhenish Prussia, Oct. 23.—(AP)—This mining town of 10,000 inhabitants was plunged into new grief today when the realization struck home that there was no hope for 61 miners still underground in the Anna mine.

With a certain death total of 231 and the bodies of 170 victims yesterday's mysterious explosion already recovered, there seemed every likelihood that further increases in the death list must be made.

Ninety-nine persons remained in hospitals, many of them in critical condition.

When rescue crews, wearing gas masks, penetrated to a pit 1,500 feet below the surface, a ghastly sight met their eyes. All about them the victims lay, apparently asphyxiated. From this pit not one person had emerged alive. It was only then that the would-be rescuers realized hope must be given up for any others in that area.

There were heartbreaking scenes as the dead were taken from the shaft and their families identified them. Many persons came from surrounding towns, some even motoring over the nearby Belgian and Dutch borders. These thronged the town today, but a strong force of mounted and foot police kept the crowds at a distance from the mine.

A government commission continued its efforts to learn the cause of the explosion. The blast at first was attributed to ignition of dynamite. Goal damp also was suspected but it was the belief that this latter deadly factor had not entered into the tragedy that encouraged those above ground for many hours in the belief that large numbers of the miners would be rescued alive from the deep but well ventilated galleries.

Tuscania Victim Dead
SYRACUSE, N. Y.—(UP)—John J. Trapp, one of five Syracuseans rescued from the Atlantic after their transport, Tuscania, was torpedoed in 1918, is dead. His four companions Lester McKenna, Anthony Anando, David Lawrence and Lawrence Doyle acted as pall bearers at his funeral.

Visit the
Cooking School

and you will see

- The New Style "NEW METHOD" Heaters.
- The "BEE-VAC" Electric Sweeper, and of course
- The "COPELAND" Refrigerator.

More Cooking School Directors have used "Copeland" in Brownwood than any other refrigerator.

—THERE'S A REASON

Mrs. Dougan Chooses THE NEW Gold Arrow Flour

Announcement

To the housewife who wants and expects the highest quality in flour, we wish to announce the addition of our new "GOLD ARROW FLOUR" to our line of mill products. Milled from only the choicest wheats with the benefit of all our years milling experience this flour is indeed a flour supreme, color, texture, baking results will leave nothing to be wished for. For success with biscuits, bread, cakes, and pastries use the new "GOLD ARROW FLOUR."

For The Bulletin Cooking School This Week thru Friday

Mrs. Dougan heard of our new flour and asked us to send her a sample of it, so that she could choose the flour to be used for the Cooking School. SHE THEN CHOOSE OUR NEW GOLD ARROW FLOUR. It delights us very much that she will demonstrate to the women of Brownwood and Brown County the qualities of this new flour. A flour that is made as an extra quality flour—flour that the women of Brown County and the world can marvel at—and too, it is milled in Brownwood. Attend every day—and note the many successful uses of the new "GOLD ARROW" Flour.

Austin Mill and Grain Company

Brownwood, Texas

GROSVENOR SHOWS EXCELLENT SCHOOL ATTENDANCE RECORD

State Aid Inspector Olson and County Superintendent J. Oscar Swindle visited four county schools Monday where Mr. Olson made his inspection for recommendation as to state aid for the schools. The four places visited were Bangs, Grosvenor, Thrifty and McDaniel. They were to visit Clear Creek, Concord, Mukewater and Salt Branch today.

Mr. Olson praised very highly the school at Grosvenor and also spoke highly of the Bangs system, stating that the two were in excellent condition. "At Grosvenor there is an excellent attitude of the trustees and all connected with the school and all prospects show for a good school. Evidence shows that consolidation has been a great aid to the students of that section," he said.

In speaking of the conditions at Grosvenor Mr. Olson said that one of the most remarkable features of the school was the fact with the extra bad roads in that section and their muddy condition Monday he found that there were only ten students absent from an enrollment of 204. "This is one of the best records I ever saw, considering the roads and the weather," he said.

Mr. Olson complained of finding several teachers who did not have their certificates recorded in Brown county and said that this could be remedied by an enrollment of 204. "This is one of the best records I ever saw, considering the roads and the weather," he said.

Showing Generally Fine

But, taking everything into consideration, the time of year and the weather the Brown county system is in great shape and there can be no real criticism of the schools or of the work, he stated.

The Thrifty school has been consolidated with the Bangs district and is no way part of that system although a small school is still maintained at Thrifty. The two visitors were given lunch at Bangs by the Home Economics class as a part of its demonstration work.

Mr. Olson is also making an economic study of the situation in Brown county in regard to drought conditions. He said that he had been instructed to study the general conditions and after interviewing several of the business men, bankers and farmers he would make a report to the department at Austin who would in turn give it to proper

FORMER BROWNWOOD CITIZEN IS DEAD AT LOVINGTON, N. MEXICO

John L. Clardy, 91, one of the pioneer citizens of Brown county, died Sunday at the home of his brother, A. R. Clardy, at Lovington, New Mexico, according to information received Sunday night by his brother, R. F. Clardy, of Brownwood. Funeral and burial services for Mr. Clardy were to have been held today at Lovington. His brother, R. F. Clardy, was unable to attend final rites, because of the distance.

John L. Clardy was born in Tennessee, Oct. 30, 1838. The Clardy family came to Texas in 1870, settling in Dallas county. The family came to Brown county in 1876. A few years later John L. Clardy moved to McCulloch county and about 20 years ago he went to New Mexico. Mr. Clardy was a soldier in the Confederate army.

John L. Clardy is survived by two brothers, R. F. Clardy of Brownwood and A. R. Clardy, of Lovington. These are the only two living of a family of seven brothers and four sisters.

Automobile License Plates Received

Most of the 1931 automobile license plates have been received here and are being stored in the Tax Assessor's office until time for their sale, which starts December 1. The license plates for 1931 have been changed more than in any previous year and beginning with the current year each number will be preceded by a letter of the alphabet. According to employees of the tax collector's office the new numbers are black and white with the passenger vehicles having black backgrounds with white numbers and the commercial plates black numbers on white backgrounds.

MORE STEPS ARE TAKEN TO AID JOBLESS

WASHINGTON, Oct. 22.—(AP)—While the cabinet committee on unemployment today awaited the arrival of Arthur Woods, of New York, to take charge of President Hoover's relief organization, a group of statistical experts gathered at the labor department to consider existing government methods of collecting data on unemployment.

James J. Davis, Secretary of Labor, in an address to the gathering, said confidence in the accuracy of the department's figures on labor and wage matters was justified, but a probable need of extending this type of work now exists. He cited particularly the appearance of "technological" unemployment because of the displacement of manual labor by new machinery processes.

"Just how far these technological changes responsible for our present unemployment?" Secretary Davis asked, referring to displacement of musicians by talking picture films, unloading of ships by conveyers and the construction of new railroads by tracklayer devices as examples.

"Can this question be answered and if so how are we to answer?" he continued. "This is the problem upon which we wish your advice. This unemployment survey ought perhaps to be made from a labor point of view. That it is to say it should be a study rather than an enumeration."

The study should show why individuals were out of work and whether a machine displacement was responsible for an individual situation, he said. A careful analysis of research possibilities would be helpful, he added.

WASHINGTON, October 22.—(AP)—General Jacob S. Coxey, who once led an army of the unemployed against Washington, was on hand today before the commerce department officially opened with a placarded automobile awaiting an interview with Secretary Lamont, chairman of the cabinet committee appointed by President Hoover to deal with unemployment.

Coxey was ushered in for a private discussion of his ideas—which called largely for expenditure on public works by governmental organizations to make jobs—and took his departure with the official thanks for his call.

In spite of the nearly 40 years which have elapsed since his famous march, the commander appeared still hale and hearty.

WOODWARD SUPPORTS AMENDMENT TO TAX UNIVERSITY LANDS

COLEMAN, Texas, Oct. 20.—(AP)—State Senator Walter C. Woodward of this city today came out in favor of the university land amendment. In a prepared statement he said:

"Seventeen Texas counties are in a peculiar situation because of having from 1 to 29 per cent of their acreage tax exempt. I will favor the land amendment as a means of adjusting the situation and equalizing the burden of the university of the 253 counties of Texas. The university has 2,000,320 acres of land in the counties in question, distributed as follows:

Andrews	294,400 or 29 per cent;
Reagan	194,500 or 28 per cent;
Hudspeth	453,220 or 15 per cent;
Crockett	356,480 or 17 per cent;
Pecos	184,900 or 7 per cent;
Ward	640 or 15 per cent;
Updegraff	7,440 or 10 per cent;
Crane	63,680 or 11 per cent;
Terrell	61,440 or 4 per cent;
Schleicher	57,600 or 7 per cent;
Winkler	53,120 or 10 per cent;
Culbertson	46,080 or 2 per cent;
Iron	22,720 or 4 per cent;
Loving	22,400 or 5 per cent;
Martin	14,080 or 2 per cent;
El Paso	11,520 or 2 per cent;
Ector	6,080, or 1 per cent.

"Tax figures from 1928 make the unfairness of the situation apparent. Then the 17 counties in question paid to Texas \$1,381,498.47 of which only \$556,185 was paid back to them in school apportionment, leaving an excess of \$725,313.47 used by other sections. The counties have not the scholastic population to receive back much for school purposes, the number of tax payers in small in comparison to the road mileage that should be constructed to link up trans-state all weather roads, and revenues cannot be large because of low land values.

"The university, by reason of being such a land holder, becomes the largest sponsor of tenant farming and ranching in the state and if it were other than a state institution there would be large hue and cry against it. Such large tracts defeat development, and it does not pay its way as the rest of the county progresses. It takes no stretching of the imagination to view the time when those 17 counties will begin agitation for the sale of the acreage rather than be hampered by the excess burden they have to bear over other counties. I urge that all voters of the counties go to the polls and cast a ballot.

PROS AT SALT LAKE CITY

SALT LAKE CITY, Utah, Oct. 23.—(AP)—Professional golfers, including Walter Hagen, Tommy Armour, Ed-Elm, recently turned professional, today faced their final practice round in preparation for the \$5,000 open tournament tomorrow.

Such nationally prominent golfers as Walter Hagen, Tommy Armour, and Johnny Farrell have indicated they will participate.

C. E. Clark of Tulsa shot a brilliant 68 in a warm-up round, his score being four under par. Ral Guildahl of Dallas and several other visiting stars have jolted par in practice.

FARMER IS FOUND SLAIN IN HIS BARN

FORT WORTH, Oct. 22.—(AP)—J. C. Cavender, tenant farmer, was slugged, then strangled to death in the small granary of his farm, one mile and a half northeast of Birdville, where his body was found last night, investigators said today.

That the murderer fled to Fort Worth on Cavender's horse also is the opinion of officers.

The body was covered with oats. The skull was crushed by a blow struck from behind. A heavy cord was tied tightly around the neck. Investigators found beside the body a blood-smeared rod from a wheat binder, but not from the binder on Cavender's farm. The position of the body indicated the man had been struck down while he was in the bin. The oats originally had been piled high against the back wall but had been spread over the body.

The farmer's watch was missing, but nothing in his house had been touched.

The horse, a gray mare, saddled and bridled, was found wandering in Riverside today.

The victim lived alone on the farm of 60 acres as a tenant. He was a native of Arkansas and had lived in Tarrant county almost 50 years. Cavender is survived by his wife, whose home is in Dallas; a daughter, Mrs. Mae Taylor of Dallas; a brother, Ed Cavender, Fort Worth, and three sisters, Mrs. P. L. Wells, Mrs. Joe Starns and Mrs. J. W. Moad, all of Fort Worth.

Charge Plot To Kill Family By Feeding Glass

DENVER, October 22.—(AP)—Murder charges will be filed against Mrs. Pearl O'Loughlin, held in the death of her step child, Leona, ten years old Friday, Captain of Detectives Bert Clark announced today. He said the charges would be filed before the formal hearing on an application for a writ of habeas corpus which Mrs. O'Loughlin's attorneys filed yesterday.

DENVER, Colo., Oct. 22.—(AP)—Death of two family pets from effects of eating ground glass confirmed police today in their belief that 10-year-old Leona O'Loughlin, dropped in a city park lake, was the victim of a plot which had as its object extermination of her entire family.

The girl disappeared a week ago. Her bruised body, the stomach containing a quantity of ground glass, was found in the park lake Friday. At the time the girl's body was recovered her father, Leo O'Loughlin, a city detective, was in a hospital recovering from the effects of eating food in which ground glass had been placed.

Police advanced the murder plot theory after they learned ground glass was found in the sugar at the home of Dennis O'Loughlin father of the detective, six weeks ago. The elder O'Loughlin was host at a dinner party attended by Mr. and Mrs. Leo O'Loughlin, Leona, Douglas Milligan, 8-year-old son of Mrs. O'Loughlin by a former marriage; Mrs. Marybelle Shannon, sister of Mrs. O'Loughlin, and Frank O'Loughlin, brother of Leo.

Investigation of their theory led to discovery of ground glass in the stomach of her father and in two pets, a cat and a dog. The cat died Wednesday, the day after the girl disappeared. The dog died Thursday, the same day the detective was taken to a hospital seriously ill. The cat and dog had been fed scraps from the O'Loughlin table.

Police disinterred the animals last Sunday. Report of the examination of their remains was made last night.

The girls stepmother, Mrs. Leo O'Loughlin, held for investigation, has maintained she knew nothing of Leona's death. Taken to the morgue, she reaffirmed her innocence in view of the child's body. She was denied bond yesterday on a writ of habeas corpus.

Detective O'Loughlin quit his hospital bed yesterday aid in solving the mystery of his daughter's slaying. Funeral services for the child were arranged for today in Denver, with burial at Fort Collins, Colo., beside her mother, O'Loughlin's first wife.

Cholera Among Coleman Turkeys

COLEMAN, Texas, Oct. 21.—(Sp.)—Coleman county turkeys are suffering with cholera, according to a statement this morning by County Farm Agent C. V. Robinson, who urges immediate vaccination.

Several days ago Mr. Robinson sent a turkey to the Livestock Sanitary Commission in Fort Worth to make sure he had diagnosed the disease correctly. The following day he received a message by wire stating the bird was suffering with cholera and he was advised to begin vaccinating at once. Since that time he says, he has vaccinated more than 500 turkeys and others are to be vaccinated this week. He has been handicapped to some extent by failure to secure vaccine.

The disease, unless checked, will have a tendency to decrease turkey shipments from the county for Thanksgiving tables. The market will soon open and flocks in which the disease has been discovered will hardly be ready for market and will have to be held for the Christmas season.

Mr. Robinson believes that early action will materially reduce losses and inferior quality. The turkey

crop in years past, has been one of the principal fall revenue producers for Coleman county farmers.

Priest Who Turns Against Church Is Recovered to Fold

Local Catholics will be interested in learning that Rev. Bernard Fresenborg has made his peace with the church after thirty years of warfare upon it, and now resides in a little cottage on the grounds of St. Mary's Academy in Ansonia.

Fresenborg thirty years ago was excommunicated for having written and published a book entitled "Thirty Years in Hell," which was an attack upon the Catholic church. The book gained wide circulation, and was much discussed for several years after its publication. Recently, however, the former priest began overtures for reinstatement, and a few weeks ago was permitted to offer an abjuration in which he admitted his offenses, abjured his authorship of the offending book, and petitioned for reinstatement. His case was acted upon favorably and he is now in good standing again. Fresenborg is now 84 years old and quite feeble, according to reports.

Kicked on Drinks

BECKEMHAM, Kent.—(UP)—Burglars entered a house here, drank half a bottle of port, and left a note saying, "You keep rotten port."

DORMANS LAND, Surrey.—(UP)—A squirrel entered a church here during a harvest festival, jumped on a pew, leaped over kneeling worshippers, and was eventually captured by the vergier.

Greek divers with headquarters at Tarpon Springs on the west coast of Florida annually bring from the bottom of the Gulf sponges worth about \$1,000,000.

COMMISSIONER OF AGRICULTURE DISCUSSES COTTON REDUCTION

AUSTIN, Texas, October 21.—(AP)—Under the present business depression it seems necessary to reduce cotton acreage next year, Geo. B. Terrell, Texas commissioner of Agriculture, wrote in an article prepared for The Southern Cultivator. Terrell said he would welcome any practical plan to accomplish a reduction.

He said a cut of 25 per cent would be sufficient.

A 25 per cent cut would reduce the next crop to approximately 10,000,000 bales.

Small production in this country and resultant high prices might encourage greater production abroad, Terrell warned.

The federal farm board, Terrell said, "is endowed with broad powers and it already has exercised some of those powers indirectly and sustained a loss of millions of dollars to the government. The board is authorized to aid in preventing orderly production and distribution; to investigate the conditions of over production and distribution; to investigate the conditions of over production of agricultural commodities and advise as to the prevention upon the following: land utilization for agricultural purposes and reduction of the acreage of unprofitable marginal lands in cultivation. It seems that with its powers the farm board might lend financial assistance in preventing crop surpluses by aiding in the reduction of acreage. If it cannot and will not do this and will not name a profitable price for cotton and wheat, our great export crops, and continue to let the gambling exchanges make the price without regard to supply and demand, there is nothing left for the board to do and it might as well be abolished.

"There is no over production of

cotton as proclaimed by many so called economic writers. There is an under consumption caused by low purchasing power.

"The farmer's purchasing power is cut one-half, caused by low prices and day laborers have no purchasing power when they are not earning wages. No writer has yet named the cause of the world panic. The true cause and motive may never be told. It was not caused by over production of cotton and other farm products. The Indians, located near Niobrara, has been soundly by Congressman Ed-gard Howard. The Indians, Howard said, are nearly destitute, having suffered almost complete crop failure. No government funds are available for their aid.

"I have always been opposed to the government dabbling in private business, but since it has entered the field of guaranteeing profits for railroads, wages for organized labor, prices for manufacturing by means of the tariff, I want it to go the 'whole hog' and guarantee profitable prices for farm products or get out of the field of private business.

Asks Aid for Indians

NORFOLK, Neb.—(UP)—Appeal for aid for the Santee and Ponca Indians, located near Niobrara, has been soundly by Congressman Ed-gard Howard. The Indians, Howard said, are nearly destitute, having suffered almost complete crop failure. No government funds are available for their aid.

Contract Plan

"These contracts can be secured and signed through existing agencies. Enough contracts should be prepared by the board and placed with the state departments of agriculture, extension service of the colleges, Chamber of Commerce and banks and I would guarantee that they will be signed within 30 days by all farmers where a profitable price is guaranteed.

"There is absolutely no risk in

this plan if carried on from year to year. The price of cotton can be guaranteed, more easily and more safely than the price of wheat was guaranteed at \$2 per bushel during the World War.

"I have always been opposed to the government dabbling in private business, but since it has entered the field of guaranteeing profits for railroads, wages for organized labor, prices for manufacturing by means of the tariff, I want it to go the 'whole hog' and guarantee profitable prices for farm products or get out of the field of private business.

Find "Stolen" Auto But Isn't Happy About It

ADRIAN, Mich., Oct. 22.—(AP)—The police of this town insist that Donald Driskell's automobile, stolen recently, has been found. But Donald isn't exactly convinced.

"Your automobile," said the local police chief to Donald, "has been found six miles north of town. All you have to do it go out there and bring it back."

Joefully Donald set out. At the very point designated by the officer, he saw, reposing at the roadside, his automobile. It was all there, that is, all except—

Except the radiator, the headlights, the rear axle assembly, the horn, the wheels and tires—and the motor.

BIG-DANDY BREAD

is chosen by Mrs. Myra Oliver Dougan Cooking School Expert

Attend the Bulletin Cooking School and Learn more about BIG DANDY BREAD

Cooking School thru Friday First Methodist Church

Here's What She has to say:---

"You say that your Bread is a new loaf, well there are a few things that I can say about your loaf I think the public should know."

"First, you are giving them a much larger loaf, and there are more slices in it for the average family."

"Second, the formula for BIG DANDY BREAD is such a good one that you cannot help but make a good loaf."

"Third, the conditions that you tell me your bread is baked under, certainly adds to the value of the loaf."

"Certainly I do not see how I could properly conduct a cooking school in Brownwood without this valuable Bread, I've put it to many tests and find it wonderful."
